

Saturday Is "Trades Day" In Clarendon

Orville Bullington Speaks Here Monday at 11 o'Clock

LARGE CROWD TO GREET CANDIDATE

REPUBLICAN CANDIDATE FOR GOVERNOR EXPECTS TO WIN BY DEMOS VOTE

Invading the Panhandle of Texas in his final day's campaign for the governorship of Texas, Orville Bullington, anti-Ferguson leader, comes to Clarendon for a short address, Monday, Nov. 7th at 11 o'clock.

His address here where he will be greeted by a large crowd of split-ticket Democrats, follows a Panhandle-wide rally at Amarillo which will be held Saturday night of this week.

Judge H. E. Hoover of Canadian, prominent in Democratic affairs of this state, will introduce Bullington at the rally, to be held in the Municipal Auditorium. Porter Underwood of Amarillo, another outstanding Democrat, will preside.

Under auspices of Democrats of the Panhandle the speeches of Bullington and Judge Hoover will be broadcast jointly by stations WDAG and KGRS. The rally's radio program will begin at 8 o'clock.

"If you can't get to this big all-Panhandle rally be sure to listen over the radio," suggests Mr. Underwood.

Ardent supporters of Governor Sterling at the primaries, both Judge Hoover and Mr. Underwood have taken the stump in the interest of Bullington's candidacy.

If the weather will permit, Mr. Bullington will make his short address here on the streets, probably at the Rexall Corner, but if not, the meeting will be held at the Pastime Theatre.

Remember the date—Monday, Nov. 7th, at 11:00 a. m.

Mrs. R. A. Chunn is recovering this week from an illness, to the delight of her friends.

SYSTEMATIC BIBLE STUDY AT PRESBYTERIAN CHURCH

Beginning Sunday night the Presbyterian church will begin the Study of the Bible as arranged by Dr. W. M. Anderson in his text book: "The Through The Bible Reading Course".

This Bible Study course has proven so popular in many churches that the local church has decided to give the course. The evening services will be held at 7 o'clock, the Sunday School and morning worship services as usual.

Mississippi is the only state in the union that is adequately supporting her schools during this depression. She is able to do this because she overhauled the tax system of the state. Texas might profit by the example of Mississippi. By-the-way, Mississippi is one of the poorest states in the union when considered from the standpoint of natural resources.

OFFICERS CATCH TWO IN LELIA LAKE JOB

Sheriff Guy Pierce and Deputy Guy Wright arrested two men at Lelia Lake at 3 a. m. this morning, when they closed in on them in John Howard's grocery store. These two are the alleged burglars who had broken into Frank Moreman's hardware store earlier in the night, where several watches, an ax and two .22 rifles had been taken. When the officers here were notified they hurried to the scene and with John Howard entered the grocery and effected their arrest.

They are held in jail here to await action of the grand jury. Both are young men around thirty years of age, and gave their names as J. T. Conner and Roy Johnson, but gave no indication as to their home address.

ROTARY PRESENTS MR. HICKMAN PRICE

CLARENDON PEOPLE INVITED TO ATTEND LECTURE ON RUSSIA THURSDAY EVE.

The Clarendon Rotary Club presents Mr. Hickman Price, Jr., this evening at the Methodist Church in an address on Russia, and all are invited to attend, there being no admission charges, and no free-will offering.

Mr. Price is the son of Hickman Price, who thrilled the world with his gigantic wheat raising enterprise not many miles from Plainview, and got his introduction to Russia, when the Soviet government sent a group to America to observe wheat raising on such a mammoth scale. Young Price was drawn to the Russians and through his courtesy to them earned their friendship, and later through them was invited to visit Russia, where he was the guest of the government and free of all parts of the country and institutions, generally denied to visitors.

The Rotary Club here is glad to have the citizenship as their guests this evening to hear this address from a young man who has first-hand information about a little-understood government in a great nation, and hopes that a large audience will greet this entertaining speaker.

LOCAL MASON WILL APPEAR AT CANYON

W. H. PATRICK WILL ASSIST IN CORNER STONE CEREMONY AT CANYON

Masonic dignitaries from the Panhandle will participate in the corner stone ceremonies of the Panhandle Museum building at Canyon, Saturday morning at 11:30, after which a barbecue will be tendered the visitors on the college grounds.

W. H. Patrick, former deputy grand master, and former master of the Clarendon Lodge, No. 700, A. F. & A. M., will represent the local organization which is the mother lodge of the Panhandle country, and will take a prominent part in the laying of the corner stone of this building financed by the state and by citizens of this section of Texas.

A representative of the Grand Master of Texas Masonry will be present and many distinguished men will be on the platform.

Several Masons and others are planning to attend from this community.

Miss Frances Benton of North Carolina is here to direct the Sims Parent Teachers Benefit Play, "Miss Blue Bonnet" to be given soon.

FATHER AND SON BANQUET NOV. 17

COMMITTEE SETS DATE AND VEILS PROGRAM IN SECRECY—"DIFFERENT"

Dr. B. L. Jenkins, chairman of the Father and Son movement in this community called a meeting Sunday of the committee, and plans were laid for the annual banquet on the evening of Thursday, Nov. 17th.

The banquet will be held in the basement of the First Christian Church, and will begin promptly at seven o'clock, with the ladies of the church serving a meal that will appeal to the appetites of men and boys alike.

In giving The News notice of this approaching event, Dr. Jenkins said "Tell the people that nothing will be given out on the program before the banquet, and all the committee intends to say is that it will be 'different'", which means that one of the most interesting programs ever presented will likely feature the 1932 Father and Son Banquet in Clarendon.

The committee proposes to have just as many fathers and sons of Clarendon and the surrounding country present as possible, and men who have no sons are invited to bring some son who has no father to the annual meeting on Nov. 17th.

Rev. Swan conducted the services at St. John Church, Dalhart, of which he was the former pastor, last Sunday and completed the purchase of a fine building to serve as the residence of a resident rector. He reports a most enjoyable visit among his old friends.

Methodist Officials Working On Deficit

With only a few days more to go, the board of stewards under Chairman J. R. Porter are working in an effort to see every member and secure money in any sum to apply on the heavy deficit the church is facing in its salaries, incidentals and benevolences. A list was published and passed out among the membership last Sunday showing that only about one-fifth of the membership had paid anything on the claims of the church, and that some \$2800 was needed to pay out in full, with the end of the year coming next week with the sessions of the annual conference in Amarillo.

