

# Election Produces Several Surprises As All-Record Vote Is Cast In County

## 4 COUNTY OFFICES TO HAVE RUN-OFFS

### STERLING CARRIES BY 200 VOTES OVER FERGUSON, HUNTER NEXT

Two thousand three hundred and fifty-seven citizens of Donley county marched to the polls last Saturday to break the record for votes cast in Donley County. This heavy vote was cast in the County Treasurer's race which evidently was of more interest to the voters than any other portion of the ballot. Governor Ross S. Sterling led the county for nomination for governor with a vote of 885 with Mrs. Ferguson nearly two hundred behind with a total of 691. Tom F. Hunter came in a strong third with 507 votes. An error in the tabulation on page six will be noted in the vote for Wolfe and Hunter.

James V. Allred overwhelmed his opponents with a 1615 ballot strength. Lee Satterwhite, Panhandle candidate for Railroad Commissioner and E. O. Thompson candidate for the short term Railroad Commissioner both led the ticket in the county with Col. Thompson polling a heavy vote.

Pink Parish of Lubbock led for Congressman-at-Large Place One with a two-to-one vote over his nearest rival, Mrs. Phebe K. Warner of Claude overwhelmed her opponents for Place Two with a heavy 385 vote. A spirited race between Sterling P. Strong and Julien C. Hyer developed in the race for Place Three with Strong eeking out a score of 481 to 443.

C. C. Small was returned to the Senate by a good lead, although his vote was greatly lessened than ever before in Donley county.

Judge A. B. Martin polled 1177 votes against Judge P. S. Pearson's 815 for Associate Justice.

A real scrap was registered in the race for representative with John Puryear leading Wishkamper, Hill and Duncan under the wire.

Judge A. J. Fires still retained the heavy vote of the county for District Judge with 1016 votes. Brown nosed out Templeton in Donley County although the latter is in the run-off with Fires.

John Deaver surprised his most ardent supporters with his great vote over Jas. C. Mahan. Walker Lane took over the office of District Clerk from A. H. Baker to complete the District offices.

Great interest was manifest in the County Judge's race with a heavy plurality being given Sam W. Lowe over J. C. Estlack and J. J. Alexander. For a time it seemed there might be a possibility of a majority for Lowe in the Saturday race, but late returns killed his chances. In a statement to The News late Wednesday Mr. Estlack said he hadn't made up his mind whether to enter the run-off with Mr. Lowe or not. He indicated that as far as he was concerned he would decline the race, however, there is time to change his mind. Mr. Lowe's vote in Saturday's race was 1040 against 627 for Estlack and 574 for Alexander.

W. A. Armstrong again will serve as Tax Assessor by his victory over Marvin Smith.

In the most spirited race of the election Mrs. Richard Wilkerson led the race for County Treasurer over Mrs. Linnie Cauthen and Hugh Brown with 892 votes to 772 for the present office holder.

W. G. (Bill) Word reaped the harvest from his withdrawal from the race two years ago for County Clerk with a decisive victory over Mrs. B. G. Smith 1445 to 898.

Mr. W. Mosley again polled the heaviest vote of the ticket to win the office of Tax Collector from A. N. Wood.

Sloan Baker, Smith Community teacher, rolled up 1218 votes to defeat J. B. Millsap and Mrs. Nora McMurtry of the office of County Superintendent.

R. Y. King failed to clear a majority over J. C. Swinburn and

## McKNIGHT BOY SUFFERS LOSS OF ARM IN CRASH

Ed Parmlee, sixteen year-old youth living in the McKnight community, suffered a mangled left arm last Monday night when the car in which he was driving crashed into a truck. The lad's arm was resting on the door of the automobile when the car was sideswiped in passing the truck driven by S. M. White, tearing the flesh from the bone. The accident occurred five miles west of Clarendon as the McKnight automobile was returning home.

The injured lad was rushed to the hospital here where he was given first aid. An examination found the member so badly mangled that it was necessary to amputate the arm near the shoulder. Reports indicate the victim will recover. Four other occupants of the automobile were injured in the crash.

Mr. and Mrs. Bernard James and children, Mary, Lucile and Bernard Van Eaton of Richmond, Virginia, arrived Monday for a visit to Mrs. James' parents, the Van Eatons.

Mr. and Mrs. Bright Tucker from Amarillo are visiting in the home of Mr. Tucker's parents, Mr. and Mrs. J. R. Tucker.

## ROTARY HEARS FROM DELEGATES

### CLUB PAYS EXPENSES OF GIRL TO CAMP FIRE EN- CAMPMENT THIS WEEK

Three members of the Clarendon Rotary club were absent last Friday at the regular luncheon when Rotarians Arch Dyer and O. L. Jenkins gave an interesting and constructive report on the sessions of the 41st District Rotary Presidents and Secretaries conference at Sweetwater. Many things were learned which will benefit the local club and the cause of Rotary throughout the country.

Motion was made and carried that the club would care for the expenses of one girl to attend the Camp Fire encampment this week. The International Service Committee with Rotarian A. T. Cole as chairman was in charge of the program and President O. L. Jenkins gave a very interesting and educational address on Rotary International.

Visitors for te day were Ray Stevenson of Casper, Wyoming, and E. A. Davis, Dallas, Texas.

