COURT HEARS HI-WAY PLEA

ACTION DELAYED ON PETITION FOR COUNTY ELECTION ON WARRANTS

Monday afternoon of this week the Donley County Commissioners Court received petitions from over the county asking the calling of an election to ascertain the will of the majority of the citizenship on the issuance of deferred warrants not in excess of \$30,000 for the purchase of right-of-way on Highway No. 5 through the county, as required by the state highway department on their proposal to do the grading and drainage structures without cost to the citizenship of Donley.

A. L. Chase chairman of the highway committee of the local chamber of commerce, together with C. J. Douglas, R. S. Moss and Lee Holland, presented the petitions and the former made a short, concise plea for the court to call the election and do such other things necessary to meet the offer of the highway department. A. B. Bynum spoke in favor of the project representing a delegation present from Lelia Lake.

Judge A. T. Cole appeared in opposition and advised the court against the procedure urged in the petitions, saying that according to his interpretation of the law, no election could be called until after notice of issuance of warrants was posted.

Some question arose as to the exact proposal of the highway department, and the old contract of 1929 covering a similar offer was hurriedly brought from the clerk's office and read and discussed.

PRESIDENT HYER VISITS LOCAL CLUB

BREAKFAST AT COUNTRY CLUB HONORS INTERNATIONAL PRESIDENT

A cold swirling sandstorm failed to blow away the ardor of the Clarendon Lions for a steak breakfast at the Clarendon Country Club Sunday morning and a 100 per cent attendance journeyed to the grounds at 7:00 where Lions International President, Julien C. Hyer and wife of Ft. Worth were honored with a delicious breakfast, given by Lion Sam M. Braswell, District Governor of Texas "T".

Lions A. L. Chase, Homer Mulkey, Fred Rathjen, Ed Teer and Sam Braswell, Jr. left shortly after six o'clock and had the meal well on the way to completion when the bulk of the members arrived around 8 o'clock. Lion Chase proved himself one of the most capable chefs in the Panhandle with his delicious out turn of the fried steaks bordered with bacon. Then the eggs, coffee, rolls, potato chips and preserves and other accessories added no little to the enjoyment of the early meal.

BOYS CLUB TO MEET SATURDAY

ALL BOYS IN CITY URGED TO BE AT LEGION HALL AT 7:30 O'CLOCK

The second meeting of the Boys Club will be held Saturday evening at the American Legion Hall beginning at 7:30 o'clock. Plans are being made to care for close to 200 boys from eight years of age to 18 years of age, and the officials of the boys move in the city are anxious for all the boys to be present so ample plans can be made to take care of all the boys in the out-door games which will get under way next week. The parents in the city are asked to co-operate with the authorities so the proper results may be obtained from the movement and all are urged to see that their boys are at the Legion Hall Saturday evening. It is the aim of those in charge to mold the character of the growing boys into better citizens, but the big thing is to supply the boys with plenty of supervised play and athletics to care for the energy of all the boys in the city.

Over one hundred boys have signed up for membership in the club following the initial meeting of the organization two weeks ago and it is believed that almost that many more will be signed up before another week passes.

Plans will be made Saturday night for the opening of a number of athletic contests during the coming week and all the boys are interested in participating in the same are requested to be present and sign up for the events.

BOYS NEEDED TO WORK ON NEW TENNIS COURTS

The new tennis courts are ready to receive the clay topping which will complete them and make them ready for play. Now the question comes up as to who is going to volunteer their labor for the job. A few days ago a meeting was held and some thirty high school boys stated they would be interested in the proposition. No doubt there are twice that many in the city who will play on the courts as soon as they are in a playable condition, but what is needed now is a crew of tennis enthusiasts who are willing to pitch in and build these improved courts. Wagons have been donated to haul the clay to the courts and those willing to help on the job will meet Friday afternoon at 3:30 o'clock at the College Courts where they will receive instructions for the work. Be there.

FIFTH WEEK JUROR LIST WILL NOT BE NEEDED

MUSIC WEEK PLANS ARE IN PROGRESS

DEFINITE DATES FOR NATIONAL MUSIC WEEK CELEBRATION MAY 4, 5, 6

Dates for the observance of National Music Week in Clarendon has definitely been settled to include Wednesday, Thursday and Friday, May 4, 5, and 6. Plans have been under way for some time under the sponsorship of the Clarendon Band, and the tentative schedule is one of the most complete and outstanding musical treats ever staged in this portion of the Panhandle. Each organization handling the various parts of the three-night observance of Music Week have given their best effort in securing talent outstanding in the different divisions of music.

On Wednesday, the first night, the communities of Donley County will meet at the City Park at the South end of Kearney Street and enjoy what is expected to be the outstanding presentation of the whole program. A good time is planned for all with several of the communities furnishing an interesting number to the program which will also feature an old fashioned sing-song. The MacDowell Club will handle this program.

