All-County Sterling-For-Governor Rally Here Saturday Afternoon

BOB UNDERWOOD TO SPEAK HERE

STERLING RALLY HERE SATURDAY AT 3 P. M. AMARILLO MEN SPEAKERS

Saturday will be Sterling Rally Day in Clarendon and Donley County, and the event of the day will be addresses by Hon. R. E. Underwood and Gene Howe, (Col. Erasmus Tack) of Amarillo.

The speaking will be held at three o'clock in the street between the Rexall Drug Store and the First National Bank. A large crowd of Donley County citizens interested in the issue of the governor's race will be present to hear the Sterling side of the question ably presented by one of the foremost lawyers of the Panhandle, Hon. Bob Underwood, and that lovable humorist, "Old Tack", whom everybody knows and appreciates.

Donley County gave Ross Sterling a splendid majority two years ago and it is the hope of Sterling leaders to increase that majority in the election of August 27th.

As the campaign draws near to a close there is increased interest in the issues drawn so sharply now, and it is the purpose of the Sterling campaign leaders in the Panhandle to bring their side of the controversy to the people in a positive fashion with proofs back of every statement made in favor of the Governor's record in office.

Everybody is invited to come to Clarendon Saturday and see "Old Tack" in person, hear him, and listen to the formal address of Bob Underwood. It promises to be worth all the time and effort it involved.

CHRISTIAN MEETING BEGINS TODAY

HUGE CROWDS ARE EXPECTED TO FILL TENT TABERNACLE EACH EVENING

The Vawter evangelistic party who will begin a revival meeting for the First Christian Church this week, is known as "the most musical evangelists in America." They carry a large and elaborate musical equipment of instruments that are unique in the evangelistic field. The entire party are musicians and they will be heard in special numbers every night during the meeting. The Notre Dame Chimes which they feature, is the only set of chimes used in the evangelistic work in the world. There is but one other set, and at this present time it is being used by the Chaney Concert Company of Atlanta, Gr. This instrument stands nine feet high and nine feet long. It consists of two floor racks and has 142 tubular bells. The tone is unlike any other instrument. Another instrument used by the party is the rosewood marimba. This beautiful instrument has a soft, appealing tone quality that is very pleasing. These instruments will be used for solos, duets and trios and in combination with piano and other singing.

Dr. C. R. L. Vawter, has been in the evangelistic field for about twenty-seven years. He has held meetings all over the United States, Canada, Australia, New Zealand, Scotland and England. He is one of the best known and most highly successful

BILLIE LOWE UNDERGOES OPERATION WEDNESDAY

While visiting in Erath County with his mother, Billie Lowe suffered an attack of illness which caused their immediate return here Tuesday. Physicians decided that the young fellow had an attack of appendicitis and an operation was performed Wednesday afternoon at the Adair Hospital, which seems to have been successful in every particular. The friends of Mr. and Mrs. Lowe and Master Billie, will wish him an early and complete recovery.

HENRY ANSLEY IS KILLED IN CRASH

POPULAR AUTHOR DIES SERVING HIS PEOPLE OF WEST TEXAS

Where last week this writer was humorously tracing the rise to fame of Henry Ansley, possibly the most loved son of the Panhandle and West Texas, we take up our pen today and feebly make an effort to compose empty words into a worthy tribute to the memory of "Old Henry", who was snatched from the threshold of national prominence and fortune last Saturday morning when he succumbed to injuries received in an auto crash near Tulla a few hours before. "Old Henry", as he was affectionately known to his thousands of friends throughout West Texas, loved the plains country and the plains people, and it was this love and esteem for his country, state and his citizens which claimed his life. He died serving his friends and year even his great and beloved state. The ill fated trip terminated as he was returning to his home in Amarillo after delivering stirring addresses in behalf of Governor Ross S. Sterling, candidate for re-nomination to the governorship of the State of Texas, at Lelia Lake, Hedley and Turkey.

Mr. Ansley, 35, staff writer for

HENRY ANSLEY

the Amarillo News-Globe was traveling with Roy Collum, Amarillo automobile dealer. The automobile plunged into a ditch, overturning several times, at a one-way bridge when Collum was blinded by the light of an oncoming truck. The driver was slightly injured, but Ansley suffered a crushed chest when the right door was pulled from the car on the bridge rail and he was thrown clear of the wreckage. He was rational only a short time after the crash, losing consciousness before arriving at an Amarillo hospital.

The shock of the awful news stunned the citizens of Clarendon and the entire country as Henry was exceptionally well known to Clarendon citizens, and as traced in last week's issue of The News it was here that he first delivered his sensational ad-

Local Schools To Open September 5th

An announcement which will ally the various rumors which have been making the rounds within the past few weeks which have led a number of citizens to believe conditions are such that the Clarendon Public Schools will not open its doors this fall was released the fore part of the week by school authorities to the effect that all classes will begin Monday, September 5th. No change will be experienced in the regular routine of the schools from the past years, and all students are requested to be ready to matriculate in their respective classes on the above date. County Institute for teachers will be held in Clarendon on Thursday and Friday, September 1 and 2. A splendid program is being worked out and the teachers of Donley County will be assured of a most constructive two day institute.

All rural schools of the county will be opened as usual, and already a goodly number of these have begun work, starting early so the temporary vacation during the cotton picking season will not lose too much time. Filling stations report that a number of local trucks that have been idle for months are securing loadings again, as one of the first indications here of returning business activity.

dress, "I Like The Depression", which has been flashed from ocean to ocean and just lately has been published into book form. Funeral services were held Monday afternoon at the First Presbyterian Church at Amarillo with the Bishop E. C. Seaman in charge of the last rites. Those attending the services from Clarendon were Mrs. W. H. Patrick, Miss Katherine Patrick, Harold Bugbee, H. Mulkey, T. D. Nored and Sam M. Braswell.

Mrs. Clarence Cannon of Big Spring is visiting in the home of Mr. and Mrs. Ed Speed.

DONLEY OLDTIMERS MEET TOMORROW

PIONEERS OVER 20 YEARS IN COUNTY WILL HAVE FETE TOMORROW

It will be an enjoyable gathering tomorrow at the Tom Tate Grove six miles northwest of Hedley when all the old-timers of Donley County meet in an all-day party. Those citizens who have lived in Donley for twenty years and more have been looking forward to this second annual like affair, ever since last summer when the first gathering was enjoyed by a group of old-timers. Such a good time was had that those in charge decided to make it an annual affair.

It is thought that the festivities of the day will begin around 10 o'clock when the period before chuck time will be spent in renewing friendships and visiting with other "old timers".

It has been said that the chuck spread at noon will be something long to be remembered by the ones present. Every one is expected to bring a large basket filled with good things to eat, and the report is this order is being well carried out.

The afternoon will be spent in listening to short snappy speeches and good old-time music. All these matters are expected to attend and make this the biggest event ever held in Donley County.

VISITORS COMING FOR MASONIC DEGREE WORK

Clarendon Lodge, A. F. & A. M. No. 700, will have a party of visitors here next Monday night, Aug. 22, for the degree work and a full attendance of the membership is urged by the officers. The visitors are from Decatur and will be headed by Judge Brady of that city.

Local Golfers Wallop Quitaque Sunday 9-3

Taking advantage of an off day in the regular schedule of the Cap Rock Golf League the Hillcrofters journeyed to Quitaque Sunday where they did battle with the golfers of that city. But be it in League play or not the local shooters like to win and this they did with a 9 to 3 score. The losers for the locals were Dick Cooke, Homer Parsons and Lee Casey.

The highlight of the day was a hole-in-one shot by Walter Wilson for the winners. Wilson dropped his perfect stroke on the 247-yard number 3 par three hole. The green is behind a slight rise and cannot be seen from the tee, but the shot was witnessed by Ira Mechant and Dude Gentry and two Quitaque players who were still on the green when Wilson shot.

