## TERRACING SCHOOL FRIDAY, SATURDAY

### DENVER ROAD TO HOLD SCHOOL AND DEMON- STRATION HERE

Working jointly, the County Agent and the Federal Land Bank of Houston and the Fort Worth and Denver City Railway Company are starting a soil conservation and terracing school here Friday evening and Saturday of this week.

The school will open Friday evening in the American Legion Hall, where slides and pictures will be shown, giving graphic illustration to the soil conservation measures that have been found to be most practical in other places. In this program will be found Mr. R. Bentley of the Extension Department of A. & M. College, an Agricultural Engineer of wide experience; A. K. (Dad) Short of the Federal Land Bank of Houston, Texas; and M. B. Oates, Agricultural Agent of the Fort Worth and Denver railroad. In addition, Mr. T. R. Brown, County Agent will be on the ground to offer suggestions that are applicable to Donley County.

On Saturday, a demonstration of laying terrace lines and the actual construction of the terraces will be held on the Rolle Brumley farm just north of this city, beginning at 10:00 o'clock. At this time the lines will be run and the terraces will be constructed with actual working conditions in the field. The public is extended an invitation to attend any or all of these meetings and take part in any of the exercises of the two days work.

### PLANS FOR INTERSCHOL- LASTIC MEET COMPLETE

Plans for the largest and most successful County Interscholastic League Meet are almost completed for the events to be held in Clarendon on Friday and Saturday, March 27 and 28. The schedule of the events was published in the last issue of The Clarendon News, and if any of our readers that they read it, so they will know at what place and time their events will be held. The meet this year will be entirely free from all expense, as the Clarendon Chamber of Commerce have taken over the burden of backing the meet financially.

Local athletic officials are busily engaged in conditioning the new athletic park for the coming events, and it is expected that by the time the events are called the track and other facilities will be in perfect condition. With this in view, it is further expected to see several county records shattered by this years crop of speedsters and field men. Further announcements will be found in next week's issue of The News.

### COURTESY FILLING STATION ROBBERED LATE WEDNESDAY

Gaining entrance to the interior of the Courtesy Filling Station, corner Front and Kearney Streets, through a window in the rear of the place of business; robbers looted the station operated by Harlen B. Naylor of Money amounting to a little more than \$15. The thieves cut through the window screen and pried the nailed window loose. It is thought that some one very familiar with the Station and the habits of the management committed the burglary, as the money was not in the cash drawer, but was hidden in an inconspicuous place. The cash register nor any other of the contents of the station was bothered, and no tools were stolen. It is likely that finger experts will be called into service in an effort to apprehend the party or parties committing the act.

### Hike in Market Slows Egg Depot

Eggs bringing double what they had been for many weeks did two things the past week—it brought joy to the producers of the barn-yard product, and it slowed down the receipts at the Free depot to a marked degree. With eggs worth sixteen to eighteen cents per dozen just a few less than eleven dozen were checked in at The News office up until Wednesday night.

Total Eggs Received—153 Doz.  
H. J. Edington—1 Doz.  
Edwin Baley—4 1/2 Doz.  
J. M. Acord—3 Doz.  
E. V. Quattbaum—2 1/2 Doz.  
Total—163 1/2 Doz.  
Total Distributed—147 Doz.  
Distributed this week—10 Doz.  
Total—157 Doz.  
Balance on hand—6 1/2 Doz.  
It may be that further advance in the egg market will practically eliminate the donation and distribution of eggs but so long as they are brought in The News will be happy to continue the handling.

## Les Beaux Arts Plant Exchange Is Saturday

The Les Beaux Arts Club Annual Plant Exchange will be held this Saturday at the Club Rooms in the City Hall Building. The exchange will be held in an all-day affair and every one interested in the movement is requested to bring the plants which they wish to exchange for other types to the rooms anytime Saturday where it will be distributed. If convenient it is hoped the plants will be left sometime Saturday morning so the exchanges can be carried on throughout the entire day. Any kind of plants and flowers are wanted by the Les Beaux Arts Club women in charge and if any of The News readers have such plants in large quantities it is hoped they will exchange them for other species which they haven't in their yards and gardens at the present time.

### TRAFFIC SIGNS INSTALLED AT SOUTH END OF KEARNEY

Two new stop signs were put in place by the city officials Wednesday morning of this week at the intersection of Third and Kearney, south of the Clarendon Hotel. One traffic sign was placed on each of the east and west entrances to Kearney street, and each sign bears the word "Stop". According to advice from the city officials, these traffic regulations will be rigidly enforced with a penalty being assessed to any offender who does not heed the command indicated thereon.

The intersection has long been one of the danger spots of the city and with the new signs it is expected that there will be fewer narrow escapes and actual accidents in the city than has been enjoyed in the past. The crossing has long been a dangerous point since it is there all school children must cross when coming to the business district and up to this time there has been no precaution whatever made for their safety.

Roy L. Clayton and Miss Eula Haley have been in Fort Worth this week attending the meetings of the Texas I. O. O. F. Lodge convalesce. They represented the local orders of the Odd Fellows and Rebekah lodges. Mrs. Clayton and daughter visited relatives during the session of the lodge.

Mrs. Robert E. Koerner spent the week end in Clarendon visiting her parents Mr. and Mrs. W. C. Stewart.

Mrs. Frank Simmons, Mrs. V. J. Boston and Mr. Bill Bromley visited Mrs. J. R. Boston and Mrs. Robert Koerner in Pampa Friday.