The Clarendon Band will have charge of the Thursday night program at the College Auditorium featuring instrumental numbers. Incorporated in this will be the use of various band instruments in special numbers illustrating the proper use of the instrument. The feature of this program will be the appearance of Mr. Robert Sandusky, bandmaster of the Shamrock Band, as guest soloist for the occasion. Mr. Sandusky is one of the outstanding trumpet performers in the Panhandle and his presence here will add no little to the worth of the evening's entertainment. Director Gus B. Stephenson of the local organization will join with Mr. Sandusky in trumpet duet work which will be pleasing to the music lovers of the city and county.

The final evening of the program schedule will feature junior night under the direction of the Parent Teacher's Association. Appearing on this program will be the Junior Band, together with a number of special instrumental numbers, the junior chorus and possibly an operetta.

There is no charge for any of the programs and the public in general is cordially invited to be the guests of the Music Week Committee at all of the presentations.

Joe Noble of Amarillo spent the week end in Clarendon.

LOCAL CHORINES VIE IN CONTEST

FORTY-FOUR BUSINESS FIRMS ENTER GIRLS IN BEAUTY CONTEST

Clarendon's young women will be glorified this Friday night at the Pastime Theatre where forty-four of the city's most beautiful girls representing as many business firms will vie for the title of Miss Clarendon.

Plans are being made by Manager Homer Mulkey of the Pastime Theatre to care for the largest crowd ever to come to the local show house. This is evidenced by the unusual interest being manifested throughout the entire citizenship of the community. Wherever one goes this week the principal topic of conversation is concerned about who each firm has selected for their beauty candidate.

There has been a little confusion among the business men in selecting girls who have not already been taken previously. However it is believed that all the firms will boast of a girl who will give the judges a fit before the final decision is arrived at.

Miss Esta Belle Haning and Mrs. John M. Bass have consented to handle the arrangements with the girls and this part of the program is insured of capable and artistic presentation.

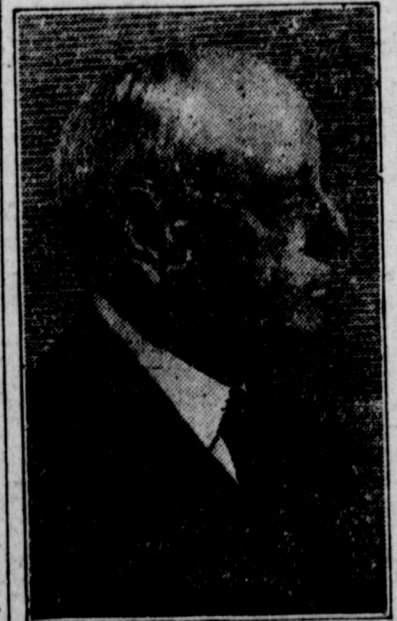

A splendid picture has been secured by Mr. Mulkey for the evening's entertainment and the beauty contest will be staged during the intermission between first and second shows.

A fine engraved loving cup will be presented to the most beautiful girl upon the decision of three out-of-town disinterested judges.

REPUBLICAN CANDIDATE VISITS NEWS OFFICE

The News was happy to have been one of the business firms visited last Saturday afternoon by Hon. John F. Grant, Republican candidate for the governorship of the State of Texas. Mr. Grant's home is in Houston where he has made a great success in the lumber business. He came to Texas 40 years ago and has since been interested in public affairs, and now, with his business in a secure position, he has agreed to give his best services to the State.

The Republican candidate has been on a tour of the Panhandle and West Texas and states that

HON. JOHN F. GRANT

the people of this section of the state are in a more optimistic frame of mind than in other sections.

When asked about the prospects of this year's gubernatorial race, Mr. Grant stated that it should be a "hot" again between Governor Sterling and Fergusonism.

Mr. Grant visited a number of the business men of the city with Chas. Buebe, prominent Republican worker of this city.

METHODIST REVIVAL IS DECLARED A SUCCESS

The Spring Revival of the Methodist Church closed last Sunday evening after two weeks of success and spiritual uplift to the community. Rev. E. B. Bowen is well pleased with the results and with the interest with which the congregation held the series of services. The pastor stated that he never saw a better spirit and continued interest before than prevailed in the campaign just ended. The crowds grew larger with each service indicating the response of the people of the town to the efforts of the pastor. Attendance at the young people's service last Friday evening reached 125. The work among the young folks by Miss Mattie Swisher of Canyon is receiving the compliments of all who were associated with her during the revival. Twenty additions to the church were received by profession of faith.

