

**The Broncho Range**  
(Continued From Page Six)

C. H. S.'s most popular and versatile boy. He was born in Clarendon in 1912 and has attended Clarendon High School seven years.

Laverne Lott, who contested with Sarah Virginia McGowan for the title of the most popular girl, won by a majority of 80 to 43. Laverne was born in Clarendon in 1916. Her scholastic record is far above that of the average student. Basketball and volley ball have contributed the athletic element to Laverne's life.

**Sophomore Report**

Woe is us! What a week! We are really working, no fooling. These six weeks tests we are having are absolutely awful, terrible, and several other like adjectives. We have just finished our Spanish and Economics exams, and we are in suspense as to the grades. And, what's more, English and Algebra are yet to come. We have often been told that our school days are the happiest of our life; however, we sometimes find it hard to believe that statement.

Everybody is working on Interscholastic League work and seems to be making fine progress.

Those of us who are hoping some day to go see the Sahara desert decided that it blew over to see us the other day; we have changed our plans.

We are not envious but we wish that we could go to the Junior-Senior Banquet; that is all we have heard for about a month. We cannot blame the Juniors and Seniors for being enthusiastic, because we would not mind going ourselves. The only sophomores who will attend this event are those girls who will serve their upper classmates.

**Jr. High Report**

The Junior High girls' volley ball team trampled the Senior High team Monday evening. The Junior girls met victory with a score of 40-32. Now don't say they can't play volley ball.

Deah old six weeks tests are here once more. Don't we all just dearly love them? If there is anybody that does, I certainly should like to meet them.

The Clarendon Boy Scouts presented a splendid program at the Junior High, Thursday afternoon, February 15, in which several of our boys took part. I am sure everyone enjoyed it immensely and all learned at least one thing we didn't know before.

The Junior High will have a program Wednesday afternoon in honor of George Washington's birthday. The principal number on the program will be a talk on George Washington by William Sullivan. There will be a vocal solo by Dorothy Kerbow, a reading by Gene Teat, and a piano solo by June McMurtry. I know we are all going to enjoy it very much.

There are a number of the Junior high pupils out of school this week. Be careful. Don't let the measles get you down.

**La Salamanca Club**

La Salamanca, Spanish club of Clarendon High School, will put on a general program Friday 23, to which the public is cordially invited. The program, which will be a variety one, will begin at 1:00 o'clock. As usual, the session will open with the singing of the club song, La Salamanca, after which roll will be answered with a Spanish proverb.

The numbers on the variety program will consist of a violin solo by Virginia Cluck, accompanied by Eloise Hill, who will play an old Spanish California folk song, "Es el Amor Mariposa" (Love is a butterfly); group singing of the Mexican song, "Cielito Lindo (Beautiful Heaven);" and a vocal duet by Peggy Word and Laverne McMurtry, "La Primavera." Kathryn Cornell (not Katharine) will accompany them.

Two Spanish one-act plays will be given one dealing with life in the city of Valencia, will be given by the Spanish III students; and the other with setting in a remote, castilian village, titled, "Corrio Cambia Los Tiempos" (How Times Change) by the Spanish II-b class. A Cuban love song will be sung by Mary Lois Hayter. She will be accompanied by Eloise Hill.

**BAND PLAYS AT HEDLEY**

Thursday the Clarendon Orchestra went to Hedley to attend a school banquet. The boys furnished delightful music all during the banquet. Mr. Stephenson played two special-

**LOCAL BUSINESS MEN STAND HIGH WITH THIS TEXAS INSURANCE FIRM**

An interesting advertisement is being carried in this issue of The News by United Fidelity Life Insurance Company of Dallas.

Two of the group pictured thereon are local business leaders. One is Fred E. Chamberlain, vice-president of the Donley County State Bank, who is a member of the directorate of the Texas company. The other is of George B. Bagby, local agent for the company, who is a member of the agent's advisory board for the company.

Mr. Bagby should be congratulated on the wonderful record he has made and is making for his company. His is a strong personality. He has a keen mind, ever alert to the opportunities for enlarging the already good business written for the company. His standing in the county speaks for himself. One of his many rewards was the recent trip to Monterey, Mexico, on which he took his mother.

**REAL BOOSTER TRUTHS ON SOUTHERN CALIFORNIA**

W. B. Hall handed the News the following which speaks for itself:

"Southern California"  
Oh, come to the land of the western sun  
Where every business is overdone.  
Where the stores charge freight on goods made here,  
Ask them the reason, they think you queer.  
They serve you climate with your meals  
It's so blamed hot your back just peels.  
The "Ananias Club" includes the state  
From San Diego to the Golden Gate.  
The movie stars marry twice a year—  
Would marry again if the way were clear.  
The grapefruit here is something fine,  
A cross between a lemon and the pumpkin rind.  
The cows eat barley instead of hay,  
And the cream gets lost in the milky way.  
They sell you lots that are made by hand,  
And make you believe that it is really land.  
The view of the ocean is very nice—  
That is included with the price.  
They claim that it is wet if it rains once a year,  
You don't get so dry you can't shed a tear.  
The chickens have lice and the dogs have fleas,  
The desert wind blows and oranges freeze.  
We shovel sand, you shovel snow,  
Just about a standoff, as far as I know.  
So tune up your fliiver and start for the West,  
Where jobs are scarce and pay is less.  
Bring all your cash and plenty of clothes—  
When you get any more, the Lord only knows.  
I'm telling this story, which I know is true,  
As seen by me through eyes of blue.  
If the booster club gets this back,  
They will change my eyes from blue to black.  
They ask us to write the truth to a friend,  
Now I have done so and this is the end.  
—Anonymous.

**MISS SHELTON RECEIVES HONORS CANYON COLLEGE**

CANYON.—Pauline Shelton and Helen Slater of Clarendon were listed on the honor roll of the West Texas State Teachers College for the first semester.

Both the number of honor students and the college enrollment have shown great increase this year, the latter being an all time record is believed to be the new increments offered by the Nine-Weeks plan which the whole state has been anxiously watching.

Students who enter the college at the beginning of the last nine weeks, which starts on April 2, can by going to school this next summer and the first half of the next fall term, complete a full college year's work, provided that a "B" average is maintained in studies.

ties on the saxophone. The Home Economics Department of the Hedley High School furnished delicious food. After all had finished eating, interesting talks were made by Superintendent Sloan Baker and different representatives of schools over Donley County.