## LEGION PLAY TO BE HILARIOUS

### PRE HEARINGS INDICATE THAT PRODUCTION WILL BE KNOCK-OUT

"The Backwoods School in '49" is promising to be one of the biggest screams that has ever hit the city of Clarendon. Further than that, some of the residents of Clarendon may be taken rather far back in their memories by the picture presented of the school room when the play is given.

The play is to be given in one act, with a short intermission to show the passage of some months of time. The usual collection of school children are to be presented in the play. The star scholar, the usual mischievous urchin and the little girl who gets "hurt" are all in the cast. Each of these are played by a member of the Legion. No woman is in the cast.

The play will be held in the Colege auditorium and will start at 7:30 Friday evening. Admission prices remain as they were stated last week. A minimum of 1 pound and non perishable food for a child and a minimum of two pounds for an adult.

For those who wish to pay their way with cash, there will be a contribution box. The others will deposit their groceries and pass in to be entertained. The members of the cast are especially asking that the ripe tomatoes and eggs be left on the outside. They are not so particular about brickbats, as they may be seen and dodged.

Pre show reports indicate that some are already purchasing their groceries and are leaving them to be delivered. These folk are unable to attend the show and will not be able to make the delivery personally. It is reported that one man purchased 290 pounds of groceries to be used as his share. These indications point to a record at the box office and the producers are feeling that they will be well repaid for the efforts put forth to put the play over in grand style.

## DISTRICT COURT TO OPEN MONDAY

### MARCH TERM HAS LIGHT DOCKET, NO PETIT JURY FIRST WEEK

The March term of District Court for Donley County will open for business Monday of next week with one of the lightest dockets seen here for a number of years. The first item to be called to the attention of the court will be the impounding of the Grand Jury and the turning of their attention to the infractions that have been seen here in the past few months. The Grand Jury was listed some weeks past and is again carried here. The list:

Edwin Baley, M. M. Noble, W. L. Rains, D. W. Turner, Walter Clifford, W. A. Hoover, Arthur Ransom, Frank Hermesmeier, W. M. Pickering, Walter Goldston, R. W. Moore, Homer Fortenberry, Claude Nash, J. C. Christal, J. T. L. Warner, H. C. Kerbow.

Due to the fact that little or no cases will be on hand for the first week, no petit jury has been selected for this time. The jury for the second week was published in the last issue of the News and the list for the third week is carried herewith.

The following list will be called into service at 10:00 o'clock on the morning of April 6th.

J. H. Helton, S. G. Evans, J. W. Taylor, W. B. Holtzclaw, S. A. Landrum, C. A. Hicks, J. D. Wood, W. O. Hommel, A. M. Lanham, E. M. Christie, A. E. Tidrow, B. F. Meadors, Bill Bromley, C. A. Reed, C. W. Bar, B. E. Randall, Claude Morgan, J. T. Grimaley, H. R. King, A. C. Hartzog, J. B. Reynolds, Herman Hunt, Jimmie Chilton, O. D. Meador, John Goldston, J. M. Gordon, J. S. Harlin, Jim Bible, J. B. Pickett, J. Heister, Gibb Williams, N. L. Jones, Walter Marrow, T. E. Naylor, Lee Morrison, P. A. Johnson.

## Junk Car Race Will Feature 4th Program

A new event was added to the July 4th celebration at the last meeting of the committee in charge when a junk car race was put on the program. Carl Parsons was put in charge of the event and all persons interested in this even should see him for information. No car not a stock car and no car over \$25.00 in value will be allowed in the race. Preliminaries will be run the first day of the celebration and finals on Saturday the 4th. A premium of \$25.00 was put up to be awarded the winners in this event. All those interested in this event should see Carl Parsons at once in regards to entering. An entry fee of \$2.00 will be charged each participant. Any resident of Donley county or the community of Brice is eligible to enter.

\$50.00 in cash was put up for the winning county ball team including the community of Brice. All communities having ball teams should get in touch with E. E. Kilgough at once in regard to entering this event. The best three teams in the county will be selected to play for the championship and the \$50.00 in cash. O. F. Harvey was selected by the committee to be in charge of rounds and policing during the event.

### LOCAL POST OFFICE GETS COAT OF PAINT-KALSOMINE

Signs of spring have made its appearance in the business section of the city the fore part of the week with the post office receiving its pre-Easter creation in the form of a new coat of paint on the woodwork and a new coat of kalsomine on the interior walls. The fresh white and maroon paint enhances the appearance of the entrance to the building, with the yellow and cream combination of the interior completing the spring dress.

## City Office To Place Workers

To act as a clearing house between those of the city who may need help in the spring cleaning odd jobs that may arise, the City around their homes and in other of Clarendon will use its office in the City Hall for this purpose. Mayor H. W. Taylor has asked the News to announce that persons desiring workers may call the City Hall and secure those at a minimum of effort on the part of those needing the workers. To make this complete, the City is keeping a list of those who desire work, and are enabled to get in touch with them at a moment's notice. This effort on the part of the City is another instance of the work being done by them to aid the needy of the city by keeping them employed wherever possible.

