CEMETERY ASS'N. GAME IS TUESDAY

BUSINESSES WILL CLOSE AT
2:30 O'CLOCK FOR BIG
BENEFIT BALL GAME

Next Tuesday afternoon the baseball season for the city of Clarendon will be ushered in with the annual East-West Clarendon diamond classic. The afternoon's festivities will begin promptly at 2:30 o'clock, and all hands are expected to be present to witness what is believed will rival even the celebrated battle of Bull Run. The coming contest will resemble the famous historical event in that the supply of buns will be unlimited and there will more than likely be a number of runs scattered profusely throughout the afternoon's conflict.

To make the contest legal and official, it is being hoped that the game officials may be successful in their efforts to secure Mayor W. F. Cagle to pool his athletic prowess with the other notable athletes and toss, pitch or roll—or use his unbeatible croquet form to propel the first ball of the season across the proverbial home pan. With all this as an added attraction, possibly, what loyal Clarendon citizen could resist such a colorful world series atmosphere and stay away from the College park where the teams of Frank Whitlock and G. L. Boykin clash in a struggle to the finish—the finish of whom still being debated at this time.

Reports from the enemies camps indicate that the game will be a cinch for each club, with the opposition being shown no quarters—and neither asking any favors. The west team boasts of a crew of stars that is seldom found in anything less than an Arkansas rural school yard, and while the east team isn't boasting so heavily their dark horses from the wilds of east Kearney street threaten mayhem to anything from the west part of the city.

Let us all save our quarters or half dollars, as the case may be, and witness this splendid culmination to all the strife, and at the same time help the worthwhile movement of the Cemetery Committee in raising funds for the same splendid upkeep of the Citizen's Cemetery this summer, as in the past. The stores will close promptly at 2:30 o'clock and will remain closed for two hours so that all may enjoy themselves and help where help is needed.

Miss Agnes Caraway, who teaches school near Pampa, spent the week end with her parents, Mr. and Mrs. Odos Caraway.

Friday Is Set For Art Exhibit

Patrons of the lower grades of the Clarendon Public Schools will have the opportunity of seeing the work their children have done when the Art Exhibition of the seven lower grades of the school is given on Friday of this week. The exhibit will be open from 8 a. m. until 6 p. m. and will be free to all those who care to attend.

The first three grades of the school will be shown in the lower grade school building in their respective rooms, special awards being given these for the work they have done in the past several months. Grades four to seven, inclusive, will have their work shown on the first floor of the South Ward Building, where it may be seen by all who care to visit the place.

The art instructor, Miss Lorena Steagall, is especially desirous of having a large number attend the showing and urges the patrons to take advantage of this opportunity offered.

Mrs. W. H. Price and baby left Tuesday for their new home in Pleasanton, Kansas, after spending a short visit in the home of her parents, Mr. and Mrs. J. T. Patman.

Kiddies Milk Fund Is Blanked Again

With a fair balance on hand the Kiddies Milk Fund scored another shut-out this week when not a dollar was received.

Not long now until April bills will be due and the recent cold weather brought another claimant on the fund, so there will be hardly a dollar's difference in the bills of April 1st and those of May 1st.

The fund escapes a deficit this time it will be doing especially well, and there is nothing in sight for May service unless some funds are brought in.

Mrs. E. V. Haggerty who has been ill at the Adair Hospital for the past three weeks following an operation has recovered sufficiently to be brought to the home of her sister, Miss Eula Naylor, Tuesday.

Clarendon Lions Go To Port Arthur

Fred W. Rathjen, president of the Clarendon Lions Club and accredited delegate from this club to the State Lions Convention will leave tonight for Port Arthur where the convention opens Monday morning. Mr. Rathjen will be accompanied by Sam M. Braswell, district governor of the Panhandle district of Lions Clubs.

Mr. Rathjen will visit a few days before convention opening with his sister-in-law, Miss Magee who is librarian in that city, while Mr. Braswell will visit with his daughter, Miss Clair Marie, at Denton, and friends in Dallas enroute.

The convention will be concluded Tuesday afternoon and will be featured by address by International President Earl W. Hodges, and Lion Ross Sterling, governor of Texas.

Both Clarendon Lions will make reports of their respective work during the year to the convention.

Local Youngsters To Sell Ball Game Tickets

Four of Clarendon's wide-awake young men will have charge of the ticket sales for the coming Cemetery Association Benefit baseball game between the East and West city clubs on next Tuesday afternoon at the College Park at 2:30 o'clock.

The youngsters selected to handle the sales of the tickets are Wesley Powell, Allen Patman, George Wayne Eslick and Fred-die Chamberlain. The first two boys will have charge of the west city sales while the latter pair will be responsible for the east side of the city.

The purchase price of the tickets is 25 and 50 cents. Each resident of the city will be visited by the boys named on Saturday of this week, and all donations other than for the tickets to the game will be turned over to the committee. Make your purchase from these four youngsters, and if you can make a donation at the same time to help along on the upkeep of the Citizen's Cemetery throughout the summer.

In case of rain or cold on Tuesday the game will be postponed, but in that case the tickets will act as rain checks and will be good at a later date.

News has been received in the city of the election of Mr. Berl Huffman to the Lubbock High School coaching staff. Mr. Huffman is at present coaching at Whitcester and has enjoyed splendid success. Mrs. Huffman will be remembered by her many friends here as Miss Cliffie D. McDowell before her marriage.

J. B. Snider of Plainview was here on business today.

NATIONAL COMMANDER TO APPEAR IN AMARILLO

The National Commander of the American Legion, together with the Adjutant of the State of Texas and the Commander of the Legion in Texas, will be in Amarillo Friday evening of this week for a short meeting and banquet. Special plans are being worked out by the local Post to have a large attendance at this meeting since Amarillo is one of the very few places in the state to have the honor of greeting the National Commander.

The party of which National Commander Ralph T. O'Neal is the head will have State Commander Hal Brennan, Adjutant R. O. Whiteaker and others of the organization who are most interested in seeing that the visitor have a pleasant stay in the state.

