

SATURDAY'S BUSINESS IS BEST THAT CLARENDON HAS KNOWN IN EVERY LINE SINCE LAST FALL

VOLUME OF BUSINESS DONE INDICATES THAT IN THE NEAR FUTURE OLD MAN PROSPERITY IS TO BE WITH US AGAIN. THE INDICATIONS ARE THAT DONLEYS CROPS WILL BE BETTER THAN THOSE OF SURROUNDING COUNTIES.

Clarendon's business Saturday was the largest that has been known in several months according to the reports of the various business men. Although many sales had been conducted, the interest that had been hoped was not aroused at first, but with the passing of the past several weeks it has been noticed that the business on the whole was growing better; but last Saturday beat any day that has been known perhaps since the slump last fall. The merchants report that a good part of the business was cash business, and they are optimistic and believe that the indications are that more money is in the country than has been for some time.

There are more tourists to be noticed on the trains today as well as in cars. In many sections of the Panhandle a good part of the grain crop has already been marketed, and the easing up of money conditions in those parts is being felt in Donley county. Those who are familiar with the crop conditions say that Donley will come up to her usual level of never a crop failure, and that the feed in many parts of the county is as good as has ever been known.

For sometimes the bankers as a class have prophesied that better conditions were in store for us, and they have been more ready to let out money than for a long time. As was noticed in the statements of the banks which appeared last week, although the deposits were not quite as large as at the previous call, the loans were also smaller. With the new harvesting of the crops in this county it is felt that a era of prosperity will be with us.

The wheat crops in the counties nearby are as a whole turning out far more favorably than had been thought; and this with a price of more than a dollar per bushel is awakening the prosperity in those parts. But the crops in Donley will turn out better proportioned than did the wheat crops, and this means that our money supply should be good. As a prominent farmer of this county said, if the farmers make anything this year, it will be profit as they have not borrowed anything to make this crop with. One prominent merchant of this city said that he thought the business was in part due to the fact that the people had awakened to the fact that we have not been having as hard times as we thought, and that we are willing to reconcile ourselves to the times that are not quite as easy as those that we once knew. The most of the business men feel, though, that the indications point to more prosperous times that are soon to be with us. It is the hope and belief of them that before this year is gone old man prosperity will be in our midst once more; and everyone is in the opinion that the hardest times have passed. Let us hope that we may soon see the fulfillment of the promise that awaits us.

LOUIS SITNER VISITING WITH HIS BROTHER HERE

Louis Sitner, of Minot, North Dakota, arrived here Sunday morning for a visit of some ten days with his brother Harry. Mr. Sitner on his trip visited many of the most important cities in the northwestern part of the United States, having been at Spokane, Washington, Portland, Oregon, San Francisco and Los Angeles, California. At Los Angeles Mr. Sitner attended the Elks Convention. He reports that delegates were present from all over the United States, Alaska and the Philippines; and that the meeting was a fine one in every respect as those present were entertained at all of the fine summer resorts nearby. On his return to his home where he is engaged in the mens' furnishing business, he will visit in Kansas City and in Minneapolis.

Mr. Sitner says that his country is in better shape than it has been for five years, and that much of the country over which he travelled is in a like prosperous condition, and that the feeling of optimism is general.

NO MORE ROAD WORK WITH THE PRESENT FUNDS

COUNTY JUDGE LINK SAYS COUNTY UNABLE TO DO NEEDED ROAD WORK UNTIL MORE FUNDS ARE PROVIDED—HOW ABOUT BONDS?

Tuesday's luncheon proved to be a very "peppy" affair, with a large local attendance, many visitors and a par-excellent menu.

The meal being properly disposed of by a bunch who know just what to do with a "chicken dinner" with all the trimmings, Secretary McCordell, as toastmaster, presented Dr. Tyndall, who is conducting the revival for the First Christian Church. Dr. Tyndall was complimentary to our city and her citizenship and in the course of his remarks made a sally or two at our fellow-townsmen, Rev. Sam J. White, whose guest he is while here. Following his much appreciated talk, Sec. McCordell introduced "Dusty" Miller of Amarillo, former district attorney for this district, who delivered a uolugion on "business men and business women" which furnished a jumping-off place and much ammunition for the speakers who followed. "Dusty" spoke in the highest terms of Clarendon and her live chamber of commerce. Judges Jackson and Mood, both of Amarillo, were called on and both gave vocal evidence of being happy to be present at such a delightful and interesting occasion.

The most epochal event of the occasion came when County Judge Link was called on and when he took occasion, on account of the presence of citizens from nearly every section of the county, to tell of the financial difficulties of the commissioners court in dealing with the road work of the county. The judge said that there was not sufficient money in the fund under present conditions to do the much needed road work over the county; and that after much careful investigation on the part of the court it was believed that the only manner in which Donley County would ever be able to have the roads that she needed and deserved, was to float a bond issue. He said that the court would not and could not originate a bond movement, that he was not in position at the present to say that he favored such a move but that these were the conditions of affairs the county faced and that he would like for the citizenship of the county to give the matter close attention and try to formulate some plan that would be equitable and practical. He mentioned the sum of \$400,000 or \$500,000 as a proper sum to bond for, and suggested that if this be done it would be wise to issue only about \$150,000 the first year and follow each year with \$75,000 or \$100,000 as it could be spent. This statement on the part of the judge evoked much applause as the luncheonites are unanimous in their demand for better roads. It is very probable that something tangible will come of this state of affairs for Donley County.

Opportunity was given Rev. Sam J. White to reply to his friend and guest, Dr. Tyndall, which he did in his own inimitable manner. He "came back," all right.

Contractor Dalrymple now of Lubbock and who had charge of laying Clarendon's paving, was next called, rising to say that he was pleased to note the progress of Clarendon and that he was happy to be present at the weekly luncheon.

The hour was up at this juncture and according to schedule adjournment came promptly on the minute. Near seventy were present and the interest was at a high mark.

CITIZEN HURT BADLY WHEN BULL GOES HIM

M. F. Robinson, who lives about a mile northeast of this city, was seriously injured Thursday when he was gored by a bull that he owned. Mr. Robinson had gone into the lot to remove a bridle in which the bull had become entangled, and the animal, when Mr. Robinson approached, lunged at Mr. Robinson knocking him down. Before Mr. Robinson could be rescued, the bull had hurt him, having injured his left arm and limb. Mr. Robinson is able at this time to be about by the aid of crutches.

By a reporter.

MUCH WORK IS BEING DONE THIS TERM OF DISTRICT COURT

With a very heavy docket, the summer term of district court is progressing with all possible speed; and a term of three weeks will be used up. Judge Henry S. Bishop in on the bench, and district attorney W. H. Childress is here to help in prosecuting the interest of the state. In the absence of the court reporter, Henry Gould, Hon. Alex Mood, of the Amarillo Bar, who followed the reporting for some ten years before entering the practice of law, is acting in that capacity. The Grand Jury has been impelled and is at work.

Thus far the court's time has been used in the trial of the Beauty-Roland case, which is an attempt to dissolve an injunction arising out of certain riparian rights on the farms of the Biglants near Lelia Lake. It is thought that the case will go to the jury this afternoon or in the morning.

Thus far the Grand Jury has found six indictments, all of them felonies; and much other investigation is being done. The only case the style of which is given out is the State of Texas vs. John Asher and Tex Thornton, the defendants being charged with murder. This case arose several months ago when the defendants killed L. Welch near Claude. The defendants are joined in one indictment.

Among the attorneys before the court are many of the best in the Panhandle of Texas, and several cases of more than ordinary importance are to be tried.

Following is the list of Petit Jurors for next week:

C. E. Killough, J. C. Bales, David Johnson, D. C. Spear, G. J. Teal, Austin Rhodes, J. E. Hunt, S. J. Ayer, J. B. Anthony, M. M. Nobles, F. M. Osborn, F. M. Clark, G. A. Anderson, S. D. Churchman, J. K. Caldwell, C. L. Benson, J. X. Miller, W. E. Christy, W. G. Brenson, W. R. Holder, P. V. O. Rhea, C. W. Taylor, Matt Bennett, J. B. Masterson, F. A. Cooper, C. O. Crow, Paul Shelton, Wm. Montgomery, H. Zigler, C. W. Bain, L. L. Cornelius, Odos Caraway, R. A. Chamberlain, A. L. Chase, Wesley Knopp, J. B. Annis, Wm. Lott, B. W. Chamberlain, A. C. Donnell, F. W. Gordon, Sam Harle, A. V. Clark, N. L. Jones, I. D. Dejarrett, P. H. Longan, T. C. Johnson, A. C. Brown, Roy Beverly.

SATURDAY IS ELECTION DAY ON AMENDMENTS

OUTCOME WILL DETERMINE WHETHER THE BEST QUALIFIED MEN MAY TAKE THE OFFICE ON THE SALARY THAT IS ALLOWED.

The election of the amendments to the amendments to the Constitution of the State of Texas will be held Saturday. The voting at the local box will take place at the Court House unless changed on account of the District Court which is in session this week. The local judges are J. L. Bain, presiding judge, Mesdames Mollie Gray and J. T. Sims and G. J. Teel. The polls will open at eight o'clock. The larger voting boxes over the county will open the polls, although in a few of the smaller boxes no election will be attempted.

The election is of state wide significance and is regarding five amendments to the constitution; these amendments are important and it is to be hoped that the people of Texas will not try to keep the state on the basis of business that it was a half a century ago.

REV. FERGUSON CONDUCTS REVIVAL AT CHILDRESS

Rev. C. N. N. Ferguson, pastor of the First Methodist Church in this city, and his son Charles returned Thursday from Childress where they had been engaged in a meeting for the pastor at the Railway Mission there. Rev. Ferguson did the preaching and Charles led the singing. The meeting lasted for ten days and was one of the most successful meetings, says Rev. Ferguson, that he has been connected with in several years. There were more than thirty conversions, many of them the strong influential men and their wives.

Hon. W. D. Berry, of Vernon, had legal business here this week.

EXECUTIVES ORGANIZE IN AMARILLO MONDAY

A. N. McCARDLELL, SECRETARY OF LOCAL CHAMBER OF COMMERCE, IS ELECTED SECOND VICE PRESIDENT OF NEW ORGANIZATION

Permanent organization of the Panhandle Executives' Association was effected at a meeting of the secretaries of the Chambers of Commerce, which took place at Amarillo Monday. There were in attendance at the meeting secretaries from over the Panhandle and Oklahoma. A. N. McCardell of this city was elected second vice president of the association. The purpose of the organization is to advance the interests of the Panhandle in developing its resources, in securing better roads, and in giving more aid to the schools. R. M. Fielder, of Tulia, was elected president and John Boswell, of Plainview, secretary-treasurer.

