DISTRICT COURT CLEARING DOCKET

District Court in Donley County is rapidly coming to a close this week as Judge Fires and the District Attorney are busy in clearing the docket. The grand jury has made its final report and the docket at the close of the present term of court will be in the best shape it has been for several years.

- Cases disposed of this week are: State of Texas vs J. T. Conner, Burglary, 2 years. State of Texas vs Roy Jackson, burglary, 2 years. Ruth Kennedy vs Amarillo Mutual Benevolent Association, judgement for the defense. C. C. Powell, Administrator for Rutherford estate, vs The Business Men's Assurance Co. of America, judgement for the plaintiff. J. T. Bain vs Lindsey Freeman Investment Co., Usury. Case goes to Jury today.

REV. E. B. BOWEN MAKES GOOD CONFERENCE REPORT

The report of the Clarendon Methodist Church at the annual conference in Amarillo last week, as made by Rev. E. B. Bowen, the pastor, was among the best in Clarendon district in spite of the poor financial showing of the year. The Church raised for all purposes during the conference year, a little over \$7000, of which amount the Sunday School raised \$1900. The salaries were twenty percent short, and the conference collections were only a third paid.

ROTARY GOVERNOR VISITS LOCAL CLUB

DISTRICT GOVERNOR "ANDY" ANDERSON OF RANGER MAKES OFFICIAL VISIT

District Governor H. C. (Andy) Anderson of Ranger made an official visitation to the Clarendon Rotary Club here last Friday and was the principal speaker at the noon luncheon. Other programs had been dispensed with that the District Governor might have full time to bring his message, which he did in a masterful manner.

Governor Anderson, a member of the Ranger Rotary Club, gave a most illuminating resume of the scope and activities of Rotary International, side lights on the progress of Rotary in the 41st district, and devoted the remaining part of his address to the membership and officers.

Rotarian B. L. Jenkins announced the Father and Son Banquet on Thursday evening of this week and urged all members to attend, saying that sons without fathers would be provided for any man who had no son of his own.

Special feature of the day was the coming back into the club of Rotarian Bill Ferrell, after an absence of several months, and the appearance of the club bulletin "The Donzell", edited and mimeographed by Rotarian Bill, which will be published each Friday for the benefit of the club. "The Donzell" is a four-page bulletin full of service club suggestions, news, editorials, and carries the directory of the officers and committees of the local organization on page four.

A. J. SMITH UNDERGOES APPENDICITIS OPERATION

A. J. Smith young son of Mr. and Mrs. O. T. Smith became ill the first of the week and Tuesday afternoon underwent an operation for appendicitis at the Adair Hospital in this city.

At last reports the young man is resting well and is expected to make a rapid recovery, to the great delight of his many friends.

College Student Is Buried Here Monday

Meribelle Gray, daughter of Mr. and Mrs. George H. Gray, and granddaughter of Mr. and Mrs. Fred Johnson was buried here Monday. She was ill only a few hours and according to attending physicians death came as a result of acute gastritis.

She finished her high school education in Pampa last year, as was her heart's desire. Because of wishing to graduate with this particular class she did not go with her parents to Arizona when they moved there last January, but remained in Pampa with Mr. and Mrs. H. E. Johnson. Upon the completion of her work there she intended to go home, but at this time the death of an aunt Mrs. L. H. Johnson, caused her to change her plans as her uncle asked her to stay with him and take care of his boys. This she had done in a gracious way. She had mothered the boys and tried in her tactful way to keep her uncle's family from feeling the absence of the mother.

Death closed a brief, yet beautiful and useful life, and her cherished memory shall live on with us. Her greatest joy in life was in doing good for others and her many relatives and host of friends mourn her loss.

LOCAL OFFICERS BAG 3 AT 2 A. M.

Around two o'clock this morning Night Watchman Kutch noted unusual sounds in the office of the Clarendon Grain Company, as he made his usual rounds, and being convinced that there were intruders in the building called Sheriff Guy Pierce who with Deputy Guy Wright, joined him in a few minutes. The three posted themselves at the several entrances of the building and when the noise caused by attempts on the safe ceased there was a long pause, which indicated that the would-be burglars had sensed that they were discovered.

Finally Sheriff Pierce shot into the building three times, whereupon three men walked out into the open with their hands up and surrendered to the officers.

The suspects gave their names as Toliver Towles, Chester Shelton and W. R. Martin and are being held in custody here for action of the grand jury. The men are supposed to have driven into town in a Ford Tudor sedan, bearing a Wheeler County license, parked near the scene of their arrest.

Officers here think these men may be wanted in other quarters for other offenses and today communication is being held with various other sheriffs about them. It is reported that Chester Shelton is under a five-year suspended sentence for burglary in Potter county.

E. B. Antrobus and son, Leroy of New York City arrived Thursday morning for a short visit with his parents, Mr. and Mrs. G. W. Antrobus.

Sells Huge Hog Here Last Week

L. Ballew sold last week one of the largest hogs sold in Donley County in many years when he delivered a red duroc hog, three years old, to J. L. Mayberry of Lelia Lake. The big animal weighed 805 pounds, net, and had been corn fed by Mr. Ballew for the past three months.

