FOR 36 HOLES

The annual City Championship Golf Tournament of the Hillcroft Golf Club will begin with the qualifying rounds starting Sunday, May 14, and concluding with the final matches Sunday, May 21.

The holder of the city championship, Al Cooke, will not be here to defend his title, won in the tournament of 1932 in a sensational match with Ira Merchant, 1931 champion, the required 36 holes being halved by the contenders, the match being conceded by Merchant on the 38th hole.

Local Golfers are putting in all possible time this week in practiceplay, preliminary to the qualifying rounds Sunday and some hotly contested matches are certain to be played.

All entrants in the tournament will be required to qualify in 18 holes of play on Sunday, May 14, each flight to consist of eight players. Matched play will begin Monday and continue through Wednesday, May 15-16-17, 18 holes to be played in each match.

Prizes purchased with the entrance fees of \$1.00 per player, will be awarded to the winner, runner-up and to the winner of consolation in all flights. A prize will also be awarded to the medalist.

LOCAL MEN ATTEND AMARILLO ROAD MEET

Mess. T. D. Nored, G. G. Kemp, Tom F. Connally and Sam M. Braswell represented Donley County Tuesday afternoon in Amarillo at a meeting of the Panhandle division of the Texas Good Roads Association.

The meeting was called for the purpose of bringing united pressure on the administration at Washington to allocate a portion of the public works appropriations to Texas for road building purposes for the next two years, to be expended without state or county matching in any ratio. Resolutions to the president and congress along this line were adopted, as also a resolution asking the West Texas Chamber of Commerce to use its machinery to forward the project. This in no wise conflicts with the present RFC funds in Texas.

M. R. Diez, financial secretary and J. C. Watson regional director of the state organization were present, and the meeting was presided over by Elmer Elliott of Dalhart, co-director for the 31st senatorial district.

Lions Club Accepts B. & P. W. Challenge

At the Lions Club Tuesday, President Ira Merchant presented the challenge of the Business and Professional Woman's Club for a baseball game. The challenge was vociferously accepted by the Lions, and instructions were issued for continuance of negotiations as to date and place for the game.

W. H. Patrick made a short, but humorous report on the recent trip of a committee to Amarillo to meet with other committees in the Palo Duro Park and highway project.

Odos Caraway, director of the West Texas chamber of commerce, made a short talk on the chief items in the report which he will make to the convention at Big Spring this week.

MOTHER'S DAY AT LOCAL CHURCHES

SPECIAL SERVICES HONORING MOTHERS TO BE HELD LOCAL CHURCHES

Honoring in a special way all mothers, both those whose lives still exert a tender influence over their children and those who live only in memory, special services will be held at the churches of Clarendon next Sunday, which will be "Mother's Day" all over the Christian world.

Rev. W. E. Ferrell announces that a special Mother's Day sermon on the subject, "The Mother's Influence," will be delivered at the morning hour, 11 o'clock. He invites the general public to the service.

At First Baptist church, at the regular Sunday evening hour, 8 o'clock, a special Mother's Day program and sermon will be given, honoring both fathers and mothers. Miss Virginia Cluck will give a violin solo. A reading and picture by Lu McClelland and Mrs. H. C. Brumley, and a vocal solo will also be given, followed by a sermon by the pastor, Rev. B. N. Sheppard. Special Mother's Day programs will also be given by all the Unions of the church. All mothers and fathers are urged to attend these services.

There will be no Sunday morning service at First Baptist church on account of the Baccalaureate service at First Methodist church. Sunday school will be dismissed early to give ample time to get to the Methodist church.

