## PROGRESS WITHOUT AN ADDED CENT OF TAXATION

Donley County may soon have the opportunity of voting for the issuance of deferred warrants to the sum of twenty to thirty thousand dollars, payable out of the present road and bridge fund within four or five years, to buy right-of-way on Highway 5 through the county.

For this action and without the addition of a penny in taxes, the county will have all grading done and drainage structures built by the highway department who will spend from two hundred to three hundred thousand dollars on the project. There is the possibility that without another cent being expended by the county, that the highway will be paved by the department if not in the present year, certainly in the course of another year, and following the action of the next legislature which is certain to make a change in the system of financing state and federal highways, whether by allocation or certain gas tax funds, or by bonds to be retired through the gas tax.

There are few citizens in the county who do not favor good highways, there are few who do not recognize the need for employment for many of our people on some kind of public work, there are few who would not vote for the authorization of deferred county warrants in order to get these benefits in the ratio of ten to one or better, if the facts are truthfully and openly presented.

Donley may have real progress, and she may have it without a cent of extra taxation.

## GOVERNMENT ESTIMATES PROVE OUT

Here in the South, it has long been a favorite pastime to lambast the cotton crop estimates of the government, and nearly every year there are wholesale charges that the estimate is deliberately enlarged so that the price of cotton may be depressed.

In the final reports of the past year's crop, the government agencies for estimating the size of the crop have again been vindicated, and the heavy production of the last crop was actually a little more than the official forecast.

Our situation here in the South will never be improved until cotton is made our servant rather than the master of our economic system. There are two ways in which this may be remedied and only two ways: First, the federal government must pursue a course with European nations that will make cash customers of them rather than delinquent borrowers. Secondly, farmers of the South must reduce their cotton acreage, law or no law, while they are at the same time planting certain other feed crops to bring about a balanced system of production on the farm.

Cussing the government cotton estimates, proven uniformly correct for forty years, gets us no where, and the remedy lies mostly with ourselves. We can make our wishes known to our congressmen and senators. We can reduce our acreage.

## A RED HOT CITY ELECTION IN PROGRESS

With three avowed candidates for city commissioner, and two out for re-election, there is every reason to suspect that Clarendon is on the verge of the warmest city election she has ever known.

This means that our people should keep the real issue of the race in mind and pleasantly refuse to allow personalities to get into the campaign. Must now, it isn't a bad thing for this citizenship to enjoy the interest of a hard-fought city election, and real good should come from it.

It is also well to keep in mind that conditions make it easy for men to get wrought up over taxes. Our city officials have generally made improvements that the people have demanded and voted, and as much as we would like to see a reduction in taxes, there is little chance to realize it. Every voter has his rights and his preferences. Let's vote them openly and without malice and for the best interests of Clarendon.

## NOT MANY MORE MONTHS

We haven't many more months of waiting until business conditions here in the Southwest will begin to respond to the much improved national situation, and trade and commerce will begin to accelerate with us all.

It has been a long, hard, game of holding on, winners are to be those who have grimly stood the gaff with as many smiles as could be mustered, without repudiating a single obligation and with the maintenance of self-respect. There is no country in the world capable of making a "come back" as the Panhandle section, and it will prove it again before many moons.

## SHOOTING SQUARE IN TEXAS

"We hold no brief for Mr. Hoover. It is our sincere hope that he is defeated, world without end. But we have given currency to no slander upon him; we have contemned no outrageous attacks on his character; we condemn unreservedly the shameless liars who traduce his good name. We believe he is both an honest and an honorable man, filling the great office to which he was called to the best of his ability." —Caller-Times, Corpus Christi, Texas.

## JUST SOME OLD MAN

Who is dead?

Did you ever ask that question when you heard the tolling of the church bell?

And if you did, did you receive the answer: "Oh, it's some old man." Yes, just some old man. Even his face is no longer remembered.

His face may or may not have been familiar upon the streets of the town he inhabited.

He was just an old man. Ah, the irony of fate.

It is not long since the old man you bury today was young, ambitious, and just as handsome as you are.