Mr. Ballew estimates that corn feeding put two hundred pounds of fat on the hog in the ninety days.

DEMO MAJORITY 1485 IN DONLEY

LAND COMMISSIONER WALKER LEADS STATE TICKET WITH 1782 VOTES

In Tuesday's general election in Donley County the Democratic presidential electors carried the county by a vote of 1626, to 141 for the Republican electors, while Orville Bullington, defeated Mrs. Ferguson 912 to 891, a margin of 21 votes.

To J. H. Walker, Democratic nominee for land commissioner goes the honor of leading the ticket with 1782 votes, his nearest competitor being Charley Lockhart for state treasurer with 1775 votes.

Mrs. Ferguson had the least number of votes in the county on the Democratic ticket.

W. G. (Bill) Word led the county ticket with 1771 votes for county clerk, with Sam W. Lowe, for county judge coming next with 1770.

In spite of the error that left Sloan Baker's name off the ticket, the candidate for county superintendent tallied a vote of 1552 in the county which sets a record for having a name written in.

In precinct two, Rayburn Smith was elected public weigher having his name written in by eight voters. For constable in precinct two, I. B. Pierce led the field with fourteen votes with three competitors trailing, and all four having their names written in by friends.

All the amendments carried with the exception of the Centennial amendment which lost 359 to 726.

BAPTISTS TO CONVENTION

CITY LANDMARK MOVED LAST WEEK

OLD McCLELLAND OFFICE OFFICE BUILDING MOVED AFTER FORTY YEARS

One of the well-known landmarks of Clarendon for the past forty years has been the frame structure at the rear of the First National Bank and next to the City Hall, known as the McClelland Office building. This past week the structure was sold to Mary Langston, colored, and moved across the tracks into the colored section of Clarendon where it will be used as a dwelling.

From the old-timers The News learns that the building was first built about forty-two or three years ago and stood somewhere near the present location of Watson & Antrobus' hardware store. A few years later it was moved up to the site it occupied for forty years before being moved last week.

It was first occupied by McClelland Bros., who were agents for the old townsite company, and continued as the office of Bruce McClelland up to the time of his death several years ago. In late years it had been used as a cotton office and a shed was built to it some five or six years ago, being the only change in its form for its long years of service.

The moving of the building lessens the fire hazard to the business part of Clarendon and clears a very fine building site, often suggested as the best place in town for the postoffice when the government gets ready to build in this city.

Mr. and Mrs. Simmons Powell spent the week end in Vernon visiting friends and relatives.

Red Cross Workers Make Call For Aid

The last shipment of bolt goods for making garments in Donley County for the needy has been received at Red Cross headquarters and the sewing room is busy in cutting and sewing. Mrs. H. T. Burton, chairman, and Mrs. Cal Merchant, assistant chairman are making a call for other workers to come to the sewing room in the Rexall building and assist in this worthy work.

Tuesdays have been set as cutting days, with Thursdays as sewing days, so all individual workers and clubs or societies are asked to remember these days each week and be present for which ever kind of work preferred. One club it is reported has taken out thirty-five cut garments to finish.

For further information call either Mrs. Burton or Mrs. Merchant.

CLARENDON WINS 1933 CONFERENCE

Clarendon won a great victory Thursday at Amarillo, when the Northwest Texas Annual Conference of the Methodist Church, voted unanimously to convene in this city for the 1933 sessions. Rev. E. B. Bowen, local pastor, made the nomination and in competition with Abilene and Plainview, the vote for Clarendon was so top-heavy that both cities withdrew and a unanimous vote was given in her favor.

Friday evening the choir of the Clarendon Methodist Church had charge of the music for the service and presented a short musical program which was well received, earning the local organization many compliments from the large assembly who heard the music.

In the appointments for the coming year Bishop H. A. Boaz reappointed Rev. M. M. Beavers as presiding elder of the Clarendon district, and sent Rev. E. B. Bowen back here as pastor for another year. Following are the appointments for the Clarendon district:

Methodists vote to meet here, returning pastor and elder

Clarendon has won over Childress in the last few starts, but the Broncs will have to play better than Class B football to come out of Friday's tussel with the long end of the score. The team here, however, is in good fighting trim after their sweet victory over Memphis on Armistice Day, and intend to get going early for another scalp.

Negotiations are under way for a game for Thanksgiving, and such teams as Wichita Falls, Olney, Dalhart, etc., are being considered.

OUT OF TOWN PEOPLE ATTEND GRAY FUNERAL

Mayor Cagle Issues Annual Thanksgiving Day Proclamation

Whereas the earliest Thanksgiving harvest in America was kept by the Pilgrim Fathers at Plymouth in 1621, and has been observed each year from President Washington down to President Hoover.

Now, Therefore, I, W. P. Cagle, Mayor of the City of Clarendon, do set aside and declare Thursday, November 24th, 1932, to be a holiday and respectfully ask our citizens to repair to their places of worship, there to give thanks to Almighty God, the author of all good that was, that is, or that will be for ever more.

