NRA Campaign To Get Under Way Soon

DONLEY COUNTY OLD SETTLERS PICNIC AT HEDLEY, FRIDAY, AUG. 18

PORTER APPOINTS COMMITTEE HEADS

ORGANIZATION IS SET UP
ON PLAN DEVISED BY
NRA OFFICIALS

J. R. Porter, chairman of the general committee announced last week, composed of himself, James Trent and Joe Goldston, which will have charge of NRA's program in Clarendon, has extended the organization by the appointment of heads of three sub-committees.

W. H. Patrick was named as chairman of the committee which will actively enroll employers and consumers, and promote code application and consumer loyalty to the general plans of NRA.

O. C. Watson was named as chairman of the committee which will have charge of the speakers bureau, information bureau and other educational matters.

Fred A. Story was designated as publicity chairman, his committee to direct publicity by newspaper, radio, poster and amusement centers.

These chairmen will name their committees. Phifer Estlack has already accepted appointment on the publicity committee, and other committee appointments will be announced next week.

Mr. Porter states that the campaign will take active shape after Thursday, Aug. 17, when every possible effort will be made to see that Clarendon's citizenship conforms in practice to the provisions of the National Recovery Act.

Sounds Warning Note
"It appears that the local conception of meeting NRA requirements centers about shortening hours and raising retail prices," said Mr. Porter. "It should be apparent that neither of these in any sense accomplish the objective of the NRA. On the contrary, the plight of both employed and unemployed is only made worse."

He then called attention to a marked paragraph from an address by Gen. Hugh Johnson, NRA chief, in which he said, "A deadly serious matter is the danger of run-away prices. There are still about 12 million unemployed in this country and even those who still have jobs are largely on much reduced incomes. Any wild cat price lifting will have its first effect directly on the very creature necessities of these unfortunates—their means to keep out hunger, thirst and cold. This administration simply will not stand for that and we do not expect to have any trouble about it. Our best people understand that this is no time to get rich quick. It is the time to pull our country out of a hole. We need every good man on the ropes and nobody is going to do a thing that makes him a peace profiteer by taking advantage of the patriotic unselfishness of his fellows."

Masons Renew Their Certificates Here

A group of Masons met in Clarendon last Friday and Saturday, Aug. 4-5, to take examinations for certificates in Masonic work under W. S. Tate, of Hamilton, Texas, member of the Committee of Work of the Grand Lodge of Texas.

Renewal certificates were granted to the following: A. O. Hanley, J. M. Strong, H. A. Wynn, O. M. Chittum, D. R. Doshier, M. C. Summerville and Raymond Young, all of Wellington; Irvin Johnsey, Glenn Thompson and A. G. Powell, of Memphis; Byron Hodges, White Deer; John L. Darnell, P. B. Farley and Lee Riggins, of Groom; O. L. Dunn, Lakeview, and Elmer Palmer, Clarendon.

Miss Vada Waldron, who is attending W. T. S. T. C. at Canyon this summer, spent the past weekend with relatives here.

COUNTY BUDGET HEARING AUG. 14

PUBLIC INVITED TO BE
PRESENT WHEN COURT
PASSES BUDGET

As provided by law, the Commissioners Court has set Monday, August 14th, as the date on which the proposed budget of expenditures for 1934 will be read and passed upon by the court. The budget sets out estimated receipts and expenditures of tax money from the various sources.

The budget law provides that citizens may examine the proposed list of expenditures and on the day set forth for the hearing may ask for such explanation of its items as may be desired.

As prepared, the budget for the General Fund estimates receipts from taxes on a roll of \$5,888,461 at \$14,721.15. Expenditures, detailed as estimates, are set at the same figure.

In the Road and Bridge fund, receipts are estimated at \$27,034.53 and expenditures at \$26,534.50. In the Jury fund, receipts and expenditures are each estimated at \$6,477.31. Interest and Sinking Fund receipts and expenditures are each estimated at \$2,944.23. Permanent Improvement fund receipts and expenditures are estimated at \$588.84.

Many items in the budget, on comparison with the 1933 budget, show sharp reductions, notably in the maintenance items of the Road and Bridge fund, where a cut of approximately \$10,000 has been made. Another item cut sharply is that for paupers, indigents and hospital maintenance, reduced by the probability of greatly reduced income from taxes.

Eanes Launches Broadcast Station

During the past week numerous radio owners have tuned in a new station, the Clarendon radio station, owned and operated by Edwin Eanes, with studio in the Goldston building in the room formerly occupied by the Red Cross.

The equipment being used was planned and constructed by Mr. Eanes who has demonstrated his thorough understanding of the intricacies of radio technic. For some time he has conducted a radio shop, testing and repairing sets of all kinds. He "knows his stuff" and radio owners have been able to obtain relief from troubles which develop in their sets and which only a trained technician can locate and correct. A commodious studio, sound-proof, has been provided at the station, and visitors in the reception room may watch through the glass window the broadcasting of programs in the studio, which has both a piano and a phonograph for the transmission of original musical programs as well as recordings. The station is intended to provide local broadcasts only, the extreme distance reported so far being about 16 to 18 miles away. A number of local musicians have already presented programs over CRS, which began broadcasting last Thursday afternoon. Reproduction of tone and quality of signal is quite satisfactory and Mr. Eanes' friends are congratulating him on his initial success.

Ramsey Of Tascosa Buried Here Today

Funeral services were held here today for Oma Lee Ramsey, 24-year-old grocer of Tascosa, who died Wednesday at the Northwest Texas hospital at Amarillo, following a series of operations.

He was married in 1929 to Miss Lavera Poovey, of Ashtola, the couple making their home at Tascosa with their 3-year-old baby boy until his death. The body was laid to rest in Citizens cemetery.

Mr. Frank Hurn, brother of J. H. Hurn, returned to his home near Henrietta last Saturday. His daughter Miss Rose Mary is visiting friends in Canyon.

Mr. and Mrs. Walter Fraser of Boydston visited Mrs. Fraser's parents, Mr. and Mrs. C. D. McDowell, Sunday.

New Midway School Under Construction

Work on the new school building for the Midway Consolidated school, formerly the Hackberry and Pleasant Valley districts, is progressing rapidly under the supervision of John M. Watters. The work is being done by the men of the newly formed district. It is to be completed by Sept. 1st.

Material from the two old school buildings is being used on the new one, which is located on a site midway between the old buildings. The Hackberry school building is estimated to have been about 40 years old, having been moved from its original location at Lelia Lake where it was also used for school purposes. The lumber was the old-time full measure lumber, and was dressed on one side only. It was put together with "cut" nails, wire nails coming into use after it was erected.

The school board of the new districts is composed of H. S. Mahaffey, president, who attended school as a boy in the old Hackberry school; Nelse Robinson, vice-president; Miss Katie Meaders, secretary; Porter Arnold, Bill Meaders and P. O. Thompson.

Dennis P. Smith, teacher at Skillet for the past two years, will be principal next term, and will be assisted by Miss Mattie Rhodes, of Goldton, who has taught the past three years at Leslie. Both are attending the State Teachers College at Canyon.

Clarendon Oldsters Take First, McLean

With a large local gallery of interested spectators, four Clarendon golfers played the first leg of a two out of three tournament with four McLean players, winning from the visitors by 21 points, the point system being used in scoring. It is only fair to state, however, that on account of strokes alone, the games would have been split 50-50 with the visitors.