This Sunday the local league leading golfers will journey to Childress where they will end the league schedule with the Childress club. It will be remembered that the Childress golfers are the only ones who have been successful in defeating the Clarendon players this season. However this time the Hillcrofters are primed to avenge the earlier upset with an overwhelming victory which will clinch the championship from the onrush of the Shamrock team now in second place a few points below the local shooters.

EDUCATIONAL PROBLEM

With three members of the Clarendon Rotary Club absent last Friday the meeting was turned over to the discussion of education with Rotarians R. E. Drennon, B. L. Jenkins and A. T. Cole making the principal talks. The various phases of the subject were taken up and fully disposed of with a result that a better understanding of the educational problems has been gained by those who were present.

ODD FELLOWS CALL SPECIAL MEETING MONDAY EVENING

The News has been requested to bring to the attention of every member of the Odd Fellows Lodge that a called meeting will be held next Monday evening, August 22, at 8 o'clock in the Lodge Hall. This meeting is called for the benefit of every member of the organization and it is imperative that all be present. G. A. Little, Noble Grand, will be in charge of the session and refreshments will be served at the conclusion of the program.

FERGUSON RALLY SET FOR TONIGHT

JIM HAIR WILL SPEAK AT COURT HOUSE THIS EVENING AT 8 O'CLOCK

A Ferguson-for-Governor rally will be held this evening on the Courthouse lawn at 8 o'clock with Jim Hair of San Antonio speaker for the occasion. Mr. Hair is a member of the state speakers' committee for the Fergusons and is making a swing through this section of the state in behalf of Mrs. Miram A. Ferguson's candidacy for Governor.

A political rally was held this afternoon at 3 o'clock at Hedley where Hair also made the address of the hour. All the voters in the county are invited to attend this political rally in the city this evening.

Campaigns For Father

A most pleasing visitor to The News office and the City of Clarendon Wednesday morning was Miss Frances Hatcher of Dallas, who is campaign manager in this section of the state for her father W. Gregory Hatcher, candidate for Railroad Commissioner. Miss Hatcher states she is enjoying the hard grind of the campaign and likes the Panhandle country and

PAIR FIRE AT OFFICERS IN RUNNING GUN BATTLE BUT NONE HURT

In a running gun fight with officers, pursuing them for attempting to burglarize the post office at Lelia Lake, eight miles from Clarendon, E. R. Annis, living five miles southwest of Vega, and James Leland, alias Walker, 26, Oklahoma City, were knocked unconscious as their car overturned early Saturday morning.

Annis is in the Potter County Jail in Amarillo awaiting arraignment Monday on a charge of post office burglary.

Leland or Walker is in St. Anthony's Hospital. His condition is said to be critical.

Citizens of Lelia Lake saw two men park their car a block from the post office about 1 o'clock Saturday morning. When they saw the two men go toward the post office their suspicions were aroused and citizens telephoned to Sheriff Guy Pierce and a deputy, Ike Raines, started for Lelia Lake at high speed. As the officers' car arrived the two men were seen running from the post office to their parked car. The chase led through Lelia Lake streets and at the outskirts both pursued and pursuers opened fire. None of the bullets in the running gun fight took effect. While the pursued car was traveling 70-miles an hour, it creened and plunged into a ditch six feet deep, at a railroad cross-

COUNTY BUDGET HEARING IS SET

MONDAY, AUGUST 29TH, 10 A. M. HEARING WILL BE HELD AT COURT HOUSE

On advice of County Judge Alexander, The News is asked to announce a hearing on the county budget for the coming year, as provided by law, at the Court House in Clarendon, on Monday, August 29th, at ten o'clock in the morning.

The Commissioners Court is very anxious that all citizens interested in the expenditures of the county be present on this occasion and find out for themselves the problems confronting the court on holding down expenses and make such suggestions as may occur to them.

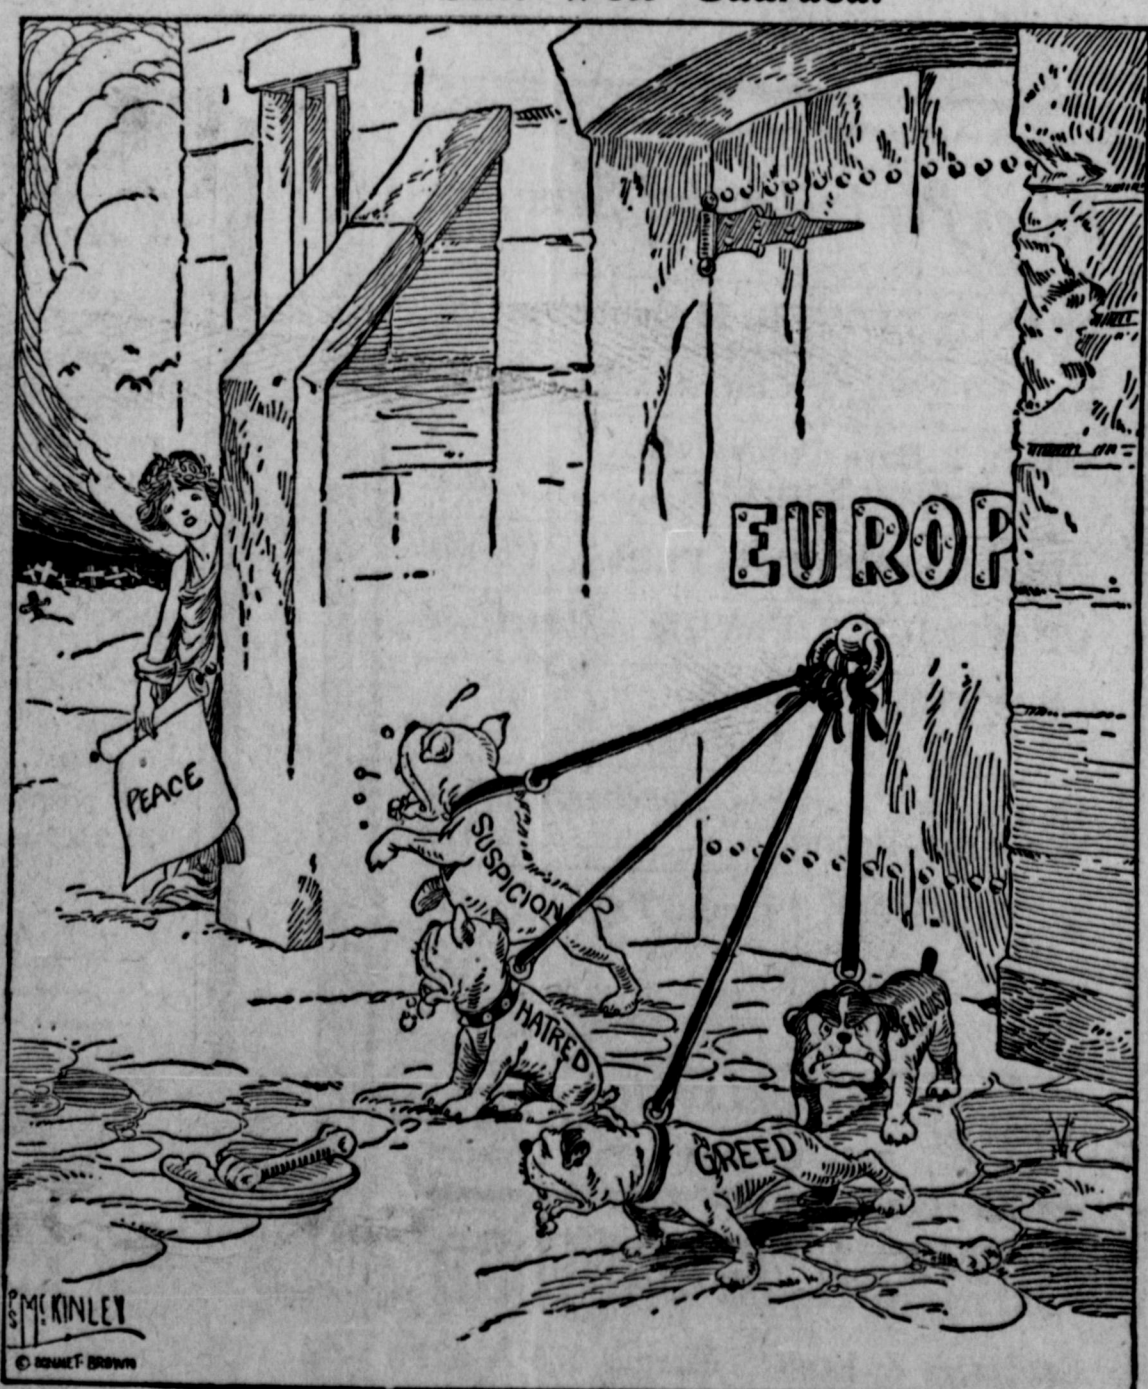

This is the first such hearing ever to be held in Donley County under the new law, and there will be little excuse for any citizen not being posted on the county expenses and income, if they take advantage of the opportunity offered at the hearing.

