He is serving this year as assistant in the Physics laboratory of the college.

Mr. Miller is a graduate of Clarendon College Academy, Clarendon College, and West Texas State Teachers College. The college which he is now attending is a professional for osteopathic physicians.

He is a member of the June 1935 class, and the course which he is taking leads to the degree of Doctor of Osteopathy. Mr. and Mrs. Miller and baby daughter are living at 808 East Harrison Street in Kirksville.

Miss Miller will be remembered here as Miss Lois Bairfield, daughter of the late Wint Bairfield, prominent Donley County rancher.

COTTON CONTROL BOARD IS FORMED

MEETING OF DONLEY COUNTY FARMERS NAME CONTROL COMMITTEE

Donley County members of the 1933 Cotton Plow-up committees met Wednesday afternoon at the Legion Hall at the call of County Agent T. R. Broun for the purpose of electing a County Control Committee. After explaining the purpose of the meeting the County Agent Broun called for nominations from the floor for three members to the County Committee for 1934-35. It was stated by the agent that the members elected would hold office temporary until such time as they signed up the cotton reduction contract for 1934-35 when they would become permanent and that in the event any officer elected should fail to sign up the 1934-35 contract he would be automatically removed from the place and another member elected to the committee to replace the office so vacated.

J. G. McDougal was nominated by W. C. Bridges, M. M. Noble was nominated by Edwin Baley and E. L. Lewis was nominated by Nollie Simmons.

O. L. Jacobs moved that the nominations cease and that J. G.

RE-CATALOGING COLLEGE LIBRARY

GRADUATE LIBRARIANS ARRIVE FOR WORK—NEW BOOKS NEEDED

Two graduate librarians have been engaged to catalogue the Clarendon College and High School library. Miss Willie Glenn Parton of Waxahachie, Texas, and Miss Joyce Johnson of Eastland, Texas, have been employed until February 15. Miss Parton has a B. S. degree from C. I. A. with library science as her major. She has catalogued libraries at Denton, Ferris, and numerous other places in Texas. Miss Johnson has a B. A. degree from Tech. at Lubbock and a B. S. degree from C. I. A. She was engaged in additional library work at C. I. A. at Denton, Wyoming University at Laramie, and Colorado Agricultural College at Fort Collins. She has catalogued the Lubbock County Library, the Eastland High School Library, and the Eastland Public Library, and has worked in Tyrell Public Library at Beaumont. Misses Ruth Donnell, Hazel Gilbert, and Agnes Oakley have also been engaged to assist the librarians in cataloging the library.

The entire library is to be gone over thoroughly. Books torn to the extent of being worthless are to be discarded. Every book will be filed and the library will be 100 per cent usable. Students will find it infinitely more easy in the future to find books that are needed.

Due to the conditions of the school in the past few years, the library has, perhaps, suffered more than any other department in the school. The Board of Trustees for the library as they would like, therefore, additions are needed. For several weeks a Book Drive has been in progress but the people have not been responding as readily as they should.

For many years the school has had one of the best libraries in the state, and it would indeed be shameful to see a library such as this one has been to deteriorate when with the cooperation of the town it could be replenished.

Any serviceable books or back numbers of magazine dating back as far as January 1925 will be gratefully received and will be accessioned with due credit. Look up your old books and magazines and telephone 194-J, the Administration Building, and the books will be called for by members of the faculty or students. Or, if more convenient, interested persons may drop a card in the mail addressed to the college and arrangements will be made to get the contributions without trouble or inconvenience to the donor.

McDougal, M. M. Noble and E. L. Lewis are elected to constitute the County Cotton Control Committee by acclamation. The motion was seconded by J. T. Mayo, and carried unanimously.

The chairman declared the committee elected and stated that they would accompany him to Memphis Thursday to attend a meeting of four counties to work out the details in connection with the 1934-35 contracts.

The following were present at the meeting: W. B. Ayers, M. M. Noble, E. L. Lewis, M. S. Swinburn, Edwin Baley, J. T. Mayo, Nollie Simmons, W. C. Bridges, Ed. Kinchloe, J. G. McDougal, G. L. Boykin, R. W. Moore, Gordin Thom's, Sam Spradling, M. W. Hatley, Wilson Grey, J. W. DeBoard, O. L. Jacobs, W. M. Pickering, A. E. Ranson, B. A. Kyser, Calvin A. Waddell and J. W. Bland all members of plow-up committees for 1933 and a few other visiting and interested farmers.

Mr. and Mrs. Jerome Stocking returned home Sunday from Louisiana where they spent the Christmas holidays.

New Manager At Shamburger Yard

George E. Ragland, of Vernon and Electra, is the new manager of the local Shamburger Lumber Co., yard, having recently assumed his duties to replace Earl Alexander, who has been manager for the past several years. Mr. Ragland has been with the company for many years except for a period when he was in the grocery business at Electra, and for four years when he served as mayor and city manager of that city. He is known as a very capable manager and seems pleased to be located in Clarendon.

Mr. Alexander will probably be assigned to some other company yard in the next few days or may take up the auditor's work for the company in this territory. Earl has many friends here who regret to lose him from Clarendon but wish him much success in his location wherever it is.

COUNTY OFFICIALS AFTER NEW ROADS

JUDGE AND COMMISSIONERS GO TO AUSTIN MONDAY FOR HEARING

Persuant to an application made to the highway department by County Judge Sam Lowe, for the designation of state highways South from Clarendon and North from Hedley, the county officials have been notified of a hearing to be held at Austin, Monday, January 8th. This meeting with the highway Commission was first scheduled for Dec. 11th, but was postponed on account of press of other matters.

Plans have been made for Judge Lowe and Louie Thompson of Hedley with the four Commissioners to go to Austin and represent the two projected designations at the hearing and every effort will be made to have the present county roads given state designation. This will mean state maintenance of the two roads and will likely lead to final hard surfacing as the funds are available.

The road North from Hedley runs across the river to McLean, while the road South from Clarendon is the old Brice road. Both of these roads are valuable routes for the people of Donley County and there is much interest over this vicinity about the outcome of the hearing.

Balloon From Here Found At Lockney

On the morning of December 26th at 9:30, Houston Gattis sent up three toy balloons filled with natural gas and with a note giving his name and address attached.

Tuesday he heard from one of them for it seems that by noon of the same day he sent them up, one was found at Lockney, Texas by Irving Bennett, who wrote Houston about finding it. If the News is any judge of speed, this sounds like that little balloon really got up and went place and at a high rate of speed, too.