Rev. E. B. Bowen, pastor; Rev. Davis are working specifically on the benevolent claims of the church and have raised less than \$500 of the \$1600 required to make a full report.

Another list of contributors will be circulated Sunday and the board is urging that every member see to it that his or her name is on the list with as large contribution as possible. A final meeting of the board will be held Sunday afternoon at two o'clock at the church.

Rev. E. B. Bowen, pastor; Rev. M. M. Beavers, presiding elder; Judge J. R. Porter and Sam M. Braswell, lay members of the conference, and a number of others will go to Amarillo Thursday for the sessions which will be concluded Sunday evening, Nov. 12th with the reading of the appointments for the coming conference year. The church here is confidently expecting the return of both the pastor and elder for 1933.

Those who raise the loudest outcry against the so-called "Pads and Frills" of the present-day education are the very ones who once berated the schools for confining themselves to a narrow field of studies which did not fit the needs of all.—Journal of Education.

Officers Arrest Alleged Coiners

Tuesday of this week Sheriff Guy Pierce accompanied a federal officer to Quail where a man whose name was given as Creed, was arrested on charges of counterfeiting. The arrest followed the circulating of spurious small coins at Quail and Memphis, and it is said that several of these coins were found on the person of the suspect.

The man admitted he had a prison record, but said that he had been in jail in another state on a charge of horse-stealing. No molds were found on his person or premises, but he was identified as the man who had passed the pewter coins, which Sheriff Pierce says were very poor imitations. Creed was carried on to Amarillo where he is being held.

"BEAT MEMPHIS" IS POPULAR SLOGAN

BRONCHO TEAM POINTING TO ARMISTICE DAY BATTLE AT CYCLONEVILLE

"Beat Memphis" is the one slogan in Clarendon that vies with political enthusiasm in these early days of November, and the C. H. S. Bronchos are being driven relentlessly by Coaches Stooking and Hutton to improve their team plays and to polish up their defense. Local fans are watching the progress of the squad with extra interest and the annual interest in the battle with the Cyclones is not one whit less this year than it has been.

The game Friday between Shamrock and the Cyclones is being watched with reverent anxiety here, for on it may hinge the title for this quarter-district. If Memphis should win over the Irish, it would mean that the Bronchos have a chance to polish them off and be in fine position to go into the finals, whereas if Shamrock wins over Memphis, the Irish will represent this division, having out-fought the Bronchos here two weeks ago.

Fans here are highly elated over the wonderful fighting spirit the Bronchos showed last Friday when they came from behind to roll up a 24-14 victory, and send the side-lines into a hurricane of frenzy not witnessed on the local field in years. They feel that this spirit in the team, with the return of Hudson to his position in the backfield puts them out in front of any Class B team in this section, and heads them for the District championship—if Memphis can whip Shamrock this week.

CIVIL DOCKET IN DISTRICT COURT

SEVERAL CASES DISPOSED OF THIS WEEK UNDER JUDGE KENNETH BAIN

With Judge Kenneth Bain of Floydada presiding in place of Judge Fires, district court has been busy the first of the week disposing of a number of civil cases. The grand jury has returned a few indictments but its final report will not be heard until it reconvenes on Nov. 10th. Next week the criminal docket will be taken up, with only a few cases to hear. Civil cases heard this week are: J. T. Bain vs Northwest National Life Insurance Co. Transferred to Federal Court. Bert Smith vs C. N. Weakley et-al. Injunction dismissed. State of Texas vs John Cousin.

BOY SCOUT WORK IS PLANNED HERE

ORGANIZATION SET UP HERE TUESDAY EVENING AND MORE TROOPS PLANNED

Clarendon is again to have the benefits of Boy Scout Work, following a meeting of interested men held Tuesday evening in the parlors of the First Baptist Church.

Scout Executive C. A. Clark of Pampa was present at the meeting and worked with the local people in making a start. R. E. Drennan was elected district chairman of Donley County, with O. C. Watson vice-chairman. W. A. Clark, Jr., was named chairman of the training committee for Scoutmasters and troop leaders.

The first training class will be held Friday evening of this week at the Legion Hall, beginning at 7 o'clock, and an effort is being made to enroll a number of men who are interested in directing the work among the boys of Clarendon.

It is planned to organize one Scout troop in each church of the city, and two or more where there is enough boys of scout age interested in the work. For several weeks there has been one troop functioning in the Baptist where S. L. Tidwell and Lee Vaughn are in charge as scoutmasters. The troop has grown from five members to sixteen, and there is possibility of another troop being organized in the church in the near future under the new plans.

Parents are urged to co-operate with the new movement, and encourage their sons to enter this splendid work for a finer, cleaner boyhood in this community.

The annual investment in public education in the United States is 26 per cent of the taxes collected for all public purposes. Do these facts indicate that too large proportion of our public revenue is expended for the education of the nation's children.—National Educational Association Research Bulletin, Vol. VIII, No. 4, P189.

METHODIST CHOIR TO VISIT AMARILLO

WILL APPEAR AT METHODIST CONFERENCE, FRIDAY EVENING, NOV. 11TH

Those in charge of the program arrangements for the Northwest Texas Methodist Conference in Amarillo, November 10th to 12th, inclusive, have notified the local Methodist Church that the Choir here has been assigned to appear at the Friday evening service of the meeting, which is the second night of the conference and Nov. 11th.

Rev. E. B. Bowen, pastor of the local congregation, together with Presiding Elder M. M. Beavers, is very happy over this arrangement since the Clarendon Methodist Church is asking for the 1933 session of the conference and the vote will likely be held the following morning.

The choir has long ranked as one of the foremost volunteer choirs in the Panhandle, and is preparing to present a fifteen minute program of anthems at the beginning of the service. Miss Delphia Bones is organist and Sam M. Braswell is conductor. It is planned to carry twenty-five voices to Amarillo for the presentation, which will be given in the auditorium of the Polk Street Methodist Church, the seat of conference.

