

Drenching Rains Save Donley's Crops

Local Citizens Joins Fight To Preserve Buffalo Herd

CLARENDON GETS 2.52 INCHES RAIN

CROPS LOOKING BETTER IN COUNTY THAN EVER BEFORE AFTER DOWNFALL

Just as prospects were pointing to another drought to be added to the growing number of partially dry years old mother nature came to the rescue of Donley county and the entire Panhandle with a soaking rain which totaled 2.52 inches in Clarendon and almost as much all over the county. Starting Saturday the precipitation increased until afternoon when it ceased. The temporary stop however was not for long as Saturday night brought on a heavy drenching rain. Sunday was dry most of the day but again in the night more rain covered the county and the fall ended with a series of light showers Monday. It was the best rain received in Donley county since 1926.

Roads to Pampa and Amarillo were all but impassable early Monday, but had dried sufficiently at the present time to let the traffic proceed in almost normal volume.

The splendid rains received here cinch the feed crops of the county and prospects for all the other crops are exceedingly favorable for a wonderful yield. The rain saved the grass and made it possible for the cattlemen of this section of the country to cancel their plans for shipping their cattle to foreign parts for grazing pastures. It is believed the grass of this section will be enough to more than take care of the animals through the remainder of the summer.

The downfall was so slow and there was so little wind all of the water was soaked up in the fields and produced a deep season in all parts of the county. All of the terraces held without an exception saving crops from being washed.

One of the best features of the rain is the fact that all the farmers and town residents are feeling better and are more optimistic than for a number of months. Many of the rural folk are busy raising fall and winter gardens from which the products will be canned for their use during the winter. With such an attitude on the part of the town and country people Donley county is destined to again come to the forefront of the Panhandle section.

PRESS ASSOCIATION SECRETARY VISITS NEWS OFFICE

On last Thursday afternoon the force of The Clarendon News was honored with a visit from Mr. and Mrs. Sam P. Harben of Richardson, Texas, who were en route to Colorado where they expect to spend a month at their camp at Creed fishing. Mr. Harben is the secretary of the Texas Press Association and was at one time a partner with The News Editor in the publishing house at Richardson, a suburb of Dallas.

LOCAL MASONS ATTEND CERTIFICATE MEETING

The August meeting of the Panhandle Certificate Men's association was held in Hereford, with a splendid attendance and much interest displayed in the work. Local representatives who attended are Homer Mulkey, Elmer Palmer, Bennett Kerbow and Clarence Bairfield. They report a day of fine work with plenty of good instruction. The place for the next meeting will be determined here the latter part of this week when the examinations are held in this city.

SERVICES IN TENT START HERE TONIGHT

Commencing August 6th, 8:00 P. M. A service of evangelistic services will be conducted in the tent on the Grammar School grounds, at Clarendon, Texas by Evangelists R. E. Bryan and R. H. Chambers. All are invited to attend these services and to receive the spiritual benefit that always follows the living and expounding of the truth as it is in Christ. Every night at 8:00.

PATHFINDER STORY HOUR STILL POPULAR FEATURE

Miss Margaret Goldston proved to be one of the most pleasing and talented story tellers to appear before the kiddies of the community in the regular Tuesday evening story hour period sponsored by the Pathfinder Club of this city. A large number of the children gathered at the girl's dormitory where they listened to the interesting stories of the teller and later indulged in an especial play period under the direction of Mrs. H. T. Burton and Miss Goldston.

The Pathfinder Club women are especially anxious that all the youngsters of the city and surrounding territory attend and enjoy the story and play hour each Tuesday evening at the Girl's dormitory beginning at 7:30 o'clock. The story teller for next Tuesday evening is Mrs. Harlen Naylor with Mesdames J. L. McMurtry and Mrs. M. M. Noble as sponsors for the period.

CAMP FIRE GIRLS RETURN TO THEIR HOMES SATURDAY

Breaking camp in the midst of a downpour Saturday morning the Camp Fire Girls ended their week's encampment and made their way back to their respective homes. However, the rain which terminated their camp failed to dampen the girls' spirits, and they returned to the city praising the splendid outing enjoyed in the great outdoors.

On last Thursday evening a crowd of several hundred Clarendon and Donley county people thronged the sloping hillside of the camp and witnessed the impressive ceremonies which raised the candidates in the mysteries of the Camp Fire Council.

Of the most pleasing points of the encampment was the fact that there was no serious accidents during the entire time spent at the new camp site.

Those who helped make the encampment more pleasurable for the girls, other than those who have already been named, are Miss Lotta Bourland who supplied the group with cookies, Arch Dyer who donated delicious doughnuts, George Green who sent out a crate of canteloupes, and Leonard Goldston who supplied the girls with fresh milk and butter. One of the best features is the fact that all the cost of the camp has been paid and there still remains enough in the treasury which will be used to purchase a cooking range for the new mess hall. The sponsors request that any one having a second hand range for sale reasonably get in touch with the proper parties.

Mrs. Wm. Price left for her home in Pleasanton, Kansas Monday after a short visit with her parents, Mr. and Mrs. J. T. Patman.

LEGION MEMBERS TO HAVE PICNIC

REAL STAG PARTY TO BE STAGED THURSDAY, AUGUST THIRTEENTH

For the first time since the organization of the Aubyn E. Clark Post of the American Legion, this organization is planning to hold a real stag party. Plans were laid at the meeting Tuesday evening of this week and it is thought that this will be one of the best attended meetings the Legion has held this year.

Plans for the present call for the membership of the Legion to gather at the Hall at 5:00 p. m. Thursday afternoon. The start will be made from that point promptly at 5:30 with Bell's Ranch as the final landing point for the tent seekers. Those of the members who make their homes in the rural sections are being requested to bring water melons, canteloupes and other edibles of a like nature. The members in town will be seen by the board and told what they are to bring. Swimming will be the main event of the evening and night, while other diversions will be found to supply entertainment for others who do not prefer to swim all night. Recent rains have filled the swimming pool to a new high

CREAM SHIPMENTS CONTINUE LOSSES

JULY SHIPMENT TOTALS ONLY 246 CANS FOR NEW LOW FIGURE FOR YEAR

Clarendon cream shipments continued on the down grade through the month of July when only 246 ten gallon cans of cream were shipped from the local cream stations. The total number of cans was 19 less than the 265 cans shipped from the city during the month of June. The total of last month's cream shipments runs the year's total for the city to 1949 ten gallon cans—there having been shipped 1703 cans before the last report. A partial cause for the decrease in the past month's record was the hot, dry weather experienced throughout the local area.

Rev. C. B. Bowen and family left Tuesday morning for a two weeks fishing trip in New Mexico and Colorado.

COLQUITT DAVIS SAVED FROM CHAIR BY COURT

OKLAHOMA CITY—Colquitt Davis, living near Wirt, Okla., today was saved from the electric chair by the criminal court of appeals.

Davis was sentenced to death in the slaying of Deputy Sheriff Con Kiersey, Carter County, after a district court jury had found him guilty but refused to set the penalty.

He was given life imprisonment. Appellate Judge Thomas A. Edwards and W. H. Chappell ruled a judge could not assess the death penalty in a murder case when the jury failed to do so.

Judge James S. Davenport dissented.

Local Golfers To Play Shamrock Sun.

As many of the members of the Hillcroft golf club as possible are requested to make their plans to go to Shamrock this Sunday where an inter-city golf match will be had with the members of the Cole Creek Golf club on the latter's course. It is hoped that as many will make the trip to Shamrock Sunday as there were the Sunday before last when some thirty or more locals made the trip to Wellington.

The last match between the golf teams of Clarendon and Shamrock resulted in an overwhelming victory for the Cole Creek players, Clarendon winning only four matches out of about 12 played. The defeat of the Hillcrofters was handed them on the same course which will witness the battle Sunday. A victory is expected of the local par shooters over the Shamrock crew however the matches promise to be real battles with a fine time anticipated by all. The festivities of the day will begin with a delicious dinner served the Clarendon delegation at noon.