The match was promoted by Col. Tack, of the Amarillo News, as a result of his bowling off about his excellence as a 47-year-old golfer. He was challenged by A. N. Wood, who allowed that \$100 of his money said Tack couldn't beat him. Tack sneered back and raised him to \$1,000. Others got into the argument and pretty soon Col. Tack had the Clarendon and McLean golf quartets mad enough to dare each other to play.

The Clarendon quartet went to McLean today to play the second match. In case of a tie, they will toss a coin to determine the place where the "sugar" game will be played.

The McLean four are: D. M. Davis, M. D. Bentley, N. E. Greer and D. A. Davis. In order named they played Tom F. Connally, winner by a score of 79-84; R. C. Weatherly, Sr., loser by a score of 93-94; A. N. Wood, winner with a score of 82-95; J. T. Patman tied with an 84-84 score.

MEMBERS TOM CONNALLY CLASS ENJOY BARBECUE

The losers in an attendance contest held by the Tom Connally class of the Methodist Sunday school class were hosts to the winners Wednesday night at a barbecue supper at the church. The attendance was not as large as was expected by those present reported a wonderful feed and an enjoyable evening.

Mr. Frank Hurn, brother of J. H. Hurn, returned to his home near Henrietta last Saturday. His daughter Miss Rose Mary is visiting friends in Canyon.

Mr. and Mrs. Walter Fraser of Boydston visited Mrs. Fraser's parents, Mr. and Mrs. C. D. McDowell, Sunday.

LIONS INSTALL NEW OFFICERS

NORED TAKES HELM OF
CLUB; FIFTEEN MEMBERS
ADDED IN CAMPAIGN

Accepting the president's gavel from the hand of International Director Sam M. Braswell, at the Tuesday luncheon, Lion T. D. Nored assumed his duties as the 12th president of the Clarendon Lions club.

The installation of the new president and all other officers of the club was an impressive ceremony, preceded by an address by Lion Braswell, who emphasized the installation of new officers as an annual event in the club. He paid high tribute to the excellent record of achievement of the outgoing administration. "They have had the most difficult problems which have ever confronted any administration in this club," he said. "But under their leadership the club has continued to function in a vigorous way, carrying out its program and that of Lions International in an admirable way. The Clarendon Lions Club has held the line and has had no small part in helping to make Clarendon one of the best of small cities in which to live."

Lion Braswell devoted a few minutes of his talk to the relation of Lionism to the NRA codes. "In essence, a code is a standard of human conduct. Service clubs and trade and industrial organizations have familiarized their members with the idea of a code in a broad way, but for the first time in the history of the world business is seeking to regulate itself by codes of fair competition. I wonder if we have recognized the fact that America has been made code-conscious to a large degree by the principles which service clubs have kept foremost in their programs of work? This code-consciousness has prepared America for the acceptance and practice of codes of fair competition which are going to revolutionize business methods. With more clubs than any other service organization in America, Lionism has had a large part in the development of a favorable attitude toward fair codes, and, on that account, its leaders were among the first to be called to Washington in conference with NRA leaders. We are all proud of the part that Lions are playing everywhere in putting the NRA program over," he said.

The new president then introduced Lion J. L. Clarkson, field executive from Chicago, Ill., who made an inspiring address on the major activities of Lions clubs, mentioning particularly the outstanding activities of many Texas Clubs. He told of many cases in which Lions Clubs have been instrumental in aiding crippled and blind children, and praised the Clarendon Lions for the splendid work which they have done and are now doing in this field. Lions International, he said, is now publishing a magazine for the blind youth of America, printed in raised Braille type, opening a new world to those who learn to read it.

Following his address the president stated that members of the club, assisted by Mr. Clarkson, had met with great success in a membership campaign this week. A total of ten new members had been enrolled, seven of whom were present and the other three reported a wonderful feed and an enjoyable evening.

The seven present were introduced by Lion Nored, amid the cheers of the older members. The new members are: Joe Goldston, E. R. Andis, Walter Clifford, Frank Heath, T. R. Brown, Fred Buntin and Joe Holland. Other new members, enrolled but not present, were Rev. B. N. Shepherd, Rev. E. B. Bowen, Chas. H. Bugbee, G. G. Kemp, Mayor W. P. Cagle, Frank White, Jr., P. B. Gentry and Simmons Powell. Of this entire list of fifteen, six were formerly members of the club and are reinstated.

The new board of directors is composed of the following: T. D. Nored, president; J. T. Patman, 1st vice-president; Odes Caraway, 2nd vice-president; H. T. Burton, 3rd vice-president; J. E. Teer, secretary; A. A. Mayes, treasurer; H. Mulkey, tail-waiter; D. O. Stallings, hon-tamer; and directors J. R. Porter, O. C. Watson, G. L. Boykin and Ira Merchant.

LOCAL OPTION TO BE VOTED ON

COURT ORDERS ELECTION TO
BE HELD IN DONLEY CO.
ON AUGUST 26

Voters of Donley County will have the opportunity to express their will on legalizing the sale of 3.2 beer in this county, if and when its sale is made legal in Texas, at the same time, August 26th, they vote on the amendments to the State constitution, submitted by the last legislature. The election was ordered at a called meeting Monday of the Commissioners court.

The petitioners urged that the election be held on the date named in order to save the expense of a later election. The petition was signed by over 250 qualified voters, only 181 being required under the provision by the legislature which specified that any commissioners court should order such an election if 10 per cent of the total vote for governor in the last race signed a petition asking for the election.

Only 996 poll taxes were paid this year in Donley County, as compared with 2010 last year, a decrease of more than 50 percents. At the same meeting the court approved the bond made by the Donley County State Bank as depository of county funds.

BAPTIST BOYS' CLASS ENJOYS OVERNIGHT CAMP

The young men of O. C. Watson's class in the Baptist Sunday school enjoyed an all-night camp Tuesday night at Deep Sandy swimming hole on the JA Ranch. This class of boys have frequent activities of this kind and the membership is kept at a high figure, with keen interest among the members.

J. D. Swift and son, Junius, spent several days this week and last on a trip through New Mexico, going first to El Paso and then northward through the mountain country.

members of the club and are reinstated.

The new board of directors is composed of the following: T. D. Nored, president; J. T. Patman, 1st vice-president; Odes Caraway, 2nd vice-president; H. T. Burton, 3rd vice-president; J. E. Teer, secretary; A. A. Mayes, treasurer; H. Mulkey, tail-waiter; D. O. Stallings, hon-tamer; and directors J. R. Porter, O. C. Watson, G. L. Boykin and Ira Merchant.

SCHOOL TRUSTEES MEET HERE TODAY

DEPUTY STATE SUPERINTEN-
DENT KELLAM EXPLAINS
RURAL AID, NEW PLAN

Jesse C. Kellam, deputy State superintendent, met today with the county school board and members of all school boards, to explain the plan of State school supervision and also the features of rural school aid and other provisions affecting the schools as passed by the last legislature.

