PLANS ALL SET FOR FEB. 22ND.

WASHINGTON TO BE HONOR-
ED IN PARADE, PROGRAM
AND MOTION PICTURE

Clarendon will play host to Don-
ley County, Monday, February
22nd, in a great county-wide cele-
bration honoring the 200th Anni-
versary of the birth of George
Washington, first president of this
nation.

Under the general chairmanship
of Robt. S. McKee and by procla-
mation of Mayor W. P. Cagle, the
day will be spent in various ex-
pressions of patriotism and citi-
zenship and all are urged to par-
ticipate in as many features as
possible. Stores of Clarendon are
especially urged to display their
flags according to strict flag
etiquette.

At 9:30 Monday morning at
the Methodist Church, the school
children of Clarendon will be en-
tertained with a special motion
picture on the life and work of
Washington, and all are urged to
be there promptly.

The county-wide features of the
day's program will begin at 1:00
p. m., when the Clarendon High
School Band will play a concert
while the parade is forming as
indicated below. At this hour the
various visiting rural schools of
the county will report to the
committee in charge at the old
Grammar School Building, South
of the Postoffice, for registration
and count.

At 1:30 the parade of all
schools, organizations and citizens
will move over the schedule route
under the direction of the Aubyn
E. Clark Post, American Legion.
Several interesting features will
be found in the parade.

At 2:00 o'clock, a Tree Planting
Ceremony will be held at the
Court House lawn and a Bi-Cen-
nennial Tree will be launched on
its career of another two hundred
years' service to the citizens of
this country, according to the
hopes of the committee.

At 2:15, the school children of
the county will be guests of the
hour at the Methodist Church
where the Washington pictures
will again be shown. Preliminary
to this program the Clarendon
MacDowell Chorus will present
a short program of patriotic
music, and the President's Procla-
mation will be read.

Also at this program announce-
ment will be made of the award to
the visiting school having won
the attendance prize in the parade,
which will be based on enroll-
ment and a number of miles trav-
eled. The committee will also an-
nounce an Essay Contest for the
rural schools on the subject of
Washington which will be conclud-
ed and judged at the Donley
County Interscholastic Meet in
March.

NORED AND STEPHENSON ARRANGE STOCK SHOW TRIP

T. D. Nored and Gus B. Ste-
phenson spent Wednesday in
Amarillo arranging details with
Amarillo and Stock Show officials
for the appearance of the Claren-
don band and delegation to the
Amarillo Stock Show on March
2nd. Arrangements were made for
the crack local band to appear
at several major engagements and
to present a radio broadcast from
an Amarillo station during the
day. Amarillo people are especial-
ly pleased that the Clarendon
band and people will attend the
show in a body and every one in
Donley County is invited by the
Amarillo officials to attend the
event with the band. Full details
and program will be published in
next week's issue of The News.

CONCERT WILL PRECEED PARADE

HUNDREDS OF DONLEY
COUNTY PEOPLE WILL
FLOOD STREETS ON 22ND.

The organization which has done
more to advertise Clarendon and
Donley County will again be
called into action to take the ini-
tiative in properly celebrating the
natal day of these United States'
first and greatest President, who
was destined to be one of the
world's greatest figures two hun-
dred years ago next Monday.
Those snappily clad musicians of
the crack Clarendon High School
band will have a large part in the
celebration of George Washing-
ton's birthday.

Plenty of material airs will stir
the visitors in the city and lend
the needed something to create
the proper air for the great cele-
bration. At 1 o'clock the band will
present a concert at the band
stand on the south end of Kearney
street, the point of concentration
for the grand parade. Those
hundreds participating in the
event will be entertained by the
band music while the various con-
tents are forming and being
placed in position for the parade.
Immediately following this the
band will lead the parade through
the streets of the business sec-
tion. The band is a wonderful
asset to the city of Clarendon and
the entire citizenship of the
county and adds materially to
the various celebrations and spe-
cial occasions staged by the city
and county.

LIONS MAKE PLANS FOR BOYS WORK

COMMITTEE APPOINTED TO
MEET WITH LEGION TO
WORK OUT FINAL PLANS

The topic of boys' work pre-
sented the problem facing the
community at the present time
and was discussed at the Lions
Club last Tuesday noon. As the
months and years have passed
there has been ever increasing
need for supervised recreational
activities among the youngsters
of the city and surrounding com-
munity. Nothing has been done
along this line in a number of
years and the fruit of this neglect
is beginning to be reaped. Some-
thing has to be done and the
Lions are determined to make
this one of its major activities
during the coming year.

It was suggested that a recre-
ational meeting once or twice
a month be instituted in co-
operation with the American
Legion. This was favorably re-
ceived by the club and a com-
mittee instructed to meet with
the latter group and work out
the details for such a program to
be started in the near future.
It was further brought out that
there was a need for instruction
among the growing boys along
the line of Americanization, Cit-
izenship, and the proper respect
to "Old Glory".

Announcement was made of
the group meeting of Lions Clubs
on next Tuesday noon at Mc-
Lean and a committee appointed
to secure as large a represen-
tative as possible to make the
trip. Lion Tom F. Connally was
introduced as the main speaker
for the occasion and it was
brought out that the members
could either stay at home and
listen to T. D. Nored vocalize
on the local program or take the
alternative and listen to the local
orator at the McLean meet. Some
have indicated that a short at-
tendance will be registered at
either place.

Program committees were read
for the next ten weeks by Pro-

George Washington Birthday Proclamation

WHEREAS, as it is very important that the American people
should revere and remember February 22, 1732, for this day George
Washington was born in old Virginia. He, the Christian, Commander,
Statesman and First President of this Nation—"First in War, First in
Peace and First in the hearts of his country men."

