

Clarendon Lands Greenbelt '31 Golf Meet

MAY 18TH IS DATE OF BIG TOURNEY

FIRST TIME IN HISTORY
GREENBELT MEET TO BE
HELD IN CITY

From the day that golf was established as a major sport and recreation in Clarendon, it has been the hope of all members of the Hillcroft Golf Club of this city that some day the Greenbelt Golf Association composed of all the towns in this vicinity, would hold its annual tournament on the local course.

At a meeting of the directors of the Association held Sunday in Childress the hopes of the local enthusiasts were realized when Clarendon's invitation was accepted and the date for the 1931 meet was set to begin on May 18th. H. B. Kerbow and Walter Wilson represented the Hillcroft boys at the meeting and on their invitation the vote was taken and victory achieved. President R. S. Greene of Memphis presided at the meeting.

Last year the annual tournament of the Greenbelt was held at Quannah and Frank Foxhall of Memphis emerged winner over stubborn competition and on the local course the competition is likely to be keener this year than ever before. It is expected by local golf fans that around two hundred golfers will be here when the first tee-off is witnessed on May 18th and committees will be formed in the next few days to handle the details of the event with full entertainment for the visitors.

For the past two years Clarendon has held an invitation tournament, which has been a very pronounced success, but it is probable that with the coming of the Greenbelt meet this year that the invitation affair will be dropped for the year 1931. A large and varied list of prizes will be arranged for the several flights in the big meet, with the keenest kind of competition up until the last putt is sunk.

Clarendon Girls to be in Pageant

Extensive preparations are being made for the pageant and coronation ceremonies which will feature the Fat Stock Show in Amarillo during the first week in March.

Clarendon, along with other Panhandle cities, will send a princess and maid of honor to participate in the colorful event and Misses Loraine Patrick and Mary Jo Chamberlain have been named to represent this city on that occasion.

Club women of Amarillo will sponsor some receptions in honor of the visiting young ladies and every courtesy will be at their command.

ALANREED BANDIT DRAWS 15 YEARS

STEPHENSON PLEADS GUILTY—McGEE ON TRIAL TODAY AT PAMPA

Pampa, Feb. 18.—Pleading guilty to a charge of robbery with firearms, Roy Stephenson, one of the two men who held up and robbed the Alanreed State Bank of \$2,110.65 on the morning of February 4, was sentenced to serve 15 years in the penitentiary by a jury in district court here this afternoon.

In a night session to be held tonight, Stephenson was to enter a plea of guilty to a charge of assault with intent to murder, in connection with the shooting of Jim Bryant, a customer who entered the Alanreed bank during the robbery. The same jury was to be used for the second trial.

Trial of Roy (Shorty) McGee on the robbery charge is set for tomorrow morning. McGee also will enter a plea of guilty, his counsel has announced.

COUNTY PICNIC DAYS JULY 3-4

CHAMBER OF COMMERCE
ADDS DAY TO ANNUAL
COUNTY PICNIC FOR 1931

In a regular session of the Clarendon Chamber of Commerce board of directors Friday afternoon of last week the body voted to make the annual County Picnic a two-day affair this year and the dates set were July 3rd and 4th. These days fall on Thursday and Friday.

The County Picnic held last year was considered so successful that the board thought that it would be better for all concerned to hold a two-day affair this year, especially with the new athletic, rodeo and race-track grounds now under construction, which will greatly facilitate the handling of the crowds and the staging of the events.

In the various races to which is added a feature Junk Car race, it is planned to have the preliminaries the first day and the finals on the second day. These events will be announced in detail at a later date.

Chairmen named for several committees in charge are: Concessions—Jas. Trent; Baseball—Chas. Killough; Rodeo—Phillips Gentry; Finance—J. T. Patman; Publicity—G. L. Boykin; Community Visits—Holman Kennedy, T. D. Nored and Carl Parsons.

Tentative plans call for a number of free events each morning with a major attraction in the afternoon at which admission will be charged.

NEWS EGG DEPOT DELIVERY HEAVY

FIFTY-EIGHT DOZEN EGGS
DISTRIBUTED SINCE AN-
NOUNCEMENT OF PLAN

The egg depot plan suggested by one of our rural readers has proven one of growing popularity since its announcement two weeks ago today. There has been continued co-operation on the part of those who had the eggs to spare in such a worthy cause, and up until Wednesday morning of this week through the relief agencies of Clarendon fifty-eight dozen eggs had been distributed to some twenty-nine families.

To show the scope of the work The News will print a recap each week of the work up to date on this plan:

| | |
|---------------------------|------------|
| Eggs received last report | 40 doz |
| H. W. Taylor | 3 doz |
| R. Y. King | 4 doz |
| Joe Horn | 2 doz |
| J. M. Acord | 3 1/2 doz |
| Edwin Baley | 4 doz |
| H. J. Edington | 1 doz |
| W. B. Halle | 2 1/2 doz |
| Mrs. W. T. Howard | 2 doz |
| Name Withheld | 2 doz |
| Total | 69 1/2 doz |
| Distributed last week | 20 doz |
| Distributed this week | 38 doz |
| Total Distributed | 58 doz |
| Balance Wednesday | 11 1/2 doz |

Eggs are still a drug on the market—lower than in seventy years for the time of year, according to some reports—and yet they afford just as much food value as they do when they are sixty cents per dozen. So, if you have a few surplus eggs and want to put them to the relief of those less fortunate, The News will be happy to handle them for you on this plan.

FRANK WHITE OPENING PLANT IN SHAMROCK

The News has been informed that Frank White, Junior, has completed the installation of a large incubator in the city of Shamrock and that the placing of eggs was started on Tuesday of this week. Mr. White is the operator of the local institution and has operated this place of business for the past two years with great success. His many friends here join in wishing him continued success in his new field.

To the Taxpayers of The Clarendon Independent School District—An Open Letter of Explanation

We, the School Board for the Clarendon Independent School District beg to submit you the following information concerning the finance of our schools and what the schools are now facing since the State Legislature passed a bill extending the time of payment of 1930 taxes to October 15th, 1931.

It is generally known and understood by most all our citizenship that the taxes if the full amount due each year were collected, just barely enough money would come into the Treasury to meet the current year's expenses. This has been the case for the past twenty years, school operating expenses have advanced each year and new demands have been made upon the school authorities. In order to meet these increased expenses and demands it has forced the School board to raise the valuations on all property within the District, also raise the rate to the limit allowed by law which is now \$1.00 per \$100.00 valuation. Last year's term of school ended up with a net deficit of about \$3,500.00. This was caused by taxpayers failing to pay their taxes to the amount of \$7,500.00, which is still unpaid to this date. Taxes for the year of 1930 which we are using to pay for the present term of school and which were due on February 1st, past were short \$12,000.00, making about \$20,000.00 taxes unpaid that your Board of Trustees figured on being paid when they made contracts for the present term of school.

With the money we now have and will receive from other sources other than from taxes we can run our schools through this month and can do one of two things; close the school down for the remainder of the term, or ask our teachers to take Deficiency Warrants payable when ever the people that are now delinquent pay in their taxes. To close the school for one, two, or three months will result in the losing of our affiliation besides depriving about 900 children schooling which they are justly and rightly entitled to. We doubt very seriously if this set back to our schools could be overcome in five years, so we, as a Board, will ask our teachers if they are willing to continue to teach and take a chance on getting their money when the above mentioned taxes are paid into the treasury. We fully realize the condition of our tax payers as well as the general condition of the country and have for a number of months past cut every item of expense that could be cut and not seriously damage the school. We have recently made some cuts in the operation of the schools that will cut down our standards, but this was done in order to meet the situation we are now facing.

A general cut of 10 per cent in teacher's and all other employees' salaries has been voted by the Board as well as discontinuing three departments of the school.

Our school records are the property of the taxpayers within the District and are open to any taxpayer at all times. This letter is written that all may understand our school situation and to urge all taxpayers that have not paid their taxes not to wait until October 15th, but pay them at the earliest moment possible.