It is expected that a large crowd of interested citizens will be on hand to get first-hand information on county finances as outlined in the proposed budget.

Mr. and Mrs. J. Roy Wells of Abilene have arrived here for a visit with the lady's parents, Mr. and Mrs. D. O. Stallings. Mr. Wells is a member of the faculty of Simmons University at Abilene and has been teaching in summer school, which closed Wednesday.

Mrs. S. W. Lowe and son, Billie, returned here Tuesday from a visit with relatives in Erath County.

CROPS ARE BEST EVER SINCE PINE SHOWERS

The crops of Donley County are commanding attention from all over the Panhandle since the splendid rains of the past week. It has been several years since the agricultural prospects have been so flattering as at the present time in this county. Farmers everywhere in all parts of Donley have reported wonderful crops and optimism is noted by most of the farmers since the upturn of the market two weeks ago.

ANY ISSUE IS AN ISSUE UNTIL RIGHT PREVAILS

Any public or private issue remains an issue until it is settled right.

There can be no cessation of effort and discussion for the paving of main highways in Donley County until the highways are paved.

The most unfair millstone hung about the neck of Donley County is the delay of its official family to take the necessary steps to bring a highway construction program to Donley that will provide employment to our people while it gives us decent transportation facilities and puts the county on a par with other neighboring counties.

ALWAYS WORKING FOR DONLEY'S INTEREST

In recent weeks The Clarendon Chamber of Commerce has been extending its policy of working for the betterment of the farmer and the better marketing of his products, by advertising Donley County farm produce in over twenty counties of the North Panhandle and Kansas.

Letters are pouring in in answer to the advertising in the newspapers to the North, and there are trucks and automobiles coming every day to buy the surplus corn, beans, peas, tomatoes, okra, melons and canteloupes from the local producers.

The Clarendon Chamber of Commerce has worked unceasingly for the best interests of all Donley County, and never in a more practical manner than at the present time.

TEXAS PATRIOTISM IS AROUSED

Probably never before in the history of Texas has there been such an aroused citizenship as is now banded together over the state to avert the threat of another Ferguson administration—and always the attendant graft and boondoggle in government.

From Maine to California, from Florida to Washington, there has come jibes at the result of the primary on July 23rd, and comment on the low state of patriotism in Texas which would venture to expose itself to public gaze by large support of a discredited governor and a woman weak enough to allow an impeached official to attempt to hold office in her name.

Of course, there are those over the nation who are genuinely alarmed over such a demonstration as the vote of July 23rd, and who heartily sympathize with Texas in her plight. They are calling upon the honest men and women of Texas to band themselves together and ward off the threat of proxy-government on August 27th, and keep Texas and her flag unsullied from another dose of Fergusonism.

There has been a mighty upheaval of sentiment, a tremendous awakening of public conscience, and the indications now are that Governor Sterling will succeed himself by a reasonable majority on August 27th.

Texas patriotism is aroused.

THOSE CONGRESSMEN-AT-LARGE

August 27th is drawing close at hand, and Texas people must make up their minds about the men to represent them in congress as congressmen-at-large.

In the race for Place No. 1, voters must choose between Hon. Pink Parrish of Lubbock and Geo. B. Terrell of Cherokee Co. There should be no division in Donley County and the Panhandle on this race, for all our interests lie in the election of Pink Parrish. He knows and understands the needs of West Texas and needs the support of every voter in this section if he is to win.

In Place No. 2, we must select either, Cyclone Davis of Joseph W. Bailey, Jr. Cyclone Davis is not and never was controlled by any money or business combination and has always been near the heart of the people. He is sound on the whiskey question and is one of the greatest debaters in America today. Joe Bailey is a young man yet to be tried, and his ideas on prohibition are not sound. Donley County ought to give a majority to Cyclone Davis. He is able and worthy.

In place No. 3, Texas must choose between Sterling P. Strong and Joe Burkett. Sterling P. Strong has long been a prominent figure in Texas politics and has always been on the moral side of every question. Joe Burkett is mainly known by his record as highway commissioner under the Ferguson administration, and by the fact that he resigned under fire for his official acts. He is an anti-prohibitionist. It ought not to be hard for any citizen to choose Sterling P. Strong in this race, and he will no doubt be elected by a large majority.

If Texas sends Parrish, Davis and Strong to Congress she will do well, and in the opinion of The News, any substitution for any one of them will weaken our position in National affairs just that much.

HENRY ANSLEY, CITIZEN OF THE PANHANDLE

When Henry Ansley came to his death last Saturday through a tragic automobile accident, the Panhandle of Texas lost one of its First Citizens. True, he was a citizen of Amarillo, but in a much larger sense he was a citizen of the Panhandle, and his loss cannot be considered in any less background.

In the past ten years Henry Ansley had drawn the attention, love and admiration of all the people of this section of the State, and there was no town or hamlet in which he had not impressed himself on the community life as he drew personal friendships from men and women of all classes.

As in inspection of the master paintings of the world of art, the beauty and harmony of his life was probably better understood and appreciated by those who lived out over the Panhandle, excepting those few who were daily and intimately associated with him and who loved him for his frank and manly qualities.

Just on the threshold of a broader field of endeavor and in full fruition of a life shot through with the aims and purposes of service to his fellows, Henry Ansley was cut down.

Thousands mourn the passing of Henry Ansley, Citizen of the Panhandle.

A LOT OF MONEY

The gasoline tax, in Texas, brings in a revenue to the State of approximately thirty million dollars annually. Of that amount seven and a half million goes to the schools. That leaves over twenty-two and a half million dollars in the coffers of the highway department. By that we mean there is that much left for the maintenance of old roads and contracts for new ones.

Just remember now, that we are not considering the added millions that come in through automobile registrations and from the Federal government. We propose to discuss that thirty million dollars.

When Jim Ferguson was governor in his wife's name in 1925 and 1926 the gasoline tax did not produce this much revenue—not by a whole lot.

The big plank in Ferguson's platform this trip is a division of the gasoline tax into three parts—one third to schools, one third to general revenue (the bottomless pit) and one third to highways.

Jim Ferguson knows something about roads and road contracts—that is from his (Ferguson's) angle. Jim Ferguson knows where the money is. The only question that ever bothers Jim is "where is the money?" Right off it can be seen that the money is in the gasoline tax revenues. That, in our opinion settled the number one plank in Jim's platform wordage.

The proposal to divide the gasoline tax money and divert the bigger part of it to funds other than those for roads, is ridiculous, unjust, unreasonable and outrageous. No thinking man, be he a Ferguson supporter or not will agree to such an abominable proceeding.

Jim Ferguson keeps hollering and belling to the people of Texas that if he is elected in his wife's name the present highway commission will be condemned and doomed. He wants that to soak in.

In our opinion that places Jim Ferguson! It puts a definite location upon him. It places him in the light of having but one desire—that is to get his not too clean hands on the highway situation in Texas, including the handling of that thirty million dollars from the gasoline tax.