She is survived by her parents, grandparents, and several aunts and uncles. The News joins the many friends of the family in sympathy to the sorrowing parents.

GUN BATTLE HERE COSTS DEPUTY EYE

DEPUTY GUY WRIGHT SHOT BY G. W. SHOFFITT, GETS FLESH WOUND

One of the most lamentable occurrences of the past year in Donley County was recorded shortly after 9:30 Sunday night, Dec. 31st, when a gun battle flamed between an alleged bootlegger and the sheriff's department.

G. W. Shoffitt, 60, a bullet wound in his right arm, is in the Donley county jail here, and Guy Wright, 33, chief deputy sheriff, his left eye shot out, is in a hospital at Amarillo as the result of a gun battle Sunday night.

Shoffitt is charged with assault with intent to murder. The battle between Shoffitt, Wright and Sheriff Guy Pierce followed a liquor raid at Shoffitt's home.

Sheriff Pierce carried his wounded deputy from the scene under a rain of rifle fire piercing the car door the officer was trying to open.

"About 9 o'clock Sunday night Wright and I overheard a liquor deal at Shoffitt's house," said the sheriff. "When the man came out we searched him and found a pint of liquor. The man was put in his own car and then we raided the house."

"We found another pint bottle of liquor about three-fourths full and as Shoffitt recently sentenced on a liquor charge, I remarked to him: 'It looks like you're trying to break into the penitentiary.' Shoffitt did not reply."

Sheriff Pierce said he and his chief deputy had left the house and were about 25 yards away when he noticed Shoffitt was following not more than 20 paces away.

"He was waving a shotgun and I yelled at Wright to look out," the sheriff continued. "As Wright wheeled around Shoffitt shot. Wright opened fire and so did I. When the shotgun was discharged a second time Wright slumped to the ground."

The sheriff had fired five times and Wright had shot four times at Shoffitt, but both were evidently firing too rapidly to be accurate.

"I picked Wright up and started for the car, which was parked about 100 yards from the house," the sheriff said. "Shoffitt returned to the house and came back with a high powered rifle and reopened fire. He shot at me seven times while I was lifting Wright over a fence and trying to open the car door. Two of the rifle bullets tore into the car door."

The wounded chief deputy was hurried to a hospital.

"After I took Wright to the hospital," Pierce said, "I got my brother, I. B. Pierce, who is a constable, and we went back to get Shoffitt, but he was not at the house. We found him in his car near the outskirts of town. He was not armed."

Sheriff Pierce said he found the shotgun and rifle in Shoffitt's house.

Wright had four shot in his left eye-ball and about 20 shotgun pellets in the left side of his head near the ear. He is reported as resting easily and seemingly out of danger.

Sheriff Guy Pierce greatly laments the injury to his deputy and to Mr. Shoffitt, but declared to a News representative that he intended to make it harder on the bootleggers in Donley County, for "three-fourths of all crime is chargeable to liquor directly or indirectly," and so long as Texas has laws against whiskey I'll do everything I can to stop its wake of crime," he said.

Mr. Shoffitt is quoted as claiming that Deputy Wright shot first in the exchange of fire.

ANNUAL BANQUET C. OF C. JAN. 25

LAST THURSDAY IN JAN. SET BY PROGRAM COMMITTEE TODAY FOR BANQUET

Thursday evening, January 25th has been set for the Annual Banquet of the Clarendon Chamber of Commerce, by the committee in charge of the arrangements and program.

A noted speaker has been asked to appear on the program, but his name will not be announced until his acceptance is received. The program will begin at 7 o'clock and it is the aim of the committee to select a toastmaster who will whip the program through by nine o'clock, and still have everything done that belongs to an annual banquet.

The place has not been selected, but the committee plans to make full announcement next week of speaker, toastmaster, place and tentative program.

The membership committee of the Chamber of Commerce will make a personal solicitation in a few days for those who are not now members to affiliate at once, so that they may take part in the nomination and election of a board of directors for 1934.

President Bill Ray, who is closing his year's term is very desirous that the new administration shall have larger and more unanimous support in the coming year's work.

PATMAN'S MISS EXCITEMENT AND LOSS ON TRIP

Mr. and Mrs. J. T. Patman, who returned the first of the week from a visit with their daughter Mrs. W. H. Price at Pleasanton, Kan., had an unusual experience on the going trip. They spent the first night in the Will Rogers Hotel at Claremore, Oklahoma and Mr. Patman spent some time in the lobby before retiring, in visiting with several men he had met there.

Not two minutes after he had gone to his room, the place was held up and about two or three hundred dollars taken from the guests and the hotel desk. Congratulations Mr. Patman on getting out of the way in time.

A NEW YEAR RESOLUTION

There are all kinds of New Year resolutions—weak, strong, simple, high-flown; some made to be broken and some made to be religiously kept—but everyone ought to make them—and keep the good ones.

There is one modest little resolution that this writer has thought over and finally adopted, which we believe would be good for us all. That is to resolve in 1934 to enjoy fellowship of our friends and neighbors more fully and to prize our friendships more highly every day.

Seems to us that the making and keeping of this little resolution would probably add more to our joy and happiness in the New Year than many more wordy and pretentious resolutions.

A REGRETTABLE INCIDENT

All human conflict is lamentable, and there is hardly a citizen but who sincerely regrets the shooting out of a deputy sheriff's eye, and the wounding of a citizen here Sunday night.

There naturally is some division of opinion about the merits of the situation leading up to the battle, but it appears to the News that it is the part of good citizenship to stand up boldly for the rights and duties of the officers of the law, even though one regrets the injuries on both sides.

When it comes to the point in this county that people gloat over bodily injuries done our officers by those who do not keep law, we are nearer anarchy than some might think.

Good citizens will uphold the law and its officers or soon the law cannot protect any citizen.

CLEAN CAMPAIGNS IN 1934

A certain class of candidates for political office in Texas used to have the idea that it was good politics and smart campaigning to attack the character and habits of opponents, and wage a dirty, vitriolic campaign right up to election day. The pity was that some people seemed to fall for that kind of stuff and in notable instances success crowned the dirty campaigner.

Surely in 1934, as the people of America are emerging from a long night of stress that has dulled their perceptions and distorted their normal vision, there ought to be a general revolt against dirty politics and dirty campaigners.

Surely this year will send to certain defeat every candidate who runs on his opponent's demerits, who circulates or repeats slanderous or derogatory statements about his opponent.