We, the people of the United States of America owe him a debt
of gratitude that we can never pay—and I hope the American Eagle that
Washington placed over the dome of the Capital will continue to scream
the glad notes of civilization until time shall be no more. Therefore it
is befitting that each year we should observe the memory of this great,
good and noble man.

Now, therefore, I, as Mayor of the City of Clarendon, Texas, res-
pectfully request that our citizens as a whole, observe February 22,
1932, as a Holiday, and ask the people of this City to honor the Father
of our country in a befitting style and manner, and let us all make the
following vow:

"I pledge allegiance to the Flag of the United States of America,
and to the Republic for which it stands—One Nation indivisible
with Liberty and Justice for all."

W. P. CAGLE, Mayor.

Attest: Mae Shaver, Secretary.

endon Monday evening at 7:30
o'clock under the auspices of the

ful speaker, and much may be

Braswell and John Blocker, have
taken considerable pains in plan-

speeches from local Masons.

STATE-COUNTY TAXES TABULATED

TAX COLLECTOR'S OFFICE RE-
LEASES TABULATIONS TO
THE NEWS WEDNESDAY

The News is indebted to Joe
Bonds, competent clerk in the
Tax Collector's Office, for the
tabulated figures of the State and
County Taxes received to Febru-
ary 1st. The Assessed and valorem
taxes for the State in the county
is \$55,000.95 and there has been
collected a total of \$32,963.34.
This is 60 per cent of the roll.

In the county the assessed ad
valorem tax roll is \$55,744.20 of
which a total of \$33,413.15 has
been collected. The percentage
paid to this division amounts
also to 60 per cent.

Mr. Bonds stated that this
amount was considered fair by
the officials and would be ex-
cellent if those pay in the re-
maining half of their taxes in
June. If this expected amount is
received the percentage will be
raised to approximately 70 per
cent, to last year's receipts.

It was also brought out that
Tax Collector Bonds of Hall
County, brother of Joe Bonds,
stated that only 50 per cent of
that county's state and county
tax roll had been received.

NO DEVELOPMENTS ON DONLEY BANK ROBBERY

Sheriff Pierce stated to The
News representative Wednesday
afternoon that nothing new had
developed concerning the identity
of the two bandits who failed in
an attempt to rob the Donley
County State Bank last Tuesday
afternoon. A fingerprint expert
from Amarillo was called on the
job, but no visible prints were dis-
covered which might lead to the
identity of the two hold-up men.
The Ford coupe found by Sheriff
Pierce was traced to Oklahoma
City where it was learned that
the car had been stolen two
weeks before. Work will be con-
tinued in the hope of apprehend-
ing the bad men.

HI-WAY ENGINEER VETOES 66 CHANGE

HIWAY DEPARTMENT URGES
SPEED IN COMPLETION
OF DONLEY UNIT ON 66

Donley County citizens who live
in precinct No. 1, seem to have
lost their fight to retain Highway
No. 66 South of the Rock Island
tracks in its permanent designa-
tion and paving, according to a
letter received Tuesday in Claren-
don from W. J. Van London, divi-
sional engineer of the highway
department, located at Amarillo.

For some months a very ener-
getic effort has been carried on
by the citizens living in the North
end of the county, headed by
Commissioner Sid E. Harris, to
gain the consent of the highway
department to make the perman-
ent designation South of the Rock
Island railroad, where it will serve
the convenience of the citizens;
practically one hundred percent,
instead of the proposed location
North of the railroad as surveyed
by the engineers.

Several conferences with the
highway officials have been had
at Abilene and Amarillo, but the
letter from Mr. Van London re-
mains firm in his position that
the route North of the tracks
is the best for all concerned, is
from \$50,000 to \$80,000 cheaper
and is nearly a mile shorter than
any other feasible route. Mr. Van
London's letter to Sam M. Bras-
well, editor of The Clarendon
News, reads in part:

"I regret very much that I am
unable to recommend the route
requested by you and your people.
My recommendations are based on
the assumption that it is my duty
to recommend that which will
serve the majority of the people
affected, and who are also
furnishing the funds for the con-
struction of this road.

"I do not feel that I would,
in any way, be justified in recom-
mending that the State Highway
Department and the Federal gov-
ernment spend between \$50,000
and \$80,000 more money than it
is necessary to serve the majority
of the people who will use this
road, in order to serve the small
number of people who will be
affected in the vicinity of Jericho
and who will pay a very small
portion of the cost and who do
not propose to pay any portion
of the usual County aid required
on such projects."