FRED KERBOW BURIED HERE

DEATH COMES SUDDENLY AFTER VICTIM ENDURES LONG ILLNESS

Death robbed Clarendon and the Panhandle of another of its sons Tuesday night at 10:45 o'clock when Fred M. Kerbow, son of Mrs. H. C. Kerbow and brother of Bennett, Guy and Ralph Kerbow of this city, died unexpectedly after a lingering attack of influenza from which he was apparently recovering. He had suffered the attack at his home in Lubbock and had been brought to Clarendon two weeks ago to recuperate. He was thought to be doing nicely until a few days ago when he was taken to the Adair Hospital for a thorough examination. He was doing splendidly until 7:30 Tuesday afternoon when he became in a bad condition and soon passed away.

Fred was born at Unita, Delta County Texas, on Mar. 6, 1887, moving to Fisher County in 1900. From there he moved to Clarendon in 1905 and has since then been at various points throughout the Panhandle.

A romance was started when he met Miss Myrtle Edwards in Clarendon and the couple was united in marriage in 1911. To this union there were born four children, Maude Alma, 19; Paul, 18; Betty Fred, 8; and James, 6; who together with their mother are left to mourn the death of their father and husband.

Funeral services were held at the home of Mrs. H. C. Kerbow yesterday afternoon at 3:30 o'clock with the Revs. Douglas Carver of White Deer and M. M. Beavers Presiding Elder of the Methodist Church conducting the last rites. Interment was made in the Citizen's Cemetery.

S. degree from Texas A. & M. College and is well qualified for the place to which he has been selected. He has fine executive ability and we predict for our school a most successful year under his administration."

By virtue of their overwhelming victory yesterday the Bronchos have challenged the class "A" Amarillo Sandies and Pampa Harvesters for the supremacy of the district at Canyon soon.

B. & P. W. Club Initiate New Members

The B. & P. W. Club held their regular meeting at the Clarendon Hotel Tuesday evening with Misses Carrie Davis and Fannie Perry as hostesses.

Among the interesting things brought forth before the club were the reports from those who attended the District Meeting at Vernon last week. They brought back with them inspiration to do greater work and a resolution for all members to attend the District meeting at Pampa next year.

During the business session the club voted to furnish a room at the hospital, this having been the big project upon which the club has been working for some time.

But the high point of the evening was that of initiating eight new members. These new members were first given a physical examination which evoked much merriment after which the club sang their Emblem Song followed by an Emblem Drill. Miss Lottie Lane had prepared a very interesting paper on "Why I am a member of the B. & P. W. Club" The President, Norma Rhodes then gave the club pledge and welcomed the new members into full fellowship. New members initiated were: Mrs. Andrew Jav. Mrs. Milus Little, Mrs. Ruth Reeves, Misses Ruth Donnell, Opal Pyle, Winnie Westberry, Helen Martin and Martha Buttrill. Twenty-six members were present with two guests, Mrs. Elizabeth Holloway and Mrs. Marvin Thomasson of Memphis.

Mrs. Jiggs Mosley suffered an acute attack of appendicitis last evening and underwent an emergency operation at the Adair Hospital. As we go to press she is reported resting easy and progressing as well as could be expected.

Mrs. O. T. Smith and Mrs. W. C. Thornberry are spending the week in Abilene.

ANNUAL FLOWER EXCHANGE SAT.

LES BEAUX ARTS CLUB REQUESTS ALL PLANTS BE ON HAND EARLY

The Annual Les Beaux Shrub and Plant Exchange will be held Saturday at the Womens Club Room in the City Hall Building. Those in charge state that plans are to stage the largest and most successful exchange ever attempted in the city. It is thought that as many of the plants and shrubs were killed this winter a great many women will take this opportunity to secure additional plant life for their homes and lawns.

The committee in charge is especially anxious that all who have plants to exchange have them at the appointed place as early Saturday as possible so the selection will be complete. The exchange will be operated throughout the entire day and it is hoped that hundreds of plants will be distributed throughout the community by this method.

Every one is invited to participate in the event. Bring your excess plants and shrubs and trade them off for something you do not have. This is one of the major activities of the Les Beaux Arts Club and has been an instrumental factor in the beautification plan of the city.

W. E. FERRELL TO RETURN TO CHRISTIAN CHURCH

News was received the fore part of the week from Rev. W. E. Ferrell, former pastor of this city that he had accepted the offer from the local church and will return to Clarendon about the first of May to resume charge of the pastorate of the Christian Church. Friends have met the announcement with the warmest reception and plans are going forward to welcome the popular pastor and his family back to the city.

ROTARIANS HAVE LIGHT PROGRAM FRIDAY NOON

Suffering a let-down following the big birthday celebration of a week previous the Clarendon Rotary Club passed the regular Friday meeting with a light program featuring Rotarian O. L. Jenkins in an informal address filled with wit and sparkling humor.

The program was in charge of the Community Service committee with Rotarian C. C. Powell chairman. A club sing-song was an interesting and entertaining feature of the day. Only one member was absent to mar what otherwise would have been a perfect attendance.

