## Road Construction Begins November 15

### "BUY NOW" CAMPAIGN GETS BOOST IN OCTOBER "TRADES DAY"

#### 112 MEN NEEDED FOR ROAD WORK

#### LOCAL RELIEF ROLLS ASKED TO FURNISH LABOR FOR HIGHWAY

The first unit of construction on highway 5 from Clarendon to the Armstrong County line will require 112 men, according to information received here this morning by Odos Caraway, county administrator of relief. The local relief agency has been enrolling laborers for this work for some weeks and all jobs will be filled with Donley County laborers before any others will be put on the job.

The call for the 112 men is made for November 15th, as the bids for grading and drainage on this section of the highway are to be opened Oct. 23rd. This is good news here and corroborates the statement of the highway department that the work in Donley County is to be rushed along. With this work starting Nov. 15th, it is hoped that the other sections of the highway in Donley will be ready for lettings at thirty day intervals until all the work will be in progress.

The letter to Mr. Caraway indicated that the 112 men would be required from Nov. 15th to May 1st, 1934.

Under these plans workers with names listed with the relief agency here will be paid thirty-five cents to forty-five cents per hour according to their jobs, for a five-hour working day. Fifty raw laborers will be required, along with thirty teamsters—the balance made up of various kinds of work.

This first unit of construction will mean a payroll of over \$1200 per week for approximately six months and greatly brightens the outlook for this county in 1934.

#### DONKEY BASEBALL HERE FRIDAY 27

#### WHEELER SHRINERS WILL MEET LOCAL TEAM IN BENEFIT BALL GAME

Clarendon has heard much of Donkey Baseball this Fall, and now it is to have the opportunity of witnessing such a performance. Friday afternoon, October 27th, at the College Park, a benefit performance will be offered the public for a small admission fee, when Wheeler, Texas, Shriners will cross bats and donkey tails with a team representing Clarendon Shriners.

The starting lineup will be announced next week, and a great crowd is anticipated when the umpire calls "Play Ball" at 3:30 Friday afternoon, October 27. Yes, just as you suspected, Homer Mulkey, chief exponent of donkey baseball and horrible example of its effects, is the manager of the local team and the promoter of the game here. Homer says he will manage the team from the bench.

#### Wayland Band To Be Here Sunday

The Wayland Volunteer Band will present two programs at the First Baptist Church next Sunday. One will be at the eleven o'clock service; the other in the evening.

There will be quite a number in this band, among them Mr. and Mrs. S. L. Tidwell. We are looking forward to two very helpful services and the public is invited to attend.

The Volunteer Band is made up of the choicest students of Wayland College and a treat awaits you.

#### Father and Son Banquet Nov. 16

At a meeting of the Board Committee Tuesday night, plans were made for the Fathers and Sons Banquet, which has become an annual event here in Clarendon, and has proved to be very popular with the fathers and sons of the city.

The banquet will be held Thursday, November 16th, with the time, place, and program to be announced later. Lawrence (Heavy) Whitlock is president this year and A. L. Chase, vice-president.

Members of the Program Committee include R. E. Drennan, Ralph Porter, Dr. J. G. Sherman, George McCleskey, Jr., and Homer Estlack. Arrangements Committee is Homer Mulkey and George Chamberlain, and the Board Committee, Heavy Whitlock, A. L. Chase, Dr. C. G. Sherman, T. D. Nored, George Chamberlain, and George McCleskey, Jr.

#### M. E. CONFERENCE PLANS ADVANCED

#### BISHOP BOAZ WILL ORGANIZE MEETING ON EVENING OF NOVEMBER 21

Plans are now well advanced for the Northwest Texas Annual Conference of the Methodist Episcopal Church, South, which convenes in Clarendon on the evening of Wednesday, November 21st, with Bishop H. A. Boaz of Houston, Texas, presiding.

For a number of years it has been customary to organize the conference on Thursday morning, but to facilitate the business of the meeting the Bishop has announced that he will have the opening formalities, the election of secretaries and the roll call. Over two hundred ministers will be in attendance besides near a hundred lay delegates. Then there will be the usual quota of connective representatives.

Bishop Boaz is arranging to bring an outstanding preacher who will bring the inspirational messages of the conference. He will preach each morning and evening, and Clarendon people are all invited to join with the conference in enjoyment of this spiritual feast. The Methodist choir has been asked to furnish music for the services nightly.

Rev. M. M. Beavers, Presiding Elder; Rev. E. B. Bowen, pastor, Sam M. Braswell chairman of the arrangements committee and G. L. Boykin, chairman of the local board of stewards have about perfected plans for the entertainment of the conference and all details of the local responsibility. Some thirty homes are yet needed to complete the housing arrangements, and a number of the Sunday school classes are preparing to serve dinner and supper for the delegates, time and place yet to be announced.

Mrs. J. G. Sherman has been appointed chairman of a committee which will tender a reception to the visiting women of the conference some afternoon of the week. The place of this reception will be announced shortly.

Mrs. J. B. Baird is hostess to the conference and she or her assistants will be on duty at the church morning, afternoon and evening. Mrs. B. F. Kirtley is chairman of the office and page committee and will also be on duty throughout the meetings.

W. T. Hayter is chairman of the committee which will be on hand to greet the delegates as they arrive and on assignment of homes will pilot delegates to their quarters.

Some of the other churches of the city have invited visiting ministers to occupy their pulpits Sunday morning and evening, and these will be announced later.

Homer Mulkey left Wednesday for Dallas where he will attend to some business.

#### LIONS CELEBRATE 11TH ANNIVERSARY

#### CLARENDON LIONS CLUB WILL ENTERTAIN LADIES TUESDAY NIGHT

Next Tuesday evening at the Lions Hall, the local Lions Club will celebrate its 11th annual Charter Night Anniversary.

According to custom the Lions will entertain their wives and sweethearts on this occasion and plans are being laid for an evening of music, fun and good fellowship. As usual the Halloween spirit will prevail and an attendance of around eighty will be on hand to enjoy the festivities. The program is under the direction of Lion R. E. Drennan, with President T. D. Nored in the capacity of Toastmaster.

Judge E. L. Pitts, Lubbock, Texas, as deputy district governor, will be present and deliver the address of the evening. District Governor Del W. Harrington of El Paso, has arranged for Judge Pitts to come, since he cannot be here on account of the continued and serious illness of his wife.

Former District Governor Herbert Walker and wife, of Amarillo, will also attend the meeting. A presentation of "keys" won by local Lions will be a part of the evening's program.

#### 19 Cotton Checks Bring Donley \$5309

Monday of this week County Agent T. R. Broun reports that he received from the Government nineteen cotton checks totalling \$5,309.00.

With \$185,360.00 already received, the total of money reaches \$190,669.00 and the number of checks 683.

This "plow-up" cotton money has really lifted the Depression in Clarendon and Donley County. We're around the Corner, thank Goodness!

#### DICK BAIN IS NEW PANHANDLE AGENT

Friday of last week, J. R. (Dick) Bain was checked in as local retail agent for the Panhandle Refining Company, and is now in charge of their new remodeled station at the old I. O. Noble garage location.

C. R. Gambin has had charge of the company's retail and wholesale business here, but with the appointment of Mr. Bain to the retail sales here, he will confine his efforts to the wholesale distribution of Panhandle products.

Mr. Bain is well known in Clarendon and Donley County, having been county commissioner from Precinct No. 4, and having conducted a filling station at the Chevrolet agency here last year. His friends are invited to visit him in his new location and connection in an advertisement elsewhere in these columns.

Jack Bourland of Pampa was a Clarendon visitor Sunday.

O. C. Watson and Barcus Antrobus were Amarillo visitors Tuesday.

W. H. Patrick was called to Pampa Wednesday to speak to the Rotary Club at their luncheon.

Mr. and Mrs. J. E. Moore of Seattle, Washington are visiting Mr. Moore's sister, Mrs. W. H. Cooke. Both Mr. and Mrs. Moore were residents of Clarendon thirty-two years ago.

C. L. Benson and Wesley Carroll spent last week-end in Roswell, New Mexico. They attended the N. M. M. I. Albuquerque University game.

#### DISTRICT COURT OPENED MONDAY

#### JUDGE FIRES CHARGES GRAND JURY AND COURT IS UNDER WAY

The Fall term of District Court in Donley County opened Monday morning under the gavel of District Judge A. J. Fires, and a number of cases have already been disposed of. The grand jury for the term was charged by Judge Fires who gave considerable time to the Texas law that when a person had been convicted of serious offenses for the third time he becomes a confirmed criminal and is subjected to life imprisonment. The judge also made direct reference to illegal beer in dry territory, along with references to other common offenses.

The Grand Jury is composed of Lu McClellan, W. T. Hayter, Glenn Williams, W. T. Burr, Marvin Hall, C. E. Wheeler, J. F. Henry, J. W. DeBoard, C. A. Crow, Roy C. Jewell, E. L. Speed, J. B. Masterson.