Surely 1934 is a year for careful scrutiny of the merits of candidates and the frowning down of every effort to carry on any but a clean, straightforward campaign for public office.

May this year be a year of success for clean campaigns.

DON'T STAY BURIED

This story isn't ours, but nevertheless it is a good one:

A farmer had an old blind horse which had outlived his usefulness. One day he fell into an old well. The farmer looked in and saw him standing deep in the water. There seemed to be no way to get him out, as he was quite useless, and the well abandoned and dangerous, the farmer ordered his men to fill up the well and leave the horse buried in it.

The men began to shovel dirt into the well. But the horse was not willing to be buried. When the dirt began to pour in upon him he began to shake it off and tread it under foot. As the well was filled up the horse came nearer and nearer to the surface, and when the men finished their task the horse walked out into the pasture.

The very things which conspire to bury the lion-hearted these days, are used by them to lift themselves out of difficulties and into the light. The very last thing one should do is to agree to stay dead and buried.—Sentinel, Fairmount, Minnesota.

New devices and products which add to human satisfaction, comfort and enjoyment would make slow headway without advertising to create a desire for them on the part of the public.

YOU OWE YOUR SUPPORT

Only a few weeks now until the annual Chamber of Commerce Banquet, with its report of the work of the past year, its election of officers for the New Year and some community planning. There has been a great volume of work done—much more than the casual observer knows anything about, and there is lots of work to do during 1934.

If you live in Clarendon and are not a paying member of the Chamber of Commerce you ought to be. Your city needs your aid in all its worthy undertakings. The Chamber of Commerce is the official machinery for handling community problems and projects and is deserving of the support of all who earn their livelihood in this city.

Join now and be a paying, voting, working member in 1934.

MIGHT REST TACK FOR A FEW WEEKS

Far be it from the thought of the News editor to attempt to depose "Tack" from the throne of Weather Prophet Extraordinary of the Panhandle, but since some of that worthy's forecasts have gone so wide of the mark during the past Fall, maybe he does need a few weeks rest.

The News editor predicted for months that the last day of 1933 would see a sand-storm, since it had been such a year of sand-storms. He did and it did, so if "Tack" wants a vacation a substitute might be found.

Hold opinions of your own and don't be afraid to express them. The public may criticize but it always will tolerate expressions of honest convictions. In this day and age, so many "hate to say anything" on public questions for fear of losing business or being criticised. Those who dare to express an opinion and who back it up with sound judgment are the ones who are responsible for the community's development.—Herald, St. Peter, Minn.

The higher men climb the longer their working day. And any young man with a streak of idleness in him may better make up his mind at the beginning that mediocrity will be his lot. Without immense, sustained effort, he will not climb high. And even though fortune or chance were to lift him high, he would not stay there. For to keep at the top is harder almost than to get there. There are no office hours for leaders.—Cardinal Gibbons.

Remember that the perfect job never existed except in the mind of an imperfect man. If you think your job can't be improved upon, you are inoculated with a chronic ailment of mediocre workers. For a cure, try hard work, straight thinking, absolute loyalty to your employer, and an unpretentious faith in yourself. These attributes are the surest form of job insurance.

The youth who thinks education means that he will not have to work for a living is all wrong. The more highly educated a person becomes the more necessary it is to work hard for he realizes more than ever how much there is to be accomplished. Education does not mean a soft snap for anyone.

The creation of new desires which make for a higher standard of living has been due largely to the power of advertising.

THE LARGER THE SUPPLY THE SMALLER THE SELLING PRICE PER BALE

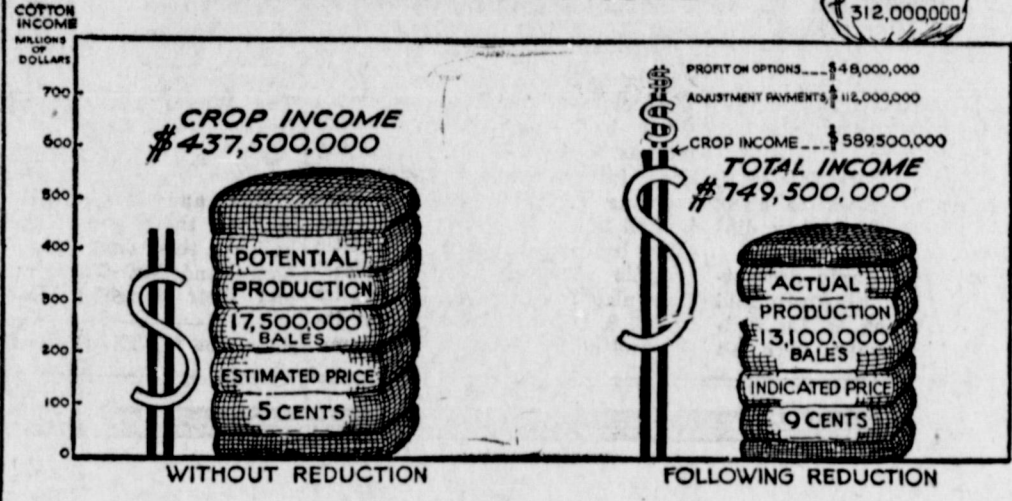

MORE cotton but less money from it. Farmers know this, but heretofore there has been no method by which they could be assured of full cooperation by all growers all over

the Belt in reducing acreage. The Agricultural Adjustment Administration offers such a method now, and the grower who will cooperate will be paid for his cooperation. As a result, the whole Cotton Belt will

benefit, the surplus will be reduced, and the outlook for the future will be brightened. A study of this graph should naturally cause the farmer to pause before he produces cotton in excess of consumption requirement.

1933 ACREAGE REDUCTION NEARLY DOUBLES COTTON INCOME

THIS graph shows what happened when the cotton grower cooperated with the Agricultural Adjustment Administration to reduce the cotton acreage in 1933. Had it not been for the plow-up campaign and the fine spirit of cooperation exhib-

ited by southern growers, disaster would have befallen the Cotton Belt in the fall of 1933. The above graph tells this better than words. A potential yield of seventeen and one-half million bales was reduced to thirteen and one-tenth million bales by

the action of the Agricultural Adjustment Administration, and, as a result, the income that the cotton grower received from his lint cotton was nearly doubled. Realizing these facts, cotton growers are expressing a desire to cooperate in future adjustment programs.

