COURT ORDER ACCEPTS NO. 5 OFFER

STATE TO PAVE HIGHWAY IN RETURN FOR RIGHT-OF-WAY THROUGH COUNTY

Donley County took her place among the progressive counties of the Panhandle Monday of this week when the Commissioners Court passed an order accepting the offer of the highway department to pave highway 5 through the county in return for the furnishing of the right-of-way on the approved location.

This matter has engaged the attention of the court for many months and the action Monday brings to a conclusion much negotiations between the court and the department, and between sections of the county. The vote of the court stood two to one, with Commissioner Beck of precinct four not voting.

As a follow-up of the action of the court a special road district composed of precincts one and two, and Lelia Lake justice precinct was created, with the agreement that no action would be attempted on the part of the road district if the plan to build through the county went through without a hitch.

Preliminary survey from the west side of the county to Hedley was begun today and in an interview with Divisional Engineer W. J. Van London in Clarendon yesterday the News was informed that every effort on the part of the highway department would be immediately put into play to start construction on the road at the earliest possible date.

Before the actual purchase of right-of-way can be made the engineers will have to furnish the court here with maps of the right-of-way and field notes on the land required from each property holder the road touches, and this will be done in a few short weeks. Mr. Van London stated that he had not decided on whether to set up an office in Clarendon at once, or to conduct the preliminary work out of the Amarillo headquarters, until the actual construction work begins.

According to the engineer the project through the county will mean the spending of from a half to three-quarters of a million dollars, based on the type of paving finally approved, and Mr. Van London is much pleased to be able to close the gap in paving on No. 5 through Donley and Armstrong counties. It is very probable that the paving crews will work from the Potter county line East through Armstrong and Donley to the Hall county paving just this side of Memphis.

Judge Alexander is collecting information from the experience of other counties in order to see that the work is done with facility and satisfaction to all concerned.

MERCHANDISE WILL BE GIVEN AWAY BY CLARENDON MERCHANTS WEEKLY

A revival of the old time trades day idea will be carried on in Clarendon this fall when on each Saturday afternoon, beginning on November 5th, Clarendon merchants will give away valuable merchandise to the crowds which are brought to the city. The plan has been worked out by a group of the leading business men and firms of Clarendon with the idea in view to stimulate business and trade in this city as well as to become better acquainted with the rural citizens of the county and entire trade territory of Clarendon.

A double page circular is being printed and will be distributed throughout the territory within a few days which will carry an explanation of the workings of the trades day plan which The News is forbidden to publish because of certain postal regulations.

The various firms joined in this movement have secured 250,000 tickets which will be given with each 50-cent purchase.

The first Trade's Day will be held in Clarendon on Saturday afternoon, November 5th, and every citizen in Donley County is especially urged to make his plans to be in the city for this first big day. Annapolis Papers Praise Local Middle

When Midshipman Joe Bourland was appointed Regimental Commander of the Midshipmen of the United States Naval Academy at Annapolis, Maryland, a few days ago the newspapers of Annapolis devoted the headlines and a lengthy article to the appointment. In part it states:

"The Naval Academy five-striper, or regimental commander, for the year beginning Sept. 23 will be Midshipman Joseph H. Bourland of Clarendon, Texas, it was announced today by Captain Ralston S. Holmes, Commandant of Midshipmen.

"Bourland was a member of the Sixth Company and his selection brought to it the most cherished honor of the regiment."

The clipping was sent The News by Stanley Miller, Academy graduate who is now employed in Washington. Stanley had predicted Joe's appointment and has worked to that end since finishing the Naval School and is very proud of his midshipmate. He states the headline which reads, "TEXAN HEADS ACADEMY CORPS", "is indicative of the amount of interest the people about that city take in the Naval Academy's 'leading man'."

Stanley also tells of his approaching marriage this fall to Miss Ruby Corrine Young of Annapolis, the engagement of which has just been announced. It is their plan to have the newly appointed regimental commander as best man at the wedding.

Warmest regards are extended by Mr. Miller to his old friends here.

MRS. C. F. BOGARD BURIED HERE TODAY

While it has been expected for some time the passing of Mrs. C. F. Bogard, early this morning, was a shock to the many friends of the family. She has been in poor health for a number of months and for the past few weeks her passing has been constantly looked for.

Mrs. Lulu Bogard was born April 6, 1881 and was seventy-one years, five months, and twenty-three days of age at the time of her death.

The funeral was conducted from the family home this afternoon at 3:30 o'clock with the Revs. E. B. Bowen and R. S. McKee conducting the final rites. She was laid to her final resting place in the Citizen's Cemetery.

The News joins with the entire community in extending the bereaved family our most sincere sympathy in their dark hour.

BRONCHOS MEET QUITAQUE HERE

QUITAQUE PANTHERS REPUTED TO POSSESS POWER, SPEED THIS SEASON

Football fans of Donley County will get their first opportunity to see the first football game of the year on the local field this Friday afternoon when the Quitaque Panthers forsake their lairs in the foothills of the Caprock for a bit of horsemeat at the College Park at 3:30 o'clock. The Panthers have been pointing to this game for a year in the hope of avenging the defeat administered them last season by the powerful Bronchos which later marched to the bi-district title. Coach Shied of Quitaque is well pleased with his squad this season and is optimistic over their chances with the Bronchos tomorrow afternoon. While not boasting as large a squad as the Broncho mentors he feels he has a most capable team this season, greatly improved over the team which received the trouncing here a year ago.

The hopes of the Panther backers lie on the shoulders of Captain Bickford and big Bo Graham, the terror twins of the Panther attack. Both these lads will be remembered by the fans who saw the game last season as the boys who caused the Maroon and White no little trouble. The Panther line is reputed to be a great deal stronger and will prove a hard task to move by the Broncho

FIRST ELECTRIC PLANT TOLD OF

LIONS RATHJEN, CARAWAY CHASE, MULKEY RECALL EARLY EXPERIENCE

An interesting program greeted the members of the Lions Club Tuesday noon at their den and was a delightful diversion from the usual run of entertainment.

Boss Lion Ira Merchant read a letter from the Crippled Children's Council Incorporated of Amarillo who were interested in securing a steady means of income. The matter was discussed and was referred to the Crippled Children's Committee of the local club. A report from Lion Homer Mulkey on the progress of the little girl who is being cared for by the Lions Club was made and the specialist indicated that the child was progressing nicely and would be allowed to remove the cast on her foot some months sooner than was first anticipated.

Lion T. D. Nored, chairman of the program committee, introduced Lion A. L. Chase who gave a very interesting talk on the early electric plant of Clarendon. This was taken up with the year 1904 and the interesting experiences encountered with the power plant was enumerated. One of the most amusing incidents in the local plant was at the expense of a fellow townsman, Will Stewart. It was this gentleman who first gave the city all-night power, and happened this way. When Mr. Stewart arrived on the night train from Cleburne to handle the job of running the plant he heard the big engine and walked over to have a look over the place. Introducing himself as the man who came to take charge of the layout, the man in charge took off his overalls and left the plant to the new operator. Without knowing the schedule caller for the plant running only until 12 o'clock, Mr. Stewart kept the boiler steamed up all night, thus Clarendon enjoyed its first all-night electric service. Some of the equipment was obsolete according to Lion Chase and numerous breakdowns were experienced, once to the tune of \$1,100.00. This was occasioned when a belt running the water pump which cooled the cylinders came off, heating the motor to a terrific temperature. The engineer turned the water mains into the overheated motor and the results was two bursted cylinders.

