HUNTER RALLY IS SET FRIDAY EVE

WILLIAM E. BIRGE OF AMARILLO WILL ADDRESS VOTERS HERE

Gubernatorial politics continues to wax warm as candidates launch a last minute drive to round up the loose ends of voters as the fight enters the last round. The Hon. William E. Birge, popular attorney of Amarillo, will carry the fight to Donley County voters Friday evening when he addresses the local voters at the court house lawn in the interest of Tom F.

upright leadership of Governor Sterling. A review of the office will be given in which the accomplishments of Governor Sterling will be enumerated.

The speaker for the evening will be the Hon. Fred Young, popular and influential Amarillo business man. He is being sent to Clarendon and Donley County by the Panhandle Sterling for Governor Club with headquarters in Amarillo. In a telephone conversation with The News editor, T. E. Johnson, chairman of the Panhandle organization, stated Mr. Young was one of the most interesting and influential speakers of the Panhandle and would be a powerful message prepared for the voters of Donley County.

Every effort is being made to further the candidacy of Ross S. Sterling for re-election and to combat the untruthful venom of Furgersonism, the one stained blot on Texas' political history. It is especially desired by the visiting speaker that supporters of other candidates for governor be present for this rally, and learn the true facts concerning Governor Sterling's activity in office.

MRS. SARAH JANE LITTLE BURIED SUNDAY AFTERNOON

A tinge of sadness engulfed the Chamberlain community last Sunday when Mrs. Sarah Jane Little passed to her Heavenly home.

She was born February 28th, 1849, in Hopkins County, Texas, and was married to G. A. Little on December 11th, 1887. Three children were born to this union, all of whom have preceded their mother in death.

Mrs. Little was a devout Christian, uniting with the Methodist Church at Charleston, Texas, at the age of 37 years. Since then she has lived a devout Christian life. She was 82 years, 6 months and 11 days of age.

Funeral services were held at the family home at 4 o'clock Sunday afternoon with the Rev. E. B. Bowen, Pastor of the First Methodist Church, conducting the last rites. The I. O. O. F. had charge of the services at the cemetery.

Pall bearers were Messrs. W. A. Armstrong, A. M. Lanham, Wood, Jack Bailey, Roy Clampitt and Homer Bones.

Hunter, candidate for Governor. The Hunter Rally tomorrow evening marks the first time since the opening of the campaign that the Wichita Falls entry has made a bid for the votes of the people in this section of the Panhandle, however, a fine time is assured those who can be present at 8:30 p. m.

Candidate Hunter is a Wichita Falls man and enjoys a wide circle of friends and acquaintances. Mr. Otto Stehlik also of Wichita Falls, campaign manager, who has been in the city for the past day or two states Hunter is gaining votes by the thousands and is certain to be in the runoff against the Fergusons.

Every voter in Donley County is cordially urged to make their plans to attend the Hunter Rally in Clarendon this Friday evening at 8:30 o'clock at the court house and hear the Amarillo speaker.

The following returned Wednesday from the Conference for Intermediates and Seniors at Ceta Canyon: Rev. R. S. McKee, Rhodin Chase, Arthur Chase, Bob McKee, James McDonald, Opal Chilton, and Rebecca Welih.

Misses Elizabeth and Willie Davis, former Clarendon girls who are now residing in San Bernardino, California, arrived here last Saturday to visit their father, W. E. Davis and sister, Mrs. Forest Sawyer.

Mrs. J. D. Browder and daughter left Friday for their ranch near Memphis after a visit in the home of her mother, Mrs. R. A. Chamberlain.

Laverne McMurtry, daughter of Mr. and Mrs. J. L. McMurtry, returned home Saturday night from a visit with her grandmother in Archer county.

Miss D'Laurel Beville spent the fore part of the week in Lubbock, Texas visiting in the home of Dr. and Mrs. John C. Granbery.

Mrs. Frankie Moore and children from Cordell, Oklahoma are here visiting in the home of Mrs. Moore's sister, Mrs. J. L. McMurtry.

American Legion to Sponsor Benefit Show

Post Commander, Ralph Kerbow, appraised The News that on next Monday and Tuesday, July 25-26, the super production, "All quiet on the Western Front", will be sponsored by the Aubyn E. Clark Post of the American Legion in a benefit showing. The benefit show is for the purpose of raising funds to send a delegate to the State Legion Convention at Corpus Christi soon.

The show selected is a powerful and dramatic production of the World War as taken from the German side of the international conflict. The story, although from the teuton angle, is a gripping and sweeping romance of comradeship. Another unusual feature of the picture is the absolute lack of the usual glorification of war, and it is the first big production of outcast war. See it for your own benefit and at the same time help a worthy cause.

BE CAREFUL IN VOTING FOR CONGRESSMAN AT-LARGE

It is easy to be confused in voting for congressman this year.

Remember that you have four votes for congressman. One for Congressman of the 18th District, and three votes for Congressman-at-large.

You simply cross out all the ones you do not want in Place No. 1, Place No. 2, and Place No. 3, and vote in the 18th District race as usual.

Don't be confused—you get to vote for four men for Congress this election, but you cannot vote for more than one in each place.