German Professor Calls Stories Of Persecution And War Plans "Bunk"

Stories of the persecution of Jewish educators in Germany and of German leanings toward militarism are "a lot of bunk," according to Dr. Erich Wasmund, German geologist of the University of Kiel, who has been in America during the past three months securing data for a course in American geology at the German university. Dr. Wasmund has been visiting for the past week with Dr. Heinrich Meyer, instructor in German at Rice Institute.

"There were 20 Jewish professors on the faculty of the University of Kiel before Hitler came into power and 18 of them are still teaching and meeting their classes regularly. Two of them were merely given a leave of absence," Dr. Wasmund said. "And as far as the instigation of a new war is concerned, Germany could not go to war even if she wanted to do so," he pointed out. "Germany has no tanks, no battleships and no airplanes, and she doesn't have the money to build them. The new government is concentrating almost entirely on economic relief."

Similar to NRA Program
"As I see it, Germany under national socialism is not far different from America under President Roosevelt and the NRA. In fact, the similarity is very striking. Hitler came into power chiefly on a platform of relief for the unemployed and he has accomplished wonders in that respect, having reduced the number of German unemployed from over 8,000,000 to less than 4,000,000."

Merely Symbolic Act.
"The report was that the books were taken out of the university library and burned. As a matter of fact, the burning of the books

was merely a symbolic act, executed wholly by the students. No books were taken out of either the state or university library," he asserted. "How about the Marx and communist books? he was asked. "We need them more than ever before," he stated. "Naturally the government is fighting the principles advocated in those books, and the only way to fight them is to point out the fallacies in them. They can be found in any library in Germany and are sold in most of the bookstores."

Dr. Wasmund said that the questions put to him most during his three months stay in America concerned stories of Jewish persecutions and the seizure of Jewish property by the Nazi government, and the condition of the Jews in Germany in general. "All Jewish professors and other members of the German government (professorships in German universities are considered government positions) who held their positions before or during the war, or who took part in the war, were retained in their positions," Doctor Wasmund asserted.

In a far reaching plan to make the German farmer the aristocrat of the future, the National-Socialist government has forbidden foreclosure on farms during the next three years. "Jews as well as other German citizens come under the protection of this law, although Jews will not be permitted to buy any more farms in Germany," he said. "Hitler's means of accomplishing this end, that is, relief for the unemployed, is also very similar to that used by President Roosevelt."

As an example of the exaggeration of the activities of the Nazi Germany, Dr. Wasmund cited the case of the burning of the books of an American anthropologist, Boas, at the University of Kiel, where Dr. Wasmund is a professor.

1934 CHEVROLET HAS "KNEE ACTION" WHEELS

DETROIT, Mich., Jan. 2.—Something brand new in the introduction of a new model automobile was revealed here today in the announcement that the new 1934 Chevrolet with "knee action" wheels would be introduced to the American public by a series of

Germany has been adhering strictly to the Versailles treaty. "I can quote from my own experience in this respect," he said. "At the University of Kiel, I wanted to teach a course on war geology but was prevented from doing so by the German government, which felt that it would be contrary to the Versailles treaty. Doctor Wasmund served in the world war in the submarine and airplane divisions."

Freedom of Speech
The Nazis have done nothing to interfere with the freedom of speech in the German universities, however, Doctor Wasmund said. "I, personally, do not belong to the National-Socialist party, but I have never been interfered with in anything I wanted to say to my classes," he pointed out. "Concerning Professor Einstein, I was recently told that he was greatly embarrassed by the exaggerated accounts of his persecution at the hands of the Nazis," Doctor Wasmund said.

"I believe that the union of the two countries is merely a question of time. They have the same language, customs and views. They are one people. Pro between the universities of the two countries, and books printed in one country circulate freely in the other."

Doctor Wasmund is sailing from Galveston on the Augsburg bound for Bremen, Germany.

100 special auto shows in that many major cities in the country.

This marks the first time that such a gigantic move has ever been made by a motor car manufacturer. These showings, which will be held in convention halls, armories and other large buildings in the various cities, will coincide with the introduction of the new Chevrolet at the first of the national automobile shows in New York, January 6th, according to William E. Holler, general sales manager of Chevrolet.

This wholly revolutionary plan of announcement was determined upon by Chevrolet officials following the receipt of an unprecedented number of inquiries from Chevrolet owners and motorists generally in all parts of the country. Immediately upon determination of this plan, selected Chevrolet representatives from the central office and from various regions and zones were assigned the task of visiting each city on the list, leasing and decorating a suitable show place and securing adequate entertainment for the thousands of visitors expected to attend the initial showing.

The speed and celerity with which this auspicious plan was put into operation is considered outstanding in the sales history of American business.

TO SAVE NIAGARA FALLS

After several years of discussion a treaty was signed by Canada and the United States looking to the preservation of Niagara Falls and a point board recommended a \$7,500,000 program for this purpose, after an investigation of conditions.

The rate of erosion was found by the board to be not so great as was feared, being very slight on the American side and from three to four feet a year in the Horseshoe. Extensive protective works were recommended, however, in connection with which it is believed that considerable additional water may be diverted for power purposes without affecting the scenic beauty of the Falls.

Much anxiety has been felt concerning the possibility of a serious impairment of the grandeur of this great natural spectacle, therefore the action of the two governments in providing for its preservation will be approved by the people of both countries.

NEW YEARS ADVICE

"Blessed is the man that walketh not in the counsel of the ungodly." Ps. 1:1.

Friends, another year has come to you, and we want it to be one of the happiest years that you have ever had. We are hoping that in the next twelve months to be able to say some things to you which may help you on the road to happiness in this life, and to help you prepare for the eternal happiness in the life to come. Our text says: "Blessed is the man that walketh not in the counsel of the ungodly." Since the word "blessed" really means "happy" our text is telling us, "Happy is the one who does not follow the advice of men."

Everyone at some time or other needs advice. If a person is doing a work that is new to him, he will go for help to another who knows how the work should be done. You will not always be sure whether it is right or not to do certain things. You will need the advice and help of others. If we can be of any service to you regarding your soul and its salvation we want you to feel free to "call on us." We want our "Church Chats" this year to be beneficial and helpful, if we can assist you please let us know, we are ready to serve you to the best of our ability. Bring or send us your questions or problems and let's work together for a great year in the service of the Master Teacher. The soul and its salvation is the greatest work in the world, we can not afford to follow our own ideas or opinions regarding it. There is but one infallible guide, we must be sure what He has to say on the subjects. So when in doubt let us turn to the Master Teacher and His teachings as found in God's Word, and let Him settle all religious arguments and questions.