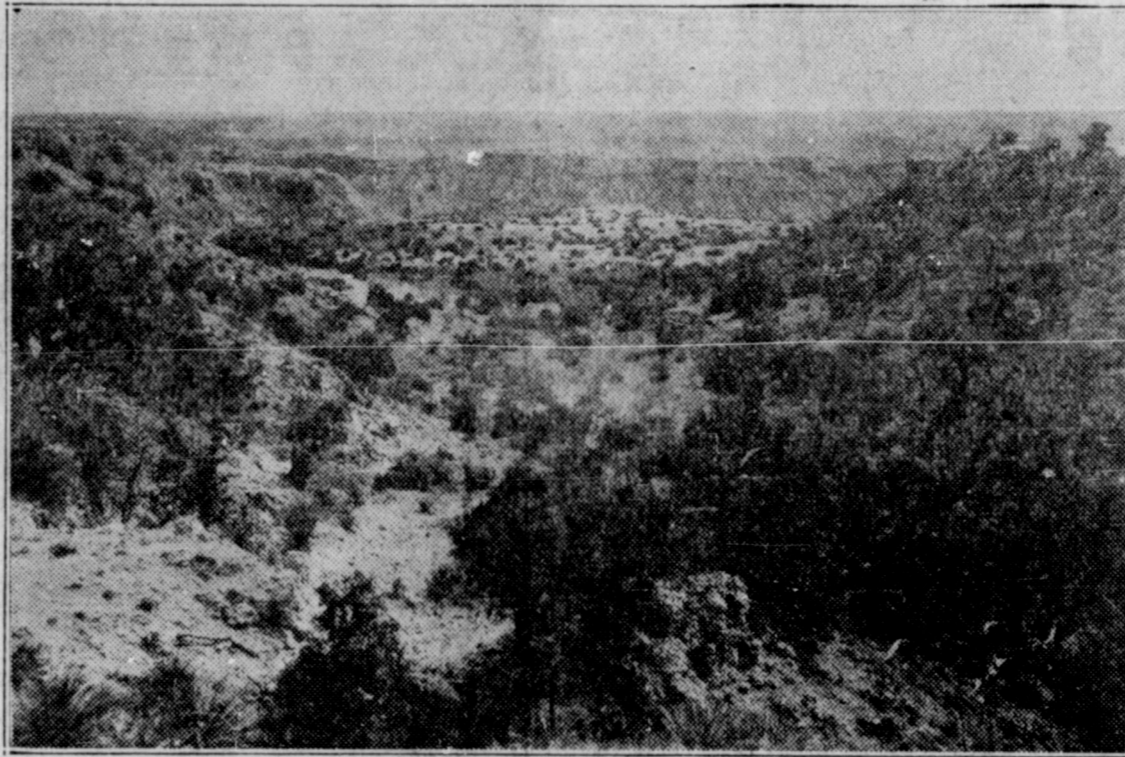

A special musical program, with a short talk by the pastor, Rev. E. B. Bowen, will be given at 8 o'clock Sunday evening at the Methodist church, honoring Mother's Day. The prelude will be played by Miss Joyce Link. Appropriate solos by Mrs. Richard Wilkerson, Mrs. Tom Goldston, James Smith, and a duet by Mrs. J. L. McMurry and Mrs. O. T. Smith will offer an enjoyable musical program, supplemented by a reading by Miss Roselyn Bass.

A special feature of the program will depict a family scene of the long ago, with an old mother in costume (Delphia Bones) and her husband (Elbert Bowen) at the old family organ, where they sing "Silver Threads Among the Gold" and "When You and I Were Young, Maggie." The organ to be used belongs to Mrs. L. Ballew, in whose family it has been for the past 27 years, and by whom it is treasured as the instrument around which her children gathered as long as they were under the family roof-tree. Those in charge of the program appreciate the loan of it, and invite the public to hear the program in which it will be heard.

Mr. and Mrs. Richard Bell of Vizo Park were week-end guests of Judge and Mrs. A. T. Cole.

Mr. and Mrs. Tom Coke Connally of Amarillo were guests of Mr. and Mrs. Tom F. Connally on Sunday.

Palo Duro Canyon at Proposed Highway Entrance

PALO DURO PARK SEEN AS CERTAIN

ROAD 30 MILES THROUGH
HEART OF CANYON TO
BE FIRST PROJECT

AMARILLO, May 10.—The Panhandle's dream for a quarter of a century—the opening of a great scenic playground in famous Palo Duro Canyon, is near realization, in the opinion of local committees and state officials.

Developments looking to the establishment of a state park in the Canyon, with a 30-mile highway down the very heart of the stupendous gorge, have been rapid during the past 10 days, with the organization of Panhandle citizens from seven counties to secure right-of-way and to assist state officials in getting work started in the immediate future on actual improvements.

D. E. Colp, chairman of the Texas Park Boards and John W. Pritchett of the state board of water engineers, spent five days in Amarillo, in viewing the Canyon and in conference with delegations from the various committees interested in the project. At the organization meeting in Amarillo last week an executive committee of seven, with T. E. Johnson of Amarillo as chairman and Clyde Warwick of Canyon as secretary, was chosen; the location of the first highway into the Canyon was selected; preliminary surveys were made

P. T. A. SPONSORS ARTIST CONCERT

SANDUSKY, TRUAX, STEPHENSON AND OTHERS IN
FRIDAY PROGRAM

The Parent-Teachers Association, which will present Robert O. Sandusky, of Shamrock, Glenn A. Truax, of Memphis, and Gus B. Stephenson, of this city, in a concert, previously announced, on Friday evening, May 12, at the College auditorium, feels that it is fortunate in being able to announce additional talent.

Mr. Ewell Noel, tenor, and Mrs. Maynard Drake, soprano, both of Memphis, have consented to appear on the program. They will be accompanied at the piano by Mrs. Margaret Morgan, of Memphis. The addition of these artists to the program rounds out an offering of musical numbers which will delight all who hear them and make this program a distinct addition to the many which have featured National Music Week's observance in Clarendon—a small city with outstanding musical advantages.

The Clarendon Band, directed by Gus B. Stephenson, will play a few numbers before the program begins. The nominal sum of ten cents will be charged to cover necessary expense incident to bringing the artists here for the program.

TWILIGHT LEAGUE OF SOFT BALLERS

TEN TEAMS WANTED FOR
SERIES OF GAMES IN
POPULAR SPORT

Formation of a "twilight league" of soft-ball teams has been started in Clarendon, and three teams have already been enrolled, with several more expected to line up in the next few days.

"Soft ball" is similar to baseball in most respects, but is played with a soft ball larger than the regulation baseball, not requiring the use of protective mitts and gloves. It is one of the most popular of outdoor sports among men and boys who like the exercise of a ball game, but do not "feel quite up to" the more exacting requirements of baseball.

The organizers hope to enroll at least ten teams, after which each team will name a member of a committee which will make up the league schedule and the league rules.

Teams have been entered by the Douglas-Goldston drug store, the State Highway department and the Men's class of the Baptist Sunday school. It is hoped that other classes, the Lions and Rotary clubs, and lodges, as well as other business houses will organize and enter teams, and thus provide games for the late afternoons that will give enjoyment to players and spectators alike.

Rotary Club Hears Report On Trip

With vice-president Dr. J. W. Evans presiding, Rotary Club members enjoyed an interesting program of reports of two of their number on conventions which they attended the past week.

