## Annual Community Party January 14th

### Donley Rural School Aid Allotments Are Announced

#### COMMUNITY PARTY ON JANUARY 14TH

#### CHAMBER OF COMMERCE SPONSORS BIG COMMUNITY PARTY IN NEW YEAR

A Community Party, something new in Clarendon, has been sponsored and projected by the Clarendon Chamber of Commerce and will be held Thursday evening, January 14th, according to plans being laid by a committee headed by Tom F. Connally.

A feature of this event is that there will be no out-of-town speakers, no out-of-town musicians, a totally new toastmaster, and a program of, for, and by home people.

Another feature of the occasion will be the awarding of the annual cup for the best decorated show window in Clarendon for the holiday season. The unknown judges have already made their decision and it is in a sealed envelope awaiting the appointed time of award on the evening of the Community Party, January 14th, 1932.

The program and place for the party has not been made known, but will be ready for publication in next week's issue of The News.

From the music committee comes the information that there will be more local musicians on the evening's program than has yet appeared on a chamber of commerce event in Clarendon, with the Junior Band making its public appearance in 1932.

Watch for the full announcement in next week's News and mark your calendar now for Thursday evening, January 14th.

Mr. and Mrs. Clyde Naylor were guests in the home of Miss Eula Naylor during the holidays.

Miss Lelja Clifford of Wichita Falls visited during the holidays with her mother, Mrs. W. T. Clifford and other relatives.

Miss Lorena Stegall has gladdened the hearts of her parents and other relatives as well as her many friends here by spending the holidays in Clarendon. Miss Lorena is associated with the El Paso Public School System.

Miss Mary Catherine Headrick of Amarillo is visiting in the home of her uncle, J. H. Headrick and Mrs. Headrick.

#### WEATHER SLOWS DONLEY GINNING

2,825 BALES IN EXCESS OF  
1930 SEASON REGISTERED  
IN DONLEY COUNTY

The inclement weather conditions which have prevailed over the Panhandle for the past number of weeks have marked a slowing up of cotton ginning in Donley County and consequently the ginning totals also have seen a decline in a report to The News from the Department of Commerce received this morning.

Donley county has ginned 16,948 bales to Dec. 13, according to report as against 14,123 bales for the corresponding period last year. This is a total of 2,825 bales ahead of the last season's record.

Hall county has ginned 37,398 bales this season as against 20,462 bales for 1930.

Collingsworth has reported 39,503 bales with the last year's total running to 32,130 bales.

Childress County gins have run 25,882 bales against 8,108 for 1930.

The largest producer in Texas is Ellis County who reports a total of 124,879 this season against 69,879 for the last time last year.

The state total has passed the million mark in excess of last seasons crop and bids fair to even continue the advance. The total for the state runs 4,763,976 for 1931 against 3,755,474.

Miss Sybil Smallwood was a Christmas visitor in the home of Mr. and Mrs. Walter Clifford.

Superintendent and Mrs. H. T. Burton have returned from a vacation spent with relatives.

#### BRONCHOS LAY ASIDE MOLESKINS FOR SHORT PANTS

Laying aside the cumbersome uniforms which have carried them to the finals in the regional race, the Clarendon High School Bronchos donned the abbreviated basketball suits and turned to the maple court for further athletic laurels. Four lettermen and fourteen aspirants answered the initial call of Coach John Hutton for basket sharpshooters and received preliminary instructions Tuesday afternoon on the junior high school hardwood.

The lettermen reporting are Raymond Nichols, Snooks Andis, Fred Reid and Loyd Martin. Others who are fighting for berths on the squad are O. C. Watson, O'Neal, Barton, Phelps, Blocker, Benson, Hudson, Merritt, E. Hudson, P. Greene, and Bill Walker.

As yet no schedule has been announced but will be published in the immediate future. A good team is looked for this season and the Bronchos are anxious for the splendid support of the football season to be continued throughout the cage schedule.

#### LIONS HEAR OF SUNSHINE STATE

#### REV. A. B. CROCKER SPEAKS TO FORMER MATES TUES. DAY NOON AT LUNCHEON

Following the luncheon the Lions sat back in their chairs and were entertained with the introductions of the guests of the day. Lion Ira Merchant introduced former Lion Meredith Gentry who declined to take up the time of the organization with a lengthy speech. Lion Homer Mulkey had his fling and introduced former Lion Rev. A. B. Crocker. Rev. Crocker was formerly pastor of the First Christian Church of this city and is now stationed at Las Cruces, New Mexico. He gave a brief history of his movements since leaving the confines of Clarendon and then entered into a lengthy discourse praising the merits of the Sunshine State. The fine fertile valley land with its vast irrigation project, its products and the ideal weather combine to make New Mexico the utopia of the southwest. It was brought out that the valley was young in its agricultural program and new crops were being introduced each year, and the principal early crop is the fine cantaloupes which are shipped to market in thousands of cars each spring. Rev. Crocker expressed his appreciation at being allowed to meet with the club again and extend an especial invitation for each of the members to visit Las Cruces and if that seems too tame it is only 45 miles to Jaurez where all may bask in the spirits of the Mexican refreshments.

Lion Sam Braswell introduced Lion McMillen of Pampa who responded with a few words of wisdom with humorous angles.

A final report was made by Lion C. Douglas on the benefit show and stated that the treasury was some \$67 better off since the performance in spite of the difficulties under which the event was staged.

Lion Tom F. Connally announced the annual Community Party under the sponsorship of the Clarendon Chamber of Commerce for the evening of January 14th and requested all the Lions to make plans to attend and advertise the event as widely as possible.

It was brought to the attention of the club that Lioness Dorothy White was a patient in the Adair hospital recovering from an appendicitis operation and motion followed and was carried unanimously to send the popular pianist some flowers from the club, with the best wishes of the members for a speedy and complete recovery.

Mrs. McGowan and children, Claude and Sarah Virginia spent the Christmas holidays with relatives in Oklahoma.

Mr. and Mrs. Otis Barnes are holiday guests of their daughter, Mrs. Clarence Whitlock and Mr. Whitlock.

Mr. and Mrs. Allen Beville and daughter, Aileen, of Amarillo were Christmas Day guests of Mrs. J. B. Baird.

Miss Olive Wells of Brady visited Miss Irma Lewis over the holidays.

#### Leon Lewis, Jr. In Charge Of Big Job

Leon O. Lewis, Jr., is one of the brightest examples of a home lad who has made good with the large business concerns of the country. Last week he received a notice from his accounting company directing him to appear in Dallas where he was given complete charge of the appraisal and auditing investigation of the Lone Star Gas Company, its subsidiaries and property, for the purpose of finding whether or not the rates are too high. Twenty-five men have been assigned to the work and will receive instructions and orders from the local boy.

Leon has just recently completed a like investigation of a large Texas company operating in south Texas and was to again take charge of this other work. He is one of the best known and most competent certified public accountants with the company and is receiving much praise from the executives who appreciate such splendid and competent work.

Mrs. Eula Cox spent Friday with her sister, Mrs. T. R. Moreman of Hedley returning to her home on Saturday accompanied by her brother, Mr. Houston Miller, Mrs. Miller and sons Elton and Fred of Canadian, who visited until Sunday with she and Mrs. Otis Jackson.

Mr. Perry Powell of Amarillo, Mr. C. C. Powell and Mrs. J. R. Porter of our city are spending the holidays with their mother in Houston, having left here on Tuesday morning.

Kathleen and Russell Ryan of Jericho are spending their vacation in the home of their grandparents Mr. and Mrs. Dyer.

Most of the folks spent the day with relatives or had friends and relatives as guests and enjoyed grand holiday feasts. The Panhandle was blessed with warm beautiful weather which made getting out a pleasure.

Friends of Miss Dorothy White will be pleased to learn she is well on the road to recovery from her recent operation for appendicitis at the Adair Hospital. This popular young lady is feeling much better and barring unforeseen complications will soon be out again mixing with her friends.

Mr. and Mrs. Charles Dean of Dimmitt were guests of Mr. and Mrs. C. M. Lane the latter part of last week.

#### Weather Disagreeable To Donley Citizens

To spite the citizens of the Panhandle for the glorious weather enjoyed during the holidays, Old Man Weather loosed his chill breath laden with driving snow over the country Monday and to date he is still laughing at the antics his sharp winds are causing the Panhandle folks.

Very little snow has been received in Clarendon, but the chill high winds have been enough to keep every one in doors except on times when moving from place to place made it imperative to expose oneself to the elements. The snow was reported as heavy but drifting on the plains, but hardly reaching Goodnight.

#### CITY SCHOOLS IN RENEWED RATING

#### SOUTHERN ASSOCIATION OF COLLEGES RATES C. H. S. IN NEW LISTING

Following the most recent annual meeting of the Southern Association of Colleges and Secondary Schools at Montgomery, Ala. Supt. H. T. Burton of the Clarendon Public Schools has received notification of the continuation of the local school as a rating member of the organization.

The letter bearing the notification came from A. M. Blackmon, Texas chairman of the Association, and means that any graduate from the Clarendon schools may enter any standard college in the South without entrance examination.

This is the fifth year the Clarendon Schools has been so recognized and a feature of the notification is the statement in the letter saying the school is so listed "without adverse comment," which is a tribute to the rank and standing of the Clarendon school system.

#### Christmas Proves To Be Happy Event Here

Perhaps there has been Christmas where the gifts were more bountiful and expensive, but we doubt if there ever has been a happier Christmas than the one we last Friday evening celebrated into the spirit of the occasion and did their part to spread the yuletide to every person they came in contact with.

Most of the folks spent the day with relatives or had friends and relatives as guests and enjoyed grand holiday feasts. The Panhandle was blessed with warm beautiful weather which made getting out a pleasure.

#### DOROTHY WHITE IS IMPROVING FROM OPERATION

Friends of Miss Dorothy White will be pleased to learn she is well on the road to recovery from her recent operation for appendicitis at the Adair Hospital. This popular young lady is feeling much better and barring unforeseen complications will soon be out again mixing with her friends.

Mr. and Mrs. Charles Dean of Dimmitt were guests of Mr. and Mrs. C. M. Lane the latter part of last week.