### LET THE PEOPLE VOTE

As yet there has been no action taken by the Commissioners Court of Donley County on the petition signed by about five hundred citizens asking that an election be called to determine whether or not the court shall issue deferred warrants for the purchase of right-of-way across the county for Highway No. 5, on which the highway department proposes to build the road and put in the drainage structures at no cost to the county.

The petition was circulated at the suggestion of the court when the matter was discussed some weeks ago.

Now the petition has been duly signed and presented—and the people are entitled to vote on this or any other matter so vital to the interest of the county.

It has been predicted that the court will fail to call an election or to take any action looking to the securing of the benefits of the generous offer from the state.

The News can hardly conceive of such a failure on the part of the court, when so much is to be gained by just a little co-operation.

If some one was urging that taxes be increased, then there would be some plausible reason for hesitancy under present conditions. But this has not and will not even be suggested.

Chairman Ely told Donley County representatives that he did not advise a bond issue for Donley County at all, and the proposition made to the county, regardless of the fly-by-night rumors about it, is one that will give Donley a road building program this summer, bringing around two hundred thousand dollars into the county, at not a penny's increase in taxes. It will give employment to our own people at a fair wage, it will provide money to the land owners along the route in payment for their land, and it will be the beginning of a real road system in the county which will eventually be hard surfaced without Donley County ever being out a dollar, except for right-of-way and the gasoline tax which we have to pay anyway.

Some seem to think that the department is not in earnest about the urgency of this offer. They think that if the county fails to take this offer, others will be made. And they are sadly mistaken about it.

This is absolutely the last chance Donley County has to bring the road by Hedley and Lelia Lake—and maybe Clarendon.

Now the road is going to be built—whether Donley County Commissioners use vision and good business judgment in meeting the offer of the department, or not.

The News cannot but believe that the Court will refuse to be the goat in the matter, as they most assuredly will be, if they do not order the election, or meet the offer of the highway department through some means. We believe they will see the wisdom of passing the matter to the people. If the people turn the proposal down, then there can be no criticism of the court when the routing of the road runs counter to the wishes of a great majority of the citizenship.

The road is going to be built—it's just a matter of protecting the interests of the people in its routing. The state department has already decided to build the road with their own money, and build it they will, on a routing through our three towns, or on an air line. We hold the answer in our own hands.

Let the people vote, Commissioners Court of Donley County. It is the fair way to settle the matter. It is the democratic way.

### THE PASSING OF DR. HORN

Texas, and particularly West Texas, suffers an irreparable loss in the death of Dr. P. W. Horn, president of Texas Technological College at Lubbock, and one of the really great educators of the Southwest.

His death, coming as he seemingly was on the road to recovery from a recent operation was a shock to Lubbock, the Panhandle Plains Country and Texas, generally, and his post will be hard to fill.

Dr. Paul Horn was a man of parts. An educator, a writer, a scholar and a speaker he lived a busy life, and his place will be hard to fill in the social, religious and professional life of the state.

This unfortunate and untimely death leaves two state schools without presidents, as just a few weeks ago Dr. Marquis, president of the College of Arts and Industries at Kingsville also died.

Texas will pause more than the usual moment to render tribute to the man who has served his state so well in the launching and building of the great institution over at Lubbock.

## Faithfully Upholding Our Community

We have all passed through a long and trying period, during which this bank has remained faithful to its original tradition of conservatism, a tradition that has upheld our community, that has gained for this bank the feeling of security that all depositors must have in the bank of their choice. We intend to go on this way as long as this banking institution is sustained by the people of Clarendon who, in turn, we are anxious to satisfy. Come in today.

## A BUSINESS PRINCIPLE . . . .

It is an accepted business principle that lowered prices increase sales volume. Following this truism of business practice, public service companies have made, and are making, every effort to stimulate increased use of service and thus reduce utility rates. These two facts go hand in hand . . . when use increases, rates decline.

—And under the modern rate structure of the West Texas Utilities Company, your individual average rate per kilowatt-hour declines as more kilowatt-hours are used. In fact, analyses have shown that the average customer, using fifty kilowatt-hours per month, can increase his use of service to THREE TIMES that amount for only 10 cents a day additional cost on his electric service bill—or for the cost of only one medium-priced cigar a day! The same principle produces similar results when applied to West Texas as a whole: as more service is used by all customers, the standard rate steps are reduced.

Electric utilities have made an enviable record during the past two decades. Commodity prices have fluctuated widely, and even yet have not reached the level of 1913 prices. On the other hand, the unit cost of electric service has declined steadily! A comparison between commodity and electric service costs shows that while the 1913 commodity dollar now buys less than a dollar's worth of merchandise, the same dollar, in this West Texas territory, buys over twice the amount of electric service it did in 1913!

Rate reductions have been made many times since the West Texas Utilities Company first entered West Texas. During the past ten years, the unit cost of your electric service has been LOWERED 60 PER CENT, with residential service alone showing a REDUCTION OF 54 PER CENT!