WICHITA FALLS CARAVAN PASSES THRU CLARENDON

Some twenty odd automobiles bearing decorations advertising the Golden Anniversary Jubilee of Wichita Falls passed through Clarendon Tuesday on their way to San Francisco where they will attend the National Shriners Convention this month.

LIONS SEND GIRLS TO ENCAMPMENT

CLUB HEARS INTERESTING REPORT ON PLANS TO TUR NSURPLUS TRUCK

Several visitors were present at the regular Tuesday luncheon of the Clarendon Lions Club this week and took an active part in the discussions which made up a big part of the day's program.

The first bit of business was brought up by Boss Lion Boykin who had been requested to take up with the group the problem of sending several underprivileged girls to the annual Camp Fire Girl's encampment. When it was understood that a few girls would not enjoy the encampment due to lack of funds several of the Lions volunteered to sponsor a girl's fare, however Lion Chase suggested that the undertaking be cared for as a club project which was readily accepted by the group. Thus it is that Lionism again does a duty and a service to make the summer brighter for several youngsters of the city.

Boss Lion Boykin read a letter from Dumas, Moore County, in which the writer listed a long line of items which were wanted from Donley farms. All kinds of truck produce was listed and several other products were requested a little later. This was in response to the plan originated last year by the county agents, bankers and farmers and continued this year in a more finely planned campaign to dispose of the surplus truck products of the county, and was only one of several letters already received this year from interested parties in other portions of the Panhandle, Oklahoma, New Mexico and Kansas.

Lion Ivy E. Duncan of Pampa stated that the Lions Club and business men of Pampa were interested in the local agriculture project and would be pleased to co-operate in all respects. He also laid before the group plans whereby the growers of the Panhandle would be able to dispose of all their surplus products.

Visitors for the day were Lion A. M. Wier, Lion Duncan, Lawrence McMurtry, Dick Hughes and Judge Silas Faulkner.

Spinning Demonstration Will Be Of Great Interest To Folks Here Saturday

Several score years will be slipped back this Saturday afternoon when Great-Grandma's spinning wheel is brought from the attic, dusted and placed into operation in an exhibit of cording and spinning at the offices of The Clarendon News. The unique and interesting demonstration is being sponsored by the club women of Donley County with Mesdames Wood and Arnold of the Naylor community in charge. These ladies are quite proficient in the old-time art and will have a very interesting bit of work to show the hundreds of folks who are expected to take advantage of this opportunity to witness the almost extinct method incorporating the use of the spinning wheel.

This is the first time such an opportunity has been presented the younger generations to watch the actual cording and spinning methods exactly as of yore.

A small admission of 5 and 10 cents will be charged, the proceeds to be divided between the Naylor Home Demonstration Club and the County Council.

A most cordial invitation is accorded the entire public to drop into The News Office at their convenience this Saturday, between the hours of 10 a. m. and 5 p. m. and view the demonstration.

BAND ATTENDS CLAUDE FRONTIER DAYS FETE

The Clarendon band under the sponsorship of the American Legion made a trip to Claude Wednesday afternoon where they paid their respects to the Armstrong County citizens and helped add a bit to the Annual Old Settlers' Reunion in that city. Every one had a fine time and stated the welcome from the Claude people was one of the warmest ever extended the local organization from any city.

Miss Katherine Patrick returned Monday from a visit in Ferris and Dallas, Texas.

rence McMurtry, Dick Hughes and Judge Silas Faulkner.

STERLING RALLY HELD AT HEDLEY AT 4 P. M.

Hon. Fred Young of Amarillo arrived in the city late this afternoon to fill his speaking engagement for the Ross S. Sterling Rally this evening, after speaking to a large and attentive audience earlier in the day at Hedley. Several hundred people gathered at the neighboring city and heard the forceful Amarillo man tell of the splendid record and fine qualities of Governor Sterling. A number indicated they would attend the speaking here tonight at the court House.

LOCAL PIANISTS IN ROTARY PROGRAM

ROTARIAN A. T. COLE MAKES INTERESTING SPEECH ON HIS VOCATION

Three members of the Clarendon Rotary Club were absent last Friday and missed one of the most pleasing and entertaining programs held in several weeks. The program was in charge of the Community Service Committee with Rotarian D. R. Davis as master of ceremonies.

The feature offering on the day's program was the appearance of Misses Pauline Shelton and Jonnie D. Latson who offered a number of piano numbers. These popular young ladies have gained quite a reputation in past months for their proficiency at the keys of the piano and their work Friday was especially well received by those present.

Rotarian A. T. Cole, in a very interesting and well delivered address related to the members and those present the trials and tribulations of the life of an attorney.

DONLEY CLUB MEMBERS TO ATTEND SHORT COURSE

The following list of Donley club women and girls will leave Sunday morning for College Station where they will attend the A. & M. Short Course. They will return July 30th.

Mrs. Virgil Jordan, Martin; Mrs. W. P. Holley, Astola; Mrs. H. M. Reid, Chamberlain; Mrs. C. L. Benson, Clarendon; Miss Lucille Pickering, Naylor. 4-H Club Girls: Miss Jessie J. Tomlinson, Lelia Lake; Miss Velma Morgan, Goldston; Miss Julia Earthman, Goldston.