'GOOSE HANGS HIGH' ON TUESDAY NIGHT

LITTLE THEATRE PRODUCTION OPENS SPRING SEASON AT COLLEGE

With the cast working at top speed under the direction of Mrs. Rita Foster Stocking, the director, the initial production of the season of the Little Theatre approaches Tuesday night, Feb. 24th with confidence of winning the approval of Clarendon playgoers who have come to expect finished work from the organization.

Every effort is being made to arouse interest in the high class play, "The Goose Hangs High", and in the cause for which the box office receipts are allocated. Local people will remember that the Little Theatre shouldered the heavy obligation of paying for the new curtain and accessories installed last Spring at a cost of \$575. \$200 still remains unpaid and the management of the Little Theatre is very anxious that Tuesday night's performance will enable it to make a substantial payment on this balance.

COUNTRY CLUB MEMBERS TO MEET MONDAY FEB. 23

Cards have been mailed the stockholders in the Country Club apprising them of a meeting of their body on Monday evening, February 23rd. Rathjen's Shoe Store has been chosen as the place for this meeting and the hour has been set at 7:30 p. m. A Board of Directors will be elected and such other business as may come to the attention of the members will be attended to at this time. A full attendance is asked.

O. C. Watson and Sam M. Braswell made a business trip to Amarillo Wednesday.

Les Beaux Arts Set Exchange Date

An announcement that will be of interest primarily to the boys and girls of the county under fourteen years of age was given out the fore part of this week by Les Beaux Arts Club. This has to do with the annual bird house contest which will be held this year on March 21st. This is open to every boy and girl in the county under fourteen years of age, appropriate prizes will be given the winners in all the contests. Mrs. Powell, the member who has charge of this work, stated that it was the plan of the club to have all entries mounted for inspection this year as a new feature of the contest.

The first plant and bulb exchange of the year will be held on the same date, Mrs. Powell stating that the club would have a great many of the earlier plants for distribution at this time. A later exchange will be held when seedlings will be ready for setting out.

Library Receives New Book Gifts

During the past week some further additions have been made to the City Library, according to word received from Mrs. C. A. Burton as Librarian for the place. The new books being placed in the library come as an indirect result of the drive held here some weeks past, some still finding books which they are pleased to put into circulation where many may have the opportunity of reading them. Some new memberships have also been noted and others are expected at any time. The list of books:

Lost Face, Jack London; Eunice Johnson.
In the Land of Cotton, Dorothy Scarborough; Mrs. A. T. Cole.
The Prodigal Son, The Christian, The Scapgoat, The Eternal City, all by Hall Caine; J. H. Rutherford.

Mr. and Mrs. E. C. Herd made a business trip to Erick, Oklahoma, Tuesday of this week.

TRAIN SCHEDULES CHANGE FEB. 22ND

NOON TRAIN AND ONE NIGHT TRAIN DISCONTINUED BY RAILROAD

The new schedule for the operation of the Fort Worth & Denver system's trains through this city and between Amarillo and Dallas will go into effect Sunday, February 22nd. As stated in the last issue of The News, the noon train will be discontinued and the early evening train will also be stopped.

There will be no passenger service through Clarendon in the middle of the day, all trains in either direction reaching here either in the early morning or late in the evening. The schedule as presented by the railroad is:

- No. 7 Northbound, Arrive 6:08 a. m.
- No. 1 Northbound, Arrive 7:27 p. m.
- No. 2 Southbound, Arrive 7:45 a. m.
- No. 8 Southbound, Arrive 9:52 p. m.

LOCAL HATCHERY SETS RECORD WITH CHICKS

The largest percentage of hatch yet recorded by the Clarendon Hatchery was had here the early part of this week when an 83 1-3 per cent hatch was registered on a single tray of Rhode Island Red eggs. The eggs were placed in the incubator by John Bugbee, 150 eggs being all that the tray would hold. After the proper days of incubation had passed, the owner was rewarded by receiving exactly 125 chicks, or the percentage as outlined above. The ordinary hatch runs slightly in excess of fifty per cent, while a sixty per cent hatch is considered as being good.

Mr. and Mrs. Archie Hallmark and baby daughter were here over Saturday night and Sunday for a visit in the home of Mr. and Mrs. S. B. Kutch and with other relatives and friends.

CITY PARK WORK IS PROGRESSING

RUSTIC STEPS COMPLETED
AND TERRACING NOW
UNDER CONSTRUCTION

Rustic steps leading down from the park gate entrance at the head of Kearney street to the levels below were completed this week under the supervision of Mr. Steagall who donated his services to the park board, using day labor furnished by the city and the rock recently hauled to the park site by the co-operative movement inaugurated by the board. The steps are very attractive and are in accord with the rustic setting of the lay-out.

Under a plan of finance being worked out by the park board, Mr. Steagall will continue his supervision in the terracing work now under way, the city again furnishing the day labor. A beginning on this work was made yesterday and in the next ten days it is planned to complete the terracing of the hill sector just under the entrance, so that flowers may be planted there in the next few weeks.

Clarendon is to have its city park partially improved and beautified this summer, even if nothing else is done after the present work is completed.

Mrs. Earl Naylor and Misses Elma Smith and Lela Lamson attended the district banquet and a "Tacky Party" of the telephone company at Memphis Tuesday evening of this week.

MONEY COMES INTO KIDDIES MILK FUND

BEST WEEK YET IN CONTRIBUTIONS TO MILK FUND FOR KIDDIES

The Kiddies Milk Fund seems to be firmly established as one of the very effective relief agencies in this community and in the past week has enjoyed one of its best weeks in the matter of contributions since its establishment.

Sixteen dollars have been received at The News office since the last report which puts the fund on a firm basis if the usual ratio of contributions in past weeks is kept up.

| | |
|---------------------------|---------|
| Amount last week | \$13.61 |
| L. O. Lewis | 1.00 |
| W. H. Patrick | 1.00 |
| Katherine Patrick | 1.00 |
| Goodwill Club | 1.00 |
| M. W. Mosely | 2.00 |
| Pathfinder Club | 1.00 |
| Walter Taylor | 1.00 |
| Mrs. F. E. Chamberlain | 1.00 |
| U. J. Boston | 3.00 |
| Total | \$29.61 |
| Paid Dairies on Jan. Bal. | \$ 6.30 |

Balance \$23.31
From the experience of bills amounting to \$30.30 for January, the fund will need some seven or eight dollars, maybe ten, to pay bills coming due on March 1st, for the month of February. Very likely this sum will be easily realized before March 1st—anyway The News guarantees that the deficit will be paid off, and the service to over twenty kiddies in this community will be continued.

Cope Goes to Fort Worth to Get Award

Robert S. Cope, salesman manager for the West Texas Utilities Company of Clarendon, who was apprized of his winning an honor in a contest among frigidaire salesmen in Texas some weeks ago, received a telephone message yesterday calling him to Fort Worth where the award was to be made at a convention today with appropriate ceremonies.

Mr. Cope left last night and will return here the latter part of the week. His many friends here will greet him with congratulations on his winning and on the public recognition of his service in Fort Worth.

PLANS COMPLETE FOR DR. BARKER

COMMITTEE INDICATES THAT
CITY IS READY TO WELCOME
SPEAKER

After some weeks of preparation, the committee from the various clubs of the city announces that the plans are all completed for the presentation of Dr. Chas. E. Barker here on Friday of this week.

Dr. Barker will arrive here on the morning train from points in eastern Texas, where he has been presented a number of times to representative audiences in that section. He will first appear at a luncheon in his honor at the First Christian Church at 12:00 o'clock. He will address the mixed audience here and will again appear at the College Auditorium at 1:30, speaking to the High School Boys and Girls of

DR. CHARLES E. BARKER

the county on the subject of "How to Make the Most Out of Life". At 3:30 he will address the women and girls of the county at the First Methodist Church, giving them an address on "A Mother's Responsibility to Her Daughter". This meeting is to have the women's clubs as hostesses.

At 7:30 in the evening, Dr. Barker will conclude his series of appearances here with an address to the men and boys, speaking on the subject of "A Father's Responsibility to His Son".

