GLADNESS IN SERVICE

Serve the Lord with gladness. Enter into his gates with thanksgiving, and into his courts with praise; be thankful unto him, and bless his name. For the Lord is good.—Psalm 100:2-4.

The Bears proved more than a match for the clawing Panthers, and The News expects them to mow down the hard hitting Oil Barons from Tulsa by the same fighting tactics.

There is more business in Clarendon than in any neighboring town say many of the travelling men who make this territory. There is a reason—better merchandising facilities, better banking service, and better markets for farm products. Buy and sell in Clarendon; pocket the profit.

Clarendon now has a Lion's Club. It is an international order of the fraternal type, holding weekly luncheons and devoted to the promotion of good citizenship; commercial, social and moral welfare of the community and nation. A great program and The News wishes for the new club strength to the strong grip of the lions' paw.

Texas' greatest State Fair opens at Dallas, Friday, Oct. 6th, and will show its wonders to thousands until the 16th inclusive. There is no state in the union with so wonderful a state fair and even though times have been pinching it is expected that record crowds will pass through its gates in the eleven days. All railroads are offering a round trip fare of one and a fifth rate—the cheapest since the war.

Clarendon "Bulldogs" took an uphill game from Abilene Christian College down at the West Texas Fair at Abilene last Saturday. As mentioned in these columns before, Clarendon is behind the "Bulldogs" and expect nothing less than victories in the face of odds. Like the battle of Balliu woods—it is the spirit that wins.

Like most lawyers, the attorney general of Texas and his assistants, are very technical. Too technical, sometimes, for the general good. For instance a recent ruling bars the name of Mr. Paddy from the official ballot in the November election. Technically, no doubt, the ruling is very correct, but as a matter of common good and to forever silence the critics of Democracy, we are sorry that his name was not allowed to go on the ballot, so that there might not be one alibi left when he and other political traitors are given the smashing, landslide defeat that they are headed for in November.

There is nothing more pitiful than to see a young man starting in business who is opposed to advertising. He will be a third or fourth rate business man all the future days of his life—short or long.—Bryan Daily Eagle.

The truth of the matter is, Lee, that most of them are not opposed to advertising provided it doesn't cost anything. The worst publicity logs that the average newspaper runs up against are those who never spend a cent with the paper. But it is pitiful, at that, and his station in life is unalterably fixed—so long as he holds to such false principles.

These new-fangled Democrats are always trying to do something to ruin the party. Their latest vagary is the proposal to change the emblem of the party from the more domestic "donkey" to "Liberty," the goddess who for so many years has been supposed to enlighten the world. To our puritanical mind, such a proposition is even worse than that wild scheme broached some years ago to change the name of Arkansas. The tried and true Democratic Donkey has for years carried its rider safely, if not always successfully around the circus ring of American politics. It is possessed of the usual calm and peaceful frame common to its genus; it is powerful; it is dependable. What more could real Democrats ask? Now, it might be said by these latter-day and far advanced people who sometimes call themselves Democrats that the Donkey is not changeable in mind sufficient to serve as emblem for their ilk. So far their plea might be plausible—for them. But as sturdy, rock-ribbed Democrats, we of the old lineage despise such an emblem and we will have none of it. The tried and true Democratic Donkey is "plenty good enough" and we will never agree to his displacement.

In the world's series this fall it will be the Yanks against the Giants again. Last year the Giants won, but on paper it seems that the Yanks have the edge this year—but even at that The News is still backing the Giants. We'll see.

The personnel of the committee appointed to study the needs of Donley County for better highways and brings before the people a plan whereby the best results may be obtained at the least cost, is in our opinion comprised of men of such mature judgment in the aggregate that we may expect the most favorable results from their work. We await the results of their labors with the belief that a plan will be set forth that will commend itself to our people for its practicability and economy.

The News makes this prediction: The people who have called themselves Democrats in the past and who jump the corral this fall to vote with the Republicans for the Ferguson stool-pigeon, Paddy, will never hear the last of it. If the Democratic game has been played with loose rules heretofore, those who have played and run away will find that the game hereafter is iron-clad and rock-ribbed. A man doesn't have to be a Democrat in Texas, but Texas Democrats expect a man to be what he is—either get on or get off.

TRIBUTE TO THE COW

Little do we realize the debt we owe the cow. During the dark ages of savagery and barbarism we find her early ancestors natives of the wild forests of the old world. As the bright rays of civilization penetrated the darkness of that early period, and man called upon the cow, she came forth from her seclusion to share in the efforts that gave us a greater nation and more enlightened people!

For twenty thousand years she has shown her allegiance to man, sharing alike in his prosperity and adversity responding nobly to all that was done for her, until through her development she became an idol of the people of her native country. When Columbus made his second voyage to America, the cow came with him, and from that time to the present day she has been a most potent factor in making this, our own country, the greatest nation, with the highest type of womanhood history has ever known! Her sons helped till the soil of our ancestors and slowly moved the products of the farm to market. They went with man to the dense forests of the new world, helped clear them

to the land's original fertility are probably the greatest functions of stock on farms. To maintain fertility, humus is necessary, which may be obtained from two sources: either crops plowed under, or barnyard manure. By repeated experiments, examples of which are the fattening tests by Lawes and Gilbert, it has been shown beyond all doubt that when a crop is fed to animals practically nine-tenths of the essential fertilizing elements of the feed reappear in the solid and liquid manure. It is therefore a poor practice to plow under a crop if it can be conveniently fed.

Truly, the cow is man's greatest benefactor. Hall, wind, drouths and floods may come, destroy our crops and banish our hopes, but from what is left the cow manufactures into the most nourishing and life-sustaining foods, and is she not foster and life itself to countless thousands of little children all over this world of ours. We love her for her docility, her beauty, and should misfortune overtake us we become bowed down with the weight of years, we know that in the cow we have a friend that will never be known to falter. She pays the debt. She saves the home. God bless the cow—little do we realize the debt we owe her.—From the Missouri Board of Agriculture.

GOOD BLOOD ALWAYS TELLS. SAYS "THE MISSOURI FARMER"

"In a daily report of the Kansas City live stock market for a recent day we notice these remarks. 'Quality was the poorest of the season and hardly any fair offerings were available. Practically all killing classes were slow, although a few of the good kinds were moderately active. Beef steers were steady to 25 cents lower, but only the better grades escaped the decline.'

"Note that only the good kinds were moderately active and that only the better grades escaped the decline. There is also a comment on other classes of cattle. It said: 'One load of Texas sold up to \$8.25, plainer kinds being wanted under \$7. It is nearly always so. When the market goes on the toboggan even for a day it is the scrub or the plain, poorly bred and ill-fed animals that leads the line headed for lower levels. Good blood tells in the feed lot. It tells when the cattle, ready for market, go over the scales, and in the end it tells in the pocketbook. A scrub sire, a bull that long ago should have been converted into bologna meat, has frequently cost the owner more money than would have a really high-class, registered herd header.'—The Missouri Homestead.