LOCAL BANK TO HANDLE STATE CIGARET STAMPS

Initial supplies of cigaret tax stamps which will be required on every package of cigarets sold in Texas after August 22 will be handled in Clarendon by The Farmers State Bank, according to an announcement received from the treasury department in Austin. Banks throughout the state will distribute the cigaret stamps until permanent arrangements can be made for their distribution, according to J. A. Donnell, chief of the cigaret division of the treasury department.

Misses Rhoda Wiedman, Helen Wiedman and Mary Shackelford returned here last Thursday from a vacation spent in Colorado. They were accompanied by Bill Wood, who acted in the capacity of chauffeur.

MUSEUM FUNDS GROWS RAPIDLY

HISTORICAL STRUCTURE AT CANYON TO START WHEN \$8,605 MORE ARE RAISED

The Panhandle-Plains Historical Society needs only \$8,605 in order to begin work on the big museum to be erected on the campus of the West Texas State Teachers College.

The first unit of the museum is to cost \$50,000. One-half of this amount was appropriated by the state legislature, on the promise that the citizens of this area would subscribe the remainder.

Governor Sterling signed the bill appropriating this money, the only appropriations bill he did not veto.

For the past two years, officers of the society have been quietly securing subscriptions to the museum fund and the total is now \$16,395, leaving only \$8,605 to be raised.

The state money will be available on September 1 and officials of the society are hoping that the remainder will be subscribed by that time so that the contract may be let at once.

L. F. Sheffy, of Canyon, secretary of the society, in charge of the campaign, state that donations range from \$1,000 down.

LIONS TRY NEW MIX-UP STUNT

HANDSHAKERS ARE IN MAJORITY AT OPENING OF LUNCHEON TUESDAY

A stunt that did just as was planned, shook the dignity of the members of the Lions, was tried at the luncheon Tuesday of this week with Lion G. J. Douglas coming out the lucky member. One man in the club, identity unknown, held a prize, this prize to be given to the twelfth man who shook hands with him. Lion Douglas was the twelfth man.

With the dignity entirely shaken from the minds of the Lions, the remainder of the luncheon passed off nicely and with much enthusiasm.

Guests for the day found Mrs. Richmond Bowlin, L. B. Cooper and J. H. Gillespie. Mrs. Bowlin expressed her appreciation for the good rains of recent days and stated her pleasure at being back in the club for another meeting.

The response of L. B. Cooper was more lengthy, in his response, stating that he was not eligible for membership in a certain group of the Lions and stated that his efforts were being continued. Dean Cooper, or Dr. Cooper as he is now stands, stated that he had been a member of the Cincinnati University for the past two years and that he had seen only two people he had ever seen before in that two years time. An unique description of the residents of Cincinnati was given in that they are all living in houses set one above the other in tiers. Visitors to that city a thousand years from this date will rejoice in having located another great section of the country inhaled by Cliff Dwellers. Mr. Cooper further stated that he had made a 2,300 mile trip to return to this city and that he had found the section from Dalhart to Clarendon in better condition than any other section visited on the trip.

J. H. Gillespie, farmer and gin man from Brice, was the last introduced speaker, he stated that the investment made some years back in marrying his wife was the best one he had ever made. The initial cost was \$6.50 he pointed with due pride to the fact that Mrs. Gillespie was now keeping him up with money derived from the sale of chickens. Not only that, she recently purchased him a pair of shoes, paid for 60 bushels of wheat to secure 1,500 pounds of flour for their use during the coming year and that they still had chickens left. More than 300 cans of corn were canned and when he left the farm Tuesday morning to come to Clarendon his wife was can-

CHURCH OF CHRIST IN FINE REVIVAL

ELDER G. K. WALLACE DRAWING LARGE CROWDS TO SERVICES EACH NIGHT

The revival meeting of the Church of Christ is meeting with unprecedented success as the first week's period is drawing to a close. The interest in the services is evidenced by the large crowds which throng the church's auditorium each evening to hear Elder G. K. Wallace in his delivery of the inspiring messages.

The music is one of the features of the revival services, being led by R. M. McGowan. Every one seems to be entering into the spirit of the meeting and doing his part to further the work of the Lord in the city and throughout the country.

Services are being held each morning and evening and all the people of the country are most cordially invited to participate in any or all of the services.

LOCAL OFFICER MAKES HIGH GRADE IN EXAM

I. B. Pierce, who has been studying finger prints for the past several months as a student of the Institute of Applied Science, stated the latter part of this past week that he had recently received report from his examination and that he had made an average of 99.7 on four separate and distinct examinations. The requirements for passing in these examinations amounts to a grade of 80, with the average running to around 84. This excellent grade shows the work that is being put into this study by Mr. Pierce and points to his future success as a finger print expert.

ACREAGE CUT BILL GETS NEW SUPPORT

AUSTIN, Tex., Aug.—Declaring he had been against acreage regulation by law but "the time has come for whatever is necessary to meet the situation," C. O. Moser, vice-president of the American Cotton Cooperative Association, pledged his support to pending legislation to reduce cotton acreage.

A surplus of cotton has been accumulated and pyramid, Moser said, until it will equal an entire year's production by the end of the coming season, and at the same time, the world has the lowest buying power that any living man has ever known.

"It is not a time for normal measures," he said, "but a time for whatever it takes to meet the situation." He added that it was up to the Texas legislature representing the greatest cotton state to "meet the issue to follow Texas leadership."

Word received Wednesday morning from Rev. Robert S. McKee, who is vacationing in New Mexico, states that he and Robert are having the time of their lives. He says he heard Andrew Reavis preach and that he was doing nicely. Rev. Allison is reported as still playing golf. No fish are reported, but he is evidently still trying to catch them.

ning peas for their use this winter and other years when they might be needed. Lion Boykin made mention of the recent agitation in regard to the buffalo at Goodnight, and was followed by Lion Patrick who announced the appearance of the Game Commission in Goodnight on Sunday to look over the situation with an eye toward keeping the animals in their native state by securing the ranch for a park site in the Panhandle. Members of the Lions were asked to take part in the Cavalcade to Goodnight Sunday that their prestige and weight might be added to the remainder of the state for keeping the herd intact. Some discussion was had on the matter of later turning this preserve into the Palo Duro park project, but the plans for this were not known. Lion Nored told of catching fish in the Colorado, and substantiated his story by having Lions Douglas and Caraway tell that fish could be caught in that state. Adjournment followed by the singing of the first verse of "America."

BAND CONCERT WILL BE PRESENTED FRIDAY EVE

Director Gus B. Stephenson has announced that tomorrow evening has been designated as the next presentation of the Clarendon High School Band in our door concert. The concert program will be staged at the band stand located in front of the old Grammar School building and will begin promptly at 8 o'clock. Due to several of the artists of the city being out of town on their vacations the director stated that only straight band numbers will be used on the program. The evening's program has not as yet been worked up, but it is certain that the repertoire will include a pleasing assortment of numbers.

HERE'S ONE MAN WHO HAD TROUBLES ALL HIS OWN

Those who live in town sometimes have the idea that they have all the troubles piled on them. Such is not the case—or not so in this one instance.

A man came into town fairly early Monday with a load of roasting ears. He arrived here about nine o'clock, and found that the local markets had been fairly well filled with the product he was selling. Not feeling the least bit discouraged, he started his rounds, but was not doing so well in the sale of his wares. At one place he stopped and proceeded to unload his mind of his worries.

In the first place, one of the younger boys of the family had left Saturday night with the car and he had not seen him since that time. He supposed he had become stuck in a mud hole somewhere and was making an attempt to get out and back home. The older boy had gone on a trip to Estelina late Sunday afternoon and had taken the keys to the truck with him. One of the saddles on the farm had been sold and taken away and the other one had been loaned to someone and was in New Mexico.

The horses were all out in the pasture when milking time came Sunday and not a milk cow was to be found. The roasting ears had been gathered and sacked Sunday afternoon and left in the field that they might be secured early Monday for the delivery.

When Monday rolled round it had rained a nice gentle soaking rain and when this man started to get his corn, the truck got stuck in the field and he was delayed two hours and found a very slow market. Yet, in the face of all this, he stated that he would testify that he had not used a single bad word and that he had kept his temper remarkably well. She did add that it would not have done for some one to have punched him, for the explosion would certainly have taken place in an extraordinary manner.