The program committee was assigned and then the club adjourned.

Mrs. Paul Reeves and Miss Layma Taylor spent the week end in Amarillo.

JIM COOK SPEAKS TO ROTARIANS

INTERNATIONAL SERVICE COMMITTEE IN CHARGE OF PROGRAM

The Clarendon Rotary Club held its regular luncheon Friday, September 23, at the Clarendon Hotel with "Uncle Jim" Cook as principal speaker. He told of his many experience he had had with the Indians and outlaws in the Panhandle of Texas from 1866 to 1880. He was a ranchman and peace officer of this section in an early day and knew Billy the Kid during his reign of terror.

His talk was thoroughly enjoyed by all present.

FORMER LOCAL MUSICIAN NOW ORGANIST AT ABILENE

Mrs. Roy Wells has just been elected organist for the St. Paul's Methodist Church at Abilene, according to a letter received here this week by her parents, Mr. and Mrs. D. O. Stallings. Mrs. Wells, before her marriage in late May, had been organist of the local Methodist Church for a number of years and had been prominently identified as an instructor and accompanist in Clarendon and the Panhandle since her college days, and her friends here are happy that this recognition has been accorded her so early in her new home at Abilene. St. Paul's Church is the largest Methodist congregation in Abilene.

MOVE HERE TO

CITY AUDITORIUM PROJECT WOULD COME UNDER TERMS OF RELIEF FUND

With the receipt here of blanks on the federal employment relief fund from the West Texas Chamber of Commerce to Odos Caraway, local director, it became apparent that Clarendon and Donley County might participate in the three hundred million dollar fund approved by the recent congress.

Under the direction of Governor Sterling the West Texas Chamber of Commerce with other regional bodies in the state will handle the distribution of the fund in their respective territories, and Mr. Caraway will submit estimates covering certain local relief expenditures and such other new projects which would come under the provisions of the act.

One of the local projects which would come under the provisions of the fund would be the construction of the much needed municipal auditorium here, and it is hoped that a local committee will be formed here this week to co-operate with Mr. Caraway in securing funds for the immediate construction of the building on the site bought for the project by the city government at the head of Kearney Street where the old Grammar school building stands.

With the site already paid for, with enough brick in the old building and with the securing of a sum around \$25,000 from the federal aid fund, Clarendon is in line to have one of the finest, most commodious, and best located auditorium buildings in the Panhandle.

This project has been in the minds of the people for several years but adverse financial conditions prevented its accomplishment, but the new unemployment relief fund brings immediate possibilities of realization and with a little intensive work here Clarendon may soon have her much needed city auditorium for school and community gatherings and Fall fair purposes.

Mayor Cagle says he is much interested in the project and if the plan is such as will not incur future obligations on the city, he will be glad to put the machinery of the city government back on the plan to secure the auditorium. He declares that Clarendon has the finest location for an auditorium to serve the community he knows of in this section of Texas.

Les Beaux Arts Flower Exhibit To Be Held Here Saturday, October 1st

The Annual Les Beaux Arts Club Flower show will be staged this Saturday afternoon at the Womens Club Rooms in the City Hall Building beginning at 1:00 o'clock. Plans have been completed and everything is in readiness for the most successful event of its kind in the history of the show. There is no admission charge to the exhibit, it being one of the major activities of the Les Beaux Arts organization through which a more attractive city and community may be attained through a better and fuller appreciation of plants and flowers. Not only are the women of Clarendon urged to attend but the ladies of the rural communities are especially invited to participate in the show.

Those who have plants and flowers which they would like to enter are requested to bring them to the rooms this Friday afternoon or phone any of the following ladies so they may call for the plants on tomorrow afternoon:

Mesdames F. E. Chamberlain, T. H. Ellis, Charles Trent, John Sims, Sr. The above request has been made in order that the proper display may be worked out for the Saturday exhibit.

Prizes will be awarded the winners in the various displays as follows: Roses—two dozen Tulip Bulbs; Dahlias — Better Homes and Gardens, magazine; Cosmos—Shrub; Mixed Garden and Baskets—Mixed Cuttings; Blooming Plant—Shrub; Non-Blooming Plant—Shrub; All garden flowers—Blue Ribbons.

DONLEY RECEIVES THE APPLAUSE OF THE PANHANDLE

Many people in Donley County failed to appreciate just how the whole Panhandle section was anxiously awaiting some move from this county to solve the highway problems that are ours and which in a very vital manner effect the whole transportation system of this region.

Tuesday's first streamer on the front page of the Amarillo Daily News headlining the news of the action of the Donley County Commissioners Court the day before which sets in motion the machinery which will pave Highway No. 5 across this county, and the detailed story which followed proves in a measure just what big news this was to the Panhandle country, and how our neighbors are rejoicing with us in this action which will bring progress to Donley and goodwill to her people.

For many years the failure of this county to provide adequate highways has been a joke over this part of the state, reaching in many instances to the remotest regions of Texas. One could hardly say to strangers that he was from Clarendon or Donley County without listening to some very pointed and uncomplimentary remarks.

Now that is all passed, Donley County takes rank among her sister counties with her head up, and just a little proud that she is to have her main highway paved without a bond issue and a heavy cost to her citizenship.

Donley is receiving the applause of the Panhandle, and Texas, and the Commissioners Court will go down in history as the court that ordered the greatest forward step her citizenship has ever known.

THERE SHOULD BE NO SCARS

In the final order for the highway in Donley County there are a few items worth recounting, and even the doubters ought to be happy over the situation.

For something like a year, now, the promoters of the highway have urged that the county buy the right-of-way, and in so doing would get the road at no other cost to the county. This has come to pass.

Those in touch with the situation have argued that there should be little or no increase in taxes to buy the right-of-way. Under the plan adopted this has come to pass.

Those promoting the road argued that the road should not miss Lelia Lake, Hedley and Clarendon, even if the exact location didn't suit every citizen of these towns. The route goes through all these towns.

Since the doubters have seen these things come to pass which they feared would not be accomplished, they ought to be happy in the common good.

Donley's shackles are about to be struck off, and our real progress is about to begin.

THAT GOVERNOR'S RACE

With the announcement that the Secretary of State will "track the law", which provides that no candidate whose eligibility is legally contested may be certified for printing on the ticket, it begins to look like Texas is just about to witness a real race for the office of governor.

Mrs. Ferguson's name can only appear on the ticket when and after the courts shall declare her the nominee of the August primary. The court may sustain Gov. Sterling's allegation that thousands of illegal votes were counted for his opponent, and order his name printed on the ballot.

Which ever way it goes the losers will divide as to the course of action or if the court delays until after election time, the ticket may be blank, and the winner be named according to which set of supporters can write the name in with greater solidarity.

Anti-Ferguson leaders have declared that they will support Sterling first, if he wins his contest, and Bullington next if Sterling loses the court decision.

Will it be Bullington, Sterling or Ferguson?

BIG MONEY COMING TO DONLEY

Aside from the sizable sum that will accrue to Donley from the present cotton crop, the building of Highway 5 will mean the spending of from \$520,000 to \$700,000 according to an estimate of Divisional Engineer W. J. Van London, the amount being gauged by the type of paving finally adopted.

Even if conditions generally get no better, and they are certainly improving, Donley citizens are going to see much better times in 1933 than in the past two years.

Big money is coming to Donley, and a new confidence is taking hold of the people.