State Superintendent L. A. Woods has abandoned the former high school and rural supervisor plan, and instead has divided the state into 22 divisions, with a resident deputy state superintendent in each district. He will supervise both independent and rural schools in his district. Donley county will be in District No. 3, together with Collingsworth, Childress, Cottle, Dickens, Hall, Haskell, King, Knox, Kent, Motley and Stonewall counties.

"This plan of supervision will coordinate the work of the counties with the plans of the State department and will put our Western counties in more direct touch with it," said County Supt Sloan Baker. "It will do away with a great deal of duplication of administration in public schools, enabling better education of each child with less cost to the taxpayer. Dr. Woods says that the 'New Deal' hinges on better classification of schools and a transportation system which will take every child to a good school."

Six-year-old children are still eligible, as the legislature made no change in this law. The Donley County School board has ruled that no child under six years can attend school.

House Bill No. 34, as passed, provides that no county institute shall be held. County superintendents may, however, call groups of teachers together for not more than three Saturday meetings per year, with no pay for the new type of institute.

Mr. and Mrs. L. L. Wallace of Amarillo are the proud parents of a baby girl, born August 5, in Amarillo. The young lady who weighed 6 1/2 pounds at birth has been named Doris Jean. Mrs. Wallace will be remembered here as Miss Mary Naylor. Mother and daughter are reported as doing nicely.

About 25 members of Rev. B. N. Shepherd's Sunday School class enjoyed an outing Tuesday night, after the baseball game, at Deep Sandy.

ALL ELIGIBLES ARE EXPECTED

RESIDENTS OF COUNTY FOR
PAST 20 YEARS ASKED
TO BRING BASKETS

Annual Old Settlers Picnic will be held at Hedley on Friday, August 18th, when Donley county residents for the past 20 years or more will assemble for a renewal of friendships and to talk over the incidents that are rapidly fading into the past.

Anyone who has lived in Donley county for 20 years or more is eligible and is urged to attend the picnic. It will be held at the Tom Tate grove, five miles northeast of Hedley. The committee asks only that those who come bring well-filled baskets of lunch.

The first Old Settlers picnic was held at Hedley in 1930 and it has since been an annual event, with increasing attendance each year. The 1933 picnic is expected to surpass all the others in both attendance and interest.

Under the direction of E. H. Watt and Mrs. W. C. Bridges an interesting program has been arranged, as follows:

1. Song, "America" by audience.
2. Invocation, Rev. E. L. Hendricks.
3. Band Music, by Clarendon Band.
4. Welcome Address, Judge S. W. Lowe.
5. Vocal Numbers, the Killian family, of Amarillo.
6. Reading, Miss Theresa Webb.
7. Songs, as arranged.
8. Address, Dist. Judge A. J. Fires.

Special features include an hour of entertainment by old fiddlers, arranged by Messrs. Simmons, Reeves and Walling. An old-fashioned square dance by old timers, ranging in age from 50 to 100 years, will be especially interesting. This will be strictly an old-fashioned dance for the benefit of the younger generation so that they may see how the old time dances were carried on. The old fiddlers will play at 9 a. m. At 10 o'clock a business session will be held and at 11 a. m. the square dance will take place.

The presence of all eligible old settlers of Donley county is expected.

Caraway And Lowe To Austin Meeting

Odes Caraway, chairman of the Donley County Relief committee, and County Judge S. W. Lowe left today for Austin where they will attend a meeting Friday of relief workers, county judges and mayors of Texas.

The meeting was called by Governor Miriam Ferguson in the interest of the \$20,000,000 bond issue which the voters of Texas are asked to authorize, in such part as needed, in order that Texas may continue to participate in Federal Relief funds. The word has been passed out that the Federal aid will be withdrawn if Texas refuses to help herself by authorizing the bond issue.

Messrs. Caraway and Lowe expect to obtain information as to the real merits of the question and the results of their investigation will be given to readers of The News next week.

Several Clarendon Masons visited the Groom lodge Tuesday night, reporting an enjoyable visit and splendid fellowship. The party included Ralph Andis, Homer McElvaney, Bill Ray, Oscar Castleberry, Flem Caraway and H. Mulkey.

Mrs. J. T. Warren and daughter, Ruth, returned last Thursday from Sedalia, Colorado, where they spent about two months with relatives.

IT'S TIME TO BANISH ALL DOUBT

Every citizen should put out of mind any question as to whether the NRA plan will work. There is but one answer to such a question: "It MUST work." There can be no doubt of its working if the American people definitely make up their minds that it MUST work. Its success means the restoration of much that each of us has been forced to count as lost. Its failure means—the almost certain loss of the little that is left to us. It means that greatest disaster of all—loss of hope. When hope is destroyed the last prop on which human effort depends is swept from under us.

The worst obstacle that the NRA plan will encounter is Doubt. The individual who has desperately been doing everything that he could do to hold his own in what seemed to him to be a losing battle finds himself asking himself, "What ELSE can I do that I am not already doing? How can I pay any more wages than I'm already paying? How can I buy any more than I have the money to pay for? Unable to answer his own questions, dark doubts arise as to the ability of others in similar situation to do any better than he can do.

But the doubter must take courage from evidence, piling up day by day, that there are large numbers of employers and consumers who are already showing that they CAN pay more wages and can spend more for needed purchases. These are turning the tide already. Thousands of men are going back to work; sales are increasing.

What about Clarendon? There is a distinctly better feeling. It grows out of renewed hope plus a small measure of better sales and better collections. No great increase in these can be looked for, however, until "new" money in the shape of cotton acreage reduction payments and cotton sales money begins to flow into the county. It will be a matter of only a few short weeks. Hold your head up. Smile; greet your acquaintances with a laugh; let well-founded hope exert its healing influence on the wounds left by the depression. Better times are right at our doors—let's be happy once more. It's the sure way to banish Doubt and guarantee the success of the National Recovery Act.

Federal Judge James C. Wilson, in his court at Amarillo Tuesday, declared permanent an injunction against a Dallas Man who had been given a Federal permit to sell "legal" beer in dry Dallas. Evidence showed that other beverages than beer had been sold by the permit holder and Judge Wilson declared his place a common public nuisance and ordered it permanently padlocked.

He took occasion to make extended comment on the case, criticizing as "wrong" the U. S. Government's policy of issuing beer permits in a dry state. He referred to the respondent's description of his place of business and said that "his own testimony is sufficient to send him to the penitentiary for violation of the state's laws."

Judge Wilson is not known as a "dry." On the contrary there have been times when his utterances have not been at all pleasing to the dries. But his sense of justice is outraged by the facts in the case which he reviewed. If all benches had been occupied by jurists with keen senses of justice and with a disposition to regard the evident intent of the accused rather than the efforts of counsel to evade justice by employing technicalities, the prohibition law, and incidentally all other laws, would have been much more feared than they now are.

After about one-fourth of the cotton planted this year had been plowed up, the Government estimated Tuesday that 12,314,000 bales would be ginned. That's quite a crop itself, considering the fact that an equal amount was left over from last year. The production estimates indicate clearly what would have happened to the cotton farmer if nature had been left to take its course as usual.

An estimated yield of over 198 pounds of lint cotton per acre is another very interesting feature of the report released Tuesday. Suppose the entire 41,000,000 acres of planted cotton were still in the picture. Does anyone believe that cotton prices would have sagged as little as \$2 a bale when the estimate was released, as they did last Tuesday? Only wild-eyed optimists could have expected cotton to be as much as a nickel a pound in the absence of cotton acreage reduction.

