

Donley Motorcade To Visit Fair Thursday

Highway 88 To Be Rerouted According To New Plans

PLANS MADE FOR CLARENDON DAY

GOOD DELEGATION EXPECTED TO MAKE UP MOTORCADE TO TRI-STATE FAIR

Thursday, September 24th will be Clarendon and Donley County Day at the Tri-State Fair.

The chamber of commerce has arranged for an organized delegation to visit the Amarillo Exposition on that day.

The crack Clarendon High School band will accompany the trippers to the exposition city and will be heard at a number of places in the city and fair grounds throughout the day.

The Junior College broadcast will begin at 8:30 p. m. over station WDAG and will consist of the following numbers.

Piano Solo—Miss Christine Stroder. Instrumental Solo—Gus B. Stephenson.

Violin Solo—Mrs. G. L. Boykin. 3 minute Talk—W. A. Clark, Jr.

JUDGE PORTER IS B. M. A. SPEAKER

DISCUSSES LIENS AND CONTRACTS AT MONTHLY FEED TUESDAY

The monthly dinner of the Clarendon Business Mens Association was held Tuesday evening at the Clarendon Hotel.

Some fourteen were present and enjoyed the address of Judge Ralph Porter who took as his subject the different forms of mortgages, liens and contracts.

E. P. Shelton reported on the preliminary meeting held in the afternoon by representative business men on the unifying of charity efforts in Clarendon.

CLUB ROOM TO HAVE BIG BENEFIT MONDAY-TUESDAY

The women of the city who have the interests of the Club Room most at heart are planning for a benefit show at the Pastime Theatre Monday and Tuesday of this coming week.

4-H PANTRY IS PLACED IN NEWS

EXHIBIT TO BE COMPLETED IN IMMEDIATE FUTURE. IS FINE

The annual showing of the 4-H pantry is being held at the present in The News office, where the shelves have been placed and where those interested parties may see just exactly the amount of space needed and the manner of placing their products in the shelves after they have been canned.

The showing this year is the second that has been made and already numbers of interested persons have stopped for a look at the partly filled shelves.

Shelves in the pantry are not quite filled, but will be completed in a short time.

Mrs. Eula Cox, who has been away from home since the first of July on account of illness is home greatly improved.

Elvis French is in charge of the operating room at the Pastime Theatre while Lee Casey is away on vacation.

ATTENDANCE DISCUSSED BY CLUB

ROTARY CLUB WILL PURCHASE AND INSTALL ROAD SIGNS SOON

The Clarendon Rotary Club authorized the purchase and installation of three club welcome signs to be set up on both limits of the city on Highway No. 5 and on the entrance of Highway 88 into the city from the north.

The question of attendance was called to the attention of the club and the attendance percentage of all the Rotarians individually were read to the group since January 1st.

An interesting comparison was brought to light when Rotarian Olin Quattlebaum of the 100 percent record.

An announcement of more than passing interest was made in that on the next meeting of the club District Governor Tom D. Brooks of the 41st District will be present and will address the members of the organization.

Mrs. Carlos Grissom of Oklahoma City is visiting with her sister, Mrs. Carl Saye.

Mr. and Mrs. Harry Brumley are looking after real estate interest at Dimmitt this week.

Third Outing Planned For Tuesday

The third outing of the American Legion of Clarendon has been planned for Tuesday evening of this coming week.

As before, each member of the Post who attends is asked to bring sufficient food for himself and one other for the reason that he alone will consume twice as much as ordinary.

An especial invitation is extended to all Ex-Service men, they being asked to attend whether they are members of the Aubyn E. Clark Post or any other.

Mrs. Ralph Bourland and little son, Hardy Mac, returned to their home at Quail Sunday, they were accompanied by Mrs. David Johnson.

J. P. Kercheville left Friday for his home in San Marcos after a visit of a week here in the home of his nephew, T. M. Pyle.

FREE PLAY TO BE MONDAY EVE

CHURCHES SPONSOR LAW ENFORCEMENT WITH PLAY "WHO KILLED WRIGHT"

A group of 23 citizens from the Clarendon churches, assisted by the Superintendent of the Texas Anti-Saloon League, will present the widely heralded murder trial entitled, "Who Killed Wright?"

A model court room will be set up in the church. The "trial" is designed to bring out the prohibition law enforcement situation, as it progresses with the persecution of Bill Ray, who plays the part of the defendant, who is alleged to have killed his best friend during a drunken spree over a sixth of a pint of alcohol.

In addition to Bill Ray representing the defendant, S. W. Lowe will act as the Judge, whose court is conducted in a dignified manner.

W. L. Clappitt, W. A. Armstrong, R. L. McGowan, Roy Clayton, J. H. Hurn, D. O. Stallings, W. Z. Borron, Will Montgomery, Tom Keener, O. C. Watson, E. V. Quattlebaum and Joe Goldstein are the members of the jury summoned in the trial of the case.

Atticus Webb, Superintendent of the Texas Anti-Saloon League, will defend Bill Ray and R. Y. King will be the Prosecuting Attorney.

Admission free. You are urged to be present and see this impressive drama.

Miss Marguerite Mullians from Rowe Ranch spent the week end with her aunt, Mrs. J. H. Casey.

Mr. and Mrs. John McClenny of Amarillo visited with Mr. and Mrs. C. C. Pipes Sunday.

Mrs. Wiley Morris was called to Panhandle Tuesday by the death of a niece.

GOLF TOURNEY STARTS SUNDAY

DONLEY AND HALL GOLF TOURNAMENT WILL BEGIN ON LOCAL COURSE

Plans have been completed and are under way for the two county, Hall and Donley, golf tournament which will begin on the Hillcroft course this Sunday.

The five clubs of the above mentioned counties, namely Memphis, Turkey, Esteline, Hedley and Clarendon will have strong representations entered in the play with something like one hundred golfers present.

The prizes shall be equal in all four flights and shall consist of only the entrance fees of \$1.00 per player. Three prizes will be awarded in each flight, being divided into three shares of 40 percent and 25 percent.

Local golfers are enthusiastic over the unique tournament and reports from the other four clubs indicate that a splendid group of golfers will be in action on next Sunday.

LEGION SELECTS OFFICERS FOR '32

MEMBERSHIP CAMPAIGN OPENED WITH MUCH INTEREST TUESDAY

Although the selection of officers for the coming year was one of the paramount issues before the Aubyn E. Clark Post of the American Legion at their meeting Tuesday of this week, the opening of the annual drive for membership came only second in line with much interest and many members coming into the Post at that time.

In selection of officers for the coming year, L. N. Cox was chosen Commander; H. R. Kerbow was elected First Vice Commander; Guy S. Pierce Second Vice Commander; G. L. Boykin, Adjutant; Tom Tucker, Sergeant-at-Arms; H. T. Burton, Historian; Chas. B. Trent, Liaison Officer; C. J. Douglas, Service Officer; E. W. Moore, Chaplain and R. Y. King, E. R. Andis and C. Huffman as Executive Committeemen.

Installation of officers followed the election, this latter being held by Legionnaire M. L. Stricklin, former member of the Groesbeck Post.

In direct connection with the membership campaign, fifty window cards and two large posters have been ordered for use during the intensive drive that starts October first.

Legionnaire Ralph Andis was selected by the Commander to act as the representative of the Legion in the organization of the United Charities in Clarendon.

Retiring Commander Miller and Legionnaire Andis each spoke for the co-operation of every member in a campaign for this year.

A picnic plan for Tuesday evening of next week was made and was followed by adjournment.

First Shoot Will Be Held Sunday

Rifle fans will receive their first opportunity to enjoy the new range next Sunday afternoon when the members will meet at the range and indulge in the first shoot of the season using the 200 and 300 yard ranges.

Target carriers were placed last Sunday afternoon and the above mentioned ranges will be temporarily completed by the end of this week.

According to officers of the newly organized rifle club the Sunday afternoon shoot will begin shortly after 1:00 o'clock, and all interested spectators are invited to drive out on the J. A. to Sandy Pasture where the range is located and witness the new sport.

A. L. Chase, Lee Casey and Rhodin Chase left this morning for Boulder, Colorado where the latter will enter U. of C. for the coming term.

STOCKING SPEAKS TO LIONS TUESDAY

Hobart E. Stocking, who spent two years in Portuguese West Africa, was a guest at the Lions Club Tuesday of this week and gave several of his most interesting experiences while on that continent.

RETURNED VISITOR TO AFRICA ENTERTAINS LIONS WITH EXPERIENCES

All business is handled through a Government agent and to an American citizen, are mostly unsatisfactory. The dealings Mr. Stocking had were primarily with the natives, he finding them in the main thoroughly subdued.

The only diversion offered in their portion of the entire continent was hunting. The buffalo, particularly as found in Angola, proved to be one of the most belligerent animals ever seen and as wily as any ever encountered.

Their tricks were often sufficient to put the most experienced hunter to flight. The rifles used were high powered and carried a sufficiently large bullet to stop even an elephant.

Roll call was answered by the side on which the member was placed in the contest.

A committee to meet with other men of the city to prepare plans for the charity work for the year was asked and inasmuch as the Community Welfare Committee could not act, a new committee was named, formed of Lions W. A. Wilson, Sam M. Braswell and C. J. Douglas.

Clarendon Day at the Tri-State Fair was announced for Thursday, September 24th.

Guests for the day included Mrs. Richmond Bowlin, M. M. Noble and Rev. John Crow from McLean.

Adjournment followed the singing of the first verse of "America."

Mrs. L. L. Swan left last week for an extended visit with her parents of Wellington, Kansas.

CITY JOINS MOVE FOR LOWER RATE

CLARENDON ONE OF FORTY-FIVE TEXAS CITIES TO APPEAL TO STATE

From Austin comes the news that investigations will be begun at once on the appeal of forty-five Texas cities asking that action be taken on certain public service utility concerns looking to lower service rates by reason of higher profits than justified.

Mayor Cagle told a News representative this week that he had been informed that a certain local citizen whose name he did not divulge would begin the circulation of a petition in a few days calling for an election on a proposed bond issue to buy or build, and operate a gas distribution system in Clarendon.

It seems to be the style over the Panhandle just now for cities to demand lower phone, gas and electric rates, and in some places the movement is meeting with success.

BRONCS TO PLAY FLOYDADA FRIDAY

The Clarendon High School Bronchos will meet the Floydada high school eleven on the latter's home grounds tomorrow afternoon, providing sufficient means of transportation is offered the local squad.

CARS ARE NEEDED TO TAKE MAROON SQUAD TO SCENE OF BATTLE TOMORROW

The Floydada school always has a strong team, as will be remembered by the fans who witnessed the last encounter between the two elevens back in 1928 when that team handed the Championship Broncos a sound beating in the bi-district play-off.

A fine time and a good game is promised those who will go with the team, and an urgent request has been made by the coach for several cars which will take the Broncho players to the site of the enemy stronghold.

Those who wish to make the trip please get in touch with either of the local messes, Frank Stocking or John Hutton.

LELIA LAKE TRUCK FARM REPORTS SPLENDID WORK

The Reynolds and Cruse truck farm at Lelia Lake is reporting a splendid year's business despite the fact that conditions are not all they should be.

Mr. Reynolds was in the office the latter part of last week and stated that although the tomato run had barely started that they could hardly supply the demand placed on them.

Mr. Reynolds also stated that they would have other and more varied line of fresh vegetables at a little later date this season.

STATE HIGHWAY 88 ROUTE IS CHANGED

COMMISSIONERS COURT SUBSTITUTES ONE MEMBER OF HOSPITAL BOARD

Announcement from the office of the County Judge Wednesday afternoon will no doubt be of interest to the citizens of Clarendon and Donley County, regarding the new designation of Highway No. 88 and the appointment of a new member to fill the vacancy of Mr. J. G. McDougal on the hospital board.

The change in the routing of Highway 88 will only affect the last two miles of the road leading into the city.

Dr. J. W. Webb of Hedley is the only new hospital board member to be appointed by the Court in session yesterday.

Inspection of the hospital was made by the commissioners and all were satisfied with the progress of the work being done at the county institution.

WINNERS NAMED IN AUDITION HERE

ELBERT BOWEN AND CECIL HUKEL WIN TRIAL IN STATE AUDITION, DALLAS

Miss Hukel and Mr. Elbert Bowen demonstrated their vocal talents last Saturday evening when they were declared winners in the first Donley County Atwater Kent Radio Audition Contest over a splendid field of contestants.

The magnificent tone qualities of Mr. Bowen's baritone voice won the decision for him over the fine presentations of the other male contestants.

The county winners, by virtue of their selection Saturday evening have gained the right to meet other county winners in the audition contests to be staged in Dallas next month.

CITY PROVIDES WATER FOR FARMERS' TEAMS

For some time there has been no public watering trough for the teams and livestock in Clarendon, but now as the cotton season begins such has been provided by the city.

A stock tank for watering the thirsty mules and horses will be found on the Bennett & Sims lot just east of the Foxworth-Galbraith Lumber yard.

Mr. and Mrs. Tom F. Connally spent the week end at Tullia where they visited with relatives and friends.