J. C. Estlack reported the convention of the Panhandle Press Association which was held at Amarillo last Friday and Saturday. He made a talk before the convention on the subject, "Bartering for profit."

Dr. B. L. Jenkins, who attended the medical convention at Ft. Worth, talked interestingly on matters of general interest which came up for discussion during the convention.

An appreciated feature of the program was a poem, "Mothers, Living Mothers," written by Rotarian W. E. Ferrell, which appeared in the current issue of the club publication, "The Duzel."

BOY IS VICTIM OF "UNLOADED" GUN

CARROLL HOLLAND, 7, OF
HEDLEY, SHOT BY PLAY-
MATE SATURDAY

Carroll, 7-year-old son of Mr. and Mrs. A. A. Holland, of Hedley, is dead and his 9-year-old brother, Cecil, is recovering from a wound, as the result of a single shot from a .410 gauge shotgun fired by their 13-year-old playmate, B. L. Proctor, son of Mr. and Mrs. Clarence Proctor, Saturday afternoon about 2 o'clock.

Both boys were rushed to a hospital at Memphis where Carroll died Saturday night at 1:00 a. m. Cecil was brought back to his home Monday afternoon and is believed to be well on the road to recovery.

The News is informed that the unfortunate tragedy is regarded as wholly accidental, Carroll being unaware that a brother who had used the gun for rabbit-hunting had left it loaded. The charge of shot passed through the dead boy and struck the other in the neck and upper lungs, according to reports received here. No hope for Carroll was entertained from the time of the shooting.

Funeral services were held for Carroll Sunday afternoon at 2:30 o'clock at the West Baptist church by Rev. L. J. Crawford. A large number of sympathizing friends attended the services, several going from Clarendon. The Holland family have lived at Hedley for twenty years or more, while the Proctor family came there more recently. Both families have the deep sympathy of the people in the distress that has come to each of them in such a tragic way.

Shirley, Of Canyon, to Address Graduates

D. A. Shirley, registrar and assistant dean of W. T. S. T. College at Canyon, has been secured for speaker on the Clarendon College Commencement program, which will be held Thursday night, May 18, at 8:30 o'clock.

The processional will be played by Rhodin Chase. Musical numbers will include a piano solo by Pauline Shelton, and a piano duo by Pauline Shelton, Adaline Smith, Joy McCanne and Mrs. Elizabeth Powell. Presentation of diplomas will be made by W. A. Clark, Jr., Dean of the College, and a reading will be given by Miss Nova Cook.

Clyde Douglas and family left today for Dallas where they will visit his mother for a few days. Mr. Douglas will attend the State druggists' convention at Galveston while away.

Clarendon Boys Are Placed State Meet

In the State Track Meet at Austin last week, Hubert Reavis won third in the 220 low hurdles and fifth in the 120 high hurdles, both on which set new state records, the new high hurdles record being 14.9 and the low 23.8.

Lloyd Martin tied for fourth place in the high jump, Behrens and Watson, in high hurdles, and Linder in shot put, performing creditably. In no preliminary race did the Clarendon men do worse than take third place. This is believed to be the first time, according to O. C. Watson, Jr., who has been sports writer of The News for several months, that Clarendon High school has ever placed in the State Meet. Clarendon people may well feel proud of them.

Delegation From County Attends Convention of West Texas Chamber of Commerce at Big Spring

Odos Caraway, G. L. Boykin, H. Mulkey and Sam M. Braswell, of Clarendon, and Louis E. Thompson, of Hedley, left Wednesday for Big Spring, Texas, where they will attend the 15th annual convention of the West Texas Chamber of Commerce. Mr. Caraway is a member of the board of directors for the coming year, having been re-elected recently for his second term.

Reports will be heard at the convention on county activities in the administration of the unemployment relief work, funds for which came from the Reconstruction Finance Corporation. Administration of the funds was placed in the hands of the West Texas Chamber of Commerce by Governor Sterling. County Relief committees were set up by the regional organization with the aim of handling the relief funds without expense for overhead. A remarkable record has been made. Wilbur Hawk, of Amarillo, president

of the regional chamber of commerce, made the statement at Amarillo last week that over \$1,500,000 had been paid out for labor, only, with an actual expense of less than one-half of one per cent of that amount.

In a neighboring state, where the funds were handled differently, the overhead amounted, he said to between 10 and 15 per cent of the relief funds.

In Donley County, according to Odos Caraway, chairman of the county relief committee, a total of \$10,280 has been paid to laborers, with not a penny of deduction for any sort of local expense. A total of 633 families have received employment, about 250 of whom live in Clarendon. For the past 30 days only 169 Clarendon heads of families have been employed. Close contact has been maintained with leaders in all communities in which employment of labor was possible for local relief.

Mr. Caraway especially praised the fine spirit of co-operation on the part of the city commission and its employees, who have lent every possible assistance to carrying on the relief work. The assistance of county officials has also been greatly appreciated.

Clarendon the majority of the labor has been employed in work at churches, schools, the hospital and on the streets. On each project the results are quite apparent and speak for themselves. Furthermore, the work can be classed as permanent in nature and as work which would otherwise have had to go undone.

Clyde Douglas, who has had a vast amount of detail record work to do in connection with the relief program, recently analyzed the endorsements on the checks issued to workers, and found that practically every check indicated

MOTHER'S DAY is being observed widely in Clarendon, with many special programs at the churches. The anniversary has developed into a significant and beautiful custom, one that strikes a responsive chord in the heart of every loving child.

