### ROAD CONFERENCE HERE TOMORROW

### HIGHWAY OFFICIALS TO CON- FER WITH COUNTY OFFI- CIALS AND R. R. MEN

Under the direction of A. L. Chase, member of the local highway committee, and designated to the adjustment of right-of-way matters between the county, the highway department and the Denver railroad, a conference will be held in Clarendon Friday morning to be attended by representatives of all interests mentioned above.

It will probably be necessary to drive over the route from Hedley to Ashtola during the day where certain obstructions on railroad property must be cared for in the north line of the highway route.

Judge W. D. McCoy, legal counsel in charge of right-of-way for the Fort Worth & Denver, Chief Engineer Stainer of that railroad, and J. W. Mode of this division will arrive here on the morning train for the conference. Divisional Engineer W. D. Van London, District Engineer Bailey of the highway department, Judge Alexander and county commissioners of Donley County will be in the meeting, as will representatives of the chamber of commerce and Clinton Henry of the JA Ranch.

Highway engineers made a preliminary survey at Ashtola, Clarendon, Lelia Lake and Hedley this week and will begin the detailed survey following the outcome of the conference here Friday, when the North line of the route is definitely established.

Dr. George W. Stocking of Austin, Texas, who has recently returned from an eight months stay in Old Mexico studying economic conditions in that country, will appear on the program of the Texas division of the American Association of University women, which convenes in Corpus Christi October 27, 28, 29, discussing the subject of International Relationship.

W. L. McConnell, District Attorney of the 84th Judicial District, from Borger was a week end guest in the home of Mrs. J. D. Stocking.

### BRONCHOS FACE CLAUDE FRIDAY

### CLAUDE MUSTANGS WILL FURNISH OPPOSITION TO BRONCHOS HERE FRIDAY

Tomorrow afternoon it will be horse against horse when the Claude High School Mustangs are guests of the Clarendon Bronchos at College Park in a tussel scheduled to begin at 3:30 o'clock. Coaches Hutton and Stocking have spent this week in ironing out some of the more glaring mistakes which developed in the performance of the 1932 machine in its first test last Friday against Quitaque, so it is reasonably sure a much smoother functioning eleven will take the field this Friday with a good possibility that some changes will be noticed in the personnel of the starting line-up.

An experiment which was especially gratifying to the coaches and the fans alike that proved successful and will no doubt offer a constant threat to all opposing elevens is the overhead game which was used to such an advantage last Monday. It has been some time since the Bronchos have boasted a real threat via air, and this part of the game will be looked forward to by the local fans with interest.

Very little is known of the Mustangs, but information has it that the Claude team is a right formidable outfit and will give the Bronchos plenty of fight through the entire game.

The Bronchos will have to improve a great deal during this week and next to be even considered as having a chance to emerge from the gridiron on Friday night, October 14th, with a victory over the powerful and highly touted Hollis, Oklahoma eleven. It is reported that Hollis has its most powerful team ever to represent that city, which should mean a great deal to local fans as we all should remember the fine teams which used to give the Maroon and White teams such a battle. This information is easily believed when it is noted that Wellington took a 33-0 dubbing at the hands of the Hollis team last week.

A large crowd is expected to be at the park Friday afternoon and encourage the Bronchos to put forth their best efforts.

### FIRE PREVENTION PROCLAMATION

Whereas the State Fire Marshal of Texas has requested me to proclaim fire prevention week beginning October 9th to October 15th, 1932. And it is very important that we as citizens do our dead level best to prevent the burning of property in our City. In 1931 we lost in Texas 368 lives, besides the destruction of millions of dollars in property.

Now, Therefore, I, as Mayor of the City of Clarendon, Texas, do hereby proclaim October 9th to October 15th, 1932, as Fire Prevention Week, and respectfully ask all our citizens to talk Fire Prevention. And I earnestly request our ministers and school teachers to talk fire prevention to the churches and schools of our City.

Respectfully,

W. P. CAGLE, Mayor, City of Clarendon.

### FORMER RESIDENT LIKES COUNTY'S HIGHWAY ACTION

The editor received a letter from Mr. Whitfield Carhart of Greenville, Texas, the fore part of the week enclosing a check for another year's subscription to The News. A letter was added below in which the following paragraphs were a part:

"I do not believe that any issue of The News ever gave me the satisfaction that this one does, on account of the fine action of the Commissioners Court in finally putting over the Highway proposition for Donley County. I feel sure that the town and county will reap far more benefit from this through highway than they would if they had secured another railway, for the traffic now follows the highways.

"The possibility of a City Auditorium also suggested in this issue is just another piece of good news for the town and it looks as if Clarendon will be on the map again before long."

—Nasturtiums—Mrs. J. W. Evans, blue ribbon; Mrs. Odos Caraway, red ribbon.

### Mr. and Mrs. Ben Williams and daughter, Ann, of Pampa, are visiting Judge and Mrs. A. T. Cole. The latter part of the week they will proceed to Carlsbad Cavern.

### MEMORIAL IS PLANNED FOR MRS. C. ADAIR

A movement which is meeting with the approval of the various clubs and organizations in the city is that being headed by Mesdames J. B. McClelland and James Trent, to place a memorial plaque below the portrait of the late Mrs. C. Adair, builder and donor of the Adair Hospital, in honor of her memory. The ladies are receiving a fine response from the clubs approached so far and very little trouble is expected before the worthy project will be completed. The memorial will be of bronze and will be placed in the lobby of the hospital where the picture now hangs, since its return from Canyon where it has rested in the museum at that place.

### FORMER LOCAL BOY GETS STEAMSHIP LINE PROMOTION

People of Clarendon will be interested to know that a native son, John Allen Heath, has recently been promoted to Assistant District Management of a nationally known steamship line in Houston, The Spicovich Lines, operators from the West Gulf of the Prince and Silver Lines, Fast English Service from Texas to Japan, China, India and South Africa. Mr. Heath's success in a business so unusual for one from the Panhandle is more striking when his friends remember he is but twenty-two years of age. John's grandparents were well known pioneers in Donley County, Rev. and Mrs. W. A. Allan, so long identified with Clarendon, and the Panhandle country.

—Petunias—Mrs. Oscar Jenkins, blue ribbon; Mrs. J. T. Patman, red ribbon.

—Mrs. and Mrs. Loyd Stallings and family of Pampa were in Clarendon Monday visiting Mr. and Mrs. D. O. Stallings.

—Mrs. and Mrs. Sam M. Braswell spent the week end in Canyon as the guests of his parents, Rev. and Mrs. J. H. Braswell.

—Miss Mary Stocking who is teaching at Whittenburg, Texas, spent the week end with her mother, Mrs. J. D. Stocking.

### SAM BRASWELL, JR. MOVES TO FORNEY

### BUYS FORNEY MESSENGER AND ASSUMES MANAGE- MENT THERE FRIDAY

Sam Braswell, Jr., who has been news editor on the Clarendon News for the past two years has purchased the Forney Messenger at Forney, Texas, and goes there today to assume ownership and direction tomorrow.

Mr. Braswell is well equipped for his new responsibilities, having been raised in the newspaper office of The Clarendon News, and having had two years of journalism at the University of Texas, where in his last year he was in charge of all sport news issued from the university to over a hundred Texas daily newspapers.

The Forney Messenger is the oldest newspaper in Kaufman County and is one of the sturdy weeklies of that part of the state. Forney is twenty miles East of Dallas on the Texas & Pacific railway and the Bankhead highway, situated in the black land belt, famous for cotton and Forney hay. The Wylie Herald is also included in the purchase, the paper being printed in Forney.

George T. Spears of Graham has owned the Messenger for the past four years and it has been managed by Phil Lukes, his son-in-law. Mr. Spears owns a number of Texas papers, disposing of the Messenger so that his son-in-law, who is a bookkeeper and office man can return to Graham to take over the details of the central office.

Mr. Braswell is moving his household effects to Forney this week and Mrs. Braswell and Master Sam Harben will join him there next week.

The News will miss Sam Jr., but hopes that he will make the Messenger and the Herald newspapers of which their local communities will be proud.

—Mrs. and Mrs. W. B. Haile spent last week end in Panhandle and Dumas. They were accompanied home by Mr. Haile's mother.

### RED CROSS CLOTH HERE THIS WEEK

### LADIES CLUBS AND S. S. CLASSES ARE ASKED TO MAKE GARMENTS

The first shipment of the Red Cross allotment of cotton cloth for Donley County has been received in Clarendon this week, according to Chairman Homer Mulkey, and will be distributed to families in need in all sections of the county.

It is the plan of the Red Cross to secure aid from ladies clubs, Sunday School Classes and similar organizations in making the cloth up into garments for the use of children and women who must have clothing this winter.