W. P. CAGLE, Mayor.

SAYS HE WILL BUY GASOLINE FOR CULPRIT

Some culprit siphoned all the gasoline from the car tank of C. E. Griggs Tuesday night of this week, and it was impossible to start the car Wednesday morning in its absence. Mr. Griggs asked The News to say that he would be willing to buy some gasoline for such a person, rather than to have his car fail to start and the trouble of having it pushed to a down-town garage to be refueled.

It is said that the sheriff will also provide a few meals for such a person, if discovered.

Misses Mary Jo Chamberlain and Obie Crabtree, who are attending school in Canyon, were home for the week end.

CHILDRESS HI PLAYS FRIDAY

C. H. S. TEAM COME HERE FRIDAY AFTERNOON TO PLAY BRONCHOS

Childress Hi's Class A "Bobcats" come to Clarendon Friday afternoon to meet the rampaging Bronchos at College Park, in what is expected to be one of the best football games of the season.

The "Bobcats" conquered Memphis 19 to 0 early in the season, but have not been too successful in Class A competition, and come to Clarendon with the determination to push over another win before the season closes next week.

Clarendon has won over Childress in the last few starts, but the Broncs will have to play better than Class B football to come out of Friday's tussel with the long end of the score. The team here, however, is in good fighting trim after their sweet victory over Memphis on Armistice Day, and intend to get going early for another scalp.

Negotiations are under way for a game for Thanksgiving, and such teams as Wichita Falls, Olney, Dalhart, etc., are being considered.

FATHER AND SON BANQUET TONIGHT

ALL ARRANGEMENTS PERFECTED FOR AFFAIR AT CHRISTIAN CHURCH

Dr. B. L. Jenkins, chairman for this year of the Father and Son movement in Clarendon announces that everything is in readiness for the big event which will take place tonight in the basement of the First Christian Church at seven o'clock.

Music will be furnished by a special orchestra, and the menu prepared by the ladies of the church is expected to be above the average and particularly pleasing to the men and boys.

The committee has arranged that men without sons can take a boy who has no living father, or whose father is not here, and this arrangement can still be made up to the dinner hour if interested persons will communicate with the committee in charge.

As indicated before, the program is a mystery, and the committee has pledged its word that it will be DIFFERENT—which is saying that it will be of unusual interest.

Be on hand at seven o'clock.

Mr. and Mrs. S. T. Sayre returned to Mineral Wells after a short visit in the J. F. Blocker home. Master Neal Ellis accompanied them for a visit.

MARRIAGE LICENSE ISSUED

P. T. A. BENEFIT SCORES SUCCESS

"Miss Blue Bonnet", the musical comedy staged here by the Sims Parent Teachers Association, under the direction of Miss Frances Benton proved a financial success, even exceeding the expectations of the promoters.

Monday night the production was greeted by a good house, and the attendance Tuesday evening was fair considering the weather. Both audiences cheered the principals and the clever choruses and went away singing the snappy refrains of the play.

Mrs. U. J. Boston, speaking for the Parent-Teachers organization asked The News to thank all who had a part in making the play a success, and to say that the local body is very appreciative of the response from the cast of "Miss Blue Bonnet" and the citizenship who made it a success.

Clarendon News Will Publish Thanksgiving Week On Wednesday

Next week, The Clarendon News will be published on Wednesday instead of Thursday, account of Thanksgiving, which will be generally observed as a holiday in Clarendon and over the county.

Advertisers and correspondents are urged to make a note of this early publication and prepare all copy and news items a day earlier than has been their custom in order that our restricted staff will be able to handle the week's publication with no undue delays, while, at the same time, rendering our customary uniform service.

We ask this as a favor and will thank you in helping us in being able to celebrate Thanksgiving 1932.

ANOTHER FATHER AND SON VISIT

Tonight in Clarendon is another annual Father and Son Banquet—an event that has become a part of the community life and is contributing much to the ideals and aims of its boys and men.

At least once a year the fathers and sons of this community gather together for a real "visit", and it is the hope of the promoters of the annual affair that these "visits" may become common occurrences in this community for the mutual advantage of the boys as well as the men.

Tonight is another "visit" of the fathers and sons of Clarendon and may that visit be worth much in bringing the men and boys closer together in the bonds of love and admiration.

VISIONS OF BEER RECEDE

A few weeks back in the enthusiasm of the campaign certain "wet" leaders were promising "beer by Christmas" if their side was victorious on November 8th. Now those same fellows are beginning to talk about "beer by August", provided everything works out right.

The "wets" are beginning to realize what the prohibitionists have known for a long time, and that is that any change in the Eighteenth Amendment is a process that takes years to accomplish even with the necessary majority. Any evasion of the amendment is treason to the constitution and will not be tolerated by the supreme court.

Visions of beer recede, as the brains of the country realize that bread and employment are the chief necessities of this land—not befuddled brains and inflamed criminality.

ECONOMIST PREDICTS SLOW RECOVERY

In an article published in many of the daily papers Sunday, Roger Babson, America's great statistician, says that the worst of the depression is over and that the country is already distinctly on the way to recovery, though the process will be long drawn out. "Real recovery from depression always starts from the bottom rather than from the top down. That is what is happening now," he declares. "Notice the industries which have improved most—textiles, clothing, food, shoes—all so-called consumer industries catering to the masses of the people. They produce the necessities—things which have worn out and of sheer necessity are being replaced. This is the soundest basis. Eighty-five per cent of all the goods and services consumed in the United States are bought by people with incomes of less than \$5,000 a year. In other words, 85 percent of our business depends on Main Street and only 15 per cent on Wall Street—Business is now past the worst and on a gradual uptrend."—Lynn County News.