Send your questions or problems to "Our Weekly Church Chat" in care of this paper or to Rev. W. E. Ferrell, Clarendon, Texas.

Paul, the great apostle to the Gentiles, was acquainted with Christ, the church and the duties of Christians and He gives us some advice worth heeding at this New Years season. We will study some of this advice in our sermons next Lord's Day. At the morning hour our subject will be, "A Year Exhortation" (Eph. 2:1-3. Try to be with us for these lessons.—W. E. Ferrell, Minister, First Christian Church, Clarendon, Texas.

Dr. and Mrs. Scott Burnam of Oklahoma City were here during the holidays visiting with his parents, Mr. and Mrs. W. H. Burnam. The grandchildren, Mr. and Mrs. Mizell Green, Jack Burnam, and Rowena Burnam of Amarillo were also in the Burnam home for the holidays. Miss Marie Mathis of Amarillo was also in the party.

School Notes

By SLOAN BAKER,

Donley County schools are in a better position financially beginning this new year of 1934. Many of the rural schools will start on a cash basis. Taxes are being paid. Farm loans are partly responsible for this. All delinquent and current taxes are included in the loan to the farm owner. Civil Works Projects have relieved some of the maintenance expense from budgets. State apportionment money should be paid more promptly this year, making it easier for the teacher to receive his salary.

Few Civil Works projects for material have been approved to date. It seems now, that little material will be paid for until a party of the bond issue of \$20,000,000 has been sold. Donley County CWA projects for material and labor will be in Austin when the State is ready to approve both material and labor. A few projects for fifty percent material and all the labor are being approved now. Labor jobs under CWA receive approval quickly.

Donley County's quota for unemployed teachers is three. Librarians, Office Assistants do not come under the heading of unemployed teachers. There is a new Federal plan for unemployed teachers; \$20,000,000 a month being appointed to pay the 40,000 unemployed teachers. As soon as the plan is working, Donley county unemployed teachers will be notified.

The Donley County teachers will meet Saturday, January 13th, in the auditorium of the Junior High school building in Clarendon. Mr. Bryan Dickson, Deputy State Superintendent of District Three will speak. Mr. J. D. Wilson, County Superintendent of Collingsworth County will also make an address to the teachers. An Interscholastic League organization will be perfected at this meeting.

The Trustees of the County will meet at 1:30 p. m. Saturday, January 13th. Rural Aid and Transportation Aid has been allowed in the following amounts: For transportation, \$250.00; Sunnyview rural aid, \$352.00; Midway, \$82.00; Windy Valley, \$182.00; Fairview, \$140.00; Goldston, \$382.00; Bray, \$128.00; Chamberlain, \$56.00; Mc Knight, \$438.00; Lelia Lake, \$648.00; Hedley, \$1362. This is only an estimate of aid which will be received. An increase may be made after the Deputy State Superintendent visits the schools.

Miss Cleo Brown is county Librarian. Rural schools should bring all their books to the County Superintendent's Office. This central library plan is in line with the ruling of the State Department of Education which makes all the books available to all the schools.

A practice basketball tournament for the Donley county schools will be held in the gymnasium of the South Ward building in Clarendon, Friday afternoon, Jan. 12, and Saturday, Jan. 13.

Arnold H. White calls a meeting of all the Class B. Coaches for Saturday, Jan. 6, in the District Court Room at Clarendon to arrange for the practice tournament.

All schools of the county please send in a write-up of the history of the school and other items that would be interesting to go into a school paper, which will be issued the week of the County-wide Teachers' Meeting. Send in this material as soon as possible.

Deputy State Superintendent Bryan Dickson Outlines a Plan of Work.

Mr. Dickson is a graduate of Southern Methodist University of Dallas, and has about finished his thesis for Master's Degree from Kaufman County and has made this one of the outstanding counties, educationally, in the state. Superintendent H. L.

Mr. and Mrs. Elmer Kennedy Entertain

Mr. and Mrs. Elmer Kennedy entertained their friends last Wednesday evening in their home with a bridge party.

A beautiful Christmas tree adorned one corner of the room, while the remainder of the house was fittingly decorated.

A lovely two course luncheon was served at the close of a most enjoyable evening to: Mr. and Mrs. Albert Tomlinson, Mr. and Mrs. Rice Batson, Mr. and Mrs. Alvin Mace, Mr. and Mrs. Earl Myers, Mr. and Mrs. Carl Lewis, Mr. and Mrs. Dee Crites, the host and hostess, Mr. and Mrs. Elmer Kennedy.

of Dallas County says that Mr. Goerner, County Superintendent Bryan Dickson is the best prepared of the Deputy State Superintendents. The twelve counties of District No. 3 should do all that is possible to help Mr. Dickson make this school system the best in the state of Texas.

State Superintendent L. A. Woods' plan of bringing the State Department of Education in closer contact with every school in the state by the appointment of Deputy State Superintendents was commended by Mr. Dickson. The plans of the State Department of Education will be worked out cooperatively by the Deputy State Superintendent, the County Boards of Education, the County Superintendent, the Independent School Board, and Superintendents of Independent Schools. Enforcement of new State School Laws and Ruling will not be too rigid at first. There will be a systematic plan of research undertaken by Mr. H. F. Alves, head of State Research in the Department of Education. Conditions in the various parts of Texas will be carefully studied, definite enforcement of laws for rules will be made according to the findings of this research. The State Department of Education wants every child to go to an affiliated high school. The County Board should be well acquainted with the topography of the County so a well planned transportation system could be established. All schools which are not already standardized are asked to work toward standardization; a county wide seventh grade examination and promotion with county wide graduation exercises are advised. County circulating libraries in which every book in the library is available to every school in the county, are to be established. A county wide course of study should be developed in each County by the teachers of the county. The trustees and County Superintendents should study problems of school finance with the idea of following "A pay as you go plan" of finance for the schools. Citizenship training should start with the idea of the teacher being a goon citizen and paying his poll tax and voting as every American citizen should do. The County Board should visit all the schools of the county and become familiar with the conditions of each school system. The County Superintendent should accomplish his work as the hired hand and should lead and not try to drive, in administration of the school laws and regulations and is the supervision of schools. These are some of the ideas taken from Mr. Dickson's speech at Childress, to a twelve County Meeting of Superintendents and County Boards last week.

Arnold White has called a Coaches and Principals meeting for Jan. 6, 1934, to discuss the rules for the tournament which will be the 12th and 13th of January.

