17,400 Canning Jars Sold Here In 30 Days

County Farmers Busy With Vegetable Exchange Plan

CANNING ACTIVITIES BRISK HERE

HUGE AMOUNT OF MATERIAL FOR CANNING SOLD HERE WITHIN THIRTY DAYS

Indicative of the canning activities of the folks of Donley county is the fact that a total of 1450 dozen No. 2 and 3 cans have been sold to the folks by the merchants of Clarendon alone in the last thirty days. Using a little arithmetic we find that a total of 17,400 cans have been sold to the canners of Donley. This total is only the number of cans sold in Clarendon and does not include those sold by merchants in other towns of the county.

The live-at-home plans of the bankers seem to be met with the approval of the Donley county growers, and if the same ratio of cans have been kept up in all parts of the county approximately 8,000 dozen cans have been purchased by Donley folks for canning purposes in the past thirty days. Those purchases before and after the above period will add hundreds of cans to the total.

At Lelia Lake, the center of the canning activities, one farm, the Reynolds-Cruse Truck Farm, carried off honors for one day's canning with a total of 244 cans put up on Wednesday of last week.

Retail Merchants Talk Of Charities

Some twenty-five business men attended the regular meeting of the Clarendon Retail Merchants Association last Tuesday evening at the Clarendon Hotel. The major portion of the discussion was taken up on the subject concerning the charities of the city and the means by which they may be best taken care of this fall and winter. It was brought out that much duplication of effort had been done by the various organizations in the past and that all charity work should, in so far as is possible, be handled through one channel. A committee of business men, E. P. Shelton, Joe Holland and J. E. Teer was appointed to confer with other organizations to more thoroughly concentrate the efforts and prevent any undue waste in the distribution of the charities of the city.

NEW TIRE BUSINESS OPENED HERE THIS WEEK

Mr. and Mrs. O. V. Newton of the city of Plainview arrived here the early part of this week and have opened a used tire and repair shop in the old location of the Potts & McGowan Barber Shop. Mr. Newton has been operating a business of this sort in Plainview and comes to this city well equipped to handle repairs on tires and tubes of almost any size.

COUNTY TAX RATE TO REMAIN AS LAST YEAR

According to information received from the offices of the County Clerk, Mrs. B. G. Smith, the County Tax Rate will remain unchanged for the ensuing year. The rate will therefore remain 76 cents on the \$100.00 property valuation as in the past.

NEWS WINS TOP PRIZE

Sam M. Braswell, editor of The Clarendon News, won first prize, in the statewide contest for the best story on San Angelo, the best city of the 1931 convention of the Texas Press Association, according to a letter received here this morning from J. C. Deal, Manager of the San Angelo Board of City Development. A modest check was enclosed in evidence of the winning.

The story, "San Angelo, Heart of an Empire," appeared in The Clarendon News under date of July 9th.

LEGION DELEGATES LEAVE SATURDAY

REPRESENTATIVES OF AUBYN E. CLARK POST TO ATTEND CONVENTION

The largest delegation yet scheduled to attend a convention of the Department of Texas, American Legion, will leave here Saturday of this week for El Paso to attend the thirteenth convention held in the state of Texas. Plans have been made and unmade for a large delegation to attend from here, but it is thought that four members will be all who will be able to attend at this time.

Nathan Cox, nominated commander for the coming year will head the delegation. Barcus Antrobus, Joe Holland and R. N. Moore are the others who will attend.

The Auxiliary also planned to have representatives at the convention, but the News has not yet learned just what this organization is planning to do in this connection. They have elected delegates and alternates, and should opportunity arise, they will also have a good representation at the convention. Mrs. James Trent, Mrs. B. C. Antrobus, and Mrs. Lollie Bagby were named delegates, while Mrs. O. L. Fink, Mrs. V. A. Kent and Miss Lottie E. Lane were selected as alternates.

CLARENDON TO AMARILLO IN LESS THAN HALF HOUR

Tuesday afternoon, Fred L. Haskett of Dallas and Pilot Fuller Armstrong of Wichita Falls, picked up J. Claude Wells of Memphis and Sam M. Braswell of Clarendon, in the 400 horsepower Stinson-Detroit cabin plane, enroute from Wichita Falls to Amarillo. There being not even a temporary airport here the big plane found a place to sit down out near the Murphy place west of town and when the local passenger had been stowed away, the trip from here to English Field at Amarillo was done in a little less than a half hour.

The purpose of the trip to Amarillo was in furtherance of the plans to save the buffalo herd at Goodnight and to secure the Goodnight ranch as the refuge for all time to come. A conference was held Wednesday morning with prominent Amarillo men and plans consummated for the barbecue and conference to be held at the Goodnight ranch by the Game Commission, state legislators and officials with interested citizens on Monday, Sept. 7th. This affair will be closed to the public in general and admission will be by card only.

Amarillo, through its Chamber of Commerce will finance the barbecue and John Snider, barbecue King, will have charge of the arrangements.

Mr. Armstrong, the pilot, is manager of the Municipal Air Port of Wichita Falls, one of the most enthusiastic promoters of aviation in the Southwest and urges strongly that Clarendon, Memphis and all other Panhandle towns already on the established routes designated landing fields. He says air traffic of all kinds is right on us, and that the towns that prepare for it are the ones who will profit first. Mr. Armstrong offers his services in the setting up of new fields and says that there is no need of going to undue expense in making the beginning. He comments facetiously on the fact that buffalo one of the oldest forms of animal life is now being saved from extinction by air travel, the most modern form of man's activity.

The return trip was made shortly before Noon Wednesday morning, with a side sweep into the breaks of the Goodnight ranch property, landing in Mr. Peoples' pasture at the East end of town, just long enough for the Clarendon messenger to alight amid many thanks for the very pleasant and enlightening ride high above the beautiful farm-checked landscape and rolling pastures of the terrain of Donley, Armstrong and Potter Counties.

Pre-School Students To Be Examined Here

The News has been requested to announce to those parents who contemplate sending their children to school this fall for the first time please notify the Parent Teachers organization of this city so that transportation may be secured to take the children at an appointed time to the physicians' office where they will be given a free physical examination. The examinations are being taken care of by the Clarendon Rotary Club as one of its major activities of the year, and deserves the best co-operation from the people of the city.

The Parent Teachers Association of the local schools have consented to help with the task of seeing that the new pupils start in their school career with nothing to hinder them in the way of physical defects which might easily be remedied before they are overlooked too long. The dates for the examinations will be Monday and Tuesday, August 24th and 25th and Mrs. B. L. and O. L. Jenkins will have charge of the clinic.

Plans for the examination of all the school children in the county will be worked out by the Parent teachers and announced at some later date. It is likely that each school will have a certain date on which the clinic will be held for them.

LOCALS WALLOP MEMPHIS GOLFERS

TWENTY-FOUR OF TWENTY-SEVEN MATCHES WON FROM MEMPHIS

The golfers from the neighboring city of Memphis who invaded the sanctuary of the Clarendon seltzer pounders proved to be of little resistance Sunday as the Hillcrofters breezed through twenty-seven matches and emerged with the loss of only three twosomes. In downing the Hall county champs the locals disposed of the top thirteen men of the Memphis team. Al Cooke, one of the best in the Hillcroft club started things off right when he whipped Frank Foxhall, wrong-headed ace of the visitors, in a spectacular match 2 up. Pampa also was represented but their nine men failed to arrive until after the ranking players of the Hillcroft team were already out on the Memphis matches which made it necessary for the Gray county players to play out of their respective positions. The visitors from the north captured six of their nine matches. The honors for the best play of the afternoon was carried off by Dick Shepherd of the Pampa aggregation who carded a brilliant 73, one over par, for the eighteen holes.

The match with the Memphis team marked the worst defeat the Hill county club has experienced in a number of seasons, and was the most decisive conflict ever staged between the two teams.

The matches and their results follow:

Al Cooke won from Frank Foxhall 2 up. Pinky Kerbow won from Carl Harrison 4-3. Ira Merchant won from Thomas Hampton 7-5. Meredith Gentry won from Ingram Walker 6-4. Dude Gentry won from G. B. Beard 6-5. Walter Wilson won from Rufus Green 5-4. Bennett Kerbow won from Temple Dever 2-1. Selden Bagby won from Dr. Hicks 5-4. A. N. Woods won from M. J. Draper 2-1. Wesley Knorpp won from Dr. Dickey 3-2. Dick Cooke won from M. Odum 9-8. Holman Kennedy won from Lewis Foxhall 4-3. Lee Casey won from Tom Harrison 5-4. G. L. Boykin won from Owen Fields 1 up 19 holes. T. M. Shaver won from H. S. Allen 2 up. G. H. McClesky won from Leon Palmer 7-6. Carl Parsons won from A. R. Evans 3-1. R. C. Weatherly won from Rigsby 2-1. Dick Allen won from V. Bagwell 1 up 20 holes.