Interesting History Of Clarendon, Its People And Early Day Adventures

By Mrs. L. S. Bagby

(EDITOR'S NOTE: This is the initial installment of the first of a series of articles written by local people on the early history and life of the Panhandle and Clarendon. We suggest that each article be clipped and pasted in a scrapbook as this more than likely will be the only opportunity to collect such a varied and colorful history of this section of the state. These are published exclusively in The Clarendon News.)

The history of the first twelve or fifteen early ranches, which occupied practically all of the Panhandle, is the early history of this country.

To the men who founded and worked on these ranches the present citizenship owe much. They and their families suffered the hardships and dangers, along with the joy of seeing the wonderful development of this beautiful country.

But as we think of these, let us not forget the Buffalo hunters and traders, who first met the Indians and made the Panhandle safe for the families of the Cattlemen. The Panhandle of Texas was the Hunting Ground of the Indians stationed in the Reservations of the Old Indian Territory. And could a more beautiful and more protected spot be found that the Palo Duro Canyon for a winter camp? It was a safe place to raise their tepees and leave their families while hunting on the surrounding plains for the numerous buffalo and other game.

In 1874 the Indians from Ft. Sill attacked their most hated enemies, the buffalo hunters, who were in a large camp at Adobe Walls, a trading post on the Canadian River in Texas. The fight was very fierce, and lasted all day. Upon receipt of the news that the Comanche, Kiowa, and Cheyenne tribes had left the Reservation and were on the warpath in the Panhandle, the Government sent out an expedition consisting of troops from Ft. Dodge, Kansas, New Mexico, and Ft. Sill. They came upon the Indians at Tule Canyon and a battle followed. Later that year General McKenzie found the main camp of the Indians in the Palo Duro Canyon and forced the Indians to return to Ft. Sill.

In 1876 Chas. Goodnight of Colorado decided to drive his cattle, a herd of 1800 head, to the Palo Duro Canyon. He, with the three Dyer brothers and a few other helpers, started on the long journey on July 4, and following the old Indian trail arrived on the caprock between the canyon Blanco and the main Palo Duro canyon in November. The descent

was so abrupt and steep they were compelled to unload the wagons and take them to pieces and let them down into the valley below with ropes. At that time the nearest settlement was Henrietta, two hundred miles away.

Charles Goodnight, the first white settler in the Panhandle, holds a most prominent place in the history of the development of this country. After getting his cattle and men well established for the winter, he returned to Colorado to make arrangements to bring his wife to their home the following summer. While in Colorado, Goodnight met John Adair and they formed a partnership. Adair furnished the money to buy land, and Goodnight having the management of the ranch, to be known as the J. A.

Just one year from the time Goodnight started with his first herd of cattle to the Palo Duro canyon, he was ready to make the second trip accompanied by Mrs. Goodnight, Mr. and Mrs. Adair, a number of cowboys, four loads of freight supplies and building material, and one hundred head of high grade Durham bulls. Mrs. Goodnight drove one of the wagons all the way, and Mrs. Adair rode a horse the entire four hundred miles from Trinidad, Colorado to Palo Duro canyon. The trip was not without its hardships; they were three days without water for the stock; and they had one fright from what they thought were Indians in the distance, but this Goodnight explained to them was but a patch of beargrass in a mirage.

Goodnight, in describing his second entrance into Palo Duro canyon said, "We crossed the upper Palo Duro, coming more south by east until we were opposite the old Home Ranch. All hands were put to road building, keeping all the outfit within rifle range. We reached the mesa, which overlooked the entire canyon, on the third day. The large park below us held some thousand or fifteen hundred buffaloes grazing at sundown."

Goodnight found that Col. Jot Gunter of San Antonio had put in a blanket survey covering the whole section of country he had planned to use for his ranch. He bought 12,000 acres from Gunter and contracted for 12,000 acres more the next year. The land was surveyed in such a way that over sixty miles of the Palo Duro canyon is on the J. A. Ranch. The first 12,000 acres bought was located in Donley County, with headquarters south of Wahnburn on what is now known as the E. D. Harroll place. The headquarters remained there until 1879, when it was moved to Palo

Duro, the present location.

Mrs. Charles Goodnight, better known as the "Mother of the Panhandle", was the daughter of the Attorney General of Tenn., granddaughter of the hero of the battle of New Orleans, and great-grandmother of the first Governor of Tennessee. Picture if you can, this cultured public-spirited woman as mistress of a solitary cabin in a canyon, her nearest neighbor, Mrs. Bugbee, eighty miles away. The hunters, trappers, and traders sought the homes of Mrs. Goodnight and Mrs. Bugbee as the human oasis on the plains. They were never too tired or busy to give the cowboys a cool drink of milk or water. Mrs. Goodnight often said "except for the Indians I should have been perfectly happy." But the most unique work and that which reflects most vividly the depths and tenderness of her heart was the gathering up of a few little motherless buffalo calves that had been left to starve because their hides were not worth the skinning. She raised them by hand so as to preserve and perpetuate at least one native specie of the plains. Mrs. Goodnight also did more for education for the early Panhandle children than any other woman. The schools and churches she helped build blazed the trail of progress across the plains.

The slow rains that have been falling for the past week have been beneficial to late feed but we should have some dry, sunshiny weather so farmers could pick cotton.

Mr. and Mrs. Odos Riddle and their four children and her brother, Albert Sherrer of Odell, Texas were pleasant visitors in the home of Mr. and Mrs. A. M. Lanham Saturday. They are old time neighbors of the Lanham family while they resided in Wilbarger county fifteen years ago. They have been to Amarillo where they attended the Fair all last week. Their small son, Delbert, 8 years old, carried off high honors when he rode his small pony and roped his calf. He was hauling his pony and calf home in a trailer behind their car.

Mr. and Mrs. Sam Roberts and Mrs. Fred Parker drove to Memphis Saturday and visited her mother, Mrs. Batson and other relatives.

Mr. and Mrs. Roy Morgan and children spent Friday with Mr. and Mrs. R. A. Branine. Roy Roberts returned home Saturday after spending the week in Amarillo attending the Fair.

At a regular meeting of the Rebekah Lodge No. 149 a large membership was present for the occasion of observing and commemorating the 81st anniversary of the Rebekah Lodge I. O. O. F. About 75 members and guests were present. A snappy program of music, readings and other entertainment was enjoyed. We had a very interesting talk from Mr. and Mrs. C. B. Wilkinson who were reared in the W. and O. Home at Corsicana, maintained by the Odd Fellows and Rebekahs of Texas. They were high in their praise for what had been done for them while children who were left orphans. After some very laughable plays all gathered around the long table which was beautifully decorated with flowers in the center. The large anniversary cake, 20 inches square, decorated with the lodge colors, pink and green rose buds with 81 candles in them and the number and name of the Lodge inscribed in pink in the center of the cake. We are all greatly indebted to Mr. Dyer, Baker for Mr. Odos Casaway, for this lovely and delicious cake. All express their thanks to him as he donated the cake cheerfully as a gift to the order and again we thank him and hope for him great success in all the years to come. This was one of the best social entertainments of the season.

vastly improved units for the approaching campaign. Whether they have added strength sufficient to tame the rodeo antics of the wild horses is still a matter of conjecture, however this year's race will no doubt be much closer than in '31.

