County Election Results Run To Form

Late Hi-way No. 5 Proposal Misses All Donley Towns

Donley County Gives Governor Ross Sterling a Fine Majority Saturday

S. W. LOWE LEADS ESTLACK 556 VOTES

MRS. RICHARD WILKERSON DEFEATS MRS. CAUTHEN BY ONLY 22 VOTES

In what was believed to be the closest and most hotly contested election ever held in Donley County, Governor Ross S. Sterling was favored with a majority of 336 votes over Mrs. Miram A. Ferguson in the race for the Governorship of the State of Texas, to hold the center of the stage in Saturday's run-off primary. However considerable interest was manifest in the county run-off races.

Sam W. Lowe ran away with the County Judge's race, polling 1407 votes to J. C. Estlack's total of 851 votes. In this race Lowe polled 801 votes in Clarendon and 167 in Lelia Lake to Estlack's 337 votes in Clarendon and 43 votes in Lelia Lake, which was more than enough to offset the lead registered at Hedley by Estlack who polled 213 against 146 for Lowe.

True to predictions, the real horse race of the run-off developed in the County Treasurer's race between Mrs. Richard Wilkerson and Mrs. Linnie Cauthen. Mrs. Cauthen swept into a slight lead in the returns from the city hall box but this was erased a few minutes later when the courthouse box returned a good lead for Mrs. Wilkerson, the challenger. However, as the evening wore on Mrs. Wilkerson's lead was whittled down until with only two boxes left Mrs. Wilkerson was only 28 votes with 58 votes to be accounted for. Bray reported and claimed the office for Mrs. Wilkerson with a lead of 13 votes.

R. Y. King retained the office of County Attorney over J. C. Swinburn by a vote of 1361 to 864.

In the Commissioners races Sid E. Harris successfully defended his position in precinct one from W. A. Poovey by a vote of 166 to 133, while Roy Beverly won the decision in precinct two from J. H. Hurn by a vote of 681 to 442.

Donley County continued to stand by Judge A. J. Fires in his race against Judge R. H. Templeton of Wellington for District Judge by a vote of 1228 to 976.

John Puryear swamped Ivy E. Duncan in the fight for Representative by a two-to-one majority of 1467 to 638 votes.

E. O. Thompson of Amarillo enjoyed a magnificent majority over W. Gregory Hatcher in their race for Railroad Commissioner with a vote of 1563 to 561. In the other Railroad Commissioners Race Satterwhite led Terrell by the slim margin of one vote, the total count being 1030 to 1029 votes respectively.

In the races for Congress Pink Parrish of Lubbock polled heavily to beat Terrell 1617 to 401 votes, in Place One. Cyclone Davis nosed out Joe Bailey, Jr. in Place Two by a vote of 1044 to 982, while Sterling Strong ran away with Place Three from Joe Burkett by a count of 1401 to 647 votes.

Judge Wm. Pierson polled 1166 votes to Judge J. E. Hickman's 782 votes for the office of Associate Justice of the Supreme Court.

Mr. and Mrs. Lonnie Hahn announce the arrival of a fine eight pound boy August 30. The young man has been named Alfred Alonzo.

W. H. Patrick and Walter Taylor made a business trip to Memphis Tuesday.

ELECTION PARTY MAKES GREAT HIT

LOUD SPEAKER SYSTEM ADDS MUCH TO ENJOYMENT OF HECTIC NIGHT

In what was the most sensational and hectic election ever held in the history of Texas and perhaps in the entire United States The Clarendon News Election Party was at its best and the hundreds attending the event enjoyed it to the utmost as returns were received early without the long delays which marked the July Primary. To add more to the success of the returns party a loud speaker system was installed which kept the crowd interested and informed with flashes and other information of value to the crowd.

Several records were hung up in the Saturday evening party. First the speed with which the returns were received at the election party headquarters. When the polls were closed the city hall box was complete and was flashed to the crowd over the loud speaker hook-up and within ten minutes the complete box from the courthouse was being read to the growing crowd. From then on the rural boxes and the Lelia Lake and Hedley precinct counts flooded the telephone clerks and tabulation clerks with their returns. As soon as these were received they were flashed to the crowds over the speaker hook-up and then posted on the large bulletin board. Only one box failed to be reported Saturday night, but it so happened that no outcome of any race was affected as all were settled before the last box was posted.

The success of the run-off primary was responsible in a large measure to the loud speaker address system installed by Edwin Eanes, local radio technician. A microphone was secured from Leo Ray, brother of a naval wireless operator, and the hook-up was made to two loud-speakers installed at the advantageous position which supplied the gathering with the latest returns.

Especially appreciation is extended to J. T. Patman, Douglas & Goldston, Goldston Bros., Everett Johnson, W. A. Clark, Jr., T. D. Nored, A. L. Chase, Bill Patman, G. L. Boykin, and Homer Mulkey for the valuable assistance and co-operation rendered.

4-H CLUB ENJOYS BIG ENCAMPMENT

SEVENTY LADIES AND GIRLS ATTEND EVENT AT WORD'S RANCH

Seventy 4-H Club women and girls were in attendance to the 4-H Club Encampment at the Word Ranch last Thursday and Friday sponsored by the County Council. Representatives were registered from Ashtola, Lelia Lake, Giles, Bray and Hedley. Thursday night each girl's and Women's club put in a short entertainment consisting of plays, stunts, etc.

Friday morning reports were heard from girls who attended the A. & M. Short Course and also the State Fair at Dallas last year. These were very interesting and showed the steps that are being taken to develop the rural boys and girls.

COUNTY BUDGET FEATURED BY RETRENCHMENT ITEMS

At a meeting of the County Commissioners Court at the County Judge's office last Monday the County Budget for the coming year was read and passed upon before the advisory board of the Tax Payers League and other interested parties. The idea to retrench and bring about a saving in the county this coming year was carried to a successful end when the salary of the County Judge was sliced to \$1,200 per annum and the provisions for County Agent and Home Demonstrator was omitted from the budget. Discussion of the budget was held with those present taking part before the adjournment.

Notices were received from the Court Thursday morning by T. R. Broun and Miss Martha Buttrill terminating their services to the county, September 30th.

Reports were written by each girl present and the best and most constructive papers were read to the assembly. The remainder of the morning was taken up with singing, playing of games and other recreational activity under the direction of Mrs. T. R. Broun. Friday afternoon the women had County Council meeting.

The members of the Ashtola, Hedley, Giles and Bray clubs were escorted by Mrs. John Aufil of Hedley to see the prize winning bed-room of Miss Jessie J. Tomlinson which won 1st place in the county and district contest.

LOCAL SCHOOLS TO OPEN MONDAY

HIGH SCHOOL SENIORS MUST REGISTER BETWEEN 8:00 AND 9:45 A. M. MONDAY

School bells will once again remind local citizens that vacation time is past and school days are with us when on next Monday morning the doors of the Clarendon public schools and Clarendon Junior College swing open for the fall term of school. The formal opening of the 1932-33 term of school will be held at the College Auditorium at 10 o'clock Monday morning, where a special program will be presented.

Special Instructions are issued to High School Seniors to register between the hours of 8 and 9:45 a. m., Monday. All matriculation must be completed by 9:45 o'clock in order that schedule adjustments may be worked out to the satisfaction of the students and instructors with the least loss of time.

College students will be registered throughout the day Monday, however it is the wish of the College instructors that students register as soon as convenient.