THE CLARENDON NEWS

Entered as second-class matter November 8, 1909, at the post office at Clarendon, Texas, under the act of March 3, 1879.

FOOTBALL IS WITH US AGAIN

Football, the king of American sports, is with us again, and some teacher is going to make himself unpopular by insisting that members of the squad do a little studying.

Some people have such strange ideas.

HOW'S YOUR EYESIGHT?

A Denton tourist stopped at a filling station in Arkansas. The tourist asked as to conditions this year, and got the reply, from the Arkansas philosopher, "Well, last year we had a drought, but this year we've plenty of farm stuff, and I predict there will be more 'fat-naked' people this winter than we've ever before seen." 'Twould seem that the Arkansan is not perturbed about eating.—Denton Record.

ANOTHER ARGUMENT FOR CAREFUL DRIVING

School days are here again, and daily there are thousands of children on the streets and highways to and from school.

This is another powerful argument for careful driving, and the willful, reckless person at the wheel is low indeed, if they make no effort to avoid accident when the kiddies are abroad.

Drive carefully and protect the kiddies.

TRI-STATE FAIR NEXT WEEK

At Amarillo all next week the Tri-State Fair will be open to the people of the Southwest and the nation.

Donley County will have a splendid agricultural exhibit in that division, aside from all the individual entries in many other departments, and hundreds of Donley citizens will go to Amarillo to view the exhibits of Panhandle progress and mingle with the best people in the world.

Thursday, September 24th is Clarendon and Donley County Day at the Fair and headed by the Clarendon High School Band a large delegation from over the county is expected to impress the Fair throngs that day.

DR. HILL IS NOMINATED

Dr. J. A. Hill, president of the West Texas State Teachers College at Canyon, has been put forth by the teachers of the Panhandle as a candidate for the president of the Texas State Teachers Association.

The election will be held in November when the association meets in annual session at Amarillo, along about Thanksgiving time.

Panhandle teachers are unanimous in backing Dr. Hill, and all citizens of this section unite in wishing success to Dr. Hill's candidacy.

Dr. Hill is a man too broad to be a sectional candidate, and he is an educator of such outstanding achievement that his election will reflect honor on the profession in Texas, as it guarantees an administration of vigor, accomplishment and ideals.

We are wishing the Association well when we hope for the election of Dr. Hill to its highest executive position.

A FINE OPPORTUNITY FOR CHOOSING

Conditions such as we now face and which will likely continue to a degree all next year, mean that voters in Texas and all over the states will have the largest crop of candidates to pick from they have ever known.

In the primaries and elections next year, there will be several times as many citizens seeking public offices as ever before witnessed. Most of them will frankly tell you that they want the office for the salary it pays, and will promise their best efforts if elected.

The public service is suffering in many counties by the lack of efficiency in office, and next year will therefore be a great opportunity for the people to get better (?) talent on the payroll from such a cloud of candidates.

The results, then, will rest on the judgement of the voters—which hasn't been anything to crow over in the past.

Its going to be a big show next year. Get your poll tax receipt which is the ticket of admission and get ready to take your pick. Don't growl, if you don't like what you have, try and get an improvement.

HOT SHOTS HERE AND THERE WITH THE EDITOR'S CLIPPERS

HOW'S THIS FOR SYSTEM

A wholesaler, tired of waiting for a Northwestern Missouri grocer to pay his bills, finally wrote him a threatening letter, says an exchange. Back came the reply: "Dear Sir—I'd like to know what you mean by sending me a letter like you wrote on the tenth instance. I guess I know how to run my business. Every month I put all my bills in a basket and then figure up how much money I got to pay on my accounts. Then I blindfold my clerk and he draws out as many bills as I have money to pay for. Now if you don't like my way of doing business, I won't even put your bills in the basket.

"Very truly yours."

Mrs. Talkalot—Let's see, whom were we discussing?
Mrs. Jabberly—I forgot. Who went out last?

Penelope—Some terrible things can be caught from kissing.
Theresa—Yes; you ought to see the poor worm my sister caught!

I'd like a couple of hard boiled eggs to take out, said Elmo Weatherell to the girl at the lunch counter.
All right, replied the waitress with a smile, you'll have to wait. Mamie and I don't get off until ten.

Flapper—He said that when he looked at me he was reminded of Raphael's angel!
Young Guy—Yes; Raphael's angel was painted too.

Husband—What would you do if I should die and leave you?
Wife—Leave me how much.

That absent-minded professor is really very quick witted.
How's that?

When his wife caught him biting the maid on the ear he turned around and kissed a pork chop.

Sir, said the maid, quite haughtily, either take your arm from around my waist or keep it still. I am no ukulele.

This license entitles you to one deer and no more.
But I ask for a hunting license, not a marriage license.

Old Gentleman (in street car)—Has anyone here lost a roll of bills with an elastic around them?
Yes, I have, cried a dozen old men.

Old Gentleman—Well, I just found the elastic.

Cohen—Oh, Ikey, guess vot I got at my house.
Ikey—Vot, a little home brew.
Cohen—No, no, Ikey, a little Hebrew.

Mary, aren't you getting to big to play with boys?
No, mother, the bigger I get the better I like 'em.

Mistress—Did you vere empty the water under the refrigerator?
Green Girl—Yes'm, and put in some fresh.

AUTOMOBILE REGISTRATIONS DECLINE IN AUGUST

AUSTIN, Texas, Sept.—Automobile registrations in ten Texas counties during August declined 32.5 percent, from 3,665 during August, 1930, to 2,480 in August, 1931, according to the Bureau of Business Research of The University of Texas. During the first eight months of 1931 a total of 24,919 cars were registered, a decline of 27.5 percent from the 34,377 registered during the corresponding period of 1930. These figures were compiled in cooperation with the Texas Automobile Dealers Association, and represent registrations in the following counties: Bexar, Dallas, El Paso, Galveston, Harris, McLennan, Nueces, Potter, Tarrant and Travis.

Texas produces approximately 90 percent of the nation's mohair, and approximately 58 percent of all wool produced in the United States.

KEEPING UP WITH WEST TEXAS

A federal building and post-office costing \$130,000 is to be built at Sweetwater on a site purchased seventeen years ago for that purpose.

The Texas and Pacific Railway company has just completed the construction of a \$30,000.00 passenger station at Sweetwater.

Twelve hundred pounds of Bermuda onions were produced on one-fifteenth of an acre at Snyder where onion growing is gaining favor and volume.

Sweetwater is one of the smallest cities in West Texas that boasts the dial and toll terminal equipment in their telephone system. An \$8,000.00 telephone building has just been completed at Sweetwater.

Big Springs, Texas, is to have a combination city auditorium, city hall and fire station to cost \$200,000.

Ten additional miles have recently been added to the twenty-one miles underground in Carlsbad Caverns near Carlsbad, New Mexico.

A large Guard Armory costing \$30,000.00 is to be built at Clovis, New Mexico.

An oil refinery with a daily capacity of 300 barrels of gasoline is under construction at Fort Stockton, Texas.

The Pecos Valley of Texas leads the United States in production per acre of green beans. One hundred fifty-five bushels per acre were harvested from the first picking this season with an estimate that twenty-five percent more will be gathered on subsequent pickings.

San Angelo, Texas, with a total of \$8,750,000 in its four banks boasts the largest bank deposits of any city between Fort Worth and El Paso.

The production of Irish potatoes on a large commercial scale was successful at De Leon, Texas, this year when forty thousand pounds were shipped and yields ran as high as seven thousand pounds per acre.

COOKED MEATS

Fresh every morning from choice cuts of beef. Try an order today and be pleased with the results you get from every day meals.

Pen-Fed Baby Beef with the flavor you like. It's the best we've had this season.

You Can Make Your Own Electric Rate

Your true electric rate is not the amount paid per kilowatt-hour for service used on the first or top step—but the net average cost per kilowatt-hour for all current consumed. Residential customers of the West Texas Utilities Company paid, during 1930, an average of only 6.5c per kilowatt-hour—and those customers using an electric range and electric refrigerator received service at an average rate of approximately 4c per kilowatt-hour!

The statement, then, that "you can make your own electric rate" is obviously true, for the more you take advantage of the many conveniences and comforts of electric service, the more inexpensive your service will become. The addition of new Electrical Servants will reduce your average cost per kilowatt-hour and bring you new comforts and conveniences worth far more than the slight cost of the additional service required.

The average residential customer now uses fifty kilowatt-hours per month. He could increase his service to three times that amount and only increase his total bill by approximately 10c a day.

Investigate the possibilities of complete household electrification. You will be surprised to find the equipment exceedingly moderate in first cost, and the operating expense ridiculously low.

West Texas Utilities Company

Today Marks 144th Birthday Of Our National Constitution

THE ANNIVERSARY OF OUR CONSTITUTION

On September 17 every good American should fix his thoughts on the event which, 144 years ago, made possible this very existence as a citizen of the United States. On that date, we are informed by the United States George Washington Bicentennial Commission, nearly a century and a half ago, George Washington transmitted to the President of the Continental Congress the new Constitution of the United States of America.

Four years ago, in 1927, there was published by order of Congress what is known as House Document No. 398, entitled, "Documents Illustrative of the Formation of the Union of the American States." In this bound volume of 1115 pages is contained the exact wording of every step in the building of our government from the Declaration and Resolves of the First Continental Congress, October 14, 1774, through the adoption of the Constitution and its later amendments.

Every American citizen should go to his nearest library and spend as much time as he can over this great lesson in the history of this country and its Government, which he will find in the absorbing pages of this volume which Congress ordered printed for such indispensable instruction of the people.

The Declaration of Independence, which we will find in it he learned in his first school years, but much else in the book, such as the Articles of Confederation in force from March 1, 1781, until the adoption of the Constitution will be less familiar and of absorbing interest. But his chief interest will center in the labors of the Convention called by the Annapolis Convention and the Continental Congress to "remedy defects of the Federal Government"—the Convention presided over by George Washington. To remedy those "defects," that Convention found it necessary to draft a wholly new Constitution for the United States and in this House Document is to be found an exact reprint of the manuscript notes kept throughout the proceedings of the Convention by James Madison, delegate to the Convention from Virginia, and one of the guiding minds in the framing of the Constitution itself.

It is odd, now, to think that the members of that Convention complained among themselves of the length of time they consumed in shaping the foundation of our democracy. The delegates assembled on May 25, 1787 in the same

chamber in Independence Hall Philadelphia, in which the Declaration of Independence was adopted and signed. At the same desk where President John Hancock had affixed his flourish to the former great state paper, sat George Washington, victor of the War of the Revolution, and now presiding over this assembly to provide the country with a federal constitution. For a little more than four months the debate over that instrument went on until, on September 17, it was ready for transmittal to Congress and for ratification by the States.

The bare notes of this debate cover a thousand pages. We of today, aware as we are that the Constitution produced by that debate is a nearly perfect governmental instrument, destined to outlast the ages, may marvel that it took so brief a time and cost so little difference of opinion. Yet the distinguished delegates to the Convention became so concerned over their wrangles and over the time they were consuming that Madison records Benjamin Franklin as rising at one point to beg leave "that henceforth prayers imploring the assistance of Heaven, and its blessings on our deliberations, be held in this Assembly every morning before we proceed to business, and that one or more of the Clergy of this City be requested to officiate in that service."

The motion was promptly seconded, but Madison reports that "Mr. Randolph proposed in order to give a favorable aspect to ye measure, that a sermon be preached at the request of the convention, on the 4th of July, the anniversary of Independence."

What the delegates urged and argued, the ballots they took, how they put together, line by line, this Constitution of ours, as faithfully reported by the great eye-witness and participant, Madison, reads like what it is—one of the dramas of history.

Finally on September 17, 1787, the president of the Convention and the man soon to be first President of the United States, was able to send to the President of the Continental Congress this letter which sums up not only the Constitution itself but the efforts that went into its making:

"In Convention, Sept. 17, 1787: 'Sir: 'We have now the honor to submit to the consideration of the United States in Congress assembled, that Constitution which has appeared to us the most advisable.

"The friends of our country have long seen and desired, that the power of making war, peace,

and treaties, that of levying money and regulating commerce, and the correspondent executive and judicial authorities should be fully and effectively vested in the general government of the Union; But the impropriety of delegating such extensive trust to one body of men is evident—Hence results the necessity of a different organization.

"It is obviously impractical in the federal government of these states, to secure all rights of independent sovereignty to each, and yet provide for the interest and safety of all: Individuals intermingling into society must give up a share of liberty to preserve the rest. The magnitude of the sacrifice must depend as well on situation and circumstances, as on the object to be obtained. It is at all times difficult to draw with precision the line between those rights which must be surrendered, and those which may be reserved; and on the present occasion this difficulty was increased by a difference among the several states as to their situation, extent, habits, and particular interests.

"In all our deliberations on this subject we kept steadily in our view that which appears to us the greatest interest of every true American, the consolidation of our Union, in which is involved our prosperity, felicity, safety, perhaps our national existence. This important consideration, seriously and deeply impressed on our minds, led each state in the Convention to be less rigid on points of inferior magnitude than might have been otherwise expected; and thus the Constitution, which we now present, is the result of a spirit of amity and of that mutual deference and concession which the peculiarity of our political situation rendered indispensable.