Such is life in the Panhandle when it rains.

ROTARIANS ENJOY FINE PROGRAM

LOCAL CLUB HEARS INTERESTING PROGRAM IN REGULAR LUNCHEON HOUR

One of the most pleasing and enjoyable programs of the year was that offered by the Program committee with Rotarian R. S. Cope chairman of the last Friday luncheon of the Clarendon Rotary Club's regular meeting.

Miss Anna Moores pleased the group with a number of interesting readings given in her inimitable manner. Following the first numbers of the program Gus B. Stephenson, director of the Clarendon High School Band, offered several especially well rendered saxophone solos.

W. H. Patrick, another guest of the Rotary group, favored the organization with an address covering the present economic depression and giving his views as to the present conditions of the country locally and generally. Rotarian B. L. Jenkins sent the local club a card from the Mineral Wells club in which his attendance for the week was attested. The program for this Friday's luncheon period will be in the hands of the Club Service Committee with a splendid program being assured the members.

LOCAL PEOPLE TO GOODNIGHT SUNDAY

WILL JOIN GAME COMMISSION HERE FOR VISIT TO FAMOUS BUFFALO HERD

Sunday morning local citizens will join the Texas Game Commission members in Clarendon and will accompany them to the Goodnight Ranch where the famous buffalo herd will be inspected by the above group. The Commission is making the trip to Goodnight overland and had written a letter to The News editor asking that a delegation from Clarendon be secured to accompany them to the ranch.

Their appearance here and at Goodnight is for the purpose of inspecting the herd of buffalo with the idea in mind of purchasing a portion of the ranch and making a state reservation thereon together with a fish hatchery. The members of the commission are interested in saving the fine herd of animals from the slaughter which has been announced as their fate in the near future.

Fred Haskett who is in charge of the disposition of the animals and is working hard in an effort to work out a plan whereby the buffalo may be saved from extermination. Governor Sterling has asked that something of this nature be done to save the herd and it is believed that the Texas State Game Commission will be the logical ones to take care of the situation, and in that way it is possible that the Panhandle country may also be given a fish hatchery.

It is not definitely known what hour the Commission will arrive in the city Sunday but it will no doubt be somewhere about the middle of the morning. All who are interested in this nature please get in touch with G. L. Boykin, secretary of the local Chamber of Commerce.

NEW BUSINESS OPENED HERE EARLY IN WEEK

Although they have been selling wheat and its products here for a short time, the Farmers' Exchange has undergone a change this week and will handle other farm products from this date forward. The management of the place is to be in the hands of J. F. Mahaffey, and will continue in the hands of McAdams and Son. The place of business will handle all farm products and will probably be kept very busy during the coming months.

LUBBOCK PLANS FOR BIG PRESS MEETING

LUBBOCK, Aug. 5.—Everything is all set for the West Texas Press Association convention, W. S. "Bill" Cooper, president of the association and editor of the Colorado Record announced here August 1, after a conference with Chas. A. Guy, vice-president and chairman of the program committee.

Gene Howe, of Amarillo, champion finder of lost cats and dogs, and widely known for his controversies with such national figures as Mary Garden and Col. Charles Lindbergh, is on the program for a talk on "Reader Interest and the Value of Promotional Features."

Col. Dick McCarty, editor of the Albany News and recognized as the official orator of the Texas Association will speak. Hickman Price, the world's largest wheat grower, advocate of large scale farming in West Texas will speak in the agricultural trend in this country. Other talks and discussions will be made and led by E. B. Miller, Plainview; Ralph Shuffler, Odessa; Marvin B. Smith, Farmerville; Joe Kempton, Jr. Dallas, and others.

The Lubbock Avalanche and Journal and the Lubbock Chamber of Commerce have planned plenty of entertainment for the convention. The Lubbock Avalanche and Journal starts the entertainment program with a luncheon at the Hilton Hotel at noon, Aug. 14. That evening the Lubbock Chamber of Commerce entertains with a banquet and dance at Hotel Lubbock.

PANHANDLE PRESS ASSOCIATION

SHALL THE BUFFALO PERISH?

The foremost question which confronts the people of the Panhandle of Texas and the citizens of the State of Texas as a whole at present is "Shall the Buffaloes of the Goodnight Ranch be Slaughtered and Exterminated or be Saved?"

Since the announcement of the intended slaughter of the mighty monarchs of the plains the good citizens from all the corners of this great state have risen up and in a unified cry have indignantly protested this inhuman slaughter proposed as the fate for the last-existing herd of buffaloes in the southwest. Why should a certain group of persons be allowed to exterminate the splendid herd of more than 200 animals which was started more than fifty years ago with the purpose in view of saving the rapidly diminishing beasts which knew no other home than the rolling plains of the southwest? Shall the people of the Panhandle stand silent and unmoved while the very life's work of the late Mrs. Charles Goodnight is desecrated on the same land which she and her husband so nobly fought to save the helpless animals from the early extinction.

All remember or have knowledge of the romantic story concerning the beginning of the large herd of the animals which have become a part of the Panhandle—a symbol and even the mascot of southwest posterity. It was away back in days when civilization was making rapid changes in the west, that the buffalo were being killed in the most selfish sporting manner. Sensing that the mighty beasts of the plains country was becoming scarce to an alarming degree, Mrs. Goodnight persuaded the Colonel to corral four of the most likely looking buffalo and with this the herd building process was begun. Up through the years the Goodnight Ranch was a haven for the growing band of animals. Hunting was strictly forbidden by the Goodnight's and the best of care was expended on the animals—and now following all these years along comes the announcement that all the work, all the care which has been put into the job well done has gone for naught—and the buffalo to be slaughtered.

Shall this be done without a plea to the Governor for justice?

No, such cannot be the case with the people of the Panhandle and Texas on the side of justice. Let's all join with the Texas Fish, Game and Oyster Commission in securing the Spring Creek Ranch for a state reservation, or shall we stand by and watch the Buffalo Perish?

THIS LIVE-AT-HOME IDEA

It is our impression that this is the proper time for each of the rural residents of the country and those of the city, who have a chance, to begin looking sufficiently forward into the future to see how he is going to survive through the coming winter. Will you be one of the several Donley county families who will have to depend upon the limited charities of the county and cities or will you be among the growing number of county producers who are meeting the situation now and will live normally and independently through the winter period by virtue of their well stocked shelves of canned goods.

The recent rains have sent a wonderful season into the ground, which barring unforeseen set-backs, just about cinches a splendid feed crop and sends the cotton crop along its way to a fine yield. But while things are looking so favorable throughout the country the finest chance for the farmers and truck growers of the county for a good living this winter should not be overlooked. While the splendid season is still in the ground winter gardens should be planted and these items canned for home use. A number of the Donley citizens have heeded the suggestion made by the bankers in their live-at-home platform and have already canned a surplus of the goods to carry them over the winter months. There is yet time to plant a winter garden and enjoy the products throughout the winter. During the long winter months when there is very little revenue coming into the farmers' till those canned, radishes, carrots, turnips, beans and other vegetables will come in mighty handy. Ask the county agents for further particulars.

The bankers of this and other cities of the country have been placed in a most precarious position by the economic conditions and have announced that from here on their loans will be based upon the preparation of the farmers to conduct their business on a live-at-home basis.

MURRAY'S NEWEST STUNT

Governor Murray, of Oklahoma, has again succeeded in making himself ridiculous in the eyes of the thinking people of other states. His battle over the toll bridges of the Red River, in which he trampled on the rights of the state of Texas and defied the federal courts, is his newest adventure into the field of the assinine and idiotic.

"Murray straps on horse-pistols and hurries to battle front," said the newspapers all over the nation. "Defies U. S. Authority," said another. "Extends Martial Law to Texas Side of Bridge," said still another.

Who does this guy Murray think he is? We admit

having no sympathy with the toll bridges and freely express ourselves as being against them—but how does Murray get that way—telling Texas to jump into the river if she doesn't like the way he does things? The man is foolish to dare public opinion.