CLARENDON BAND IS PAMPA ENTRY

LOCAL ORGANIZATION GOES
TO PAMPA CONTEST ON
THURSDAY, MAY 17TH

Director Gus B. Stephenson of the Clarendon Band announces the entry of the organization in a contest to be held at Pampa on Thursday, May 7th. The contest is held under the auspices of the Northwest Texas Band Directors Association and will be divided into classes to provide fair competition to bands according to experience. The Clarendon Band will enter the Class B contest, which will be made up of school bands over the territory.

The contest is held in connection with the Music Festival at Pampa and other Clarendon entrants in voice, piano, violin, etc., are expected to be there for the several events.

Director Stephenson says the local band has a fair chance of winning first honors which will be without any money prize as in the other events.

TWILIGHT LEAGUE BECOMES REALITY

GINNERS, GROCERS, MECHAN-
ICS AND CLOTHIERS WILL
FIGHT FOR FLAG

It is the pleasure of The News to make this announcement to the effect that Clarendon will have a four team baseball league this summer. Plans have been worked out whereby there will be two games each week, one on Tuesday and another contest on Friday afternoon. The first game will be played on next Friday afternoon at 5:30 o'clock at the college park, with no admission being charged.

Never in recent years have the citizens of Clarendon become so universally interested in any one project as they have over the prospects of a city twilight league throughout the summer. Baseball has been attempted every summer in the past, but the fate of the club has always been sealed in defeat before the teams were organized, but under the new idea and under the competent direction of G. L. Boykin and Homer Mulkey the league this summer is secure in its popularity which it is sure to enjoy.

This year's baseball plan is briefly outlined in the following paragraphs. There is being organized four teams, the Garagemen and Filling Station operators, the Ginnmen, the Grocery Store men and the Dry Goods and Clothing Store men. Each team will play one game each week, the schedule to be made up in a meeting of the managers of the four clubs with league heads, Boykin and Mulkey, present. The games will be played at 5:30 or 6:00 o'clock on the aforementioned afternoons and will be seven inning affairs. No admission will be charged at any of the regular scheduled games with the expenses being borne by the sponsors of the different clubs, expenses to be only baseballs, bats, etc.

Any disputes will be taken to the league heads and their decision will be final and lasting.

The managers of the teams are Clarence Miller, Dry Goods team; Dyer, Grocery team; and well, Filling Station team; and L. H. Baker, Gin team.

The teams are working out regularly on the newly constructed diamonds at the College park, the sites of the games.

Excellent teams are reported from each of the league camps, so some lively games are promised the baseball lovers of the city this summer.

POPULAR BANK PRESIDENT RETURNS FROM CALIFORNIA

Wesley Knorpp, president of the Donley County State Bank of this city, who has spent the winter with his family in California returned Monday when Fred E. Chamberlain met him in Amarillo and they returned to this city. Mr. Knorpp's many friends are pleased to have him in Clarendon after his long absence in California.

Monday night of this week Carroll Knorpp and John Bugbee, both well known former residents of Clarendon, arrived in the city from their home in California via automobile for an indefinite stay here. Carroll has accepted a position with the Donley County State Bank here, and will be found by his friends in this institution.

Seven To Graduate From Ashtola High

Seven seniors will receive their diplomas from Ashtola High School on Friday evening, May 15th, 1931, at 8 o'clock. Graduation exercises will be held in the auditorium of the Ashtola School and a capable speaker has been secured to add to the impressiveness of the evening.

Those who will receive their diplomas are Lu McClellan, Jr., President of the class; Geneva Collier, Secretary; Merle Harp, Helen Parker, Emma Sue Graham, Tate Poovey, and H. W. Lovell, Jr.

The News stationery department furnished the invitations and individual cards for the Ashtola seniors, and will compare favorably with the invitations and cards of the much larger schools.

Spring Concert Is Next Thursday Eve

The offering of the McDowell Club to Music Week will be the Spring Concert on next Thursday evening, April 30th, at 8:00 o'clock in the College Auditorium. A delightful program has been arranged under the supervision of director Robert S. Copa and the music lovers of the city and surrounding communities are promised a rare treat next Thursday evening. The program of the club will be found in another part of this issue of The News.

Few Changes Seen In C. H. S. Faculty

Very few changes were made in the personnel of the Clarendon Public Schools faculty for next year in meetings of the school board on Saturday, April 18th, and Monday, April 19th.

Several vacancies exist at present in a few of the grades and departments, but these will be filled in the near future in later meetings of the Board.

Faculty members and their positions as returned by the Board for the term of 1931-32 are:

Mrs. Frank Stockings, Speech Arts.
Mrs. Ellen Edwards, (Colored)

Local Store Wins Prize In Contest

Possibly the most surprised people in this section of the state were Mr. and Mrs. E. Duncan of the "M" System store when they received a prize check of \$100 from the Duncan Coffee Company of Houston on last Sunday morning. The check came to them as a total surprise, as they had entered the contest just for the novelty of the thing.

Readers of the News will recall that the window which was entered in the contest was one which was placed by them some months past, advertising Admiralty Coffee. The window stood for two weeks and drew a lot of comment from all who passed it, many commenting on the beauty of the window and complimenting the builders on the beauty of it.

The prize of \$100 was first prize offered all contestants and was won over competition with entries from eight states in the southern part of the United States. A part of the letter from Mr. Duncan, owner of the Duncan Coffee company will be of interest to the readers of the News and the friends of the Duncan family here.

"The jury consisted of three judges appointed by the President of the Houston Advertising Association were entirely disinterested in their study of the competing windows, so that we are perfectly free in saying that we extend our congratulations to you for having one of the best window displays that those judges had ever reviewed."

Mr. and Mrs. Duncan are well pleased with the returns from this contest and are more than delighted with having won over the competitors in nearby and faraway towns.

Little Theatre Comedy In June

At a meeting of the directors of the Clarendon Little Theatre Monday afternoon of this week, it was decided to present a comedy of extravaganza proportions the latter part of June for the purpose of raising funds to complete the payment of the balance due on the curtain sponsored at the Junior College auditorium. The idea was advanced that the community would be thoroughly rested then from many programs of school closing and would be glad to come out and enjoy a roaring comedy as well as aid in a good cause. It was also suggested that this style play was to be given not for art's sake but for the checkles needed.