## County Democratic Convention Saturday

Mayor W. P. Cagle reminds The News of the County Democratic Convention to be held at the Court House this Saturday afternoon at 2:30 o'clock. The County Chairman is especially desirous that a large group of delegates be present to voice their thoughts in the problems which will confront the convention. Everyone who is interested is invited to be present and take part in the activities of the afternoon.

R. J. Dillard in the race for County Attorney and will face the run-off against Swinburn.

H. P. Day defeated Leon O. Lewis for Justice of the Peace, Precinct 2.

In the Commissioners races only two precincts will have a run-off, Les Hawkins and G. W. Beck having won in the first primary. In precinct two Roy Beverly will battle J. H. Hurn for the position while Sid E. Harris and W. A. Poovey will settle their argument for the place in Precinct 1, Aug. 27th.

In the much discussed race for constable, Precinct 2, Mary Jo Chamberlain will do battle with Manley Ozler for the position, both having left G. L. Boykin at the post with three votes.

## Certificate Mens Meet to be Here

Wednesday and Thursday, August 3 and 4, W. S. Tate of Waco will be in the city to hold examinations for Certificate Masons. Mr. Tate is a state committeeman on Masonic work and is one of the most capable and learned men in the entire Order.

## RED CROSS FLOUR IS STILL READY FOR NEEDY

The half car of Red Cross Flour was supplemented with a whole car of the commodity a few days ago and officials in charge of the distribution state that disposition of the flour is being made satisfactorily with ever body concerned. The flour is being issued to the families of Donley County who actually need the commodity, but it is understood that this is not charity. The U. S. Government purchased a huge quantity of the grain from the glutted wheat market and is helping its citizens through the present crisis in this manner.

Those needing the flour may secure same by making their request to the county commissioner of their precinct who will "OK" the order for the flour.

Mrs. Emory Sager and son, Billy, from Childress spent the week end in the home of her sister, Mrs. F. E. Chamberlain.

Mr. and Mrs. Bransford Bulls visited in the home of Mr. Bull's parents over the week end. Bransford is attending the summer quarter of W. T. S. T. C. at Canyon.

Mrs. Seldon Bagby returned from Clarksville Friday where she has been visiting relatives. Mrs. Bagby's mother, Mrs. Lee Hayes returned with her to make her a visit.

## MEMPHIS AGAIN BOWS TO LOCALS

### HILLCROFTERS REGAIN WIN- NING WAYS SUNDAY WITH VICTORY AT MEMPHIS

Clarendon's hard hitting high riding followers of the glorified pool and croquet club, sometime referred to as the Hillcroft Golf Club, paid the threatening Memphis players a visit last Sunday and soundly thumped the Hillites about their handbox course to a 27 to 12 defeat. By virtue of the locals win Sunday Memphis lost practically any chance which they previously entertained to slip in ahead of the Hillcrofters for the championship of the Cap Rock Golf League. The victory on the other hand gave the locals a greater hold on the title as they have passed through their supposedly hard competition and will, if everything runs smooth, coast ahead under the wire.

Wellington stands between the locals and their dash for the title, and so far this season the Collingsworth county entry has been luckless in their competition with the three hot shots of the league, Clarendon, Memphis and Shamrock. Another advantage to the locals cause is that the Wellington players will be guests of the Clarendon players on the local lay-out. A win by a good margin would cinch the flag for the Hillcrofters.

The results of the matches with Memphis Sunday, Clarendon players named first are:

- Al Cook lost to Regnal Greenhaw, 4-2.
- Dude Gentry lost to Frank Foxhall 4-2.
- Dick Cooke won from R. V. West 1 up 19 holes.
- Pinky Kerbow lost to Carl Harrison 1 up 1 holes.
- W. H. Cooke won from J. B. Wright 1 up 20 holes.
- A. N. Woods lost to Thomas Hampton 3-1.
- Fred Buntin won from R. S. Greene 7-5.
- W. A. Wilson lost to L. M. Hicks 3-1.
- M. P. Gentry won from Ed Foxall 6-5.
- Kenney Lane won from O. V. Alexander 4-3.
- Bennett Kerbow won from G. B. Beard 6-5.
- Carl Parsons lost to M. J. Draper 1 up.
- Tom F. Connally lost to Horace Tarver 5-4.
- Wesley Knorpp lost to Frank Garrett 3-2.
- Homer Parsons lost to J. M. Foster 3-1.
- Hank Bagby lost to W. C. Dickey 1 up.
- Lee Casey won from T. H. Dever' 1 up.
- R. C. Weatherly lost to Frank Wright 1 up.
- T. M. Shaver won from Leon Piland 5-4.
- Ralph Kerbow won from David

## Legion Benefit Is Declared Success

The American Legion benefit show, "All Quiet On The Western Front," was declared a great success by Adjutant G. L. Boykin and every one is highly pleased with the outcome. Good crowds featured each performance of the splendid war picture and something like \$50 was realized and will be a big help in sending a delegate to the State Legion convention at Corpus Christi in the near future. The members of the Aubyn E. Clark Post requests The News to express their appreciation to Mr. Mulkey for the co-operation which made the show possible and to every one who had anything whatever to do with the success of the enterprise.

## SPINNING DEMONSTRATION WAS INTERESTING SHOWING

Although the high interest in the election Saturday detracted from the crowd attending, the spinning and cording demonstration by the club ladies in The News office was most interesting and fascinating. The spinning wheel used in the demonstration was over a hundred year old and was made by hand throughout. The ladies in charge were Mesdames M. L. Woods and A. C. Arnold, and were assisted by Miss Joe Ritter. The funds received from the exhibit were divided between the Naylor Home Demonstration Club and the County Council.

