## 2,008 Citizens Secure Right To Vote

### Routing Of 66 Likely North Of Rock Island Tracks

#### NORMAL VOTING POWER INSURED

#### AUTOMOBILE REGISTRATIONS FALL OFF. TRUCKS GAIN 2 OVER 1931

Exceeding all expectations and early predictions the citizens of Donley County proved their good citizenship qualifications by pouring into the tax collector's office all last week swamping the clerks under a barrage of 1,500 poll tax demands. Whatever fear local candidates entertained by the apparent lack of interest in securing the privilege of voting by the Donley citizens was quickly dispelled when news of the unprecedented poll tax returns was noised about early this week. No less than 2,008 loyal Donley citizens trooped to the collector's office and signified their intention of doing their duty at the polls in July and August.

Last year only 1400 poll taxes were issued by the county office, however no state and national election provided the incentive for a large vote as does this year. It is estimated that about four or five hundred exemptions are in Donley county and will make their appearance to the polls which will swell the county ballot boxes close to the 2,500 mark, normal voting strength for this county.

A slight loss was noted in the automobile registrations for the county with 1,273 purchasing new plates as against 1366 last year. However, a gain of two cars was noted in the truck division with 164 being licensed. Along this line it will be interesting to know that a total of 91 chauffeur permits were issued from the local office. This is the first time this law has been in force, being required of truck drivers with carriers of more than one ton and one-half capacity.

The assessed 1931 poll tax roll was announced as 3,092.

The ballot strength by precinct and number are as follows:

#### Community Meet at Jericho February 18

The Jericho Home Economics Club decided at its regular meeting January 21st, to stage a "Community Gathering" at the school house on the evening of Thursday, February 18th, beginning at 7:30 o'clock. This is the annual community affair and all the citizens of the Jericho Community are cordially invited and urged to be present.

Visiting guests and speakers for the occasion will include T. R. Broun, County Agricultural Agent, and Miss Martha Buttrill, County Home Demonstration Agent. These capable rural leaders will bring interesting and constructive messages to the Jericho people and their presence will lend much to the success of the event. Plenty of fun is planned and a general good time is assured all the folks who gather at the Jericho school house on the above evening.

Barbara Smith spent the week end in Amarillo.

Mrs. Harlan Naylor transacted business in Amarillo Friday and Saturday of last week.

## City's Most Useful Citizen Contest Started

#### SCHOOL TAXES NET \$22,258.37 PAID IN

ONLY 64 PER CENT OF ASSESSED TAXES RECEIVED BY COLLECTOR

The Clarendon Independent School District received a total of \$22,258.37 in taxes or 64 per cent of the assessed tax roll for the year 1931. This was eleven per cent under the receipts expected by W. C. Alexander, collector.

The total tax roll for this year amounted to \$37,865.18 which is something like \$5,000 less than the list for last year.

A number of the citizens took advantage of the opportunity to pay half of their tax amount and then pay the remaining part in June. This accounts for \$1,918.74 which makes a total of \$24,177.11 accounted for up to Tuesday afternoon. Hope for more taxes are being entertained by the officials in the near future so that the schools may finish the school term without interruption. However this must become a reality before the path of the local institutions become clouded with a barrage of deferred warrants.

Only \$1,000 worth of delinquent taxes were taken up by the citizens of the county.

**COUNTY AND STATE TAX RETURNS GIVEN NEXT WEEK**

Because of the short time and the necessity of checking and re-checking the rolls it was impossible for the Tax Collector to release figures on state and county tax receipts for this weeks issue of The News, but is almost certain figures will be obtained in time for publication next Thursday.

A rough estimate places the collections about 60 per cent of the tax rolls. Hedley school taxes are estimated at approximately 50 per cent.

#### DONLEY GINNINGS FAR AHEAD 1930

**COUNTY HAS GINNED FIVE THOUSAND BALES MORE THAN LAST YEAR**

Ginning in Donley County has been moving along at a steady rate even despite the wet, cold and other weather elements which has tended to discourage the gathering of cotton here. This will no doubt be a surprise to many who are interested, but the figures as released from the Department of Commerce at Washington to The News this week prove that Donley County is 4,285 bales in excess of the total ginned last year during the corresponding time. Donley has ginned 19,128 bales of cotton so far this year as against 14,893 bales in 1930.

Reports from nearby counties which the readers of The News will perhaps be interested in are found in the following paragraphs.

Hall county has ginned 43,612 bales against 22,548 in 1930.

Collingsworth County has reported 45,111 this year with 34,635 bales the previous year.

Childress County ginnings total 28,962 this year against only 8,616 bales last year.

The State of Texas reports a total of 4,949,408 bales ginned this season against 3,854,274 in 1930.

Mrs. Earl Naylor has been transferred to Carlsbad by the local telephone Company she having assumed her duties there last week.

#### CITY TAXES ARE OFF 16 PER CENT

ONLY \$20,742.98 COLLECTED WITH \$15,447.51 ON DELINQUENT LIST

While the other tax receipts were fairly good the city tax list suffered greatly from the effects of the economic condition of the county with only 56 per cent of the total assessments paid in up to Tuesday afternoon. Taxes totaling \$19,488.51 were collected from the Ad Valorem roll with totals amounting to \$1,241.00 and \$13.47 in the Sewer tax and Depository tax rolls respectively. This leaves a Delinquent list of \$15,447.51 on this years roll.

The short payment of city taxes is sixteen per cent less than that collected last year. One year ago there was \$28,600.00 collected, a total of 72 per cent of the previous year's tax roll.