"That it will meet with the full and entire approbation of every state is not perhaps to be expected; but each will doubtless consider that had her interest been alone consulted, the consequences might have been particularly disagreeable or injurious to others; that it is liable to as few exceptions as could reasonably have been expected we hope and believe; that it may promote the lasting welfare of that country so dear to all of us, and secure her freedom and happiness, is our most ardent wish.

"With great respect, We have the honor to be, Sir, 'Your Excellency's 'most obedient and humble servants,' 'George Washington, President

WHAT IS THE CONSTITUTION OF THE UNITED STATES

(By W. Erskine Williams)

What is the Constitution of the United States? Someone has said: "Our Constitution was created to serve the country much as the skin serves the body, a protecting covering, the product of our own blood, expanding to the increasing stature of the body, yet continuously strong and unbroken."

The changes in the skin are made gradually and imperceptibly, the new always fashioned in the image of the old. The Constitution, by the skill of its framers, was made so that it might meet new demands and new conditions. And so when and if other changes are made, if those who write the changes will give proper study, they will be made in that same certain way, so that the instrument shall always be complete, never too small for the body of the people, never so large as to include statements which should not be contained therein.

The Constitution as originally written provides that, when amendments to the instrument as then written were made, under the terms thereof, that the amendments should "Be valid to all intents and purposes as a part of the Constitution as first written." So that in truth and in fact there is no such thing as an amendment to the Constitution and it is incorrect to speak of the Sixteenth or Nineteenth or any other Amendment to the Constitution, because they are now, to all intents and purposes, parts of the original instrument. And so when you speak of repealing an Amendment to the Constitution, you speak of taking out a particular part thereof.

If you were to take a part of

By unanimous Order of the Convention.

"His Excellency the President of Congress"

The rise of this nation of ours stands in proof of how true were these words—"That it (the Constitution) may promote the lasting welfare of that country so dear to us all, and secure her freedom and happiness, is our most ardent wish."

the skin of your body, whether that part which was developed in your childhood or that which came in later years, to meet the demands of your enlarging body, serious injury would likely come. Sometimes, in order to save life, it is necessary to remove the skin from one part of the body and perhaps to ingraft it upon another part in order to protect and save the body. And so, it may become necessary to change a part of the Constitution of the United States, but this should only be done to improve the condition of the whole body politic and can only be done by removing a part of the Constitution itself.

But what is our Constitution? Our Constitution was not written to give more liberty in the usual acceptance of that term.

ASPIRIN

BEWARE OF IMITATIONS

LOOK for the name Bayer and the word genuine on the package as pictured above when you buy Aspirin. Then you'll know that you are getting the genuine Bayer product that thousands of physicians prescribe.

Bayer Aspirin is SAFE, as millions of users have proved. It does not depress the heart, and no harmful after-effects follow its use. Bayer Aspirin is the universal antidote for pains of all kinds. Headaches, Neuritis, Colds, Neuralgia, Sore Throat, Lumbago, Rheumatism, Toothache. Genuine Bayer Aspirin is sold at all druggists in boxes of 12 and in bottles of 24 and 100. Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylic acid.

but to restrain, to hold under control. Restraint not only of the different parts of the government itself but restraint of the individuals who are entitled to liberty and then to undertake to interpret what that term means.

The spirit of self-restraint is the essence of the Constitution of the United States of America. The National Broadcasting Co. is presenting a program of addresses from Atlantic City each afternoon beginning at 3:30 p. m.

Miss Edna Wood, who is teaching at Shamrock, spent the week end with her mother, Mrs. Henry Wood.

Mrs. Price of Quail visited Mrs. Henry Wood Sunday.

TO SHOW AFRICAN PYGMIES AT FAIR

The Jungle Village of the Ubangie Pygmies, which will be one of the features of the Beckmann and Gerety's World's Best Shows on the Midway of the State Fair of Texas, Oct. 10 to 25, is said to be one of the most unique presentations of Africa ever seen in this country.

In a transplanted miniature

village they live their primitive life, making their own clothes from the skins of animals, roasting their meats over open coals, and living their entire time much in the same fashion they would be in their native African haunts. Each one of these diminutive black people has his or her own amusing stunt to do in the daily presentation of their routine.

The Beckmann and Gerety aggregation is bringing to the State

Fair of Texas many new and novel amusements and devices. The Midway attractions will feature 12 riding devices and 22 shows during the State Fair season.

An exhibit showing all of the ancient modes of torture ensued by the Chinese will be one of the features at the 1931 State Fair of Texas, October 10 to 25. The exhibit has been collected by Madame Bari.

If you Roll your own..
it's smart to use **P.A.**

If you've never rolled your own with P.A. you've missed a smoke trick. Just spread some of that smooth rolling, smooth smoking Prince Albert in a makin's paper. Then go ahead and roll the best little cigarette that ever took form in your fingers. So quick and easy...

Notice how Prince Albert stays put in the making, without fuss or muss. That's because P. A. is crimp-cut. Cool as a cucumber right off the ice. Sweet as a melon from the same place. Mild as a sisterly kiss.

Do you like a pipe? You will with P.A. for packing. The most contented bunch of pipe-smokers in the world will tell you that pipes were born for just such tobacco. Men who were pipe-shy for years have found that they can smoke a pipe now... and enjoy it. You try it!

2 full ounces in every Tin
No other tobacco is like it

—NEXT TO P.A. THE RIGHT PAPERS. Straight from France, the home of the world's finest cigarette-papers—straight from the famous factories of Bollaré, for more than a hundred years maker of the world's finest cigarette-papers, come OCB's, made expressly for R. J. Reynolds Tobacco Company—and YOU. Book of 150 leaves, 5¢, at the store where you get good old P.A.

HOME-TOWN BOYS GET ROUSING WELCOME IN BOSTON: Boston tried recently to outdo the celebrated welcome parties staged in New York when the city turned out en masse to greet Russell Boardman and John Polando, New York-to-Turkey fliers.

County Notes

BRAY

The Revival Meeting conducted by Rev. DeBoard, closed Sunday night.

Baptizing services were held at the home of Mr. and Mrs. Homer Lee Monday afternoon.

Mr. and Mrs. Claude Hill spent Sunday in the home of their son, Mr. and Mrs. G. N. Hill at McLean.

Cotton picking is the order of the day, some already picking and most every one preparing to start next week.

A good rain would be greatly enjoyed by every one. Crops are suffering for rain and pastures are burning up.

Mr. and Mrs. D. B. Leach and children were callers in the home of Mr. and Mrs. J. C. Hill a while Sunday morning.

Mr. and Mrs. Thelma Dunn and little son visited Sunday at McKnight in the home of Mrs. Pierce, Mrs. Dunn's mother.

Mr. and Mrs. Marvin Capps and son were callers in the home of Mr. and Mrs. W. D. McDaniels Saturday night until bed time.

Miss Roma Banister and Mr. Buddy Woods were married at Hollis, Oklahoma Saturday. We wish for them a long, happy, and prosperous life on their voyage across the sea of matrimony.

Mr. and Mrs. G. N. Hill and little daughter of McLean spent Saturday night in the home of their parents, Mr. and Mrs. Claude Hill.

HUDGINS

There was a good crowd present at the singing at Hudgins Sunday night and enjoyed some good singing.

The teachers entertained the pupils and parents with a social Saturday night and served ice cream and cake. Every one enjoyed themselves and reported having a good time.

Miss Lorine Hays of Clarendon spent Saturday night with Miss Loney Whit.

Mr. and Mrs. O. D. Meador visited with Mr. and Mrs. Dewey of Martin Sunday evening, also called on Mr. and Mrs. Leon Foster of Chamberlain.

Mr. and Mrs. Pat Myers of Chamberlain attended the singing Sunday night, also several others from Chamberlain.

Several from this community attended the meeting at Windy Valley last week.

Mr. and Mrs. O. P. Talley and children spent Sunday with Mr. and Mrs. T. J. Talley and family.

Mr. and Mrs. Jimmie Allie of Panna spent Sunday night with the lady's mother, Mrs. J. G. Talley.

Mr. and Mrs. Morris Milsap of Goldston attended the singing Sunday night. We are always glad to have them with us.

Mr. and Mrs. J. C. Estlack of Clarendon called in the O. L. Jacobs home Sunday evening.

Mr. and Mrs. Woods visited Mrs. Wood's sister at Memphis Saturday night.

Mr. and Mrs. Whitt spent Sun-

RURAL SCHOOLS FINANCES GOOD

SINGLE EXCEPTION PROVES RULE IN ALL RURAL SCHOOLS

With one single exception, the schools of Donley County outside the Independent Districts, are in good financial condition and will be able to meet all expenses of the schools for a full term of at least seven months, while the majority will run eight and nine months during the coming year.

A detailed list has been prepared by the County Superintendent, who is well pleased with the work now on hand for the entire county.

Sunnyview has 21 students, two teachers, are planning an eight months school and will pay their teachers \$1,600.

Giles has 96 students, four teachers, are planning a nine months school and will pay their teachers \$3,120.00.

Windy Valley has not reported her students, but will have three teachers and have not completed their budget for the coming year.

Fairview has two teachers, are planning a nine months school and will pay their teachers \$1,845.

Smith School has two teachers and have not completed their budget for the year.

Bray School has 66 students and three teachers, are planning an eight months school and will pay their teachers \$2,030.

Watkins School has six students and one teacher; is planning a nine months school and will pay \$900.

Hackberry has 30 students and one teacher; are planning an eight months school and will pay \$920.

Whitefish has 28 students and two teachers; are planning a nine months school and will pay \$1,800.

Skillet has 36 students and 2 teachers; are planning a nine months school and will pay \$1,800.

Ashtola has 104 students and five teachers; are planning a seven and one-half months' school and will pay \$3,570.

Martin has three teachers, are

planning a nine months school and will pay \$2,600.

Bairfield has consolidated with Clarendon and will not operate this year.

Jericho has one teacher, is planning a nine months school and will pay \$1,125.

Goldston has four teachers, is planning a nine months school and will pay \$4,410.

Chamberlain has 49 students and 3 teachers; are planning an eight months school and will pay \$2,440.

Hudgins has 36 students and 2 teachers, is planning an eight months school and will pay \$1,600.

McKnight has five teachers and is planning a seven months school and will pay \$3,315.

Pleasant Valley has one teacher, is planning an eight months school and pays \$800.

Glendon has 20 students and one teacher; is planning a nine months school and pays \$1,125.

An examination of the above schedule will show that the rural schools of the county are in a far

better condition as concerns finances than are the schools of the Independent Districts of Clarendon, Hedley and Lelia Lake.

Practically every modern way of transportation will be featured in the 1931 Automobile Show at the State Fair of Texas, Oct. 10 to 25, according to managers of the show. Aviation will be one of the features of the show and many new model automobiles will be shown.

The greatest display of agricultural products ever assembled from one state will be seen at the State Fair of Texas, October 10 to 25, when more than 80 percent of the 253 Texas Counties will be represented in the Agricultural Show, according to J. A. Moore, superintendent of the department.

The national construction of Two Extra Cord Plies under the Tread in Firestone Tires insures a stronger bond between the tread and the body of the tire and gives longer life. Only Firestone Gum-Dipped Tires give this Extra Value.

Possessing the basic goodness of sound design and fine manufacture

CHEVROLET From the selection of raw materials to the completion of the finished Chevrolet product, each process of building, assembling and checking the Chevrolet Six is marked by extreme care and precision. An exhaustive system of test and inspection makes certain that every part meets specified dimensions exactly. Many of these parts are held to limits of one ten-thousandth of an inch. No manufacturer in the industry uses more care or precision in building Chevrolet.

Twenty beautiful models, at prices ranging from \$475 to \$675

All prices f. o. b. Flint, Mich., special equipment extra. Low delivered prices and easy G. M. A. C. terms.

In planning the motor, Chevrolet engineers were not content to offer the public anything less than tried and proved design. They knew that the only satisfactory way to get smooth, flexible power in a car is to use at least six cylinders. So they adopted the six-cylinder engine without compromise. And this is what you get in today's Chevrolet Six.

As a result of this sound designing and sound manufacturing, you can buy a Chevrolet and know you are getting a genuinely good automobile—soundly designed, soundly built, basically and technically right.

CAR OWNERS DEMAND VALUES—not Claims!

MOTORISTS are finding the Greatest Values in Firestone Gum-Dipped Tires. Ever since Firestone and Firestone Dealers began advertising the true facts about tire quality and construction and actually demonstrating the Extra Values in Firestone Gum-Dipped Tires, distributors of special-brand mail-order tires have grown bolder and bolder with misleading claims and comparisons in the desperate effort to interest car-owners.

Car owners bought more Firestone Tires in May, June and July, than in any like period in history. This clearly shows that car owners are interested in Firestone Extra Values and are not interested in comparisons based on an almost obsolete tire size—confusing laboratory analyses—meaningless definitions—impractical challenges with unfair claims of twenty-five per cent savings—and deceiving price comparisons.