## BAND THANKS CITIZENS FOR TRANSPORTATION

The News has been asked to thank the citizens of Clarendon who donated their automobiles last Wednesday to transport the members of the Clarendon Band to the Pioneer Days celebration at Claude. The band gained quite a reputation and made a big hit with the people of Claude and Armstrong County and have been invited to come again whenever the opportunity permits. This Friday the band will make possibly the most unusual appearance ever attempted by any like organization. The full corps of musicians will be on hand to play for the mother of Mrs. G. R. Grant at her home near the Country Club. The old lady is 94 years of age and has wanted to hear the local band for the past three years, however, her health has been such as to make it impossible for her to leave home. At the suggestion of Mayor Cagle and other citizens the band has enthusiastically consented to make the trip and play a regular program for their admirer who has so patiently awaited her time to enjoy the band music.

Mr. Bill Green and sons Billy and Paul returned Sunday from a fishing trip in New Mexico.

## LOCAL LION HONOR ED IN CALIFORNIA

### SAM M. BRASWELL ELECTED TO INTERNATIONAL BOARD OF DIRECTORS

Friends of Sam M. Braswell were pleased last Friday to learn of his election to the Board of Directors of Lions International in a wire received from Ira C. Merchant, who also attended the convention at Los Angeles. Mr. Braswell was endorsed by the Texas Lions Clubs a few weeks

SAM M. BRASWELL

ago in Dallas for a position on the Board and his election brings a great deal of honor to the local club as well as to the retiring District Governor.

Ira Merchant, president-elect of the Clarendon Club, also was accorded a signal honor by the International convention when he was elected to serve on the nominating committee of the convention.

## GEORGE JONES RAISES LARGE CUCUMBER HERE

George Jones brought a massive three pound cucumber to The News office Wednesday. The over-grown pickle is eleven inches in length and ten inches in circumference. George says he has lots more fine cucumbers but he took a special liking to the one exhibited.

Mr. and Mrs. John Mayberry from Sayre, Oklahoma returned to their home Monday after spending several days visiting Lorraine Patrick.

## NEWS' ELECTION PARTY IS SUCCESS

### HUNDREDS CROWD STREET IN FRONT OF ELECTION RETURNS BOARD SAT.

In what was the most successful election party ever attempted in Donley County a crowd of nearly a thousand interested citizens swarmed the street between the First National Bank and Douglas & Goldston Drug Store and watched the returns as they were posted on the News' Election Board.

A record was established in that within five minutes after the polls were declared closed by the election judges the first count from both city boxes were posted upon the board. From that time on until nearly mid-night the huge crowd lingered and took a great interest in the votes as each county box was received and posted. State returns were received over long distance telephone and were announced to the crowd.

The News wishes to especially thank the following firms and persons for their splendid co-operation in making the Annual Party the success it was: Douglas & Goldston Drug Co., J. T. Patman & Son Insurance Agents, Drs. Jenkins, The West Texas Utilities Co., Dr. Sherman, W. M. Patman, T. D. Nored, Bill Dillard, A. L. Chase, H. Mulkey, W. A. Clark, Jr., and Harwood Beville who supplied the state returns from Amarillo.

## CHRISTIAN CHURCH DEDI- CATES BULLETIN BOARD

A very impressive and solemn service was held at the First Christian Church last Sunday evening when the members present dedicated their new Bulletin Board to the service of preaching the gospel along the highways. The board was placed in a prominent place in a prominent position and flooded with a bright light and all other lights in the building were cut off and the message of the board which was very appropriate for the occasion, could be read by all. The message was: "We dedicate this board to the proclaiming of Jesus Christ and His gospel along our highways." "Go out into the highways and hedges and compel them to come in, that my house may be filled" Luke 14:23.

## PAMPA REBEKAHS CONFER DEGREES ON LOCALS

Clarendon Rebekah Lodge No. 149 felt very much honored to have Pampa Degree Staff of Pampa Rebekah Lodge No. 355 with them at the regular meeting Friday night, July 22. Their Staff conferred the Degree on two candidates in a most creditable way. Their work was beautiful beyond description and perfect in every way. This team won the loving cup at Amarillo in April in a contest for being the most perfect staff present. They have a fine captain and are a jolly bunch of Rebekahs. Those present were: Mrs. Maggie Smith, Mrs. Mary Hickman, Miss Jo Ann Brown, Mr. O. G. Smith, Mrs. Roy Sullivan Winnie Roberts, Ora V. Sanders, Ada Johnson, Lizzie Walker, Katherine Woodward, Beulah Lee Robertson, Cara Lee Bear, Nettie Cottrell, Emma Calussen, Clara Noblett, Essie Young, Vesta Johnson, W. J. Bird, W. E. Palmer, Mrs. Lesta Fallowell, and Mrs. Elsie Paronto. Cake and ice cream was served to all at the close of the lodge.

Mrs. Walter Wilson and daughter, Jo Veta, returned Sunday from a trip to Carlsbad Caverns and other places in New Mexico.