#### LELIA LAKE IN GREAT PARTY

**COMMUNITY JOINT MEETING IS BIG SUCCESS TUESDAY EVENING**

One of the most pleasant events in the history of Lelia Lake was held Tuesday evening of this week when the Lelia Lake Home Economics Club sponsored a community joint meeting at the school house auditorium.

The subject of poultry was perhaps the keynote of the session with County Agent, T. R. Broun, leading the discussion in which the various phases of proper housing, feeding and care of the chicks and the balanced rations was stressed.

Miss Martha Buttrill, Home Demonstration Agent, with G. L. Boykin assisting were in charge of the recreation school. In this a number of interesting games and manipulation of figures kept the citizens in the best of humor with more time being taken up with the ever-popular charade and shadow graph presentations.

G. L. Boykin announced the Hog Calling Contest for the evening of Feb. 26th in Clarendon and urged the Lelia Lake folks to make their plans to attend the event and enter into the fun.

Mrs. King very capably kept the program running smoothly in the capacity of mistress of ceremonies, and proved her ability to handle any community program which might be staged in Lelia Lake.

A like program under the sponsorship of the Chamberlain Home Economics Club will be staged this Thursday evening at the Chamberlain School-house with Miss Buttrill and Messrs. Broun, T. D. Nored and G. L. Boykin assisting.

#### SILVER AND BILLS PAID TAX COLLECTOR

An interesting observation was made by a member of The News Staff this week while checking the totals at the Tax Collector's office the fore part of this week. There was over three times as much silver and paper currency paid for taxes this year than ever before. Which goes to prove that there is just about the usual amount of money in the country as in normal times but the citizens are not placing it in the banks.

Over \$2,100.00 was received in currency for taxes this year while the most ever taken in before was approximately \$700.

An observer which was in the office for the greater part of the time stated that many were the farmers who came to the office and displayed worn billfolds which carried fat bundles of bills running from ones to fiftys in number of instances.

Are we as poor as we think?

#### COLD WEATHER FOLLOWS GROUND HOG'S SHADOW

Within twenty-four hours after old Mr. Groundhog awoke from his yearly nap, stretched and ambled out to have a look at the elements—saw his shadow and decided to snooze a while longer in his earthen bed—a stinging blizzard swooped down upon the Panhandle and allayed all hopes the citizens might have had for an early spring. However this morning the cold wave has eased off and weather reports indicate that a gradual warm-up will be experienced throughout the local area.

Elizabeth Kemp went to Amarillo Thursday.

#### ARMSTRONG CO. TO HOLD HERD

**MASS MEETING AT CLAUDE PLANS TO KEEP BUFFALO AT GOODNIGHT**

CLAUDE, Feb. 1.—A meeting of citizens of Armstrong County was held Sunday afternoon in Claude, to discuss ways of saving the Goodnight Buffalo herd and ranch.

A committee was named, composed of H. C. Tims, Fort Worth & Denver agent of Goodnight, chairman; J. M. Cain, Claude banker, and L. S. Newberry, Goodnight, to co-operate with the different interests and officials in charge of the property.

Armstrong County is the home of the Goodnight ranch which includes 11,500 acres, much of which is located in the Mulberry and Palo Duro Canyons.

Among suggestions offered for securing the ranch were "Every man, woman and child pay a dollar." Another was "Every citizen buy an acre." The third suggestion was co-operation with the different state organizations which are interested in saving the Buffalo Ranch for the state.

A district meeting of the people of the Panhandle will be called later, to be followed by a meeting of state officials in April. It was the most enthusiastic meeting ever held by the citizens of Armstrong County in the interest of the buffalo.

#### Pampa Rebekahs In Degree Ceremony

At a regular meeting Jan. 29th, the Degree Staff and other members of Pampa Rebekah Lodge, No. 355, met with Clarendon Lodge No. 149, and very creditably conferred the Degree on a candidate for membership. Pampa has a fine Degree Staff with Cecil F. Claussen as their Captain.

Those visiting the Lodge were Mr. and Mrs. Guy Sanders, Beulah Robertson, Mrs. Robert Woodward, Mrs. Cora Kolb, Mr. and Mrs. Joe Brown, Miss Jo Ann Brown, Mrs. Lizzie Walker, Mrs. Clara Johnson, Mrs. Alma Lunsford, Mrs. Vera Jackson, Mrs. Pearl Rouse, Mr. and Mrs. Cecil Claussen, Essie Young, Harold Brown, Bill Baird, Mr. and Mrs. John Beverly, all of Pampa. Mrs. Gaither, Mrs. Thomason and Mrs. Reid, all of Memphis Lodge.

There were 26 in all but some failed to register. After closing of the Lodge delicious refreshments were served to all present.

#### GROOM FEEDERS VISIT CALF PROJECTS HERE

Phil B. Farley and daughter, Betty, of Groom were here yesterday afternoon visiting the Calf feeding projects of the boys in the Aggie class at the High School. Mr. Farley and daughter are much interested in intensive feeding in the Panhandle. Miss Betty having entered the winning calf at the Amarillo Stock Show last Spring.

They saw some fine calves here and openly admitted the competition they expect from the Clarendon entries this year.

Bill Word visited in Amarillo over the week end.