Carroll Knorpp won from Ted Reed 7-6. John Knorpp won from Hershel Montgomery 3-2. Homer Parsons won from Reedy Farley 6-5. Earl Alexander won from Whaley 2-1. Paul Smithy won from Buford Bell 3-2. Tom F.

(Continued on Page Eight)

BRONCHO TEAM PROSPECTS GOOD

HIGH SCHOOL ELEVEN OPENS SEASON AGAINST PAMPA HARVESTERS SEPT. 12TH

When the Clarendon High School mentors, John Hutton and Frank A. Stocking, issued the call this week for all candidates aspiring to make the 1931 Broncho eleven nearly 40 husky stalwarts responded. For the past few weeks a number of the aspirants to the Maroon and White team have been passing and booting the oval around getting the feel of the ball before the opening of actual training. Early prospects indicate that the Bronchos will start the season with one of the strongest and best balanced teams since the championship team in 1926.

With the return of Coach Stocking from the Tech coaching school at Lubbock it is almost certain that many new plays will be developed by the Broncho eleven this fall work is probable that the Notre Dame style will be employed in the team's play.

A wealth of material has greeted the coaches with Captain Raymond (Dick) Nichols, 185 pound battering full of last year's team heading the large group. Among the other players reporting for action included eight lettermen and nine men from the reserve squad of last year. Hudson, Andis, Reed and Davis, all stars of the 1930 season will supplement the work of Nichols and will guarantee the strength in the backfield. All the men are fast and are of average weight. The line will boast of heavy and aggressive players in Martin at center, Morris and Reed, guards; Behrens, Easterling and Watson, tackles; with the wing positions being capably taken care of by Benson, Tony Watson, O. C. Watson, Behrens, and Jackson, star of last year's Memphis Cyclone team.

The lack of a capable quarterback will be felt this season as the field general of last year's campaign, Fred Bourland, was lost through graduation. However, plans are now in the making to transform either Reid, Andis or Nichols into the vacant role.

The Bronchos will dive into their stiff schedule at Pampa September 12 where they meet the strong Harvester eleven, strong favorites in the District 1 Class A race. Following this the Bronchos meet McLean, Wellington, Quitaque, Hollis, Oklahoma, Amarillo, Yarnigans, Childress, Claude, and Panhandle. Other games will depend on the standing of the locals at the end of their conference schedule. It is almost certain the Bronchos will meet the Memphis Cyclones, perennial enemy of the local eleven, either in a conference game or in a non-conference battle. This game will be played in Clarendon and will be the classic of the season. Two games with Class A Teams, Pampa and Childress, will be of great benefit to the Bronchos it is believed.

Games will be played this year at the reconditioned and leveled field at the College Park.

COLLEGE STUDENTS NEED ASSISTANCE, CAN YOU HELP?

There are several young ladies who are very anxious to attend the Junior College in Clarendon this fall, but unless they are able to find a place where they can work for their room and board their wishes to attain an education will go for naught. These girls are of the highest type of womanhood and will be only too glad to do general housework, or any other honest work which will only give them the opportunity of pursuing their scholastic work. Most of the prospective students have scholarships, but are so pressed financially that it will be impossible for them to attend school unless they get this necessary help.

If any of our readers have a place or know where these young ladies may be placed please notify Supt. H. T. Burton and give him the information.

There are also a few places needed for boys who wish to make their way through school this fall.

Legion Party Is A Huge Success

The most successful affair ever staged by the Aubyn E. Clark Post of the American Legion is to be found in the description of the stag picnic held last Thursday evening. The members gathered at the appointed time and made their way to Deep Sandy, where a swim was first enjoyed. Bathing suits were barred and the members state that they found great delight in partaking of another swim in the "Rav."

Only one incident was found to mar the entire pleasure of the entire evening. That was when one of the members forgot to take coffee and a picnic was pulled off without the assistance of this all important drink. Commander Miller and Dr. Mark Stricklin have been looking for the man who forgot the coffee ever since they arrived at the appointed place and discovered he missing drink.

Members who attended state they could close their eyes and almost believe that they were back in the old army days when they were free and had few cares. Many of the old diversions were enjoyed and altogether the boys who attended state they wish for many more of the same kind of entertainments.

The original plan for the picnic was to have it on Bell's Ranch, but a death in the immediate family of Mr. Bell caused a slight change in the plans. The J. A. Ranch, through the courtesy of Messrs Henry and Joe Ritter allowed the Legion the privilege of attending this place. Mr. Ritter attended the picnic, he being the only one outside the Legion who attended the meeting. Full details of the picnic will be forthcoming at the next regular meeting of the Legion, scheduled to be held September first.

STATE OFFICIALS TO BE FED SEPT. 7

GAME COMMISSION, LEGISLATORS AND STATE OFFICERS GOODNIGHT GUESTS

A meeting to perfect a statewide organization will be held at the Goodnight ranch Monday, September 7. Gov. Ross Sterling has been invited to attend. Lieutenant Governor Witt will be present, as well as members of the senate, house and the game commission. Many prominent citizens of the Panhandle-Plains section will attend.

At this meeting plans will be adopted to launch a campaign to secure the necessary funds with which to purchase the grazing lands. Members of the state legislature have signified a desire to purchase 10,000 additional acres of rough land for the preserve. In the event of this being done the preserve will have a total of 21,500 acres. The entire preserve is to be fenced with a cyclone proof fence, making it impossible for animals to escape.

Texas will have one of the largest and finest game preserves in America if plans of the state game, fish and oyster commission are carried out, according to Fred L. Haskett, who returned from Austin Monday morning.

Mr. Haskett was in Wichita Falls until Tuesday, when he left by airplane to visit business leaders in Memphis, Clarendon, and Amarillo. It is planned to open headquarters for the organization in Austin.

"The law passed by the special session of the legislature gives the game commission the right to purchase the famous herd of Goodnight buffalos, provided a range is donated," Mr. Haskett said. "A number of prominent Texans have stated that they are willing to donate money for the purpose of buying the Goodnight ranch. The first donation was pledged by a prominent citizen of Dallas, who stated he would give \$1,000.

"The members of the commission are anxious to acquire the Goodnight ranch so that their plans for a big game preserve and sanctuary can be carried out. The commission has ample funds to do as they desire. If the ranch comes into possession of the state the commission will stock the range with wild antelope, elk,

BURTON TELLS OF AVIATION GAINS

FORWARD STEPS IN WORLD OF AVIATION GIVEN BY LIONS TUESDAY

Speaking to the Lions on a subject with which he became familiar during the late unpleasant situation called war, Lion H. T. Burton gave the Lions some very interesting data on aviation and its gain in the past third of a century. Gains in the speed of flight; the duration of flight; the height of flight and the safety of airplane travel were given just to show how great was the growth of this form of travel in the past few years. In 1903, the limit of speed reached was 30 miles per hour. 27 years later, the speed had been increased almost twelve times to reach a limit of more than 357 miles per hour. Other departments connected with the airplanes were given their full share of attention, it being shown that the ratio of safety for airplane travel was higher than for any other means of transportation now in common use.

The growth of air mail transportation was mentioned. A letter may be mailed here before seven in the evening and will reach New York City at 10:45 the second morning. Regular mail would require more than twice this amount of time. A letter mailed before seven in the evening would reach Los Angeles shortly before nine o'clock the next morning. Mail for Saint Louis and Chicago would take about the same length of time as that for Los Angeles.

The address of Lion Burton was greatly enjoyed.

The Lions heard an invitation to attend a big banquet at Fort Worth on the evening before the two-day session at Mineral Wells and were asked to notify the Fort Worth club of their plans to attend. A letter from Fred Haskett was read, telling of his plans for the preservation of the Buffalo herd at Goodnight and calling further attention to the big meeting that is to be held at Goodnight in September.

The membership was called to attention and the annual report sheets were presented each. The Lions were especially asked to note which committee they were placed upon and were asked to take the responsibility of their various committees.