On Tuesday, October 17 the Grand Jury made two important indictments charging Claude Weaver (Mexican Kid) with kidnaping, robbery, and Theft of Money, and one charging Weaver with carrying a dangerous weapon. Weaver is alleged to have held up R. H. Sanford of Pampa in Clarendon on or about the 16th day of July, 1933, and taking him and his car to Amarillo. His plans apparently did not work out for he is said to have released Sanford in Amarillo and made his escape into New Mexico where he was later captured.

Clemmens, a resident of Clarendon, is alleged to have murdered Bill Jones (Negro) on about July 11, 1933. Both of these cases will come to trial next week.

Several cases not demanding juries were tried Tuesday. The case of Mandy I. Ming, suing for divorce from Archie R. Ming was dismissed. V. Goldie Johnston was granted a divorce from B. H. Johnston on the grounds of cruelty. Gertrude Sunter was granted a divorce from Thomas Arthur Sumter on the grounds of cruelty. Janie Mae McCallon, Negro, was granted a divorce from Leonard McCallon on the grounds of physical cruelty. Katherine Stark was granted a divorce from Merlin C. Stark. Nellie Kuteman Heitman was granted a divorce from G. J. Heitman.

The case of the Security State Bank of Hedley, Texas vs J. W. Adamson was settled by agreement.

The Martha J. Hogue vs W. E. Grimsley, a Try Title case was settled in favor of plaintiff.

An Injunction case of Vester Smith vs Guy S. Pierce was brought up but it was found that judgement had been made in vacation.

A suit on a note was brought up by Mrs. Lillian Slay against W. A. Massie. It was discontinued in vacation.

Try Title case of Doneghy vs A. B. Bolden was brought up on a judgement was given in favor of the plaintiff.

Wednesday afternoon the case of Watson and Antrobus vs E. O. Thompson, a suite on note case, was brought before Judge Fires who rendered judgement for the plaintiff.

#### DENVER LINE ADDS LOCAL FREIGHT SERVICE

On account of the increase in the volume of local freight and cotton shipments the Fort Worth & Denver inaugurated a new local service Monday of this week. Instead of a local train down one day and back the next between Amarillo and Childress, the addition of another train gives a train each way every week day. Frank Johnson, agent, says this extra service will continue just as long as the volume of business justifies.

#### BRONCHOS MEET McLEAN FRIDAY

#### CRUCIAL GAME FOR LOCALS HERE FRIDAY HOLDS INTEREST FOR FANS

On Friday, October 20, Clarendon will meet McLean in what will probably be the hardest football game of the season. The Broncos are training hard for they realize that they will have to be in good shape in order to beat McLean. There is a possibility that the McLean Tigers will not be as tough as they are reputed to be, but the Broncos can not afford to take chances on that possibility. The Broncos have an advantage in that they have more men than McLean. It is reported that the Tigers have only four good back field men while that is not so with Clarendon.

The coaches are expecting the largest turnout of spectators of the whole season. It will surely be a game worth seeing.

The starting line up for Clarendon will probably be McMahon, center; Mann, right guard; Eastering, left guard; Martin, left end; Watson, right end; Greene, left half; Word, right half; Watson, full back; Behrens, right half back; and... quarter back.

#### Local Bankers Attend Meeting in Memphis

W. H. Patrick and W. W. Taylor of the First National Bank; M. R. Allensworth and Roy Clayton of the Donley County State Bank; and J. D. Swift and Van Kennedy of the Farmers State Bank, attended a meeting of the Greenbelt Bankers Association at Memphis Tuesday evening.

The chief topic discussed was the Bankers Code of the NRA, which becomes effective Oct. 16th. After lengthy discussion a committee of four, consisting of one banker from each county, was named to study the code, recommend such modifications as was deemed necessary by the committee to make the code conform to the conditions existing in this territory, and report such recommendations back to the general meeting of the association for consideration, at an early date.

The committee man from Donley county was J. D. Swift. The Greenbelt Bankers Association is composed of bankers from four counties: Donley, Hall, Collingsworth, and Childress.

#### TINY TOTS REVUE IS BIG SUCCESS

#### CLARENDON KIDDIES PROVE ENTERTAINING ABILITY AT PASTIME FRIDAY EVE

Again the kiddies of Clarendon—and they're mighty cute—showed the general public just how singing and dancing, etc. really should be done, when they performed in the Tiny Tots Revue held at the Pastime Theatre Friday evening.

Mrs. Edna Boykin, as general director, is to be congratulated on the splendid showing of the children, as are her helpers, Mrs. Elizabeth Powell, Miss Mary Cooke, and Miss Mildred Martin.

The four children winning the prizes, their rank, and the acts are as follows: Billie Cooke, first tap dancing; Dorothy Kerbow, second, violin solo; Cleo Russell, third, reading; and Bobby Jo LaFon and Joe Fowler, Jr., fourth dialogue.

All the numbers were good and there was a big crowd to appreciate their efforts.

George Grogan of Amarillo was a Clarendon visitor Wednesday.

#### Lions Minstrel December 8th

The date for the Lions Benefit Minstrel has been set by the major activities committee of the Clarendon Lions Club for the evening of December 8th, according to information from J. T. Patman, chairman.

G. L. Boykin will direct the performance again and has already secured almost a complete cast. Rehearsals will begin in a short time and it is the aim of the director to surpass the success scored here last Spring when the first minstrel was given.

The community always supports any entertainment the Lions Club offers as a benefit to its Crippled Children's work. The membership believes that this Minstrel program will be no exception and a full house is expected. The production will be staged at the Pastime Theatre.

#### LIONS ENJOY FINE PROGRAM TUESDAY

#### MANY VISITORS AT LIONS LUNCHEON TUESDAY AT 12:15

Before an almost unanimous attendance the Clarendon Lions Club Tuesday at noon, augmented by many visitors, a most entertaining program was presented by Lion R. E. Drennan.

Several visiting attorneys were present as guests of Lions Porter and Pierce, and the program was presented by a group from Claude and the local schools. First presented were Little Miss Dorothy Baker and her brother, Sloan Hugh, in a duet, which was so well received that an encore was demanded and gracefully given. The encore was an improvised compliment to the Clarendon Lions Club to the tune of "Peggy O'Neil."

The program chairman then introduced Lion Henry Herndon, secretary of the Claude Lions Club who in turn introduced Lion Rev. Moore of Claude and Mr. Waggoner, who proved his ability as a ventriloquist in a skit of about fifteen minutes, much at the expense of certain local Lions. Mr. Waggoner is a pupil of the Claude High School and has won much recognition as a ventriloquist. His jibes at Lions Burton, Nored and Mulkey were received with great glee. "Jimmy," his dummy was certainly clever in his innocent rebuttals.

Lion Fred Rathjen read the resolutions as ordered by the club on the lamented departure from Clarendon and the membership of Lion Fred A. Story who has moved to Childress. They were well received and adopted unanimously. A copy will be mailed to the Childress Lions Club for suitable action and notice.

Lion Burton announced the football game here Friday afternoon between the C. H. S. Broncos and the McLean Tigers. This game will have a great bearing on the sub-district championship and the fans are much interested in its outcome. Lion Merchant announced that he had worked on a committee during the morning and that ninety-nine percent of the business houses of Clarendon would be closed for the game.

There will be no regular luncheon next Tuesday at 12:15, since the Charter Night Anniversary and Ladies Program will be held at the Lions Hall in the evening at 7:30 o'clock. District Governor Harrington of El Paso has written that the serious illness of his wife will prevent him being with the club as scheduled, but Judge E. L. Pitts of Lubbock, who is deputy district governor, will be here and make the address of the evening.

Mrs. W. H. Patrick returned Monday from an enjoyable visit to Dallas and the Fair.

#### SATURDAY, OCT. 28 LOCAL TRADES DAY

#### OCTOBER TRADES AND DOLLAR DAY GREAT BUYING EVENT OF MONTH

Numerous contests for men, boys and girls will feature Clarendon's October Trades and Dollar Day, which will be staged here, Saturday, October 28th. Secretary-Manager Boykin of the Chamber of Commerce has mapped out a series of interesting contests for the afternoon and suitable prizes contributed by the local merchants are being arranged.

In next week's issue of the Clarendon News a full and complete schedule will be printed, giving the contests and the various prizes offered, so every man, boy and girl in Donley is asked to be on the lookout for the listings. Then they can make up their minds just what merchandise prizes they desire and enter the contest accordingly.

A tentative list of contests in clude a Fat Man's Race, a Lean Man's Race, a Sack Race, a Potato Race and a Water Race. Then there will be bicycle races for boys and girls. Other events may be added.