DEFECTIVE ELECTION LAWS

Governor Sterling's contest of the August primary election was said to point out 55,000 instances of unlawful voting. The Ferguson answer recited another long list of alleged irregularities. However, while good citizens may deplore this spectacle of wrangling and wolf-crying, they must realize that so much smoke can not exist without a little fire.

In other words, there must be some fundamental defect in Texas election laws.

It is quite possible that the Longview Dailey News has placed its finger on that defect.

Except for certain specifically exempted voters, Texas citizens qualify for the ballot by the payment of a poll tax. But if a man moves to a new county, and lives there for six months, he may vote regardless of compliance with the poll tax provision of the Texas law. If he moves into Texas from another state, and lives in Texas a year, he may vote whether or not he has a poll tax.

No fault could be found with this provision of the law, provided the newcomer were qualified to vote in his former home. But the Texas law requires no evidence that the non-poll tax payer was so qualified at his prior legal residence. And, as the Longview newspaper pointed out, this defect in the Texas election law is the cause of most of the irregularities against which the present election contest complains.

The Longview paper would remedy this defect by requiring the exhibition (in case of long-time Texas residents) of two poll tax receipts—one for the present and one for the previous year. In the case of voters who came to Texas from other states, proof of qualification in the voter's former state would be required.

There is food for thought in the observations of the Longview editor. For, unless the defects in our law are remedied, we may anticipate recurrences of the shameful condition that plagues us today.—Texas Opinion.

Bits Of WASHINGTON'S Current Comment

A man accused of taking one drink too many on election night, told the police magistrate that although not loaded, he should be discharged, adding that, for the sake of his reputation in the community, he hoped that the report would not get into the papers.

A writer in a society column describes a bride as coming from "an old New England family of Chinese," which sounds a little out of the ordinary. It is suggested, however, that the question as to what constitutes an old American family be left undecided until the Indians are inclined to look into the matter.

Although everyone has taken a survey of a poorhouse and wondered what brought its inmates there. Bad habits perhaps, plain hard luck in some instances; in others, the fact that their offspring did not have the kindly heart of a Baltimore child who occupies a small space in the papers. She has started a bank account to support her pet dog in his old age.

Japan is peeved because the United States maintains a fleet in the Pacific. This suggests the story of a bather who left the water at a California beach, when he saw a neighbor coming out of the bath house, stating that he hated him to such a degree that he would not bathe in the same ocean with him.

One statesman refers to the diplomatic work of another as "adroit devilry". When mentioning international diplomacy in connection with so good a phrase, why bring in any particular man?

The arrest of a person demanding money in connection with the

Lindbergh kidnaping recalls the fact that the perpetrator of the crime is still unpunished. The vital statistics of a small state indicate that there have been twenty-three thousand births there since the first of January. Nature furnishes abundant material for crimes of the Lindbergh type, but leaves the detection and punishment of such crimes to men. If the new-pops alone could be organized against kidnaping, it would become unknown in the land.

The maid of a well-known stage dancer reported that she could not find the artist's costume although she had hunted high and low for it.

A wife in New York state asked for separation from her husband because, in addition to their eight children, he had adopted four, and proposed to take on twenty more at one sweep. Some women are just naturally hard to get along with.

Time is every thing into discard. For a century San Francisco prized the Golden Gate as a means for promoting transportation. Now she is willing to spend fifty-five million for a bridge that will enable transportation to forget it.

The will of a Philadelphia man leaves a hundred dollars a month to the wife of the President of the United States for pin money. The real issue in the recent struggle at length has come to light.

Having been buried alive for 38 days, a fellow seeking the world's record for such performances, permitted himself to be dug up the day before the election. Physically, he was unfit to vote. Mentally, he was better qualified to go to the polls than the folks who listened to the arguments of both sides during the time he was entombed.

Miss Hazel Coleman of Dallas visited here the past week end with Miss Marie Thornton.

EDUCATIONAL DIGEST

Conditions in Alabama are not much worse than in eight or ten other states. Let us take it, however, as an example of the worst. Our information shows that all of the schools in at least eight of the counties have been closed. It indicates that nearly all of the schools of the state will close before the end of the year unless immediate aid is received. It shows that citizens have become aroused fearing a complete breakdown in public education, and that they are threatening to march 30,000 strong on the state capital to urge the legislature which has listened attentively to the wails of the Tax League, to listen a moment to the voice of the children and to hold up before the lawmakers the need of continuing to carry out the principal that every child is entitled to an education and to a fair start in life.—J. W. Crabtree Secretary of the National Education Association.

WEST TEXAS—"Raw Materials Capitol"—

Offers Immense Industrial Opportunities

It has been the history of West Texas that after every national depression this section returns to normal—and marches ahead to greater prosperity—more rapidly than any other section of the country.