Why risk a tire of unknown manufacture when you can get the Extra Quality, Extra Strength, and Extra Safety of the special patented construction features of Firestone Tires—Gum-Dipping, and Two Extra Cord Plies under the Tread?

You get these Extra Values—plus our Service and the DOUBLE GUARANTEE of Firestone and ourselves—at no more cost!

Drive in today.—We have sections cut from Firestone Tires, special-brand mail-order tires and others.—See the evidence.—Take nothing for granted.—Judge for Yourself.

Mrs. Price of Quail visited Mrs. Henry Wood Sunday.

TO SHOW AFRICAN PYGMIES AT FAIR

The Jungle Village of the Ubangie Pygmies, which will be one of the features of the Beckmann and Gerety's World's Best Shows on the Midway of the State Fair of Texas, Oct. 10 to 25, is said to be one of the most unique presentations of Africa ever seen in this country.

In a transplanted miniature

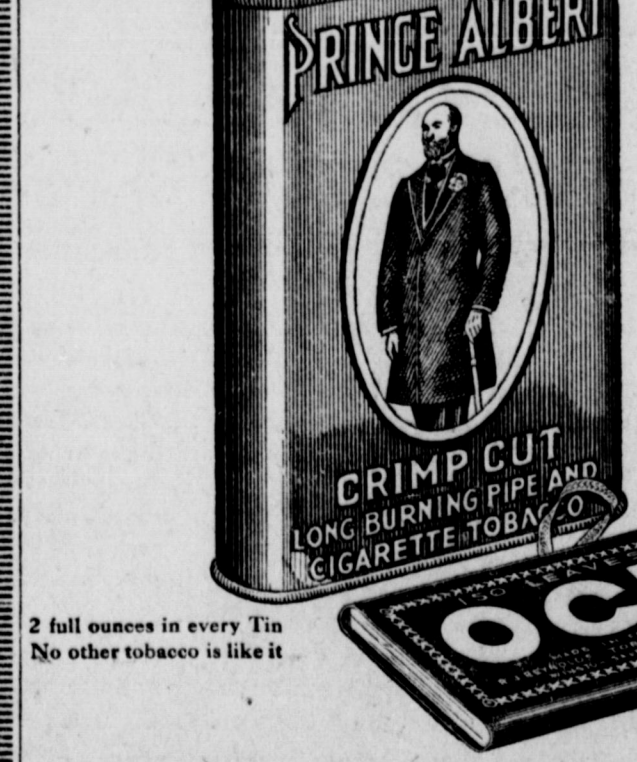

village they live their primitive life, making their own clothes from the skins of animals, roasting their meats over open coals, and living their entire time much in the same fashion they would be in their native African haunts. Each one of these diminutive black people has his or her own amusing stunt to do in the daily presentation of their routine.

The Beckmann and Gerety aggregation is bringing to the State

Fair of Texas many new and novel amusements and devices. The Midway attractions will feature 12 riding devices and 22 shows during the State Fair season.

An exhibit showing all of the ancient modes of torture ensued by the Chinese will be one of the features at the 1931 State Fair of Texas, October 10 to 25. The exhibit has been collected by Madame Bari.

If you Roll your own..
it's smart to use **P.A.**

If you've never rolled your own with P.A. you've missed a smoke trick. Just spread some of that smooth rolling, smooth smoking Prince Albert in a makin's paper. Then go ahead and roll the best little cigarette that ever took form in your fingers. So quick and easy...

Notice how Prince Albert stays put in the making, without fuss or muss. That's because P.A. is crimp-cut.

Cool as a cucumber right off the ice. Sweet as a melon from the same place. Mild as a sisterly kiss.

Do you like a pipe? You will with P.A. for packing. The most contented bunch of pipe-smokers in the world will tell you that pipes were born for just such tobacco. Men who were pipe-shy for years have found that they can smoke a pipe now... and enjoy it. You try it!

2 full ounces in every Tin
No other tobacco is like it

—NEXT TO P.A. THE RIGHT PAPERS. Straight from France, the home of the world's finest cigarette-papers—straight from the famous factories of Bolleré, for more than a hundred years maker of the world's finest cigarette-papers, come OCB's, made expressly for R. J. Reynolds Tobacco Company—and YOU. Book of 150 leaves, 5¢, at the store where you get good old P.A.

Always Forward!

PRINCE ALBERT
ROLLS EASY AND STAYS PUT

HOME-TOWN BOYS GET ROUSING WELCOME IN BOSTON: Boston tried recently to outdo the celebrated welcome parties staged in New York when the city turned out en masse to greet Russell Boardman and John Polando, New York-to-Turkey fliers.

County Notes

BRAY

The Revival Meeting conducted by Rev. DeBoard, closed Sunday night.

Baptizing services were held at the home of Mr. and Mrs. Homer Lee Monday afternoon.

Mr. and Mrs. Claude Hill spent Sunday in the home of their son, Mr. and Mrs. G. N. Hill at McLean.

Cotton picking is the order of the day, some already picking and most every one preparing to start next week.

A good rain would be greatly enjoyed by every one. Crops are suffering for rain and pastures are burning up.

Mr. and Mrs. D. B. Leach and children were callers in the home of Mr. and Mrs. J. E. Hill a while Sunday morning.

Mr. and Mrs. Thelma Dunn and little son visited Sunday at McKnight in the home of Mrs. Pierce, Mrs. Dunn's mother.

Mr. and Mrs. Marvin Capps and son were callers in the home of Mr. and Mrs. W. D. McDaniels Saturday night until bed time.

Miss Roma Banister and Mr. Buddy Woods were married at Hollis, Oklahoma, Saturday. We wish for them a long, happy, and prosperous life on their voyage across the sea of matrimony.

Mr. and Mrs. G. N. Hill and little daughter of McLean spent Saturday night in the home of his parents, Mr. and Mrs. Claude Hill.

HUDGINS

There was a good crowd present at the singing at Hudgins Sunday night and enjoyed some good singing.

The teachers entertained the pupils and parents with a social Saturday night and served ice cream and cake. Every one enjoyed themselves and reported having a good time.

Miss Lorine Hays of Clarendon spent Saturday night with Miss Loney Whitt.

Mr. and Mrs. O. D. Meador visited with Mr. and Mrs. Dewey of Martin Sunday evening, also called on Mr. and Mrs. Leon Foster of Chamberlain.

Mr. and Mrs. Pat Myers of Chamberlain attended the singing Sunday night, also several others from Chamberlain.

Several from this community attended the meeting at Windy Valley last week.

Mr. and Mrs. O. P. Talley and children spent Sunday with Mr. and Mrs. T. J. Talley and family.

Mr. and Mrs. Jimmie Allie of Pampa spent Sunday night with the lady's mother, Mrs. J. G. Talley.

Mr. and Mrs. Morris Milsap of Goldston attended the singing Sunday night. We are always glad to have them with us.

Mr. and Mrs. J. C. Estlack of Clarendon called in the O. L. Jacobs home Sunday evening.

Mr. and Mrs. Woods visited Mrs. Woods sister at Memphis Saturday night.

Mr. and Mrs. Whitt spent Sunday with friends at Pleasant Valley.

SAM SMITH ORIGINATED THE OIL WELLS

In these days when almost anyone can bank in the limelight, receive adulation and material reward for performing some unimportant and useless feat, just a little bit better than someone else, it is a real pleasure to note one occasion when homage can be paid for a real service.

The occasion is the birthday of Samuel B. Smith, of Titusville, Pennsylvania, who is eighty-eight years old. The service is the drilling of the first oil well in the world, a monument to which now stands on the site of the original well, just two miles from the Smith home.

Although he helped drill the well which started one of the greatest and most vital industries in the world, Sam Smith has always lived quietly and unobtrusively, close to nature and as nature intended that man should live. He is happy and his fatherly vitality even today, as is evidenced by the fact that he works ten or eleven hours a day in his acre garden and in the shop adjoining his home. His hobby is health. He eats only green vegetables from his own garden; does not eat sweets or desserts of any kind, and never used tea or coffee or any other stimulants, except for a short time when he was in the army during the Civil War.

Since Sam Smith and his father fashioned their own rude tools and developed a technique which enabled them to make the recovery of oil in commercial quantities a reality, their exploit has become one of the first importances. The machine age had its inception shortly after the drilling of the first oil well, probably because of it. Practically none of the progress of this age could have been possible, if oil in vast quantities had not become available to the world.

Sam Smith has lived to see all this, even though he has taken no active part in it. He has lived to see eleven wells in operation right on the site of his original well, all producing Pennsylvania grade crude oil, the oil which he first discovered on that eventful day in August, 1859, when the first well came in. He has lived to see thousands of wells actively producing this same premier crude throughout Pennsylvania, New York, Ohio and West Virginia and flourishing towns and cities come into being through his discovery. He is one of the men to whom his community, his country and the civilized world are indebted. It is therefore a privilege to wish Samuel B. Smith a happy birthday.

The Hall of Champions, in which will be housed all of the championship animals selected at the 1931 State Fair of Texas October 10 to 25, will contain some of the finest animals in America before the fair is over. Just as soon as a champion is declared by the judges it will be moved into this new hall of fame which will be located in the Dairy Products Building.

The Beckman and Gerety shows are bringing an entire African Village to the State Fair of Texas October 10 to 25. The village is from the Ubangie country and is one of the famous villages of African Pigmies.

RURAL SCHOOLS FINANCES GOOD

SINGLE EXCEPTION PROVES RULE IN ALL RURAL SCHOOLS

With one single exception, the schools of Donley County outside the Independent Districts, are in good financial condition and will be able to meet all expenses of the schools for a full term of at least seven months, while the majority will run eight and nine months during the coming year.

A detailed list has been prepared by the County Superintendent, who is well pleased with the work now in hand for the entire county.

Sunnyview has 21 students, two teachers, are planning an eight months school and will pay their teachers \$1,600.

Giles has 96 students, four teachers, are planning a nine months school and will pay their teachers \$3,120.00.

Windy Valley has not reported her students, but will have three teachers and have not completed their budget for the coming year.

Fairview has two teachers, are planning a nine months school and will pay their teachers \$1,845.

Smith School has two teachers and have not completed their budget for the year.

Bray School has 66 students and three teachers, are planning an eight months school and will pay their teachers \$2,930.

Watkins School has six students and one teacher; is planning a nine months school and will pay \$900.

Hackberry has 30 students and one teacher; are planning an eight months school and will pay \$920.

Whitefish has 28 students and two teachers; are planning a nine months school and will pay \$1,800.

Skillet has 36 students and 2 teachers; are planning a nine months school and will pay \$1,800.

Ashola has 104 students and five teachers; are planning a seven and one-half months' school and will pay \$3,570.

Martir has three teachers, are planning a nine months school and will pay \$2,930.

McKnight has five teachers and is planning a seven months school and will pay \$3,315.

Pleasant Valley has one teacher, is planning an eight months school and pays \$800.

Glennwood has 20 students and one teacher; is planning a nine months school and pays \$1,125.

An examination of the above schedule will show that the rural schools of the county are in a far better condition as concerns finances than are the schools of the Independent Districts of Clarendon, Hedley and Lelia Lake.

Practically every modern way of transportation will be featured in the 1931 Automobile Show at the State Fair of Texas, October 10 to 25, according to managers of the show. Aviation will be one of the features of the show and many new model automobiles will be shown.

The greatest display of agricultural products ever assembled from one state will be seen at the State Fair of Texas, October 10 to 25, when more than 80 percent of the 253 Texas Counties will be represented in the Agricultural Show, according to J. A. Moore, superintendent of the department.

planning a nine months school and will pay \$2,600.

Bairfield has consolidated with Clarendon and will not operate this year.

Jericho has one teacher, is planning a nine months school and will pay \$1,125.

Goldston has four teachers, is planning a nine months school and will pay \$4,410.

Chamberlain has 49 students and 3 teachers; are planning an eight months school and will pay \$2,440.

Hudgins has 36 students and 2 teachers, is planning an eight months school and will pay \$1,600.

McKnight has five teachers and is planning a seven months school and will pay \$3,315.

Pleasant Valley has one teacher, is planning an eight months school and pays \$800.

Glennwood has 20 students and one teacher; is planning a nine months school and pays \$1,125.

An examination of the above schedule will show that the rural schools of the county are in a far better condition as concerns finances than are the schools of the Independent Districts of Clarendon, Hedley and Lelia Lake.

Practically every modern way of transportation will be featured in the 1931 Automobile Show at the State Fair of Texas, October 10 to 25, according to managers of the show. Aviation will be one of the features of the show and many new model automobiles will be shown.

The greatest display of agricultural products ever assembled from one state will be seen at the State Fair of Texas, October 10 to 25, when more than 80 percent of the 253 Texas Counties will be represented in the Agricultural Show, according to J. A. Moore, superintendent of the department.

IN SOCIETY

Hefner-Scott

A wedding of more than passing interest was that uniting Miss Zelma Scott, daughter of Mr. and Mrs. Walter Scott, and Mr. Ray Hefner, eldest son of Mr. and Mrs. A. O. Hefner, in marriage. The popular young couple have been working in Wichita Falls and drove to Hollis, Oklahoma, where they were married on September 9th. Their marriage came as a distinct surprise to the folks of the Naylor community as well as the entire county.