Tickets to the luncheon may be secured from any member of the committee in charge of this work, it being the plan of this band to have 100 plates if possible. All the other programs will be presented free of charge with no collections being taken at any of them.

Mrs. Phil Engel spent last Saturday in Amarillo, where she attended to business matters and visited with friends.

COTTON PARLEY TO BE HELD SATURDAY

DISCUSSION TO CENTER ON
GENERAL SITUATION
AND ON SEED

The News has been informed through S. T. Merritt, local representative of the Texas Cotton Co-operative Association that here is to be a meeting here Saturday afternoon of this week, at which time the present situation insofar as the association is concerned will be discussed.

Another subject that is to be stressed at this time is the seed program being launched by the association, this making it doubly important that a large attendance be present for the meeting and consequent discussions. The speaker for the day is to be Henry J. Wischkaemper of Wellington, who is head of the district of the association and who has been here in this same capacity before this date. The meeting will be open to the public and will be held in the courthouse.

February's rainfall in the Panhandle country has been most encouraging and Donley County has seldom had better season at this time of the year. Spring gardens ought to do well.

Little by little Clarendon's city park is nearing the point where its utility as a recreational center will be easily recognized and its beauty established. The park board is thankful for the co-operation it has received from the citizenry in general.

Men and Women of Donley County will do well to hear Dr. Barker in his lectures here tomorrow. His messages are directed to parents and the civic clubs had no other object in sponsoring his coming except to aid the social life of this country.

The big increase in cream shipments from Donley County during January proves again the economic value of good milk cows in this country. It also shows what people can do when money isn't plentiful—they can provide a little steady income through the cow. February ought to show a still larger increase.

Someone has suggested that emphasis should be put on the need this Spring of many gardens to supply vegetables for the table, pointing out that many who are short of rations and have no regular employment might add materially to their food supply through this method. Donley County is one of the best vegetable growing counties in the Southwest and 1931 is a fine year to make a real showing in this respect. Yes, grow lots of vegetables this Spring.

The work of the Lions Club in gathering used magazines of standard quality to be distributed to the rural schools of Donley County for collateral reading of the pupils is to our mind one of the most helpful and constructive plans that has yet been advanced. The News hopes the people of Clarendon will become personally interested in the movement and will co-operate by bringing their read magazines down to be added to the monthly lot for distribution. It's a good cause and will add much to the interest of the rural schools where material for reading is all too limited.

PLANS ARE IN THE MAKING FOR CENTENNIAL

Plans seem to be in the making for the proper celebration of the Centennial anniversary of Texas Independence, in 1936, and it certainly isn't too early to begin on a project that should be carried out on so large a scale.

There is a large following of a sentiment in Texas that any plan adopted should incorporate the adoption and driving home of a farm program that will mean economic balance and independence and an intelligent and aggressive industrial program in keeping with the needs of the state.

Texas is not really independent until the farmer has discovered and adopted a plan that will make him economically free, and on his freedom depends the safety and progress of us all.

STEPPING ON THE GAS

Back in the days before automobiles, the lovers of horse flesh used to get out in a sporting mood behind their speedy nags. The owner of a good fast stepper dearly loved to try her paces in competition with the horses owned by his neighbors.

He would jog along lazily, as if his beast were merely some tired old plug as the slow old family horses were called. But if someone tried to pass him, he would whip up his fancy bit of horseflesh, and there would be an unexpected display of speed. It gave an owner infinite pleasure thus to demonstrate that he was not accustomed to taking any man's dust.

Today many automobile drivers have about the same idea. But their powerful machines create a different situation. To travel along behind some car that is going at about the same rate of speed hurts their pride in their robust driving. They want an unobstructed roadway ahead of them, so that the gorgeous impulse to step on the gas can be enjoyed to the utmost. They try to pass the car ahead on curves and hills, or with cars coming closely against them.

Some of them as a result are picked out of the ditch, and when they wake up from the ether, they find themselves in a hospital bed. Unfortunately the innocent party who was caught in the burst of speed, may be there also.

The public streets were built for quiet and peaceful driving, on errands of industry, business, and pleasure. The public has a right to say how people shall drive in these streets.

It asks drivers not merely to cultivate skill, but a good humored philosophy that can adapt itself to a moderate pace where there is any congestion or risk. Automobile racing is no doubt a fine sport, which can be enjoyed on tracks provided for that purpose.—Crosbyton Review.

TEXAS ALMANAC OF 1931 ISSUED BY DALLAS NEWS

The Texas Almanac and State Industrial Guide, edition of 1931, which has just been issued by The Dallas Morning News, might more properly be called an encyclopedia of Texas. Nearly everything one might wish to know about Texas is found in this new volume. Among the subjects covered in articles and statistics are agriculture and livestock raising, manufacturing, commerce, finance, minerals, railroads, highways and automobiles, aviation, foreign commerce, geography and physiography, forests and lumber production, irrigation and reclamation, wild animal, bird and fish resources, population, history, government, education and churches and religious organizations.

New census figures are given. There are several hundred articles and statistical tables containing several hundred facts about Texas. There is a full text of the State Constitution, with explanation of each of the fifty-one amendments that have been ratified since adoption of the Constitution in 1876. Constitution of the United States is carried also. A folded sheet carries on one side a political and railroad map and on the other side a highway map. There are about 8,000 names and addresses of Federal and State officials, Mayors, school superintendents, chamber of commerce secretaries, writers, painters, musicians and others.

Questions such as the following can be answered from the Texas Almanac: When was Fort Phantom Hill established? Where? What is the highest mountain and what is the deepest canyon in Texas? What was the acreage, production and value of broom corn in Texas in 1930? How many airplane landing fields are there in Texas? What railroad projects are to be under construction in 1931? How many kinds of native oak trees are found in Texas? What was the 1930 census population of Winters, Texas?

The new Texas Almanac contains an article about each of the 254 counties, also brief articles about the more important cities and towns. While the primary purpose of the Texas Almanac is to give information about Texas, certain other information of general interest is given. The new edition has 384 pages, is printed on book paper and is illustrated with a number of half tones. The price is 60c a copy by mail.

At Cockrell Hill, just outside of Dallas, passersby may see Northern Texas Traction Co. interurban cars passing over Santa Fe trains passing over automobile traffic on the third level of the over and under pass recently completed.

HOW TO CLOSE THE JAILS

Of 4,000 boys who passed before a New York judge on their way to jail, reformatory, or parole, only three had belonged to a Sunday School.

The fact is recited as powerful testimony for religious training of the young.

In a letter to Dr. George William Carter, general secretary of the New York Bible Society, reprinted in The Christian Observer (Presbyterian), Judge Lewis L. Fawcett, of the State Supreme Court, gives his experience of twenty-three years on the bench, in which time over 4,000 boys under the age of twenty-one years were convicted of crime before me, of whom but three were members of a Sabbath school, has satisfied me of the value of Sabbath schools to the community, in helping safe-guard it, to the extent to which Sabbath schools exist, from the growth of criminals.

"My experience also satisfies me of their value to the individual."

"In 1,902 cases of suspended criminal sentences, in each of which a minister, priest, or rabbi became interested at my request, only sixty-two of the boys were brought back for violation of the conditions of parole. I believe the reform in the remaining cases (over 1,000) was prompt and permanent."

"In fact, I regard our Sabbath schools, including those of all faiths, as the only effective means to stem the rising tide of vice and crime among our youth. Society carries the heavy burden of criminality, chiefly because of the lack of religious training of the youth."

"If all the children could be kept under the influence of the Sabbath school, and the grown-ups were active in some church, we could close our prisons and jails, instead of being compelled to enlarge and increase their number."

"The problem of youth is the problem of humanity."

"There are over 17,000,000 boys and girls in this country growing up without moral training from any source—Protestant, Jewish, or Catholic."

"May your labor of love in teaching God to the children be fraught with most glorious results through their salvation and their work in His cause in the years to come."

"With such unquestioned evidence before them of the value of religious training," comments The Christian Observer, "it is not strange that parents are willing to neglect this vital feature of home and church training?"—Literary Digest.