Present fundamental conditions are sound, and West Texas' wealth of natural resources—unsurpassed in any other part of the country—promise future progress of a magnitude that will dwarf that sensational development which a few short years ago riveted on this section the attention of the entire nation!

AND ALERT INDUSTRIES ARE TAKING ADVANTAGE OF THIS ASSURED DEVELOPMENT!

* * * * *

An adequate, flexible and inexpensive power supply is vital to industrial activity. Here in West Texas, the "Land of Opportunity", this industrial necessity is ably and amply supplied by the West Texas Utilities Company.

Industries recognize power as one of their prime problems. They recognize, too, that in West Texas this company has solved that problem by making their power investment for them—and is able to furnish energy at a lower cost than it could be produced in any other manner.

The West Texas Utilities Company, dependably serving 125 progressive West Texas cities, makes available more than 100,000 horsepower of electrical energy, distributed from three major generating stations and 22 auxiliary plants over a 2,500-mile transmission line network.

For detailed information on any subject concerning West Texas, write this company's Industrial Department, Abilene, Texas.

Mr. and Mrs. W. T. Lowe Celebrate Golden Wedding Anniversary Sunday

LOWE—LANGLEY 1882—1932

Sunday, November 13th, marked the fiftieth mile stone of the married life of Mr. and Mrs. W. T. Lowe. The occasion was observed at the home of their son, S. W. Lowe.

Mrs. S. W. Lowe spared no little time and trouble in decorating the home in keeping with the event in carrying out the golden color scheme. The house was not the only thing that was decorated. The dining table was prepared in such a way as to serve about thirty-five people, all members of the family, children, grand children, great-grandchildren and some in-laws.

The happy couple came arm in arm from the second story following their oldest son, Sam, who presented them to the minister, Rev. B. N. Shepherd. Mr. Lowe took from his pocket marriage license which had served them fifty years before. The license were well preserved and were read in full by Rev. Shepherd as a matter of family history. The ceremony was then couched in well chosen words most fitting to a married life of fifty years duration.

At this stage of affairs S. W. Lowe who acted as master of ceremonies saw that there were too many tears among the family and proceeded to tell some family happening which meant little to any one except the immediate family. He stated that he had never had occasion to question his mother's word but that he wanted her to tell just how she managed to carry three children on a mule and go to see her people when all the riding equipment she had was a riding skirt and a side saddle. Another incident which has been a good joke among the children happened when Walter was four years old. Late one evening just before dark Walter was playing at the house and became frightened. His father was feeding the horses and his mother was milking. The boy with all possible haste took to his feet, ran by his father who tried to stop him but he did not stop until he got to his mother. She asked the trouble and he stated something was after him, whereupon she asked why he did not stop with his father, his reply was, "Ma, you can out-fight Pa." The funny thing among the children was what demonstration had Walter seen that caused him to form this opinion.

To be fair one had to be told on the groom. Some few years ago when most of the children were here a friend noticed that several of the children were two hundred pounds and this friend asked Mr. Lowe, being a small man, how he could account for the growth of the children when he, the father, weighed only 125 pounds. He sort of straightened up, threw out his chest, looked proud and said that the only way he could account for it was in good blood.

By this time the tears were all gone and the program continued. The bride read her own composition as follows:

OUR GOLDEN WEDDING DAY

The years have slipped away from us
Just like the morning dew,

Since we began our married life In eighteen eighty-two.

Fifty years ago today We started our short honeymoon.

We reached our humble cottage Next day in the afternoon For then our way of travel Was a red wagon trimmed in blue,
Drawn by two big bay horses As fine as you every knew.

Now we are gliding down the hill, As the sun sinks in the West For we have got acquainted

In these fifty years, I guess. My hair has turned to silver; The bloom of youth is gone, But I have the same old sweet heart

I had when I was young. God on us is smiling, And has all along the way, So today we are celebrating Our Golden Wedding Day.

The remaining part of the program consisting of several songs rendered by a male quartet singing, "When You and I Were Young Maggie", "Silver Threads Among The Gold", and other songs of this nature. Mrs. Joe Bounds played a saxophone solo "Carry Me Back to Old Virginia". Mrs. W. B. Sims rendered a reading dedicated to the bride and groom.

Mrs. W. O. Bower of Port Arthur (a daughter) held those present spellbound when she sang "Mother MacChree".

Miss Wiedman played selections fitting to the occasion during the noon hour also the wedding march as well as through the entire program.

Seven of the ten children were present. Mrs. J. D. Farrar, Melrose, N. M.; Mrs. W. O. Bower, Port Arthur; Mrs. Roy Broadway, Jesse Lowe, Miami; and Sam, Walter, and Mary who live here. Those not here were Mrs. T. D. Thompson of San Francisco; Mrs. Everett Beggs of Enid, Oklahoma; and Fred Lowe of New Orleans, La.

WHAT KIND OF COUGH IS YOURS?

Do you cough a little hacking, persistent cough that makes you a real nuisance to the persons who sit near you in school or at the office or do you have a cough so deep and tragic sounding that it awakens pity—for your hearers suspect tuberculosis?

All the symptoms of cold-hawking, sneezing, coughing, tend to make for unpopularity—not only because they are disagreeable noises but because people fear the droplets falling upon them (and spreading to them your disease).