Donley County will receive an assortment of cotton goods in prints, ginghams, cotton flannel, birdseye and shirting, to be made up into dresses, rompers, shirts, underwear, etc. Mrs. H. T. Burton is in charge of the details of garment making for the local Red Cross Agency and will cooperate with Mr. Mulkey and all the communities of the county in a proper distribution of the clothing where it will do the most good.

### CARAWAY ATTENDS AMARILLO MEETING

Odos Caraway, local director of the West Texas Chamber of Commerce and in immediate charge of the unemployed effort of the federal government in Donley County, went to Amarillo today to attend a meeting of the Panhandle committee men working on the problem in this section.

Mr. Caraway says that it will be the aim of the movement that no charity be doled out of federal funds, but try and arrange so that those in distress may have an opportunity to work for enough to keep them from want.

It is not yet known just how much funds Donley County may secure, but every effort to get a just share of funds for employment will be used by the city, county and local organizations.

### Brilliant Array Of Colors Feature Les Beaux Arts Flower Show Here

A riot of multi-colored hues greeted everyone upon entering the doors of the Club Rooms on last Saturday when the Les Beaux Arts held its annual Flower show. Hundreds of plants and flowers were banked around the room in one of the most beautiful floral exhibits ever collected in this section of the Panhandle.

Never before has the interest reached such great universal boundaries as this years show, and the club women in charge are well pleased with the local plant and flower exhibit. Not only was there unusual interest from the growers but from the on-lookers also, there being several hundred taking advantage of this exhibit to inspect and admire the various type of plants.

A colored fungus growth on a piece of coal, entered by Mrs. W. W. Taylor, created quite a sensation by its unusualness. The Wild Flower exhibit, sponsored for the first time this year, was won by June McMurtry and Frances Morris. This was not only educational but very attractive and was thoroughly enjoyed.

The winners in the other exhibits are given in the following paragraphs:

Dahlias—Mrs. W. O. Hommel, first; Mrs. F. Wiedman, second; Mrs. J. T. Patman, blue ribbon;

Mesdames W. O. Hommel, F. Wiedman, J. T. Patman, and Miss Frances McMurtry, red ribbons. Single dahlias—Mrs. Oscar Jenkins, blue and red ribbon.

Roses—Mrs. J. L. McMurtry, first; Mrs. T. H. Peebles, blue ribbon; Mrs. J. D. Jefferies, blue and red ribbon.

Cosmos—Mrs. J. T. Patman, first; Mrs. R. A. Chamberlain, blue ribbon; Mrs. C. C. Powell, red ribbon.

Mixed garden bouquet—Mrs. John Potts, first; Mrs. B. L. Jenkins, blue ribbon.

Non-blooming plant—Mrs. W. W. Taylor, first; Mrs. C. H. Bugbee, blue ribbon; Miss Katie Meadors, red ribbon.

### BRONCHOS WHIP QUITAQUE 28-0

### CARROL HUDSON TURNS IN BRILLIANT GAME TO LEAD BRONCHOS TO VICTORY

Overcoming the first obstacle in the road to another championship the Clarendon High School Bronchos successfully repulsed an invasion of the Quitaque Panthers while displaying flashes of the form which carried last year's great Maroon and White team to the Bi-District championship and hammered out a 28-0 win on the new grassed gridiron at the College Park Monday afternoon. As if incensed over the necessitated delay by the weatherman the charges of Coaches Stocking and Hutton launched a withering attack both from the field and through the air to completely outclass the plucky group of Panthers.

A fine opening day crowd lined the field and watched the debut of the 1932 machine which is slated to carry the Maroon and White colors to the top of the conference heap for the second consecutive year. The Bronchos responded with a splendid offering of fine football considering this was the initial contest of the year and the first time many of the players had tasted the game under fire while wearing the local colors. A world of splendid football talent was uncovered and it seems that this year

### SATURDAY BUSI- NESS GOOD HERE

### MERCHANTS ENJOY SPLEN- DID VOLUME AS CROWDS SURGE CITY'S STREETS

Saturday marked the opening of the fall season in Clarendon as the local merchants offered their new lines of goods to one of the largest Saturday crowds to visit the city in several months. Most all business houses enjoyed the largest sales volume in many months and everything pointed to a partial revival of the old buying spirit in Clarendon this fall. While the cotton yield has been held up for two weeks by the inclement weather, thereby delaying the revenue which shall be realized if the weather man gives the farmer the proper break.

This week's open weather is especially gratifying to the merchants and in general there exists a feeling of optimism as trade moves into the Fall season, has brought to the local mentors that reserve strength so necessary for the success of a title contender. More than thirty members of the Broncho squad saw service in Monday's game and all turned in satisfactory performances.

The Bronchos kicked to Quitaque who was held for downs and forced to kick. An exchange of punts drove the Panthers into their own territory and with the

## THE BUSINESS HORIZON BRIGHTENS

With the return of open weather and the first frost of the season there is a general acceleration of trade in all lines.

The hum of the cotton gins and the harvest of crops here in the Panhandle are giving employment to many and bringing in new money that promises to make the Fall and Winter of 1932-33 much better than those of a year ago.

Merchants are pushing their sales and collections and the whole community is taking on an air of bustle and enterprise.

An observation in this connection is that it is the advertisers who are realizing best returns.

## LITTLE CHARITY TO BE GIVEN HERE

Clarendon authorities want it to be known that only the minimum of charity will be given here this winter, and none at all to able-bodied folk who can work for their sustenance.

This does not mean that the community heart has turned to stone where sickness and little children are concerned, but it does mean that there is an end to the pauperizing of those who would live without working.

If plans work out there will be provided some public work and when appeals for help come from the able, they will be invited to work or get out.

Our authorities are right about it. There is no sounder gospel in the Bible than the pronouncement that "by the sweat of thy brow shalt thou eat bread."

## EDITOR BOLIVER "ACCEPTS"

Editor Ed C. Boliver of the Hedley Informer, besides being eternally loyal to his home town and its interests, as all newspaper men should be, is also a man of splendid vision and spirit. He is one of the most interesting writers in the Panhandle and he is loyal to Donley County next to his own home town. In the Informer last week Editor Boliver "accepts" the paved highway which has been assured to the county by action of the Commissioners Court, and makes a few remarks as befits a man of spirit, while he also pays a deserved tribute to County Commissioner Les Hawkins of the Hedley precinct.

Here in Clarendon the proponents of the highway appreciate much the spirit manifested by Editor Boliver of Hedley, and believing that the highway is the best thing for the whole county, hope that only friendliness and co-operation will exist between all sections of the county as the days come and go.

Read what Editor Boliver says, under the caption of "Donley County Will Have Paved Highways":

"Donley county is to have a paved highway. This was assured Monday when the Commissioners Court voted to accept the High-Commissioner's offer to grade, drain and hard surface Highway 5 through the county, the county to provide the right-of-way on the designated route. The Court agreed to issue warrants as needed to purchase said right-of-way, on the south side of the Fort Worth & Denver railroad.

"Hedley people were not pleased with the re-routing past our town, but were unable to impress the powers that be. We are somewhat in the position of the lion and the lamb lying down together—the lamb inside the lion. And we feel like "saying things," but at this stage of the game that would be similar to what the late Dr. J. B. Gambrell once described as "a jargon of sounds to no edification."

"We are forced to accept.

"We accept.

"We shall get out our spade, expectorate on our mits, and help build the blankety blank road.

"The subject should not be closed without a few words about our Commissioner Les Hawkins. Mr. Hawkins knew what the people he represents wanted, and he did his "ding-busted best" to get it for them. Against odds that would have made the average fellow "lay down and play dead," he put up a clean and able fight that deserved to win, and that has called forth even the admiration of the 'enemy.'"

## FURTHER HONORS TO CLARENDON

Many times The News has said that Clarendon has more sons and citizens who achieve recognition and thereby bring honors to the community, than any other city of like size in the Southwest.

And now comes a national honor that reflects much credit upon Clarendon and Texas. Joe Bourland, a Clarendon boy who has won many local and state honors as a student, has been elected to the highest student post in the United States Naval Academy at Annapolis, Md.; Colonel commanding the regiment of the midshipmen.

This honor is so highly regarded back East and North, that many daily papers of that section carried the news of Bourland's appointment with a front page "streamer", and this ought to give Clarendon and Texas people some idea of the lustre that comes to the city and state through this young man who has begun so early to become a national figure.

All of us should take greater pride in our city and her citizenship, for here is an asset that transcends wealth and size of population, or any other attribute of temporal state.

## MORE NOBLE EXPERIMENT

We gather from Republican and Democratic speeches that "prohibition is doomed" yet on the other hand "the old saloon is not to return." Drinking spirituous liquors is to be lifted to a higher social and moral plane. Under government and state supervision the new era liquor dispensaries are to be places where one will not be afraid or ashamed to take one's own mother-in-law for an afternoon or evening of innocent fun. Everything will be done to eliminate the evils of the old saloon and patrons will glide in and out of the new-fangled thirst parlors with a feeling of righteousness only exceeded by a trip up one of Billy Sunday's sawdust trails.