LIVE STOCK ELIMINATES WASTE

"Live stock has many functions in farming. One of the most important of these of the wastes of the farm which animals help to avoid are waste of fertility, waste of by-products, waste of labor and capital, and waste of land. 'The preservation of and addition

LOYALTY TO DEMOCRATIC STANDARDS

Nothing is easier than to blame how they will make their influence felt in the affairs of the nation, but what there has been is mainly of the sort to give assurance. The few dignified public utterances of man they have placed at their head have the right ring. It is evidently his purpose to build the mighty structure of the American Legion on broad lines and on a high plane. The importance of so doing is clearly beyond estimation, for this body of young men represents no section of the nation—but the entire republic. And what of the other millions of citizens? Perhaps they have had less in their experience to awaken them to the needs of the time than have the men who have been actually in the war, but there would seem to be enough, both of promise of progress and of cause for precaution, to interest any fairly intelligent member of a democracy. The entry of women as a great factor in national political affairs, and the advent of national constitutional prohibition, to mention nothing else, ought to inspire every well-meaning possessor of a vote to useful participation in the government of his country. As for the other side of the picture, much is heard, and ought to be heard, about the more striking manifestations of ignorance, misconception and disloyalty, and of their possible remedy. There is, however, just as much need of reform among the idly neglectful, and among the well-dressed, comparatively well-mannered, apparently harmless people, who by secret, underhand, and wholly selfish means, impair the integrity of individual and pervert the machinery of government.

In these circumstances special interest, naturally and properly, attaches to those who took part in the war. They have undergone tests, they have been awakened, presumably they care what is done in their home democracy, and for its future. So, when it developed that the demobilized millions of American soldiers and sailors were to be united in a permanent organization, persons concerned for the welfare of the United States began to ask themselves how these active, forceful young men would exercise the immense power likely to be wielded by so great a union as theirs promised to be. Would they be steady? This was one of the first questions. There has not yet been very much to show

The Clarendon News' Americanization series (Editor's Note—The articles appearing in the above space from week to week are taken from "Americanization" by Elwood Griscom, Jr. This excellent volume, which is a collection of articles upon the general theme of patriotism and good citizenship, is presented to the schools of Texas by the Bodies of Scottish Rite Masonry in Texas.

Do You Need Money?

Want to sell immediately or forced to sell? If you have any note due on your house or land, phone us your troubles. We can furnish the money to make you happy, and sell your property. That is our business. We know what will sell, and how to sell it.

PREPARE NOW FOR WINTER!

Everybody is putting his house in order for cold weather. Windows and flues must be repaired, out-buildings overhauled and many other things will need attention.

Protect your cattle, swine and poultry from the cold and rain. An inexpensive shelter will make them snugly comfortable for the winter, and will pay you dividends in money and in satisfaction.

A Call Through The Texas Press

ARRANGE PROGRAM FOR PRESS DAY AT STATE FAIR, OCTOBER 7

VISITING NEWSPAPER MEN TO BE ENTERTAINED—GOVERNOR TO BE PRESENT IN PERSON

Tentative outline of the program to be carried out at the State Fair on Press Day, Oct. 7, has been agreed upon at a conference between President Harry Olmsted of the Fair Association, and Secretary Sam P. Harben of the Texas Press Association.

At the Fair grounds at 1 p. m. Mr. Olmsted will introduce Mayor Sawnie R. Aldredge, who in turn will present S. D. Chestnut of Kenedy, Texas, president of the Texas Press Association.

Henry Edwards of the Trope Banner and Lee J. Rountree of the Bryan Eagle, both veterans of the Texas newspaper fraternity, will also be heard.

As a concluding feature of the program, there will be an address by Earle B. Mayfield, democratic nominee for the United States senate, which will be delivered at Austin and broadcasted to the gathered newspaper folk over the telephone loud speaker.

Governor Pat M. Neff will be present with the newspaper men in person.

A committee consisting of E. B. Doran, Philip E. Fox, Oswin K. King, Glenn Pricer, Reginald Holland and Frank E. Shoupe was named to have in charge arrangements for a reception to the newspaper men which will be given at the Adolphus Hotel at 6 p. m. An informal luncheon will be served at that time.

OVERFLOW AUTOMOBILE SHOW AT STATE FAIR OF TEXAS

Three different automobile concerns which could not secure space in the new automobile building at the State Fair of Texas, Dallas, Oct. 6-15, have been assigned space in the Coliseum, on the ground floor. They will exhibit their full lines in this overflow automobile show.

FINE EXHIBIT BY LACE MAKERS COLONY AT FAIR

A magnificent exhibit of lace, made in the famous lace makers colony at Olney, Buckinghamshire, England, will be shown in the textile department at the State Fair of Texas, Dallas, Oct. 6-15. The shipment was made direct to the Fair Association.

The Mexican Artillery Band, which will be the principal musical organization at the State Fair, Dallas, Oct. 6-15, will arrive on American soil Oct. 4, it is announced.

Agricultural and road making machinery of almost every description, will be exhibited at the State Fair of Texas, Dallas, Oct. 6-15, it is stated.

RESCUE CAR FROM ARGONAUT MINE TO BE AT STATE FAIR

STATE FAIR CROWDS TO SEE DEMONSTRATION OF RESCUE WORK OF FIREMEN

A big feature of the State Fair of Texas at Dallas, Oct. 6-15, will be demonstrations of rescue work by the crew of the mine rescue car which worked so faithfully at the recent Argonaut mine disaster, at Jackson, Calif.

The demonstration will be given in connection with a life-saving and rescue exhibition by members of the Dallas fire department, under Fire Chief Myers. A building is being erected before the grand stand, from which, as flames and smoke pour from its windows, a person supposed to have been overcome by gas and smoke, will be rescued.

Carried from the burning building by the firemen, the work of resuscitation, as obtains at a mine, will be carried out by the crew of the mine car.

The car will be sent to Dallas by order of the Bureau of Mines, and will be in charge of Foreman Miner W. F. Sullivan. The orders have been issued by the Bureau of Mines at Pittsburg, Pa.

VETERAN CHALLENGES ALL COMERS TO WALKING MATCH

John W. Dixon, a veteran of the Civil War, seventy-six years of age, has challenged all comers, over forty, to meet him in a five-mile walking contest on the State Fair grounds race track, Confederate Day at the Fair, Oct. 11. Mr. Dixon says he can do the five miles in an hour, and the only restriction he puts on his opponent is that he shall not be any taller than himself. Much interest has been manifested in the competition.

"SING-SONGS" TO BE FEATURE AT STATE FAIR

Massed sing-songs, such as proved so popular during the world-war, will be a feature at the State Fair of Texas, Dallas, Oct. 6-15. Arrangements have been made for three big screens to be erected before the grand stand. On these, through projecting machines, the words of popular songs will be thrown. A song leader will start the words, and to the accompaniment of a big massed band, the old familiar airs will be sung by thousands.

The race track at the State Fair grounds, Dallas, has been put in first-class condition for the world famous drivers who will try for new speed records there, Oct. 7, 8, 10, 14 and 15.

Lillian Boyer, the girl flyer, who will appear at the State Fair, Dallas, Oct. 6-15, electrified thousands at the Illinois Fair, Springfield, according to Springfield newspapers.