# SIX CITY GOLF LOOP IS STARTED

### CLARENDON WILL OPEN SCHEDULE AGAINST PAMPA SUNDAY THERE

Pending the acceptance of the Shamrock and Wellington Golf Clubs to the plans outlined at Memphis last Sunday, the Cap Rock Golf League will get under way with the first matches of the schedule this Sunday with the local golfers traveling to Pampa where the Country Club team of that city will be hosts. A fifteen man team from each club will be posted with the loop secretary at Memphis after being approved by the league commissioner, Rufus Greene, also of Memphis.

If Shamrock and Wellington accept the plans and come into the loop the cities making up same will include Clarendon, Memphis, Pampa, Childress, Shamrock and Wellington with a possibility that there will be a team from Hedley and Esteline.

The schedule together with the rules are below.

(Suggest 15 players for team. Other players on club may play in any tournament, but score will not count. Any team short the required 15 players will lose that many matches to their opponent.)

Each member club is honor bound to play only players who are actually members of that club, although no definite length of time of membership is required.

Each member club shall make a list of their 15 best players, naming their best player for No. 1 position, their second best for No. 2 position and etc. This list must be made before each match by each club, and the two lists of opposing players will be matched in the order which they appear on the list. In case some of the regular players on the team cannot play in any game, then the other players on the list below his name will be moved up and substitutes added to the bottom of the list. Any club may change its list of players at any time providing only that the list must be prepared before the matching in any game.

The league will consist of 6 clubs, and the season's play will be ten games for each club. Each club will play every other club in the league two games—once on their home course, and once on the opponents home course.

The standing of each club will be determined by the number of matches they win or lose in each contest. To illustrate—A team winning 10 matches and losing 5 matches would be given a percentage of .667 for that week and their opponent would be given .333. Each succeeding week the percentage of winning will be added to the previous week and divided by the number of games played to determine the standing of the different clubs.

Each club will report on Monday the result of the tournament the previous day to the Secretary. Both clubs must report so that he may be able to check any errors. He will immediately compute the standings of the clubs and mail to each member club a report showing the standing of all clubs.

Each club must mail the Secretary a check for \$6.35 of this amount to be used in buying a cup to be presented to the club winning the league championship, and \$1 of the amount to go to the secretary to pay for postage, stationery and etc. in making reports.

The general club tournament to be held in September, there will be a charge of \$1 for each entrant, and that amount only will be spent for prizes.

## Interesting Facts about the OLYMPICS

(By LEONARD HORWIN)

Special To The Clarendon News

**INTRODUCING**

Good afternoon, folks. We introduce ourselves as your special news announcers on the Olympic Games, bringing to you for the next few months interesting side-lights on the "doings" as America prepares its athletic party for the world.

**Uncle Sam the Host**

During the last days of July and the first fourteen days of August, the United States plays host to the world and the games of the Xth Olympiad. To date, the record number of 40 nations have announced their intention to participate. Southern California, the "Playground of America," and the scene of the events, is preparing a rip-roaring welcome.

**IT'S NOT SO**

"People think of the Olympic Games as a type of glorified track meet."

Bill Henry, famed sports writer and expert, for twenty years a leading correspondent on assignments to every part of the globe, now sports technical director of the Olympic Games, was telling us of his work.

"They are far more than that. Besides including an international contest in almost every field of sport with several score nations represented, they are in themselves a great gesture of international fellowship and a tradition rooted in antiquity."

"This," and the athleticly built sports mentor in the tan sports suit emphasized his words, "will probably be the only time in the lives of persons now living that the games will be held in America."

**OLYMPIA**

These games had a deep symbolism in moss-covered antiquity. It is a matter of historical fact that down in ancient Greece great battles were called off when the moon reached a certain position in the heavens during the summer solstice. The homicide squads on both sides of the battlefield would then adjourn and tramp off to Olympia on the west coast of Greece to hold the games.

In truth, they were not games, but athletic rites of purification dedicated to Zeus, invisible ruler of heaven and earth.

The serious business over, and the victors crowned with the wreath of olive, the athletes would return to the horse-play on the battlefield.

**DEATH AND REVIVAL**

Although the Greeks had a word for him and more, the Roman emperor Theodosius finished both Greeks and games in the year 394 A. D.

And that was for nearly fifteen centuries until the year 1892. In that year the athleticly-

tary of the United States Civil Service Board of Examiners, at the postoffice in this city.

Its open season on guessing this month and with your permission, or without it as the case may be, here is how we think the major and Texas leagues will end up at the end of their respective flag chases. In the American League ladies and whatnots we have Mr. Cornelius McGillicuddy with his great herd of Elephant diamond performers, the Athletics from the municipalities of William Penn's Philadelphia. But on the other hand Mr. and Mrs. guess digester there appears the rejuvenated New York crew of fence demolishers under the caption of Yankees which skipper Joe McCarty predicts will make the race to the pinnacle after three lean years. Now the big guess job is this—throw only fresh vegetables please.