ROTARY OFFICIALS ENJOY SWEETWATER MEET

Rotary president and secretary Dr. O. L. Jenkins and Arch Dyer, drove to Sweetwater Sunday where they attended the sessions of the 41st District Convention of the Rotary Club's Presidents and Secretaries. Both executives of the local club have only recently been elected and installed as have other Rotary Club officials and the purpose of the convention was to learn the business methods of transaction to be used during the coming year.

The sessions were held Monday and Tuesday with more than 150 Rotarian delegates present. Five district governors were registered and added much to the worth of the convention. Plenty of hard work was experienced by the local executives although every part of the fine program was enjoyed to the fullest.

Next year's convention will be held in San Angelo.

Mrs. J. Rawlings who will be remembered to her many friends as Tina SoRelle returned to her home in Shamrock Tuesday after a visit here with her mother, Mrs. Carrie SoRelle.

LOCAL AND STATE RETURNS PLANNED

STREET WILL BE ROPED OFF FOR BENEFIT OF LARGE CROWD SATURDAY

The citizens of Donley county are extended a most welcome invitation to drive into town this Saturday evening and be the guests of The Clarendon News, Douglas & Goldston Drug Co., Goldston Bros. and J. T. Patman & Son Insurance Company at the Annual News' Election Returns Party. Every one is vitally interested in the outcome of the various races from precinct to state and as in the past all precinct, county, district and state returns will be posted on the large election board on the north side of the Rexall Store. This will enable the voters to find our hours ahead of time the outcome of the respective races.

City Marshal, "Flop" Pyle, has kindly consented to rope off the street at the intersection of Kearney from the First National Bank to the Drug Store and from the city hall to the Lemons-Thompson Feed Store in order that traffic will not interfere with the convenience of the large crowd watching the board.

It is requested of all precinct chairmen and judges of the various boxes of the county that they phone the results of their vote as soon as possible to the Election Party Headquarters in the J. T. Patman & Son Insurance Company. The telephone number is 74. This will speed up the county races a great deal and will facilitate final tabulations.

Make your plans now to attend The News' Election Party Saturday night and learn how the respective candidates stand in their particular race. Returns will probably be posted until midnight, ample time to determine the swing of the state races.

CHURCH OF CHRIST TO HOLD MEETING

ELDER FRANK L. COX WILL BRING DAILY MESSAGES TO CONGREGATIONS

Mr. R. I. McGowan stated to a representative of The News Wednesday morning that beginning Sunday, July 31st, a revival meeting would be held at the Church of Christ with the Elder Frank L. Cox of Mineral Wells, Texas, conducting. Elder Cox is one of the most popular and forceful members of the Church of Christ and has a wide circle of friends who are loud in their praise for his inspirational messages.

The services will be held twice daily. However, the time for the services have not been announced, but will be published in next week's issue of The News. The series of services will be extended over a period of ten days and a great good is expected from the meeting. Plans have been laid and are completed to make this one of the most successful revivals ever held in the city and every one is cordially invited and urged to be present at any or all of the services.

F. H. Hommel and family motored to Lubbock Monday where Mr. Hommel attended a General Sales Meeting there. They then visited in Loveland and returned to Clarendon Wednesday. Mrs. Hugh Paxton went as far as Plainview with them where she stopped off to visit friends and relatives.

Mrs. John Bass and children visited in Estelline over the week end in the home of her father-in-law, George Bass.

COUNTY RACES HOLD GREAT INTEREST

Following his custom for a quarter of a century the editor of this newspaper has refrained from mixing editorially in the various races for county office in Donley County. It is an old custom and its a good custom.

County politics has been especially warm this year—conditions guaranteed that—and the people have had lots of angles presented for their consideration in connection with this or that person's candidacy.

The News is hopeful of a full vote and it is content in the feeling that the intelligent voters of the county will have considered carefully the men and measures as represented by the candidates, and their verdict will be as sound as it usually is.

When our offices are filled by the electorate without passion, spleen or prejudice the county is well served.

Go to the polls, vote your preferences, and abide by the results.

RESPONSIBLE GOVERNMENT WILL CONTINUE IN TEXAS

As the 23rd of July approaches there is growing confidence that the biennial threat of Fergusonism will be turned back by as large or larger vote than two years ago, and responsible government will be continued in Texas through the re-election of Governor Ross S. Sterling.

The fact that under Governor Sterling's administration, Texas is one of the four states in the Union that has been able to balance its budget, and this in spite of the lowest prices for farm products in forty years, is unanswerable and those who would appeal to cheap, low prejudice in order to unseat so able an executive are doomed to defeat.

Texas was disgraced before the eyes of the nation by the misgovernment of the Fergusons, and to place them in authority again will not be tolerated by the great majority of Texas Democrats who love the proud name of Texas even as they love and revere honesty and upright-ness in office.

Responsible government will continue in Texas. Ross Sterling will be re-elected governor—if not on July 23rd, then certainly on August 27th.

JULIEN C. HYER LOOKS WINNER IN PLACE THREE

There is lots of room for speculation and argument as to who will win the nomination for Congressman-at-large in places 1 and 2; and it will be a toss up as to who represents Texas in those two places even until the votes are counted on August 27th.

In place No. 3, however, there exists a very different situation. Hon. Julien C. Hyer looms so large on the political horizon in Texas, he is such an able man, he has such numerous contacts, it seems likely now that he will have very nearly a majority in the first primary, with an easy race with whatever opponent climbs into the run-off with him.