D. P. Pope, Ernie Harden, and Dr. H. F. Harter returned the first of the week from their vacation spent in New Mexico.

## RESPONSIBLE GOVERNMENT VS FERGUSONISM

It is a fine thing to know that we live in a city, county and section of a state where the majority of the citizens expressed themselves so overwhelmingly in favor of a continuation of a responsible form of government over that of the filthy rule of Fergusonism. Even when the state as a whole sought to bring upon itself further humiliation and shame by the heavy plurality given Ma and Jim last Saturday, the Panhandle people showed the nation their heads were still up and were not willing to undergo another term under the vile corrupt graft of farmer Jim, using the skirts of his wife as a smoke screen behind which to hide his underhand methods.

Donley County has a right to be proud of the manner in which he vote was cast last Saturday and those citizens who cast their votes for that splendid gentleman and business man, To mF. Hunter, and other minor candidates will be honored to join again in Texas' greatest fight to erase the threat of Fergusonism ever from its political life, August 27th.

Ross S. Sterling for clean, dependable, honest and responsible government.

## ADVERTISING ADVERTISING

Newspapers are using brief statements in various ways for promotion of advertising. One publisher furnished a compilation which can be used as streamers or in boxes, as follows:

Whatever you buy—let the advertisements be your guide.

Advertising has established values and confidence. It's got to be good to be advertised. Look over the ads in this paper.

Advertising brings a new world to your home. Make it a daily practice to read the ads. Read the ads as carefully as you read the news articles.

Advertisements are printed for your convenience. They inform and save your time, energy and money.

Advertisements are your pocket book editorials. They interpret the merchandise news.

There's something in the advertisements today to interest you. Read them.

Read the ads. They are addressed to you personally. The advertisements bring you news of better things to have and easier ways to live.

Ads in today's news tell you how much foods, clothing and household needs will cost you before you go shopping. Go window shopping in your easy chair. Read the ads. Let the ads help you make your shopping plans.

Read the ads and grow wise in the ways of purchasing. There's big news for you in the advertising columns. Today advertising points the way to only real bargains. By reading the ads you know what the stores have to offer.

The advertisements are your guide to efficient spending.

The ads bring you information about quality, style and price.—Louisiana State Press Bulletin.

## HELP TO MAKE HOME TOWN BEST TOWN ON EARTH

Fair competition is the life of trade. Home business institutions that are helping to pay for the maintenance and improvements of a city, are entitled to the trade of the citizens of the home city.

Outside business concerns do nothing toward the building of the home city and local merchants should not be forced to compete with them.

Buying away from home should be stamped out forever. Every dollar and every activity should be united to make business of the home city better. Now is the time to get busy and make local business better.

Every citizen should take an active and positive stand on all things that go to make local business better.

All should take a mental inventory and find out how they stand in ability and honesty of purpose and willingness to make the home city bigger and better.

No man is a success who only enriches himself. The man is a success whose success enriches the community.

There is only one city in the world in which to live and prosper and that is the city in which you live.

A good way to boost the home city is to buy from the local business concerns who advertise in local papers.

Local advertisers are the people who lead in the things that keep a city moving forward in the march of progress.—Press, Guttenberg, Iowa.

## UNCLE SAM A HARD COMPETITOR

Uncle Sam may print envelopes in competition with local printers, do dental work in competition with dentists, he can loan money, run banks, conduct commercial shipping, handle railroads, buy wheat, sell groceries, and operate mills, but there is one thing that he cannot do, he cannot make any money or pay any dividends in conducting all this business. The taxpayer, who is called upon to meet all the

deficits, has found this out. Just as the government is going, into business, thousands of people are going out. In the meantime, taxes have increased in the Federal government by 730 percent, and those who still have a "going business" find it hard to pay this increase in taxes, much less meet Uncle Sam's competition, according to officials of the Minnesota Taxpayers Association.

America's greatness is built, not upon political officiousness, but upon the industry and the thrift of the rank and file of the American people.

When the government eventually finds its way back to its proper sphere, when it quits competing with its own taxpayers, when it commences again to deal successfully with crime, with taxes, and other functions, and when the individual learns over again that individual responsibility represents opportunity, we will again enjoy the fruits of our labor and our inventive genius, and we will get back to our normally prosperous condition.—Journal-Press, Buffalo, Minnesota.

## YOUR NEWSPAPER

The following was taken from a circular sent to retail merchants by a large wholesale house. The value of your local newspaper to the success of your business cannot be overestimated. It's worth all the support and cooperation you can give it. For the newspaper is a mirror reflecting the life of the community in which you and your store have an important part. Your advertisement is the reflection of your store in this mirror. Everybody sees it there. If it is not there, the mirror is dark where your store should be. You are there but cannot be seen. Your store is open for business as usual, but "Out of sight; out of mind!" To keep in step with the progress of your community; to get your share of business, you must advertise regularly. Take your newspaper publisher into your confidence; he can give you invaluable assistance. Establish an advertising budget. Plan a regular schedule for your advertisement. It's a policy that is followed by the most successful stores; it's an idea that will be profitable for you.—Stillwater, Minnesota, Gazette.

## HOW TO TAKE LIFE

Take it just as though it was—as it is—an earnest, vital and important affair. Take it as though you were born to the task of performing a merry part of it—as though the world awaited your coming. Take it as though it was a grand opportunity to do and achieve, to carry forward a suffering, weary, it may be heartbroken brother. Now and then a man stands aside from the crowd, labors earnestly, steadfastly, confidently, and straightway becomes famous for wisdom, intellect, skill, greatness of some sort. The world wonders, admires, idolizes, and it only illustrates what others may do if they take hold of life with a purpose. The miracle, or the power that elevates the few, is to be found in their industry, application, and perseverance under the promptings of a brave, determined spirit.—Mark Twain.