Kill Kare Klub

The beautiful home of Mrs. Harry Bromley was the scene of a lovely affair Thursday afternoon for guests and members of the Kill Kare Klub. The hours were spent with needle work and visiting. Mrs. M. L. Stricklin was voted into the club. Mrs. W. A. Massey was elected our new president. Tasty refreshments were later served to the following: Mrs. W. Gray, Mrs. Bromley of Amarillo, Mrs. Reid, Mrs. B. N. Shepherd, Mrs. C. G. Stricklin, Mrs. Joe Goldston, Mrs. M. L. Stricklin, members present were Mrs. G. H. McCleskey, Mrs. Sam Lowe, Mrs. Eva Draffen, Mrs. W. B. Simms, Mrs. Bill Greene, Mrs. W. A. Mosley, Mrs. E. H. Noland, Paul Sanford, Mrs. Joe Fowler, Mrs. W. C. Stewart, Mrs. W. A. Land, Mrs. Van Kennedy, Mrs. F. L. Goldston, and Mrs. Joe Cluck.

Pathfinder Notice

The first regular meeting of the year will be held in the Club Room Friday, September 25th. Mrs. J. R. Porter and Mrs. B. G. Smith are hostesses.

Beaux Arts Club In Initial Meet

The first regular meeting of the Beaux Arts Club for the fall was held in the club rooms Saturday afternoon with Mrs. Bourland and Mrs. Bigger as hostesses. During the business session, the resignation of Mrs. Swan as secretary was accepted and Mrs. J. W. Evans was elected to fill the vacancy. Miss Katherine Ross was elected to membership in the club.

A most enjoyable program was given on the subject of Texas Wild Flower. Mrs. C. C. Powell led with a resume of the work done by the beautiful committee. Mrs. Walter Taylor gave a talk on the Texas Bluebonnet and the Spanish Dagger, presenting interesting facts and legends of the flowers that were new to most of the hearers.

Mrs. Charles Trent followed with an instructive talk on the wild flowers of the Panhandle, having an attractive display of flowers present in illustration. Mrs. J. H. Headrick closed the program with an eloquent plea for the conservation of wild flowers.

The club decided to hold their annual flower show in the club rooms on Saturday afternoon, October 3rd, at which time they hope to receive displays from all persons who may have flowers suitable for exhibit.

Rhodin Chase Hosts On Monday

Mr. Rhodin Chase delighted his many friends Monday evening with a cleverly arranged party at the Country Club.

The first of the evening was spent swimming. Then when the appetites were keener a beautiful picnic supper was served to the delight of all present.

When the remains were cleared the young folks danced off the next few hours and then completed the evening with a number of games of bridge.

The guests were: Misses Carol Holder, Eunice Johnson, Roberta LaFon, Pauline Shelton, Pauline Sanford, Dorothy Jo Taylor, Jean Bourland, Jonnie D. Latson, Mary Jo Chamberlain, Elizabeth Kemp, Messrs Chase, Sam Cautchen, Bill Word, Elbert Bowen, Fred Bourland, Carol Hudson, Bill Wood, Eby Stocking, Arthur Chase.

Mrs. Meade Haile Entertains at Bridge

Mrs. Meade Haile was hostess Wednesday afternoon to a jolly group of friends when she entertained with bridge. Seated at the tables were: Misses Julia Mae Caraway, Elgin Patrick, Latrice Benson, Lois and Wilfa Lee Alexander, Esther Morrison, Eunice Johnson, Verna Latson, Betty Walker, Dorothy McCanne, Nell Butler Maurine Woods, Estelle Brass of Taylor, Texas. Meses Tom Murphy, Earl Alexander, Mrs. Helburn Gattis, Mrs. Frank Harrison of Amarillo. Miss Nell Butler was fortunate in playing Hi score and Wilfa Lee Alexander cut for consolation. A refreshing ice course was served.

Mrs. Brumley Hostess To Kill Kare Klub

Mrs. Harry Brumley was the charming hostess to the Kill Kare Needle Club Thursday afternoon from three to five o'clock.

Conversation and needle work were enjoyed until the climax of the afternoon, when guests were served a delicious salad course.

Club members present were, Meses Eugene Noland, W. B. Sims, Eva Draffen, W. M. Mosely, Bill Greene, W. A. Land, Buel Sanford, Lee Goldston, George McCleskey, Van Kennedy, Joe Fowler, Joe Cluck, S. W. Lowe, W. C. Stewart.

Guests for the afternoon were Meses M. C. Reid, C. G. Stricklin, M. L. Stricklin, Mollie Gray, Mrs. R. O. C. Brumley of Amarillo.

1926 Book Club

"A Texas Titan" was the subject of the Book Club lesson Tuesday. The leader for the afternoon was Mrs. R. S. Cope, assisted by Mrs. Fred Buntin.

On October 6th this club will give a musical program, open to the public at the college auditorium.

Twenty members answered roll call. The hostesses, Mrs. Bryan and Mrs. Ballew, served a lovely salad course.

Mrs. W. T. Hayter Hostess to S. S. Class

Mrs. W. T. Hayter delighted her Sunday School Class Thursday, by inviting them to the country Club for a day of pleasure. In the early morning, with well filled dinner baskets, the cars departed for the Country Club. Arriving there, a majority of the crowd enjoyed a morning dip in the cool water. The day was spent visiting and making plans for the class work, and eating at regular intervals. Those enjoying the picnic were Meses. Hayter Paxson, Carver, A. N. Wood, J. N. Woods, Clamitt, Cline Sloan, White, Tucker, Cottingham, McAdams, W. L. Butler, Owen Butler, Luther Butler, Mulkey, Carleon, Bryan, Martin, Olson, Casey, Roxie Casey, Pipes, Skinner, Dozier, Arnold, Morow, Haning, Anderson, Veasey, and a number of children.

1930 Needle Club

The 1930 Needle Club met Tuesday of this week in the home of Mrs. Alvin Landers for one of the most enjoyable meets of the season. An afternoon filled with cheerful conversation and needle work passed too soon for most members. An ice course was served late to the following: Mrs. Vada Carpenter, Mrs. Rhea Couch, Mrs. Don Martin, Mrs. Carl Tree, Mrs. Turner Kirby, Mrs. Marvin Land, Mrs. Ralph Decker, Mrs. Clarence Whitlock, and Mrs. Carl Peabody.

Hi-League Has Lawn Party

Thursday evening of last week the Hi League of the Methodist Church enjoyed a lawn party at the home of Mrs. S. M. Braswell. About thirty were present for the games, stunts and shadow pictures that enlivened the evening until time to cut the water-mellons and "Home, Sweet Home".

Ashtola School News Is New Publication

The Ashtola High School has organized a class in journalism. This course is met for three periods per week, and one-half unit credit is being offered on the course. The class is going to study the newspaper business rather extensively. A study of magazine business is also combined in this course. One purpose of the course is to create interest of students in current events. It is also hoped to develop some efficient news writers.

The class is going to make a study of the local news plants in order to acquaint the students with the operation of newspaper plants. The class now has fifteen members. Each member has an official position on the staff of the "Ashtola School News."

The school paper has started well. It gives the students an opportunity to put into practice the things they learn in their class of journalism. The school and community greatly appreciate the interest and cooperation shown by the Clarendon business men in the project. The support lent by our local news papers, to the project, is greatly appreciated.

LAMAR WOOD BURIED MONDAY AFTERNOON

The mortal remains of Lamar Wood, ten year old son of Mr. and Mrs. L. H. Wood of Gainsville, Texas, were buried here Monday afternoon in the Citizens Cemetery. Funeral services were held in the Baptist Church at Brice, the former home of the family, the rites being said by Rev. Nelson, pastor of the Baptist Church at Lakeview.

Lamar was injured more than eighteen months ago in a fall from a horse and had been ill ever since that time. Recent examinations disclosed what was apparently the trouble, but an operation showed there was no hope for the youngster. He was returned to his home and death called him last Sunday. The body was shipped to Memphis and carried to the home of his grandparents, Mr. and Mrs. J. H. Galloway at Brice.

Dr. and Mrs. John C. Granbery and Mrs. Reeves Catt of Lubbock spent Sunday and Monday visiting in the home of Miss D'Laurel Beville. Dr. Granbery is head of the History Department at Texas Tech, both he and Mrs. Granbery are very interesting persons, having been cited by several European governments for splendid work during the World War in Greece. He started the Y. M. C. A. in Greece while Mrs. Granbery was Regional Commander of the Y. W. C. A. in Greece.

Mr. and Mrs. Crockett Taylor were business visitors in Amarillo Monday.

Earl Naylor was up from Mesquite Sunday for a visit with relatives.

Band Will Parade Saturday Afternoon

Because of a need for street work the Clarendon High School Band will deviate from their usual schedule and in place of having a concert at the band stand Friday evening the organization will appear in formation through the streets Saturday and will make several stops for the short street concerts. The band will appear around five o'clock Saturday and will do extensive parade work in preparation for their appearance in Amarillo next Thursday when citizens of Clarendon and Donley county will be guests of the Tri-State Exposition. The local band has gained a wide reputation over this section of the country and Amarillo fair officials are looking to the Clarendon musicians for a large portion of the entertainment feature of the fair visitors on next Thursday. At that time the new drum major, O. C. Watson, Jr., will make his first public appearance.

The appearance of the band Saturday will be more on the order of a practice session in marching in parade formation, but will furnish a pleasing concert of stirring band numbers during the time. The organization has been working hard and is second to no band in the Panhandle. The local group will broadcast while in Amarillo.

COPE TRANSFERED TO EDUCATIONAL DEPARTMENT

Robert S. Cope, former salesman for Clarendon territory of the West Texas Utilities Company, and of late, covering the Memphis and Clarendon territory, was transferred the latter part of last week to Abilene. Mr. Cope will be in the Educational Department of the West Texas Utilities company with headquarters at Abilene. In the pursuit of his duties he will cover the entire country covered by the West Texas Utilities and will have occasion to visit his friends in Clarendon. Although Mr. Cope has many friends here who regret his leaving, they are well pleased that he will be in position to return at various times during the year.

Dr. and Mrs. John C. Granbery and Mrs. Reeves Catt of Lubbock spent Sunday and Monday visiting in the home of Miss D'Laurel Beville. Dr. Granbery is head of the History Department at Texas Tech, both he and Mrs. Granbery are very interesting persons, having been cited by several European governments for splendid work during the World War in Greece. He started the Y. M. C. A. in Greece while Mrs. Granbery was Regional Commander of the Y. W. C. A. in Greece.

We can remember when a woman had one wedding and a lot of babies, instead of a lot of weddings and no babies. Waxahachie Light.

Club boys in Childress county are learning to caponize and plan to have a solid carload of capons ready to market next January. In their first caponizing only three out of 149 birds died.

THE NEWS' BOOK REVIEW CORNER

WHAT THIS COUNTRY NEEDS

By Jay Franklin. The initial appearance of some of some of Jay Franklin's work in Vanity Fair was immediately hailed as the "most brilliant political writings in this country today." His name of course is not Jay Franklin and the pseudonym disguises the identity of a man who combines a busy executive job in official Washington with these disillusioned and salutary commentaries on our political life. His book subjects every face of the governmental scene to an inofficial analysis and searching pursuit of plain good sense in

government, and if his conclusions appear to be somewhat paradoxical and fault lies less in him than in the institutional sacred cows he so irreverently examines.

Mr. Franklin shows, among other things, that what this country needs is not so much a good five cent cigar as a new Constitution. "The issenate suspicion of the eighteenth century farmers who wrote the present constitution operates to prolong administrative indecision and political uncertainty. The arrogance of the Supreme Court in over-riding Acts of Congress has destroyed the valuable necessity for political responsibility in both legislative and executive branches. The whole thing is as stupid as the Volstead Act and not nearly as funny."

Another thing this country needs is Statesmen, not Spokesmen—for the brilliance of the Western Senators is so often of the tongue rather than the brain that it is becoming obvious that the traditional wide open spaces of the West are too often surrounded by teeth.

"Every now and then some earnest individual, generally a college professor, writes to the newspapers to say that we need a new political party. These academic gentlemen flatter us; they imply that we already possess political parties, when it is obvious to any student of American affairs that the great trouble with us is that we have no political party of any sort." And thus Mr. Franklin argues that it is two political parties that we need, and not as a lot of people claim, a new party.

"We think we have been tested but we have not. We don't know the meaning of hard luck. We think we have rotten politicians, but we have not had them trying to kill each other or raising private armies for the capture of the Government. We have our Dr. Cadman, Bishop Manning and Bishop Cannon, but we haven't had a real religious massacre in our history. We elected a Hardin and a Hoover, but never did we elect William Jennings Bryan, although he gave us three chances.

"We think we have been tested but we have not. We don't know the meaning of hard luck. We think we have rotten politicians, but we have not had them trying to kill each other or raising private armies for the capture of the Government. We have our Dr. Cadman, Bishop Manning and Bishop Cannon, but we haven't had a real religious massacre in our history. We elected a Hardin and a Hoover, but never did we elect William Jennings Bryan, although he gave us three chances.