Now he issues a decree that the price of oil must go up to one dollar a barrel by Saturday night or he will call out the militia again and close the oil wells in Oklahoma. Who gave a governor such power? Does a governor have such power? If Murray has that power then Oklahoma is not a sovereign state but is in the grip of a tyrant, and its people as much oppressed and down-trodden as the peasants in an absolute monarchy. Is this "free America?" one might well ask.

We can't help but think that Murray has about stuck his head into a noose and will feel no regret if it is suddenly tightened into a strangle knot and the people of Oklahoma get rid of another obnoxious governor.

Why can't Oklahoma elect a good governor now and then?—Childress Index.

HOT SHOTS HERE AND THERE WITH THE EDITOR'S CLIPPERS

We really think the government ought to cancel everybody's debts and then get up a big bond issue and give everybody about \$50,000 so everybody would have enough money to make the down payment on another lot of property and things.—Clarksville Times.

There isn't any objection to college training except that it postpones a fellow's education four years.—Nelson (B. C.) News.

Personally, we have had several different kinds of hard luck, but thank goodness we don't own an oil well.—State Press in Dallas News.

The constitution devotes the national domain to union, to justice, to welfare and to liberty. But there is a higher law than the constitution.—Seward.

With television about to make its advent into our homes, all a doctor will have to do when we call him is pick up the receiver and tell us to stick out our tongues.—Judge.

When you realize that life is a bank, and that what you get out of it depends entirely upon what you put into it, you have won the first handicap in the race for true happiness.—J. W. C. in New Era Magazine.

This generation, remarked the office sage, is distinguished by its hustle, the past generation, by its bustle.—Mexico News.

Nothing changes except definitions. It is "personality" now, but it used to be "brass".—Mission Enterprise.

As regards another world war, history needn't repeat itself. We heard it the first time.—Corsicana Sun.

A Texas man got a five-year sentence on a charge that he robbed three bootleggers. What are they giving medals for this year?—Houston Post Dispatch.

Why all this talk about a third party when we haven't got a good runnerup?—San Antonio Express.

Cheer up. These heat waves are never permanent.—Dallas Journal.

"It pays to serve the public," reads an ad. Yes, if you are a waiter.—Denison Herald.

Of course we poor will inherit the earth, but we would rather have it now and let somebody else inherit it.—Ft. Worth Star-Telegram.

We are still old-fashioned enough to believe you can acquire a round sum in a square deal.—Richardson Echo.

This is the kind of weather that makes the tired business man realize how smart Mahatma Gandhi really is.—Dallas News.

Many a man is known by the ice-box he keeps.—Scurry County Times.

Prisoners at Sing-Sing have organized a baseball team. Going in for sport may be all right, providing they don't take up cross country running.—Mexico News.

Fortune never smiles upon a man because he is a joke.—Tyler Journal.

A wise husband makes his wife do what she wants to do.—Tyler Journal.

A pert paragrapher remarks that while every dog may have his day, it has about gotten to the point where Sunday belongs to the road hog.—Bonham Favorite.

You can't blame the man who married the girl he met at the beach for calling the place a sand trap.—Wichita Times.

Now if we could only have a year's moratorium on politics.—San Angelo Standard.

The first six months of their married life they kissed for affection each night when he came home from work.

After that she kissed for investigation.

A new use has been discovered for the dial telephone. The government is going to use it to teach congress to count to ten.—Mission Enterprise.

Oscar: You say your wife used to be a beautiful woman. Oswald: Yes, but she got over that.

Little Boy (looking at mother's new opera wrap): How that beast must have suffered that you could have such a fur coat.

Mother: Hush Horace. You should not call your father a beast.—Mission Enterprise.

Hali Tosis: Where'd you land on your last parachute jump? Addi Noyd: None of your business.

Customer: Hey, waiter, were these catfish dead before they were cooked?

Waiter: Sure, I skinned them alive and they died of embarrassment.

BABY BEEF

Full Pen Fed, they have that flavor you like. Tender and easily cooked. You'll like it.

Automatic Electric Cookery Makes Cooking a Pleasure

DURING these hot summer months... when even out-of-doors it seems insufferably hot... you'll appreciate the coolness of a modern Electric Range.

With Electric Cookery, your heat is under absolute control. No surplus is allowed to suffuse the kitchen... there are no fumes, no soot, no smoke to make your kitchen unbearably hot and sultry.

Completely automatic... all you do is to prepare your

meals at any convenient time, place them in the oven, set the Automatic Time and Temperature Controls and let the Electric Maid tend the cooking. Then, you're free to spend your kitchen hours in more enjoyable and worth-while pursuits.

Allow a salesman to explain and demonstrate the many advantages of the new Hot-point Electric Range. Convenient Terms can be arranged for you.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

SUPERHIGHWAY UNDER WAY IN CHICAGO AREA

FOUR LANE HIGHWAY WITH GRADE SEPARATIONS TO SKIRT END OF LAKE

(By E. E. Duffy)
A pavement 40 feet wide will carry about four times as much traffic as a pavement 18 or 20 feet wide. Five large paving mixers, each capable of turning out a cubic yard of freshly mixed concrete every minute or so, are building a pavement of this width through northern Indiana—the Dunes Relief Highway—which will bring safety and speed to the wave of motorists sweeping to and from Chicago.

The Dunes Relief Highway, proffered by Indiana as her share of the responsibility for the traffic that skirts the lower end of Lake Michigan, will run parallel to and south of the old Dunes Highway. The new road starts at Gary and extends for nearly 80 miles to the Michigan-Indiana state line, avoiding Michigan City. Aside from its width it will have another claim to modernity—it will intersect at grade with only a few minor roads; busy inter-secting highways will be lifted over the Dunes Relief Highway by grade separations. The new road will be lifted over steam and electric railway crossings.

At present there is really but one outlet from Chicago to north-ern Indiana, Michigan, northern Ohio and points east, and that is the two-lane Dunes Highway which is filled with traffic even on week days. The new 40-foot strip of concrete will be capable of carrying some 40,000 vehicles daily and doubtless will increase travel between Chicago and De-etroit and to the resort regions of Michigan and Indiana. Michigan is contemplating the continuance of the four-lane pavement on to Detroit.

The Dunes Relief Highway is not a visionary project, but rather one born of necessity. The reduction in wasted time, the elimination of accident possibilities and the stimulation of travel will more than compensate for its cost. Throughout the country there are many such projects needed but little is being done about them. Dallas and Ft. Worth, Texas, however, are making plans for the building of a new super highway between the cities. It won't be built this year, perhaps not next year, but its construction will be speeded up by the planning that is being done now.

CULTURE AND COWS

The artistic and agricultural progress of Albania vied for public attention this summer when the nation's first art exhibit was followed by an exhibit of cows. Peasants from 20 surround-ing communities brought their cows into the city of Tirana and assembled them at the fair grounds. The exhibits were milk-ed, and the milk tested and meas-ured after which 17 money prizes ranging from 12 to 20 dollars were awarded.

DRAMA REPEATS ITSELF

French dramatists turned the calendar back 250 years when they recently enacted a play of Moliere in the Palace of Versailles exactly as it once was pre-sented before Louis XIV. Even scenery was omitted as was customary in the days of the Grand Monarque. All the actors were members of the Comedie Francaise. The occasion was the tenth Congress of the Associa-tion Nationale des Avocats de France.

At the wedding of Ruth Long and Walter Lowe in St. Louis, a black cat strolled into the church during the ceremony and sat at the couple's feet.

BRAY

The county agent and bankers say everybody should plant a fall and winter garden and then can all you can.

A nice rain fell here Saturday night it came just in time to save the feed crop.

Martin Banister and W. O. Hill attended the picnic at Claude Thursday.

Mr. and Mrs. W. D. McDaniels entertained the young folks with a party Saturday night.

Mrs. Martin Banister spent the day Thursday in the home of her parents, E. Sanders at Giles.

Mr. David Vaught of Barston spent the week end visiting in the home of Mr. and Mrs. W. D. McDaniels, Mr. Vaught is Mrs. McDaniels' brother.