The School Affairs committee was asked for their report. Lion D. O. Stallings reported that the cost of mounting the Moral Code would run to fifteen or twenty cents for the boards, with the other costs not so high. The committee was instructed to act as they saw fit and make their plans in that manner. The Major Activities Committee was called to meet by the chairman, Lion C. J. Douglas.

Lion T. R. Broun made report that the trade idea was working out very nicely. 400 bushels of wheat have been received into the section and quite a large amount of flour. Progress in canning for the last thirty days was mentioned with a total of 17,400 cans as reported from Clarendon alone. Other towns in the county will add greatly to this total.

Lion Douglas asked Lion Kerbow concerning his canning activities, telling the Lions that a total of 30 spoiled cans would have to be taken from the total as these had been lost.

longhorn cattle, chicken, turkeys and beaver.

"It is also planned by the commission to build a fish hatchery at a cost of several thousand dollars. At this time there is no hatchery in the Panhandle-Plains area. Some 40 counties can be served by a hatchery at Goodnight.

"Much interest is being shown in Texas in the plan to save the Goodnight buffalos and to provide the state with a preserve that will be one of the greatest in America. The Goodnight ranch is ideally located, being in a country that has abundant grass and plenty of pure water from living springs. The ranch is located about 180 miles west of Wichita Falls, being alongside the Denver railroad and the Colorado-to-Gulf highway."

BARTER PLAN IS WORKING SMOOTH

WHEAT AND FLOUR BEING IMPORTED INTO COUNTY FOR TRUCK FARM TRADE

The Barter Plan announced by the Barter of Donley county last week has met with the instant approval of the wheat farmers is evidenced by the large file of letters received by county agent, T. R. Broun and G. L. Boykin, secretary of the Clarendon Chamber of Commerce. All of them are interested in trading their wheat for the vegetables raised in Donley county. Several of the plains farmers have brought their trucks filled with wheat to Clarendon, obtained the information where the local farmers could be found and made the trade on the ground, carrying fresh vegetables back to their farms where they will put them up for winter use. A number of the wheat growers who have already had their wheat ground into flour have trucked large quantities of the commodity into the county and traded for the vegetables they needed.

The heavy trading is expected to begin this week end when the tomato crop of the county begins to ripen. The prospective wheat traders are anxious to receive large quantities of tomatoes for their crop, and as this year's tomato crop promises to be the heaviest in a long time, plenty of the commodity will be available for the traders.

A number of the local farmers have taken several loads of fresh truck products to the wheat belt where bartering was done and satisfactory trades put through. This will be continued throughout the next thirty days it is expected.

The letters received by the two agencies mentioned above have come from all parts of the Panhandle from wheat farmers who are wanting to trade their wheat for not only vegetables but for hogs, cows, fruit etc.

Mr. and Mrs. Horace Westmorland and children of Amarillo spent the week end in Clarendon visiting Mr. and Mrs. Tom Connally.

ROTARY ENJOYS FINE PROGRAM

ROTARY GROUP HEARS OF ACTIVITIES OF THE CLARENDON CAMP FIRE GIRLS

The Clarendon Rotary Club heard of the activities of the local Camp Fire Girls troops at the regular Friday luncheon period when Miss Lorena Steagall, head guardian of the local organization, visited the group and outlined the past year's work. She also expressed the appreciation of the girls as a whole for the support and for the donations the Rotary club has given the movement in Clarendon.

The Community Service Committee with Rotarian C. C. Powell as chairman had charge of the program.

Rotarian Carl Throop of Memphis, Dewey Smith of Childress and Rev. C. B. Stephenson from Houston were all introduced to the club as visitors and each expressed themselves as being especially pleased at being allowed to meet with the local civic club.

The Friday's program will be under the direction of the Vocational Service Committee with Rotarian J. W. Evans as chairman.

CARAWAY'S RESTAURANT INSTALLS WATER SOFTNER

To better serve their patrons the Caraway's Restaurant and Bakery of this city have just recently installed one of the newest and most efficient of water softeners. The new water unit will improve the coffee, make better bread, improve the drinking water and please every one patronizing the place of business.

PUT THAT IN YOUR PIPE

One week of the World War cost the United States enough to build in every state 940 high schools at \$100,000; 1,540 grade schools at \$40,000; 480 churches at \$100,000; and 1,920 recreation centers, with swimming pools and playgrounds, at \$35,000. One-half year cost the United States enough to cover the purchase of one automobile and one tractor for every one of six and a half million farmers, with six hundred million dollars left over for good roads.—Florence Brewer in THE TURN TOWARD PEACE.

LESS APPRECIATED AND RIGHTLY SO

As the demands of brotherhood and better understanding among the classes progresses there is less and less appreciation of the man who voices words of class prejudice and who appeals to the baser elements of men.

Those who are to be appreciated as the years pass by are those men who seek under any and all conditions to serve his fellowmen, his community and his nation.

These are times when men and women of the Southwest must stand together for their interests are inseparable. Distinctions of politics, education or wealth are temporary and fleeting. The "common good" is the thing in every activity.

WOMEN

"I'm going to live my own life," she said. "And then two years later, she learned that men may mix many things but want their women straight," wrote the editor of the Waxahachie Light. State Press, of the Dallas News, accused the Waxahachie editor of cribbing the lines from a recent motion picture, but concurred unreservedly in that broad interpretation of a universal, social philosophy.

No greater false hood can issue from a woman's lips than "my life is mine, I'll live it as I please." Not for a single, solitary instant is a woman's life her own. For to her custody has been entrusted the hope, the integrity, the moral strength and the courage of the human race. Man may slip without doing society a permanent injury, but when woman slips the world slips with her.

With a trust so sacred, woman must walk circumspectly. She who makes herself too accessible, whose telephone number is in the possession of too many men of too many shades of respectability, invites suspicion; and she who flaunts the conventions society has laid down for her, commits a sort of social suicide.

It is a hard rule, but a fast one, from which have sprung a thousand corollaries. One of them is that traditional law of the sea: "Women and children first." Another is: "The woman pays." There seems to be no middle ground. Woman is either too good or not good enough, for man. It is a dictum sounded with the accumulated authority of generation upon generation of men.—Editorials of the Month.

A LESSON IN ADVERTISING

One of the strongest lessons we have seen recently in the field of advertising is to be drawn from a news story in a neighboring paper published only this past week.

A merchant indicated that he would sell all the articles in a certain window in his store for an extremely low sum—49 cents to be exact. No newspaper publicity or advertising was used to tell the buying public of this fact.

In this window, attractively displayed and in plain sight, was a five dollar gold piece, encased in a ring to be used for a watch charm. This was offered along with the other merchandise at a discount of more than ninety percent—face value.

The gold piece was not bought. The lesson drawn from this is plain although not many merchants would wish to sell five dollar gold pieces for forty-nine cents for a very great length of time. Had this merchant advertised the fact that he was selling this article at a ridiculous figure, he could not have placed enough of them in his store to supply the demand, yet one in a window remained on display for a number of days without a single claimer.

Thus it is seen that the man who uses his windows only for the purpose of displaying his wares for the public is losing heavily in sales and profits by not tying his windows to that most satisfactory medium—the home town paper.

The lesson applies to Clarendon merchants as well as to the merchants of other towns in this section.

The line will please form on the right.

Herbert Spencer says:—Given a race of beings having like claims to pursue the object of their desires—given a world adapted to gratification of those desires—a world into which beings are similarly born, and it unavoidably follows that they have equal rights to the use of this world. For if each of them 'has equal freedom to do all that he wills provided he infringe not the equal freedom of any other,' then each of them is free to use earth for the satisfaction of his wants, provided he allows all others the same liberty. And conversely, it is manifest that no one, or part of them, may use the earth in such a way as to prevent the rest from similarly using it; seeing that to do this is to assume greater freedom than the rest and, consequently, to break the law."

Carlyle said that given the printing press, democracy was inevitable.

HOT SHOTS HERE AND THERE WITH THE EDITOR'S CLIPPERS

By the time the present-day college boy succeeds in accumulating the horsehide, the pigskin, the coonskin, and finally the sheepskin, poor father hasn't much hide left either.

"Why does a red-headed girl always marry a quiet fellow?" "She doesn't. He just gets like that."

"The time will come," shouted the speaker, "when women will get men's wages." "Yes," said the little man in the corner. "Next Saturday night."