High school sophomores and juniors will be registered Monday afternoon beginning at 1:30 o'clock.

All junior high school and ward pupils are requested to be

ANTRO COFFEE SHOP TO OPEN AGAIN SOON

Barcus Antrobus, manager of the Antro Hotel, announces that the coffee shop of the hotel will be opened to the public the latter part of this week, if present plans work out. He has moved the dining room fixtures into the old lobby on the North side of the building as originally planned, with the kitchen in the North corner room formerly occupied by the Lions Club, and expects to have one of the most attractive eating places in the Panhandle. The new chef is already here and the Antro expects to keep pace with the return of better times by the added service to the traveling public, and local patrons.

Mary Jo Chamberlain and D'Laurel Beville visited friends in Memphis Tuesday afternoon.

at their respective buildings by 9:00 o'clock Monday morning for a short program and registration.

The program for Monday morning follows:

BRONCHOS BEGIN TRAINING MONDAY

STOCKING AND HUTTON WILL CALL DEFENDING CHAMPS TOGETHER MONDAY

The opening of the school year Monday will also mark the beginning of an intensive training campaign for the Clarendon High School Bronchos, which is being planned by grid mentors, Frank Stocking and John G. Hutton to successfully defend the District and Bi-District titles won last season.

Something like forty huskies are expected to answer the initial call for Maroon and White gridiron duty this year, nine of whom were lettermen on last year's great eleven. Supplementing the nine letter men will be found a score or so of reserves and squadmen who saw considerable action in the hard campaign last season which kept the locals playing until near Christmas. This year's call will also be answered by several new men and proven players who have at one time worn the colors of the local school but were ineligible last season due to scholastic difficulties.

Lettermen who will form the nucleus of the 1932 Broncho machine are Captain Snooks Andis, Ely Watson, T. J. Mann, backfield stars; and Loyd Martin, John McMahan, F. L. Behrens, J. T. Easterling, Archie Watters and Bill Greene linemen. Those who are counted upon strong to fill the gaps left in the 1931 championship team through graduation are Boles from Goldston, Carroll Hudson, star of the 1929 and 1930 Broncho elevens, Arthur Davis, Duckett of Chamberlain and Turnbow of Martin; while the would-be linemen promise to give all the lettermen a real fight for their place on the starting eleven. Outstanding candidates for the line are Gorman, Haile, Cooke, Linders, Jackson, Tidwell, O. C. Watson, Maon Johnson of Chamberlain, O'Neal and McCrary.

The Broncho field at College Park is entirely covered with a thick matting of grass and is ready at the present time for the schedule to begin. The new equipment is ready to be issued to the players, however, this will probably await a few days after the opening of school while setting-up exercises are being dished the candidates in large quantities.

Below is the complete football schedule of the Bronchos:

Sept. 30, Quitaque, there. Oct. 6, Claude, here. Oct. 14, Hollis, Oklahoma, here. Oct. 21, Shamrock, here. Oct. 28, Wellington, here. Nov. 4, McLean, here. Nov. 11, Memphis, there. Play-off dates.

Conference games include Shamrock, Wellington and Memphis.

FIRST COTTON IS GINNED—SOLD HERE

FIRST BALES OF COTTON ARE SOLD IN CLARENDON FOR NINE CENTS PER POUND

That cotton picking season is just around the corner was minded local folks this past week end when two bales of cotton brought to city and ginned by local gins. It was also the first indication of the prosperity which seems certain to favor the farmers this fall, as both bales were sold at the market price of 9 cents per pound.

Last Saturday afternoon W. E. Shepherd of the Brice community brought the initial bale to Clarendon for ginning. The Fitzgerald gin turned out the bale weighing 585 pounds and then bought the

ROUTE BARELY TOUCHES DONLEY

SHORT LINE ROUTE WASHBURN TO MEMPHIS IS PROPOSED BY DEPT.

The latest chapter in the effort to connect the gap in paving through Donley and Armstrong Counties came to light here this week when A. L. Chase, chairman of the highway committee of the Clarendon Chamber of Commerce received a carbon copy of a letter written by W. J. VanLondon, District Resident Engineer of the highway department at Amarillo, to the county judge of Armstrong County.

The department proposes an alternate routing of highway No. 5 between Washburn and Memphis, which would save one mile in distance and utilize over twenty miles of county paving from Memphis to Mulberry. This route would lead into the canyon South of Washburn and connect near the Mulberry bridge in Hall Co., touching Donley County just a short distance in the Southwest corner and in the canyon.

The department indicates that it would prefer to pave the road on the present location, but lack of promptness in securing right-of-way makes the other route feasible. It is also understood that Hall County is anxious to see the new route adopted since it will mean the taking over of the paving bonds from Memphis to Mulberry.

Here is the letter: Highway No. 5 Armstrong and Donley Counties Hon. S. P. Mathews, County Judge, Claude, Texas.

Dear Sir: I am informed that your County is experiencing considerable difficulty in securing the right-of-way for improvement of Highway 5 through your county on the present location, and am also advised that a right-of-way could be secured from the vicinity of Washburn to Brice in Hall County as shown on the attached map.

We are very anxious to begin on Highway 5 in Armstrong and Donley counties, as it is the most important link in our highway system leading to Texas.

You will note from the attached map that the distance between Memphis and the end of the pavement in Potter County by the present road is 74 miles, and that it is only 73 miles from Memphis to the end of the pavement in Potter County by way of Brice, 23 miles of which is a concrete pavement. This location would reduce by some 20 miles the amount of actual highway construction necessary to secure a paved road to Memphis.

We prefer to improve the road by way of Hedley, Clarendon and Claude but in the event it is impossible to secure the right-of-way on this route it will be appreciated if you will advise me if the location shown in green by way of Brice to Memphis would be satisfactory to the County and if the right-of-way can be secured.

Yours very truly, W. J. VAN LONDON, Dist. Resident Engineer.

bale, paying the top market price of 9 cents per pound. The Clarendon Chamber of Commerce paid the out-of-county farmer a premium of \$8.00.

J. C. Tier was the first local farmer to bring in a bale, his being ginned at the Clarendon Gin where it was bought for the sum of 9 cents per pound. Mr. Tier also received a premium from the Clarendon Chamber of Commerce amounting to \$12.00.

As soon as the weather opens all gins are expecting to begin running regularly.

Ten-Cent Cotton And Paved Highway Donley County's Opportunity For a Quick Recovery

(An Editorial)

Ten-cent cotton is the unexpected gift Providence has brought Donley County and the South.

Paved highways in Donley County is the extra-generous offer the highway department is making with the inconsequential requirement that the 100-foot right-of-way be furnished, to give us the roads and to bring about the spending of around a half million dollars for grading, drainage structures and all-weather surfacing.

If Donley farmers raise twenty-thousand bales of cotton, the raise in price will bring them around \$400,000 more money even if the staple brings them only nine cents a pound.

Nearly eighty percent of the half million dollars for paved highways in Donley will be left in the county, using the type paving that is contemplated.

The two items above gives Donley a possibility of eight hundred thousand dollars added income in the next twelve months, much of it in the next six months, if we will only avail ourselves of the opportunity. This means a per capita of eighty dollars for every man, woman and child in Donley County. Donley farmers owe less money for the production of this crop of cotton than has ever happened before, therefore they are going to have a fair surplus to spend for necessities, which means more and better business for everybody in the county.