Wellington will probably place upon the field this season the most improved team in the district and once this writer is picking to give more than a little trouble to the favorites. They will feel the loss of the powerful and all-round fine play of Captain Williams, who has entered Baylor University, keenly but will be a much better balanced eleven this year than last. Probably no team has built for this season with the care and plans as has Coach Smith for the 1932 Sky-rocketers. In J. N. Cook and Arthur Love the Rocketers have two flashy and capable ball tooters to perform behind their fighting forward wall. Eight letter men returned to carry the Gold and Black through the season.

Reports from the enemy camps indicate that other elevens will also boast

making it plain his entry this season will be much stronger than last year. Forty huskies form the squad of the Irishmen and all are fighting mighty hard for a place on the Green and White. The Wheeler County aggregation will be a much heavier team than last season and will possess experience and speed plus a great amount of determination.

And while Memphis alternates between boasting the greatest team ever to grace the name of "Cyclone" and bemoaning the darkest prospects in the history of Memphis football, their new coach, Harold Walker, is driving some 30 would-be Cyclones

through their paces in an effort to round them into shape for the opening contest of the season. It seems that after the Cyclones were handed the district title by Memphis' contribution to the sports staff of the Amarillo Daily News, our good friend Odom, in an early season resume of the Class "B" prospects they were well pleased for a week or two until information began to drift Memphisward that other cities of this locality would in all probability also have a dozen or so men for a football team. Since that time all is from the

SPORT SLANTS

windy Hall County Capital. However, Memphis will probably have a team again this year and perhaps they will even win a game or two. Led by Captain Flannery, one of the sweetest backs in this section of the country, the Cyclones will have plenty of power and their tales of pessimism will hardly catch any team off their guard when meeting Memphis. Leslie, Grimes, Norman and Greene will also handle the ball and score touchdowns for the Cyclones with the line featuring Sanders, Boles, Sitton, Champion, Dickson, Melton, and Evans.

With the schedule favoring the Clarendon team as it most certainly does this year, SPORT SLANTS picks the Maroon and White of the Broncos to again adorn the flag pole when the finish is written in the record books of the coming football season.

Let's everybody be at the opening game Friday when the Broncos launch their drive to their second successive championship against the Quitaque Panthers at College Park beginning at 3:30 o'clock. Prices have been reduced this year and every one will be able to watch the 1932 Broncho model start under its own power and knock off a few touchdowns. But it isn't going to be an easy task to plaster a defeat onto the visitors for Coach Shied has some splendid material which will make the going tough for any team they meet. Graham and Bickford, husky ball toaters caused the Broncos considerable grief last season and they are coming back this year bigger and better than ever with a team supplementing them of far more power than last year. The Broncos will have to fight and fight hard to ring up a win Friday and they are going to need you and me on the sideline backing them to the limit.

The Broncos this year have the possibilities to even surpass the remarkable record turned in last year by the powerful championship unit, and with the co-operation from the local fans the coaches and players have all set their aim at the regional championship. It is a better balanced eleven which carries the Maroon and White this year and the splendid reserve material is much stronger than that which carried the attack last season.

a glimpse, not only at the new Broncho team, but the new uniforms and the new turf playing field. The coaches have decided to hold the flashy Maroon jerseys until later in the season, but will give the Broncos their new white jerseys for the game Friday. This will be something new for the local fans, which no doubt will meet with approval of all concerned. Nothing is quite so neat as solid white jerseys.

The grass is in perfect shape since the rains of the past few days and will provide a wonderful playing surface as well as afford the fans an opportunity to compare the game as played on the grass with it played on the sand as in former years.

Plenty of new things to be seen including the new rules of the game. Be there.

Looks like all the S. W. Conference teams are afraid of showing their power this year. Only Texas lived up to the expectations by scoring four touchdowns against Daniel Baker, while S. M. U., A. & M., Rice, Arkansas and T. C. U. made their backers rather embarrassed by the brand of football turned in Saturday.

The Hollis, Oklahoma, game has been changed and will be played at Hollis on the 14th as a night game. A good crowd will likely follow the Broncos when they invade the Sooner State for the game under the stars. Hollis has its most powerful team in years, so they say.

We have a surprise to announce this week to all the football and movie fans of Clarendon and Donley County. We asked Manager Mulkey of the Pastime Theatre why he didn't bring a good football picture pretty soon, well sir he had been offered the greatest of all football pictures, "The Spirit of Notre Dame" a few days before. We got into a huddle and decided the logical date for the picture should be October 21, the date of the Shamrock-Clarendon High School football game. A letter was written to the film company and the answer was received a day or two ago okaying the dates as October 21-22.

Without a doubt this is the finest and most realistic picture ever filmed. It is realistic in that it is a tribute to the memory of Kunte Rockne, that greatest of all football coaches. The entire Notre Dame squad is used in the picture and it is football from the beginning to end with all the thrills and paths which

make up a great game and the life of one of the nations most beloved sportsmen. See such stars of the gridiron as Marchy Schwartz, Marty Brill, Moon Mullins, Frank Carrideo, Joe Savoldi and numerous others, each doing his bit to the memory of their great leader.

Make your plans now to attend the Pastime Theatre on Sept. 21 and 22 and enjoy a thrill of a lifetime, following the Irishman-Broncho game in the afternoon.

Childress has just installed the most powerful floodlight system for their nocturnal football games in the southwest. They open the season Friday night against Chillicothe. The Bobcats have a fine team this year and great crowds are expected for their home games. Who wants to take me to the Bobcat city Friday night? I have the tickets to the game.

LEGION AUXILIARY WILL HAVE 42 BENEFIT OCT. 7

The News has been requested to announce that on Friday evening, October 7th, at the Ladies Club Rooms in the City Hall building the members of the American Legion Auxiliary will entertain with a "42" benefit. Everybody is cordially invited and urged to make their plans to attend and enjoy an evening of fun and entertainment which will begin at 8 o'clock. Admission will be 25 cents per person.

FORMER CLARENDON MERCHANT BURIED AT VERNON

VERNON, Texas, Sept. 21.—Funeral services for D. M. Ferebee, prominent Wilbarger county pioneer, who died on his 71st birthday Monday night after suffering a heart attack a few hours earlier in the evening, were held from his residence here Tuesday afternoon. Mr. Ferebee, a prominent farmer of this county, moved here in 1881 from North Carolina. IN SOCIETY

Friendship Club

Ten members and two guests of the Friendship Club gathered in the hospitable home of Mrs. J. W. Rowland on Tuesday for an afternoon of pleasure, with needle work and conversation.

The meeting was opened with the Lord's Prayer, after which Mrs. Rowland read the 13th Chapter of First Corinthians.

The hostess was assisted in serving a delicious salad course by Mrs. Carl Tyree to the following: Mesdames C. R. Skinner, H. Tyree, G. J. Teel, L. Ballew, J. E. Mongole, Eva Womack, M. E. Thornton, and J. H. Allison, club members; and Mesdames Carl Tyree and Elmer Hayes, guests.

Mrs. Sims Hostess to 1922 Bridge Club

An affair which added much to the week's social calendar was given Tuesday afternoon when Mrs. John Sims, Sr., delightfully entertained members of the 1922 Bridge Club at her home.

After the distribution of attractive tallies, playing began. At the close of which Mrs. Odos Caraway was declared winner of high score and Mrs. A. R. Letts was fortunate in the cut for consolation. The guests were then invited into the dining room where a lovely scheme of yellow was developed in the table decorations. A bowl filled with dahlias centered the table, which was covered with a handsome Maderia cloth. Yellow candles furthered the color scheme as well as the two course afternoon luncheon.