THE SPEARMAN FARM LANDS

located in Terry, Gaines and Yoakum Counties, South Plains of the Panhandle, Texas, are now being offered at prices and terms, which will enable any industrious farmer to buy and pay for a farm with less money than pay rent.

A card to W. A. SoRelle, General Agent, 4 Santa Fe Building, Clarendon, Texas, will bring you a descriptive pamphlet, giving detailed information about the lands and plan of purchase.

R. H. BEVILLE ATTORNEY AT LAW Office phone 74 CLARENDON, TEXAS

SEEING IS BELIEVING

Among the numerous "Doubting Thomases" who form a part of the population, there are some, here and there, who think that the number of automobile drivers killed or injured at railroad crossings is exaggerated.

To all such we make the suggestion that they might keep a record for a month or so and see what the figures will show.

Of course, outside of some big disasters, the accounts of crossing accidents are not published far from the place where they happen. So you would miss a majority of the cases all over the country.

Through the newspaper that you read you will get a lot of information, quite enough to start a record.

There are clipping bureaus in the large cities that could furnish you a flood of such items. Seeing is believing, so make a record and study it.

Statistics show that 3,000 automobiles were struck at grade crossings in this country last year. In these accidents, over 2,000 men, women and children were killed and over 3,000 others were injured.

A cyclone comes without warning, from an unexpected quarter. A train of cars always comes along a permanent track, so you will know where to find it.

Ever since we were children we have known the fatal result of being struck by a locomotive. Nobody can plead ignorance of consequences.

And yet, this very day, more than one driver, somewhere, will heedlessly drive onto the tracks, without looking or listening, and then a rushing train will demolish his car.

A little thought—a little of the serious attention you give to your business affairs, would save you from such a fate.

Are you doing anything to assist in the Careful Crossing Campaign? Don't trust to luck. Use common sense if you want to live long.

SAYS CROSBYTON HAD FIRST NEWSPAPER ON THE PLAINS

Crosbyton, Sept. 27.—The Tribune: A news dispatch from Panhandle appearing in a recent issue of your paper makes the statement that "the first newspaper ever published on the Staked Plains of Texas was the Panhandle Herald, under date of July 22, 1887."

To date Judge J. W. Murry was the founder, and if I mistake not it appeared in 1886, immediately after the organization of the county and was published in the Quaker Village of Estacado, the first county site town on the Plains.

The first residence to be erected on the Plains was an imposing two-story rock house, built by the late Hank Smith in Blanco Canyon, about twelve miles north of the present town of Crosbyton. It was commenced in 1877 and finished the following year.

"Aunt Hank" as she is now affectionately known, is still hale and hearty at the age of 74 years, the greater portion of which has been spent here in Crosby County.

I believe it would prove both highly interesting and instructive to your many readers if you would open your columns to contributions on the early history of what is known as the Panhandle and the Staked Plains of Texas.

Open every day from 2 to 6 p. m. Open every evening from 7 to 11 except Wednesdays and Sundays. Thursday has been designated Ladies' Day—no men or boys allowed in the building. Only reading rooms will be open on Sunday.

INVEST, SAVE, BUILD A HOME

This Association operates throughout the Panhandle on the same sound plan of any local or permanent Building and Loan Association; being additionally strengthened by permanently invested capital of its capital stock, which assures you that none of your money and none of its earnings can ever be called upon to stand any of the expense or possible loss of the Association.

Every dollar invested in this organization by local people goes to build up YOUR City. Every city in our Panhandle needs more homes. Do not attempt to dodge the situation by hoping the home building problem will find its own solution, but DEPOSIT your surplus and a part of your earnings in this Association and then you are co-operating with the forces of finance in a determined effort to provide more homes.

8% Interest paid on Time Deposits. Interest paid on Savings Accounts \$10 per month for 78 months earns \$1010. 8%

Every permanent resident of Clarendon should be an investor to some extent in this Association, as it not only is a sound investment for them, but helps in the housing problem, the development of your city, and the general welfare of the community.

SAM HUTSON BUYS

THE BUSY BEE CAFE

During the past week a deal was closed whereby Sam Hutson, formerly of Goodnight, but late of Wellington, Kas., becomes the owner of the Busy Bee Cafe, formerly owned by John Butler, and located next door to Bauer's Racket Store. Mr. Hutson has had lots of cafe experience, having formerly been with Darnall's Cafe at Amarillo. He is well known here and promises to maintain a superior restaurant service. Mr. Butler will retain his cold drink and confectionery business and will operate in the same location for the present.

Mr. Hutson is welcome in Clarendon, where the people will appreciate his efforts. He has an advertisement in this issue—read it.

PRES. SLOVER TO N. M. METHODIST CONFERENCE

Pres. G. S. Slover of Clarendon College left Monday for Pecos, Texas, where the New Mexico and Pecos Conference of the Methodist Church meets this week under the gavel of Bishop J. E. Dickey, who recently visited this city. Enroute Dr. Slover

visited at Amarillo, and Carlsbad, and will devote his time during conference in the interests of Clarendon College.

The New Mexico conference is a patronizing conference of the local school and effort is being made to have it become a contributing body to this school. Many students from its bounds attend school here and it is hoped that a closer relationship may be secured. Pres. Slover carries with him a most optimistic report of the opening of the institution.

COOKED FOOD SALE, by the Baptist Ladies Saturday. (40c)

The News editor and family leave tonight for Dallas, where the former meets with the executive committee of the Texas Press Association in their annual fall meeting Saturday of this week. The State Fair will also be inspected by way of diversion.

COOKED FOOD SALE, by the Baptist Ladies Saturday. (40c)

H. H. Sitner and family spent the week-end in Amarillo, celebrating the Jewish holiday Yom Kippur on Monday of this week.

LOCAL HAPPENINGS

Winks Adams of Memphis spent the week end in Clarendon.

Paul James and C. R. Singer were visitors from Memphis Sunday.

Miss Gertrude Evans of Memphis spent Sunday in Clarendon.

Robt. Sawyer of California is visiting with relatives.

Mr. and Mrs. Ben Andis spent the week end in Amarillo.

Mrs. T. S. McCausland and baby of Amarillo came in Tuesday night

Ah-h-h, We Meet Again!!

Huggins of the Yanks greets McGraw of the Giants.

YANKS FAVORITES OF DOPESTERS LOSE FIRST BATTLE TO GIANTS 3-2

Clarendon people have always taken a great interest in the world's Championship Baseball series and this year is no exception. Many stand with the dopesters in picking the Yanks to win, but many others have long since lost faith in the theoretical guys and believe that the fighting spirit of the Giants will win another series over their fellow townsmen from the American circuit.

Wednesday's game went to the Gants by a score of 3 to 2, Bush faltering in the eighth long enough for the McGraw men to come from behind in a slashing win. Bush gave way to Hoyte with two men on. Ryan replaced Nehf when Smith went in as pinch hitter in eighth.

A purse was made up here the first of the week to get half-inning telegraphic reports from the Polo Grounds and many fans watch the score board here from one o'clock to two thirty or thereabouts, eastern time at New York making the game earlier for Texas people.

The "little world's series," Mobile and Tulsa, will be resumed this afternoon with Tulsa one game to the good, but Mobile having the advantage on being on their home grounds—Panther fans will admit that that is some advantage.

to visit with her parents, Mr. and Mrs. M. L. Richards.