A department has been organized under the Texas Relief Commission to check the material and labor projects. It will probably be two weeks before they will be O. K.

Therefore we invite them back again. The title of this play is "Civil Service." This play is highly advertised by the T. S. Denison Company for its wit and moral. Watch this column

Dr. Wade Youngblood Henry J. Johnson Weds Elizabeth King Marries Miss Sprague

Clarendon people will be interested to learn of the marriage of Dr. Wade Youngblood to Miss Elizabeth King, which was solemnized Sunday evening, Dec. 31st, at the Memorial Presbyterian Church at Albany, Texas. Rev. Johnson read the impressive ring ceremony.

The altar and chancel were decorated with greenery and ferns. Tall stately candelabras from which long white tapers gleamed added to the attractive setting.

Preceding the ceremony Miss Alice Reynolds played Schubert's "Serenade." The "Bridal Chorus" from Lohengrin was used as the processional and Mendelssohn's Wedding March as the recession.

Miss Adele Henry of Dallas, was maid-of-honor and entered with the groomsmen, Robert E. Nail, Jr., of Dallas. The bridesmaid, Miss Stella King, sister of the bride, preceded the bride. Both the maid-of-honor and the bridesmaid wore taffeta dresses of apple green with accessories to match and carried arm bouquets of trillium roses.

The bride, who entered on the arm of her father, wore a lovely creation of white crepe in the latest fashion, with a hat of tulle and net. The bridal bouquet was white rosebuds, intermingled with baby breath.

Meade Haile of Clarendon was best man for the groom.

A wedding reception was held at the home of the bride's parents following the ceremony.

Mrs. Youngblood is the daughter of Mr. and Mrs. J. Carter King of Albany. She is a graduate of Albany High School and Baylor University at Waco. The groom is the son of Mr. and Mrs. W. H. Youngblood of this city and graduated from C. H. S. He attended W. T. S. T. C., Lubbock Tech, graduated from Baylor University and at present is attending Baylor Medical College at Dallas, where he will receive his M. D. in June.

Among out-of-town guests attending the wedding were the groom's parents, Mr. and Mrs. W. H. Youngblood and Mr. and Mrs. Meade Haile of Clarendon.

Among those present for the Scavenger Hunt given by Miss Evelyne Murphy, Wednesday evening.

This was a most unique party and everyone present thoroughly enjoyed it. When the guests arrived they were given a list of eight things to be collected and sent on their way. The list is as follows: Old Christmas Spirit; something black and blue; piece of rope; cotton bale; three feathers, one white, one red, and one brown; cob pipe; empty can of Prince Albert; and the signature of a brunette man, aged 25.

At nine o'clock the crowd returned and the prize for getting the most things was awarded to Vera Noland, Lloyd Martin, Marjorie White, and Lloyd Benson. Delectable refreshments were served. Those participating were:

Misses Berkley Ryan, the honoree, Vera Noland, JoElla Stewart, Marjorie White, Eugenia Noland, Dorothy Jo Ryan, and Evelyne Murphy.

Messrs Alex Cooke, Lloyd Martin, Roy Stargel, Lloyd Benson, Willard Skelton, O. C. Watson, and Kenneth Brown.

B. P. R. Club With J. R. Porters

One of the most enjoyable social affairs of the week was the entertaining Tuesday evening of the B. P. R. Club and several friends by Mr. and Mrs. J. R. Porter, at their home.

Games of forty-two were played during the evening, with Mrs. Thornberry winning the prize for high score and Mrs. Evans the prize for low. As an aftermath to the games, several players who had qualified with 84 hands entered a shooting contest of Ping Pong.

ELECTRIC TRAIN IN SERVICE FEBRUARY 1

FORT WORTH—A high-speed electric streamlined train will go into service about February 1 between here and Houston and Amarillo over the Burlington lines, President Ralph Budd of Chicago, has announced.

While here on an inspection tour, Budd discussed the train service with Gen. John A. Hulen, vice-president of the Fort Worth and Denver City railway, a subsidiary of the Burlington system.

The Fort Worth-Houston service will be operated over the Burlington-Rock Island railway and the Fort Worth-Amarillo service over the Denver line.

Miss Liberty's 50th Birthday

Two views of the Statue of Liberty. At the top is a unique close-up of the colossal figure. The lower picture shows the statue against the towering skyscrapers of downtown New York.

EXACTLY 50 years ago, workmen across the seas in France finished shaping the copper sheets that form the Statue of Liberty on an island in New York harbor. The people of France, including the children who contributed their precious pennies, raised a fund of \$700,000 to complete the project. The pedestal and foundation for the monument was started at the same time and completed at a cost of \$300,000.

In the United States, as in France, school children supplied much of the fund, their pennies, nickels and dimes mounting into many thousands of dollars. These school children of fifty years ago, now gray-haired and out-of-breath as they ascend the 161 steps to the statue's head, today bring their grandchildren and explain proudly their part in the enterprise.

The world-famous French sculptor, Frederic August Bartholdi, designed the statue under commission from the Franco-American Union in 1874. It weighs 450,000 pounds. The figure is constructed of copper, weighing eight and a half pounds to the square foot. This metal is fastened on a powerful truss-work of iron beams which serves as a support to the whole envelope of the statue.

The copper exposed to the salt air has weathered to a beautiful green. William A. Simpson, superintendent of the monument, is authority for the statement that the copper is as good today as when it was put into place. "It has never been necessary," he declares, "to make any repairs to this durable metal."

The new train will include three jointed cars, carrying a maximum of 78 passengers, Budd said, and will train four hours off the Houston-Fort Worth schedule and

two hours off the Fort Worth to Amarillo run.

The train has a cruising speed of 85 to 95 miles an hour. The whole train will weigh only 180-

Did You Know?