Mr. and Mrs. Malcome Mills and Miss Mayme Brown were visiting in Hedley Saturday.

Chester Hill spent the week end with home folks at Hedley.

Mr. and Mrs. Thelma Dunn and little son were callers in the home of Mr. and Mrs. J. C. Hill Tuesday afternoon.

W. O. Hill and daughter, Omelia J. C. Hill and Perrie Robinson made a business trip to Hedley Saturday afternoon.

Mr. and Mrs. W. H. Clay and children spent the week end with Mrs. Clay's parents, Mr. and Mrs. S. A. Burdine at Hedley.

Mr. and Mrs. Claude Hill were callers in the home of Mr. and Mrs. W. T. Youree at Hedley Friday afternoon, Mr. Youree has been very sick but we are glad to report him improving at present.

Misses Ethel and Floy Bell returned home Sunday after visit-ing for a few days with friends and relatives at Hereford.

Fletcher Banister was transact-ing business in Claude Tuesday.

CHEVROLET APPRENTICE SCHOOL IS NEW VENTURE

Plans for the building and op-eration of a Chevrolet apprentice school of mechanical craftsman-ship were announced, yesterday, by W. S. Knudsen, President and General Manager of the Chev-rolet Motor Company. The school building, which will provide approximately 10,000 square feet of floor space, will be erected adjacent the Chev-rolet Detroit Gear and Axle Plant. Work on the proposed building will be started in the near future. When completed the school will be equipped with every type of machine necessary to all the finer mechanical arts and crafts, and the work will be directed by C. E. Wetherald, General Manufac-turing Manager of Chevrolet. The Chevrolet course will be an exact duplicate of the school operated by Chevrolet, in Flint. While preference will be given to sons of Chevrolet employes, all boys mechanically inclined, be-tween the ages of 16 and 18 years, will be eligible to enter the Chevrolet school. The normal course will occupy four years and the classes will be limited to fifty boys. "However," said Mr. Knud-son, "there will be no hard and fast rules governing the length of time the apprentices will be re-quired to attend the school. Ex-perience has shown that some boys progress much faster than others and these gifted young-sters will be advanced as rapidly as their work justifies." During the first three months all apprentices entering the school will be placed on probation; if their work justifies the in-terest shown in them, they will be carried on until they are graduated as skilled craftsmen. While attending the school the apprentices will be carried on the payrolls under a graduated pay scale. Upon completion of the

course, the graduates will be as-signed to skilled work in one of the 53 Chevrolet plants located in various parts of the country. The course as outlined by Mr. Wetherald includes instruction in tool-making, die-making, pattern-making and general machine shop practice.

TOO MUCH MEDDLING

Thoughtful citizens, regardless of political affiliations, are be-ginning to sense the menace pre-sented by the growth of gov-ernment departments, bureaus, boards, commissions and other agencies for the regulation of every detail of our daily lives.

This menace is two-fold. It menaces our liberties and it men-aces our material welfare through forcing us to support an army of useless officials. Every new law which is suggested by the professional reformer and busy-body is designed to add to this army of political job holders. The burden is becoming intolerable.

This is particularly true in business and industrial life, in which the harassment of reput-able citizens at the whims of politicians has about reached the limit of endurance. Speaking of

the American Bar Association on this subject some time ago, Mr. Justice Sutherland of the United States Supreme Court said:

"Never before have the business activities of the people been so beset and bedeviled with vexatious statutes, prying commissions and governmental intermeddling."

Judge Johnson of Idaho ob-serves that "the appetite for meddling other people's business grows by what it feeds on, and the result is a swarm of agents, inspectors, detectives and nosy meddling Matteis going about worrying and bulldozing the people."

Still the busybodies are clam-oring for more laws, more bu-reaus and more investigations, because these mean more politi-cal job-holders to be supported at the expense of the taxpayers.

Twenty-three special trains brought State Fair visitors to the 1930 exposition. It is expected that this number will be consid-erably increased this year, be-cause of the early interest and ac-tivity being shown by the rail-road agents throughout the en-tire State. The Fair will be held at Dallas, Oct. 10th to 25th.

1000 TO ATTEND STATE FAIR CAMPS

DALLAS, Aug.—Plans for the Boys and Girls' 4-H Club educa-tional encampment, at the State Fair of Texas, in Dallas, October 10th to 25th, are well under way, and this year's activity promises to be something that every boy and girl present will remember and profit by. During the first week of the Fair, the boys will occupy the Encampment Building and during the second week it will be in the hands of the girls. As in the past, the encampment will be made up of boys and girls, from the various counties over the State, who have made the best records with their agri-cultural and stock projects.

Rev. and Mrs. W. M. Murrell left Saturday for Abilene, they will probably be gone a month.

3 RULES

big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
 2. Get plenty of outdoor exercise without unduly fatiguing your-self.
 3. Try for a bowel movement at exactly the same hour every day.
- Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

SPORTS SLANTS

By Sam Braswell, Jr.

With the month of August, the last vacation month, already on its way, the thought of the sporting fans is beginning to turn to FOOTBALL, with its crowds, color, pep squads, the referee's whistle, thrilling runs and the thud of the impact of human bodies. With all this in mind our thoughts naturally turn to the speculation of what will be the caliber of the BRONCHO eleven this year.

For another year it looks like the local school will have a powerful scoring juggernaut which will be one of the favorites of this district to cop the title. A heavy, experienced and fast team with plenty of football power and fight looms up for the local unit.

One of the finest indications that this year's squad already mean business and will not be the disappointing eleven of a year ago comes to the writer through an interview with two of the mainstays of the team for the coming year—namely Dick Nichols, smashing full of the past two years and Carroll Hudson, broken field runner de-luxe of the Bronchos.

Their air is one of determination, and not the come-what-may spirit which characterized the team's play throughout the most of last season. Nichols in a frank statement when asked about the prospects said, "I believe everything looks pretty damn good, and we'll be fighting every minute this season." He further stated that "I sure hope we meet the Cyclones in the finals."

The statement of Hudson was especially pleasing to hear, and if he lives up to it the opposition had best make preparations to center their defense upon the heretofore temperamental Bronco halfback. Hudson said that the prospects were never better and "I am through with the 'Kid' attitude of the past year. I'm going to train and keep in the best of condition and show everybody that I can play the last half even better than the first two periods. This is Clarendon High's year and I, for one, am going to do my part to make the fans forget the great Broncho teams of '24 and '26."

Nichols is anxious for the season to open and the talk evidently made his football blood thick as he promptly inquired around for a football and he and Hudson made plans to begin getting the feel of the oval that afternoon. Wellington seems to be the looked for power in this division according to the two Bronco interviewed.

Each succeeding week interviews of other members of the Bronchos will be found in SPORTS SLANTS.

Hooray! Hooray! Jack Dempsey, popular ex-world's heavy-weight boxing champion, is returning to his old love—the boxing ring. He announced this Wednesday at his home in Reno, Nevada, stating that on August 20th he plans to start a series of exhibition four round fights meeting all comers. The tour will take in the Pacific coast, the northwest and then the east. We can't help but believe the popular slugger of the past years when the fight game was no picnic, is feeling the urge for just one more last fling in the fortunes of the fistic business. He has been training daily some 12 or more rounds and has tap-

ered off to a powerful 199 pound weight.

But whatever be the big fellow's intentions, he is due a big round of applause from the fans of the country, and we have a sneaking suspicion they will be rewarded with a championship match headlining the German boy (and by the way a crackerjack fighter) Max Schmeling, title holder, vs Jack Dempsey, former champ. Boy, what a fight that would be.

Good luck Jack.

It looks as if Houston, St. Louis Cardinals and the Philadelphia Athletics have just about whipped everything down in their respective leagues and are just coasting along waiting for their post season series.

It has been suggested that a contest be staged on the subject "Why The Merchants 'Do' Advertise in The Clarendon News" and not why they 'Should'.

CHILE CHASES CAROLOS

Another South American President walks the gangplank as President Carlos Ibanez of Chile, dictator and self-styled "man of destiny," resigns and hides out from his angry countrymen. Government of and by the people seem to be striding in high-heeled boots in many parts of the world, with the result that unsatisfactory kings and unpopular presidents have been losing their jobs in great numbers during the past year or two.