Dallas Wholesale Merchants Association estimates that the farmers of Texas, Oklahoma and Louisiana will have about \$400,000,000 more to spend this year than they had last year. What's the matter with a gloomy guy who refuses to be cheerful over the changed outlook? We're going to be looking soon at the silver lining of the dark clouds that have hung over us for the last four years. Don't wear that horse's face! Put cheeriness into your greetings—good times are coming!

Masons who wish to keep their good standing with the order in Nebraska are under order not to engage in the sale of 3.2 beer. Grand Master Archie M. Smith, of Pender, Neb., has ordered that a copy of the edict be sent to each lodge. If any member violates the edict he may be ousted from the lodge if found guilty by a Masonic commission.

"I SEE by PAPERS"

Bits of news and editorial thought from nearby papers

COUNTY NEWSPAPERS:
Waco News-Tribune: Newspapers, like people, have personalities. And to be successful a newspaper must have a personality that attracts the reader and holds him. If the smaller newspapers of the country are what their public makes them they are appealing to a pretty sound public. For they are for the most part sound newspapers, well edited, suitable for the home and family. And after all, they form the backbone of American journalism. The great dailies of the country have their place in the picture of American business, but the local country weekly serves its community in a manner rendered by no other agency.

UNAFRID CHAMPION
Canyon News: Senator Morris Sheppard is not afraid of the liquor question so far as his political fate is concerned. He starts a campaign which will take him to every one of the thirty-one senatorial districts, sponsoring prohibition. Young Joe Bailey is making almost as strenuous a campaign for the wets. It is freely predicted that the senatorial campaign for 1934 is being started in this campaign, as Bailey will seek to displace Sheppard in the United States senate.

RECREATION
Childress Daily Index: The greatest source of free recreation in Childress this summer is Twilight League baseball. At the close of the day's work an hour and a half watching a fast game diverts the spectator's mind from the day's worries but without requiring physical energy. But, best of all, it's great sport, great fun—that which keeps Jack from being a dull boy.

SORGHUM LORE
Reckdale Reporter: The Ramrod of the Robstown Record wants the Reporter to explain the difference between sorghum, syrup and lasses when made from sorghum cane, the inquiry coming as a result of a paragraph in this column recently in which the syrup sinner of this column paid

a tribute of respect to the quality of the J. D. Kormegay sorghum-syrup-lasses. The explanation is easy: When used on hot biscuits it is called sorghum; when used with cornbread it is lasses; and when poured over a stack of hot cakes or waffles it is syrup. Incidentally, Reporterman always has all three kinds in his pantry and can sop it either way with equal dexterity and enthusiasm. The Ramrod also wants to negotiate a trade whereby he will swap us one hamper of spinach for one gallon of sorghum-syrup-lasses. Nothin' doin'. We don't eat spinach.

Farmers Can Co-operate
Wellington Leader: When Secretary Wallace announced last Friday that the cotton acreage reduction plan had been fulfilled, he dispelled for the time being an old and popular theory concerning the farmer. That theory in substance is this: farmers cannot and will not cooperate with one another. Whether they ever do again or not, the cotton farmers of the south demonstrated that they can stick together for their own and the country's good.

It is possible that the farmers have had this ability all along. Their failure to act together in the past may have been due largely to their distrust for professional farm leaders and agitators and of the plans they set forth. The present instance is mainly an example of the faith that the whole country has in the leaders of our government.

A TRAMP'S LECTURE

A tramp asked for a drink in a saloon. The request was granted and when in the act of drinking the proffered beverage, one of the men present exclaimed: "Stop! Make us a speech. It is poor liquor that doesn't loosen a man's tongue." The tramp hastily swallowed down the drink, and as the rich liquor coursed through his blood straightened himself and stood before them with a grace and dignity that all his dirt and rags could not obscure.

"Gentlemen," he said, "I look tonight at you and myself, and it seems to me I look upon the picture of my blighted manhood. This shambling figure once walked proudly as yours, for I was a man in the world of men. I, too, once had a home and friends and position. I had a wife as beautiful as an artist's dream, but I dropped the priceless pearl of her honor and respect into a cup of wine, and, like Cleopatra, saw it dissolve and then floated it down in the brimming draught. I had children as sweet and pure as the flowers of spring, and saw them fade and die under the blighting curse of a drunker father. I had a home where love lit the flame upon the altar and ministered before it, but I put out the holy fire, and darkness and desolation reigned in its

stead. I had aspirations and ambitions that soared as high as the morning star, but I broke and bruised their beautiful forms and strangled them that I might hear their cries no more. Today, I am a husband without a wife, a father without a child, a tramp without a home, and a man in whom every good impulse is dead.

All have swallowed up in the maelstrom of drink." The tramp ceased speaking. The glass fell from his nervous fingers and was shattered into a thousand fragments on the floor. The swinging doors were pushed open and shut again, and when the little group looked up, the tramp was gone.—Ex.

Mr. and Mrs. J. H. Hurn, Mr. Frank Hurn and daughter, Miss Rose Mary of Henrietta, and Mr. and Mrs. Nathan Cox made the scenic trip over the Wayside thousand fragments on the floor. The swinging doors were pushed open and shut again, and when the little group looked up, the tramp was gone.—Ex.

Electric Cookery Gives You Freedom from Tiresome Kitchen Duties

Are you tired of being tied to your kitchen stove? Do you long for enjoyable hours of freedom from the drudgery of kitchen duties? Does the thought of spending more futile hours in "pecking and testing" cooking foods weaken you? Wouldn't you like to delegate the routine part of your kitchen obligations to some one else?

If—like thousands of progressive West Texas home-managers—your answer to these questions is an emphatic "Yes!"—then you NEED a modern Electric Range.

Ask one of our Trained Representatives to tell you the interesting story of modern Electric Cookery. He will explain in detail how this modern "Electrical Servant" gives you a clean, cool kitchen . . . better and more healthful meals . . . substantial savings in food and fuel . . . surprising economy of operation. Then he'll tell you about new LOW PRICES . . . and the

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.

JUST A DOZEN YEARS AGO

Interesting news and personal mention, as published in The Clarendon News just a dozen years ago this week.

Miss Hazel Holly, of Lelia Lake, won second prize in the State clothing contest held at College Station the previous week. She won first prize in the county contest which was held by Mrs. Ida Chitwood, home demonstration agent.

Eighteen children were given health examinations at the Y. M. C. A. building by Miss Ella Yeager, county health nurse.

The editor said, "Now about those lights—by gravy, it sure is dark these nights, with the moonlight gone." And we still have the same old dark nights in 1933, by gravy.

John Blocker stepped on a nail and was forced to go on crutches for several days thereafter.

On Monday at 3:00 p. m. a new town was born in Hall county. The town was named Tampico, and was located on the junction of the Memphis-Turkey and Estelline-Turkey highways. The Ozark Trail monument was the only structure on the plat. It was planned to erect a store building and postoffice there at once. But, as we remember it, the "monument" was about the only structure ever erected there unless a filling station was the second one. The Ozark Trail "monuments" were once common sights in these parts. As for Tampico, it is only a memory now.

