

GROWTH AND WEALTH OF DONLEY IS REMARKABLE AS SHOWN BY THE FIG- URES OF 1920 U. S. CENSUS REPORT

DEPARTMENT OF COMMERCE OF THE CENSUS BUREAU
SENDS OUT FIGURES THAT SHOW THE WONDERFUL
GROWTH OF THIS COUNTY BY COMPARISON WITH
LIKE REPORTS FOR 1910. REALTY NOW WORTH
THREE TIMES OF THAT IN 1910.

Figures received from the Department of Commerce of the U. S. Census Bureau indicate such increase in the farm and ranch values and general improvement in Donley County between the census of 1910 and 1920 as to stagger the wildest imagination. The increase in the value of the land and buildings amounts to 180.2 per cent, the figures going from five and one-half million almost to sixteen million dollars. Other notable figures are those of the cotton acreage which increased almost by four times while the number of bales produced increased almost ten times; which figures within themselves show that not only has the acreage been greatly increased, but the standard of production highly increased.

The number of farms operated in 1910 were 601; in 1920, 810 thus giving the percentage of increase as 34.8, while the percentage of farm owners is 23.2. The actual acreage in farms is slightly decreased from the figures of 1910 which were 488,721; but the number of improved acres has increased from 82,008 to 109,411, giving a percentage of 33.4.

Of the crops, the largest increase in acreage is in milo maize which is from 10,262 acres in 1909 to 51,147 in 1919; while the number of bushels produced went from 134,565 to 1,170,149; which goes to show that, although the acreage increased less than five times, the production increased almost nine times. The corn acreage in 1919 was less than half of that in 1909; the figures being 9,810 acres for 1919 as against 19,675 for 1909; but the amazing thing is that the yield in bushels increased from 160,321 bushels in 1909 to 208,761 bushels in 1919. Thus the crop is seen to have grown from a yield of 8.1 to 21.2 bushels per acre.

The wheat acreage has grown from 270 in 1909 to 5,377 in 1919 while the average yield per acre has increased from 5 bushels to 12 bushels per acre.

The number of farms reporting domestic animals were 799 in 1919, as compared with 583 in 1909. There were 340 less cattle in the county in 1919 than in 1909, 692 more horses, and 1300 more hogs. These figures do not show up the livestock situation in this county to the best effect due to the fact that the 1910 census was taken in April the middle of the breeding season; while the present census was taken in January, which was before the breeding season had begun. In this way, the bureau reports that of the number of livestock in 1910 many calves and colts were reported, while such was not the fact in 1920. But the seeming smallness of the figures of increase is offset by the great increase in value, due not only to the change in market but to the higher value caused by the much larger number of pure bred stock.

The increase of almost two hundred per cent in the values of the realty, not considering the chattels, is a growth that is beyond belief; and one of the unique facts is that with the increase of the numbers of farm operators, more than one third of them are farm owners, which figures are high above the average. This with the increase of more than 23 per cent in the improved acreage of the county supplements the other figures that have been stated in going to show that Donley County is, as the census report states, the greatest country in the United States.

FANS GREATLY INTERESTED IN WORLD'S SERIES

The baseball fans of this city are anxiously watching the reports from the world's series. The reports on the games are received at the Palace Confectionery. Those interested have contributed toward defraying the expense of the reports. The first game, which was yesterday afternoon went to the Yankees, 9-0.

EXHIBIT AT DALLAS FAIR POSSIBLE THROUGH MANY LIBERAL CONTRIBUTIONS

Following the county fair, there was serious doubt as to whether a display of the products of this county could be taken to the State Fair as the funds available had been exhausted by the County Fair. Many were in favor of letting the County Fair end everything, but there were others who felt that this is the year of years to take an exhibit to Dallas; and these contributed of their means toward the work. By the liberal contributions of those below, it was made possible to take the exhibit to Dallas:

- Homer Mulkey
- Ryan Bros.
- E. A. Simpson
- Barcus Antrobus
- H. Lott
- Sam Braswell
- Tom F. Connolly
- Bill Patman
- R. A. Long
- Cameron Lbr. Co.
- Matt Bennett
- Fred Rathjen
- Dr. B. L. Jenkins
- Frank Houston
- A. N. McCordell
- A. H. Baker
- City Drug Store
- Gentry Bros.
- Roy W. Hendrix
- A. Jasper
- Odos Caraway
- First National Bank
- Donley County State Bank
- T. M. Little, Sr.
- C. H. Bugbee
- Chas. Baldwin
- R. F. Morris
- Stocking Drug Co.
- Strickland & Story
- Clarendon Grain Co.
- Clifford & Wilerson
- W. T. Hayter
- Gabraith-Foxworth Lbr. Co.
- Clarendon Mercantile Co.
- C. H. Dean Jr.
- J. B. McClelland
- M. E. Bell
- R. L. Bigger
- T. S. Bugbee
- Dr. H. L. Wilder
- W. A. SoRelle
- W. E. Bralley

TUESDAY LUNCHEON "EAT AND RUN" AFFAIR

The regular Tuesday luncheon for Clarendon business and professional men held every week at the White House, was an "eat and run" affair this week.

The official family of the Chamber of Commerce was so busy in making the final preparations for the taking of the Donley County agricultural exhibit to the State Fair at Dallas and so many of the other active members of the luncheon club were so busy with other activities that no program had been prepared, therefore after the menu had due attention, Secretary McCordell announced that the motor truck bearing the exhibit was well on its way to Dallas, having left at four o'clock that morning. The four o'clock that morning, the party having the exhibit in charge was to leave in a few hours, going overland in an automobile.

Some discussion was held regarding the omission of next week's luncheon, but it was promptly decided to hold the luncheon according to the usual schedule.

The luncheons are held promptly at twelve o'clock every Tuesday and all are invited—be there next Tuesday.

REMAINS OF CLARK AND NELSON RETURNING TO U. S.

Word has been received here that the remains of Aubyn E. Clark and of Earnest Nelson are today landing at Hoboken. They will be immediately shipped to this place and should arrive here some time in the early part of next week. Both of these boys distinguished themselves in the service of their country, and the return of their bodies has been anxiously awaited by friends as well as loved ones. It is for the valorous Aubyn Clark that the local post of the American Legion is named.

LEAGUE REORGANIZED WITH FINE ATTENDANCE

The local chapter of the Epworth League was reorganized Sunday evening with almost one hundred and fifty present, and a meeting that was inspirational from the fact that the work was taken hold of in a spirit that accomplishes things. The meeting was one of business, the election of officers for the coming year holding the main interest of the meeting. Miss Mabel Claire Betts was elected president for the coming year, and the rest of the officers are likewise efficient. Plans for the coming year were adopted, and the social work of the League in the church services resumed.

Carl Parsons, the retiring president, enticed the meeting by his usual pep, and addressed himself to the task of securing the best pledges and the heartiest co-operation possible. The League will furnish the music for the Sunday School from now on, and steps were taken toward the thorough organization of the choir and orchestra.

The work of the League has been highly departmentized, and a chairman placed in charge of each such department. The plans for the year call for the raising of one thousand dollars, and other plans are of like magnitude. The pledges were of such size as almost to assure the realization of the full amount of the budget.

The League Conference for Northwest Texas will be entertained in this city next summer, and the plans include a fine entertainment for the five hundred delegates that will be here.

Assisting Miss Betts, the president, the following officers were elected: Vice-president, Eugene Craig; Secretary-treasurer, Loyd Stallings; Superintendent of the First Department, Miss Clara Leach; Superintendent of the Second Department, Miss Mattie Eva Lane; Superintendent of the Third Department, Charles Miss Beatrice Story; Superintendent of the Fourth Department, Charles Miss Lela Burrell; Director of Music and Reporter, Charles Dean.

COL. KIMBERLAIN ENTERTAINS TERTAINS VETERANS

Col. R. S. Kimberlain entertained the confederate veterans and widows of veterans with a dinner and informal program Thursday noon and afternoon. The dinner was served at the White House, and was an excellent one. In the center of each table, an American flag was prominently displayed. The Colonel was interested in his guests rather than in eating, and in a delightful manner he assisted with part of the serving. Following the dinner those in attendance moved into the lobby of the hotel where the rest of the program was rendered. The Colonel addressed the audience in his delightful manner, and later Col. T. S. Bugbee, who was in the Union Army, spoke.

Col. Kimberlain makes it a practice to entertain his comrades-in-war with a dinner or a picnic each week. The entertainment was not as early as usual this year, due to his recent residence in California; he returned here to attend to business during September and October. He was well acquainted with the Quantrell and the James boys, and they went to the army together. Col. Kimberlain served with various commands in the Missouri Valley. With the usual devotion of a southern aristocrat to the cause of the South, the Colonel has buried his ax with the Surrender at Appomattox; and he knows a love only for one government, that of the U. S. A.

FITTING COURT HOUSE WITH STEAM HEAT NEARING FINISH

The work of fitting the court house with steam heat is progressing fast, and according to W. C. Stewart, will be finished some time between the 20 and 25th of this month. In order to equip the system, it was necessary to build a brick flue into the wall on the south side of the court house. The furnace will be placed on the south side of the basement.

The building is being equipped throughout with the steam heat, and there are more than four thousand feet of radiation. According to the contract, the work was to be finished by the 20th of November, but the contractors in charge have rushed the work to an early completion.

Hon. E. A. Simpson went to Quanah Monday where he had legal business the first of the week.

FINE REPORT AT CONFERENCE FOR LOCAL CHURCH

YEAR'S WORK OF METHODIST
CHURCH UNDER LEADERSHIP
OF REV. FERGUSON
HAS BEEN MOST SATISFACTORY.

At the completion of the third year of his ministry in Clarendon, Rev. C. N. Ferguson left Tuesday evening for Conference. His work has been highly successful, and many of the achievements of the church are due to his tireless efforts. His most effective work, perhaps, has been among the young people of the church; he completely reorganized the Senior Epworth League, and the attendance during his stay here has grown from twenty to more than five hundred. The Intermediate and Junior Leagues have had like success. This the third year of Rev. Ferguson's work is, perhaps, the most successful; the number of conversions that have been had amounts to three hundred while there have been one hundred and sixty eight accessions.

The increase in the Sunday School attendance this summer has been one hundred, while the total enrollment for the year amounts to twelve hundred. The money that has been paid by the Sunday School to missions this year is \$826. The money raised in the Sunday School for other purposes raised the total to \$1696. The pastor's salary and the conference collections are paid in full. The money that has been raised for all purposes reaches a total of \$13,000.

When Rev. Ferguson came to this church it was in debt; but during his ministry, the debt has been paid in full, and valuable additions have been made such as completion of the basement and the repairs of the church that were very needful.

These figures give briefly the accomplishments of the church under the guidance of Rev. Ferguson. He has been a student, and his preaching has been the result of thought. Not only has he amply fulfilled his duties as a preacher, but he has been a pastor as well; having made many visits to the membership of the church; and having, as well, made many visits to the poor of the city, rendering great aid to them in their times of need.

Rev. Ferguson attributes the success that has resulted to his official board. The progress of the church has been most pleasing, and it is to be hoped that the church within the next year realizes its many aspirations.

INSTALLATION OF CITY PLANT DELAYED

The work on the installation of the city plant which will operate the waterworks as soon as completed is delayed on account of the fact that the engineer who is to be in charge of the work could not come here this week due to illness. According to word received by the city authorities, he hopes to be here next Monday and rush the work of the plant to completion.

MULLINS PURCHASES HARRY SITNER HOME

A deal was consummated the past week whereby L. H. Mullins becomes the owner of the Harry Sitner is to give possession about the fifteenth of this month. Mr. Mullins and wife have recently returned to Clarendon to make their home. Mr. Sitner will occupy the furnished home of Ross Anthony.

CARS PASS THROUGH ENROUTE TO SHREVEPORT

Ten touring cars of a popular make passed through here yesterday morning enroute from Amarillo to Shreveport, Louisiana. The journey will be more than five hundred and fifty miles. At least, the cars should be well limbered up by the time that they reach their destination.