Clarendon people may justly feel a pride in the musical development of its young life. The programs which have already been presented and which are yet to be presented reveal a degree of proficiency on the part of the pupils and teachers alike which is highly creditable to them. Music is a refining influence and the better the quality of the music the greater its refining influence. The cultivation of musical taste for the best to be had ought to be encouraged by all who are directing the development of boys and girls.

We know a father whose daughter is a really brilliant young soprano. But the father has always shown a disposition to discount his daughter's accomplishments in music. He refuses, often, to attend programs on which she is to appear; he makes no comment on her solo work; he affects lack of interest when friends compliment her in his presence. His attitude has always been the greatest disappointment of his daughter's life, because, lacking it, she craves his praise more than any other's. Truly a strange father.

HOUSE PASSES RE-ORGANIZATION BILL

Courageously tackling the problem of reducing State expenditures by reducing the labyrinth of 138 boards, bureaus and departments to 19, the house of representatives has put it squarely up to the senate to support it in its splendid effort.

Regarded as definitely pushed aside, Rep. Harry N. Graves' bill comes into light again by a favoring vote of 101 to 24. The News has joined the press of Texas in voicing regret that neither house of the Legislature has heretofore shown any degree of interest in the plan offered by the Graves committee, appointed as a joint committee to recommend a plan of reorganization of the State government.

Admittedly displeasing to the vast army of office-holders who have fattened at the public trough, passage of the bill, as is, by the Senate will be vigorously opposed. Every local objection to it will be employed to the very limit, and en masse will be used to bring pressure against its enactment. Efforts will be made to eliminate and modify it, with the sole purpose of protecting local interests.

Modelled after re-organization of numerous other states of the union which have been able to save their tax-payers millions of dollars each year and at the same time give them more efficient government, the bill should be heartily approved by every Texan. Consideration of reduced benefits from local expenditure of State tax-money should give way to consideration of the interest of those whose tax burdens rest heavily on them. Business and industry have found it necessary to re-organize their expenditures to meet reduced incomes, and so must the State.

The total amount of delinquent taxes reported as due to the State, counties and all governmental subdivisions was \$119,645,325.00—perhaps the strongest argument that could be advanced on the imperative need of reducing the cost of State government. As long as the percentage of delinquent taxes was small enough to indicate a general ability to pay high taxes, it was easy to increase expenditures. It was done—and how!

Wholesale lopping off of unnecessary State expenditures, if done by passing the Graves bill, should be followed by general re-organization and merging of county and city government departments and offices. Here, again, an enormous saving could be effected. And it is safe to predict, if the Graves bill, as proposed, is passed by both houses of the Legislature, that there will follow a general demand that county and city government be made less expensive and more efficient.

Will anyone insist that Texas should be paying for the maintenance of 8466 tax collecting offices? Yet Texas is paying for that number.

It is earnestly to be hoped that the Senate will approve, by its vote, the bill already passed by the House, and enable Texas to "set its house in order."

AFTER-THOUGHTS on the PRESS MEETINGS

"It's good to see you back among us again" were the words which many times warmed the heart of the writer of this column of after-thoughts on the 26th annual gathering of the editors of the Panhandle. There were a few new faces among them, but the passing of three years has left most of the old-timers on the job, still eager to draw fresh inspiration and new ideas from their fellow-editors and publishers.

Good cheer and flashing wit and humorous stories and experiences, it seemed to me, were never so abundant as at the convention this year. Newspaper men, like all business men, have had tough going the past three years, but are they down-hearted? Not enough that you could tell it. In fact they were just about the most optimistic bunch of folks you could find anywhere.

Faith in their home towns, faith in the eventual return of prosperity, faith in themselves and in their fellow-men—all these were evident in spoken word and confident smile. If any of them have lone faces, they left them at home. Verily, it was good to be there.

The Will Rogers of the Panhandle press, T. E. Johnson, was elevated to the presidency of the Panhandle. Like the Oklahoma cowboy-philosopher, T. E. possesses the gift of wise-cracking with a poker face. Without effort he was able to send his hearers into ecstasies of laughter with his keen sallies of wit. A member of the News-Globe staff, it fell to his lot to respond to the address of welcome which Gene Howe, his editor-in-chief, had made. He responded in the spirit of a country editor come to Amarillo to see "if the mail edition we get is the best paper the News-Globe prints," and "who it is, anyway, that gets out the paper, as we know it couldn't be Tack or Wilbur Hawk—they are too busy with weather control and putting on fairs, follies, shows and so on." T. E. is the skipper of the "PlainSpeaking" column of the

News-Globe, and Giles should be proud of the gifted native son who claims it as his point of origin. Let no one say again, "Can anything good come out of Giles?"

Sue Vinson, who has been society editor of the Childress Index since the writer swiped her from the school-teaching profession in 1928 and who is now on the staff of the Pampa Daily News in a similar capacity, was the only woman to appear on the program. Speaking of the subject, "Us Women," which is the title of her own column, she claimed the newspaper "and all that in it is" for the women, insisting that the newspaper which regarded a so-called "woman's page" as being sufficient for its women readers was missing the target widely. "Don't forget that women buy 85 per cent of all goods sold and that your advertising will be most effective if it has reading matter next to it that will interest them," she insisted. A pleasing speaking voice and the ability to phrase her thoughts in really correct English, coupled with inherent wit and humor, added new laurels to a writer whom I heard characterized as one of Texas' best women columnists. And I agree with considerable chestiness, seeing as how I must modestly admit that I discovered the sparkler when it was in the rough.