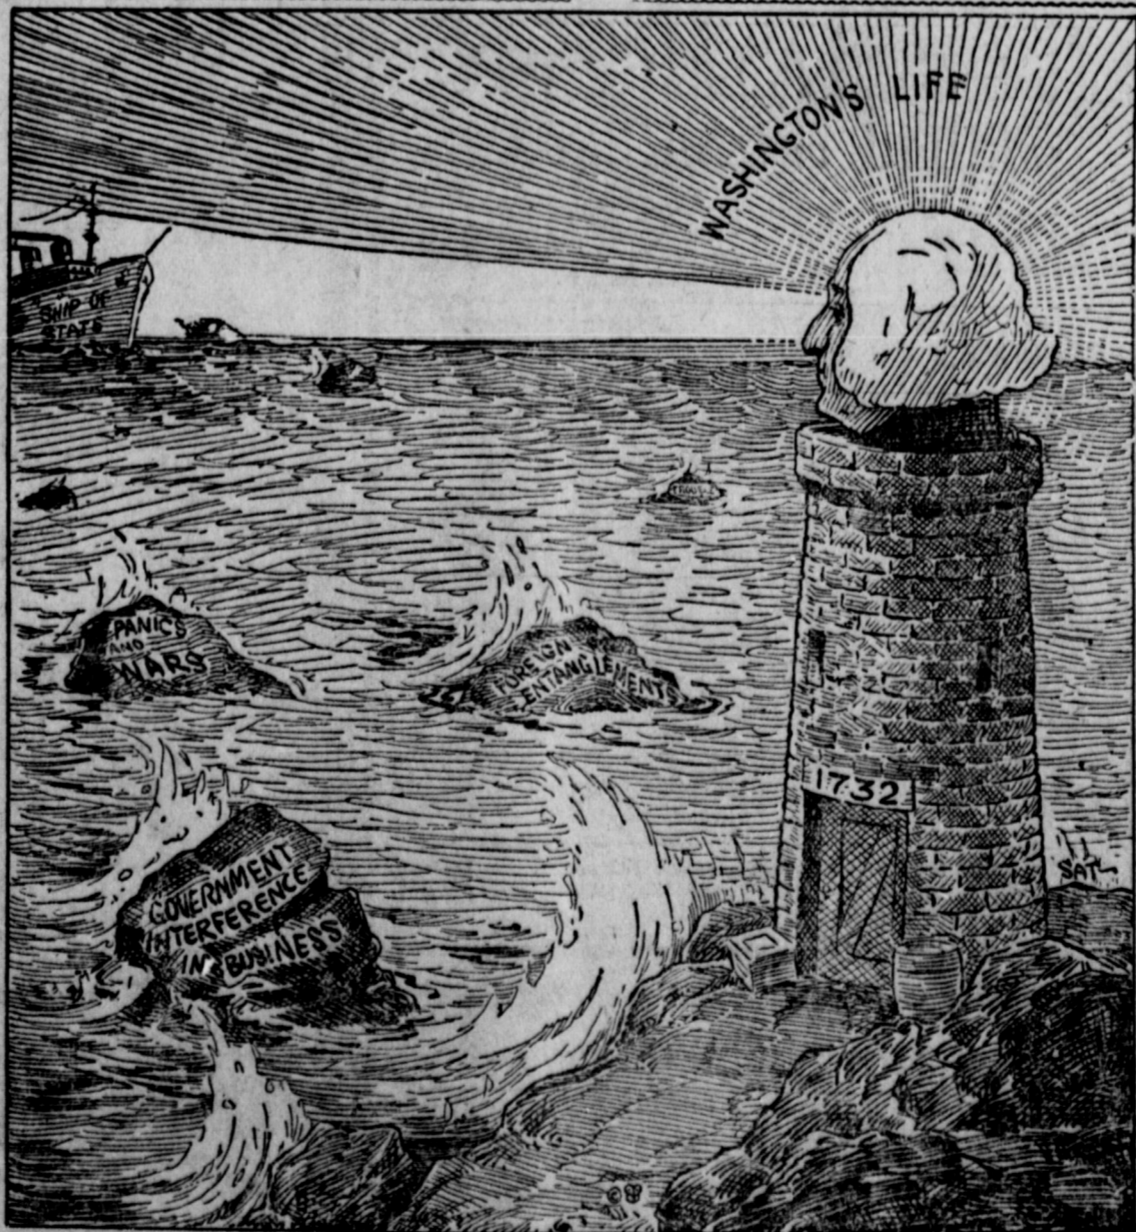

Mr. Van London has written
the Highway Commission in ac-
cordance with his letter as quot-
ed above, and urges that this
"weak link" in the important
Federal highway 66 and that it
is essential that we construct this
road at the earliest possible
date if we are to properly serve
the traveling public."

As the matter now stands, it
seems that the efforts of the
Donley people from Precinct No.
1, and others who have helped
them in the hope of getting the
routing South of the Rock Island,
have all been in vain.

CLARENDON MOTOR CO. ROBBED OF CASH MONDAY

Thieves evidently locked in the
Clarendon Motor Company build-
ing late Monday night ransacked
the cash register and pried their
way out, taking \$23 in cash from
the firm. Sheriff Pierce stated
that no clues were left by the
robbers and he was afraid the
culprits had made a clean break
of the job.

Mr. and Mrs. Sam M. Braswell
drove to Fort Worth and Dallas
Saturday accompanied by Rev.
and Mrs. J. H. Braswell, who
visited a daughter in Fort Worth
while the former visited with
Mr. and Mrs. Sam P. Harben in
Richardson. Mr. Braswell attend-
ed a meeting of the council of
Governors for the Lions Clubs of
Texas while in Dallas where
plans were laid for the State
Convention of Lions which meets
in Dallas June 6-7.

LET US HONOR GEORGE WASHINGTON'S MEMORY

Citizens of Clarendon and Donley County have an opportunity next Monday, February 22nd, of honoring publicly the memory of George Washington, first president of this republic and one of the foremost citizens of the world.

Americans have for many generations paused in a perfunctory manner on the occasion of Washington's Birthday to pay a casual respect, but there is a real reason why on this two hundredth anniversary of his birth, that we of America enter seriously and enthusiastically into a celebration of the significance of the holiday.

At a time in the history of this nation when real patriotism seems rare and when loyalty, devotion and courage are so much needed, it behooves all citizens who reverence the great virtues of Washington to give heed again to his teachings and lend ourselves to the exaltation of his qualities.