Mrs. J. H. Henson visited in Memphis Thursday.

Louis Miller and family left Wednesday for Missouri where they intend to make their home.

Miss Gertrude Miller of Amarillo passed through here Thursday on her way to the Dallas Fair.

Hon. R. H. Beville, A. T. Cole and others attended court in Panhandle last week.

Mr. and Mrs. H. D. Ramsey have returned from a delightful trip through Kentucky.

James Noble has gone to Wichita Falls where he is engaged with the engineering party on the great irrigation project between that city and Seymour.

Mrs. Jimmie Browder and children returned to their home at Memphis Wednesday after a pleasant visit with Mrs. Browder's parents, Mr. and Mrs. R. A. Chamberlain.

Mrs. R. N. Reynolds and little daughter, Cecil Dee, returned the first of the week from Canadian. They were accompanied home by Mrs. Reynolds' mother, Mrs. Bardon and son.

The fronts of Shelton, Watts & Sanford and the Bon Ton Confectionery have been repainted, thereby adding greatly to the appearance of that side of the street.

Mess. Jas. and Chas. Trent and wives are expected home this week from a vacation trip to Fort Worth and San Saba. We are anxious to hear the fishermen's report on their return.

A. J. Sibley was in this office today ordering The News sent to his son, Rev. J. M. Sibley, who is in Simmons College preparing for the mission fields. He says his son has a supply work at a small church near Abilene and is well pleased with his opportunities.

John Zurich had a narrow escape last Tuesday, when a horse which he was riding fell and turned over on him. He was moved to town Friday and while slowly improving, it will probably be several weeks before he can ride again.—Clayton News.

Great interest is prevailing in sporting circles this week over the Wayland Jackrabbitt football game here Friday with our own Bulldogs. Effort is being made to have the new bleachers ready for the game and lots of "pep" is in evidence.

The Clarendon News job department has been very busy for the past few weeks turning out almost every kind of job from booklets to the smallest visiting card. This week one of the largest concerns in the Panhandle placed two orders for some very high class printing, this shop having gained quite a reputation for reasonable prices on the better class of job printing.

One of the most original show window decorations shown in Clarendon in some time is the window at Hayter Bros., decorated by Carl Parsons. It is a representation of a football field and grandstand decorated in Clarendon College colors, the background of which is a showing of athletic goods, such as sweaters, caps, belts, and sport model clothing. The window was done in celebration of Clarendon College's victory over Abilene Christian College at Abilene last Saturday by a score of 14 to 12.

New Ownership at Busy Bee Cafe

I have bought the BUSY BEE CAFE from Mr. John Butler, and will continue the business in the same location. Having been connected with some of the best cafe's in the Panhandle, I feel I know the wants of the public in the Cafe business.

It is my desire to serve the very best the market affords at reasonable prices. Mr. Ed Butler will still be the chef. Each and everyone know Mr. Butler's capability as cook. Bespeaking a good word for Mr. Butler I wish to state that all of his old customers will still receive the closest attention.

I will appreciate a share of your business..

Yours to serve,

BUSY BEE CAFE

Mr. and Mrs. Hubert Ziegler and children visited with Mr. Ziegler's sister, Mrs. Stegall at Goodnight.

Mr. Ziegler's Sunday school class was entertained Saturday night at the Ziegler home.

Most everyone is busy picking cotton.

BIG RECEIPT OF CATTLE—HOGS STEADY

Kansas City Stock Yards, Oct. 2.—Today's receipts 42,000 cattle and 10,000 calves were the largest on any Monday this year, and because of the heavy run trade was rather slow in starting. The few good to choice fed cattle offered held steady, and practically all other classes developed a decline. However there is an enormous demand and the general market shows no indication of being glutted. Hog prices held steady with Saturday with trade active. Lambs were weak to 25 cents lower and sheep about steady.

Today's Receipts
Receipts today were 42,000 cattle, 10,000 hogs, and 14,000 sheep, compared with 36,500 cattle, 8,000 hogs and 10,000 sheep a week ago and 36,600 cattle, 6,150 hogs, and 15,250 sheep a year ago.

Beef Cattle
The bulk of the cattle here today came from the big pasture sections and they sold down 15 to 25 cents. Well wintered summer grazed steers were weak to 15 cents lower, and full fed steers scarce and steady. The early trade was delayed some by late trains, but once started killers bought freely. There was a fairly good demand for canners and cutters, were in liberal supply and they sold lower. Many ranching sections are making the final cleanup for the season, and that accounts for the large run of thin cows. Veal calves were 50 cents lower and heavy butcher off 25 cents.

Stockers and Feeders
A large number of country buyers were here today and the general indications are that trade in thin cattle will remain large. Prices for choice kinds were steady and the plainer kinds were off 15 to 25 cents.

Hogs
Though more Eastern markets reported a decline in hogs, prices here were fully steady with trade active. The top price was \$10 and the bulk of the offerings sold at \$9.65 to \$9.95. Pigs sold up to \$9.85. The reduce the price spread. Choice hogs in all weights under 240 pounds are selling at a 15 cent range.

Sheep and Lambs
The various markets reported the

largest supply of sheep this season, and prices were quoted lower. Here lambs were off 15 to 25 cents and sheep nearly steady with last week. Choice lambs sold at \$13.75 to \$14, and fair kinds at \$12.25 to \$13.50.

Horses and Mules
Trade in horses and mules showed no new feature. Prices remained steady. Chas. M. Pipkin, Market Correspondent.

PAN AND PAN ALETHEAN SOCIETIES TO ENTERTAIN WITH OPEN SESSION

In pre-war days it was a custom of each society of the College to entertain the public annually with an open session, but due to the disintegration of the student body during the war times this custom was discontinued.

But since we boast of being a progressive student body we strive to revive all customs, that tend to maintain the former standards of the College and to enlarge the activities of the school. The Panhandle Literary Society renewed this custom last year by leading the events, by entertaining the public with a splendid program; so we intend to continue this custom by extending to everybody in Clarendon and the surrounding communities a cordial invitation to the open session of the Panhandle Society at the College Auditorium Monday at 8 p. m., Oct. 16.

For the benefit of those who do not know the nature of our open sessions we take this means of giving a short explanation concerning it. This is the only opportunity we have to reveal to the public the talents of our members and the progress of our activities. Since the societies are often thought of as being only social affairs we will strive to show the true purpose for which the societies were instituted. Thanking you for any co-operation in advertising our program we again extend to all a hearty welcome.

Secretary.

Roy Beights has returned from Canadian where he led the singing in a revival.

W. H. Patrick is on the sick list this week.

ACTIVITIES FOR PAST WEEK IN PANHANDLE OIL FIELDS SHOW INCREASED INTEREST

The oil review for the past week in the Panhandle Oil Fields indicates considerable activity on the part of many of the companies making tests.

The White Deer, or Tipton-McConnell well in section 210, block 3, Carson County, is attracting attention of oil operators to that locality.