PUBLIC EXPENSES

President Hoover insists that the different Government departments cut expenses to the bone. There are demands upon the public treasury for every conceivable object. Competent students of the situation regard the tendencies toward increasing Federal and State appropriations as menacing to the stability of Government.

The President will have a hard job on his hands if he succeeds in lowering expenses, as Congress seems to be afflicted with the idea that doles, bonuses and loans, should be passed for somewhat promiscuous purposes.

It is told that shortly before leaving for Europe Andrew Mellon hurriedly changed his clothes and took a taxi for his office, arriving there without a cent with which to pay his fare. He convinced the driver that he was the Secretary of the Treasury and that his credit was good.

A total of 200,000 football enthusiasts are expected to witness the four intercollegiate games and the eight interscholastic games to be played in the 46,000-seat stadium at the 1931 Fair of Texas.

POLITICS AND PERSONALITIES

Who will be President pro tempore of the Senate in December is a congressional ranking in importance just after that of the House Speakership. George Moses of New Hampshire now holds the position, but the Progressives are gunning for him. "Witty George" is too witty for his own good. His sneering epigrams, notably the "sons of the wild jackass" characterization, rankle in sensitive insurgent hearts. Senator Nye of North Dakota has not forgiven Moses' violation of senatorial ethics in placing the Nye Committee's fat expense account in the Congress-

sional Record. Other incidents have stirred the Western senators' ire against the New Hamp-

THE DONLEY COUNTY STATE BANK
Clarendon, Texas

ITEMS OF INTEREST IN DONLEY

Pleasant Valley

The county agent and bankers say everybody should plant a fall and winter garden and then can all you can.

Everyone is rejoicing over the good rains of the last few days. Old Donley just redeemed herself in time this year.

Misses Sam Potter and Dollie Corder spent Saturday night with Mr. and Mrs. Gaither at Memphis.

Messers Potter Robinson and Pat Longan took their horses to Claude to pasture Saturday.

Miss Jaunita Lamberson spent the week end in the Porter home in Clarendon.

Misses Sam Potter and Marjorie Harlan and Mrs. Longan attended the funeral of Miss Laura Brinson at Hedley Friday afternoon.

Mrs. Elmer Palmer and son, James Wesley are spending several days this week with her parents while Mr. Palmer is at Hereford.

Mrs. Robinson and Mrs. Longan visited Mrs. Zeb Morris Wednesday afternoon.

Mr. and Mrs. Lamberson and son, J. T., went to Hedley Thursday to visit Mrs. Lamberson's father who has been quite sick but is better at this writing.

Mr. and Mrs. Longan and family also J. T. Lamberson spent Sunday with Mr. and Mrs. Gaither at Memphis.

Pat Longan had the misfortune of losing a nice heifer from eating green feed this last week.

Slaton Mahaffey made a trip to the South Plains the last of the week.

Mr. and Mrs. Norton spent Sunday with Mr. and Mrs. Lamberson.

Mrs. Lamberson visited with Mrs. Dunn, also called on Mrs. Russel in Clarendon Tuesday afternoon.

Miss Thelma Robinson visited Mrs. Longan Monday afternoon.

Mr. and Mrs. Pink Marshall were callers in the Lamberson home Sunday afternoon.

Mallie Dorsett who has been working in the harvest came home Friday but left again Sunday to work near Brice City, Oklahoma.

W. W. Moreland from near San Angelo is visiting his son Loyd Moreland.

THE NEWS' BOOK REVIEW CORNER

This week's issue of The Clarendon News marks the beginning of another weekly feature for the large list of readers of this newspaper to be named "The News' Book Review Corner," and will deal with the better class of publishing house releases.

From all sides interest in these books have been mounting from day to day throughout the Southwest. Much of the enthusiasm is brought about through the fact that "The Southwest Press" is the only publishing house within a thousand miles handling a general list of books. The company is a Texas-founded and owned institution with the purpose in view of developing the southwest reader interest to a new high plane.

"BIRDS OF TANGLEWOOD" illustrated by Karl Wilson Baker. Intimate studies in Bird-Lore in one of the large bird "retreats" of the country by a most charming writer. Mrs. Baker has that lyrical sentences that delight the

and winter garden and then can all you can.

Everyone is rejoicing over the fine rains which fell the latter part of last week and first of this week, everything looking fine and a good crop almost insured.

Mr. and Mrs. Leonard Goldston and children visited relatives at Clarendon Saturday of last week.

Some few from here attended the old settlers reunion and Rodeo at Claude Thursday of last week.

Mr. and Mrs. Clyde Hudson visited with Mr. and Mrs. G. R. Grant Monday.

Several of the ladies of the community are busy canning peas, corn, grapes, etc.

Brother Campbell of Hedley filled his regular appointment here last Sunday at eleven, also Sunday night.

The Methodist Quarterly Conference which was to have been held here last Saturday was postponed on account of the rain.

Mr. and Mrs. Morgan and Brother Campbell ate Sunday dinner with Mr. and Mrs. W. C. Veazy last Sunday.

Mr. and Mrs. Vaughn who have been keeping the Country Club for some time moved to Clarendon last week. Mr. and Mrs. Steagall of Clarendon moved out and will take care of the Country Club.

Mr. and Mrs. Lonnie Wood entertained the young people with a party Saturday night, a large crowd and a fine time is the report of all present.

Charley Corder has been hauling watermelons, canteloupes, corn and peas to Amarillo the last week.

Bob and J. B. Russell from Amarillo spent Sunday with J. F. Harlin.

Miss Bonnie Hardin spent Sunday with Miss Marjorie Harlin.

WINDY VALLEY

The county agent and bankers say everybody should plant a fall and winter garden and then can all you can.

Sunday School at the school house at 3 o'clock each Sunday afternoon, everyone is invited to come.

Singing was well attended at the school Sunday night.

Miss Lola Mains from Hedley is visiting with Miss Gladys Noble this week.

Mr. and Mrs. Wilburn Wiley and family from Wellington are visiting the lady's parents, Mr. and Mrs. Hill Wells this week.

Miss Lometa Colwell from Hedley spent Sunday with Misses Hazel and Gladys Josey, and attended Sunday School Sunday afternoon.

A revival meeting will be begun at the school house Friday night, Aug. 7. Sister Boles from Wellington will do the preaching assisted by Rev. Robey Josey.

Mrs. W. T. Durrett and daughters from Claude spent Wednesday and Thursday with her parents, Mr. and Mrs. B. F. Fletcher.

Mrs. I. O. Noble and children and Miss Helen Slater from Clarendon attended Sunday School here Sunday and visited with Mr. and Mrs. J. N. Noble.

The crops are looking fine since the rain.

Several of the young people attended the party given in the home of Mr. and Mrs. Ted Gray at Hudgins Saturday night and reported a good time, if it did rain.

GOLDSTON

The county agent and bankers say everybody should plant a fall

reader. When one reads the deductions she makes from her observation of the habits of the thrushes, bluebirds, mockingbirds, catbirds, cardinal, wren, chickadees, titmouse, grackles and countless others, one feels that an intimate knowledge has been gained about birds; and also one realizes that no one but a poet could express their thoughts in such a beautiful and pleasing style.

This book is interesting, instructive and refreshing.

MEXICO AND TEXAS 1821-1835

By Eugene C. Baker. The Graduate Faculty of the University of Texas annually elects one of its members to deliver a series of research lectures. The four studies in this volume are the lectures that were given in 1928. The fifth paper was read some years ago at a meeting of the American Historical Association. Though published in this book with a few bibliographical notes, the lectures represent a conclusion based on a thorough sifting of all the contemporary material relating to the subject with which the author was acquainted.

The causes of the Texas Revolution are more than a study in local history. Misapprehension

concerning them and of the consequences to which the revolution led lies at the bottom of much of the suspicion and distrust which have animated Latin-American relations with the United States for nearly a hundred years. According to the author—"The Texas Revolution was neither the culmination of a deep-laid program of chicanery and greed, nor the glorious response of outraged freemen to calculated oppression of tyrants."