Miss Irma Lewis left Sunday for Amarillo where she attended a house party at the home of Miss Anna Lee Hooks. Miss Lelia Burrell joined the party Tuesday evening.

J. F. Espey, wife and baby, and T. J. Jolly and Bob McGowan attended a singing convention at Hedley. It sounds queer but the

news item says that "an abundance of good eats was there and Bob McGowan sang until he had eaten so much that he was unable to sing longer." And we thought all this time that Bob sang "heartone."

Misses Evelyn Patman, Sybil Johnson and Fannie Florence Sims visited in Groom over the week-end with Miss Lillian Street.

Frank Houston, of Childress, came up Friday evening and returned Saturday morning—just as he has been doing for a dozen years since.

J. R. Bartlett and family returned Sunday from an extended vacation spent in Colorado.

W. C. Stewart, J. L. Upton, Dick Cox and J. B. Anthony received favorable mention for slaughtering weeds between their places of business.

Forest Taylor and wife arrived Sunday from California and visited with relatives and friends.

Rev. W. H. Foster and family left Sunday for Kerrville where they attended a Presbyterian encampment.

Earl Adams and Clarence Cox each got a three base hit and Earl Lovell played an errorless game on third for the east side. Batteries for the east side were E. Adams and C. Cox; for the west side, Adams and Killough.

Aunt Patsy, the Sunny View correspondent, reported that "we are delighted over our new mail route over which the mail man made his first trip Monday."

In a paid advertisement T. M. Little, Sr., wrote: "Now here is a message I want to give you. I want you to join with me in forgetting all about the hard times we have gone through during the last ten months." It ought to have been easy to forget the sort of "hard times" we had in those days.

Odos Caraway announced the "new Buick Four," which will cost slightly more than \$1,100 delivered," and Mr. Caraway was pleased with the new car." Just

think what \$1100 will buy now in automobiles! Odos is still selling Buicks, though at a somewhat lower rate.

Lucille Allen entertained with a lawn party Wednesday evening celebrating her 13th birthday.

Marriage licenses were issued to Edgar Wood and Miss Eula Groom; P. L. Johnson and Miss Ruth Whitfield.

J. L. Upton announced the removal of his shop to Stewart & Anthony's place of business. And he is still doing business at the same place.

Mrs. Bob Strickland returned Tuesday from Gatesville, bringing her infant son, Fred Earl, on the train, Mr. Strickland returning by auto.

The Epworth League, of which Carl Parsons was president, met Monday evening with the pastor, Rev. C. N. N. Ferguson, to lay plans for a special Sunday night program by the League in preparation for the coming revival.

Ross and Foster Anthony wrote their parents that they had arrived in Wyoming where they expected to file on public lands which were to be opened to ex-soldiers and sailors.

Announcement of the extension of the proven gas field in the Amarillo territory to include an area 22 by 54 miles was made by the Amarillo News in an article reprinted in the News. The Amarillo paper predicted that that city would become an important industrial and manufacturing city and that announcement would be made shortly of "plans by a large firm away from here to utilize many millions of feet of gas." We believe it referred to the smelter plant.

Just a dozen years ago The News editor reprinted the editorial views of a number of his contemporaries, with the comment: "Sometimes it does the reading public good to have a change from their regular weekly editorial pabulum (whatever that is), as it does for a congregation to hear an occasional sermon from someone other than the regular pastor." The same thought underlies

the 1933 publication of other editors' thought under the heading "I See by the Papers." It is selected as good pabulum (whatever that is), for our 1933 readers, with the hope that its digestion will be profitable.

D. O. Stallings, in a large display ad, was shouting: "Just as surely as these are hot, sweltering days, there is going to be a terrible coal shortage in Clarendon during the coming winter. Not only the families of the poor, but the families of the well-to-do will suffer from cold. For it will not be a matter of money—then." Do you remember how hard it was to get coal that winter, and how people were even accused of "hoarding," not gold, but coal?

Mr. and Mrs. J. B. McClelland left Thursday for a visit with their daughter, Mrs. Henry Dodge, at Cleveland, Ohio, whose husband was a foreign representative for the National City Bank of New York City. They were in Norway on bank business the previous year, and the next year were to be stationed at Paris, France.

That will be all about the happenings of a dozen years ago, and we'll turn now to the stirring events of 1933 B. C. (before codes).

PETER RABBIT IS VICTIM OF "CAST" AT WATER'S EDGE

Here's a story for the anglers to shoot at—and the cowboys as well.

"Red" Fitzgerald, former fire chief at Childress, about 100 feet from the banks, noticed a jack rabbit which had approached the water's edge to nibble at the tender grass shoots. Fitzgerald, who was fishing for bass, decided to make a "cast" at the rabbit. The first was a little high, but the second wrapped around the rabbit's neck, the plug providing enough weight to keep it from unwinding, and the fisherman reeled him in.

Fitzgerald caught a wild duck in a similar manner last fall. There were witnesses to both "casts."—Memphis Democrat.

A New Deal For Liver Sufferers

Don't be misled any longer. Calomel, salts, oils, mineral waters, laxative pills, herb teas, powders, etc., have no effect whatever on the liver. There are only two generally recognized substances which actually cause a sluggish liver to increase its production of bile. Sargol Soft Mass Pills contain both of them.
You can't feel well and strong unless your liver furnishes plenty of food doesn't digest properly—it just ferments and decays—Constipation, gas, sour stomach, headaches and nervousness follow.
Unless you have tried Sargol Soft Mass Pills you can have no idea of their effect—You feel stronger, healthier, happier—life and color return to faded eyes and cheeks—appetite and digestion improve rapidly.
Only 60c for a full 30-day treatment. At your druggist or write to P. W. Williams, Inc., Atlanta, Georgia.

Library Notes

By MRS. C. A. BURTON

Last week I told you that one of our new books was "Obscure Destinies" by Willa Cather. This new latest book, is written with all the charm and artistry which readers have come to expect from one who has come to rank with the greatest fiction writers of our day. The book contains three stories in which Willa Cather returns with fresh enthusiasm, to the West which is the scene of her earlier novels. The first story "Neighbor Rosicky" is the story of a Bohemian exile who, after many experiences in London and New York, lives out his life on a prairie farm. The "Two Friends" are American business men of the Old West, the age of railroad building, large outlook, liberal methods and romantic feeling. The scene of "Old Mrs. Harris" is a Colorado town in the brilliant sand-hill country. The story is the old riddle of human relationships, the struggle of three women who live under one roof each to live her own life and follow her own destiny. Tragic human meanings, underlie its apparently careless and lighthearted mood.

Besides this late book by Willa Cather, we have "A Lost Lady," "Death Comes from the Archbishop," and "Shadows on the Rock." Of the latter Willbur Cross in the "Saturday Review of Literature" says, "Shadows on the Rock is an unaccustomed form quite another kind from Miss Cather's other books. The characterization, because it is brief, must be deft. Necessarily much is left to the imagination. Miss Cather loves particularly the eyes. Of Saint-Vallier, Auclair remarks to his daughter, 'What restless eyes he has, Cecile; they run all over everything, like quicksilver when I spill it.' And Cecile's eyes, when her heart was touched, grew dark 'like the blue of Canadian blueberries'. In other instances it is a hand or a gesture or a movement of the face that subtly reveals character. It is a delicate art, more difficult than the art of the traditional novel. Few have ever measurably succeeded. Miss Cather is among these few.