S. T. MERRITT WILL AGAIN REPRESENT COTTON CO-OP

Announcement was made to The News last week of the reappointment of S. T. Merritt to again represent the Texas Co-operative Association in this city. Mr. Merritt is thoroughly qualified for the position and is recognized as one of the leading graders of cotton in this part of the country. It is also announced that 90 percent of the October market price of cotton will be forwarded to the cotton growers placing their commodity with the Association.

Mr. Paul Payne field representative from the Dallas office of the Association was present and set up the workings of the local office for this year's work.

S. B. KUTCH MANAGER NEW FEED STORE HERE

A feed store was opened here recently by S. B. Kutch, who is operating the place of business for the Lemons and Thompson Grain Company of Amarillo. The place is located in the Buntin Building on Sully Street, and has the appearance of a thriving little business. Grains, feeds, hay and other like products are handled in addition to a complete line of gasoline, kerosene and Motor Oils. Fruits and vegetables will also be handled as long as they are in season.

NEW FRONT PLACED IN LITTLE VARIETY STORE

Workmen and directors have about completed their task of changing the entrance to the Little Variety Store which they started the latter part of last week. The rear part of the window display space and at the same time giving more space in the front part of the store for merchandise and entrance into the place of business. Quite a lot of other work was also done in the decorations of the building to make the new space compare favorably with the details of the other parts of the building.

CLARENDON MENTIONED IN SEPT. CONOCO MAGAZINE

The late issue of the Conoco Magazine, devoted primarily to talking of Continental Oil Company's products contains an item of interest to Clarendon folk. This is a picture of the Clarendon pumper unit, with Fire Chief Trent standing alongside. Mr. Trent is also quite loud in his praise of the lubricating qualities of Conoco Germ Processed Oils, stating that he is also using them in his delivery fleet for the Ice Plant.

ROBERT PATTON REPORTED IMPROVING AFTER BLAST

Details concerning the injury of Robert Patton last Sunday evening in California are meager, but Mr. A. H. Baker states that last reports indicate that he is resting easily and that he is not in a serious condition. Robert was injured in a gasoline retort blast Sunday evening, his eyes were filled with sand and steel particles and his lungs were rather badly filled with hot sand. The sand and steel had been all removed from his eyes at last account and the sand in his lungs was moving rather well. It was thought that he would be well on the way to recovery in the very immediate future unless some other complications might arise.

NEW ROAD FOREMAN ON JOB WEDNESDAY MORNING

N. W. Lawler, formerly of Panhandle, took over the supervision of the highways in this district Wednesday morning of this week. Mr. Lawler asked for the transfer to the district for the purpose of placing his children in the schools here and has moved his family here for that purpose. O. J. Fleaman, Supervisor for the past several years, took the place left vacant by Mr. Lawler and also took over his duties Wednesday morning.

Leamon Wallace left Wednesday for Roswell, New Mexico.

Miss Ina Naylor is visiting in Tucumcari, N. M. this week.

Mrs. S. T. Nichols and Jewel returned Tuesday from Houston, where they had been to place Miss Ruth in the Jefferson Davis Hospital. Miss Ruth plans study Dietetics in this place.

ON TEXAS FARMS
 By W. H. Darrow.
 Extension Service Editor

A saving of \$127.50 in the feed bill for his 25 cows for June was accomplished by Oliver Person, Harrison county dairy herd demonstrator, who has a 40-acre sudan pasture. Grain was cut to 200 pounds per day and production maintained.

A gain of 90 pounds in 31 days is reported by Mildred Craighead, Mason county club girl, on her baby beef calf. It was a motherless calf put on a Jersey nurse cow and given access to a self-feeder in which was placed a coarsely ground ration of 54 percent oats, 18 percent each of corn and barley, 5 percent each of cottonseed meal and a commercial concentrate, and prairie hay.

Big Contest Announce This Week

On another page of this issue of The Clarendon News appears an offer of \$10,000 in cash prizes for the best answers explaining "The Mystery of the Hidden Quart." and launching the largest advertising campaign ever sponsored by the Continental Oil Company in the interest of Conoco Germ Processed Motor Oil.

"During 1931 Continental will spend considerably more than half of its entire advertising budget for newspaper space," said Mr. Nunn. "Despite the general downward trend of business conditions during the early part of this year, Continental decided to increase its advertising budget. The result has been that we have had a very wonderful increase in volume of business this year, and have definitely proved the wisdom of going after business by a stronger advertising appeal during the so-called depression periods."

SPORT SLANTS

by AM
BRAWELL JR.

Well, customers, the city of Clarendon is certainly going to be well represented this year on the gridiron with a real first class football team. Those Bronchos proved themselves to be one of the tightest aggregations seen around these parts in a long time. That game last Friday at Pampa showed that the coaches and the players alike are putting more than just a little time into the team this year. Out-weighted, and playing against what seemed unsurmountable odds, theucky group of Bronchos outplayed the touted Harvester eleven throughout the first quarter and again during the third quarter. Two first downs were made by the Maroon against a single first down for the Pampa eleven in each of the above quarters.

The score should have been much closer than it was as the actual difference in the two clubs were really about two touchdowns or 13 to 0. This would have been the score had it not been for a temporary mental lapse on the part of Capt. Nichols at two crucial moments. The times we are speaking of are explained in the following sentences.

Had Nichols elected to keep the play fourth down instead of taking advantage of a five yard penalty which automatically threw the down back to third. This was during one of the sustained drives by the Harvesters which resulted in a touchdown. Had he rejected the penalty it would have been fourth down and seven yards to go. Pampa would have punted and the march would have been halted without the score. The other unlucky break was when Nichols attempting a pass failed to find a receiver and in trying to ground the ball tossed the oval into the arms of Pafford, giant tackle who trotted 15 yards for a counter.

These could just as easily have been averted, but no blame should be directed at the unfortunate plays by Captain Nichols. He was a marked man from the very start of the game and bore a large portion of the brunt of the attack both defensively and offensively. Otherwise his play was of a sparkling nature.

Clarendon spread themselves with glory and did nobly against such odds. While Pampa had near forty men of equal ability and some thirty others, the Bronchos had to be content to use men playing in their first game when the first team regulars were forced to the sidelines.

Special mention is due the commendable work of Bill Greene, J. C. Easterling, Elery Watson, Jackson, and Cross. First year men who stepped into the holes left vacant when injuries forced the regulars to the sidelines. These boys saw their first service under the heaviest fire from the Harvesters, who were throwing everything they had into the game attempting to make the score more decisive. It was great to see these gritty youngsters repel the pile driving plunges of the giant Hill in the last few minutes of the game, after he had been sent in to personally see that another touchdown was added to the score.

Compliments were paid the Bronchos by visiting sports writers, the most famous of which was our friend Jerry Malin of the Amarillo Daily News. Jerry very frankly stated to the writer and Olin Hinkle of the Pampa Daily News that Amarillo had very little, but from what he had seen of the Sandies he didn't see how they could keep from making eighty points against their opponents per game. To add to the pessimistic outlook Jerry pointed out that the backfield was made entirely of new men with the exception of Dunaway, 1930, squadman.

The playing of Benson and Tony Watson was a constant source of annoyance to the success of the business affairs of the Harvesters throughout the game last Friday afternoon. The Clarendon ends had a habit of forgetting they were playing the touted Harvesters and would brush aside three or four charging backs and bring the ball carrier to earth with a fierce tackle. Others causing the forward wall of the

Harvesters no little trouble were Morris, Martin, Easterling, Behrens, McMahan, Watters and the all round star performance of Andis.

SPORT SLANTS can't see just where Pampa is going to get the team to beat Amarillo, Lubbock and perhaps Slaton. They are missing the services of Lard more every day. The line is a powerful unit, but there will be other lines in the conference. Time after time the Clarendon forward wall would sift through and nail the Harvester back before he could get started. The locals have a good line but is not supposed to rank with the class A teams of this district, however there are some class A squads in the district that would give plenty for the power of the Bronchos. But Chastain, Martindale, Hill, Bost, and Kahl will never fill the shoes of Lard and Saulsbury.

It looks like Amarillo or Lubbock this year.

Well, the Texas League has completed its schedule with Houston grooming itself for the Dixie Series struggle with Birmingham Barons. It promises to be a great series, but as usual the Texas league entry promises to do away with the opposition in short order. With hurlers of Dean, McCabe, Fowler, Hansen, Breedren's ability, little hope is seen for the Southerner's chance at winning the title.

As for the World's series we pick the Philadelphia Athletics to dust off the St. Louis Cardinals for the second time in as many years. The Cards will no doubt break into the win column during this series, but not sufficiently often enough to take the laurel wreath from the heads of General Grove and first lieutenants, Mickey Cochrane and George Ernschaw. It'll be a great struggle however, during which anything might happen.

By-the-way Quitaque dusted off the Memphis Cyclones, and in so doing made the Twisters look a lot more harmless than the hot south winds of the past few days. That happened on last Thursday afternoon at Memphis and Quitaque could as easily have made two or three touchdowns more, according to those who witnessed the game. Coach Walters admitted he would rather have Quitaque beat the Cyclones than the Bronchos—'We'll wait and see. Pampa will have a chance to use the Gorrillas in the game with Memphis—something they were afraid to do in the game last Friday with the Bronchos. We believe its the Maroon and White year against the Hill county eleven—at least here's hoping.

During the meantime let's not forget the Quitaque game—we've got to beat them ourselves before meeting the Cyclones.

WELLINGTON WINS FIRST GRID GAME OF SEASON

The Wellington Skyrockets won from Hedley Owls 18 to 0, at Wellington Friday afternoon in the first game either team had played this season. Williams scored three touchdowns for winners while Armstrong and Honey-suckle were outstanding players on the Hedley eleven.

FOOTBALL SCHEDULE IS STILL INCOMPLETE

The News has been informed that the complete football schedule for the Clarendon High School Bronchos is not finished and therefore cannot be published with any degree of authenticity. Arrangements are in the making for a number of contests but the exact dates nor the city in which the games will be played have been definitely decided. As soon as the official schedule of the Bronchos is released from the Athletic Department of the schools it will be carried in The News.

350 SCHOOLS ENROLLED IN FOOTBALL CONFERENCE

AUSTIN, Texas, Sept.—Approximately 350 schools have already signed up for Interscholastic League football this year, according to Roy B. Henderson, athletic director of the University of Texas League Bureau. The noteworthy feature of the activities of the League Bureau this fall is the increasingly large number of inquiries about the work from schools which have not previously participated in League football. Most of these new schools are small; for the last several years enrollment in Conference A, which is composed of schools with more than 500 enrollment, has been almost the hundred per cent throughout the State. Interest is rapidly growing, however, among the smaller schools as well. Last year, of a total enrollment of 593 schools, 443 were in Conference B, composed of schools with less than 500 students.

Texas U. Gridsters Prep For Hard Year

AUSTIN, Texas, Sept. 16.—Two workouts daily, with a night meeting thrown in for good measure, is the program Coach Clyde Littlefield outlined to fifty-odd Longhorn grid candidates at the practice session Tuesday morning. From 9 to 11 o'clock in the morning and from 3:30 to 5:30 o'clock in the afternoon, the varsity will brave a blazing sun in preparation for their "crazy" 1931 schedule.

Some dozen of the 67 expected gridsters were absent at roll-call Thursday morning. Most of these are due to arrive within the next day of two. Ernie Koy, big full-back, was the only letterman not on time. He arrived for work Friday morning.

Monday morning's signal drill found the big squad divided into four groups. Railbirds had little difficulty in picking out the "first team", which was directed by Bull Elkins, regular '30 quarterback. This group included Ernie Koy, Harrison Stafford, Andy Brown, and Johnny Craig, backs; Walter Howle, center; Wilson Cook and Captain Dutch Bumgarten, guards; Ox Blanton and Herschell Moody, tackles; Bill Dubose and Dause Bibby, ends. All were first-stringers last season except Bibby, a big 190-pound youngster who is putting up a sensational fight for a regular wing post.

The question mark position, that of fourth backfield man and punter, is still not definitely settled, with John Craig on the inside track and going strong.

FOOTBALL Over The Week-end

Below are listed the important football games which will be of interest to the fans of this section over the week end.

Friday, September 18
Amarillo Junior College at Lawton, Oklahoma, (night)
Panhandle Junior A. & M. at Canyon (night).

Saturday, September 19
Amarillo Sandies vs Norman, Oklahoma, at Amarillo.
Pampa Harvesters vs Oklahoma City, at Pampa.
North Texas Teachers at T. C. U.
Texas A. & I. at Rice Institute.

Nobody has, as yet, taken undisputed possession of a wing, although Dubose and Bibby seem to have a slight edge over Price, Sparks, Furrh, Garrett, and Rundell. Walter Howle at center has Charley Hawin, letterman, and Bill Smith a brilliant 175-pounder from last year's frosh squad, on his heels.