This October Trades and Dollar Day is in the light of the great National "Buy-Now" campaign ordered by the President of the United States under the Blue Eagle of the NRA. Donley County people are already responding, but this big day will show a new volume of local trading, for Clarendon merchants are preparing to offer unusual values for the benefit of ever man, woman and child in the trade territory.

#### NEW STORE OPENS HERE SATURDAY

#### LATEST ADDITION TO CLARENDON BUSINESS SECTION READY SATURDAY

Parker's 5c to \$1.00 Store, Clarendon's newest business concern, will open its doors to the public Saturday morning according to an advertisement appearing in this issue of The News.

This variety and dry goods store is located in the Pastime Theatre building, formerly occupied by Whitlock's barber shop. Their quarters have just been remodeled, renovated and painted and everything will be spic and span for the opening day. New show windows have been built specially for display of variety merchandise and the front is painted a vivid red.

The store is owned by Mr. and Mrs. A. J. Parker, and her brother, Thomas J. Perkins. These people come here with the highest recommendations as merchants and as citizens. They operated a store at Panhandle before moving to Clarendon, but sold it recently. They were formerly in the hardware business at Paducah for a number of years.

The new merchants were attracted to Clarendon and Donley County by the location, citizenship and opportunity for business expansion and their choice so well pleased with their choice so far.

A. L. Chase arrived home Monday from a visit through several West Texas counties, returning by Fort Worth.

Miss Lorraine Patrick had as her guests this past week-end, Mrs. John O. Maberry and Miss Martha Troxel of Sayre, Okla.

Mrs. Florence Reno of Amarillo was a Sunday guest in the T. W. Welch home.

## DEFINING "GOOD TIMES"

One of the most common remarks to be heard these days is some wish or a reference to the return of "good times," which causes us to wonder just what are "good times."

There are, of course, as many definitions of "good times" as there are certain classes of individuals, but there is a conservative general meaning to the term that finally becomes a verdict of the age and generation and is so marked down in history.

It occurs to us that among the many things that we stand in need of, is a new and fair definition of the term. "Good times" as generally referred to mean back in the boom days, but are we correct in so labeling that wild period of spending, wilder speculation, and generally loose methods of living. This writer believes that history will finally write down the period that ended in 1929 as the very antithesis of "good times"—they will be known as the poorest days America ever knew. They will be represented as the days of lowest ebb of American common sense and business foresight.

So with the dawn of a better day visible in the Eastern horizon, it will be worth much to us if we are able to enter into its possibilities and opportunities with a re-definition of "good times." Let us understand that the term means equal opportunities for every citizen. It means fair compensation for labor, capital and products of every sort, whether factory or farm. It means justice for every class and special privileges to none. It means enough money in circulation to give every citizen and every business ample capitalization, but not enough to produce excessive speculation and boom periods. It means government for the people and by the people.

"Good Times" means a literal and practical application of the Golden Rule in private morals, commerce and government.

## THE PARTY LASH AND ITS FALLACY

Drunk with new power and not imbued with a sense of proper responsibility to the future, certain Democratic leaders in Texas are wielding just now what is known as the "party lash" in dealing with certain leaders and individuals who have not always marched straight down the party avenue where they felt that good conscience forbade.

According to the old Andrew Jackson doctrine of "to the victor belongs the spoils" the use of the "party lash" is to be expected and thoroughly in order, but the facts are that those days of little general reading and enlightenment have passed and we are in a new era. The "party lash" now can produce only one thing following certain satisfaction in the hearts of the wielder. It can guarantee only a "back lash," and every bit of political history for the past two decades proves the point.

Here in Texas if we are to have an enlightened Democratic party holding the respect and loyalty of Texas citizens the party lash must be discarded and the palm leaf and olive branch substituted. There must be first a genuine shrine of political integrity and personal rectitude set up, which leaders and party adherents must endorse and defend. Then there must not be anything but welcome to those who for reasons good and plenty have left the ranks in times past. If the welcome is genuine and the party is clean in its leadership and policies then the party will be strong. If the welcome is feigned the party strength is only a sham.

There are millions of Democrats in Texas when they can afford to be so, and there are few bootlickers in the whole lot. It is up to the state leadership of the party to maintain itself by wholesome conduct. The lash will weaken and emaciate.

## THE NEED FOR COOPERATION GROWS

The farmer who believes that because government is seeking to do certain things for him, he need do nothing for himself, might ponder these words of Governor Henry Morgenthau, Jr., of the Farm Credit Administration: "I believe in cooperation both as a way of advancement and as a necessity for the American farmer. I don't believe any new form of economy or new regulation of production will ever make it less necessary. It is more likely to increase the importance of it."

Agricultural cooperation means the farmer, in association with his fellows, in taking definite steps to help himself—and is adopting the soundest and most proven means of achieving a given end. The government itself recognizes that—and the careful reader of recent farm legislation will be impressed by the emphasis laid on cooperative methods. Indeed, Mr. Morgenthau says that the new system amounts to a chain of banks for cooperatives. The government is going to help by providing necessary financing, and the rest is up to the organized farmers.

During three years of depression the membership rolls of the established cooperatives have constantly grown.

During the next few years—the years of recovery—their rate of growth should be immensely accelerated. If that happens, and all indications are that it will, agriculture faces a bright future.

## BABSON URGES SPIRITUAL ADVANCE

Roger Babson, the great economist, quotes Edison as saying the next few decades would not see very much progress in the field of science, but the greatest advance would come in the realm of the spiritual. Mr. Babson writes at length on this subject and urges men to give renewed attention to the spiritual values of life as a means of solving our great and perplexing problems.

Mr. Babson is right as usual. We believe that Mr. Edison's prediction about science and invention is wrong, but we also believe that our notable and certainly our most important progress can come only through a more general adoption of Christian principles and living.

We must return to God if we are to bring this nation out of the present difficulties.

## THE BIG PUSH

The United States Government is furnishing American industry "the big push" and the advice has gone out from Washington that "now is the time to buy."

There never has been such a gigantic undertaking, which may be described as "spending the country back to prosperity." The official idea in Washington is to keep money flowing freely throughout the country and thereby head off the existing demand to turn on the money-printing-presses, as this is not the kind of inflation that is desired by the President and those who are back of his policies.

## WHAT! NO CENTENNIAL?

The special session of the Texas legislature adjourned without making any appropriations for the Texas Centennial celebration as voted by the citizenry. It would begin to seem like we are to have no Centennial unless private capital and enterprise rise to meet the emergency.

Just another example of how politics under a Ferguson administration so beclouds the mind and time of a legislature until the express-will of the people is forgotten.

## Scarlet Fever Warning Issued

AUSTIN, Texas, Oct. 19.—The State Department of Health has just issued a warning in regard to scarlet fever, as the number of cases usually increases during the fall months. Last year over twenty-six hundred cases were reported in Texas. The majority of deaths occur from Oct. through February.

Scarlet fever is a very contagious and serious disease. Grown people may catch scarlet fever, but children under 15 years are most likely to have it, if exposed. It is especially dangerous for children under 5 years, and for babies. Do not let your children take any chances with scarlet fever. Call the doctor as soon as the symptoms appear.

If your child is going to have scarlet fever, the first signs you may notice are that he

seems tired, restless and out of sorts. Usually, there is a sore throat, chill, vomiting, or convulsion. The child has fever. His skin is dry and hot. His tongue is furred, and, under this white covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red prints, close together, appear first on the neck and chest. Soon the rash is "over almost" of the body and brilliant in color.

The doctor is required by law to report the case to the local health officer. Do your part by following carefully the quarantine instructions which the health officer will give you. Children who have had scarlet fever, or who have been exposed, must not return to school until permission is given by the health officer and physicians. A severe or fatal case of scarlet fever may develop from contact with some one who has only a light attack.

## Clifford & Ray

"WE DELIVER" "BETTER GROCERIES"

This chart is based on figures from the United States Bureau of Labor Statistics and national electric rate figures. The rate curve of the West Texas Utilities Company follows a more sharply descending slope to a point 52% below the normal level, which is 10% lower than the national average rate reduction shown above.

## Your Average Electric Rate Is 85% Below Other Living Costs!

Complete electric service is the most reasonable item of expense in your family budget. It is the *only* item that has consistently been improved in quality and lowered in cost. Today it is 85% below other items of family expense . . . and still going down!

During the past ten years your average electric rate has been reduced more than 53%—while in spite of two years of rapidly lowering prices other items entering into the family budget still remain 32.5% ABOVE THE NORMAL LEVEL!