In attendance were Mrs. W. H. Martin, Mrs. L. S. Bagby, Mrs. James Trent, Mrs. W. H. Cooke, Mrs. J. B. McClelland, Mrs. Charles Bugbee, Mrs. Sella Gentry, Mrs. T. H. Ellis, Mrs. Odos Caraway, Mrs. A. R. Letts, Mrs. E. A. Chamberlain, and Mrs. Homer Glascoe.

B. & P. W. Are Guests Tuesday

The Business and Professional Women were guests of Miss Carrie Davis and Mrs. McMurtry in the home of Mrs. Nora McMurtry Tuesday evening.

Games of bridge and forty-two were enjoyed by Gwendolyn Couch, Carrie Davis, Mantie Graves, Ruth Darnell, Mildred Martin, Irene Mitchell, Beth Little, Nora McMurtry, Fannie Perry, Opal Pyle, Norma Rhodes, Hattie Smith, Ruth Test, Winnie Weatherly, Rhoda Wiedman, Helen Wiedman, Julia Wiedman, and Elizabeth Holloway.

In the games of bridge, Mrs. McMurtry played high for club members and Mrs. Rhodes for guests. Each received a lovely gift.

A delicious two-course afternoon luncheon was enjoyed by Mesdames J. F. Blocker, R. L. Bigger, F. E. Chamberlain, A. R. Letts, J. L. McMurtry, C. B. McCanne, W. H. Patrick, George Ryan, and C. G. Stricklin, club members; and Mesdames Eva Rhodes and W. H. Martin, guests.

Burton-Stocking

Ruth Evangeline Stocking of Nyack, New York and Joe Burton of Pittsburg, Pennsylvania were united in marriage in the latter city Thursday afternoon, Sept. 22, at three-thirty o'clock in a suburban Methodist church, the resident pastor reading the ceremony.

The bride enjoys a wide acquaintanceship throughout the Panhandle Plains country having been reared in this city and is the daughter of the late Dr. J. D. Stocking of pioneer days, and Mrs. Sarah M. Stocking. After finishing the local schools she attended the State University at Austin, Texas.

When deciding to study medicine she entered the medical branch of the University of Chicago; upon graduation did her interne work in the Billings Memorial Hospital of the same city, and has since been house physician in the Christian Herald's Children Home at Nyack on the Hudson.

The groom is also from Clarendon, the son of the late Mr. and Mrs. C. A. Burton and is a graduate of the old Clarendon College and later studied in New York City. At present he is supervising Engineer for the Commercial and Metropolitan Casualty Insurance Company of Newark, New Jersey. As the guests arrived they were greeted by soft violin music played by Mrs. G. L. Boykin, accompanied by Mrs. Allan Bryan. Garden flowers of every variety adorned the room while gorgeous pink roses formed a beautiful centerpiece for each table. All of the incoming officers were seated at one table. The colors of the club, pink and green, were artistically carried out in the dainty nut cups and place cards.

The Roll Call was cleverly answered by the members telling of their experiences with one of the following incidents; childhood ambitions, most embarrassing moment, and first date. This brought many laughs and was thoroughly enjoyed by all present.

Story Telling Club to Be Formed in Community

The National Junior Shakespeare Story Telling Club, through the assistance of Mrs. Rita Foster Stocking, will shortly form a bunch or association here.

The Club is educational in purpose and is designed to acquaint every grade school child with the works of the famous board and in such a way that it will appear like play to them. At the same time, it prepares them for high school English students, while those who are not fortunate enough to advance beyond the grades will have a working knowledge of the classics.

The plans consist of story hours for the children when groups will meet and tell Shakespeare stories in a simplified form.

Prizes will be offered at various stages of the competition and diplomas will be awarded each child who has finished the prescribed course.

The grand finale will be a Shakespearean evening or pageant or Shakespearean program having the children portray the Shakespearean characters.

The National Association now reaches into practically every State and has been immediately successful. Aside from the fact that members of the club are improving their education and mastery of English, there is a social feature. Parents and teachers have endorsed the plan with enthusiasm.

The Roll Call was cleverly answered by the members telling of their experiences with one of the following incidents; childhood ambitions, most embarrassing moment, and first date. This brought many laughs and was thoroughly enjoyed by all present.

In the business meeting the retiring and incoming presidents gave splendid talks. Miss Marie Thornton and Mrs. G. L. Boykin were elected to active membership while Mrs. W. C. Stewart and Miss Lottie Lane have become associate members.

The officers of the Pathfinder Club for the coming year are: Mrs. U. J. Boston, President; Mrs. J. R. Porter, Vice-President; Mrs. Tom Goldston, Recording Secretary; Mrs. Fred Rathjen, Corresponding Secretary; Mrs. Floyd Keener, Treasurer; Mrs. W. C. Stewart, Parliamentarian; Mrs. Sella Gentry, Historian; and Mrs. J. W. Evans, Federation Councilor.

SPORT SLANTS

windy Hall County Capital. However, Memphis will probably have a team again this year and perhaps they will even win a game or two. Led by Captain Flannery, one of the sweetest backs in this section of the country, the Cyclones will have plenty of power and their tales of pessimism will hardly catch any team off their guard when meeting Memphis. Leslie, Grimes, Norman and Greene will also handle the ball and score touchdowns for the Cyclones with the line featuring Sanders, Boles, Sitton, Champion, Dickson, Melton, and Evans.

With the schedule favoring the Clarendon team as it most certainly does this year, **SPORT SLANTS** picks the Maroon and White of the Bronchos to again adorn the flag pole when the flnis is written in the record books of the coming football season.

Let's everybody be at the opening game Friday when the Bronchos launch their drive to their second successive championship against the Quitaque Panthers at College Park beginning at 3:30 o'clock. Prices have been reduced this year and every one will be able to watch the 1932 Broncho model start under its own power and knock off a few touchdowns. But it isn't going to be an easy task to plaster a defeat onto the visitors for Coach Shied has some splendid material which will make the going tough for any team they meet. Graham and Bickford, husky ball toters caused the Bronchos considerable grief last season and they are coming back this year bigger and better than ever with a team supplementing them of far more power than last year. The Bronchos will have to fight and fight hard to ring up a win Friday and they are going to need you and me on the sideline backing them to the limit.

The Bronchos this year have the possibilities to even surpass the remarkable record turned in last year by the powerful championship unit, and with the co-operation from the local fans the coaches and players have all set their aim at the regional championship. It is a better balanced eleven which carries the Maroon and White this year and the splendid reserve material is much stronger than that which carried the attack last season.

Here is the opportunity to get

a glimpse, not only at the new Broncho team, but the new uniforms and the new turf playing field. The coaches have decided to hold the flashy Maroon jerseys until later in the season, but will give the Bronchos their new white jerseys for the game Friday. This will be something new for the local fans, which no doubt will meet with approval of all concerned. Nothing is quite so neat as solid white jerseys.

The grass is in perfect shape since the rains of the past few days and will provide a wonderful playing surface as well as afford the fans an opportunity to compare the game as played on the grass with it played on the sand as in former years.

Plenty of new things to be seen including the new rules of the game. Be there.

Looks like all the S. W. Conference teams are afraid of showing their power this year. Only Texas lived up to the expectations by scoring four touchdowns against Daniel Baker, while S. M. U., A. & M., Rice, Arkansas and T. C. U. made their backers rather embarrassed by the brand of football turned in Saturday.

The Hollis, Oklahoma, game has been changed and will be played at Hollis on the 14th as a night game. A good crowd will likely follow the Bronchos when they invade the Sooner State for the game under the stars. Hollis has its most powerful team in years, so they say.