## CITY TO BE HOST TO PRESBYTERIANS

### DALLAS PRESBYTERIAL WILL CONVENE HERE MARCH 24 TO 26TH

The city of Clarendon will join the congregation of the First Presbyterian Church on Tuesday, March 24th, in welcoming the delegates from fifty counties of New Mexico and Texas to the meeting of the Dallas Presbyterial which will hold sessions until Thursday, 26th. Something like one hundred and fifty members of the Woman's Auxiliary of the church are expected in attendance throughout the sessions of the Presbytery. Authorities of the local Presbyterian church state that plans are almost complete for the success of the meeting, and have extended through the columns of The News a most cordial invitation to the congregations of the various churches of the city to attend and enjoy the evening services.

The most outstanding speaker of the meet is Dr. Wm. F. Junker, missionary, lately returned from the mission fields of China. Dr. Junker will no doubt bring to the audience on Wednesday evening a most unusual and interesting message. The whole program will be found in detail below:

## CREDIT MEN TO MEET MONTHLY

### FIRST MEETING IS GREAT SUCCESS WITH MUCH INTEREST SHOWN

The largest meeting ever held by the Retail Credit Men's Association of this city was held Tuesday evening of this week in the Antro Hotel, where a luncheon had been prepared for the members and other visiting business men who cared to attend. A total attendance of 44 was reported after the meeting, this being said to be the largest affair of this nature that has ever been held since the organization of the body some six years ago.

The speaker of the evening was Dr. W. C. Dickey of Memphis, President of the Hall County National Bank and also head of the Hall County Retail Men's Association. His address was most enjoyed by the entire gathering, he pointed out the need for an organization of this nature and showing the benefits to be derived from an active association.

Following this, J. Henry Reed, Secretary of the Memphis Chamber of Commerce and the Credit Association for the same city, addressed the gathering and urged full co-operation with the association to gain the most from the body.

President Rathjen had charge of the program for the evening, giving many of the Clarendon members an opportunity to speak to the occasion. In the list of those speaking will be found C. J. Douglas, O. C. Watson, A. L. Chase, T. D. Nored, Odos Caraway, and C. C. Powell, the Secretary of the Clarendon association. After the discussion, decision was reached to hold these meetings once each month. The third Tuesday night in each month was named as the date, with the place to be set by the governing board of the organization.

## Leaders Named For Camp Fire Work

The Camp Fire organization of the city of Clarendon has recently named its corps of instructors for the coming few months. The persons named will also examine the members of all troops who apply to them for an increase in rank or for entrance into the organization. The list of examiners follows:

For Woodgatherers Rank Examinations—Mrs. Odos Caraway.  
For Fire Maker's Rank Examinations—Miss Howren.  
For Torch Bearer's Rank—Mrs. C. C. Powell.  
For Honors in Seven Crafts  
Home Craft—Mrs. John Bass.  
Camp Craft—Mrs. McKee.  
Health Craft—  
(a) Exercise and Personal Hygiene—Lorena Steagall.  
(b) First Aid, Water Sports and Winter Sports—Mrs. Chas. Trent.  
Hand Craft—Mrs. Tom Goldston.  
Nature Craft—Mrs. J. D. Stocking.  
Business Craft—Mrs. J. L. McMurtry.  
Citizenship and Patriotism—Mrs. B. G. Smith.

## Bird House Contest To Be Held Saturday

The Les Beaux Arts club will hold its second annual bird house contest this Saturday at the Club Rooms in the City Hall building. This is one of the major activities of the Beaux Arts Club, and it proved to be such a popular move last year that the contest was designated as an annual affair.

All the boys and girls in the county are urged to enter their bird houses and bird feeders and compete for the prizes which are offered the winners. The rules for the contest are given in the following paragraphs.

Have your bird house and feeders at the Club Rooms by 12 o'clock noon, Saturday, March 21. They will be left for the judges action for the duration of two hours and a half, until 2:30 o'clock when the winners will be announced and the prizes awarded. All entries should be mounted but this will not be judged in the contest this year.

Should there be any boy or girl who is interested in building a bird house and who wishes information concerning the size and necessary openings, the committee will be delighted to assist the prospective entrant in any way possible. The committee has in its possession bulletins and materials vitally connected with the work and will be glad to furnish them if the contestants will call either Mrs. W. W. Taylor or Mrs. W. H. Cooke.

The list of prizes which will be awarded Saturday to the winners is given below.

Bird House Built by Boy or Girl  
12 or Over.  
1st prize—\$1.00.  
2nd Prize—.50c.

2nd Prize, .50c.  
Bird Feeder Built by Boy or Girl  
11 or Under.  
1st Prize, \$1.00.  
2nd Prize, .50c.

### BUSY BEE IS NAME OF NEW CAFE STARTED IN CITY

A new cafe was opened last week in the office adjoining the News, operated by N. B. Black and Ed Carlson. The new place is one that is enjoying a steady stream of patrons and which is starting out to make one of the most popular eating places of the town. New equipment is being added to make it one of the most modern here.

## DRENNAN WINS ROTARY PRIZE

Rotarian Drennan was awarded the present prize for his address on "Delinquent Boys" as his topic of "What may this Rotary Club do to be of greatest service to this community" at the regular weekly luncheon last Friday noon. The prize was awarded by H. Mulkey, acting judge of the affair in which thirteen members of the local group delivered like subjects pertaining to the community's problems.

Special mention went to Rotary Ann Weidman for the splendid contents of her paper on the subject. Announcement was made by Rotarian Robert S. Cope to the effect that on this Friday the local club will be host to the members of the Pampa Rotary Club at the regular luncheon, the latter group to present the program for the hour. This announcement was received with a great deal of enthusiasm and the club is looking forward to the special program with pleasant anticipation.