This well is located six miles northeast of White Deer and 17 miles east and slightly south of the Carson County producers. While the well is not yet on oil producer, sufficient gas and traces of oil have been encountered at the present depth of 2360 feet, to assure the owners, by comparison of logs with those of producing wells to the west, that they are on the same structure and that they are practically assured of an oil well when the drill reaches a depth of 3000 feet. Oil being encountered in all of the producers at this depth in the Carson-Hutchinson field.

White Deer
The Tipton No. 1 McConnell, section 201, block 3, Carson County, shut down on account of a broken cable.

The well is producing one million feet of gas from 2360 feet, where the well has been shut down. White Deer business men are negotiating for a pipe line to connect the city with the well. The length of the proposed line will be approximately six miles.

Gulf Secures 1500 Acres
The scramble for acreage between the White Deer well and the producers in the Burnett pasture has started. The Gulf Company has practically closed a deal for a portion of the A. J. Dauer ranch, nine miles northeast of the Tipton well. By this deal, the Gulf people secure approximately 1500 acres on a ten year lease.

One section of the Dauer ranch has already been leased to the Sun company.

Gulf Will Spud In
C. M. Pyron, field superintendent for Gulf Production Company, has announced that he will "spud" in his Gulf No. 3 Burnett in the southwest corner of section 116, block 5, Carson County, on Tuesday, October 3rd. Several Contracts Announced
Several drilling contracts will be

announced for Hutchinson County soon and indications are that three or four wells will be drilling in South Hutchinson by December 1.

Gulf No. 1 Wynne
While the Gulf No. 1 Wynn well, six miles east of Panhandle City, has failed to get oil at the usual depth at which oil is found 19 miles north, the sand was found, but in this test contained water.

The Wynne well will be worth much as a guide in drilling future wells, though oil is not found. The drill opened another water sand Wednesday, thought to be as large as the first sand which was 25 feet in thickness. The present theory is this—that the sand in this well is the same as the oil bearing sand in the producing wells in the north part of the county. The sand in the producers was only penetrated five or six feet.

In this well, after passing the water sand and drilling through 45 feet of lime, the second sand was found, forcing the water up in the hole 2,000 feet, indicating that the pressure is greater in the second sand than in the first.

The finding of this sand will no doubt cause some of the wells drilling in the territory which has wells producing 500 barrels from the first sand to go to the second sand.

Texas Company
Texas Co., No. 1 Burnett, section 114, block 5, Carson County, has completed straight reaming and is placing the six inch pipe in the hole to set at 3000 feet. Due to the surface elevation being slightly greater in this well than in Gulf producer, one mile south, production may be expected in this well around 3000 feet.

At present, the Texas well is reaching the oil strata in better shape than other wells, by casing off all gas, caves and water before reaching the oil, with six inch pipe. All other wells have had trouble in the bottom of the hole with 5 inch pipe. It is possible that in the Texas well 5 inch pipe will not be necessary.

Ten million feet of gas will be shut off when the drillers set the pipe, which is expected to be completed Saturday. Few days will then be required to complete.—Amarillo Tribune.

TWO FIRE LOSSES IN HEDLEY LAST WEEK

The "fire demon" has taken its toll at two Hedley homes this week, once on Monday and again on Tuesday.

About 10 a. m. Monday the pretty bungalow home of Mr. and Mrs. Roy Swafford, in east Hedley, was completely destroyed. A part of the household goods was saved, but it was impossible to check the fire, which started from an oil stove. The loss was heavy, and only partially covered by insurance.

Tuesday the wash house and windmill at the home of Mr. and Mrs. S. C. Richardson, in north Hedley, burned to the ground, caused by a fire which had been built under the boiler in the wash house. A brisk wind made it impossible to save either the wash house or windmill with the facilities at hand, but that same wind was probably what saved the house, as it blew the fire away from it. Some insurance was carried.—Hedley Informer.

YOUNG MAN LOSSES ARM IN ACCIDENT

On last Saturday afternoon at about 3 o'clock, a young man by the name of R. E. Etier, whose home is at Fruitland, Montague county, happened to a distressful accident which resulted in the loss of his right arm.

It seems that the young man, who has been picking cotton for Leonard Well, was suffering from toothache, and had come to town with the intention of going on to Clarendon to see a dentist. He failed to get a private conveyance, but there was a freight train in the yards just starting that way, so he decided this was his opportunity. He ran for it, but as he reached it and under took to pull himself aboard, he made a misstep and was thrown in such a way that his right arm was run over and crushed horribly.

Local doctors rendered him temporary relief, after which he was placed on the train and taken to the hospital at Clarendon, where his arm was amputated just below the shoulder.

A report from him Wednesday was to the effect that his condition is improving satisfactorily.—Hedley Informer.

THE SENIOR EPWORTH LEAGUE

Next Sunday is to be Rally day in the Senior Epworth League, a campaign for new members and a determination to do better, more efficient and more work in the service for our Master.

Do your duty and go to the Epworth League next Sunday. Don't fail to hear this Rally Day program. The Senior League is progressing nicely. The only thing that is any way near a drawback is the fact that others are not coming that should be present every Sunday. Remember Sunday, Oct. 8th and get lined up on this League Rally Day. The best and only place to spend your Sunday afternoons. We will miss you if you do not come. Some day you will be proud of the fact that you lined up on Oct. 8th, the Epworth League Rally Day for the First Methodist Church Clarendon, Texas.

VETERANS BUREAU MAN VISITS CLARENDON NEWS

Wednesday of this week, J. E. Wiley, special representative of the United States Veterans Bureau, headquarters at Fort Worth, called on the Clarendon News, with a view of placing one of the world war veterans with a slight disability here in this office for vocational training.

Next week, if there is no hitch in the plans, a man will be sent here for work and will remain until he has completed the work to a passing degree of efficiency.

Mr. Wiley was formerly of Quanah and was a lieutenant in old "H" company, 142nd Infantry, 36th division, and knows all the Clarendon boys who were with that outfit. He was transferred at Camp Bowie before going over and went to France with a New York outfit. He now has nearly a hundred veterans under his charge scattered all over the Panhandle and West Texas in varied lines of training and his duties carry him through Clarendon every two or three weeks. The bureau is doing a great work for the boys who are receiving the government aid.

Closed Car Luxury Unsurpassed
The 1923 Six Cylinder Seven Passenger Sedan—*2195

A dignified beauty and richness unexcelled by any closed car mark the new Buick seven passenger sedan. Lengthening the body, lowering the top and raising hood and radiator have improved the streamline appearance made possible by the long wheel base and added attractiveness has been given by the handsome nickled drum-type head and cowl lamps.

The roomy Fisher built body is furnished in rich plush. Deep cushioned seats for five with two comfortable folding chairs accommodate seven grown persons with ample room for everyone.

The chassis has been improved materially and its easy riding qualities heightened by a new rear spring suspension. In the famous Buick Valve-in-Head engine, changes also have been made to increase dependable performance.

In every detail of body, chassis and power plant, this Sedan has no superiors among closed cars of even greater price.