Why not our Commissioners Court quickly accept the gilt-edged offer of the highway department, spend twenty-five or thirty thousand dollars in a manner that will require little or no increase in taxes, give Donley County paved highways on Nos. 5 and 66, and assure the distribution of four hundred thousand dollars or better among our citizenship. It will mean a saving in operating cost of every automobile and truck in the county, it will mean the employment of Donley workmen and teams, it will mean the increase in all lines of business and the bringing of hundreds of new citizens to the county, it will mean a happier citizenship. It will mean the return of better times. It will mean Progress.

Now is the time to seize opportunity by the forelock and with the welcome increase in price of cotton and the added momentum of employment and business through highway construction, Donley County will be among the first to recover from the low ebb of business and finance and begin a new era of profitable operation of the farms, the ranch, the shop, the bank and the store.

Will our Commissioner's Court adjourn politics and bring highways and good business to Donley County by a prompt acceptance of the wonderful offer from the Highway Department, which has already been accepted by many counties of less resources, less population and less promise than ours?

Thirty-thousand dollars for a hole in the ground, useless as it might be would be worth spending if it brought back over twelve times that sum. When it brings paved highways it is the best stroke of business that a Donley County Commissioner's Court ever wrote on the minute book.

Ten-cent cotton is leading the way. Let Donley provide the clincher that will bring us paved highways and the added distribution of money to make complete recovery from our ills a reality.

WEST TEXAS IS HIJACKED AGAIN

When the Hon. Pink Parrish lost his race for congressman-at-large, last Saturday to Hon. George B. Terrell, the voters of Texas by a large majority hijacked West Texas out of the only opportunity she had to get one-half of the representation in congress to which the last census entitled her.

Steadily the number of West Texans opposed to a division of the state is diminishing, under such treatment as the refusal of the legislature to redistrict the state as required by law, and the results of prejudiced voting whereby it is easier for a camel to pass through the eye of a needle than for a West Texas candidate to be elected to State or National Office.

The editor of The News has always been opposed to dividing Texas, and if Col. Ernest Thompson hadn't been elected to the railroad commission in Saturday's election, he would have been ready to join the ranks of the "dividers".

West Texas has been hijacked again.

NOT MUCH ROOM TO CROW

At the present time it appears on the face of unofficial returns that Mrs. Ferguson is the nominee of the Democrats of Texas for governor by a little over two thousand votes—the narrowest margin ever known in the history of the state.

There is yet, however, the action of the State Convention at Lubbock to be reckoned with, and where the law has not been complied with, there is a possibility of the nomination going to Governor Sterling.

In either event there is not much room for anybody to crow over the results and there still remains the November election and the chance of a movement by the defeated side to join with the Republicans in the election of Orville Bullington, candidate for governor. Mr. Bullington is one of the able and prominent men of Wichita Falls, and has a large personal following in both parties.

Strange things may happen in Texas this Fall.

FOR A BETTER UNDERSTANDING

During the primary campaigns in Donley County this year there has been a recurrence and an emphasis put upon an old rumor, that deserves some attention. It deserves attention for its is based on a mistaken idea, and because its purpose is to disrupt the feeling of neighborliness and goodwill that should exist between the citizens of our towns and the citizens of the rural communities.

A long time ago somebody started a rumor that the Clarendon Chamber of Commerce, that Clarendon business men, were sponsoring the candidacy of this person or that person; that the chamber of commerce was against the interests of the farmers and cattlemen, that the chamber of commerce was a political organization, and the like.

This writer has been a citizen of Clarendon for over fifteen years and has been fairly intimate with the local chamber of commerce and like organizations over West Texas, and there has never been such a thing as "chamber of commerce candidate" for any office to his knowledge, and he has never heard of such a thing in any other town.

Chambers of Commerce are maintained and operated to give publicity to the town and county, to promote better trade relations, to promote better markets for local farm and ranch products, to advance education, to extend the activities of good citizenship, and to promote better methods and more economic merchandising—in short to advance every temporal, mental and moral welfare of the people of the town and country.

There is no division line between the people of the town and country in a closely knit agricultural county like Donley County. It is impossible for Clarendon or any other town to advance unless the farming and cattle industries around it are also prosperous. One cannot prosper without the other prospering.

Sometimes it is hard to get a proper perspective on such false rumors in the heat of a campaign, but now the campaign is over, it is time that the poison of such talk be pointed out that good men and women in town and country stamp out the evil effects to all, whether its reputation was thoughtless or deliberate.

Members of the local chamber of commerce are good honest men who vote their preferences like any citizen ought to do, but they never vote as a unit on any candidate, any more than any other organization you might mention, much less sponsor one.

Mrs. Payne, Mrs. Drenning and Mrs. Leverett and children visited in the White home Thursday evening.

Mr. and Mrs. W. W. Leverett were called Monday night to the bedside of their daughter, Mrs. D. B. Shipman of Clarendon.

SUNNY VIEW

The school here is doing nicely but at least six pupils who were in the 8th grade last term are prevented going this term as the teachers will not teach the 9th grade, being ruled out by the County Board for some reason.

J. O. Thompson is making sorghum molasses on his farm this season. Perry Cruse of Lelia Lake, also the man who lives on Mrs. Andrew Donald's farm near town, made 40 gallons on about three-eighths of an acre. Sorghum syrup and butter on hot biscuits will be fine this winter.

Sam Roberts and Devertie Leathers went to Pampa Friday with a load of melons.

Mr. and Mrs. Jack Bailey and children spent Saturday night

at Brice visiting her sister, Rev. and Mrs. Melton Evans, also brother, Mr. and Mrs. John Jones.

Miss Byrle Flowers of Chillicothe and Nelson Johnston of Odell called on their cousins, Mr. and Mrs. A. M. Lanham Tuesday afternoon on their way home after visiting relatives at McLean.

Mr. Millard Starks and Mr. and Mrs. Heckle Starks returned home here after spending a week with Mr. and Mrs. Jasper Starks and other relatives in Memphis, Tenn. They report a most enjoyable time. Mr. Starks spent his boyhood days there and he enjoyed meeting and visiting his boyhood school mates and friends, he went out into the timber and helped cut a bee tree and got all the good honey he needed, they also went out on the steam boats where freight was being loaded. Crops were fairly good but Donley County, Texas looked good enough for them, they say.

Miss Pauline Brame spent last week with her sister, Mr. and Mrs. Sam Dale of Goldston and attended the revival meeting at that place.

Mrs. Devertie Leathers and children Margaret and Johnnie spent Friday with Mrs. Sam Roberts and Mrs. Floyd Parker. While canning peas last week

Mrs. Jack Bailey was severely burned on her face, neck and arms when the top blew off a jar she was sealing.

Mr. Roy Morgan and children of Goldston visited Mr. and Mrs. Brame Saturday afternoon.

Mr. and Mrs. T. T. Waggoner and children of Claude and Miss Nannie Mae Behrens spent Sunday night with Mr. and Mrs. F. L. Behrens and attended services at the Christian Tabernacle.

Miss Eula Haley spent Saturday afternoon with Mrs. Sallie Haley and daughter, Miss Thira, of Clarendon.

Mr. and Mrs. A. M. Lanham called on Mr. and Mrs. J. C. Johnston of Lelia Lake Sunday afternoon.