#### HOG CALLING CONTEST TO BE HERE

HILARIOUS COUNTY-WIDE CONTEST WILL BE STAGED FEBRUARY 26TH

The sensation of the modern era has at last made its appearance in Donley County, or at least it will in the very near future according to the plans being formulated by the Clarendon Chamber of Commerce and assisted by Miss Martha Buttrill and T. R. Broun, county agents, which will bring the charming old sport of hog calling within reach of every man, woman, and child in the farthest corners of the county. The ancient game so popular in the good old hills of Arkansas has long been told to the children of the Panhandle and in years of late various communities over the Panhandle have

#### CLARENDON HOST TO LEAGUE AGAIN

**COUNTY INTERSCHOLASTIC LEAGUE MEET HERE MARCH 25TH AND 26TH**

It was decided at a meeting of the county interscholastic league directors last Friday afternoon that Clarendon would again be the host city for the annual two day meet on Friday and Saturday, March 25th and 26th. Since the event last year was such a great success the directors and officials of the county league decided that Clarendon would again be the logical place to hold the literary, track and field finals.

Two new events are being added this year which will add materially to the interest of the county folk. A tiny story telling event which will include the first and second grades with the maximum age limit of eight years and the story telling time at three minutes will create a world of interest throughout the county schools. The other new event is believed to be a sub-junior declamation contest, but The News was unable to get this affirmed and full particulars will be found in the columns of this paper in the near future.

Miss Pauline Lane, instructor in the public school system of Paducah, spent the past week end with her parents, Mr. and Mrs. Cap Lane.

Mrs. H. B. Kerbow left on Wednesday morning for Hamlin, Texas where she will visit for a few days with her mother.

#### LEGION ASKS OLD SHOES FOR PUPILS

BOX TO RECEIVE SHOES WILL BE AT KERBOW'S STORE SATURDAY

In co-operation with the P. T. A. organization, the American Legion has sponsored the collection of cast-off shoes for the needy school children of the community, many of whom have had to drop out of school because of the lack of shoes.

Post Commander Cox and Supt. Burton are asking the people of Clarendon to search their closets and attics for serviceable shoes of size to fit boys and girls of school age, and Mr. Burton says that few shoes will be found to be too large, as many boys and girls have need of shoes as large as grown-ups.

The Legion will place a box at Kerbow & Sons' furniture store on Saturday of this week and all who have cast-off shoes with wear left in them are urged to bring them down for distribution.

able to stay in school for the balance of the Spring term.

Hunt up those shoes and bring them down Saturday.

Should anybody desire to furnish new shoes for any of the pupils, if they will communicate with the school authorities, they will be put in touch with the pupil in need of the shoes who will meet them at any local store for fitting. Some have indicated that they would prefer to help in this way.

Mrs. Richard Carter of Amarillo is visiting her sister, Mrs. C. J. Douglas, over the week.

Hazel Newby from Paducah is visiting Pauline Slover this week.

#### FEEDING SCHOOL IS WELL ATTENDED BY FARMERS

A great deal of good is being derived from the series of feeding discussions which were started last Friday evening. There were a number of interested farmers attended the first two meetings and received the advice they had been needing for a long time. Poultry was discussed by the group at these meetings and the subject will be concluded at the meeting tomorrow evening at the City Hall at 7 o'clock.

E. V. Quattlebaum, veteran Donley expert, led the discussion of the care of the baby chicks and elaborated upon the necessity of a balanced ration. His formula was given to every one present and is: Equal parts of Bran, Shorts and maize meal, 80 per cent; and concentrates 20 per cent.

Joe Noble spent the week end in Clarendon visiting with friends.

#### CITIZENS IRED BY PROPOSALS ON 66

#### GRAY COUNTY JOINS DONLEY IN IRE AT ROUTING ON NORTH END

After many weeks of negotiations, and a purported "preliminary survey" of a route that would suit the demands of the citizenship of the North side of Donley County on Highway 66, the divisional engineer's office at Amarillo has submitted to the Highway Commission a recommendation that the route be designated on the North side of the Rock Island railroad, as originally surveyed by the federal engineers.

The indignation is joined by Gray County citizens, who do not want the 66 route in the rough country north of the Rock Island, and who plan an injunction against the designation if it is finally passed by the department. It is said that owners of the property North of the Rock Island will refuse to convey right-of-way, and will force condemnation proceedings for almost every foot of the route as proposed.

A conference was held Tuesday afternoon at Amarillo and the citizens of Donley County participated in by Gray, Donley and Potter County citizens. After discussion, in which it was stated that not a single stake had been driven on the "preliminary survey" shown on the map prepared in the engineer's office at Amarillo; that the greater part of the route South of the Rock Island shown on the map was not the route asked by Donley County citizens, Court, or Commissioner; that apparently it was elongated needlessly in order to make it a longer and more expensive route than the one recommended by the engineer North of the tracks, and that the third possible alternate route which runs South of the tracks most of the way would serve the people very little more than the designation North of the tracks.

It was decided to make one strong protest to Chairman W. R. Ely of the highway department in a final effort to avert what is considered the most unreasonable routing ever proposed for a section of any Panhandle highway. Public sentiment among the people in North Donley and South Gray Counties is much aroused over the uncompromising attitude of the engineers, and this is considered a great bar to any kind of highway progress in Donley County if the designation is made according to Engineer Van London's recommendation.

Those participating in the conference Tuesday were Commissioner Sid E. Harris, A. L. Chase, T. D. Nored, H. Mulkey, Sam M. Braswell, Paul Reeves, John Fraser and a party from Amarillo.

## WAR AT TOO MUCH A PRICE

It has been suggested in some quarters that if war comes out of the Sino-Japanese embroglio, prosperity will return to this country over-night. It is probably true that a full-sized war would stimulate business and commerce greatly, but most Americans feel that the restoration would be like the results of a hypodermic injection and that when peace was restored the patient would sink into as deep or deeper stupor.