The press folks in Amarillo are jam-up hosts and it is a real pleasure to meet in their city, Lyman Robbins, of the News-Globe staff, in his invitation for next year's meet, said, "Where else can you meet, anyway?" The vote indicated that ye editors did not want to meet anywhere else. The Amarillo folks go the limit—and that's all that any city could do. Col. Ernest Thomson always tenders a banquet and the News-Globe folks—well, we'll not soon forget the souvenir edition of The Globe, nor the wonderful barbecue at the grounds, in one of the big new exhibition buildings. It was attended by visiting editors, the News-Globe's entire force of employes, and all its advertisers. And what a feast was provided!

John McCarty, modest violet of the press, pointed out a significant feature of the convention—that of using its own talent

throughout the two days. Both the welcome and the response addresses were made by members of the press, and it was not necessary to call in a minister to invoke Divine guidance for the proceedings. And all these details were well looked after by those to whom they were delegated.

Col. Erasmus Tack defended

his period of mistaken weather forecasts vigorously, and—undismayed soul that he is—wound up with a bold prediction that those sections of the Panhandle that had a rain would be drenched by Sunday night or Monday morning. But something slipped, somewhere, unless he meant drenched with dust. That's all right, Tack. We love you none the less for

your mistakes. We make 'em ourselves.

I've got to leave out much that I'd like to say, because of the demand for space by our advertisers, whose requests can not be denied. That is, none except beer advertisers... Yes, after-thoughts of the convention are nothing but pleasant thoughts.

School Notes

By SLOAN BAKER.

The Rural Aid Warrant is in the hands of the County Depository, but will not be cashed until called in by the State General Fund Treasurer.

The Rural Aid Bill, No. 254 in the House of Representatives, provides for \$6,000,000 during the next biennium. Transportation of pupils to high schools is provided for in this bill and high school tuition is also taken care of. The rural aid supervisor will be dispensed with if this bill becomes a law, putting that duty in the hands of the County Superintendent and the local trustees. The Senate has a similar bill providing for \$8,000,000 the next biennium. The Senate and House Committees are working on these two bills in conference.

Reports from Hudgins and Ash-tola indicates that the Trustees-Teachers meetings were well attended.

District No. 4 and an interesting Trustees-Teachers meeting, J. W. Pierce of McKnight was in charge of the meeting. H. W. Cauten, trustee of McKnight, discussed the subject, "Why the school?" In this discussion he said, "We have the wrong idea when we say an education fits one so he won't have to work so hard, and should supplant this idea in the child's mind with the idea that an education aids one in doing his work better so he can be of more service in life."

Miss Florine Hollingsworth brought out the thought that in our school work we should try new ideas. Her discussion of "Get Out of The Rut" was practical and interesting. Mr. Walker stressed his interest in schools as a patron. C. W. Howard said, "The attitude of the pupil in school reflects the attitude of the parents at home, and the parent and teacher should co-operate in every way to make the pupil see the value in an education." The meeting adjourned to meet at 8:15 the last Friday night in May.

If you have RHEUMATISM do this

Get some genuine tablets of Bayer Aspirin and take them freely until you are entirely free from pain.

The tablets of Bayer manufacture cannot hurt you. They do not depress the heart. And they have been proven twice as effective as salicylates in relief of rheumatic pain at any stage.

Don't go through another season of suffering from rheumatism, or any neuritic pain. And never suffer needlessly from neuralgia, neuritis, or other conditions which Bayer Aspirin will relieve so surely and so swiftly.

Mrs. Edgar Brittain Is Complimented

Mrs. Edgar Brittain, of Jacksonville, Texas, who is here for a visit with her mother, Mrs. O. L. Fink, has been the inspiration for a number of parties this past week. Mrs. Brittain will be remembered as Miss Florence Fink.

First of the many delightful parties honoring her was Friday afternoon when Mrs. Tom Murphy entertained with a lovely party at her home.

In the games of bridge which formed the entertainment, awards went to Miss Betty Weatherly for high and to Mrs. Brittain for guest prize.

At the conclusion of the games a delicious two course afternoon luncheon was enjoyed by Misses Nell Butler, Lillian Murphv, Wylfa Lee Alexander, Betty Walker, Laticia Benson, Josie Mae Davis, Julia Mae Caraway, Betty Weatherly, Zell Rodgers, Mesdames Ben Tom Pruitt, H. A. Witt, Miss Little, Durwood Skelton, Meade Haile, and the honoree, Mrs. Edgar Brittain.

On Saturday evening, Mrs. Johnnie Tucker honored Mrs. Brittain with a Buffet Supper and Slumber Party at her apartment. Attending were Misses Lois Alexander, Josie Mae Davis, Laticia Benson, Wylfa Lee Alexander, Betty Walker, and Mrs. Brittain.

Miss Lois Alexander was hostess to this same group on Sunday for a sumptuous dinner at the home of her parents, Mr. and Mrs. R. H. Alexander.

In keeping with this gay spirit, Mrs. O. L. Fink entertained with a Dinner-Bridge on Monday evening for her daughter.

The tables were made very attractive with favors and nut cups of pink and green. Following the dinner, games of bridge were played with Miss Laticia Benson winning high score and Miss Julia Mae Caraway being fortunate in the cut for consolation.