That is the picture the wet candidates have painted for the dries, but the dries would like more information before November 8th. They would like to know just what is to replace the old saloon, what it will be called, how the alcoholic beverages will be dispensed—and in what measure to individual imbibers. Will President Hoover and Governor Roosevelt give them the details of this bigger and better "noble experiment" before election or will the dries choose to vote for what seems to be the lesser of two evil wet planks? Even the wets are curious to know how, when and where the legalized refreshments will be served. In place of the bar with its brass rail and sawdust and convenient cuspidors will they find dainty green and yellow tea tables and chairs? Instead of the corpulent red-faced bartender with sleeves rolled up and large white apron protecting his expensive shirt front or will they find attractive slim bar maids serving rye and gin in tantalizingly tiny teacups to tired truck drivers and weary business executives? Will there be official state bouncers in gold striped blue uniforms to toss objectional patrons out into the gutter or will a kindly gray-haired state matron show them the way to go home?

"The old 'saloon' must not return. It must be elevated until no one can recognize it except, perhaps, by the smell. It is high time that a new and less shocking name were chosen for it. We modestly offer the following suggestions, to either party: Chip Off the Old Plank, Republican Rest Room, Democratic Demjiohn (the younger generation won't know what that means), Ye Inside Inn, State Filling Station, Ye Olde Swimming Hole, All Inn, Dutch Treat Tavern, Cheerio Chateau, Depression Oasis, Prosperity Parlor, Chalk Line Cafe, New Era Speakup, or, Personal Liberty Institutot. Anyhow, we would remind you that "the saloon must not come back"—The Pathfinder.

## FOODS TASTE BETTER... When They're Cooked Electrically

It is common knowledge that foods cooked in their own juices are far more tasty and more healthful than when flavors and vital food elements are boiled away as in old-fashioned cooking methods. Obviously, then, wouldn't it be wise to investigate a modern method of cookery that offers full-flavored, healthful meals—and that makes possible substantial savings every month in the year!

Then call in at our Merchandise Showroom and ask one of our trained representatives to tell you the vital story of modern Electric Cookery. He will show you how an Electric Range will save money for you... how it will produce finer, more attractive and more healthful meals... how it will give you new leisure every day... how it will end hours of hard kitchen slavery. He will explain these important Electric Cookery advantages—and produce actual figures that will show you what one of these modern Electrical Servants will mean to you!

Now's the Time to Buy

Prices never were lower... the need for economy, health and leisure never greater. You deserve the immense benefits of modern Electric Cookery without delay—so why not make your investigation now... TODAY?

We have General Electric Hotpoint ranges to fit every need and every pocketbook. And the terms can be arranged to fit the most modest budget. Take advantage of this SPECIAL OFFER... It has been made in order to give you the invaluable aid of a modern Electric Range!

Call us for an individual investigation of your use of electric service. To determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.

Well sir, the Clarendon High School Bronchos finally got into action Monday afternoon and although the Quitaque Panthers put up a great battle they were simply outclassed by the well drilled eleven produced by Coach Frank Stocking and John Hutton. The Maroon and White mentors have a great team in the making out there and before the season puts many games in the history book quite a swath is going to be cut by the Bronchos as they move unstoppped to their second consecutive District and Bi-District championship. The way they performed under fire, thirty or more of them, Monday, was enough to insure the most ardent fans that the 1932 grid machine will be even much more difficult to handle than last year's powerful eleven when it gets oiled up and running smoothly.

One of the most notable features shown in the play of the team Monday afternoon was the fighting spirit of every lad who was called upon to uphold the colors of old C. H. S. Not a one loafed a down and although several rough spots developed in the play of the various players each was doing his part to mark up a win for the Bronchos.

A fine crowd turned out for the conflict even though it was played on Monday, usually a bad day for any kind of an athletic event. Just an indication of how the folks of Clarendon and Donley are going to back the Bronchos this season—is our solution. It was good to have so many Goldston and Chamberlain fans on the sidelines. Each community has some mighty fine boys on the team this year and not only you, but all of us are truly proud of them. It'll be a better team if the entire county will get behind them—that's support that really counts.

But still some of the players are not doing their part in seeing that this season will be a big success. We refer to the way certain individual players regard training rules. Those who witnessed the Clarendon-Masonic Home game last December should have learned the virtue of good conditioning.

Several Clarendon football players and fans attended the Childress-Memphis football game last Saturday night at the Bobcat city. Well, Childress has a mighty fine lighted field and a very

handsome team, but Clarendon could beat the tar out of the Bobcats with very little effort. Memphis played a good game against the Cats even though defeated 19-0.

And speaking of Memphis brings to mind the fact that on November 11th, the Bronchos will meet that team on their own gridiron for the supreme battle of the season. And that also reminds SPORTS SLANTS that the Bronchos should take the measure of the Cyclones by as large or larger score than they did here last season. Memphis has only a fair team, but of course is endowed with that same spirit which has dominated all Memphis teams termed "fighting courage". For that reason they will be plenty hard to beat and Clarendon fans should not become confident of victory. Memphis never concedes a victory—and won't this year. The Cyclone backfield is as always fast and every member of the quartet is very reluctant in discontinuing his journey this side of the goal line, once he gets into an open field.

And did I predict right when I picked the New York Yankees to cop the World Series? Boy how those Gotham boys do "discourage National League pitchers. It's a shame.

Chicago has witnessed some terrible massacres in its time. The Ft. Dearborn Massacre, the St. Valentine's Massacre and now the Yankee Massacre.

And as for a splendid definition of Sportsmanship we reprint the following:

"If you win—  
Don't brag or strut.  
Let your opponent down easy.  
Let him praise the splendid

game you undoubtedly played.  
If he doesn't do it, well... don't feel that life holds no further joy for you.

To brag little,  
To show well,  
To crow gentle if in luck,  
To pay up,  
To own up, and  
To shut up if beaten,  
Are the virtues of a sporting man."

And now, dear readers, I come to that time when I must say "Goodbye". That hardest of all human assignments, bidding those we like and love, "adios." As I leave Clarendon and Donley County for a new field, realizing probably this will be the final column I ever shall write for those loyal friends who have been so kind and good to me, it is with profound regret. There was never any one who has enjoyed the friendships of a community than I, and I am happy in the thought that these friendships may last through the years to come.

Clarendon has been good to me and as I fold my desk and cover my typewriter and write that well known journalistic phrase "thirty" on my work here I realize the happiest days of my life are being left behind to follow the beckoning knock of "opportunity." Perhaps some have enjoyed these small contributions to your home paper, and with that I am more than satisfied. And now with a most sincere wish for your success and happiness and trusting God's richest blessings on each of you I bid you "Adios."

**Mrs. Eva Rhodes Entertains**

On Thursday evening Mrs. Eva Rhodes was the hospitable and genial hostess to the "42" Club at her home, which had been tastefully arranged with brilliant hued autumn flowers.

A delightful refreshment course was served at the close of a pleasant evening spent in the chosen game "42".

Seated for the games were: Mr. and Mrs. H. B. Kerbow, Mr. and Mrs. A. A. Mayes, Mr. M. M. Noble, Mr. and Mrs. U. J. Boston, Dr. and Mrs. J. G. Sherman, Mrs. Bill Greene, Mrs. E. G. Smith, Miss Mantle Graves, Miss Opal Pyle, Miss Winnie Weatherly, and Miss Norma Rhodes.

**Win-One Class Has Social**

With Mrs. Frank Hommel as gracious hostess, members of the Methodist Sunday School spent an enjoyable afternoon Monday as her guests.

Mrs. R. Y. King opened the meeting by reading the 12th Chapter of Hebrews. In the business session that followed Mrs. R. C. Weatherly was elected President; Mrs. D. O. Stallings, Vice-President; Mrs. Bill Meadows, Secretary; Mrs. Ralph Kerbow, Treasurer; and Mrs. Victor Smith, Reporter. Plans for raising money for the Waco Orphans Home were discussed.

During Mrs. Patman's absence Mrs. Bowen will substitute as teacher of the class.

At the conclusion of the meeting refreshments were served by the hostess, assisted by Mrs. U. J. Boston, to eighteen members.

**1926 Book Club in Session**

With Mrs. Manley Oiler and Miss Edna Mae Mungie as hostesses, the members of the 1926 Book Club gathered in the Warner's Club Rooms Tuesday afternoon for a synopsis of the book "The Mad Lark" by Arthur Stringer.

Roll Call was answered by naming a Canadian industry. Mrs. Robert Dillard, leader for the afternoon, gave a sketch of the life of Stringer, while Mrs. G. L. Boykin reviewed the book in a most interesting manner.