IMPROMPTU NUMBERS FOR LIONS

MEMBERS ENJOY SUCCESSFUL IMPROMPTU PROGRAM OF VARIETY

Not often does an impromptu program please and interest any meeting, but such was the case Tuesday when Lion Mulkey gathered together a program in the last few minutes of varied parts and excellent quality.

Mrs. Liston was presented in a group of popular selections on the piano which drew applause from the appreciative Lions. She was followed by Lion Roy Bartlett, past-president of the Childrens Lions Club and a former member of the Clarendon Club, who recounted several interesting episodes in the early history of the local organization and closed with a splendid presentation of the value of the last two paragraphs of the Lions Code of Ethics. His address was full of thought provoking suggestions and was well received.

Lion Tom F. Connally was welcomed back into the club having been on the member-at-large list, while out of the city for the wheat season on the North Plains, and made the closing talk of the program containing many facetious references to sundry members of the club, and to the present political situation. Dr. B. L. Jenkins appeared

BARGAIN EVENTS OF FALL SEASON

CLARENDON STORES OFFERING UNUSUAL VALUES IN ALL TRADE LINES

Saturday of this week is Trades Day in Clarendon.

Being the first of a series of Trades Days to be put on this fall and winter, all local merchants are preparing to offer an especial array of special values in every line of merchandising in town, from the barest necessity to items in the luxury class.

From all indications one of the largest crowds of the fall season will be here and parking space is going to be at a premium from middle morning until late in the evening. Merchants are planning to add to their sales force during the day that the buying throngs can be served with dispatch and satisfaction.

An annual event in the mid-afternoon will feature the day, and it is expected that thousands will be on hand at the City Hall building when the hour arrives. The News is unable to furnish the details of this event on account of certain rulings of the postal department, but any merchant in Clarendon will be glad to give you all information, or if News readers will drop by the editorial office any member of the staff will be happy to outline the object of the interesting event by word of mouth.

Suffice it to say that Clarendon will be host to one of the greatest Saturday crowds of the fall season next Saturday, and that since it is Trades Day there will be bargains offered in every place of business in the city, and as usual it will pay News readers to study the advertising columns of this issue, for the best places to buy and to save time in finding out just where to go.

WILL VOTE FOR BULLINGTON

GOV. R. S. STERLING

before the club briefly to invite the organization to attend the address of Mr. Price Hickman, Thursday evening at the Methodist Church, on the subject of Russia and the threat of communism, and to urge the Lions to co-operate with the sponsoring Rotary Club of this city in securing a large audience on this occasion. President Merchant assured Dr. Jenkins that the Lions would be happy to assist in this worthwhile presentation, and thanked him for the invitation. Club singing was also a feature of the meeting.

PANHANDLE PRESS ASSOCIATION MEMBER 1932

THE PANHANDLE SHOULD VOTE SOLIDLY ANTI-FERGUSON

Of all sections of Texas where the Fergusons haven't right or claim to a single vote the Panhandle is pre-eminently that section.

Ferguson promises to divide up the present gasoline tax levied primarily for the building and upkeep of highways, in such a manner that there will not be any funds available for the needed construction programs out here in the Panhandle which up until the last four years had received scarcely a dime from the state for that purpose.

There could hardly be devised a greater blow to the Panhandle than this prejudiced Ferguson plan to divert money raised through the use of gasoline on our roads from their extension and upkeep. This is the only tax collected by the state that is really fair and equitable, and certainly it is the only one that is not delinquent, depression or no depression.

Citizens who regard the progress and development of the Panhandle cannot afford to vote for the plans and administration of a family who has robbed the West Texas State Teachers College in the past and now proposes to take from us funds so essential to the highway program of this section.

The Panhandle should vote solidly anti-Ferguson.

THE "BULLOCRATS" ARE COMING

Some wisecracker has dubbed "Bullocrats" the Democrats who refuse to accept Mrs. Ferguson as the qualified party candidate for governor, preferring to vote for a fine, clean, upstanding able citizen in the person of Orville Bullington, a nominal Republican, instead.

Well, that's a good name, and has a sonorous sound and can be easily remembered. It has been often proven that there's not much in a name, but the point is this that the "Bullocrats" are coming. They are rallying by the thousands in every section of Texas, and on November 8th, Texas will stand vindicated in the eyes of the nation through their votes and efforts, or she will be ridiculed anew and in a manner that will cost the state heavily in a commercial and financial way.

Traveling men who come to Clarendon tell of the wholesale turning to Orville Bullington to save Texas from the taint of Fergusonism, in every town and hamlet, while strong men in every profession are coming out openly for him on the issue of honesty in office.

Senator Joe Bailey once stamped a deadlocked state Democratic Convention in Texas by declaring that "the Campbells are coming", and Tom Campbell swept in to the governor's chair.

Sure, the "Bullocrats" are coming.

IT WILL BE A RELIEF

Not many but can sincerely say that it will be a relief to them when the National election is over next Tuesday, regardless of its outcome.

For the past few weeks, the country has been disquieted by charges and counter charges of disaster if so-and-so isn't elected, and markets on all farm products have been sagging under the weight of anxiety and suspicion.

After Nov. 8th, it matters not whether Democrat or Republican is winner, there will be a general sigh of relief which will be reflected in the commercial world and conditions which have a definite upward trend will begin to be manifest in the money market and in the price of agricultural products.

Yes, it's going to be a relief to know that the election is over, that the world hasn't come to an end because of it, that American initiative is not dead, and that hard work and economy will still help one who earnestly employs them.

MOST ACCIDENTS ARE PREVENTABLE

Experts tell us that there are few unavoidable accidents, and our experience leads us to believe that this is true.

Which reminds us that caution where our weaknesses are concerned will save us many a mis-step. Those who heedlessly flirt with temptation are the first ones to fall. If we are to overcome our faults and weaknesses, we must avoid their proximity, alluring though they may be. The more alluring the more avoidance.

VOTE FOR ALL AMENDMENTS

There are nine proposed amendments to the constitution of Texas placed on the general election ballot for the disposition of the voters.

Every one of the nine are good and worthy proposals, and you are voting for your own interests if you vote for them. Read them as presented on page 5 of this issue, and vote your sentiments.

LET US HAVE A FULL VOTE

Once every two years in the general election every citizen has an opportunity to vote as a citizen of this state and this nation, without the dictation of any party boss or clique, and the general election is the one occasion on which we should all march to the polls and cast a ballot for honest men and for good government, according to the dictates of our conscience.