#### Armstrong Grocery To New Location

The first business change of the New Year will be the Armstrong Grocery or Hokus Pokus as it is often called by the patrons. The change will be made in the location of the business. The new home of the Armstrong Grocery will be in the Benson building four doors north of the Postoffice. Mr. Armstrong stated that he believed the change would be beneficial to the customers of the store as well as himself, because the new location of the store would be so close to the postoffice.

The moving job will be finished Monday and the store will be open to the customers without inconvenience to them. The store management will be pleased to meet the old customers and make acquaintance of any new patrons who might have occasion to drop in.

The building now occupied by the Armstrong Grocery will become the home of one of the famous "Jitney Jungle" grocery store units with Mr. Fox of Wellington in charge, it is said.

Betty Jean is the name of the dainty Miss who made her appearance on December 22nd to cheer the home of Mr. and Mrs. Ralph Decker. Betty Jean tipped the scales at 5 1/2 pounds.

Mr. and Mrs. W. C. Thornberry and son Billie left on Friday for Wichita Falls where they spent a few days with relatives returning to their home on Sunday.

Mr. and Mrs. W. C. Thornberry and son Billie left on Friday for Wichita Falls where they spent a few days with relatives returning to their home on Sunday.

Mr. and Mrs. W. C. Thornberry and son Billie left on Friday for Wichita Falls where they spent a few days with relatives returning to their home on Sunday.

#### A Correction To Mr. Jerry Malin

The News Sports Editor wishes to correct a statement as made by Jerry Malin this morning in his column "Well, What Of It?" Jerry states that the Clarendon High School Bronchos were led to their first District Championship this season. Therein lies the mistake, for in 1926 the Bronchos were crowned District Champions under the tutelage of G. L. Boykin, now secretary of the local Chamber of Commerce.

So Mr. Jerry a championship team is not quite such a novelty to the citizens of Clarendon and Donley County. Thanks, in advance, for putting the fans straight on this matter, Jerry.

#### POSTOFFICE CREW MAKES CHRISTMAS HAPPIER DAY

Through the courtesy of the local postoffice employees Christmas Day was made happier and more complete for a number of citizens and patrons of the Clarendon office. With a knowledge that the office would not be open during Christmas Day Postmaster Chas. H. Bugbee had the clerks phone each of the persons within reach of a telephone and apprise them of the fact that a package or packages were on hand and to please call for them while the postoffice was yet open. All but a very few of the great stack of packages were distributed through this method which otherwise would have remained in the office thereby making a number of Santa's visits less complete.

Mr. and Mrs. Foster Anthony and children of Lubbock were house guests of Mr. and Mrs. John M. Bass during the holidays. Mr. and Mrs. Anthony also visited with Mayor Cagle and Mr. and Mrs. Van Kennedy during their stay here.

#### AGGIE CLASS IN SPLENDID RECORD

#### BOYKIN PREPARES INTERESTING DATA SHEET OF CLASS ACTIVITIES

That the Agricultural courses offered in Clarendon High School have been beneficial and is one of the most important of the local educational systems is revealed in the interesting and almost startling figures compiled by G. L. Boykin, agricultural expert and teacher, of the last years individual projects. The report is forthcoming at this time because last year's work could not be completed before the harvest of this fall. The projects were started under C. E. Bairfield, last year's instructor, and were finished under Mr. Boykin.

Taking the projects and using the totals of the entire class we find the following figures. Cotton was a project for sixteen pupils on 95 acres. The cost of production was \$733.40 and a net of \$15,510.84 coupled with the labor charges paid self totaled an income of \$1,696.99 for the students.

Milk production using fifteen cows cost \$3,705.95 and a net profit of \$1,502.60 plus labor charges to self made a profit return of \$1,167.40 for the year.

In the egg production project 542 hens cost \$495.56 and a net profit of \$411.13 plus \$195.55 for labor made an income of \$636.68.

The beef production project lost \$299.45 on five calves and shows a net profit of \$70.46 plus labor paid to self of \$85.90, making a net income of \$156.36 for the year.

Grain Sorghum and feed heads on 116 1/2 acres cost \$256.68 and registered a net profit amounting to \$625.36 and this coupled with \$86.10 for labor to self totaled an income of \$711.96.

The cost for the wheat grain project on 25 acres was \$65.16 with a net profit of \$200.84, and plus the labor charges of \$53.50 made the project total an income of \$253.34.

A three pig pork production project cost \$5.00 with a net profit of \$15.00 and a \$10.00 labor charge making a total income from this work \$25.00.

Only one pig from brood sow project was handled with the cost running to \$27.00 with a net profit of \$9.00 with a \$10.00 labor charge running the income to \$19.00.

On 19 1/2 acres the corn project cost \$102.00 and made a net profit of \$132.75. A labor charge of \$35.00 made the income from the corn crop \$167.75 for the year.

Nine saddle horses cost \$77.05 and a net profit of \$27.95 plus \$14.65 for labor to self made the total income for the year \$42.60.

Other supervised jobs done in the agricultural work included adjusting carburetors, cleaning spark plugs, sharpening build bearings, repair windmills, seed selection, plow orchards, build terraces on 200 acres of land and repair terraces on 1000 acres of land, set trees, build chicken coops, vaccinate cows, paint buildings, canning work, radio aerial construction, shock feed, plumbing work, control chicken pox, brand cattle, culling flocks, dehorning cattle, and vaccinate for black-

#### \$5,097 ALLOTTED DONLEY SCHOOLS

#### ONLY TWO SCHOOLS FAIL TO MEET REQUIREMENTS FOR STATE AID

The rural schools of Donley County will receive a sum of \$5,097 from the State Department of Education this year, according to a letter from William Eilers, State Rural School Supervisor, who visited the Donley schools a few weeks ago. Only two schools, the McKnight and Chamberlain units, failed to meet the requirements entitling them to the maximum of state aid. The McKnight school's allotment was reduced from \$1,173 to \$1,000 for failure to meet the requirements.

To qualify for the state aid there must be a class room for every teacher, therefore an effort will be made at both these schools to acquire additional recitation rooms before time for the next visit of the inspector.

A part of the letter from the Superior gives several minor requirements which should be complied with at the earliest possible moment:

"Every school should have from fifteen to thirty library books from the fourth through the seventh grade that are given in the State Reading Course list to give the pupils a chance to qualify for the State Reading Course certificate. Every library should also have books on safety education and on the use of the flag. Books on these subjects are listed on school should also be provided with a copy of a Course in Citizenship and Patriotism in order that every teacher may have access to source material in teaching citizenship and patriotism.

The list of schools and their allotment as announced by the state is given below:

#### A. T. COLE SPEAKS TO ROTARY CLUB

#### "TELEPATHY" IS SUBJECT OF INTERESTING DISCUSSION BY MEMBER

Because Christmas Day fell on Friday, regular meeting day of the Clarendon Rotary Club, the luncheon was postponed a day and met on last Saturday noon. Nothing was in evidence which might indicate too severe an indulgence in the Christmas spirit, except a few absences and these were due to members being out of the city. The absentees were Geo. H. McCleskey, C. C. Powell and Rotary Ann Wiedeman.

The International Service Committee was in charge of the day's program with Rotarian A. T. Cole as chairman. The main feature of the luncheon was the interesting and unique talk by Rotarian Cole upon that rather mysterious and unknown subject "Telepathy." The speaker cussed the subject from a scientific standpoint explaining how conditions must be suitable successful telepathic messages.

G. R. Gordon of Abilene was the visitor of the day and expressed his delight at being with the club again.

Mr. J. Roy Wells of was a visitor in our city day.

Mrs. Homer Ellis of spent a part of last week at the home of J. F. Blocker home.

Other minor jobs carried on by the classes sending judging teams various contests.

### CLARENDON'S COMMUNITY PARTY

Casting about for some new method of entertainment and getting the citizenship together for the complexities and problems of the coming year, the program committee for the Clarendon Chamber of Commerce has hit on the plan of holding an informal "community party" in early January.

One of the great assets of the Panhandle and the Southwest in the pioneer years was the free and untrammelled good-fellowship and hospitality, and it is something along the lines of what earlier generations enjoyed in this country that the committee is trying to achieve. From the testimony of those who were here in earlier days, and from the intimate chronicles that have been preserved it is apparent that when times were most trying was when the fellowship and hospitality were most prized and did the most good in generating courage and stamina, so, we need just that sort of thing among all our people now.

Thursday evening, January 14th, has been set as the date for the "community party," and every Clarendon citizen who takes pride in the brave days of pioneering in this country, who has within his heart the love of his struggling fellows, who has an abiding faith in the future progress and prosperity of Clarendon and Donley County, should make his plans to be present on this occasion and spend a considerable time in the interim "talking it up" among his friends and neighbors.

Clarendon's Community Party will be worthwhile in the same degree and proportion that Clarendon people enter into its fellowship and friendly aims.

### HOLIDAY BUSINESS SURPRISING

From practically every retail concern in Clarendon comes the statement that the holiday business enjoyed was of a surprising volume and one which could have been increased if stocks had been ampler in certain lines.

To be sure, the volume of sales was not up to former good business years, but the point is that the public generally was prepared to pay good, hard money for more goods than the merchants had expected to sell.

Seems to The News that this should be taken as indicative of a better general basis for business in 1932 than anybody has been daring to count on. It is very certain that buyers in the face of general conditions didn't spend their last dollar, therefore it is to be expected that there is more cash in the country to be spent for the necessities than has been estimated.

Since the holiday business was surprising, it isn't fanciful to expect that the business for the winter months just ahead will also be surprising—and business comes to those who are prepared for it and who invite it.

### WHOLLY WITHIN THEIR RIGHTS

Up in Nebraska a new venture has come to light. Marriageable young women have decided to do something about improving the marriageable young men, and they have a preferred right in such matters since they must live with the said young man under the present plan of marriage on this mundane sphere.

The College View, Nebr., Reporter says:

"About twenty-five of the most beautiful young women of Otoe county have banded together for the purpose of improving the young men. All have made a pledge that they will not marry a man who drinks hooch, gambles, eats tobacco or who will not take his home paper. They, in effect, say they will not hitch with men of bad character or men who are lacking in intelligence. They think that a man who will not take his home paper is not only of a low order intellectually, but probably is too stingy to support a family, educate his children or encourage institutions of learning."