Smith: "Have you ever been in a railway accident?" Jones: "Yes, once when I was on a train going through a tunnel I kissed a father instead of the daughter."

"Any thing new in the comic section this morning, dear?" "Well it seems that the landlord put the Whoop family out in the street; Little Orphan Elsie is being brutally treated by her kidnappers; old Grandpa Zowie isn't getting over the broken leg very well and Betty Bingle took a turn for the worse last night—she isn't expected to last till the Sunday supplement."

"Hand it over, darling—I want to have a good cry."

"A sharp nose indicates curiosity," says a critic. A flattened nose often indicates too much curiosity.

She: I thought it was love at first sight. He: Well, I've been to an oculist since.

1: Why are the streets of Washington named alphabetically? 2: So the congressmen can learn their A. B. C's.

Doc: I'm sorry to say you have some terrible unknown disease that is incurable. Lady: Oh, doctor, couldn't you give me some nice name for it by the time my next bridge club meets?

"How come you always carry that satchel with you?" "I'm in the secret service now. I'm a bootlegger!"

She: "Did you notice those fellows staring at the co-ed when she got off the bus?" He: "No. Were they?" "Boy that was some fire in the library."

"You bet—the smoke poured out in volumes."

"And this is your bump of curiosity?" "Right. I got that by sticking my head in the elevator shaft to see if the elevator was going up. X was coming down."

"So you want to be a champion boxer, huh? Let's hear you yell, 'foul!'"

Then there is the Scotchman who has two hats—one for the month after a haircut and one for the two months before a haircut.

ECK ROBERTSON'S DAUGHTER IS DEAD Mrs. Daphnee Woods, 20 years old, former resident of Clarendon, died at a local hospital here at 1 o'clock Saturday.

She is the daughter of A. C. (Eck) Robertson, famous cowboy and old-time fiddler, and played in the Robertson orchestra.

Mrs. Woods was brought here late Friday night from a Borger hospital.

The Robertson family has been in Borger for several months, playing and entertaining over the radio.

Mrs. Woods played with the group of Robertsons that entertained during a fiddlers contest held here during March.

She is survived by her husband, M. C. Woods, parents, Mr. and Mrs. A. C. Robertson; two children, Elvis, 3 years old and Gene, 18 months old; four sisters, Mrs. Odessa Ownbey of Borger; Marguerite Robertson, Audery and B. B. Robertson; and two brothers, Jack and Dureon.

Funeral services were held Monday afternoon. Burial was in Amarillo.—Amarillo News.

Mrs. C. A. Burton is visiting her brother, Edgar Betts in Clovis New Mexico this week.

ATTENTION GINNERS

Now is the time to check your Printing needs for the coming season. We are in position to give you prompt service on Weight Receipts, Gin Tickets, Scale Books, Special Forms, Numbered and Wired Cotton Tags, Receipt Books, Envelopes, Letterheads, Statements, Ledger Leaves, Rubber Stamps, Carbon Paper, Typewriter Ribon, Adding Machine Paper and anything in special gin form printing. Let us figure your needs. Be sure to get our prices before you buy away from HOME. Always a pleasure to serve you and bear in mind your HOME PRINTER can give you RIGHT NOW service, when you need it and as you want it.

Modern Electric Refrigeration—An Investment in Health

YOUR Electric Refrigerator will maintain automatically a constant temperature under 50 degrees—no matter how high the thermometer registers this summer. This definite assurance of food-safety, you will agree, represents a gilt-edged investment in health.

Why wonder about your foods when you can install a modern Electric Refrigerator and know that your family is safe from the danger of tainted foods? Millions of modern Home-managers have found in this automatic, trouble-free system an efficient and inexpensive solution to their refrigeration problems. You can end your worries in a similar manner.

The accurate and dependable Electric Refrigerator offers unusual economies, too! You'll save money by eliminating food spoilage, by buying in larger quantities at lower prices, and by freezing inexpensive but delicious frozen desserts and salads right in your own home. Ask a salesman to demonstrate this modern Electrical Servant—you're sure to appreciate the many advantages and superiorities of the new Frigidaire.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

West Texas Utilities Company

ITEMS OF INTEREST IN DONLEY

LELIA LAKE

Last Wednesday was a record canning day at the Reynolds-Cruse truck farms. Two hundred forty-four cans, including both No. 2 and No. 3 cans, were filled, sealed and cooked out in their big cooker that day. Most every day this huge cooker is going, and many cans of beans, peas, corn, etc., have already been put up for winter use. One hundred thirty cans of the No. 2 size can be cooked out at one time, and many cans can be canned in a day.

Wedding bells are ringing in our vicinity again. Saturday morning at 9 o'clock, in the presence of a few friends and the immediate families of the contracting parties, Mr. Lon Howard and Miss Louise Lewis were united in marriage. The happy couple left shortly after the ceremony for an extended trip through New Mexico and Colorado, at the conclusion of which they will be at home in Lelia Lake. This popular couple have the sincere best wishes of their many friends for a long and happy married life.

Dallas Smith, of Amarillo, visited last week in the home of his uncle, John Garner.

IN SOCIETY

Leek-Lane

Mr. Lee Leek and Miss Reda Lane married August the eighteenth at Hollis, Oklahoma. They left Wednesday for East Texas.

Kill Kare Klub

Backward, turn backward, O time in your flight, Kill Kare Club was all kids on Thursday night. The fun we had would be hard to tell, Eats galore, till our taste rebelled.

Mosley was funny and full of pep, Hill Massey told of the bath tub step, Stewart's readings were divine, Land's rabbit chase close behind. Rolling the baby buggy was such fun. Till Towler and Sanford fell down on the run. Goldston caught all the smokers on the string. And Lowe waded the creek till the supper bell rang. Nolan and Mann played snap in the sand. Till their shippers were fit for no man's land. The children were all so sweet. A better bunch could not be beat. All were noisy and gay as could be.

When a strange man appeared with hand on hip, We thought he had come for his usual tip. But lo and behold He asked for the road, And was given advice Without any price.

McClensky, Bramley, Cluck, Draffen, Greene, Wood, Kennedy, and Simms. You missed such a treat. You never will know till you walk the golden streets, No one was weary of toil and care, For our picnic went over with hats in the air.

Mrs. Crockett Taylor Charming Hostess Mrs. Crockett Taylor was the charming hostess Friday morning to a number of friends and out of town guests, when she served a lovely breakfast in the beautiful spacious yard. Guests enjoying this lovely affair were: Mrs. Fannie Powell of Houston, Texas, Mrs. W. H. Matthews of Fort Worth, Texas, Mrs. C. D. Stephenson of Houston, Texas, Mrs. J. R. Porter, Mrs. A. L. Chase, Mrs. Atteberry, Mrs. B. L. Jenkins, Mrs. S. L. Bagby, Mrs. A. A. Mayes, Mrs. J. L. Patman, Mrs. Will Martin, Mrs. Geo. Ryan, Mrs. Sella Gentry, Mrs. Phil Ingall, Mrs. Homer Glascoe. After breakfast was over hand work and conversation was enjoyed until near noon.

Zone Meeting at Methodist Church An all day meeting of the Missionary Societies of the Clarendon and Claude Churches was held at the Methodist church, Tuesday. An enjoyable program was given. Lunch was served to about forty women at the noon hour.

Lucille and "Snooks" Andis Give Party A lovely house party (and unusual for brother and Sis did it) was the bridge party at the Ben Andis home, given by Lucille and "Snooks" for a number of friends on Thursday evening.

Seated at the tables were: Misses Pauline Sanford, Mary Alice Quattlebaum, Latrice Quattlebaum, Pauline Shelton, Mary Francis Caraway, Jean Bourland, Jonnie D. Latson, Carrol Holder, Dorothy Jo Taylor, Joyce Link, Lucille Andis, Messrs. Sam Cauthen, Roy Stargel, Bill Rutherford, Kenneth Broun, Steve Green,

Carol Hudson, Tony Watson, "Skinny" Butler, Snooks Andis. Pauline Sanford played High for the girls and Sam Cauthen played high for the boys. At a reasonable hour refreshments were served.

The Intermediate Department of the Methodist Sunday School were guests of the Superintendent, Mrs. B. G. Smith and teachers, Monday evening when they drove to the Country Club and enjoyed a swim and a few games before partaking of a huge picnic supper.