Ross Sterling does not meddle with the highway department. He has the best Highway Commission in charge of this governmental division, that Texas or any other State ever had! He is willing to let well-enough alone. And the people of Texas should commend him for his stand.

In the view of what has already taken place in years gone by, in view of the past records and performances this newspaper can but believe one thing—if there were not over thirty million dollars per annum in revenue from the gasoline tax, then Jim Ferguson would not be a candidate for Governor of Texas. If the revenue from the gasoline tax amounted to only five or ten million dollars, in our opinion, Jim would never have paid the fee to get his wife's name on the ticket this year!

Thirty million dollars is a lot of money—even in the eyes of Jim Ferguson!—Moore County News.

CARD OF THANKS

There are not words expressive enough of the gratitude of the human heart for us to convey to our many friends and neighbors, our appreciation of the manifold words and deeds of helpfulness and sympathy in the recent illness and death of our beloved wife and mother. Throughout her lingering illness there have been proofs added to proofs of the genuineness of friendship which we shall never forget.

For all such friends and neighbors, their acts, comforting words and beautiful flowers, our hearts go out in profound thankfulness. May a Kind Providence reward you according to our gratitude and repay you in kind when dark days come, is our prayer.

BENEFITS ARE WIDELY SPREAD WITH WIDESPREAD POWER

The power line which carries electricity over the countryside is bringing the benefits of industrial development to small communities as well as large cities.

When an equal power supply is commanded by both, the production efficiency of small, decentralized establishments matches that of the large metropolitan factory. Moreover, with its freedom from the high costs imposed by congestion, the small community factory can even surpass the large city factory in economical manufacture.

This is the opportunity which the widespread distribution of electric power has opened . . . an opportunity which the West Texas Utilities Company has made available to 125 progressive West Texas cities and towns served from its 2,500 mile transmission line system.

Mr. Bud Fletcher of Lelia Lake spent Saturday night with Wylie Buchanan.

Most automobiles of the past and present have suffered in efficiency through "dump design," according to W. B. Stout, himself a noted automotive designer and engineer. Correct design should include more interior space; multi-cylinder, high-speed, silent engines of 50 to 100 horse power; clutch working with throttle and no other connections; acceleration from standstill to 60 miles an hour in eight seconds, etc. Unfortunately for most of us, such a car would cost \$2,000 or more.

Rain Sunday put a smile on every thing.

The patrons of our school are busy putting everything in shape for the opening of school on September 5th. The teacherage has been repaired and is ready for Mr. Estlack.

Bill Carnes of New Mexico is now visiting relatives and friends, he may spend the winter here.

J. D. White and son, Joe, of Woodward, Okla., visited with Mr. and Mrs. Richmond Bowling Thursday. It had been 31 years since they had met.

Mr. and Mrs. Herman Canes of Littlefield are guests of the lady's parents, Mr. and Mrs. T. B. Downing. They will also visit Herman's sister Mrs. A. E. Tidrow.

Miss Lucille Pickering was hostess to a party Saturday night in the home of Mr. and Mrs. W. M. Pickering in keeping with the outcome of a Sunday School contest. The winning class enjoyed the party with their invited guests. Games were enjoyed and then a mellow feast after which goodbyes were said, wishing Miss Lucille would soon be hostess again.

Leroy Tidrow and uncle, Dick Tidrow of Cooper, returned Sunday from a weeks visit with friends and relatives at Allison.

Mrs. Espy and son, Raymond, spent the week end with friends at Quail.

Miss Louise Tidrow and guests, Miss Ruby Caudley of Cooper, spent the week end at Shamrock. Mrs. Arthur Carnes and children of Shamrock are visiting her parents, Mr. and Mrs. Tom Bain.

BRAY

Large crowds have been attending the Baptist Revival which commenced ten days ago and will possibly continue through this week. Much interest has been shown and eight were baptised last Sunday afternoon in the large concrete tank at the home of Mr. and Mrs. Martin Banister. Very light showers fell here Sunday night and Monday but not enough moisture to benefit much.

Mr. and Mrs. C. N. Hill and daughter, Janice Marie, of McLean and Mr. and Mrs. W. O. Hill spent Sunday in the home of their parents, Mr. and Mrs. J. C. Hill.

Those visiting Thursday in the home of Mr. and Mrs. Martin Banister were Mrs. Joe Crawford, Misses Ethel and Floy Bell and Edna Parrott, Elva Dishman and Odie Allen, also Rev. Will DeBoard and Rev. Wells of Hedley.

Mr. and Mrs. Earl Dickson and little son Billie Joe are spending a week or two in the home of Mr. Will Dickson while he is visiting relatives and friends at Hot Springs, Arkansas.

Miss Omio Parrott spent Tuesday visiting with Laverne Sweeney.

EDUCATION

School costs have increased remarkably but not so rapidly as have the demands which has been made upon the schools. According to the office of Education figures, the total expenditure per capita population for education was only \$16.25 in 1924; \$17.15 in 1925; \$17.50 in 1926. Divide \$17.50 by 365 and the quotient is less than five cents a day per capita for the total population for the cost of educating the nation's children—the most important single activity of organized society.

—Wm. D. Boutwell, U. S. Office of Education.

The total expenditure per capita of population for education in Texas is only \$12.42 per year—less than 4¢ per day.—U. S. Office of Education.

During the fiscal year ending August 31, 1931 the State of Texas spent \$41,980,256.74 for highways, and in the same year the State spent only \$30,750,391.90 —Comptroller's Report to the Governor.

The cost of all public education, elementary, secondary and collegiate, in Texas, is 34 per cent of the amount spent annually for the construction of buildings; 13.1 per cent of annual expenditures for certain luxuries, including tobacco, soft drinks, confections, admission to theatres and other amusements, jewelry, perfumes, cosmetics and sporting goods.—Texas Outlook.

Cause of increased school costs for public elementary and secondary schools in Texas have increased from \$14,497,750 in 1914 to \$65,917,564 in 1928.

Reasons for the increase are: (1) Longer terms and increased attendance, especially in high school, (2) depreciation of the

TRIBUTE PAID ANSLEY BY STATE HIGHWAY COMMISSIONER

Below is printed a copy of a letter sent to a former Clarendon citizen, J. B. McCarley, from W. R. Ely, state highway commission chairman, in which a glowing tribute is paid Henry Ansley, accident victim, who died last Saturday morning. The letter:

August 15th, 1932.
Mr. J. B. McCarley,
Turkey, Texas.

Dear John:
Saturday afternoon I was speaking in East Texas, and while in Paris received the news of the death of my good friend Henry Ansley.

The papers state that he had been to your town to speak in behalf of Governor Sterling. His death has distressed me a great deal, and I can not seem to get it off of my mind. This brilliant and promising young man died in the battle of decent, honest and clean government, and, to me, deserves as much credit as if he had fallen while facing an enemy in war.

The Panhandle section of Texas has the finest citizenship that I have ever known, and Henry Ansley typified the very finest of your people. Let's take up his banner, and carry on as he would wish that we would. Let's make it a great victory for Henry Ansley and other people of that section who want honest government.

I am counting on you and the people of Turkey, where he made his last appearance, to give us an overwhelming majority for honest government, as a tribute to Henry, in recognition of his interest in behalf of the people of that section.

With kindest regards, I am, your friend,
W. R. ELY.

TO THE VOTERS OF DONLEY COUNTY:

On account of illness and surgical operation in my immediate family, it will be impossible for me to be active in my canvass of the voters of the county for the next few days. I am very anxious that my inactivity at this time be not construed as a careless attitude on my part, and I assure you that at the first moment that I feel safe in resuming my personal solicitation of support in my campaign for County Judge of Donley County, I shall do so.

Please bear with me for a few days, and be assured I am in dead earnest in my solicitation of your votes.

Sincerely,
S. W. LOWE.