### NEW YEAR'S WISHES OF YE EDITOR

That your banker's eye is less glassy.  
That your creditors become debtors.  
That you pay your bills with a smile.  
That you boost instead of knock.  
That you increase your wife's allowance.  
That you take more interest in your children.  
That you get what you are entitled to.  
That you laugh often, and find fault seldom.  
That your health is good and your disposition better.  
In other words a Happy and Contented New Year.

### AFTER THE DEPRESSION, WHAT?

If you are indebted to Rockwell Smith, a real estate man of Nuys, Calif. for the collection of certain facts about financial depressions in the past, which should be valuable

in predicting the future. Mr. Smith went through a file of newspapers back to the 1850's and finds these facts:

There was a business depression in 1857 lasting 12 months.

There was a business depression in 1869 lasting 8 months.

There was a business depression in 1873 lasting 30 months.

There was a business depression in 1884 lasting 22 months.

There was a business depression in 1887 lasting 10 months.

There was a business depression in 1893 lasting 25 months.

There was a business depression in 1903 lasting 25 months.

There was a business depression in 1907 lasting nearly 12 months.

There was a business depression in 1914 lasting 8 months.

There was a business depression in 1921 lasting 14 months.

The important thing about these past panics, however, is that every one of them has been followed by flush times, and the longer the depression lasted, the longer and more active the "boom".

The present depression has lasted now nearly twenty-five months. We can say that the "boom" which will surely follow it is on its way. And when it comes—ah, boy!

### MORE HOGS NEEDED IN TEXAS

During the year now drawing to a close Texas raised a million hogs less than she required for home consumption. Government estimates show that the fall pig crop is nearly twenty percent larger than a year ago, so we may expect some better situation in respect to our pork supply for the coming year, but it still isn't enough.

With a great surplus of feed, it is obvious that one of the lucrative sidelines on Texas farms in 1932 will be the raising and marketing of hogs. The Donley County farmer who raises more hogs in 1932 than he did in 1931 will be doing his share in equalizing an economic injustice to Texas.

## Industrial Possibilities of Texas

BY COL. WM. E. TALBOT

(Editor's Note:—Following is the 14th of a series of articles by Col. W. E. Talbot, agency manager for the Southland Life Insurance Company and the prime mover in the campaign for Texas Industries, in which he discusses the possibilities of Texas from an industrial standpoint, answering the question: "What manufacturers does Texas have and what can we profitably manufacture?" Other articles will follow.)

Special To The Clarendon News

A few years ago all ladies stockings were shipped in from other states. It was not believed possible for some reason or other that high grade stockings could be manufactured in this part of the country. Today we have a plant in Dallas that is shipping all over the Southwest and to northern states a quality of hose that compares in appearance, durability, and price with any of the nationally known standard brands. The above claim is being proved by the fact that they are now far behind in orders. They have just installed one hundred thousand dollars worth of new machinery, and are developing new markets daily.

It is this support from our own people and the response to it in quality merchandise that is building up the idea of supporting Texas institutions. When manufacturers in the crowded districts

in the North are convinced that Texas people are going to use Texas products they are going to come down here, asking for locations and not for bonuses. With six million population, and the buying power we control, we have a potential market right at our doors.

Our company, the Southland Life Insurance Company, in August offered bonuses for increased business to every one of our agents, but instead of paying these in cash, the bonuses were in the form of credits for the purchase of Southwest manufactured goods. This will go through the local merchants who will make the profit with the result that in September some five hundred new accounts will be opened direct between merchants and the Southwest manufacturers.

If other concerns would make the same proposition to their sales force, it would mean thousands and multiplied thousands of dollars going to the manufacturers and merchants in our own state. Full details of this plan at no cost will be given to anyone who wants it.

But when are we going to wake up?

**BERLIN MAY NAME A STREET FOR WASHINGTON**

Through the department of State, the United States George Washington Bicentennial Commission has been notified by Honorable Fredric M. Sackett, American Ambassador at Berlin, that the officials of the German capital are considering a plan to name one of the principal squares or streets of the city in honor of George Washington.

An article in a recent issue of "8 Uhr Abend Blatt," one of Berlin's prominent newspapers, contains the following statement:

"The Berlin Carl Schurz Association has requested the City of Berlin to name a square or street in Berlin for George Washington. The Underground Construction Department of Municipal Council proposes the square in front of the Lehrter Bahnhof for the purpose. The Tiergarten District Court, which is competent in the matter, has given its approval.

"The Lehrter Bahnhof is located near the future site of the American Embassy and is also the railway station most used by travelers to America, as the lines to Hamburg, Lubeck, and Bremen start from this station. Therefore this square is best suited for the new name. Probably the Municipal Council of the City of Berlin will have no objection to naming the square for George Washington either."

**How One Woman Lost 10 Lbs. in a Week**

Mrs. Betty Luedeke of Dayton, writes, "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, safely and quickly take one half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks—Get it at all druggists in America. If this first bottle fails to convince you this is the easiest, safest and surest way to lose fat—money back.

A five-acre demonstration pasture that cost \$5 for seed and a like amount for mowing the weeds twice was worth \$100 this year to Joel F. Leathers of Middleton, Leon County. He is seeding 100 acres this fall with the same mixture of bur clover, white Dutch clover, Jespedeza, dallis grass and Italian rye grass on Bermuda sod.

Modern business concerns make advertising an important part of their business, because they found out long ago that reaching the people through the printed page is the one sure way of securing satisfactory business. Worth while profits and rapid turnover come to those concerns

who truthfully and presistently advertise quality.

Advertisements are lights that everyone sees. They appeal to all and have the power that creates a desire to buy.

In these days of keen competition, only those concerns who concentrate on better advertising have been found as represented, which has resulted in repeat orders galore.

Advertising should tell the world cold facts. That is the kind of language they understand. It makes buyers sit up and take notice.

The driving force of advertising drives business in.

These days there is much discussion on traffic and traffic control and we are of the opinion that too much cannot be written in respect to the gravity of offenses that are committed with appalling contempt of the laws.

These are the people against whom the police should take action with heavy hand and not be so severe with those who offend against some rules in a friendly endeavor to avert extinction at the hands of some maniac drivers.

By all means and on every occasion should the police enforce the regulations laid down, but for the love of Mike, if a chance there is to save his life, let a man take, though it may not happen to be on the right side of the road. In such circumstances one cannot afford to observe the rules.

After all, the average driver in full control of his car won't often come to harm, but maniac drivers is the greatest menace to

himself and others until he is caught and locked up.

C. M. Bartlett, managing editor of the Miami (Oklahoma) News Record, Says:

"What of the future? What does the future hold in store for the smaller urban and rural communities of America? America is unquestionably on the eve of many changes in her economic structure as a whole, and especially in connection with that phase of business as it effects not only industry, agriculture, commerce and trade, but changes effecting the newspaper and publishing business.

"In the past America has been able to carry the load of a widespread duplication of effort in all lines of endeavor. Great wealth and tremendous financial resources leading to increased individual earning power brought about a condition that lead to a duplication of effort along many lines.

"As we view it, the hope for the smaller urban and rural communities is a closer centralization of effort over a wider territory. From government standpoint, it will be necessary for one or two counties to function where three or four separate units operated before. Self preservation will force reduction in taxes through elimination of waste, excess baggage and overhead through an elimination of duplication in payroll and operating expenses.

"The future of the smaller urban and rural towns and cities of America is dependent upon a unity of effort on the part of the citizenship, property owners and

taxpayers of individual communities. Closer communion, reduced operation expenses, less duplication of effort, better understanding between citizens of individual communities as to common interests as against the inroads of the larger metropolitan centers herein will determine future welfare and prosperity of rural urban life.

"The future, like the past, will be a survival of the fittest insofar as urban and rural communities are concerned. This is likewise true insofar as the newspaper printing and publishing business is concerned. However, with greater and ever increasing methods of rapid transportation bringing metropolitan centers closer together, the future of present urban and rural centers depends upon their adding strength through a consolidation of effort among citizens with a common interest over a wider trade area. The stronger and more centralized community only will survive. Past duplicated effort, bringing increased overhead and high taxes must force new rural and urban community alignments for protection of individual property rights."

### RAIL FREIGHT RATE INCREASE WILL GO IN EFFECT JAN. 4

WASHINGTON, Dec. 28.—The  
railroads of the country will in-  
crease freight rates Jan. 4 under  
an Inter-state Commerce Com-  
mission emergency order issued  
Thursday.

The commission granted the  
carriers special permission to file  
a blanket tariff applying surchar-  
ges on freight bills. It also autho-  
rized them to put the increases in-  
stead to effect on a five-day notice  
instead of the usual thirty.

After the order came down, rep-  
resentatives of the association of  
railway executives announced that  
the notices would be filed Dec.  
30 to become effective Jan. 4.

The increases range from 6c a  
ton to 2c per 100 pounds, with  
agricultural products excluded.  
They are in the form of surchar-  
ges and will remain in effect only  
as long as needed to help carriers  
unable to earn interest on their  
bonds over the financial crisis.  
The extreme limit set by the Com-  
mission is March 31, 1933.

A scenic highway through Davis  
mountains is to be built soon,  
seventy-five miles long and de-  
clared to be the most scenic in  
the Southwest.

**When PAIN Comes**

WHAT many people call indiges-  
tion very often means excess  
acid in the stomach. The stomach  
nerves have been over-stimulated,  
and food sours. The corrective is an  
alkali, which neutralizes the acids  
instantly. And the best alkali known  
to medical science is Phillips' Milk  
of Magnesia.

One spoonful of this harmless,  
tasteless alkali in water neutralizes  
instantly many times that much  
acid, and the symptoms disappear  
at once. You will never use any  
other method when once you learn  
the efficiency of this. Go get a small  
bottle to try.

Be sure to get the genuine Phillips'  
Milk of Magnesia prescribed by  
physicians for 50 years in correcting  
excess acids. 25c and 50c a bottle—

## Miss Avery Named Honor Guest

Among the truly enjoyable social affairs of the week was the bridge party given on Wednesday by Miss Mary Howren in honor of her house guest, Miss Coy Avery of Amarillo, who was spending the Christmas holidays with her.