The Buick Line for 1923 Comprises Fourteen Models:
Four—2 Pass. Roadster, \$885; 5 Pass. Touring, \$985; 5 Pass. Coupe, \$1175; 5 Pass. Sedan, \$1395; 5 Pass. Touring Sedan, \$1325; Six—2 Pass. Roadster, \$1175; 5 Pass. Touring, \$1195; 5 Pass. P. P. C. C. ANNUAL REPORT SHOWS SCOPE OF WORK

PANHANDLE PLAINS ORGANIZATION HAS WONDER YEAR UNDER PRESIDENCY OF B. E. FINLEY—PEOPLE SHOULD KNOW ITS ACTIVITIES.

The News is presenting herewith the annual report of Pres. B. E. Finley of the Panhandle Plains Chamber of Commerce, which might appear technical and tedious, but is in reality a romance of accomplishment despite the handicap of conditions and lack of finances. Every thoughtful reader of the News ought to read it. The report will bring a new vision to mind as to the future of this our much loved section: To the members of the Panhandle-Plains Chamber of Commerce—

In the usual order of events this fourth annual convention should have been held June 3rd but owing to general conditions it has not been deemed desirable to call for a general meeting of the members until the present time.

The original plan under which this organization was formed has been modified from time to time through necessity and events have transpired which seem now to make it desirable to begin our fiscal year on the first of the calendar year.

It is hoped at this meeting to bring about a more general understanding of the necessity for such an organization as this and to devise ways and means to escape the obstacles against which we have labored in the past. Shortly after our last annual meeting on June 3rd, 1921, it became apparent that our idea of financing the organization through the Commission's Court in every county must be abandoned. While there is no question as to the desirability of such a method of financing, it was found that it could not be made a practicable working basis for various reasons. We have since that time been doing the best we could to procure the necessary financial support and it now appears that we shall adopt the plan of individual or unit memberships.

It will be recalled that in November of last year our secretary-manager, Mr. Frank R. Jamison, found it necessary to resign his position and go into private business in Amarillo. His resignation was tendered at a meeting of the Board of Directors on November 19, 1921. Another meeting of the Board of Directors was called at Amarillo on December 6th to devise ways and means for the continued existence of the organization. This meeting determined upon the employment of a field manager and Mr. G. A. Ryan of Clarendon accepted the position and our subsequent financing assistance has resulted from his work. From November 19th until July 7th, 1922, the secretarial work was carried on by our traffic manager with the understanding that he should look after the general affairs of the organization to the best of his ability in addition to his other work, under the direction of the president.

On July 7th of this year the Board of Directors accepted the proposition made by the Junior Chamber of Commerce of Amarillo tendering the services of their secretary to act in that capacity for the Panhandle-Plains Chamber of Commerce. This offer was made in the fulfillment of Amarillo's obligation to contribute to the support of the Panhandle-Plains Chamber of Commerce and it was afterwards carried out more fully when the Junior Chamber of Commerce transferred itself to this organization with its funds. This action on the part of the Amarillo people is regarded as ample evidence of their appreciation of the Panhandle-Plains Chamber of Commerce and by this we have secured the services of an experienced and capable secretary.

I feel in making this report at this time that the Panhandle-Plains Chamber of Commerce has worked under a handicap for a considerable portion of the past year but I feel justified in referring to the accomplishments during that time as amply justifying its continued existence during this period. Prior to the organization of this body it was said that experience had demonstrated that the Panhandle territory could not be organized for any purpose but the Panhandle-Plains Chamber of Commerce was formed under the conviction that such an organization was needed for the development of the territory and for the protection of its interests and although it was anticipated in the beginning that it would take years to thoroughly organize for these purposes it was confidently believed that it could be ultimately accomplished. I am fully convinced that the record made by this organization since its beginning in 1910 has proven that such an organization is needed and can be maintained.

I do not expect in this report to be able to present to you a great many of the minor things that were done every day for the benefit of some individual or community in the Panhandle, such as quotations of rates, shipping instructions, preparation of claims, etc. There are hundreds who can testify to this daily service. I can only cite you to the principal accomplishments as they appear on the records of the secretary and traffic manager.

Since the annual convention on June 3rd, 1921, the following meetings have been held: Meeting of Directors on November 19th, at which Mr. Jamison presented his resignation and Mr. Palmer was appointed to serve as acting secretary. Meeting on December 6th, at which the Directors agreed to a change in the methods of financing and employed Mr. George A. Ryan of Clarendon as field manager. A meeting it was agreed to raise the sum of ten thousand dollars for the balance of the fiscal year and a tentative apportionment of such amount among the different communities was made by the executive committee for the basis of Mr. Ryan's work. There was another meeting of the Directors on January 17th for the purpose of hearing Mr. Ryan's report and conferring with him regarding further operations. The next meeting of Directors occurred on June 23rd of this year when the proposition of the Junior Chamber of Commerce was presented for consideration. The next meeting was July 7th which formally accepted the proposition of the Junior Chamber of Commerce for the employment of W. N. Blanton as secretary of this body.

During the summer of 1921 your secretary participated in the organization of the Gulf-Plains-Canadian Highway extending from Canada to the Gulf of Mexico through the plains country of the West. The principal Panhandle towns taking an active part in this organization were Texhoma, Amarillo and Tulsa. We also took an active part in matters to connect with other highways in the Panhandle, such as the Southwest Trail, the Abo Pass Highway, Ozark Trail, Puget Sound to Gulf, Postal Highway, Ft. Elliott Highway, D. C. D. Highway and others. Our delegate participated in the last meeting of the Texas Highway Association and the matter of affiliation with this new organization comes up at our meeting tomorrow.

During the harvest season in 1921 we began in July in our efforts to insure cars for the movement of grain in the Panhandle. The car shortage became acute in the latter part of August and it is an established fact that it was only through our efforts and the assistance of the Service Section of the Interstate Commerce Commission at Chicago that the wheat crop of the Panhandle was practically all moved out within a reasonable time. There has been no evidence of car shortage for the movement of the 1922 crop until within the last week end we feel confident that this will be relieved at once. In the matter of farm labor and harvest hands supply, in 1921 we had an agent of the Department of Labor in our Amarillo office and were able to take care of this section very adequately. The same agent was posted here this season but his activities were principally concerned with other territory. There was not much demand for farm labor in the Panhandle.

In the summer of 1921 complaint was filed with the Interstate Commerce Commission attacking the differential basis of freight rates as affecting business in Floyd, Carson County business men the complaint was withdrawn as far as concerns the Floydada Branch of the Santa Fe, thus narrowing action down to the Rock Island Railway east of Amarillo and the case was heard before Examiner Keene in Amarillo on September 29th. The evidence was briefed by us in October and the case is still in the hands of the Interstate Commerce Commission without action. We were asked to waive argument, which we did, and the case was consolidated with another docket brought on complaint of the Oklahoma City Chamber of Commerce involving differentials in the same territory. We have made several efforts through Congressman Jones and in other ways to have this case decided but so far without results.