Other officers elected included: Geo. A. Coffey, of Goodwell, Oklahoma, first vice president; A. N. McCardell, of Clarendon, second vice president; W. B. Estes, of Amarillo, Canadian; W. B. Palmer, of Hereford, and Seth Holman, of Hereford, as members of the board of directors. Seven committees will be appointed to carry on the various activities included in the working plan. They are:

1. To support the Panhandle Plains Chamber of Commerce. The secretaries who formed the new organization recognize that they can secure the best results by working with this organization and this committee will do all in its power to correlate the activities of the two organizations.
2. To support the West Texas Normal school, the Oklahoma Panhandle Agricultural school, and all other educational institutions within the territory covered by the organization. The principal duty of this committee will be to aid the schools in securing appropriations and to encourage students to attend them instead of outside schools.
3. Publicity. This committee will secure publicity for the aims of the association, both within and without the territory covered by the membership.

4. Roads. This committee will confine its efforts mostly to the betterment of tourists routes, with the view of securing more of this sort of traffic.
5. Membership. This committee will endeavor to enroll all the eligible men in the organization.
6. "Look-out." This committee will always keep their weather eye skinned to see if there are any other worthy movements which the organization should support.

The first official act of the organization was to draft a telegram to the chairman of the house and senate appropriation committees of the Texas legislature and to Governor Neff, asking that the Canyon Normal school be liberally dealt with in the matter of appropriations at the special session of the state legislature which has just convened.

The next meeting of the organization will be held at Tulia, the home of the president, Nov. 6, it was decided. It is expected that the membership of the organization will be greatly expanded by that date.

The following were present at the meeting: R. M. Fielder, Tulia; Hamlin Palmer, Amarillo; Rev. J. M. Hall, Panhandle; Seth B. Holman, Hereford; John Boswell, Plainview; W. B. Estes, Amarillo; W. A. Palmer, Canadian; A. N. McCardell, Clarendon; J. W. Warwick, Canyon; F. P. Reid, Pampa; J. L. Bagwell, Claude; Geo. A. Coffey, Goodwell, Okla.; G. A. Sager, Memphis; E. L. Hunter, Claude; A. Pennington, Lockney; R. E. Fry, Floydada.

DUNKLE ATTENDING A. & M. SHORT COURSE

Owen Dunkle, of Lelia Lake, left last evening for College Station where he will attend the Farmers' Short course there which begins next week. Mr. Dunkle is taking the work preparatory to entering the government service as county agent and demonstrator. Mr. Dunkle's brother, Paul, is in the demonstration work in Ellis County and is making a fine record. Owen hopes soon to be in the same work, and no doubt the same success will be his as has come to his brother.

NEW SCHOOL BUILDING SIMILAR TO PRESENT HIGH SCHOOL STRUCTURE TO BE ERECTED NEXT YEAR

TEMPORARY STRUCTURES WILL BE BUILT READY FOR OCCUPANCY SEPTEMBER THE FIRST TO TAKE CARE OF THE OVERFLOW THIS YEAR. THE BONDS WILL PROBABLY BE SOLD TO THE STATE. FACULTY WILL BE ONE OF BEST.

AGRICULTURAL FAIR FOR DONLEY COUNTY THIS YEAR IS ASSURED

The plans have been completed for the big agricultural fair which Donley is to have this year. This event will again be in the nature of an agricultural exhibit of the products of the county's soil. The dates set are the 22, 23 and 24th of September. This is the period of the year best suited for the exhibit of the mature products, and at the same time allows the exhibits to be entered at the Panhandle Fair and the State Fair as well. From the reports of the crops over the county, it is expected that Donley will have her same prize winning exhibits.

The event of most importance and general good of all the county is the Annual Fair. Any community having a good Fair gets more good results from same than anything else that can be given, it helps the churches, schools, farmers, the business men, in fact, everything in the county.

Having established that fact and I am sure no one will take issue, why not at this time, 1921, say we will have the best fair ever held in our county. We can do it, "if" remember "if only is the preventive," if you, that means every citizen that feels any interest in Donley County will do their bit, each bit adds a little and there is hardly one person that cannot help put Donley County where it belongs, 1921.

Last year we received second premium, why not at least hold our place if we can't do better, it takes work, it takes co-operation, it takes the united interest of each one in the county. You who have helped know, those of you who have never helped one bit known, but past history is closed, we are all for the future of Donley and this time, September 22, 23 and 24th, let us have it said there was not one in the County that has not done their bit to make Donley County one of the leading, if not the best in the Panhandle. We can do it. Citizens of Donley County, won't you help us in every way you can, we must get busy. Time now, "Place, Clarendon," "You are the people," if it is to be a success.

BUILDING AND IMPROVEMENTS STILL IMPORTANT

With all indications pointing to an era of prosperity, the building and improvements in our city continue to hold their interest. Within the last week W. H. Cooke has completed an addition to his house, the Episcopal rectory is being remedied, and the debris left on North Kearney Street is being cleared away.

The addition to Mr. Cooke's home consists of three large rooms, well finished up and a remodeling of part of the upstairs. This makes a very comfortable addition to the house.

The Episcopal Rectory has been elevated and is being placed on a brick foundation. After this work a back porch will be added. The new work will add materially to the comfort and the looks of the building.

The debris left on North Kearney Street by the cyclone in the early part of the summer is being cleared away. This will add much to the sightliness of the street, and as the ugly heaps of bricks and trash are on the lots next to the depot, this will help in giving the true impression of the town to passersby that our city merits. The large high wall that stands on the third lot from the corner is left standing, and rumor has it that the near future will see a new building start on this side, using the present wall as one of the walls of the building.

CARD OF THANKS

We take this method of thanking those who helped us in any way at our booth during the 4th and 5th of July. The Women's Auxiliary.

The immediate future will see the erection of two temporary buildings to take care of the overflow of students in the public schools of this city next year and as soon as the right market has been secured for the disposal of bonds, three or four months, funds will be secured for the erection of a new building similar to the present high school building. The board announces that the faculty for this year will be one of the strongest that this city has enjoyed in recent years, and that the attendance will be one of the largest according to present indications.

The two new buildings to be erected for use in September will be frame structures of the temporary type, and will be of sufficient size to take care of this year's overflow. They will be put up in such manner that they can be easily remodeled for residences; and thus after they have served their period of usefulness, they can be sold and their cost will be small. The school board thought it would be advisable not to dispose of the bonds just at this time, as the bond market is low; and then by waiting to erect the permanent buildings it is hoped that money can be saved in the price of building material and in freight prices; from this amount the board figures that it will be able to save \$10,000. The bonds will perhaps be sold to the state as their par value can then be got. It is the hope of the board however that the new building may be finished by the beginning of the next term after the present one. The plans have been completely mapped out, and it is thought that the funds will be available at any time that the board decides to dispose of the bonds. The new permanent buildings that have been planned will certainly be a credit to our city, and with their completion Clarendon will have one of the very best school plants in the Panhandle.

The faculty which will be announced within the next issue or two is one of the best that the schools of this city has known in years, and the board feels sure that one of the most successful years of our school history awaits us. The attendance will be large, and the number who will move here to have the benefit of our schools will be as large as ever. With the additional room that will be available by the erection of the new buildings, and the greater time that it will be possible to devote to the individual student, everything is very propitious for the years of years in Clarendon's school history.

HENRY GILLEY BADLY INJURED NEAR PAMPA

Henry Gilley, son of Mr. and Mrs. J. W. Gilley of near Clarendon was seriously injured Friday evening southeast of Pampa when he was run over by an automobile. He was picked up by the car and taken to medical aid; and later sent to Amarillo where he is in the hospital, his condition being reported as serious.

Henry had gone to that part of the country hunting work in the harvest; having been unsuccessful in securing a job at the place where he had gone, he started back to town. Becoming sleepy, he decided to lie down by the side of the road and wait for a passing car. In his sleep he rolled into the road. Two men were returning that way from Miami; but as the lights to their car would not burn, they were running without lights. They had run over Henry before they saw him. They stopped and picked him up, summoning medical aid as soon as they were able. Later Henry was taken to the hospital in Amarillo. It is reported that his collar bone and backbone are broken, and that his condition is serious.

Mrs. O. H. True and daughter Miss Edith, of Dallas, were through here enroute home from California this morning. They were greeted by their friend Miss Alta Log.

It has been said that the two words in the English language now most despised are "drive" and "quota." It is true that the people of this country are "full up" on those two words and the idea of compulsion that they signify.

District Court is in session here this week, and as usual the high character of our county is attested by the scarcity of criminal cases. Court here, is more a court of equity than one of justice, in that the majority of cases are civil cases.

Some very efficient street work has been done by the city "dads" on second street leading west from the court house. The heavy rains had filled in the drainage ditches so much with sand that a high grade had to be thrown up and some deep ditching done.

A visitor in Hedley says that Editor Ed Boliver says that if Clarendon don't like what he had to say about the methods used in carrying out the Fourth of July Celebration and Rodeo, he will cut loose and tell us what he really think about us. No, thanks, Ed. Plenty is plenty.

The Lord is certainly good to Clarendon—furnishing this nice moonlight while the city is "too poor" to pay for street lights.

The Panhandle-Plains Executives in session at Amarillo this week elected Secretary-Manager A. N. McCordell of the Clarendon Chamber of Commerce as second vice president. This organization will be worth much to this section of the country and their action again demonstrates the fact that when an organization wishes able officers they may always find them at Clarendon.

Editor E. A. Carlock of the Paducah Post is a candidate for the diamond ring to be given to the most popular novice at the shrine ceremonial to be held at Khiva Temple, Amarillo, sometime in September. Editor Carlock is a good speaker, a good campaigner, has lots of friends everywhere and will make a great race. Many Clarendon Nobles have already pledged him their support. The News hopes he wins, hands down.