The Apartment of Miss Howren's took on a real Christmas holiday appearance by the use of holly and sprigs of evergreen with a truly lovely feature being added in the score cards which were reproductions of famous Madonnas.

At the close of the games Miss Avery received a lovely guest-of-honor gift. Mrs. J. F. Blocker received high score prize and Mrs. Homer Glascoe, consolation.

Attending were: Mesdames James Trent, W. H. Martin, W. H. Patrick, L. S. Bagby, T. H. Ellis, A. L. Chase, R. A. Chamberlain, Fred Chamberlain, A. R. Letts, J. T. Sims, J. F. Blocker, Homer Glascoe, Sella Gentry, Anna Moores, Geo. Ryan, W. G. Ford, Henry Williams and the honoree, Miss Coy Avery of Amarillo.

## Miss Polk Hostess To Class

Miss Lucile Polk delighted her group of Sunday School pupils by entertaining for them at her home on Thursday afternoon.

Meeting at the church at 2:00 o'clock Miss Polk motored the children to her home which had been fittingly arranged with decorations suitable to the holiday season and where games and a short program were enjoyed before gifts were received from a lovely Christmas tree.

Enjoying this were: Dorothy Kerbow, Aileen Gibbs, Lolar Belle and Margaret Wilkerson, Mary Winifred Kutch, Edna Mae Roberts, Mildred Atteberry and Jane Kerbow.

## An Enjoyable Holiday Party

In rooms tastefully arranged with mistletoe and potted blooming plants a merry group of youngsters gathered in the C. C. Powell home to celebrate the gay Christmas season. The hostesses Misses Dorothy Powell and Jo Ellen Kennedy had arranged tables for a lovely dinner and the party was enjoyed until games of action were introduced.

An ice-course was served at the close of the evening to: Wilma D. Smith, Mary Travis Dyer, Vivian Taylor, Rosalyn Bass, Joy McCann, and the hostesses Dorothy Powell and Jo Ella Kennedy.

Jack Latson, Paul Green, Geo. Wayne Estlack, Walter Brady, Elery Watson, George Chamberlain, Arthur Chase and Drew Wilkerson.

Mr. James Patman and Mr. Bill Price returned to their homes in Pleasanton, Kansas after a visit in the parental home. Mr. and Mrs. J. T. Jatman, Mrs. Price and daughter are staying for a longer visit here and will return to her home later in company with Mrs. a time with her parents, Mr. and James Patman, who is spending Mrs. Simmons in Clovis, N. M.

## Brilliant Yuletide Dance Given At Country Club

The joy of hospitality and the joy of giving vie with each other for popularity at the Christmas season. It takes more than a Christmas tree, and other holiday decorations to make the Yuletide what it is really intended to be.

One of the gladdening influences that lends itself to the season is the return of former friends as well as the school crowd and the meeting again in a social function, such was the occasion on last Thursday evening, Christmas eve, at the Country Club where Mrs. E. W. Brittain of Ironton, Texas and Kenneth Fink, student of Texas University, entertained with a dance which reunited this group.

The hall was elaborately decorated in orange and white streamers, University colors, holly, mistletoe and two small pine trees on the main floor.

The hours from 8:00 to 12:00 were filled with dancing, music and laughter for:

Misses Lois Alexander, Jean Bourland, Coye Latson, Wilfa Lee Alexander, Carroll Holder, Francis McMurtry, Nadine Haile, Dorothy Jo Taylor, Verna Latson, Mary Katherine Headrick of Amarillo, Eunice Johnson, Elgin Patrick, Jonnie D. Latson, Helen Bailey, Dorothy Headrick of Amarillo, Julia Mae Caraway, Laticia Benson, Pauline Sanford, Edna Montgomery, Elizabeth Kemp, Pauline Shelton, Mary Frances Caraway.

Messrs Jim Cornelius, Wade Youngblood, Bill Word, Glenn Allen, Tony Watson, Paul Montgomery, Jonnie Tucker, Carroll Hudson, Harold Ruddell of Amarillo, Rufus White, Glenn Allison, Elbert Bowen, Bill Wilder of Amarillo, Mike Stricklin, Buss Bell, Buck McKinney, Winifred Mosley, Sam Cauthen, Bill Green, Dick Nichols, Steve Green, Kenneth Brown, Jennie Lee of Pampa, Hutch Adams of Amarillo and Bill Rutherford of El Paso.

Mr. and Mrs. Joe Bounds, Mr. and Mrs. Walter Fraser of Boydston, Mr. and Mrs. Tom Murphy, Mr. and Mrs. Meade Haile and the chapones, Mr. and Mrs. Walter Taylor and Mrs. O. L. Fink.

## Deweese-Brinson

Mr. Frank Deweese of Tulia and Miss Vera Brinson, daughter of Mr. and Mrs. W. G. Brinson of Hedley, were united in marriage by Rev. M. E. Wells at the home of the bride's parents on Sunday afternoon, Dec. 20, 1931.

The bride was lovely in brown ensemble trimmed in silk lace. She was reared in Hedley, and graduated in Hedley High School as valedictorian of her class. For the past few years she has been teaching.

Mr. Deweese is a prosperous ranchman and farmer, having lived in and near Tulia for a number of years.

Following the marriage ceremony a turkey dinner was served in honor of the bride's parents. Mr. and Mrs. Deweese left last Monday for their home at Tulia.

Mr. and Mrs. J. P. Calhoun of San Antonio and Miss Dorothy Cravin of Houston are expected to arrive on Wednesday evening for a New Year's visit with Mrs. B. W. Chamberlain and other relatives.

## Dorothy Jo Taylor Hostess In Yule Dance

The Country Club, scene of so many enjoyable affairs, rang with laughter and other sounds of happiness when Miss Dorothy Jo Taylor entertained a group of friends with a dance on Wednesday evening.

The large rooms of the club house resounded with radio music as the merry group danced in grotesque caps and exchanged friendly thrusts of confetti and strips of serpentine streamers.

A friendly good-night was said by the following after the serving of pie and coffee by the chapones, Mr. and Mrs. W. W. Taylor:

Misses Jean Bourland, Dorothy Headrick of Amarillo, Mary Frances Caraway, Pauline Sanford, Pauline Shelton, Carroll Holder, Jonnie D. Latson, Roberta LaFon, Barbara Smith and Elizabeth Kemp.

Messrs Carroll Hudson, Mike Stricklin, Robert Green, Kenneth Fink, Bill Word, Dick Nichols, Glenn Allison, Benton Smith, Buddie Tittle of Childress, Bill Rutherford of El Paso, Silas Ruthen, Sam Cauthen, and Buck McKinney.

## Nipper-Boren

Miss Ruth Belle Boren, daughter of Mr. and Mrs. I. W. Boren of this city and Mr. Joe R. Nipper of Hedley, were married last Thursday at 1:30 o'clock at the home of the bride's parents, Mr. and Mrs. H. Young, pastor of the First Methodist Church, officiated in the presence of the immediate family and a few friends.

## Bid-A-Bit Name Of New Evening Club

Bid-A-Bit is the name that will distinguish the newly organized evening club from other evening clubs of the city. This name was decided upon Monday evening when the club met in the home of Mr. and Mrs. Tom Goldston for their first Christmas party.

A sumptuous two-course dinner was served from small tables centered with green lighted tapers banked with California red-berrier. Shaded lights, Christmas wreaths of red, and red and green rope together with the softly lighted Christmas tree in the sun-room made an attractive setting for the party. The Christmas colors was reflected again in the dinner plates.

Fun-making gifts were passed to the guests before the opening of the games in which Fred Buntin won high score and Mrs. Rayburn Smith, low.

Participating in the evening's entertainment were:

Mr. and Mrs. Rayburn Smith, Mr. and Mrs. Bill Bromley, Mr. and Mrs. Allen Bryan, Mr. and Mrs. Fred Buntin, Mr. and Mrs. R. W. Wilkerson, and Mr. and Mrs. Tom Goldston.

Mrs. Elliott Weeks and daughter, Winifred of Claude spent from Friday to Sunday in the home of Mr. J. W. Martin.

Mrs. Fred Weverka and son, Fredrick Martin, were removed from the Adair hospital to the home of her father, J. W. Martin on Sunday.

Miss Billie Engle of Davis, Okla., returned to her home on Sunday after having visited a few days with her father, Mr. Phillip Engle and Mrs. Engle.

## Miss Maurine Wood Charming Hostess

On December 22nd, Miss Maurine Wood, entertained her bridge club with a Christmas party at her home which fairly sparkled with icicles hanging from all symbols of Christmas and its decorations.

A beautiful Christmas tree on which had been placed the packages containing prizes for high score and consolation held the continual interest of the guests as they bid and made play after play only to learn at the close of the games that Miss Wilfa Lee Alexander and Miss Betty Weatherly were the ones fortunate enough to remove the packages from the tree.

A dainty refreshment course was served after which a few of the party departed for their homes while other guests remained for the night.

Present were Misses Wilfa Lee and Lois Alexander, Betty Weatherly, Betty Walker, Edna Butler, Nell Thornton, Nell Butler, Edna Montgomery, Esther Morrison, Julia Mae Caraway, Josephine Murphy, and Elgin Patrick.

Mrs. Sam Braswell, Jr., Mrs. Tom Muzby, and Mrs. Meade Haile.

## Win-One Party

In the attractive home of Mrs. C. L. Benson with Mrs. R. Wilkerson and Mrs. W. C. Thornberry as assistant hostesses, members of the Win-One Class of the Methodist Sunday School, cast their troubles and sorrows away for a time and enjoyed an afternoon of games and an exchange of gifts.

After attempting to throw snow balls through a Christmas wreath, some succeeding and received a sweet reward, New Year resolutions were made and read. Then a paper and pencil contest was introduced with each guest matching their wits against other guests to win the honor of impersonating Santa Claus, the winners, Mrs. Victor Smith, passed out the gifts from an attractively decorated and lighted pine tree.