MISS HUMPETY COMES TO TEA

A book of Children's Verses. By Grace Noll Corwell. Illustrated by Dorothy Hearon. Bound in three colors. Miss Humpety Comes To Tea—"The dogs are barking. There's Somebody coming! Children, run to the window and See— Is it the rag-man, or, is it the Tag-man. Or is it Miss Humpety coming To tea?" A book that will delight the hearts of parents and children. Mrs. Corwell has firmly established herself as one of the foremost poets of America. She sings to, and of, the Home, with a Spiritual understanding born of the experience of Mother Love.

BLACK POPPIES By Jan Isabelle Fortune. Second Edition. Prize-winning award of the Poetry Society of Texas. Mrs. Fortune's book is now in the second edition. She can write for the sophisticated with the best of them.

There is a leaping, pulsing eroticism in much of her verse that tinges the tender passion with nothing short of fire. But she is the true artist in expression and the real appeal of her poetry is in its word imagery and in its charm of color and sound.

More Than Money

Your savings account is worth more to you than just the money it involves. It represents increased self-confidence, financial independence, the ability to grasp sound opportunities. It's valuable from every angle.

WHY WAIT LONGER

FARMERS STATE BANK

MELLOWED A HUNDRED MILLION YEARS

While scaly monsters fought in PENNSYLVANIA

WHAT makes one motor oil higher in lubricating quality than another? For one thing, the earth conditions in the geological age when the crude oil was formed. For another, the expertness of the refining process. For these reasons the Sinclair Refining Company uses only the famous Bradford-Allegany District crude from the Pennsylvania field in its big, new Sinclair Pennsylvania Motor Oil refinery at Wells-ville, N. Y.—where Sinclair Pennsylvania is triple-filtered, and the wax removed at as low as 60° F. below zero—thus making it more uniform than most oils, and far less productive of carbon. The Bradford-Allegany crude that goes into Sinclair Pennsylvania was one of the few crude oils formed in the Devonian Age—a period in earth's

long history when conditions of heat, pressure and materials were nearest perfect for the forming of oil. And the crude has lain there mellowing and filtering for a hundred million years—long enough to filter out undesirable compounds—long enough to bring the crude to a point where its superior lubricating quality commands the highest price of all Pennsylvania grade crude oils! Have us change your oil to Sinclair Pennsylvania according to the Sinclair Law of Lubrication. Then examine this oil after long, hard driving. Note how it stands up—how it comes out of the crankcase almost as good as it went in. Note, especially, how little has been used up—positive, visible proof that this rich, Pennsylvania oil protects the last mile as well as the first!

Drivers of sixes never want less

because it takes six cylinders to give the smooth, silent power that makes driving really enjoyable

CHEVROLET Drivers of sixes are spoiled for anything less. Drivers of sixes are sold on multiple cylinders. They would no more think of giving up "six" performance than any other real advancement of motoring. For them, the whole cylinder question has been settled. Slip behind the wheel of a Chevrolet Six, and you'll know why these drivers feel as they do. Step on the starter, let the motor idle—and notice its silence. Throw in the

clutch, shift into "low"—and feel that smoothness. Change into "second," hit a faster and faster clip, slip into "high," sweep along at top speed—then throttle down to barely a crawl. The smoothness and flexibility you always get are six-cylinder smoothness, six-cylinder flexibility. Annoying vibration is gone!

Over two million owners have tested and proved this six-cylinder Chevrolet engine. They have found that it costs less for gas and oil than any other. They have found that it actually reduces upkeep costs, by holding vibration to a minimum. They know a six is better in every way—and they would never be satisfied with less!

Twenty beautiful models, at prices ranging from \$475 to \$675 All prices f. o. b. Flint, Michigan, special equipment extra. Low delivered prices and easy C. M. A. C. terms.

IN SOCIETY

Treasure Hunt Is Enjoyed

One of the most interesting parties the Senior B. Y. P. U. has enjoyed was the Treasure Hunt engaged in Friday night. Incidentally, Friday night had been chosen earlier in the week for the moonlight. But nothing like clouds shutting out the moonlight could damp this crowd, so with the aid of a flash light and the car lights, the hunt continued.

On arrival at the church, the first sealed envelope of directions was found in a prominent place—not so the others. It required searching to find them. Then when the important sealed directions were found, not just any one could open them. For example, all were momentarily stumped at one place by the requirement that only the person who could stick out their tongue and touch their ear could open the envelope.

After a merry chase, with various experiences, the happy group found themselves back at the church where a search revealed a hint that treasures might sometimes be found in trunks as well as chests. This was all that was needed to cause a stampede to the Goldston car where an abundance of ice-cold canteenoups were discovered. Some one else found the needed implements, and the pirates made short work of dividing and appropriating the treasure.

Those enjoying the treasure hunt were Mr. and Mrs. Joe Goldston, Misses Marie Cauthen, Mary Lowe, Agatha Taylor, Ruth Thompson, Agnes Oakley, Gertrude Shepherd, Afton Lusk, Messrs. Verma Lusk, Carroll Holtzclaw, J. D. Holtzclaw, U. Z. Patterson.

Mrs. Bill Bromley Entertains Mother

Mrs. Bill Bromley entertained her mother, Mrs. M. W. Mosley with a surprise birthday party Thursday afternoon at 4 o'clock. Assisted by Mrs. Vestal Mosley and Mrs. Jiggs Mosely, both being sisters-in-law of Mrs. Bromley. Mrs. Mosley was carried away for the afternoon by Mrs. Joe Bownds. As guests arrived the cars were hid from a front view of the house. When the last guest arrived and opening the door she viewed one of the greatest surprises of her life. Her many friends welcomed her home. The house being decorated with lovely pot plants and cut garden flowers. Everyone having viewed the lovely gifts given the honoree, a lovely salad course and ices were served to the following guests. Mrs. Harry Bromley gave the story of Mrs. Mosley's life. Mrs. W. C. Stewart read "Pride of the Battery B." Other remembering Mrs. Mosley's birthday were: Mrs. W. Gray, Mrs. Eva Driffin, Mrs. C. R. Skinner, Mrs. B. N. Shephard, J. D. Stocking, C. J. Talley, W. D. Van Eaton, Jack Killough, Bill Green, E. W. Bromley, W. A. Massie, J. T. Warren, Sam Lowe, Leck Goldston, A. H. Baker, J. D. Swift, Joe Bownds, Mrs. Frank Simmons of Borger, W. J. Rains, Clyde Bridges and Cora Luttrell of Hedley.

Needle Club

One of the most novel and enjoyable parties of the season, was the six o'clock breakfast Saturday morning at the home of Mrs. Crockett Taylor on College Hill given in honor of the Needle Club and a few invited guests.

The beautiful yard, was made more charming with the dainty prepared breakfast tables, placed under the big trees. A two course breakfast, prepared over

an open grate in the yard was served to the following ladies, Mesdames B. L. Jenkins, Powell, L. S. Bagby, J. D. Stocking, J. T. Patman, W. M. Pries, A. L. Chase, W. H. Martin, James Trent, A. A. Mays, B. G. Smith, R. A. Chamberlain, F. E. Chamberlain, J. L. McMurtry, W. T. Clifford, H. C. Kerbow, Don Grady, Ben Tom Prewitt, Sella Gentry, R. A. Letts, and Miss D'Laurel Beville.

Mrs. Charles Trent Hostess Friday

Mrs. Charles Trent was hostess to the Contract Bridge Club Friday morning, with a lovely Bridge breakfast.

Seated at the lovely arranged tables were Mrs. Earl Alexander, Mrs. John Sims, Mrs. Kelley Chamberlain, Mrs. Henry Ellis, Mrs. Edd Teer, Mrs. J. L. McMurtry, Miss Anna Moores and Miss Lorraine Patrick.

Miss Anna Moores was awarded high score.

Younger Crowd Has Picnic

In honor of visitors and new boys and girls in town the young people enjoyed a moonlight picnic at Gun Boat Wednesday evening. All report an unusual good time. Attending were: Misses Carol Holder, Pauline Shelton, Pauline Sanford, Dorothy Jo Taylor, Jonnie D. Latson, Barbara Smith, Melba Del Warren, Eva Lee Morrison, Lonia Bourland, Lucille Calbert, Elizabeth Kemp, Jean Bourland.

