Shallow Test Drilling For Oil Now Underway

Another search for oil in this vicinity was underway this morning as the Honolulu Oil Company made preparations to drill on the old golf course west of town. The land is owned by Wesley Knorrp. A recent geophysical survey showed indications of a rock stratum common to oil deposits, in the northwest corner of the golf course tract. The company will run a shallow test to a depth of about 1500 feet, it was disclosed, to determine whether or not potential oil deposits exist.

Show Board To Meet Next Week

The Donley County Show Board will meet in the office of county agent H. M. Breedlove in the next week and discuss plans for the fall fair, horse show and races.

The fall fair will be held in the first part of September or later part of August, just before the Amarillo Tri-State Fair. Communities in Donley County will be asked to set up agricultural booths and prizes will be given for the best exhibits of communities in the county.

H. M. Breedlove, secretary of the show board and manager of shows in the county, stated that the show would be held in the new show barns on the Brice road, Mr. L. E. Grove, of Hedley, and superintendent of the fair division is expecting that most of the communities in the county will have exhibits.

The fall fair in Donley county this year is expected to be far greater than any held in previous years. Mr. C. L. Lewis, president of the show board, says that we now have the space and housing for a big fair and we are expecting a three day fair this year that will show many of the agriculture commodities that are grown in Donley county.

Detailed information will be released through the Leader after the meeting of the show board next week.

FIVE YOUTHS HERE JOIN MARINES

Five boys from Clarendon, Kenneth Davis, Bob Bentley, Dudley Trussell, Kelly Chamberlain, Jr., and Raymond Adams were inducted into the U. S. Marine Corps Tuesday at Oklahoma City. Two more, Ross Knowles and Billy Chilton, were rejected there. It will be remembered that Chilton sustained a broken ankle at the rodeo here last year, and it was stated that this old injury was the cause of him being rejected.

Davis, Bentley, Trussell and Adams set out Monday to join the Navy, but that branch of the service had closed enlistments by the time they reached Amarillo. They decided to go into the Marines, having been too late for the Navy. The five who passed their examinations are now in San Diego, California to begin their basic training.

Among the latest citizens from Donley to visit the Park again were Mr. and Mrs. Bert Smith Jr. and Mr. and Mrs. V. L. Smith. They report seeing quite a bit of snow and sleety weather at the higher altitudes.

CLINTON AND JONES TO COACH ATHLETICS HERE THIS FALL

Beryl Clinton will take over the physical education department at CHS at the beginning of the fall term, assisted by Max Jones. Both men, capable and confident, are now in Clarendon awaiting the forthcoming school term.

Clinton, who has been in Clarendon for nearly six weeks now, has already begun his work by coaching the American Legion Jr. Baseball league.

Clinton served as coach and athletic director last year at Childress and Friona. He studied physical education at West Texas State College where he played football in 1941, 42, 43, and 1946. In the latter part of '43, he enlisted in the army to remain for nearly three years.

The new coach is married and has a three-year old son, who is "playing football already," the coach said.

Max Jones, the assistant coach, comes from Childress. He played football at SMU two years, and at Southwestern University, where he finished school. He and his wife are moving to Clarendon sometime this week. Jones is a veteran of the U. S. Navy.

Scharlotte and Bettie Brown of Alanreed spent Tuesday night with their grandparents, Mr. and Mrs. Austin Rhoades.

Official returns of Saturday's primary election left Richard Cannon and Floyd Crofford in the runoff for Commissioner, Precinct 1, J. R. Bulls and Cecil Thomas in Precinct 2, and Henry Moore and F. M. Murray in Precinct 3. The race for other county offices was brought to a close, as no more than two were running for the same office.

W. J. Williams defeated Tom Connolly by a vote of 1284 to 607. This return represents the largest margin any candidate carried over another in the county.

Ruth Richerson easily coasted toward re-election with a poll of 1146 over O. L. Davis' 764.

The race for constable, precinct 2, was the closest race in the entire election so far as Donley County is concerned. C. Huffman was elected to defeat Tom Roberts, incumbent, by a vote of 202 to 189.