Attending this were: Mesdames M. M. Noble, A. A. Maves, G. L. Bovkin, J. O. Stallins, W. C. Thornberry, T. D. Nored, M. Meadows, H. O. Hommel, Cap Morris, Eva Rhodes, R. C. Weatherly, W. R. Holder, Victor Smith, T. M. Pevle, V. A. Kent, T. R. Brown, Alvin Lane, U. J. Boston, W. D. Eaton, Rayburn Smith, J. P. Blocker, C. D. McDowell, John C. Smith, and Miss Maude Clark of Houston, Texas and Betty Jean Winslow of Temple, Texas.

## Christmas Colors Decorate Home

With the joy of Christmas and its many surprises and pleasures as well as incentive, Penelope Blocker-Ellis entertained on Saturday evening at the home of her parents, Mr. and Mrs. John F. Blocker.

With colored lights to point the way of the guests they gathered at this hospitable home which was lovely with its many decorations of red, green and tinsel and in which games of bridge were enjoyed.

Score favors were awarded Mrs. P. L. Chamberlain and Mr. Forest Sawyer.

Seated for the games were: Mr. and Mrs. Ira Merchant, Mr. and Mrs. Forest Sawyer, Mr. and Mrs. Kelly Chamberlain, Mr. and Mrs. Phillip Gentry, Miss Loraine Patrick and the hostess Penelope Blocker-Ellis.

## 1912 Needle Club Celebrates Another Year

The 1912 Needle Club celebrated another year at its annual Christmas party on Monday evening at the home of Mrs. R. A. Chamberlain who proved to be an ideal hostess.

The home lovely in its embellishments of holly, mistletoe and all form of Christmas decorations furnished a fitting background and would not have been complete without the beautiful tree decorated with lights, tinsels and things needed to make it, as some say, the prettiest tree the club has ever had.

A bountiful three-course dinner preceded the receiving of gifts from this pretty tree and which marked the close of another delightful year spent together.

Club members present were: Mesdames W. H. Martin, L. S. Bagby, B. L. Jenkins, A. A. Maves, A. R. Letts, Sella Gentry, Minnie Dyer, Homer Glascoe, Ann Hasty, H. C. Kerbow and A. L. Chase.

Invited guests were: Mrs. Fred Chamberlain, Mrs. James Trent and Miss Mary Howren.

## A. T. Stephenson's Enjoy Reunion

Tuesday, December 29, marked another delightful dinner enjoyed by the Stephenson family, honoring "Grandpa" Stephenson of Wichita Falls, at the home of Mr. and Mrs. A. T. Stephenson. This happy event marked the third dinner and one oyster supper enjoyed by the group since Thanksgiving, and each of the occasions seem to prove happier than the one preceding, such is the case of this last meeting.

A grand turkey dinner with all the delicious trimmings proved the big attraction Tuesday and was a splendid farewell for "Grandpa" Stephenson who has returned to his home in Wichita Falls.

Those attending the pleasing dinner were:

Mr. and Mrs. C. L. Goad and children, Mr. and Mrs. C. C. Stephenson and sons, Mr. and Mrs. Fred Stephenson, Mr. and Mrs. W. H. Stephenson and daughter, Mr. and Mrs. C. A. Osborne and children, Mrs. C. A. Osborne, I. Culver, Mr. and Mrs. E. D. Tate, Mr. and Mrs. Lee Goodin and son, Mr. and Mrs. Elmer Robinson and daughters, Mr. and Mrs. Elbert Reed and children, and Mr. and Mrs. Arthur Reed all of Claude and Mrs. Ray Cameron and son of Stratford; Mr. Joseph Stephenson of Wichita Falls; Mr. and Mrs. Dan Thornberry of Goodnight and Mr. and Mrs. A. T. Stephenson of this city.

## Mrs. Brittain Named Honoree

Mrs. Edgar Brittain of Ironton, Texas was named honoree on Tuesday evening by her friend, Mrs. Meade Haile, who entertained with bridge at her home. Mrs. Brittain is spending the Christmas holidays with her mother, Mrs. O. L. Fink and it afforded Mrs. Haile and other friends of Mrs. Brittain a distinct pleasure to again meet with her in a social way, particularly with Mrs. Brittain as a guest of honor.

Games of bridge were introduced shortly after the arrival of the guests and continued until a tasty salad course was served late in the evening to:

Mrs. Joe Bounds, Mrs. Sam Braswell, Jr., Mrs. Tom Murphy, Mrs. Edgar Brittain, guest of honor.

Misses Betty Weatherly, Lois Alexander, Wilfa Lee Alexander, Edna Montgomery, Julia Mae Caraway, Maurine Wood, Nell Butler, Esther Morrison, Elgin Patrick, Laticia Benson, Nadine Haile, and Edna Montgomery.

Miss Lois Alexander was high score winner and Mrs. Brittain received a guest of honor gift.

## B. P. R. Club Honored

Mr. and Mrs. Fred Rathien combined the Christmas and New Year motifs and used them effectively as house decorations when they entertained members of the B. P. R. Club at their home on Tuesday evening when games of "42" were introduced early and enjoyed until late.

Delicious refreshments in two-course were served to the following:

Mr. and Mrs. Sam M. Braswell, Mr. and Mrs. H. T. Burton, Mr. and Mrs. G. L. Boykin, Mr. and Mrs. C. C. Powell, Mr. and Mrs. J. R. Porter, club members.

Mr. and Mrs. H. B. Kerbow, Mrs. Eva Rhodes, Miss Norma Rhodes, and Mrs. M. C. McGee of San Marcos, invited guests.

## Christmas Colors Decorate Home

With the joy of Christmas and its many surprises and pleasures as well as incentive, Penelope Blocker-Ellis entertained on Saturday evening at the home of her parents, Mr. and Mrs. John F. Blocker.

With colored lights to point the way of the guests they gathered at this hospitable home which was lovely with its many decorations of red, green and tinsel and in which games of bridge were enjoyed.

Score favors were awarded Mrs. P. L. Chamberlain and Mr. Forest Sawyer.

## Ardis Patman Is Host

Ardis Patman played host to a large group of his friends on Saturday evening with a dance at the spacious home of his parents, Mr. and Mrs. W. M. Patman.

The friends began to arrive at 8:00 o'clock and by 9:00 the entire rompage were either making merry to the tune of distant music from Chicago by way of Radio or with cards at small tables arranged for their pleasure.

Punch and cake were served at a late hour. Winifred Weeks of Claude, Dorothy Headrick of Amarillo, Billie Engle of Davis, Okla., Berkeley Ryan, Vera Nolan, Geraldine Pratt, Evelyn Murphy, Jo Ella Stewart, Marjorie White, Lois Wallace, Lucile Andis, Eugenia Nolan, Dorothy Jo Taylor, Jean Bourland, Elizabeth Kemp, Pauline Atteberry, Messrs Lou McClellan, Bill Montgomery, Kenneth Brown, Willard Skelton, Byrum Haile, Billie Green, Paul Green, Snooks Andis, Carroll Hudson, Pete Morris, Loyd Benson, Fred Bourland, Alfred McMurtry, Jonnie Blocker, Alexander Cooke, Price Whitlock, Drew Wilkerson, Sam Cauthen, Tony Watson, Phillip Smith, Mark Taylor, Archie Watters, Hubert Reavis, and Burch Cooke of Littlefield, Texas.

## Stephenson's Music Features Dance

Stephenson's orchestra furnished music Wednesday evening when Miss Berkeley Ryan entertained with a dance in celebration of Christmas and its joys.

The beautiful Sella Gentry home beckoned a welcome to her guests with many vari-colored lights on the exterior and radiant decorations of Christmas greens and other symbols of Christmas in the interior where the dancing was enjoyed by:

Misses Jo Ella Stewart, Evelyn Murphy, Geraldine Pratt, Lucile Andis, Vera Nolan, Marjorie White, Elenor Morris, Lois Wallace, and Pauline Atteberry.

Messrs Pete Morris, Loyd Benson, Kenneth Brown, Lon McClellan, Alexander Cooke, Ardis Patman, Byrum Haile, Price Whitlock, Hubert Reavis, Snooks Andis, Alfred McMurtry, Billie Green, Phillip Smith, Archie Watters, Bill Montgomery, Jonnie Blocker, Tony Watson, and Phillip Gentry, Jr.

Mr. Max Robinson of Childress visited with his sister, Mrs. O. D. Leisburg of Friday of last week. Miss Ruby and George Douthitt of Wichita Falls were also guests in the Leisburg home on that day.

Rev. and Mrs. A. D. Crocker of Las Cruces, N. M., spent the holidays as guests of Mr. and Mrs. O. D. Leisburg. Rev. Crocker was pastor of the local Christian Church a few years ago and has many loyal friends in our city who are always glad to welcome them to their homes.

## Camp Fire Girls Keep Busy

Since a part of the Camp Fire law is to glorify work, members of the local troop are striving to live up to this law by finding things to do.

On last Wednesday afternoon the girls met in the basement of the Presbyterian church, each having taken an apple, an orange, loaf or something for a needy child and filled thirty-six bags with fruit, nuts and candy which were then presented to the American Legion boys, who distributed them together with toys to the homes where needed.

Then on December 23rd, the troop motored over the city stopping at homes where there were elderly people, who were unable to attend programs and such, and sang Christmas Carols.

Members of the troop are overjoyed to have with them again, Miss Lorena Stegall, head guardian, who is teaching in El Paso this year and who was present for the Council-Fire which was held on the evening of Wednesday, December 30th, at the Presbyterian Church. Thirteen girls took the wood-gathers rank at this time. As a Christmas gift to the girls Miss Stegall presented them with a hand carved Chinese gong.

This gong will be hung in the mess hall at their camp and will be used to summon the girls to their meals. \*\*\*

## W. M. Bourland Has Family Reunion

Mr. W. M. Bourland was made quite happy by the presence of his entire family of seven boys and two girls at his home on Christmas Day.

Once again they took gifts from the same tree, exchanged pleasant jokes and reminiscences of childhood days together when only too soon they are reminded that it is time to part again for their respective homes and duties.