SHRINE CLUB FEED TUESDAY EVENING

The regular monthly supper of the Shrine Club was held at the Masonic Club rooms on Tuesday evening. The cats were excellent, and although the attendance, on account of the many other pressing matters, was not quite up to the usual, everyone present had a very enjoyable time.

YEAR'S CHURCH WORK FINISHED MONDAY EVENING

The year's work for the Methodist Church was rounded out at Monday evening's quarterly conference. The finances for the year were paid in full, and the report that Rev. Ferguson will make to the conference is an excellent one. He can report a Sunday school enrollment of 1200 for the year and an Epworth League membership of 500. The election of the district steward, of the trustees, the Stewards for next year were part of the business attended to.

Miss Mabel Betts was confirmed as the president of the Epworth League for the next year. Fred Story was elected the superintendent of the Sunday School for the next year. The assistants to Mr. Story will be Tom Connolly, Buel Sanford, Paul Shelton and J. W. Watts.

The trustees of the church for the next year are: Tom Connolly, S. H. Condon, G. S. Slover, A. M. Beville, N. N. Martin, W. A. SoRcelee, and R. H. Alexander. The lay leader for this charge is R. A. Long.

M. M. Noble was elected District Steward; and J. F. Jones, Cleveland Hayter and W. T. Dudgeon were elected as new stewards for the coming year. Besides these, the following will be stewards also: M. M. Noble, D. O. Stallings, C. M. Powell, J. B. Annis, S. M. Braswell, J. R. Bulls, W. E. Bray, T. F. Connolly, C. H. Dean, Tom Goldston, Lee Holland, J. H. Hendrick, Joe Holland, Dave Johnson, Bennett Kerbow, R. A. Long, A. A. Mays, E. M. Ozier, L. C. Parker, R. E. Strickland, Paul Shelton, Leslie Shaw, H. L. Wilder, Joe Warren and M. E. Bell.

Lay delegates from the Clarendon are D. O. Stallings, R. A. Long and District to the Annual Conference L. O. Lewis.

Many of the prominent church representatives are at Conference this week, many of them having gone up the first of the week. The conference will continue until Sunday evening.

The success of the church for the year just finished is encouraging, and the officials hope that the same success will attend the work of themselves and the other members for the coming year.

BYRON ALEXANDER'S RESIDENCE BURNS SUNDAY

The residence of Byron Alexander caught fire from the explosion of an oil stove and burned with complete loss about one thirty o'clock Sunday afternoon. Mr. Alexander was at the lot nearby when the explosion occurred. Hearing the noise, he rushed to the house, but the whole interior was on fire, and he was unable to save anything. Mrs. Alexander was visiting at the time.

The loss is partially covered by insurance. The residence is located in the west part of this city near the railway.

BURKE HAS LARGEST MACH-INE BUSINESS IN STATE

H. C. Burke, local agent for the Singer Sewing Machine Company, won the prize for the week ending September 24th for doing the largest business of any representative of that company in the state of Texas, according to a communication recently received by Mr. Burkes. He feels confident that he will receive other prizes as Clarendon and the surrounding country is a wonderful territory according to his way of thinking.

MRS. NELSON CITY SECRETARY NOW

Mrs. Will Nelson assumed the duties of City Secretary and Treasurer for Clarendon commencing the first of this month. She will be well act in the capacity of collector. Her wide experience in business lines makes her eminently fitted for her new work.

Y SECRETARY GIVES ADDRESS HERE SUNDAY

L. A. COULTER, STATE SECRETARY OF THE Y. M. C. A. IS HEARTILY RECEIVED. SIX CONVERSIONS, FOLLOW LECTURE

The address of L. A. Coulter, State Secretary of the Y. M. C. A., Sunday afternoon at the Pastime Theatre was as largely attended and one of the most effective meetings of the kind ever held in this city. The subject of his talk Mr. Coulter termed as "Chains That Bind"; and he addressed himself to the question of gambling, of profanity, and of social impurity. So magnetic was his personality and of such intense presentation was his subject, that during his address a pin could have been heard to fall. Following his presentation of the awfulness of the evils which he discussed, he made a call for those who intended to take more of Christ with them in their daily lives, and there were six conversions.

The lecture that Mr. Coulter delivered here, he has delivered in many cities over this state, and his presentation is unique as well as effective. Far from being the course lecture that is oftentimes given by some speakers to men and boys, his address was presented with a dignity and a care of language that any lady could have listened to without the slightest offense. Every man who attended was highly benefited, and pledged himself that he would hold higher the standard of living for men. The audience heard Mr. Coulter with intense interest, and many were the eyes that were moist with a tear when the address was finished.

All of the seats on the lower floor of the Theatre were taken, and many in the balcony, and the audience was estimated at five hundred in number.

Mr. Coulter appeared here under the auspices of the local Y. M. C. A. Committee, and consulted with them following the meeting Sunday afternoon. The class of this lecture is the kind that will be enjoyed here often times following the completion of the Y. building in this city. It is the intention of the local committee to bring other speakers of national fame here, and make a special effort for the boy welfare.

The lecture Sunday afternoon served to impress more than ever the character of work that the Y. M. C. A. is accomplishing and the local workers are highly interested in securing the great help that the Y can be to the various communities when the proper arrangements are made.

CHAS. FERGUSON HONORED AT S. M. U.

Dallas, Texas, Oct. 4.—Charles Ferguson of Clarendon has been appointed yell leader at Southern Methodist University by the president of the Student's Association for the current year. Ferguson will direct the Mustang cheering and will have two assistants. He is working on a special Mustang yell which will be distinctive and is expected to be popular with the students.

Ferguson is a senior at the University having entered as a junior from Clarendon College. Since that time he has allied himself with various student activities and is one of the student leaders. He is editor of the Campus, the student weekly, in addition to being yell leader, this position being elective. He is a member of Phi Alpha fraternity.

CATTLE SHIPMENTS LIGHT

Cattle shipments for the past week have been light. About ten cars were shipped from Ashtola. The JA Ranch will also ship five cars Saturday from Ashtola to Kansas City.

W. C. Mosley of Amarillo, representative of a home-building company, is in Clarendon today. He called at the News office and got a rate card and copy of the paper preparatory to putting on an advertising campaign.

Dr. J. R. Farmer, of Booneville Mississippi, is visiting here now with his son-in-law, George Chambers and family. Dr. Farmer has a wide acquaintance of friends his son here, he says that he is here, having formerly practiced medicine at Lelia Lake.

DONLEY COUNTY EXHIBITS TAKEN TO DALLAS FAIR

TRUCK LADEN WITH THE FINEST PRODUCTS OF THIS COUNTY LEAVES TUESDAY MORNING FOR DALLAS. DIRECTORS FOLLOW.

Through the untiring efforts of many citizens who are anxious to see Donley County take the first prize at the State Fair, the exhibit was carried from this county to that fair, leaving here Tuesday morning. The exhibit contains many varieties of the finest agricultural products of this county. In the afternoon of the same day, George Ryan, A. N. McCordell and County Agent Roy W. Hendrix left by car for the big city. Homer Mulkey also accompanied them. Miss Epie Long left by train for Dallas yesterday morning. These directors will see to the arrangement of the exhibit, and will stay there during the fair.

Hopes are high that this will be the banner year for Donley at the Dallas Fair. The fine display at the County Fair gave more encouragement than ever, and every effort was put forth to insure an exhibit at Dallas. Contributions for this year were solicited; and as the County Fair was left slightly indebted after the large contributions thereto, the only feasible plan was to secure the support of men who desired to see the exhibit sent to Dallas. Many patriotic men responded with good contributions, and the total is a little more than three hundred and twenty-five dollars.

A truck belonging to H. Lott was loaded with the exhibits, and left here Tuesday morning. Everyone will await anxiously the report from the State Fair, and hope that the news will be forthcoming that Donley has won the first prize.

COURT OFFICIALS STAKE OUT PROJECTED ROAD

Judge W. T. Link and County Commissioners W. P. Cagle and J. B. Pickett made a business trip down in the east end of this county the past week staking out a projected road between Hedley and Giles. The portion of road that was gone over is near Giles where the present highway crosses the creek shortly west of Giles. It is proposed to build the highway from a point about a mile north of the creek eastward through portion of the present road into the city, thus eliminating the and at the same time keeping the new highway along the ridge of the country thus insuring the best road that can be laid out.

HAYTER PURCHASES BUSTER CONNER HOME

By a deal concluded this week, Cleveland Hayter is the new owner of the Buster Conner home in the west part of this city. At present the house is occupied by Jim Walters. Mr. Hayter has given up the house where he is now making his home, and will soon make his home in the new place which he has purchased.

LITTLE HAS SHOW WINDOWS BEAUTIFIED

With his usual policy of making the most attractive offering of his goods, T. M. Little has this week had the background of his show windows painted, and such material improvements made. The windows are arranged in a good manner, and with the usual good trimmings, the displays will be all the more attractive.

T. J. Bones, of Portland, Oregon, arrived here for a visit with his father L. F. Bones and family. Mr. Bones came through in his car, and was seventeen days on the road. He will visit here for some two or three weeks.

Miss Lottie Lane returned Friday to her home in this city from a month's vacation spent in Colorado. She visited at Denver, Colorado Springs, and other points. She reports a wonderful trip, having met many friends of former days.

J. L. Bain went to Amarillo this morning where he will meet with the Board of Education. M. T. Howard returned the latter part of last week from a business trip to Kansas City.

In Case of Sickness

You must have prescriptions dispensed exactly as the Physician orders—Everything for the proper case and comfort of the patient.

Our Store gives you particular attention to this service and has in stock everything necessary for the case and comfort of invalids—

Hot Water Bottles	Thermometers.
Air Cushions	Cotton
Fountain Syringes	Ice Bags
Bandages	Gauze

City Drug Store

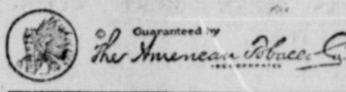

Prescriptions filled by Registered Graduate Pharmacist.

The editor of this paper, like the editor of every small town newspaper, gives largely of his time for public enterprises. Then he comes back into his office and donates column after column of space for the public good. Then sometimes in the few hours he has left to look after his personal business he finds out about Smith, Jones & Co., sending out of town for a piece of job printing because they could save fifty cents on the order. The next day along comes young Jones, the junior partner of Smith, Jones & Co., with a subscription list for the widow who lost her home by fire, or the cemetery association, or some other equally worthy cause, and the country editor puts down about the same amount as the banker or any other of the town's leading business firms. Who ever heard of the Near-City Printing Company making a donation on local distress calls, or sending a representative to do committee work on public enterprises? Stay with your home printer—he is the man to tie to and never fails to do his part on community enterprise. Reciprocity is a great doctrine and this old world needs more men who will practice it.

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

That McLennan County sheriff showed a whole lot more nerve than judgment down at Lorena the other night when the Invisible Empire staged parade. It isn't well ever to impede the progress of the United States flag, even when you don't know just exactly the person who loves it well enough to carry it openly and boldly.

Over and in spite of fearful odds the Donley County exhibit at the State Fair at Dallas is in place today where thousands may gain first-hand knowledge of the wonderful productivity of our great county. There have been those who seemed to wish that our exhibit would not be sent to Dallas; there have been those who seemingly cared not a whit whether it went or not; there have been those who claimed to care a great deal, but who did not contribute a penny to the contingent expense. But, praise be, there

is in Donley County a faithful and fearless few, whose dauntless determination and liberal generosity made the exhibit possible and to them we owe its presence in the agricultural exhibit building at Dallas today. These men are the Columbus of the age, who dream of greater worlds and newer worlds, and who dare to "sail on" across uncharted seas while their conservative fellows prefer to sit idly by. Oh, well, the exhibit is in Dallas today, just the same, and those who did nothing will benefit by the prestige of Donley County, just as the scoffers have always benefited by the grit and determination of exploring conquerors.