## EDUCATION AND BUSINESS

In the nations where education is widely diffused, the people demand better dwellings, better clothing, better food, better transportation, better sanitation and better facilities for recreation and learning.

In short, education and business go hand in hand. Taken by and large, business is good where education is good.

Education trains the leaders and experts for every sort of business and industry, and therefore plays an important part in the creation and distribution of wealth. Finally, education is largely responsible for stable government, without which there can be no business at all.—George H. Dern, Governor of Utah.

## EDUCATION, THE CINDERELLA

As long as the life of society goes on normally, education is generally acknowledged as an important social function, yet it does not attract much public attention; but when some crisis comes, when a depression is felt in the social atmosphere or some political cataclysm occurs, then people turn to education as a remedy and panacea against the evils of the time.—H. G. Wells.

**CARE - FREE**

The periods in life when one can be carefree are limited. Childhood is one of those periods, and rightfully so,—an inheritance due all. Other periods of carefreeness seldom materialize, except through an individual's own planning and consistent work to that end. Relief from financial worries brings a sense of carefreeness which well repays one for the effort made to save and to have, as hundreds of depositors in our saving department will testify.

The Inquiring Reporter is one of the most un-known writers of Donley County or any where. Her column is published in The News because it takes up space. The opinions she expresses are her own, no one across "with her" is responsible for the things she says. Her mutterings are not to be interpreted rationally.—Editor's Note.

I was hoping that I would win in the Primary last Saturday so I wouldn't have to worry about the Second Primary but there seems to have been some last minute lies told on me. A wet faction here put up as their candidate MANLEY so it made the race too close. I had been using a disgustingly SOBER PLATFORM and MANLEY came out "DRIPPIN' WET" and every day his platform got wetter so by the time Saturday came he didn't have a dry plank in it. I got 30 votes and he got 25. There were so many peoples names written in that there will have to be a RUN-OFF. But my platform is the same—

I stand for everything—right or wrong.

I am for the WETS when I am soliciting votes and for the DRYS when I am with them. You see my platform is plastic I change it to suit any voter.

Now I won't tell you a story and I won't tell you a lie on Manley but he is not the man for CONSTABLE. He bought votes last Saturday and campaigned too near the poles. I have questioned leading business men and they voted for my loving opponent because he bought them off. I will be an economical Constable, I'll see that no home town people are arrested and that my fees are at bargain prices.

I want to thank those thirty people who gave me their support last Saturday and please bring a friend and vote for me again—

Love to the Voters of Precinct No. 2.

"We shall reside at the Old Manse," said the bride.

And the reporter wrote:  
"When they return from their honeymoon the newly weds will live with the bride's father."

Did you know that every year every man, woman and child in these United States, statistically speaking, chews up over 100 sticks of chewing gum?  
I don't think that is very

ludicrous but it just started me wondering who is chewing my gum.

Read the notes of the Camp Fire Girls, they certainly are poets they can even get poetical over a mosquito bite. I bet they would appreciate a case of some kind of vermin killer as much as anything.

A very good friend and I fell out this week over money matters. I don't like to mention names You know for very good reasons because of a "MUTINY" or "FEUD". It started exactly two weeks ago. Back to my story, I was loitering in a confectionery across the street from the PRINTERY being a very agreeable ice water and electric fan customer. One of the BAR FLIES came in and bought some cream for himself and then said:  
"Jo, I'll buy you a dime drink."

Well at first I was stunned and LUMP was in a daze. I turned the problem over in my mind and said:  
"I believe I'll take a nickel one."

Lump looked at me like he could kill me, so the person left the nickel for my drink on the counter and walked out. I picked up the nickel, put it in my pocket and went on down the street and spent it.

(?) "I wonder if you'll love me when my hair has turned gray."  
(Earnest Kent) "Why not. I've loved you every time you have changed the color so far."

SMART, colorful, shimmery belts, made from the transparent coverings of cigarette, cigars, cakes, candy and other packages, are the season's craze both in New York and Hollywood, the movie folk sometimes making their belts on the lot between shots. links are hooked together by inserting the ends of one link through the side folds of another as shown in Fig. 4, in the circle.

For the square collapsible weave, the fold is the same as for the rickrack, but the strips are cut one inch wide by four-and-a-quarter long. The ends of the horizontal links are inserted through the side folds of the vertical ones. Then a second vertical is pushed through the side folds of the bottom horizontal and a second upper horizontal inserted. Another horizontal link at the top continues the weave.

The diagram of the diagonal collapsible weave shows the various steps for this design. The same size link is used as in the square. Many belts, when finished, look like mother of pearl and colorful buckles of plastic materials are to be had in many designs. Needle and thread may be used to secure the links if this is thought necessary.

I'll confess it was no easy matter to induce me to use my first sack of Pride of Amarillo, but now that I've found this better flour we're good friends for life. SPORT SLANTS

by AM BRAWELL JR.