Commissioner figures are as follows: Precinct 1: J. S. (Sam) Dale, 42; Floyd Crofford, 78; Richard (Dick) Cannon, 93; Precinct 2: W. D. Shelton, 80; J. R. Bulls, 426; Cecil L. Thomas, 248; R. O. (Dick) Thomas, 177. Precinct 3: F. M. Murray, 214; Henry Moore, 296; John W. Swinney, 68; J. A. Tollett, 102. George Preston, unopposed, was re-elected as Commissioner of Precinct 4.

R. Y. King, Guy Wright, Walker Lane, and Mrs. Tom Crabtree, all without opposition, were elected County Attorney, Sheriff, County and Dist. Clerk, and Treasurer, respectively.

G. A. Anderson, unopposed, was elected Justice of the Peace, Precinct 2.

State politics proved to be a little more exciting than local. In the race for senator, it's between Coke Stevenson and Lyndon Johnson. George Pedy was eliminated when he turned up third place in Donley County as well as over the entire state. Stevenson took 897 votes in Donley County, Johnson received 498, and Pedy polled 300. Both Stevenson and Johnson feel confident of getting Pedy's votes in the runoff. However, Stevenson seems to have the better chance for election as his lead over Johnson indicates.

Beauford Jester, candidate for Governor, received a comfortable plurality vote in this county, as did Allan Shivers, lieutenant-governor hopeful.

Carl Morris, Donley candidate for state representative, was defeated by Grainger McIlhany of Wheeler County by a margin of approximately 1700 votes. Morris carried Donley County 1513 to 243, but was beaten in Gray County 2494 to 1844, and received only 109 or so votes in McIlhany's home county.

M.; Mr. and Mrs. Edwin Todd, Mr. and Mrs. Hardy Todd, and Mr. and Mrs. Clifton Todd and children, Junior, Mary Ann, Norma Jane, Gordon, and Sybil, all of Amarillo; Mr. and Mrs. Bill Todd of Clarendon; Mr. and Mrs. Byron Todd and sons, Don and Denton of Waterford, California. Also Mrs. L. L. Mitchell and granddaughter, Kathy, and Mr. and Mrs. R. T. Dyess and sons Jerry and Tony of Longview, Texas. Mr. Dyess' mother, a longtime friend of the Todd family was also present. She is from Tennessee.

The outstanding feature of the day was the picnic lunch of fried chicken, salads, vegetables, homemade ice cream, and cake. The entire group enjoyed a watermelon feast late in the afternoon.

OLD CLARENDON HAD VARIETY IN DISPENSING JUSTICE IN 1883

The oldest old-timers of this section and many in the Panhandle will recall the stirring court days in Old Clarendon, over on Salt Fork. The item brought out for inspection at this time occurred in the 35th District court session held in old Clarendon July 22, 1883.

John Petrie and four of his associates were charged with theft of cattle. Murder was a common practice, but stealing cattle, even in those days, was considered a real crime.

As the manager of the RO (Rowe) ranch then owned by Lord Alfred Rowe and Vincent Rowe, Englishmen of the manner born and bred, Petrie had built up a herd of cattle in numbers that surprised and amazed the natives and otherwise beyond their most sanguine expectations and observations.

In fact the matter was looked upon with utmost suspicion.

John Petrie was said to have been friendly with questionable characters up around Tascosa, just as if every citizen in the Panhandle was not honest. Some few could prove it even if a six gun play had to be made to convince the doubter.

As an outlaw, Petrie was not known to a wide circle as a "blood and thunder" character moulded from the material found in the old west. But the trial had to be held despite handicaps of opinion.

Judge Frank Willis presided over the honorable court. He

ruled that other cattlemen over the section hereabouts were not eligible to sit on the Petrie jury. They might be doing some cahooting themselves. They also were members of the Cattlemen's Association and range officers of that association and came in to put a quietus on the prosperity of John Petrie.

There were no other eligible citizens and Petrie demanded a jury trial. Judge Willis was a man not to be outdone in his court procedure. Cowpunchers lounging around the pioneer town would be eligible as jurors except that neither was a land holder. Town lots were deeded to them and they instantly became "free holders in the county" and in due course tried Petrie and his cahooters. While the men were "stuck", to use the phrase of the day, there is nothing on record to show that either of them did more than to leave the country for good. That was also a common practice in those days, if we believe what has been told the later generation by the pioneers who craved not revenge, but peace at some price.