Guests for the day included Roy Clappitt and Homer Mulkey each expressing his pleasure at meeting with the Rotarians. Mr. Mulkey made a short talk on the problems confronting the citizens of the city relative to the young men.

### MISS BARNES TO BE HERE FOR SCHOOL MARCH 27-28

The News has been requested to announce through its columns that on March 27 and 28, Miss Barnes, state clothing expert will be in Clarendon where she will conduct a Clothing School sponsored by the County Home Demonstration Clubs of Donley County. Miss Barnes has been here previous to this date and her work is well known to the club women of this section. A more complete announcement will be found in a later issue of the News.

## TRI-STATE FIELD TRIALS APRIL 6TH

### DOGS HOP OFF HERE MON- DAY, APRIL 6TH BACKED BY PROUD OWNERS

Monday, April 6th, has been set as the opening day of the Tri-State Field Trials to be held near Clarendon, according to advices received here yesterday by G. L. Boykin, secretary-manager of the local chapter of commerce. The officials and advance guard of the entering dog owners will arrive here Saturday and Sunday before and interest is mounting high in the event as advertising and stories of the Trials appears in the magazines read by huntmen and dog fanciers. Several hundred owners and fans will be here and the individual entries of the dogs are expected to exceed any previous figure.

A shipment of five hundred pair of birds will arrive here in a few days and will be placed on the ranch selected as the site of the Trials, but no dogs will be permitted to course over the grounds in advance of the opening date.

Some Clarendon man will be elected as vice-president of the Tri-State Field Trials organization in the next few days and will have local charge of the arrangements for the 1931 affair.

### HEN OWNED BY J. L. COBB PRODUCES 5 1/2 OUNCE EGG

One of the most unusual oddities of nature seen in a number of months was the mammoth egg brought to the Clarendon Hatchery last week by J. L. Cobb. The large egg weighed five and three-quarter ounces and was produced by one of the hens of the Cobbs' flock. The size of the super-egg was 7 1/2 inches.

The large egg won for Mr. Cobb 100 baby chicks from the Cole Hatchery of Pampa who offered the chicks to the owner of a larger egg than the 6 7/8 inch egg he had on display. He is confident that he has seen the largest egg now and has offered 500 chicks to any one who can show a larger egg than the Clarendon farmer's egg.

This is the largest egg which has ever been produced in this section of the country to the knowledge of the local hatchery owners. The hen which produced the abnormal sized egg recovered from the experience, and is again a healthy bird.

### PRE-EASTER EVANGELISTIC SERVICES TO BEGIN SUNDAY

The Pre-Easter Evangelistic services of the First Christian Church will begin Sunday, the minister, Rev. W. B. Ferrell, will have charge of the services and deliver the sermons. Besides the sermons a special course of study will be followed each evening. These special lessons are on the general subject of: "The Christ Way to Eternal Life." There will be ten lessons in this series and will cover the great question of, "What must I do to be saved, and how to stay saved." Several hundred Bible references will be presented to make the points clear and every one is requested to bring their Bibles and note books.

The Sunday subjects, "A lost Art," and "Be ye Reconciled to God," will be of great interest, as both messages contain many important lessons.

### CLARENDON HOME DEMON- STRATION CLUB TO MEET

The News wishes to announce the regular meeting of the Clarendon Home Demonstration Club this Friday afternoon at the home of Mrs. J. M. Acord. An interesting and instructive program has been arranged, and all members are urged to be in attendance upon this meeting.

## Kiddies Milk Fund This Week A Blank

For the first time since the Kiddies Milk Fund was inaugurated a week has past without a single contribution being received, so it is beginning to look like a sizeable deficit when April 1st rolls around and the bills for March service come in.

Several hitherto regular contributors have not made their usual monthly donation as yet and with less than two weeks to go it means that unless a pretty heavy return is enjoyed in the remainder of the month the service will have to be curtailed to fit the money in April.

Nobody is coming to solicit your support in this work. It is simply a matter of whether or not you desire to put a dollar or two into the work of supplying children in needy homes with good whole milk which the dairies sell to the Fund at little or no profit.

Misses Dorothy White, Herlose Burrell, Gwendolyn Couch spent Sunday in Amarillo.

PANHANDLE PRESS ASSOCIATION

Maybe Mr. Raskob wasn't convinced as to the sincerity of Southern voters in the last presidential election. Maybe he doesn't believe that they are for principal first, and party second. Maybe, it will take another demonstration in 1932.

Many of the ills of Texas could be righted if the oil industry could be placed on the proper basis. Texas oil is entitled to the protection of an oil tariff and the demand should be so insistent that it cannot be ignored. Tariff is not political—it is economic.

#### DONLEY JOINS THE PROCESSION

One of the very best signs of the times in Donley County is the items appearing in the weekly letters of our rural correspondents about the canning of beef in the homes of forward looking farmers.

In this issue we carry an editorial from the Dallas News particularly apropos of this sign of thrift, where a certain woman canned beef to the value of ten bales of cotton, and by this yard stick a comparison is drawn which ought to further free our people from the servitude of King Cotton.