Miss Anitha Cook spent Thursday and Friday with her grandparents at Clarendon.

CARD OF THANKS

I want to thank the citizens of Donley County for the very fine majority accorded me in

last Saturday's election. Donley voters gave me a majority in every box in the county with one exception, where the vote was tied, according to the unofficial returns. This with the fine majorities in Collingsworth, and Wheeler and a good strong vote in the home county of my opponent sends me to Austin with a deep feeling of appreciation and responsibility to the 122nd district. I have no ill will to my opponent or any voter who voted for him, and I will represent all alike to the best of my ability. Thanking you again for your courtesy and support and soliciting your co-operation in making my term at Austin worthwhile to the people of this district and the state at large, I am

Cordially yours,
JOHN PURYEAR.

How Old?

He doesn't look a day over fifty. And feels like forty. At the age of 62. That's the happy state of health and pep a man enjoys when he gives his vital organs a little stimulant! When your system is stagnant and you feel sluggish, headachy, half-alive—don't waste money on "tonics" or "regulators" or similar patent medicines. Stimulate the liver and bowels. Use a famous physician's prescription every drug store keeps. Just ask them for Dr. Caldwell's syrup pepsin. This appetizing syrup is made from fresh laxative herbs, active senna, and pure pepsin. One dose will clear up almost any case of headache, biliousness, constipation. But if you want to keep in fine shape, feel fit the year 'round, take a spoonful of Dr. Caldwell's syrup pepsin every few days. You'll eat better, sleep better and feel better. You will never need another laxative. Give the children a little of this delicious syrup two or three times a week. A gentle, natural stimulant that makes them eat and keeps the bowels from clogging. And saves them from so many sick spells and colds. Have a sound stomach, active liver and strong bowel muscles that expel every bit of waste and poison every day! Just keep a bottle of Dr. Caldwell's syrup pepsin on hand; take a stimulating spoonful every now and then. See if you don't feel new vigor in every way.

THE TEMPLE BUILT BY GOD; THE HOUSE IN WHICH I LIVE
 VIII—The Tools of The House, The Hands.
 Text—Ex. 1:9.

Did you ever thank God for the hands you have? "Put forth thine hand." Look at it. It is one of the most important parts of the body. With the skill of the hands man work wonders. He can overcome the power of the lion, utilize the power of the horse, invent instruments and become a master. It is said that there are no two hands exactly alike. Not even in the same family. The lines in the palms of the hands are different. How wonderful is the skill of God who made us!

The hands are the tools of the body. You use your hands more than you use any other part of the body. You grasp, you build, you paint, you write, you make bread, and many other things. It can be a vise, a wrench, a lever, or a spade. You can train your hands to do almost anything. You would be helpless without your hands. Your hands have a language of their own. With them you can welcome or threaten. You can be kind, or you can curse with your hands. You may touch with love or strike with hate.

The hands are splendid things, when put to good use, given for the service of God. The hand follows the heart. If your heart is right with God, your hands will do what is right. It is not enough to keep your hands clean by washing. You must keep them clean by conduct. Think for a moment. How much good the hand of love may do! How different is the hand of a thief.

There are three hands that I want you to look at. There is a lesson in each. There is your mother's hand. Respect it. It was the first hand that you ever noticed. It was her hand that did so much for you before you could help your self.

Second, there is your own hand, the gift of God to you. Your character is written upon it. You must use your hands well, for it is your privilege yet to clasp a crown with them.

Then there is your Saviour's hands. The story of His hands is a story of God's love. He stretched forth His hand and the leper was cleansed. For you and for me they were nailed to the cross. His hands are the hands of God's love. Use your hands for God's sake. Him while you may.

—W. E. Ferrell, Minister First Christian Church, Clarendon, Tex.

MRS. S. T. CLAYTON GROWS GIANT TOMATO IN GARDEN
 That Donley County garden products are of the finest in the entire country was further evidenced Wednesday morning when Mrs. S. T. Clayton of the Sunnyview Community brought a giant sized tomato into The News office. The big oversized product weighed one pound and had a measurement of 12 1/2 inches by 1 3/4 inches. The tomato was grown in the excellent garden of Mrs. Clayton and is of the Ox Hart variety. It was a perfect product with a firm hard texture.

Beatrice O'Neal is in Seymour visiting her mother. She will be accompanied home by Drew, Margaret, and Lalar Bell Wilkerson.

WILLIAM EDGAR AYERS LAID TO REST WEDNESDAY
 Funeral services were held at the Church of Christ Wednesday afternoon at 3 o'clock for William Edgar Ayers, aged 83, for many years a resident of Donley County and one of the strong Christian characters of the early days in Texas.

Mr. Ayers died here Tuesday, after a three month's bedridden condition which followed a stroke of paralysis in December 1930, from which he had never fully recovered.

The deceased was born in Mississippi, August 1st, 1849, coming to Texas at an early age and settling near Goliad. He married Miss Susan Josephine Webster, Feb. 18th, 1871, and later moved to San Saba and Mason Counties where he lived for twenty years or more. Moving to Kent County in 1899 he came to Clarendon in 1906, where he has lived since that time except for a number of years spent in Oregon and California between 1913 and 1927.

He lost his wife on July 1st, 1917, after rearing six of seven children born to them, and his pride has been the strong, manly sons, and womanly daughters who now survive him.

The surviving children are: Mary Ellen Young, Hope, N. M.; Lewis Edward Ayers, Oakland, Cal.; Alexander Patten Ayers, Boardman, Oregon; John Swain Ayers, Tucson, Ariz.; William Burton Ayers, Clarendon, Texas; Alma Cordelia Martin, Brownsville, Texas.

The services held at the Church of Christ yesterday were conducted by Elder G. K. Wallace, and the interment was at the Citizens Cemetery, where a large gathering of friends followed to pay the last tribute to this good man.

The News joins the many friends of the deceased and his son, W. B. Ayers in sorrow at the passing of a good citizen, a faithful father, and a follower of the Man of Galilee.

DEPARTMENT OF COMMERCE CLARENDON JUNIOR COLLEGE

The Department of Commerce of Clarendon Junior College will again be under the supervision of R. H. Carver, who has just returned from the University of Oklahoma, where he received his Master of Business Administration Degree on August 5.

During the first semester the following courses will be offered: Principles of Accounting, Stenography, and Commercial Law.

A special effort is going to be made to make the courses available for special students who wish to take one or more courses for no credit. Special students are invited to enter, especially the Stenography and Accounting courses.

The typewriting laboratory work for the special students not taking the work for credit may be arranged for most any hour that will suit the convenience of the special student.

The special students may get practice sets in accounting in most any field that they are interested in, and work them out under the supervision of the instructor. Mr. Carver will be glad to consult with any student, relative to any course in Commerce.

The fees charged are lower than those charged by other Junior Colleges for such courses. The typewriting fee is \$4.50 for each semester. The matriculation fee is \$5.00 for each semester. The library fee is \$3.00 for each semester, if the library is used.

As a means of adjournment Dr. Vawter, Howard House and Billy Reaves offered a fine medley on the chimes, ending with "Auld Lang Sine."