One of our boys' books which is being much enjoyed is "The Bears of Blue River" by Charles Major. "Away back in the twenties, when Indiana was a baby state and great forests of tall trees and tangled underbrush darkened, what are now her bright plains, there stood upon the east bank of Big Blue River a cozy log cabin of two rooms." The story goes on to tell that the boy who lived in this cabin had many adventures—how he got a gun, how he was lost in the forest, how he met the one-eyed bear, went on a wolf hunt, treated the "fine bear" and was almost caught by a bear on his way to his "castle on the Brandywine." It is a thrilling bear story.

SIX MORE PASS LIFE SAVER TEST

GROUP OF TEN PASSES ALL RED CROSS LIFE SAVING EXAMS

Four boys and two girls of Clarendon were added last week to the list of four recently reported who have passed Senior or Junior life saving tests under the direction of the American Red Cross. The Senior tests are given to those who are 17 years old, or more, and the Junior tests to those who are 12 years old and up.

Misses Lorena Stegall and Mary Frances Caraway, seniors, and Misses Vivian Taylor and Mary Frances Powell, juniors, passed their tests at Amarillo recently. Last week Bill Greene and Bill Johnson passed the Senior tests, while Jack Bell, Robert Boston, Eugenia Noland and Mary Travis Dyer passed the Junior tests, all of which were conducted in the Clarendon Country Club lake under Misses Dorothy Peake and Marjorie Allen, Red Cross examiners from Amarillo, who spent the week with the Camp Fire Girls at their summer camp near the country club.

The real value of the test can be better understood when their nature is known. They require special technical knowledge in addition to a high degree of skill in swimming and diving.

Tests for Juniors

Age 12 and up. Must have passed the swimmer's test, consisting of treading water 30 seconds, float motionless, perform plain front or racing dive in good form, 100-yd swim using side stroke and one other standard stroke, witness a demonstration of artificial respiration, 50-ft. swim on back using legs only, surface dive and recovery of object in 6 to 8 feet of water.

Both Junior and Senior tests are given in at least two sessions, before which an oral quiz is given, emphasizing general life saving practice and the importance of making rescues by boat or buoy, rather than by swimming wherever possible. The candidates then demonstrate their knowledge of correct procedure in life-saving, first passing the disrobing test, in which trousers or knit, long-sleeved middie blouse or coat, and high laced-up shoes are removed in deep water.

Next come: release double grip on wrist, right or left; release front strangle hold, right or left; release back strangle hold, left and right, with person acting as if in distress.

These are followed by: Resuscitation, 1½ minutes, prone pressure method; surface dive in 6 to 8 feet of water recovering objects three times, 10-lb. object once; correct approach 30 feet and head carry 30 feet; correct approach 30 feet and cross-crest carry 30 feet; correct approach 30 feet and hair carry 30 feet; tired swimmer's carry 30 feet preceded by 30-ft. swim.

Each of these tests is valued at a certain number of points for a possible 100. The Juniors who passed the tests, and their grades, are: Vivian Taylor, 80½; Mary Frances Powell, 82¼; Jack Bell, 81½; Robert Boston, 81½; Eugenia Noland, 81; Mary Travis Dyer, 81. These are all considered excellent grades for Juniors.

Tests for Seniors

Age, 17 and up. Senior members are required to take a complete review of instruction and test every three years in order to remain in good standing, the test record indicating whether original or renewal test is being made.

Each candidate is required to submit an essay, 200 to 500 words, on resuscitation. Then fol-

lows water tests: tread water 30 seconds; float motionless one minute; in deep water, disrobe from shoes, skirt or pants, and coat, then swim 100 yards; one minute carry-subject fully dressed; fireman's or saddle-back carry from shallow water; four different releases from various holds of drowning persons, including two people locked in front strangle.

The next session: prone-pressure resuscitation 1½ minutes; surface dives and recovering objects; approaches, front, back and underwater, each with proper turn and carry; four different types of 60-foot carries; oral quiz of life-saving, five questions.

The candidate is required, in carry tests, to swim 60 feet and make proper approach, and carry subject 60 feet with mouth and nose clear of water at all times, rescuer to finish strong with plenty of reserve power after each carry.

The above brief review of the tests required gives an idea of their practical value. The presence of a swimmer who has passed them should be appreciated by all who are in the water or who have members of their families in it.

Swimmer's Tests

Official swimmer's tests were taken, preliminary to the more advanced tests, by the following: Dorothy Powell, Mary Frances Powell, Vivian Taylor, Mary Travis Dyer, Mary Frances Caraway, Lorena Steagall, Eugenia Noland and Mary Lorena Gorman.

Beginners were: Willie Maud Pratt, Roberta LaFon, LaVerne McMurtrey, Helen Louise Greene, June McMurtrey, Betty Jo Caraway, Martine Burnett, Nell Cook, Avis Lee McElvaney, Phoebe Ann

SOCIETY

LORRAINE PATRICK, Editor

Miss McLain Is Honored

Among the many enjoyable social functions of the week was the bridge-luncheon given Tuesday by Miss Dorothy McCanne in honor of her house guest, Miss Katharine McLain of New York City.

Bouquets of brilliant hued garden flowers adorned the entertaining suite, while colorful pansy bouquets centered each table.

The place cards were very unique and attractive, being reproductions of old French playing cards. Following the delicious luncheon, games of bridge were played and prizes awarded to Misses Helen Martin and Lotta Bourland. The honoree was also presented with a lovely gift.

Besides Miss McLain, the guest list included Misses Mary Jo Chamberlain, Katherine Cole, Helen Martin, Mildred Martin, Lotta Bourland, Lorraine Patrick, and Mesdames Keith Stegall, Virgil Merchant, Carroll Knorpp, Ira Merchant, and Jack Merchant.

1930 Good Will Club

On Thursday afternoon, the 1930 Good Will Club were guests of Mrs. Wilson Gray at her country home near Goldston.

Most of the afternoon was spent in the piecing the Nursery quilt, that the club is making. Dainty refreshments were served in the late afternoon to Mrs. John Spier, Mrs. Otis Spier, Mrs. M. M. Noble, Miss Eva Stewart, and Miss Betty Stewart, guests; and Mrs. H. L. Brady, Mrs. Melvin Cook, Mrs. Claude Gamblin, Mrs. Fred Russell, Mrs. Si Johnson, Mrs. L. D. Carlile, Mrs. I. B. Pierce, Mrs. A. O. Yates, and Mrs. Sam Dale, members.

Next meeting will be with Mrs. Fred Russell, August 17th.

Home Demonstration Club Meets Friday

Mrs. Major Hudson was hostess to members of the Home Demonstration Club several guests at her home Friday afternoon.

Mrs. M. T. Crabtree gave an interesting report of the canning demonstration held at Clifford & Ray grocery last week, after which a round table discussion was held about canning of pickles and fruits.