When Sheriff Burton Roach of Amarillo met with a body of citizens in that city interested in law enforcement he made the statement that since prohibition had gone into effect there had been a great falling away from the ranks of pros, and the officers of the law were left unaided in their efforts at law enforcement. Sheriff Roach is right. There are many so-called pros who now wink at the law and who will take a nip of bootleg whiskey at every opportunity and sometimes go away down the street to meet the opportunity. Some of them argue that they have accomplished what they aimed at—the closing of the open saloon, and that now, etc. Officers are sworn to uphold the law, but it is a mighty hard job unless the citizens of their communities are willing to get behind them with their influence and effort. A great part of the blame for lax law enforcement lies with ourselves, and every good citizen ought to take another hitch in his belt and let the officers know where he stands.

Proving that the country is coming into an era of better financial conditions, The News has had the pleasure of putting a number of new subscribers in the past two or three weeks. The fact that they have come unsolicited is more appreciated. The News prides itself on the fact that it has only readers who want the paper. If we ever hear of anybody who don't want it their name comes off instantly and we will refund what is coming for unexpired time. Satisfied readers are a great asset for any paper. The other sort are liabilities.

Saturday is election day, at which time the people of Texas will say whether or not they wish to amend the constitution with five amendments. An article in another column outlines what the proposed changes are. From the standpoint of taxation the adoption of these measures will make practically no difference. The News is especially in favor of the amendment which increases the governor's salary from \$4,000 to \$10,000 per year. This is a measure which should have been passed long ago, and we believe its passage necessary if we are to invite men of real capacity to seek the governor's office. Vote for the raise—it will mean economy.

And now the poor sheriffs are being "romped on" all over the state because somebody got hold of a little wildcat "white-mule" at Amarillo during their annual convention. The News has no use whatever for booze and we pity the man who can't let it alone when he is around where it is. Neither do we offer a word to defend an officer of the law who trifles with liquor when his duty is so plain, but we do think that it is a pretty hard deal to make every sheriff in Texas who attended the convention "a goat" for what a few did during the meeting. Those who know our sheriff know very well that he isn't a drinking man, and we are sure that there are scores of other Texas sheriffs just like him. It's all right to stick it to the sheriff or other attendant who absorbed the fire water, but those who didn't hadn't ought to be put in the same class.

Sometimes you hear people criticizing newspapers for suppressing court news, and as often you hear others criticizing the same paper for printing it. As a matter of fact the newspaper is under obligations to its hundreds of readers to give the dockets and findings of the courts, just the same as any other sort of news. To prove that The News tries to give the court news without fear or favor, in printing the docket of the present term of district court a week or so ago we could have omitted mention of a suit, entirely friendly and without any liability against this editor. Those who are familiar with court procedure will understand how it is sometimes necessary to make a person a party to a suit when there is nothing but co-operation between the plaintiff and the defendant. Of course we knew when the item appeared there were some to whom it would be a pleasant morsel, but we are trying to run a newspaper, therefore we had no more right to omit that part of the docket than any other case appearing thereon, so we printed the whole thing as it stood. The News believes that there is a class of news that wisdom always demands the elimination of, and like all newspapers we reserve the right to withhold such when infamy falls upon any home of the community, but what we are trying to intimate is this—The News prefers to be criticised for printing the news rather than for withholding it.

The Donley County Commissioners Court is up against a real proposition. They say that considering the funds available they are unable to do any more road work. The fact is they believe now that there is just one way to have good roads in Donley County and that is by a bond issue, although they do not openly advocate it at this time. Those who know the value of good roads and the wasteful efforts to keep dirt roads in repair have long ago been convinced that a bond issue for permanent roads is the only solution to this perplexing question. A bond issue of \$500,000 and the state and federal aid of \$300,000 or \$350,000 will give Donley County a system of good, hard surface roads that will compare well with the best roads of the country. The News would like to suggest, however, if such a move is contemplated, that an effort be made to bring together the representative citizens of Childress, Hall, Donley and Armstrong counties and after consultation map out a program of road work which could be uniform. If a contract could be offered by these four counties of from \$3,500,000 to \$4,000,000 the great contracting concerns could afford to get into the bidding and bring their heavy and modern road making machinery here to our advantage and profit. If we go after goods roads let's organize and go with our neighbors. In unity there is strength. Let's go.

HOW WILL YOU VOTE?

Five amendments are to be voted on by Texans Saturday. These propose to increase the salaries of the six executive officers of the Commonwealth; to increase pensions paid Confederate soldiers; to change compensation of members of the legislature; and to amend the suffrage article in the Constitution; and an amendment relating to the Prison Commission.

The pay of the governor, his co-workers, and the legislators was fixed nearly half a century ago, and what seemed liberal then is utterly inadequate at this time. The sacrifice required of a man who would fill a State office in Texas is such that very few poor men can aspire to such service.

Texas is amply able to pay the men who manage affairs of State, and The News is of the opinion that to place the business of the State on a basis somewhat more nearly akin to the methods of business institutions would result in appreciable savings, even though such men might have to be paid somewhat more than the limits fixed by our Constitution permit.

With the governor paid \$4,000 a year; the attorney general \$4,000 a year; the superintendent of public instruction, \$4,000; while the secretary of state and treasurer each receives \$2,500 a year. The legislators receive \$5 a day for the first 60 days, together with certain travel allowances.

It must be manifest that these allowances are inadequate.

Miss Maybelle Hays conducted a corn canning demonstration in Giles Tuesday. Yesterday she assisted the county prize winners in preparation for their competition at A. & M. for the state prize in the domestic arts and science. The meeting was at Lelia Lake.

WANTED—WANTED

We want 4 or 5 good ranch loans. Also we want 10 good farm loans ranging from \$1,000 to \$10,000.

Our facilities are ample. Our rates are reasonable.

If your land is worth the money and your title is good there will be no delay.

WE INSURE EVERYTHING AGAINST ANYTHING

We are making some good real estate deals.

RYAN BROTHERS, Phone No. 454

MEMBER CLARENDON CHAMBER OF COMMERCE

ALL ELECTRIC LIGHT AND POWER METERS ARE TO BE TESTED

Nearly every one is willing to pay for what they get. But they want to know that they are getting what they pay for. With this in mind we have secured the services of a meter expert to test our meters in Clarendon. Our meter expert Mr. J. B. Gribble of New Orleans, La., will be here some time next week, and will commence testing meters. It will require several months time to test all the meters in Clarendon, but they will all be tested before he leaves Clarendon.

Receiver Texas Gas & Electric Company

SINGING CONVENTION TO MEET AT HEDLEY NEXT

The Donley County Singing Convention will meet at Hedley the fifth Saturday of this month according to the statement of President L. F. Scott. A large attendance is expected as the membership is very large, and the place of meeting will be the tabernacle. Soon after the meeting is called to order at two o'clock that afternoon, the representatives of the various districts will organize their groups and each will use their own special books in singing. The evening will be devoted to a business meeting. Prominent singers will be in attendance from Ft. Worth and Waco. The singing convention was organized a year ago, and was made county wide the past April, when the meeting was at Lelia Lake. At that time more than one thousand were in attendance and a still larger number is expected this time. The meeting will continue over Sunday when a big dinner will be had on the grounds. The committee invites all singers from over the county and Panhandle to attend.

Mr. and Mrs. Charles Harr, of Childress, accompanied by their friends Miss Ruth Davis of this city returned here Monday from a vacation of several weeks spent at Las Vegas, Santa Fe and other points in New Mexico.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

JEFFERSON STANDARD LIFE INSURANCE CO.

GREENSBORO, NORTH CAROLINA

LEADING SOUTHERN COMPANY

Assets over.....\$ 14,500,000.00
 Policyholders Surplus over..... 1,295,000.00
 Business in Force..... 165,000,000.00

\$5,000.00 of our Special Benefit policy provides the following:

- \$10,000.00 for accidental death.
- 5,000.00 for natural death.
- 50.00 a month to you as long as you live, should you become totally and permanently disabled to work from disease or accident.
- All future premium payments are also waived in case of total disability, with NO deductions at death for premium payments waived or monthly installments paid.

Government Statistics show the following sad facts:

- Seven-eighths of all the money left by married men in America to their dependents is derived from life insurance.
- Nineteen out of every twenty persons fail to provide for their old age or for their families.
- Eight million women are forced to earn a living.
- Thirty-five percent of the widows in the country are in want.
- Ninety percent of American widowhood lacks life's common comforts.
- Eighty-two percent of the children of the country are forced to leave school before completing the eighth grade, to aid in making a living for the family.
- Have you made ample provision for your old age, and for your family after your death? If not, you had better see me at once and do so.

WORRYING

Worrying is a real and exceedingly injurious habit that is acquired and grown on the victim. Who hasn't seen or known dozens of women and some men who were chronic worriers and most of them react in their physical health to the vice of worry.

A fit of anger or a spell of worry, envy, or jealousy, which are forms of worry, often will cause more physical fatigue than a hard day's work, for the mind has a strong influence on the health of the body.

"Take it easy" mentally, no matter if your problem is a hard one. When the pressure gets too much for you, drop the problem for a while and turn to something else.

"Forget it." Its hard to do but you can learn to do it just as you learn to read and write.

Hurry is worry. Start early enough to do what is before you without the strain and uncertainty of hurry and rush, if at all possible. You'll not be fagged out and can do better work all along the line.

Don't rush home in the evening after work. Take your time and you'll eat a better supper and sleep more soundly.

Above all for the sake of physical fitness don't brood over your problems and troubles. Don't indulge in self pity. When you feel this "coming on" get out in the open take a walk or get in some game that will set the blood circulating and your mind will be that much better off to solve the problems.

BALANCED RATION MAKES FAST SHOWING

If you don't think it pays to know what you feed to a pig, ask a Donley County Club Boy. Harry Evans, a member of the Boy's Agriculture Club at Ashtola has a pig which under the ordinary way of feeding made very unsatisfactory gains. Following the instructions received in his club work he began feeding the pig a balanced ration, and the averaged daily gain for the last month were near three pounds. Despite the fact that Harry is a good "hog man" he admits that this increased success was brought about by his changing the ration.

County Demonstrator.

DIPPING EGGS PREVENTS "COLD-STORAGE WASTE"

Probably the best founded reason for prejudice against cold-storage eggs has to do with the flavor. Everyone recognizes the "cold storage taste." "This taste," say the specialists in the Bureau of Chemistry, United States Department of Agriculture, "develops in eggs that have been in storage for several months, and is especially noticeable when they are soft-boiled or poached. The flavor is not so marked in the white as in the yolk which contains a large percentage of fat. It is known that fats have an affinity for odors and flavors. The facts indicate that the 'cold storage taste' is due to the absorption of surrounding odors.