LIONS ENJOY VAWTER PARTY

DR. C. R. L. VAWTER GIVES INTERESTING STUDY OF AUSTRALIA

The Vawter Evangelistic Party came back Tuesday and for the second consecutive week won the hearty approval of the Clarendon Lions Club with their variety of entertainment. Interest centered around the Notre Dame Chimes, one of the big attractions to the crowds each evening at the large tent at the rear of the Grammar School building at the South end of Kearney Street. These were handled by Dr. Vawter and Mr. Howard House at the first of the luncheon playing a Lions Club song with the members singing to the accompaniment.

The attention was called to a balance sheet and committee list which was distributed to each of the members showing the financial condition of the club and the committees which will be active during the coming term. These were furnished the organization through courtesy of The Clarendon News.

The program got under way with Dr. and Mrs. Vawter presenting an Irish medley on the chimes. "My Wild Irish Rose" was the encore and the group joined in on the chorus in an informal sing-song. Mrs. Vawter delighted the Lions with a beautiful vocal number and then amused the club with a little inside information on Lion Ed Teer.

L. D. Vaughn, Hilton Hotel Officer of Lubbock who is spending his vacation in Clarendon, was introduced and complimented the excellent program and paid his respects to Lionism and the local club and expressed his wish to at some time become a member of the organization.

Boss Lion Ira Merchant introduced Dr. Vawter who made a very striking discussion on the conditions which are prevalent in most every part of the world today and particularly in Australia, the country which the evangelistic party have recently returned. In a wonderful address the popular evangelist contrasted the effects of the depression in this country with that being experienced in Australia. In that country a stiff tax is placed on everything which is something like three times as much as the people in this country are paying. The dole is another burden which is breaking down the financial structure of the Australian Government. The people of that country are also in the toils of a terrible Union monster which has already ruined the manufacturing life of the government. In Australia the unemployment situation is distressing with the ratio of unemployment reaching the alarming figure of two without work to every nine with work. The ratio in the United States is only one unemployed to every fifteen with jobs.

Rev. W. E. Ferrell added a good hunting story to the program, but refused to name the person referred to in public.

Library Receives Many New Books

The shelves of the City Library were greatly enriched last week with the contributions of numerous volumes of a wide variety of fiction, history, texts, etc. The donors of the large list of books are Mrs. H. JOE BOURLAND VISITS HOMEFOLKS ON LEAVE

One of Clarendon's most famous sons, Joe Bourland, ranking shipman from the United States Naval Academy at Annapolis, Md., is visiting relatives and friends this week in the city while on leave. Joe is one of the outstanding shipmen in the academy, being business manager of the "Lucky Bag", the annual year book, and is also in line for undergraduate commanding officer of the Academy.

Shipman A. T. Wright, Jr., roommate of Joe's is also spending the brief leave in the city. Shipman Wright is a member of the Academy boxing team, serving as captain the past year.

A. T. Wright, Jr., of El Dorado, Texas is visiting Joe Bourland. They were classmates at Annapolis where Mr. Wright was Captain of the boxing team the past year.

VAWTER PARTY IN ROTARY PROGRAM

EVANGELIST TELLS OF INTERESTING TRAVELS TO FOREIGN COUNTRIES

The members of the Clarendon Rotary Club were entertained last Friday at noon at their regular meeting when they had as guests for the day the Vawter Evangelistic Party. The program for the day was in charge of the International Service Committee with Rotarian A. T. Cole as Chairman.

Mrs. Vawter and her brother, Mr. Billy Reaves offered two beautiful whistling duets with Mr. Howard House at the piano. Mr. House later took the spotlight with a beautiful crayon illustration of the "House by the Side of the Road." Mrs. Vawter accompanied the artist at the piano.

Dr. C. R. L. Vawter brought an inspiring and constructive message to the members with a narration incorporating the travels he and his party have enjoyed through some 42 foreign countries. The conditions of the various nations were related and compared with conditions existing in the United States.

IN SOCIETY

Boomer-Taylor

Beautiful in its simplicity was the wedding service Friday morning at the Methodist Episcopal Church South, when Miss Athlyn Taylor, daughter of Mr. and Mrs. W. W. Taylor and Mr. Albert M. Boomer, son of Mr. and Mrs. George Boomer, of Groom, Texas, were united in marriage by the Rev. E. B. Bowen. An assembly of friends and relatives were present.

The altar was covered with greenery, ferns being used with candelabras from which tall white tapers gleamed. Sam Braswell, Jr., entered before the ceremony and lighted the white tapers.

Rhodin Chase at the organ beautifully played Loret's "Marche Nuptial" and "Dubois' Cantelene Nuptial". Miss Helen Martin sang the pre-nuptial solo "At Dawning" by Cadman. She was accompanied by Mr. Chase at the organ. Mr. Chase also played the wedding marches, using Wagner's "Bridal Chorus" from Lohengrin as the processional and the march from Mendelssohn as the recessional.

The bride entered with her Maid-of-Honor, Miss Dorothy Jo Taylor, who was attractively attired in an afternoon dress of Bordeaux crepe and wearing a corsage of ivory rosebuds and pink sweetpeas. They were awaited at the altar by the bridegroom and his best man, Mr. Emmett Smith of Groom, Texas.

The bride was handsomely gowned in an exquisite tulle of navy Jericho crepe with accessories to match, and carried a bridal bouquet of gorgeous ivory roses with streamers of white and pink sweet peas.

Mrs. Boomer is a graduate of Clarendon High School, a former student of Clarendon College, and later attended the College of Industrial Arts at Denton. For the past two years she has taught in the Groom Public Schools. She has been actively engaged in Little Theatre work in which she excels.

Mr. Boomer is a former student of West Texas State Teachers College at Canyon, later attending the University of Texas where he was a member of the Lambda Chi Alpha social fraternity. He is now associated with the Barnett-Fields Elevator Company in Groom where the young couple will make their home.

Out of town guests for the wedding included: Mr. and Mrs. George Boomer, Lynn Boomer, Mr. and Mrs. W. C. Whately, Dr. and Mrs. R. F. Foster, Marguerite Foster, Mr. and Mrs. Truett Fields, Mrs. P. G. Gill and daughter, Mr. and Mrs. Harner Scoggins and family, Mr. and Mrs. Perry Johnson and family, Mr. and Mrs. Frank Burgin and family, Mr. and Mrs. Dolton Ford, Mr. and Mrs. Harrison Dyke of Ft. Stockton, Texas.

MCKINNEY VISITORS GIVEN SURPRISE PARTY HERE

Mr. and Mrs. J. B. Spurgeon of McKinney, who have been visiting here in the homes of the son and daughter, Mrs. W. F. Holey and J. L. (Mace) Spurgeon, were given a surprise dinner Sunday in the home of Mrs. W. T. Holey, honoring the 83rd birthday of Mr. Spurgeon or "Uncle Jonathan" as he is better known. The dinner was arranged by Mr. Mace Spurgeon and Mrs. W. T. Holey. Miss Eula Haley taking a part by baking an old fashioned pound cake, a long time favorite of Mr. Spurgeon's.

Besides Mr. and Mrs. J. B. Spurgeon those to enjoy the dinner and to see the last candle blown out were their grandchildren, Leon and Dorothy Alexander of McKinney, Lorraine, Minnie Bell and LaVerne Spurgeon of Clarendon, Harley Spurgeon of Ft. Worth, Glenna, Claudine and Veta Haley of Clarendon and Mr. and Mrs. Ernest Davis of Floydada. Also a niece, Mrs. Sallie Holey and daughter Thera of Clarendon, Miss Eula Haley and Harold Smith of Clarendon and Mr. and Mrs. W. T. Holey and Mr. and Mrs. Mace Spurgeon.