When the Panthers of Fort Worth won the Dixie championship from Memphis, thereby duplicating their record of last season, they did more to advertise the Panther City than could have been accomplished by any other single agency. A team of clean gentlemanly fellows, who develop such team work as that displayed by the Panther organization is a credit to any city and recommends the national pastime to that high pinnacle where those who are unworthy of the name of sportsmen cannot besmirch it. May teams as worthy always wear the Dixie honors.

One of the greatest feats ever accomplished in a country newspaper office must be credited to the Lubbock Avalanche management who two weeks ago issued 128 pages exploiting the great fair to be held in that city and heralding to the world the great possibilities of Lubbock county from every standpoint. An edition of that size is creditable to the best equipped daily papers in the south, and shows remarkable ability, push and nerve on the part of Editor James Dow and his corps of helpers. The country newspaper is becoming more and more indispensable in the march of any community along the paths of progress.

THE PRESBYTERIAN CHURCH

If any man in this town missed that talk by Mr. Coulter, of the State Young Men's Christian Association, given at the Pastime last Sunday afternoon, he has lost a link from his chain of inspiration and education. Those that heard it will be able to profit by the matters presented to men, in such a splendid way. It was a fine meeting in every respect.

Further than that, some were able to hear another splendid sermon by Mr. Coulter in the morning at the Baptist church and another in the Presbyterian Church in the evening. Both of which we are sure were words of encouragement and strength for a better religious life to every hearer. Sunday evening Mr. Coulter spoke on "Knowing Jesus Christ," from Philippians 3:10.

The Rally Day service in the Sunday School last Sunday was well attended. The attendance was larger than it has been in months past. Let us make it a growing proposition by being there every Sunday ourselves. Indeed that is the only way to make the thing go; every man do his own duty. An offering of \$14.13 was made by 55 people.

Next Sunday the Bible School will begin at the regular hour, 9:45 a. m. The morning service will be held at 11 o'clock. The sermons on the Epistle of James will continue. Read the letter through at one sitting before that hour, if you can. The discussion at that hour will be "The Relation of Faith to Trial." There will be special music. Evening service at 7:30 o'clock. Sermon by the pastor and a good song service.

W. H. Foster, pastor.

ENTERTAINMENT FOR WAR VETERANS AT AMARILLO NEXT ARMISTICE DAY

Amarillo, Oct. 5.—Hanson Post American Legion, joined by the Legion Posts throughout the Panhandle and Plains territory, will be hosts to the World War veterans in Amarillo, Friday, Nov. 11th.

This will be the first great all Panhandle-Plains reunion for World War veterans, who are invited without regard to their affiliation with the Legion—it is for all. Special rates will be secured on all railroads entering Amarillo and free entertainment will be furnished the men who wore the American khaki during the most terrible struggle the world has ever known.

A regular "mess dinner" will be one of the features of the day, and the former-men-at-arms will have many things to remind them of that through which they passed while making more secure world freedom and world democracy.

Floets will be in the parade representing the Army, Navy, Marines, and Aircraft subdivisions of the glorious forces representing the United States. To these will be added a French box car, Woman's Auxiliary float, Salvation Army, Red Cross, Boy Scouts, Civil War Veterans, Daughters of the American Revolution, and other patriotic and civic organizations.

The program will be the best that is possible to devise, and a general good time for all of those who offered themselves as a debarment against the ever-rising of righteousness by the German Empire.

An all-inclusive decorative scheme will be employed and Amarillo will outdo herself in demonstrating to the "boys" her love for them.

This is to be an event long to be remembered, and the friends of the soldiers are invited to be present and participate in the entertainment in their honor.

Rev. J. A. Scoggins left Tuesday for Amarillo to attend conference.

The cheapest thing in the world today, and that which brings the greatest returns, is courtesy. It requires very little effort and no investment to speak kindly, and to give information in a manner indicative of a lady or gentleman. The day has come when the grouch—either in the social life or in business, is doomed to oblivion. The busy world has no place in it for such characters, and they will find no response on the part of live, progressive people when they endeavor to hand out such bunk.—Paducah Post.

CONSIDER THE ANT

Not only should the industriousness of the ant be an inspiration to the human race but a good lesson could be learned from another characteristic of this little toiler—persistence. He does not permit difficulties to daunt his courage or determination, but toils faithfully on never thinking of giving up, but striving to attain the goal first had in mind. This should be a fine example to every worker. Life is filled with problems, some very difficult to solve, but as the water, constantly dropping on the rock will eventually wear a hole through the same, so the man or woman who employs persistence as their life motto will win out in the end.—Paducah Post.

COUNCIL MEETING OF EP. WORTH LEAGUE TUESDAY

At the call of the new president, Miss Mable Betts, the officers of the various departments of the Epworth League met Tuesday evening at the home of the president in a council meeting laying plans for the year. Each department will be thoroughly organized, and the members of the League will be chosen in the four departments.

Means for making the programs the most interesting possible are being gone over; and an effort will be made to get as high percentage of the League members as possible to take part on the various programs.

Plans were also discussed for the entertainments that will be given this winter; the entertainment of so many people as are members of the League is no small affair, but the success of some previous entertainments on the large scale seems to assure that the entertainments for this year can be made the most interesting.

More and more are the possibilities of the League coming to be recognized as the best of any department of the church, and the officers of the local chapter are using their utmost endeavor to make the League what every member of the League desires it to be, the very best. The response on the part of the members has shown their interest in the matter, and seems to assure that this will be the banner year in the history of the organization.

HEALTH CONFERENCE FRIDAY AND SATURDAY

Miss Jean Pinkney, of the Extension Department of State University, arrived here last evening and is helping Miss Ella Yeager with her plans for the Health Conference to be held in this city tomorrow and Saturday. Miss Yeager has completed her plans and expects a large attendance on these days. Her to Donley County, and this conference is an endeavor to extend the circle that she is helping. All parents with children who have not thus far been enrolled, are urged to enroll them at this time.

C. C. PARENT-TEACHERS MEET MONDAY AFTERNOON

The Parents-Teachers Association of the College will meet in regular session Monday afternoon at three thirty o'clock with Mrs. W. H. Patrick. The members are urged to be present.

Mrs. H. Lott, Sec'y, and Treas.

UNCLE SAM'S GIANT WIRELESS

At Greenbury Point, near Annapolis, Maryland, is located the great high-power radio station, owned and operated by Uncle Sam.

Built as a war measure, for the insurance of uninterrupted communication with our army in France, in the event that for any reason the cables were put out of commission, as well as to provide added facilities for keeping in touch with and directing the movements of vessels at sea, it has successfully bridged the seas of the world and "made good."

Four gigantic, steel towers 600 feet high, set 850 feet apart and in the form of square, support the massive web of super-sensitive wires from which outgoing electric waves "hop off" into space and to which the incoming waves from afar are attracted.

The energy by which the station is operated is obtained from a near-by power plant—a suitable operating building, power-transformer house, quarters for the maintaining and operating forces, store house for repair materials and other necessary equipment having been erected at an advantageous and adjacent location.

The far-reaching importance of this miracle-like station which performs the seemingly impossible comes home to one when he understands that it successfully handles radio traffic direct with France, Italy, Germany, Norway, other radio stations in this country and its outlying possessions and all U. S. Navy and all properly-equipped merchant and other vessels, no matter what far-away part of the world they may be located.—Exchange.

THE VALUE OF A TREE

A veterinary called to administer aid to a sick horse, made his examination and, turning to the owner, asked what value had been placed upon the animal. The owner wanted to know what that had to do with the case. "Because," replied the doctor, "it would be a bad investment to spend fifteen dollars on this horse if he isn't worth fifty dollars cured."

"Fifty dollars!" exclaimed the other, "why man, I wouldn't have taken five hundred dollars for him—get busy!"

Much has been said and written about the value of a tree as a community asset, a private asset or a comfort and blessing. An influential, but overly curious citizen once asked a specialist the value of a tree. The question was answered by the question, "How much would you take in dollars and cents for the trees in this town, regardless of who they belong to?" The citizen got the point at once, and replied that he would not take, but that if the trees left he would go also.

The people of our cities and towns are beginning to place a greater valuation upon their trees, which like the owner of that horse, tends to bring greater effort toward preservation which is two-third of art of living, and a large percentage of the trouble can be blamed to carelessness, ignorance or both.

Some seem to think that a city tree should just naturally be thrifty; for don't they turn the hose on it every day? As a matter of fact, the city tree is often comparable to the caged animal. The farmer doesn't try to raise a crop year after year without cultivation, without rotation and without fertilizing. Even most of the water we give the tree is drained away by the hard surfaced streets and gutters or, just as often by the hard packed earth all around the tree. And, to add insult to injury, we spread a nice, velvety carpet of grass clear up to the trunk, which as nearly as possible keeps from the roots of the tree every possible natural element that they need.

True, we love the grass, but cannot we spare just a foot or so at the base of the tree to give the monarch of nature's handiwork a chance to breathe?

Then the bumps, the scars that city trees are forever getting. A strip of bark knocked off or a limb torn off is but a small matter so far as making the tree unsightly is concerned, but it will take years to heal. Besides, it is an open invitation for insects and fungus enemies.

Are your trees worth any of your time and money? Could your city afford to lose its trees for \$50,000? Do you not pay for every form of insurance you carry?

What is the value of YOUR trees? —Exchange.

DOES WAILING HELP US

From many directions come complaints of losses during the past year. These come from the farms, from the factories, from the mills, from everywhere that men are engaged in business for legitimate profits.

The world has its woe each man has his difficulties, each family its struggles, each church its problems, each party its own political fights, and few of these are interested in the troubles encountered by the other. If this be true, the man who keeps his own counsel, who struggles along and makes the best of conditions revailing remedying them where possible, is at last the winner.

"Laugh, and the world laughs with you weep and you weep alone." is a statement whose basis is fact cannot be gainsaid. It has been proved over and over again. It has been said that a man's thoughts portray the man, and hence the admonition to the more hopeful state of mind. If it is a fact that "misery loves company," let none be denied the comfort of knowing that he is far from being alone in this matter of losses during the months of the recent past.

The farmer whose products have cost him more than they bring on the market, may be comforted through the fact that the corporation has been forced to draw against its accumulations and the working man to consume his savings and go in debt to sustain himself and those dependent upon him. An unhelpful attitude of mind has been demonstrated to be a hurtful thing where the best interests are to be secured through development. If depression of spirit and activities is the object sought then the unhelpful attitude is unquestionably the thing.

Complaining can't get us anywhere, it pays to smile and fight on.—Amarillo News.

POSTED NOTICE

All persons are hereby warned against hunting, wood hauling and trapping in the C. T. Word & Son pasture in Hall and Donley counties. All violators will be prosecuted promptly.

C. T. Word & Son.

WHAT DOES IT TAKE TO MAKE A NEWSPAPER MAN?

Somebody asks the above question. It is supposed that the person who asked the above meant everything he said, but asked a great big bunch of a question.

We confess that we have followed the business long enough to be in doubt as to just who is eligible for the place, and we suppose the party wants to know about a country newspaper man—what it takes to be one.

In the outset we believe a country newspaper man ought to be a good printer. We do not mean he should be a swift—one who can set his own paper in three days, and likes to do it; we do not mean that he should be a gill-edge job printer, one who can get the jobs up in multicolors. If he were such a printer as that he would have a first-class trade in either line and would be in a position to make enough money to keep him and his family going and not be worried with the newspaper end of the game, for there is some worry attached to running one of the things. Being a good printer he would then know what printing should be when the public came in for him to do its work or rather have it done.

We should, above all, be sober and honest and try to give the facts in all happenings and leave the whole thing out if he has to lie about any of it. Shaping any local happening to suit certain parties is a bad sort of business, especially when that means that others are going to be damaged, no matter if you can get money for the bogus article.

A newspaper man ought to be able to tell a sermon from a talk, and a talk from a hurricane, and a harangue from plain old every-day lying, no matter if it comes from the pulpit or the politician's stand.

A newspaper man ought to be able to tell all about social affairs and tell them in a reasonable fashion, pleasing the ladies with his delicate description of the various gowns worn at parties and receptions.