FARM BOARD MEMBER ASKS REDUCTION OF COTTON CROP

Carl Williams, cotton growers' representative on the Federal Farm Board, attending a meeting of the Texas Co-operative Cotton Association in Dallas urged every farmer to cut their cotton plots.

"There is no possibility that farmers of the South will or can cut the cotton acreage this season as much as it ought to be cut," Mr. Williams said in an interview after the conference. "That means every cotton farmer should cut as much as he can."

Carry-over of cotton at the end of this season will be the greatest ever known, Mr. Williams said, "indications being that carry-over of American cotton alone will be almost, if not as large as the greatest world carry-over of the past."

"Members of the Cotton Co-operative Associations have a double

interest in acreage reduction, for their 1930 crop is still to be sold, as well as their new crop," Mr. Williams pointed out. "No government can do much for the farmers unless the farmers co-operate to the fullest degree. It is a case where the farmer and Uncle Sam are in partnership, and both partners must do their part. With farmers doing their part, the Farm Board can do much to help bring about a reasonable degree of prosperity."

Electric Power Encourages Industry

2,500 miles of trunk transmission network, interlacing this vast empire and distributing economical energy from three strategically located major generating plants, insure West Texas a power supply on a par with that of the largest cities and industrial centers.

This territory, dependably served by the West Texas Utilities Company, now offers to industry all the advantages of flexible, ever-ready electric power—of such refined quality as to meet the stringent requirements of the modern electric clock, radio and talking picture equipment, which were not in use in the days of the small isolated plant.

One hundred and twenty prosperous cities and towns throughout forty-eight West Texas counties are benefiting by the obvious advantages of transmission line service. They look into the future, secure in the knowledge that they will be able to compete with the larger cities on an equal basis.

DON'T TAKE DRUGS FOR STOMACH TROUBLE AS CRAZY WATER WILL RELIEVE YOU

To those who may be afflicted with any of the many diseases of the stomach and kidneys, I want you to know that the Divine Maker in his Wisdom created a place where such sufferers may be relieved of their ailments.

I was given up to die, but after taking a two weeks' treatment at the Crazy Water Hotel in Mineral Wells, Texas, I am rapidly on my way to recovery. I have gained twelve pounds.

Crazy Water is the most wonderful mineral water in the world. I talked to a number of people while taking this treatment in Mineral Wells, and their experience invariably was similar to mine; that is, they had been to other resorts but received no material benefit for their particular trouble until they came to Mineral Wells.

Harry L. Dix,
2 33 35th Ave., So.
Minneapolis, Minn.

The new million dollar Crazy Water Hotel at Mineral Wells, Texas, covers an entire block of ground. It is modern, fire-proof and complete in every detail. It is natural to think it would be expensive to stop at this magnificent Hotel; yet, you can enjoy its genuine hospitality, pleasing service and receive the benefits of the Crazy Mineral Water Treatment at very reasonable rates. Write them for full and complete information.

Patterson-Poole

The many friends of Mr. Her- man Patterson and Miss Berta Mae Pool will be interested in the marriage of this young couple which occurred at six o'clock Sat- urday evening at the home of Rev. and Mrs. B. N. Shepherd. The Rev. Shepherd performed the marriage ceremony in the pres- ence of Mr. and Mrs. Richard Cannon, Mrs. B. N. Shepherd and Miss Gertrude Shepherd.

Both of these popular young people are from the Martin com- munity. Mrs. Patterson is the charming and accomplished daugh- ter of Mr. and Mrs. J. A. Poole. Mr. Patterson is the son of Mr. and Mrs. D. M. Patterson.

The many friends wish for this fine young couple a long and happy life.

Mr. and Mrs. Patterson will be at home after the first of March at Berger where Mr. Pat- terson will be employed by the ice company of that city.

Mills-Bowling

Miss Mayme Bowling and Cecil Mills were united in marriage Wednesday in Clarendon. Mrs. Mills is the daughter of Mr. and Mrs. A. H. Bowling of the Sun- nyview community.

The young couple will make their home in the Sunnyview com- munity.

The News joins with their many friends in wishing them a happy life together.

1930 Good Will Club

The 1930 Good Will Club have been sawing wood and saying nothing. They have had a round of jolly quilting parties. The first being in Mrs. T. D. Nored's home where they quilted the Farm Life quilt, in which every one present was reminded by these clever scenes of some good time they had way down on the farm. The next party was in Mrs. Fred Russell's home with Mrs. Shoffet as hostess where they quilted the Little Dutch Girl quilt.

The third and last one was in Mrs. A. O. Yates home in which a necktie quilt was the order of the day. Most of the members were present to enjoy these hap- py events.

The invited guests were Miss Wilma Nored of Oklahoma City, Miss Emma Bullock of Antelope Flat and Mrs. Mildred Andis of Amarillo.

Lovely refreshments were served on each of these delightful occasions to this group of ladies.

B. and P. Women's Club Meets

The regular session of the Business and Professional Women's Club was held last Tuesday evening in the dining room of the Clarendon Hotel with nineteen members and two guests present to enjoy the affair.

Mrs. Nora McMurtry was host- ess at this meeting and cleverly carried out the valentine color scheme. Place cards were in the shape of hearts, and Miss Etta

Harned received a heart-shaped box of candy given as a prize in a contest.

The menu also featured the Valentine motif and carnations supplemented with violets were used to a charming degree in the table decorations.

The meeting was called to order by the president, after which the minutes of the previous meet- ing and the treasurer's report was read to the club.

Following a short business meeting the club adjourned to meet again March 4th, at the Clarendon Hotel with Miss Lotta Bourland as hostess.

Junior Art Club Organized

The Junior Beaux Arts Club was organized Friday afternoon at the home of Miss Wylfa Lee Alexander. The first regular meeting was held Tuesday after- noon at the home of Miss Julia Mae Caraway.

The meeting was called to order by the temporary chairman and the election of officers followed. Miss Wylfa Alexander was named president, Miss Lucille Allen, vice-president; Miss Maurine Wood secretary; Miss Julia Mae Car- away, treasurer; Mrs. Sam Bras- well, Jr., reporter; and Mrs. Meade Haile, librarian and his- torian.

Following the election several committees were appointed by the president. The Constitution and By-Laws committee was compos- ed of Mrs. Meade Haile, chair- man; and Misses Maurine Wood and Julia Mae Caraway.

The Motto committee was composed of Mrs. Sam Braswell, Jr., chairman; and Misses Julia Mae Caraway and Betty Walker.

The flower selected by the club was blue and white larkspur. The time of meeting will be the 2nd Wednesday of each month.

Following the business session Mrs. Ross gave a very interesting discussion of "Arts" emphasizing the main points by illustrating with beautiful pictures of mod- ern and medieval furniture and structures.

A delicious salad course was served by the hostess.

Members present included Mrs. Meade Haile, Mrs. Sam Braswell, Jr. and Misses Wylfa Alexander, Maurine Wood, Betty Walker, Lucille Allen, Luree and Sylvia Burson, Josie Mae Davis, and Julia Mae Caraway.

Special guests included Miss Mary Howren, Mrs. T. H. Ellis, Miss Ross and Mrs. J. W. Evans.

The next meeting date will be March 11, with Miss Lucille Allen and Mrs. Sam Braswell acting as hostesses.

Les Beaux Arts Club Studies Paintings

The Les Beaux Arts Club met Saturday, the regular meeting date with a very interesting program.

Hostesses for the afternoon were Miss Mary Howren and Mrs. H. Kennedy.

Sheriff Offers Reward of \$25.00

In the past few weeks some unscrupulous bootlegger of this county has been peddling his wares to the school boys of the county. In view of this fact, Sheriff Guy Pierce is offering a reward of \$25.00 to any school child who will give him informa- tion leading to the arrest of this person.

Sheriff Pierce also states that this reward applies to other cases to assist him in keeping down the bootleggers in this section of the state.