"When closed the storage room itself has some odor, as have also the cases and excelsior, but the strawboard fillers and flats have an odor more nearly resembling that found in storage eggs. The fillers and flats become slightly damp in storage, due to the absorption of moisture evaporating from the eggs and the air of the room, and acquire a stronger odor than when dry. Experiments show that when eggs are protected from the air by immersion in a preserving fluid, and held in cold storage, the typical 'cold-storage taste' does not develop. This proves almost conclusively that the objectionable taste is a flavor absorbed by the eggs."

Dirty and cracked eggs, the poultry specialists say, absorb this flavor more quickly and to a greater extent than do eggs with clean shells. Although summer eggs usually do not keep so well in storage as spring eggs, they are preferable in winter from the point of view of flavor, because they have not been held in storage so long as the spring eggs. A "storage taste" usually can be found in April stock in November; in May eggs in December; in June eggs in January, and in July eggs in February.

Curtis Bearden and wife and their nephew, of Roswell, New Mexico, visited the first of the week in this city with their friends Bob McGowan and wife. Mr. and Mrs. Bearden are enroute to their old home at Dallas.

TAKE A REAL VACATION

Some men fight shy of taking a vacation because they think their business will go to pot if they are not there on the job to look after it.

Such men not only miss the great advantages of a thorough rest each year, but they repress the latent ability of their subordinates. It would surprise some of these men mightily if they could realize how much smoother and easier their stores or plants would operate if they were absent for one month, three months, or six months.

George Ade once addressed one of his shows after a long absence. "Whenever I stay away from the show awhile," said George, "and then come back to it, I notice it's wonderfully improved."

Junior executive cannot acquire the sense of judgement necessary to operate a business except through actually doing the work. Men learn by doing. Trust your men give them responsibility, put it to them to handle all problems which come up, and get away into the mountains and woods where no telegrams or telephone calls can reach you. You'll find that things will come out all right. In fact, you may be considerably surprised at the progress which is made during your absence.

By all means the best business advice which it is possible to give at this time is, "take a real vacation," get away from the routine and the worry and get some genuine recreation. And when you return after your search for sunburn and freckles, you'll find that you will have more pep and energy than you have had in years. Take this tip. Or, if you are an employee, cut out this little talk and lay it on the boss's desk.

THE BEST TEST

Is the Test of Time

Years ago Mrs. L. Howe of W. 4th St., Clarendon, told of good results from using Doan's Kidney Pills. Now Mrs. Howe confirms the former statement—says there has been no return of the trouble. Can Clarendon people ask for more convincing testimony?

Mrs. Howe gave the following statement on November 27th, 1915: "I used Doan's Kidney Pills a few years ago and from the results I received I know they are good. I got Doan's at Stocking's Drug Store, and I advise everyone troubled with kidney complaints to try them."

On April 20th, 1919, Mrs. Howe added: "Since I recommended Doan's Kidney Pills some time ago I have not needed them. The cure Doan's made has lasted."

Price 60c, at all leaders. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Howe had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Friends will be glad to learn that J. T. Patman, who was ill for several days last week, is again able to be up.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.

AS A MAN THINKETH SO IS HE. YOUR TOWN IS WHAT YOU MAKE IT

"As a man thinketh—so is he"—the wording may be a little off but the meaning is there. The same thing will hold true of a city. When every human that lives in a town believes that the town is the best in the state, the cleanest, most progressive, constructive, winningest town in the whole country you are going to find just such a town right there.

Whenever the majority of the folks that live in a town think it is rotten, dead and going to the bow wows, it is time for the real folks to move for it certainly is on the road to that very place or condition.

The story is told of a traveler that stopped at the town pump in a small town to water his team one evening about sundown. His covered wagon was piled with all of his worldly goods, and trailing behind was a run down buggy with tabs, stove pipes and saddles tied on to it. They were moving.

A farmer stopped his team at the same pump and the two fell into conversation. The traveler, after the usual remarks about the weather, politics, crops, etc., asked:

"What sort of folks live here friend? This looks like a mighty good sort of country, and I might locate here if the folks are the right kind."

"I don't know," said the farmer, who lived there, "about like all other folks I suppose. How were they where you came from?"

"I tell you friend (that sort of a bird always calls everybody and everything friend)—that is just why I am moving. I had the rottenest bunch of neighbors I ever saw in my life. They would lie and steal and gossip about you with you looking them right in the eye. They were the sorriest bunch of folks I ever saw in my life. I just had to move to get away from them."

The farmer shook his head. "I'm sorry Mister, but I am afraid you will find them about the same way here!"

We usually find what we are looking for. Any fool can find fault but it takes a man to start something constructive!

In every town you will find folks who will sit flat and wait until somebody starts something progressive or constructive and then come alive just as though you had stuck a hot wire to them. They kick and howl until you can hear them a mile and the folks made want to believe that the whole town is against the most just because a measly little half dozen howlers yell themselves hoarse.

They have never made but one mistake and that is living for that is all they have ever done. A stranger, standing on the street corner of a little town pretty much like Lubbock one afternoon, saw a funeral procession pass. A native of the place said: "There goes Old Spivins—I never heard a man say a word against him in my life. He never made an enemy or hurt anybody's feelings."

The stranger looked the native over to see if he really was sincere. "Did you say he never had an enemy or made anybody mad and was never criticised?"

"Never in his whole life, I don't suppose!"

"Then he was a disgrace to the town and it is the best thing that ever happened because he is dead, for I'll bet my head he never did do anything. Was he ever on the Schoolboard, a Steward in the church, an officer in the Chamber of Commerce, on the Board of Equalization, a city officer, a Red Cross director, on the Draft Board, Clean-Up Committee, Retail Merchants' Association?—Did he ever do anything?"

Towns do not happen—they are built! and most of the building is done against some folks feelings. There was nothing ever done in the world that suited everybody, if it was of enough importance to amount to anything. Some folks even object to the way the streets were named and numbered. They had lived here twenty or thirty years and had never made a move to improve conditions in that connection. Nobody knew where they lived. A Committee of Six was appointed—three from the Chamber of Commerce and three from the City Commission, of men whose business made it most important that the streets be effectively named and houses numbered.

This committee included an attorney, an abstractor, a light man, an insurance man, a tax man, and one other. If there is anybody in the town competent to appreciate the needs of an effective system of naming and numbering streets and houses it is representatives from these lines of business, and effectiveness was the basis of their operation.

New York City, Washington, D. C., and some of the other small towns in the country furnished the suggestion for the present system. If more than six million folks can find their way under this system it should be easy enough for our five or six thousand to get around fairly well.

Every member of the committee had a different idea as to how the streets should be named but there were not so many of them but that some sort of an agreement could be arrived at. If every man in town was given an opportunity to suggest a plan for the same thing, there would not, at the end of ten days be any two suggestions alike. We all have notions. But the present system was worked out and has been officially adopted by the City Commission and has received very favorable consideration from men who are acquainted with the system in force over the country and know what an efficient street numbering system means to a city.

The wild idea seems to have gotten into some folks' head that it will cost thousands of dollars to change the existing abstracts to the deeds effecting all city property. But according to abstract men that is all wrong for there is no deed that concerns itself with the street name or house number but is based absolutely upon block and lot divisions of section numbers that is in no way effected by street names or house numbers.

There was one lawyer that got very irate on just that point—and if anybody should know how deeds are made it should be a lawyer. He threatened to stop his Chamber of Commerce dues because they had fostered something that would cost the city so much money. He was shown his mistake and still belongs to the Chamber of Commerce.

It is funny the things folks threaten to stop their Chamber of Commerce dues on account of. One dear brother rushed into the office recently, called the Secretary out to one side and broke the sad news into his ear that unless the city did a certain piece of street work within the next thirty days he was going to stop his Chamber of Commerce dues.

Of course he knew that the Chamber of Commerce was not running the city's business but unless this was done he was going to stop his dues.

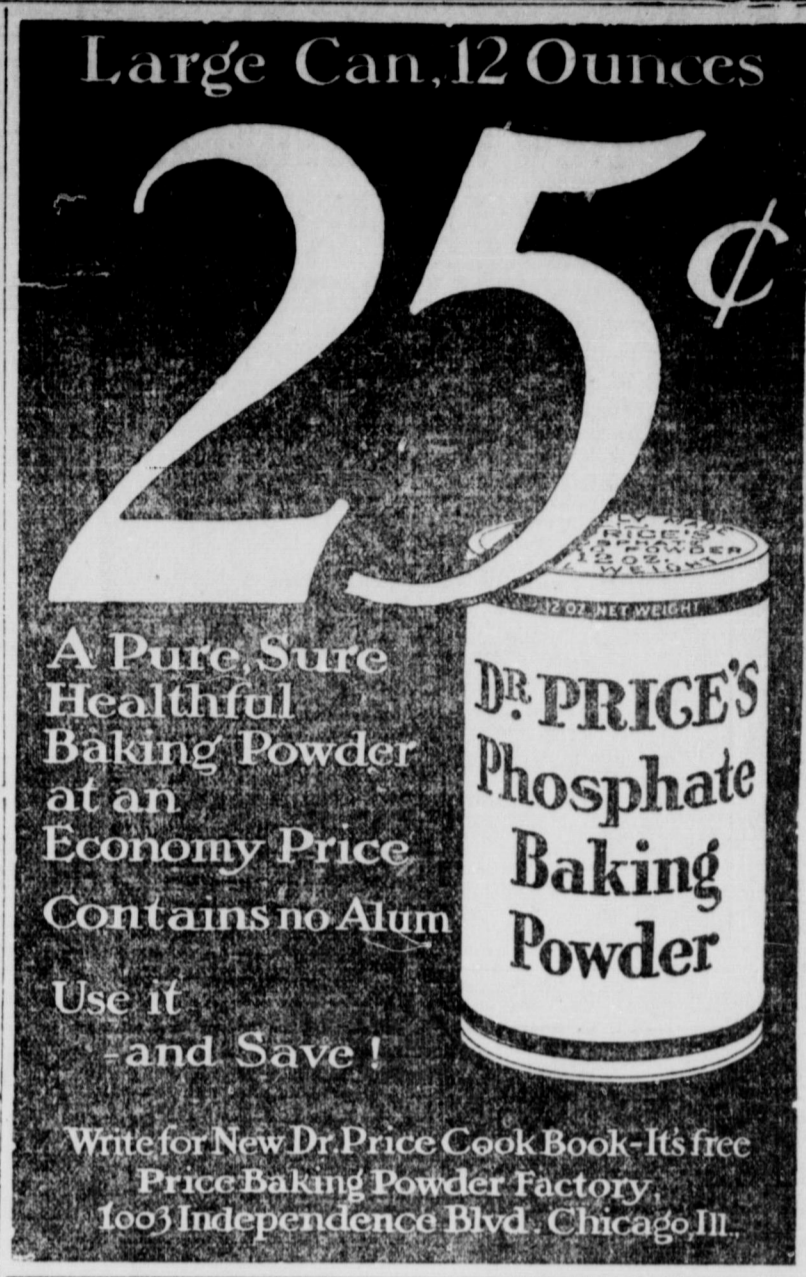

So it goes—If your hens are not laying as many eggs as you think they ought to lay—come down and clean up on the Chamber of Commerce and stop your dues. Incidentally it might be well to mention the fact that the slow business and so-called hard times of the past six months has reduced the Chamber of Commerce budget less than twenty-five dollars through canceled subscriptions and reduction and that during the same period more than fifty dollars a month of new members have been signed up to counter-balance that loss.