At the conclusion of a very pleasant afternoon, the hostess, assisted by Misses Nellie and Rosalee Grady, served dainty refreshments to: Mrs. J. D. Kent, and Mrs. C. L. Benson, guests; Mrs. John Clark, Mrs. O. L. Fink, Mrs. M. T. Crabtree, Mrs. J. A. Tombs, Mrs. N. W. Lawler, Mrs. A. J. Chase, Mrs. G. A. Anderson, Mrs. A. H. Baker, Mrs. J. C. Estlock, Mrs. H. L. Brady, Mrs. W. D. VanEaton, and Mrs. Ed Speed, club members.

Mrs. Lonnie Hahn will be hostess to the next meeting of the club, Friday, August 18th.

1912 Needle Club

Members of the 1912 Needle Club and several friends were guests of Mrs. Anna Hall at the home of her sister, Mrs. J. B. Baird, Thursday afternoon.

An abundance of fragrant sweet peas made the rooms most attractive, while needle work was the principal mode of entertainment throughout the afternoon hours until a sumptuous afternoon luncheon was served.

Club members in attendance were Mrs. J. T. Patman, Mrs. L. S. Baebv, Mrs. R. A. Chamberlain, Mrs. A. L. Chase, Mrs. C. W. Taylor, Mrs. B. L. Jenkins, Sr., Mrs. A. A. Maves, Mrs. A. R. Letts, Mrs. J. B. Baird.

Clifford Sims Whitmore is the name of the 5 1/2 pound son born to Mr. and Mrs. Clifford Whitmore of Pampa, Sunday July 30th. Mrs. Whitmore is the former Miss Fannie Florence Sims of this city.

Mrs. L. M. Smith, who was operated Saturday at Adair hospital, is reported to be recovering quite satisfactorily.

Visiting Ladies Honored

Mrs. Hattie Rutherford of Dallas and Mrs. George Reed of Stratford were honor guests at a one o'clock luncheon, given by a group of their friends, at the home of Mrs. W.A. Land.

A covered dish luncheon, consisting of fried chicken and its accessories, was thoroughly enjoyed by the honorees and guests. After this sumptuous repast, the remainder of the afternoon was spent in pleasant reminiscences.

Besides Mrs. Rutherford and Mrs. Reed, to enjoy this were: Mrs. W. B. Sims, Mrs. W. C. Steward, Mrs. Ed Speed, Mrs. Cap Lane, Mrs. Buel Sanford, Mrs. Eva Draffen, Mrs. W. A. Massie, Mrs. A. W. Simpson, Mrs. Floyd Keener, Mrs. M. E. Thornton, and Mrs. H. C. Brumley.

Chamberlain Home Demonstration Club

Mrs. E. Bryson was hostess to the Chamberlain Home Demonstration Club Thursday, August 3rd, with twelve members and three visitors present.

How to Can Black Eye Peas was the topic for discussion and was led by Mrs. H. M. Reid. A the conclusion of the demonstration, quilting took up the remainder of the afternoon.

Delicious refreshments were served by the hostess.

Mr. W. Fowlkes will be hostess for the next meeting, Thursday, August 17th.

Mr. and Mrs. P.B. Gentry and son, Phillips, Jr., Mr. and Mrs. Meade Haile, Mr. and Mrs. Ira Merchant and daughter, Marilyn, and Mr. M.E. Bell returned Thursday evening from New Mexico where they spent two weeks "roughin' it."

REP. MOFFETT MARRIES MISS HILDA MARIE RABB

George Moffett, of Chillicothe, representative in the State Legislature of the 14th district, was married last Tuesday at Wichita Falls to Miss Hilda Marie Rabb of Ft. Worth. The bride was secretary to the president of the Jule Smith Grain Company.

The groom was superintendent of his father's large cotton interest north of Chillicothe until his election as representative. He is interested in the Clarendon Motor Company of this city and is the nephew of Mrs. M. R. Allensworth of this city.

Mr. and Mrs. J. M. Cannon and daughter, and little niece, Jane Elizabeth Cannon, of Falls, spent Sunday with his parents, Mr. and Mrs. J. F. Cannon, Sr., and their father, Jim Cannon, Jr. They were accompanied home by his parents and Jim's son Robert, who will visit at Falls several weeks. The visitors reported crops in the Falls country in excellent condition. A three-inch rain fell there last week.

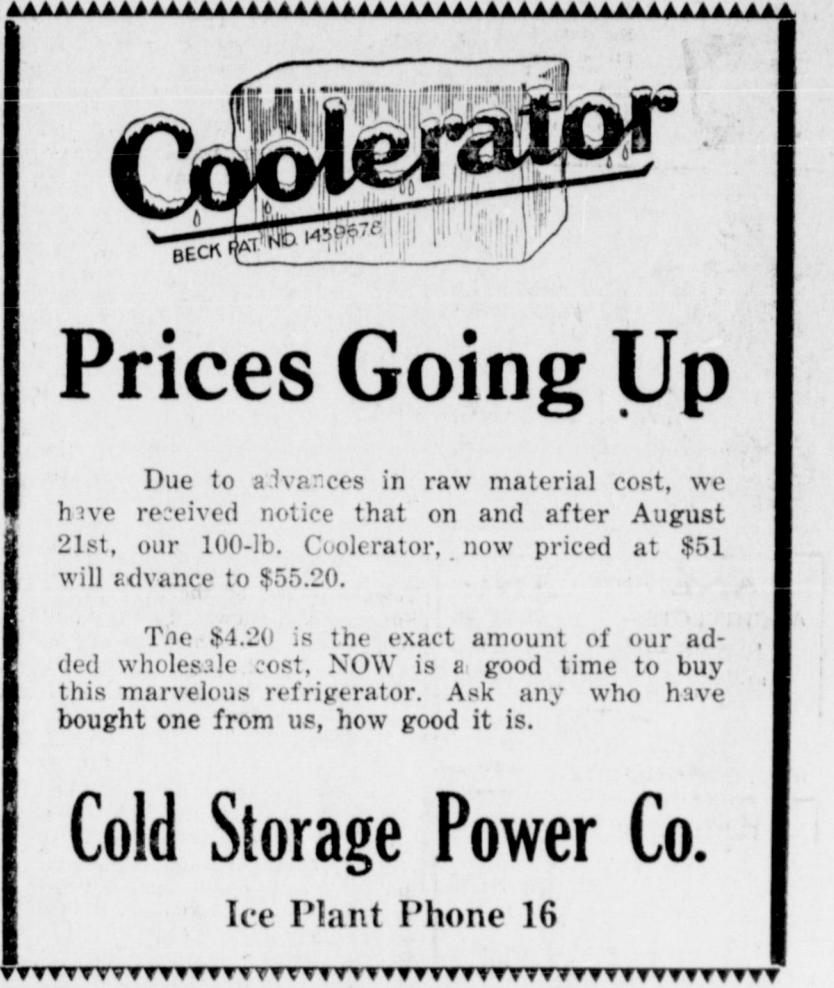

Misses Winnie Glyne Watson, of McKinney, and Aylene Mallow, of Sanger, returned Sunday with Mr. and Mrs. O. C. Watson and son, George. Miss Watson is their niece, and is making her first visit to Clarendon. Mr. and Mrs. Watson also went to Dallas where George was given a new cast by Dr. Carrell, orthopedic specialist. The lad is steadily improving.

Mrs. F. C. Johnson has as her guest her sister, Mrs. T. S. Han-non of Wichita Falls.