Good business and a better price for farm products are greatly to be desired but war is too high a price to pay.

## ACREAGE CONTROL UP TO FARMERS

As was expected by a considerable majority of the people, the courts have ruled that cotton acreage reduction law is unconstitutional, and as suggested in the columns last week the control of cotton acreage is left to the wisdom of the farmers.

With the 1932 cotton crop already on hand, since the world is one year ahead of itself in cotton production, it ought not to be very much trouble for the farmer to make up his mind about the matter. A normal crop of cotton on top of a surplus year's crop, can mean only one thing—continued low prices for staple, and maybe lower.

Cotton may be a "money crop" at a normal price of ten to fifteen cents, but most anything will beat it at five cents.

## A MEMORIAL WORTH-WHILE

Along with other agencies the central committee of the Washington Bi-Centennial Celebration in Donley County has given especial attention to the project of tree planting as a fitting memorial to the memory of Our First President.

Coming, as it does, the following year after our great loss of fruit and shade trees by the late freeze last Spring, the project is worthy of especial and particular attention by all our people. Our city and county has a great percentage less trees than it had a year ago and this is an economic loss as well as a loss in attractiveness.

Doubtless there can be no more practical and worthwhile memorial to George Washington (unless it be a life rich in the fruits of true citizenship) than the planting of a tree, and The News commends the activities of the special committee in charge of the tree planting movement in Donley County.

## A GOOD TICKET FOR PANHANDLE PEOPLE

Texas is to elect three congressmen-at-large, and already there are three entrants from the Panhandle, as well as many other aspirants in other sections of the state. Most of our readers know that Col. Ernest Thompson and Mrs. Phoebe K. Warner are candidates, and there is Senator Pink Parrish of Lubbock to make up the three from the Panhandle who covet the three posts to be filled.

Some might say that the Panhandle would not be justified in asking to fill all three seats-at-large in congress next summer, but this section of the state has been discriminated against so long in the matter of few state and national offices, and too heavy taxation, that it seems to The News that this is one time Panhandle people are justified in voting sectionally for their own three candidates, while asking their friends in other parts of Texas to help put Thompson, Warner and Parrish into congress.

The three make a strong team, and present a good ticket for Panhandle people.

## FEDERAL JUDGE NAILS COMMON MISREPRESENTATION

One of the commonest misrepresentations of liquor defenders is that "prohibition is not enforced." Prohibition, like all of our laws, unfortunately has its infractions, but its "batting average" is just about on a par with any other law in the criminal code.

A news item in the Dallas Journal recently is in point: "Denouncing as a 'vicious misrepresentation' the common talk that the prohibition law is not enforced, United States District Judge William Hawley Atwell told a liquor law defendant from California that 'you are a sorrowing witness to the fact that it is enforced,' and sentenced him to five months in jail.

"There are those who break the law in spite of its enforcement, of course, but it is enforced, as you and all these other people whose freedom is in jeopardy here this morning can testify. I am sorry for your wife and baby, of course, but there is nothing else that I can do," Judge Atwell said.

"Seventeen other men pleaded guilty to liquor law violation at the morning session of court and were sentenced."

# Industrial Possibilities of Texas

BY COL. WM. E. TALBOT

(Editor's Note:—Following is the 19th of a series of articles by Col. W. E. Talbot, agency manager for the Southland Life Insurance Company and the prime mover in the campaign for Texas industries, in which he discusses the possibilities of Texas from an industrial standpoint, answering the question: "What manufacturers does Texas have and what can we profitably manufacture?" Other articles will follow.)

## STORY NO. 19

Special To The Clarendon News

You have recently seen one of Dallas' largest feed selling industries coming out with advertisements devoting the month of September to the sale and display of Southwest-made products. This means that thousands of citizens of Dallas are going to become familiar with the products that are manufactured in our Southwest. This would be an excellent plan for every other city in this State to develop their own industries.

There are 572 manufacturing plants in Dallas. They have 13,500 employees. The annual payroll is around \$15,500,000, and then there are millions more spent for the raw materials that go into these finished products. This purchasing power of our own

manufacturers is a tremendous force in the maintenance and up-building of this city. They alone, through intertrading and buying each other's products could go a great way toward increasing the local sales of our industries. It would surprise you to know the small percentage of sales in our own county from our own institutions, but thanks to the people's co-operation it is going to increase and every bit of increase that comes to these manufacturers means employment, increased buying power, and the opportunity to have funds to advertise and identify their products.

Our Chambers of Commerce work diligently to bring in new industries. You, as an individual, can make their work much easier, because when it is known that a community is committed to the support of their own institutions, outside firms come in asking for locations and not bonuses.

You are going to buy clothing, food, and furniture, anyway. Why not ask for our own products, and help build up our community and solve our unemployment and charity problems yourself. Wake up!

**SAFETY NOT IGNORED**

Safety factors have come in for much consideration this year. Many more motor car manufacturers have adopted non-shatter glass. And in body construction all-steel is gaining over composite

wood and steel construction. The all steel welded body has forged rapidly ahead in recent years and some striking effects have been achieved in steel body design, due to the ability of the body makers to initiate new methods of metal stamping. Steel bodies are obviously safe and sturdy and also have very low centers of gravity.