Cough is one of the most common symptoms that the physician is called on to treat at this time of the year—for, of course, you know that cough is a symptom and not a disease. Cough is usually the response to the irritation of some substance in the bronchi, trachea or larynx. It is nature's means of relieving the respiratory tract of the irritation.

Any sort of cough should have attention and may need to be isolated because of the infectious nature of the disease of which the cough is a symptom.

The respiratory tract in children is especially vulnerable to disease and it is therefore important not ever to neglect the chronic cough in children. A cough or cold in an infant is liable to spread to the lower respiratory passages and lead to serious and often fatal lung disease.

The so-called repeated attacks of "grippe" or bronchitis which subside during the summer to return during the autumn and winter, require investigation because they often prove to be due to a mild form of tuberculosis. A cough which lasts longer than six weeks should have a thorough physical and X-ray examination of the patient by a competent physician.

There are coughs that are acute—lasting from a few days to some six weeks and chronic coughs, lasting longer than six weeks. The good example of chronic cough is noted in pulmonary tuberculosis. Other diseases producing chronic cough are chronic bronchitis, chronic lung abscesses, tumors of the lungs, asthma and heart disease.

There are as many as 10 types of Cough—
Useful
Useless
Nervous
Croupy
Effort
Postural
Pharyngeal

Metallic
Hysterical
Emetic

The useful cough is where expectoration frees the sputum from the bronchi and is beneficial. The useless cough is one which is dry, reflex and harmful.

The nervous cough arises from one of two conditions—as a defensive cough, occurring consciously or unconsciously when a patient is embarrassed and desires momentary interruption of his speech; or as a suggested cough after the physician is questioning a patient asks him whether or not he coughs.

The croupy cough is one found in diphtheria, pneumonia, etc. The cough of effort is one dependent on exertion as is noted in cardiac disorders.

A postural cough is one resulting from the patient's position in lying on the right or left side.

A metallic or brassy cough is one which is muffled and well transmitted—usually accompanied by harsh barking and occurring in the presence of tracheo-bronchial compression, such as is caused by deep-seated tumors in the lungs.

A hysterical cough is one frequently seen in the healthy members of a tuberculous patient's family.

The emetic cough is one which ends in vomiting. This type of cough is frequently met with in the early and late stages of

tuberculosis and also in whooping cough.

Children with sinus cough have a moist more severe at night. The lungs act as a cesspool for drainage from the sinuses. During the wakeful state a child swallows the mucous, expectorates it or coughs it up.

Coughing occasionally indicates trouble with the heart or great blood vessels. As a cardiovascular symptom in many result from enlargement of the vessels of the lungs. It is a frequent accompaniment of edema (water) of the lungs, and is due to moisture that actually accumulates in the alveoli (air spaces) and bronchioles. The more sudden the onset, the greater the coughing.

Avoid Coughing by avoiding—

1. Sleeping in the same bed with coughers.
2. Smoky and dusty rooms.
3. Irritating gasses.
4. Dusty occupations.
5. Excessive smoking.
6. Intoxicants
7. Association with all coughers since their droplets of mucous are infectious.

A glass of water will sometimes check a spell of coughing.

Hot milk frequently loosens expectation which is stubborn and hard to raise.

Consult a physician for any continued cough.

Mother of 7—Still Young

THE woman who gives her organs the right stimulant need not worry about growing old.

Her system doesn't stagnate; her face doesn't age. She has the health and "pep" that come from a lively liver and strong, active bowels.

When you're sluggish and the system needs help, don't take a lot of "patent medicines." There's a famous doctor's prescription for just such cases, and every druggist keeps this standard preparation. It is made from fresh laxative herbs, active senna, and pure pepsin. Just ask for Dr. Caldwell's syrup pepsin. Take a little every day or so, until every organ in your body feels the big improvement.

The next time you have a bilious headache, or feel all bound-up, take this delicious syrup instead of the

usual cathartic. You'll be rid of all that poisonous waste, and you haven't weakened the bowels. You'll have a better appetite, and feel better in every way. The constant use of cathartics is often the cause of a sallow complexion and lines in the face. And so unnecessary!

Would you like to break yourself of the cathartic habit? At the same time building health and vigor that protects you from frequent sick spells, headaches, and colds? Get a big bottle of Dr. Caldwell's syrup pepsin today. Use often enough to avoid these attacks of constipation. When you feel weak and run-down or a coated tongue or bad breath warns you the bowels need to be stimulated. Give it to children instead of strong laxatives that sap their strength. It isn't expensive.

"THE PRODIGAL FATHER"

A certain man had two sons, and the younger of them said to his father: "Father give me the portion of thy time, and thy attention, and thy companionship, and thy counsel and guidance which falleth to me." And he divided unto them his living in that he paid the boy's bills, and sent him to a select preparatory school, and to dancing schools and to college; and tried to believe that he was doing his full duty.