He, too, then replying, "Oh, some old man." The same old query and the same old answer. Generation after generation it is "just some old man." Some day you too will be "some old man."

Just some old man. It does not seem possible does it?

It certainly can't be that you, the handsome, well dressed, perfectly groomed, smart, clever, cunning cock-of-the-walk will be "just some old man".

Well, we'll admit that it does not seem probable and that Providence should make an exception in your case.

But the exception won't be made. Nature is as exact as the multiplication table.

And Providence has pretty much gone out of the exception business. So you better make up your mind that some day you will be just some old man.

"Oh, it's so disagreeable."

Yes, we know but we can't change it.

So when when you hear the church bells tolling and you ask: "Who is it?" and the answer comes back "some old man" just say to yourself: "There's my funeral if I live a few years more."

Yes, there it goes. See how they hurry!

They want to get the old man stored away as quickly as possible, that they may go back to their business and their pleasure.

The casket is lowered. The minister says "Dust to dust". It's all over and the crowd scrambles home again.

"Whom were they burying today?" you ask, as you see the empty hearse return.

"Oh, some old man."

When you hear that just say to yourself, "some day I'll be that 'Some old man'."

Yes, in spite of all the fuss and all the feathers, you will be just some old man.—Gunnar Bjornson in Minnesota, Minnesota, Mascot.

## JOHN GARNER, THE PATRIOT

In discussion of the much mooted sales tax levy in congress this week, Speaker John Garner, declared that there wasn't a single life-long economic belief he wasn't ready to compromise or surrender, if the welfare of the nation could be served thereby, and there spoke the patriot.

John Garner of Texas is making history at Washington, and if the Roosevelt-Smith row still continues, he is certain to be the nominee of the National Democratic Convention at Chicago, this summer.

Garner would be a great president.

## Correct Lighting Will Save Your Eyes and Add to Your Enjoyment

THERE'S nothing quite so cozy—these long winter evenings—as a good book, a restful chair, comfortable slippers and the old briar pipe. The finishing touch, to make the evening at home a rare treat and to add to the enjoyment of your reading, is good light.

Good lighting, more than anything else, will make your reading a genuine pleasure. The print will stand out plainly and your eyes will follow the text untiringly. This absence of strain will double your enjoyment.

Lighting fixtures combining beauty and efficiency are so inexpensive—and the cost of adequate light so insignificant—that truly it's wise economy to use plenty of light. A courteous representative will be happy to inspect your home-lighting arrangements, and suggest beneficial changes if they're necessary. There's no obligation, of course.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

**PANHANDLE - WIDE RALLY  
TODAY AND TOMORROW  
WITH NOTED SPEAKERS**

Speakers of prominence in many fields will appear at the prohibition meetings in Amarillo, March 24th and 25th under the auspices of the Allied Campaigners, and many from this and other nearby communities are planning to attend.

Residents of all the neighboring cities have been asked to take part in the meetings. The Campaigners will enroll the names of persons supporting the 18th amendment and present a plan for the formation of local units of Allied Citizens to continue this work here as well as in other communities.

The Allied Campaigners, led by Dr. Daniel A. Poling, are making a nation-wide tour, embracing more than 500 cities, to develop support for the 18th amendment.

Dr. Poling is a world-famous leader of young people. He had a life pastorate in a fashionable New York church, with a fancy salary, but gave it up and now devotes most of his time to young people.

Four million members of the Christian Endeavor Societies throughout the world look to him for leadership. He is president both of the International Society of Christian Endeavor and the World's Christian Endeavor Union. He is editor of the Christian Herald and conducts a Sunday afternoon broadcast which brings more than 70,000 letters a year from young people seeking his counsel.

Colonel Raymond Robins is another of the noted speakers making the tour. Robins fought his way over the snows in the Klondike and dug up enough gold to make himself independent. For thirty years he has worked for others, usually without any compensation, and has been a leading factor in many movements of progress.

The other speakers include Oliver W. Stewart, vice-chairman of the Allied Forces, Dr. Ira Landrith, chairman of the National Temperance Council; Miss Norma C. Brown, secretary of the Allied Forces, and Robert C. Ropp, chairman of Allied Youth.