To enjoy this were Miss Laticia Benson, Miss Eleanor Morris, Miss Julia Mae Caraway, Miss Lois Alexander, Miss Betty Walker, Miss Wylfa Lee Alexander and Mrs. Meade Haile, Mrs. Johnnie Tucker, Mrs. Tom Murphv, Mrs. Joe Bounds, and Mrs. Millus Little.

A buffet supper was the order of the evening when the crowd gathered at the home of Miss Laticia Benson on Tuesday.

The table was laid with a lovely cloth and centered with a beautiful bouquet of roses, while pink tapers cast a soft glow over the pretty setting.

After the supper the guests adjourned to the Pastime Theatre where they saw "Pick Up."

Those attending were Misses Betty Walker, Wylfa Lee Alexander, Julia Mae Caraway, Lois Alexander, Mesdames Johnnie Tucker, Joe Bounds, Edgar Brittain, and the hostess, Miss Benson.

THANK YOU, NEWS

School is out again. Another year is gone, and "The Broncho Range" is another year older. This is the last publication of the school paper for this year, but next year it will go on again a larger and better paper. The student body has, as a whole, supported and aided very much this year in keeping the paper going. "The Broncho Range" wishes to thank the students for their interest and support. I, as the editor, am very grateful, and I am sure that everyone else

connected with the paper is also. I sincerely hope that the editor next year, whoever he or she may be, will take "The Broncho Range" and make of it a large, interesting, well-read paper and build it up as a whole in a way that I in my limited ability have not been able to do.

Now, in behalf of the school staff and the school as a whole, I wish to extend my gracious thanks to the Clarendon News and its staff for their kindness in making it possible for the school to have a paper. For the last two years The Clarendon News has furnished the school with a whole page in their own paper for school news alone, and the school cannot tell Mr. Braswell and his associates how much it appreciates it.

BILL WORD,
Editor-in-Chief.

SENIOR CLASS MEMBERS HAVE INFORMAL PROGRAM

An informal program was presented by members of the Senior Class on Friday night, May 5. A gratifying number of parents and friends were present. The following program was presented: Processional, Soldiers March, Faust—Pauline Shelton, Adaline Smith, Delphia Bones, Mrs. Powell Words of Welcome—Archie Waters.

Best Poem of 1933—Marjorie White.
 Violin Solo—Harvey Lou Strawn.
 Class History—Bob McKee.
 Class Prophecy—Ruby Armstrong.
 Piano Solo—Delphia Bones.
 Class Will—Elizabeth Dunn.
 Presentation of Key to Juniors—Alfred McMurtry.
 Acceptance—Evelyn Watson.
 Choruses—Senior Class.
 These numbers were given in an entertaining manner. Especial-

ly interesting were the class poems ready by Marjorie White. These were written by F. L. Behrens, Callie Walters, and Edna Blair. Many interesting facts concerning this year's Senior Class were unearthed by Bob McKee in the class history. The class of 1933, with a membership of 52, is the largest class ever to graduate from Clarendon High School. A large percentage of the class Membership have an average of 89 or better for their four years of high school work. This ranking in scholarship is exceptional.

The class Prophecy, given by Ruby Armstrong, and the Class Will, given by Elizabeth Dunn, furnished a great deal of fun. President Alfred McMurtry, of the Senior class, made the speech which marks the annual presentation of the "key of knowledge" to the Juniors. Evely Watson, president of the Juniors, accepted it with a few well chosen remarks, paying tribute to the Seniors. The beautiful music furnished by Mrs. Powell and her pupils was greatly enjoyed.

SOPHOMORE CLASS MEETING

The College Sophomores held a class meeting at the fourth period on Monday to make final plans and arrangements for their graduation exercises. The Baccalaureate Sermon will be held on Sunday, May 14, at the Methodist Church. The Sophomores will receive their diplomas Thursday night, May 17.

Members of the Sophomore class are: Jean Catherine Bourland, Dorothy Jo Taylor, Marjorie Helen Harlan, Joe C. Rolis, William Coleman Wood, Helen Lawler, Josephine Murphy, Pauline Sanford, Pauline Shelton, Leone Elizabeth Merritt, Virginia Wisdom, John Franklin Draffen, Silas Richard Franklin, Ruby Agnes Oakley, Nova Cook, Paulene Roth Slover, Carroll Holtzclaw, Homer Clayton Powell, R. V. Hatley.

TRACK

In Austin at the State track meet two Clarendon boys placed. The places were not exceptionally high, but nevertheless, they placed and that means something. Hubert Reavis placed third in low hurdles while Lloyd Martin tied for fourth in high jump. All students are glad that these five boys, Hubert Reavis, Lloyd Martin, F. L. Behrens, Delbert Linders, and O. C. Watson, could go to Austin. Also every one hopes that they will be back in school here again next year to win more honors for their school and themselves.

KIDDIE PARTY

The Home Economics Girls No. 1 had a kiddie party Friday afternoon with about thirty children present. The girls entertained the children on the lawn with games, story telling, and sewing. Ice cream was later served and each child reported a good time.

HOME ECONOMICS

Eighty-five have already enrolled for Home Economics next year. There will be one section of boys, two sections of first year girls, and two of third year girls.

Palo Duro Literary Society

The Palo Duro Literary Society had planned a theatre party for Wednesday night, May 3, but the much welcomed rain that fell on that evening and night made it impossible for members to meet and go. Every one was so glad to see the rain, however, that having to sacrifice the party did not amount to much.