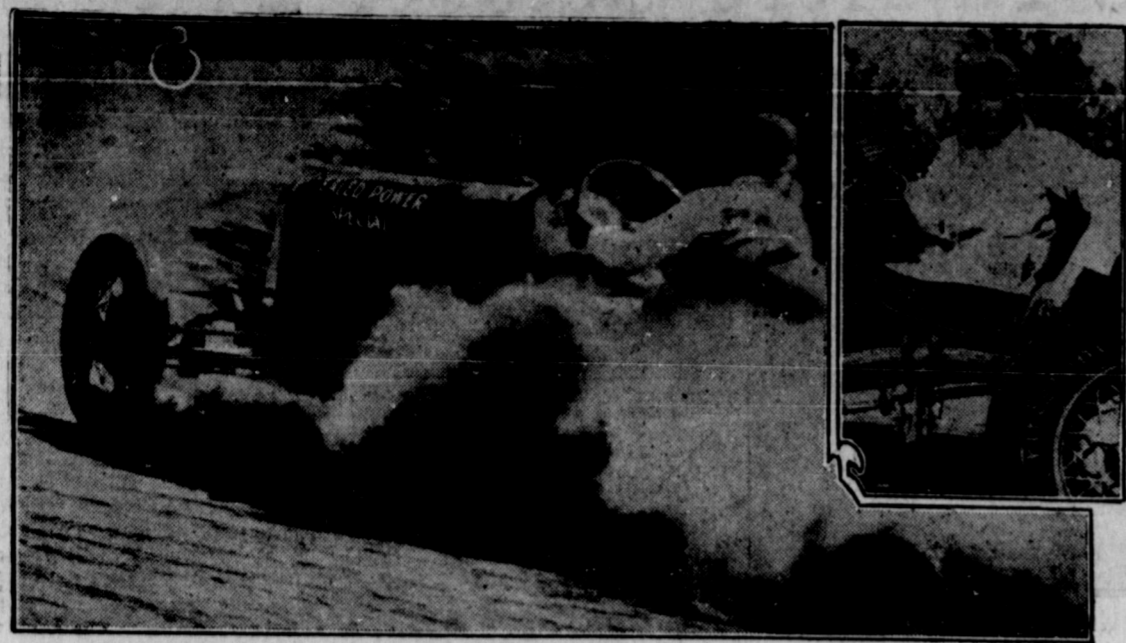

Just think of it! The 1932 dollar spent for general living expenses bought only 26% more than the 1922 dollar (according to the United States Bureau of Labor Statistics), while it bought from the West Texas Utilities Company 115% more residential electric service than the 1922 dollar!

This is a remarkable record! In spite of constantly increasing costs of government, the West Texas Utilities Company has effected economies which have given you the benefit of rate reductions amounting to more than 53%! And now, with commodity prices again following a sharply ascending curve, today's electric rates are even farther below general commodity prices than shown in the above chart.

Your dollar spent for electric service buys you more in real value—and more in comparison with that same dollar spent for other service or commodities—than any money you spend.

**West Texas Utilities Company**

**"Bottomless Pit" a Hazard of Great Pike's Peak Race**

Glen Shultz, 1933 Pike's Peak Winner, going into a hairpin turn—dust enshrouds him as the rear of the car begins its swing around. Inset shows closeup of the victor.

The towering heights of Pike's Peak look down each year upon the world's greatest mountain climb spectacle. According to Hommel Bros., Firestone dealers of this city, the recent 1933 race is a story that should interest all who drive automobiles. "For the seventh time, Glen Shultz, of Colorado Springs, won this speed classic against 18 of the best racing drivers of the country," Mr. Hommel said. "Shultz traveled the steep 12-mile course in 17 minutes and 27.5 seconds.

"Tires, of course, bear the brunt of this gruelling test. They must safely negotiate the 181 'hairpin' turns, as the cars travel the dizzy ascent at mile-a-minute speeds. For the eighth consecutive year Firestone High Speed Gum-Dipped Tires were on the winning car.

An interesting sidelight on the importance of tires is given by Shultz's wire to Firestone just after his victory. 'The Pike's Peak Race is over, and I was fortunate enough to win it again with the able assistance of Fire-

stone tires. The present tread compound is the toughest we have ever seen in our workouts we used only one-third the rubber that we did last year—and with more horse-power to grind it off. My congratulations on the development of your product."

**Library Notes**

By MRS. C. A. BURTON

Perhaps no author is more widely read today than John Galsworthy. His death in the prime of his maturity something more than a year ago was felt to be a real loss by his host of readers. The large number of his books may be classed as genealogical novels. "The Forsyte Saga" leading.

This is a history of three generations of a typical English family of the Victorian epoch and the first twenty years of the 20th Century. Of it the New York Times says, "A social satire of epic proportions and one that does not suffer in comparison with Thackeray's 'Vanity Fair.' A vast tapestry of bold design wrought with infinite pains, now in somber blacks and grays, again with flashings of color, the whole a comedy of manners, convincing both in its fidelity to life and as a work of art."

This is followed by "A Modern Comedy," which is the saga of younger Forsytes. As in the "Forsyte Saga," Galsworthy has shown his characters against a

rich background of English life—Parliament, the law courts, business, sport, philanthropy, art, unemployment, the general strike, the post war sufferings of the poor—so says the Saturday Review of Literature. This followed by "Maid in Waiting," which still has for a background the Forsyte family, but centers its interest in "Dinny" who styles herself as a "Maid in waiting." It is a delightful story of English family life with its intense loyalties, its ideals, its traditions which all hark back to the principles which are the foundation stone of England's greatness.

The Philadelphia Record makes this comment: "So clearly does Galsworthy observe, so deeply understand, so accurately record, that his chronicle are perhaps the most authentic interpretations of his age." "Flowering Wilderness," with the same background, again centers our interest in "Dinny" who ceases to be a "Maid in Waiting" because into her life comes the supreme experience—a great compelling love. Into her love story ramify the tides and currents which have swept over England since the war. The social life of the tie is depicted interestingly, and the intense national loyalty and family solidarity are everywhere evident. A strained sense of honor means distaste to all that Dinny holds dear—and

we find her at the close of the story again the Maid in Waiting—for what else can life do to her. But Galsworthy's last novel completed just before his death, brings happiness to Dinny. It is "One More River," and we do not, as yet, have it in our library. In fact, it is just off the press this month. We hope to have it soon. All the other books mentioned in this article are yours to enjoy from our shelves.

Mr. and Mrs. S. J. Cole of Amarillo were Sunday guests of Mrs. Cole's brother, Sam M. Braswell and Mrs. Braswell.

Mr. and Mrs. J. A. Guthrie of Maude, Oklahoma were week-end guests of their daughter and son, Mrs. Mary Wardlaw and C. S. Guthrie. Bill Sweet of Maude, also accompanied them.

**PAN. DIST. MEDICAL SOCIETY TO PLAINVIEW OCT. 24 to 25**

The Panhandle District Medical Society will meet in Plainview, Texas, Tuesday and Wednesday, October 24th and 25th, 1933. The meetings will be held at the Hilton Hotel and the program for the visiting doctors and their wives. Dr. O. L. Jenkins of this city is scheduled to appear on the program in one of the medical discussions.

Tuesday evening there will be a banquet at the Hilton Hotel, following which a dance will be enjoyed at the Hilton Hotel Ball Room, with Polly Paret and his orchestra playing.

If one's thoughts were written on one's face, many would need masks.

**NAYLOR**

(By Mrs. Richmond Bowlin)

Naylor had a nice rain, good for wheat pastures but held up cotton picking.

Rev. Charlie Williams filled his appointment Sunday—preaching both morning and evening.

Frank Tidrow and Walter Johnson were Amarillo visitors Sunday.

The play, "Pumpkin Ridge", sponsored by the Literary Society and directed by Mmes. Harvey Adams and Walter Scott, was rendered and much enjoyed Saturday night.

Dorris Espey made a flying trip to Amarillo Saturday.

Mr. and Mrs. Walter Scott and Mr. and Mrs. Ray Refner motored to Childress Saturday.

Misses Fanny Naylor and Latrice Scott who operate a beauty shop there, came home with them to spend the week-end, going back Monday morning.

Leroy Tidrow, who is attending school at Hedley is at home for two weeks as Hedley school has recessed for a short time.

Gene Cauley of Cooper is a guest in the home of Mr. and Mrs. A. E. Tidrow. He is a nephew of A. E. and Frank Tidrow.

Mr. and Mrs. Dee Crites and Dee's father, Arthur Crites, of Lelia Lake, spent Sunday with Mr. and Mrs. A. E. Tidrow.

Mr. and Mrs. Rich Bowlin were at Lelia Lake Monday on business.

**MRS. JAMES TRENT TO LEGION MEET AT AUSTIN**

Mrs. James Trent was called to Austin last week to a meeting of the executive board of the Texas American Legion Auxiliary.

The purpose of the meeting was to elect a new president as the present one died a few months ago, following her election. Mrs. Trent is president of the 18th District of the American Legion Auxiliary. She is expected back Thursday evening.

**BRICE**

(Frankie Smallwood)

School opened here Monday with fair attendance.