Individual pumpkin pies, coffee and tea were served to twenty-three members.

**1930 Needle Club Entertained**

Mrs. Vada Carpenter was charming hostess to the 1930 Needle Club on Tuesday afternoon at her home.

With needle work and conversation the afternoon passed pleasantly away, no one realizing the time until the hostess served a delicious refreshment course.

Attending were: Mesdames Rheas Couch, Marvin Land, Ernest Hunt, Clarence Whitlock, Ralph Decker, Turner Kirby and Carlos Orlisam.

**LIONS HEAR OF LOCAL SCHOOLS**

DRENNON UPHOLDS YOUTH OF TODAY AS BEING BEST EDUCATED

The School Affairs Committee with Lion J. E. Porter in charge, had charge of the program at the regular luncheon of the Clarendon Lions Club last Tuesday and as such, a school program was presented to the enjoyment and knowledge of the members present.

Boss Lion Merchant presented the club with a proposition from Mrs. James Trent and Mrs. J. B. McClelland who are securing donations from the various clubs of the city to furnish a memorial plaque to be placed below the portrait of the late Mrs. Cornelia Adair, founder of the Adair Hospital, which is now found in the lobby of the hospital.

The Lions Club was requested to make a contribution to this movement by the two aforesaid mentioned ladies and the proposition was referred to the club by the President. Some discussion found the members in sympathy with the move and a motion was made and carried which took care of the necessary funds.

Lion Porter introduced Mrs. Homer Powell, music teacher in the local schools, who responded with two very beautiful piano selections. Dean W. A. Clark, Jr., was next introduced to the members and a very interesting and instructive narration was presented on the work of the science departments in the High School

and Junior College. The new improvements which the department received during the past few months were reviewed and plans unfolded which will place the local institution far in advance of the average school of like rank.

The last visitor of the day was R. E. Drennon, principal of the Junior High School, who brought the members a new thought and angle on the junior high school work. Every one hears these days that the students of today know less than those of past generations, but the local school man states that such is not the case and the pupils of today know far more and are better educated when they finish the junior high school than others were when they finished the high school in past years. To prove that the students of the present are not forgetting how to write, samples were produced by the Principal which were of excellent appearance and very neat.

With no further business the meeting was adjourned until next Tuesday.

A splendid pick-up in job and commercial printing has been noted by The News in the past few weeks as the business houses prepare for the busy fall season which is bound to come.

**NEWS IN ERROR ON CAUSE OF HARRY PIERCY'S DEATH**

The News is glad to make the following correction on the story of Harry Piercy's death which appeared in last week's issue of The News. It was stated that Mr. Piercy ended his life by his own hand by drinking a quantity of poison. In this we were in error and hasten to publish the did not commit suicide, but death true facts of the case. Mr. Piercy was responsible to his mistake in selecting a bottle which contained a deadly poison. The attending physicians stated that death was the result of accidental poisoning.

# IN SOCIETY

## Local Society Makes Opening Game Gay Affair

Last Monday afternoon saw the opening of the football season for Clarendon and the Bronchos, and the Society of Clarendon, Quitaque, and other surrounding towns was in attendance.

The Pep Squad of both schools were dressed in becoming outfits; the local girls wearing maroon jumpers, white silk blouses, and maroon berets, while the visiting girls wore white trousers, black and yellow sweaters, and corresponding berets.

Between quarters and the half the Society Editor caught a glimpse of several notables of Clarendon such as Dude Gentry, Champion Hog Caller of Donley County; Al Cooke, City Golf Champion; Ira Merchant, former City Golf Champion, Jovetta Wilson, Clarendon's Beauty Queen, and Dick Nichols, Captain of last year's Championship football team. I'm sure there were many more there but I didn't get around to seeing them all.

At the beginning of the game I heard murmurs of resentment against Old Sol, however, in less than ten minutes a young Norther well known here in the Panhandle, decided it had been ignored long enough, and came to see the game. So it wasn't long before those who had been shedding their coats a few minutes before were hurriedly donning them again. Everyone was quite enthusiastic and seemed to enjoy the game. This was evident by the shouts of encouragement given the players by those on the sidelines.

And by the way, I heard two Blonds discussing "that adorable new quarterback from Goldston". Poor boy! I'm afraid he's lost now.

## Ashtola Seniors Entertain

Friday evening the Seniors of Ashtola High School entertained the Eighth and Ninth grades with a delightful party at the School Auditorium. In spite of the bad weather a congenial crowd was present and everyone had a grand time. Miss Helen Baley and Hazel Cole were chaperons and sponsors.

Gerald Hatley with his guitar delighted everyone with the songs he sang. At a late hour the party adjourned for home with all delating it a huge success.

Those present were: Misses Edna Lee Walling, Winona Jones, Treva Carper, Athlyn Drennen, Dola Faye Gregg, Loren Rhodes, and Messers Marti Mason, Hubert Ford, Foster Gregg, Richard Hatley, Keith Swinburn, Bartlett Nichols, Triditt Hatley, Ttate Poovey, Weldon Carper and Raymond Williams.

## Mrs. Phillips Gentry Entertains

Honoring members of the Contract Bridge Club, Mrs. Phillips Gentry entertained at her apartment on College heights, Friday afternoon.

The entertaining suite was artistically decorated with bouquets of yellow and pink cosmos and yellow nasturtiums. A delightful afternoon was spent in the games with many new rules and better understanding at the close. An elaborate two course afternoon luncheon was served.

Club members participating in the games were Mrs. Sam Dyer, Mrs. Seldon Bagby, Mrs. Ira Merchant, Miss Mary Cooke, and Miss Lorraine Patrick.

Invited guests included Mrs. J. F. Morris and Mrs. J. E. Teer.

Sam W. Lowe, who was stricken with an acute attack of appendicitis Tuesday night was operated on Wednesday afternoon at the Adair Hospital. At last report he was resting easy.

## Cornelius—Duke

A wedding of great interest to Clarendon and Memphis is that which united in marriage Miss Loree Duke of the latter city and James Ozier Cornelius of this place at Hollis, Oklahoma, on the seventeenth day of June, but is just now being announced by the Bride's mother, Mrs. Grace Duke of Memphis.

Coming as a surprise to their many friends the young couple are receiving congratulations from their host of well wishers for a most happy and prosperous life together.

Mrs. Cornelius is a graduate of Memphis High School and is one of that city's most popular and talented young women, being very active in the younger social set of that city.

Mr. Cornelius is the son of Mrs. L. L. Cornelius of this city. He is a graduate of Clarendon High School where he was active in athletics and school affairs, both socially and scholastically. He is at the present time employed by the Douglas & Goldston Drug Co. of this city where he is a valued employee.

The popular young couple will make their home in this city in the next few days and The News joins with the host of friends in welcoming Mrs. Cornelius to Clarendon and wishing both the best there is in life.

## 1930 Good Will Club Guests of Mrs. T. D. Nored

Last Thursday afternoon the 1930 Good Will Club were honored guests of Mrs. T. D. Nored.

One of the nicest things about this club is that they always want to help one another. So at this meeting they all helped Mrs. Nored quilt a beautiful comfort. Later in the afternoon the hostess served, assisted by her daughter, Zeldia Ruth and Kathleen Oden, delicious refreshments to Mesdames Henry Shofitt, Don Martin, Blanche Oden, Melvin Cook, Si Johnson, Will Johnson, Lucian Bones, Fred Russell, Mae Blasingame, A. O. Yates, and Mrs. L. D. Carlisle, club members.

Invited guests were Mesdames J. F. Starks, Jonnie Rex McClellan, George Greene, and Claude McGowan.

## Surprise Party

Charles Carlson was delightfully surprised last Thursday at noon when he found Grandma Olson, Mr. and Mrs. Ed Carlson, Hubert Carlson, and Mrs. A. D. Walters at his home. The occasion was to celebrate his and Mrs. Carlson's third Wedding Anniversary. They had a lovely dinner which everyone enjoyed immensely.

## Missionary Society Meets

The ladies Missionary Society of the First Christian Church held its regular monthly meeting at the Church Wednesday afternoon, with Mrs. J. R. Tucker president of the society, presiding.

## Episcopal Auxiliary Meets

The Episcopal Auxiliary met in the home of Mrs. L. S. Bagby Wednesday afternoon to discuss ways and means of raising money. It was finally agreed, after much discussion, to have a Bridge Benefit at the Parish house next Tuesday afternoon.

As the President was absent, Mrs. A. R. Letts, Vice-President, presided. The ladies also decided to start work on their Community Chest in the near future.

## Chico Contract Club

Thursday afternoon Miss Esther Morrison was charming hostess to the Chico Contract Club at her home. As all were most congenial a pleasant afternoon was spent.