Misses Caraway and Taylor Entertain The young people are going in for all the fun possible in the few remaining weeks before school will take them to more serious tasks. At the Country Club Saturday evening was the scene of a delightfully gay time, with Miss Mary Francis Caraway and Dorothy Jo Taylor as hostesses. The early part of the evening was spent in swimming. Later bridge and dancing was enjoyed until time out was called for something to eat. Guests were Misses Carol Holder, Lucille Andis, Elizabeth Kemp, Barbara Smith, Jonnie D. Latson, Lodi Green, Roberta LaFon, Eunice Johnson, Jean Bourland, Pauline Sanford, Pauline Shelton, Mr. Sam Cauthen, Banton Smith, Phifer Estlack, Tony Watson, Philip Couch, Bill Wood, Joe Noble, Carol Hudson, Mike Stricklin, Roy Stargel, Steve Green, Fred Bourland, Mr. and Mrs. Odos Caraway, Mr. and Mrs. Walter Taylor and Miss Mildred Martin.

Mesdames Hayter and Brady Hostesses In honor of out of town guests Mrs. W. T. Hayter and Mrs. Lillian Brady were hostesses Wednesday evening at the Country Club. A genuine chicken roast was enjoyed. Invited guests included Misses Pauline Sanford, Elizabeth Kemp, Eunice Johnson, Joyce Link, Naomi Allison, Rhoda Wiedman, Helen Wiedman, Julia Wiedman, Eva Lee Morrison, Clarice Fuller, Mmes Catherine Stark, Jim Halle, Henry Simpson, Misses Logan of Lubbock, Texas.

Mrs. Bagby and Mrs. Mayes Entertains Mrs. A. A. Mayes and Mrs. S. L. Bagby were hostesses Friday afternoon at the home of Mrs. Bagby, honoring Mrs. W. H. Matthews of Fort Worth and Mrs. C. B. Stephenson of Houston. The party included Mmes. G. L. Boykin, Crockett Taylor, D. O. Stallings, James Trent, W. H. Martin, W. T. Clifford, J. T. Patman, Mrs. J. W. Welch, Mrs. A. R. Letts and the honorees, Mrs. W. H. Matthews, Mrs. C. B. Stephenson and Miss Agatha Taylor. A lovely plate lunch was served after several hours of needle craft were enjoyed.

Mr. and Mrs. R. H. Hodley and family spent Sunday in the home of her parents, Mr. and Mrs. G. F. Lane. Miss Winnie Weatherly left last Sunday for a two weeks vacation trip to Los Angeles, California, where she will visit relatives and friends.

Mr. and Mrs. Whitfield Carhart, left this morning for their home after a short visit here in the homes of Mrs. R. A. Chamberlain and Fred Chamberlain. Their son, Rufus, will remain here for a somewhat longer visit in the two homes mentioned. Mr. and Mrs. Jesse Tucker of Garland, Texas are here for a visit with Mr. and Mrs. Hugh Brown. Mrs. Tucker is a sister to Mrs. Brown. Mr. and Mrs. Glenn White and Miss Marjorie arrived in the city Wednesday evening from Menard for a visit in the home of Mr. and Mrs. F. A. White. Miss Marjorie has been visiting in Menard and other places of interest for quite an extended time. Mr. and Mrs. Virgil Drew of Oklahoma City are visiting Mrs. Drew's parents, Mr. and Mrs. C. E. Griggs, also Mr. Drew's sister, Mrs. Richard Wilkerson and Mrs. Chas. Trent. Misses Latrice Quattlebaum and Mary Alice Quattlebaum of Ralls, Texas are guests of Mrs. Lillian Brady and Mr. and Mrs. E. V. Quattlebaum. Mrs. Eula Cox who has been away from home several weeks on account of illness spent the week end at home and was visited by her brothers, Houston and Jim Miller. She will visit at Canadian with Houston Miller for two weeks. Mr. and Mrs. C. H. Dillehay and daughters Virginia Ann and Doris Elvine, visited over the week end with Mrs. O. T. Smith and Mr. and Mrs. Tom Conally. Mr. Dillehay is Supt. of the schools of Hereford. Miss Norma Stewart of Bastrop, La., a former teacher in the high school of Clarendon stopped over in Clarendon this week to call on friends, Miss Stewart has been attending school at Ft. Collins this summer. Mr. and Mrs. B. L. Jenkins, Jr., and son, Britt, spent the fore part of this week here visiting in the home of Dr. and Mrs. R. L. Jenkins and of Rev. Leon O. Lewis. O. T. Smith spent one day with home folks the past week returning to Carlsbad Saturday.

LOCALS

Miss Lotta Bourland returned Sunday from a visit with friends in Throckmorton. Miss Norma Rhoda, D'Laurel Beville, Madge Davis, Lilla Bell and Julia Mae Caraway left the latter part of last week for a vacation trip to the mountains of Southwestern New Mexico and other points of interest in that section of the state.

Mr. and Mrs. J. W. Morrison and daughter, Miss Esther, are in Gladstone, New Mexico, where they are visiting in the home of their daughter, Mrs. Bill Close. Mr. and Mrs. Sullivan Cooper from Quanah, are moving here this week and will have charge of the grocery that will be opened soon in the Thomas Feed Store and Mill location.

Mr. and Mrs. Clyde Hudson, Misses Fanny Perry, Carrie Davis and Wright, left last Saturday for a vacation trip to Juarez and Carlsbad Caverns. They expect to return to their homes here the latter part of this week. Messrs Elmer Palmer and Homer Mulkey attended a meeting of the Masonic Lodge in Amarillo Wednesday evening, assisting that organization in welcoming the Grand Master of Texas, James W. McClendon of Austin, to the Panhandle section of the state.

Mrs. Chas. B. Trent and Mrs. Richard Wilkerson and children returned to their homes here last Saturday after an absence of some days in Seymour visiting in the home of Mr. and Mrs. L. W. Drew. A. O. Yates, Miss Lucille Yates and Asa Yates returned Monday from a week end visit with Mr. Yates' mother at Hale Center and with a brother George, at Plainview. They were accompanied home by Miss Wanda Hewett of Plainview.

Mr. and Mrs. B. F. Hardy and Mary, of Childress were callers on a number of friends in Clarendon Sunday. They at one time were with the public schools here.

Mr. and Mrs. B. F. Hardy and Mary, of Childress were callers on a number of friends in Clarendon Sunday. They at one time were with the public schools here.

Learn what a difference six cylinders make

Step out of any other low-priced car into a Chevrolet, and learn the difference six cylinders make.

in smoothness
quietness
flexibility
handling ease
riding comfort
dependability
economy
long life

Yet smoothness is only one of many six-cylinder advantages. There's greater quietness, because noisy vibration is gone. There's greater comfort, because built-in smoothness doesn't tire you out. There's greater flexibility, because the power-impulses of a six overlap. And a six is much easier to handle!

If you raise the hood of a Chevrolet and watch the engine running so smoothly, you'll realize that six cylinders also mean greater dependability.

And remember when you do—that no other car is so economical to operate as the Chevrolet Six.

Twenty beautiful models, at prices ranging from \$475 to \$675
All prices f. o. b. Flint, Mich., special equipment extra. Low delivered prices and easy G. M. A. C. terms.

Mrs. Wm. Gray left last Saturday for Loveland, Colorado, where she expects to join Dr. and Mrs. C. G. Stricklin for the last few days of their vacation in that locality.

Mr. and Mrs. Virgil Drew and son of Clinton, Oklahoma, are here for a visit in the home of Mr. and Mrs. C. E. Griggs and other relatives and friends.

HOW ONE WOMAN Lost 10 Lbs. In a Week
Mrs. Betty Luedeke of Dayton, writes, "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it." To take off fat easily, safely and quickly take one half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks—Get it at Douglas Goldston Drug Co. or any drug store in America. If this first bottle fails to convince you this is the easiest, safest and surest way to lose fat—money back.

Wellington Skyrockets Enter Conference Football Race With Inexperienced Eleven

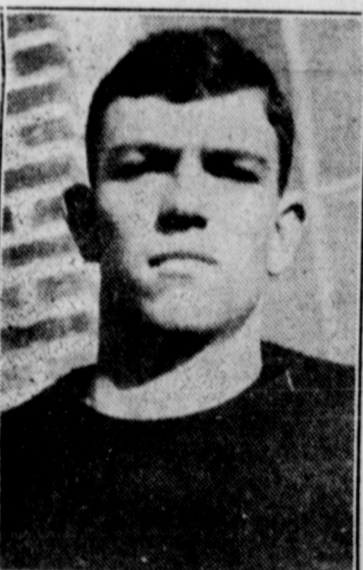

EDITOR'S NOTE: Below is the first of a series of stories concerning the football teams of the District in which the Clarendon Bronchos are a competing team. This story of the Wellington Skyrockets was prepared exclusively for the readers of The Clarendon News by Mr. Hodge J. Harle of the Wellington Leader.