MRS. POWELL WILL TEACH MUSIC HERE IN SCHOOLS

Mrs. Elizabeth C. Powell, who has been visiting relatives here this summer has gone to Amarillo to supervise the moving of her household goods to Clarendon, and she with her son, Clayton, will make their home here after Sept. 1st. Mrs. Powell has been elected to fill the vacancy in the Clarendon schools caused by the resignation of Miss Christine Stroder, teacher of music, and will take up her duties here with the opening of city schools on Sept. 5th. Mrs. Powell is a most accomplished musician and her acquisition as a citizen of Clarendon will be most pleasing to her many friends here.

Miss Mary Sitton, Home Demonstration Agent for Potter County, and Miss Matia McClerken of Amarillo spent the week end in Clarendon.

MRS. FANNIE NAYLOR LAID TO REST SUNDAY

Funeral rites were held at 3 o'clock Sunday afternoon for Mrs. T. N. Naylor, 80-year-old pioneer of Clarendon, who died at 3 o'clock Saturday afternoon at a Clarendon hospital. She had been ill two weeks. Interment was at a local cemetery.

Her husband died five years ago. He was a Confederate veteran and a pioneer here since 1890. Mrs. Naylor was from Denton County, having lived on a farm next to the parents of Congressman Marvin Jones. The couple settled in Donley County, 15 miles northeast of this city and lived there the remainder of their lives.

CARD OF THANKS

We wish to express our sincere and heart-felt appreciation to our friends and relatives for the many kindnesses shown us during the recent illness and death of our dear mother and grandmother and for the beautiful flowers which brightened her last resting place.

May God Reward you.

PIONEER DAYS COMPARED WITH PRESENT TIMES

Texas who talk hopelessly of "hard times" should be ashamed of themselves. Writing December 25, 1841, W. B. Dewees said that Texas promissory notes (money) had fallen from par to 10 cents on the dollar; that those who had exchanged property for this money had lost greatly and many had lost everything by the decrease; that flour cost \$150 a barrel, and other things in proportion; that crops were short from drought and the people were suffering for food, that the colonists were hardly able to get the bare necessities of life, and "luxuries we have none." He

added: "I hope some door will soon be opened for the relief of our distresses, but sometimes it does seem that there is no longer room for hope."

That was only one of a number of times when those from whom present-day Texans enjoyed their rich heritage suffered for food while equally or more endangered by all the other perils of pioneer Texas life. Yet, those heroic Texans of a century ago suffered fought, died that independence that was always the dream of Texas founders.

Today we enjoy the realization of those dreams in Texas, but quickly become "depressed" when we are deprived of some of the luxuries to which we have become accustomed, and there are some who proclaim that we are too poor even to undertake to better our conditions, and especially that we are too moneyless to pay respectable reverence to those who blazed the way by which we have come into all the blessings we enjoy. While times now are not all that could be desired, conditions are beginning to improve and unless all precedents are reversed will soon be better than ever, and hard times will again be forgotten.

Texas are now planning a celebration in honor of those heroes who won Texas independence in 1836, and are asking voters to go to the polls in November and authorize this centennial celebration. Much time is required to prepare for such a celebration as is contemplated, and unless it is authorized at the next election, Texas can not hope to be ready for any observance by 1936.

The amendment is merely an enabling act and is in no sense mandatory. It permits, but does not require legislative action "commemorating the heroic period of early Texas history, and celebrating a century of our independence and progress, to be held at such times, places and in such manner as may be designated by the legislature of Texas." It does not provide for any bond issue or for levying any new tax.

Those who have studied it closely are of opinion that such a celebration can be held as will not only repay all it may cost, but that the increased gasoline and oil tax from out-of-State tourists alone will far exceed its cost.

It should bring to Texas thousands, even millions of tourists

who would see for themselves the remarkable achievements of a century, would come to know Texas as it is and not as it is reputed to be, and many would become permanent citizens.

Bill Carroll, John C. and Walter Knorpp left for Long Beach, California Sunday. Bill will visit his mother, Mrs. Kate B. Carroll, and the Knorpp boys will resume their school work.

Whoa, what a whingdille of an election we folks of Texas put on for the amusement of the rest of the United States. I hope the other people in other states are enjoying the outcome, because it's a real catastrophe to the thinking people of the State of Texas, who stand for honesty in the administration of government. However, perhaps there is a Santa Claus, so let's all wait until the State Democratic melo at Lubbock in a few days before giving up.

And speaking of reasons why Governor Sterling was defeated here's one of the many reasons overheard in a conversation between two ladies at the Post Office. One lady said to the other she would not vote for Governor Sterling because of the one-cent tax he had imposed upon the citizens on each letter.

That's one of the best ones we ever heard and illustrates very clearly the reasoning ability of the majority of the Ferguson supporters. We wonder which one of Pa's black land farms Ma is planning to move the capitol building on?

At least nearly one-half of the citizens of the State were right. That's something anyway. Hooray.

Wonder if Bro. Brewer isn't a bit stiff after his snake dance at the Election Party last Saturday night?

And John G. Hutton is back in town again after vacationing in Arizona with a little side jaunt up into California where he spent a time scouting the 10th Olympiad. Coach looks fine and seems glad to get back to the metropolis again, and I just have a hunch the former Colorado grid star is anxious to get the pet horses out on that pretty green carpet of grass and work some of the rough edges of their game out that appeared a time or two in their final play a year ago down Wichita way.

This department has a feeling that both Coach Stocking and Coach Hutton have some new plans tucked away in their repe-

toire of plays this season and within a few weeks they will be driving the Maroon and White players towards another chance at the regional title. Both mentors have been studying the game throughout the summer and it is reasonable to believe their knowledge will be noted in the fine performance of the local eleven. Clarendon is going to have a well dressed team this year and fine support from the home fans will have a lot to do with the results accomplished by the Branches while on the field. It's a great year for Clarendon on the gridiron again if we fans make it so.

Gus Moreland swept Texas and the Southwest once again into the spotlight of the nation with his sensational march to the Western Amateur Golf Championship last week. It was sweet to the young Dallas lad who had been so insultingly omitted from the Walker Cup team a few weeks before to bowl over the team members with ease to cop the high honor. That Dallas is certainly a wonderful place in the sports world. And it's not so bad when it comes to citizenship when one stops to consider that it gave Sterling a marvelous majority last Saturday.

But back to Moreland—the U. S. G. A. was a little ashamed of itself but possessed that sterling quality which made them admit their misgivings, and sent Mr. Moreland an urgent invitation to become a team member for the Walker Cup play. Moreland will show the great ones of the east and west some fine points of that game called golf in the coming Cup matches.

The Aggies of former days are getting the old pen worked up to the old pitch, although we doubt if the methods used are as impressive as in their dear old days as Aggie land, for the coming Tech-Aggie football game the 24th at Amarillo. G. L. Boykin has been elected, appointed or sumpin, corps commander for the local group to the game and

plans are rapidly taking form as to the how and wherefore everybody is going. Quite a stunt is planned, but finals haven't been made whether the Clarendon corps of "has beens" will form the conventional Aggie human "T" or not. It is the hope of Commander Boykin and sergeant Ralph Kerbow to enlist the services of C. J. Douglas to take the place of a departed comrade which made such events with the Aggie party.