At the conclusion of the games individual pumpkin pies and coffee were served to Mrs. Katherine Stark, Mrs. Meade Haile, Miss Latrice Benson, Miss Nell Butler, Miss Josephine Murphy, club members; and Miss Lillian Murphy and Miss Betty Weatherly, guests.

## Mrs. Van Kennedy Hostess

The Kill Kare Needle Klub was delightfully entertained last Thursday afternoon with Mrs. Van Kennedy as hostess.

The entertaining rooms were arranged with many gorgeous garden flowers in welcome to the guests, which added much to the delightfulness of the afternoon. In the business session Mrs. Bue Sanford was elected President for the coming year. The retiring President, Mrs. W. A. Massie, was presented with a beautiful basket of flowers consisting of dahlias and silver king. After an enjoyable afternoon for everyone present, a delectable salad course was served.

Bidden to this delightful affair were Mrs. Harry Brumley, Mrs. Eva Draffen, Mrs. W. A. Massie, Mrs. Sam Lowe, Mrs. Bill Greene, Mrs. M. L. Stricklin, Mrs. W. B. Sims, club members; and Mrs. Dave Johnson, Mrs. T. M. Couch, Mrs. Joe Goldston, Mrs. C. W. Galloway, and Mrs. Will Kennedy of Lelia Lake, guests.

The Win-One Class wish to announce that they will hold a Saturday Market, beginning at 9 a. m., at H. C. Kerbow & Sons. All the members are grand cooks so be sure and drop around.

## Sims P. T. A. To Meet Tuesday

The Sims Parent Teachers Association will meet in the South Ward building, Tuesday, October 11th at 3:00 o'clock at which time pupils of the fifth grade will present a short play on Fire Prevention. The rhythm band under the direction of Mrs. Elizabeth Powell will make their first appearance at this time. Mrs. U. J. Boston will give a talk on "Growing Into Life". All members and patrons of the school are urged to attend.

Miss Florence Drew of Seymour, Texas, who has been visiting with her sisters, Mrs. C. B. Trent and Mrs. R. Wilkerson, is spending this week in Pampa as the guest of Mr. and Mrs. C. O. Drew.

## Mrs. Ferrell Honored

The ladies of the First Christian Church surprised Mrs. W. E. Ferrell last Monday night by staging a surprise birthday party for her. They met at the church and about seven thirty they arrived at the parsonage and started things off in fine shape. After spending an hour or so of merry

making and "gossiping" Mrs. C. R. Skinner called the house to order and presented Mrs. Ferrell with a "Birthday present" which the friends had secured for her. Later in the evening the second surprise was sprung when the "surprising" party brought in several cakes and ice cream and all were served with a generous helpings.

## Christian Church to Hold Roll Call Banquet

The First Christian Church announces that they will hold a "Roll Call Banquet" in the basement of the church next Wednesday night. The banquet to be in honor of the new members who came into the church during the past few months, and the Roll call is for the benefit of all of the members. Special efforts are being made to have every member of the church present or accounted for. A special program is being arranged and the pastor, Rev. W. E. Ferrell, is going to deliver an address on the subject, "Roll Call". The banquet will be of the "Dutch Treat" type, every person bringing a box, basket or covered dish and "all hands" eating together.

## Lovely Party

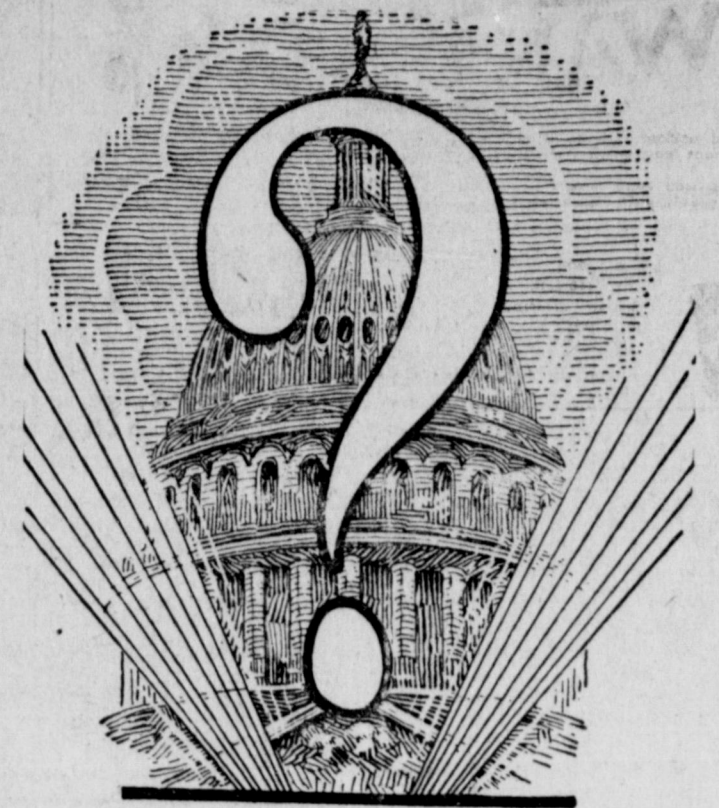

Saturday afternoon Mrs. Katie Rathjen asked a number of her friends in to celebrate her own and Mrs. C. R. Skinner's eightieth birthday. The guests arrived about three-thirty and soon the conversation was lively with various accounts of early experiences in Clarendon. The hostess was presented with beautiful flowers, lovely gifts, and many good wishes for her birthday.

A simple refreshment course was served to Mr. and Mrs. C. R. Skinner, Mrs. Julia Beverly, Mrs. D. W. Clappitt, Mrs. R. J. Dillard, Mrs. Frank White, Mrs. A. Y. Burkett, Mrs. M. McMillan, Mrs. William Terrell, Mrs. A. O. Bauer, and the hostess, Mrs. Katie Rathjen.

## 1922 Bridge Club

A delightful and enjoyable affair of the social week was the entertaining of the 1922 Bridge Club by Mrs. L. S. Bagby at her home Tuesday afternoon.

The house was made attractive by the gorgeous baskets of dahlias, which lent a charm to the tables in readiness for the games of Auction Bridge in which Mrs. R. A. Chamberlain played high and Mrs. W. H. Martin low, each receiving a lovely gift. Mrs. W. H. Cooke was fortunate in the cut for consolation. A two course afternoon luncheon was served at the completion of the games to the club members.

### BIRTHDAY OF FRANCES E. WILLARD ON SEPTEMBER 28

As September 28 was the birthday of Frances E. Willard the great worker in temperance work, this seems to be a fitting time to bestir ourselves and see what we can do to keep from losing the benefits of the work she helped bring about. If the eighteenth amendment is repealed we certainly shall lose it.

Miss Willard was born at Churchville N. Y. but moved to Wisconsin soon afterwards. After graduating from Northwestern Female College, she taught several years and was then made president of the Ladies College at Evanston, Ill.

She was an advocate of Woman's suffrage. During the time from 1879 until her death, she was president of W. C. T. U. In 1887 she also became president of World's Women's Christian Temperance Work, she wrote three books.

### GOOD ENGLISH CLUB

On the twenty-ninth of September the seventh grade met in their classroom for their English club. The house was called to order by the president and the minutes read and corrected. The committee to select a name, motto, color, and flower was called on. "Good English" was selected for the name of the club, and "If we rest we rust", for our motto. Blue and white are our colors with the white rose for our flower.

The constitution and by-laws committee reported they were not ready yet. As there was nothing else we continued with our program.

Warren Hardin told a very interesting story entitled "Hans in Luck." Laura Mae Gerner gave a poem named "The Empire Ship." We then had a song, "Juanita" sung by J. S. Reynolds, Arole Dodson, Hoyt Stavenhagen, and Laird Reeves. It was enjoyed by all. The next number was jokes and riddles by Ernest Gerner. Jack Moss told his most narrow escape. "The Funniest Time in My Life" was Gleason Wood's number. This number concluded our program. Jane Williams made the motion to adjourn. It was seconded and carried and we adjourned until our next meeting, October 13.

### THE UP AND DOING CLUB

English II enjoyed a Bird Program last Thursday. The roll call was answered with favorite birds and their description. Mavis Wiggins gave a bird poem. Billie Howard told about bird enemies and destroyers and he may have been studying from the talk he made. The story of the Seagulls was given by Geneva Robertson. Asna Bell Creamer and Beatrice Virginia Williams, Rubye Jones, Hardin sang "Red River Valley." Then a poem was given by Moody Aten. Aldermae Richardson led the closing song.

Mrs. Tomlinson has decided we are going to improve our club programs this year, as our first program was better than any we had last year.

### THE CHAPEL PROGRAM

The ninth grade presented the chapel program Friday. The first number was a song, "Juanita", by the whole school.

Anna Bell Creamer read "Tradin' Joe" by James Whitcomb Riley.

"In a Shanty in Old Shanty Town" was sung by the Sophomore class.