The play selection committee reported that a new play would be in the hands of the casting committee in the next few weeks so that full preparation could be made for the opening of the fall season in September.

Other matters pertaining to the work of the organization were discussed and the meeting adjourned subject to the call of the president, Mrs. U. J. Boston.

LIONS PLAN TO VISIT SHAMROCK

STATE AND GROUP MEETINGS
TO DRAW ATTENTION
THIS WEEK

A meeting of the Lions of this immediate group and of the Lions of the entire state of Texas will draw the attention of the Lions of this city for the next few days. Boss Lion Rathjen as the accredited delegate from the local club will be in attendance on the state meeting and others are planning to attend the group meeting at Shamrock. Lion Braswell as District Governor of the "P" District of Texas will be in attendance on the District convention at Port Arthur. Lion G. L. Boykin has been chosen as the chairman of the group who will attend the meeting at Shamrock on Friday of this week.

A large attendance is especially requested for the Shamrock meet and it is thought that at least two carloads will be able to attend from the Clarendon club.

The close of the attendance contest was seen on Tuesday of this week, the contest ending with a full one-hundred per cent attendance. This brought the average for the past eight week to a percentage of 95, one of the best that has ever been registered by the Clarendon Lions in a contest of any sort. Four of the eight were one-hundred per cent meetings, the others lowering the per cent to that given above.

Tuesday being the occasion for the celebration of Texas' birthday, Lion J. R. Porter was called upon to give some interesting things in connection with the winning of Texas' independence. The attention of the Lions was called to the tapestry in the entrance to the capitol building at Austin, the painting being a representation of the receipt of the surrender from Santa Anna. Sam Houston, "Deaf" Smith and "Three Legged Willie" Williams being in their places to catch all that passed in the surrender of the Mexican leader to general Sam Houston. The persons mentioned particularly at this time were "Deaf" Smith and Williams, they not being so generally in the public eye as are Sam Houston and some of the others.

A short report on the work of the Red Cross and allied agencies was given by Lion Mulkey as chairman of the Red Cross for Donley County. The original total applications was 120, 81 of these families being given assistance, with only a very few of them being helped one time. The larger part were helped two and three times and would continue to receive this assistance but for the fact that the capital is limited and the stopping point is seen imminent in the future.

Rather a large figure would be seen in the computing if the grand total for all purposes, this having been given no publicity. One of the items received for distribution was 140 packages of garden seeds, with a promise that others would be given out if they could be secured.

A series of general announcements were made, with a lot of hilarity being brought forth, primarily at the expense of the Boss Lion, who took the matter all good naturedly and let the matter pass in that manner.

Adjournment was made in the usual manner.

Memphis Man Heads Paloduro Park Body

At the annual meeting of the Paloduro Park Association in Amarillo yesterday reports were heard of the legislative work and new officers elected. F. N. Foxhall of Memphis was named as president; Dr. C. W. Stevens of Tulsa, vice-president; and Rolla E. Townsend of Amarillo as secretary-treasurer. The latter two were re-elected.

Those attending from Clarendon were retiring president Sam M. Braswell, directors M. M. Noble and G. L. Boykin. O. C. Watson was also among those present.

The body will continue its work along with other major park projects to secure legislation for the purchase and operation of the Paloduro Canyon as a state park.

Corrections Made On Honor Roll

Through an error in making up the honor rolls appearing in last week's issue of The News, the names of Edward Blair Ozier and Dwight Tomb were omitted. School officials noted the omissions too late for correction and The News is pleased to publish the correction this week. The young men mentioned above should have been on the second honor roll of the South Ward school, each registering an 85 average.

Local Rotarians Go To Plainview

Secretary C. C. Powell and Cecil Alexander of the Clarendon Rotary Club were in Plainview Monday and Tuesday of this week attending the annual meeting of the Forty-first District of Rotary Clubs. These men were accredited delegates of the local club and report a most inspiring and entertaining convention.

District Governor R. H. Nichols of Vernon presided during the session and the principal speaker was International President Roth of California. Dr. T. D. Brooks, head of the education department of Baylor University, Waco, was elected District Governor for the coming year.

Mr. Powell served on the election committee of the convention.

Mr. and Mrs. Clarence Miller and son left Friday for Dallas for a vacation trip. They are expected to return to their home here this Friday.

Small Number Attend Meeting

A small percentage of the membership of the Retail Credit Men's Association was present at the monthly meeting of this organization held Tuesday evening in the Clarendon Hotel. At this meeting, announcement was made of the election of the governing board which was to be one of the features of the next meeting scheduled for May 19th.

General subjects for discussion on this evening were: "How to open new Credit Accounts," and "How to Handle Old Accounts new inactive yet comparatively good." Some very interesting items were brought out in these connections, making the evening one of interest to the entire membership of the association.

J. E. Teer, manager of the Wm. Cameron & Co., was the first to discuss the first named question, stating that the basis for the issuance of credit should be four items, Character, Capacity and Conditions. E. E. Paxson, Arthur Parker and G. G. Kemp also spoke to this subject.

E. T. Bone, Ralph Kerboy and L. H. Baker each discussed the matter of handling old accounts, with the meeting later being opened for a general discussion of ways and means of handling credit business of all sorts.

The latter part of the program was opened for general discussion and many of the members took a part in this part of the exercises if the evening.

The president, F. W. Rathjen, stated that the Board was engaged in working out a program for the next meeting and urged that all members take advantage of the opportunity offered and plan to attend the next meeting on May 19th.

LELIA LAKE QUARTERLY CONFERENCE AT RING

The Second Quarterly Conference of the Lelia Lake charge will be held at Ring, Texas, this Saturday and Sunday, April 25th and 26th. Presiding Elder, W. H. Murrell will preach at the 11:00 o'clock service Saturday morning Saturday evening and again at the 11:00 o'clock service Sunday morning.

Dinner will be served Saturday noon old time country style on the ground. Immediately following the noon hour the business sessions of the group will be held. All interested parties are extended a cordial invitation to be present for any or all of the services.