"You have a real schedule ahead of you," Littlefield told his candidates at the morning workout. "It is the best schedule I have ever seen in this section of the country. Our success depends not so much upon the ability of our first string as upon the strength of our substitutes." He then pointed out that both the champion '28 team and last year's pennant-winner were strong in reserve power.

For all kinds of printing and job work call 66.

POLITICS AND PERSONALITIES

The present investigation of New York City's government is nationally interesting, partly because Tammany is as symbolic in Squash Center as in Manhattan, and partly because New York's Governor, a Tammany graduate, is a presidential potentiality whose fortunes may be helped or hurt by the inquiry.

Tammany might well feel important, if not altogether comfortable, over the attention it is attracting, but the truth is that the Tiger's influence outside of New York is greatly overrated. During the last presidential campaign, all the hoary stories of Tammany's corruption and power were used against Al Smith, a product of the New York machine. Some voters undoubtedly thought that a Smith victory would put the Tiger right in the White House whence his roar could be heard all over the land.

Tammany today is a local institution, but not strong enough to make or break a presidential aspirant. Roosevelt, as a New Yorker and a Democrat, may need the support of the machine but he is scarcely dependent upon it. In calling the State legislature into session recently to facilitate the investigating committee's work, he displayed more common-sense than courage. The entire country is watching him. Had he hindered the inquiry in any way, only one conclusion would have been possible. As it is, many

good people fail to see why the Governor doesn't rush to the skyscrapers to denounce the Forces of Iniquity. There will be plenty of time for that when the committee has made all its disclosures. Mr. Roosevelt is wise to hold his fire for the present.

AMERICA'S ONLY REFINER OF GERM PROCESSED OIL OFFERS . . .

\$10,000 IN CASH PRIZES

FOR THE BEST ANSWERS EXPLAINING THE **MYSTERY OF THE "HIDDEN QUART"** AND TELLING HOW THIS QUART BENEFITS MOTORISTS

Fact No. 1—Thousands of motorists and service station men have observed that after a car has been given its first fill of Conoco Germ Processed Motor Oil and is driven 200 to 350 miles, a look at the crankcase gauge shows that about one quart of oil is apparently missing . . . but

Fact No. 2—These same people have noticed that on the second and later fillings with Conoco Germ Processed Motor Oil, scarcely a drop of oil will disappear during the first 350 miles and practically none at 500 and up to 1,000 miles!

THE above facts have been checked by actual tests with cars that use six quarts of oil for the crankcase, cars in good mechanical condition and driven at ordinary rates of speed. These facts will also prove true for your car, in proportion to the amount of oil your crankcase usually holds, your car's mechanical condition and the speeds at which you drive.

What becomes of the "hidden quart"? The answer is easy if you study the Facts given above and keep in mind the things that only Conoco Germ Processed Motor Oil can do. The explanation of the whereabouts of the "hidden quart" is simple—no technical knowledge of motors or oil is necessary.

Remember—The "hidden quart" of Germ Processed Oil does not escape through leakage . . . does not burn up, wear out nor evaporate. It is "present but unaccounted for." Fact No. 2, given above, proves all this.

After you've found where the "hidden quart" goes, you can easily see the special benefits it gives the motorist—advantages that no other oil can give.

Ask at any Conoco Station or Conoco Dealer for free entry blank, which contains information about Conoco Germ Processed Motor Oil that may help you win. Conoco Station and Dealer employees will gladly answer your questions. Remember, you do not have to buy anything to enter this contest. . . Any Conoco Station or Conoco Dealer will give you, free of charge, a convenient Official Contest Entry Blank for writing your answer.

Answers written on one side only of any plain white paper will be accepted as accredited entries in the contest. But we recommend that you secure an Official Contest Entry Blank, which gives valuable information about Conoco Germ Processed Motor Oil and its operation in motors—clues about the "hidden quart" that may help you write an answer that will win a prize.

THE QUESTION
"What becomes of the 'hidden quart' and how does this quart benefit the motorist?"

COMPLETE RULES OF CONTEST

- Answers may be any length not exceeding 200 words; length of answers will not determine winners. Write answers on Official Contest Entry Blanks preferably, or on plain white paper. Conoco Stations and Dealers will give you an Official Contest Entry Blank free. Elaborate presentations of answers will not count in your favor.
- Write your answer in plain, simple language. Technical terms or special scientific knowledge will not influence the judges.
- Contest closes midnight, Sept. 28, 1931, and no entries bearing postmarks after midnight, Sept. 28, 1931, will be accepted.
- Contest open to everybody except employees and executives of the Continental Oil Company, Conoco Stations, Conoco Dealers and the Company's advertising agency, and their families.
- In case of tie, both contestants will receive full amount of prize tied for.
- You do not have to use or purchase Conoco Germ Processed Motor Oil or other Conoco products to compete for prizes.
- All entries submitted, whether or not they win prizes, become the property of the Continental Oil Company and may be used in advertising without payment, and none can be returned to senders.

CONTEST CLOSES MIDNIGHT, SEPT. 28, 1931
ADDRESS ALL COMMUNICATIONS TO "CONTEST OFFICIAL"
CONTINENTAL OIL COMPANY, PONCA CITY, OKLAHOMA

Band Working For Amarillo Appearance

For the next ten days the Clarendon Band has some hard work in front of it, getting ready for the trip to Amarillo, Thursday 24th. In addition to the regular band practice on Monday night each section of the band will meet some night during the week for a good work-out. Also on Saturday afternoon at five-thirty the band will stage a uniformed parade on the streets of Clarendon to give the new drum major, Mr. O. C. Watson Jr., his first actual service. At Amarillo the band will give a twenty-minute broadcast program, starting at five o'clock. The band is giving special attention to the broadcast numbers and by the twenty-fourth the program ought to be in fine shape. The people of Clarendon are invited to listen in.

Home Economics Class Organizes

The home Economics Classes met Thursday and organized their club for the coming year.

The following officers were elected: Ruth Cauthon, President; Louise Smith, Vice-President; Ruby Armstrong, Secretary-Treasurer; Herbert Carlson, Reporter; Lawrence Goldston, Sergeant at Arms.

Plans for an educational and social program have not yet been completed.

Local Merchant In Visit To Junior Class

Last Wednesday the Junior Class had an interesting visit from Mr. Goldston, who brought some Junior Class pens along to be decided upon. There were a number of samples, which were passed around the room and discussed thoroughly. The pen that received the majority vote was pleasing appearance to all of the Juniors. Mr. Goldston has sent for a sample of the emblem which he will receive and show to the class in a day or two.

AMARILLO FAIR TO BE HOST TO BANDS GALORE

NEW MEXICO INDIAN GROUP TO BE NEW FEATURE FOR EXPOSITION

AMARILLO, Texas, Sept. 16.—More than 25 bands, representing cities and towns in the Panhandle-Plains and New Mexico, already are making arrangements to attend the Tri-State Fair, September 21 to 26, at least one day, and Mason King, trade extension director of the Amarillo Chamber of Commerce, this week is making a tour of the Panhandle to invite others. A feature of the fair, started last year, is that of broadcasting music by various bands over Amarillo's two radio stations, WDAK and KGRS. Although various towns are assigned special days at the fair, many fall on the same date.

PALO DURO IN YEARS FIRST MEET

CLYDE SLAVIN WILL HEAD LITERARY SOCIETY

Holding its first session of the new school year, the Palo Duro Literary Society met on the evening of September ninth, with a majority of the old members and a number of pledges present. So clean was the club room that it fairly shone from its scrubbing. Autumn flowers decorated the piano and the table of presiding officers; a new and exceedingly practical arrangement of the benches, the number augmented since last term, added much to the symmetrical lines of the society room.

After a brief discussion of business from last term, Madam Chairman announced that the House was open for nominations for society officers. All voting was carried on by secret ballot and the following officers were elected:

Clyde Slavins, President; Bill Word, Vice-President; Pauline Shelton, Secretary Treasurer; and Eunice Johnson Reporter.

With the establishment of the Palo Duro Literary Society, Ineva Headrick, head of the department of English, was elected Sponsor. This year's voting proved to be a repetition of that of years preceding, and Miss Headrick will again sponsor the Palo Duro Literary Society activities.

Active students who come as accredited members were: Ruth Donnell, Roberta LaFon, Eunice Johnson, Nola Gordon, Wilma Hikel, Virginia Wisdom, and Winford Gattis. Several of the last year's members were absent.

Pledges to the Palo Duro Literary Society were the following: Lucile Andis, Pauline Shelton, Josephine Murphy, Pauline Sanford, Dorothy Jo Taylor, Jonnie D Latson, Lois Wallace, Jean Bourland, Bill Wood, Bill Word, Roy Stargel, and Fred Bourland.

Visitors were: Mike Strickland, Henry Wilder, Lee McKinney, and Leamon Wallace.

Pledges Fred Bourland and Bill Wood were accorded chief duties of janitors, after which official act, a few old favorite songs were sung by the entire society and the meeting was adjourned until Wednesday the sixteenth.

creating keen competition between bands and delegations.

Of unusual interest this year will be the Indian delegation to be brought here from Albuquerque, N. M., on New Mexico Day, Friday, September 25. This aggregation of Indians, taken from the cast of the "First American," Albuquerque's Indian spectacle, will bring its own band.

With early entries in the various departments piling up fast, all amusement features arranged, including Leonard Stroud's rodeo for each afternoon before the grandstand, and general plans running smoothly, Wilbur C. Hawk, president of the fair associations, predicts a record crowd will pass through the now famous free gate during the six-day exposition.

School For Deaf Asks For Students

Mrs. Nora McMurtry, County Superintendent, is in receipt of a letter from the School for the Deaf at Austin asking for students from Donley County. The

GIANT OF THE AIR REACHES NEW YORK

The Dornier DO-X, greatest heavier-than-air flying machine, arriving in New York with 60 passengers aboard, completing a leisurely voyage from Germany.

Picnic Honors Guests

In spite of the fact that the wind was blowing strongly, a crowd of young people gathered at the Country Club in the late afternoon of last Monday in order to meet out-of-town friends of Rhodin Chase and to bid the final adieu to Rhodin before his departure to Boulder Colorado, where he will attend the Colorado State University throughout this session.

Swimming was enjoyed in the late afternoon, then a delightful meal was served and dancing and bridge occupied the group until a late swim was mentioned which only those who had not eaten quite so much cared to attempt.

Mrs. Chase dispersed the group at an early hour in order that those who are taking school seriously might return home to their studies.

The out-of-town guests were: Miss Ruth Thomas of Austin, Messrs Byron Skelton of Temple, Barnett B. and Bill Skelton of Groom, and Fritz Hoffman of New Braunfels, Texas.

requirements for entrance in the school are few and the school is one of the best in the South.

The school requires that transportation be furnished for the student; that clothing be furnished and a sum of \$15.00 in cash be sent with the student. This latter named sum covers for the entire school year and nothing more is needed.

Further details may be secured from the County Superintendent.

For all kinds of printing and job work call 66.

"OUR BAND"

What a feeling, what a quivering sensation runs through our whole system as we stand watching the parade file by and the shrill voice of a youngster breaks the quiet, "Here comes Our Band".

Yes, indeed, "Our Band" composed of our boys and girls in their nifty uniforms, their band instruments glistening in the bright sun, their step perfect, their playing remarkable, every instrument in perfect unison. The beautiful banner indicating our town, flying in the gentle breeze. It is "Our Band," our children filing by rendering that music which only humans and well-made instruments can produce. To those only who have stood in line and watched "Our Band" file by has this wonderful feeling of pride and enthusiasm come. It will come to all of us if we just make "Our Band" a reality.—White Way News.

More Members Needed By Maroon Peppers

The Pep Squad was organized at the beginning of school. Ruth Cauthon and Marjorie White are Senior and Junior leaders respectively. Unfortunately the other leaders had to drop Pep Squad work. The pattern for dresses has been decided upon and the girls hope to have them ready for the next game. There are about fifteen members of the Pep Squad, but at least ten additional members are needed badly. Anyone who is interested in pep Squad activities will be welcome at the next meeting.

Miss Christine Stroder reports that her piano class is very good at the present, and that there are prospects for a large class.

Misses Margaret Dillard, and Melba Warner left Monday morning of this week for Houston, where they will enter the city Hospital for study.

BRONC GRIDSTERS BEATEN 26 TO 0

The Clarendon Broncs met defeat at the hands of the powerful Pampa Harvesters Friday afternoon to the tune of 26 to 0.

Despite the fact that the Broncs were defeated, they played a mighty good game but were unable to make much headway against a powerful line which averages 180 pounds. In the first quarter at the kick-off, it seemed that the Broncs would score when Watson returned the kick-off for 20 yds. and in two side line plays Reid netted 40 more. The rest of the quarter was a battle in the center of the field.

The Harvesters scored early in the second quarter after a rapid march and a stiff battle. J. T. Easterling then went in for T. Watson who received an injured knee and Green went in for E. Easterling who received an injured hip.

Early in the third quarter F. L. Behrens received a knee in his mid section and was substituted by E. Watson. Again in the last of the quarter Pampa pushed the ball over Clarendon's goal line.