**DONLEY COUNTY CITIZENS:**

For your information, I will say that I am a candidate for County Judge, at this year's election. My announcement will appear in the County Papers at a later date. The County is having a thorough Audit made covering the three year period, up to the 1st day of January this year. We will then be able to tell and show our people just how the affairs of the County have been conducted. And I for one, will take pleasure in showing and explaining to any citizen, anything about the affairs that he may wish to know and I hope that every citizen so desiring will avail themselves of the opportunity which will be my pleasure. You have paid for services and I certainly want you to have it. We will have enough money to weather the County through this year on a cash basis, if the proper rigid economy is used throughout all the departments. And to that end I certainly will use my utmost efforts in your behalf.

And for my part I am in favor of having our Audit published in all papers in Donley County, for the information of our citizens. (5pd.)

**PERSONAL CLEANLINESS STRESSED AT WARD SCHOOL**

Beginning with the week of January 18th, the teachers of the South Ward school launched a "personal cleanliness" movement among the pupils and where no home conveniences for bathing were available, the school furnished hot showers for pupils, under the supervision of the teachers.

Pupils entered into the idea with cheerfulness and scores of baths were had at the South Ward building, and many who had neglected the home facilities were led to see its importance.

Last week for the first time in the history of the lower grades in Clarendon one hundred percent bathing was registered by pupils and pupil and teacher, alike are proud of the results.

Cleanliness and healthfulness are being stressed in Clarendon schools to the personal advantage of the children and the better health averages of the community.

**PUBLIC SENTIMENT, CHEAP PRICES, ARE FACTORS IN COTTON CROP OUTLOOK**

DALLAS, Tex., Feb. 3.—Investigations made by the Texas Cotton Cooperative Association indicate that regardless of the holding of cotton acreage reduction law as unconstitutional, farmers will reduce cotton acreage from 20 to 40 per cent because of cheap prices, lack of credit, abnormally wet weather, boll weevil threat, public sentiment and influence of bankers.

Some farmers say they can buy cotton cheaper than they can produce it. Sentiment for the large acreage reduction is much greater in West Texas than in Central and East Texas, the investigation shows.

## Win-One Class

The principal and most interesting feature of the regular business and social meeting of the Win-One Class on Monday afternoon was a long letter from Hubert S. Sone, former Clarendon College student who is now doing Missionary work in China. Mr. Sone and his wife have been in China for a number of years and his letters are always a source of pleasure. At this time he gave a complete report of his work during the past year and it is remarkable that one could accomplish so much during that length of time. Mr. Sone has an assistant, Rev. Wing, who is of much value to him.

About twenty members were present to hear this report as well as the beautiful devotional, "River of Life", as given by Mrs. Sam M. Braswell.

During the business session, presided over by Mrs. J. G. Sherman, the president, the members voted to be responsible for adding fifty cents each to the treasury. This money to be given at the next social meeting together with a poem telling how the money was earned.

During the business session the club voted to adopt the Martin school in so much as they will furnish the school with the daily papers and magazines. This is a beginning of what the club hopes will grow into a larger movement and more rural schools will be adopted from time to time.

At the conclusion of the business session roll call was answered with English Mannerisms. The leader, Mrs. Meade Haille, gave some interesting facts concerning Hugh Walpole and was followed by Mrs. Elba Ballew, who presented a summary of the book, "Winter's Moon," needless to say it was well done as Mrs. Ballew is one of the most delightful story tellers in our city.

# County Class "B" Basketball Tourney At Hedley Tomorrow

## County Athletic Director Releases Pairings For Tourney Friday, Sat.

### EIGHT QUINTETS READY FOR TITLE

SPACIOUS HEDLEY HIGH SCHOOL GYMNASIUM SCENE OF ACTION

While their older brothers, the class "A" fives of the county, are in a drawn out round-robin championship, the class "B" basketball teams are all groomed to the nth degree and await the opening whistle which will throw them into the midst of the big tourney which will determine the county championship in just two days.

Tomorrow afternoon beginning at 2:30 o'clock in the Hedley High School gymnasium eight county teams will toe the mark and vie with one another for the highest cage honor in Donley County.

The opening game brings into initial conflict the crack Windy Valley five against the charges of Coach McHenry Lane of the Clarendon Junior High school. This fray starts promptly at 2:30 p. m. and will be followed by the game between the Ash-tola Antelopes and the Smith Cagers at 3:30 p. m.

The lower bracket finds the Chamberlain five facing a test with the potential Lelia Lake Zebra court crew. This game will be the curtain raiser in tomorrow evening's duo of games beginning at 7 o'clock. The other night game brings the Goldston hoop experts against the McKnight quintets in the final first round contest.

Saturday will see the semi-finals and final game with the semi-final games starting at 10 and 11 a. m. and the championship go scheduled to begin Saturday evening at 7 p. m.

Accommodations have been arranged to care for a large crowd and spectators will enjoy bargain prices at all courts.

Games can be witnessed for 10 and 15 cents as will the night comes. Make your plan now to attend at least part of the games and cheer your favorite team to victory.

E. R. Reeves is the County Director of Athletics and is in charge of arrangements.

### MARTIN CAGERS PLAY JUNIOR HIGH TONIGHT

The Martin Pole Cats play their first game of the season Thursday night of this week, at the Clarendon Gym with the Clarendon Junior High cagers. The Pole Cats have had very little practice on account of the bad weather, having an out-door court, and have matched no games until this one. They are expecting a tough game, but are hoping to win. Their line-up is, Roy Morrow, Forward; Royce Turn-bow, Forward; Glynn Sibley, Center; Fred Nelson, Guard; and Marvin Peabody, Guard.