In November, 1921, we took up with the Santa Fe Railway Company the question of emergency rates on sorghum grains from the Panhandle to Texas points. In view of a large crop in this territory it was believed that it would be beneficial to the railroads and all parties concerned to do everything possible to move this crop. Mr. Gallagher of the Santa Fe was favorably inclined but very shortly afterwards the Interstate Commerce Commission ordered a general reduction of grain rates all over the country. You traffic manager appeared before the Texas Railroad Commission at this time to urge similar action in the State of Texas and the reductions were made in December. During this same period there was a reduction in the export rates on grain from Kansas City to the Gulf and we made the effort to have similar reductions made on the rates from the Panhandle, however no such reduction was made except in the case of the Spearman Branch where there was a reduction corresponding to the Kansas City reduction.

During the 1922 we had occasion to defend the Panhandle rates on grain to Galveston on account of an action brought by the Kansas City Board of Trade. The case was prepared in this office and the facts presented before the examiner in Kansas City on May 19th. This case is still pending, no decision having been rendered by the Interstate Commerce Commission.

During the winter of 1921-22 the Interstate Commerce Commission conducted an extensive hearing under their docket No. 13292 investigating the proposition of a general reduction in freight rates. The Panhandle Plains Chamber of Commerce served for purpose in this proceeding in checking large numbers of reductions in rates claimed by the railroad companies in this territory and in furnishing other data requested by the Interstate Commerce Commission. We also represented this territory in

REPORT ON ILLINOIS MINE RIOT "BRUTALITY ALMOST UNBELIEVABLE"

Marion, Ill., Sept. 23.—Condemning the fifteen "Herrin massacre" as "atrocities" and "savagery" members of the grand jury which returned 214 indictments in connection with the bitter mine war of three months ago were enroute to their homes tonight.

Upon completion of the official grand jury probe, forty-two men were charged with murder, fifty-four with assault to murder, fifty-eight with conspiracy to commit murder and fifty-eight with conspiracy and rioting.

"The atrocities and cruelties of the murderers are beyond the power of words to describe," the final report said. "A mob is always cowardly, but the savagery of this mob in its relentless brutality is almost unbelievable. The indignities heaped upon the dead did not end until their bodies were interred in unknown graves."

The report attempted to place the blame for the massacre and pointed out how they could have been avoided.

Sheriff Melvin Thaxton, a candidate for County Treasurer, shirked his duty either because of sympathy with the miners or through fear of lessening his chances of election, the report charged.

Storming of hardware stores in Herrin and Marion for fire arms, immediately preceding the attack of the Lester strip mine where the strike-breakers had been taken with the understanding that their lives would in no wise be endangered, was the result of a message from John L. Lewis, international miners leader, declaring that non-union workers were strike-breakers and "should be treated as such," the report declared.

Adjutant General Black of Illinois was scored for his failure to dispatch troops to the scene. There is no law preventing such action unless specific request is made by the Sheriff, the report said.

The Southern Illinois Company, owners of the strip mine were arraigned for sending strike-breakers into the territory.

The flame of hate against non-union men burned bitterly during the height of the coal strike. The owners were charged with being either "woefully ignorant or determined to risk strife for profit."

Trial of the indicted men will begin probably within two or three weeks.

TO WHOM CONCERNED

This is written to testify to the real merit of the work of Mr. Tolzen, piano expert, in tuning, and rebuilding, and all forms of piano renovating.

It is further written in behalf of Mr. Tolzen who has been impersonated so prolifically all thru the Panhandle. The bearer of this letter is the real expert who has been doing the work at Clarendon College for fifteen years. We will have no other, and the work of this bearer is of such high character that I have written this testimonial without solicitation, deeming it a pleasure to have done so, because of the high regard in which I hold both the man and his work.

R. Deane Shure, Director of Music Clarendon College, May 25, 1919. Member of National Association of Piano Tuners Chicago Branch. Now here phone 57. (401fc)

MARRIAGE LICENSES

D. H. Preacher and Stella Curlee, Raymond Diggs and Gladys Miller, C. A. Cash and Mrs. Riley Pinkerton, McLean, Texas.

Capt. Simpson was here for the week-end with his family, leaving Monday for Amarillo where he will represent the government in a few "open port" prosecutions.

J. Ray, capitalist of Amarillo and owner of Clarendon business property, was here Friday looking after business.

Our word for it!
You'll never know how delicious Corn Flakes can be till you eat Kellogg's

Positively—the most joyously good any-time-cereal any man or woman or child ever put in their mouths! Such flavor, such crispness! Such big sunny-brown Corn Flakes! How you'll relish a generous bowl-filled-most-to-overflowing; and a pitcher of milk or cream!

Never was such a set-out! Never did you get such a universal vote as there'll be for Kellogg's Corn Flakes! Big folks and little folks will say "Kellogg's, please, mother!" Leave it to their tastes—and yours! Prove out all we say!

For, Kellogg's Corn Flakes are a revelation in flavor; a revelation in all-time crispness; a revelation in never-tough or leathery or hard to eat! Insist upon KELLOGG'S—the original Corn Flakes—the kind in the RED and GREEN package!

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLER and KELLOGG'S BRAN, cooked and krumblod

A Tip to Our Merchants: Tell It With Pictures

We leave it to any woman living in this town if she doesn't read the grocery advertisement that is illustrated first and the one that is unillustrated second if at all.

It's because of that trait of human nature, the love for pictures, that this paper procured the exclusive right to the local advertising illustrations of the Publishers Autocaster Service.

A picture for every line and for every season of the year!

Where Extra Service is Demanded Firestone Cords Predominate

WHEREVER the exacting and tests of tires are most severe—there you will find Firestone Cords in universal use.

The hard jobs seek Firestone. And so well has Firestone responded under difficult conditions—so consistently has mileage mounted to totals impossible to obtain from ordinary tires that today Most Miles per Dollar is the buying slogan of thinking motorists everywhere.

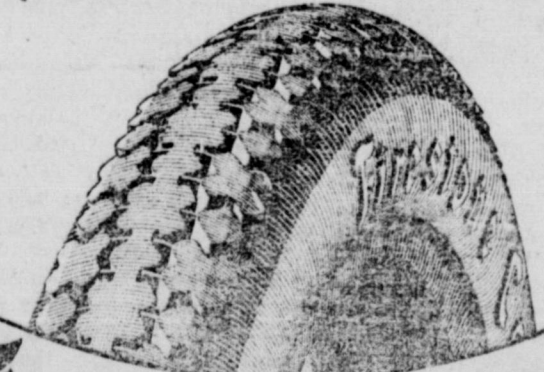

The blending and tempering of rubber, gum-dipped cord construction, air-bag cure—all these mileage methods have

been developed by men whose life work is the production of constantly increasing tire values for the public.

Users in this vicinity verify Firestone reputation, and report almost daily some new Firestone record of extra distance travelled.

Don't be satisfied to buy tires—buy values—the longest mileage at the lowest price consistent with such reliable performance.

Make Most Miles per Dollar your principle of tire economy—choose your next tire on that basis.

THE COLLEGE PARENT-TEACHER'S ASSOCIATION

The Parent-Teacher's Association of Clarendon College held its first meeting for the current year on Monday afternoon of this week in the Domestic Science room at the young ladies' hall. The meeting was well attended, and several new names were added to the roll. After reviewing the work that occupied attention at the close of last year and discussing a few matters of new interest, a vote was taken that settled the permanent meeting place as the domestic science room of the college, and the time, the first and third Mondays of each month.