Julien Hyer is fortunate in having the officers of the Texas Cattleman's organization behind him, he is favored by the leading Optometrists of the state, he has very splendid American Legion connections, having served as commander of the Bothwell Kane Post at Fort Worth; he has the backing of the leading druggists of Texas, he is a favorite with union labor since his years in the Texas senate, he has the favor of the moral element in Texas having been an opponent of the race-track gambling bill, and he enjoys the friendship of the various leading service clubs in the state by reason of his work in their behalf.

One of the most eloquent speakers in the nation, with a commanding presence Texas could send no one better fitted to represent her in the halls of Congress than Julien C. Hyer—and it seems now that his election is assured.

Vote for Julien C. Hyer, Congressman-at-large, Place No. 3.

THE PANHANDLE OUGHT TO SUPPORT ERNEST THOMPSON

Col. Ernest O. Thompson, formerly mayor of Amarillo, will undoubtedly poll such a heavy vote in the Panhandle that he will go into the run-off in August the high man, for he has also built a strong following in other sections of Texas.

The Panhandle ought to support Col. Thompson for he is an able public servant, his record as mayor in Amarillo has marked him as standing for the interests of the people as against unfair utility rates, and he has the ability to cope with the problems that confront the railroad commission of Texas.

The people and the state will be well served if they elect Col. Thompson to the Railroad Commission.

PLAIN SPOKEN AND TWO-FISTED

Dave Shanks, mayor of Perryton, is proving the sensation of the Panhandle this year by his colorful campaign for State Senator against Clint Small.

Dave is one of those smiling, plain spoken, two-fisted

fighters who doesn't know what it means to straddle on any live issue, who stands for something and who is gaining strength every day. He promises to represent the people of the Panhandle or resign and come home.

Senator Small paid little heed to Dave when he first announced but he has discovered that he has a real fight on his hands, and with the prohibition issue coming into the race, it looks like we are to have a change in state senators down at Austin.

GREEDY RICH MEN ARE LOOKING FOR RELIEF

The most contemptible set of men in America today, is made up of the greedy rich, who are financing the "wet" effort to dethrone the Eighteenth Amendment, in order to place the tax burden of this government on the beer and whiskey drinkers, while their swollen fortunes escape the just taxes the recent act of congress has placed upon them.

Men like Raskob, DuPont, Rockefeller and others are not interested in beer or rotten whiskey—they drink fine wines and champagne—but they are interested in escaping from the fifty-five percent tax on incomes in the higher frames, and they are perfectly willing to see the misery, woe, and crime liquor would bring to the poor, weak, working class, if the tax burden of this nation could be saddle on their miserable backs.

There might be a little spark of sympathy for the fellow whose appetite cries out for liquor, but there is none for the hard-hearted scoundrel who demands the return of liquor that he may escape his just portion of the support of the government through taxation.

THE SMALL CITY... A Pacemaker of Progress

More and more the signs point to the greater importance of the small and medium-sized community.

We are proud of the part electric power is playing in laying the groundwork for this greater progress and prosperity.

Gone is the day when the larger metropolitan centers had a monopoly of power supply, the first essential of industrial growth and development.

Widespread networks of transmission lines have given the smaller communities the same high-grade electric service as the larger cities have.

On this firm basis, industries are increasingly recognizing the advantages of location in small communities.

This trend will react most favorably to West Texas, the "Land of Opportunity"—efficiently, dependably and inexpensively, served by the West Texas Utilities Company.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

VOTERS URGED TO ATTEND PRECINCT CONVENTION

The News has been requested by W. P. Cagle, county Democratic chairman, to urge as many of the voters as possible to make their plans to attend the precinct conventions at the polls next Saturday. In previous years very little interest has been manifest in the precinct conventions, but with the prohibition fight looming into view it is imperative that the voters who believe in the constitution see that the proper delegates are sent to the County Convention some time later. No specific time has been set for the conventions and every voter is urged to ask the precinct chairman or some of the election judges when the convention of that particular precinct is to be held.

Rose Muir of Amarillo is the house guest of Mr. and Mrs. A. R. Letts this week.

WOMEN ARE "LATE"

From time immemorial husbands have complained of the long time it took their wives to dress; men have observed that women did not heed the flight of time, but carried on interminable telephone conversations without realizing how long they talked, and so on.

This apparent lack of regard for time by the fair sex has long been the source of endless comment—often profane. But now it has all been explained, thanks to modern psychology.

Exhausted test conducted at John Hopkins University show that women just naturally can't help it. They don't realize the mounting of "tempus fugit."

These tests developed the fact that women on an average estimate the time it takes them to perform a given task about one-half the actual time required. Dr. Isabel Stewart, who conducted the tests, which were made with 2,048 students, both men and women, said:

"Men estimate more accurately. The inaccuracies of women imply that time really seems shorter to women than to men."

Which recalls the joke of a paragrapher who wrote: "Married men do not live longer; it just seems longer."

POLITICS AND PERSONALITIES

Special To The Clarendon News

Exercising the prerogative of her sex, Representative Ruth Bryan Owen of Florida has "changed her mind". When the earlier and daughter of the great Nebraska Commoner was defeated for renomination by the wet Marx Wilson, she received great applause for an announced determination to resign and not serve in the "lame duck" session this fall. But Speaker Garner has convinced her that the objection to lame duck members does not apply to her type of statesmanship. Mrs. Owen, a woman of beauty and charm, has not been adverse to using "it" in obtaining tariff and other legislative favors for Florida.