By Fred Hardie

That Ma does not choose to run, or rather to be our Governor any longer. That our next State election will produce an over production of candidates looking for Ma's job. Well, we will just plow them all up except one. That we are going to let the "Big Boys" take care of National and State affairs, but we are going to see that all Donley County candidates get elected. That it is pathetic that I am a nonentity. My grandfather wrote "Hardie's Tactix."

were raised in Parker County, which is noted for Tom Watson mellons. That we need all of the transient business in Clarendon we can get. Show more courtesy to strangers. That Senator Wheeler of Montana has a big chance to put his Silver Bill over this session 16 to 1. If it passes prosperity of the west is assured. That the shooting of Guy Wright was the most dastardly thing imaginable. That Mrs. Lee Muse is a very competent woman in the position she so admirably holds in the cafe. Success to them. That my wife has a picture of Fred Chamberlain taken on a picnic when he was 7 years old. That we lost two good neighbors when Mr. and Mrs. Leonard Reed moved, but we got two more in the same place, Carl Bennett and wife. That if you don't think this column is good, we refer you to O. O. McIntyre, Arthur Brisbane, Will Rogers, Robert H. Davis, all degree men. They work for syndicates and their stuff is in the big dailies, 5, 6, 8, and 10 papers. This paper is only \$1.50 per year and they have only taken me on trial. In fact, I muscled in on this job. That if the children in your community like you, your popularity is assured. That if you want to get in bad at our house, just say something bad about Palmer Thompson, Marian Zakesey, Skinny Adams or any of those old ex-cowhands, that my wife tried to raise. They are still her cowboys. That if I had any of that Christmas Booze I drank, I would send it to Mayos. Probably they could tell what ailed it. It was the real knockout. That these people are nice people to transact business with. They are easily approached, kind in manner and just folks. Mr. Wisdom, Curry Powell, Mrs. Shaver, Mrs. Duncan at M System, Floyd Little, Pinkie Price, Walter Taylor, Mr. Armstrong, the assessor, Pope boys, Ben E. Smith at Stockings, Jack Hays, Homer at Caraway's, Harned sisters, Slat's the barber, Hoffman the baker, Lee Vaughn, laundry driver, Kelly Chamberlain, Young Knorpp in the bank. Mar-

boards installed, blackboards slated, window glasses replaced, and window shades repaired. In addition to the improvements in the building caliche is being placed on the basketball courts so that we will have two first class basketball courts. There are some new faces in the school this week but there are some faces that have frequented this school yard and class rooms for several years missing. We regret to lose pupils but our loss is some other school's gain. We are glad to have the new comers with us and we hope that their stay will be both profitable and enjoyable. The boys and girls journeyed to Lelia Lake Friday of this week to meet their basket ball teams. Then Lelia Lake will come here the 19th of this month. The 12th and 13th our team will play in the tournament at Clarendon.

INDIAN MISSION PROGRAM THURSDAY EVENING, 11TH

Under the auspices of the Womans Missionary Society, there will be an open program at the Methodist Church, Thursday evening, January 11th, on Indian Mission work. Missionaries of our experience and native Kiowa Indians will present the program, and an evening of unusual interest is in prospect. The program will begin at 7:00 o'clock. Rev. and Mrs. F. L. King, now of Mountain View, Okla., Missionaries to the Kiowa tribe, and a Kiowa Christian and his wife from the mission there will come here to present the program. Rev. Mr. King has a record of over twenty-five years intimate association with the various Indian tribes of America, as Missionary, and with his wife has made quite a success of the work. They will tell of methods with the Indians, their characteristics, customs and history, and with the Kiowans present native songs. Members of all churches are invited to attend and a free will offering will be taken to go into the local Missionary society's fund, and to pay the expense of the party to Clarendon and return.

NAYLOR

(By Mrs. Richmond Bowlin)

A happy 1934 to all. Mr. and Mrs. Vernan Lusk. Thursday to the bedside of his brother, Dick, at Paris. Sorry to say Mrs. Tidrow received a message that Dick died Sunday at 6:40 a. m. Dick had many friends at Naylor who are grieved over his passing. Lloyd Hefner spent the week-end with his sister at Clarendon, Mr. and Mrs. Vernon Lusk. Miss Mildred Termell of Midway spent the week-end with Miss Fanny Naylor. Miss Johnny Dell Edwards became the bride of Mr. Glenn Wood Sunday, New Year's eve. Rev. Hendricks said the ceremony at the Hedley parsonage. Mr. and Mrs. Glenn Wood will be at home to their many friends at Mrs. M. L. Wood's farm. Sidney Rhea Beach of Hedley is spending this week with his grandparents, Mr. and Mrs. Rich Bowlin. Miss Ava Hefner of Wichita Falls spent the week-end with her parents, Mr. and Mrs. A. O. Hefner. Mr. and Mrs. Lewis Fields and sons of Amarillo spent the week-end and New Years with Mrs. Fields' sisters, Missis Minnie, Lou and Ava Naylor. John Reed celebrated New Years by breaking his left arm. His horse fell with him. Miss Letroux Scott, Mrs. A. O. Hefner, Lloyd Hefner and Miss Ava Hefner of Wichita Falls spent Sunday with Mr. and Mrs. F. M. Barton on the Barton ranch. Mrs. Lewis Fields of Amarillo and her sisters, Misses Naylor made New Year cakes to Mmes Hefner and Pickering. Jack Beach spent Sunday with Leslie Pickering, both boys going to Midway Sunday night to the singing. Our dear Grandma Hefner is quite ill. School opened Monday, all are ready for work after a grand Christmas. Mr. and Mrs. Ben Kempton have moved to his farm from Hedley.

ceious Parsons, Dick Bain, Bill Ray, George Norwood, Clyde Douglas, Mr. Jones at Buntins, Mr. McElvany. That I would mention all the other folks, but I owe them. That since the lights are burning, Sully Street needs no Mayor. Accept my resignation. That these are my favorite country people: Mr. Poovey, Mr. Hardin, Mr. Henry Edens, Palmer Thompson, Skinny Adams, Preach Goldston, Mr. Kent, Sr., Red Evans; four christians and four sinners. A good hand to draw to. That these people stay on the job: Mr. Swift, Dick Allen, George Bagby, the Beach Boys, Cap Lane, Mr. Hoffman, Fred Russell, Mr. Boston, Davis the Gas man, Nored

of the West Texas Utilities, Skelton, the candy man, Floyd Lumpkin, Guy Pierce, Mr. Fox, the Andis boys, Mayor Cagle, Mr. Duncan, Mr. Kemp, Chevrolet dealer, Bryan the habadasher. That if you want to hire any hands, these fellows can qualify in their respective lines. That we should quit kidding ourselves that we amount to anything of importance and give the other fellow a little more consideration. Make a better neighborly feeling in business; work for Clarendon and all Donley County. Give a welcome hand to the people who create the wealth of the county. That old high-hat stuff is all the bunk, poverty makes us all gentle. I

Goldston School Notes

After one week of vacation the teachers and pupils returned to school with renewed vigor. There are evidences that the pupils and teachers enjoyed their holidays immensely. The pupils renewed their work with much enthusiasm. During the holidays the school building had undergone considerable change. The stage has been enlarged, floors oiled, walls and ceilings painted, new bulletin board for one will stand without hitching, if we think we can fight this battle alone the circus will move off and leave us on the lot.