On Wednesday, May 10th, there will be no meeting of the society. The farewell meeting will be held on Wednesday night, May 17. This will not only be a farewell meeting but a get-together meeting of the students to celebrate the "finis" for school until next September.

BIOLOGY

Most of the students in the college biology class are working furiously on projects appointed to them by their teacher, Mr. Clark. The great incentive toward working the project is that the students have their choice of taking this project or taking the final examination. Naturally the students would choose this alternative even though it may be more difficult than the exam. All students have a peculiar aversion to examinations.

Some of the projects are to secure twenty-five different kinds of wild flowers growing in this country, press them, give common name, and scientific name; to secure ten different species of butterflies giving common and technical names; to kill a cat and clean all bones so that the skeleton might be preserved.

SOPHOMORES

The fact that school is almost out, and that several Sophomores have made poor grades on the mid-term examination and daily grades, have awakened us to the realization that we must make good on the final exams if we wish to be Juniors. We hope that all will pass, with none of us left behind. We now realize that most of us could have made better grades if we had only studied more.

We need to thank our instructors for their patience and encouragement. We realize the work has been very trying at times, but now that school is almost at a close we shall forget that. We hope that all of us have a nice vacation, and are ready to come back to school with the aim of making good grades.

Library Notes

By MRS. C. A. BURTON

Such happy news for this week. New books—thirty-nine of them—some of the things you have been wanting to read ever so long. The long summer days are just about upon us and with these you can start your vacation reading—and then we hope to have some more later.

"Conflict"—Olive Higgins Pro-

ASSEMBLY REPORT

At 9:20 Wednesday morning assembly was called for the College and high school students. Mr. Burton introduced a speaker, Mr. Marks, who had visited this school five years ago and made a talk. Mr. Marks announced that on the next day, Thursday, he was going to talk about Hollywood and tell things he knew to be true about it. He passed around pictures of himself as he was in several pictures that he had played in. The charge for this lecture was to be a dime. Everyone was urged to come.

Alpha Delta Psi Literary Society

Most of the Alpha Deltas, with several invited guests, motored to the Lawler ranch near Silverton Friday afternoon. After several displayed their adroitness in riding wild mules and milking cows, the boys took orders from Kenneth Brown, who was chief cook and bottle-washer, to dig and prepare the barbecue pit. After supper there were various diversions until about 2:30 that night when the "gang" resorted to drinking coffee, and barbecuing the chickens for lunch the next day. The heavy dew made the bunks somewhat uncomfortable, but this did not interfere much since no one except George McCleskey attempted to sleep his regular hours. George says that he must have his regular nine hours whether there is a picnic or whatnot.

Many saw the sun rise for the first time this year because no late sleeping was permitted. By seven o'clock everything was repacked, loaded, and ready to start for the more remote and precipitous canyons. Lu McClellan seemed to be more thoroughly impressed with the beauty of the natural surroundings because while he was in quiet repose observing "a white goat on a mountain top," the acclivity under which Lu was reclining released a fair sized amiable boulder which contracted his head with quite a force of impact. However, he says that he will live. After several hours of descending and ascending, the guests drove back to the ranch house and ate lunch. By this time most everyone was ready to return home.

Don't you agree with me that this is happy news? The "depression" has made new books for the library very scarce and so we greatly rejoice over these.

ICE PLANT ANNOUNCES NOVEL GUESSING CONTEST

To demonstrate the heretofore unequalled ice-saving claimed for the now widely known "Coolerator" line of refrigerators, Jas. Trent, owner of the Cold Storage Power company's ice plant, announces in a display ad in this issue of The News, a novel guessing contest.

A "Coolerator" has been placed on display at Bartlett's grocery store, where its new and unique features may be examined, especially its patented arrangement by which only the bottom surface of the ice-block contacts the circulating air, effecting a uniform low temperature regardless of whether the ice chamber is full or nearly empty.

One hundred pounds of ice will be placed in the "Coolerator" Monday morning, May 15, by the judges, Mayor W. P. Cagle and A. L. Chase, who will then seal the ice-door. It will be opened by them on Saturday, May 20, at 3:00 p. m. and the remaining ice weighed. Women heads of families who visit the display will be allowed to guess at the weight of the ice when the door is unsealed, the advertisement stating that two prizes will be given to the two ladies who guess nearest its weight. The guess is free to all visiting ladies.

Utility Man Says Business Improving

M. E. Perkins, of the commercial department of the West Texas Utilities Company, who was in the city this week, reports that his company's sales of Frigidaires since Jan. 1st is 90 per cent greater than for the same period of 1932.

"The increase in our sales on this line of merchandise can be taken to indicate a better disposition to buy on the part of consumers and is in line with the general reports of other lines of business," said Mr. Perkins.

POISON
 in Your bowels!

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstore sell.

Re-forestation Work
 The same committee is also holding the work incident to enrollment of young men for re-forestation work. About 70 applications have been received. Four men have been sent to Amarillo for physical examination, three of whom were rejected as unequal to the nature of the work. The committee expects to approve an application from other points in the county every time it approves one from Clarendon and will do all in its power to see that young men who can meet all their requirements are finally enrolled in this work.

Palo Duro Canyon—

by the state officials and local committees are now securing right-of-way.