We honor ourselves and our nation as we honor the name of so great and good American as George Washington.

THERE IS A REAL GARNER BOOM

When the name of John Garner first began to be spoken in the list of favorite sons for the Democratic nomination for the presidency, very little attention was paid to it. Party leadership continued to blunder in the North and East, and the rank and file of the party began to look about for a really capable leader—one not bound hand and foot to the dragon of liquor or greed.

Today there is a real Garner boom. Texas senators have already presented his name to the nation and there is a rallying to his banners from all walks of life and from all sections.

Yes, there's a genuine Garner boom, and indications are that it will continue to grow and gather momentum until the improbable will happen—a Texan named standard-bearer for the Democratic party.

If this much is accomplished, there is a real hope of a Democratic president being named in 1932. Anyway, Garner and Texas must be reckoned with.

HIGHWAY PREFERENCE OF DONLEY COUNTY IS DENIED

Most Donley County people know that there has been going on a very earnest effort to get a routing of Highway 66 in the North side of the County, designated South of the Rock Island railroad to better serve the convenience of the almost unanimous majority of the people living in that section.

It now seems assured that the route will be placed on the North side of the tracks and the earnest plea of the people denied. The engineer's report and recommendation declares that the North route is shorter, cheaper and better serves the larger aims of the highway.

In the final recommendation is a phrase that ought to bring a lesson to some people in Donley County, when the engineer mentions the fact that the work is to be done without any financial aid from the county as is customary on such construction.

This same phase is the basic reason why Donley County's wishes have so little weight with state and federal officials, and will probably play a part in other decisions no more popular with our people.

Our day in court as regards location of state and federal highways is fast drawing to a close.

WORK AND HAPPINESS

"If you want something done well, do it yourself," is a workable axiom, but it is not invariable. If it were without exceptions our great commercial and industrial enterprises would never have developed. There are inefficient workers, but they are surely not in the majority.

Carelessness and unfinished work is the hardest kind, whether for the wage earner, salaried man, tradesman or manufacturer. When you fall down on the job you lose that satisfaction which is part of the wage of the good workman and you face the possibility of losing a job, a profit, a contract, a customer, or a business.

Public Commiseration is to blame for much inefficiency among employees. People will complain to a storekeeper about unsatisfactory goods, but they will not report in-attentions or discourtesies on the part of the clerks because they fear the clerk might lose his position. The clerk, the public and the store owner all suffer. In the factory, the foreman is responsible for the work of those under him, just as the manufacturer is responsible for the quality of his products. Each has the advantage of this additional urge to do good work.

How the world would profit if everybody would strive to do better work rather than less work.—Paris Morning News.

WALKER LANE IS OUT FOR DISTRICT CLERK

The News is authorized to announce the candidacy of Walker Lane for the office of District Clerk subject to the Democratic primaries in July and August. Mr. Lane believes he is competent for discharging the duties of the office to the mutual satisfaction of all the citizens and points out that this is the first office he has asked the people of the county.

Mr. Lane was born in Wichita Falls, Texas, and has been a resident in Clarendon for the past fifteen years. He received his education in the Clarendon Public Schools, from which he graduated with honors. He received his B. S. Degree from Texas Technological College in 1931.

Although a young man, he believes the citizens stand ready to encourage one who is competent and Walker asks for the sincere consideration of his name when you go to the polls in July. If elected he promises to act squarely with every one with courtesy to all and favoritism to none.

See his name in the regular announcement column of The Clarendon News.

While final details are still being withheld, it is reported from Jefferson that those interested in the projected paper mill have secured about 12,000 acres of cut-over and second-growth pine lands in Marion and Cass counties as a source of supply for the raw materials to be used in making paper.

PRESIDENT ANDIS URGES BUSINESS MEN TO FILL CENSUS BLANKS

All Business houses of Clarendon were asked today by E. R. Andis, President of the Clarendon Chamber of Commerce, to cooperate with the Bureau of the Census by filling out promptly their 1931 Census of Manufactures questionnaires.

President Andis pointed out that the questionnaires are very brief, covering only four major statistical items.

"The value of the statistics to manufacturers, depends largely on whether they are timely," he said, "and their timeliness depends on the promptness with which the questionnaires are returned by the manufacturers."

BLOWING HOT AND COLD

Here's a hot yarn that's temperate about cold facts.

According to the United States Weather Bureau, a maximum mercury of 136.4 degrees above zero was recorded at Azizia, North Africa, on September 13, 1922.

Americans in Columbia, South America, often write home, 'Come to Bogota, above the tropics, to keep cool in the summer,' and Grace Line passengers cruising Caribbean and equatorial waters, have constantly reported more temperate summer weather in the tropics than did their friends

living in New York, North Dakota and Montana during July and August heat waves last year.

And the yarn grows as the Weather Bureau figures show the most frigid day on record as

February 5, 1892, when the mercury dropped to 90.4 degrees below zero at Verkhoyansk, Siberia.

B. T. S. TRAINING SCHOOL

The week February 22-26 is to be a time of special training for the B. T. S. of the local Baptist Church.

Miss Grace Conn, Field B. T. S. Secretary of Texas, will teach Modern B. Y. P. U. methods by T. C. Gardner and Rev. J. M. Sibley of Perryton, will teach Training in Church Membership.

Miss Conn is a graduate of Southwestern Baptist Theological Seminary, of Fort Worth, and has been Field B. T. S. Secretary for several years. She knows B. Y. P. U. methods both by theory and practice. She will also bring spiritual inspiration in the period between classes. The local leaders have been trying to secure the services of Miss Conn for a training school for the past two years, but Texas is a big state so we have had to await our turn.