Mr. and Mrs. Jack Cooley of Pleasant Valley, Miss Willie Mae Blanks of Liberty and Mr. and Mrs. J. W. Choppell spent Sunday with Mr. and Mrs. A. P. Todd.

Mr. and Mrs. Robert Holley of Ashtola moved into the teacher-age Saturday. Mr. Holley will teach here again this term.

Mr. and Mrs. M. L. Pittman and family spent Sunday in the home of U. G. Pittman of Martin.

Mr. and Mrs. Byron Todd and little son, Don, visited relatives here Friday.

Miss Neville Harper made a business trip to Pampa Sunday.

**SUNNY VIEW**

(By Mrs. A. M. Lanham)

The rain that fell here Saturday evening did no damage; no hail fell in this section.

Mr. and Mrs. Sam Roberts spent Saturday in Amarillo as dinner guests of Mr. and Mrs. James Roberts.

Mrs. Claude Gamblin and son Tommie and Billie Dean Ratcliff of Clarendon called on Mrs. R. A. Brame Sunday afternoon.

Mr. and Mrs. Gus Roscoe and Mrs. Andrew Womack of Memphis called on Mr. and Mrs. Sam Roberts Sunday afternoon.

Mr. and Mrs. Neal Bogard and family and Mr. and Mrs. Heckle Starks visited with Mr. and Mrs. Millard Starks Sunday.

Mr. and Mrs. Sam Dale and daughter, Lucile, of Goldston, spent Sunday with Mr. and Mrs. R. A. Brame.

Mr. and Mrs. Roy McKee and family of Lelia Lake spent Sunday with Mr. and Mrs. F. L. Behrens.

Mr. Zack Cox of Lake View spent Wednesday with his sister, Mr. and Mrs. R. A. Brame and family and attended to business in Clarendon.

# American Legion Membership Campaign Here October 24 to 28

## Every Ex-Service Man A Member, Legion Objective

The American Legion, an organization composed of ex-soldiers of the World War, is made up of men who served with inseparable ties of purpose and association. They fought side by side for common cause. Membership requirements are forever closed unless a man has a discharge from the Military Services of the United States of America during the period of the World War.

President Roosevelt said in his address to the National Convention at Chicago recently that he expected the Legion to serve as never before. Your Legion membership card stamps you as a special representative of the President and of the United States and its President in Peace

### Post Commander

G. L. BOYKIN

as much as did your rifle during the war.

The American Legion Post of Clarendon has had an enviable record. For three straight years, it was the outstanding post in the district. It is the largest organization from the standpoint of members in Donley County. If you are a veteran of the World War, you owe it to your country, your President, the Legion, and yourself to be a member of the American Legion. Committees of the Clarendon Post will instigate a membership campaign October 24th that will cover four days, during which it plans to contact every ex-service man in this territory. The Legion is for the benefit of the ex-soldier, and he is the only possible member. Give the boys a break and pay your dues. Support the only organization of all ex-soldiers, and take part in the activities of the local post. You will be a better soldier, citizen, and Legionnaire.

A big rally will be held Friday night, October 28th at the Legion Hall at the close of the membership period. Every ex-soldier is invited. If you have a discharge, you are invited. Come!

G. L. BOYKIN, Commander.

## To Ex-Service Men of Donley And Its Vicinity

As the war-time Commander of Company H, 142nd Inf., 36th Division, which Company served with such wonderful honor and distinction Overseas during the World War, and from whose ranks come many of the ex-service men living in Clarendon and its vicinity, I have been requested to write a short article on the subject, "Why the Ex-Service Man Should Belong To The American Legion." It gives me pleasure to comply with this request. It is not a difficult task to assign many reasons. "Why The Ex-Service Man Should Belong To The American Legion."

In assigning reasons which answer the above subject question, it is well for us to first determine

## History Of Aubyn E. Clark Post Organized In Clarendon In 1919

The Aubyn E. Clark Post of the American Legion was organized some time in 1919. The exact date is not known, however, as all the records of the Post during the early days of its organization have been lost.

The Post was named in honor of 1st Sergeant Aubyn E. Clark, Company "H", 142nd Infantry, who was killed in action near St. Etienne, France on October 8th, 1918.

Chas. B. Trent was the first Commander and had a leading part in its organization. On Jan. 2nd, 1919 the State Department of the American Legion issued a charter to the following members: Floyd L. Lumpkin, Hollis B. Spiller, Chas. B. Trent, Allan M. Beville Jr., De A. Baker, Sam G. Dyer, George Taylor, Thomas E. Allen, Thomas R. Walker, Ethan A. Simpson, Cecil Reavis, Mathew Lane, Wallace W. Weatherly, Ernest T. Naylor and Hubert Baker. At that time an election was held and Allen M. Beville Jr. was elected Commander. Chas. B. Trent is the only member who has belonged to the Post every year since its organization.

Very little is known of the activities of the Post during the first few years of its existence but we do know the names of the men who, as its commanders, guided and lead it in carrying out its programs. Joe Holland was elected Commander in 1921. Jim Adams was Commander in 1922. Monty Garrison held the office in 1923 and Nat Perrine in 1924. The following year the Post ceased to function due primarily to the fact that its members could not secure a permanent meeting place and very often could not find a suitable place to hold meetings.

Through the untiring efforts of Chas. B. Trent and a few others the Post was reorganized March 12, 1928. The organization meeting being held in the Antro Hotel.

Immediately after the reorganization in 1928 the Legion secured a permanent home in the City Hall. By an agreement with the City Commissioners and Mayor they are to have use of the hall as long as they want to use it for a Legion Home.

Several hundred dollars have been spent by the Post in the furnishing of their home and

today they have one of the best furnished homes in the Panhandle.

The Commanders and the number of members since the reorganization of Aubyn E. Clark Post are as follows: H. T. Burton was Commander in 1928 with a membership of 61, in 1929 C. J. Douglas was Commander and the membership was 52, in 1930 E. R. Andis held the office with 67 members, in 1931 under the leadership of C. E. Miller the membership rose to 105 and the following year under L. N. Cox it went to 116. In 1933 Ralph Kerbow was Commander and the membership was 99.

G. L. Boykin who has been Adjutant of the Post since 1928 was recently elected Commander for 1934.

Since its beginning child welfare has been, and will continue to be a concern of the Legion second only to that of the disabled.

From the early days of their existence the Legion Auxiliary has cooperated with the National Education Association, and the posts and units have worked with the schools on the theory that the more enlightened people are the better citizens they will be.

Community Service is another Legion contribution to the welfare of the community. With most folks America is largely the home town. Whether a boy or girl grows into a good citizen, whether an adult is of the right type depends largely on the atmosphere and environment of the home and community. The Legion believes that the more attractive and comfortable a community may be made the better its influence for sound citizenship.

How well Aubyn E. Clark Post of The American Legion has carried out this program can be seen from the fact that in 1930 it received an award of the most distinguished Service Certificate from State Headquarters of The American Legion and from the National Headquarters of The American Legion. In 1932 the Post received a Community Service Citation awarded by the American Legion Monthly for worthwhile and constructive service to the community. In 1930, 1931 and 1932 the local Post won the loving cup to the most active and outstanding post in

WILL APPEAR HERE NOVEMBER 19TH, UNDER THE AUSPICES OF THE AMERICAN LEGION

just what the American Legion is. The American Legion is an association of all those members of the armed force of the United States of America. Soldiers, Sailors, Marine Corp, and Nurse Corp who served honorably in the defense of the United States during the World War between the date of the declaration of war in April, 1917, and the signing of the Armistice on November 11, 1918. It matters not whether the member of these forces served only in the United States, or partly in the United States, and partly Overseas. The only requirement for membership is that the person served in some contingent of the United States Military Force honorably during the World War. Membership cannot be purchased. One is not subject to election to the American Legion because he is liked by his friends, or because he is blessed with much of this world's goods. A person is only eligible to membership when he has served his country during the World War, and when his services has been honorable and satisfactory. The American Legion, is therefore, an association of persons, of class above mentioned, banded together to preserve their war-time friendship and memories, and associated together for God and Country, to carry on in peace, the lofty ideals which imbued these persons during the World War.