A newspaper man ought always to be ready to turn defeat into victory and do it every opportunity he has. If his press breaks take it like it was peaches and cream. If it is his pocketbook that is broke, rejoice that it is not his head instead, and keep on going up the hill with never a look this way nor that.

A newspaper man ought to be a fairly good lawyer. He should know how a will should be drawn, a deed be written or a citation be formed so as to conform to the law in every particular. He should be perfectly familiar with all the divorce laws of all the state and be ready at any and all times to give out advice that is good for those who wish to be rid of their marital vows, and make that advice hold good to separation itself. He should be able to tell who should not marry, and should be able to tell all about just how happy the parties will be after marriage. They are all happy before marriage, or they would hardly marry, as a general thing, you know.

He should be authority on building, knowing the latest bungalow, and knowing just what the materials should cost, etc.

He should be authority on blacksmithing, shoe-making, house-painting and any other thing that happens to come his way, or the way of those whom he is to enlighten.

He should know a dash of telegraphy, pyrography, osteopathy, geography, entomology, physiology and philosophy.

He should be able to distinguish the difference between the cry of a woman in trouble and the scream of a panther that is trying to get into trouble.

He should be able to attend a social function and shake hands with each and every woman there, including his own wife, after an introduction, after he and his wife have had a bitter argument as to play "42," or just when the world the exact date of Ann's age, how to go to the bank to get a check cashed, and how to get a check cashed.

He should be an adept at sports and he should be able to tell who will win the next world's "serious," two months before the first game is played as can Hugh Fulerton, or after the games are nearly all over for the season and the hindmost teams have given up.

He should be able to take a hand in football and give the body blows to any chap who thinks he knows more of it than he does, then tell him where to head in.

He should be a crack-shot and able to kill his full quota of mud hens, ducks, quail, etc., while the season is on, never break the law by shooting before or after the open season.

In all he should be so gall-busted smart on nearly everything that you could name that we have about decided that our thirty-five years of experience proves that we are not a newspaper man, but we can find you a thousand no smarter than we are who will admit themselves that they are good newspaper men.—Stamford Leader.

DEVELOPMENT OF GRAIN SORGHUMS A NEW INDUSTRY TRY FOR WESTERN TEXAS

Pat Nix has on his farm three miles east of Lubbock a field of pure line kafir that is a splendid showing in uniformity and desirable showing as well as in high yield. Mr. Nix obtained seed from supplies grown at the Lubbock Substation in an increase plot from one of Superintendent R. E. Karper's selections which had survived 4 years of the most drastic requirements known to the science of plant breeding. The uniformity and high quality of this crop will result perhaps in an increased demand from growers of grain sorghums for seed of absolute purity from the very best of the known selections.

Numerous fine fields of Spur feterita in West Texas this season further attest the value of pure line selections. The yields of Spur feterita are reported by the Experiment Station to show about seven bushels per acre better than common feterita from which the Spur type was selected. Those who have been observing the pure line kafir selection made by Mr. Karper predict that it will show even a greater increase over the common black-hull No. 153 if kept free from contamination will continue as a satisfactory high yielder.

Fourteen hundred pounds of this seed was distributed by the Experiment Station last season and it is expected that when reports are received, most of the results will show up as well as that on the Nix farm.

Statistics indicate that West Texas is producing annually about sixty million bushels of kafir, milo and feterita. This is conceded to be only a partial showing of the possible production in this section, because the area planted to these grain sorghums is limited to the popular annual estimates of the farmers as to how much production the markets will absorb. There seems to exist still a general notion that grain sorghums are not worth as much pound for pound as is corn. In fact, the market price has been around 40 percent less than the market price of corn. The Texas agricultural experiment station has been for a number of years making exhaustive investigations to determine the comparative value of kafir, milo and feterita not only in competition among themselves but with corn. These investigations now point conclusively to the fact that there is no appreciable superiority of corn over grain sorghums nor milo, feterita or kafir over each other in a ration for fattening farm animals. Feeding tests recently conducted at the Spur substation confirmed practically the scientific conclusion that there is only a slight difference in the productive value of either of these grain sorghums and of corn in a feed ration.

Producers of grain sorghums are therefore greatly interested now in bringing the feeding public to a better understanding of the value of the new grain so that it may make its rightful place alongside corn in the grain markets. They argue plausibly that feeders will not continue very long to buy corn to feed their hogs and cattle and lambs at a price far above that at which kafir, milo and feterita may be had when they once learn that the grain sorghums are quite as good or better than the corn. They like to grow the grain sorghums because with the highly improved new varieties they have no trouble in producing more bushels per acre than they can corn and for that matter more bushels per acre than acre-dited yields of corn in the great corn belt of the middle west. The grain sorghums are more certain of producing good yields in good and bad years than is corn.

They are more cheaply cultivated. They yield a better forage and in larger quantities and more easy of utilization.

All things considered the West Texas farmer is coming to wonder why his land is not worth even more per acre than the great corn farms of Iowa. He is particularly interested in the building up of the stock feeding industry right here in Texas so that the grain sorghums and forage sorghums and alfalfa and cotton seed meal may be converted into marketable fat on the hoof before shipment on the railroads. In this way tremendous savings in freight may be effected. He argues that it does not take any more steam to pull a carload of 12c cattle or hogs than to pull a carload of the same weight of corn.

HOUSEHOLD FURNITURE FOR SALE AT PRICES THAT WILL MOVE EVERY ARTICLE

Having sold my home and intending to use furnished rooms for the winter, I am offering the following high grade household furniture at prices that will save every purchaser good money.

- 1—4 piece Wicker set, (settee, rocker, chair and table)

Rev. and Mrs. J. R. Henson are attending conference in Amarillo having gone to that city Tuesday.

Editor Ed Boliver and family of Hedley, motored up to this city Tuesday afternoon and shopped.

Hon. Perry Pearson, of Amarillo, was in this city Tuesday on business.

Judge C. Coffee, of Miami and Joe Williams, rancher of Mobeetie, were in this city yesterday on business.

We Sell Tires The Modern Way

The modern way, in selling tires, is to look after them until they have yielded the last mile built into them.

The modern way is our way.

You are interested, of course, in the service you get from any article you buy from us.

But our stake is greater than yours.

Losing a few dollars wouldn't hurt you so much, but losing our reputation would kill our business.

That is why we want to go the limit in making sure that the merchandise we sell gives you the maximum of service and satisfaction.

We sell GOODYEAR TIRES, TUBES AND TIRE ACCESSORIES, and then stand behind them with a constant service of inspection. We do everything necessary to insure your enthusiastic satisfaction.

We have an unusual assortment of Good-year Tires for you owners of small cars.

Delay on the road is costly and annoying—avoid it by using Goodyears!

ALLEN GARAGE

R. L. BIGGER, Prop.

Goodyear Heavy Tourist Tubes Make Your Tires Last Longer

Misses Berta Johnson and Pauline Caldwell, of Hedley, visited yesterday in this city with their friend, Miss Myrtle Jolly. On their return last evening, Miss Jolly accompanied them home.

Rev. J. O. Quattlebaum and family, of Matador, arrived here Monday evening for a short visit with J. O. Quattlebaum and family of this city. Rev. Quattlebaum continued his journey to Amarillo Tuesday afternoon, while his wife remained here with relatives.

Jerry Harrington left last week for Austin where he is attending the University of Texas. Jerry is a senior this year in the school of mechanical engineering; he has made a fine record for himself during his time in the great school, and will this year be a student assistant.

Tom Pirtle, an aviator in the government service at Lawton, Oklahoma, passed through this city Saturday evening enroute to his field from a furlough which he spent in the Panhandle. He was greeted by his sister, Miss Ruth, who is Clarendon College's fine expression teacher for this year.

Rev. P. E. Yarborough, pastor of the Methodist Church at Lodge, passed through this city Tuesday enroute to conference at Amarillo. He is well known here, having formerly been a student at the College and having gone from here into the service of Uncle Sam during the recent war.

SUNNY VIEW

Having fine weather for picking cotton, gathering feed and making syrup.

Mr. and Mrs. Lonnie Woods attended church and Sunday school at Clarendon Sunday morning. Calling on their father and mother at Martin in the afternoon and attended Sunday school and church at Martin.

W. D. Martin and family attended a debate at Hedley Saturday, also attended church on Sunday at Hedley.

Mr. and Mrs. Neal Bogard spent Saturday night and Sunday with Don Baker and wife.

Mr. and Mrs. Millard Stark also A. M. Lanham and wife spent Sunday in the home of Mr. and Mrs. John Butler.

Mr. and Mrs. Roy McKey were the guests of their parents, F. L. Behrens Saturday night and Sunday.

Heckle Stark and wife spent Sunday in the home of Don Baker.

Mrs. J. H. Roberts of Lelia Lake visited in the home of Mrs. Stark Wednesday evening.

Miss Nina Martin is spending the week near Hedley with her cousin, A. B. Harris and family.

R. M. Gibbs, a very successful farmer near Clarendon went to Hedley Monday to help gather the fleecy staple and stopped with A. M. Lanham who is making Honey Drip and purchased a supply of the sweet stuff.

PEOPLE'S PHARMACY

Red Goose

School Shoes

If I Gotto Wear Shoes, I'm Glad to git "Red Goose" Cause they feel Bully.

School Days Force The Question

Little folks trudging to school, or seeking play take a hundred steps to the parents one; and still we wonder why the children wear out so many shoes. But let the young folks romp. It is a good thing for them.

The country needs strong, able bodied youngsters—and foot ball, racing games, nutting expeditions, military drills, skating, skeeing, and all the sports of the winter, while they are hard on shoes, are essential to health, and your child's good health is worth all the shoes you can pay for.

But there can be economy in your shoe purchases if you will concentrate on "ALL LEATHER" shoes for your family. Put every one of them in leather-built footwear, and then don't worry about shoes wearing out faster than you can pay for them, because you will find it actually cheaper in dollars and cents when you compare "the cost of service per day."

This circular is to tell you about "FRIEDMAN-SHELBY ALL LEATHER FOOTWEAR." The shoes which bear his trade mark which the makers have so much confidence in that they have agreed to give \$5.00 and a new pair of shoes to the wearer who finds paper in the insole, outsole, heels or counters of any pair of shoes bearing this trade mark.

Put your money into these shoes—you will find your shoe bill less for the year, and on this representation we are asking you to visit our store and inspect these shoes. Compare them with others as to style, workmanship and quality, and then consider the extra value you get through the fact that Friedman-Shelby's are "ALL LEATHER—ALWAYS." It takes leather to stand weather.

"RED GOOSE SHOES" safely and properly answer the question—"What shoes?"

AND EXPERIENCE WILL ANSWER

"RED GOOSE"

CHILDRENS RIDING HOUR WITH GENTRY BROTHERS

FAMOUS SHOWS AND WILD ANIMAL ARENA COMING TO CLARENDON, FRIDAY, OCTOBER 14th

REDUCTION IN PRICES AT PASTIME THEATRE

Beginning Saturday, Oct. 1st admission at the Pastime Theatre will be reduced from 15c and 30c to 10c and 25c

This change is made in an endeavor to please our patrons and do our part in restoring normal conditions. We will continue these prices if we find the change pleases the public and if the patronage justifies the lower rate. We have never lowered the grade of pictures shown and we want to again assure our patrons that the same high grade, clean pictures will be shown and every effort made to furnish you a show suitable to every member of the family.

Will you help us keep the prices down?

The Pastime Theatre.

(Advt.)

NOTES FROM THE CHURCH OF CHRIST

Our meeting continues with interest. We are glad to see our friends come. If you ever did, or do now, enjoy the old time songs, sung with the spirit and without understanding also,—just sung, you understand our custom. Just sing. Everybody sing—you will enjoy that part of the service.

When a boy in old N. C. we used to take our cow and tent and camp during the entire meeting. Then, the people all sang. I shall never forget the good old soul-stirring songs they sang. This Tarr-heel way of doing things is hard to beat.

What the Church of Christ in

Clarendon believes, has been the theme for several services. If you wish to get first hand, the things most surely believed among us, even as we find them taught in the Book of God, come out and be with us.