The RO ranch was purchased by William J. Lewis in 1910 upon the death of Lord Alfred Rowe aboard the Lusitania when an iceberg caused the noted vessel to sink while bound from New York City to England. Mr. Lewis still owns the ranch and is one of the most successful and popular cowmen of the state.

CITY-COUNTY LIBRARY NOTES
 By May L. Prewitt

The book shelves are bulging with new books for the grown ups this week.
 Peggy Gaddis' recent book, "Dr. Merry's Husband" is light fiction that interests quite a few of the younger readers who enjoy all Peggy Gaddis editions. We should have purchased "Young Dr. Merry" which precedes this book, but failed to get it.
 The boys will welcome Zane Grey's "Rogue River Feud." This

manuscript was near completion at Zane Grey's death, and was recently finished and submitted to the publishers.
 "Harp In the South" by Ruth Park should be of unusual interest as it is a vigorous, deeply human story of the slums of Sydney, Australia and the people who live there. It won the "Sydney Morning Herald" prize for the best Australian novel of the year.
 Next is Pearl S. Buck's "Peony"—another addition of beautiful and notable women to this writer's gallery of women in her novels. The setting and essential meaning of the novel are true to

history, but history is enlivened and enriched by the quick wit, the delicate perceptions, and profound warmth of this exquisite Chinese girl.
 "Shannons Way" by A. J. Cronin has been discussed previously. It is an asset to the Library as all this writer's books are.
 Taylor Caldwell's "Melissa" was a recent serial in the Ladies Home Journal, and will fascinate our readers in the same manner as her "This Side of Innocence" and her other recent edition "There Was a Time."
 For those interested in lawns and home landscaping there is "The Book of Shrubs" by Alfred Carl Hattes—associate editor of Better Homes & Gardens. There are 190 illustrations in this De La Mare Garden Book edition, but our garden shelf is a fascinating array of garden suggestions.
 The copy of Emily Post's "The Personality of a House" is very appealing to those who enjoy their home decorating, and general planning for its completion.
 Don't forget Mr. Churchill's "Gathering Storm"—you who are interested in historical facts and political situations.
 Last "Adventures with a Texas Naturalist" by Roy Bedichek is a well written edition for our nature lovers.
 The Library shelves possess material of interest for every type of reader. So file your membership fee and enjoy these books.

Weekly SURPLUS NEWS WAA

The near-empty war surplus barrels of the southwest region are being scraped these days in an effort to provide critically needed supplies for expansion of polio treatment facilities in Tex-

as. Surplus property inventories were searched last week to find iron pipe for an addition to the Grandview polio hospital in the Rio Grande Valley. A sufficient quantity, 800 feet, was located in Houston and rushed to the project before it had to be halted. At Gonzales the Warm Springs Infantile Paralysis foundation put out a call for high pressure pumps, which were quickly with drawn from a scheduled public sale just before sale time. A polio

clinic in Houston was enabled to solve its problem of overcrowding by the use of a government surplus building furnished by the War Assets Administration.

WAA's last scheduled location sale of surplus buildings bids fair to be one of the largest of its kind ever held. The sale will be held at Camp Joseph T. Robinson on three days, July 27, 28 and 29. Public inspection of the various structures will open on July 12 and continue till sale time. Addition of all the odd buildings for offsite use at the big camp will make the total number to be offered at this sale in the neighborhood of 4,400 structures. Only other known sale to rival it in size was held at Camp Livingston, La., October 21, 22 and 23, involving 4,449 buildings. WAA believes the Camp Robinson disposal will be the final public, auction-type operation to be held in the southwest, as remaining structures are scheduled to be sold on a sealed bid basis.

Utility facilities and the buildings housing such terminals at the Dalhart Army Air Field and the field's two auxiliaries are being placed on sale by War Assets Administration to both priority and non-priority purchasers. All property is for removal from the grounds. Included are well houses, turbine pumps, electric motors, wood poles, copper wire and related materials. Priorities will have until July 26, and bid forms will be available to the general public beginning August 12. An inventory list will be furnished on request to the Grand Prairie regional office of real property disposal.

Approximately \$50,000 worth of surplus consumer goods located in the Rio Grande Valley will be offered in 75 bid lots on July 28. Property is located at Fort Brown, Brownsville; Moore Field, Mission, and the Custom Collectors Office at Laredo. The goods will consist of vehicles, heaters, refrigerators, mowers, ranges, chairs and other general products. Veterans and other prospective buyers are invited to complete inspection July 26 and 27. Sale will be at Fort Brown.