Rev. J. M. Sibley, former Missionary for this Panhandle Association, and now pastor at Perryton, is well qualified to teach the book on Church Membership.

It is urged that every member of the church who can possibly do so make arrangements to take advantage of this period of special training. The future advancement of Training Service depends on the information and inspiration of the whole church along this line.

The leaders in the training work in the other churches in town are invited to share this opportunity to secure help from this talented worker among young people.

E. A. Thompson Is Called By Death

Saturday morning, February 18th, 1932, at 11:30, the Angel of Death released the spirit of Eugene A. Thompson from his pain racked mortal body.

Eugene A. Thompson was born in Jackson, Tenn., May 3, 1870. He lived to the age of 61 years, 7 months and 10 days.

Mr. Thompson came to Texas in young manhood. He married Miss Claudia V. Morgan of Axtell, Texas, December 4, 1894. To this union came four children, two boys who died in infancy, then Miss Ruth Thompson and Miss Sara Thompson.

He, and his family, moved to Clarendon in 1897, remained two years, and moved back to Axtell for a short time. He returned to Clarendon where he has made his home since 1899.

Since coming to Clarendon, Mr. Thompson was in the employ of The Powell Trading Company; going from there to the E. M. Ozier Grocery for one year. When the Clarendon Mercantile Co. was bought by Williams Bros. he went back to work for them and continued on when the business changed into the hands of Hanna-Pope & Co. Six years ago he went into business for himself.

Eugene Thompson became a Christian in childhood and united with the Methodist Church of which he continued a consistent member through the many years. He could never give much audible expression of his spiritual experiences, but he quietly lived his religion daily in the home and on the street. He was secretary of the Wesley Bible Class from time to time of its organization some twenty years ago to three weeks before his home going.

Mr. Thompson was a member of the Woodmen of the World, of the Eastern Star, and of the Masonic Lodge. He was made a Master Mason November 14, 1910. He was elected secretary of the Blue Lodge, of the Chapter, and of the Council in June 1921. He continued to serve in that capacity until the time of his death except for the year 1923-24 when Mr. John Hunt was secretary of the Blue Lodge.

Sunday afternoon, shortly before 2:30, a large number of his Masonic Brethren met at his residence and from there marched in a body, with the pall bearers, Messrs Joe Goldston, J. H. Hurn, Bob Weatherly, Paul Shelton, Homer Mulkey, E. T. Pope, Edley Crabtree, and John Hunt, accompanying his body to the Methodist Church, where the funeral services were held. At the church door, members of the Wesley Bible Class joined the procession.

Following the processional, "Lead Kindly Light," the choir sang "Does Jesus Care." Rev. B. N. Shepherd led the opening prayer. A male quartet, Messrs Clyde Hudson, Robert S. Cope, G. L. Boykin, and Elbert Bowen, sang

"It is Well With My Soul". Rev. B. N. Shepherd read as the Scripture lesson selection from the 90th. and 73rd. Psalms. Mesdames O. T. Smith and J. L. McMurtry sang a duet arrangement of "One Sweetly Solemn Thought".

The message of the hour was brought by Rev. E. B. Bowen. Rev. Bowen used as his theme "Precious in the Sight of the Lord is the Death of His Saints." Quoting the words of Paul, "I have fought a good fight," and of Job, "I know my Redeemer liveth."

The closing prayer was led by Rev. L. A. Reavis. To the strains of "God Will Take Care of You" the mortal body of Eugene Thompson was brought from his church home and to the Odd Fellow Cemetery where it was laid to await the resurrection morn.

The concluding service at the cemetery was conducted by the Masonic Lodge with Mr. Bennett Kerbow acting as Most Worshipful Master.

Mr. Thompson left to mourn his going, his wife, Mrs. E. A. Thompson, two daughters, Misses Ruth and Sara Thompson, a sister, Mrs. S. T. Shelton, of Waco, and seven nieces.

Those attending the funeral from out of town were Mr. and Mrs. Lloyd Blackwell and daughter, Maxine, of Amarillo, Mr. and Mrs. Lewis Blackwell and son of Amarillo, Mr. Gordon Morgan of Ropesville, and Miss Lillian Abbott of Silverton.

Baptist W. M. S.

The W. M. S. of the First Baptist church met in the church parlor Monday afternoon for their missionary program and social meeting. The ladies of the Rex-Ray Circle gave a very interesting program. Dainty refreshments were served to thirty five members by the ladies of the West Circle.

Next Monday afternoon at three o'clock the West Circle will meet with Mrs. Fowler.

South Circle with Mrs. H. C. Brumley.

Rex-Ray Circle with Mrs. Van Kennedy.

The Ladies of the East Circle will meet in the home of Mrs. W. A. Land for an all-day meeting. They will meet at ten o'clock.

MRS. PHOEBE K. WARNER

At the invitation of the Beaux Arts Club, Mrs. Phoebe K. Warner addressed the club women of Donley County last Saturday afternoon in the College Auditorium. Mrs. T. H. Ellis, president of the Art club, presided at the meeting, and introduced Mrs. J. D. Stocking, who in turn introduced Mrs. Warner.

Mrs. Stocking in a most charming and effective manner, recalled the coming of Mrs. Warner as a bride to this section, telling in a humorous manner the history of the cakes destined for the wedding supper, and then in more serious strain relating the wonderful work of Mrs. Warner among the lonely pioneer women of her wide-spread community.