The Chamber of Commerce, the City officials, the County officials, the School board, and every other body of men who do things make mistakes. Everybody does, that does anything. A dead man never makes a mistake, and that holds true regardless of whether he has been buried or is just dead and don't know it and still hangs around town and kicks.

We are about what we think we are, as individuals or as a city. It is time we began to think of Lubbock more as a city than an overgrown country town. Use your house number. When you tell anybody where you live, say "1324 Seventh Street," when you call the tailor say "284 Thirteenth Street." Get to thinking in up town class.

"Any fool can find fault—it takes intelligence to do things"—pick your own class.

Mrs. June Taylor was a Clarendon visitor Monday evening.

 MEMBER OF THE CLARENDON CHAMBER OF COMMERCE

INVESTIGATE ALL SOLICITORS

"I shall be glad to subscribe to your fund if you will bring me a statement from the Chamber of Commerce that your credentials are all right," said one business man to two solicitors this past week for a fund for a maternity home.

"Oh, yes, we will be very glad to take our papers to the committee and have them look into our institution and we appreciate your kindness in referring us to that committee." They were very polite and nice, clean looking women—but they never applied to the Chamber of Commerce to have their papers vouched for.

Maybe they were all right and maybe not. A smart appearing woman of about 36 came into this city last fall on an identical proposition. She had a logical story, a whole flock of recommendations and certificates showing that she really did represent a recognized institution and she got from \$5 to \$20 from about three-fourths of the business men and houses of the city. She was never brought before the credentials committee of the Chamber of Commerce for investigation and left town some \$200 or \$300 to the good.

In Plainview the following day she was taken to the Board of City Development for investigation and placed under arrest for fake solicitation for telegrams sent to the institution she was supposed to represent failed to establish her identity. She city-slicked us out of a couple of hundred dollars.

Magazine solicitors, stock salesmen, solicitors of various sorts and kinds, mostly advertising, make these towns upon a schedule just like traveling salesmen. They represent nobody except themselves and when you pay \$1, \$2, \$5, or \$10, you are simply contributing to their support.

The money spent for fake schemes in this city each year will run into a tidy sum. Three-fourths of these could be weeded out by the Chamber of Commerce investigating committee. No legitimate solicitor or salesman would object to a committee looking into his recommendations and authority for doing business—no advertising promoter would object to having his scheme investigated by real businessmen—and no others are wanted. When they show up simply bring them around to the Chamber of Commerce.—Lubbock Avalanche.

Jim Adams and wife will leave this evening for Dallas and Italy where they will visit with friends and relatives. Mr. Adams will return within a few days while Mrs. Adams will continue to visit for a month.

Elliott Moss, of Memphis, was here Monday on legal business.

THE NEWSPAPERS OF TEXAS

have been virtually unanimous in urging our legislature to pass an Optometry Law similar to those in force in EVERY OTHER STATE. The people of Texas should be protected from the "eye glass faker" and an Optometry Law is the only means of gaining this protection. See your Legislators and request them to favor the law regulating the fitting of glasses in this State so that the "quacks" may be kept out and our citizens protected.

LOCAL & PERSONAL

Mrs. Lena Smith, of Groom, shopped in this city Monday.

Harry Allen and Cap Weatherly motored to Memphis Sunday afternoon.

R. G. Runyon, of Amarillo was here the first of the week on business.

Mrs. J. T. Christian, of Claude, is visiting this week with her friend, Mrs. L. F. Lowry of this city.

Miss Pearl Burkhead of Dallas, is visiting this week here with her friends the Misses Long.

Miss Ruby Coker, of Quanah, will arrive here this evening for a visit with her friends the Misses Long.

Mrs. Ida Chitwood conducted a two days short course for the ladies at Naylor Monday and Tuesday.

Alex Mood, of the Amarillo Bar, was here the first of the week on business.

Mrs. J. C. Finley returned to her home in this city Tuesday from a visit in Amarillo.

Miss Beulah Baird departed Tuesday for Amarillo where she is visiting with friends.

Misses Cannon and Wilson, of the Adair Hospital, were guests for supper at the J. A. chuck wagon Sunday evening.

Miss Helen Martin visited the latter part of last and the first part of this week with friends in Claude.

Mrs. C. N. N. Ferguson and son Charles visited in Amarillo Monday and Tuesday with relatives and friends.

Mrs. L. F. Lowry and son Charles spent Monday at Claude where they looked after farming interests. Their wheat crop has been harvested and they report that the yield was fair.

Mr. and Mrs. Nat Perrine, of Hedley, were here Monday attending business and visiting with friends.

E. T. Miller, well known and liked here as the former district attorney, was here the first of the week on legal business.

Mrs. C. A. Burton is taking the rest cure for eight weeks. Her numerous friends will be glad to learn that she is doing well.

Lowick Thompson, of Memphis, was here Sunday. Mr. Thompson is one of Clarendon College's former baseball players.

Mr. and Mrs. Jeff McCrone, of Wheeler, were here on business Monday. While here they also called on their friend Hollis Spiller.

Miss Delena Parsons of the First National Bank returned Monday morning from Dallas where she spent her vacation.

Charlie Bell motored down to this city from Claude Friday evening, returning home some time in the week hours of Saturday morning. He is hauling wheat there.

Mrs. J. H. Cameron and daughter Miss Amelia, of Haldton, Oklahoma, visited the past week in this city with Mrs. Cameron's father T. M. Little and family.

E. B. Antrobus and wife returned the first of the week from New Mexico where they have been looking over the lands with the view of locating in that state.

Sam King, formerly of Groom, arrived here Sunday to take charge of the prescription department of the People's Pharmacy. Mr. King is a brother to A. M. King, of the Stocking Drug Store and is known as a successful pharmacist. He had charge of the same department that he is now engaged with during the months of February and March of this year.

Dr. and Mrs. B. Younger and children, accompanied by their cousin Miss Maurice Kyser of Ft. Worth, are enjoying a car vacation in New Mexico.

Misses Alta and Vera Long attended a house party at Paducah the latter part of last week. Miss Alta returned to her home in this city Monday evening.

Misses Myrtle Jolly and May Naylor left Tuesday for Amarillo where they are visiting with friends and relatives. They will return to this city Sunday evening.

F. E. Chamberlain and family and Mr. and Mrs. R. A. Chamberlain left the first of the week for a vacation in Colorado. They are making the trip in a car.

J. R. Bartlett and family, Mrs. Eula Cox and Mr. and Mrs. Stuart Condon left Monday by car for Colorado where they will spend their vacation.

Carl Parsons was in Wellington Sunday looking after the work of the Epworth League. Carl is the District Secretary for the League, and is kept busy in keeping the work lined up.

G. A. Latimer, a former resident of Clarendon, having at one time been the owner of the waterworks in this city, visited the last week in this city with his relatives Mrs. J. D. Stocking and family. Mr. Latimer is enroute to Denver.

Miss Julia Lewis returned Tuesday to her home in this city from Nashville, Tennessee where she attended the Peabody Teachers' College this summer. She had a great success teaching at La Grange, Georgia the past session and will return to her same position this fall.

Mrs. Ada Jackson was called to Whitdeer Sunday on account of the death of her brother W. M. Umphrey of that place. Friends will be sorry to learn of Mrs. Jackson's bereavement. The interment took place at Keosauqua, Iowa.

Charles Ferguson filled the pulpit at the Lella Lake Methodist church Sunday morning and evening. The reports are that his sermons were up to their usual high standard, and were very favorably received.

W. V. Winslow returned to his home in this city Saturday after two months of emergency service with the Merchant Marine. Mr. Winslow volunteered with many other engineers to keep the big liners going during a strike of the regular engineers. The ship on which Mr. Winslow was an engineer went to Cuba. After having served for two months, he was sent to New York where he was discharged. He returned home by the way of Tennessee where he visited with his father. Mr. Winslow says that he never knew until this trip what it meant to be homesick. He will again engage in the gin business.

B. F. Finley, prominent banker of Pampa, was in this city Tuesday on business.

Robert Lane and family of Wichita Falls, visited here Thursday with the C. H. Dean and the Joe Goldston families while enroute to Canyon, where the Misses Lane will attend the summer school at Canyon Normal.

Miss Ruth Massey, the charming and accomplished daughter of Mr. and Mrs. W. W. Massey, former residents of this city, now of Kingsmill, is visiting in this city with her friends Misses Agnie and Mary Cagle.

THE OPPORTUNITY OF A LIFE

We are now offering 75,000 acres of the Spearman Farm Lands, located at Seagraves, Gaines Co., Texas for sale to actual settlers upon the colonization plan at very attractive prices and upon extremely good terms. This is the best place on earth for a poor man or a man of moderate means to secure a home for himself and family. A postal card to W. A. SoRelle, general agent, Clarendon, Texas or W. H. Steele, local agent, Blythe, Texas, will bring you a descriptive pamphlet giving you full information concerning this country. Don't hesitate but write today. (46c)

HONEST BILLS
AMERICA'S BEST SHOWS

will spread its thousands of yards of canvas and give two complete performances. This show represents more wealth than any other overland show and is absolutely the largest in America carrying over 100 head of performing horses, mules and ponies, 75 people, tumblers, acrobats, benders, trapeze and playing performers. And then those funny fellows, the clowns, that keep you laughing from opening to closing of the Big Show, the best talent, and acts money can secure.