Mrs. John Garner is not worrying about her comparative social rank at Washington dinner tables after next March 4. More important than any prospective reputation of the Alice Roosevelt Longworth-Dolly Gann controversy, is the problem of what to do with the family coffee pot when (that "it", to Mrs. Garner) she becomes the wife of the Vice-President. Long the hard working secretary of Representative and Speaker Garner, Mrs. "Jack" makes her luncheon in their Capital office, making her own coffee in a percolator kept handy on a nearby desk.

Senator Huey ("Kingfish") Long of Louisiana, arch foe of Democratic leader Robinson of Arkansas, made a speech in the Senate favoring the re-election of Senator Hattie Caraway, Junior Senator from the Ozarks. Absent, Senator Caraway seemed more perturbed about how to get rid of the cupbills in her office. Mrs. Caraway is one member who has solved the problem of how to withstand the ordeal of Senatorial debate. She works cross words puzzles.

THE TEMPLE BUILT BY GOD THE HOUSE IN WHICH I LIVE

Text: Gen. 2:27

Our lesson today is about the most wonderful thing that God ever made. It is the house in which I live. Did you know that God built the house in which you live? You think it was the mason, the carpenter. But the house these men built is not the house that I am thinking about. The bricks and the mortar, the walls and the doors of the man built house will protect you, but it is not your real home. God Himself built the house which is your dwelling place.

Your body is the place in which you live, and God is the architect of the body. This house of our body is the most complete of all houses. It is a house which Jesus lived, the most beautiful house God ever built.

Why did God build these bodies of ours? What are we to do with them? The builder and architect must have a purpose in the building. You believe, don't you, that our bodies are fashioned after the likeness of Christ's body, and that we are to use our bodies as He used His?

Jesus kept His body clean and pure. He never gave it a bad habit. He put it in the good use that His Father directed. That is exactly what any good house-keeper would desire for their own home.

But this body of ours is not our real home forever. We shall live in this house while here, then some day we shall have the home changed, and the house into which we shall go, will be like unto His body, still a God-built house. It will be a house glorified by the touch of God, and that, then will be our house forever.

God has so planned our house here that we may entertain guests in it. God the architect of our bodies, followed the pattern of His own body, and the body of Jesus is the perfect example of a body fresh from God's hand. To keep our bodies as God would have them, we must have Jesus as the honored guest living with us. He will dwell with us if we will permit Him to do so.

(Note: Next lesson No. 3 "The Frontal View of the House, The Face")

State Highway Department Lets \$111,730 Contract in Bailey County

Contract for 12 miles of grading and drainage structure, culchic base and single bituminous surface from Muleshoe to 3.5 miles northwest of Sudan, on Highway No. 7, was let Friday of last week, July 1, by the State Highway Department, to Womack & Henning Construction Co., of Sherman, the consideration of the bid being \$111,730.62. It is understood work will begin within the coming 30 days.

This work will shorten the distance between Muleshoe and Sudan about seven miles.

Representatives of the contracting firm were here the first of this week looking over the lay of the proposed work, making investigations relative to camp locations and obtaining culchic and gravel for construction purposes. It is understood there are at least three good rock sources within the bounds of Bailey county. Culchic will be taken from the E. K. Warren & Son pasture adjacent to the highway and located about four miles east of Muleshoe.

Highway Engineer Roberts of Lubbock arrived here last Friday to superintend the construction work for the State, and has opened an office in the court house.—Muleshoe Journal.

The Inquiring Reporter is one of the most un-known writers of Donley County or any where. Her column is published in The News because it takes up space. H. T. BURTON is the proud possessor of a NEW summer straw hat. I saw it Monday and he looked so handsome in it that I questioned him. Mr. Burton stated that to his certain knowledge it is the first new hat he has owned in five years. The hat that he owned five years ago was one that a store let him have for practically nothing on account of the head size being so large.

By-the-way, take a look at that medical window at DOUGLAS & GOLDSTON'S, it is one of the most effective displays I have seen in a long time. At the request of Miss Martha Buttrill, County Home Demonstrator for Donley County, The Clarendon News is pleased to publish a series of recipes suggested by the A. & M. College Extension Service. CHICKEN GUMBO
1 fat chicken weighing 4 or 5 pounds (old fowl may be used).
6 good sized onions.
2 No. 3 cans tomatoes (or corresponding amount of fresh tomatoes)
3 tablespoons butter
3 tablespoons lard
2 bay leaves (crushed)
4-6 pepper corns
2 red pepper pods (chopped)
1/2 teaspoon thyme
2 tablespoons salt (or salt to taste)
2 No. 3 cans sliced okra (or corresponding amount of fresh sliced okra)
6 tablespoons chopped parsley
2 cups chopped celery (leaves may be used)
2 quarts boiling water.
Clean and disjoint the chicken, using the head and feet. (Do not use the liver). Melt lard and butter in a frying pan. When hot, fry chicken to a light brown color but not cooked through.