Mrs. Warner prefaced her address with graceful acknowledgment of Mrs. Stocking's personal allusions, then passed into the theme of her message, which was a plea for a world-wide sisterhood among women, accomplished best, as she saw it, through organization of women into clubs or societies. As proof that this is being promulgated all around the world, she told us of greetings which she had received from London organizations, from Holland, France, Germany, New Zealand, even from China. These letters and cards she passed through the audience, that her hearers might receive the messages also.

For an hour this little woman held her audience spell-bound, as in simple, conversational language she told what had been done and what might be done for women especially in the rural communities.

After the close of the program, which had been introduced by numbers from the splendid little Junior Band of Clarendon, the Beaux Arts Club repaired to the city club rooms where tea was served to Mrs. Warner and a number of invited guests.

Pathfinders Observe Washington Birthday

The fame of George Washington is not accounted for merely by the records of his achievements though it is practically the only means we have of knowing fully of his achievements as was found by members of the Pathfinder Club when they studied the topic "George Washington Bi-Centennial" under the direction of Mrs. C. A. Burton on Friday afternoon.

Hostesses at this time were Mrs. U. J. Boston and Mrs. G. L. Boykin who had arranged the club room in keeping with the patriotic program.

Tributes to Washington were paid by the members as they answered roll call then Mrs. C. A. Burton told of the Washington family in England and America. "Frontier Back Ground" was given by Mrs. C. G. McMurry with Mrs. W. H. Patrick discussing fully "Washington's Activities."

At the conclusion of the program a dainty refreshment course was served.

The room was decorated with blooming post plants and ferns with an improvised arch of pink and white having been arranged at one end of the room before which the bride and groom stood during the ceremony.

Miss Ester Belle Haning, at the piano, beautifully played the wedding march quickly changing to "I Love You Truly" during the reading of the marriage vows.

Miss Elizabeth Adams of Amarillo, bride-maid, attended in black crepe with lace trimmings and corsage of pink and orchid sweet peas, entered with the best man, Mr. Boyd Meador of McLean preceding the bride and bridegroom and stood on either side of the arch making way for the bride and groom who entered together.

The bride was lovely in her bridal gown of pink georgette with rhinestone trimmings and a beautiful corsage of pink and orchid sweet peas and roses intertwined with lacy ferns.

Following the ceremony an informal reception was held during which the brides cake was cut and served with coffee to the few close friends and relatives who were present.

Mr. and Mrs. Watkins left immediately for McLean where they will make their home and where the best wishes of their many friends in Clarendon follow them.

Looka here: What do you think about my two Donley County teams? Do you think you could pick a team that could beat either of these teams? Here they are.

First Team.

Armstrong, Hedley, Forward. Evans, Hedley, Forward. Hunsucker, Hedley, Center. Stafford, Hedley, Guard. Tollett, Hedley, Guard.

How would you like to see this second string tie up with the first team? Some game!

I've been strolling around and just happened to stop at the tennis court. Believe me, that's a dandy game for young folks. It seems that several girls will make a good showing at the County Meet. Clarendon and Lelia Lake have always copped that honor tennis place and I think it is about time for Hedley lads and lassies to put a "stop" to such doin'.

Volley ball? Yes, we have a team. Those girls have just about decided to get to work if they hope to get the "Blue Ribbon." You must remember our team won the County championship and went to Canyon last year and here's hoping it is done again.

Aw, come on and help us back this Owl team when they clash with the champs of Perryton, Friday evening at the meet in Canyon. We are all behind you Owls so do your duty!

ELECTRIC ELEVATOR NOW USED IN CARLSBAD CAVES

Carlsbad, N. M., Feb. 10.—The National Park Service, through Thomas Boles, superintendent, Carlsbad Caverns National Park, today made the important announcement that the recently completed electric passenger elevator through the 750-foot shaft, would be placed in public operation on Sunday, January 24. At the same time, the Government's guide fee through the caverns will be reduced from \$2.00 to \$1.50 each person, and a fee charged for elevator service at fifty cents for each one-way trip. There will be no change in the regulation that children under 16 years of age are admitted free, when accompanied by parents or guardian. Children will be charged 25c elevator fee, however.

The elevator at Carlsbad Caverns was installed with the view of accessibility to persons that could not comfortably negotiate the trail system, and the National Park Service urges the visitors to enter and leave the cavern via trail. Each person thus would save 50c.

Governor Arthur Seligman, of New Mexico, on Saturday, January 23rd, formerly dedicated the elevator at the invitation of the Secretary of the Interior and the

Director of the National Park Service. The New Mexico Newspaper Association will be in session here on January 22 and 23, and will participate in the ceremony, together with many persons whose interest and work for the caverns, have rapidly placed it in the front rank of America's showplaces.

POLITICS AND PERSONALITIES

When President Hoover, before a distinguished group of foreign diplomats, members of the Cabinet, Judges of the Supreme Court and members of Congress, officially opens the nine-month, national-wide, George Washington Bicentennial celebration at noon, February 22, the praises of "Father of Our Country," who warned against foreign entanglements, will be resounding from the lips of American patriots in practically every corner of the globe.

Despite guns booming their deadly hatreds in far off China, American women, members of the American Woman's Club of Shanghai, are planning to cooperate with the American Communities committee of Shanghai, to make February twenty-second a day that even the warring Japanese and Chinese factions will not forget.

Numerous letters received at the offices of the George Washington Bicentennial Commission in the Capital, indicating that many American clubs abroad are planning active participation in the George Washington Bicentennial. Requests for material and suggestions to carry out patriotic programs have been received from Santa Fe, Isle of Pines, Cuba, Porto Rico and the Canal Zone. From Korea, the Woman's Club of Seoul, writes that with only a fifty percent American membership, through the suggestion of an "awful" British member, the Club is planning to pay tribute to America's first great President.