I therefore, say, that every ex-service man should belong to the American Legion for the following reasons:

1. Such membership gives one the chance to meet, at stated intervals with other men and women who served the same country in the same cause during the World War.
2. Such membership preserves and fosters the friendship formed between individuals during war-times.
3. Such membership keeps alive and green those precious memories of war days, which are of varying kinds; some that burn and sear, some that bless and heal, some that cause the tears to drop again to for in our eyes, and some, that in our moments of solitude, cause a smile of merriment to sparkle in our eyes, and a chuckle to come from a long lughless throat.
4. Membership in the American Legion gives to each person the right to continue to study, in peace-time, those honorable traits of character which were exhibited by the service men during the World War, the exhibition of which traits endeared the service men one to another during the war-days.
5. Membership in the American Legion gives to every ex-service man, a weekly and monthly opportunity to re-inspire himself with, and to re-consecrate himself to the lofty ideals of patriotism, and love of country which filled the hearts of most service men during war-times.
6. Membership in the American Legion gives every ex-service man the opportunity to grow in ideals of citizenship by affording a chance to serve a less fortunate ex-service man with the same degree of affection and enthusiasm, which prompted each service man, to succor, in times of war, or a less fortunate brother in arms.
7. Membership in the American Legion gives to each ex-service man the opportunity, to receive, when most needed, not only mental, but material aid from his former brothers in arms.
8. Membership in the American Legion presents an organized association and an established line of ex-service men determined to demand from, and to secure from this Government, adequate support and maintenance for those service men, who, through wounds received during

## Stirring Days Of 'Seventeen Recalled In Story of Co. "B" Later Designated As Co. "H"

### Local Company Had Colorful And Glorious Record In A. E. F.—Losses Were Heavy In Somme Py Region In France

Company "B" 7th Texas Infantry was organized in the summer of 1917 by Capt. E. A. Simpson. The original Company of 128 enlisted men were recruited from Clarendon and surrounding communities.

For some thirty days they were in Camp at the old Fair Grounds north of Clarendon, before being ordered to Camp Bowie at Ft. Worth.

On Sept. 4th 1917 one of the largest crowds ever in Clarendon gathered to see Co. "B" off to Camp. A special troop train already loaded with the men of Co. "A" of Amarillo came through in the afternoon and picked up the men of Co. "B".

Upon arriving in Camp Bowie the new soldiers found that they would have to help build their quarters as Camp Bowie at this time was not completed. It wasn't

long, however, until the tents were up and the ground policed and everything in order for what everyone hoped would be their home for only a short time.

Uniforms, blankets, rifles, etc., were not issued for some time and the men had to stand guard

in winter weather without overcoats and armed only with sticks.

On October 15, 1917, due to the requirements of the War Department of much larger units the old 7th Texas Infantry was consolidated with the 1st Oklahoma Infantry to form the 142nd Infantry, Co. "B" of Clarendon and Co. "D" of Quanah were united to form Co. "H" in this new regiment.

After this reorganization Co. "H" had about 230 enlisted men, were Co. "B" only had 128 when they arrived at Camp Bowie.

All of the winter of 1917-18 and most of the next summer were spent in intensive drill and school. There was trench warfare, Bayonet practice, long marches with full pack both day and night. Ten months may be a short time in which to make soldiers out of recruits, but to the followers of the 142nd Inf. it was a very long time and they were very much ready for a change when July 9th, 10th and 11th they were trained for Hoboken, N. J. None of the regiment remained there more than 24 hours. Co. "H" spending the night and a few hours of the following day before they boarded the transport Rijndam on July 17th with the 2nd and 3rd Battalions.

At 2:00 p. m. on July 18th the ship moved out of the harbor and joined its Convoy with thirteen other transports. In this convoy there were between 60,000 and 70,000 men.

On August 1st the Company

landed at St. Nazaire, France and on the sixth day entrained for Bar-sur-Aube which was in the Department of Aube and the 13th training area.

It was on this trip that Pvt. Ed Strunt of Co. "G" was knocked from the top of a box car as the train passed under a low bridge and killed instantly.

On arriving at Bar-sur-Aube Co. "H" and Co. "G" were assigned to a small town about six kilometers out and the training schedule was resumed and intensified. Before long some of the men in Co. "H" were transferred to the 42nd or Rainbow Division.

This, of course, made those remaining more anxious to see some service at the Front. However, they did not have long to wait for the regiment soon moved to an area around Champignuel, and Co. "H" went to Ruffly le petite. On October 4th the regiment moved to Somme Suippes, where they arrived before day-break on October 5th. On October 6th the regiment marched to a rendezvous Somme Py. That evening orders were received directing the 141st and 142nd Inf. to relieve the 2nd division Front Line. The relief was affected that night, guides being furnished by the Marines.

The 142nd Inf. relieved the Marines on the evening of Oct. 7 and were ordered to attack at 5:15 on October 8. Co. "H" and Co. "G" being designated as the assault Companies. In the attack that followed due to improper artillery support the casualties in these two Companies were very heavy. Co. "H" going in with 182 enlisted men had over 100 killed and wounded in the attack.

have been rendered unable to care for themselves.

9. Membership in the American Legion gives to the ex-service man the chance to demand and receive from our Government through organized effort, adequate support and maintenance for the faithful living wives, and penniless children of deceased buddies, who died from wounds received in service, or from diseases contracted in line of duty during war-time service.

10. In connection with the two preceding reasons, but not less important than either, membership in the American Legion gives to every ex-service man the opportunity, through the organized host of the Legion, to protect our country, our government, and our tax-paying citizens, from the avaricious demands of a minority of the ex-service men, who, simply because they had the wonderful opportunity during the War, to wear the uniform of our country, now ask that the government support them notwithstanding they were not injured, and their earning capacity was not decreased by service in the World War.

11. Membership in the American Legion gives to every ex-service man the opportunity to perpetuate the ideas of national defense learned during the World War.

12. Membership in the American Legion gives to every ex-service man the opportunity while marching shoulder to shoulder with his war-time buddy, to carry forward in peace-times, the same ideals of duty, love of country, and of good government as we learned, and fought for during the World War.

It is said that the Ten Commandments do not embrace all of the rules and regulations necessary to be followed, to attain perfection, but as one not fully versed in Biblical lore I would say that if any man honestly lived up to the letter and spirit of the Ten Commandments, he would be a pretty decent fellow, one that an ex-service man would characterize as, "A Regular Guy."

In connection with this observation, I say, that the foregoing twelve reasons are some, but not anything like all the reasons that might be assigned in answering the question, "Why The Ex-Service Man Should Belong To The American Legion?" I believe, however, that a fair reading of the foregoing twelve reasons will convince any man that he ought to join the American Legion now.

Respectfully,  
E. A. SIMPSON,  
Formerly Capt. 142 Inf.

in winter weather without overcoats and armed only with sticks.

On October 15, 1917, due to the requirements of the War Department of much larger units the old 7th Texas Infantry was consolidated with the 1st Oklahoma Infantry to form the 142nd Infantry, Co. "B" of Clarendon and Co. "D" of Quanah were united to form Co. "H" in this new regiment.

After this reorganization Co. "H" had about 230 enlisted men, were Co. "B" only had 128 when they arrived at Camp Bowie.

All of the winter of 1917-18 and most of the next summer were spent in intensive drill and school. There was trench warfare, Bayonet practice, long marches with full pack both day and night. Ten months may be a short time in which to make soldiers out of recruits, but to the followers of the 142nd Inf. it was a very long time and they were very much ready for a change when July 9th, 10th and 11th they were trained for Hoboken, N. At 2:00 p. m. on July 18th the ship moved out of the harbor and joined its Convoy with thirteen other transports. In this convoy there were between 60,000 and 70,000 men.

On August 1st the Company

# BACK THE LEGION

## An Organization Dedicated To Service

To many of us The American Legion has always been an ideal—something on which no return is expected for what we all put into it—Something whereby the other fellow who sorely needs help, is benefitted by our endeavors. Something that is bigger and broader than ourselves—something that is filled with sacrifice and in which selfishness has no part.

Our original conception of the Legion has grown as the years pass, though it has remained unchanged otherwise and for this, we can all be grateful—and grateful too that it is our privilege and good fortune to be Legionnaires.

The American Legion is right in the midst of the greatest membership drive in the history of its organization. This is the fighting year in this Legion of ours and we ask every eligible man to avail himself of the privileges for SERVICE that membership in The American Legion offers. A privilege of putting your shoulder to the wheel and help make successful our program of Americanism, Community Service, Rehabilitation, Child Welfare, Legislation and others

## Fairy Fire Of Enthusiasm For The Public's Favor As Seen In An Artist

A Visit With Bohumir Kryl, Of The Symphony Band, And The Turn Of Thought The Visit Inspired  
By VICTOR MURDOCK

There is no fascination that equals the public's fascination, if a man once really feels it. That was the thought that turned over in my mind when I was visiting with Bohumir Kryl here in Wichita the other day. I have seen evidence of the power of the public fascination in statesmen, in famous men of the cloth, in great doctors, lawyers, writers and in outstanding artists. I never knew any one more responsive to it than Bohumir Kryl.

I asked him the other day to tell me the story of his life, my idea being to put his passion for the public under my microscope, although I did not tell him my purpose. I had his story many years ago, but I wanted it again. He was born in Prague. His father was a sculptor. So the boy Bohumir became a sculptor. But the boy Bohumir, with some ferocious ferment in his leonine head which spread his ambitions like a prairie fire, branched out. He took up the violin. He tried the trumpet and was so wonderful with the trumpet that years before he was eligible to enlistment, the army honored him with membership.