The News urges every voter in Donley County to go to the polls and register his will on every candidate and question presented, with out fear of criticism or lash of so-called party bosses.

Go vote. Vote as you please, but vote. It's your opportunity.

BULLINGTON WILL PLAY FAIR IN APPOINTMENTS

Ferguson speakers have charged that Orville Bullington will displace Democratic appointees should he be elected governor, giving the places to Republicans instead.

Bullington very promptly branded the statement as false, and showed how his appointees had to be ratified by a Democratic legislature, declaring that if he was elected it would be by the split-ticket Democrats of the state and that he would play them fair.

The gentleman is right. If he is elected it may be said that the Democrats of Texas elected a Republican governor, and no honest Democrat of any other state can blame their brethren of Texas for doing that as long as Fergusonism is the issue.

And Fergusonism is the issue. Dr. Hunt had it right the other night when he said that Jim Ferguson was like a skunk at an animal convention; that no matter what the issue was, when he arrived he at once became the issue, and was the issue until he left or the convention broke up.

TOWN BEAUTY AN ASSET

In spite of the apparent commercialism of the age in which we live, it is evident to any observer that the American people are developing a greater appreciation of the beautiful. This is not confined to the wealthier classes, but extends to the great masses in the towns and villages, and in the rural districts.

New towns and new sections of the older ones are being laid out with wider streets, with provisions for larger lawns, more trees, shrubbery and flowers, and a more attractive setting generally.

New houses show better architecture and greater harmony with their surroundings, while unsightly yard fences have largely disappeared. The net result of all these modern developments in beauty. And aside from the satisfaction which it affords the eye, it pays in dollars and cents.

Beautiful cities, towns and villages attract people. They attract permanent residents, they attract tourists, and they attract trade. It is natural that a person selecting a trading center will choose a town that is beautiful and clean in preference to one that is unsightly and dirty, if other conditions are anywhere near equal.

Therefore it behooves the authorities of any community, as well as each individual citizen, to make the most of their opportunities for improving the appearance of the place in which they live. Beauty and cleanliness are a town's best assets.—The Culver Citizen, Culver, Ind.

EDUCATIONAL DIGEST

Racial progress marches upon the feet of healthy and instructed children. There should be no child in America is not born and does not live sound conditions of health; that does not have full opportunity of education from the beginning to the end of our institutions; that does have every stimulation to accomplish the fullest of its capacities.—Herbert Hoover.

How does the trend of public school costs compare with that of other public expenditures?

Unjust taxes have been the cause of several of the worst revolutions that the world has known. Since this is true, we should profit very much from our knowledge of history and adjust our tax system before we are plunged into a revolution that will wreck our civilization.

Disabled World War Veterans Will Meet

L. B. Whitcher, Adjutant D. A. V. of Amarillo, will speak in behalf of the Disabled American Veterans of the World War on November 7th, at 7 p. m. at the Courthouse in Clarendon. He urges that all the eligible D. A. V's be there to hear his message, which will be one of importance to them. A local chapter will be organized if there are enough eligible veterans in this community.

W. L. Shaddix of Cincinnati, Ohio will speak also.

CENTENNIAL AMMENDMENT NOT MANDATORY

Voters are reminded by the Texas Centennial Committee that the Centennial Amendment is merely an enabling act that will permit but not require State Aid for the Centennial. If it is adopted by vote of the people November 8th, the Legislature will be governed by whatever conditions may exist when the holding of a Centennial celebration is considered by that body. The time, place or places and character of the celebration will be fixed by the Legislature, if at all. The Amendment expressly prohibits any appropriation for any other than the observance of the "heroic period of early Texas history," thus preventing the fixing of a precedent for State support of any exhibitions, fairs and celebrations in the future.

Clarendon Artists Gain Recognition

The Singer Sewing Machine Company of Amarillo have requested the Clarendon people who appeared on Station KGRS last Saturday to represent them on their program November 5th, at 10:15 A. M. This shows how well our group performed and that they were appreciated by many. Those who will appear on the Singer Program are: Mrs. G. L. Boykin, Miss Delphia Bones, Miss Harvey Strawn, Miss Elizabeth Kemp, Mrs. Allan Bryan, Miss Joyce Link, Miss Barbara Smith, Mr. Gus Stephenson, Mr. Hubert Reavis and Mr. Robert Sandusky of Shamrock.

ARKANSAS TO HOLD ITS 100 BIRTHDAY PARTY IN 1936

Whether Texas will commemorate its 100th anniversary will depend upon the expression of the voters November 8th. The State constitution does not now provide for State celebrations and must be amended by Texas voters if this State is to hold an official creditable State celebration in which it can invite the other States and nations of the world to take part. Should the Texas Amendment be defeated, Texans can at least go to the Arkansas party.

JUNIOR-SENIOR HALLOWE'EN PARTY

E. J. Myers entertained the Juniors and Seniors with a Halloween party Monday night, October 31, 1932.

When all the guests had arrived, the host took us on a "Wild Goose Chase". We walked over ditches and brush and what not? Then all of a sudden, what appeared but a horrible looking ghost that had been sitting behind some bushes waiting for us! And did we run back to the house!

We played many games and the eggs certainly did their part. After we were tired playing games, dainty refreshments were served to the following: Lorene Howard, Ruth Davis, Marie Underwood, Miss Layma Taylor, and the room mothers, Mrs. King and Mrs. Myers; Messers Elbert Bain, Merl Chenault, Andy Davis, Greer Cottingham, Dave Waldron and the host, E. J. Myers.

"THE CARNIVAL"

Wheel! The Lelia Lake Carnival on Friday night, October 28, 1932 proved a success financially and in entertainment.

The play, "Why Photographers Go Mad", was the most interesting feature of the carnival. The following characters took part:

Mr. Suffern Katz, the photographer—Mr. Weatherly.
Mr. Burstan Dudd, rising statesman—D. W. Tomlinson, and wife—Ruby Jones.
Mrs. Annaliza Sample, a famous interviewer—Anna Belle Creamer.
Miss Bonnie Doone—Virginia Williams.