Virginia Williams then read "The Power of Big Words", a negro selection.

The last number was a pantomime, "And the Lamp Went Out." Hubert Vanderslice, the villain was played by Billy Howard.

Margaret Gerner was very well pleased as Evelyn De Vere.

Ralph Grayson, the hero, was played by D. W. Tomlinson.

Rubye Jones was very stately as Mrs. De Vere, the mother of Evelyn.

The reader was Anna Bell Creamer.

The actors all knew their parts well, so it was enjoyed by all. The Freshmen will present the program next week so we are looking forward to it.

### FIELD TRIP

Hooray! Hooray! The Sophomores met Biology at regular period Thursday and plans were made for a field trip, for which all were glad.

As our study was of the corn borer, we went to a cornfield and studied it there. As we couldn't catch a codling moth we journeyed to an apple orchard to look for specimens there. But as it was out of season for the moth—the other students will be surprised and often wonder what we did but we will never tell. Billie Howard remarked that the larvae would have to look out for himself.

We journeyed to Taylor's lake to look for specimens. Here Billie Howard, D. W. Tomlinson, and James Reynolds made an exploration across the lake. Rubye Jones learned just before returning that Russian Thistles weren't to be run over all the time.

After an hour or so we returned to the "Lab" where we studied our specimens of grasshoppers, moths, butterflies and many other insects. The main specimens collected were of the Orthoptera class and Lepidoptera. Each of these were studied in its native habit, and lifehood possibilities. These species were later taken to "Lab" for physiological study.

A complete exhibit of Texas game fish to be displayed at the Century of Progress World's Fair at Chicago next year is being planned by W. A. Schrivner, Vice President of the Harbor Island Transportation Company of Aransas Pass. In a letter to E. H. Whitehead, General Manager of the Texas World's Fair Commission, Schrivner believes that an exhibit of Texas game fish in the Texas division at the fair would attract much favorable attention and would result in bringing more sportsmen to Texas.

### LELIA GIRLS CHALLENGE TOWN TEAM FOR PRACTICE

The Lelia Lake Basketball girls are challenging the town team to play a game of basketball with them on their court Friday afternoon at 3:30 o'clock.

Come on girls, what's the matter with some of our ex-Seniors. Effie Dean Bullard shouldn't be afraid to match her strength against that of our team. What about Pauline Darnell, Othell Walling, Mrs. Elsie Morton, Mrs. Gretha Grounds and Mrs. Louise Aten? There are several ladies and girls around her who can play ball. Of course we are not in prime shape yet, but we certainly do need the practice and it won't hurt some of our ex-basketball players to help us that much.

Thomas Geomakup had asked his son to refrain from using bad words. Thomas Jr., who was a senior, found a need to express himself to a freshman in words befitting his class. Since this was his first year to study Geometry, he expressed himself in the following manner:

"Say, J. T., you have a hypotenuse in your house and you aren't congruent to anything. Your perimeter isn't great enough your suspenders are diagonal bectors of a surface in the back joined on to a segment. The perimeter of any of your inscribed polygons is less than the circumference of your eye, and the perimeter of any of your circumscribed polygons is greater than the circumference of your left eye."

We are sorry to announce that Thomas Geomakup, Jr., is in the hospital now recovering from a hard blow on the head from the

### Educational Digest

May the people, not only of Texas but of all of America as well, wake up and see the crisis that education is facing and take steps to uphold our standards so that our children will be able to qualify as the type of citizens that America demands.—Ben Pierce, Texarkana.

It costs the State of Texas \$300.00 per year to school one student in a higher institution of learning while on the other hand the State is not able to expend \$17.50 per pupil for public free schools. It seems as if there are a lot of inequalities in the school system of Texas.

Do parents of the younger Texans owe it to their children to consider very carefully the many proposed methods of saving in school expenditures? The coming year will bring forth many more serious problems and a false step here may ruin the schools. Children improperly trained cannot solve them as they should be.—Ben Pierce, Texarkana

Free public education is decidedly an American characteristic.

The only way we have of making progress is through education. It is the only sure guarantee of civilization. If we fall there, we fall everywhere.—Lotus D. Coffman.

"Make Texas schools the best in the world."

The annual cost per pupil enrolled in school in New York is \$130.58, in Texas it is \$48.43, and the average if the United States is \$75.40. It seems as if the children of Texas should re-

hands of J. T. Dumbmeet, who is now being held in the County jail on charge of murder in the attempt.

ceive as much consideration as the average for the United States.

Education is the chief ally of business and the foundation of good government. Its value to the business of the world is in direct ratio to its spread among the people. Refinement in education calls for refinement and increase in the comforts and pleasures of life. Education prepares people to absorb the products of industry. Primitive people do not materially aid markets, and economic advancement must depend on the quantity and quality of the education people receive. At the present hour education needs the support of business if it would do its full share in re-establishing the business equilibrium of the internationalized world.—Augustus O. Thomas, Secretary General of World Federation of Education Associations.

Education is a safe investment.

The famous Laurentides Park in Quebec, Canada, covers about 3,700 square miles and is one of the greatest recreational fields on the continent.

The Laurentian area, lying north and west of Montreal, is one of the best developed recreational areas in the Province of Quebec.

# Texas Is About to Have a Birthday

The Texas Declaration of Independence was adopted and signed at Washington-on-the-Brazos on March 2, 1836. It was drafted by a committee composed of George C. Childress, chairman; James Gaines, Bailey Hardeman, Edward Conrat, and Collin McKinney.

## Let's Invite the Nation to Our Birthday Party

The birth of Texas as an independent commonwealth was an epoch-making event in American history. The struggle of the Texas colonists for freedom was a heroic one and all Texans are proud of the deeds of their forefathers. But it was also the most glorious page in the history of the expansion of the United States to the Pacific and as much a part of American traditions as Concord and Lexington.

All Americans everywhere should revere the memory of the men who contributed so much to the growth of our country and we should invite them to join us in holding a fitting celebration of our hundredth birthday of Texas.

Texas are asked to authorize such a celebration for the Texas Centennial Constitutional Amendment on November 3. The States of the Union and the countries of the world will be asked to participate. The Texas Centennial can be the greatest event of recent Texas history. A worthy sequel after one hundred years to the illustrious deeds of our Texas forebears.

THE CAR SWERVES—skids!—a terrified cry—"Mother!"  
But Mother can't help now... Don't let your loved ones face this. Put on Safety Silvertowns—the tire that resists skidding—the Safest Tire Ever Built!

EVEN a slight skid is terrifying. Thousands were killed or injured in skidding accidents last year.

Greater driving speeds—quick-action brakes—smooth, oil-film roads—all have increased the skidding hazard. All have increased the responsibility of tires.

Goodrich spent 3 years developing a tire to meet these conditions. The new SAFETY Silvertown—the safest tire ever built.

We'll show you proof that the Safety Silvertown resists skidding more than any other tire—proof that its 15% thicker tread gives thousands of additional anti-skid miles—

proof that its Full-Floating Cord construction brings greater protection against blow-outs!

Its extra safety doesn't cost you an extra cent—it's priced the same as any standard tire. A generous trade-in allowance for your old tires, too! Don't wait—put on Safety Silvertowns NOW!

SIX WEEKS EXAMS COME NEXT WEEK

In the Study Hall, teachers are noticing how the students are beginning to study more. What is the cause of this sudden industry? Six weeks tests come next week. Ah, that is the answer. For the first time in this school year, the teachers will have a chance to find out if that student who always looks so wise in class really knows anything, or if those who never say much are not especially intelligent looking as dumb as they look. The students will have an opportunity to find out what kind of tests each teacher gives. For Sophomores, it will be the first test which consumes an hour period. During all the week there will be tenseness in the air. One will hear remarks of "What did you make in...? Doesn't Miss... give hard tests?"

THE FORUM ALPHIAN REPORT

On Monday night, October 3, the Alphan Forum of the Presbyterian church, which is composed of college and high school students, met at the church at seven-thirty before starting on a trip around the world. The countries represented were Palestine, Egypt, Rome, and Greece. On leaving the church the group went first to Miss Virginia Wisdom's, whose house represented Palestine. At this house a piano solo, played by Delphia Bones, was enjoyed as well as a vocal solo by James Smith. Miss Wisdom gave an interesting talk on Palestine, including ancient and modern modes of living, customs, and religion.

The next country was Egypt, which was represented at the home of Rhodin Chase. Mr. Chase gave an interesting talk on Egypt which included much the same material concerning the country as did Miss Wisdom's. Piano solos by Rhodin Chase, and vocal solos by James Smith and Bill Word were the main sources of entertainment. Cake with whipped cream was served before the guests departed to the next country.