INVENTORIES IS WATSON'S THEME

LIONS HEAR PAST-PRESIDENT IN NEW YEAR ADDRESS TUESDAY

"Inventories" was the timely theme of Past-President O. C. Watson of the Clarendon Lions Club at the Tuesday luncheon of the local club. Being the first meeting of the New Year, the program committee had arranged a program in keeping with the season, and the speaker brought forcibly to mind the work of the past year as he reviewed the accomplishments of the Clarendon Lions Club and brought out what is not generally known—that the Clarendon Club leads District "T" in the membership contest, with the largest gain in percentage of any of the fifty-three clubs in the territory—that District "T" leads Texas and is one of the six leading districts in the International association.

Lion Watson also dwelt on the assets of individual membership in the club and how each member should cherish the privilege of friendly association in the tasks the Lions of this community sponsor and carry on. His address was well thought out and forcefully delivered.

As an entertainment feature, Miss Nova Cook was guest of the club and gave a reading with a timely setting to the great delight of the membership. Her encore on the use of "slang" was also greatly enjoyed.

Another number on the program—a secret—was postponed until next meeting by Chairman Drennan of the program committee on account of the expiration of the program hour, as the club is determined to close promptly during 1934, at one o'clock, so that every member may return promptly to his business.

The Crippled Children's committee reported, through Lion Mulkey, that baskets of fruit and confections had been sent the two wards of the club on Christmas according to the will of the organization.

M.W. MOSLEY ANNOUNCES FOR SHERIFF'S OFFICE

Having served Donley County as Sheriff one term during 1929 and 1930, I am again coming before the voters asking for the privilege of again serving them as sheriff. That request is based on my past record which stands as an open book for the inspection of any citizen.

It has always been my aim to give every man a square deal, show no special favors but discharge my official duties in compliance with the law impartially. Upon this record I earnestly solicit the influence and support of the good people of Donley county in my present race for the office of sheriff. No one will appreciate it more, or try harder to merit that confidence than I will.

JOE BOWNS ANNOUNCES FOR COUNTY TAX ASSESSOR

Joe Bowns, who has been the efficient deputy tax collector in Donley County for the past five years, is out for the combined office of County Tax Assessor and Collector in the Democratic primaries of July and August.

Mr. Bowns has been a resident of the county for the past five years and has been serving as deputy in the collector's office for the entire period. He was raised in Hall County and had experience in the collector's office in that county before accepting the post here. He is a young man of good educational qualifications, he understands the problems of the farmer and business man alike and is making the race solely on his record of service to the people of this county.

Mr. Bowns asks the vote and influence of the citizens of Donley County promising them his best service, matured by his many years' experience. He promises fair and impartial consideration to every one having any business with the assessor's and collector's office, and will appreciate full consideration to his claims and qualifications. See his name in the official announcement column.

W. G. (BILL) WORD OUT FOR RE-ELECTION AS CLERK

W. G. (Bill) Word, who is completing his first term as County Clerk of Donley County, has authorized the Clarendon News to present his announcement for re-election to that office in the Democratic primaries in July and August.

Mr. Word is serving his first term in any public office, having been connected with the ranch and cattle business all his life up to his election two years ago. He is making the race for re-election solely on his record in office, and he feels that he has won the approval of the citizenship of this county by the conduct of the clerk's office since he assumed it. He desires to thank the people of this county for their many courtesies while he has been in their service and he asks their kind consideration of his claims and qualifications for a second term.

See his name in the announcement column and give him consideration when you go to cast your ballot.

C. HUFFMAN ENTERS RACE FOR SHERIFF

C. Huffman, local baker, this week enters the race for Sheriff of Donley County, and the Clarendon News is authorized to present his candidacy to the voters of the county.

Mr. Huffman is asking for public office the first time in his life, and he asks the consideration of the people of Donley in the belief that he is qualified by education and ability to render them good service as a peace officer. He has lived in the county for five years, having been engaged in the bakery business all that period, and he promises his best efforts if elected.

Mr. Huffman respectfully solicits the support and influence of every voter in the county and will make a personal solicitation of each voter in the next few months. His candidacy is subject to the Democratic primaries in July and August, and he hopes that his good citizenship, his service in the army during the World War and his personal qualifications will earn for him the suffrage of the citizenship of this county.

ASHTOLA CHURCH NEWS

"I will publish the name of the Lord."

Last Sunday the Helpers had an extra large attendance. They also had three new members. They were more than glad to have these and hope there will be more next Sunday. Everyone study his lesson, bring his Bible, and be 100 percent perfect. What a triumphant class the Helpers will be if the joyous hard work of its members continues. Come and bring a visitor.

COUNTY WIDE COMMUNITY SANITATION PROGRAM

A new CWA program is under way and will require the assistance and co-operation of every citizen in the entire county.

The new project will give employment to 19 more Donley County people. The combined personnel will carry on one or more of the following activities:

1. Sanitary surveys.
2. Inspections.
3. Collection of Statistics; Water and Milk sample and other laboratory specimens.
4. Public health survey and immunization.
5. Control of disease epidemics, including typhoid fever.
6. Construction of septic tank and pit privies.
7. Community, school and rural sanitation.
8. Caution of minor defects at water supplies.

The construction of septic tanks and pit toilets is going to require a bit of co-operation from the citizens of Donley County. The CWA is to furnish all labor and the property owner to furnish the material. A pit toilet that will conform with all the requirements for decency and health protection can be built at a very small cost to the property owner as the labor is to be supplied by CWA funds. Let's all co-operate in this campaign, you property owners that have renters on your places, let's co-operate on this program and make Donley County one of the most sanitary counties in the state.

Members of Donley County School Boards, we all know the toilets at rural schools are probably the most important in the community. They should be a model of sanitation for the entire neighborhood rather than a nuisance. A sanitary pit toilet may be constructed under this campaign at a very small material cost. If when the school inspection is made your school toilet doesn't meet the requirements of decency and health protection, let's appropriate enough

money for material to make them sanitary. Unemployed experienced men will do this work at no labor cost against school funds or property owners.

All together behind this movement we can put it over making Donley County a sanitary place to live and at the same time giving employment to 38 unemployed men working 30 hours a week.