Boy, oh boy, I durned near slipped it to the Aggies the other day as the Alumni of the U. of T. and A. & M. were indulging in that great American Alumnus sport, "cussing the coach". I proposed that we trade the services of Coach Clyde Littlefield for those of Coach Matty Bell. The idea sounded good to Pevkin and it would have gone through had it not been for Ralph Kerbow who decided that the only coach in the Southwest Conference worse than Bell was Littlefield. Such is the way of a lot of constructive ideas and plans. Perhaps we might interest the W. T. S. T. C. Buffalos in a trade which would give the University their pet Buffalo or the South gate off their athletic park fence for Clyde Littlefield and one or two of the new buildings. They can keep Coach Burton though.

TRI-STATE FAIR WILL BE LARGEST IN HISTORY

Catalogues of the Tri-State Fair, to be held in Amarillo, September 19-24, inclusive, now are being received.

Every department of this annual attraction, which has defied the depression, is being maintained.

W. F. "Bill" Lampe, President of the Tri-State Fair Association, says the dairy cattle, swine, poultry, agriculture, horticulture and pet stock exhibits will be up to standard.

"Farmers and livestock men

from all over the Tri-State Fair territory expect to exhibit," he said. "Demand for exhibitors' space is good. Not only the fair officials but the railroads anticipate record crowds."

Railroads will offer the lowest fares to Amarillo in the history of the Panhandle. Round-trip tickets during the first two days will be sold for 60 per cent of the one-way fare. Excursion rates

will be in effect during the remaining four days.

Among this year's Tri-State Fair attractions will be a world championship rodeo with \$3,300 in prizes, night auto races, the

Black Mask Players presenting nightly the best of their repertoire, the Wortham Shows with 350 people and a football game, Texas Tech vs. Texas A. & M. on the last day.

"The Headlines screamed 'SHANGHAI' but the real war is HERE"

Floyd Gibbons

HELLO EVERYBODY: They carry the weight. They transmit the power. They do the braking. They do the steering. No matter what kind of motor—brakes—steering gear you've got, it's up to the tires!

You send a car weighing maybe 2 tons along at 50 miles an hour, and a few square inches of rubber are your sole connection with the world—and safety. That's worth thinking about.

I certainly thought about it, when they showed me what they'd done at Goodrich. They've got a new tire. They worked three years to develop it. They call it the SAFETY Silvertown. They say it's the safest tire ever built. They convinced me.

I can't go into the details of their marvelous test machines—their manufacturing processes—their Silver Fleet that has covered 50 million miles testing tires. But I'll give you the climax.

Isaw them drive a car on Safety Silvertowns around a sharp, wedge-shaped corner. The pavement was asphalt, and wet. The car went around that corner at 42 miles an hour.

It leaned so, I thought it was going over. Isaw puffs of steam come out from under those Safety Silvertowns as they clutched that wet, glassy pavement.

You know, your tires are a sort of endless belt between your car and the road.

They carry the weight. They transmit the power. They do the braking. They do the steering.

No matter what kind of motor—brakes—steering gear you've got, it's up to the tires!

YET THEY DIDN'T SKID AN INCH.

I SAW THEM MOWED DOWN at Shanghai. Plenty bad, that stuff. War at its worst. But the greatest shock came when I got back. Found how many had been killed here. In peaceful America!

That car held its path like it was tied to it—running on rails. That's SAFETY!

With thousands injured in skidding accidents every year, I want to say that Goodrich has done something BIG—SENSATIONAL.

They told me out there in Akron that 57% of the cars now on the road have at least one tire that invites disaster.

Yet their new Safety Silvertown can be bought for a price that astonished me. It doesn't cost one cent more than any standard tire.

Peace negotiations stopped the killing in Shanghai. Goodrich engineers have at last put something into a tire that will reduce the highway slaughter.

It's the price of safety on the road.

I'm for stopping the HIGHWAY SLAUGHTER. I'm for Safety Silvertowns—the tires which have scouted the scare out of the skid!

To help cut down the toll of accidents—to get the "Death Tires" off the highways—we offer sensational trade-in allowances for your old, unsafe tires on all Safety Silvertowns.

I'm for this League, too!

Here's something: The Silvertown Safety League. It gives me driving rules to follow—an emblem for my car. I joined up! Any Goodrich dealer will enroll you, they tell me.

BUSINESS MAY VARY, BUT SERVICE, — NEVER

For a number of years this institution has adhered strictly to the policy that business trends and requirements might vary but that service to its customers and depositors should be maintained at a uniformly high standard. This includes: Properly trained and skilled personnel; fair and impartial treatment administered to all clients; to render unexcelled service—always; and to keep faith with customers, community and the banking profession.

ODD — BUT TRUE!

and is short on smart, observant boys.

The peace-maker is rewarded by being given an opportunity to turn the other cheek.

At the Olympic games in Los Angeles, a Brazilian team mauled a Hugarian referee who ruled them out and gave the match to the Germans, and American spectators booed the Hugarian referee. The occurrence constitutes an interesting, small-scale laboratory experiment in international affairs. If all parties had been Americans, a pop-bottle or two would have been thrown, someone would have yelled "Crooked work", and the matter would have been forgotten by sundown. As it is, several separate national prejudices have been hurt. The Brazilians probably are sore, not at a mere opponent, but at the "damned Dutch", and the Germans no doubt observed that Americans as such, and not as simple spectators, had it in for a Hugarian referee. If all the incidents that led up to the World War had happened in one country, a dozen men or so would have received prison sentences, there would have been a change of ministry, perhaps a king would have had to step down, and the rest of the world would have been concerned only as readers of current topics.

Judging by the way the R. E. F. is being broken up, kicked out, and prodded from town to town, both political parties missed the chance of securing a good sized sheaf of votes by failing to insert into their platforms a plank definitely disposing of the matter by providing that members of the bonus army could be shot on sight.

Two North Carolina rattlesnakes let a baby play with them and did not conduct themselves as might have been expected under the circumstances. The mother of the infant saved their necks from the destroyer (where is a snake's neck, by the way), and kept them as pets. It was a strange whim, but who can deny that here is a person not devoid

of gratitude?

The man who picks up the present-day map of Europe, with the map of his school days in mind, is forced to the conclusion that something has happened over there. There must have been a corresponding upheaval in this country, not noted in the press. Twenty-seven states are said to be safe for Mr. Hoover, twenty-four for Mr. Roosevelt, and eighteen doubtful.

CO-OPERATIVES TO HOLD PRE-DELIVERY CONFERENCE

General Manager R. J. Murray of the Texas Cotton Cooperative Association to visit Wellington's Branch Office Area.

An outstanding feature of the Texas Cotton Cooperative Association program this year is a series of pre-delivery membership conferences in each of the branch office areas. Since Wellington is headquarters for cotton classing service for the Association for a great area, a conference has been arranged for this point that will be of genuine interest not only to the membership but to all farmers who are interested in a sound and progressive program for a better agriculture. Farmers and business men are urged to attend this conference that they might get the lesson of organized activity among farmers and that they might give careful thought and study to the principals involved in a cooperative marketing program.

All pre-delivery conferences to be held in the Lubbock delivery district of the Texas Cotton Cooperative Association of which the territory around Wellington is a part, will be attended by General Manager R. J. Murray in company with N. H. Payne, district manager and H. L. Gatz, director of organization for the district. The meeting will be held on Thursday, September the 8th

at 2:30 P. M. in the District Court room at Wellington.