Miss Ina Naylor and her brother, Elton, spent Tuesday and Wednesday in Amarillo.

CLARENDON LANDS CHRISTIAN MEET

CHILDRESS DISTRICT CON-
VENTION WILL CONVENE
HERE IN OCTOBER

Last Monday four members of the congregation of the First Christian Church of this city led by the pastor, Rev. W. E. Ferrell, motored to Wellington to attend the sessions of the Childress District Quarterly Convention. The Rev. Ferrell appeared on the program and presented a splendid address on "The Value of Co-Operation."

Clarendon asked for the convention in July, but lost the meet to Paducah by the margin of three votes. Clarendon was however awarded the following meeting of the convention to be held in October. A fine delegation of members are expected to be present at this date as the territory of the convention group includes eight Panhandle counties.

Those attending the meeting from here were Mrs. P. C. Johnson, Mrs. R. E. Paxson and Rev. and Mrs. W. E. Ferrell.

UTILITY COMPANY FINISHES WORK

NEARLY \$3,000 SPENT ON RE-
PAIRING LOCAL SUB-
STATION HERE

For the past two weeks crews of the West Texas Utilities Company have been stationed here repairing and replacing the local emergency station equipment. The power trouble of several weeks ago was caused by the burning out of one of the transformers here and high line trouble between here and Lelia Lake, due to a small twister in that vicinity. Since that trouble the emergency crews have been stationed here and finished their work Wednesday morning.

Something like \$3,000 worth of equipment has been installed by the expert workmen, which insures Clarendon of having one of the most modern and adequate stations in this section of the country with power to take care of any emergency which might arise at any point on the high line. The obsolete switch board of the local plant has been stripped and is completely new and modern except for the old panels. New single action switches have replaced the old double action types which will simplify operation a great deal. New and heavier high voltage bus bars have been installed which will safely take care of the super-voltage placed upon them. Among the safety features to be found in the local plant are the latest approved lightning arresters, and the automatic power switches which will throw off when the line becomes over-loaded or when a line is shorted. In any event the automatic control is protection against any damage to the power system of the city.

The transformer which burnt out a short time past was a total loss and this is being replaced with a new one, now in shipment. Repairs have been made on both engines, which are now in first class condition as is the building which has also undergone minor repairs.

The splendid condition of the local plant at the present time is largely due to the efforts of manager T. D. Nored of this city, and he is to be commended on his action in insuring the electrical users of this city uninterrupted service in the future.

Mr. and Mrs. O. C. Watson, Mr. and Mrs. B. C. Antrobus attended the afternoon session and the banquet of the Hardware dealers convention in Amarillo Tuesday. All but Mr. Watson returned home after the banquet, he staying over for the Wednesday session when he appeared on the program.

Camp Fire Asks For More Flowers

To complete the scheme of planting in the newly constructed terraces on the City Park, the Camp Fire Girls are asking for more flowers. Last Saturday the girls planted a number of the terraces and have the work about half done and will complete their tasks this week if sufficient flowers are received to allow them to complete their plans.

Miss Lorena Stegall, guardian of the troops, states that Chrysanthemums, Shasta Daisies, Tall Iris, Baby Iris and Violets are those flowers particularly wanted at this time.

Leave the plants at the News office, where a place will be provided for them, and the girls will get them Saturday morning.

Mr. and Mrs. Fred Maher of Amarillo visited in Clarendon this week in the home of Mr. and Mrs. G. W. Antrobus.

Mrs. Cattie Stevens and son of California is visiting in the home of Mr. and Mrs. Odos Caraway and family.

Mr. and Mrs. C. G. Atterberry and daughter, Miss Claudia of Pampa visited relatives in Clarendon Sunday.

Little Activity At The Egg Depot

The move of The Clarendon News to new location, the rain and the cold snap and spring fever in the barn yard probably all contributed to very little activity in The Clarendon News Egg Depot the past week.

All available eggs were distributed the early part of the week and as this report is being written Tuesday after noon the depot is without eggs—we're broke again.

One of our old time residents declares that winter will hold on until well up in May. After our recent cold snap most of us are convinced that he is probably correct.

The politicians down Austin way who are seeking to hinder the submission of the state highway bond issue are going to find out just how unpopular their obstructions are when they get home and talk to their constituency. Nobody ever served any good purpose by attempting to keep the people from expressing their will on any public measure.

Texas seems a few steps nearer the solution of her highway problems through action of the senate in passing the submission of the bond and refunding measure. Now if the house will do so well, the people will have an opportunity to return the verdict in spite of this politician or that one. Let the people vote.

Rumor has it that the Denver railroad along with other Texas lines will soon begin the city pick-up and delivery of freight as a means of combatting the competition of the freight trucks. Some changes along this line are certainly necessary if the rail lines are to hold local freight traffic. With railroads, as with all other lines of business, changes to more modern methods are necessary if present conditions are to be met.

Now comes the cigarette tax. Well, we don't smoke so it don't make any difference, but the tax is just a reminder that sooner or later the tobacco industry will come under the ban and will be fighting for its life before a quickened public opinion. Smoking, over-eating and all forms of useless and harmful indulgences will finally be frowned on in an effective way by civilization about the time the calendar turns the year 2000 A. D.

The long awaited Denver-Rock Island agreement on the joint track between Shamrock and Wellington was announced Tuesday and there is every prospect now for construction in a few weeks. The millions to be spent in the Panhandle on these new lines will mean quite an easing of the unemployment situation and a gradual pick up of all lines of business in consequence. No section of Texas will recover from the depression any sooner than the Panhandle, nor on a sounder basis.

All students of economic conditions are declaring that when business is again restored to a normal level that the nation will enter its most prosperous era. This may be true, and we hope it is, but if so people generally will have learned their lesson so well that they will avoid mistakes largely responsible for the present situation. Our business and our homes must be organized on a better financial basis if our prosperity is to be restored and is to be more lasting than that just past.