When he was fourteen his father, a professor in the government school of sculpture, had some inconsequential row over religion with the faculty and in high dudgeon bundled up the family and came to America. Not so long afterward Bohumir found himself at the home of General Lew Wallace at Crawfordsville, Indiana, doing sculptures for the author, including of course a "Ben Hur." And everybody in that part of India soon found that Bohumir could "play the cornet." Sousa and his band came along and played Indianapolis. Sousa heard about Kryl; heard him and for five years thereafter Kryl was Sousa's soloist. Then for three years he was Innes' manager. Bohumir Kryl got to see all of the United States. He also got rich. But money while it meant a lot to him, did not mean as much as art and back of art, the public.

He acquired and still has a notable collection of masters—a Jules Breton, a Bouguereau, an Innes, four incomparable Corots and a wealth of other equally precious works. Having a lot of money his friends among the former Bohemians in Chicago piled him with the suitable suggestion that he ought to be a banker. So a banker he became. Where then was his public? Had he cooled to it? He had not. He arranged with the bank directors that he was to have fifteen weeks out of every year with his band. The public had no trouble in expanding those fifteen weeks to thirty; Kryl sold his interest in the bank and devoted his whole attention to his band—and the public.

This symphony band of forty pieces is now in its twenty-ninth season. It plays about six months in every year and is the surviving star of a former galaxy of great traveling bands which Pat Gilmore set in the American firmament. The rest of the month in the year Bohumir Kryl uses to do his own booking.

And it is in this matter of booking that Bohumir Kryl's surpassing love of the public showed most brightly to me. He covers the country in a motor-car. Given confidence in the car and his chauffeur, the whole transaction of booking thereafter becomes an adventure to him. Any town interests him, as he tours about the country, and a great many towns, as prospects, actually elevate his spirits, although the transaction of booking became an old, old

story, many, many years ago. It never grows monotonous to him. Every booking becomes a fine kind of personal triumph which keeps his enthusiasm in continual efflorescence.

He showed me one sheaf of contracts which contained the season's bookings of 162 teachers' colleges. He had done them all himself. He knew the towns he has visited as if he were a citizen of each of them. He remembered vividly the people he had contacted. He was deriving that minute pleasure out of the expectation of the band's performance at each place as are the folk who signed the order for the appearance. On each of those occasions his audience will be enthusiastic. But so will he.

Bohumir Kryl is getting along in years. Physically he is pretty heavy. Contrasted with the forty young slender artists he leads he might look the patriarch. But he does not. I do not imagine that any man, touched as he is with the fairy fire of love of the public, could, at any age, look other than young.

### EARLY DESTRUCTION OF COTTON STALKS MEANS FEWER BOLL WEEVILS

Destruction of cotton stalks in the fall is one of the most important steps in boll weevil control, says the Bureau of Entomology, U. S. Department of Agriculture, which has been advocating this method for more than 25 years. Cotton should be picked as rapidly as possible, says the bureau. As soon as picking is completed the stalks should be plowed under. In cases where it is impractical to plow under the stalks farmers will do well to turn cattle, sheep or goats into the field to graze. There are large areas where cotton is already almost if not completely picked out and hence there is an unusual opportunity now to clean up cotton fields as a weevil control measure. If the cotton stalks on these farms are destroyed promptly the weevil population for next spring will be greatly reduced. Community action will produce the best results but every farmer should destroy the stalks on his farm as early as possible whether his neighbor does or not. The individual farmer who destroys his cotton stalks early will benefit, because boll weevils do not move in large numbers until late in the season, so that his fields will not be infested by many weevils until the 1934 crop is so far advanced that it is not likely to be injured.

Early destruction of the stalks prevents the development late in the fall of a multitude of weevils. Plowing the stalks under or grazing destroys the immature stages of the weevils in squares and bolls now infested and it stops the growth of squares in which weevils might develop later this season. This stops the development of weevils many of which would hibernate successfully, and this in turn, decreases the number of weevils which will emerge in the spring. The destruction of the stalks will also cause many weevils now in the adult stage to starve before cold weather arrives. Others will be in a weakened condition from lack of food and will not survive the hibernation period.

Many experiments have shown that the earlier the cotton stalks are destroyed in the fall the fewer the boll weevils in the following spring.

### WHAT KIND OF A PERSON ARE YOU?

What kind of a person are you?  
Are you what you would like to be?  
Are you living the kind of life that you expect to live?  
Does your life meet your approval?

Have you made an inventory of your life this year, and listed your strong points and your weak ones, your good points and your bad ones?  
Have you considered those traits in your character that are unworthy?  
Are you making an effort to control that temper of yours?  
Are you doing anything to overcome that temptation that deceives you?

Do you always take a positive for what you know to be right?  
How about moral "house cleaning" have you removed all rubbish of bad habits and petty faults from God's temple, that is called your body? Have you sought to make it fit for His presence?  
Having rendered unto your neighbor what you owe him, do you render unto God the things that are His? In other words, do you think God would welcome you to heaven if you were called to go now? We will have to go into His presence some day, we should get ready for that great meeting while we still have time.

MAKE REPAIRS NOW  
Much could be done toward relieving the unemployment situation in this and every other community if all who are able to do so would have needed repairs made about their homes and other buildings now, instead of waiting until later.  
Nearly every property owner could do some remodeling, renovating, painting and the like to his own advantage, at the same time giving temporary employment to those in need. This plan is being advocated by emergency committees all over the country as one of the most practical means of relieving the distressing situation which still exists.  
The unemployed want work, not charity. The acceptance of outright charity lowers a man's self respect, but he can work at any honorable task, and still keep his head up. That is the idea which dominates the present nation-wide movement to make more jobs.  
It is always good business to make needed repairs promptly, and a property owner today may have work done at an actual sav-

### MEDICAL ADVICE

If you want to

- ... keep the bowel action regular and comfortable
- ... make constipated spells as rare as colds
- ... avoid danger of bowel strain

—use a liquid laxative

Can constipation be overcome? "Yes!" say medical men. "Yes!" declare thousands who have followed their advice and know. You are not apt to cure your constipation with salts, pills and tablets, or any habit-forming cathartic. But you can overcome this condition just by gentle regulation with a suitable liquid laxative. Dr. Caldwell's Syrup Pepsin has the average person's bowels just as regular as clockwork in a few weeks' time.

The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward. The wrong cathartic may keep you constipated as long as you keep on using it!

In buying any laxative, read the label. If it contains a doubtful drug, don't take it. If you don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you syrup pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. Drugstores have it, ready for use, in big bottles.

Why Hospitals use a liquid laxative  
The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Will not irritate kidneys.

### COLLEGE FOOTBALL

College football is still regarded as an amateur sport, in spite of the Carnegie Foundation's findings that in many institutions players are to some extent subsidized. But, regardless of what the players get out of it, college football has assumed the proportion of a business in which millions are involved.

As a recent writer declares: "It is played today by athletes as highly trained as steeple-chasers, in marble amphitheatres that shame the Roman Coliseum, before crowds that match in gate receipts the earnings of a Dempsey-Tunney prize fight."

The development of modern football from a casual sport to its present eminence seems remarkable when it is recalled that the first inter-collegiate game in the world was played in 1869 between Princeton and Rutgers with 25 men on each team. Incidentally it may be mentioned that the captain of the Princeton team in that game is still alive in the person of Chief Justice Williams S. Gummere of the New Jersey Supreme Court, and that his team lost by the score of 6-4.

It is also interesting to note that the first play which gave rise to modern football in commemorated by a tablet at Rugby School, England bearing this inscription:

This stone commemorates the exploit of William Webb Ellis, who with a fine disregard for the rules of football as played in his time first took the ball in his arms and ran with it, thus originating the distinctive feature of the Rugby game, A. D. 1823."

### HOME DANGERS

Figures compiled by one of the largest insurance companies show that accidents in and about homes cause 23,000 deaths and three million injuries in the United States every year. Of these deaths about 8,000 are caused by falls; 5,400 from burns, scalds and explosions; 3,600 from asphyxiation, and 2,000 from poisoning.

To avoid such accidents, the National Safety Council recommends the following precautions:  
Have rugs on polished floors anchored or rubber-lined.

Keep stairways properly lighted and free of objects on which one might stumble, with treads and hand rails in good repair.

Keep sharp instruments, such as scissors, ice-picks, pins and needles out of reach of young children.

Never allow an automobile engine to run with the garage door closed.

Keep steps and sidewalks clear of snow and ice.

ing to himself, besides having the satisfaction of doing a worthy act in behalf of his less fortunate neighbor.