In the Wild West Arena, you will find real contest riders and ropers, featuring Pan Handle Slim, who has won more prize money than any other man in the saddle during the past eight years. Also Kid Slocum, Oklahoma Charley and Chief Eagle riding the best bunch of outlaw and bucking horses ever gotten together.

In the big animal annex you will see Elephants, Lions, Camels, Tigers, Leopards, Monkeys, Gorillas, Ape, Elk, Buffalo and many others. This collection alone costing over \$50,000.00.

The Pony with human intelligence, and the undisputed champion of all champions will be on display. The only Spotted Shetland Pony "Cupid" on earth. This wonderful little animal performs the feat of addition, subtraction, division, spells words, picks out colors, counts money, and tells the time of day to the minute by any watch. "Cupid" actually possesses more genuine sense than lots of people.

Remember this is the 18th season for this Mammoth Organization never changing only in size and splendor, bigger grander and better than ever. The Honest Bills Shows motto is the same Quality Quantity and Cleanliness.

Forget the Minnows and come to see the Whale.

One day only.
Don't forget the day and date, Clarendon, Tuesday, July 26.

MRS. SEITZ DIES HERE
AT HOME OF DAUGHTER

Mrs. Susan Seitz died Monday afternoon at the home of her daughter Mrs. Fred Johnson of this city following an illness of two months duration. The remains were shipped that evening to Mobeetie for interment. Mrs. Seitz was more than seventy-seven years of age.

Mrs. Seitz was born in North Carolina; but removed to Texas in the early days, and has been a resident of the Panhandle for fifteen years. She is survived by five sons and four daughters, all of whom were present at the funeral. The only child living in this city is Mrs. Fred Johnson with whom Mrs. Seitz had lived for the past ten years.

Mrs. Seitz has been a life long member of the Methodist Church, and by her Christian character she had made many friends of the truest type. She is interred by the side of her husband. The many friends of the bereaved ones join in extending to them an expression of sympathy in this sad hour.

PLAY GIVEN BY MISSION SOCIETY WELL ATTENDED

The play given Thursday evening under auspices of the Woman's Missionary Society of the Methodist Church was well given, and a goodly audience was present to enjoy it. The story was laid in Virginia during the Civil War period of history. Those participating in the performance executed each of their parts well, and the play went forward with that ease that is acquired by talent well coached. About seventy dollars was realized from the performance, although the tickets were sold at only twenty-five and thirty-five cents. The play was coached by Misses Oma Griggs and DeLaurel Beville. Music for the occasion was furnished by Mrs. S. M. Braswell and Miss Fray Stallings. The following young ladies took part in the performance: Misses Ethel Hudgins, Bess Alexander, Lucy Noble, Orene Hudgins, DeLaurel Beville, Syble Johnson, Evelyn Patman, Oma Griggs, Caroline Shawver, Eunice Griggs and Thelma McCarley.

FREIGHT CARS SMASHED IN WRECK LAST NIGHT

A wreck occurred in the Denver yards in east Clarendon last night when a crew was doing some switching. Two box cars were jammed, and their coupling rose and fell on cars on an adjoining side track, so that the two cars were left standing on end. So quietly did the mishap come about that the crew was unaware of it until they started to leave the yards. As yet the debris has not been cleared away.

LADIES TO ATTEND A. & M. SHORT COURSE NEXT WEEK

Mrs. Ida Chitwood will leave Saturday evening for College Station where she will attend the A. & M. Short Course next week, as well as being in charge of the candidates from the clubs in this county. These candidates will compete for the state prize in cooking and sewing; and will be Misses Hazel Holley of Lelia Lake and Nellie Mae Chapman of Hedley, together with Mesdames A. P. Berry of Ashtola and John Mariett of Jericho.

CHILDREN'S CLINIC IS HELD HERE AGAIN

The Donley County Health Center held another successful children's clinic Saturday afternoon at the Y building under the direction of Miss Ella Yeager. At this time twenty-three children were examined and defects were pointed out, these were for the most part minor defects that by treatment now can be easily cured. With the continuance of this free service, more people are taking advantage of this opportunity to have their children examined and have all slight abnormalities removed, and the work is proving of great benefit.

Mrs. A. H. Baker and daughter Miss Essie Patton accompanied their daughter and sister Mrs. Marion Cox to Panhandle Monday and returned. They made the trip by car.

MRS. SELDON BAGBY ENTERTAINS AT "500"

Mrs. Seldon Bagby was the delightful hostess to the married ladies Thursday afternoon and to the married and unmarried young ladies Friday afternoon. Mrs. W. H. Martin received the high score Thursday while Mrs. E. A. Simpson drew consolation. On Friday afternoon, Miss Ethel Gentry received the high score while Miss Francis Cooke drew consolation. Miss Nell Grogan took the guest prize. Thursday afternoon Mrs. Dick Walker and Mrs. Allen Beville, Jr., and Friday afternoon Mrs. G. B. Bagby assisted the hostess in serving a salad and an ice course. Those present Thursday were: Mesdames W. H. Martin, Bob Younger, C. C. Powell, James Trent, John Sims, Fred Story, Strickland, C. W. Bennett, Wesley Knorp, Will Lewis, J. R. Calhoun, E. A. Simpson, G. B. Bagby, W. H. Patrick, George Ryan, Swan, Mesdames Hearn of Seattle, Washington, Kyser of Ft. Worth, Cook of Los Angeles, California. Friday afternoon there were present: Misses Fannie Grogan, Marjorie Turner, Ola Grogan, Ethel Gentry, Nell Grogan, Gertrude Morris, Cassandra Sims, Muff Sims, Fannie Florence Sims, Annie Myra Bennett, Frances Cooke, Mary Cooke, Beulah Baird, Mamie Harrington, Ruie McLean and Mesdames O. G. Strickland, Dick Walker, A. M. Beville Jr., C. B. Trent, Sam Dyer and Maurice Kyser.

MRS. GARDNER HONORED

Mrs. D. M. Gardner, wife of a former pastor of the Baptist Church in this city, now of Birmingham, Alabama, was the honoree of a reception given by Mrs. W. B. Sims at her home Monday afternoon. The affair was informal, and was a most enjoyable one. Those present were: Misses Ruth and Sarah Thompson, Annie Bourland, Mae Lumpkin, Mittie Cole, Grace Davis and Meena Lane; Mesdames Gray, Reeves, Land, Cole, Thompson, Mann, Whipple, Roberts, J. T. Warren, Joe Goldston, Stewart, Cope, Jim Headrick, Cameron, Macs Goldston, Bryar, Harwood Beville, Harris, Stocking, Read, George Read, Baldwin, Thornton, Ramsey, W. C. Taylor, Davis, McKillop and Sims. The out of town guests were: Mrs. Stewart of Annapolis, Maryland, Mrs. Stultz of Abilene and Mrs. D. M. Gardner of Birmingham, Alabama.

FRED CONNALLY RECOVERING FROM OPERATION

Fred Connally underwent an operation at Waco Saturday for appendicitis, and from the last report is doing well. The work was done by his uncle Dr. H. F. Connally, a surgeon of wide experience. Fred has been troubled for some time but had been unwilling to submit to the operation until advised seriously by his uncle to do so. The many friends of the family will be glad to learn that Fred is recovering so nicely.

POSTED—All persons are warned to keep out of the Sawyer gravel pit on Salt Fork. Hugh Brown, Fronabarger, John Clark, John Beverly, lessees. (31p)

F. W. Grogan and son George were in Amarillo Friday on business. Harry and Louis Sitner visited in Amarillo Tuesday.

The Cleanest Fountain

Among many people we have the reputation of maintaining the cleanest and most sanitary Fountain in town. It takes lots of work to do this, but we do it because we believe our customers are entitled to and will appreciate sanitation.

We invite you to inspect and drink at our Sanitary Fountain.

The place to get the best meat.

ORIGIN OF THE RED TRIBES OF AMERICA

When conversation turns to the subject of American Indians a number of questions lurk in our minds. One of these is likely to be, "How many centuries had Indians been in the United States when the first explorer of record came?" Another may be, "Were Indians the first race of men on this continent?" And another question is apt to be, "Did the Indian race or races come into being on our continent or did they migrate from some other continent, and if so, from where?" There is no answer to these questions which is beyond dispute, says the Kansas City Star.

The original American or the American aborigine, or the yellow, brown or bronze-skinned man called "the Redskin," and to whom the name "Indian" came to be applied through a geographical error of the early explorers, has come in for a large measure of study by those men of science classed as anthropologists and ethnologists.

One of the favorite explanations of the presence of the Indian in this country is that he was a Mongolian and came from Asia, crossing from Siberia by way of the Aleutian Islands and Bering Strait and then journeying south, and east into this land of promise. There are many men of science who hold that the Indian never had any connection with Asia and is not descended from the Mongols, Tartars, Chinese or Aleutians. They contend that the Indian was an Egyptian or a Carthaginian or one of the races occupying the lands of the Egyptians, Assyrians, Babylonians, Phoenicians of Carthaginians and came to America when a continent called Atlantis, mentioned by the classic authors of Greece, lay between Africa and America. That is, the Indian came here before 3,000 or more miles of sea separated Africa and America.

There are other grave and learned men who believe that the Indians came neither from Asia nor Africa, but from Europe and these men contend that he was a Greek or a Gaul and that he was related to the wild and barbarian tribes of the lands we now call England, Ireland and Wales. And there are scientists who hold

that the first Indian did not come from Asia, Africa or Europe. They have a theory that the American Indian was the original man, that is, that he was the first man to appear on earth. Among geologists are those who believe that the land we call the New World is the oldest land in the world. They believe that the first part of this world to appear above the seas which enveloped the world were the Laurentian hills, north of Lake Superior. It is believed that the first man of the earth appeared in that region and that the American Indian is descended from that man.

Judge Cato Sells, "now in our midst," was for eight years the great father of all the American Indians. He made an exhaustive study of the Indian. His research was both deep and wide. He printed interviews in all the influential newspapers of America, relatives to the Indians; he furnished or penned magazine stories concerning the Indian. He wisely concluded that there were more Indians today than at any time in American history but he never said a word about the origin of the Red Man. No doubt if pressed by the editor of the Kansas City Star the former commissioner of Indian Affairs would throw all the light needed and solve the problem. He is said to be the last word when it comes to Indian lore, the first and the last word on the way to handle the Indian and it is admitted by all fair minded men regardless of party that as an administrator of Indian affairs he established a new high record.—Ft. Worth Record.