When officers of the Panhandle Press Association notified printer's supply houses that their salesmen were requested not to bring any liquor to the annual convention at Plainview for the regaling of those editors who indulge on such occasions, it marked a new consciousness on the part of a leading fraternity of this country. Here in Texas other associations have recently so notified the supply houses and in a very few years a salesman unthoughtful enough to offer illegal liquor to his customers will find himself cut off from business from those who oppose such unethical practices. The Plainview convention was a better convention than usual, much better than if much liquor had been present. Liquor and business have no mixing grounds, just as liquor will not mix with anything worthwhile.

NEW GROUNDS FOR THE PANHANDLE PRESS

Unanimously adopting a report of the major activities committee, the Panhandle Press Association, last week at Plainview took new high ground as an organization, when it endorsed and pledged support to certain movements and projects of special sectional interest.

For a generation the Panhandle Press, individually, has carried on battle for the general good of the whole section in a most effective manner, but the action this year at the Plainview convention is the first time the organization has put the full force of its weight as an association behind a general program for the Panhandle which will no doubt be expanded from year to year.

The Panhandle Press Association is a major factor in the Panhandle and will make itself even more effectively felt as the years come and go with this new concept and vision.

SPORTS SLANTS

By Sam Braswell, Jr.

With the city all agog over the approaching baseball classic of the south, east and north and west on next Tuesday afternoon, this column is afraid to predict the winner of the cemetery association benefit game for fear of being charged with partiality. We are almost afraid to get off our side of the street so great and intense is the excitement over the big game. Coach G. L. says he can't lose, and at the same time Frank declares the secretary is as batty as a Siamese night club, and that his team will be as busy as a one-legged man playing hand ball. Confidentially, customers, the Secretary broke down and confessed that the East team was going to do the proverbial flop before his classy crew of horsehide maulers—but maybe it's like the A. & M. game last Saturday—they got stuck by a pair of gouging horns from an Austin corral—anyway it'll be good. The teams are going to play a good game and better yet it will be for a splendid cause—so do your part and be there.

Well, well, well, at last Clarendon will have an honest-to-goodness baseball twilight league. Managers have been out all this week hustling ball players who are hoped to carry their club to the top in this summer's campaign. Much credit is due Dennis Davis for his effort in putting the baseball league into motion, and this column wants to express its appreciation for the way in which Mr. Davis has handled the plans for the local league. He has placed the managerial role in the hands of capable and willing business men who will see the project is put over in fine style. The selection of such types of men as G. L. Boykin and Homer Mulkey assure the league splendid leadership in the position of baseball czar, with their decisions being fair and just to all.

The business men of the city who have ball players in their employment are especially urged to co-operate with the league officials in letting these players off for the short time of the game on one day of each week. We are sure all of these public spirited citizens will lend their efforts in making this amusement program of the summer go over big. Don't forget business men—one day each week at five thirty.

We wonder if the new ball is doing this: Twenty-seven home runs and 403 hits were collected by Texas League clubs in their first five days of the pennant campaign.

Dallas led in club hits with 46 against Shreveport. Fort Worth playing Wichita Falls a five-game series, ranked second to Dallas with 61, but the Steers played one more game than the Cats due to a 9 to 9 tie Friday which was played off in a double-header Sunday. Friday was the best day for

home runs when eight were clouted out of Texas League parks. Ted Gullic, Wichita Falls outfielder, continued to lead the home run race with four circuit wallop.

Well, Clarendon's entrants in the Amarillo Track and Field meet last Friday and Saturday didn't do so well, but at the same time Hudson and Nichols showed the stuff that will make them bare watching this week end at Canyon at the District meet.

HUDSON

ed to qualify in the 220 low hurdles only because after being set back twice the added distance broke his stride. He got over the first hurdle in first place but broke on the second, throwing him off on the balance of the distance. Carroll galloped in third place in the 100 yard dash, in his slowest time of the season, and should have won the 220 yard distance, but for poor condition. In this race he was three strides in the lead for the first 160 yards, but the other's superior training carried them to victory. We are expecting much from Hudson this week end.

NICHOLS

Nichols placed third in the shot put, tying with another contestant. In the throw-off for third place Nichols, promptly tried to lose the weight and not give the other man from Pampa a chance to throw when he heaved it some 43 feet 10 inches. This was one foot further than the standing mark of the meet, but was ruled off the records, because it was not in actual competition, he being able to toss it only about 39 feet in his trial. However Dick was awarded the prize of a gold charm for his feat and we predict he will carry off first honors down at Canyon.

Coaches Stacking and Hutton deserve a great deal of credit for the showing the boys have made this year. Let's all get behind them and help these two mentors put the bronchos over in grand style.

Many Knute Rockne stories are being told, among them this: One of the famed "Four Horsemen" was doing badly in a certain game, being unable to make headway against the opposing line. Knute advised: "Those fellows don't know who you are; show them you press clippings."

TYPING TEAM TO CHILDRESS INTERSCHOLASTIC MEET

In spite of rain and slippery roads, Mr. Wells took his typing team, Lucille Andis and Jennie D. Latson, to Childress Friday. Leaving here at 7:10, they reached Childress at 9:15, and the contest was held at 1:00. When the papers were graded, it was found that in the individual contest that Childress won first and second places, and Clarendon won third. In the team events Childress won first, Clarendon second, and Paducah third. Lucille Andis will represent Clarendon in Austin May 8, which will make the third consecutive year that Clarendon has been represented at the state meet.

The typing team is planning to go to Canyon Friday to compete in the district contest there.

BAND NOTES

The band and band members are all very busy preparing for the contest to be held in Pampa on May 7. With additional band rehearsals, as well as sectional rehearsals, everyone will be kept busy until that time. The contest overture is one that the local organization had for some time, having played it in public appearances during the past sum-

mer. With the many advantages that the band has over other bands of this class, the first prize should be awarded it.

Like a Symphony . . . the best Gasoline is Blended

IT'S primer knowledge to the orchestra conductor that each group of instruments in the ensemble brings a necessary influence into the symphony's finished blend of tone. In the unaccompanied "oompah" of the bass horns the overlay of melody provided by singing violins and mellow woodwinds is lacking. All must be blended by the baton of the conductor according to the expert formula of the composer before the perfection of the symphony is achieved.