Miss Augusta Gale, Bonnie's chum—Lanelle Lewis.
Mr. and Mrs. Orville Little and family played by James Reynolds, Francis Johnston, Peggy Jean Webb, Mary Jo Johnston, Melba Bullard and Johnnie Leathers.

There were many who enjoyed the booths that were presented. "The Great Beyond," "Moving Pictures, also the Charm of Galveston," "Fortune Telling," "The World of Wonders," "Wrestling and Boxing," and "The Fish Pond."

The money taken in will be used for school equipment. The sum amounted to sixteen dollars.

NEW FACULTY MEMBERS

We are very glad to welcome as a new faculty member (silent partner) Mrs. R. C. Weatherly. She comes to us from Plainview. We hope she will soon feel at home with us and enjoy her stay in Lelia.

THE GHOST PARADE

Oh! do we have to shake hands with that ghost? Was one of the questions asked by the Sophomore pupils as they entered the home of Moody Aten October 23, 1932. As soon as everyone had gathered we all followed the ghost on its parade. On our return to the house the girls guessed the boys' feet which stuck out from under a sheet hung in the door. Then the tables were turned as the boys guessed the girls' by their hands.

The cat that hung on the wall was very unlucky as J. T. tried to pin his tail on the door. As we played "William Tell," Laura Mae Gerner was hit several times.

All that had not taken a ride in an airplane took an imaginary one.

As we played airplane, the witch came in and told our fortunes. They were blank pieces of paper which we were supposed to hold over a lamp and the Witch magically wrote our fortunes on them.

T. J. Floyd and D. W. Tomlinson were blindfolded and were to feed each other pop corn balls but J. T. tried to poke a whole pop corn ball down D. W.'s. Seeing he couldn't succeed he tried putting it down his back and on his face.

Every one was asked to say some memory gem which they had learned in the primary grades, and those who didn't were compelled to pay forfeits. In getting their forfeits back Moody Aten had to propose to a boy. And she declared she wanted Sam Welson King to be her husband as this is leap year you know. Virginia Williams had to sing a song as she has such a coarse voice. Margaret Gerner had to kneel to the boy who had the largest feet. It was hard for her to decide whether James Reynolds or Sam Wilson King's were the largest, but finally she decided that James Reynolds' were about a fourth of an inch longer than Sam's.

E. J. Myers had to kneel before the girl with the prettiest smile, his decision resting upon our sponsor, Miss Wilma King. Those enjoying these and many other interesting games were Margaret and Laura Mae Gerner, Juanita and Ruby Jones, Jane and Virginia Williams, Anna Belle Creamer, Effie Dean Bullard, Vernelle Leathers, Dona Mae Koen and the hostess, Moody Aten.

Messers Billie and J. T. Floyd, D. W. Tomlinson, Billie Howard, James Reynolds, E. J. Myers, Sam Wilson King, Lawrence Koen, Greer Cottingham, and John Wesley McCauley.

All left so scared that their knees were playing "Home Sweet Home."

MISS FRANCES JOHNSTON ENTERTAINS EIGHTH GRADE

Miss Frances Johnston entertained the eighth grade and their guests Thursday night with a Halloween party. After many games were played, refreshments were served to the following: Vernelle Leathers, Mavis Wiggins, Florene Monroe, Margaret Gerner, Maxine Tomlinson, Lanelle Lewis, Ruby Bullard, Harold McDaniel, James Bullard, Radell Sanders, Winston Nippert, E. J. Myers, Jeff Wiggins, Tommie Allen, J. T. Floyd, Bobby Leathers, Bob Weatherly, and the hostess.

CLUB NOTES

The tenth and eleventh grade had a Halloween program. A story was told to us by Elbert Bain and was enjoyed by all. Marie Underwood told us of the best Halloween Party that she had ever attended.

As some of the pupils were absent we did not get to have all of our numbers. Mrs. Lamberson read us a story to finish up the period. It was enjoyed by everyone because of the suspense.

On October 27, the "Good English Club" met. As the president was absent our vice president, Jane Williams, presided. The house was called to order and the minutes read. The roll call was answered with important cities of Texas. Florene Monroe gave an interesting talk on Corpus Christi, Texas. Current Events were given by Mrs. Thomasson. Hoyt Stavenhagen gave Santa Anna's life. Layton Humberd very interestingly told of the burning of the old capital. Millard Cruse led the class in the song, "Texas, Our Texas". As some of the numbers had not been brought up, this concluded our program. The motion was made and seconded to adjourn.

The Up and Doing Club met and had a Halloween program October 27, 1932.

The program was rather informal as we answered the roll call with our most interesting Halloween. The next number on the program were as follows:

Song—Margaret Gerner, Dona Mae Koen, Margaret Cruse, and Mavis Wiggins.

Why We Have Halloween—Moody Aten.

October's Party—Virginia Williams.
Song—Club Leader, Ruby Jones.

As there was no more business the house adjourned until next meeting day.

The Eighth grade English class met in regular session October

27. During the period the following interesting program was enjoyed:

Hallowe'en Song—room.
A Reading—"Tradin' Joe"—Lanelle Lewis.

A Story, "The Witch In The Stone Boat"—Winston Nippert.
A Story, "The Three Sons"—Bobby Leathers.

A Talk, "Wy We Celebrate Hallowe'en"—Maxine Tomlinson.

A Talk, "Wy We Celebrate Hallowe'en"—Frances Johnston.

A Song—Room.

We are all looking forward to our next program, November 10.

The Eighth and ninth grade met for their first Science program October 23.

The following program was rendered:

Governor Roosevelt Says:

"THE things we were taught have not come true. We were taught to save, and in many parts of this country the savings of prudent people have been dissipated by careless and conscienceless financial manipulation.

"We were taught to work and we have been denied the opportunity to work. We are taught to increase the products of our labor and we have found that while the products increased the return has decreased.

"We were taught to bring forth the fruits of the earth and we have found that the fruits of the earth have found no market. The results of our labor have been lost in the smash of an economic system unable to fulfill its purposes."

"I think we are all beginning to realize that some new factor is needed in our economic life as a nation. We are beginning to find that mere drifting is not enough."

"What we must do is to revise our tariff on the basis of a reciprocal exchange of goods, allowing other nations to buy and to pay for our goods by sending us such of their goods as will not seriously throw any of our industries out of balance, and incidentally making impossible in this country the continuance of pure monopolies which cause us to pay excessive prices for many of the necessities of life.