CLUB ROOM IS MUCH USED PLACE

When the women's club was ori- ginally established in the City Hall and when this building was remodeled to make it the present much used place that it is, folk did not think that this room would see a great deal of use at the hands of the women's or- ganizations of the city and coun- ty. The opposite has been the case, as is witnessed by the schedule of service as presented by the room for the week end- ing with Monday afternoon of this week.

On Tuesday, Wednesday and Thursday of last week there was a display of pictures in the room, sponsored by the Parent Teach-

ers' Association. Friday saw the Pathfinders hold their regular meeting in the room and Saturday saw the busiest day of the en- tire week with three meetings being held in sessions during the afternoon. To finish the week, two meetings were held in the room Monday afternoon of this week.

The women of the city and county have learned that the room is for their use and the committee in charge of the room have their hands filled with keep- ing their programs running so that no one meeting of clubs shall overlap. This record for one week is not overdrawn, for many weeks see this room filled with every day of the week taken, some with two and three meet- ings daily.

FACTS Are The Basis Of Sound Judgment

The average mean temperature, according to fig- ures obtained at the United States Weather Bureau, at Amarillo for the period of November 20th, 1930, to De- cember 20th, 1930, was 40 degrees. The average mean temperature at Amarillo for the period of December 20th, 1930, to January 19th, 1931, was 35.7 degrees.

The average mean temperature, according to fig- ures obtained at the United States Weather Bureau, at Wichita Falls for the period of November 20th, 1930, to December 20th, 1930, was 47 degrees. The average mean temperature at Wichita Falls for the period of Decem- ber 20th, 1930, to January 20th, 1931, was 44 degrees.

At Wichita Falls, December, 1930, was a colder month than December, 1929. The average mean temper- ature for December, 1929, was 49.1 degrees; while for December, 1930, it was 44.2 degrees, an average of 4.9 degrees colder.

The Christmas holidays are covered by the January, 1931, gas statement, received by our customers after February 1st, 1931.

All of our bills show the dates covered by the state- ment, and it is very easy to figure the average cost per day of your gas service, and compare it with any other monthly average—or call at our office and we will cheerfully do it for you.

Customers are receiving the advantage at this time of six per cent interest on their Meter Deposits up to January 1st, 1931.

Things To Remember

While we cannot regulate the amount of gas you use, we do urge our customers to take care that con- sumption does not exceed actual needs.

Whenever a gas bill is considered abnormally large, there is always a complete explanation for it when all the facts and circumstances connected therewith are known. For instance, when YOU find a sudden and unusual increase in your gas bill, ask yourself:

1. Does the bill cover the same number of days as the previous bill with which the current bill is compared?
2. Has the weather been to blame?
3. Has there been sickness in the house?
4. Have I had company during the period?
5. Have the servants or others used more gas than I am aware of?
6. Have additional appliances been installed?
7. Have I been wasting gas because my appli- ances need adjusting?

If you recall no reasonable explanation, come to our office and we will do our utmost to help you locate the cause. We will gladly reread your meter, check your lines for leakage, and if you desire, will check the ac- curacy of your meter. If the meter has caused an over- charge the test is free. If it is correct a fee of \$1.00 will be collected.

If we find a mistake has been made, we will cheer- fully correct the error.

"The Assistants of Satan" (Part I)

"He that is not with me is against me, and he that gathereth not with me scattereth." Matt. 12:30.

The world is divided into many empires and states. But there are only two universal kingdoms, the Kingdom of Christ and the Kingdom of Satan. Both are organized governments, but in every other respect are different. The ungodly, rebellious, impure and unchristian in belief and life, live under Satan's flag, while the subjects of Christ are the children of God, who have been born again. These kingdoms are governed by assistants chosen by their Kings. The text quoted above asserts that we are either assistants of Christ or Satan. We are helping to build either a state of heaven or hell. Jesus precludes neutrality. Don't try to be neutral towards Christ; it is impossible.

Satan chooses as his assistants, those who live moral lives. He prefers church-members who stand for his principles in life, business and belief to vulgar and immoral men who would have no influence. He sometimes finds willing workers in the forms of ministers who have mutilated the Bible, robbed Jesus of His Deity, preached salvation by character, and denied the judgment to come. Church members by indifference and lethargy are really working to keep the world in the power of the devil. Parents are Satan's assistants when by their talk and influence, they keep their children from Christ.

The records of Satan's assistants shows that: 1, they claim neutrality in relation to Christ. In an election the vote which is cast for one candidate is against the other. If you refuse to vote you have rejected all of the candidates. Refusal to vote for Jesus is a vote against him. 2, they claim morality without belief in Christ will save. Laying aside the responsibility of man to his Creator and the demand which

involves surrender of life to Christ, history proves that morality fails to save. Confucius taught a theory of "Morality Without God" according to the Golden Rule. It has been tried in China since 500 B. C. It has failed to satisfy the heart-hunger for divine fellowship. A nation of illiteracy, superstition, immorality and official corruption is the answer to the theory.

SPECIAL PROGRAMS AT THE CHRISTIAN CHURCH SUNDAY

Sunday morning the pastor of the First Christian Church will preach a special sermon on the subject: "The Assistants of Satan". This sermon should be of interest to every one, because we are either fighting for or against Christ. In the warfare against Satan there is no neutral ground.

Sunday evening, the Junior High School Choral Club will present a program of music and song. They have been working for some time on some special numbers and they promise a great program. The sermon for the evening hour is one that will appeal to all Bible lovers, it deals with Nebuchadnezzar's dream and its interpretation, be sure to hear it and see the truths illustrated on a large chart; in "Five Great Kingdoms".

LEE MUSE ADDS NUMBER IMPROVEMENTS TO PLACE

During the past week quite a number of improvements have been made in the place of business owned and operated by Lee Muse of this city. He has added a private dining room especially designed for women and children and is also installing a fountain and accessories for the dispensing of cold drinks and the like. A new departure in this place is seen in the placement of a window so that drinks may be secured without entering this place of business. Other improvements such as painting and decorating the interior are also being added at this time.

Washington's Wedding Recounted Apropos His Natal Anniversary

GEORGE WASHINGTON AT TRENTON

WASHINGTON-CUSTIS

Peale Portrait of Washington

So much has been written on the more spectacular phases of George Washington's life that it is sometimes difficult to appreciate the really human qualities of the man. One of the finest stories ever told of Washington is that of his courtship of Martha Custis and their subsequent marriage. In this story are revealed some of the best and most attractive qualities of America's greatest hero. The firm, strong-willed leader of men who unflinchingly would face death on the battlefield found that he needed the companionship and helpful counsel of a woman. Fortunately, he met the sort of woman he wanted to reside in his home, and they were married on January 6, 1759.

The story of George Washington's marriage to Martha Custis is told by the Division of Information and Publication of the George Washington Bicentennial Commission, in a statement issued to call attention to the 172nd anniversary of this notable event. George Washington first met the Widow Custis at the home of Major Chamberlayne in May, 1758. The lady had been a widow for about a year. She had married Colonel Daniel Parks Custis when she was seventeen years old, and was left at his death eight years later, with two children and a considerable fortune. Although it is said that Washington was formally presented to Mrs. Custis for the first time by Chamberlayne, it is almost certain that the famous soldier and the charming widow had at least heard of each other before that time.

Fate must have taken a hand in the events of that day in May when Colonel Washington was detained at William's Ferry over the Pamunkey by his friend, Major Chamberlayne, who earnestly pressed upon the young man an invitation to stay his journey and enjoy the hospitality of the plantation. But Washington was hastening to Williamsburg where he intended to ask the Governor in person for men and supplies for the frontier, which in previous urgent letters had failed to obtain results. Chamberlayne was insistent, however, and when it appeared that all importunities must fail to alter the plans of the Colonel, he informed the latter that he was then entertaining the charming Mrs. Curtis. This argument, apparently, was potent enough to convince the young warrior where all others had been vain, and Washington consented to remain only long enough to partake of the meal which was then being prepared.

Bishop, the personal servant of Washington, who had served under Braddock, was instructed to hold the Colonel's horse in readiness for a speedy departure as soon as dinner was over. The old soldier knew very well his master's reputation for punctuality, and since the business at Williamsburg was important, he fully expected that this wait would be a brief one. But the dinner hour passed, the sun sank lower into the west, and still Washington lingered. At last in the warm dusk of the May evening, the faithful Bishop received orders to stable the horses for the night and the journey was postponed until the next day.