Colonel Robins, Miss Brown and Mr. Ropp will speak on the first day. Dr. Landrith will talk at an afternoon session on the second day, and Dr. Poling and Mr. Stewart at the night meeting on the second day.

"Shall we turn on the hose?" asked his second in command.

"Not just yet, I think," the superintendent replied. "Better let it burn up a little, then we shall see what we are doing."—The Kablegram.

# Tennis Club To Be Organized Here If Players Are Interested

## CLAY COURT MAY BE BUILT HERE

MAKE YOUR IDEAS KNOWN BY INDICATING "YES" OR "NO" TO PROJECT

Tennis players, now is the time for action. Do you want a good tennis court or courts, or will you be satisfied to wait throughout the summer for a chance to play on the really unplayable courts now existing in the city? Several of the more interested players have hit upon the plan of organizing a tennis club in the city and building one good court, at least, and others if the interest justifies.

Of course nothing can be done without the co-operation of all the tennis players of the city or at least a goodly part of them and there must be some way of knowing whether such an idea strikes a receptive chord in the hearts of the local players. If you are interested and want to see something like this put over in Clarendon which will furnish you with many and many a happy hour come into The News office sometime before next Tuesday night and place your name on the prospective membership list for the club. This is imperative because this is the only means the instigators of the plan have of knowing whether to proceed with plans of organization and later construction of the courts.

The deadline is placed on Tuesday for your decision because plans must be announced for the organization of the club or abandonment of the project in next week's issue of The News. The issue is now squarely up to the tennis lovers of the city and if you wish decent courts to play on here is your chance to get them.

Wellington has just organized its fine club for the spring and summer campaign and is making plans for a series of inter-city tennis matches. They boast of a number of splendid players and their consistent play last summer in inter-city play upheld their claim very satisfactorily. Clarendon has equally good players and should the club here become a reality inter-city matches will be scheduled with other Panhandle clubs throughout the summer.

It is the plan of the local organizers to have tournaments at frequent intervals throughout the summer if the club becomes a reality. Anyway, tennis players, come in and let's see just how interested you are in the organization of a club and the building of one or several good tennis courts. Do you want it? You can do a lot by dropping into The News office and saying so.

### ASSOCIATE HUSBANDMAN EXAMINATION OPEN

The United States Civil Service Commission has announced that until April 12 applications will be accepted for the position of Associate Dairy Husbandman in the Bureau of Dairy Industry, Department of Agriculture, for duty at Lewisburg, Tenn.

The entrance salary will be between \$3,200 and \$3,800 a year. Full information may be obtained from Norma Rhodes, Secretary of the United States Civil Service Board of Examiners at the postoffice.

**FAMED JOCKEY WEDS:** Earl Sande (above), with his bride, Mrs. Marian Adele Kummer, are seen shortly after the ceremony. Mrs. Sande's late husband, Clarence Kummer, who died in 1929, was also a noted jockey and one of Sande's best friends.

Spring didn't last long. It crept in officially Sunday on the waves of an 82 degree summer day, but was blown out less than 24 hours later on the wings of a cold sandstorm which also included a sprinkling of snow. And another thing, there isn't any percentage in this sandstorm business we have been enjoying for the past week or two. Just about the time we get all the sand and dust blown down to Brice those people get aggravated and the next thing we know here it comes right back again with a lot of that Hall County dirt thrown in for good measure. Those Jericho folks feel they are being abused and second or third thing we know here comes that poor worn out sand back across Clarendon.

When you Jericho and Brice folks get tired playing ante-over with your sandstorms us folks in Clarendon'll take a bath and clean-up. Until then we're just going to sit down and cuss a little and think bad things about you a day at a time. We would like for you to have a truce Friday and Saturday for the county meet, how about it?

This is our season of birthdays. Last Thursday was this writer's natal day so we celebrated by getting out another edition of The Christian Weekly.