- 1st. New York
- 2nd. Philadelphia
- 3rd. Washington
- 4th. Cleveland
- 5th. St. Louis
- 6th. Boston
- 7th. Detroit
- 8th. Chicago.

- National League:**
- 1st. Dizzy Dean, Carlton Penner, Martin, Hallahan, & Co.
  - 2nd. Chicago
  - 3rd. New York
  - 4th. Brooklyn
  - 5th. Cincinnati
  - 6th. Philadelphia
  - 7th. Pittsburgh
  - 8th. Boston.

- Texas League:**
- 1st. Fort Worth
  - 2nd. Dallas
  - 3rd. Houston
  - 4th. Wichita Falls
  - 5th. Beaumont
  - 6th. San Antonio
  - 7th. Galveston
  - 8th. Shreveport.

Now it's your turn, how far am I wrong? A great deal I'm sure, but I hope not so wrong or unethical as a local attorney who a few days ago appeared before and threatened a group of public servants of their offices should they pass favorably on a certain public issue.

During the past few days the mails have brought to our desk several invitations to Clarendon and Donley County citizens to attend sporting events in Wichita Falls. The first from the Chamber of Commerce inviting all baseball fans of Clarendon and this county to attend the Texas League contests in that city at any time throughout the summer. Wichita Falls has ever been a popular city with the people of Clarendon and the Spudders have always enjoyed the support of the fans. Parties of local baseball enthusiasts have often made the trip to Wichita Falls in summers past and interest seems even greater this season, with the franchise of the Spudders on trial.

Then from the Junior Chamber of Commerce comes an invitation to local golfers to participate in the Wichita Falls First Annual Invitation Golf Tournament on May 21 and 22. Each city is invited to enter a four-man team and the play will be upon a handicap medal play basis, 54 holes will make up the route.

Personally, we would rather play in the above tourney than the Green Belt loop. That's a great bunch at Wichita Falls when it comes to entertaining visitors.

Now the Cap Rock Golf League is almost certain to become a reality following a meeting of several club representatives at Memphis Sunday the golfers in Pampa, Wellington, Shamrock, Childress, Memphis and Clarendon will have a full summer competition.

- July 31st—Open.
- August 7th—Memphis at Shamrock, Childress at Pampa, Wellington at Clarendon.
- August 15th—Open.
- August 22nd—Memphis at Wellington, Shamrock at Pampa, Clarendon at Childress.
- August 29th—Open.
- Tournament date to be set in September.

tion awaiting them. The first inter-city matches in the loop are scheduled for Sunday. Clarendon blasts the lid off the season with an invasion of the Pampa Country Club course. Fifteen men make up the team with team standing being determined by the number of individual matches won during the entire play of the schedule.

I look like a fat season for the Hillcrofters on the golf course this summer.

Track manager "Owl" Benson declares that Loyd Martin would be the point man in most track meets if a carton of cigarettes constituted high point prize. There are several that would make him hustle for the weeds in that case though Benson.

Will the party or parties who borrowed the rolls of wire the other night from the College please return them. That was to be used for the new tennis courts and now some one comes along and runs off with it. We're having hard enough time to get some tennis courts for the youngsters of Clarendon this summer and now if the one or ones who stole it don't bring it back the movement will probably be delayed indefinitely. Better bring it back before the Sheriff finds it.

### VACANCIES IN THE GOVERNMENT

The United States Civil Service Commission has announced open competitive examinations as follows:

- Assistant gardener, \$1,260 a year, or \$4.24 a day when actually employed, Office of Public Buildings and Public Parks of the National Capital, Washington, D. C. Closing date April 28, 1932.
  - Senior inspector, engineer construction (marine), \$2,600 a year, Office of Inspector of Machinery, United States Navy, Groton, Conn. Closing date May 3, 1932.

- All States except Delaware, Iowa, Maine, Maryland, New Hampshire, Vermont, Virginia, and the District of Columbia have received less than their share of appointments in the appointed departmental service at Washington, D. C.

minded Frenchman, Baron Pierre de Coubertin, then a youth of seventeen, proposed the revival of the games before the French Sports Union. His dream was realized at Athens four years later—the city which once beheld the glory that was Greece in the days of the Olympiads, now witnessing the first modern edition of the ancient games.

It seems fitting that the Olympic Games, in which the physical perfection of the youth of that ancient day inspired eternal works of art, should have been revived by a youth in the modern day when the Games, with their intense competition, are an invaluable physical expression to men being dwarfed by the machine age.

(Editor's Note:—An Olympic Games story will appear as a regular feature of this column once a week.)