Wellington High School Skyrockets will open their 1931 football schedule at Wellington when they meet the Turkey team at Powell Field, it has been announced by Coach Jim Smith who will begin training his squad August 24 in preparation for their fall card. Other games which have been matched for the Rockets are: Oct. 2, Estelline at Wellington; Oct. 9, McLean; at McLean; Oct. 16, Shamrock at Shamrock; Oct. 30, Clarendon at Wellington; Nov. 11, Pampa at Wellington; Dates which remain open at this time are Oct. 23, Nov. 7, 13, 20, and 26.

Despite the fact that eleven men who won letters last season will be absent from the Skyrockets line-up this year, prospects are most encouraging for a winning team for Wellington, Coach Smith declares. A number of recruits showed up well during spring training, and it is believed at least 40 men will report for the August workouts. From this number, local fans believe a team can be fashioned that will at least equal the record made by the Skyrockets last year when they went through a hard season with only two defeats, in spite of the fact that nine of the men will be playing their first games this season as regulars on the squad.

Letter winners of last year who will be absent from the Skyrocket ranks this season are: Ray Wood, left half; C. C. Small, Jr., tackle; Paul Bell, guard; Merle Cayton, guard; Bob Willoughby, left end; John Stout, tackle; Frank Campbell, right end; Russell Kemp, fullback; and Steamboat Graham, guard.

Captain John Williams, brilliant halfback of last year and who will be used in the capacity of quarterback this season, will lead the Rockets through their 1931

CAPTAIN JOHN WILLIAMS

schedule. Williams is exceptionally fast, carries plenty of weight, and although he was overshadowed many times in the game last season by his more sensational teammate Irvin Gilbert, Williams is due to come through with flying colors during the approaching season. J. N. Cook who won his letter as fullback last year is the only other letter man who will be in the line-up when the Skyrockets go into their schedule in September.

Even though eleven veterans were lost from the squad by graduation, Wellington's team will bear watching. The line will probably be somewhat lighter than last year, but there will be very little difference in the weight of the backfield. Inexperience will be Wellington's big handicap this year, but that may be offset by the fighting spirit which has long characterized grid teams defending the black and gold.

Rev. C. H. Haddon of New York City forgot a scheduled wedding and went to bed, but was awakened and performed the ceremony an hour later.

A Well Filled Larder

brings happiness to your home even if money is scarce. Just now when Donley County is yielding abundantly of garden and farm produce is the time to stock up on peas, corn, cucumbers, cantaloupes, and other produce for the winter months ahead.

Hedley Downs Turkey Golfers Last Sunday

Last Sunday afternoon Hedley's crack golf team journeyed to Turkey where they engaged the Turks in an inter-city match. After the feathers had all cleared away it was found that the Turkey homelings had been plucked for a victory by the score of 10 matches to 5. The Donley county par shooters are becoming one of the most dangerous clubs in the Panhandle, and have lost only one match in the last four with other cities. They have defeated Estelline and Wellington by large margins, lost to the powerful Clarendon Hillcroft players and won from the Turkey club Sunday.

A splendid time was enjoyed by those making the trip to Turkey and all are looking forward to other matches with the Turkey club.

The matches and results follow: Admsom defeated E. Christian 7-6, Hickey lost to Frozzart 1 up, Austin won from Russell 1 up (19 holes), Johnson lost to Gilmore 5-3, Copeland lost to Coker 2-1, J. Swinney defeated Kelley 1 up (19 holes), Deberry defeated Franz 3-1, E. Reeves defeated Pratt 2 up, L. Reeves defeated R. Christian 6-4, Pirtle won from Jenkins 7-5, Rains defeated S. Christian 5-4, T. Swinney lost to Cooper 1 down.

TY COBB STANDS FIRST

Picking the greatest figures in various lines of activity is a mild but often interesting sport, and a jury of twelve old timers recently indulged in the pastime of selecting the outstanding baseball players of history.

An average of the ratings given by the individual jurors lists the heroes of the diamond in this order: Ty Cobb, Hans Wagner, Babe Ruth, Nap Lajoie, Eddie Collins, Willie Keeler, Al Simmons and Tris Speaker.

Seven of the twelve judges picked Ty Cobb as the greatest baseball player of all time, while most of the others gave him second place. The opinion of Cobb's admirers was well expressed by Connie Mack, one of the judges, who said:

"Picking the greatest player that ever lived is easy, I think. I pick Ty Cobb. He was a good fielder, the greatest base runner in the game's history, the fastest thinker, and the most consistent hitter. How can you name anyone else?"

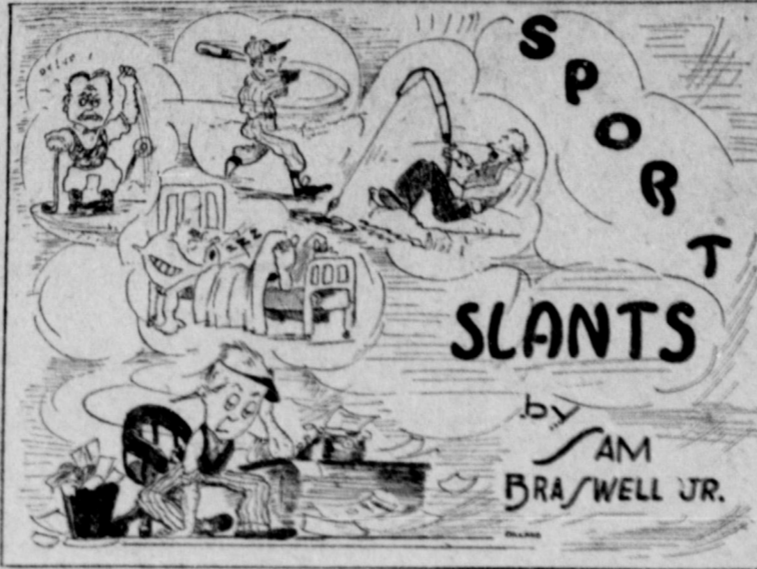

POLITICS AND PERSONALITIES

To those who decry the advent of women in politics and official life the dismissal of Mrs. Jean Hortense Norris from her position as New York's first woman magistrate will appear as an additional argument for their prejudice against officeholding by the fair sex.

Justice of the state Supreme Court, before whom Judge Norris was tried, unanimously ordered her removal from office, finding guilty of altering court records to cover up her unfairness to helpless women "framed" for moral offenses; of owning stock in a bonding company operating in her court; of disregarding the constitutional rights of defendants, and of selling her official name to advertise a commercial product.

All these offenses came to light after she had served as magistrate nearly 12 years, besides enjoying an enviable national reputation as a leader in many political and social movements.

As a general proposition, however, Mrs. Norris's fall from grace proves nothing for or against the participation of women in public affairs. It merely demonstrates anew what every student of human nature knew already—that probity is not an exclusive attribute of either sex, but that good and evil struggles for mastery in the hearts and minds of men and women alike.

Everything is just about set for the opening of the Football season. We sure are glad too, for we have just about exhausted everything we know to talk about in SPORTS SLANTS. The referee's whistle, and the thud of the old pig skin and clashing bodies, is going to sound mighty good to our ears and will send a few shivers up and down our spine as we recall the days when we too were trying to make the team.

The Bronchos open the season against one of the strongest teams in the entire state when they scamper onto Harvester field at Pampa on September 12th. The game will be the first contest for both teams and will give everyone a line on just how the Bronchos and the Harvesters will stack up against their respective teams. The Harvesters are being heralded as a stronger eleven this fall than the powerful unit of last season, however, we hardly see how this could be the case with Albert Lard and Don Saulsbury lost through graduation. Both of these boys were all-state men and were the big punch in the Pampa machine.