There is something amusing in this scene of budding romance, although it is no wonder that Washington tarried. Martha Curtis was beautiful, attractive and accomplished. She has been de-

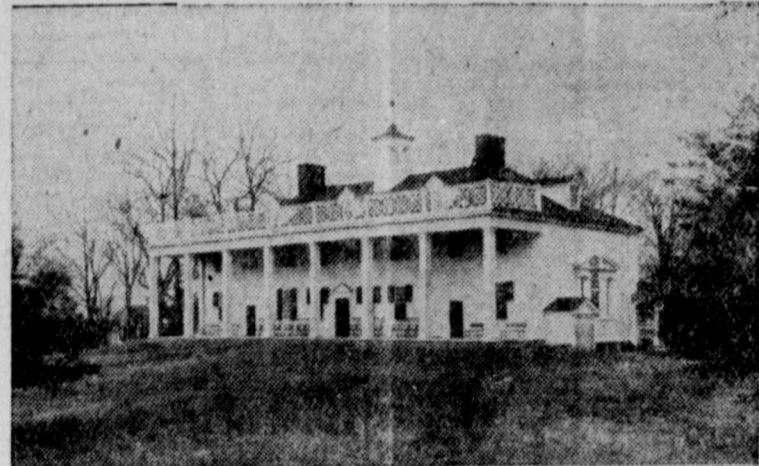

scribed as being short, slightly plump and of engaging personality. Certainly the Colonel's interest in the lady was matched by her own interest in the renowned young soldier, and such mutual agreeableness was surely sufficient to crowd prosaic business in to the background. However, the Governor had to be visited, so the next day found Washington on his way to Williamsburg. But as soon as the business which took him there was taken care of, the now fully smitten Colonel proceeded to the White House, the Custis home on the Pamunkey, where it appears Mrs. Custis expected him. When he left there he must have been

in high spirits, for he took with him the lady's promise to marry him as soon as he should finish his military service on the Ohio. Washington did not see his betrothed again for several months, for it was December before he returned from this expedition. His duties fulfilled, the Colonel resigned from the army and hastened plans for the wedding. It was during Washington's absence on the frontier that he wrote the only letter to Martha which alone remains of his premarital correspondence with her. This dignified and gravely tender note is dated Fort Cumberland, July 20, 1758:

"We have begun our march to the Ohio. A courier is starting for Williamsburg, and I embrace the opportunity to send a few words to one whose life is now inseparable from mine. Since that happy hour when we made our pledges to each other, my thoughts have been continually going to you as to another self. That All-powerful Providence may keep us both in safety, is the prayer of your faithful and ever affectionate friend,
G. Washington."

It is still uncertain whether the marriage occurred in Saint Peter's Church or at the bride's home, the White House. At any rate, the Reverend Mr. Mosson, rector of Saint Peter's, officiated at the ceremony. Jared Sparks, one of Washington's earliest biographers, is the authority for the date of the wedding which he established as January 6. But no matter whether the wedding took place at the White House or in the church, it was a notable event and was attended by a great number of Virginia's prominent people. The Governor himself was there with civil and military authorities, and many of the socially elite. Only a traditional account of the festivities on that occasion exists today, but certainly the celebration left nothing lacking.

At last Mount Vernon had a mistress, but months elapsed after the wedding before the young bride saw her future home. Washington had just been elected to the House of Burgesses so the young couple remained in Williamsburg while that Chamber remained in session until May. When Washington did return with his wife to his beautiful estate on the Potomac, the place became home to both of them for the remainder of their lives.

MOUNT VERNON, HOME OF WASHINGTON

The 199th anniversary of George Washington's birth on February 22nd will witness completion of the full-size replica of Mount Vernon at Paris as the principal American exhibit for the International Colonial and Overseas Exposition.

It will be furnished and decorated throughout just as it was when the Marquis de Lafayette visited our First President there

in the stormy days of the Revolution. The famous rug of Louis XVI, the bedroom occupied by Lafayette, the bedroom in which Washington died, and all the famous portraits and objects of art will be reproduced in Mount Vernon de Paris.

On next July 4th, climaxing American Week at the Exposition, famous French and American theatrical stars will enact the drama of Lafayette's first visit to Mount Vernon in the costume and manner of the 18th century.

Washington's marriage was a singularly happy one. In Martha he found all those womanly qualities which were needed to supplement those of his own character. Who can measure the value of the encouragement she must have given him during the weary days of the Revolution? Certainly she was always a faithful and devoted wife, and the Father of his Country owed a great deal to her for the measure of success he attained. Among the anniversaries of the many important dates in the life of George Washington, this one of his wedding holds an element of human interest which no doubt is appreciated by all his countrymen.

At last Mount Vernon had a mistress, but months elapsed after the wedding before the young bride saw her future home. Washington had just been elected to the House of Burgesses so the young couple remained in Williamsburg while that Chamber remained in session until May. When Washington did return with his wife to his beautiful estate on the Potomac, the place became home to both of them for the remainder of their lives.

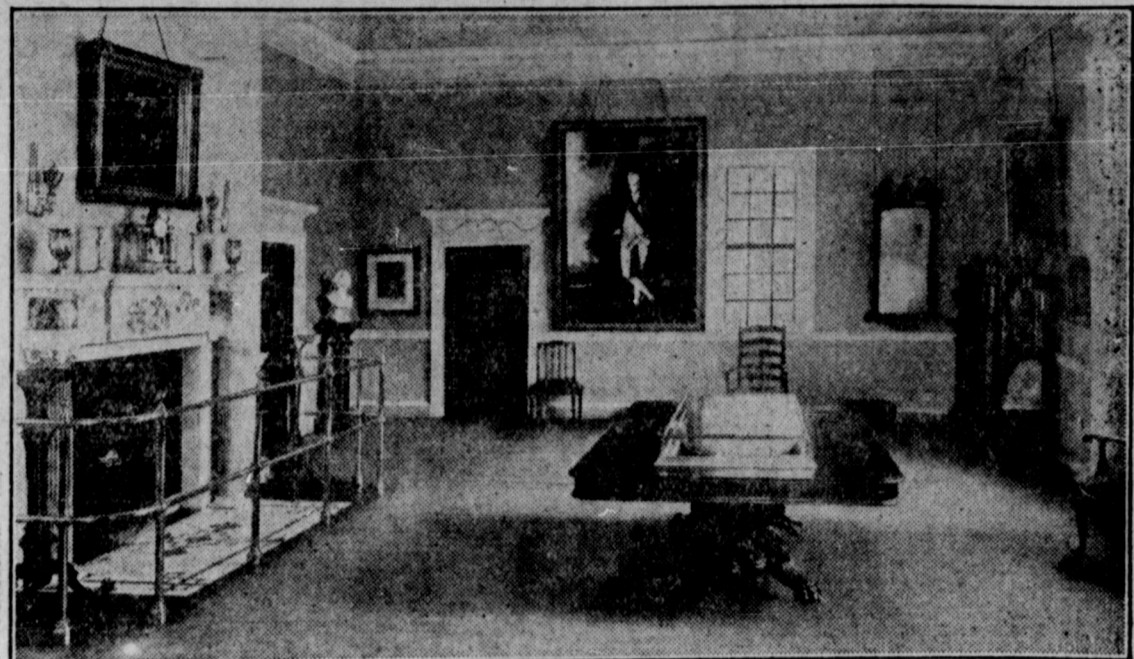

replica of Mount Vernon at the International Colonial and Overseas Exposition in Paris this summer has been entrusted to Miss Frances Wolfe, decorating stylist of Detroit, by C. Bascom Sloop, U. S. commissioner-general to the Exposition.

Miss Wolfe is now working with Miss Anne Madison Washington, great-great-niece of General George Washington, in the selection of drapes, carpets, furniture, etc., for the Mount Vernon de Paris. The famous mansion will be furnished and decorated

throughout just as it was when occupied by the Father of His Country.