Today is the first anniversary of SPORTS SLANTS. We hope at least some of you have enjoyed our efforts to give you the low down on the various sport situations, and have been a bit more eager each week to receive The News. We have tried to create a more intimate friendship between the people of the rural communities, people of the rural communities with the citizens of the town and to bring to every one a greater appreciation of clean competitive sport. We have enjoyed writing for the readers of The News and have enjoyed the kidding received when our well founded predictions went "haywire". There is a fine bunch of folks in Donley County and we believe they are the best sports to be found anywhere.

For fifty-three weeks SPORT SLANTS has been a regular feature coming into your homes for your enjoyment, and if you have read it that makes us happy, and we will continue to bring you something each week concerning the things in the sports world which interest you. If we have slighted any one or any school in the county it has been done unknowingly and will be corrected if called to the attention of the writer.

Like every one, we like to know what folks think of the things we do and whether or not they like our efforts, so we will be mighty glad to hear from our readers. Or if you have a sporting event you wish published, we will be mighty glad to publish your letter concerning the details of the same.

We have enjoyed the past year and here's hoping we meet new friends during the year to come. Success and prosperity is our wish for each of you in the next 52 weeks.

Was up to the College Park last Friday where the Bronchos were finishing about their duties as tracksters in preparation for the Centre Meet tomorrow and Saturday. Through the courtesy of Captain Fred Reid and manager

Lloyd Benson the writer received the low down on the prospects for the coming meets.

The locals expect to be exceptionally strong in the dashes and the hurdle races. There is a plentiful supply of skinned knees and sore muscles at the present time, but these are coming along nicely and there will be plenty of speed awaiting the invading county athletes.

Among those showing best in the hurdles are Loyd Martin, Hubert Reavis, and the Hudson brothers, while the dashes feature Captain Reid, Carroll Hudson, Hubert Reavis and Holtzclaw. The high jump is being taken care of by Martin and Linders. Holtzclaw is running a fast time in the half mile with John McMahan, Martin and Snooks Andis doing their bit in the discus and javelin. A wealth of new material has reported this year and the future track teams seem assured of plenty of strength if the lads keep working as they have in the first few weeks.

Coach Frank Stocking is enthusiastic over the possibilities of a tennis club and believes that enough interested players and would-be players will become members that will justify building at least one and perhaps several first class courts. As this seems to be the general opinion with quite a few I have talked to we are going to put the plan to a test and see just what the real opinion of the majority of the tennis lovers is.

There doesn't seem to be much chance of getting the city to provide the proper recreational facilities for the young men and women of the town, and there's nothing left for us to do but to take the reins in our hands and do the thing Clarendon should have done a number of years ago. I dare say there isn't another town the size of Clarendon in West Texas that hasn't provided some form of recreational activities for its young citizens and especially has several good tennis

courts for their use. Of course Clarendon is a splendid city in a great community but there is within its boundaries a self-centered group of persons who tend to trod out any movement which might be undertaken to make Clarendon a better town and a bit more progressive. In spite of these however, things will be accomplished and a united effort on the part of the tennis players of the city will bring about one achievement which will be of more benefit to the community than can well be explained at this time.

If you are interested please drop into The News office in the next three or four days and add your name to the list who can be counted upon to form the nucleus of the proposed tennis club. Just saying you are in favor of the movement won't help a bit, come in and leave your name and then watch for the next announcement in next week's issue of The News. Perhaps there will be some good news if you all are as interested as you seem to be over this great game. See the full announcement on another part of this page.

By-the-way, The News will sponsor a city-wide tennis tourney later in the summer if the interest is enough to warrant such a move. This will help add interest to the game so let's hear from you. All right, who'll be first?

### FOOTBALL FIELD TO BE GRASSED FOR NEXT YEAR

The gridiron of the College Park, home of the Clarendon Bronchos, champions of Districts One and Two, has undergone a major face lifting operation in the past week or two in preparation for a thick and luxurious growth of bermuda grass this summer. This, providing the fertilizer overcomes the poor soil, will mean that no more will the Broncho teams of the future suffer from the painful cuts and bruises received from the sharp stones and experience slow suffocation from the ankle deep powdered dust.

To insure the Maroon and White horses a greener pasture during the 1932 football campaign some four hundred pounds of sod and a large quantity of grass seed will be placed on the field in the near future. The gridiron has been prepared to receive its new green cloak and is just awaiting a fine soaking and softening rain before enjoying its green coverlet.