During this meeting we shall be very glad to meet those who live in, or near our town who have been members of the Church of Christ, and are not working at it. This is a splendid opportunity for them to line up—go back to their first love. Come and let us talk with you anyway. The meeting begins at 7:30 each evening.

Thos. E. Milholland, minister.

MRS. KERBOW RECOVERING AT ROCHESTER

H. C. and H. B. Kerbow returned to this city Saturday from Rochester, Minnesota where they had been at the bedside of their wife and mother, Mrs. H. C. Kerbow. She underwent an operation there two weeks ago, and, although she is recovering nicely at this time, grave fears for her recovery were entertained for some time. The operation was done at the Mayo Brothers' Sanitarium. Mrs. Kerbow's daughter, Mrs. Don Grady, is with her. Word was received yesterday by the relatives here that Mrs. Kerbow will, perhaps, be able to return to this city within the next two weeks.

CAMPFIRE SUPPER AT MEMPHIS TOMORROW

The News editor and some other citizens of Clarendon have received invitations to attend the Campfire Supper, the third annual meeting and banquet of the Hall County Chamber of Commerce. This organization comprises the following public activities: Hall County Chamber of Commerce, Hall County Welfare Association, Hall County Community Clubs, Hall County Demonstrator, Hall County Red Cross, and the Hall County Fair. We are always interested in what a live chamber of commerce does, especially when it is that of a neighboring county; and the following shows the achievements of Hall County Chamber of Commerce for 1921:

The Hall County Welfare Association was fostered and established. The District Ozark Trail Association Convention was entertained in Memphis.

Help in securing cotton pickers was rendered in fall of 1920.

A Banquet and Better Day Program was put over most successfully.

The Municipal Light Plant was negotiated and successfully established.

A Sweet Potato Plant was planned and completed with all home capital. Community Meetings were held throughout the spring in every school house and a most successful forward movement resulted.

A Better Seed, Feed and Food Campaign was put over throughout the county.

A Rat Killing Campaign with cash prizes resulting in killing over 8,000 rats.

The Gulf Colorado Highway Convention at Fort Worth was attended.

A large amount of high grade cotton seed was distributed over the county.

The tourists' camp grounds were refitted and equipped with lights, water and other conveniences.

Road signs were placed from Hollis, Oklahoma to Memphis.

A strenuous work has been carried on in maintaining public roads throughout the year.

A splendid addition to Fairview Cemetery was secured.

A well-planned campaign put over the Bond issue for Bridge Improvement.

The Hall County Fair was given every help resulting in its splendid success of the last session.

No item of progress or advancement relating to the county and its towns is ever overlooked.

A bigger stronger program is ready for 1922.

With the fine record for 1921, the Hall County Chamber of Commerce lays out a big program for 1922 which, no doubt, with their many live-wire boosters they will realize in large part.

1. Intensive co-operation in developing the Hall County Fair in to a real district fair.

2. Co-operation between business men and farmers in promoting diversification and soil conservation.

3. Better Breeds and Better Seeds.

4. Better Live-at-Home program. Something to eat and something to sell every day in the year.

5. War to death on Johnson grass.

The greatest farm menace we have.

6. Own Your Home—It CAN be done. "Rolling stone gathers no moss."

7. Better roads and better plans to maintain them.

8. A county canning club. A Home Economic Demonstrator.

9. A live Community Club at every school house.

10. Every house in the country painted and shade and fruit trees planted. You have but one life to live, make it worth living.

TREAD SOFTLY

A man approached a neighbors dwelling, carelessly slamming the gate, was greeted at the outer door with the admonition, to "tread softly." A patient within is very sick, and the doctor thinks, not far from collapse. "Case most peculiar in many respects. Although quite and old man, has lived an exemplary life, has a large family, that in earlier years was most promising, for future comfort and gratification. The old man in that his riches were of the choicest kind, that his family would be a beneficent gift to the world, and possibly in time their influence and efforts for righteousness, advancing and gaining in momentum from generation to generation, would in a hundred years or so, grow to monumental proportions for great good.

In fact the old man dreams were wonderful in scope and potentiality in that visions of the Millennium came to him through the family. His earlier years were strenuous and full of toil, his success phenomenal in accumulating the things necessary for the education and advancement of his loved family, no other thought intruded his day dreams nor restful night.

He contended with many adverse conditions, drouths, storms, floods and even an earthquake jarred him several times, yet he overcome all hindrance, and his family grew and multiplied, as his sons and daughters began young homes for themselves.

The young families for a time appeared most prosperous and the old man contemplated a ripe old age when he should complacently view the results of his life effort with much pride and satisfaction. "Well, what the matter with the old fellow, old age?" Oo! no, he is not yet old. Many men of his type have lived to a much greater age than seems now to be his portion.

"Well, whatever is the matter with him?"

"Sir, the doctor says that if this man's family could have held to the traditions and practices of the old man, their very success and vitality would have sustained him for a long time yet.

"Well, what the trouble with them, what are they doing, to kill the old fellow?"

Tread softly, softly, the old man is very low. Perhaps I can tell you or make you understand. Some members of the family became a little better off than others. Forgot the teachings of the old man, to remember always that they were of the same blood, all brothers natu-

ally and in the sight of the Divine Mind. They forgot the old man's plans for them. That they were to grow in peace, plenty and harmony. They effaced the view of a distant millennium, in which they could be at least a small factor.

The facts are vulgar, I dislike to tell you. They became quarrelsome among themselves, over property rights, civil rights, natural rights, in fact the whole family became infected with what the doctor calls Exaggerated Ego, until they are in endless and apparently hopeless turmoil. Occasionally, one has killed another and they have fought about individual rights, (The first poison the devil gave the human race), until they have about finished the old man. Have they saved money? Oh, yes they are all what might be called welloff."

Now and then there is an unfortunate one, but the others do not "mind" him much, as before stated. They have forgotten the old man's cherished ideas, for them and the big things he hoped they would do.

They dropped to a lower plane, viz individual gain, regardless of

consequences or loss to any other member of the family.

They traded each other, blind horses, bogus stocks, salted mines and cold checks. Don't seem to be much hope for the old man? No not much. The family as a whole fails to realize that he is very sick. Remembering that he has had some "bad spells" but always has rallied, gotten up again. All his knocks and bruises have ever been suffered that he might help his family.

Strange, some of them criticize him, failing to perceive that their family troubles are pulling the old man down.

He got a heavy jolt some time siders, but aighted on his feet not ago in an argument with some out-hurt much. Would be all right and well again, the doctor says if only his family would quit quarreling among themselves.

What did you say the old man's name is? I didn't say, but speak softly, it is UNCLE SAM.

L. O. Lewis left Tuesday for Amarillo where he is attending the Northwest Texas Conference,

We're Standing By Our Guns

There seems to be a general idea that the only way for a store to pet business these days is to quote the cheapest possible prices. Quality has to be lowered in order to do it.

It's all wrong. We're making our clothes low priced but we shall not make it lower priced by selling inferior quality. We make prices lower by cutting our profits--not by cutting quality.

We set the all-wool standard for ourselves years ago. We lived up to it because we know such clothes are best for you.

What's best for you is best for us--today and every other day.

MAKING GREAT PROGRESS

Nothing could more fully and convincingly illustrate the great progress made in agriculture on the Plains than the farm exhibits displayed at the county fairs which have been held over this section for the past several weeks.

No better farm crops or livestock could have been shown in any state in the Union and the extent and variety of the agricultural exhibits, the quantity and quality of the pure bred stock was a revelation even to many people who live here.

It isn't so long since the idea of making use of the great "stacked Plans" for agriculture was laughed at and even the notion of introducing pure bred cattle on our ranges was made fun of. It was said that the scant rainfall would forever render the country unfit for agriculture and nothing but "long horns" would be able to weather conditions and thrive on the short grass pastures.

That such views were entirely erroneous was most amply demonstrated at the many fairs held this fall. It has been demonstrated at previous exhibitions but the unusually favorable weather conditions the past season made this year's exhibit outclass all preceding ones. That and the fact that the farmers have come to believe more and more in diversification and have found, through experimentation, that a great variety of products may be raised here, once the farmer learns how to handle the soil.

The old "long horns" have long since become as much of a curiosity here as they formerly were in the east and the continued use of pure bred males in the ranger has raised the standard of range stock until the scrub herds have been almost if not entirely eliminated.

Particularly pleasing to those who have the welfare of this region deeply at heart, are the splendid exhibits of swine shown in recent years. For years this industry was neglected on the Plains but it has proven so profitable that it has grown rapidly in favor.

Also it can no longer be said that this is a country "of more cows and less milk" than any other in the world. During the past several years, many hundreds of pure bred milk animals have been imported and the quality of our milk cattle has been improved greatly.

The Plains country has assumed its rightful position as one of the leading agricultural sections of this continent and its future development will be much more rapid than it has been in the past. With so many successful farmers already on the ground, men who come here to farm in the future will be more apt to follow the methods of preparation and cultivation which have been found most successful instead of assuming their new neighbors that they "know how to farm" and do not care for advice. Formerly there were no "neighbors," reliable advice was difficult to find and each man went ahead in the way in which he had been accustomed to work until he found methods that brought better results. At this time, those methods are pretty well determined though here is still enough to learn to give zest to the adventure.

One of the greatest needs of the Plains country is people. True, they are coming all the time, but few outsiders realize the enormous extent of the still uncultivated areas that are awaiting settlement. Because the Panhandle is only a part of the State of Texas, people do not understand that there is still room for many thousands of more seekers.

Come to the Plains, you farmers of the North, East, South and West! You'll find a farm a warm welcome awaiting you—Plainsman.

Pure bred Cornish Game and Johnson White Leghorn Cockerels \$1.00, also some White Leghorns pullets 75c each. W. A. Tomlinson, Phone 1026-33-1L. (42pd.)

"A SHINE IN EVERY DROP"

Black Silk Stove Polish

Black Silk Stove Polish is different. It does not dry out; each can be used to the last drop; liquid and paste are equally effective; no waste; no dirt or dust. You get your money's worth.

Don't forget—when you use Black Silk, be sure to use the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.

Use Black Silk Air Drying Iron Remover on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel-silver or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

WORK FOR ALL IF WE HAVE FAITH IN FUTURE OF NATION

Discussing the business outlook today, John Wanamaker, the New York and Philadelphia "merchant prince," said:

"I have more faith in America today and more expectation of the future than at any time in my sixty years in business life. In our stores we are expanding rather than retrenching. I am asked 'Why are you putting fine goods to the fore, such as jewelry and silver from the Orient, when business is slow?' My reply is: 'I have faith in America.'"

"There will be plenty of work for all if we show our faith. It is a mistake to hold back, to relax to wear blue glasses, to hold money in our pockets; rather we should make needed improvements, build and rebuild, buy and sell, putting to work our money, energy and brains, everything we have to make the country busy and prosperous."

"Instead of curtailing advertising, our stores are enlarging it. Instead of standing pat, we are making improvements, which gives work to many mechanics, both day and night. We mean to be ready for the good times just ahead."

THE HOME TOWN

There are fancier towns than our little town, there are towns that are bigger than this, and the people who live in the larger towns don't know the excitement they miss. There are things you see in the wealthier towns that you can't in a town that's small, and yet, up and down, there is no other town after all. It may be that the streets aren't long, they're not wide nor maybe not straight, but the neighbors you know in your little town all welcome a fellow—it's great.

In the glittering streets of the glittering town, with its palace and pavement and thrall, in the midst of the throng you will frequently long for our little town after all. If you live and work in your own little town, in spite of the fact that it's small, you'll find it a fact that our own little town is the best little town after all.—Exchange

THE RED CROSS

The week holds to 8 items of interest pertaining to Red Cross work:

1. The old clothes collection is awaiting your interest; any old garments for men, women or children for European sufferers destitute in the worst sense of the word. Closes October 15th.

2. The health conference to be held again at the Y. M. C. A. building, October 7th and 8th for children six months to seven years of age. Indications are that it will be larger than ever. Phone Mrs. C. G. Stricklin or Mrs. George Ryan, for engagement.