SCHOOL DISTRICT NEEDS TAX MONEY
Every Tax Payer within the Clarendon Independent School District who has not paid their School Taxes is called upon by the Board of Trustees to pay them at the earliest time possible in order that our school may remain open.
W. C. Alexander, Tax Collector.

The fourth quarter began with both sides battling fiercely when a block of Pampa recruits entered the fray. Joe Jackson took Watson's place at center and Cross went in for E. Watson. Pampa again crossed the goal for the last score of the game.

WOMEN: watch your BOWELS
What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.
It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow. Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients.
When you've a sick headache, can't eat, are bilious or sluggish; and at the times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

**DO YOU REMEMBER
Fourteen Years Ago
IN CLARENDON**

Interesting "pick-ups" from the files of The Clarendon News of fourteen years ago.

**SAYS DONLEY COUNTY
ROADS ARE BETTER**

A. L. Chase, popular manager of the Auto Service Station, in company with F. M. Lackey of Amarillo, left Clarendon last Thursday afternoon at five o'clock, enroute to Fort Worth in a car, arriving at their destination Friday morning at ten o'clock. Mr. Chase is very much gratified and pleased that Donley County has succeeded in putting her roads in such excellent condition. He stated that the roads in our county, excepting those of Wilbarger, are without any question the best on the Gulf to Colorado highway between Clarendon and Fort Worth.

**CLARENDON RECEIVES
HER FIRST BALE OF
COTTON THIS WEEK**

The first bale of this year's cotton was received here on Tuesday of this week when A. O. Churchman of Leslie, Hall county, a few miles east of Brice brought his first bale to Clarendon. Churchman had the cotton ginned at Leslie and the bale tipped the scales at 478 pounds. It was purchased by M. W. Headrick, bringing 21.05, the check totaling a little over \$102. A cash premium of \$34.75 was raised by the business men of our city. In order to give a Donley county man a chance it was agreed to give one-half of the premium to Mr. Churchman. In addition to this Mr. Churchman will receive something like \$25 for the seed out of the first bale.

**MAKES VISIT TO THE
BOYS AT CAMP BOWIE**

On last Saturday this writer had the delightful pleasure of visiting for a short while with the boys at Camp Bowie, and especially with Company B, 7th Texas infantry, our home company.

We were there several hours, ate supper with them, and while there is nothing fancy in the eat, it is substantial, well cooked and plenty of it. There is no danger of anyone getting hungry if they are always as well fed as they were at this meal. Each man has his own knife, fork, spoon, tin cup and tin plate, which he takes with him at meal time. He washes his own dishes and takes them back to his tent.

The sanitation of the camp is well looked after and everything clean and neat.

According to figures given out by County Tax Assessor, B. F. Naylor, Donley County has property valuations to the amount of \$6,107,450, an increase of nearly a hundred thousand dollars over 1916.

The football team is daily becoming more perfect in its machine-like precision. Coaches Bogger and Gribble are working hard on the team and have developed the men to a high degree of efficiency. The first game will be played against Canyon on the home grounds on September 29th. It has always been our custom to down the Normal team, and we do not believe in departing from the custom of our predecessors.

NEW AUTOMOBILE LAW

Speed in passing other vehicles—Motor vehicles in passing each other on the highway shall slow their speed to fifteen miles per hour.

**THIRD TROOP CAMP
FIRE GIRLS ACTIVE**

At a meeting Wednesday afternoon of the Third Troop of Camp Fire Girls, it was planned to go out to the Country Club Friday and spend the night there.

The troop also did their share of ticket selling on the benefit play Monday and Tuesday nights for the Club Room.

**Barbecue Sunday
At Singing Meet**

One of the most successful of all singing conventions held by the Hall County Association was that one held last Sunday at Brice. A barbecue had been prepared and this was supplemented by basket dinners brought in great quantities by those who attended the affair. Those who attended state that this was one of the most widely attended events of this nature that has ever been held in this section of the state and that it was also one of the most enjoyed. It is estimated that between 1,000 and 1,200 were in attendance on this single day's meet.

The barbecue was prepared by Frank Whitlock, pit cook par excellence, who was assisted by Star Johnson in his task. Paul Morris, President of the association was in Clarendon the latter part of this past week and raised quite a sum here to assist in defraying the incidental expenses of the feed. He stated to The News that he was entirely grateful for the assistance given him and that Clarendon folk were due no little share of the praise for the assistance given.

The next meeting will be held on the second Sunday in April, the place of meeting to be decided upon later. Leading in the features of the convention last Sunday was the Rice Brothers Quartet from Amarillo and the Liberty Quartet from the Liberty Community in Hall County.

**FORD SHOW PLEASURES
LARGE CROWDS HERE**

"The Trip Through the Ford Factory" shown here Monday and Tuesday of this week was one of the most pleasing shows that has been seen here in many weeks. This was the consensus of opinion after large crowds attended the four presentations here in the offices of the Donley County Motor. Complete sound equipment was on hand to give all the scenes chosen and to more nearly explain the entire workings of the plant at Detroit.

Mr. Arthur Parker, manager of the motor company, states that he is well pleased with the results obtained and that he feels that the 800 and more people who visited his place in the two days will be more than ever impressed with the magnitude of the tasks handled daily in the Ford plants.

In addition to the pictures, a cut-away chassis of the Ford was on display, showing the manner of construction and the manner of operation of the machine. No parts were missing on the chassis, but it was so cut away as to show the actual workings of every moving part.

Experienced operators were in charge of the shows and made every visitor feel at home in the exhibition rooms.

**Examinations Going
Ahead In County**

Pre-school examinations of all students in the county is progressing at a rapid rate with more than one-fourth of all students through the hands of the examiners this week. By the end of the week practically one-half of the students will have been seen and it is the hope of the men in charge of the work that they may be finished before the short terms of the many schools are over for the cotton picking season.

The work of examination is being handled by the Rotary Club of this city and is being assisted by the County Superintendent, Mrs. Nora McMurry. Schools visited include those of Lelia Lake, Windy Valley, Jericho, Whitefish, Glenwood, McKnight and Bray.

Most frequent matters for the attention of the doctors have been Tonsils, Adenoids and Defective Teeth. A few cases of glandular defects and Curvature of the Spine have been located, but most of these are not too serious.

**NEW PLANS FOR
CHARITY FORMED**

**MASS MEETING TUESDAY AF-
TERNOON AGREED ON
NEED FOR UNITED WORK**

Following some discussion in the past weeks among the various organizations of the city, a meeting was held Tuesday afternoon in the Legion Hall for the purpose of discussing a more unified plan of handling charity in this community in the coming season.

For many years the charity work has been handled largely through the Goodfellows, a local body, but last winter's experience brought the conclusion to many that there was a duplication of effort by the city, the churches and the Goodfellow fund, which worked to the disadvantage of worthy charity and for the benefit of those who would take advantage of the helpful impulses of the citizenship.

The meeting was attended by representatives of nearly all the churches, the civic organizations, the city and the Goodfellows committee, with Allan Bryan secretary.

After a round-table discussion of the situation participated in by every one present, a motion was made that the chair appoint a committee of three to bring in a proposed plan of organization as indicated by the suggestions made. This committee was named as Mayor Cagle, chairman; Homer Mulkey and C. C. Powell.

The plan presented was that the movement hereafter be named the "Goodfellows United Charities", and the governing board be named from the City Commission, Lions Club, Rotary Club, B. & P. W. Club, American Legion, and all the churches of the city—eleven in number if all the organizations named accept the invitation to participate.

On motion the chair appointed a representative to approach each organization named bearing the invitation to join in the movement as outlined and to name a director as indicated. Those named were: City Commission, Mayor Cagle; Lions Club, G. L. Boykin; Rotary Club, C. C. Powell; B. & P. W. Club, J. T. Patman; American Legion, Ralph Andis; Methodist Church, Sam M. Braswell; Baptist Church, O. C. Watson; Presbyterian Church, Rev. Robt. S. McKee; Christian Church, Eddie Teer; Church of Christ, R. E. Drennan; Episcopal Church, Phillips Gentry.

Organizations not having a regular business meeting before next week are asked to consider the proposition at a called session and if favorable to have their representatives at a meeting of the new governing board at the Legion Hall next Tuesday afternoon at 4 o'clock, when a permanent organization will be set up, with constitution and by-

**Uncle Al's
Weekly Letter**

Dear Editor:

Prohibition has just got to be an issue in the next National campaign. No way for us to help ourselves. We Baptist believe in being wet all over outside and bone-dry inside while us Methodist believe in being dry inside and out.

Then there is that Bishop Cannon matter. Looks like we never will get done investigating the Bishop. It has got so Congress investigates him every time he goes to Europe. They get a little shy of investigating the Bishop when he is here to talk to 'em. Mistake the Bishop made was in telling the investigating boys where they could go with his compliments before they thought about telling him. Those Washington boys are sticklers for personal priority prerogatives.

Yours,
Uncle Al.

**County Board To
Meet In Near Future**

Some matters of vital importance to the schools of Donley County with particular reference to the High School students in the county will be up for discussion at the next meeting of the County School Board. Mrs. Nora McMurry, County Superintendent, states that the date for the meeting has not yet been set, but that she is certain it will fall in the next few weeks.

At that time, all High School Students will be transferred out of their respective districts into districts where they are now receiving instruction. This action will serve two purposes. One will be the release of the students from tuition charges in the school where they are now located and the other will be to assist in the school funds in the district to which they are transferred.

Mrs. W. T. Hayter is visiting her parents, Mr. and Mrs. Logan in Lubbock this week.

Laws, rules of procedure and officers. The board will also name the administrative head or heads under the tenure of the proposed plans.

United Charities take care of their own needy, but uniformly refuse help to transients or fly-by-nights, and it is the determination of charity workers in Clarendon that the unworthy shall not profit at local expense this year, when all aid will be so hard to furnish.

**BRONCHOS LOSE
FIRST CONTEST**

**LOCALS BATTLE AGAINST
HEAVY ODDS BUT LOSE
TO PAMPA HARVESTERS**

Displaying a world of grit and determination a fighting bunch of Bronchos played the powerful Pampa Harvesters off their feet and carried off the honors during the first quarter of the game last Friday afternoon at Pampa. However the pace became too fast and the second quarter found the locals tiring under the terrific weight handicap and the favorites of the class A District One race forged to the front with three touchdowns. Another touchdown was scored against the Bronchos in the final period which ended the scoring for the afternoon with Pampa holding a well earned 26 to 0 victory.

The four touchdown difference in the score does not in the least tell of the actual difference in the two elevens. Just as easily the score could have been 13 to 0 instead of the 26 to 0 score. The reasons for the large score are discussed further in SPORT SLANTS. Only on rare occasions could the Harvesters get going enough to show the fans that they have the least semblance of a contender for the conference title. The way the locals started off brought delight to the hearts of the Clarendon coaches and the great number of fans which traveled to the neighboring city to witness the battle. To name the outstanding players among the Bronchos ranks would indeed be a real job for not one of the boys who saw service in the game gave less than all he had to put into the lost cause. More than a few times the heralded line attack of the Harvesters were stopped cold or brought down for losses by the fighting forward wall of the Maroon and White.

The all round ability of Fred Reid, flashy half, made him the outstanding player on the field. Fred was always a threat when he carried the ball and his vicious kickline was so deadly that more than once the Pampa backs were assisted to their feet.

The report that a steady stream of Pampa substitutes were kept pouring into the game was erroneous. In the first half exactly two substitutes were made by the Harvesters—one was hurt and the other was for information. In the third quarter the same backfield was kept intact with

four new men in the line, with substitutions being made again late in the fourth quarter which included some of the starters who were inserted back into the game in a last effort to push over another counter before the game ended.

The Bronchos started off in high taking the ball from the Harvesters on a fumble. Reid galloped around end for six yards before being run out of bounds. The Pampa eleven looked like a bunch of schoolboys on the next play when Clarendon pulled an unexpected fake which caught the Harvesters flat footed. The play netted nearly 35 yards and sent the ball into the 20 yard zone. The homelings recovered sufficiently to hold the Bronchos for downs and kicked out of danger.

The quarter ended with both teams trying vainly to make their downs.

Taking the ball on their own 12 yard line the Pampa eleven flashed their first showing of power and marched down the field to a touchdown, Chastain carrying it over and also kicking the extra point. Another marker quickly followed with Chastain again carrying the leather, but failing to convert. The third counter was more on the order of a gift. In the closing minutes of the first half Nichols attempted a pass play, but found no one open, in his attempt to ground the ball he tossed it into the arms of Pafford, giant Harvester tackle, who trotted the remaining 15 yards unmolested.

The third quarter again saw the Harvesters march to a touchdown with Chastain lugging the leather and making the extra point. The Bronchos stiffened and out fought and outplayed the big Green and Gold eleven the rest of the quarter. In the fourth period with several of the Broncho regulars on the sideline another assault was made toward the Maroon goal. The youngsters withheld the attack twice and in a desperate attempt to score again Coach Mitchell sent Hill, 230 pound giant full into the game along with several other fresh men. Again the fighting hearts of the game youngsters carried them through as they nailed the big battering ram for a loss on the fourth down. The game ended with the ball in Clarendon's possession on their own 27 yard line.