After reaching Rome, at Robert Green's home, another article of the same nature was given by Robert, after which several games were played. Grape juice and

RANDOM REMARKS ON THE CROWD AT MONDAY'S GAME

Jimmy Lumpkin and Edward Blair Ozier, two present football enthusiasts and future Bronchos (and incidentally, heartbreakers) were having quite a gay time of it Monday afternoon what with their knowledge of the game, the players, and the coaches. Jimmy happened to see Stocking before the game, and I'll bet there wasn't one person there who didn't hear him yell "There's Frank! Hello, Frank!!" And Edward Blair almost made a social error when he said, "Boyeece, Clarendons gonna beat Quitaque all to h---, all to a pep squad." And if you know what that means you know how Clarendon beat Quitaque.

"Puss" Patrick, as usual, was just "thrilled to death." And Hubert Reavis ran up and down the sidelines wasting breath and energy making funny little sounds on his clarinet. "Lightning" Hudson was a perfect nuisance.

I heard one admiring mother remark to another, "Who is Number 11? Isn't that the little (?) Bolles boy? I never can tell who those boys are when they're dressed in those helmets."

And speaking of helmets, did you notice that none of the Quitaque boys except the center wore them? And every time that lucky player got in position to center the ball, said helmet slipped gracefully and nochalantly as a headgear came to the ground. And when "Snooks" caught that nice pass, about fourteen people argued vociferously for fifteen minutes that Whitlock was the "guy." But thanks to "Pinky" Kerbow, the argument was settled finally; and the sidelines again became quiet and peaceful as sidelines go.

And was Lucille Andis dressed up? She looked like a fashion plate figure standing on those bleachers.

The band and the pep squad deserve a great deal of credit for their contributions to the sideline activities; but next time you're at a football game, just keep your ears open and see how much entertainment you get.

Upon leaving a hospital where he had been a patient, Fred Hobbs of Winchester, England, was knocked unconscious by a doctor's car and returned to the institution.

Mr. and Mrs. Tom Bugbee left Monday for Temple. They will be gone two weeks.

cookies were served. The grape juice represented the old Roman Wine.

The last country was Greece at Bill Wood's house. There another similar article was given on Greece. Games and all sorts of entertainment were played until chocolate cake and tea were served. By this time everyone had had plenty to eat and was ready to go home.

Alpha Delta Psi Literary Society

Is the study of dramatics of value to a Literary Society? Miss Barbara Smith said "yes" in a talk to the Alpha Delta Psi Literary Society on the evening of September the 28th. That new campus sensation, Mavis White-side, sang "A Shanty in Old Shanty Town" very beautifully. Homer Estlack interested the society with a very amusing short story, and the program was completed with a trio composed of James Smith, Saxaphone; Charles Walker, Trombone; and J. R. Cox, Cornet.

Following the program the group was served refreshments by Nova Cook, Delphia Bones, J. R. Cox, and Charles Walker. A very happy hour was afterwards spent in playing games and traveling.

LIBRARY NOTES

The Library of the Clarendon High School and Clarendon Junior College is an object of great importance to the students going to school. Due to the variety of scholastic benefits in the library, it is naturally an indispensable factor in school work. Since the library in use now was the library for the old Methodist college, it is naturally larger and more complete than most high school and junior college libraries.

The high school English students use the library for all kinds of English work, such as collateral readings, which include fiction, non-fiction, drama and poetry; theme material, which demands the use of the "Readers' Guide and the magazine section. In the stacks of the library, some of the filed magazines date as far back as 1925. Students use the encyclopedias to a great extent when only a short biography is wanted in making book reports.

Home Economics students find the library useful also. They read books that deal with home life, cooking, how to keep house, etc. The magazines and daily newspapers come in extremely handy when themes and articles are required concerning modern hygiene. The newest recipes for modernistic dishes are also obtainable in the magazines. It is in every subject that college students find many uses for the library. English, of course, demands much reading and writing in the library, while economics, history, chemistry, etc. afford many causes for work there. Even the math students go there to use lociritham tables.

Magazines to be found in the library are of the more literary order and provide the students with educational recreation. The literature in the magazines that come to the library is always the very best from the best of contemporary writers, including English and other foreign authors as well as American.

BRONCHOS DOWN PANTHERS

The Clarendon Bronchos defeated the Quitaque Panthers 28 to 0 Monday afternoon on Clarendon College field. This was the opening game of the season for the Bronchos. We believe that when the rough edges of play are smoothed down that the Broncho machine will equal that of last year if it does not surpass it.

Neither the Bronchos nor the Panthers showed as much fight game. Almost the entire game was played in Quitaque territory with the Bronchos scoring in the first, second, and fourth quarters. In the first quarter Hudson scored after a beautiful 25 yard run. Whitlock's pass to Martin was completed for the extra point. Early in the second quarter Whitlock scored after the completion of his pass to Andis for a gain of 21 yards and a series of line plays. Whitlock's pass to Andis was good for another extra point. The Bronchos smothered the Quitaque kicker late in the quarter for a safety and two more points. In the fourth quarter Haile intercepted a pass and after a brief march the Bronchos again intercepted another pass and made a fine thirty yard run for the final counter of the game. Hudson, Andis, and Watson were the stars for the locals while Hawkins, Bickford, and Grayham starred for the visitors.

The Bronchos will meet the Claude Mustangs on the field here Friday afternoon in what is expected to be a fairly easy game. However, the Mustangs will put up a good scrap and our boys will need the aid of all the fans. No football game is a snap and the Mustangs may surprise us, so come on out and back your team.

SENIOR CLASS REPORT

The Seniors of 1932 have the purpose of being the best Senior Class ever to graduate from C. H. S., firmly fixed in their minds. All members of the class intend to have as high a scholastic standing as possible. They are also going to have lots of good times, in this, their last year in C. H. S. In their chosen officers they have able leaders for this year's work. That their rival class, the Juniors, have not even a small chance to equal them in any activity is their boast. What will the Juniors say in answer to this? What can they say? Nothing!

CHILDREN (SOPHOMORE)

You folks can imagine how some of our Sophomore boys look in football suits.

Palo Duro Literary Society

The Palo Duro members met in regular session on Wednesday night, September 28th to enjoy a very unusual program. A detailed study was made of Sinclair Lewis, a much talked of contemporary American writer.

"Sinclair Lewis' Life and Works" was discussed by Bill Word. "The British view of Sinclair Lewis' Prize" was discussed by Lucille Andis. Robert Green briefly discussed the America of Sinclair Lewis. Bill Word read "Ring Around the Rosy," a short story by Lewis. Henry Wilder decided that things were getting a little too "literary" for him so he played "Goofus" and "In Old Shanty Town" on his saxophone. This concluded the program and his works will be discussed.

NEW DEBATE QUESTION RECEIVED

The Interscholastic League in its 1932-1933 State Meet in Austin next spring will debate the following question: "Resolved, That at least one-half of all state and local revenue in Texas should be derived from sources other than taxes on tangible property."

It is obvious that a discussion of this question will necessitate an intensive study on certain points of our tax laws. Thus far nothing has been done toward organizing debate teams in Clarendon High School, but a few students have shown interest in this literary event of the Interscholastic Meet, and local work will begin as soon as the debate bulletins are issued.

PRESS CLUB ORGANIZED

The Press Club of the Clarendon High School and Clarendon Junior College met Tuesday afternoon in Room 20, and organized for the coming school year. A list of officers and members follows: Bill Word, president; Jo Ella Stewart, vice president; Betty Walker, reporter; Bill

WOOD, HENRY WILDER, JEAN BOURLAND, BERKELEY RYAN, EVELYN STRODDARD, JO ELLA STEWART, GERALDINE PRATT, PAULINE SLOVER, ELEANOR MORRIS, AND WILMA DEE SMITH, MEMBERS.

The membership of this club is made up entirely of reporters from the various clubs and classes, but it is open to any student of the Clarendon High School or College. Miss Ineva Headrick is sponsor of this club, and the next meeting will be held October 28, 1932 in Room 20.

# History of Interesting People and Places of The Old Time Panhandle

BY MRS. L. S. BAGBY

Let us now look at the rest of the Panhandle and locate the other early ranches. In 1877, Thomas S. Bugbee was the second to come. He left the Arkansas River in Western Kansas and came to settle upon the creek that now bears his name, a few miles from the Canadian. There he built a dugout, with buffalo hides for a door. Mrs. Bugbee, a good rifle shot could stand in her door and kill buffalo as they grazed nearby. Later Bugbee built a stone house, the walls of which are still standing. Mrs. W. H. Patrick, his daughter, was born here.

In 1877, H. W. Cresswell also established the Bar C's Ranch on the Canadian, 25 miles east of the Bugbee Ranch. Cresswell, a Canadian and a remarkable character, came from Colorado.

From Ft. Griffen, in 1878, came R. L. McNulty to settle near Adobe Walls and establish the Turkey Track Ranch. This was later bought by the Hansford Land and Cattle Co. Tom Coble of Amarillo now owns this ranch. At one time Cal Merchant foreman for eleven years.