In the picture on this page is shown the point where the scenic highway will enter the Canyon 11 miles east of Canyon City at the exact site where Col. Charles Goodnight drove his first herd of cattle into the Palo Duro 56 years ago. The highway will follow his trail for 25 miles to the site of his first home-stand, and will extend five miles farther to where it connects with a road crossing the Palo Duro almost due south of Claude, thus affording an outlet both north and south. The ultimate plan is to extend other outlets to Clarendon and Memphis on the East, Tulla to the south and Amarillo to the northwest, but first efforts are being centered on the 30-mile improvement program down the Goodnight trail. A splendid road now runs to the point of entrance from Canyon City, a distance of

11 miles.
 Serving on the executive committee with Mr. Johnson and Mr. Warwick are the following county directors: Ed Baird, Randall; L. P. White, Armstrong; Odos Caraway, Donley; Dr. W. C. Dickey, Hall; Dr. J. W. Stevens, Swisher and J. E. Bain of Briscoe.
 Local committees in each county are now obtaining right-of-way on roads approaching the Canyon and also assisting on the main driveway through the gorge, which runs through the Panhandle for a distance of nearly 100 miles.

Full co-operation also is being given the committee by the state park board, the state highway department, the health and game departments and by the West Texas Chamber of Commerce through President Wilbur C. Hawk of Amarillo. Prospects are that dirt will be broken on the construction of the highway within 30 days, leading to the location of a number of government conservation camps in the Canyon where hundreds if not thousands of Panhandle men will be put to work on one of the outstanding relief programs of Texas.

Mrs. H. Lott Dies At Amarillo Home

Mrs. Fannie Lott, wife of H. Lott, died at her home at 1309 Monroe Street, Amarillo, at 3:00 a. m., Thursday, May 10, 1933, after an illness of about one year. For the past seven months she had been at El Paso, returning this week to her Amarillo home.

Funeral services were held today at one o'clock at Polk street Methodist church in Amarillo, of which she was a member and very active in all ladies' departmental work. The service was held by her pastor, Dr. J. T. McClure. At its conclusion, the funeral party left for Clarendon where services were held at First Methodist church, of which she was an active and useful member for many years prior to the family's removal to Amarillo in 1925.

The Clarendon service was held by the pastor, Rev. E. B. Bowen, in the presence of a large number of sorrowing friends of the family who loved the departed woman for magnificent Christian wifehood and motherhood which she has consistently exemplified. A truly good woman has gone to her reward.

Daughter of John M. and Kate Warren, Fannie Warren was born Dec. 18, 1887, in Hamilton county, Texas. She was married in September, 1906, to Hervey Lott making her home here continuously until 1925, since which time they have lived at Amarillo.

In addition to her husband, she is survived by four sons, Vestal, of Lubbock; Warren, Harold and Billie of Amarillo; and a daughter, Marjorie, of Amarillo; two brothers, J. A. Warren, Clarendon, and D. Ray Warren, Las Vegas, N. M.; three sisters, Mrs. C. J. Talley, Clarendon, Mrs. T. F. Mace, Amarillo, and Mrs. Lee Alley, Pampa.

Mrs. W. E. Mullins Dies On Way Church

Friends and acquaintances of the family were shocked by the death last Sunday morning of Mrs. William Emmett Mullins, of Hedley, who fell dead while on her way to the morning service at the Missionary Baptist church of that city.

Funeral services were held Monday afternoon at 3 o'clock at her church by the pastor, Rev. Crawford. A large number of friends and relatives gathered to pay tribute to the departed woman. Funeral arrangements were made by Buntin and Son, morticians, of Clarendon.

Emma Belle Kidd was born April 21, 1869 in Grayson county, Texas. She was married to William Emmett Mullins on Dec. 3, 1885, nine children being born to them, two of the children and her husband preceding her in death.

She was converted and joined the Missionary Baptist church at Cottondale church in Wise county, Texas, in 1895, since which time she has live a devoted Christian life.
 Three sons, Joel, Curtis and Tinsley, all of Hedley, and four daughters, Fannie, of Hedley, Mrs. Lois Flemmings of Sweetwater, Texas, Mrs. Ruth Jamar of Blanchard, Okla., and Mrs. Ruby Keller of Keensburg, Colo., are left to mourn her passing. There are also fifteen grandchildren and two great-grandchildren.

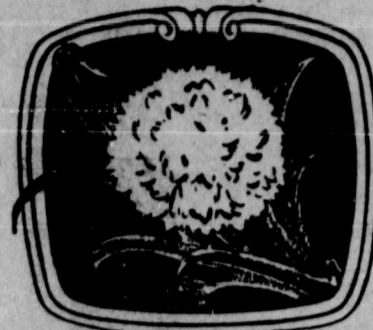

C. C. POWELL PURCHASES CLARENDON ABSTRACT CO.

The Clarendon Abstract Company's plant, equipment and goodwill, owned by J. J. Alexander and son, Cecil Alexander, has been purchased by C. C. Powell, it was announced this week. The abstract office was established in 1921 by L. E. Crowder and bought by the Alexanders in 1923, who have specialized in general title and conveyancing business.

Mr. Powell has been in the fire insurance and loan business for several years and the merging of the two offices enables him to offer a complete title and insurance service in one office. He has already moved his office from the Donley County State Bank building to the abstract office, where he will be glad to meet his friends.

Cecil Alexander has accepted a position as credit manager with the Day and Night Furniture company, 1301 Houston street, Ft. Worth, and will move there this week with his family. His father will join him there shortly. Coming to Clarendon 33 years ago, J. J. Alexander was county and district clerk in 1912-18, and county judge from 1929-33. He was deputy sheriff under sheriff L. C. Beverly from 1902 to 1904.

The Alexanders have many friends who will regret to see them leave here, but who wish them all possible success in their new home.