But on the other hand the Bronchos are going to have one of the finest and best balanced elevens ever produced by the local school. We would pick Nichols, Hudson, Andis and Reid as a superior backfield to the Pampa crew every day in the week. We honestly believe the four local boys pack the most powerful punch. Their ability is known by the offers made to Nichols and Hudson to make the Pampa and Amarillo teams this season. With this in mind the game at Pampa should develop a wonderful contest. The last game between the two schools resulted in a 0 to 0 tie. The Pampa line probably has the advantage over the local team which may prove the margin of victory. The score will be close and there is a possibility that the Harvesters will open the season with a loss to the Bronch stalwarts.

Much credit is due Coach Frank Stocking for the schedule he has worked out for the locals this year. It is a hard card for the Maroon and White eleven, but will prove a fine tonic for the players—giving them a number of tough games to get under their belts before the conference clashes. With Pampa, Hollis, Oklahoma, and the Amarillo reserves furnishing the opposition plenty of chances will be given the locals to prove their metal under heavy fire.

It is with pleasure that we notice the resumption of activities with the Hollis, Oklahoma, eleven. That was the hardest fought and best games of the local school's schedule a few years back. The out-of-staters know their football and when you

News To Publish New Football Series

Football fans of Clarendon and the surrounding territory will be pleased to learn that starting this week The Clarendon News will publish "exclusive" stories of the football "dope" of the teams which will represent other towns in this district. Many of the readers are interested in learning just what the other teams of the conference will have this fall when they take the field. The News' sports editor has written stories concerning the prospects of the Clarendon High School Bronchos and has worked up an exchange plan with the leading newspapers in Wellington, Memphis, Shamrock, Estelline, Turkey, McLean and Quitaque. Stories have already been received from Memphis and Wellington with others coming along as soon as they are completed.

A story of the Pampa Harvester eleven which the Bronchos meet there on the 12th of September will be published in The News sometime before the contest. These stories have been worked up with the idea of better serving the reading public and another indication of the leadership of The Clarendon News holds in Clarendon and its trade territory.

Another comical incident on that same trip happened at Wellington where the team stopped for dinner. Rufus White in the first car to reach Wellington ordered a fine teabone steak with the intention of finishing it before Boykin arrived. Just as the waiter placed the tempting steak before "Squirty" in came the coach. With a dry grin the popular end moved his seat to another table and offered the delicacy to the grinning mentor, who took the vacated seat and called for another order of "eggs on toast and milk."

O. C. Watson and Tony Watson in conversation with SPORTS SLANTS state they are ready to go and are anxious for the Pampa game to roll around. Tony says: "If we don't win this year we never will. We've got the material and if we'll get tough and train the Bronchos are going to recover a lot of the lost confidence."

O. C. stated that "I'm going to work harder than ever before—I've stopped smoking and most of the boys have. We can get the support of the town if we get

Plenty In Donley County

Yes, there's plenty of garden and farm produce in Donley County right now, but unless there is a general effort to can and preserve the surplus the days of plenty may not last long.

You will be doing your family a service by filling up your shelves with canned produce from your own farm and garden. It's good business. Good for you, good for Donley County, good for all of us.

out there and hustle and give our best to the team." That's the attitude that prevails among most of the players this year and that is all that is needed to have a winner this year in the Maroon and White eleven.

Frank Stocking, just back from the coaching school at Texas Tech tells a good one gotten off by Jimmy Phelan, coach of the University of Washington. In speaking about backfield men with a change of pace and the necessity of it for a real successful back Jimmy says, "a change of pace is necessary in a good backfield threat, but be sure the man has more than the two changes a player for me had. This player boasted of a change of pace but all they proved to be were 'slow' and 'stop.'"

LINDY HOPS FOR MAINE: The Lone Eagle and Mrs. Lindbergh shown leaving Curtiss Field, Long Island, enroute to Northampton, Maine, whence they will take-off on their Orient trip.

The Struve Cheese Factory at Abernathy, Texas, has doubled its output since April this year and is now receiving 4,000 pounds of whole milk daily from farmers.

225 carloads of wheat was shipped from Floydada, Texas, in one month this season.

Swisher county, Texas is contesting with Coleman, Jones, Crosby and Baylor to see which can first liquidate its Federal Production loans advanced drouth stricken farmers. The contest is in line with the program of the West Texas Chamber of Commerce to get West Texas loans promptly repaid.

Wilbarger county, Texas, has averaged producing nearly 40,000 bales of cotton each year for the past twelve years and has 1,800 producing oil wells with normal annual production of 10,000,000.

STORY FAMILY MOVES TO THEIR NEW HOME

Mr. and Mrs. Fred A. Story will leave this week to make their home in Palmaris, where Story will be associated with his father in the management of a Rio Grande valley farm. Mr. and Mrs. Story recently returned to Childress from Amarillo, where they lived the year. Former newspaper owner and manager here, Story was prominent in civic and religious activities of Childress.—Childress Index.

THE NEWS' BOOK REVIEW CORNER

Continuing its policy of specializing in books about Texas and by Texas authors, the Southwest Press of Dallas expects to bring out half a dozen volumes relating to the Southwest during the coming fall.

One of the most interesting will be a reprint of the now almost fabulous "Texas" by Mary Austin Holley, which was the first book ever to be written in English about Texas. Mrs. Holley was a cousin of Stephen F. Austin, and her book is a series of letters written—curiously enough just exactly one hundred years ago in December 1831—from Austin's colony to describe the would-be colonists in the United States exactly what conditions were like in those days in this unknown land. Written to give a graphic and complete picture of life in the Austin colony, in its day it played a historic part in bringing the best class of settlers to Texas.

Today it is a priceless volume of Texiana, so rare as to be practically unknown except to collectors and scholars.

Mrs. Holley was not only a fascinating writer, but a picturesque personality. Recently 125 of her private letters have been discovered which give a delightful picture of her travels across pioneer America. Mattie Austin Hatcher, Archivist of the University of Texas, has woven these letters into a biographical sketch which will be included with the reprint of "Texas." The volume will have the title of "Mary Austin Holley—Letters of an early American Traveller" and promises to give to Texas a major figure among her colorful pioneer women.

GINNING PRICES CUT IN WESTERN ARKANSAS

Ginning of the 1931 cotton crop will be done at hard time prices in Polk County and vicinity. A substantial reduction of the cost has been announced following the meeting of the Western Arkansas Ginners convention, held August 5 at Fort Smith.

R. L. Norris of Mena was the only local ginner to attend the meeting. The association voted to reduce the price of ginning to 25 cents per hundred pounds of seed cotton and lower the price of wrapping to \$1.50 per bale. Last year the price was 30 cents for ginning and \$1.75 for wrapping. The change making a saving of about \$1 per bale to the grower.—Mena Star.

YOUNG PEOPLE WANTED

A practical plan that will enable two young men and three young women to prepare for good opportunities in the shortest time and at a minimum expense will be gladly explained to those anxious to qualify for positions in Business. Clip and mail at once for special plan. First come, first served. Draughon's College, Wichita Falls, Texas. (34pd.)

"CAN I HELP YOU IN ANY WAY?"

THAT'S THE CONOCO MAN'S FRIENDLY OFFER TO MOTOR TRAVELERS

THE Conoco service station man's interest in you is not merely a matter of gasoline and motor oil.

He wants to make your motor trip more pleasant. Supplying air, water and cleaning the windshield are regular services. But that isn't all . . .

His station . . . like all other Conoco stations . . . is a field outpost of the Conoco Travel Bureau. This Bureau, with its thousands of field branches, is the Nation's foremost free travel service for motorists. This year the Conoco Travel Bureau will furnish detailed motor tour plans to over 50,000 motorists. These plans include Conoco Passports, marked maps, illustrated literature and a wealth of special information for each individual trip. These thousands of motorists will find their trips made easier by the free services rendered by Conoco

These Extra Courtesies

- are cheerfully offered motor travelers by Conoco service station men:
- Local Road Information
- Conoco Road Maps
- Package Checking
- Forwarding or Receiving Mail and Telegrams
- Local Sports Information
- Information on Hotel or Camp Rates and Facilities
- Assistance in Obtaining Supplies or Repairs
- Information on Nearby Points of Interest

*There is no charge for these services.

service station men. These men will gladly furnish information on local roads, accurate road maps, tell you the best places to camp, swim, golf or fish, advise you on hotels or tourist camps, giving you the rates and an idea of the facilities offered, check your packages, forward your mail and telegrams, help you to locate the best sources of supply for any purchases or repairs.

Wherever you may go, on a long trip or a short one, you'll find every Conoco man your well-informed friend. We cordially invite you to make full use of these services.