CONOCO long has realized that harmony is as necessary to gasoline as to music. So CONOCO gasoline is blended—and balanced. One type of gasoline is no more satisfactory than is an orchestra of bass horns. So CONOCO refiners take the three types containing the elements of the perfect fuel and deftly combine them until they blend in absolute harmony.

That's why CONOCO contains: Natural Gasoline, for quick starting . . . Straight-run Gasoline, for power and long mileage . . . Cracked Gasoline, for its anti-knock qualities.

No single type of gasoline can contain all these qualities. They are present, though, in CONOCO Gasoline . . . blended there into a symphonic, harmonious whole, with CONOCO'S master refiners wielding the baton. For, after all, it's in knowing how. That's why some musical directors, as well as some refiners, achieve fame.

You'll find this triple-test gasoline with the balanced-blend wherever you see the CONOCO Red Triangle.

All but 500 miles of the proposed highway from the Texas border to the Panama Canal has been surveyed, and considerable work has been done in grading and surfacing. It is now definitely known that no insurmountable obstacles bar the way. The completion of the highway is only a question of time and money.

ROCK ISLAND AND DENVER R. R. REACH AGREEMENT

WASHINGTON, April 20—The Fort Worth & Denver Northern railroad and the Chicago, Rock Island & Gulf today applied to the Interstate Commerce commission for approval of an agreement covering construction of a new line between Shamrock and Quanah, Texas.

The commission a year ago authorized construction of a line jointly by the two roads. The Chicago, Rock Island & Gulf objected to some of the terms of the order and the new agreement submitted covers these.

It is proposed that the Fort Worth & Denver Northern build the new line and give the Chicago, Rock Island & Gulf an option to buy an undivided one-half interest in the section of the road between Shamrock and Wellington. The option is to run for 120 days after completion of construction and when the Chicago, Rock Island & Gulf makes cash payment in exercising the option they would have the right to operate between the two points and participate both in local and through traffic.

MRS. H. BEACH BURIED AT BURKBURNETT HOME

Mrs. H. Beach, wife of H. Beach of this city and resident here for a short time, died suddenly at the family home here April 11th, after an illness of only a few hours. Funeral services were held at the Lamar Street Baptist Church in Wichita Falls April 14th. Rev. Sidney Martin, pastor of the Lamar Street Baptist Church of Wichita Falls; Dr. O. L. Powers of the First Baptist Church of Wichita Falls and Rev. McKenzie of Waxahachie were the pastors in charge of the services. Burial was had at Burkburnett by the side of two children who are also buried there.

Mrs. Beach was born Lula Richardson on January 15, 1871. She was raised to young womanhood in her native state of Mississippi, later moving to Grayson County, where she was married to H. Beach in 1888.

The Beach family made their home preliminary in Grayson

County, at Sadler, later removing to Dimmitt, Burkburnett, Wichita Falls and Clarendon. In all these places Mrs. Beach was connected with the Baptist Church and was an active worker up to the time of her death.

Aside from her husband, Mrs. Beach is survived by her mother, Mrs. L. J. Richardson of Sadler, Texas; six sons, Cecil, Otto, Homer, Jr., and O. L., all of Clarendon; Jess Beach of Wichita Falls; and Roy Beach of Long Beach, California. One daughter is also left to mourn the death of her mother, this is Mrs. Nelse Robinson of this City. Two brothers and four sisters are also left. They are: E. S. Richardson, Wichita Falls; J. J. Richardson of Plainview; Mrs. J. W. Douglas and Mrs. W. R. Cowan of Sadler, Texas; Mrs. J. W. Handricks of Tulsa, Oklahoma and Mrs. N. O. Kinslow of Duncan, Oklahoma.

The six sons acted in the capacity of pall bearers at the cemetery.

HISTORY'S BEST KNOWN DATE

If you can remember only one date in history, says a prominent historian, let it be April 23. This anniversary, according to the Woman's Home Companion, ought to be the best known date in history for its universal and international importance. It is the birthday of William Shakespeare, whose life left a permanent mark upon the civilization of the world beyond that made by any other single human being of modern times.

While Kazinere Lakszewski of New Haven, Conn., telephoned his lawyer to inquire whether he had a right to shoot policemen who were hammering on his door, officers entered a window and arrested him for beating his wife.

Legislature Passes 3 Cent Cigaret Tax

The House Monday adopted the free conference report to levy a tax of three cents per package on cigars.

The vote to adopt the free conference was 72 to 56 and came after almost two hours of debate in which the corporation lobby and the school teachers were severely criticized by opponents of the tax.

The corporation lobby was charged by Representative Davis of Brownwood with having advocated the cigarette tax to lessen the pressure on the legislature to pass the intangible assets tax and other tax bills. Davis said he also regretted Governor Sterling "had thrown himself behind the cigarette tax."

Representative Sanders of Nacogdoches, one of the leaders for the cigarette tax, said he estimated it would yield approximately \$6,000,000 per year. Opponents, however, claimed it would bring in around \$811,000,000, since the federal tax of six cents per package yielded \$22,000,000 in Texas last year.

The free conference report also

levied gross receipt tax of two per cent on natural gas production.

The cigarette tax was added by the senate to a house bill levying a natural gas tax of 2 1/2 per cent. The senate cut the gas tax to two per cent.

Representative Duvall of Fort Worth charged the action of the senate in adding the cigarette tax to the gas tax violated the spirit of the constitution which stated that all revenue measures must originate in the house. Following out this theory, Duvall said the senate could add any kind of a tax they wanted to every tax bill sent over by the house.

Representative Albritton of Yorktown asked Sanders why cigars were not taxed, answering the question himself by saying it was because cigars were smoked by "big business men" while the poor man smoked cigarettes.

The free conference report did not receive enough votes to go into immediate effect and will not become effective until 90 days after adjournment.

Willing to overlook his wife's insistence that her dog sleep with them, Claude Erickson of Chicago balked when she asked him to kiss his mother-in-law.