All of the remaining buildings classed for offsite use at Camp

"Swift" near Bastrop, will be disposed of by the sealed bid method during July and August. Involved is a total of 354 buildings and fixtures, eligible to be purchased by priority claimants during an opening period, with the balance of the offering going to the general public. The priority period will expire July 26. Bid forms will be available to all who desire the structures on a non-priority basis beginning August 10. Additional information may be obtained from the awarding office, WAA's regional office of real property disposal, box 6030, Dallas.

As usual, reunion directors are arranging for a special set of rides—including a merry-go-round and ferris wheel—for the kiddoes. The Brodbeck rides this year will be set up in the down town area, just South of the postoffice.

Other entertainment includes: A professional rodeo Friday and Saturday evenings at 7:30 in Rita Blanca stadium on the shores of Rita Blanca lake; a free baseball game and free horse races each afternoon, beginning at 1:00, on the XIT Rangers reservation in Southeast Dalhart; three dances each night in the American Legion and VFW Memorial halls and in the Officers club building at the Dalhart Air Base.

Many persons plan to arrive early to hear Former Gov. Coke R. Stevenson, of Junction, one of the first citizens of Texas, make the reunion memorial address in memory of all pioneers. It will be held Thursday evening, July 29, at 8:00, as a preface to the reunion proper.

HUGE OUTLAYS PLANNED IN COUNTY FOR REPAIRS

An estimated \$128,000 will be spent in repairing and modernizing non-farm homes in Donley county during 1948, according to a report just released by the Tile Council of America.

That sum will be expended largely on painting, carpentry work, roofing repairs and plumbing, the report disclosed. "Greater availability of building materials will make possible a record amount of home improvement throughout the nation this year," declared Malcolm Schweiker, chairman of the Council's residential construction committee.

About 30 of every 100 homes in Texas will be painted, either inside or out, during 1948 and 17 will have roofs repaired or replaced, according to the report. Seven will have plumbing overhauled, bathrooms tiled or show-ers installed and six will have carpentry work done, the report revealed.

"To meet demands for materials for both new homes and home repairs, production has been stepped up in practically every type of material," said Mr. Schweiker. The output of ceramic tile for bathrooms and kitchens, for instance, is now at the highest rate in history, government reports show.

Throughout the nation between \$2,600,000,000 and \$3,300,000,000 will be spent this year on home repair, according to the Tile Council report. This is believed the largest amount ever expended for such work.

Good Dog Photos Being Sought Here For Nation-Wide Contest

That favorite picture of your pup—here is an opportunity to find out how good it really is.

The Gaines Dog Research Center, New York City, has advised the Leader that it is offering \$1,125.00 in prizes for good, interesting dog pictures in a contest sponsored as part of the approaching observance of National Dog Week this fall.

In order that all interested in photography may have a fair chance for the prize money, entries will be accepted in three distinct classifications (1) Amateurs; (2) Members of camera clubs; (3) Professional photographers. In each of the first two groups there is a first prize of \$250, a second of \$75, and a third of \$25, while in the professional photographer class there is but a single prize of \$350. In the Camera Club classification, an additional \$25 prize will go to each of three clubs which the winners of first, second and third prizes will have named as their membership affiliation. All winning entries will become the property of the contest sponsor, who also holds the privilege of purchasing any other photographs entered in the contest at prevailing market prices.

Contest entries must be in the office of the Gaines Dog Research Center, 250 Park Avenue, New York 17, N. Y., before 4 p. m., on Friday, September 10, 1948. A post card request to this address will bring a copy of the official contest rules. The winners will be announced during National Dog Week, September 19-25. A committee of America's foremost photographic authorities, now in process of selection, will decide on the winners.