3. The nominating committee been appointed consisting of the following: Mrs. Van Eaton, chairman; Mrs. Patrick, Mrs. W. M. Gray, Mr. R. A. Long, Mrs. S. W. Lowe, Rev. L. F. Walker of Hedley, and Mr. E. L. Lewis of Lelia Lake. This committee will nominate a group of people in the county whose names shall be presented to the Annual meeting of the Red Cross October the 29th, and from which ten will be lected as the Executive Committee for the coming year. You may make any nomination you desire, if you send the name to the above named committee up to 24 hours before the election day. Donley County Publicity.

LOST—Ladies purse on court house lawn. It contains \$7.85. Finder please return to News office. Mrs. H. H. Bowling. (40pd.)

W. M. Cross, of Lakeview, was in this city Monday on business.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at 175c, at drug stores, known as Wyeth's Sage and Sulphur Compound, thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and lustrant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

RED CROSS NUHEALTH

Cancer

Cancer in America is one of the major causes of death. Statistics indicate that cancer is of greater frequency at ages over 40 than tuberculosis, pneumonia or typhoid fever, and that an average of one woman in eight and one man in fourteen over 40 years of age die of cancer, and the disease has shown an increase of late years.

Cancer is no respecter of persons, attacking rich and poor impartially. At the beginning the disease starts as a local malady and is easily cured if recognized as such and given proper treatment in time. Speed means life in the cure of cancer, for if left alone all cases will end in death.

Danger signs are usually located in some unhealthy spot or at site of some irritation on the skin, such as a wart, mole lump or a scab. If the cancer begins within the body constant indigestion and loss of weight may be regarded as a danger sign. At first no pain whatever accompanies the disease.

If any lump or mark on the body becomes sore or changes in appearance, especially all lumps on the breast, go to a doctor for an examination. It is too late for certainty of cure to wait until you are sure it is cancer.

The only cure for the malady is to remove every trace of the disease, and medicines which relieve pain do not have any appreciable effect on the disease itself, simply delaying the treatment.

A surgical operation is the only way to cure a cancer, and best chances for recovery lie in an early operation. The danger of certain death increases with each 24 hours of delay.

Donley County Publicity.

The T. E. L. class spent a very delightful afternoon with Mrs. Ben Andis. After a short business session an hour was spent planning the work for the next year. This class is expecting to be on the A-1 Sunday School class list.

Dainty refreshments were served by the hostess to Mesdames Nelson, Alderson, Couch, Land, Phipps, Pandell, Finley, Steward, Roberts, Pierce and Misses Haris and Roberts. The next meeting will be with Mrs. Edd Barnes.

MEMBER OF THE CLARENDON CHAMBER OF COMMERCE

A BIG MAN ON ADVERTISING

Henry Ford, perhaps the most successful business man in the country today, in writing to his local leaders on the subject of advertising, says:

"Advertising, as you know, is simply a carrier of news developed to the highest capacity, and may be divided into four component parts:

1. Means of attracting attention.
2. Means of arousing interest and inducing investigation.
3. Means of creating a desire for the article or service advertised.
4. Means of stimulating the will to act favorably toward the article you have to sell.

There are dealers who advertise only as the fancy strikes them, but the fact that they advertise at all argues that they have seen the light, and we have great hopes for their future business.

CARD OF THANKS

We wish to thank Mr. Wisdom for kindly allowing the use of the railway lot during the recent county fair also those who contributed of their means and products both of which made possible the wonderful success of the fair. We also wish to express our most hearty thanks to those who contributed toward sending the exhibit to the Dallas Fair. We hope that you are rewarded by seeing old Donley take first prize. (40c) Directors Donley County Fair.

NOTICE

During the recent county fair, someone took away an old powder horn that was placed among the curios. Will the person who took the same return it immediately to the Chamber of Commerce. (40c)

It took YEARS and YEARS to develop CAMEL QUALITY

We worked on Camels for years before we put them on the market. Years of testing—blending—experimenting with the world's choicest tobaccos.

And now, EVERY DAY, all our skill, manufacturing experience and lifelong knowledge of fine tobaccos are concentrated on making Camel the best cigarette that can be produced.

There's nothing else like Camel QUALITY. And there's nothing else like Camels wonderful smoothness, fine tobacco flavor and FREEDOM FROM CIGARETTY AFTERTASTE.

That's why Camel popularity is growing faster than ever.

A better cigarette cannot be made.

We put the utmost quality into THIS ONE BRAND.

BULLDOGS DEAL BUFFALOS GOOSE- EGG IN FAST GAME HERE FRIDAY

C. C. GRIDIRON MEN PROVE THEIR SUPERIORITY W. T. S. N. ELEVEN IN A GAME THAT WAS FULL OF THRILLS

West Texas State Normal was defeated Friday, Sept. 30 by Clarendon College. Score 9-0.

The game was hard-fought throughout and marked by forward passes and line bucks. First quarter ended with Bulldogs on the Buffalos 10 yd. line. Second quarter opened with drop kick by Meads, scoring 3 points for Bulldogs. The first half ended with scores 3-0.

The third quarter opened with Bull-dogs receiving. Pope received ball on 30 yd. line. The third quarter was featured with forward passes made by bull-dogs. George Close criss-crossed 25 yd for a touch down. Fourth quarter ended with nor-

Meads kicking was a feature of the game. George and Oscar Close at halves and Walker at quarter did exceptional playing. The line played good ball from start to end. Especially Pope, Upton and Meads did well. The teams were started as follows:

W. T. S. N. C.	C. C.
Mitchell	Right End
Johnson	Right Tackle
Whitacre	Right Guard
Sanders	Center
Golden	Left Guard
Burson	Left Tackle
Henry	Left End
Jenkins	Quarterback
Keys	Fullback
Studer	Right half
	Left half

Substitutes: Normal, Golden for Terry, Fimit for Burson Clarendon, Upton for Vaughter, Vaughter for Meads.

Officials: Sanlin (Clarendon) referee, Carter (Clarendon) umpire, Stocking (Clarendon), Head-lineman.

Canyon weight 170 lbs. C. C. 150 lbs.

Clarendon kicked off and Normal received on 20 yd. line returned 2 yd. Gained 7 yd through line. Jenkins made down on long end run. Canyon makes 3 and 9 yds., on line bucks, makes down. Right tackle back makes 1-2 yd. Lane downs for a 4 yds loss. Canyon punts to 25 yd line. G. Close makes 1 yd. O. Close made 3 yds. G. Close makes 3 yds. G. Close fumbles and fails to gain. Ball goes over. Canyon makes 1 yd through line. Terry makes 17 yds on long end run. G. Close tackles Terry for 10 yd loss. Pass blocked. Line buck makes nothing. Canyon fumbles ball and Bybee recovers the ball. G. Close made 3 yd on short end run. O. Close made 3 yds on short end run.

Line buck but failed to gain C. C. punts to Canyon 10 yd line. Pass blocked. Bucked the line three times and failed to go. Canyon punts to Clarendon 45 yd line. O. Close made 20 yd on long end run. G. Close failed to gain. Pass completed by Smalley for 15 yd. Meads bucked line for 1-2 yd. G. Close mde 1-2 yd. Failed to gain on line buck. Time up with Clarendon in 9 yds of the goal. Canyon 0, Clarendon 0.

Second quarter
Clarendon ball on 9 yd line 4th down, 5 yds. Meads drop kicked goal. Canyon deceives Meads kicked ball over goal line. Ball brought to 20 yd line. Canyon made 5 yds on long end run. Line buck made 1-2 yd. Studer made 10 yd, on long end run. Line buck, 2 yds.

Studer around right end for 10 yds. Right tackle back line buck 4 1-2 yds. Line buck made down. Terry makes 15 yd on long end run. Studer made 5 yd. Line buck for 2 yd. Time out for Mounts. Right tackle back made 1 yd. Studer made down. Terry made 4 yd, right tackle back fumbles the ball and G. Close recovers ball. O. Close on short end run for 2 yd. G. Close made 1 yd. Canyon off side C. C. first down. O. Close through right tackle for 2 yd. O. Close around left end for 5 yd. G. Close made 1 yd. Meads punt. Canyon first down. Studer fumbles nd recovers for 2 yd loss. Terry through right side of line for 5 yd. Right tackle back line buck 1 yd incomplete pass. Clarendon ball on 30 yd line. Meads hit line for 1 yd. O. Close 4 yd., Canyon blocked pass. Time up, first half. Clarendon 3, Canyon 0.

Third quarter
Mounts out. Upton for Vaughter, Vaughter for Mounts. Canyon kicked to Pope on 30 yd line. Returned 12 yd. C. C. on 42 yd line. O. Close short end run 6 yd. Meads losses 1 yd. Meads punts to Canyon 30 yd line. Return 5 yds. Jenkins made 2 yd, Studer gains 5 yd, Studer gain 3 yds, Canyon gains 5 yds, Terry lond end run made 3 yd. Studer made 2 yd. Studer failed to gain. Clarendon blocked pass. Clarendon ball. Smalley completes pass for 16 yd. G. Close loses 5 yd. Canyon blocked pass. Canyon ball. Terry gains 3 yd. Studer on short end run failed to gain. Mitchell completes pass for 15 yds. Terry through line for 2 yd. Terry made 1 yd. Key made 1 yd. Canyon made down. Terry gains 4 yd. Right tackle back through line but fails to gain. Short end run failed to gain. Clarendon blocked pass. C. C.'s ball. O. Close made 5 yd. Meads made 1 yd. Time up. Clarendon 3, Canyon 0.

Fourth quarter
Clarendon ball 3 down, 4 yd, on 40 yd line. Smalley complete pass for 4 yd. O. Close made 4 yd. Lane complete pass for 14 yds. O. Close made 1 yd. Canyon substitutes Lemond for Terry. Terry for Golden. Canyon blocked pass. Canyon intercepts forward pass. Canyon's ball. Lemond made 5 yd. Jenkins losses 7 yd. P. W. Walker intercept forward pass. C. C.'s ball. G. Close failed to gain. Walker gained 2 yd. Canyon penalized 5 yd. O. Close failed to gain. Meads punts to 10 yd line. Canyon punts to 25 yd line. O. Close fumbles but C. C. recovers. G. Close on a fake play through line 25 yd for touch down. G. Close failed to kick goal. Clarendon receives on 30 yd line. Pope return 10 yd. O. Close made 3 yd. Meads punts 15 yd. Canyon ball on 61 yd line. Complete pass for 15 yd. Lemond made 5 yd. Jenkins made 10 yd. Canyon fumbles and recovers ball for loss of 20 yds. Lemond made 20 1-2 yds. Right tackles back made 20 yd. Gain 10 yds through line. Right tackle back line buck fail to gain. Game ended with Canyon in 1 yd of goal. Clarendon 9, Canyon 0.

WESTER STAFF COMPLETED
On Saturday the publication committee met and elected the remaining members of the Wester Staff. Bess Alexander, assistant editor; Alvin Osborn, Business Manager; and Bryon Bybee, Assistant Business manager. The Wester should be excellent with this corps of officers to arrange it.

PAN-ALETHEANS START THE YEAR RIGHT

The Pan-Alethean Literary Society met in their first regular session Thursday, Sept. 22. Much interest and pep was manifested among both old and new members. After giving fifteen rahs for the Pans and singing our Pan Alethean song, the devotional exercises were led by Ella Mae Lyle. Then an interesting program was rendered. The spirit of the afternoon was appropriately expressed in a piano solo by Pauline Pierce. Ina Benson gave us a reading which was enjoyed very much. The next number on the program was a debate. The program being prepared on very short notice the subject of the debate was not a very deep one. "Resolved that a Woman can Accomplish More with a Dishrag than She can with a Broom." Affirmative, Jewell Bennett and Maurine Piatt. Negative, Louise Hardy and Clara Leach. The deep points which were introduced by both sides afforded all present a few minutes of giggling. After very serious consideration the judges rendered their decision in favor of the broom. We were then favored with a beautiful violin solo by Jewell Morgan who was accompanied by her sister Miss Irene Morgan. The program was concluded by a reading from Eunice Griggs in which the difficulties of a small boy were portrayed.