This general canning of beef in Donley County homes under the general direction and urging of the home demonstrator and county agent means more to our county than the actual value of the product involved. It means our people are waking to the despair of any one crop and are putting into practice those elements of thrift that has always been the bulwark of the American farmer when he has fallen into straitened conditions.

The more people in Donley County who "live at home," the sooner will our economic situation right itself.

#### BE A GOOD FORGETTER

Life is too short to remember the things that would prevent one doing his best.

"Forgetting things that are behind, I press forward," said a brave old man in the first century.

The successful man forgets. He knows the past is irrevocable. He lets the dead past bury its dead. He is running a race. He cannot afford to look behind.

His eye is on the winning post. The magnanimous man forgets.

He is too big to let little things disturb him. He forgets quickly and easily. If anyone does him a wrong, he "considers the source" and keeps sweet. It is only the small man who cherishes a low revenge.

Be a forgetter. Business dictates it, and—Success demands it. —Franks Review.

#### SHE CANNED TEN BALES

Mrs. Rhea Hanby of the Edwards community, Dallas County, writes for the M.-K.-T. Employees' Magazine her story of how she canned ten bales of cotton. Mrs. Hanby has a 4-H pantry, and explains what it is to have that kind of pantry, you sit down and plan a year in advance. You know the size of your family, that there are three meals a day and 365 days in the year. Also you know that your garden with available fresh vegetables will last so many days out of that year. The problem is to estimate how many cans of what you need to provide for the remaining gardenless days in each commodity.

Mrs. Hanby did that and filled 670 containers. Of course she planned a garden to supply them first and Mr. Hanby handled the garden for her. The garden cost \$9. Her meat she canned on shares with neighbors. Then she had her pantry arranged, with forty-two feet of shelving space, fifteen cans to the foot. Food was arranged by classifications, alphabetically from top to bottom shelf. Mrs. Hanby can get what she wants almost in the dark.

"I have a filing cabinet for my recipes," says Mrs. Hanby. "And a number of my meals are planned so that when I want to spend the morning shopping, visiting or tending to my turkeys, I can do so without worry, because I know that my organized pantry and my planned meals will shorten the time necessary for me to prepare a meal that I am proud of, whether my guests are my family, my closest friends or my most particular acquaintances."

At the grocery store the food in Mrs. Hanby's pantry will cost \$400.55, she estimates. Cost of cans, labor on the garden and so on is deducted, leaving a net value of \$354.55. Deducting cotton picking costs, as Mrs. Hanby observes, "it would take ten bales of my husband's 9c cotton to buy it." Oddly enough, Mrs. Hanby says not a word about farm relief, 9c cotton or no 9c cotton. She doesn't even advocate a commission at Austin or a loan from Washington. Women are strange that way, you know.—Dallas News.

## Can REDUCE Your Gas Bill!

Since a reduction in the amount of your gas bill seems to be the paramount object at this time, allow us to make a few suggestions that will be of great benefit in carrying this to a successful conclusion.

### CHECK YOUR ROOM TEMPERATURE

Hang a thermometer in the room with your heater. Place it in the corner farthest from the stove. At this time of year a temperature of 72 is easily held. Anything more than this is a waste of gas.

### DO YOU OPEN YOUR WINDOWS INSTEAD OF TURNING DOWN THE GAS?

Often people burn lots of gas in the mornings to warm up their rooms, and when they are warm raise the windows more than necessary for ventilation, rather than turning down the gas. This is a source of much waste in gas and can be easily corrected.

### CHECK YOUR WATER HEATER

Be certain that the water is not too hot. A few degrees in temperature of your water means a lot of gas for a thirty-gallon tank. Be sure that your pilot burner is not consuming too much gas. If you do not have a pilot on your water tank, see that the burner is cut as low as possible to prevent its blowing out.

### HAVE YOU SUFFICIENT STOVES IN YOUR HOME?

Many homes are attempting to heat three and four rooms with one heater. To successfully do this a large amount of gas will be consumed and one or more of the rooms will be overheated while the others are only comfortable. We'd be glad to go over this particular part of the suggestion with you.

BE CERTAIN ALL BURNERS ARE ADJUSTED CORRECTLY AND ARE CLEAN. THIS IS MOST IMPORTANT. Call us if you think they are out of adjustment.

to the stock of goods, but the stock was largely as it has been in other times. Despite the said financial condition of the country the sale lacked only a sum less than \$20,000 equalling a like event staged in the spring of 1930 when things were very much better. Mr. Stocking also states that they had many calls for popular items on which the stock was exhausted that would have run the receipt to more than the sale of a year ago.

STOCKING'S STORE SETS RECORD FOR SPECIAL SALE

What is believed to be a record for this year was but recently set by the Stocking's Drug Store of this city in their Spring Nyal two-for-one sale. Although this event was staged as a trial, the results obtained were such as to prove that advertising will bring results even in years when there is evidently no cash in the country. Pioneers in the dependable and widespread distribution of electric service, the West Texas Utilities Company has, in a comparatively short span of years, built here in central West Texas one of the major electric light and power systems of the Southwest.

Motivated by a sincere faith in the brilliant future of this rich West Texas empire, nearly fifty millions of dollars—a sum larger than the total gross revenue for the eight-year period—have been brought in from the outside and invested here in generating stations, transmission lines and other physical properties necessary to the production and distribution of electric and other utility services. Virtually all of this new money has been provided through the financing agencies of the Middle West Utilities System.