Any good, interesting dog picture—there is no limit on the number submitted by a contest-

ant—may be submitted providing it is sharp and well-defined. Close-up shots are preferred, but pictures that include other elements will be considered if the dog is the dominant figure. Definitely not wanted are dogs in stiff, formal poses, and pictures of dogs in unnatural or clownish positions or situations. Only unmounted, unretouched black-and-white photographs, irrespective of size, will be considered, and non-winning prints will be returned only if accompanied by a return address label and postage. Send no negatives now—original negatives from winners will be required later. The complete name and address of the contestant must be written in ink on the back of every print entered, and must state the classification—1, 2, or 3—for which it is submitted. Each contestant must be prepared to furnish, on request, the written consent of the person or persons appearing in his contest picture to its use for publication. Contestants in classification 2 are further required to list the name of the camera club of which they are a member, together with the name and address of the club's secretary. Prior publication of an entry, save that used in a paid advertisement, will not bar it from the contest.

Miss Patricia Todd Weds Jolly Johnson, Jr. In Double Ring Ceremony Held Saturday

In a double ring ceremony conducted on Saturday evening at 8 o'clock in the First Methodist Church by Rev. E. P. Neal, pastor, Miss Patricia Earle Todd, daughter of Mr. and Mrs. Earl Todd, became the bride of Mr. Jolly Johnson, Jr., son of Mr. and Mrs. Jolly Mincey Johnson, Sr. of Clarendon. The wedding was held at Brady, Texas.

A bridal archway entwined in plumosa fern of white wrought iron with matching kneeling bench topped with a satin pillow, formed a setting for the wedding. Baskets of white gladioli with palms banked the scene and white tapers topped the choir rail with two candelabra meeting at the center to form an archway. Misses Betty Jo Sansom, Kathryn King and Margaret Ann Carson and Mrs. David Bratton lighted the tapers as the organist, Miss Sophie Trout of Lufkin, played Debussy's "Claire de Lune".

Miss Mary Verner, soloist sang as the pre-nuptial selections, "I Love You Truly" and "Because", with Miss Beth Ann Wilson of Dallas violinist and Miss Trout organist, accompanying.

The bride, who entered with her father, wore a dress of bridal satin, made with a nylon net yoke edged with seed-pearls. The full skirt which fell into a cathedral train, was gathered to a fitted bodice, and the shirred sleeves extended to points over the wrist. Her fingertip length veil of illusion was caught to a coronet of shirred illusion edged with seed pearls. She carried a Rainbow Bible borrowed from Mrs. Ralph Leach, topped with a white orchid corsage and showered with Stephanotis and satin ribbon. For something old she wore an heirloom ring of the groom's family.

Miss Chioma Todd was her sister's maid of honor, and Mrs. Frank Hall of Austin, the bride's former roommate at the University of Texas, was matron of honor, with the groom's sister, Miss Jane Johnson of Clarendon as brides maid. They wore identical gowns of marquisette made with drop shoulder of double ruffle, fitted bodice and the full skirt with a double ruffle at the hip line. They wore open crown

bonnets of marquisette, finished with split carnations about the crown, and carried muffs matching their gowns with a contrasting bow and flowers. Miss Todd was dressed in pink with orchid flowers, Mrs. Hall in green with pink flowers, and Miss Johnson in yellow with red flowers.

Little Miss Sarah Ann Antrobus, daughter of Mr. and Mrs. B. C. Antrobus of Clarendon was flower girl. She was dressed in white organdy and carried a basket of rose blossoms.

Mr. Bob Johnson of Austin was best man to his brother, and ushers were Messrs. M. G. Breckenridge of Brady and Lynn Leathers of Clarendon.

The bride's mother wore a draped formal of blue crepe and the groom's mother chose an aqua crepe trimmed with pink and silver beading. Both wore corsages of pink carnations.

Reception At Bride's Home
A wedding reception followed on the lawn at the home of the bride's parents at 909 West 8th Street.

Miss Betty Jo Sansom presided at the register, and gifts were displayed by Miss Kathryn King and Mrs. David Bratton, assisted by Mrs. Walter Fleeson of Austin and Mrs. J. C. Todd, aunt of the bride.

The bride's table was placed on the lawn. Mrs. J. H. Francks cut the three tiered wedding cake, topped with a miniature bridal couple, and Mrs. A. T. Barton poured punch, assisted by Mrs. Prentice Mann, aunt of the bride from Richland Springs. An arrangement of white gladioli and pink asters on a reflector, centered the lace covered table.