We have a surprise to announce this week to all the football and movie fans of Clarendon and Donley County. We asked Manager Mulkey of the Pastime Theatre why he didn't bring a good football picture pretty soon, well sir he had been offered the greatest of all football pictures, "The Spirit of Notre Dame" a few days before. We got into a huddle and decided the logical date for the picture should be October 21, the date of the Shamrock-Clarendon High School football game. A letter was written to the film company and the answer was received a day or two ago okaying the dates as October 21-22.

Without a doubt this is the finest and most realistic picture ever filmed. It is realistic in that it is a tribute to the memory of Kuntze Rockne, that greatest of all football coaches. The entire Notre Dame squad is used in the picture and it is football from the beginning to end with all the thrills and pathos which

make up a great game and the life of one of the nations most beloved sportsmen. See such stars of the gridiron as Marchy Schwartz, Marty Brill, Moon Mullins, Frank Carrideo, Joe Savoldi and numerous others, each doing his bit to the memory of their great leader.

Make your plans now to attend the Pastime Theatre on Sept. 21 and 22 and enjoy a thrill of a lifetime, following the Irishman-Broncho game in the afternoon.

Childress has just installed the most powerful floodlight system for their nocturnal football games in the southwest. They open the season Friday night against Chillicothe. The Bobcats have a fine team this year and great crowds are expected for their home games. Who wants to take me to the Bobcat city Friday night? I have the tickets to the game.

LEGION AUXILIARY WILL HAVE 42 BENEFIT OCT. 7

The News has been requested to announce that on Friday evening, October 7th, at the Ladies Club Rooms in the City Hall building the members of the American Legion Auxiliary will entertain with a "42" benefit. Everybody is cordially invited and urged to make their plans to attend and enjoy an evening of fun and entertainment which will begin at 8 o'clock. Admission will be 25 cents per person.

FORMER CLARENDON MERCHANT BURIED AT VERNON

VERNON, Texas, Sept. 21.—Funeral services for D. M. Ferebee, prominent Wilbarger county pioneer, who died on his 71st birthday Monday night after suffering a heart attack a few hours earlier in the evening, were held from his residence here Tuesday afternoon. Seniors Juniors Lead Chapel Exercises Here

The tenth and eleventh grade classes gave the chapel program last Friday.

They worked on it only a week but it was very good. Everyone present enjoyed it. The final number was a song sung by the school and led by Mr. Weatherly. Then Amos McWeathy gave a humorous reading, "Boys Clothing", much enjoyed by the boys.

"Goodnight Sweetheart," was sung by Marie Underwood, Marie Butler, Gaynell Humbert, William Hardin and Edward Morton, accompanied by Miss Hill.

The last number was a play given by both classes, "A Sisterly Scheme." Marie Underwood took the leading part as a younger sister of Pauline Belton, who was Lorene Howard.

Gaynell Humbert took the part of Mrs. Shelby, a gossip, Cynthia Mae Eller was very prim as Mrs. Readington, the chaperone of Pauline and Flossy, the younger sister.

Phillips Patten was the friend of Pauline.

William Hardin, as a friend of Flossy, played the part of Mr. Morphets.

Lorene Howard gave a piano solo between acts.

This program would have been interesting and even entertaining to any one. Come and see that next one, it will be given by the ninth grade.

CHARACTER VERSUS GOLD

The Reverend T. W. Preston, a Methodist Evangelist who lectures to school children, gave a very interesting and helpful talk here last week. The following is a summary of his talk written by one of the pupils here.

There are many people who do not realize or at least do not give it a thought, that life is the most wonderful of all things. Without life there would be no living thing on the world. The most wonderful thing in life is character. All young people must have a good character or they will never be successful.

If most young men went to their fathers and asked them how they could succeed in life, this is the answer they would probably receive: "You are well born and strong, you have an education and if you make a living and put away something for a rainy day, you will be successful." There are not the most important things of life. Truth, virtue, and responsibility are far more important than power, knowledge and gold.

Power will not last always, and you will later fall if you are depending on it. It failed the Roman Empire, which was one of the most powerful that has ever existed.

Knowledge failed the Greeks and gold failed all the nations that depended on it, to carry them through. Truth, always wins at the last. It may seem that the truth is harder to bear than a lie, but a lie helps ruin yourself, respect and kills your character. The truth helps you later and leaves your character as pure as it was before.

Virtue comes next to truth in forming a character. Nothing can be much worse than a person who has lost virtue. It is one of the most precious things of a young life and if lost can never be regained. It is much easier to keep one's virtue than to spend the rest of your life grieving over the loss.

Responsibility is another thing that is very important. It is up to the young people to take on

FRIEND BOOK

Who can estimate the value of a book. It is as easy to tell the value of a class, friend or relative as the value of a good book.

Without books we would have an inferior government, education, character, religion, civilization. To discard books would be to discard all the accumulation of the ages gone before. Considering all this we should make an effort to treat them according to their value. Instead of marking and drawing in them, we should put a cover on them and wash our hands before handling them.

Especially should we be careful with borrowed or rented books. We should make it our duty to be sure that these books are returned in as good condition as they were borrowed in. If we should happen to mar the contents of a book, we should be sure to make good the loan with a new book. Never keep a borrowed book longer than necessary.

All of the magazines which we receive should be filed away for possible future use. A person would soon have a very valuable library if he would take as good care of his books and papers as he should.

Not only should we take care of the appearance of a book, but we should also make it a point to consume all the parts of knowledge the book contains and store it away in our minds for future use. We should read only good books, because there are some books which are harmful to the mind, especially to the young and growing mind.

If we treat our books thus, they will indeed be our friends, helping and cheering us as we go on our way.

Mr. Thomasson's nephew, William Thomasson, spent the week end with him.

Miss Dona Mae Kien spent the week end in Wellington.

Miss Beatrice Hardin visited Miss Virginia Williams Saturday night.

the responsibility of the future of the world. If they live pure, clean, lives and bring their children up in the same way, they are taking the responsibility of the earth and bearing it nobly.

BASKET BALL REPORT

We have started in to playing ball with an attitude that we are going to beat every team this year possible.

We feel that we have girls that will make the best of ball players if they have the right kind of practice.

Our pep squad has agreed to do better this year as it will help us to win the games—so watch out ball teams. We're going to beat you.

QUIEN ES

The club met Friday, Sept. 23. The minutes of last meeting were read then the program was rendered as follows:

Why we study Spanish—Cynthia Mae Ellis.

Spanish Customs — Gaynell Humbert.

The members learned the song, "Adonde! Adonde!"

The motion was put before the house that we vote on a name and motto for our club. The motion carried and we selected as our name "Quien Es" and our motto, "Labrodores pero no Gandules."

The motion was made and carried that we adjourn until our next meeting, Oct. 7.

GET PEPPY WITH THE BUNCH

Pep is the watchword in our school these days. We are taking an inventory of our peppy pupils and find there are several who have plenty. Miss Hill has some ability along that line, so we have given her a place as faculty sponsor of the pep squad. Our leaders are James Reynolds and Anna Belle Creamer and they are "some" leaders too. Of course D. W. Tomlinson and Marie Underwood are two very able assistants.

BETTER ENGLISH CLUB

On Thursday, Sept. 8, the sixth grade organized a Better English Club. The following were elected as officers: President, H. R. King; Vice-President, Christine Knox; Secretary, Madlene Cruse; Counselor, Miss Garland. We decided to meet every two weeks at the regular class period. A committee is appointed by the president each meeting to make a Good English poster. This is put up in the room.