The earnest resolve to conduct itself in such manner as to merit the friendship and confidence of the people it serves, plus a constant effort to deliver more service at ever-decreasing rates have been ideals toward which this company has pointed since its inception.

Operating under a Texas charter, with its officers and employes seasoned West Texans—"iring on the job"—a loyal band of 1,300 men and women strives always to render that type of utility service which has made transmission line service the accepted standard throughout the nation.

As a corporate entity, the West Texas Utilities Company was organized on January 1, 1923, for the purpose of producing and distributing electric and other utility services. Like many other West Texas institutions with but modest beginnings, its growth and development has paralleled that of the West Texas territory as a whole.

Today the company is rendering service to 59,000 customers—carrying the advantages of dependable, efficient and inexpensive electric power to 120 cities and towns, and to hundreds of rural communities, farms and ranches. Its over-all average rate for electricity per kilowatt-hour consumed is, today, more than sixty per cent LOWER than the net average rate charged throughout the territory before the organization of the West Texas Utilities Company.

**SHELTER YOUR COTTON**

**AUSTIN, Texas, March 11—** Shelter your cotton from the rain and build a durable shed with the savings, cotton farmers are urged by J. E. McDonald, state commissioner of agriculture. Deductions of five dollars or more per bale made by buyers against wet cotton might easily be avoided by putting the bales under shelter instead of leaving them in the fields to rot, the commissioner said.

**Methodist Revival To Begin March 29th**

The Methodist Church will begin a revival Sunday, March 29th, and continue through the week. The Pastor will preach each evening at 7:30, and the music will be furnished by the local choir. The concluding service will be conducted Easter Sunday morning. Sunday night of Easter will be observed with the Easter Cantata "Christ Victorious" under the direction of Mr. S. M. Braswell. A cordial invitation is extended to the people of the community to enjoy this service of sacred music. This composition begins with the experience of Palm Sunday and depicts the experiences of our Lord during his last week, and concludes with the evangel of Easter.

The attendance in the Sunday School and in the worship hour was larger last Sunday than it has been this year, and our people are invited to attend all services. The prayer services for the next two weeks will be a special preparation for the revival.

The Methodist Church extends the hearty welcome to all the people of the community to attend all services.

An announcement of Great Importance In Clarendon's Big Swing to U. S. Tires THE UNITED STATES RUBBER COMPANY has appointed the Clarendon Motor Co. as an AUTHORIZED U. S. TIRE DEALER

With the Big Swing to U. S. Tires sweeping the country, the United States Rubber Company finds it essential to provide motorists with adequate facilities for the purchase and service of U. S. Tires. Frequently difficult, the problem has been agreeably simplified here through this appointment. The ever-growing local demand for U. S. Tires will now be supplied by the most modern and efficient tire service in this part of the land. Particular almost to excess, we feel confident that you will receive the prompt, courteous attention buyers of U. S. Tires have every right to expect. We feel complimented because this dealer has, after much research and thought, selected the United States line of tires—tires made by the world's largest producer of rubber. This very volume is permitting us to build the finest U. S. Tires in our history . . . and at lower prices than ever before. All over the country, on all kinds of roads, under all conditions U. S. Tires are establishing new records for performance—mileage—dependability—economy. All U. S. Tires have that extra margin of safety so essential to modern driving conditions. Easier steering—quicker stopping—faster acceleration. Truly, tires apart in appearance, in stamina, in extra-long safety mileage. Whether you select the Royal Master, the U. S. Royal, U. S. Peerless, or U. S. Royal Heavy Service, you will benefit from extra quality at no additional cost. And now—you, in this community, have the supreme combination of such a quality product plus the efficient service of the local U. S. Tire dealer to assure you of lowest cost per mile, complete satisfaction, and freedom from tire trouble. A Good Team to back—U. S. Tires and the Clarendon Motor Co.

**AGRICULTURE BOYS GO TO PAMPA**

About ten of Mr. Bairfield's Agriculture boys journeyed over to Pampa Saturday to participate in the dairy and poultry judging contest held there. It was a gala day—lots of good stiff competition, a big feed, and a good time. We left about eight o'clock; and got there in plenty of time for the contest, which was held about eleven. After the judging was over, we were all invited back to the Methodist church where a big meal awaited us. Some of the men of Pampa gave us a fine talk on the future of Agriculture in the Panhandle. It would have been a better day had we won the beautiful prizes which were offered. This contest was held merely to get the boys in shape to bring back prizes to the Panhandle when they go to the State contests held at the various towns. Although Mr. Bairfield's boys did not bring back any first prizes, he is to be complimented on what he has done. He started out with raw material, and the poultry team has already brought one prize to Clarendon.

**A VISIT TO THE HELIUM PLANT IN AMARILLO**

Last Saturday the two chemistry classes went to Amarillo to see the helium plant there. Amarillo is the only other city in the world besides one in Kentucky that produces helium. The study of helium is one of much interest and romance. Helium was detected in the sun's atmosphere about twenty-five years before it was known to exist upon the earth; hence the name helium, the sun element, was applied. The discovery was made in both cases

by the aid of a spectroscope. Helium was first found in certain minerals and later it was found in the atmosphere and in natural gases. It is now obtained from natural gases. Helium is the lightest gas known next to hydrogen and the fact that it is chemically inert makes it useful in balloons and dirigibles as it will not burn under any conditions as hydrogen will.