Carroll Hudson, Walter Knorpp, Buck Ray, Stargel, Mike Stricklin, Dick Nichols, Phifer Estlack, Wayne Thornberry, Jack Bourland, Denzil Davis, Frank White, Benton Smith.

1926 Book Club Enjoys Picnic

Friday evening members of the 1926 Book Club and their husbands gathered at the house of Mrs. O. T. Smith and from there drove to the Clarendon Country Club. Although the sky was not promising a clear moon, a number enjoyed a swim before a chicken supper was spread in the summer house at the Club house.

Those enjoying the outing were: Mr. and Mrs. G. L. Boykin, Mr. and Mrs. Bill Bromley, Mr. and Mrs. Allen Bryan, Mr. and Mrs. Fred Buntin, Mr. and Mrs. R. S. Cope, Mr. and Mrs. H. B. Naylor, Mr. and Mrs. Rayburn Smith, Mr. and Mrs. Edd Teer, Mr. and Mrs. Henry Tomb, Mrs. Manley Ozier, Mrs. O. T. Smith, Loyd Stalling, Miss Fray Stalling.

Goodwill Club

Mrs. Cecil Longley was hostess to the Good Will Club Tuesday of last week, with a lawn party. Games of "42" were enjoyed, also patterns of fancy work exchanged. Delicious ice cream and cake was served. Guests were: Mesdames Yates, Shoffett, McVinn Cook, Don Martin, Fred Russell, Nash Blassingame, Major Hudson, Mrs. Carl Andis of Amarillo, Mrs. Elmo Shoffett of Roswell, N. M., I. A. Lipton of Alenreed.

Mrs. Bob Couch returned to her home here the early part of this week after an absence of some weeks in Groom and White-deer.

Dr. and Mrs. S. F. Hunneycutt returned to their home here last Thursday evening from a vacation trip to New Mexico. A pleasant trip is reported, but they state they are pleased to be back home again.

LOCALS

Mrs. J. S. Harrison left for her home in Canyon Tuesday after a few days visit in the homes of R. L. Staggall and W. H. Youngblood.

Miss Fray Stallings, Miss Mary Howren and Bill Word left this morning for Colorado, where they expect to spend the next two weeks at Cuchara Camps.

T. D. Nored and Gus B. Stephenson were visitors in Amarillo Wednesday.

Mr. and Mrs. W. A. Hudson and son of Byers are visiting Mr. and Mrs. R. T. Darnell this week.

Rev. and Mrs. C. B. Ingram left with their son Cliff Ingram and family Wednesday morning, they will visit in Dallas, Denton, and Abilene before returning.

Mrs. Eugene Bryan of Amarillo visited in the Alton Bryan and Floyd Keener home this week.

Mr. and Mrs. W. H. Raney left the fore part of this week after a visit of some time here in the home of her parents, Mr. and Mrs. S. B. Arnold. They were accompanied to their home in Albuquerque, N. M. by Miss Frances, who will spend the remainder of the summer visiting there.

Rev. and Mrs. C. B. Stephenson and children of Houston arrived in the city Monday evening for a visit of some time in the home of Mr. and Mrs. Crockett Taylor.

Frank Valentine, Traveling Auditor for the Port Worth & Denver City Railway Company, passed away at his home in Childress last Sunday after a few days illness. Mr. Valentine had been visiting Clarendon for many years and has a great many friends who will mourn his passing.

Misses Helen Rodgers and Ruth Price returned last Saturday from a week's visit in Amarillo.

Mr. and Mrs. T. D. Nored and children returned last Thursday from a two weeks fishing and vacation trip in the mountains of Colorado and Northern New Mexico.

Mr. and Mrs. Muse and daughter, Miss Coralee, returned last Monday evening from a two weeks vacation trip into the mountains of Missouri. Lee reports that Clarendon looks better to him than any town he has seen with the possible exception of Springfield, Missouri. Good prospects are reported in most sections, with a lot of rain in the Panhandle. Five hours were consumed in the trip from Pampa to Clarendon Monday morning.

Mrs. S. A. Woody of Amarillo visited with her sister, Mrs. Fred Russell over the week end.

Miss Mary White Ferrell and Mrs. Goyen from San Francisco left this morning for Milwaukee, Wisconsin where they will visit before their return home. They have been visiting in the home of Mrs. R. A. Chamberlain while in the city. Miss Ferrell will be remembered by her friends as the daughter of Judge Ferrell of this country, she having been gone for some 27 years. Judge Ferrell was in office here for a number of years.

C. L. Polk and daughter, Miss Lucille, returned to their home here the latter part of last week after an extended motor trip and visit in the central and southern parts of Texas and New Mexico.

Miss Dorothy Headrick of Amarillo is visiting friends and relatives in Clarendon this week.

Miss Winnie Weatherly, sales lady for Hanna, Pope Co. will leave Sunday morning for Los Angeles, California. Miss Weatherly will be away most of August.

Miss Edgar Mae Mongole visited in Muleshoe over the past week end.

Dr. and Mrs. Scott A. Burnam from Chicago, left Monday after a few days visit here in the home of Mr. and Mrs. W. H. Burnam, the parents of Dr. Burnam.

Rev. Robert S. McKee and son, Robert left last Friday for Carlsbad, New Mexico, where they will spend this week visiting and enjoying a vacation.

SPEAKER TELLS OF PROPER FARM MANAGEMENT

College Station, Texas, July.—Any successful farm organization must be built from the bottom up, not from the top down, and it must be founded upon a bona fide farm membership, centering around the farm family, said Louis J. Taber, Columbus, Ohio, master of the National Grange in discussing "Organization and Progress" on the general program of the Farmers Short Course at the Texas A. & M. College Friday.

"Some people look upon progress and success as the result of luck or accident," Mr. Taber said. "The student realizes, however, that organization and progress go hand in hand. Ours is the greatest republic in the world because of the character and nature of the government organized by our fathers."

"Unfortunately the farmer has lagged behind the rest of the nation in utilizing the machinery of organization for his own advancement and welfare. Agriculture has furnished its full share of the funds, the material and the leadership that has made America great. If the farmer has not received a fair return, it is his own fault because he has failed to use the forces of organization, education and cooperation for his own benefit."

The local unit of a successful farm organization, centering around the farm family, must be

bounded by a community interest and welfare; and these local, or community branches, must be bound together in strong and compact county organizations, the speaker said. Those County organizations, in turn, he continued, must be welded together into a well-balanced state organization into a national organization of sufficient size and strength to make the voice of agriculture articulate in the legislative halls of the nation and the market places of the world.

Mr. Taber pointed out briefly the scheme of organization of the National Grange. Half a century ago the Grange was strong in Texas. In recent years the organization faded from the state but new Granges are again being formed in Texas, he said.

FAIR TO HAVE BIG FARM DISPLAY

DALLAS, Aug.—Every foot of space available in the Agricultural Building at the State Fair of Texas will be utilized for the 1931 State Fair of Texas, in Dallas, October 10th to 25th, it has been announced here by J. L. Lanchester and W. I. Yopp, directors in charge of this department, and J. A. Moore, superintendent of agriculture.

It is expected that 80 per cent of the 253 counties of Texas will be represented in the 1931 Agricultural Show—the largest number of counties ever exhibiting at an exposition in Texas.

TAXIS IN TOKYO

The price-cutting war being staged by taxicab drivers in America's Capital has a parallel in the Capital of Japan, where customers may ride for as little as ten cents. Independent drivers now cruise through the streets of Tokyo in American motocars and offer "bargain rides." If the passenger is a good haggler, he will pay a minimum price for service that would cost five times as much in any other city.

The 1931 premium list of the State Fair of Texas is ready and is now being distributed, it has been announced by T. E. Jackson, president of the exposition.

New Prices

Fearing that many of our customers have not learned of the reduction in the prices of our bread we are quoting you the new and the old prices that you may not be confused.