Well, did all you folks enjoy the election Saturday? And did you have a good time at the election party Saturday night? Personally, I believe it was a huge success and everything went off with less friction than any election I ever remember. It's a great bunch of candidates we have here, folks, those being defeated were fine sports and in most every case congratulated their more fortunate opponents.

A. N. Woods says if Milt will ever join the golf club he'll beat the tar outta him.

and Mr. Smith is threatening W. A. Armstrong with a breach of contract suite unless the Armstrong family invites the Smiths over to enjoy Sunday dinner.

Judge Alexander is having the time of his life trying to find someone who voted for him in Saturday's primary—that's the kind of sportsmanship to be proud of.

Then of course there are the opposite sort, but thank goodness there's only a few, who are mad at everything and everybody and are blaming their downfall to the "lies" alleged to have been circulated about them. And again we repeat we are glad this class is made up of only a few. Donley's citizens are intelligent and vote according to their convictions.

This week the Clarendon golfers are leading the Cap Rock Golf League by the uncomfortable margin of exactly two points over the Shamrock players. The locals boast of a percentage of 667 with the Wheeler County shooters pouncing along at a 665 clip. The recent spurt of the Shamrock entry is nothing short of marvelous and is a splendid example of that most desired something in sportsmen called COURAGE and DETERMINATION.

The flop of the local golfers at Memphis against the Childress players two weeks ago very nearly spelled ruin for the Hillcrofters and unless the Wellington shooters are defeated handsomely in the final encounter of the League's schedule Shamrock will have the satisfaction and honor of nosing out the Clarendon entry for the championship.

The Hillcrofters' win last Sunday at Memphis helped a long way to hold the slim lead and definitely knock the Hall county golfers out of a possible chance to win the title.

Another thrilling baseball game was played at Lelia Lake last Sunday when Chamberlain nosed out the plucky and ever fighting Lelia club 7-6. Jones for the losers had plenty of stuff on the ball from the first and coupled with pathetic base running on the part of the Chamberlainites successfully kept is club in the front until the seventh when a six-run splurge drove him to the showers and placed Chamberlain away ahead. In the eighth with the score 7 to 2 Lelia began to take a liking to te offerings

Mrs. Mary C. Bugbee and daughters, Mary, Ethel, and Betty left for their home in Long Beach, California Wednesday after a visit in Clarendon with relatives.

served up by Frank Behringer, carrot topped kurler just returned from college, and added a run. In the ninth, Darnell, slugger deluxe, started things popping with a powerful drive to left which Reid failed to handle cleanly and it went for a home run. A few more hits and another run sufficiently urged Behringer to retire in favor of Roy Blackman who managed to subdue the enemy one run shy of the necessary quota needed for the continuation of diamond hostilities.

Everybody had a grand time and enjoyed the game to the utmost. Lelia states they are going to play Chamberlain all fall until they win a game from them. They don't mind trying anyway.

Folks, I would dwite a whole lot more, but Ill tell you when your help leaves you've got to work like the — to get the old sheet out somewhere on time so excuse me while I try to find my Constabling reporter and get her to working a little.

But before I close may I take a few lines, for a message to my sister, at Houston, who is celebrating her birthday this week. Lots of love, Sis, and may you have many more of 'em.

If the "gubner" don't quit getting elected to these high offices he will actually be thinking he's the boss around this establishment during his short visits to the city.

THE TEMPLE BUILT BY GOD, THE HOUSE IN WHICH I LIVE

III. "THE FRONTAL VIEW OF THE HOUSE, THE FACE" Text—Act 6:15

Would you like to have a beautiful face? The face is the frontal part of the house, the body, in which you live. You don't want to live in a house that has an ugly front. A beautiful face suggests a good and gracious home. Would you like me to tell you what kind of a face you have? Well I can see eyes and ears and mouth, a nose and a forehead and cheeks on each side of the face. You have seen your own face, ears and eyes. No one has ever seen his own mouth. There are mirrors that are not true, and there are photographs that are not kind. It is that something more in your face that I want to show you.

The story of Moses is interesting. He went up into a mountain and spent forty days with God. The longer he remained with God, the more beautiful his face became. We always take on the character and likeness of the things we admire. The face of Moses carried with it the thought of God, Whom he loved.

We would all like to see the face of Jesus. We don't know how He looked, yet we can well imagine the strength, the truth, the grace there was in His face. I am sure that you would like to have a beautiful face. Beauty is deeper than the skin and grace is of the heart. There was a Russian boy who was ugly. He had thick lips, small grey eyes, large hands and feet. He was very plain and he knew it. He prayed God that a miracle be

performed, and that he be given good looks. He became a well known writer. His name was Tolstoi. He grew to be a man noble in character, gentle in manner. He gave God and man the best he had. His appearance became changed, and Tolstoi became one of the truest and best men of his age.

Your thoughts, your temper, your habits will show themselves in your face, the sorrows you feel, the love you have, and the truths you accept will reveal themselves in the frontal view, of the house in which you live. When Christ is the invited guest

in your house, and you are faithful in your duties and obligations to Him, your face will light up with a new light and reveal the real beauties, as it did in Stephens face when he stood before his enemies.

To help brighten up your face, we will bring a lesson on "Christ, The Prophet" and "The Vine and the Branches" at our morning and evening services next Lord's Day.—W. E. Ferrell, Minister First Christian Church, Clarendon, Texas.