And not many days after the father gathered all his interests and possessions and ambitions and took his journey into a far country, into a land of stocks and bonds and securities and other things that do not interest a boy, and there he wasted his precious opportunities of being a chum to his own son. And when he had failed to find satisfaction, there arose a mighty famine in his heart, and he began to be in want of sympathy and real companionship. And he went and joined himself to one of the clubs of that country, and they elected him chairman of the house committee, and president of the club and sent him to legislature. And he would have satisfied himself with the husk that other men did eat, and no man gave unto him any real friendship.
But when he came to himself, he said: "How many men of my acquaintance have boys whom understand them, and who talk

CARS WRECKED IN GOODNIGHT COLLISION

Two cars were damaged in a collision Sunday night about ten-thirty o'clock two miles east of Goodnight on highway five, but fortunately none of the occupants were injured. Hick Johnson, accompanied by some ladies, was enroute to Borger, and was driving West when his rear left wheel was caught by the front left wheel of a car coming East, driven by S. J. Boman of Margaret, accompanied by W. T. Blevins and wife of that city.

It appears that a car was parked on the South side of the highway, whose lights blinded Mr. Johnson and as Mr. Boman came from behind the parked car, the collision occurred, breaking down the front left wheel of the Boman car, and wrecking the differential of the Johnson car. Neither car turned over, and it is very fortunate severe injuries were not sustained.

Mr. Johnson was going to Borger after relatives of Merrielle Gray who died here Friday evening, and the Margaret people were returning from the Methodist Conference in Amarillo.

SAFETY FIRST

THE PUBLIC should be prudent in seeking relief from pain. Take nothing which does not have the approval of the medical profession.

BAYER ASPIRIN will never do you any harm, and almost always brings the desired relief. But remember that the high medical endorsement given Bayer Aspirin does not apply to all tablets for relief of pain.

THE DOCTOR is careful to specify Bayer Aspirin for these important reasons:
It has no injurious ingredients. No coarse particles to irritate throat or stomach. Nothing to upset the system. Not even any disagreeable taste. The Bayer process insures a pure, uniform product.

INSIST on the tablet you know to be safe. And the one that has speed. Bayer tablets dissolve so quickly, you get immediate relief from your headache, neuralgia, or other pain.

Sublett-Speir

Miss Lucille Spier of Clarendon and Mrs. Odes Sublett of Shamrock were united in marriage Monday afternoon, in the parsonage of the First Christian Church. The ceremony was performed by Rev. W. E. Ferrell, in the presence of several friends of the young couple.

Well folks here is good news, the Bronchos will battle the Childress Bobcats Friday on the Broncho gridiron. This will be a battle as this game has been every year. Childress is a class "A" school and is coming to Clarendon with another victory in mind. Childress beat Memphis 19 to 0 in their first game of the season.

The powerful Cyclones were raging when the Bronchos rode into camp Friday, but soon the dust faded away and the Cyclones turned out to be only another West Texas sandstorm which was easily conquered. If the Bronchos of '32 ever played ball they really played it down at Memphis Friday when they tumbled their ancient rivals 26 to 2 before 1500 howling fans. To prove just what kind of ball the Bronchos played they made 13 points before Memphis got the ball. The boys did not wait until the fourth quarter to start playing consistent football but started from the beginning whistle. If the Bronchos had of played ball this good against Shamrock the score would have been Clarendon plenty and Shamrock nothing, and tomorrow we would have beaten McLean for this section then on Thanksgiving won the district, but as it now stands we will remain uncrowned district champions. The Broncho victory over Memphis showed by beating Memphis once that it could be done every year.

town coaches" are satisfied with the Bronchos' victory because they "knew the Bronchos could do it". Of course we can always figure from these ex-stars and what-nots, if you win it's a slap on the back. When you lose it's a kick in the face. They are always with you while you are winning but when you lose they take the winning side. So their team is the team that always wins.

I am sure the Skyrockets of Wellington put up a good fight against Shamrock in which the latter won 7 to 0. The best team does not always win you know.

I don't think my predictions have been so hot and would advise you not to bet on any of them. However, there were two upsets the past week, that of T. C. U. downing Texas 14 to 0, and Nebraska holding Pittsburg to a scoreless tie. It looks as if T. C. U. will win the south-west conference. Will see if we can't do a little better on predictions this week, so here they are:

Texas 14, Arkansas 6,
S. M. U. 7, Baylor 0,
T. C. U. 18, Rice 6,
Shamrock 13, McLean 7.

HOW PROHIBITION WAS "PUT OVER"

(By Dr. W. D. Bradfield, S. M. U., Dallas)

It is a favorite assertion of the sets that preachers and women, with a few fanatics, well organized, used large slushfunds in putting over the Eighteenth Amendment while the people were asleep. The fallacy of this is apparent when we remember that the ministers do not cast one per cent of our votes, and women did not receive the right to vote until after the Eighteenth Amendment was ratified. Through the W. C. T. U. and the Anti-

Saloon League the dries have had very good organizations. But the wets had better organizations through the United States Brewers' Association and the various organizations of liquor dealers, local and national. The German American Alliance also worked in the interest of the liquor traffic, and the traffic worked had in hand with that disloyal Alliance.