POSTED

This is to notify the public that all of the J A pastures are posted and hunting, trapping or fishing is not permitted and all trespassers will be prosecuted.

J. W. KENT, Supt.

Mr. and Mrs. Eunice Wilson and sons Robert and Wilmer of Vernon ad Misses nFanie Lee and Lilly Beth Wilson of Elgin, Texas are visiting at the home of Mr. and Mrs.

M. L. Putman, of Goodnight, was here Monday on business.

GENERAL CROP SUMMARY

Crop conditions for the week ending July 2 are covered in reports just received by the Bureau of Markets and Crop Estimates, United States Department of Agriculture, from its field statisticians in the different states.

CORN—The corn crop has made excellent growth and the condition is generally good throughout the country especially in the central or leading corn producing states. Fields generally show good cultivation and much corn is being "laid by." The corn needs rain in Georgia, Tennessee, Nebraska, Illinois, Michigan, Wisconsin and South Dakota. Some corn has been blown down by heavy rain and wind storms in Oklahoma and Texas.

WHEAT—The harvesting of the winter wheat crop continues and is nearing completion in the central states. Some threshing is being done. Rains have delayed cutting in the central portion of Iowa and some portions of Oklahoma. Yields are quite variable, being reported as favorable in some sections, but quite unsatisfactory in others due mainly to rust, Hessian fly and chinch bug. Considerable complaint is reported of light and poorly filled heads.

The condition of the spring wheat crop is deteriorating, due to the heat and drought. Considerable premature ripening is reported.

OATS—Drought, heat and rust have caused some deterioration of the oat crop in the northern tier of states, and caused some premature ripening in the central section. Harvesting is practically completed in the south and southwest and threshing is in full progress. Much of the late crop has fallen in Oklahoma and some damage to grain in the shock is reported due to excessive rains.

COTTON—The recent warm weather has benefited the cotton crop which is generally small and late. Excessive rain has delayed cultivation in some sections of Oklahoma, Arkansas and Texas, but fields are generally well cultivated elsewhere. Much fear is expressed concerning probable damages from the boll weevil, which is becoming very numerous. Some reports of red spider have been received from Georgia.

POTATOES—The prospect for the Irish potato crop has been reduced somewhat by the recent heat and drought. The yield of early potatoes especially in the eastern states is light and late potatoes throughout the country need more moisture to produce vigorous growth and a good stand. Bugs are reported as quite numerous in some sections, necessitating spraying.

The condition of sweet potatoes still remains very good although rain is needed in some sections. Planting is progressing rapidly in Florida since the recent rains.

FRUIT IN GENERAL—The recent drought and hot weather have further damaged the fruit prospect both for tree fruit and berries. The drop of apples has been very heavy and the crop of tree fruits of all kinds will be small especially in the eastern and central sections of the country. The citrus fruit crop needs rain in Florida.

LIVESTOCK, HAY AND PASTURE—The health of livestock is generally favorable to dairy cattle. Feeding is general over large areas of Arizona, due to the drought and further losses of stock are reported.

Hay is making poor growth in many sections due to the drought. Much hay is being harvested under generally favorable conditions. Rain is delaying the alfalfa harvest in Oklahoma and damaging some already cut. Pastures are getting short throughout most of the Northern, Eastern and Central states.

ORPHAN WORKERS VISIT CLARENDON

Cat. J. T. Lynn and wife, founders of the Lynn Orphan work with headquarters at Dallas were here this week in the interest of their work. Capt. Lynn says we find homes for dependant homeless babies, place them in private Christian homes by adoption. Our work is nonsectarian and without a charge for services. We place any healthy baby regardless of its unfortunate parentage. We will go anywhere for service, take a baby at any age into our care with doctors certificate of health of child and mother. Any parties having christian homes and crave a baby to bring cheer and sunshine in their homes we will be glad to bring you a nice healthy baby. Capt. Lynn says I am known over Texas and adjoining states as the man with the baby and basket, sometimes taking them at one week old from 3 to 600 miles, personally caring for them in every way at hotels and on trains. Mrs. Lynn has had wide experience in rescue work and will be glad to help unfortunate patients into safe hands where they maybe Christian hands and avoid places where otherwise they might be thrown with undesirable inmates for as address: The Lynn Orphan Work, Box 325, Dallas, Texas. Capt. Lynn and wife.

INCREASE IN WHEAT OUTPUT IS PLANNED

Amarillo, Texas.—Make way for Texas, champion wheat State of the world. That's the conception of Texas a decade from now in the minds of Frank R. Jamison and A. S. Stinnett. Mr. Jamison is secretary of the Panhandle-Plains Chamber of Commerce and Mr. Stinnett is a former president of the organization. Both know intimately every section of the thirty-eight counties that form the Panhandle of Texas and in studying the resources and development of the section each has become a practical statistician.

They tell the interested person offhand that there are 22,848,000 acres of land in the Panhandle proper, and that proportionately there is more of it tillable than in any other section of the universe. For years Texas has lagged behind in the production of wheat while the rich acres, as level as a billiard table, in the Panhandle went untilled. Around 1,500,000 acres of wheat land was in cultivation in 1920. Early estimate: for this year credit the Panhandle with 1,930,000 acres in wheat, but more wheat farms are coming to light from remote sections and it is expected now that the acreage will exceed 2,000,000. It is no unusual thing, the statisticians have discovered, for some man to buy a tractor and plow up several thousand acres without the fact coming to light until the harvest is on.

About thirty of the thirty-eight Panhandle counties are producing the bulk of its wheat. There is every reason to believe that within the next ten years between five and ten million acres of Panhandle land will be planted in wheat, according to Mr. Stinnett.

With the average of around ten bushels to the acre, the Panhandle produced between 19,000,000 and 20,000,000 bushels of wheat last year. The present indication that this year's total production will run well over 20,000,000 bushels and perhaps better than twelve bushels to the acre over the Panhandle as a whole. The range of production probably will extend from seven bushels to thirty-five, or even better. A month ago there was general fear of under-production. Even when the harvest began in Floyd County there were estimates of from six to ten bushels in fields that have yielded around fifteen bushels. Rains early in June came in time to benefit the crop and did not come late enough to cause damage.

The harvest is well underway after a start that was more or less general about a week ago. A considerable amount of wheat is still uncut and stands green in the fields yet. In Floyd county seventy combines are at work daily cutting swaths from eighteen to thirty-six feet in width. The combines have taken the place of both the reapers and the threshers and both cutting and threshing is carried out with one operation while tractors and mules pull the machinery through the fields. Three of the combines in Swisher county are cutting thirty-six foot swaths through fields and bringing a rapid finish to the harvest season in that county. In Gray and Carson counties, both banner wheat counties, the same scenes are being enacted.

There is an apparent car shortage already looming up, according to Mr. Jamison, due largely to the rapidity with which the harvest came up. "I have laid the situation before the car service of the Interstate Commerce Commission and feel sure that a remedy will be forthcoming," said Mr. Jamison. "We want cars sent to Galveston routed directly back to the wheat fields, and such a practice will be necessary. Swisher county alone will need 200 cars a week for the next four weeks. Pampa will ship 2,000,000 bushels and will require about 1500 cars. The Panhandle as a whole will require about 15,000 cars.

"Now with farmers in desperate need of money, the market at present satisfactory and better than had been feared, elevator strikes and threats of more elevator strikes and railroad strikes, a frenzied condition is resulting that may result in congestion. If all of the wheat goes port-mell to Galveston and other ports there will not be bottoms enough to handle the crops and cars can not be realized. The harvest season already has gone for enough to indicate that the selling movement will be general. Money is in great demand and the \$1.15 a bushel that wheat is quoted at now is not as low as it might be. The whole situation is being given the closest attention. We do not anticipate any serious freight situation and we are confidently hopeful that the atmosphere will clear and conditions become adjusted so that marketing will move along steadily and orderly."—Harry Bengt Crozier, Staff Correspondent to Dallas News.

POSTED NOTICE.

All persons are hereby warned against hunting, wood hauling and trapping in the C. T. Word & Son pasture in Hall and Donley counties. All violations will be prosecuted promptly. C. T. Word & Son.

"RED CROSS NUHEALTH"

Proper Food

Are you too fat?
Are you too thin?
Do you get up tired and lack that indispensable commodity known as "Pep?"

If you do the chances are that you are not eating the right kind of food. No engine develops its maximum power with the wrong kind of fuel and the human engine is no exception to the rule.

Proper food is not a matter of quantity or even price as many of the most valuable foods are not high priced nor in the "luxury" class.

"Pep" giving foods are those that contain what is known as "vitamins" and should be included in every diet. They produce health and growth. They are milk, butter, yolk of eggs, and the leafy vegetables, such as spinach, cabbage, and lettuce, fresh fruits and whole grains.

There are five main groups of foods and one of each should be included in the diet of each normal person every day. They are:

Group 1: The mineral and acid class, the body regulators including spinach, lettuce, peas, string beans, tomatoes, turnips, carrots, cabbage, onions, fruit.

Group 2: The protein class, the tissue builders, including lean meats, poultry, fish, oysters, milk, cheese, dried vegetables, cocoa, nuts, custard, ice creams.

Group 3: The starchy class that give heat and energy, including flour, meal mixtures, bread and crackers, macaroni, rice, tapioca, cereal breakfast foods, potatoes.

Group 4: The sugar class, that give heat and energy, more heating syrup, honey, preserves, jellies, dried fruits, candy, sugar, frozen icees.

Group 5: The fats class, that give heat and energy, more heating per quantity than sugar or starch, including butter, cream, lard, salt, pork, bacon, vegetable oils.

CLARENDON IS LEADING OTHER CITIES IN SHOWS

Patrons of the Pastime Theatre in this city are enjoying the best among the latest shows, because of the industry of H. Mulkey the proprietor of that theatre. The past week many shows were shown in Amarillo which had been shown at the Pastime in this city a week or two earlier, and Amarillo prided itself on the fact that it receives the pictures soon after release. To get a film soon after release costs higher prices than after the picture has been released for some time, but Mr. Mulkey in his effort to give his patrons the best, keeps his pictures up-to-date; this accounts for the large and well pleased patronage of Mr. Mulkey.

Mrs. J. H. Evans spent the week end with her daughter Mrs. Horace Thrasher, of Claude. Robert T. Wilson.

SHERIFFS ASK FOR PASSES ON RAILROAD

Amarillo, July 21.—Sentiment in favor of the sheriff's departments withdrawing co-operation with special agents of railroads should the railways continue to refuse concessions in the matter of transportation, was emphatically expressed at the Wednesday morning session of the sheriff's convention here. The speaker expressing the sentiment was vociferously applauded.