Lions Assembly Plans Big Meet

Mineral Wells, Texas, Aug. 19.—Nine districts of Lionism and five states of the Union will be represented at a Lions Assembly to be held in Mineral Wells, Texas, August 29-30. International President of Lions, Julien C. Hyer of Fort Worth, will be the guest of honor. Mr. Hyer was elected President of the International Association at its annual Convention in Toronto last month.

The Assembly promises to be one of the most important gatherings of Lions to be held in the Southwest during the year. Texas is divided into five Lion districts, known as districts T-E-X-A-S, each district electing its own district governor to supervise its year's work. The five district governors, all of whom will be in attendance at the Assembly are: Sam M. Brasswell of Clarendon, Horace Conley of Eastland, Oscar B. Jones of Greenville, N. R. Pierce of Menard, and B. E. Quinn of Beaumont.

In addition there will be four district governors present from neighboring states, Judge G. Garland Lyell of Jackson, Missis-

JULIEN C. HYER
1931 PRESIDENT 1932
LIONS INTERNATIONAL

ippi, W. P. Canavan of Oklahoma City, Oklahoma, Will Terry of Little Rock, Arkansas, and A. B. Clarkson of Monroe, Louisiana, who will attend the Assembly at Mineral Wells together with other Lions from their districts.

In addition to their regular district and state business and international activities to be discussed, President Hyer will address the Assembly on the part Lionism should play in world affairs today. Mr. Hyer feels that during the present year Lionism could not do a more important job than to "seek to restore to the average man, in every community, his confidence in our business institutions and to furnish a leadership that will stabilize and rebuild our present financial structure to the end of a restoration of general prosperity." Mr. Hyer, himself a Legionnaire and a Captain of Artillery in the World War, is intolerant of any influence tending to disturb American institutions. In his position as head of an organization of 81,000 business leaders in 2,250 communities in five countries, Mr. Hyer feels that a concerted effort to build up the individual community through proper leadership and community spirit could not but have its influence and effect on the counties as a whole and feels that it is a goal which only an organization of unusual numbers and strength could hope to attain.

The Assembly in Mineral Wells will continue for two days, August

How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3500 births without loss of one mother or baby.

DR. W. B. CALDWELL'S
SYRUP PEPSIN
A Doctor's Family Laxative

29-30. Saturday night of the 29th being devoted to a banquet, followed Sunday by conferences of all Presidents and Secretaries.

Several hundred Lions are expected to attend the Assembly for study of the individual clubs participating in the international program of activities.

Important Geological Find Made Here

CANYON, August 19.—An almost complete skeleton of a three-toed horse about the size of a dog and of a type which roamed this region in past geological ages was unearthed this week in the locality of Clarendon, Texas.

A party headed by W. D. Mateer of the faculty of the West Texas State Teachers College, and under the guidance of Mr. Ed McAdams of Clarendon made the discovery; the only bones which are missing are the ribs. The skull, vertebrae and legs are complete. Bill Skelton, a student, made the outstanding discovery of the four day trip, but William Strain, another student, found an almost perfect jaw and legs of another three-toed horse, and parts of a sloth, camel, and teeth, jawbones and other parts of animals not yet identified, were brought in.

The party went from Canyon to Clarendon where they were joined by Mr. McAdams and E. B. Stocking. McAdams has worked for many years with expeditions sent out by the University of California, Yale, Texas, Southern Methodist University, and the Smithsonian Institution, helping specimens for their collections. He is probably the most experienced fossil hunter in the entire southwest and he and Mr. Stocking pronounce Skelton's find the most perfect of its kind that has ever been unearthed anywhere in the United States up to this time. Mr. Mateer said that the services of Mr. McAdams were invaluable in guiding and instructing the excavators and in showing them how to identify and care for specimens which they found.

He and E. B. Stocking worked in the pit for four full days, giving their time and energy because of their interest in the work, and in order that the fossils might be saved for the museum of the Panhandle-Plains Historical Society. A mastodon skeleton will be secured by Mr. McAdams for the museum as soon as the building is ready to receive it.

While in Clarendon the Mateer party was given several fine specimens which had been found by Fred Chamberlain and Cook and given to Jerome Stocking who had exhibited them in his store there. These were placed in the hands of L. F. Sheffy for the museum. The skeletons of the tiny horses will have to be carefully prepared for exhibition and it is stated here that they will not be ready to show for several weeks.

LEGION BROADCAST MAY BE HEARD HERE SATURDAY

A program of especial interest to members of the Legion and to all lovers of entertainment will be pleased to learn that Rocky is to return to the air Saturday of this week. The program has been arranged by the National Convention Corporation of the Legion, which is to hold forth this year in Detroit. The hour chosen is 7:15 to 8:15 p. m. The Red network of the National Broadcasting Company will be used to reach the nation and may be heard from the stations in Dallas, Fort Worth or Chicago.

EARTHQUAKE FELT IN CLARENDON SUNDAY

Several Clarendon residents felt the earth tremors which shook West Texas about 5:46 Sunday morning. The shocks rattled windows, shook dwellings and awoke persons by its peculiar jostling motion. No damage was experienced and only amounted to a thrill for the people here. The quake Sunday was the second slight shock received in this vicinity in the past six years.

Two distinct shocks were felt here at intervals of approximately 30 seconds. Those feeling the shocks state that the first was far the stronger of the two.

At Valentine the most severe tremor was preceded and followed by light ones. The original tremor aroused most of the residents and they rushed into the streets, all escaping before the heavier shocks cracked walls and sent roofs crashing down. The brick school house was damaged badly. The walls were cracked and plaster shaken down. Every chimney in Valentine fell. The Southern Pacific employees' clubhouse was damaged and the railroad's fuel and water tanks damaged. Total loss in Valentine was estimated at \$75,000.

San Antonio was the largest city to report the earthquakes. "Shes were broken, windows rattled and chandeliers swayed, although no extensive damage was reported. William Marx of the San Antonio Weather Bureau estimated the tremors began at 5:39 A. M. and lasted 72 seconds. It was the first earthquake recorded since establishment there of the weather bureau in 1871.

Fort Stockton, in the Big Bend country in Southwest Texas, reported the walls of several downtown business buildings were cracked. Comanche Springs, flowing 60,000,000 gallons of water daily, spouted muddy water for an hour after the earthquake but apparently the flow was not affected otherwise.

Mr. and Mrs. Vernon H. Barker of Ashtola, teachers in that school were in the city Tuesday evening, saying a call on the News office while they were in the city.

ON TEXAS FARMS By W. H. Darrow, Extension Service Editor

AUSTIN, Tex., Aug.—Advances of planting a pure line, uniform sorghum seed are emphasized in the apparently successful use of combines in harvesting the grain, according to R. V. Miller, seed certification director in the state department of agriculture.

Miller witnessed a demonstration of the combine method of sorghum harvesting near Kyle, on the farm of R. H. Sledge. Working through a field of hegar of uniform height, the combine apparently was far superior to the usual harvesting methods, in which grain must be handled twice—once in the field with the header and once in the threshing.

It also appeared that besides facilitating harvesting, the combine eliminated the usual waste of grain resulting from shattered heads, Miller said.

The combine can be used to best advantage, however, only in fields where the crop is of uniform height. There would be a considerable waste in attempting its use where stalks were uneven.

Sorghum seed growers operating under the state certification program with seed stocks obtained from A. & M. College Experiment Station breeding projects, are required to produce a uniform plant, and the use of certified seed was especially recommended to farmers desiring to utilize the combine method of harvesting.

Sorghum appears to be gaining a definite place in Central Texas as a money crop, in some instances replacing corn or cotton, Miller said.

A ready market is found for the threshed grain in the north and eastern states, and the stalks

are harvested with row binders and stacked for feed or ensiled in trench silos and fed out to cattle.

LOOKING FOR THINGS

Did you ever stop to think how much time we waste every day looking for things which have been misplaced? We misplace a letter of document and spend half an hour looking for it. Often several minutes are consumed in searching for a hat or pair of spectacles. Some frequently forget where they have parked the car.

This waste of time through lack of care in putting things in their places was called to our attention by a very timely article in a newspaper which has just

come to our desk. It is such a fine article, so full of good common sense and practical advice, that we shall clip it out for our scrap-book at once.

Now where in the dickens did we put those scissors?

Mrs. W. T. Clifford and Walter Clifford left Tuesday of this week for a business and pleasure trip to the South Plains section.