At last a memorial shaft is to be erected in Greenland to Admiral Robert E. Perry, who after seven or more extended voyages of exploration to that bleak land finally reached his goal, the North Pole, on April 6, 1909. Perry was perhaps the most persistent, methodical and courageous as well as the most successful, of all explorers. While he never attained both poles, as did Amundsen and Byrd, he was the first to reach either pole, thereby attaining imperishable fame.

A STRAY PUP

What does a stray pup amount to anyway? What does it matter if such a helpless animal is abused and tortured to make sport for a gang of thoughtless boys? Who cares?

One small boy cared—and because he cared he made a friend—a friend who didn't forget.

Some years ago a kindly man named Jacob Siler walked along the banks of the Mississippi river near St. Louis and came upon a group of boys who were amusing themselves by throwing a stray pup into the river time after time, in spite of the protests of one small companion. Finally the pup's defender engaged the others in fistic combat to save the wretched animal from drowning. He battled so courageously that he won the day and saved the pup.

Mr. Siler commended the boy, whose name was Otto Schmidt, and between the two a lifelong friendship sprang up. Recently Siler died and left \$7,500 to the boy now a man, whose humane instincts and courage had rescued the poor dog and won the admiration of the casual passerby.

Those who befriend unfortunate animals do not always obtain material rewards such as came to Otto Schmidt, but they inevitably have the reward of an approving conscience, which is greater still.

TO MANY IN COLLEGE

President Arthur T. Hadley of Yale has made a valuable contribution to the current discussion concerning the advisability of trying to make "college men" out of unsuitable material.

It would naturally be supposed that the head of a great university would stress the importance of a college education regardless, but it is an encouraging sign that leading educators are coming to realize that for the vast majority of young people the four years required by a college course is largely a waste of time, money and effort. We quote Dr. Hadley in part:

"People engaged in public instruction are inclined to go too far in thinking that everyone should be encouraged to pursue his schooling to the furthest possible degree. They lament what seems to them the highly inadequate proportion of elementary school children who go to the high schools and of high school pupils who proceed to college; and they glory in any increase of these proportions. They seem to forget that the classroom is not the only means of education; that

a youth may get more intellectual and moral training from practical work that he likes, than from formal lessons that he loathes."

Now, this does not mean to depreciate in the least the value of higher education to those who by intellect, temperament and inclination are capable of acquiring it and putting it to practical use. It simply means that unless a young person has the native ability to work with his brain, he had better be taught to work with his hands.

France, China, Mexico, Columbia, Poland, Canada and Cuba, have selected sites for their buildings at the Century of Progress World's Fair at Chicago and erection of buildings will begin immediately, according to Rufus C. Dawes, President of the Exposition. Fifteen other countries have already accepted the invitation to place exhibits at the fair for the five months it will operate beginning June 1, 1933. The Texas World's Fair Commission, appointed by the Governor, and composed of outstanding business men of the State, are making every effort to have Texas adequately represented with a display.

Which Shall Rule?

Shall the Railroad Commission represent the people or shall it be dominated by major oil companies?

Shall the hundreds of thousands of dollars being spent in this campaign buy the office, or will the "Appointed Colonel" be repudiated, as he was in the first primary?

Shall we let the big oil companies control one of Texas' most important natural resources and regulate the price of crude oil and the retail price of gasoline through the appointment of their favorite, Colonel Thompson?

The common people said "NO" in the July primary and we believe the people will again take control of the Commission August 27th.

Doshier—Wood

A wedding of great interest to the people of Clarendon and Donley County was that which united Miss Jo Kay Wood of Wellington and Douglas Doshier, former Clarendon boy, Wednesday August 10th at Hollis, Oklahoma. Mrs. Doshier is the charming daughter of Mr. and Mrs. K. A. Wood of Wellington and is one of the most popular members of the younger set of that city. Douglas is the youngest son of Mrs. George Doshier of this city. He graduated from Clarendon High School and for the past several years has been in the employ of the Texas Highway Department, a position which he now holds.

The News joins with the large group of friends in Clarendon and Wellington in wishing Mr. and Mrs. Doshier a long and prosperous life together.

Miss Norma Rhode is Hostess

It was a gay group that enjoyed the gracious hospitality of Miss Norma Rhode last Thursday evening at dinner with Mrs. Eva Rhode assisting in her charming manner. Following the delicious dinner the guests retired to the living room where interesting games were enjoyed until a late hour when all departed to their respective homes.

Those enjoying the evening were Misses Mantie Graves, Opal Pyle, D'Laurel Beville, Jesse Ingram, Naomi Allison, Winnie Weatherly and the hostesses, Miss Norma Rhode and Mrs. Eva Rhode.

Mr. and Mrs. Ed Speed Entertain

One of the most enjoyable parties of the past week end was that given by Mr. and Mrs. Ed Speed honoring Mesdames Clarence Cannon of Big Spring, Tom Heatherly of Buffalo, Oklahoma, and Everette Barnes of Amarillo. Interesting games of 42 furnished amusement for the guests present until a late hour when delicious refreshments were served.

The guests list included Mr. and Mrs. Duke Keys, Mr. and Mrs. Charlie Davis, Mr. and Mrs. Nolie Simmons, Mr. and Mrs. Chas. Speed and the honored guests, Mesdames Cannon, Heatherly and Barnes.

1930 Good Will Cub Has Unique Plan

Members of the 1930 Good-Will Club have a unique plan whereby to raise funds to carry on their year's work. Meeting in a call session at the home of Mrs. Fred Russell on Saturday they pieced a silk quilt which will be quilted at their regular meeting on Thursday of this week. This quilt will be given to the holder of the lucky ticket on the eve of election day. The tickets can be obtained with the purchase of a dish of ice cream from these ladies on the two coming Saturdays.

The members of this club are very enthusiastic over this plan and hope to raise a nice sum therefrom.

Kill Kare Kneedle Klub

The Kill Kare Kneedle Klub met last Thursday in the home of Mrs. W. C. Stewart. The afternoon was merrily spent in conversation and various sewing. ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor.

Special to The Clarendon News

C. L. Benson, county agent of Brazos county, tells a good one. A 4-H club boy attending the annual short course at College Station found that his one and only shirt was too dirty to stay longer, so he walked home 10 miles, had the shirt washed, and walked back aggin to take in the program. The boy won the right to represent his club by the excellence of his corn demonstration.

Of the 30 Wichita county farmers cooperating with the county agent in raising alfalfa by demonstration methods, Fenton Dale of Iowa Park reported the highest July yield with 3500 pounds of hay per acre on 5 acres.

Soy beans continue to spread throughout the State, especially in East Texas, in the wake of demonstrations conducted by county agents for several years. The experience of J. H. Haugse of San Augustine county is typical of many. He harvested 14 tons of soy beans per acre from a 2-acre demonstration and finds his dairy cows relish this high protein feed.

For three weeks a canning laboratory equipped by a civic organization in Munday has been in use 24 hours daily by women who do not have canning equipment in their homes. The work is supervised by home demonstration club women.

The burner from an oil burning chicken brooder was brought into the house by J. J. New of Wharton county to furnish an additional stove for the use of his wife during the busy canning season. The idea proved good.

Canning more than 500 containers of vegetables in halves for other people has supplied Mrs. C. E. Marsh, Menard county home demonstration club member, with enough money to buy paper and lumber to finish a bedroom for her boys.

THE TEMPLE BUILT BY GOD, THE HOUSE IN WHICH I LIVE

VI—The Doors of the House, The Ears.

Text—Matt. 13:9.

In our last lesson we began our study of the doors to the house in which we live. We learned that the mouth was one of the most important of these doors, and that the mouth was the broad-casting station, and that great care should be used in broadcasting. Today we will study about the receiving stations, the ears.

The ear is divided into two parts, the external and internal ear. What we see is the external part, the porchway of the vestibule of the ear. It is shaped and arranged that sound may be collected by it. Some of the passages are full of air. There are members in them that form the drum. If these threads or nerves are destroyed, we lose our hearing.