She Reduced 38 Pounds The Safe Way

"I have been taking Kruschen Salts for 4 months and I think they are wonderful. I am 32 years old and 5 ft. 2 in. tall. I was fat. I weighed 165 lbs. and now I weigh 127 lbs. and feel fine. If I let up taking the Salts one morning I feel lazy and heavy". Mrs. Florence Loftus, Boston.

This is just one of hundreds of letters we get every month—Kruschen not only causes you to lose fat but while you are losing it you gain in health—in vivaciousness—you lose fat where fat is most prominent and at the same time keep stomach, liver, kidneys and bowels functioning naturally.

Any drugstore in the world will sell you a jar of Kruschen for a trifling sum—take one-half teaspoonful in a glass of hot water every morning—go light on fatty meats, potatoes and sweets. But for your health's sake demand and get Kruschen Salts—imitations are numerous—It's the little daily dose that does it.

Miss Lon Naylor and mother, Mrs. Fanny Naylor are spending the week visiting relatives in Amarillo.

Mr. and Mrs. Perry Tunnell had for guests this week end his sister, Mrs. Smith and Miss Tunnell of Wichita Falls. They were enroute home from a vacation in the mountains in New Mexico.

Mr. and Mrs. W. M. Pickering and daughters Miss Lucille and son Leslie, and Edwin Evans returned Wednesday from a fishing trip to Elephant Butte Dam lake New Mexico. They report a wonderful time and brought home big fish tails.

Naylor will have the all-day singing the first Sunday in August, much to the disappointment of many.

Miss Lucille Pickering left for A. & M. Sunday, being sent by the 4-H Club to the short course. We are glad Miss Pickering represents us.

Every one at Naylor expressed themselves Saturday at the polls and are pleased at the outcome. We are up with farming and would like to see a rain.

Bits Of WASHINGTON'S Current Comment

Special to The Clarendon News

On the heels of a report that Congress will be in session all summer, comes another to the effect that adjournment is due in a week or ten days. The passage of the Relief Bill may have made an early adjournment seem more likely. The measure went to the president, and was vetoed, chiefly on the ground that it provided for loans to individuals. It is not likely that the veto will send the legislators back to the mines for another stretch. There seems to be an inclination to go while the going is good, and early get-away, such matters as if Congress does not make an alteration in the economy plan, the foreign debts, farm relief, and may take on so large proportions that they cannot be laid by until another session.

The Bonus Army is said to number about ten thousand. Reinforcements continue to straggle dollar fund approximately in the in, but the hundred-thousand dollar fund appropriated by Congress to get the veterans back home is being drawn upon somewhat heavily, and it is probably safe to say that the army is losing numerical strength, even though its courage shows no corresponding decline.

The bite of the tax bill is being felt, notwithstanding the fact that the law is hardly old enough to cut its teeth. Reports from the larger centers of population indicate that the tax on tickets to amusements has had no appreciable effect on attendance. Perhaps that is on feature of the tax that can literally be laughed off. Repeal of the check tax is suggested in the lower house.

Another "George Washington's headquarters" has been stripped of its sign, not because its claims have been disproved, but simply because they have not been proved. If someone had happened to write in his diary that General Washington had "headquarters" there, the verdict would have been the other way. With the advent of a writer having the courage to give oral tradition its just due, history may approach much closer to the truth than it does at present. The memory of the oldest inhabitant cannot always have been at fault.

"American soap is being imported into Manchuria for foreigners and western-trained Chinese." The Manchurians themselves apparently believe in obeying Solomon's admonition: "Remove not the ancient landmarks."

It is stated that communists in Poland attach their literature to dogs, and mutilated the animals under the supposition that they will run for help to someone who will read the printed matter. That is bad for the dogs, yet

the readers may have something worse in store for them.

With the Presidential campaign approaching the orators of both parties are preparing to point out the need of men of high aim. They can take as their text, the case of a Missouri store keeper who shot himself in the foot while trying to bring down a fleeing swindler.

The Scotch, of late, have been regarded mainly as furnishing material for jokes. The fire chief of Edinburgh has suggested that his department be supplied with an airplane equipped with means for fighting conflagration, and that is no joke, as any farmer will testify, whose house or barn has burned, with an elaborate fire-extinguishing apparatus a dozen miles away. The wonder is that no one thought of it before.

is said to be the cure for our present distress. Recalling what happened to the writer when, as a boy he was sent to hoe corn and slept comfortably on his back in the orchard instead, he takes no stock in the back-to-the-land plan as a means for avoiding trouble.

## NEW YORK-PARIS FASHIONS

EVENING gowns featured in the recent collection for Southern resort wear, present a new and picturesque loveliness that has not been seen for many seasons. One thing is certain—chiffons printed in vibrant shades of yellows, greens and capucine appear on black grounds, while chiffons and rayon ninos in plain pastel tones are highly accented by hand-painted floral designs. Bodices are quaintly styled, very often with cape effects, and ankle length skirts have an abundance of material, giving soft and graceful lines.

The gown sketched, for informal wear, from a recent New York review, is of white rayon nino, which is so adaptable to this particular season, it has a firm body weave. Large hand-painted poppies are centered in a most interesting manner on the skirt, and are repeated on the cape-scarf which follows the décolleté back. Ribbons are used extensively tied in huge bows with long trailing ends. On this gown, the ribbon is in a soft shade of green.