For the wedding trip to New Orleans, La. where the couple will reside until September, Mrs. Johnson traveled in a pink beige suit of charmeen stitched in brown with brown straw hat, and shoes and bag of brown lizard. The groom is employed for the summer by the Gulf Oil Co. and will return to the University of Texas, Austin to complete his senior year as a pre-law student. Mrs. Johnson will enter the University as a home economics major and junior student.

MRS. JOLLY M. JOHNSON, Jr.

The groom is a graduate of McCamey High School, Schreiner Institute, Kerrville and served in the Air Corps, spending twenty-three months on Iceland. Mrs. Johnson is a graduate of Brady High School, member of the Rainbow assembly of Brady, and has served as Youth Choir director of the Methodist Church.

Out-of-town guests attending the wedding were Messrs. and Mrs. Jack White of Lohn, David Bratton of Rochelle, Floyd Oliver of San Saba, J. M. Perry of Odessa, C. L. Burns and Grace of Brownwood, A. J. Todd, grandparents of the bride, and Messrs. Bobby E. Spurlock and Medford Schneider of Richland Springs, Mr. and Mrs. B. C. Antrobus and daughter, and Mr. and Mrs. J. M. FARMERS ARE URGED TO FOLLOW ACP SPECIFICATIONS

Farmers of Donley County who are cooperating in the Agricultural Conservation Program are urged to follow through on their indicated intentions to carry conservation practices—and actually complete the practices. Roy Jewell, chairman of the County ACP Committee, says that every year some farmers fail to complete practices or fail to meet specifications in the practices they do carry out.

Mr. Jewell explains that the county committee has the responsibility of seeing that funds used to assist farmers in carrying out conservation practices are used to obtain the maximum of soil and water conservation. Assistance is given to help a farmer build a dam only when the dam meets specified slopes and dimensions. The same is true of other practices.

Some farmers fail to qualify for assistance because they didn't understand what was required. The committee doesn't want any farmer to carry out practices and then find that assistance cannot be given because the practices fail to meet specifications.

Farmers are also reminded of their responsibility in furnishing acceptable evidence of conservation practices carried out. Measurements, price slips, analysis tags, or whatever is required should be obtained at the time the material is purchased or the practice carried out. A little attention to these matters now, said the chairman, will save time and money later on, and only in this way can the nation be assured of maximum conservation.

INFORMATION GIVEN ON WORMING OF PIGS

Many farmers have been calling by the county agents office requesting information on worming of pigs. County agent H. M. Breedlove is advising that all pigs be wormed about two weeks after weaning. Sodium flouiride is the best chemical to use for worming of pigs because it is ninety percent effective, the cost is low, it is easy to get and is not harmful to the pig if given as directed, the county agent stated.

It is best to worm from six to ten pigs at one time in a single pen, and Breedlove advises that one teaspoonful of sodium flouiride to one pound of dry feed for every pig weighing from twenty five to thirty five pounds. It will probably take two wormings to free the pigs completely, so it is a good idea to repeat the above method in about thirty days. Feed is high and Breedlove says to get the best results from the feed fed to the pigs, they should be free from all worms so that they can make the best possible gains. If additional information is needed be sure to call by the county agent's office.

Veterans News

Next Saturday, July 31, is the last opportunity for World War II veterans to reinstate lapsed National Service Life Insurance on a "comparative health" basis, VA has announced.

All VA offices in the Dallas Branch Area of Texas, Louisiana and Mississippi will remain open Saturday so that veterans may reinstate under present liberal regulations.

After Saturday, veterans whose insurance has been lapsed more than three months must take physical examinations to qualify as insurable.

To reinstate on a comparative health basis, veterans need only fill out a simple application form, in which they certify that their health is as good as when the policy lapsed, and pay premiums for two months to reinstate their NSLI policies.

Eligible veterans may reinstate any amount of term insurance—from \$1,000 to \$10,000 in multiples of \$500—regardless of the length of time it has been lapsed under present liberal regulations.

LAD WITH BROKEN NECK GAINING RAPIDLY

It will be recalled that on their return to Austin June 12, David, small son of Mr. and Mrs. Eugene H. Estlack opened the car door and fell to the pavement while the car was in rapid motion. The scene was about six miles north of Abilene.

He was rushed to a hospital, X-rayed and his body and neck inclosed in a plaster cast. David

has been a good soldier through all the heat during the dry summer at Austin. Sunday, the cast was removed and X-rays show the bones to have knitted back perfectly. It is presumed that a metal brace is to take the place of the cast.