Our ears may bring us sadness or they may bring us gladness, for by them we hear both unpleasant and pleasant things. Jesus said to His disciples, "Take heed how you hear." It is said of some that they let things in one ear and out the other. The ear conveys what you hear, for there are some spoken words, some noises, that should never pass into the mind.

Sin makes deaf ears. It is when your heart is in tune with God, that you will hear and heed His voice. Hear God's voice is very important: "For faith cometh by hearing, and hearing by the word of God". Without faith it is impossible to please God, for he that cometh to Him must believe that He is and that He is a reward of those who diligently seek Him.

There are many voices today drawing people away from the pathway of righteousness. It is a sad thing to be deaf, it is even a calamity, but it is always a good thing to refuse to listen to the voices it is best not to hear.

We have invited one of the greatest Evangelistic teams in the country to bring to you some messages from God and His Word. We hope you will be present at the services to use your receiving stations, your ears. There will be Great Preaching, Matchless Music, and Gospel Singing to inspire you and to assist you in obtaining perfect peace and eternal life.

He that hath ears to hear, let him hear.—W. E. Ferrell, Minister, First Christian Church, Clarendon, Texas.

THE CHRONICLE ON WEST TEXAS

The Houston Chronicle recently turned West Texas over its editorial knee and administered a sound, rhetorical spanking.

It seems that West Texas voted for West Texas candidates. And that, we are astonished to learn, is high political crime and serious economic error.

When administering its rebuke, the Chronicle may have had in mind the West Texas vote for West Texas candidates for congressman-at-large. If that be true we humbly remind the Chronicle

that West Texas' growth in population created two of the three new Congressional positions; and further, that its "bloc" system of voting appears to have given West Texas an opportunity to name but one of the two Congressmen to whom, in all justice, it was entitled.

West Texas may make a lot of mistakes. It probably does. But so does South Texas and East Texas and North Texas. In any event, loyalty to self and willingness to fight a just fight—even in the face of almost certain defeat—should not be counted against the people who inhabit the wide spaces of Texas. When the rest of Texas evidences a disposition to play fair with the population living west of the big voting centers, West Texas may be justified in assuming an attitude somewhat less belligerent. Until then, however, it had better stand up on its hind legs and fight—nobody else is going to fight its battles for it.

Discussing the high cost of medical treatment, a doctor whose great-grandfather was also a doctor explains: "As medicine has become better in diagnosis and treatment, as it enlists more appliances and better facilities, the cost increases. My great-grandfather's patient with an acute appendix probably got a purgative and a mustard plaster, which cost him little—except his life."

For the thirty-ninth consecutive time John J. Walbrich has been elected township clerk of Allendale, Mich.

New York Paris Fashions

HERE is a picture of a model gown just created by Bernard and Co. of the Avenue de l'Opera, in Paris, and just received in this country, which is of interest as showing the trend of evening fashions. It is developed in craquellinette, a new material made by Bianchini. Acele is the name of the same type of material now widely used in the United States for high style frocks. This new fabric has lovely draping qualities and a surface texture that gives it unusual distinction. The Bernard model above shows a new and delightful development of the ruffle theme which has been popular this year.

SIG WRITES ANOTHER LETTER TO THE GOVERNOR

Dear Ross:

When Ma and Pa saw our offer of four governors for the price of one, they felt like pikers, I guess. Anyhow they haven't said anything more about two for one. You've got to hand it to me! I know my political science.

Pa says Ma is for lower taxes. Well, I say you are for no taxes at all. Every time old Jim whispers "lower taxes," I'm going to climb the flag pole of Jesse Jones' Gulf Building and shout "Ross Sterling is for no taxes at all." They'll have to get up early in the morning, or stay up all night to get ahead of me and you.

We do need a slogan, however. Their slogan is "Texas needs a mother." That's all right, but—my gosh—it ought to have a father, too! Remember that old slogan: "It's a wise child that knows its own father." We don't want to have people arch their eyebrows when Texas' parentage is mentioned. When they vote for me and you Texans will be giving Texas a father, too. But getting back to this slogan busi-

ness. When I ran for the legislature I used: "Run the rascals out and put me in." I'd gladly lend you that one, but it won't work, because you're in and want to stay in. So how about this one: "We've got 'em out, let's keep 'em out."

Also I want to get some campaign pictures printed. Like theirs, you know, only it will be a picture of you with a bigger likeness of me standing back of you in a sort of shadow effect. That ought to whip 'em, because I look more intelligent than the shadow that stands behind Ma.

Guess I'll have to let the special session subject matter ride over to my next letter. Meanwhile, please don't forget to send that expense money. Better make it six hundred dollars now—tempus fugit, and so does money.

Your little helper,
SIG.

Well sir, this department is a bit irritated this week over alleged charges by some of the local citizens upon the school board that an unnecessary and burdensome salary is being paid the athletic coaches of Clarendon High School in addition to their regular literary salary. Just another instance where the thankless job of a school boardman gets riddled with criticism from the folks on the outside who have yet failed to realize the problems facing the official Board. Some even have cried for the release of one of the coaches so another expense would be saved.

Why in the world don't folks find out the true facts of the case before jumping on the overworked and overburdened school board. They have plenty and plenty of legitimate worries facing them in finding ways and means to keep the schools running through the coming year, and the citizens of the community should at least try to encourage them in place of bringing false charges up for argument.

The true facts of the alleged athletic department charges are this. Neither Coach Frank A. Stocking or Coach John G. Hutton are receiving a penny remuneration for their time and labor spent in turning out athletic teams in Clarendon High School. The only salary they are receiving is for their services in the classroom, and that on the same scale as other teachers.

It is only out of interest and self-sacrifice of the two splendid men named above that the local high school is afforded athletics. These coaches fill their full time

within the schoolroom and then give three or four hours each afternoon to the growing youth of the city and community additional, without a thought for even so much as a "thank you" from the citizens who patronize the schools.

Investigation will prove that there isn't a high school in this section of the country that is not paying a salary for athletic coaching. Surely there isn't another who can point with such pride to the splendid records made by Coaches Stocking and Hutton with the Bronchos.

Co-operate with the School Board, attend their Budget hearing this week end at the First National Bank, and boost the Clarendon Public schools.

We are certainly in need of some fine advice, at least Bennett Kerbow is. Here is the short history behind the case. For a number of Sunday's Speedy has had a most obnoxious (that's a good word) habit of playing worse golf than his opponent in this Cap Rock Golf League. Well sir, since the match Sunday with Childress finishes the league schedule and since Clarendon must win a majority of the matches to finish ahead of the Shamrock team the honorable hardware man has made the following threat and his friends are in need of advice for him. Bennett just breaks down and confesses he has just been throwing off and with a sound mind and of his own free will states he will throw his clubs away and walk all the way back home if his opponent beats him in the

league finale Sunday.

Well here is where the advice plays a part in this desperate announcement. His friends, although having faith in Speedy's ability with the niblick and putter, are searching diligently for a quick conditioned recipe which will ease the footsore local hope. Leave all advices with Ira Merchant or Walter Wilson so they also may have a chance to soothe their canines.

Speaking of Sir Walter Wilson reminds one that it was this dashing romeo of the glorified pasture game that traveled to Quitaque last Sunday with several other minor dignitaries of the local shooting fraternity and won a match from that Briscoe County club. But according to Walter he provided the big moment for the afternoon by pulling one of his infamous scientific shots which hit a few rocks, mosquito stumps and dragging pin for 247 yards and finally gave out in the bottom of the cup for a hole-in-one. To make the feat more difficult MISTER Wilson picked out a hole that was even protected from sight by a hill. Walter in an exclusive interview, modestly said I or any other local golfer probably never would duplicate the feat due to the fact that none of us could hit a ball that far. What a man what a man!