Since the last meeting we are having a contest. The side that notices the most mistakes made and can correct them wins.

MAGAZINES DONATED

Our school this week received a file of "Literary Digest" magazines from December 1930 to Aug 1932. These were donated by Miss Lottie Lane and are much appreciated. If there are others

Politics Invade English Three Course

Should some of our county officers wish points in speech-making, they might apply to the English III Club.

In looking for snappy material, we found that Gerald Whately and Phillip Patten were good contestants for the election to the office of sheriff.

Rally speeches were made for Ma Ferguson by Gaynell Humbert and for Sterling by Ruth Davis.

Edward Morton gave a history of the much debated highway question. This was followed by arguments pro and con on "The Appeal of the Eighteenth Amendment" by Lorene Howard and Edward Morton. Both sides of the issue of County Superintendent were presented by Cynthia Mae Eller and Marie Underwood.

Some of us didn't believe what we were arguing but did our best.

The Texas Centennial Means The 100th Birthday of Texas

Sam Houston was inaugurated as the first President of the Republic of Texas on October 22, 1836. As a symbol of his assumption of civil duty, he presented his sword to the Speaker of the House.

Celebrated in Honor of the Immortal Heroes of Texas' Early History

"It now, sir, becomes my duty to make presentation of this sword . . . this emblem of my past office," said Houston at his inauguration. "I have worn it with some humble pretensions in defense of my country—and should the danger of my country again call for my services, I expect to resume it, and respond to that call, if needful, with my blood and with my life."

In this dramatic manner constitutional government began in Texas nearly a century ago. The centennial of that event, and of other events which marked the birth of Texan independence, will come in 1936. We should observe it with a Centennial Celebration worthy of Texas and the heroes who won and established Texan independence.

Such a Centennial Exposition can rival the foremost of such events ever held. Literally millions of people will throng the borders of Texas. They will not only see the glories of our illustrious past—but the golden opportunities of the present. Happily, such an Exposition will return revenue to the State far in excess of its cost . . . and individual Texans will see direct economic benefit.

WELCOME THE PANTHERS

(By Jo Ella Stewart)

The real fun starts Friday! The Bronchos meet the Quitaque Panthers in the first game of the season. They are real sports, too, those Bronchos, and they know how to treat a visiting team. Of course, the Bronchos usually double the score on the Panthers, but they treat their opponents fairly and squarely.

But, Student Body, do we know how to treat a visiting team? Perhaps we do, but we forget occasionally. What do you think, as a whole school, of giving those Quitaque players a real welcome? Let's get acquainted with them and show them around. If we like their Pep suits, let's tell them we do and, by all means, cheer their stunt. Another thing we want to remember, if we are side line rooters, is to yell only for the Bronchos. Let's not yell against the Panthers.

We should be feeling pretty well pleased over the season's prospects, anyhow, shouldn't we. With the "rock pile" planted in grass and with a good team. So let's do our part toward putting the Bronchos on the map by winning the reputation of being a school that heartily welcomes its visitors.

ORCHESTRA AND CHORUS FOR M. E. YOUNG PEOPLE

Under the leadership of Mrs. G. L. Boykin and Mrs. John M. Bass a young people's orchestra and chorus has been organized at the Methodist Church and are appearing at the Sunday evening service each week. It is the plan of the promoters to have a twenty-piece orchestra and a chorus of fifty voices before many weeks and the regular Tuesday evening rehearsals are attracting much interest.

Last Sunday evening with only one rehearsal of the Monday night before there were around forty young people in the orchestra and chorus and their work was of very inspiring character, and bid fair to add much to the Sunday evening service, as it affords musical training for the young people of the church. Rev. E. B. Bowen, the pastor, is much pleased with this new innovation and is joining the leaders in appeals for more young people to join in with the movement.

Jacob Van Wingen who has begun his twenty-fourth year in the office of city clerk of Grand Rapids, Mich., uses the same wooden pen holder with which he began his municipal career.

Palo Duro Literary Society

The Palo Duro Literary Society met Wednesday, Sept. 21 for its first program. After the roll was called and the minutes of the former meeting were read, this program was presented.

Reading, Lu McClellan, Jr. Vocal Duet, Jean Bouland and Bill Word.

Origin and History of the Palo Duro Society, Miss Headrick. Critic's Report, Henry Wilder.

The Palo Durians wish to extend a further welcome to any college student who would like to visit or join the society.

Exes Are Scattered Widely This Year

A recent survey of the activities of former students of Clarendon High School and Clarendon Junior College shows that they are meeting with unrivaled success in their chosen fields. A partial list of the group in its activities and accomplishments follows:

Joe Bourland has been appointed Battalion Commander of the United States Naval Academy at Annapolis, Maryland, the highest student honor that is conferred by that particular institution. He is also manager of the yearbook.

Wyfa Lee Alexander is attending the University of Tennessee Junior College of Martin, Tenn.

Phifer Estlack, Benton Smith, Joe Noble and Ancel Barton are students in the University of Texas at Austin.

Sam Cauten left Monday for Galveston where he will enter medical college.

Jonnie D. Latson is attending Baylor Medical College at Dallas.

Eunice Johnson is attending Simmons University at Abilene until the Windy Valley school, where she is teaching, opens next term.

Elgin Patrick has enrolled in S. M. U. at Dallas for the coming year.

Helen Baley and Elbert Bowen are teaching at Ashtola.

Tony Watson is attending business college at Dallas.

Pep Squad Announces First Football Rally At Auditorium This Evening

There will be a Pep Rally Thursday night for the first time this season. A large crowd is expected because there are quite a number of new girls in the Pep Squad who are very anxious to know the songs and yells.

Jumper suits will be used this year for the girls' uniforms. The skirt will be maroon in color while the blouse will be of white. To carry out the school colors further, maroon tams will be worn.

Much time will be spent by the squad this week in practicing a stunt for Friday's game with Quitaque.

CLARENDON COLLEGE COMMERCIAL DEPARTMENT

The commercial department of Clarendon Junior College and High School is very popular with the students this year. The enrollment has doubled over that of last year. Typewriting and shorthand are especially popular, having the largest enrollment in the history of the school.

Most of the students are taking an interest in their work and are progressing nicely.

The mimeograph and typewriting department of Clarendon Junior College is well equipped this year and is ready to do all kinds of mimeograph and typewriting work. We have a wide carriage typewriter that will enable us to type and cut stencils for all kinds and sizes of forms. We make no charges for our work. We charge only for the materials we use.

We are glad to do your typewriting and mimeograph work without charge, in order to give the students practical work that they can get in no other way.

Bobby were Chicago instead of Boston.

Eloise were Smooth instead of Hill.

An interesting item concerning world trade is this: Japan sent 16 million yards of rayon goods to India in 1929, 33 million in 1930, and 72 million in 1931. Perhaps if we would devote more energy to finding foreign markets, and less to convincing ourselves that this is impossible, we might fare better.

BRONCOS TO MEET QUITAQUE

The Clarendon Broncos will meet the Quitaque Panthers here Friday in the opening game of the season. Coaches Stocking and Hutton have been putting the squad through rigid training for the past few weeks in preparation for the coming tilt which promises to be a tough battle.

In the Panthers the Broncos meet a worthy opponent, and there will be ample opportunity for each team to show its metal. This will be the first game on the sod of College Park, for which the team has labored faithfully.