### IKE RAINES TAKES OVER CHIEF DEPUTY'S DUTIES

Ike Raines of Hedley has been appointed by Sheriff Guy S. Pierce to fill the position of Chief Deputy of Donley County, necessitated by the resignation of Cleo Emerson from the post. Mr. Raines has been a deputy in Hedley for some time and has made an enviable record during his service in that capacity, and for that reason Sheriff Pierce has named him to fill the vacancy.

Deputy Raines asks for the good will of the people of Clarendon and the citizens of the entire county and their support in enforcing the law and keeping Donley free from the grasp of the law breakers and hoodlums.

The new man stands ready to answer any call which might be directed to the sheriff's office and can be reached at the jail.

### SPORTLIGHTS from HEDLEY HI

By Hazel Stewart

Special to The Clarendon News

They did it again! They did it again! The Hedley Junior Owls copped the invitation tournament held here Friday and Saturday. This is the second title this little team has won in two months! Teams were representing this section and battled with hopes of winning the first or second trophy.

The play included: Giles 17; Lelia Lake 8; Estelline 18; Windy Valley 15; Hedley 44; Wellington 18; Turkey 22; Skellytown 15; Quitaque 25; Estelline 14; Quitaque 28; Giles 5; Hedley 25; McLean 11; Quitaque 31; Turkey 12; Hedley 26; and Quitaque 13.

Pete Armstrong of Hedley and Mixon of Quitaque tied for high point honor. They had 30 points each. Richerson of the Owls was second with 25 points. H. Armstrong (H. I.) and E. Tollett (G. A. I.) were officials.

With the help of Assistant Coach Doherty, we have chosen the following players for first and second teams:

- First Team**  
Armstrong, Hedley—Forward.  
Yarborough, Turkey—Forward.  
Mixon, Quitaque—Center.  
Shaw, Hedley—Guard.  
Tippis, Quitaque—Guard.
- Second String**  
Richardson, Hedley—Forward.  
Pevsons, Quitaque—Forward.  
Shields, Wellington—Center.  
Gordon, Hedley—Guard.  
Farley, Estelline—Guard.

The McLean girls dropped a one-sided victory to the Owlets 28 to 9, Saturday evening. The Senior Owls won an easy victory from the coaches, 52 to 12, Saturday night.

Who do you think will win the first game of the county championship here Thursday night? Coach Newman's five will "shore" pour it on the teams they play, but I'll admit the team that beats them will certainly deserve the honor award. Here's hoping that the winner will play fair and show good sportsmanship.

## What A Grand and Glorious Feeling!

—It is to know you HAVE MONEY IN THE BANK. It just "peps you up"—gives you confidence in yourself—makes the future and its opportunities look brighter!

### DONLEY COUNTY STATE BANK

THE BANK OF SAFETY AND SERVICE

Oh, Boy! I wish this was last Thursday again. Why? Oh well, were you in the municipal auditorium in Amarillo last Thursday night? If you were—you know. If you weren't just ask Ira Merchant, Charley Trent, Meredith Gentry, Dude Gentry, Carroll Knorrp or some of the others. They may be able to tell you. Anyway it was a darn good show and the scenery—pardon me I should have said the stage settings were right nice—yes very nice.

I want to borrow your glasses next time Irey. How about it?

I though I was warm enough after enjoying that performance, until I got back to Clarendon and took a look at my gas bill. I must have been an Eskimo with a south sea islander's wearing apparel during the past month from the well rounded figure stamped thereon. 'Sterrible, I think. Now some of you other folks get in behind a movement for reasonable gas rates. What do you say?

Well, tonight's the big night at Hedley when the Clarendon Bronchos begin their quest for the county basketball championship from the Hedley Owls, defending champions. I've got to hurry this column along so I can get down to Hedley gymnasium in time for the initial whistle and tip-off. Any body want to go down for the game?

It looks pretty sad for the local basketweavers on the sensational record hung up by the Hedley crew this season. However, the Maroon and White five have potentiality within their capacity, but as yet have failed to show up at their best form and it remains to be seen whether or not Captain Fred Reid can whip his team to the point where they will put all they have into winning the county title. The title referred to, by the way, has for many long years been tucked away in the trophy case of the Hedley Owls. That team knows their basket ball and proves it in their scintillating performance upon the hardwoods year after year.

Now it's up to you Bronchos, to show that same brand of fight which carried the colors of the Maroon and White through the gridiron season to such glorious success. We'll be there so let's go Bronchos.

The return game will be played on the local court on the evening of Tuesday, February 9th, with the third game, if necessary, staged on the neutral court at Goodnight, possibly the last of next week.

Oh, well, we are lucky—at least

### German Remedy Stops 30-Year Constipation

"For 30 years I had a bad stomach and constipation. Souring food from stomach choked me. Since taking Adlerika I am a new woman. Constipation is thing of the past." Alice Burns.

Most remedies reach only lower bowel. That is why you must take them often. But this simple German remedy Adlerika washes out BOTH upper and lower bowel. It brings out all gas and rids you of poison you would never believe was in your system. Even the FIRST dose will surprise you—Douglas-Goldston Drug Co. R-5.

says the comedian in the revue "Crazy Quilt." He asks his audience how we would feel should we live in New York or other eastern points where they have even had a slump in the depression. That must be tough on those folks up there, maybe we ought to subscribe a relief fund for the "slump sufferers".

I wish I had been raised on the farm among the hogs so I could have a little local atmosphere and color and experience in the gentle art of summoning the hogs from the far corners of the breaks. But as "piggy, piggy, piggy" wouldn't hardly be appropriate I guess I'll have to take a ringside seat and envy the other hog carriers of the county on the evening of February 25th. They tell me this fellow, Homer Mulkey, is pretty good—but if I was a hog the noise he makes would scare me to death.