Scharlotte Merchant from Dallas who has been visiting her grandmother, Mrs. Merchant, has gone on a vacation trip to Colorado with her mother.

I dread to get my next bank statement, and I hate to meet up with someone that I owe, but how I am enjoying my new car. And how it does drink the gasoline, and fly over the highways, and how it helped me get even with my Brother-in-law on this "You furnish the car, and I'll furnish the gas" business. On our trip, I drained his pocket book until it looked like the "Fulfilled promise" of an elected candidate. I promised to get even with him on the trip, and I promised to tell you the low-down on South Dakota unless it looked as good to me as I had heard it looked. Anyway, I am not talking. I will keep my promise and not talk about it. All the "Whoppers" that I had been told seemed to be true, so I will keep my promise. I may say a little about the bad things, but I won't admit that I like it, not on paper.

Mr. Gerner, of Lelia Lake takes the "Drumstick" on predicting the outcome of the Senate race so far, and I hope in a few hours to be helping him eat it at the school house at Lelia Lake. What a day I hope this is for me. Thinking about it gives me "Goose pimples". July 30th, up early watching the parade at Claude, enjoying the Free Barbecue with the "Old Timers", going to the Rodeo,

then on down to Lelia Lake about 5 o'clock for the chicken supper. July 30th, Today; what a day. I have always looked forward, or backward to July 30th. It all started years ago when a timid, frightened, anxious, little mother saw the stork approaching, and a bouncing baby boy landed in the middle of her expectations. The neighbors bragged on him, and she forgot his looks and thought that he was a fine baby. Anyway, July 30th is an important day in the lives of at least two people, and I won't tell you who, or why.

Anyway, I am half-way down the page, and I wouldn't have room to tell you about the trip, if I hadn't promised not to, and I won't. Only that as we drove into Pierre we saw a group of cars parked close together. We slowed down and it was Little Texas, South Dakota visiting together: Carl Neely, Paul Hood, Bobby Joe Hood, Mr. Allen, each of their wives, Arch Finley and Lester Grumpke had flown in, Jack ahler, Glenn Corbin, Mitchell Hill and his family. Chaney Hood and Johnnie Chamales were not around at the time. We loved our trip and visit with all of them, and have already received a nice letter from the Neely's. Have a picture of Paul and you can just see his smiling face over the top of his wheat. You couldn't tell about Jack boots for the tall grass. Anyway, thanks to Little Texas, S. D. for a swell trip, and I may let a few more things get out about it next week, but I have to tell about Little Texas, Colo., and I just have a few more lines this week.

Anyway, leaving out the fat cattle, tall grass, and good wheat; forgetting the swell people in South Dakota; ignoring the Black Hills with Mt. Rushmore; turning your back on the beautiful town of Rapid City; the color of Cheyenne, the hustle of Denver, and thrills of Colorado Springs, the lure of Pueblo, we arrived at Little Texas, Colo. Located just out from Fowler and in the home of Jesse Cope. He wouldn't hear to us leaving until the next morning and invited all of Little Texas in for an old time ice cream supper. Mr. and Mrs. Val Laycock and Bobbie, Mr. and Mrs. Miles Tyler and family, Mr. and Mrs. Roy Wheeler, and the Lewis McCaulleys from Canadian and Panhandle. Some others that I have forgotten their names, but what a time we had talking over old times. Don't worry about them either; they are doing alright. And thanks and thanks to all of them for a swell time.

Speaking of the bad things about Colorado and Dakota, I will list them and quit, to wit: cold, heat, hail, snow, dry weather, fire, water, crop failures, and above all, that the dog-goned Texans will "Wike the country away from them. The main reason they seem to dis-like Texans is because they think we brag too much. According to their story; we not only brag about our good things, but when we get to talking about our bad things and disasters, we claim they are the biggest and worst of any place in the world.

I must stop. July 30th. What a day. Rodeo, Barbecue, parades, chicken suppers, and a birthday for some people. I still believe Texans are the "Salt of the earth" and when they move other places and live neighbors with folks just as "Salty", I know the world must be getting better all the time. May God remember Texans, and never, never forget for one moment the rest of the good people all over the U.S.A.