And not only that but the soap-and-sud king set a new course record with a nifty 33 on the difficult 32-par layout. It must be great to be a master of the game like our bashful little laundryman. I'm sure proud I know him, aren't you? Congratulations, Walter, and

may you again duplicate your hole-in-one and record shattering ways next Sunday at Childress and every Sunday thereafter.

LeFors is planning a great football club this fall with Horace Duncan, Miami's coach of last year, directing the gridiron activity of the Gray County eleven. Fred Reid and Raymond Nichols of last year's Broncho fame will interview Texas Tech's athletic department this week and may sign up with the Matadors. The Championship Bronchos have seven games scheduled and play five of them on the home grounds. The first game will find the Bronchos defending their title against Quitaque, September 30th, then five games are played at home and the last at Memphis on Nov. 11th. We will pick the Yankees to win the American League. Amarillo to win District One and the Masonic Home the State title. I wouldn't pick 'em either brother, if I hadn't seen those lads in action. They're good—better than anything I ever saw in High School football which includes the famous champions of Waco, Abilene and Oak Cliff. Pampa is hit hard by graduation and other losses this year—so is Lubbock. Reginal Greenhaw Memphis' golf sensation defeated Billy Holmes, Greenbelt champion, at Shamrock two weeks ago. The Cardinals and Brooklyn are looking at the National League five. Beaumont will nose out the Dallas Steers for the Texas League pennant, we hope. The University of Texas will have 75 lettermen and squadmen back this fall, but the other teams

don't care as long as Clyde Littlefield is coach. T. C. U., according to Leroy Menzing of the Fort Worth Star-Telegram, will have a much better team than last year's second place club, but we doubt it. SMU's Mustang Stables at Dallas will produce another frolicking football team this fall and will have a chance to repeat for the title. Goodwin and Maurice Bray, former local boys, each weigh 200 pounds and will be regulars on the Pony varsity squad. Texas Tech's Matadors play three Southwestern Conference teams this fall, S. M. U. at Lubbock Oct. 1, A. & M. in Amarillo and Baylor University in Waco. They will also play Notre Dame's "B" team in Lubbock. Kinda tough, ain't it?

There will be no tennis tournament this month as scheduled because of the lack of interest in such an event. Many players like to play but too few of them believe they have a chance and therefore refuse to enter a tournament. Well, that's all right, perhaps sometime later we can have a tournament. Tennis is lots of fun whether you are playing in a tournament or not.

LOCAL GOLFERS INVITED WICHITA FALLS TOURNEY

WICHITA FALLS, Tex. Aug. 17.—More than 100 golfers, most of them from Northwest Texas, are expected to leave the No. 1 tee at the Wichita Falls Golf and Country Club Sept. 2 in quest of the championship of the fifth annual invitation tournament. Early interest indicates the finest field ever to start in the event, and practically every club in this section of the state will be represented.

Professional Polly Gobert has given the country club's splendid course a final grooming, and visiting golfers will be introduced to one of the finest layouts in the entire Southwest. A par 72 links, it is not particularly long, but it presents worlds of trouble for the player who fails to keep his shots in line. Natural hazards of water and woods and well trapped all the way, it offers a splendid test of golfing skill, but is not too severe in its demands of the average golfer. Eighteen rolling

grass greens have been given particular attention for the past month, and at no time in its history has the course been in better general condition than for this year's invitation meet.

The tournament opens Friday, September 2 and continues through Monday, September 5. All entries qualify for match play and this feature, along with the consolation flights, assures every entry to be at least two matches after the qualifying round. Two rounds are to be played both on September 3 and 4, leaving the final day of the tournament open for the 36-hole championship round.

A particularly attractive feature of this year's tournament is the fact the dates take in two holidays, September 4, Sunday, and September 5, Labor Day, enabling entries to attend the entire meet with the loss of no more than a day or two from their business.

CARE - FREE

The periods in life when one can be carefree are limited. Childhood is one of those periods, and rightfully so,—an inheritance due all. Other periods of carefreeness seldom materialize, except through an individual's own planning and consistent work to that end. Relief from financial worries brings a sense of carefreeness which well repays one for the effort made to save and to have, as hundreds of depositors in our saving department, will testify.

Bits Of WASHINGTON'S Current Comment

Special to The Clarendon News The eviction of the bonus "army" was accompanied by deplorable incidents, especially the shooting of a veteran by a policeman who had been knocked down by four men and who suffered serious injury. The radicals had gained control after about 5000 of the marchers had left (being advanced transport to their homes) and refused to move from Government land to another camp. The lesson seems to be that the Federal authorities should not be required to deal with such situations.

Chicago furnishes two amusing notes on a recent hot spell. One man, freed from prison, asked to be locked up again in his cell, where it was not so warm as it was out of doors, and another resident of the city mentioned, froze his ears while trying to get relief through mechanical refrigeration.

Economy and higher taxes for the Philippines are advocated. This sounds as though the islands already had been accorded the blessings of independence.

A man and his wife appeared as lawyers on the same side of a case in court, and won. It would be interesting to know who comes out ahead when they argue on opposite sides of the table at home.

Speaking of people who are easy to get along with, the Dutch ought to receive a good word. The papers report that a strike in Holland has been settled by a wage cut.

Notwithstanding the difficulty which Uncle Sam is having in getting together cash to pay his bills, Congress appropriated more money this year than last. No doubt the expenditures can be justified by a strong line of argument. While the argument is going on, however the mind of the hearer is likely to stray off to the more comprehensible words of the poet: "The man who builds, and wants wherewith to pay, Provides a home from which to run away."

Post Office Robbery

on the road to Clarendon. Annis had been pitched through the windshield. He was cut behind both ears and had a gash across his head. He was found unconscious near the car.

Leland had been thrown nine feet from the car. He was bleeding profusely at the mouth; there was a gash across his head that extended down over one eye. His gun, a six-shooter, was six feet farther away from the wrecked car.

Leland was rushed to St. Anthony's in an ambulance. On the way to Amarillo he regained consciousness but refused to talk.

Physicians believe Leland or Walker is injured internally. Hospital attendants said Saturday night the patient was growing weaker from loss of blood.

Several x-ray pictures failed to reveal any fractures of the patient's head or chest.

At the hospital late Saturday, the injured man whispered his mother's name and address to an attendant. The mother, he said, lives in Oklahoma City.

Annis recovered quickly from his dazed condition, but he refused to talk except to tell officers he had known Leland or Walker only 10 days.

"He told me he came here to make the harvest," Annis said. Officers said the wrecked car was the property of Annis.

In the wrecked car officers found a complete set of new burglary tools—a sledge hammer, crow bar, punch, screwdriver and flashlight. One of the punches had been taped to deaden sound.

Entrance to the post office had been gained by prying a window. The knob had been knocked from the safe and the combination had been punched, but the safe door withstood the attack.

Federal officers of Amarillo who took charge of the two men Saturday praised citizens of Lelia Lake for their prompt call to the sheriff's office. Sheriff Pierce and his deputy also were praised for their quick response to the call.

Late reports from Amarillo indicate Leland or Walker is on the way to recovery, having rallied from the crisis.

A second burglary was reported Saturday night at the Lelia Lake Post Office where some small change was taken and Moreman's store which reported a quantity of cigars stolen. The careful and leisurely manner which the robbers made the second visit indicated to the local officers that it was a decoy to draw them to the scene where they would be easily shot down from ambush. This was frustrated however when no one was aroused by the intruders. On Sunday night a large sedan was seen cruising the

streets of Lelia Lake but vanished before Sheriff Pierce could answer a call to the scene.

A rumor via the grapevine system brought the news that a trap had been set last Saturday night by a gang of robbers to "get that damned hard boiled Sheriff of Donley County". However Sheriff Pierce states he is still on the job and asks the citizens of the county to report any suspicious happenings at the earliest, possible moment for investigation.

Christian Meeting

evangelists in the Christian church today.

Mrs. Vawter, the soprano soloist of the party, is said to have a very fine voice. She has prepared herself for her life's work in some of the best conservatories in America. She has also won wide recognition in the concert field.