The program of the afternoon consisted of a talk by Mr. S. H. Condon on "The Immediate Needs of Clarendon College." In this forceful and interesting address, he touched upon seven needs, the fulfillment of which seems hopefully imminent. In summary, they are as follows:

1. Continued co-operation of the Parent-Teacher's Association.
2. The need of endowment, or guaranteed income so that Clarendon College may be able to take the step at once to become a class A college. The speaker easily demonstrated to his hearers the advisability for this step because of the wide territory of which Clarendon College is the center, in which there is no church institution of class A rank. A four-year college would bring many residents to Clarendon, who would gladly move here for the four years, considering two years too short a time for permanent residence.
3. The need of beautifying the campus. This has been impossible in the past because of the scarcity of water; but with the installment of the new water system, it is to be hoped that the campus will soon be made "to blossom as the rose."
4. A curtain for the College Auditorium, and other fittings for the

thiasm among those present, and a determination to do all possible in satisfying these needs.

Mrs. Frank Bourland and Mrs. S. H. Condon, the hostesses for the afternoon passed cooling refreshments, and the ladies lingered for some time in social intercourse. The next meeting will be on Oct. 16th at 3:30 p. m., in the domestic science hall, with Mrs. W. Lott and Mrs. L. C. Parker as hostesses. All patrons, old and new, are cordially invited to be present. Mary H. Howren, reporter.

HALL COUNTY CHAMBER OF COMMERCE AT MEMPHIS HAS REMARKABLE YEARS' RECORD

The fiscal year for the Hall County Chamber of Commerce was marked in a great banquet held in Memphis Tuesday night of last week. The object of this article is to give credit where credit is so ostensively due and to offer added proof of the inestimable value of such organizations for cities, communities and counties where a citizenship proposes to be in the forefront of progress in all lines. Besides the great fish and oyster feed the attendants on this great banquet were regaled further with the accomplishments of the organization for the past year under the efficient management of Secretary-Manager George H. Sager, and were inspired with an outlined program for the coming year.

In years past Clarendon was proud of an organization that produced as many results for this city and county as did our sister organization in Hall County, and there are many now that are anxious that active work be resumed in the Clarendon Chamber of Commerce. We hope that not many weeks will elapse until there will be a sufficient number with sufficient determination to get on the job and under the leadership of a aggressive secretary again bring things to pass for the good of our city, our community and our county.

Read the accomplishments of the Hall County Chamber of Commerce and read still further their program for the coming year. What the Hall County Chamber of Commerce Has Done in 1922 Third Annual Chamber of Com-

merce Banquet held and the ladies invited—a great success.

Contributed railroad fare of a Hall County club boy to the Dallas Fair. Secured the services of Prof. P. A. James as director of the Chamber of Commerce Band.

Assisted Capt. McMahan in securing \$400 in Colorado-to-Gulf memberships in the county.

Assisted County Agent Thompson and M. B. Oates, Agricultural Agent F. W. & D. C., in putting on a one-day poultry school.

Induced twelve of our members to take membership in the Panhandle-Plains Chamber of Commerce. Helped organize a Hall County Poultry Association, with thirty members.

Secured a \$50,000 cotton compress for Memphis, which will soon be in operation. Held Community Meetings in a great many communities in the county during the spring.

Located new Tourist Camp Ground, with shed built and water piped into grounds by City.

Through its membership, taken out annual membership in the West Texas Chamber of Commerce.

Sent ten delegates, accompanied by Chamber of Commerce Band to West Texas Chamber of Commerce Convention at Plainview; the band winning third place in contest.

Despite adverse conditions, have succeeded in accomplishing considerable road work the past year.

Secured agreement from Denver Road to put in three culverts under tracks north of city, to take care of storm water, and work will begin on them soon.

Nine members attended the Lee Highway Convention at Lawton. Succeeded in passing the City paving election, and will soon have more than eighteen blocks of paving.

The contract for a Soldiers and Sailors monument has been let, and will soon be erected.

Delegates were sent to Colorado-to-Gulf Highway Convention at Amarillo.

Delegation, accompanied by the Chamber of Commerce Band, was sent to Panhandle-Plains Chamber of Commerce Convention at Amarillo.

Chamber of Commerce Band won first place in band contest at Ama-

rillo Convention, and was designated the official band of the Panhandle-Plains Chamber of Commerce.

Renewed contract with Prof. P. A. James as director of the band.

Placed road signs on Colorado-to-Gulf Highway through Hall County. What the Hall County Chamber of Commerce Plans for 1923

Improvement of the Carnegie Library Park, making it a children's playground.

Improvement of Tourist Camp Grounds, with installation of conveniences for the motoring public.

Continuation of Community Meetings, to promote diversification and soil conservation.

A White Way for Memphis' business district.

A modern hotel for Memphis.

Organization of a strong Boy Scouts company for the boys of the city.

Another ward school building to take care of our rapidly growing school system.

A new depot for Memphis, with adequate facilities for the traveling public.

Continuation of Red Cross and Public Health Nurse work in city and county.

The Fostering of a closer relationship between farmers and business men.

Modern Hospital.

ATTENDANCE FIGURES FOR DIXIE SERIES ANNOUNCED

Fort Worth, Sept. 28.—Official attendance figures on the Dixie baseball championship series were announced today. Total receipts for the seven games were \$65,231.58. Fort Worth players received \$7,518.96 and the Mobile team \$11,278.44.

Each league received \$6,523.15 and each set of club owners in the series \$16,693.94. The expense of running the series was deducted from the share of the two leagues.

The attendance for the three days in Fort Worth 26,227 persons paid \$37,421.61. Four days in Mobile 20,315 persons paid \$27,809.91.

W. T. Hayter had legal business in Panhandle the past week.

THOMAS A. BAILEY, A PIONEER RESIDENT OF THE PANHANDLE DIES

Childress, Texas, Sept. 28.—Thomas A. Bailey, one of the Panhandle's oldest citizens, died here this morning. He was 70 years old and had lived in the Panhandle since the early '70s. Funeral services will be held Friday afternoon at 2 o'clock.

Mr. Bailey moved to Wheeler County during Indian days and settled a ranch on Sweetwater Creek.

He spent his early days in Missouri and Oklahoma trading with the Indians. His ranch house was built from lumber hauled overland from Fort Dodge, Kan.

Mr. Bailey served several terms as county commissioner of Wheeler County. About nine years ago he sold his Wheeler County ranch and moved to Childress. He was a large stockholder in the City Guaranty State Bank of Childress

and had other investments. The surviving members of the family are, his widow, four daughters, Mrs. Charles L. Mahaney and Miss Clara Bailey of Dallas, Mrs. Fred L. Haskett and Miss Annabel Bailey of Childress, Edwin Bailey of Clarendon, Robert Bailey of Mobeetie and Tom and Clarence Bailey of Childress.

and had other investments.

The surviving members of the family are, his widow, four daughters, Mrs. Charles L. Mahaney and Miss Clara Bailey of Dallas, Mrs. Fred L. Haskett and Miss Annabel Bailey of Childress, Edwin Bailey of Clarendon, Robert Bailey of Mobeetie and Tom and Clarence Bailey of Childress.