The Eyes of Texas Are Upon You

Unarmed and helpless, 390 Texans, prisoners of war, were shot down in cold blood, massacred, at Goliad, March 22, 1836. They died for Texas as truly as if they had laid down their lives on the battlefield.

We enjoy freedom and security in Texas today because brave and devoted men were willing to sacrifice everything, even life itself, to obtain them for us.

One hundred years of freedom and independence in Texas will be rounded out in 1936. And a long era of freedom and independence stretches before us in the future. All of this has been the fruit of the sacrifices of the men of 1836.

We are now facing the question of whether we shall pay due homage to the memory of those men in 1936. Can there be any doubt about the answer to that question? You will be called upon to answer it by your vote on the Texas Centennial Constitutional Amendment.

Vote with the knowledge that "the eyes of Texas are upon you," and you will vote as a Texan who knows what he owes the past, and who is proud of the heroic traditions of Texas.

VOTE for the Texas Centennial Constitutional Amendment November 3rd, Authorizing

The Proposed Amendments How They Will Be Stated On The Ballot

Hereunder are presented the nine amendments proposed to the state constitution of Texas, stated for and against as they will appear at the bottom of the general election ballot on November 8. They are offered, without comment, for your study prior to election date. Our opinion is that some of them should be and some of them should not be adopted. Study them, discuss them with your neighbors. Don't vote against them because you are "against amending the constitution," or for them just for the sake of being progressive. Think about them and vote as intelligently as you can.

There is a board in the land a hysteria of cussing the constituted authorities. They have to do as the sovereign voters have them do largely. In this instance do not "pass the buck" and follow it up by howling. Use your head and do your duty as you see it:

Armistice Day Proclamation

Whereas it is very important that the American people should always revere and remember November 11th, 1918, as it was one of the most momentous days of recent History, and considering the fact that on this date the bloody war in which our nation was involved, came to an end. Therefore, it is befitting that each year we should observe the memory of our participation in the World War, when our loved ones returned from that war of wars.

Now, therefore, I, as Mayor of the City of Clarendon, Texas, respectfully request that our citizens observe November 11th, 1932 as a Holiday, and ask those business houses whose proprietors deem it expedient, to close their doors during at least a portion of the day, and join with the American Legion and other organizations in their observance of this day, and implore the God of our Fathers to give us world peace without end.

Respectfully,
W. P. CAGLE, Mayor.

"THE LORD'S DAY"

Reason tells us that one day of rest a week is needed by the body, mind and spirit. To Christians, justice demands that at least so much time each week should be consecrated to God. Observance of the Lord's Day is a thankful acknowledgement of innumerable favors received, and assists in relaxing our hold upon things transitory, and fixing our thoughts upon things invisible and eternal.

In this, Moses is not authority. The Sabbath law was given upon Mt. Sinai, but is now abrogated, for Christ has "blotted out the bond written in ordinances that was against us, which was contrary to us, and He hath taken it out of the way, nailing it to the cross." (Col. 2:14). "For if that first covenant had been faultless, then would no place have been sought for a second." (Heb. 8:7). "We are not under the law, but under grace" (Rom. 6:14).

Many confound the Jewish Sabbath with the Christian Lord's Day. The early disciples knew the difference. The one was the last day of the week, the other the first day.

Upon the first day of the week our Lord rose from the dead. (Mark 16:9). met with his disciples and broke bread with them (Luke 24:30), poured His Spirit upon the worshipers on the day of Pentecost (Acts 2:1-4), and on the first day of the week the disciples met together to break bread (Acts 20:7).

None should begrudge one day in seven for acts of devotion and works of love. Yet many fancy that with impurity they can use the day in business pursuits, holiday-making, or amusements and the utter neglect of public worship. Paul delineates the character of such professors when he says: "that in the last days previous times shall come, for men shall be lovers of self-lovers of pleasure, rather than lovers of God, holding a form of

BAND REPORT

Not much has been heard from the high school band on the school page, but the boys are having a busy season playing at pep rallies, football games, and at any other places where they may be asked to entertain.

November 11th promises to be the biggest day the local organization has had for some time as they go to Memphis on that date to participate in the celebration of the Armistice. This trip will be made with the help of the Aubyn E. Clark post of the American Legion. A parade and ceremony in the morning, a concert program immediately after lunch, and music at the football game will fill the day for the band.

Forgetting the larger band for a few moments, how many of you have heard the new German Band? It made its first appearance on the drag after the pep rally Thursday night and the novel organization was well received—at least no pop bottles were thrown their way. Its popularity is better proved by the fact they have two engagements

SPORT SPUTTERS

BY O. C. WATSON, JR.

A last minute rally saved the day for the Clarendon Bronchos Friday, when they downed the Wellington Skyrockets 24 to 14. Showing that "Determined to win spirit" in the last few minutes of the game by making two touchdowns in two and one-half minutes, and the ball in their possession on the two inch line as the gun fired. The Bronchos took one step higher toward capturing the District Crown.

For the backfield Whitlock and Boles were outstanding. Whitlock on his line plunges and quarterbacking and Boles showed well on returning kicks and receiving passes. In the line Martin, McMahon and Green showed well in their splendid blocking and defensive play.

All week the Bronchos have been going through strenuous workouts getting in stride for their third conference conflict next week when they meet the powerful Memphis Cyclones in that city on Nov. 11. However the Bronchos will be idle this week end as they have no game scheduled. The squad will venture over to Shamrock and witness the game between Shamrock and Memphis. In which the latter will win is the hope of the Bronchos. I will give a line up next week on the Memphis Cyclones.

An upset the past week was that of the Pampa Harvesters holding the Amarillo Sandies to a close score of 7 to 0. This puts the Sandies to have only an 8 point better team than the Bronchos. However, dope doesn't always count.

Sport Sputters prediction of this weeks games of interest:

Mrs. John O. Maberry of Sayre, Oklahoma visited Miss Lorraine Patrick this past week.

for the next two weeks, and so far they have not been warned to stay away from these places. On Thursday night of the present week, the American Legion will hear them for a short while and on Wednesday night of next week the Alpha Delta Psi Literary Society will hear them. Mr. Stephenson told the boys that if they worked real hard he would let them play a few numbers at Memphis—just as if he could keep them from it.