Containing the Houdson bust (left center, background) and the famous portrait, "The Unknown", on the rear wall. This portrait is believed to have been made of Washington at the order of Governor Dinwiddie, of Virginia, in

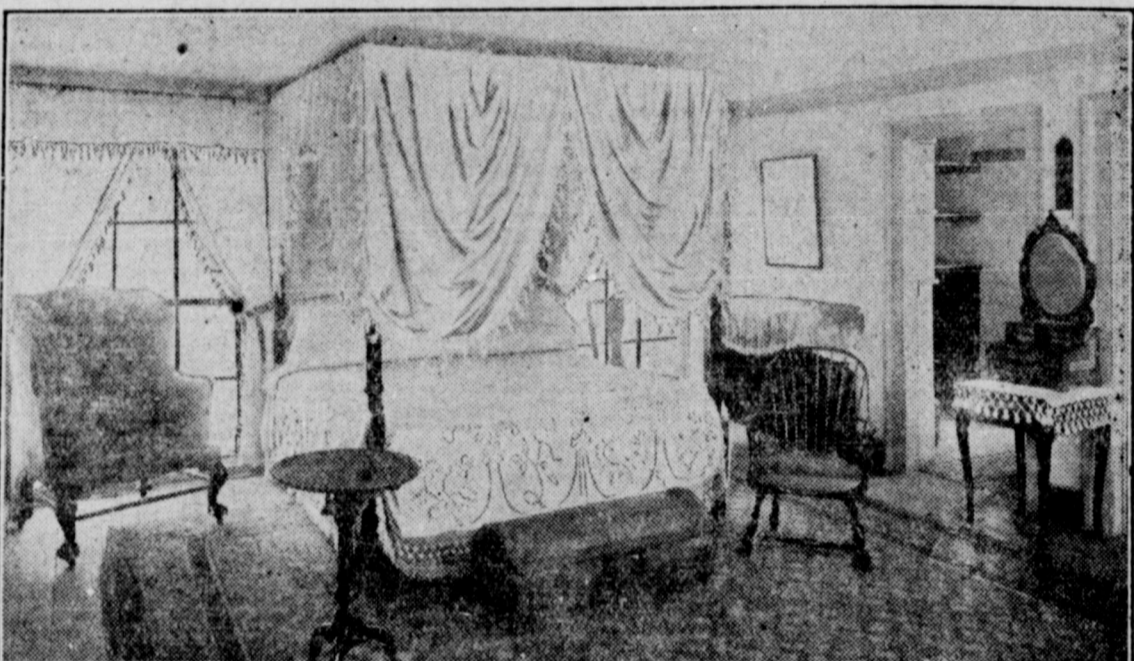

gratitude for Washington's services in the French and Indian Wars. Washington was then 21 years old. History records that Dinwiddie disposed of the portrait when his young protegee joined the Revolution. The portrait was found in England and brought to Mount Vernon in 1908.

Bedroom of Washington

This famous room at Mount Vernon witnessed the death of General George Washington on December 14, 1799. And in this handsome four-poster he lay when

he breathed his last words to his physician: "You had better not take any more trouble about me, but let me go off quietly. I cannot last long..." The bed was restored to Mount Vernon in 1870.

Of especial interest is the trunk at the foot of the bed. It carried Washington's baggage during the Revolutionary campaigns. The room will be reproduced in entirety for the Paris Exposition.

an Open letter to Buick owners

February 7, 1931

Dear Buick Owner:

Because of its importance, we decided to inform you now that the present line of 1931 Buick Straight Eights will not be replaced by new models this summer.

Buick, as you know, has introduced its new cars on August 1st, year after year. But inasmuch as these new Straight Eight models have met with such spontaneous approval by thousands everywhere, Buick has decided to continue manufacturing the present Eights throughout the summer and coming fall.

This is mighty good news to thousands of Buick owners because they will buy new Buicks now with the knowledge that there will be no model change next summer.

They will find in these new Buicks a degree of performance that is certain to give them a genuine thrill. All have the safe, silent-shift Syncro-Mesh transmission. All have Valve-in-Head Straight Eight engines. And all have the famous insulated Bodies by Fisher.

So well has the 1931 line been received that, out of every 100 eights sold in Buick's price class, 56 are Buicks.

May we suggest that you drive the Eight as Buick Builds It? Your Buick dealer will be glad to have you take the wheel and learn at first hand how much Buick Straight Eight performance adds to the joy of motoring.

Very truly yours,

SCHOOLS BOAST FINE LIBRARY

Very few of the Clarendon parents realize what a remarkable library we have in the Clarendon Junior College and Senior High School.

The list:
The Annals, Atlantic Monthly, The American Mercury, American Ed. Digest, American Magazine, The Bookman, The Burroughs Clearing House, Blanco y Negro, Bulletin of Pan-American Union, The Balance Sheet, Current History, Clubwomen, Cuba Review, The Classical Journal, Chemical & Metallurgical Engineering, The Certified Public Accountant, The Century Magazine, Country Gentleman, Literary Digest, Educational Method, The English Journal, Farm & Ranch, Forum, The Gregg Writer, General Electric Review, The Golden Book.

Good Housekeeping, General Federation News, Hygeia, High School Quarterly, Harpers Magazine, Industrial Engineering Education, Journal of Home Economics, Junior College Journal, Journal of Educational Research, Journal of American Chemical Society, Journal of Accounting, Journal of Educational Psychology, Modern Language Journals, Methodist Layman, Mentor, Nation's Business, National Republic, National Farm Journal, Nauticus, Nature Magazine, Nation School, Normal Instructor and Primary Plans, National Geographic (1910-1931), New Mexico, North American Review, Oil & Gas Journal, The Outlook, Progressive Farmer, Progressive Education, Poultry Tribune, Popular Mechanics, Poetry, The Parents' Magazine, Popular Science Monthly, Quarterly Review Biology, Radio News, Reflex, Review of Reviews, School & Society.

Saturday Evening Post, Southern Aviation, Southwestern Historical Quarterly, School Executive Magazine, Specialty Salesman Magazine, Scribners, School Review, The Scholastic, Southern Agriculturist, School board Journal, Scientific American, Ladies Home Journal, School Life, Texas Outlook, Teachers' College Record, Theatre Magazine, Womens Home Companion, World Review, The Wilson Bulletin, The World Tomorrow, World News, The World's Work, West Texas Today.

Besides these sources of information, there are six bookcases of five shelves to a case of encyclopedias, some of indeterminate value. There are the outside stacks where the most frequently used books are kept; then there are the stacks proper in the stack room. Volumes upon volumes of books dealing from everything from the lowest amoeba to the discussion, both from the biological and psychological point of view of the human being. There are literary works of authors past and present.

Here in the library can be found references by the use of the Readers' Guide, on every practical question, and even impractical questions if that type is being discussed during the present era.

AGRICULTURAL STUDENTS TO PRESENT MINSTREL SOON
On Friday night, February 27, the Agriculture students will present their play. The program will include two one-act plays, and some negro cross-fire, singing and dancing.

The class has borrowed the talent of Alex Cooke as chief dancer, with James Smith and O. C. Watson, Jr., as soloists. The class promises a very entertaining program, and asks the public to come out and attend the play.

BRONCHOLETTES LOSE GO TO LAKEVIEW GIRLS 48 TO 2
The Clarendon Broncholettes played hosts to the Lakeview Eaglettes Saturday night in the local gym, and if you did not see this game you missed seeing the best team in the country play.

When the Lakeview forwards began pitching counters, the rest could only stop and stare at her. The Broncholettes thought they had played some good teams this year, but this superior team had made Clarendon appear to have nothing. HEDLEY OWLS WILL REPRESENT THIS SECTION IN MEET
By taking the last two games of a three game series with Goodnight, at Hedley over the week end, the Hedley Owls gained the right to represent Donley and Armstrong counties in the District meet at Canyon, February 20 and 21.

The Goodnight Wild Cats took the initial tangle Friday afternoon in easy style with a margin of 26 to 15.