Mrs. O. C. Allen and children and her brother, Moncure Tal-larfero, of Dallas, arrived here Sunday for a visit of a few days with their sister, Mrs. Ted Wil-liams, and her husband, to whom a fine 9-pound boy was born Monday morning. Both mother and babe are doing nicely under the care of the staff of Adair hospital. The boy was given the name of Clifford Wallace.

Miss Lodi Green of Dallas ar-rived Tuesday for a visit with her parents, Mr. and Mrs. G. L. Green.

Rev. E. B. Bowen, Elbert Bowen and Frank Moseley, of Hereford, left Monday morning for Antonito, Colo., where they will spend about a week fishing on the Conejos river. Rev. Bow-en's pulpit at First Methodist church will be filled next Sunday morning and evening by the presiding elder, Rev. M. M. Beavers.

CHEVROLET leads the field by the widest margin in its history

CHEVROLET, AMERICA'S NUMBER 1 CAR—47.99% of all low-priced cars sold

NUMBER 2 CAR—26.74%

NUMBER 3 CAR—19.21%*

ALL OTHERS 6.06%

*Based on the latest retail registration figures from R. L. Polk & Company (all states for five full months). Since January first Chevrolet has sold in excess of 370,000 passenger cars and trucks.

People have come to expect Chevrolet to lead the world in automobile sales. But this year Chevrolet has done even more than that. According to the latest available figures, Chevrolet alone has sold almost as many cars this year as all the rest of the low-price field combined!

When a car looms above its field like that, there can't be any argument about it. *It must be an all-round better buy.* And that's exactly what Chevrolet offers you. *Fisher bodies*, with the new ventilation system and the strongest and quietest body construction of the day—solid steel over a sturdy hardwood frame. *A valve-in-head six engine*, unapproached for

economy . . . Cushion-Balanced to blot out vibration . . . full of snap and vigor—altogether the most efficient engine in the low-price field.

Then there's Syncro-Mesh with Silent Second, the Starterator, Simplified Free Wheeling, the Octane Selector, long, parallel-mounted springs—more advancements than we have space to describe. And Chevrolet prices are as low as \$445. Don't guess—buy from the leader. Get a car that has been proved sound and dependable by more owners than any other automobile you can buy. THE MODERN PARABLE OF THE COW

Ten men who were financiers chipped in ten dollars each and bought a fine cow that gave ten gallons of milk every day. The milk was divided at night and each man received one gallon as his share.

51ty-one shares, whereas in the beginning each had but one.

But one of the ten began to worry, "Look here," he said, "every fellow who bought a share in this cow will expect a gallon of milk tonight, and the cow gives only ten gallons. When the milk is divided into one thousand and ten parts these new shareholders won't get a spoonful. Shares will drop to nothing. We'd better unload while we can."

ten were entitled to vote in their own right, for each still held his original share.

"Now," said the one who did the talking, "we must reorganize. This company needs a president, a treasurer, and eight vice-presidents. That gives each of us a job. And since there are ten of us and the cow gives ten gallons, it is moved and seconded that each of us receive a salary of one gallon of milk per day. All in favor say 'Aye.'" The motion carried without a dissenting vote.

He Says:

"If all employers in each competitive group agree to pay their workers the same wages—reasonable wages—and require the same hours—reasonable hours—then higher wages and shorter hours will hurt no employer. Moreover such action is better for the employer than unemployment and low wages, because it makes more buyers for his product. That is the simple idea that is the very heart of the industrial recovery act."

Death Claims Miss Mary Will Newman

Funeral services were held today at 2:30 o'clock at the family residence for Miss Mary Will Newman, daughter of Mr. and Mrs. J. F. Newman, who died Tuesday afternoon at 6 o'clock, following an illness with an incurable malady extending over three or four years.

The deceased was born Sept. 20, 1912 at Swenson, coming to Clarendon with her parents in 1924. In addition to her parents she is survived by her uncle W. S. McCall, his mother, Mrs. Mary W. McCall and his sister, Mrs. Ruby Ayers, all of Oklahoma City, who were present at the funeral. Practically all the business houses of the city closed during the funeral as a mark of respect for the bereaved family.

CIVIL WAR RELICS ON DISPLAY AT NEWS OFFICE

A three-inch shell, about eight inches long, of the type used by the Union army in its field pieces, and two mini-balls, used by Confederate soldiers, are on display for a short time at The News office, through the courtesy of Miss Ila Mae and Birda Hastings. The relics will eventually be offered to the Panhandle Historical Society's museum at Canyon, but may be seen by any who are interested at The News office.

The shell and the mini-balls were found on the Ringgold Battle ground near Whiteoak Mountains, in Tusa county, Georgia, which is about 18 miles southeast of Chattanooga, near Chickamauga Park. The relics were picked up by G. F. Campbell on the farm owned by his father during the Civil War and who still lives on the farm. The Misses Hastings and four teacher friends visited the farm during the course of a tour of the United States. When Mr. Campbell learned that they were Texas girls, their interest in the war relics prompted his gift to them, although he said he had been offered \$25 for the shell by tourists from the north. Miss Hastings said his refusal was due to the fact that residents in the battle-ground areas still cherish strong loyalty to the Lost Cause.

The Misses Hastings are daughters of Joe Hastings, deceased. Mrs. Hastings, who has been living at Canyon, recently returned to Clarendon to live. Misses Ila Mae and Birda and their four friends, have just returned from a seven-weeks tour through 23 states, the District of Columbia and two provinces of Canada, Quebec and Ontario. They also visited the Fair at Chicago.

Chas. W. Meador Is Buried Here

A short funeral service was held at the cemetery here Sunday afternoon, following another at McLean, for Chas. W. Meador who died at McLean Saturday. He was the father of Boyd Meador, former Clarendon citizen. The services were conducted by Rev. Cecil G. Goff and Rev. W. A. Erwin.

The funeral services at McLean were attended by Mr. and Mrs. Bert Ayers, Mrs. Agnes Morris, Mrs. Winnie Stogner, Jeanette Stogner and Gilmer Ayers, all of Hedley; Mr. and Mrs. Lonnie Hahn and Mr. and Mrs. Chas. Speed of this city. Mrs. Hahn is a daughter of the deceased.

A large number of McLean people accompanied the body to Clarendon, where local friends assembled to pay the last tribute to the departed man.

"A Pleasure To Serve You"

An Open Letter

TO EVERYBODY In Clarendon Trade Territory

Dear Folks:

When I opened this store, a few months ago, it was not as a stranger to the greater part of the people in the Clarendon trade territory. It was the re-establishment of pleasant business dealings that had extended over many years in a different line of business.

I hoped for a good share of your patronage and started out with the intention of giving every customer courteous, smiling service PLUS values in groceries, both in quality and price, that would merit continuous patronage.

I HAVE NOT BEEN DISAPPOINTED. Therefore, I feel that YOU have not been disappointed. Our list of customers has grown steadily, and we are more grateful than we can tell you about.

GIVING YOU A LITTLE MORE FOR YOUR MONEY shall continue to be our policy. And on that basis we invite you, whether an old customer or a new one, to shop in our store with complete CONFIDENCE that you are getting ALL THAT YOUR MONEY CAN BUY ANYWHERE.

Sincerely, J. ROY BARTLETT.