W. D. (Billie) Reaves, chorus director, is well fitted for his work. He has had several years of successful work in chorus directing, directing congregational singing and with children choruses.

Howard T. House, pianist and soloist, is well continued for his part of the evangelistic program. He is a brilliant pianist and a very fine crayon artist. His pictures are eagerly sought and his work is in great demand before schools, colleges, clubs and along other lines of entertainment.

This company of workers will preach in Clarendon, with Great Preaching, Matchless Music, and Gospel Singing, in the big tent for three weeks.

A MERCHANT CONFESSES

An unusual statement was published some time ago in the News-Gazette, Champaign, Ill., signed by E. L. Murdock, head of a former leading ladies' ready-to-wear store, which had closed its doors to avoid being thrown into bankruptcy.

In this statement the merchant set forth the principal reasons for the store's failure to maintain the prestige and prosperity it had enjoyed in times past. He said:

"Perhaps the greatest contributing cause is the fact that four years ago our firm, because we thought the rate was too high, discontinued all advertising to supplant the News-Gazette, but found none effective. Our business continued on the down grade. Seemingly our friends had forgotten us. The fault was ours." In every city and town there are stores which have made the serious mistake to which Mr. Murdock confesses in such a manly fashion.

People look to their newspaper for their store news. No amount of handbills, circulars, sign-boards or other devices can take the place of the newspaper that goes into the home and is read by every member of the family.

Guests of Mr. and Mrs. Chas. Speed for the past week have been Mrs. T. W. Heatherly and baby, Tommy Jean, of Buffalo, Oklahoma, and Mrs. Everett Barnes of Amarillo. Both Mesdames Heatherly and Barnes are daughters of Mr. and Mrs. Speed.

Mrs. S. Jovner Cole and children of Amarillo spent the weekend and until Wednesday morning here in the home of her brother, Sam M. Braswell. Their parents, Rev. and Mrs. J. H. Braswell returned to Amarillo with Mrs. Cole, enroute to their home in Canyon.

Boss Lion Ira Merchant read a card from Dean W. A. Clark, Jr., which referred the name of a young lady from Hall county who desired a portion of the Lions Educational Loan fund to put her through the local college this term. The matter was referred to the proper committee for investigation.

Cards of appreciation for flowers were read from two bereaved families of the city who had recently lost a loved one.

Lion H. T. Burton was introduced to the group and the Superintendent of Schools made a lengthy and constructive talk on the plans and outlook of the local schools for the coming year. Lion Burton made a plea for the local citizens to become acquainted with the problems of the school by attending the budget hearing of the school board this evening at the First National Bank. More co-operation was urged by the school head so greater benefits may be derived from the faculty and board.

CITY LIBRARY IN NEW RECORD

JULY SETS ALL TIME RECORD FOR LENDING OF VOLUMES BY LIBRARY

The Library Board and Mrs. C. A. Burton, librarian, were much pleased when the record of 1405 books loaned in June broke all previous high marks at the City Library, but they were still more pleased when July totals again set a new high mark with 1419 books loaned.

This mounting record of service to the reading public of Clarendon and community proves the value of the City Library, and shows the growing interest of the people in the territory contiguous to the city.

The library is constantly adding new and sought after books, and the membership fee of only one dollar per year, per family, offers a great and growing reading opportunity, both fictional and serious.

New books added to the library shelves in the last week are: "John Henry"—Road Bradford, "The Irish Beauties"—E. Barington.

"The Heart of George Washington"—Berrill Babcock, "Susan Spray"—Sheila Kaye Smith.

"Perial at End House"—Agatha Christie, "Shadows on the Rock"—Willia Cather.

"The King of Spain's Daughter"—McCready Huston, "The Stars in Their Courses"—Sir James Jeans.

"A Vaquero of the Brush Country"—J. Frank Dobie.

Mrs. Ed Boliver and children of Hedley with some relatives from Central Texas spent Friday at the Howard ranch.

Elbert Bowen returned here last week after a short stay in Los Angeles, California, where he witnessed some of the Olympic games.

Recently the Prince of Wales celebrated his 38th birthday. Perhaps what the prince will consider the most important event of the past year is that he realized for the first time every golfer's ambition to make a hole in one.

U. OF T. FOOTBALL STAR STOPS IN CITY LAST EVE

Ernie Koy, huskie 215 pound bruising fullback, captain of the 1932 University of Texas Longhorn football team stopped a few minutes in the city last night in company with a friend en route to his home in South Texas. The brilliant star of the gridiron and diamond has been spending the summer in Borger where he has been in the employ of the Phillips Company and a member of the famous Phillips 66 baseball team, where he has been a sensation throughout the season. When asked about the prospects at the old Alma Mater next year on the gridiron, Koy beamed and said they were never better and a strong, heavy and fast outfit will carry the colors of the Orange and White through the coming Southwestern Conference campaign.

Practically every known riding device and freak attraction will be represented on the mile-long Midway at the Century of Progress World's Fair at Chicago which opens on June 1, 1933, for five months. Every effort is being made by the Texas World's Fair Commission, appointed by the Governor, to assemble and place at this exposition an adequate exhibit of Texas products in an effort to attract more visitors and more investors to Texas.

Mrs. P. A. Buntin Succumbs to Long Illness Friday.—Was Pioneer Here

Citizens of Clarendon and Donley County were saddened last Friday morning when Mrs. P. A. Buntin died following a lingering illness of several months duration. Mrs. Buntin's death marked the passing of another pioneer of Donley County and of the Panhandle as well, she having lived in Clarendon for the past forty-four years. During her life here she has gained the respect and love of every one who has come in contact with her cheerful disposition.

She was born Lucy Jane Gibbs in Orr, Anderson County, Kentucky, December 7, 1849. She moved to Texas with her parents in 1879 where the family home was temporarily located at Whitesboro in Montague County. A short time later the family home was removed to Wichita County and then again to old Mobetie, where she resided until moving to Clarendon in the spring of 1888.

Lucy Jane Gibbs was married to P. A. Buntin, January 2, 1871, and since their residence in Clarendon they have been leaders in the life of the city. It was through their efforts, coupled with a small group of believers in the Methodist faith, that the first church was organized in Clarendon. Mrs. Buntin's name is found near the top of that charter membership list. Since that time until a few years ago when her hearing became impaired, Mrs. Buntin always attended church services regularly and has always lived a life of service to her Father in Heaven.

Funeral services were held at the First Methodist Church Saturday afternoon at 3 o'clock, with the Rev. E. B. Bowen, pastor, conducting the last rites. A host

of friends were in attendance and paid their last respects to the fine character. Interment was made in the Citizens cemetery.

Those surviving are her husband, P. A. Buntin of this city, and four children: T. J. Buntin of Amarillo, Mrs. Mary E. Coe of Fort Worth, Mrs. J. H. Coe of Fort Worth and Fred Buntin of Clarendon. She is survived by three sisters, three brothers, all of whom are in Kentucky.

TO THE TAX PAYER DONLEY COUNTY

You are hereby notified that the Commissioners of Donley County have prepared for the year 1932 a budget now on file with the Clerk, subject to the action of the Board of Finance. The Budget will be presented before the Court in the next court room at the Court house in Clarendon, Texas, on Monday morning, August 29th, 1932, at 10 o'clock, when and here said Court will consider the approval or disapproval of the same, and all persons interested in said budget will then and there appear and offer objection thereto, if any they have.

WHY Does Laundry Washing Save \$\$\$

because Wet Wash Service is exactly what home washing gives. You pay from 50c to 60c for the average family washing.

COUNTING— soap, powder, bluing, starch, gas water, repair and depreciation on equipment, interest on investment, etc; the equivalent of this work done at home would cost approximately \$1.15

It is this substantial difference in cost that is daily prompting new customers to obtain from the laundry a better quality of work for less money. It will pay you to make this comparison, and to be one of our many customers.