The first building that we entered was the engine or compression room. In this room liquid air was made by the expanding process. Then we went into the room where the helium was made. There is about 3,000,000 cubic feet of helium produced when the factory is running full time. From one to two per cent of the natural gas is helium.

The men were fixing some of the machinery and it looked complicated enough, seen from inside, we saw some of the cars that carry the helium from the factory to the various places where the Army and Navy use it. The cars each have a capacity of 200,000 cubic feet gas. There are two different types of cars—one with three large cylinders and one with the same capacity, but having more cylinders. We went into the building where Carbon Dioxide is produced. Carbon dioxide is a gas that will freeze at comparatively high temperature, and due to this much trouble is encountered by its stopping up the pipes. The first thing (besides drying) that is done to the gas is the removal of the carbon dioxide by bubbling the gas through a caustic solution of sodium hydroxide.

In the laboratory some interesting experiments were made for us. Liquid air, with a temperature around 300 degrees below zero, was put into a beaker and some

**THE CHEMISTRY DEPARTMENT OF JUNIOR COLLEGE**

Have you ever considered what a really unusual position in chemistry is held by Clarendon Junior College? Among the other Junior Colleges of the United States there is not even one which has laboratory facilities to compare with it. Nor is there another college of comparable enrollment that offers courses in both general and organic chemistry.

The class in general chemistry is doing commendable work, using two, two hour laboratory periods and three on hour lecture periods each week the students are able to cover both

places of the work. Because of the high grade and unusual variety of laboratory equipment, part of which was left from the old senior college, it was possible to include in the curriculum a course in organic chemistry for students who had completed general chemistry. This is the first year this course has been offered, and the class is small.

rubber placed in with liquid air. The rubber became so frozen that it was brittle like a piece of dry bread. A piece of glass tubing was blown, attached to an air main of around thirty pounds pressure. The glass tube was put into liquid air and soon we saw that liquid air was being formed. We looked through a spectroscope and saw both helium and argon. Argon we found, was what gives the red color to electric lights.

There were numerous interesting things that we saw, and I think that what we saw was well worth our trip.

**CONTESTANTS FOR SCHOLASTIC MEET**

The try-out, to see who our declaimers will be, is to be held the latter part of the week. The Sub-Junior Spellers are, Edward McDaniels and Gail Adams. The Junior and Senior try-outs will also be later. Announcements for other literary events will appear in next weeks paper. In tennis, Paul Greene will play in singles and the try-out for the doubles will be later. Also, the ones for track and so on will be in the next issue of the Clarendon News. We are all working hard, hoping to win.

**FOURTH AND FIFTH GRADES ENJOY RADIO PROGRAM**

The fourth and fifth grades enjoyed the Walter Damsch Music Appreciation Program Friday morning. Mrs. Boston made this possible by bringing her own radio which she and Bobbie installed for the program.

**JUNIOR HI HAS CHAPEL**

Friday the Junior Hi School enjoyed very much, the band program which was composed mostly of Junior Hi School students. A number of pieces were played by the whole group. A. J. Smith and Nickey Stewart, Walter Brady and Bob Ward, gave several solos. We hope that a like program will be put on soon.

A 46-year-old \$8 debt, which was incurred at the funeral of Jane Gibson, a negro woman of Vincennes, Ind., has just been paid by her son.

**CAMPFIRE MEETING**

The Campfire girls met in their usual room Wednesday, March 11. They were told by their guardian, Miss Steagall, that their honors would be changed. There are to be twelve officials the girls

go to for each Craft. There they will be examined for their honor. This frees Miss Steagall from checking over the honor list and giving any tests, to give rank. These officials serve as instructors in these various crafts as well as examiners.

Like Tea . . . the best Gasoline is Blended

**E**VEN the Japanese maiden who laboriously picks the tea leaves knows that before you sip the delicate beverage from your cup, leaves of another type of tea must be added, for the best teas invariably are blended.

When the tea merchant takes a quantity of Japanese tea, a bit of China tea, and a touch of Ceylonese, then blends them according to the dictates of his expert knowledge, he parallels the making of CONOCO Gasoline. For this is a *blended* gasoline. It is blended because this is the only method which brings together in one fuel the desirable properties of several types of gasoline. No one type of gasoline can contain them all.

CONOCO refiners use: Natural Gasoline, for quick starting; Straight-run Gasoline, for power and long mileage; Cracked Gasoline, for its anti-knock properties.

There is no secret formula covering the elements which compose this triple-test gasoline. The secret is in the knowledge behind the blending. Knowing how makes one tea blend better than all others . . . and knowing how places one gasoline in a distinct quality class. Experience the performance advantages of CONOCO Balanced-Blend Gasoline. You'll find it wherever the CONOCO Red Triangle is displayed.

### FIRST REPORTS IN ON DELEGATES

#### CONVENTION COMMITTEE SUGGESTS BOSS LION; IS ELECTED

Merely as a preliminary move to clinch the placement of the Boss Lion as delegate to the State Convention of Lions, the convention committee Tuesday of this week reported that they had a meeting and had decided that it would probably be better to send the delegation on the train than to hazard a trip via automobile. Boss Lion Rathjen was placed in nomination and was elected.

A letter from the McLean Club was mentioned, setting forth their plans to send their Boss Lion with the Clarendon delegation if possible. The secretary was asked to tell this organization of the present plans and to ask that they withhold further action until later in the club year.