That's all for the band for this week and perhaps for some time to come. It is believed that the musical notes are louder than words, so you'll have to hear the players speak through their instruments. (And if anybody says that they can just tell funny stories through them, something worse than this will be written next week.)

BRONCS WIN OVER WELLINGTON 24-14

The Clarendon Broncs defeated the Wellington Skyrocks 24 to 14 here Friday afternoon. Throughout the first three periods of play the visitors held the edge over the Broncs. It was in the last five minutes of play that the scores of Bolles and Whitlock brought the Broncs out with the winning score of the game.

The first quarter offered little excitement for the local fans, for after an exchange of punts, a series of line plays and passes scored for the Skyrocks. Strong's kick was good for extra point.

Early in the second quarter the Broncs received Strong's punt on their 24 yard line and after a number of line plays Whitlock crossed the Wellington goal. Watson failed to kick the goal for extra point. The quarter ended with Kelley intercepting Whitlock's pass after the Broncs had again threatened to score. The half ended with the score Wellington 7, Clarendon 6.

Early in the third quarter Martin punted to the Wellington 40 yard line for 2 yards. Strong passed to Cooke for 14 yards more. Robertson gained one through the line. Then Strong passed to Jones who crossed the Clarendon goal for another 6 points for the visitors. Kelley netted the extra point, making the score 14 to 6. The remainder of the quarter found both teams fighting hard but

HALLOWEEN PARTY AT PARISH HOUSE

On Saturday evening Misses Helen Lawler and Pauline Slover entertained with a masquerade dance at the Parish house. There was a large crowd present to enjoy the well planned dance. There were many bright colors swishing around the dance floor, which made quite a pretty sight to see. An air that suggested Halloween was prevalent. The room was decorated in a manner to bring out a halloween effect very efficiently. Jack-O-Lanterns peeped out from behind shocks of hay and every nook and corner while witches put their long noses in the windows and cats with bowed backs stood on the window sills and spit at every body that came by. The crowd caught the spirit immediately and every body had a wonderful time. Colorful señoritas danced with señors and clowns danced with señors and gypsies. Although all ages were represented by the costumes, the excellent music was furnished by two up-to-date musicians, Mr. Rhoads Chase and Mr. Hubert Reavis.

Palo Duro Literary Society

The weekly meeting of the Palo Duro Literary Society was held Wednesday evening, October 26, in the Palo Duro Hall at the College Building. After the roll was called and the minutes were read, a short but well given program was enjoyed by all present. First on the program were two classical pieces of music played by Clayton Powell on his Alto Horn. Next Mike Stricklin gave a brief biographical sketch of Eugene O'Neill. The program was concluded by Miss Hendrick, who read two poems by Edwin Arlington Robinson.

REGULAR MEETING OF PRESS CLUB

The Press Club of the Clarendon High School and Junior College met Tuesday afternoon, November 1st, in Room 10.

The speaker of the afternoon was Mr. Bill Wood who gave an unusually interesting discussion on the printing of the daily newspaper. Preceding the main subject matter of his talk, he gave a short history of the newspaper in England and America, the first English newspaper making its appearance about the time the Pilgrims landed in America. The first American newspaper was the "Boston News Letter" which was published only once a week and made its appearance about 1702. The New York Sun was the first popular daily newspaper to be sold on the streets and cost only one cent per copy. With the invention of numerous printing devices that are now in use, and the improved methods of communication and transportation, the cost of a daily newspaper has been reduced considerably.

To the outsider, the "reporter" leads and extremely glamorous and mysterious life, probing as he does into all the secrets of the underworld and probably being quite gloriously "rubbed out" before his career is even started. But this is a mistaken opinion. The newspaper reporter follows a daily routine, having certain specific duties which he must perform; and he probably never has time to even notice that he might be "rubbing elbows" with a notorious underworld character.

The ordinary newspaper office consists of an Editorial Room, a Business Department, and the Printing Room where the actual publication of the paper takes place. All these departments are divided into several smaller departments. The compensation for newspaper work is perhaps its least attractive feature—it would be!

After this speech a short business meeting was held, the club then adjourning.

Emma Lee Johnson and Eugenia Nolan were mortally "cutting up"—and just one more game will about finish those bleachers.

John Bolles said that one of the team members was very affectionate but we promised not to divulge any names—so you'll just have to wonder.

Price Whitlock had an extension put on his vocal chords and then attached a loud speaker and did he yell? He substituted for the pep squad during the last quarter, and the Wellington girls were so ashamed of themselves that they didn't yell any more.

Harry Lossen, a burglar of St. Paul, delayed his departure to kiss a maid in the house he had robbed but her employer arrived in time to capture him.

JUNIOR HIGH STUDENTS MEET IN AUDITORIUM

The Junior High School enjoyed a program in the auditorium Friday afternoon at 2:45. The program was very amusing and entertaining with the following numbers: Song—"Ole Black Joe" by Ray Rogers, John M. Bass, T. D. Nored, Rayburn Smith, Billy Cooke, and Homer Tucker, accompanied by Mary Lois Hayter, Piano, and Lalar Bell Wilkerson and Dorothy Kerbow. Violins; Reading—Jean McDonald. Tap Dance, — Billy Cooke; Song—Frances Arnold and Eugenia Nolan; Reading—Phoebe Ann Buntin; Song—by the third grade.

Alpha Delta Psi Literary Society

The Alpha Delta Psi Literary Society met Wednesday, October 26 for their usual weekly meeting. The society seems to be growing every week, because at this meeting there were twenty-three present. The program consisted of a piano duet by Misses Barbara Smith and Delphia Bones, "Operatic Medley March". Claudyne Ratcliff gave a very amusing reading, and Harold Phelps contributed a literary number in the form of a discussion of contemporary authors of America. Following the business session, the meeting was adjourned with a hearty invitation for everyone to join in the next meeting, which, because of college exams, will be held November 9 instead of November 2.