Those present were: Mr. and Mrs. Lacy N. Bourland and son of Ft. Worth, Mr. and Mrs. C. A. Baldwin and children of Lamesa, Jack Bourland of A. and M. College, Joe Bourland of the Naval Academy of Annapolis, Mr. and Mrs. Ralph Bourland and baby of Quail, Miss Lotta, Jimmy, George and Fred of Clarendon, Mr. Walton Will of Duncan, Oklahoma was also present at this time.

## Mothers Club To Meet

The mother's Study Club will meet in the club room, Friday, January 1st, 8:00 o'clock. It is hoped all members will be present for this, the first meeting of the year 1932.

## W. M. S. In Missionary Program

The members of the W. M. S. Baptist Church met at the church Monday, December 28th for a very interesting Missionary program which was rendered by the West Circle.

After a very pleasant social hour, members of the Rex Ray circle served refreshments to about thirty ladies.

On Monday, Jan. 4th, the regular business meeting and Bible study will be held at the church.

Mrs. Floyd Keener left for Dallas on Sunday morning where she will seek medical attention for her father-in-law, Mr. Keener, Mrs. E. F. Bryan of Amarillo is caring for her home and children while she is away.

Chocolate Mousse for a party: 4 bottles of whipped cream (whipped stiff). 3 egg white (beaten stiff). 1 cup confectioners sugar. 1 1/2 cups sugar. 1 1/2 cup water. 1 square of chocolate. Method: Whip cream stiff. Whip eggs stiff. Add sugar to stiff egg whites. Then add to cream. Have ready a syrup of sugar, water and chocolate which has been cooled, add to cream and beaten eggs; Pack and freeze as mousse.

## Easy Mousse

Fine for small number of people. 1/2 pint bottle whipping cream. Flavoring. Method: Whip cream stiff, add sugar and flavoring. Put in mold, pack in snow or place pan outside on shady window sill.

Chocolate, pineapple, peach, raspberry, vanilla, strawberry or strawberry jam, maple, and marshmallow are a few of the simplest and best flavors.

## How to Make Lid Secure for Freezing

Take a narrow strip of clean, white cloth, melt some grease. Dip cloth in grease, place this around place where cover joins. Press down tight.

## BAKING HINTS

Baked Lima Beans and Pork 1 pound of dried lima beans.

## Chocolate Pie

2 heaping tablespoons of cocoa, cocoa. 2 heaping tablespoons of cornstarch. 3/4 cup sugar. 2 eggs or yolks of 2 eggs. Little Salt. 2 cups milk. Vanilla. Method: Mix the cocoa and sugar well. Make a paste of cocoa, sugar and little of the milk. When smooth add remainder of milk. Heat. When warm add cornstarch dissolved in a little water. Then add eggs or yolks slightly beaten. Add this slowly. If cooked over flame, stir constantly. Cook until thick enough to hold shape, take off fire. Add vanilla; mix well. Pour into a baked pastry shell. When ready to serve, top with cream beaten stiff and sweetened to taste. The cream is really tastier used with this pie than meringue.

Oh yes, for the coaches of this team we pick Frank Stocking and John Hutton with Noble Atkins of Borger as assistant. How's that? And blushing modestly we accept the nomination from our public as official prognosticator with Fred Thompson of Wichita Falls as our metropolitan fourth estate ambassador with Willard Skelton sticking close around with the refreshment bucket.

It looks to be certain now that the Masonic Home team is truly the uncrowned champions of Texas high school football. We would be willing to give seven points and take the Orphans in a game with the state championship Abilene Eagle outfit. Perhaps the Abilene champs will be in Class A next season, and if they are it'll be tough on all the Class A hotshots. What a break for class B eleveners if they do. Some legislation action should be taken if they remain in B competition.

**STRANGE BUT TRUE**—Some newspapers pay their subscribers for compliments while some other papers receive their compliments as true expressions of the readers' interest and the publication's true worth. Think it over.

The above is an action likeness of Dick Nichols and Elery Watson as they are training for the American Legion wrestling bouts to be held in Wichita Falls in February. It is a new movement sponsored by the Legion and high school throughout the state will likely have teams entered. The personnel of the local mat team isn't known yet, but you can bet it will be pretty tough and will likely include the two husky gents mentioned previously. John McMahan hasn't entered the ring as yet. Dennis Davis and Charlie Trent will handle the local team.

**MARINES COMPLETE GREAT SPORT YEAR**

**SEA SOLDIERS KEPT FIT DURING 1931 WITH ATHLETICS AT HOME AND ABROAD**

Special To The Clarendon News  
—WASHINGTON, D. C., Dec. 30.—While the roving U. S. Marines have had a busy year attending to their military tasks in all parts of the world, they have found time for a full program of sports. Many Marines are hopeful of winning places on the American Olympic Team which will compete in the Olympics at Los Angeles next summer and a number of them are expecting to take part in the preliminary try-outs of naval candidates at Annapolis, Md., next month.

During 1931 the sea soldiers ran the entire gamut of sports from rugby football to archery and they developed just as much enthusiasm over a glove contest in China as over a polo game in Haiti.

**Baseball in the Tropics**  
Baseball follows the flag and virtually every Marine Corps post at home or abroad had at least one team playing the national pastime. For years the marines have carried their baseball bats and gloves with them to Nicaragua, Hawaii, the Philippines and the island of Guam in the South Seas.

It is a far cry from Shanghai, China, to Quantico, Va., yet these posts turned in the best records for the season. The marines at Shanghai won 25 out of 29 games while playing against Chinese, Japanese and local teams, while the All-Marine nine of Quantico, lost only one out of 14 games on an all-college schedule.

Three principal football teams, located at San Diego, Calif., Parris Island, S. C., and Quantico, played hard schedules with college and service teams, and each had a fairly successful season. The Corps recently adopted the policy of distributing its best players among several posts, instead of banding them altogether in one All-Marine eleven. The results have been highly satisfactory.

**Learned Rugby in China**  
When the Marines went to Shanghai in 1927 they could find no football opponents, as the American game is not played abroad. They overcame this handicap by learning the Rugby game in order to compete with British, French and other nationalities in China. The marines learned the game so well that for the last two years they have held the

Rugby championship of the Orient.

But football is only one of the athletic diversions in Shanghai. Boxing, baseball, basketball and every other sport produces plenty of competition in the international city, due to the constant shifting of troops and the frequent visits of European and American naval vessels to that port. The Fourth Regiment of Marines in Shanghai has established a name for itself in athletics, second only to its standing as a military organization.

The marines engage in athletics wherever they can find competition. During the year they had three pony polo teams in Haiti, another one at Quantico, and still another at Peiping, China. They also developed a hockey team in the former Chinese capital.

Tennis, golf, bowling, and even archery are on their sports program, and during 1931 a team of marine archers at Yorktown, Va., won two out of three matches with crack bowmen in that vicinity.

Basketball develops keen rival-

ry among teams in the various naval districts, the sea soldiers competing with civilian, naval and military teams. The leatherneck quintette, of San Diego, recently won the championship of the 11th naval district for the 4th consecutive year, while a team of marines in Port au Prince won the championship of Haiti for two years straight.

Rifle shooting for the soldiers is a real sport. They take as much interest in riddling a military target as a trap shooter does in knocking down clay pigeons. During the annual shooting tournament at Camp Perry, O., last September, the U. S. Marines won the National Rifle Team match and the premier shooting honors of the nation by defeating 112 of the best military, naval and civilian teams in the country.

**Football Under the Palms**  
One of the novelties in the Corps' sport program of the year was the introduction of football to the island of Guam, far south in the Pacific. For years it was believed the climate of the South Sea island was too hot for football, but the leathernecks decided to give it a trial. With palm trees for a back-

ground, and with bamboo posts and white lines shinning up from the luxuriant green grass, two marine eleveners played the first grid contest in the history of the island, one of them scoring 7 to 0 victory. A cheering crowd of their buddies, naval officials and native Chamorros witnessed the game.

Mr. and Mrs. Ralph Kerbow and Dorothy visited in the Don Grady home in the Brice Community on Sunday.

Billie Dillard of Alanreed was the guest of his parents during the holiday vacation. Billie is associated with the Alanreed public schools.

Call No. 66

Mr. Sam Braswell, Jr. Clarendon News Clarendon, Texas Dear Sam:

You wanted some letters so here comes one. How about nicking you an all district I Class B football team? I am asking this of you because I know you have seen most every team in district I play. Therefore you can use your best judgment in nicking this team. Good luck to you and your sport slants.

Yours very truly,  
O. C. Watson, Jr.

The above is a letter received from O. C. Watson, Jr., and on another part of this page his request is complied with. Thanks, O. C., and if this don't suit you how about sending in one yourself—will be glad to publish it. Any one else have a selection folks? It's all free, so help yourselves to this space.

Now, since you have picked our selection to eleven or more pieces, herewith are the reasons for our choice. But before we commence, let us remind you that there are a number of other teams we haven't had the privilege to see in action, but we have kept up with the play of these teams through the various publications of the respective towns, and have an idea of the individual merits of the various players.

West of Memphis and Brewer of Dalhart get the call for the wing positions. Both lads are splendid all-round players, fast aggressive and dependable defensive ends, while both are fine pass receivers. When he is right Tony Watson rates with the best of them on the defense, but his inability to snag passes place him on the Honorary Mention list. Other wingmen deserving of the H. M. list include Sanders of Memphis and Owens of Miami.

At tackle we find two big fast tough lads in Behrens of Dalhart and Chenault of Dalhart. Either of the players can do anything—block well, deadly with the tackle and each are capable of opening holes in opposing lines. Behrens is especially desired because the Maroon and White star can handle an end position

with equal ability, and is unsurpassed at receiving passes. The veteran Pete Morris of Clarendon and Weckessar of Miami can handle anybody's guard positions, and perform best when under the heaviest fire from opposition. Weckessar isn't a guard by trade, but the Warrior was so impressive in his spectacular play against the District champs both games at his center position he is entirely deserving of his place on the all-district eleven. Everybody here knows the ability of Pete and it takes only a few minutes of the game to convince the opposing team that Morris is one reason why the Brones ruled the roost this season.

Without a doubt Captain Bourland of the Memphis Cyclones was the best at the pivot job. This lad was double tough with plenty of football ability and fight to carry the battle to his opponent all afternoon and come back for more.