### FLAG TOURNEY SUNDAY TO OPEN GOLF SEASON

Since the opening of Spring has been officially authorized it is only fitting that the new season should be formally celebrated on the local golf course. With this in mind the Hillcroft Golf Club officials have announced a "flag tournament" this Sunday afternoon on the local course beginning about 1:30 p. m. This will mark the first intra-club match and will fore-run the usual inter-city matches with other golf clubs throughout this section.

Handicaps for the "flag" event will be determined by what the players were listed with last season. Considerable interest is being shown by the players and a full turn-out of golfers is expected Sunday afternoon.

### CHEVROLET STARTS BIG SERVICE CAMPAIGN

DETROIT, MICHIGAN, March 23.—A special service campaign of interest to the more than 4,000,000 Chevrolet owners in the United States is to be launched on a national scale by Chevrolet dealers beginning March 28, M. D. Douglas, General Parts and Service Manager of the Chevrolet Motor Company, announced here today.

Designed to improve the operation and appearance of cars now

in owners' hands, the campaign will have the further effect of adding to the safety of the highways by insuring against any possible mechanical defects in those cars serviced during the campaign, Mr. Douglas pointed out.

Some vital operation, ranging from break adjustments to wheel alignment and complete tightening of every part of the chassis, is to be offered by the dealers at sizable reductions for the flat rate charge, for a period of one week only during the campaign. Ten such featured services, all having to do with appearance and performance, are in the campaign, which extends over a period of ten weeks.

#### THE CLARENDON NEWS TO AMARILLO, APRIL 16TH

### AMARILLO, March 21

From Stone, for years one of the most brilliant of musical comedy stars, is bringing his brand new show, "Smiling Faces," to Amarillo for matinee and night performances on Saturday, April 16.

This announcement was made yesterday by Wilbur C. Hawk, who booked the attraction. "Smiling Faces" is touring under the direction of the Messrs. Shubert.

Stone is noted for his insistence that not a single line go into any of his shows that is in the least "shady" or risque. He is devoutly religious, and even base New York respects him for a first class performer who can pack his houses without offering anything smutty.

Tickets may be reserved by writing to Mr. Hawk, care of the News-Globe, enclosing stamped envelope with remittance. Prices are \$1.00, \$1.50, \$2.50 and \$3.00.

A cleverly planned outing of Tuesday was that of the Sunday School Class taught by Mr. G. L. Boykin of the Methodist church with Mr. R. H. Carver acting as chaperone on this occasion.

Alighting at the designated place, Gunboat Mountain, the party found that others had preceded them and left word that they should follow and would find them at the end of the trail, this trail being made of corn seed. This seemed quite a lark to these young people but further and further the trail became so dim it was lost entirely then after much difficulty it would be taken up again. After walking several miles they at last found camp, a beautiful ravine with a cheery bon-fire lighting up the deep recesses in welcome to these tattered, torn and weary wayfarers. Most welcome of all was the pleasing odor escaping from pots and skillets on the fire. Soon the call "All is ready" was made and things disappeared as if by magic. Magic also brought to light an angel-food-cake which had disappeared earlier in the evening but for a' that it vanished again.

The departure for home was made in the early evening when all was aglow with beautiful moonlight.

WHAT WOULD HAPPEN IF—

Virginia Harris failed to get a letter.  
 Lenora Clemmons should see Loyd come back to school.  
 Irene Rhodes should ever comb her hair.  
 Dorothy Dilli should get her feet tangled up in her mouth while practicing on fingerprints.  
 Lucille Walling should have to go to the black board without Odell.  
 Julia Earthman could pass through Mrs. Gatewoods room without glancing over at the sixth grade boys.  
 Louise Seago didn't get over two demerits a day for talking to Granville.  
 Valma could keep her eyes off of Mr. Gatewood's belt.  
 Minnie Gollhne could keep Volley Ball off her mind.  
 Ailene Rhodes should not get to hug Louise every time they meet.  
 Laverne Risley should have to be still for one minute.  
 Vodie Clemmons couldn't wink at Louise every time he turned around.  
 Grandville should have to wait until school is out to ask Lenora for a date.  
 J. D. Hendricks couldn't give excuses to get to talk to Ailene.  
 Carl couldn't write a note every one in a while.