WHAT YOU WANT IN THE WANTADS

Remove the chicken and add to the boiling water. Cover and simmer until the meat slips from the bones. While the chicken is cooking chop celery and onions fine. Place celery, onions and okra in the frying pan where the chicken was browned. When browned lightly, combine celery, onions and okra with the tomatoes, cloves, bay leaves, peppercorns, pepper pods, thyme, chopped parsley and salt. Cook until the okra and tomatoes are almost done. Canned okra or tomatoes may be used. This will require only bringing the mixture to the boiling point. Remove the chicken from the bones and cut meat into one inch lengths. (Do not use the feet). Strain stock through coarse mesh sieve to remove any bits of bone. Combine chicken, strained meat stock, and vegetable mixture. Heat to the boiling point. Fill sterilized No. 2 cans with the boiling gumbo within 1/2 inch of the top of can. Seal and process at 15 pounds pressure for 45 minutes. Clean and label the cans. Serve steamed rice moulded in cups with hot chicken gumbo poured around it.

"I'VE SWITCHED TO Pride of Amarillo"

"I've been baking a long, long time and I know something about flour. I'll confess it was no easy matter to induce me to use my first sack of Pride of Amarillo, but now that I've found this better flour we're good friends for life. Pride of Amarillo has a distinctive flavor—the good old 'pure wheat' flavor—that I've never found in any other flour. I like it much better. Coach Frank A. Stocking Learning Gridiron Tricks For 1932 Bronchos

LUBBOCK, Texas, July 20.—Frank A. Stocking, Clarendon coach, is here with 359 coaches from 24 states, attending the second annual Texas Tech coaching school, claimed to be the largest school in the nation again this year. The school opened July 11 and will continue until the 22.

Instructors for the school are ace men in college sports in the entire nation. They are: Glen (Pop) Warner, Tiny Thornhill and Chas. Winterburn, Stanford; Heartley (Hunk) Anderson and Marchmont Schwartz, Notre Dame; Dr. Forrest (Phog) Allen, University of Kansas; Jack Meagher, Rice Institute; Clyde Littlefield, Texas University; and Rip Miller, U. S. Naval Academy.

Texas ranks first with 238 coaches enrolled. Oklahoma with 33 ranks second, Kansas with 20, third; New Mexico with 10, fourth; Louisiana and Arkansas with 7 each tie for fifth; then comes Mississippi and Nebraska with 4 each; Tennessee and Georgia with 3 each; California, Kentucky, Arizona, Colorado, Iowa, Pennsylvania and Missouri with 2 each; and Ohio, South Carolina, Wyoming, Montana, and New Jersey with 1 each.

Among the 359 coaches here are more than 75 college and university coaches. Among some of the more popular coaches here, in addition to the instructors, are the following: Clipper Smith, Santa Clara University, Santa Clara, Calif.; Bill Hargis, University of Kansas, Lawrence, Kan.; Murel Nemeck and Edwin Kubale, Center College, Danville, Ky.; Potts Anderson and Les Cranfels, Simmons University, Abilene, Tex.; Chet Benefield, Tulsa University, Tulsa, Okla.; Chas. Erickson, Ottawa University, Ottawa, Kan.; R. S. George, Jefferson University, Dallas, Tex.; Lou Hartenberger, Rice Institute, Houston, Tex.; Barton Kock, Baylor University, Waco, Tex.; Ves Godley and Sage McLeon, A. & M. College, Magnolia, Ark.

Among the high school coaches are several that have won Texas championships or who have been strong contenders for state honors in the past few years. Dewey Mayhew, coach of the 1931 Abilene Eagles that took the 1931 Texas high school football contest is enrolled in the school. Lil Dimmitt, Beaumont coach, who lost to Abilene last December, is expected but has not yet arrived. Henry Franka, Greenville, who lost to Abilene in the semi-finals, and John I. Pierce, Corsicana, who has defeated by Beaumont in the semi-finals, are both here. Weldon B. Chanman, Lubbock coach, who took his team to the quarter finals, losing to Abilene after playing four games in a little more than a week and a half, is enrolled.

every bout in Amarillo, excepting one, which he lost to Cyclone Mackey. But, this was due to the Blacksmith being under the weather with a severe cold and not properly acclimated to the Plains mile high altitude. He has built up a reputation from coast to coast, from the great Lakes to the Gulf for his feats of strength and ability to break punishing holds.

Other mat stars will support the main event, such as Chief Little Wolf, Osage Indian, and Kaskel's all star athlete; Rob Roy, popular Southwestern wrestler, who hail from Goodnight, Texas, Poncho Vitella, "mad man of the mat" from Old Mexico and Roy Welch, strong boy from Borger, Texas, who can put and take with the front seat ear-twisters. Its an all star show combined with welterweight championship of the world. The public does not want more entertainment, but they want better entertainment, and folks, here it is—a card that would make Madison Square Garden jam the box office.

The big show takes place at the Tri-State Fair Grounds, Amarillo, July 21st.

PASTORS PASS DRY PETITION

CLARENDON DISTRICT PASTORS URGE SENATORS TO VOTE AGAINST WETS

Claiming that the action of the Democratic Convention exceeded their prerogatives of party latitude, and calling upon all Texas Senators and Congressmen in Washington to vote against what is really a wet amendment to the constitution, though hid under the submission proposal, the Methodist Pastors of the Clarendon District unanimously passed the following resolution at a recent meeting in Clarendon. There were nineteen pastors of the district present, according to Presiding Elder M. M. Beavers, and Rev. R. N. Huckabee of Shamrock was secretary of the convention.