PRICE

The actual increased value of each model in the New 1931 line of Perfection High-Power stoves and ranges may be measured in a substantial dollars and cents way. New High-Power burner, increased economy, refined beauty, greater conveniences, and safety. Each item having a definite worth.

Despite this added value; despite the fact that thousands of dollars were spent in the perfection of these new features, in making new dies and in extensive tests at the homes of actual users all over the country; disregarding the fact that the new product cost much more to produce and costs more to stock and distribute, owing to the increased variety of choice in models. In face of all this the New 1931 line is offered at the same low price, model for model, as the old line.

Let us show you the new line.

HOW ONE WOMAN LOST TWENTY POUNDS OF FAT

Lost Her Double Chin
Lost Her Prominent Hips
Lost Her Sluggishness
Gained Physical Vigor
Gained in Vivaciousness
Gained a Shapely Figure

If you're fat—remove the cause! KRUSCHEN SALTS contain the 6 mineral salts your body organs, glands and nerves should have to function properly. When your vital organs fail to perform their work correctly—your bowels and kidneys can't throw off that waste material—before you realize it—you're growing hideously fat! Take half a teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 3 weeks get on the scales and note how many pounds of fat have vanished. Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—keener in mind. KRUSCHEN will give any fat person a joyous surprise. Get an 85c bottle of KRUSCHEN SALTS at Douglas & Goldston Drug Co. (lasts 4 weeks). If this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a super improvement in health—so gloriously energetic—vigorously alive—your money gladly refunded.

The News is in receipt of an invitation and program of the fifth annual meeting of the Southwestern Journalism Congress and the Southwestern Student's Press Club to be held at the University of Texas, Austin, May 1 and 2, 1931. Of especial interest to local readers is the fact that Kenneth Fink, son of Mrs. O. L. Fink of this city, is president of the organization. The sessions will be held in the auditorium of the newly completed Chemistry Building.

Make a cold frame if you don't own one.
Get the garden cleared off early and ready for action as soon as the ground warms up.
Give the lawn a good dressing of fertilizer to be soaked into the soil by spring rains. Any balanced commercial fertilizer is good.
Try better peas this year than you planted last year. Some of the new types are great improvements.
Get sweet pea seed going if you want to be sure of a crop. They won't do anything in hot weather.
The accessories ordered for the marriage of Fred Dibble and Violet McLeod of Hamtramck, Mich., included one half for ceremony, one-half mile of sausage, two orchestrans, two justices of the peace, 10 barrels of sauerkraut, and countless cases of ginger ale.

FORD RELIABILITY

THE FORD TUDOR SEDAN

Long, hard use shows the value of good materials and simplicity of design

EVERYWHERE you go you hear reports of the good performance and reliability of the Ford.

One owner writes—"The Ford Tudor Sedan I am driving has covered 59,300 miles through all kinds of weather. It is still giving perfect satisfaction."

Another owner describes a trip of 3217 miles in 95 hours over bad roads and through heavy rain and sleet in the mountains. "Throughout the entire trip," he writes, "the Ford performed excellently and no mechanical trouble of any kind was experienced. The shatter-proof glass undoubtedly saved us from serious injury when a prairie chicken struck the windshield while we were traveling at 65 miles an hour."

See the nearest dealer and have him give you a demonstration ride in the Ford. Then, from your own personal experience, you will know that it brings you everything you want or need in a motor car at an unusually low price.

LOW FORD PRICES

SENIOR PERSONALITIES

INA RILEY

Ina can be proud of her grades all during her high school career; especially is she outstanding in Home Economics.

PAULINE SANFORD

Of course you remember how well Pauline played in the Senior play. This is only one example of how well she does anything she undertakes.

GERTRUDE SHEPHARD

Although Gertrude has only been with us two years, we feel as if she has always belonged to our class. Her music demands the praise of all who hear her perform.

RUTH PRICE

Ruth possesses so many admirable qualities that it is hard to enumerate them. She is peppy, high spirited and takes a keen interest in anything she undertakes.

ADALINE SMITH

Adaline can surely type, she won third place in the county finals this year. She is quiet, meek and demure, but she is a staunch member of the class.

AGNES OAKLEY

This member is one that any class could be proud of on account of her charming personality. Agnes has won many friends in her four years at C. H. S.

After observing the personalities of each Senior it is not surprising that the class is so successful.

We icerely hope that the members of the Senior Class of 1931 will continue to be as successful in the future as they have been in their high school career.

SENIOR DAY

One more class of Clarendon Seniors passed a day including no classes nor worries—nothing but fun.

Early Friday morning the class met at the college building ready to go as far from town as the sponsors would permit. After continuous arguing and voting, Dripping Springs was our destination.

In spite of the mud and rough roads we arrived there in time to spend an hour or so of exploring and walking miles, while those loyal seniors who had unwillingly done the same thing the night before, rejoiced over a soft sand pile upon which the rest, something they hadn't done since about seven o'clock the previous night.

The committee had lunch ready by 12:30 and what a lunch! Two long tables were certainly crowded when all the exclamations had ceased and every one was seated and quite. Watching some drink that red soda pop from bottles was one perfect way of telling that they were no amateurs at this bottle drinking habit.

Mr. Burton will never know how much we appreciate his buying all that fruit, and I don't believe he could regret it after watching it being so readily devoured.

We will have to admit that we have one in our class who was continually making us want to scream, but even that could not have drowned out Lois's singing and speeches. This was the first time the whole class had been together and acted natural, we found out much about each one's amusing habits.

We started home about 3 o'clock an excepting at the Claude High School, everyone was content to be much quieter than they had been while going in the other direction. The roads were much better, and we arrived home in time to start planning for another three or four hours of amusement—Jean Bourland's party.

SENIORS HONORED WITH PARTY FRIDAY EVENING

In spite of the rainy evening, Friday, the seniors were delightfully entertained with a party given by Jean and Fred Bourland at the home of the former's parents, Mr. and Mrs. Frank Bourland.