W. E. Anderson, in 1879, released his Scissor brand and started the Adobe Walls Ranch. In the same year, George W. Littlefield settled on the Canadian, west of the L X Ranch, with a herd of 3,500 head of Texas cattle. This was known as the L-I-T Ranch and was later located on the Cheyenne.

In 1887, L. G. Colman and Lee Dyer started the Shoe Bar in Donley and Hall Counties, with headquarters at Deep Lake on Red River. Also that year a Mr. Evans established what was later known as the Rowe Ranch. In 1885, three brothers, Alfred, Vincent, and Bernard Rowe came to the Panhandle from England and bought this ranch. Later Vincent and Bernard Rowe returned home and Alfred bought their interest in the ranch. When Alfred Rowe brought his bride to the Panhandle, they spent several weeks with Mr. and Mrs. J. B. McClelland before going on to the ranch. Alfred Rowe went down with the Titanic when returning to his ranch from England. As a memorial to her husband, Mrs. Rowe made an endowment of a thousand dollars to St. John Baptist Episcopal Church in Clarendon. In a recent letter to Mrs. McClelland, Mrs. Rowe said that some of the happiest moments of her life were spent in Clarendon. W. J. Lewis now owns this ranch.

From 1880-82 Mrs. Goodnight and Walter Dyer owned the Shoe Bar, but in 1883 this was purchased by Mr. Bugbee and Judge Nelson. Later Bugbee and Coleman owned it and after Coleman's death in 1894 his interests were sold to J. K. Zimmerman. The ranch has been sold into farms, however the old house at headquarters is still standing.

In 1882 there were several ranches established near Clarendon. These were: the Quarter Circle Heart by L. C. Carhart; the Frying Pan by H. B. Sanborn; the Horse Shoe by J. V. Andrews; and the Spade by a Mr. Carpenter, north of Clarendon, where the old stone house at headquarters is still standing. Mr. and Mrs. R. L. Bigger lived here a year.

Curtis and Atkinson, in 1885, started the Diamond Trail on Buck Creek in Hall and Collingsworth counties. Since then Browder Bros. bought this land. In the same year Morrison Bros. with the Doll Baby brand located near where Giles is.

In 1887, just one year after Lee Dyer helped Goodnight locate the Old Home Ranch, he started the first ranch west of it on the Palo Duro north of Canyon City. Here he built a log house which stands today. This ranch is unique in that the

State of Texas bought the headquarters in order to preserve it intact. Its ranch house was the first hewn log house in the Panhandle. The largest herd brought to the Panhandle by 1882 was brought to the T Anchor. It had the first irrigation ditch in the Panhandle and the first oats were planted here. Just recently James Wright of Oklahoma City and L. Gough of Amarillo celebrated the fiftieth anniversary of their arrival at the headquarters.

The XIT Ranch is perhaps one of the most widely known ranches of Texas. In 1885 the Capitol Reservation, which consisted of five million acres lying in Dallam, Hartley, Oldham, Deaf Smith, Palmer, Lamb, Bailey and Cochran counties, beginning at the north-west corner of the Panhandle and extending south adjacent to the New Mexico line for over two hundred miles. Fifty thousand acres were provided to meet the costs of surveying, and even at that late day wandering bands of Indians sometimes crossed the plains so that a detail of Texas Rangers was sent along with the surveyors as protection. A law was passed Feb. 20, 1879 appropriating three million acres for the actual building of the State Capitol. D. O. Stallings helped to build the windmills on the XIT Ranch.

The Spur, one of the largest West Texas ranches, was located in Garza, Kent, Crosby and Dickens counties. It was owned and operated from 1885 to 1907 by a British syndicate, after which S. M. Swenson and Sons bought it.

The early ranches were not without their mail. In the years 1885-1886, L. E. (Shan) Atteberry carried the mail to the J. A. Ranch from Old Clarendon in a buckboard, with Spanish ponies, reaching the ranch at noon, changing teams, then on to Quitaque Ranch, located about seven miles beyond the present town of Quitaque. He spent the night there and with fresh horses made the return trip in like manner. There was only one wire fence between Old Clarendon and Quitaque, hence he had only one gate to open the entire distance which was something over fifty miles.

To immortalize the history of the Texas cow business and its importance, as the States original great industry, thirty-two famous brands have been chiseled on the walls of Garrison Hall, at the State University at Austin.

In 1878, Quanah Parker and his followers left the reservation and came to their old camping ground in the Palo Duro Canyon. Goodnight went out to meet the Indians and at headquarters he and Quanah Parker made an agreement as follows: Quanah Parker was to keep order among the Indians and protect Goodnight's property, and Goodnight was to give the Indians two beaves every day until they found the Buffaloes. On the second day troops from Ft. Elliot came to the ranch and stayed three weeks, then the Indians were ordered back to Ft. Sill.

Another danger of the early days was the outlaw and rustler. As there was no county government, the better class citizens from the Canadian on the north to the Matador ranches on the south, met to see what could be done. At Mobeetie in 1880, a permanent organization was established, known as the Panhandle Stock Association, with Goodnight as its first President. The first few years it was very hard to get convictions in the court, which was held in Wheeler County.

Wheeler County was organized in 1879, with Rev. Emanuel Dubbs as County Judge. This court had jurisdiction over twenty-nine counties, and Mobeetie was the county seat. In 1882 Donley Coun-

ty was organized, with Clarendon the County Seat. The fees by law did not yield enough to pay the officers, so the Cattlemen's Association assessed themselves to pay them. They also furnished the prorate for the first school, although not one of them had a child in school.

When the J. A. Ranch was first established, Trinidad, Colorado was the nearest place to obtain supplies. These were hauled by ox-freight, which cost one cent per hundred pounds for one mile. Later the supplies came from Dodge City, Kansas and still later Colorado City, Texas. When the Ft. Worth and Denver Railroad was built to Wichita Falls it was the trading point. In 1887 Clarendon became and is still the source of obtaining supplies. The first wire fences were built by Mr. Henry W. Taylor in 1882, on the north boundary of the J. A. Ranch.

The J. A. Ranch, now reduced to four hundred thousand acres, is the best equipped and most favorably situated of all the ranches of the Southwest. The headquarters, ideally located in Armstrong County just at the foot of the caprock, is surrounded on the south and west by a series of hills, to the north and east it ever looks at a beautiful flat. The headquarters is composed of the following buildings: The Big House, bunk house, office, bookkeeper's home, wagon-boss' house, Delco lighthouse, garage, blacksmith shop, and the wagon yard. The Big House was the old Adair Home. It is a large two-story structure of nineteen rooms, four of which are the old log house built by Charles Goodnight of logs cut in the canyon when he first established the headquarters here in 1879.

Some of the men employed on the J. A. Ranch in an early day were: Henry Taylor, Joe Horn, Charlie Johnson, Mitch Bell, Theo Crabtree, Charlie Murphy, Charlie

Heisler, Charlie Phillips, Tom McFarland, Jeff Campbell, Wint Bairfield, Will Terrell, Vince Terry, Jack Hall, George Doshier, Harry Piercy, Charlie Parks and Ed Carlson. Dick Walsh was manager a number of years and Whit Carhart, bookkeeper.

## G. W. Antrobus Attends Jubilee

G. W. Antrobus, a prominent citizen of Clarendon, attended the Golden Anniversary Party held in Wichita Falls last week. The following is an interview printed from the Wichita Banner: "If only I had been in the real estate instead of the investment business back in 1883 when I lived in Wichita Falls, I would probably be better off today. Then I would have had something to tie me to the town and would never have left." George W. Antrobus of Clarendon, said this week when he attended the anniversary party. Folks who know Mr. Antrobus say that he has done well during the last 47

years, but he firmly believes . . . and says so . . . that he would probably have done better had he stayed in Wichita Falls. "I came to Wichita Falls over the Fort Worth and Denver railway in its first year of operation in this territory. During the four years I lived here I remember fighting three different fires which nearly destroyed the town. With frame houses and no running water, it wasn't hard to start a real fire in those days," he recalls.

Mr. Antrobus laughed when he was asked where his 'office' was back in '83. "Out on the street," he answered. The total population of the town amounted to about 1,000. "I remember the day the railroad was opened to Harrold. Wichita's population went down to zero, and Harrold's went up to 1,000. We all went over." "It's been a great part—this Jubilee," Mr. Antrobus said Wednesday, declaring his intention of remaining until the last horn was blown. "The cowboys and their horses have recalled the old days to many of us who have met here

for the first time in many years. Though the town looks quite different with skyscrapers taking the place of small frame houses, I recognize one old familiar building—the White Elephant Saloon," he said, adding hastily. "Now don't get the idea that I was a patron."