We then had a short business meeting and the election of officers. The following were elected. President, Katherine Patrick, Vice-President, Louise Hardy; Secretary, Beth Stiles. Treasurer, Irma Ziglar; Chaplin, Daisy Birchfield; Censor, Morum, Mary Whaley; Sergeant at Arms, Thelma Crutchfield; Critic, Ella Mae Lyle; Chorister, Maurine Piatt; Pianist, Pauline Pierce. After being served delicious refreshments we adjourned to meet September 29, at which time the new officers will be installed.

BETWEEN HALVES

By Dean Travers
Hit the line hard, men, tackle 'em low,
Pull 'em to earth wherever they go;
Follow the ball, men, keep in the game,
Think of the school and fight for her fame.
They're playing it straight, men, right at the line,
Remember the signals and plow through on "nine."
For we're in the lead, men, batter 'em hard,
Run like the wind and follow your guard.
They're playing for life, men, but hit just the same,
Follow the ball and keep in the game;
If you get hurt, men, smother the groan,
Hit the line hard till the whistle is blown,
Watch every shift, men, follow the ball,
Keep wide awake to the quarter back's call;
We're going to fight, men, we're going to win,
Wherever the play, be sure that you're in.
Watch for a fae, men, keep at your wits,
Pounce on the play wherever it hits;
Go fight to the last, men, let happen what may,
And hit the line hard if you die in the play.

ORTHONIANS MEET IN THIRD REGULAR SESSION

The Orthonian Literary Society met in its third regular session Thursday, September 29. A short but well rendered program followed the devotional exercise conducted by Chaplain Price. Business matters were attended to, and the society adjourned to be treated with delicious fudge by three of its members, Burnett, Bowden and Burrell. This so-called "social hour" is looked forward to every week. Now,

THE ADD SOCIETY

The Adds met in their first regular meeting, Thursday night, Sept. 29. House was called to order by the president, Mr. Monteith Warren. After the devotional exercises were held by Mr. Carter, the following program was rendered. Piano Solo, Alvin Osborn; Vocal solo by our famous vocalist Mr. Babe Garner, accompanied by Mr. Andrew Smalley. Reading by Mr. Orien Carter. Speech on Adkissonism by Mr. Johnnie Jenkins. Mr. M. L. Wents, then gave us a short talk on what the "purple and white" means to every Adkissonian.

There was some very important business to be brought before the house, so that was attended to immediately; new officers had to be elected. The following men received the honors: President, Mr. Babe Garner; vice-president, Mr. Burnett; Critic, Mr. Andrew Smalley; Recording secretary, Mr. Alvin Osborn; Treasurer, Mr. Johnnie Jenkins; Prosecuting attorney, Mr. Oscar Walker; Censor-morum, Mr. Hitchcock; Librarians, Mr. Doyle Osborne; Sergeant-at-Arms, Mr. Noel Loomis; Chaplain, Mr. M. L. Wenty; Keeper-of-Archives and Historian, Mr. Orien Carter.

These officers were installed and are now ready to start the year off right. We are expecting great things of Mr. Garner because he is believed to be the man for the place. "Pour it on Babe!"

PAN EVENTS

As the C. C. clock was sounding seven, a most loyal crowd of Pans filed into their hall. Although this was their first regular meeting, an excellent representation was present. School activities had consumed almost every moment of each member's time, yet a program was rendered that any society might well be proud of.

The opening song was sung with enthusiasm. The devotional exercises were conducted by E. L. Craig, John H. Thompson, an old C. C. stand-by who is fast climbing the hilltop to success, held our minds at the highest points of interest with a humorous and an effective reading "In the Toils of the Enemy."

John Thompson, P. W. Walker, William Craig and Herbert Phillips brought back memories of the Orphans Four of the Dixie Lyceum Bureau with a quartet number. Roger Hearne's reading, "The Village Oracle" was a humorous impersonation of "Old Don't Hanks." Next came the most instructive part of the program the debate. There was great intelligence demonstrated on the part of both sides in using Persuasion and Reputation. Jake English and Hershel Thurston affirmative, D. M. Beights and Byron Bucee negatives.

Then President P. W. Walker declared the house in order for election of fall officers. Eugene Craig was elected president; Hershel Thurston, vice president; Orien Sharpe, secretary; John Thompson, critic; Alvin Hysinger, treasurer, Colin McLaren sergeant-at-arms; Wesley Upton, attorney; Herbert Phillips, choirster. The business having been completed the society adjourned to meet again next Thursday evening, with the assurance that, if you run the colors and societies through, You will find old, red, white and blue.

As well fitted for rough weather As all the rest o'them-to-gether. it is especially enjoyed for it serves as a miniature "get-acquainted" to the old and new girls.

Every Orthonian is joyously anticipating the first joint-session to be held Thursday evening, October 6. As is customary, there will be no regular meeting on the afternoon of that important day.

MINISTERIAL STUDENTS' FIRST MEETING

On Tuesday at two thirty the ministerial students met for the first time this year. A goodly number were present, including both old and new students of Canyon, who is an ex-member of the C. C. Ministerial Association, presided. Plans for the year were discussed by almost every member. Nothing definite was planned however as it was thought best to wait until more of the preacher boys came in. A date was set to meet for the permanent organization, and a prayer meeting plan was laid for the revival period. After several talks that were filled with religious pep the meeting adjourned.

We believe that we are to have a fine association this year. And if the enthusiasms of the first meeting continues there will be no doubt as to the success of the organization. Heretofore the ministerial students have been the leavening power of Clarendon College and we are determined that it shall remain so.

FIRST MEETING OF THE SENIOR CLASS

Our second chapel service was held Thursday and the prospective Senior Class was called to the front for a short "confab" with Dr. Slover.

Facts were laid before the class, and a mental picture of the straight and narrow path was drawn. More is expected of the Senior Class this year than any previous year, in fact Bro. Slover said that he, personally, and the balance of the Faculty as well, were going to do their best to keep the class from graduating. In other words it is going to be a hard row of stumps to walk through.

And then our gracious President went and said that he had passed a compliment on the "August" body before him. Now gang, what do you think of that? Rather a slam on the preceding classes, is it not?

But it was just a heart-to-heart talk with our benefactor and every senior went away feeling encouraged, and with a new determination to do the right thing. While passing out, some one whispered to his neighbor, "Ray for the Irish!"

CHAPEL FRIDAY MORNING

Among the brightest jewels of Clarendon College are her graduates who have gone out into the world to fight the battles of life and have made good. It is not uncommon for one of these students of what they call "the good old days," to come back to visit the school.

Friday morning we had the privilege of listening to Brother Upton, who is one of the graduates, just spoken of. It was pleasing to see how he swayed the audience while telling of some of the happenings here at the time he was in school, and then as he spoke upon that mighty subject, Diligence.

Brother Upton is now in a Theological Seminary in Denver. He also has a pastorate consisting of two appointments, about fifteen miles out of the city. He has received several degrees, and has already made good. is eagerness for an education makes us think that he will sooner or later be a great power in the world.

The Pan-Alethean Literary Society met in their regular meeting Thursday afternoon, September 29. A large percent of the membership was present. It is not necessary to mention the fact that much pep was shown because with the Pan-Aletheans "pep" never dies. After an inspiring devotional service the officers for the ensuing term were installed.

A short but very interesting program was rendered after which the meeting was turned into a business session. Refreshments were served and everyone enjoyed a few minutes of real sociability.

Miss Howren and quite a number of the girls attended matinee at the Pastime Wednesday afternoon.

YOUNG PEOPLE OF C. C. AND TOWN ENJOY GREAT SOCIAL FRIDAY EVE

GOLDS AND BLUES ARE ENTERTAINED AT THE HOME OF DR. AND MRS. G. S. SLOVER AT END OF SPIRITED REVIVAL CONTEST

STUDENT ASSOCIATION IS ORGANIZED

Tuesday, last, was general election day in Clarendon College. Every loyal collegian, regardless of sex or color, exercised the right of 'suffrage' to the fullest extent in favor of his respective party, and the result was that a capable group of officers were placed at the head of the Student Association for the year.

As is the usual case, when the competing literary societies are forced to decide some issue, there was much enthusiasm shown in the election. The Pans, and Adds put forward candidates from their respective societies to fill the vacant positions. Each society also elected judges to hold the election and at 1:30 o'clock Tuesday afternoon the polls were opened. For sometime judges, clerks and instructors were more than busy waiting on the voters, but at the hour of 3:30 when the time of voting had passed and the big door had been barred, a calm atmosphere surrounded the judges' desk and the counting of the ballots was soon under way. But after the elapse of a short thirty minutes the eager eyes which awaited outside beheld a vision out of which they were truly informed that E. L. Craig, Ella Mae Lyle, and Wesley Upton, alias 'Red' Upton, the Pan candidates had been elected officers of the Student Association by a three to two majority vote.

Society affairs are interesting, but the fact of primary importance in this case is that these newly elected officers are, to a certain extent, to take the lead in the student activities for the year, and be vitally interested in all problems that confront the student body, regardless of affiliation with any organization.

Every one who knows Craig will remember that with him everything is business, and that his adaptability to the needs of the hour is rarely exceeded. Mr. Craig holds the position of president.

Miss Lyle, secretary, possesses that rare ability to make friends and keep them. She is also an A plus student and is willing at all times to help promote any worthy cause.

A description of 'Red' is impossible. However, it may be said that he is everywhere, into everything, and always makes some sort of success. He holds the high position of vice president in this organization.

It is expected that the activities be carried on in a very dignified and elevating manner which is a peculiar characteristic of seniors such as described above.

PRESS CLUB WIDE-AWAKE ORGANIZATION

The Press Club met in its second regular session Wednesday, September 28. Fifteen responded to roll call and entered into the discussion of the club's business matters with lively interest. Owing to the fact that the president, Mr. Smalley, waiting until the roll should be complete, had not chosen his committee and no program was prepared, it had been decided that at this meeting each member should present a pun or a limerick. As each member submitted his "effort," uncontrollable laughter from his hearers, gave zest from his hitherto unknown talent ability (along the "non-sense" line) in the Club.

The Club agreed, by unanimous vote, to admit Katherine Patrick and Herschal Thurston as new members, on the recommendation of the Executive Committee. With the addition of these two the Club now boasts twenty members, and it intends to become the most active organization in school, since it has, as reason for its existence, the College Publication.

Miss Winnie Phillips of Gainesville was here a few days last week visiting her cousin, Julia Mae Barnhart.

One of the most enjoyable occasions of the entire year was the lawn party at Dr. Slover's residence, Friday evening, September 30. It was a combination of an entertainment for the Blues given by the Golds, one of the results of the contest in the interest of the young people, in connection with the recent revival, and a get-acquainted party for college, high school, public school faculty members and students, both new and old, and any and all town people who were interested in such activity.

Early preparations were made for the occasion. The beautiful lawn was appropriately arranged with seats, lights and everything necessary for a general good time. In spite of the cool air, the young people entered heartily into the spirit of the occasion immediately upon arrival, which began about 7:00 o'clock.

And the folks did go. It looked as if a large part of Donley County had come to the entertainment. After the guests had been welcomed by Mrs. Slover and tagged, by some member of the committee, with their own names, the fun began in earnest.

Social conversation was entered into by some, others took part in games of various kinds, from "dropping the handkerchief" and "Adam and Eve" to "Mumble Peg" and "Three Deep." The members of the various committees did their best, and successfully too, to make the evening pleasant for everyone present.

After the fun and gaiety of the evening had partially subsided, another very important and possibly the most important feature was begun. That was the eating feature. About forty-five of the best melons that Donley county could afford, began to be butchered and presented to each individual in manageable quantities.

And that was a sight worth seeing. It was like an unusual demonstration at the State Fair to see those great pieces of melons as they were borne by willing hands to other hands to be devoured in so short a time. A feature of special interest to the Blues was the presentation of white meated melons to them, which tempted their palates all the more, as they waited in line for the signal to begin a further slaughter of the watery product.