Lots of 'n fun though folks, and it'll be well worth your time and effort to be present on that evening and get an ear full of what the hogs of Donley County have to contend with every day. The county winner will be sent to Amarillo where he will compete with other county winners for the grand \$100 prize.

The class "B" county tournament begins tomorrow afternoon with eight teams ready to cop the county title in a two-day tourney at Hedley. There is going to be lots of fun and good basketball display down there by the class B teams and the interest will rival the games of the class A quintets.

If you have some time on your hands why don't you go down to Hedley and enjoy the games. I hope I get to go see some team especially the final game on Saturday night.

Royce Turnbow paid us a pleasant visit last week and said the Martin school would probably have a regular sports writer in the near future, and left an announcement of the progress of the Martin five. That's fine, any more county schools who want regular reports appearing each week? Send them in we'll be glad to have 'em.

Perhaps there are a number of you folks who don't know who is the captain-elect of the Broncho

## SPORTS

From all plans and prospects, the coming week is going to prove an interesting one for the basket ball fans. The College girls' team, which has been organized only a short time, went to White Deer on Tuesday night, February 2nd to play the White Deer High School team. The White Deer girls will return this visit on Tuesday night, February 9th. On Friday 5th, the boys' team of C. M. J. C. is going to Shamrock to play the Shamrock High School team, and it seems that there is quite a heated argument between Roy Stargel and "Preach" Bowen as to which one of them will be the big star of the game.

Thursday night, February 4th, there will be a big County Championship game between the Clarendon High School boys and the Hedley High School boys. This game will be played at Hedley, and the champions will not be known until Hedley comes here on Tuesday, February 9th to play the return game.

It is hoped that the citizens and students of Clarendon will go to as many of these games as possible and boost the players to victory.

On Friday afternoon of last week, the Clarendon high school and college girls played the Lella Lake girls on the Clarendon Gym. Both teams put forth some real effort trying to make the most points and to make the game interesting as possible, but when the final whistle blew the Clarendon girls had won 34 to 9. On Friday night the Clarendon Junior College girls met the Goldston girls for a had fought game. The Goldston girls as well as Clarendon girls showed some real skill in making points for their team. The Clarendon sextette won 26 to 16.

Tuesday night of this week the Clarendon girls played the White Deer girls at White Deer.

### A TIRE PROPHECY

One prominent tire company's representative was on hand looking over the new models. He voiced the opinion that another break the 1932 buyer will get will be longer tire life. "Tires today will run longer than ever," he said. "Why, they've even gone so far as to turn out a tire which is air-cooled and dissipates the effects of heat upon rubber. This feature permits the use of more tread rubber. Obviously it raises tire mileage considerably.

Tennis courts and clubs are to be found in practically every center of population in Canada.

### Palo Duro Literary Society

It is not unusual for the monthly bills to come in at this time, and the Palo Duro Literary Society was not excepted in the regular distribution. Finances of the Society were discussed at the regular session of Wednesday evening, January 27th. Following the business period President Slavin announced the numbers on program to be: Reading—Eunice Johnson. Tap Dance—Alex Cooke. A visitor to the society and an enjoyable entertainer on the program, Alex Cooke, was well applauded and cordially welcomed to meet with the society again. Instead of a program for Wednesday, February 3, a picnic has been planned.

### AGRICULTURE REPORT

The Second Year Agriculture Class have for the last two weeks have been working on the tennis courts and doing a little wood-work. Last week they worked on the tennis court. They dug and rolled the courts and put in new posts and lined them. They built a hog feeder for Elbie Ballow which they worked on all week. They also built a towel rack for the Home Economics room. On Thursday and Friday they studied about different seeds and learned about pruning trees. They are going to E. V. Quattlebaum's to prune trees this week.

The 1st Year Agriculture Class went to W. M. Montgomery's house last week to prune trees. On Thursday and Friday they went to E. V. Quattlebaum's to prune trees and to see a demonstration of canning beef. Mr. Brown showed the class many important things.

### C. I. A. TO SPONSOR ART SCHOOL AT TAOS, N. M.

Special to The Clarendon News  
 DENTON, Feb. 3.—An announcement of a summer school of painting at Taos, New Mexico, under the direction of Texas State College for Women (CIA) has recently been made by Dr. L. H. Hubbard, president of the college, and Mary Marshall, director of fine and applied arts, marking the third advancement the college has made in the past four months.

Plans for an European travel course for the summer of 1932 and extension course now being taught in Dallas and Ft. Worth are the other two projects.

The three-week painting school, from August 15 through September 3, will be under the instruction of Alexander Hogue, outstanding contemporary Texas artist, and will be open to both men and women with experience in painting.

Taos is an art center within itself situated off the railroad with none of the elements of a commercialized town, boasting an ideal climate of warm days and cool nights with a native untraced artists and authors from the whole continent. It is located just below Cimarron Canon, and known as the home of the Pueblo Indians.

Alexander Hogue is well-known throughout Texas and his work has been exhibited in all sections of the United States. His portrait of J. Frank Dobie, was chosen as one of the fifteen out of a thousand pictures exhibited at the Art Students League Annual, New York.

The popularity of Canada as a centre for holding international conventions is rapidly increasing.