The guests began to arrive about 7:30 o'clock. Bridge and dancing were the features of entertainment during the evening of merriment in which each was a merry-maker, and at a late hour lovely refreshments were served the following: Misses Carol Holder, Dorothy Jo Taylor, Pauline Sanford, Jonnie D. Latson, Pauline Shelton, Melba Del Warner, Lois Wallace, Lucille Andis; Messrs. Bill Wood, Jack Draffen, Silas Franklin, Bill Ward; classes sponsors, Miss Helen Beck and Mrs. Nathan Cox, and the hostess and host, Jean and Fred Bourland.

nedy, LaVerne McMurtry, Anna Moores Swift, Miss Sample. Reading: "The Highwayman", Noyes, Wilma Dee Smith.

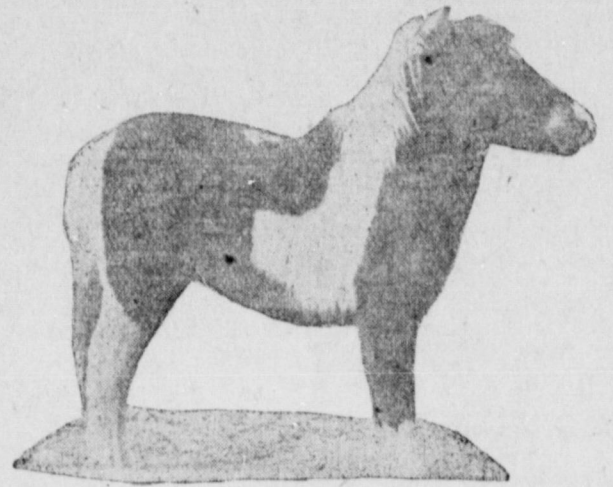

WHAT THE JUNIORS SAY

On Thursday night, April 16, the Junior and Freshman boys met at the old school building to guard the Junior flag, which was flying there. The Juniors had six other flags, which were located in different parts of town. While the boys were guarding the flag, the Senior and Sophomore boys attempted to take it; after hours of fight, they succeeded. Later the Juniors replaced their flag and painted the post with printer's ink. During the fight some Junior boys took a Senior flag off the water tower. Sometime later another flag was taken from the Bon Ton. The Junior girls went to town with a high ambition of winning over the Senior girls. The Juniors and Seniors were together until a walk was mentioned to the Junior girls. Then two Senior girls went from a Senior car to the Junior car, the fight started.

These two girls were later furnished by a whipping from the Senior girls, when taken to their opponents by some town boys. Later a car full of Junior girls took the Senior girls two by two for a ride and made them walk back.

Let Electric Refrigeration Decrease Your Food Bill

You kitchen magicians who can produce the most attractive and tasty of meals from a supply of "leftovers" will be doubly appreciative of the modern Electric Refrigerator.

Its dependable low temperatures will enable you to preserve those odds and ends, safely, over a longer period—serving them deliciously disguised as something different each time—and by thus eliminating all waste from spoilage, further satisfy your thrifty instinct by cutting an even larger amount from your food bill each month.

And you'll enjoy preparing the many delicious and inexpensive frozen desserts and salads you can make in the high-speed freezing compartment. In short, the Electric Refrigerator will soon become your indispensable working companion.

Your ability as a home-manager deserves the aid of this new Frigidaire, so let a trained representative explain and demonstrate its many superior features today.

LOCAL MEMBERS GOING TO PAMPA

Members of the Aubyn E. Clark Post of the American Legion were extended a special invitation to attend the unofficial convention of the eighteenth District at Pampa Saturday. Legionnaires Spicer, Woodward and Lawler of the Pampa post were here Monday evening and extended a special invitation to the local post to have a large representation of the meeting.

A number of the members pledged their interest in the meeting and a color guard and the colors will be carried to the meeting and will appear in the parade that will be started in Pampa at 6:00 o'clock on Saturday afternoon.

The Forty and Eight will have charge of the entertainment features for Saturday night, the Sunday being turned to the Legion for their own uses. Business sessions will start with the luncheon and will conclude late in the afternoon.

LIONS DELEGATION TO SHAMROCK GROUP MEET

C. L. Boykin, vice-president of the Clarendon Lions Club will head a delegation to the meeting Friday of Group No. 31, at Shamrock. Eight clubs compose the group and the program will be in charge of the Shamrock club for the luncheon at noon with the business meeting following under the leadership of Dr. W. A. Warner of Claude, the group chairman.

Six or eight members of the Clarendon Lions Club will attend.

SUNDAY SCHOOL PICNIC

The fourteen and fifteen year classes for boys in the Baptist Sunday school with their teachers, Messrs. Verna Lusk and T. L. Kimbriel, went on a picnic Friday evening. The rain might have bluffed some, but this outing had been worked for too earnestly to be postponed, so thirteen of the boys assembled ready to go. The picnic lunch as well as the frolic was enjoyed in "courses" between showers. All declared that the outing with its various experiences brought them closer together than weeks of other contacts had done.

Memphis Paper Quits Operation

Because there is an insufficient amount of business in Memphis for two newspapers, the Memphis News suspended publication with its issue of April 9. It is only in keeping with good business principles that we discontinued publication of the Memphis News," the publishers declared, "because we feel there is not enough business in Memphis to support two newspapers."

The News was established in November 28, 1929 by Fred Landers and Rece Pool. Thos. Durham was the first editor and was succeeded by King Stephens, Frank W. Wood and R. A. Franklin, in the order named.

Publishers of The News at the time of its suspension were Millard Humphrey and Meredith Gross.—Wellington Leader.

BAPTIST W. M. S. NOTES

The members of the Baptist W. M. S. met in circles Monday afternoon. The West Circle met at the home of Mrs. G. G. Kemp with seven present; the Rex Ray at the home of Mrs. W. C. Stewart, with Mrs. Frank Simmons and Mrs. Ralph Keys hostesses, with 17 present. The South and East Circles met at the church with 5 and 6 in attendance, respectively.

The places of meeting for the next Monday afternoon are the West Circle with Mrs. Cap Lane, the Rex Ray with Mrs. Allen Bryan, the South and East at the church.

Mr. and Mrs. Neil McKillop of Amarillo returned home after visiting several days in the home of Mr. and Mrs. Tom Mur-