PRESIDENTS PROCLAMATION

WASHINGTON. — President Hoover, in an official proclamation today called on citizens of the nation to join in celebrating the 200th anniversary of the birth of George Washington.

Text of his proclamation follows:

"By the president of the United States of America, a proclamation: "The happy opportunity has come to our generation to demonstrate our gratitude and our obligation to George Washington by fitting celebration of the two hundredth anniversary of his birth.

"To contemplate his unselfish devotion to duty, his courage, his patience, his genius, his statesmanship, and his accomplishments for his country and the world refreshes the spirit, the wisdom and the patriotism of our people.

"Therefore, I Herbert Hoover, president of the United States of America, acting in accord with the purpose of the congress, do invite all our people to organize themselves through every community and every association to do honor to the memory of Washington during the period from Feb. 22 to Thanksgiving day.

"And I hereby direct that on the anniversary of his birth the flag of the United States be appropriately displayed upon all government buildings in the United States, and all embassies, legations and offices of the United States abroad.

"In witness hereof, I have hereunto set my hand and caused to be affixed the seal of the United States.

Done at the city of Washington this first day of February, in the year of our Lord, nineteen hundred and thirty-two, and of the independence of the United States of America the one hundred and fifty-sixth.

KEEPING UP WITH WEST TEXAS

Texas Angora Goat Raisers Association is taking an active interest in the establishment of a mohair mill in Texas and has named a committee to investigate the possibilities. Texas, raising the bulk of the mohair produced in the United States, has not a single mill for its manufacture into finished products.

A \$100,000 plant is being built at Texas to extract the sulphur from the nearby field. Another similar plant at Midlin is manufacturing commercial fertilizer from gas and disposing of the "sweet gas" residue for fuel. Possession of the largest natural gas supply in the world not only is a source of invaluable fuel, but of numerous by-products, carbon black, one of the few manufactured commodities in which Texas leads the United States, being an important one of them.

Jacksonville is figuring with Arkansas capitalists on the establishment of a new packing plant.

THE Antelopes' Trail
Ashtola High School
By Emma Sue Graham

Special to The Clarendon News

The Antelopes met the Windy Valley boys, at Antelope Park Friday afternoon in what proved to be one of the most interesting games of the season.

The Antelopes felt they were playing a losing game when they went into the skermish, due to the fact that Gregg, left forward was not able to be out. Also, Captain Drennan was not in perfect condition.

When the ball went up in center it came down in the hands of Windy Valley they went for the goal and pitched it true. Next time the ball went up in center and down into local possession. Of course they took it home and make it count. The entire play of the first half was a nick and tuck fight. When the whistle blew for the half the score was 10 and 11, in favor of the Antelopes.

After the half Drennan had the burden of three personals hanging over him so he did not get into the fight as he would have done otherwise.

Therefore the Windy Valley boys ran up their score. Then during the third quarter Drennan was put out. Graham was put in. He had not had very much practice and the Windy Valley boys again forged ahead. At the middle of the last quarter Jones was put in in Graham's place. The Antelopes did some fast playing during the last few minutes but the Windy Valley boys had already out numbered them. The Antelopes could not run their score up sufficiently to pass the Windy Valley boys any more but when the final whistle blew the score was 19 to 25.

NOT BEER NOT WINE BUT COFFEE

Unlike the Parisian cafes, the Colombian cafes do not permit the entrance of women. The hundreds of tiny shops, scattered over Bogota, that scent the air with the rich odor of steaming coffee, are for men only.

There, over black "tintos," as the demi-tasse is called, the Bogota business men gather between ten and eleven in the mornings, and three and four in the afternoon to sip the fragrant beverage, exchange gossip, and confirm business agreements.

The center of political manipulations and the center of business transactions lie in the coffee shops.

Clarendon the thing that has so sadly been neglected in the past number of years.

Comes the announcement from the public schools that fifty-six have entered tennis for the interscholastic league events this year. Quite a lot for only two courts to care for. Have been wondering why some plan like this could not be worked out with very little expense. I believe the city would donate the use of the tractor machinery for leveling purposes and additional courts be erected immediately north of the present courts. Possibly the Agricultural class would be glad to have an opportunity to do the leveling and place the poles, while the only expense would be for the nets and one backstop, using the present north backstop for both courts. Why wouldn't that work?

THE GASOLINE RACKETEER IS ROBBING YOU As Well As Your State

An enormous new racket has grown up in the past few years—the bootlegging of gasoline to escape payment of the state tax. Now an alarming amount of gasoline is being sold without payment of lawful tax.

Most motorists who buy bootleg gasoline buy it unknowingly. But know it or not, they are being robbed by the gasoline racketeers every time they buy from them!

The gasoline tax you pay belongs to you, and you should get it back from your state in the form of good roads. When you buy bootleg gasoline, you pay all or a part of the tax, too—but the racketeer pockets the money. You never get it back! And remember—if your state received all the money paid as a gasoline tax, it could well afford to lower the gasoline tax!

Knowing this, you naturally don't want to buy any bootleg gasoline. To be sure the money you pay as tax goes to your state, buy only gasolines sold under dependable, familiar brand names, backed up by reliable companies who make sure the state gets the tax. By sticking to familiar, reliable brands, you'll help banish racketeers.

CONOCO Gasoline is a branded gasoline you can buy with safety at the sign of the CONOCO Red Triangle.