## Lubbock Plans Coaching School

(By Lyle Holmes)

Special To The Clarendon News

LUBBOCK, Texas, April 14.—With the signing of Pop Warner, Tiny Thornhill, and Jack Meagher this week, Texas Technological College is assured of having the most outstanding array of coaches ever to instruct a coaching school, for the Second Annual Coaching School to be held here July 11-22.

Hunk Anderson, Marcy Schwartz, Phog Allen, and Clyde Littlefield are the other coaches who have been selected by Coach P. W. Cawthon to instruct at the coaching school here.

Anderson and Schwartz will give instructions about the Notre Dame system of play. Anderson took Rockne's place, making a good showing his first year by winning six times, tying Northwestern, and losing to the Army. Marcy Schwartz was a unanimous selection for quarter back on every All-American team.

Dr. Forrest Allen, Kansas university, is the leading basketball coach in the United States today. While playing with Kansas City Athletic club, Allen was twice chosen All-American guard. Since that time he has coached at Baker University, Haskell institute, Missouri State Teachers college, and he is now coaching at Kansas university. During his

eleven years with Kansas he has won several championships.

Coach Littlefield is completing his twelfth year as coach of Texas university track teams. He has won six championships in the Southwest conference. His teams have won national championships in the four-mile relays at Drake, the medley relays at Kansas university, and the mile relay and 440 football relay at the Drake relays. Littlefield will give the fundamentals and demonstrations pertaining to track.

Jack Meagher, head coach at Rice institute, will devote his time to blocking, demonstrating all blocks and other details in that phase of football. Meagher played end for Notre Dame, and was selected on Walter Camp's All-American team. During the three years he has been at Rice he has beaten Texas university two out of three games.

Pop Warner, originator of the double wingback formation, has been selected to demonstrate his famous system. It is without a doubt as popular, if not the most popular, offense in football today. His system works because

it has deceptive spinners, double spinners, reverses, and power all perfected where it can be used so as to be most effective. Warner recently signed a five-year contract to coach at Leland Stanford. He will advance his new double wing back formation with two men doing the spinner in the place of one. Tiny Thornhill will help Pop Warner with his line instructions. Thornhill has been with Warner since the Warner regime on the West coast.

Last year Tech had the largest coaching school in the United States.

Mrs. Carrie Homer returned to her home in Dalhart on Tuesday after spending the week end with her sister, Mrs. Henry Williams. Mrs. Williams is also a guest in the home of Mr. and Mrs. Williams.

# OIL Gone...

### He Drove from Banner to Sheridan

### on the GERM PROCESSED "Hidden Quart"

The driver for the Sheridan Motor Bus Company was ready to leave Banner, Wyoming, for Sheridan with his big Reo bus loaded with passengers.

Then he made a discovery. The oil line had been accidentally broken, allowing the Conoco Germ Processed Oil to drain out; and the crankcase was empty. With all Banner closed for Thanksgiving, he could not get oil and had to drive the 16 miles to Sheridan without oil. At Sheridan, inspection showed that the "Hidden Quart" of Conoco Germ Processed Oil had saved the motor from damage!

If Conoco Germ Processed Oil can protect a heavy bus with

the crankcase empty, it will certainly give you sure, safe lubrication in everyday driving. It is the only oil that actually penetrates and combines with metal surfaces. That's why a "Hidden Quart" stays up in your motor and never drains away. It cuts down wear in the starting period, when other oils drain away and leave parts unprotected. It gives your motor longer life, with fewer repair bills.

Have this extra protection. Change to Conoco Germ Processed Motor Oil at the sign of the Conoco Red Triangle.

We neither encourage "dry crankcase" experiments nor guarantee success under all conditions. But unsolicited letters from motorists, now in our files, tell of this and hundreds of other runs with empty crankcases but without damage.

## Grass Being Sown On Local Gridiron

For the first time in history Clarendon is to have a foot ball field with grass on it. Bermuda is being planted and is to be properly watered and cared for all summer. By football season the field will be a nice carpet of green instead of a hard rocky field, covered with sandbars. The present students of the High School and College should be proud of the fact that they are witnessing something that has never before been witnessed by Clarendon students.

Water has been piped to the field from the line that runs down the road just north of the field. Enough pipe has been used to enable the whole field to be reached by water. O. C. Watson, Jr. revealed his outstanding ability to do plumbing work when he took charge of the piping project. The pipes were bought from Watson and Antrobus Hardware Store.

Lloyd Benson is becoming prominent as a manager. He has charge of the planting of the grass, which is done by the High School boys. They work willingly due to the fact that it provides one of those golden opportunities to stay out of the study hall.

Most of the grass that is being planted was ordered from Fort Worth, but some very good grass was secured from Floyd Keener. Before the grass was planted, however, the field was plowed and covered with a fertilizer that is most adopted to grass. It is beginning to look as if the Clarendon gridiron will really be covered with grass next season. The expense of all of this will be paid from the athletic fund.