General Manager Murray is well known throughout the state as an earnest and forceful speaker. His messages will have a striking appeal to all those who are interested in getting correct information regarding the association and to those who are deeply concerned regarding the organization, its plans policies and benefits. The management of the district office at Lubbock is anxious to make this conference one of the best attended in the entire district.

Bits Of WASHINGTON'S Current Comment

Washington has relaxed into its mid-summer quiet, and resembles a circus tent between shows, which, perhaps, is a figure of speech not entirely complimentary to Congress, though nothing offensive is intended. So long as Congress is in session, the capital is secretly proud of its position as a place where interesting, first-hand information is obtainable, but with the legislative branch in adjournment, the routine business of the government yields little that makes snappy reading. There is an unusual dearth of Washington news during a presidential campaign year. Residents of the District of Columbia have no vote, it is to be recalled, and therefore have no political battles of their own to report. They have to content themselves with listening to the echoes of campaign guns fired on remote fields of conflict. Congress is the Board of Aldermen for the District, and no doubt the capital city is well governed

in that way. Washington, however, is a place populated largely by persons born elsewhere. Most residents know what it is to have a hand in a political scrimmage, certainly to the extent of casting a vote, and it is trying to sit by and let the rest of the country monopolize the fun and excitement of politics. Moreover, the self-government idea is so firmly implanted in the American mind that not even the advantages of living in Washington fully compensate for the disadvantages of being classed with criminals and lunatics, so far as having the say in ones own municipal affairs is concerned. There is some comfort in the thought that the presidential campaign, like everything else, will pass, and that the District,

though still voteless, will at least be in a position to have the spot-light turned on it again. An Illinois woman dreamed where she could find a ring that she dropped four years ago, went to the place revealed in her dream, and dug up the lost article. The people in New York are not good dreamers. The slumbers of 62 years give no hint to a woman in the state regarding her lost wedding ring, but a small boy picked it out of a plowed field, in which it had lain for a half-century before he was born. Illinois can claim that it has people who know more asleep than the New Yorkers do awake, and New York is in a position to argue that Illinois does not pay enough attention to its plowing,

VAWTER REVIVAL IS MOST POPULAR

SPECIAL ENTERTAINMENT MONDAY EVENING TO BE COMPLIMENT TO CITY

There have been nearly thirty uniting with the church already in the Christian church revival. Over one hundred have read the book of Acts. On Tuesday evening a baptismal service was held at the church immediately preceding the regular service at the tent. One of the most outstanding features of the meeting was the children's Bible drill graduation on Wednesday night. A large number of boys and girls took the course of Bible study under the direction of Howard House, and gave their public demonstration on Wednesday night. About two-hundred Bible questions were asked and answered in a way that amazed the audience. Dr. Vawter offered five dollars to any grown person in the city who could answer the questions as readily as the boys and girls, but no one present would attempt it. There will be another of the sacred concerts at 7:15 on Sunday night. This will be the last of the revival services. On Monday night the Vawter party will give a travelogue and concert at the Pastime Theatre, beginning at eight o'clock. The first half of the program will consist of pictures taken by the

VACATIONISTS VISIT HERE ENROUTE HOME

The News editor's home has been favored this week by visits from two prominent members of the newspaper fraternity in Texas.

Tuesday evening Editor Ed. A. Carlock and wife of Paducah dropped in to spend the night enroute home from Western Colorado where they have been enjoying the trout fishing for several weeks. Mr. Carlock is a past president of the Texas Press Association and has visited here a number of times.

Wednesday night, Mr. and Mrs. Sam P. Harben of Richardson, arrived on their return trip from a vacation in Colorado, where Sam broke some fishing records. Mr. Harben was particularly happy to see his joint namesake with The News editor, Sam Harben Braswell, whom he had not seen for almost a year. Mr. Harben is secretary of the Texas Press Association and is a former partner of Sam M. Braswell. They continued on their trip home this morning.

Mrs. Lona T. Shawver of the Shawver Ranch near Truscott, Texas was a guest in the W. H. Patrick home for a few days. She was accompanied to her home by Miss Mary Howren and Mrs. W. H. Patrick, who returned to Clarendon Tuesday.

Wilbur J. Hill, of the Legal Department of the State of Texas, and Weldon Jolly, editor of "The 66 News" at Whittenburg, were visitors in the Wm. H. Cooke home over the week end.

Vawter party in 43 different counties including, Europe, Asia, Africa, Australia and the South Seas. These pictures are all in color. The second half of the program will consist of instrumental selections on the chimes, marimba, piano and saxophone. Mrs. Vawter, in the old time southern costume will sing old southern songs, and also concert selections and songs for children. Billy Regyes will sing a group of songs and he and Mrs. Vawter will whistle. Howard House will play Scotch music, dressed in the Scotch highland kilts. He will draw a number of comic and trick pictures, rag pictures and colored landscapes. The evangelistic party will leave on Tuesday and begin a meeting the same night at Stratford.

Miss Martha Troxel of Sayre, Oklahoma was the week end guest of Lorraine Patrick.

Kenneth and Mrs. O. L. Fink spent Tuesday in Canyon as the guests of Dr. and Mrs. C. A. Pierle.

John G. Hutton returned to Clarendon Wednesday after spending a very delightful summer in Laramie, Wyoming and attending the Xth Olympiad at Los Angeles.

Dr. J. W. Hunt of Abilene, president of McMurry College was in Clarendon a short while this morning. He reports fine prospects for a large student body this fall.

PARAGUAY'S "NAPOLEON"

Paraguay's present difficulty with Bolivia, resulting from a long standing boundary dispute

recalls the disastrous war led by Francisco Salano Lopez, who became director of the Paraguay in 1862 and seemed ambitious to bring all South America under his rule.

Although Paraguay had a population of only about 1,200,000, Lopez in 1865 waged war on her three large neighbors—Brazil,

Argentina and Uruguay. In five years four-fifths of this population remaining alive there were only 28,764 men, besides 106,254 women over 15 years of age, and 86,879 children. This was almost what is has sometimes been called, a "war of extermination."

Lopez stopped at nothing to keep up the unequal struggle. Regiments of boys between 12 and 15 were sent to the front, and many women fought in the ranks. Women were the sole dependence for the raising of crops, and they also transported ammunition and supplies, even dragging artillery to the battle fronts. Lopez was killed on March 1, 1870, and the war ended.

Reduced to utter helplessness, Paraguay was permitted to adopt a new constitution and set up a government, under the protection of her former foes, but a Bra-

zilian army of occupation remained until 1876.

Paraguay has not yet regained the population she had at the beginning of Lopez's disastrous attempt to conquer the neighboring nations, although, because of the scarcity of men, polygamy was legalized for a while in an effort to repopulate the country. The population is now something over 800,000, while that of Bolivia is nearly 3,000,000.

WHY Does Laundry Washing Save \$\$\$

because Wet Wash Service is exactly what home washing gives. You pay from 50c to 60c for the average family washing.

COUNTING— soap, powder, bluing, starch, gas water, repair and depreciation on equipment, interest on investment, etc; the equivalent of this work done at home would cost approximately \$1.15

It is this substantial difference in cost that is daily prompting new customers to obtain from the laundry a better quality of work for less money. It will pay you to make this comparison, and to be one of our many customers.