At a late hour, and after everyone was satisfied with his share of the feed, the guests began to leave, declaring the evening a wonderful success, and the most enjoyable of the year.

To Mr. and Mrs. Slover especially and to every committee member, including Carl Parsons, Charles Dean, Miss Betts, Miss Fincher, the Misses Lane, Miss Pirtle, Miss Story and others, is everyone indebted for the royal time enjoyed on Friday evening. Our gratitude is inexpressible. May we see many occasions of the kind during the year. A hearty wildcat yell, for the evening, is in order.

GIRL'S HALL HAPPENINGS

School opened this year with about forty new girls and quite a number of old ones in the girls' home. With such a large number of girls one would naturally expect much home sickness and blues, but strange to say there has been less of this manifested than ever before. This has been accounted for by the unusually friendly disposition of the girls and the great amount of excitement caused by the society rush.

Miss Winnie Phillips of Gainesville was here a few days last week visiting her cousin, Julia Mae Barnhart.

Quality in Photoplays

FRIDAY 7 FANTOMA'S SERIAL
This will be the 18th Episode of FANTOMAS. Be sure and see this as there are only two more Episodes, also a good 2 reel Sunshine Comedy and a Pathe News reel. 10 and 25 cents.

SATURDAY 8 FOX SPECIAL PRODUCTION
William Farnum in RIDERS OF THE PURPLE SAGE. We had this play some years ago and it pleased so many that we are getting it back again, so don't miss this last chance of seeing it, also a Snub Pollard Comedy. 10 and 25c.

MONDAY 10 ROBERTSON COLE PRODUCTION
Robertson Cole presents Pauline Frederick in SALVAGE from the story by Daniel Whitecomb. This play will be well worth your while to come and see. Also a Harold Lloyd Comedy.

TUESDAY 11 PARAMOUNT PICTURES
Chas. Ray in HOMER COMES HOME. The story of a poor fool, chuck full of Hifalutin plans, but couldn't hold a job a week. Neighbors all 'lowed he'd never amount to a hill of beans, all but one girl. For her sake he went away. Oh, well, we can show you the story better than we can tell it so come and see for yourself.

WEDNESDAY, THURSDAY, 12 and 13 FT. NATIONAL
Thomas Ince presents CUSTERS LAST FIGHT with a selected cast. This will be a picture that is different from the general run of plays so don't fail to see it.

ADMISSION 10 AND 25 CENTS
MATINEE 2 TO 5 O'CLOCK
NIGHT SHOW 7:30
PIANO MUSIC BY MISS RYAN.

PASTIME THEATRE

BULLDOGS DEFEAT III

Friday the 13th the College Bulldogs defeated the High School foot ball team 14 to 0.

The first touch down was made in the first quarter when Hitchcock defensive end for the College blocked a pass knocking the ball over the passers head then caught the ball behind the passer, which was a miracle, and ran thirty yards for a touchdown. The second touch down was made in the third quarter when Hitchcock received a pass from Meades on the High School forty yard line.

Both teams played good fast ball considering the time they have had for practice and made big gains on end runs and line bucks. The College team made a record on forward passes completing six out of seven.

The line up:
College High School
O. Walker Quarter back L. Bourland
Meads Full back Patman
G. Close Right Half Zachary
Furr Left Half R. Bourland
Smalley Left End Ozier
Hitchcock Right End Crabtree
McLaren Right Tackle Smith
Pope Left Tackle Hayter
Osborne Right Guard Martin
Bybee Left Guard Ratliff
Mounts Center Behrens
Referee-Carter

Miss Muffet Sims, who is teaching music at Hedley this year, met her class there Monday.

PERSONALS

Prof. Gordon is an Amarillo visitor today.

Miss Carrie Wilder was an Amarillo visitor Saturday.

Miss Virginia Manley taught her music class at Lelia Lake Monday.

E. T. Naylor, of Amarillo, had business in this city Monday.

J. E. Russell and L. C. Williams are on an extended business trip through northern New Mexico.

Miss Maybelle Hays of Wheeler visited in Clarendon with friends Sunday.

Mrs. S. H. Condon left Monday for Hereford for a week's visit with her parents, Mr. and Mrs. W. B. Farmer.

Mr. and Mrs. A. J. Warren of Sulligent Alabama, are here visiting with their daughter, Mrs. H. C. Burke and family.

Mrs. W. B. Baldwin, of Memphis, arrived here Saturday for a week end visit with her parents, Mr. and Mrs. T. L. Benedict and family.

HOUSE AND MULES—For sale or trade for anything worth the money. J. R. Couch, Box 411. (41-pd.)

Mrs. J. A. Warren and children visited the past week end at Lelia Lake with Mrs. Warren's parents, Mr. and Mrs. J. R. Mace.

Mr. and Mrs. Olin Walker and baby, of Amarillo, spent the week end here visiting with Mrs. Walker's parents, Mr. and Mrs. W. B. Sims.

Edgar Betts and wife, of Claude, arrived here Sunday evening for a visit with the former's mother, Mrs. Eva Betts and with other relatives.

G. C. Davis, of Amarillo, was through this city Saturday enroute home from a business trip down the Denver.

Mr. and Mrs. Wilson Ballew, of Amarillo, visited in this place Sunday with the former's parents, Mr. and Mrs. Len Ballew.

The news has arrived that Mr. and Mrs. Matthew Lane of Memphis, formerly of this city, are the proud parents of a fine 10 pound boy, who arrived the latter part of September.

Mrs. John Quattlebaum, of McLean, arrived here Monday from a visit at Childres with her parents. She visited here with her father-in-law J. O. Quattlebaum and family.

Wint Barefield returned Monday to Clarendon from a trip to McKinney where his wife is in the Caldwell Sanitarium. Mr. Barefield reports that his wife is recovering well.

Mrs. N. S. Percival and little daughter Lucy left the latter part of last week for North Carolina and Va. She will be present at a family reunion where she will meet two brothers and two sisters she has not seen for 30 years.

Miss Myrtle Houk, who is teaching music and expression at Panhandle this year, spent the week end here visiting with her mother, Mrs. Callie Houk and family. Miss Myrtle says that she is liking her work at Panhandle the finest kind. The school trustees placed two new pianos in her studio, and she has a class of sixty-three. In fact, so large has her class been that she has had to hire an assistant.

NOTICE

The woman's Auxiliary of the American Legion will have a tea at the home of Mrs. C. G. Stricklin Saturday, October 15th, from three until six o'clock in the afternoon.

PATHFINDER CLUB

The Pathfinder Club will meet with Mrs. C. A. Burton Friday the 14th of this month at three thirty o'clock. Misses Moema Lane and Mabel Betts will be hostesses.

NOTICE

During the recent county fair, someone took away an old powder horn that was placed among the curios. Will the person who took the same return it immediately to the Chamber of Commerce. (40c)

Miss Virgie Manley taught her music class in Lelia Lake today. Prof. Ashley Moss of Giles was a Clarendon visitor Sunday.

CLIPPINGS FROM THE CLARCO

COLLEGE FACULTY 1921

Clarendon College has never had a better organization from the point of view of the Faculty as she has this year. With one exception, the literary faculty is the same as last year. Hence the work is familiar and the plans are well laid for the work for the year. On the opening day the entire faculty pledged President Slover their undivided loyalty for the year—each one has assumed his duties with a zest that means the highest grade work in all departments.

Nearly every member of the literary faculty spent the summer traveling or in school. This will bring fresh ideas and inspiration to the classroom.

Especially mention must be made of the Fine Arts Faculty—never in the history of the well equipped and enthusiastic body of teachers in this department have we had such a ment.

Miss Ridgell director of piano has won the students and teachers by her wonderful personality and zeal for her work. True, Clarendon has had splendid musical opportunities in the past, but the writer is prone to believe that this year will bring the very best ever. Student and faculty recitals will be given to the public at every opportunity. The enrollment in this department is already large and growing every day. The students who desire to get under a great teacher and director should by all means seize this chance. One of the departures for the year will be the organization of a school chorus. There has been a need for this a long while. Miss Ridgell and Mrs. Schulze have planned for this organization and in the near future it will take definite form.

Mr. D. M. Beights, in charge of the Commercial department, will begin instruction in that work Tuesday. This is the initial year of this work and the enrollment is highly encouraging. With the coming years we can expect this to be a splendid department.

Every department is getting down to hard work this week. The College has every prospect of this being the best year in her history. With the co-operation of faculty, students, and city it will be so.

The self-made man was speaking, and said: "My father was a raiser of hogs. There was a large family of us."

And then was annoyed when the people laughed uproariously.

COURSE IN RELIGIOUS EDUCATION

The College is offering this year a course in Religious Education under the direction of Mr. Anderson, the Education and Bible teacher. The course for the fall term will be a study of Sunday Schools, their organization, and the training of teachers. The course will be very profitable to all who can take it. Full college credit will be given for the course.

Our leading colleges are realizing the importance of just such courses, and practically all our church colleges are offering such courses. Whether you are preparing for special church work or only for the business life, you should have some training in the course offered. Upon the College trained men and women of today falls the responsibility of church leadership as well as leadership in all lines of activity. If we are to meet the challenge of life like men and women, we must be prepared to lead in our various churches and their activities.

The trained nurse, Miss Ola Mildred Harris, arrived last week. Miss Harris, who completed her training in Dallas, was in the hospital here last year, and is already well known to some of the students here. We extend to her a hearty welcome and wish for her pleasant year in C. C.

Miss Howren and quite a number of the girls attended matinee at the Pastime Wednesday afternoon.

Men's New Fall Suits

are arriving daily--and there is an array of style on our racks around \$35.00 that will make you buy if you inspect them. Many Suits have extra Trousers.

BOYS' SUITS

A good lot to select from, some have two pair of Trousers.

\$6.00 up

CLARENDON MERCANTILE CO.

WORK OF THE POST-OFFICE DEPARTMENT

With its 300,000 employees the postal establishment handles 1,700,000 letters an hour, says the magazine Nation's Business. It sells one stamp daily to every two million of the over one hundred million people, a total of 14,000,000,000 stamps sold annually. Beside these the postoffice sells 9,000,000 stamped envelopes daily.

The annual turnover of the postal establishment is \$3,000,000,000 with expenses of nearly \$600,000,000. It satisfies debts to the amount of \$1,500,000,000 through the sale of \$150,000,000,000 money orders annually.

Over 2,500,000,000 parcels are handled annually by the parcel post. The earth could be wrapped around thirty times with the twine we use in tying mail in bundles annually; 800,000 miles of twine is thus used.

How would you like to find \$55,000 without any claimant. The Dead Letter Office does that every year. The careless public either puts no address on the envelope or only partially addresses it.

The Dead Letter Office handles 19,000,000 undelivered letters annually. The New York postoffice alone handles over 250,000 misdirected letters daily, re-addressing them from city directories before they can be delivered. It costs the taxpayers millions of dollars to correct their own carelessness.

The growth of the parcel post since its establishment in 1913 has been enormous. The estimated total number of parcels carried has increased, in round numbers, from 332,000,000 in 1913 to over 2,500,000,000 in 1921. With this increase in the number of parcels, there has also been a decided increase in the size and weight of parcels. It is now the greatest express facility in the

world. One can well imagine how post be handled separately from such a growth would affect the mail other cases of mail in the congested service, with its facilities never ed transportation routes. This in- quite adequate and almost at a volves great expenditures of money standstill during the period of the for buildings and equipment, and war. As a result of this condition with the great burden of debt on serious consideration must be given the government, which must be con- sidered, the solution of this parti- cular problem becomes doubly dif- ficult. It is being approached, how- ever, from every angle, and it is in order to prevent any delay to proposed, as rapidly as possible, other classes of mail, such as letters to meet the conditions without too it has been suggested that parcel grea a tax upon he public treasury.

Mr. Buyer

—If its good building material you want we have it.

—Our buying power enables us to purchase material at the lowest possible cost.

—We are giving our customers and friends the benefit at this advantage.

—Don't let people confuse you with the idea that it can be bought for less than they sell for at Cameron's.