Success does not depend upon the wearing of the latest styles in clothing, or the making of an extra dollar here and there. The banker or merchant does not leave his business to work for someone else. He realizes that if he leaves his business unattended he loses money. If you cut classes, it is the same thing. Attending school is your business now, and when you cut classes your business is bound to suffer. The teachers should find out when the student has a reason for cutting a class, and should be willing to excuse the absence if a reason is given. However, when an excuse is given no mercy should be shown to the student. The fairness of such a plan would depend upon the ability of the teacher to judge between a reason and an excuse. The decision should be given by the teacher without prejudice or partiality.

## C. H. S. Debaters Win From Memphis Team

On Wednesday, April 7th, the C. H. S. debating team went to Memphis for a practice debate with the M. H. S. teams. They debated on the interscholastic league subject, which is, "Resolved that Lobbying as Practiced in this Country is Detrimental to the best Interests of the People".

The Clarendon boys, Robert Green and George Bourland debated the Memphis boys, Gail Greene and Charles Kinard. Clarendon, after debating on the negative won by two to one votes over Memphis. The girls did not set to debate because one of the Memphis girls was sick. The Clarendon girl debaters are Edna Blair and Lola Barnes.

The First Year Agricultural Class has been judging, selecting and buying cotton in the class-

### CLASS ATTENDANCE

By Lee McKimney (An Editorial)

The time of year has arrived when students are inclined to cut classes. It is also the time of year when it is very essential that students attend classes. It is very logical to think that the last part of a course in school is very important. The work that has gone before has been working toward the final summing up of the course. Without this final summing up the course is not complete, and in later years of either school work or practical experience the failure to complete a course will be felt and regretted by the student. We should not deliberately handicap ourselves by cutting classes. We should be sure to attend, to have the assignment prepared, and to make it a point to be on time to classes.

As for reasons for cutting class, they are few and far between. The excuses for cutting classes are many and easy to find. We will now decide what a reason is, and what an excuse is. A reason is logical and is based upon necessity. Sickness or death, yourself or members of your family, are reasons for not attending class. Excuses are illogical and are based upon the reasoning of a guilty conscience. A trip to Amarillo to buy spring clothes, or working spasmodically for what you can make are excuses. A student goes to school to gain an education to assist him in attaining success.

Success does not depend upon the wearing of the latest styles in clothing, or the making of an extra dollar here and there.

The banker or merchant does not leave his business to work for someone else. He realizes that if he leaves his business unattended he loses money. If you cut classes, it is the same thing. Attending school is your business now, and when you cut classes your business is bound to suffer. The teachers should find out when the student has a reason for cutting a class, and should be willing to excuse the absence if a reason is given. However, when an excuse is given no mercy should be shown to the student. The fairness of such a plan would depend upon the ability of the teacher to judge between a reason and an excuse. The decision should be given by the teacher without prejudice or partiality.

## FLASHES FROM COLLEGE CLASSES

Jack Draffen thinks that rabbies are Jewish Priests. Silas Franklin, thinks that Garibaldi (an Indian Revolutionist) is a srait off the coast of Spain.

An English student classified "The Hay Day of the Blood" (a story of an aged greatgrandfather) as a story of youth, perhaps he did act as though he were in his second childhood.

Another English student thought that Walt Whitman was the "King of Jazz."

Jack Draffen sat through a 7:30 Government class thinking it to be an 8:30 History class.

Grand Jury Turns In Final Report

The duties of the Grand Jury for the March Term of District Court was finished and the jurors dismissed Wednesday after submitting their final report to Judge A. J. Fires. A record was set in the current court in that only two cases have required the action of a jury. Very little crime has been in the county hence the light docket which has held the attention of the court. The report: THE STATE OF TEXAS COUNTY OF DONLEY In the District Court of Donley County, Texas March Term, A. D. 1932. To the Honorable A. J. Fires, Judge of Said Court: Comes now the Grand Jury duly impaneled for the March Term, A. D. 1932, of the District Court of Donley County, Texas, and submits this, its final report: 1. We have been in session for four days and have inquired diligently into all violations of the law that have come to our knowledge and have heretofore returned into open court seven felony indictments, and we herewith return into open court two misdemeanor indictments. 2. We have visited the County Jail and find the same in excellent condition, both as to sanitation and treatment of prisoners. 3. We recommend that the County Attorney notify all butchers in the county to comply with the laws of this state applicable to them and if they fail we recommend prosecution of those who do not. 4. We recommend to the Commissioners' Court of Donley County, that on the next audit of the County Books the contract for the audit be let on a competitive basis as provided in Article No. 1641, Revised Civil Statutes of Texas, 1925. 5. We wish to thank the Court, the District Clerk, the District and County Attorneys, The Sheriff's Department and all Grand Jury Bailiffs for their co-operation and assistance during our deliberations.