As to the slush funds used by the Anti Saloon League, and which they are fond of saying spent many millions to "put over" the Eighteenth Amendment, their claims are on a level with all the other claims lacking in facts to sustain them. For a quarter of a century the Anti-Saloon League conducted a campaign of education on the evils of liquor, the corruption of the saloon, and the value of prohibition. This educational campaign was accompanied by thousands of local option elections which gradually drove the saloons out of the rural sections into urban centers. The millions were spent by the Anti-Saloon League during 25 years on this educational campaign and not to "put over" the Eighteenth Amendment.

The moral forces in the local and state elections met the wet forces face to face in a fair fight over the evils of the liquor traffic and won, because right was on their side, while the millions of money was on the side of the saloons.

To prevent Henry Hoople of Chicago from going to jail for lack of a dollar Judge Harry H. Porter of Evanston, Ill., reached into his own pocket and made up the deficit in Hoople's fine.

CHEVROLET
will present
A NEW CAR
of such importance that no person interested in the purchase of a low-priced automobile can afford to disregard it

AMERICA naturally expects big things of Chevrolet. For it is Chevrolet that first brought beauty and comfort to the low-price field . . . pioneered the six-cylinder engine . . . built the most economical cars, and the most dependable. And it is Chevrolet who has led the world in sales for 4 of the past six years.* So each year at this time America looks to the leader to learn what's new in the way of low-priced transportation.

And again America's confidence is fully justified. The new Chevrolet, to appear next month, advances standards in every phase of motoring. Again Chevrolet has broken boldly with the past wherever change means improvement in style, comfort, smoothness, performance, safety, economy, and dependability.

Chevrolet engineers have packed this latest of a long line of successful cars with thrill after thrill and advancement after advancement. Fisher body craftsmen have taken advantage

of an even longer wheelbase* to contribute coachwork which is unique in the low-price field—including dynamic new styling, and an invention which you will immediately recognize as one of the most fundamental comfort improvements of all time. And the experience gained in the production of more than 8,000,000 cars, together with the marked advantages that naturally accrue to the leader in sales, has made it possible to build the new Chevrolet at a price which takes account of today's incomes.

So keep an open mind on the question of an automobile purchase until you see Chevrolet's Great American Value for 1933. And watch for it next month! It will prove to you, beyond a doubt, that this is the time to buy a car, and this is the car to buy.

Which do you want . . .

An Oil that reaches vital parts of your Motor as quickly as possible

OR An Oil that is already on all the parts before your motor starts!

DID YOU KNOW THIS . . . that half of all your motor wear occurs while you're starting your car and letting it warm up!
Here's why: Your motor makes 3,000 to 5,000 revolutions before oil circulates from the crankcase to all parts of the motor. Your motor runs with vital parts receiving no oil from your crankcase until after the oil has had time to do other things.

What protection does Conoco Germ Processed Motor Oil offer? It is already in and on every part and lubricates safely from the second you step on your starter! A "Hidden Quart" of Conoco Germ Processed Motor Oil stays up in your motor and never drains away! Other oils drain away during idle periods, leaving parts "dry." Conoco Germ Processed Motor Oil actually penetrates and combines with metal surfaces and never leaves any part unlubricated. It cuts starting-wear to the minimum and gives your car longer life!

Like other good oils, Conoco Germ Processed Motor Oil is thoroughly dewatered and circulates freely at subzero temperatures. Avoid the terrific wear of winter's long warming-up periods. Change today to Conoco Germ Processed Motor Oil. . .

LIONS ENJOY A PRANK PROGRAM

VICTIMS OF LAST WEEKS PROGRAM TURN TABLES WITH VENGEANCE

It is said that the worm always turns—and it did Tuesday at the Lions luncheon.

Tuesday of last week, Lions Nored and Rathjen were made the victims of circumstances as part of the program presented by Lions Douglas, Chase and Watson, but this Tuesday the situation was reversed, with Lion Nored and Rathjen riding high and enjoying sweet revenge.

After the minutes had been read and approved and announcements made, Lion President Ira C. Merchant found that further routine was blocked by Lion Rathjen who took the floor and kept it, while he deposed the presiding officer for various acts of maladministration and malfeasance in office, and placed Lion J. T. Patman in the chair for the day.

Following this in quick succession the program set up for the day was voted aside and Lion Nored put in charge for the day with full authority to proceed ad libitum. He did.

Mess. Douglas, Chase and Watson were hailed to the floor, blindfolded, fitted with blind bridles, seated on high stools and handcuffed in order that they might not interfere with a real program which the conspirators had prepared.

The program then began with the presentation of the chorus and dancing team of "Miss Blue Bonnet", P. T. A. musical comedy which played Monday and Tuesday evenings at the college auditorium. With Mrs. Ira Merchant at the piano this rollicking group of young ladies entertained the club with singing and dancing while the three helpless Lions sitting within three feet of the performance could witness nothing.

This kept up for the duration of the program period, when in the last dance the hoodwinks were withdrawn and the erstwhile committee was permitted to see a real program as it ended.

Lion Mulkey took a flash picture of the unfortunate committee as they heard but tried in vain to witness the program. This photo will be filed along with many other prized treasures of the club.

Lion Burton announced the football game here Friday afternoon with the strong class A Childress team, and Lion Connolly announced the Father and Son banquet at the Christian church Thursday evening of this week and asked that a committee from the club be appointed to assist in sale of tickets, which was done.