Following is the resolution: Whereas, The National Democratic party convention has adopted a plank in its platform to commit the members of the party to the repeal of the eighteenth amendment of the constitution and to commit our members in Congress to vote for the same,

Whereas, ours is a representative government and not a government by or for a party or faction and the party which presumes to speak for the people of a congressional district or state is exceeding its prerogative,

Whereas, Neither party in it's national convention has proposed a test vote of the people of the nation to ascertain the sentiment of the people concerning their attitude on the eighteenth amendment; but both parties have proposed the submission of an amendment of the constitution which would, if passed by three-fourths of the states, repeal the eighteenth amendment,

Whereas, our congressmen and senators represent a district and state which are dry and should be voted on this matter,

Whereas, If congress should do as recommended by both party platforms, this would not be "submitting the matter to the people of the states" but really the first step in repealing the prohibition amendment,

(Witness article 5 of the federal constitution is not headed "Submission" but "Amendments" and the very wording of the article indicates that when articles are thus handed down to the state they are not "submitted" to the states but are thus "proposed" amendments to this constitution. "The congress, whenever two-thirds of both houses shall deem it necessary, shall propose amendments to this constitution—Which—shall be valid—as part of this constitution when

Therefore, be it resolved by the pastors of the Clarendon district of the M. E. Church South, assembled in Clarendon, Texas, July 6, 1932, that we hereby petition our congressman, Hon. Marvin Jones, and our national senators, Hon. Morris Shepherd and Hon. Tom Connolly, to vote against the proposed wet amendment to the constitution, thus expressing the will of their constituency rather than the dictate of a party convention.

Signed, M. M. Beavers, Presiding Elder R. N. Huckabee, Sec.

HYER POWERFUL IN FIRST SPEECH

CHAS. H. HATTON OF KANSAS ELECTED LIONS INTERNATIONAL PRESIDENT

LOS ANGELES, July 19.—The president of Lions International, Julien C. Hyer of Fort Worth, Texas, spoke out in the opening session of convention here today demanding that service clubs take a more active part in the affairs of the city, state, and national government.

According to Hyer the International Association of Lions Clubs has already adopted a plan known as the "Know Your Community" series of programs which are to be given not only through the medium of the 2650 Lions Clubs throughout the country, but also to be given over to local radio stations, to assist all citizens to know their communities and to stimulate their participation and interest in government. Hyer feels that interest in local government will be reflected directly into state and national government, will enforce representation of the people rather than of political hierarchies, and will work for strong national unity.

At the opening of Hyer's address the 5,000 guests and delegates in convention became unusually silent as he emphatically pointed out that "the day of the service organization participating only remotely in public affairs is over. The definite place of the service club in the civic and social life of the world today calls for a braver program in the years that lie ahead than it has dared to undertake in the past. Heretofore content with organization and influence, glorifying in deeds of unselfish service, and in charitable beneficences to the

unfortunate in every community. Lionism must now gird its lions and face the future with a more determined sense of civic responsibility.

"No finer forum for the discussion of the local, state, and national problems can be found than that offered by the gathering of the community's leading business and professional men once each week in a non-partisan and non-political meeting. To hear both sides of leading questions discussed intelligently by careful students of facts and conditions, without endorsement or condemnation, will familiarize the average Lion with all of the elements that he must vote upon or form an opinion about, and permit him to intelligently arrive at a sane conclusion.

"Too many of the intelligent business and professional men today are considering public problems without having the facts before them or being adequately posted upon the actual conditions that exist.

"The time will never come when partisan politics or individual political preference will have any place in Lionism, but the time is right for the laying aside of high-sounding generalities and reiterated idealisms for the realization of the responsibility of an informal citizenship."

Charles H. Hatton of Wichita.

Charles H. Hatton 1932 PRESIDENT 1933 LIONS INTERNATIONAL

Kans. was elected to the Presidency of Lions International in the final session of the Lions Convention.

Mr. Hatton is President of the Peoples Finance Company of Wichita and holds office in several other large corporations in Wichita. He attended school at Southwestern College and the University of Colorado, afterwards going abroad to study at Sarbonne University in Paris.

As chief executive of the 2650 Lions clubs throughout the five

countries, Hatton states that "Lionism will make no departure at this time from its established policy of making haste slowly in over-seas expansion. However," he continued, "there will be no 'marking time' until economic conditions get better. We look forward confidently to the time when Lionism will be established in every city and town on this continent that desires to build a better citizenship and a better community in which to live."

"It is a question whether any association of any kind has ever equalled the records of the 17,050 activities carried on last year by our 2650 clubs or has exercised an influence which has been so far reaching."

Mr. Hutton is a past master of the largest masonic lodge in Kansas and a member of the Midian Shrine.

Mr. and Mrs. Fred Connally and little son of Port Arthur, Texas spent a few days this week visiting in the home of Mr. Connally's parents, Mr. and Mrs. T. F. Connally.

Mrs. T. M. Pyle left Monday to visit her sisters in Hall County.