In the second game, on Friday night, Coach Newman's Owls came out of the trance and tied a kink in the Cats' tails with a 14 to 13 win.

In the third and deciding go Saturday night, the local fans witnessed one of the fastest basketball games to be played in this section. Both teams entered the melee with vim and vigor, and when the whistle ended the first half each club had piled up exactly 5 points.

Charming Outdoor Living Room Planted by Family of Gardeners Wins First Prize in The National Yard and Garden Contest

MRS. GUS EHRENBURG IN HER PRIZE-WINNING GARDEN AT SPOKANE, WASHINGTON.

The charming outdoor living-room created by Mr. and Mrs. Gus Ehrenberg and family, So. 1304 Cook Street, Spokane, Wash., has won first prize in The National Yard and Garden Contest (amateur division) according to word received today by the chairman of the Clarendon Yard and Garden Contest.

The national winner was chosen from hundreds of beautiful gardens, each a first prize winner in its own home town. Selection was made by photograph. All parts of the country were represented.

The Ehrenberg garden is striking proof that home grounds of surpassing beauty and charm can be developed on the average sized city place. The lot has but a 50-foot frontage.

This prize-winning yard. The Ehrenberg place is maintained with the most extreme care. One of the reasons why this is so is because the two sons, Elliott and Allen, 14 and 12 years old respectively, are enthusiastic garden helpers. These junior gardeners are also Boy Scouts and they do their good turns daily in the yard, helping mother with her planting. They are healthy, stalwart lads, for they have been reared in the garden since infancy.

Garden Before Golf
The father, a hotelman, prefers gardening to golf. He takes his "daily dozen" with the spade, right out in his own back yard. Were it not for the combined interest of every member of the family the Ehrenberg place would not be so well planted.

"The Lady of the Garden," pictured in the above illustration, is a talented song-writer as well as a garden lover. Her songs, over twenty in number, have been composed out in her beautiful garden, where the music of the birds is an ever present inspiration.

In spirit this prize winning garden is thoroughly modern. It was created in the first place because Mrs. Ehrenberg and her husband felt the need of beautiful home surroundings. Their comfortable and nicely furnished residence left them wanting more fresh air, greater freedom and

more soul-satisfying beauty. And so they set to work, planting some trees for shade. They placed shrubs in masses along the lot borders and along the house foundations. They made an excellent selection of evergreens, utilizing their year-round decorative effect to nice advantage. They did not stint in their planting of flowers, finding how well the perennial varieties served their purpose. They left a sufficient open lawn area which Master Allen finds sport in keeping neatly trimmed and edged. Appropriately furnished, these home grounds provided the Ehrenbergs with the outdoor room shown in the above photograph.

Aid To Gracious Living
Into this garden are invited the intimate friends and guests of the Ehrenbergs. "The Lady of the Garden" frequently entertains there at tea. It is a charming setting for those social acts which families nowadays find indispensable to gracious living.

And for their own family life the Ehrenbergs use their beautifully planted yard daily during the outdoor season. There Mrs. Ehrenberg not only composes her songs, but also prepares the papers she reads frequently before the Spokane Garden club, of which she is a prominent member. The garden also furnishes on frequent occasions during the summer months a cool and refreshing luncheon table.

Chamberlain

A fine rain fell here Thursday night soaking the ground thoroughly. The farmers are very optimistic with the fine prospects for good crops and gardens.

V. V. Johnston and family have recently canned a fine beef using their pressure cooker. This delicious meat added to four hundred and fifty quarts of vegetables and fruits just make their pantry bulge with good things to eat.

The past year the Johnston's made an average crop of feed and cotton, and in addition sold nine hundred and fifty dollars worth of hogs, cream, poultry and eggs. We doubt if this record has been broken in the county, to say the least, the general hard times has no terror for this family. The Johnston's consult often with their county agent and home demonstrator. No doubt this adds quite a bit to their success.

Quite a few have sown oats the past week and others will plant next week, these small oat crops will add greatly to the feed bins and help to diminish the power of King Cotton.

All roads lead to Chamberlain Friday night February 20 to see the play, "What About Betty". If it does not hurt to laugh be sure to come.

The families of D. N. and Neely Hudson have recently stored away a beef in cans, using the late method of canning.

A large school bell will be of great help in diminishing tardiness. Visitors tell us that Chamberlain has the best equipped rural school in the county, to say the pupils are interested in putting it mild, for the way they work and play demonstrates beyond a doubt that they are on the job at all times.

Miss Bettie Baker entertained her room Friday with a Valentine box. We always find Miss Bettie doing things to please her pupils.

ROTARIANS REGISTER HIGH PER CENT

EVERY MEMBER IS PRESENT AT LAST LUNCHEON OF CLUB FRIDAY NOON.

Registering a hundred per cent attendance at their luncheon Friday of this week, the Rotarians enjoyed one of the most pleasing meetings they have had for some weeks. Enthusiasm over the coming of Dr. Barker was evident as plans were discussed for his entertainment. The luncheon for next Friday noon was announced, President Jenkins calling attention to the fact that all clubs of the city were invited and asked to take part in his reception of the distinguished visitor.

Dr. C. C. Hyder of Memphis spoke to the gathering, calling much attention to the progressive citizenship, the schools and other points of interest here. He also complimented Gus B. Stephenson, a guest of the day, stating that the work of the band leader had done much to cement the good feelings between Clarendon and the neighboring town of Memphis.

Mr. Stephenson played a number of solos with Rotary Ann Wiedman at the piano. All of these were much enjoyed.

Mrs. B. L. Jenkins, Dr. C. G. Stricklin and Dr. T. H. Ellis were other guests, receiving much acclaim when they were introduced to the organization.

Mayor Taylor will seek re-election

In this issue of The News will be found the name of Mayor H. W. Taylor listed as a candidate for Mayor of the City of Clarendon in the coming April election.

Mayor Taylor has held the office for the past two terms and the city government has probably done more in the four years just past to put Clarendon up in the modern city class than ever was accomplished in twice that period

before.
Mr. Taylor gives his almost undivided attention to the details of his office and feels that the economy now being effected in accord with the general situation will meet the approval of Clarendon citizens. On the record of his past administrations he asks the support of the voters in the April election.

LIONS URGED TO ATTEND LUNCHEON

MEETING WITH DR. BARKER URGED UPON LIONS AS MOST IMPORTANT

The assistance that might be rendered the Rotary Club of this city in their initial venture of a major sort was brought home to the Lions at their Tuesday luncheon, when this organization was asked to do all possible to make the luncheon a great success. This will be held at noon on Friday in the basement of the First Christian church and will be open to the Lions and their ladies as well as to others who might be interested in attending.

The convention committee for the coming state convention of the Lions Clubs was named as being Lions Sam Braswell, Sr., O. C. Watson and D. O. Stallings.

The payment of memberships in the Little Theatre was again brought to the attention of the Lions, statement being made that these funds would be appreciated as they were rather badly needed just at this time. The Lions were asked to turn these either to C. C. Powell or to T. D. Nored.

J. H. Rutherford, as guest of the day, told of his feelings in a very impressive manner by a story that fitted the occasion rather well.

The remaining portion of the program was turned to the committee with this work in hand, who passed slips to the members, three having subjects for extemporaneous talks. Lion Porter received the subject, "Why do Some People Make so Much Noise?"

Lion Murrell was assigned the subject, "What Good is a Lawyer?" and Lion Douglas received the subject, "Is Selling Postage Stamps Good Business?" The remarks made by these three Lions following the reception of their respective subjects was enough to make the members wish that still others had been given subjects of a like character for discussion.

A director's meeting was called for a few moments after luncheon, at which time some matters of vital importance were discussed by this group of men.

The work of the committee on magazines was called to the attention of the organization and the Lions were urged to get all their old magazines and place them in the Rathjen's Shoe Store, where they could be stamped and distributed.

T. D. Nored, Sam M. Braswell and H. Mulkey motored to Memphis and Childrens Monday afternoon. While in Memphis Mr. Mulkey looked into the workings of the Red Cross relief in that city.