The Junior Girls Play Ground Ball Team

Our Junior Girls are practicing on a ball team and from the looks of the players and prospects of their practicing we are going to have a winning team.  The Senior girls including Louise Seago, Ailene Rhodes, Vera Morgan and Juanita Walling are getting up a real volley ball team.

Our Junior Arithmetic team is progressing nicely, it seems as if the race stands between Raymond Clemmons, Louise Seago, Mary Earthman, Q. B. Clemmons J. D. Hohn and Geraldine Hall as there are a lot of tryouts.

Our spelling teams are taking interest in those spelling books and learning those words, Louise Seago, Julia and Mary Earthman, and Vera Mae Allee are taking Junior spelling, Lenora Clemmons and Dorothy Dilli are taking Senior spelling. We have some sub-Junior spellers also.  
 We have Senior Boys, Senior Girls, Sub-Junior Boys and Girls who are getting good coaching for Declamations.

**OIL LINE Broken...**

He Drove His Loaded Truck 45 miles with a DRY CRANKCASE

When Jack Edmondson halted his 2 1/2-ton Chevrolet truck in a Conoco station in Des Moines, New Mexico, the attendant discovered a broken oil line and an empty crankcase!

But inspection of the motor revealed that no damage had been done!

When Edmondson returned home, he discovered, from oil spilled on the road, that he had driven about 45 miles after the oil line broke on the "Hidden Quart" of Conoco Germ Processed Oil.

You may never break your oil line and drive with an empty crankcase. But remember that if you use oils not Germ Processed, which drain away during idle periods, you are running your motor under "dry crankcase" conditions every time you start. Only Germ Processed Oil actually penetrates and combines with metal surfaces. And only Germ Processed Oil gives you the protection of a "Hidden Quart" that stays up in your motor and never drains away.

The "Hidden Quart" cuts down starting wear, saves gas and gives your motor longer life, with fewer repair bills. It assures safe lubrication at all times.

Change to Conoco Germ Processed Oil at the sign of Conoco Red Triangle.

We neither encourage "dry crankcase" experiments nor guarantee success under all conditions. But unsolicited letters from motorists, now in our files, tell of this and hundreds of other runs with empty crankcases but without damage.

may vote on the matter if they so desire.

Although the court was urged to order the election at once so that the matter might be speedily settled, there was no action taken by the body, there being personal expressions of a desire to wait for a petition from the citizenship, before official action was taken.

Farmers from over the county, business and professional men, are considering the plan of securing the required signatures praying for the election on the issuance of the warrants for the purpose of securing right-of-way on the survey adopted, with the understanding that there is to be no increase in taxation for the purpose specified.

This offer of the highway department is a renewal of a similar plan submitted about two years ago, and which was subsequently withdrawn on account of delays, with the exception of the section from Hedley to the Hall County line, where the county had contracted for right-of-way from land owners.

Reports from Lelia Lake indicate a wide-spread interest in the new offer and here in Clarendon there is more approval than has ever been known before, with many former opponents of the highway work now openly for proposal. It is said that there is some violent opposition at Hedley, based on the feeling that the route should come through that city on the North side of the tracks.

than has ever been accomplished before when a salaried teacher had charge of the public school music in the city schools. Certainly the operetta was the best of its kind ever to be presented here by youngsters of that age, and Miss Martin is due all the credit possible to give her, in this her work of love for the children and music. Of course, with this tribute to Miss Martin, must go an equal measure to Miss Fray Stallings, the accompanist for the operetta and the club, who has likewise worked faithfully and without pay, for the success of the organization and its projects. It is service such as these two young women have been rendering this community that makes Clarendon the wonderful home town it is.