Lion Burton announced the County Meet to be held on March 27th and 28th, stating that this promised to be one of the biggest events of this character ever held in Donley County. As is known, this is to be free to any corner. The interest is much greater than it has ever been in the past.

Guest for the day was introduced as A. L. Thomas of Amarillo.

Lion Rathjen reported on the recent appearance of Dr. Barker in the city, stating that the total receipts were \$148.50; total expenditures \$134.75, with the balance of \$13.65 being turned to the Goodfellows fund.

Lion Ira Merchant was placed on the program committee to assist Lion Nored in making programs for the weekly meetings of the Lions.

The terracing school and demonstration was announced, as well as the American Legion play. Both for Friday evening.

The merchants' banquet on Tuesday evening was also mentioned and statement made that tickets should be bought if possible. If not, put in your appearance at the door and the visitor would be made welcome.

Lion Porter was called to the floor and made some few remarks about the presence of Lion Kennedy in the chair vice Boss Lion Rathjen. It was quite evident that the remarks were not greatly enjoyed, but an explanation was given that was fairly well accepted by the organization. It seems that Lion Kennedy made some slight remark on the last luncheon concerning the sameness of the opening paragraph of the Lions minutes, with the result that he was asked to preside that the paragraph might be changed.

Lions Bennett Kerbow and Ralph Porter reported on their attendance on last Thursday at Pampa. This brought the past two weeks to the one hundred per cent mark, something new for the Clarendon Lions. Adjournment followed the singing of "America" with Boss Lion Rathjen at the piano.

### NEWS EDITOR IN AUTOMOBILE SMASH

Returning from Pampa Thursday night of last week after having met with the board of city development of that place, the Buick sedan belonging to the News editor was wrecked on the main Santa Fe crossing at Pampa just west of the depot when a string of box cars backed into the automobile. Fortunately for the occupants of the car the driver saw the train as it loomed out of the darkness without any switchman with lantern, just in time to swerve to the left and receive a glancing blow which swept the car off the tracks with no serious injuries to any. Mr. Braswell was accompanied by Mrs. Braswell and Mrs. Sam Braswell, Jr.

The car was covered by collision insurance, but the editor is smarting under a reported conversation in a Pampa barber shop about "that drunk guy who smashed into a Santa Fe freight train," which is basis enough for a heavy damage suit.

Texas stands tenth among the states in number of radio sets in use with 364,000 on July 1, 1930.

At his own request, Mayor Joe Priest of Liberal, Kan., receives a salary of one dollar a year, which he has donated to a fund created to aid the unemployed.

### CLUB TOURNEY SHOWS INTEREST

#### GOLFERS UNDER MEREDITH GENTRY LEADS MERCHANTS SHOOTERS 14 TO 10

The warm sun of last Sunday proved to be the right incentive to the devotees of the royal game of golf with both lady golfers and men players covering the local fairways. An added attraction which brought out a number of the less enthusiastic players was the opening of the local club feud between the members divided into two teams, one, the "Heads," captained by Meredith Gentry and the other, the "Tails," captained by Ira Merchant. The teams are holding their relative positions with the "Heads" out in front with 14 matches won to 10 lost.

The Hillerofters are anticipating a full season this year with a number of interesting tournaments and inter-city matches. As each year passes the Clarendon players are receiving wide recognition for their ability, and it is expected that the current season will more than ever test the metal of the local golfers in the high class competition which will be furnished the locals in the tournaments in which they will be entered. On May 18th the Greenbelt Association golfers will invade the tees, fairways and greens of the Hilleroft Golf Club of this city. Following this tournament the Hillerofters will journey to Lubbock where they will enter the West Texas Golf Association tournament at that city. The climax of the season will be reached in August when the Hilleroft team will participate in the Annual Tri-State tourney held on the Hilleroft course at Amarillo. There will possibly be other

tournaments at which the local club will be represented, and a large number of inter-city matches will be played with nearby golf clubs. The Heads-Tails matches are not all completed, and as yet there has been no definite date set for the banquet which will follow the completion of the play. The results and the date of the banquet will be published in the next issue of The News.

### HUDGINS

There was a very good crowd at Church Sunday afternoon and Brother Knoy preached an interesting sermon. Mr. and Mrs. J. A. Garland and family of Ashtola, visited with their daughter, Mrs. L. M. Putman. Mr. and Mrs. Reed and daughter, Rozetta, and Mr. and Mrs. Harley Skinner, of Chamberlain, attended church at Hudgins Sunday evening. We are always glad to have these good people with us and welcome them back again. Mr. and Mrs. Lovett Nobles of Lelia Lake, attended church at Hudgins Sunday evening. Mr. Percy Lee Tims and Raymond Sue, of Chamberlain, visited with Donnie Jacobs Saturday night until bed time. Mr. and Mrs. Brazile and family of Chamberlain, visited in the Cearly home Tuesday night until bed time, where they all enjoyed singing. Mr. O. L. Jacobs, accompanied

Bro. Knoy of Lelia Lake to Amarillo Wednesday to attend the Conference and to hear Bishop Boas. Mr. Kavanaugh of Windy Valley and Mr. Jimmie Miles of Chamberlain, called on Mr. Frank Behringer Friday evening. The school boys played the outsiders a game of base ball Friday evening. The outsiders won the game the score being 11 and 12. Mrs. McGramlin and daughter, Lola, of Clarendon, spent Saturday night and Sunday with her sister, Mrs. J. L. Talley.