### CAMPING

As I lie on my cot and dream that my paddle blurs, The purple shade where the seaweed stirs, And hear the music of the babbling brook In the hush of the golden moon, It seems that to be a Camp Fire Girl And to camp in the great out-of-doors, It's a real life. So why not join us in our fun and camp?

Hulda Jo Cauthen  
Helen Goldston

Say, the camp is fine this year. We are having lots of fun swimming, dancing and cutting up in general. The eats are BIG and so are the mosquitos.

Elizabeth Sanders.

We sure are having a swell time, but the best part of it is we have plenty to eat and "boy" it is good! We surely do thank everyone who has sent us something. Every one is invited to our Council Fire tomorrow night. Remember anyone can send us things to eat.

Willie Maude Pratt (Tillie)

I am having a glorious time. Every night I enjoy listening to the bull frogs. The hogs and pigs keep us company all night and part of the day. We have lots of food and mosquitos too. Come to see us every one, please.

Thanks,  
Frances Fowler.

Come on out folks and we'll sure teach you to swim. I'm sure learning how myself, and having a good time.

Louise Russell.

I am having a very good time, thanks to every one.

Virginia Butler.

We are having a swell time regardless of the flies, mosquitos, ants, bugs, etc. The meals are great and the swimming grand. The members of the Country Club have been very thoughtful in providing us a place to swim. As every one has been on a hike, we are all either blistered or have a coat of tan.

Eloise Hill

I'm having a lovely time and I am enjoying every minute of it. The eats are good and there is plenty of them.

Avis Lee McElvaney.

We are having a wonderful time and enjoying the eats.

June McMurtry.

Roses are red,  
Violets are blue,  
Trying to build Pyramids  
Is a hard thing to do.

Frances Sanford

This camp life, it's fine, just all of the time,  
And we like it—we'd say we do.

But the flies make us rise  
The worms make us squirm  
And the bugs drive us buggy,  
'tis true.

Our backs look like gardens  
abloom,  
Our slumbers at night  
Are a terrible fight

Mr. and Mrs. Alfred Weir who have been visiting in the home of her sister, Mrs. Fred Rathjen, returned to their home in McAllen Texas last week.

A forest of communication systems, the set-up for the Xth Olympiad, July 30 to August 14, looms as the most complete in all athletic history.

With 140 athletes from a score of nations already living in Olympic Village, international dwelling-place for the more than 2000 athletes from 50 nations in the Games; and with countless thousands of visitors treading by auto, by scores of railroad lines, by bus, by air to the Games, the rush of final preparations is on.

Making Los Angeles literally a whispering gallery of Olympic communication, more than 270 telephones with operators speaking four languages, English, Spanish, German and French, have been set up. 40 operators in one office alone are answering requests for information on the Games.

Six teletype machines, connecting to the nine stadiums in which the 135 events of the Olympiad will be staged, along with the Olympic Village and the offices of the Olympic Committee, have been installed.

Frances Bult, Australian swimmer now here for the Games, found out a few days ago that even continents have been interlocked for the Olympiad, when the American Radio Relay League station W6USA at Olympic Village relayed her message to her parents in Australia.

The league station, operated by amateurs, and connected with receiving and sending stations in each of the Olympic nations, will be operated during the Games for the use of the athletes.

Far Cry From Greece to Los Angeles  
Pity the heralds of an ancient day, who ran a bunion derby

through Hellas and all the lands of the Mediterranean, over mountains, fording streams, climbing over rocks, traversing wastelands, calling the ancient world to the Olympiad Games every four years.

And rejoice in the invisible wires of the modern day, in the marvels of science making possible a concourse of the finest manhood of 50 nations in the most international of all contests, this July 30th to August 31st.

Speaking of the many Greek precedents for the modern Games, few Olympic spectators will know that even our words "skull" or "deadhead," figures of present-day speech meaning free passes to sporting events, are derived from the fact that the ancient tickets were in the shape of a skull.

Modern Greek Invasion  
Indicating that Greece, mother of Olympism, is far from allowing the ancient custom to die a natural death, 45 Greek athletes are scheduled to participate in the Games.

The sons of sunny Greece are expected to excel in wrestling and weight-lifting, Greek athletes being entered in every division of these events. Resolved to give Italy, which cleaned up in the boxing events the '28 Games run for its money, Greece is entered in every boxing weight division. Greek track and field stars will also be very much in evidence.

A mark of honor to the original Olympic nation, the Grecian team will march at the head of than 2000 athletes, their consuls, the stirring procession of more attaches, and trainers in the opening ceremony, July 30. The rest of the nations will follow

in alphabetical order, avoiding cases of injured pride. The United States, as host nation, one of whose athletes will take the Olympic oath in the name of all the rest of the athletes, brings up the rear.

### Man-Mountain of South Africa arrives

From Greece to South Africa is no picnic jaunt, nor is that from South Africa to Uncle Sam's campaigning-ground; but South Africa cables intentions of being in on the big show in a big way.

Besides Daniel J. Jaubert, "The Wykoff of South Africa", who makes a practice of Equalling the 100-meter spring records and who is down for the 100, 200 and 400 meters, Harry B. Hart, South Africa's weight-event sensation scheduled to be on hand. Hart throws the shot, discus, and javelin for record-smashing distances. A sign of danger to Douda of Czechoslovakia, Hirschfeld of Germany, and the American shot-putters, the South African giant is unofficially recorded as having put the shot 53 feet, 3 inches.