The old newspaper proverb, "when a dog bites a man, it's not news; but when a man bites a dog, it is news", was proven last Sunday down at Memphis when the Golfers from Childress up and beat the tar out of Clarendon's hitherto undefeated entry in the Cap Rock Golf Association. It was a good old fashioned "bikkin" and will be of considerable help to the morale of the local golfers. It had just about reached the place where the Hill-crofters believed all they had to do was just walk upon the first tee and shake their magic drivers and "bingo" the enemy was retreating and another decisive victory was added to the percentage standing.

However it is doubtful if the results would have been the same had several of the local crack shooters been on hand to fill in the top places. Every Clarendon man after place number one was four positions, out of his usual standing on the team. The loss the first of the year, will not seriously effect the standing or the championship aspirations of the locals provided they are all on hand this Sunday at Memphis for the match with the dangerous and capable Hall county golfers, contenders to displace the top rank of the Hillcrofters.

Quite a number of the wrestling fans of the city are making their plans to attend the titular neck twisting bout in Amarillo this evening at the Metro Ball Park. For the third successive year Jack Reynolds, popular and foxy champion of the mat, appears in Amarillo to stake his championship belt against the mighty little Blacksmith, Cecil Pedigo, winner of this year's sock and strangle tournament.

In previous years Cal Farley, the Panhandle's own mighty popular champion, met the crafty Reynolds only to lose by a slice of old father time after wrestling on a par or even at an advantage with the champ. This year experts are predicting the superior strength of the Kentucky smithy will be an advantage which might bring victory over the eastern perennial champion.

Some good prelims have been arranged and a great crowd is expected to fill the ball park and witness the classic under the cool and peaceful canopy of the bright Panhandle stars.

The Lelia Lake ball team is still hitting the high places taking two contests with ease Sunday from McKnight and Hedley. So consistent is their winning and so hard their hitting that this Sunday probably will find them host to Chamberlain's capable nine. This is expected in case the Goldston ball team is not assembled after their long state of disbandment. If the Goldston club is reorganized the game of the day will be between the north county team and Chamberlain. What a game, folks, it'll be worth seeing. So far the Goldston team holds a 5-3 verdict over the Chamberlain club. However stage of the South county club that was in the organization and many fans believe the verdict will be reversed when the teams tangle again. Anyway, either game will be filled with interest.

Coach Frank Stocking is absorbing quite a lot of foot ball over at the Lubbock coaching school from a few fellows of Glen (Pop) Warner's caliber. So next year the Broncho fans are sure of seeing some fancy foot ball displayed by the Maroon and White "horses" on the grassy gridiron wearing their classy new uniforms. Coach John Hutton writes he is playing golf and leaving for California where he will enjoy the Olympic Games. What a life. Ho hum.

Benton Smith tells us Frank won't be back in the city until September so we might as well make plans for an all-county tennis tournament the latter part of next month. This to be the

First Annual News Tennis Tournament. A suitable trophy will be given the winner and will become the property of the player winning the tournament three times in succession. Every player in the county is eligible to enter and may enter by paying an entrance fee of 50 cents, this to be used in purchasing balls and other incidentals. Get the old rackets out and limber up for the big tournament. A number of players at Hedley are developing into fine players and a good deal of competition is expected from that little city.

I would like very much to be able to forecast the election, folks, but I can't predict anything but sporting events and most of them are on the down and down so instead of making a survey to find out who'll win I'll have to wait until it's over. That's what they have elections and secret ballots for. However, customers, here's a few hints that ought to be good to at least help fill up your waste basket.

HINTS TO VOTERS
The person who "hollers" most and loudest about lies being told usually is quite proficient in that art. Reference—Fergusonism.

It would be quite embarrassing to prove some of the "lies" were lies.

The chamber of commerce or other fraternal or civic organizations does not and never attempts to take part in politics.

Think before voting for any candidate.

Use your best judgement.

Reynolds Once More Risks His Mat Title

Jack Reynolds, welterweight champion of the world and his title match with Blacksmith Pedigo, Kentucky strong man and thoroughbred, at the Metro Baseball Park, Thursday evening July 21st, at Amarillo.

Reynolds who has held the championship with honor continually since 1920, announced he was prepared to show all his sensational skill. He will have to be down, however, for the Kentucky Hercules is good enough to give anybody a tough time of it. Amarillo is all agog over the Reynolds-Pedigo championship match. The famous "Fox of the Mat" has been the owner of the "Richard K. Fox" belt and acknowledged champion of the welterweights by 37 State Athletic commissions for the past 12 years.

Someone will have to invent something better than the "Rocking Cradle" hold if he is to be dethroned as the world's welterweight champion. The Cincinnati "Fox" (Reynolds' home city) isn't going to be beaten by wrist, arm or head locks.

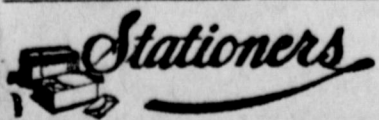

Reynolds has made a most colorful career. He never minimizes his opponent, on the contrary he takes him seriously, and perhaps, that is one reason why he has held the championship all these years. Reynolds has wrestled Pedigo about three years ago, which bout resulted in a draw, with Reynolds retaining the championship. The match went the limit, two hours and twenty minutes with neither man scoring a fall.

Pedigo will prove to be a tough customer for the Champ. The Kentucky Power House winning