Now the real job comes when picking the quartet of backs to round out this great star eleven. There was Christian of McLean, Flannery of Memphis, Yarberry, Howell and Webster of Dalhart, Russell and a Dutchman (we can't spell or pronounce the name) of Hereford, Andis of Clarendon, Rankin of Miami and one each from Canyon, Borger, Spearman and Shamrock, who are all first class ball toters, but its impossible to build an all-district backfield without Nichols of Clarendon at fullback, Reid of Clarendon and Leslie of Memphis at the half-back posts and Williams of Wellington calling signals. With these four the team boasts every-thing, power plus, speed with a capitol "S", great punting and serve passing, supplemented with a powerful defense against anything but an earthquake submarine attack and possibly the orphans from Fort Worth's Masonic Home, the uncrowned gridiron champions of Texas.

Perhaps some believe the Brones have been given preference by placing four on the mythical eleven, but to the victor goes the spoils—so stated old Andy Jackson. They had to be good to win the district through customers, and to our knowledge they were the best in the district.

Thus ladies and gents you

**THE Village of Champions**, with a population of 2,800, each man one of the world's greatest athletes will soon arise on the highlands of Los Angeles, California. This center consisting of 700 cottages, officially known as Olympic Village, will house the contenders at the Xth Olympiad in the summer of 1932. More brown and white than perhaps ever have been assembled before in a single group will be represented in the lithe sprinters, herculean weight throwers, wing-footed jumpers, and soaring pole victors in the Village of Champions. This will be the first time that any Olympic Games have afforded standard accommodations for the competing athletes. They will have privacy with all conveniences, and what is equally important, special meals cooked according to national customs so that each athlete will be able to "eat in his own language." Due care will be taken to guard the health of the athletes, particularly in the matter of pure water supplied through copper plumbing. The houses of the village will not go to the junk pile after the games. They will be stanchly constructed and this together with their rust-proof copper plumbing is expected to make them readily salable, for use as mountain or beach cottages.

The cottages are well built and have copper plumbing. Shower has access from both bed-rooms.

The Village of Champions will overlook the Pacific Ocean but will be within easy reach of the Los Angeles Stadium. The cost of housing, feeding, and auto-bus transportation will be only \$2 per day for each athlete.

The cottages will have a uniform floor plan, but their architectural design will be varied. Each will have two double bedrooms, lavatories, and one shower bath. There will be 60 kitchens in the village.

### Palo Duro Literary Society

Not only did Santa visit all the good little boys and girls of the more, he came ten days before Christmas, leaving behind him a heavily laden tree surrounded by boxes, and boxes, and boxes.

As the Palo Durans assembled in the club room, they were inspired to frolic by the spell of the rose colored lights. The center attraction was, of course, the tinsel tree with its trimmings of snow and icicles, its red tarlatan stockings stuffed to the toe, its horns and bells.

Santa brought his musicians with him as he made his preliminary trip from the north. Sam Cauthen smiled cheerfully from the "blowing end" of his cornet; "Big Freck" was there with a surely enough drum. Elizabeth Kemp gave a demonstration as to how the fiddle should be both heard and seen, and young Reavis gave a voice to his Clarinet. Delphia Bones' fingers played over the piano keys of the Saxophone. Carrol Hudson made music behind the curve of the big bass horn, and Charles Walker's Trombone moped those blues like a professional's.

When the music was finished Dorothy Taylor read a story of a cripple's Christmas Eve. As the from Bill Wood; Bill Word gave was announced, was to assist LaTrice Quattlebaum in singing a duet. Pauline Shelton accompanied in playing "Down the Trail to Home Sweet Home."

Then came the Christmas tree. Joyce Link received a rubber ball from Bill Wood; Bill Wood gave a certain reporter a set of garden tools with the request that she "cultivate a taste for writing the news." The sponsor received a wrist watch, (not one present of the entire society was priced higher than fifteen cents.) a horn, and a stick of striped candy. Each member of the band received a mock replica of his own instrument; and departure was proclaimed by many a drum and fife.

### ARDIS PATMAN ENTERTAINS

Saturday 26th Ardis Patman had a dance at the home of his parents, Mr. and Mrs. W. M. Patman.

Trose present were: Sam Cauthen, Elizabeth Kemp, Jean Bourland, Dorothy Jo Taylor, Carrol Hudson, Berkeley Ryan, Geraldine Pratt, Jo Ella Stewart, Vera Noland, Eugenia, Noland, Marjorie White, Evelyn Murphy, Billy Greene, Price Whitlock, John Blocker, Byrum Haile, Paul Greene, Kenneth Brown, Lucile Andis, Willard Skelton, Lloyd Benson, Dorothy Headrick, Hubert Reavis, Pete Morris, Snooks Andis, Bill Montgomery, Lois Wallace, Alex Cooke, Kirch Cooke, Drew Wilkerson, Phillip Smith, Sue McClellan, Archie Watters, Pauline Aiteberry, Fred Bourland. The guests danced until about 11 o'clock. In addition to dancing, several games were played. The host gave two lemons to the boys and they would tag a boy and give him the lemon. When the music finished, the boy having the lemon got a black mark and the boy or girl who had the most black marks had to do a stunt. Carrol Hudson and Evelyn Murphy had the most black marks and of course had to do a stunt. Those that did not care to dance played bridge and dominoes.

Punch and cake were served about eleven thirty o'clock. They began to leave about twelve o'clock. Everyone had a good time and had lots of fun.

## F. F. A. AND H. E. CLASS ARE TO HAVE MEETING

The F. F. A. are planning on having their meeting with the Home Economics club. The students of the Vocational Agricultural class are going to furnish the food for the H. E. girls to cook. A big banquet and lots of fun is expected. A program committee has been selected from both organizations. It is going to be good for one reason because the first year agriculture class based the motion in class one day that Delbert Lindens sing "Home Sweet Home." Everyone knows what a melodious voice Delbert has and that he is never embarrassed.

### DOROTHY JO TAYLOR ENTERTAINS

At the Country Club on Wednesday, December 23, Miss Dorothy Jo Taylor entertained the members of her crowd. Everyone had a wonderful time which was aided by confetti and streamers. This good time was enjoyed by: Carol Holder, Jean Bourland, Dorothy Headrick, Dorothy Jo Taylor, Mary Francis Caraway, Coy Latson, Pauline Sanford, Pauline Shelton, Jonnie D. Latson, Barbara Smith, Lucile Andis, Mike Stricklin, Buck McKinney, Benton Smith, Buddy Tittle, Steve Green, Joe Noble, Roy Stargel, Dick Nichols, Tony Watson, Carroll Hudson, Silas Franklin, Bill Word, Wade Youngblood.

Monday night saw the bride dance in which Luree Burson, Pauline Shelton, Nola Gordon, Eunice Johnson, Jonnie Latson, and the hostess, Cleo Brown; Bill Rutherford, Kenneth Brown, Byrum Haile, Glenn Allison, Winford Gattis, and Bill Wood participated. Refreshments consisting of chicken salad, sandwiches, tea and cookies were served and the guests with reluctance, departed with expressions of a fine evening.

### SIGNS OF END OF WORLD

When Monday morning's recitations are even fair. When Pete Morris learns to throw a milk bottle. When Alex Cook has large feet. When Archie Waters finds brunettes better company than blonds. When Lois Wallace quits talking because she takes her to get enough breath to start again. When students become worried over their grades before the 18th week of school. When Bill Wood grows up and has a serious thought. When Elizabeth Kemp doesn't like to be seen driving a new Chevy. When Clarendon girls don't fall for every new boy who comes to town. When Willard Skelton teaches Loyd Benson to dance.

### JEAN BOURLAND ENTERTAINS ON MONDAY EVE

On Monday, December 21, Miss Jean Bourland entertained a group of young people at her home. There was a great deal of dancing as the music was exceptionally good. Bridge was also enjoyed by those who took less interest in dancing. Refreshments were served late in the evening by: Dorothy Headrick, Dorothy Jo Taylor, Jean Bourland, Carrol Holder, Mary Francis Caraway, Eunice Johnson, Mrs. Florence Brittain, Pauline Shelton, Pauline Sanford, Jonnie D. Latson, Barbara Smith, Lucile Andis, Mike Stricklin, Glenn Allison, Buck McKinney, Benton Smith, Joe Noble, Roy Stargel, Dick Nichols, Tony Watson, Carrol Hudson, Silas Franklin, Bill Word, Wade Youngblood, Elbert Bowen, Sam Cauthen.

### SENIOR CLASS

For the past few weeks the activities of the Senior Class have been registering zero. The main reason seems to be that during the football season there was an entertainment every Friday night for the ball players; but now that the football season is over, the class should come to life and we hope to have much more news to report in the future than has been reported heretofore.

### MISSSES SHELTON, SANFORD AND LATSON ENTERTAIN

Last Tuesday night, December 22, a group of young people were entertained by Misses Pauline Shelton, Pauline Sanford and Jonnie D. Latson. Dancing and refreshments were enjoyed until refreshments were served. This lovely party was enjoyed by Jean Bourland, Dorothy Headrick, Dorothy Jo Taylor, Elizabeth Kemp, Carrol Holder, Melba Del Warner, Mary Francis Caraway, Eunice Johnson, Coy Latson, Mike Stricklin, Buck McKinney, Benton Smith, Buddy Tittle, Steve Green, Joe Noble, Roy Stargel, Dick Nichols, Tony Watson, Silas Franklin, Wade Youngblood, Bill Word, Glenn Allison, Sam Cauthen.

Among those who visited Amarillo Thursday were Ruth Donnel, Roberta LaFon, Lois Wallace, Lucile Andis, Hazel Gilbert, Nora Lee O'Neal, Eleanor Morris, Lois Alexander, Wilfa Lee Alexander, Wilma Fukel and Mr. and Mrs. Milas Little.