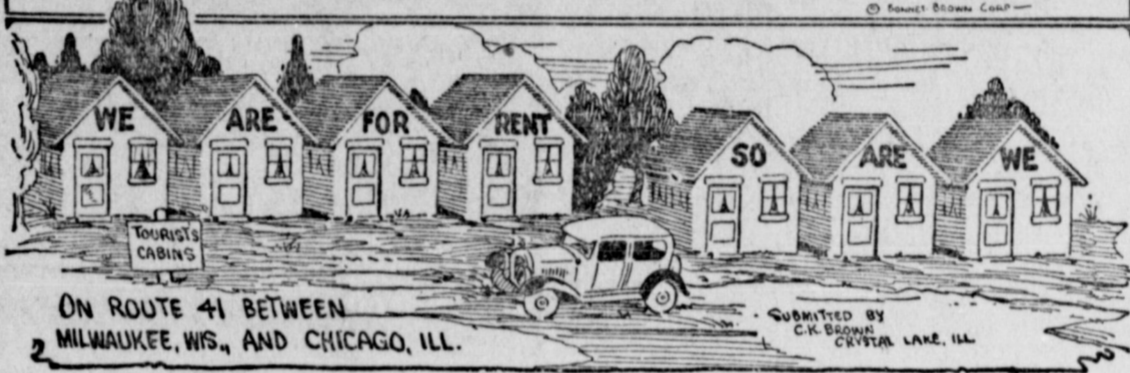

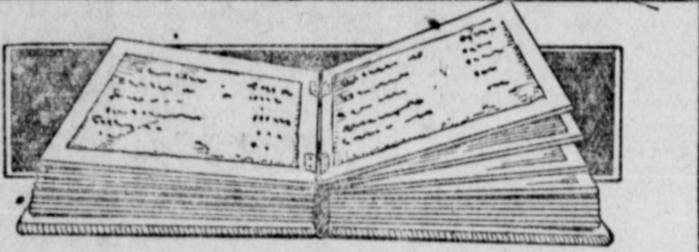

Paved motor roads lead into Canada at dozens of points along the international border.

## How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

This is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3500 births without the loss of one mother or baby.

### Alpha Delta Psi Society Activities

Wednesday, January 27th.—At seven o'clock in the Alpha Delta Psi Literary Society room, the members enjoyed a very interesting program. Nove Cook gave a reading—something about a wedding in the orphan asylum. As her tale unfolded, we were all reminded of some of our "childhood escapades", many of which got us into severe trouble just as the one related did. Delphia Bones played two piano solos and Barbara Smith played "The Rosary". Following the program, election of officers was held. New offices were fastened upon the following members, their services to begin next meeting.

ROTARY ENJOYS MUSICAL PERIOD

CLUB VOTES TO PLACE INSIGNIA UPON DOOR TO HOSPITAL ROOM

One of the most enjoyable programs in months was enjoyed by the members of the Clarendon Rotary Club last Friday when an unusual program was presented for the enjoyment of the group. Musical numbers by the club and guest entertainers provided the splendid hour of entertainment.

Miss Eunice Johnson, brought many laughs and the compliments from the Rotary group with her popular rendition of readings, while another guest, Everett Johnson, and Rotary Ann Rhoda Wiedman contributed several fine piano and drum duets. The remainder of the musical program was made up of numbers by the Rotary quartette and the entire group ending with a chorus presentation.

The members attention was called to the new Rotary insignia which hangs on the door of the Clarendon Hotel apprising the city visitors of the fact that the club meets there every Friday and any visiting Rotarian is cordially invited to attend. The new sign is a home made product and indicates just what the local artists are capable of doing.

It was voted by the club to secure and place upon the door of the Rotary Club hospital room the Rotary decal. This will be done in the immediate future.

Guests for the day included Odos Caraway of this city and Rotarian Dave Warren of Panhandle.

ROBBERIES EXPERIENCED IN COUNTY—GOODS RECOVERED

The past week end proved a time for robberies of petty nature in all parts of the county according to information from Sheriff Guy Pierce. Saturday night the Tims store at Ashtola was entered from the rear door and loot valued at \$50 taken. The Chamberlain School House lost a ton of coal via the same route the same night and then on Sunday afternoon the homes of two farmers, Bob Farris near Hedley and Mr. Green near Lella Lake, were entered while the families were not at home and quantities of bed clothing stolen by the thieves.

Tuesday night a Rock Island Railroad officer and an Amarillo Deputy Sheriff apprehended two men attempting to board an east bound R. I. passenger blind and found the stolen loot from the Ashtola Store. The two were taken to jail and a signed confession came from H. J. Sechrist, one of the robbers. Sheriff Pierce was notified and the men were returned to the Donley County Jail. The other member of the duo is Crump Parks. Preliminary hearing has been waived and bonds have been set. Sechrist was formerly a boil puller near Ashtola and is under bond here for participating in a brawl following a dance in the Ashtola community.

All the goods except a small sum of money taken from the cash drawer was recovered and placed in the hands of Mr. Tims at Ashtola.

The household robbers are thought to have been transients and made good their get-away before local officers were notified.

BILL CRAWFORD HOME DESTROYED LAST NIGHT

Fire of undetermined origin last night completely destroyed the home and furnishings of Bill Crawford on West Second street about nine o'clock. The family was not at home when the fire was discovered by Dewey Herndon, who saw the smoke while driving to town and rushed to the station and turned in the alarm.

The cold north wind, blowing a gale, quickly spread the flames from the back portion of the house all through the structure and hampered the movements of the fire department. All hopes for saving the home was quickly forgotten and the thought of smothering it so the flying sparks could do no further damage to surrounding property was carried out.