COLLEGE AND HIGH SCHOOL GIRLS JOIN FOLLIES

History, Math, and English have not proved exciting enough for the students of the high school and college; so they have decided to give the stage a trial. Tuesday night a group of girls will appear in the "P. T. A. Benefit" play entitled "Miss Blue Bonnet". It is not yet ascertained whether the girls will continue their work on the stage or go back to their history and math courses; nevertheless, each is very interested in the work. The only objection to the follies is that too much of it makes one stiff, but too much history often has the same effect. Notwithstanding that some are undecided as to whether they will make the follies their vocation, about twenty of the students will appear Tuesday night in some five or six snappy choruses.

WAKE UP, PEP SQUAD!

What was wrong with the Maroon and White Pep Squad Friday at the Wellington-Clarendon game? Only a small percent of the squad was represented, but they did their share of the backing. As the squad is capable of a better display than they made Friday afternoon, each promises to be present at the next game and really back the team. Although a Pep Rally was held at the central ward school building on Thursday evening, there have been no meetings during the past week as no game is scheduled for Friday. Pep Squad, let's all be at the next game and back up the Bronchos, for they deserve all the backing a school is capable of giving a team.

"AT THE BALL GAME"

Well, all I can say is that it was certainly a perfect ball game, the sidelines being quite crowded as usual and the local team doing its duty by keeping us all in suspense until the last two minutes of the game when two glorious touchdowns were made. One of the "blondies" told me that the little halfback was undoubtedly playing his best game of football since the season opened. I suppose, to the sideline inspiration—the other "blonde" was there, too.

Some of the pep squad members lagged in about the time the half was over, and got to watch the Wellington "peppers" in their cute bell hop suits do a little wobble march across the gridiron. It has been reported that a very interesting conversation took place between the two groups.

I saw Jimmy Lumpkin hanging around listening to Hutton and Stocking give the team their usual pre-game "talking to"—probably getting a taste of what it is to be a football player.

Kenneth Brown and Clayton Powell enjoyed the game immensely; and for once Charles Walker was caught off his dignity and was actually seen yelling. Of course, this particular feat took place during the most exciting part of the game, and it's impossible to decide which was the best.

Homecoming at Texas Christian University on Nov. 11, when the Horned Frogs play the Texas Longhorns, will be one of the biggest events in Ft. Worth this fall. Most sport writers are predicting that the championship of the Southwest Conference will be decided by this game. Mr. Edwin E. Elliott president of the alumni, is making plans for the day's activities on the campus. President E. M. Waits is extending a hearty invitation to all alumni and visitors. The Horned Frog Band with its sweetheart, Miss Mary Rowan, will perform on the field between halves, and Captain Johnnie Vaught and Coach Francis A. RED CROSS ROLL CALL NOV. 11-24
REDCROSS FACES BUSIEST WINTER IN THE NATION SINCE WAR CLOSED

With a realization of the increased responsibilities of the American Red Cross in the last year and the knowledge that the organization is facing its busiest winter since World War days, local leaders are taking an unusually active part in the approaching membership campaign. According to Red Cross chapter officials here, the Annual Roll Call will be conducted between Armistice Day and Thanksgiving, November 11-24.

H. Mulkey, who will direct the Roll Call this year issued a statement today, emphasizing the importance of the community's support to the Red Cross during the enrollment period. The statement follows:

"This year the economic emergency lends special importance to the annual Roll Call, or membership campaign of the American Red Cross. "The Red Cross is the recognized relief agency throughout the nation. It is chartered by Congress, headed by the President of the United States, and accorded the cooperation of the Federal government. In the unemployment crisis it has borne a great relief responsibility. It has been the authorized medium for distribution of wheat and cotton to those in need of flour and clothing. Its volunteers have been unstinting in devotion to the task of collecting and distributing supplies, and in production of finished goods from materials. Hundreds of thousands of gardens have been planted from Red Cross seed. In 2,200 communities Red Cross Chapters have participated in unemployment relief work. "To unemployment have been added 95 disasters calling for Red Cross assistance in the period of one year. Drought in the Northwest, tornadoes in the Southwest, floods in the central South and a variety of other catastrophes have entailed mighty

ALWAYS READY CLASS OF BAPTIST SUNDAY SCHOOL

The following officers have been elected for this year: President, Emma Ruth Burkett; Vice-President, Evelyn Sloddard; Secretary, Christine Lamkin; Social Chairman, Eugenia Noland; Service Chairman, Elizabeth Dunn. The first class meeting was held at the home of the president on Wednesday, October 26. Members have decided to visit "shut-ins" and old people once each week. Essie Wood and Evelyn Sloddard were appointed to plan a program for our next meeting. The class is planning a social to be held in November. A permanent date for the business was discussed but since several members were absent it was decided that this should be carried over until the next meeting. The class members are proud of the fact that two visitors were present at the first meeting. We hope they will join our class. They were Ruby Tucker and Gladys Hutton.

"FOUNDERS' WEEK" NATIONAL EVENT

In this issue of The News is a page advertisement of "Founders' Week" Sale for the Jitney-Jungle grocery, owned and operated here by Ed Fox. This sale is being held in Jitney-Jungle Stores in thirteen states of the union during these same dates, and is in commemoration of the founding of the system several years ago. Mr. Fox says that Jitney-

Jungle stores sold over three million dollars worth of groceries the past year, and the local store is getting its share of the business in spite of adverse conditions. Local employees of Mr. Fox's establishment are Miss Emma Ayers at the cash register, and Mr. Jimmy Chilton, in the meat market, both of whom are well known here and whose courtesy and efficiency go far to make trading a pleasure in Jitney-Jungle.

ATTENTION! VOTERS, READ THIS:

How Democrats May Vote For ORVILLE BULLINGTON FOR GOVERNOR

Assuming you want to vote for ROOSEVELT and CANNER and all the rest of the Democratic nominees except Mrs. Miriam Ferguson, the only name you mark out in the Democratic column is Mrs. Miriam Ferguson, as shown below. In the Republican column you mark out everything from top to bottom, except Orville Bullington. In the next column, the Socialist, you draw a line from top to bottom, and the same for the other five columns. If two gubernatorial candidates' names appeared unmarked, neither would get a vote and your ballot would not be counted. You must leave all the 23 electors unmarked in the party you want and mark out all of them in the other columns in order to cast a vote for your presidential choice. Below is the important corner of the official ballot correctly marked if you want ROOSEVELT, GARNER and BULLINGTON and the rest of the Democratic nominees.