J. W. Van of San Antonio, chairman of the transportation committee, declared that the national transportation act was the principal obstacle in the way of the roads granting peace officers free transportation. Letters from several of the officials were to the effect that no line could afford to refuse free transportation if several agreed to furnish it. It was pointed out that sheriffs were called upon at all times by railroads to render special service, and sometimes to quell disturbances even when without their jurisdiction.

The appointment of various committees closed the morning session. A theatre party Wednesday night closed the day's program. The attendance approximates 200 from all over the state.—Ft. Worth Record.

FREIGHT RATES STOP SHIPMENT OF PEACHES

Ardmore, Okla., July 13.—Farmers of Southern Oklahoma are complaining that the freight rates are so high they practically prohibit the shipment of peaches from this section of the country. A good crop of the fruit is reported in this section, but the growers are delaying their shipment on account of the cost involved. The freight rate from Ardmore to Cedar Rapids, Iowa, is 90 cents per bushel and the rate to Atchison, Kas., 70 cents.

According to the statement of Walter Colbert, prominent farmer of this vicinity and chairman of the board of directors of the Oklahoma Cotton Growers' Association, it will cost approximately 45 cents per bushel to get the peaches picked and packed, counting the price of the containers, and this added to the 90 cents freight rate, totals \$1.35. The top market at present at Cedar Rapids and Atchison is approximately \$1.75 a bushel, making it readily seen that little profit would result from their shipment. Losses in transit have not been figured in the above expenses.—Dallas News.

POSTED

The public is hereby warned that hunting and wood hauling is forbidden in the R. O. pasture. All trespassers will be vigorously prosecuted.

If You Read This Through It May Do You Some Good--If You Don't It Certainly Can't These Are Fighting Times

There was a time when business came without courting—now it means a fight, and a good stiff one, to bring home the bacon.

And how many are really fighting—how many are using all legitimate weapons to get what business there is and to be in a position to reap the harvest when it comes, as it surely must and will?

ARE YOU ONE OF THE FIGHTERS?

Are you really satisfied with the effort you are putting forth to get more business and to hold what you already have?

One time Sapolio was the most widely used cleaning compound offered and sold on the American market. To-day—try to buy a package.

Sunny Jim used to be a familiar personage in everyday life. Ever hear of him now?

And there are thousands of other examples where manufacturers, jobbers, and retailers thought they needed no further publicity for they were so well known. They became satisfied. They stopped progressing and started slipping.

ARE YOU ONE WHO IS SLIPPING?

Some argue both ways. When business is good “what’s the use of advertising?” When business is bad “what’s the use of advertising.” And yet consistent and persistent advertising has made and held the big business of the world—and history keeps repeating itself.

ARE YOU MAKING THE MOST OF THE PRESENT SITUATION?

Are you drawing in your horns and mistakenly waiting until times get better or are you “hitting the ball,” fighting from every angle, making the most of the situation, making today pay a little more than today’s cost? Are you really doing all that you can to make things better or are you encouraging the present conditions by falling into the same sleep that you condemn in others? Be honest with yourself—what’s the matter with you?

STIMULATE YOURSELF AND YOUR BUSINESS THRU ADVERTISING

Take advantage of every possible way of making good with your customers and the many more who will be attracted to you when you come alive—while the other fellow keeps sleeping. Use every form of advertising that will hook you up with what business there is now and what the future holds in the way of increased business. Be ready and waiting for the change.

USE NEWSPAPER ADVERTISING

There is no form of advertising offered any business man which returns as big results for the amount INVESTED as in newspaper advertising. It is not possible for you to reach so many, hold their attention at a time when they are in the mood for reading in their own homes, at anything like the low cost of newspaper advertising. The News goes into the Donley County and nearby county homes whose business you want and must have in order to survive.

USE DIRECT MAIL ADVERTISING

Fight for business with the same weapons that the successful mail order houses fight for it—and get it. Use direct advertising. Use it frequently and effectively. It costs more than newspaper advertising but its good.

ALL THESE ARE GOOD AND WE OFFER YOU ALL

The News is equipped with the necessary firearms for you to do your business fighting—all cocked and primed to go. If its newspaper advertising we offer a medium of real conveyance. If its direct advertising our job presses and ideas of better printing are waiting for you to say the word.

USE US FREELY—USE US OFTEN

We are ready to serve you with ideas and with the goods. Let’s go. Let us help you to wake up—and together we will awaken the other fellow—or at least be ready for him when he does awaken.

LELIA LAKE

Mr. and Mrs. McGowan of Claren-
don spent Sunday in the Charley
Reynolds home.

Bro. Ferguson Jr., of Clarendon
preached to a nice crowd at the
Methodist church Sunday.

Mr. and Mrs. Creamer of Com-
anche, Texas are visiting in the
home of Walter Creamer, the former
being a younger brother of Walter's.

Miss Dewie Mitcham of Clarendon
spent Sunday with Miss Moody
Kennedy.

A. V. Clark and family of Claren-
don visited in the H. D. Bur-
ris home Sunday afternoon.

We are glad to report one of
our home girls, Miss Hazel Hollis
is winning in the county club cloth-
ing demonstration and will leave
for College Station Friday.

D. M. Cook and wife of Good-
night visited home folks Saturday
and Sunday.

R. E. Conner and wife attended
church in Clarendon Monday night.

The protracted meeting will be-
gin at the Baptist church Sunday at
11 o'clock. Bro. Morgan of Mem-
phis pastor assisted by Bro.
Walker of Hedley.

Mr. Paterson carried a load of
famine corn to Amarillo Mon-
day.

Mrs. Walter Cothran and Mrs.
Buster Conner were Clarendon
visitors Saturday.

Miss Moody Kennedy was in Claren-
don Thursday.

G. T. Adams, also B. G. Smith had
business in Clarendon Monday
evening.

Grandpa and Grandmother Cook
visited in Goodnight last week.

NOTICE

A meeting will be held by the
Women's Auxiliary on Tuesday
afternoon July 26, beginning at
four o'clock. Tuesday has been
chosen as the regular meeting day.
President.

Miss Mary Bilderback is visiting
in Salina with her grandmother.

Joe McVey, who is winner of many contests on the wrestling mat,
is an added feature with the Omar Dee Big Fun Show which opens a
three nights engagement in Clarendon, Thursday, July 28th.

MARTIN ITEMS

The last few days has certainly
been warm.

The farmers are wishing for
another good rain like the one
that came the 5th.

Had Sunday School at the regular
hour with a good attendance and
after Sunday School we had preach-
ing by Rev. Smith of Clarendon.

The young people went to the
E. A. Parson home from Sunday
school to visit with the folks and
eat ice cream.

The singing Sunday night at the
I. N. Bowers home was enjoyed by
all.

Misses Gertrude and Thelma Bain
spent Sunday night with the Misses
Sowels.

Mrs. J. F. Cothran and children
spent Saturday night and Sunday
with her parents, Mr. and Mrs. J.
F. Cannon.

Misses Mildred and Lucile Allen
of Clarendon and Miss Amila
Chapman of Hedley visited Satur-
day night and Sunday with Miss
Ruby Moseley.

Mrs. Hilda Crane of Grand Saline
is spending the summer with her
brother and family, J. F. Cannon.

Mr. and Mrs. Tolbert gave an ice
cream supper Saturday evening
which was enjoyed by all.

Mr. and Mrs. Clarence Peabody
spent Sunday in the Goldston com-
munity visiting with the latter's
parents, Mr. and Mrs. S. J. May.
Mrs. W. S. Sebley visited her
aunt that is sick at the Adair hos-
pital Sunday afternoon.

TULL-DAVIS

Mr. Frank Tull and Mrs. Blanché
Davis were happily united in mar-
riage yesterday afternoon at the
home of the bride's mother at four
o'clock. The words that made
them man and wife were spoken by
Rev. C. N. N. Ferguson in the
presence of the immediate family
only. Immediately following the
ceremony the couple left for Ama-
rillo where they will spend a brief
honeymoon, after which they will
make their home in this city.

Mrs. Tull has lived in Clarendon
most of her life and has a world
of friends who will wish for her
a life filled with happiness. The
groom has made his home here
since the first of the year being
the driver with the Ennis Operating
company at the Grogan oil well;
while here Mr. Tull has surrounded
himself by a host of friends who
wish for him and his bride a long
and prosperous life filled with sun-
shine.

Miss Jennie Dale Powell return-
ed yesterday to her home in Claren-
don after a visit in Amarillo,
Canyon and at Crowell with her
friend, Mrs. C. B. Morris. Mrs.
Morris will be remembered as
formerly Miss Lena Miller of this
city.

SCRUGGS INJURED WHEN RIM BLOWS OFF TRUCK

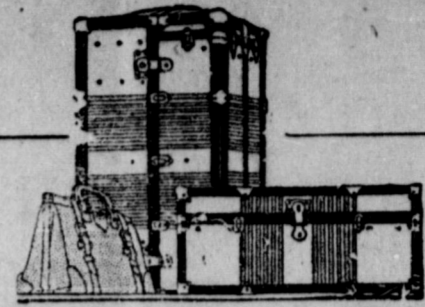

G. N. Scruggs of this city re-
ceived a rather serious injury Monday
day afternoon when the rim to the
large truck wheel with which he
was working blew off and struck him
on the top of the head. The cas-
ing seems not to have been placed
on the rim well, and when the air
in the tire had reached a fair pres-
sure, the rim blew off, causing the
injury. Mr. Scruggs was able to
walk to the doctor's office where he
was treated. At this time the
wound, though very painful, is heal-
ing nicely.

VACATION TIME

Many people are going away on
vacations.
If you have insurance with us on
your dwelling and contents, advise
us before leaving that we may
know and make proper endorsements
for your protection.
This office never "vacates" and we
try to protect our customers as the
policy requires, but unless we know
of your vacation and if fire should
occur you might have trouble and
we would not be to blame.
We are anxious to render all of
our customers satisfactory service
and ask your co-operation. Be safe,
not sorry.

Sincerely,
A. M. Beville & Sons

STRAYED—A span of black horse
mules. Got lost near White Deer.
Will weigh about 1000 pounds. One
shod in front, other behind, about
ten years old. Ten dollars reward
for information leading to finding.
I. W. Thomason, Box 786, Mem-
phis, Texas. (29pd)