The line-up will be chosen from: Martin, Watson, Jackson, Easterling, Ends, Greene, Cooke, O'Neal, Tackles; Mann, Jackson, Clemons, Haile, Garmon, Guards; Waters, McMahan, Centers; Andis, Whitlock, McCrary, Hudson, Boles, P. Greene, E. Watson, Davis, Backs.

Fans, let us get out and show the boys that we are behind them good and strong. Much depends on this first game, and in order for the team to do its best it must have your support. Do we want another championship team? You tell 'em! Come on out and watch the new and old stars strut their stuff. Yea, Broncos! Fight 'em; we're for you!

JUNIOR CLASS REPORT

The Junior Class, after selecting La Verne Lott, Billie Walker, and Dorothy Powell to act as an entertainment committee, decided on a system of getting money in the treasury. The members of the class decided to have each person pay five cents each month. This will keep money in the treasury for an entertainment of any kind.

Sometime in the near future the Juniors are to have a picnic for their class. It is to be observed that while the third year class plan to have a good time socially they are also interested in doing their school work well. Most of them are studying very hard to make such grades as are desired by the teachers of the school.

Alpha Delta Psi Literary Society

Sand, wind nor fairs can keep the Alpha Delta Psi Literary society down. These things, however, did keep a large number of the talented members from society last Wednesday night. As someone has said, however, "The show must go on". This Society did even better. Despite the fair, two new members were gained.

The musical numbers on Sept. 21 were furnished by a portable phonograph, thanks to Miss Barbara Smith, who, thought she takes her inspiring presence to the bright lights, leaves some musical strains behind.

Pauline Slover gave a review of Thomas Hardy's "Return of The Native," so that some have decided that it may be an interesting novel instead of "just a book on our reading list."

Helen Lawler, in her own pleasing way, told some very amusing incidents beginning with the idea, "If you can't laugh at the jokes of this age, you can at least laugh at the age of these jokes."

Every one is welcome each Wednesday night at the Alpha Delta Psi society meetings. Join the members next Wednesday at 7:30.

CHANGE IN SCHEDULE

Tuesday morning students were informed of a change in the schedule. There are now three bells in the morning. The warning bell rings at 8:15; the tardy bell at 8:16. Classes take up at 8:20. The noon hour begins at 12:05. Students are urged to be back by 1:02 when the warning bell rings, however, they are not late until 1:05. Classes begin at 1:10. This change makes the periods only 55 minutes long. The students are heartily in favor of the new schedule as they get out at 3:00 instead of 3:20 as in the past.

Panhandle Banker, is retiring President of the organization.

Matthew "Bones" Hooks pays tribute to Miss Katherine Patrick, "Sweetheart of the Old Settlers Association."

She is not only the Sweetheart of the Association but she is one of the lone white flowers of this Panhandle Country of which 45 years ago was a desert but today is one of the white spots of the Nation. As her grandparents, Col. Bugbee and wife were one of the first settlers and pioneers in this country to help lay the foundation of civilization which we now enjoy on the plains; as her father and mother were true pioneers, she was born and reared in one of the first towns in this Panhandle country, Clarendon, Texas. For there is no country like this Panhandle country for its own empire within itself. I have seen the sons and daughters of these old pioneer men and women become Lawyers, Doctors, Bankers, etc., and enter every walk of life and profession from this, the Panhandle country.

What a wonderful thought by one of the Pioneer women, Miss Laura V. Hanner, who suggested that Miss Katherine be named the "Sweetheart of the Association", who now will play her part in carrying on the work started by the old pioneer men and women whose efforts were tireless and their courage undaunted.

And at this time it is one of the greatest pleasures of my life to pay this tribute to Miss Katherine Patrick, Sweetheart of the Old Settlers Association, and the lone white flower of the Plains.—Matthew (Bones) Hooks, N. B. I have sent in the past 38 years, 79 of these white flowers, the "Guerdon of Honor" in memory of the pioneer men and women who have already played their part in the building of this Empire of ours here on the Plains.

LUCILLE HARRISON DIES SUDDENLY SUNDAY MORNING

Lucille Harrison, nine year old daughter of Mr. and Mrs. H. A. Harrison of the Chamberlain Community, died suddenly Sunday morning following an attack of acute indigestion which was first noticed Saturday night when the child first complained of feeling badly. She was thought to have been improved Sunday morning, but died suddenly just after taking a dose of medicine.

She was born July 29, 1923, at Bellville, Ill.

Funeral service were held at the First Baptist Church Monday morning at 10 o'clock with the Rev. B. N. Shepherd in charge. She is survived by her parents, three sisters, two brothers, her grandparents, Mr. and Mrs. R. W. Fowlkes, and two aunts, Mrs. R. O. Johnson and Mrs. Lela Lawrence of St. Louis.

Death robbed the little girl of a promotion in her Sunday School, as she was to have been advanced a few hours following her untimely passing.

A host of friends of the deceased attended the church in tribute to the little life which had been taken Home by the Almighty Father. Beautiful flowers were sent the bereaved family.

the opening whistle to spend some of their pent up energy. A number of intricate plays have been worked out for the entertainment of the fans and incidentally make a few yards against the opposition. Spinners, single and double wingbacks, laterals, plunges, end runs and passes will make up the varied repertoire of the Maroon and White offensive attack while the defense will feature a powerful and fighting line with a capable backfield specializing in hard tackles.

The Broncho backfield will feature speed and deception to a degree never before seen on the College Park. Captain Andis will take care of the kicking department which insures long lazy spirals into the enemy territory. Watson, Whitlock and Boles will have charge of the line plunging portion of the game while Hudson, Davis, Word, McCrary and Andis will carry the mail through the open field. O. C. Watson, Easterling, Martin, and Jackson will take care of the wing position and snare a few passes while Haile, McMahan, Cooke, Greene, Gorman, O'Neal, Watters, Mann, Clemmons, Johnson and Tidwell will stop the visitors threats.

For the benefit of the fans The News is pleased to publish the sweater numerals by which the Broncho players may be recognized in Friday's opening battle.

JUDGE ASKS EDITOR TO EXPLAIN

Now comes Judge J. J. Alexander demanding that the Editor of The News explain, how come and wherefore.

In a recent issue of The News in which this editor returned thanks for some fine grapes received at the hands of Judge Alexander, the editor said there had never been much between him and the said Judge—except a hundred foot right-of-way.

Judge Alexander demands that the editor explain. The Judge wants to know whether that hundred foot right-of-way has been standing between us end-ways or sideways. That's a fair question—the right-of-way in question is thirty-six miles long by a hundred feet wide, and the way it separated would make a difference.

Well, Judge, since last Monday at twelve-twenty-five o'clock, that right-of-way switched from endways to sideways, and now since it is going to be paved, we can get over or across it fine and no bogging down. Fact is, we are going right down the big middle of it together. We got the grapes and are satisfied.

HARRY PIERCY TAKES OWN LIFE HERE SATURDAY

A tragedy marked the passing of another of the old-timers of the County and the Panhandle when Harry Piercy took his own life at his home at the J. A. Ranch last Saturday afternoon when he drank a quantity of poison. It was believed that poor health was the cause of his violent end, as he returned a short time ago very little improved from a trip to a central Texas health resort.

Mr. Piercy was one of the most loved and best known ranchmen in this section of the Panhandle and has been employed by the J. A. Ranch for the past 32 years. He was born August 25, 1881.