**MRS. MATTIE DALE WAS LAID TO REST SATURDAY**

Donley citizens were grieved Friday with the passing of Mrs. Mattie Dale, long time resident of the Brice and Goldston communities. Mrs. Dale was born at Salina, Tennessee, April 13, 1871. She married J. R. Dale March 13, 1891 and to this happy union there was born three daughters, Mrs. Major Hudson of Clarendon, Mrs. Jeff Aduddell and Mrs. Nina Cross of Brice, and one son, Sam Dale of Goldston. Besides these she leaves to mourn her death a sister, Mrs. Jim Eldridge of Clarendon and nine grandchildren.

Mrs. Dale united with the First Christian Church at the early age of 12 years and since that time has lived a beautiful and devoted christian life, never a day passing but she read her Bible and lived to serve her Master best.

Funeral services were held at the First Christian Church here Saturday afternoon with Rev. Morgan, pastor of the Memphis church conducting the last rites. Interment was made in the Citizens Cemetery.

**LIONS ENJOY MUSICAL PROGRAM**

**ROAD SITUATION IS EXPLAINED TO MEMBERSHIP TUESDAY NOON**

Miss Christine Sroder, music teacher in the Clarendon Public Schools, was the guest entertainer Tuesday noon to the Clarendon Lions Club and won the hearts of the entire membership with her splendid rendition of two beautiful and difficult piano solos. The remainder of the time was taken up with various and sundry discussions and reports of committees.

Lion Douglas gave a statement of the final figures pertaining to the "Scandals" and stated that every one was well pleased with the outcome of the show in Clarendon.

The case of the crippled child was reported upon by the committee and plans are being made to take the child to Amarillo for the necessary operation.

Lion Odos Caraway appraised the members of the death of Claude McAllister of Oklahoma, a former resident of Clarendon and an ex-Lion. A letter of condolence was instructed sent to the bereaved family.

Boss Lion Boykin read a letter from the Pampa Lions Club stating that they had selected a candidate for the office of District Governor and asked the support of the local club in placing him in office. The Lions were also asked to supply several members to act as judges Wednesday afternoon at the declamation contest at McLean.

Chairman of the day's program committee, Lion A. L. Chase, then gave an interesting table of facts which proved without a doubt the high cost of unimproved highways. The speaker had just returned from an extended trip over which half the distance was made on dirt road and half made upon hard surfaced highways. Figures gave exact mileage, gasoline consumption and driving time given and comparison made. Following this Lion Chase introduced Lion Sam M. Braswell who presented the problem of the road situation now facing Donley County. Taking the history of the road from the beginning it was traced to the

**A. L. CHASE OUT FOR RE-ELECTION**

The News is authorized to announce the name of A. L. Chase, who is out for re-election as city commissioner in the city election of April 5th.

Mr. Chase has served the city in a most effective way during its rehabilitation of the water system, and the present high standard of the city water system is due mainly to his close personal supervision. He has effected many economies in departments under his charge and the office routine under his direction is counted a model for others to copy, several nearby cities having secured his services and advice in solving their water and sewage problems.

Mr. Chase feels that he has made a fair record in office, and without promising any miracles, says he will continue his efforts to give Clarendon an efficient city government at low cost, if he is re-elected. He solicits your votes and influence.

Mrs. Edgar May of Wellington visited her son, Berrell May of the Jinney Jungle Store here Wednesday.

**WINNING DECLAIMERS ARE HEARD AT ROTARY CLUB FRIDAY NOON**

A very enjoyable and constructive luncheon was enjoyed by the Rotary Club at its regular meeting Friday noon at the Clarendon Hotel. Following the luncheon the club voted to donate the prize for the best essay submitted in the Washington Essay Contest in connection with the County Interscholastic League Meet being staged here tomorrow and Saturday.

The secretary was instructed to send an invitation to the Pampa Rotary Club inviting them to be present in Clarendon on Friday, April 1st, and present the program on that date.

The high spot in the entertainment of the day was the appearance of the two young ladies who will represent Clarendon in the senior and junior declamation contest in the County Interscholastic League literary events this week end. Miss Mary Travis Dyer, senior declaimer, and Miss Eugenia Noland, junior declaimer, delivered their declamations to the entire satisfaction of the Rotary group.