### DIVERS TO DESCEND STAIR IN SEARCH OF LUSITANIA SECRETS

Down a steel-enclosed stairway inside a 200-foot tube, deep-sea divers expect to descend soon to the wreck of the historic "Lusitania," sunk in 240 feet of water off the Irish coast, in 1915, by a German submarine. From the end of this ocean stair, the divers propose to step onto the decks of the ill-fated liner and, with the aid of powerful submarine searchlights, will search every foot of the vessel, salvaging all articles. The salvaging expedition is under the direction of Simon Lake, inventor of the tube, which was tested recently in the English channel. By employing this tube, Mr. Lake asserts the venture has been made as simple as "going down in an elevator."

A specially constructed trawler and a launch will be used as bases of operation, says Popular Mechanics Magazine. The tube is five feet in diameter, but the observation room at its end, eight feet wide and twelve feet long, has a number of windows and will accommodate several persons at one time. This tube is to be placed on the upper deck of the "Lusitania," which, it has been found, is standing almost upright on the ocean floor, the tops of its stacks being only 175 feet beneath the surface.

Those entering the tube will walk down the stairs under normal atmospheric pressure until they enter the divers' operating chamber, outside of which will be motor-operated winches and two doors providing exits for the divers.

Before these doors can be opened, a pressure of air must be admitted into the chamber equal to the water pressure outside, about eighty-five pounds per square inch - that depth, and it is impossible to open the doors until pressure is equalized. The doors move downward, and no water can enter since the air flows outward from the compartment. With the aid of powerful searchlights, which likewise withstand a pressure of eighty-five pounds or more, the divers will explore the vessel, spectators watching them from the observation room.

One of the main advantages of the tube will be that divers can start to work fresh because, in deep-sea work, much of their time under water is spent in descending and ascending.

One of the first tasks, when the ship is reached, will be the taking of a complete photographic record of the wreck, from both inside and outside of the vessel.

### POLITICS AND PERSONALITIES

Heard on both Republican and Democratic tongues these days are such words as these: "The Democrats have everything in their hands now if they can just stick together;" or these: "Owen D. Young? Newton D. Baker? But the Democrats have not sense enough to nominate a good man like that."

How close and far leading Democrats are can be seen in the January issue of The Democrat Bulletin, published by The Woman's National Democratic Club. Platform suggestions from various leading Democrats are started off by Charles Nicholson, publicity director of the Democratic National Committee, who suggests that the platform committee assemble a week or a fortnight before the convention is called and thrash out at least the basic principles.

"Every bitter speech, by crys. employing the powerful lights to provide illumination. An electrical camera is to be used for this work, and if pictures are obtained, they will be the only ones ever taken at so great a depth under water.

### Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! Harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine. That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

tallizing antipathies, is at cross purposes with the real object of the convention. If they could get the fireworks out of the way," sighs Mr. Nicholson.

Norman Hapgood, editor and author; Mrs. Vanderbilt Webb of New York; Allard H. Gasque, Congressman from South Carolina; Edwin S. Smith, Massachusetts Commissioner of Labor; Dr. Stringfellow Barr, editor and Professor H. C. Nixon, of Tulane University, all have suggestions and their minds are united at least on the downward revision of the tariff, though they ride off in several directions on the World Court and Prohibition.

And these are the sons of Democracy with whom Newton D. Baker, in a recent letter to the editor of The Winston-Salem Journal (North Carolina), says he is willing to march, or to lead towards a "revival liberalism and a refreshed idealism in this country."

God help the man! But he seems to be the only one with that combination of essentials for the "present crisis in world affairs"—the scholarly idealism of a Wilson, with the crusading spirit of a Roosevelt.

By W. H. Darrow, Extension Service Editor

Watermelons that sold for \$25 on a 1000-foot terrace paid the entire cost of terracing a 10-acre field belonging to J. M. Hawkins, Woodbine community, Cook county.

Wheat gathered by John Estes of Callahan county last year from 160 acres treated for smut in a demonstration with the county agent yielded 28 bushels per acre and sold for 23 cents per bushel as compared with a yield on 60 untreated acres of 16 bushels that sold for 26 cents per bushel.

Increased yields of from 5 to 20 bushels of grain per acre from terracing hilly land is claimed by more than 100 farmers in Comanche county.

By canning a beef instead of selling it, Burleson Herney of Correne Community, Cherokee county, figures he has saved \$50. He could get only \$15 for the animal, but has earned an \$85 worth of meat products from it.

REDUCED COSTS AID IN WAR ON INFERIOR ROADS

CAN NOW BUILD SIX MILES FOR FORMER COST OF FIVE MILES PAVEING

(By E. E. Duffy)

Special To The Clarendon News Construction prices are now lower by one fifth. This means that six miles of highways can be improved for the same amount of money required for five miles two years ago. This extra mile cannot be taken as an invitation to reduce the amount of money available for road construction, for the need for improved travelways is too urgent for that. Quite to the contrary, progressive communities are now able to devote more and more attention to the construction of roads that will outlast the bonds, if any, and roads that cut down car operation costs and that other cost also borne by the motorist and taxpayer which is more else than high road upkeep. On the face of things, it is not a simple matter for a nation with more than 3,000,000 miles of road to evolve a satisfactory program of improvement. But the United States, generally speaking, has done that. Most of these 3,000,000 miles and many miles see no more than a couple of sets of tires daily. So out of the vast mileage of roads the state highway systems have been created with a mileage of 325,000. These roads carry approximately three-fourths of all rural travel. They are the roads of the most benefit to the nation and the roads which through their improvement have made motoring what it is. But there is still much to do on these main travel arteries. By the end of 1930, figures not being complete for 1931, a full 30 per cent of the roads in the state highway system were without surface of any kind. Low type surfaces composed of 44 per cent of the mileage and high type pavements only 26 per cent, including 58,200 miles of concrete pavement. Two things can be seen from these figures. The encouraging one is that there is a real job ahead. The road problem cannot be successfully combated by building roads that do not last, for there are too many miles eating up money that better could be spent for extending adequate pavement. Further, there is every evidence that motoring will rapidly increase. For instance, gasoline tax receipts for the first six months of the strange year of 1931 were ahead of those of any similar period. It is becoming more and more mandatory that trunk lines and heavily traveled secondary roads be built with the maintenance already in them. Don Quixote bucked windmills with as much success as communities can fight high road costs with inferior surfacings. Mr. and Mrs. Homer Mulkey and the latter's mother, Mrs. Williams spent Sunday night and Monday with relatives in Amarillo.

NAME HEAD FOR CENTENNIAL COMMITTEE

CULLEN F. THOMAS TO SERVE UNTIL ADJOURNMENT OF LEGISLATURE

AUSTIN, Texas, Dec. 28.—Cullen F. Thomas of Dallas was selected president of the Texas centennial committee of twenty-one to serve until the adjournment of the Forty-Third Legislature in 1933, at the first meeting Monday of the committee recently created to survey conditions and report to the Legislature on possibilities of a State celebration of 1936. Mr. Thomas was elected by unanimous vote after Jesse H. Jones, Houston capitalist, had declined the nomination. Mr. Jones was in the movement, however, by the action of the committee in making the centennial governing committee of 100 created during Gov. Pat M. Neff's administration, of which Mr. Jones is governor and director-general, a definite auxiliary of the new legislative committee. Election of the various other officers, including an executive vice president, which position is to be salaried was postponed until the next meeting, to be held in Austin March 2. Financing Is Delayed. Fifteen of the twenty-one members of the committee were present when Secretary of State Mrs. Jane Y. McCullum convened the meeting with an explanation of its duties and powers. It was agreed to delay until the March meeting a discussion of the way of financing the movement. It was suggested by Mr. Neff that no action be taken until spring, but the committee adopted a suggestion of Mr. Jones that a president be elected and the committee "operate in a lazy sort of manner until after the turn of the new year." The first major objective of the committee will be a campaign for the adoption of a proposed constitutional amendment authorizing the celebration and to provide means for financing it. Local and county organizations are to be perfected before it comes up at the general election in November, 1932. Resolutions were adopted by the committee formally declaring itself in favor of the celebration and pointing out that the people will decide by vote in November whether it will be held, at the same time urging its adoption. While no financial arrangements for the preliminary work were made, it was suggested by W. E. Lea of Orange that fifty men be asked to contribute \$500 each for the work to be done prior to the convening of the next Legislature. Mr. Jones promised his aid in procuring the funds.

"The Most Important Single Issue" Today people are starving in the midst of an overproduction of food, shivering half-naked in a world oppressed by an overproduction of cotton. In this situation, says Dr. Clarence Pope in the current issue of The Progressive Farmer-Ruralist, the most important single issue confronting Congress is the problem of adjusting our system of exchange so that it will function properly. He writes: "Among all plans of relief there is now a general growing conviction that nothing is more important than stabilizing the value of the dollar. As National Master Taber told the National Grange meeting in Madison, Wisconsin: 'Monetary stabilization will reach the heart of our rural distress, and after all, is the most important single issue confronting agriculture and the nation.' And as Mr. Taber went on to say:—'Gold has proved itself not to be an infallible measure of values. During the war the value of the gold dollar, as measured by commodities, dropped to below 50 cents. Today, the same amount of gold, measured in commodities, has a unit value of \$1.41. The farmer who borrowed a cheap dollar has to pay back a very costly dollar. The wheat farmer borrow-

ENGLISH WAR TANK SPEEDS OVER LAND OR SWIMS RIVERS

Water offers no obstacles to an amphibian war tank recently tested in England, for it can speed over the ground at forty miles an hour, then plunge into and swim across any river in its path. It is virtually a combined land and water battleship, for when in the water a steel turret containing small guns protrudes above the surface, so it can attack as it swims. A small propeller gives the tank a speed of about seven miles an hour in the water, while on land it can lumber over five-foot ditches with vertical banks, climb a steep grade at six miles an hour, or race across flat country at forty miles. The land-water tank was evolved after a satisfactory method was found for making elastic water-tight joints. Several magazines, an amphibian tank was tried out, but it sank due to the development of leaks in the non-elastic joints after rough cross-country travel. In actual warfare, such weapons may revolutionize defense tactics, since forces guarding river banks and bridge heads are robbed of the temporary security offered by deep streams, as the tanks can span such obstacles quickly and are proof against armor-piercing bullets, even at 150 yards. In the water, only the turret and two float-anchors are visible, while on land its appearance is similar to that of the ordinary army tank.