"WHY NOT IMPROVE THE CAMPUS?"

(Editorial assigned for the Press Club—by Herbert Carlson)

Why can't we improve our campus? Other schools, not nearly so large and with less finance than we, have beautiful campuses.

The largest percent of the students do not have the least desire to have a beautiful campus; therefore they care nothing of appearance of it nor do they care about helping those who want a beautiful campus.

My suggestion for improving the campus would be: First, move the trash barrel from the edge of the campus to a more secluded spot. The cow shed to the rear of the building should be torn down. (I shouldn't think that it would be very valuable for the pupils)

Along with the cow shed should go the old boiler and piles of bricks lying around. An effort should be put forth in getting the owners to finish tearing down the boy's old Dormitory. If this couldn't be accomplished, they might at least clean up around it.

Second: The city tractor and grader would come in very useful in the leveling up of the campus, an evergreen lawn would surely be appreciated by every member of the faculty and student body. Bermuda grass would be the ideal lawn for spring and summer. Clover could also be used for winter lawns. This would make a green lawn the year around and would not have to be planted but once as both of them live from year to year. A sprinkling system could be installed very reasonably. This would be necessary to keep the grass green during the summer and also the clover during the winter.

A few trees should be planted over the campus to provide shade and beauty. The old locust trees should be removed and evergreen trees planted. Seats should be placed around the building for the members of the faculty and student body. There should be at least two fountains on the outside for the students (as they are not allowed to go in the building during the noon hour and can only drink at class intermissions which is so short a time that only a few get a drink).

We have been taught that environment helps to mold one's character and life. If that be the case, why is it that we can't have an equal chance with students of other schools.

Do you think it would be worth the expense to change the lives of so many for the better?

Palo Duro Literary Society

True to their challenge of February 3, Bill Wood and Buck McKinney staged a regular boxing match. There were gloves and seconds, and water buckets and towels—everything but the ropes; and it seemed that they were not unknown to Buck.

Prior to the amateur battle was a vocal duet by Wilma Hukel and Bill Wood, assisted by Pauline Shelton at the piano. "Love Letters in the Sand" and "Lazy River" were the theme songs of the evening.

And now for the match. Ladies and Gentlemen! In this corner we have the notorious horizontal Kid with his second, Bill Wood; and over here we have the well-known Vertical Struffer with his assistant, Mike Stricklin. Both fighters have pledged their intention of fair play and with the regular code of rules in mind, we shall soon witness the battle. Minus Gattis has been elected as the referee of the evening. While to Silas Franklin falls the lot of timekeeper. The fight is to last three rounds of two minutes each with intervening rest periods of sixty seconds. At the sound of the musical chimes, the battle is on. Ready? Bong!!

At the conclusion the referee refrained from herding the winner for neither had "struck the mat".

Every one present seemed pleased at the outcome and adjournment was carried out at the suggestion of President Slavin.

The second solid trainload of Texas flour for North Atlantic seaboard cities in three months was shipped from Sherman recently by the Smith Flour Mill. The high protein content of Texas flour makes it much in demand for both the bakery and retail trade north and East. Four Sherman mills produced nearly 500,000 barrels of flour in the last six months of 1931.

Here's The Challenge To Civic Service Clubs From Prize Winning Lions Essay Contest

ELIZABETH DUNN, Second Prize.

- I. Cleaning of Vacant lots. II. Tearing down partly burned houses. III. Better streets. (a) Lighting (b) Grading. IV. City Markets. V. Sports committee. VI. Prevention of flies and mosquitoes.

Dirty vacant lots not only abuse the looks of a town, but they can also be the source of flies, diseases, and other disturbances. The civic clubs of this community should appoint a committee either to keep the vacant lots clean or to see that the owners keep them clean. As dry weeds are easily ignited, they should be kept cut down and burned with care. Tin cans and other rubbish should be deposited at a special place called "the dump ground."

Partly burned houses are also a nuisance to a community. They are not pleasing to the eye. As a result of gathering rubbish, disease germs are easily collected in the partly burned houses. Not only this, but a person is not a good citizen if he allows his partly burned property to stand. Civic clubs should see that these are torn down.

The streets of Clarendon are in a fair condition, but they could certainly be improved. The lighting system of this town is not being used to light the streets of Clarendon. This is dangerous to the welfare of its residents, and it would be less expensive than the loss of lives. The streets should also be kept graded. The dips should be filled up to prevent the wrecks that might occur from the cause. This affords the clubs another opportunity to make improvements.

A city market for the farmers

of Donley County would be an excellent advantage to them. This should be a place where a farmer might sell his products. It should be a gathering place for farmers to discuss common problems together. This market could be held on only one day of the week, or it could be held on two or more. It could also be sponsored by the civic luncheon clubs.

A sports committee would be a good thing for the community to have. Boys and girls need something to employ their time when they are not in school or at work. Tennis, baseball, swimming, and other games could be sponsored by the clubs. Games of these kind teach children to be a good sport, to be fair and honest, and to obey rules of laws. It might also give them chances to become acquainted with other boys and girls and to learn the types of people whom they must deal with in life. Games teach leadership, for must not someone lead them? Out-door sports improve the body physically and mentally.

An effort, if strong enough, can accomplish anything. Many attempts have been made to rid

the community of flies and mosquitoes, but all have failed. Oil spread on bodies of water will help to check them. Other devices for prevention are:

- 1. Punching empty cans. 2. Removing all refuse piles from around houses and lots. 3. Keeping fish in bodies of water. These insects are not only annoying by biting, but they also carry germs and spread diseases.