## For Extra-Fast Relief

Demand And Get

**GENUINE  
BAYER  
ASPIRIN**

Because of a unique process in manufacture, Genuine Bayer Aspirin Tablets are made to disintegrate—or dissolve—INSTANTLY, you take them. Thus they start to work instantly. Start "taking hold" of even a severe headache; neuralgia, neuritis or rheumatic pain a few minutes after taking. And they provide SAFE relief—Genuine Bayer Aspirin.

does not harm the heart. So if you want QUICK and SAFE relief see that you get the real Bayer article. Always look for the Bayer cross on every tablet as illustrated, above, and for the words GENUINE BAYER ASPIRIN on every bottle or package.

DON'T LET THIS HAPPEN TO YOU. IT'S NEEDLESS WHEN BLOWOUT PROTECTION IS FREE!

## AMAZING NEW TIRE WILL SAVE LIVES

No Extra Cost to Public. Come in and See the New Silvertown

THIS year thousands will be killed or injured by accidents due to blow-outs. Will you be one of them? Not if you use this new kind of tire... this tire that makes you 3 times safer from blow-outs at high speeds.

Today's high speeds—40, 50, 60 and 70—cause terrific heat INSIDE the tire. This heat causes rubber and fabric to separate. A blister forms... and grows bigger and bigger... until BANG! A blow-out! And you're headed for trouble or worse.

To protect you from blow-outs, every new Goodrich Safety Silvertown Tire has the amazing Life-Saver Golden Ply. This new invention resists heat... rubber and fabric don't separate. Thus blisters don't form inside the tire. The CAUSE of blow-outs is eliminated beforehand.

The best part of this good news is that you don't have to pay a single penny extra for this Golden Ply protection. Thanks to the Goodrich crusade to save lives, we can give you this new Safety Silvertown for the same price as any other standard tire.

Why take chances? That blister... that blow-out in the making... may be in your tires right now. Come in today.

3:00 p. m. Wednesday, the W. M. S. meets in circles.

7:30 p. m. Wednesday, Prayer Meeting.

7:00 p. m. Friday, Boy Scouts Meeting.

A Greeting Awaits You. Come!

## "CAVALCADE" TO BE HERE MONDAY AND TUESDAY

The long-awaited Fox Film production of Noel Coward's "Cavalcade" makes its local bow Monday and Tuesday, October 23rd and 24th at the Pastime Theatre.

"Cavalcade," which ran for a solid year at the famous Drury Lane Theatre in London as a play attracted more attention than any drama produced in England in a generation.

It is a story of how world events effect the home and family. It is the story of the Maryots, a middle class family consisting of Jane and Robert, the mother and father; their two sons, Edward and Joe; their servants, Bridges, the butler, Ellen his wife, and Fanny, their daughter.

It covers the period from 1900 to the present day, and the absorbing story is etched against a vivid background of historical happiness during that time.

Frank Lloyd, who directed, scoured the world for the most suitable players for the various roles, and gathered an all-star cast which included Diana Wyand, Clive Brook, Beryl Mercer, and Herbert Mundin.

Every player in the game of life holds a winning hand at some stage.

A half-million farmers lost their status as landowners in the last three years.

## Mr. and Mrs. Lenn Ballew Celebrate Their Golden Wedding Anniversary

Saturday, October 14th, was a very happy occasion for Mr. and Mrs. Lenn Ballew of this city. It was their Golden Wedding Anniversary.

Mr. and Mrs. Ballew were married at Pilot Point, Texas, October 14th, 1883. The ceremony was performed at the bride's home at six o'clock in the evening. Following this the groom's parents honored the young couple with a lovely dinner.

Mrs. Ballew's wedding dress was wine colored crepe with cream accessories, while the groom wore a black suit and a white satin tie.

In September 1903, Mr. and Mrs. Ballew and their five children, four boys and one girl, moved to Clarendon. One child, Donald, was born here.

From three to six Saturday afternoon an informal reception was held in the family home, with friends of Mr. and Mrs. Ballew calling to extend congratulations and wish them many more years of happiness.

The rooms were artistically decorated with beautiful cut flowers, gold being the predominant

color. Gold candles burned in pretty holders casting a soft glow over the setting. A wedding cake adorned with yellow roses and a miniature bride and groom, centered the table and Miss Aleen Ballew of Amarillo presided over the punch bowl. Mrs. Donald Ballew pinned a yellow flower on all the guests as they arrived.

Mr. and Mrs. Ballew were recipients of many lovely gifts.

Sunday an elaborate covered dish luncheon was served the children and grandchildren. Attending were Mr. and Mrs. Wilson Ballew and children, Wilson Lenn and Vivian, of Amarillo; Mr. and Mrs. Earl Ballew of Amarillo; Mr. and Mrs. Fred Ballew and children, Aileen and Hollis Wade, of Amarillo; Mr. and Mrs. Carl Gilliam of Hereford; Mr. and Mrs. Elba Ballew and son, Jack, of Clarendon; and Mr. and Mrs. Donald Ballew of Clarendon.

A civilized nation is one that is horrified by other civilized nations.

Each time we ignore our better impulses, Satan rings up a fare.

## Mrs. C. T. McMurtry Entertains Club

Numbering among the many delightful social affairs of the week was the entertaining of the Bluebonnet Bridge Club, by Mrs. C. T. McMurtry, at her ranch home north of Clarendon.

The guests assembled at one o'clock and were served a delicious steak luncheon. Following the sumptuous repast, the groups adjourned to rooms prepared for the games of bridge. Bouquets of gorgeous dahlias made a pretty background for the afternoon's entertainment.

Mrs. F. E. Chamberlain was winner of the high score prize for club members, and Mrs. L. S. Bagby of the guest prize. Attending were Mrs. Sella Gentry, Mrs. B. L. Jenkins, Sr., and Mrs. L. S. Bagby, guests.

Mrs. C. G. Stricklin, Mrs. Odoo Caraway, Mrs. A. R. Letts, Mrs. F. E. Chamberlain, Mrs. George Ryan, Mrs. R. L. Bigger, Mrs. J. L. McMurtry, Mrs. J. F. Blocker and Mrs. C. C. Powell, club members.

## Kill Kare Klub Enjoy Matinee

With Mrs. Homer Mulkey as hostess, members of the Kill Kare Needle Club spent a most enjoyable afternoon Thursday.

After all the guests had assembled at her home, they were taken to the Pastime Theatre where they saw the picture, "When Strangers Marry." Following this, the ladies were served dainty refreshments at the Pastime Confectionery, with a pink and white color combination being used.

The guests all declared this a most unique way of entertaining and are looking forward to its being repeated.

Those present included Mrs. W. T. Hayter and Mrs. Sam M. Braswell, guests; Mrs. H. C. Brumley, Mrs. W. B. Sims, Mrs. Joe Cluck, Mrs. Eva Draffen, Mrs. W. A. Land, Mrs. W. A. Massie, Mrs. F. O. Wood, Mrs. S. W. Lowe, Mrs. Ben Hill, Mrs. M. W. Mosley, Mrs. M. L. Stricklin, Mrs. W. C. Stewart, Mrs. Buel Sanford, Miss Ida and Miss Etta Harned, members.

## 1912 Needle Club With Mrs. Dyer

The members of the 1912 Needle Club spent a delightful afternoon Thursday, Oct. 5th, as guests of Mrs. Minnie Dyer, at her home.

Pleasant conversation and fancy needle work were engaged in during the afternoon, with a delicious salad course being served to:

Mesdames Selden Bagby, Phillips Gentry, Sam Dyer, Meredith Gentry, invited guests; and Mesdames J. T. Patman, A. L. Chase, Crockett Taylor, Anna Hall, L. S. Bagby, Sella Gentry, B. L. Jenkins, Sr., J. B. Baird, H. C. Kerbow, R. A. Chamberlain, Ann Hasty, and A. A. Mayes, club members.

## 1926 Book Club

With Virginia Bryan and Ella Kent as hostesses, members of the 1926 Book Club gathered in the Woman's Club Room Tuesday for a most enjoyable afternoon. "Guardians of the Desert" by Tom Gild, was cleverly told by Ruby Bromley, with Temple Harris being leader of the program and giving a synopsis of the author's life.

In the business meeting the club decided to give several little gifts to the Club Room. The committee is to decide what is the most needed. The names of Mary Allensworth and Mary Jo Chamberlain were put on the waiting list.

Following the program, the hostesses served delectable refreshments.

## 1930 Club Has All Day Meeting

Mrs. Turner Kirby was charming hostess to members of the 1930 Needle Club and several invited guests, at her home near Jericho Tuesday.

The guests arrived sometime in the morning and spent the day. At noon a sumptuous luncheon was served to the jolly group. A most enjoyable afternoon followed and everyone was reluctant to leave when the time came.

Attending were Mrs. Jimmie Moore, Mrs. Beale Queen, Mrs. Gordon Lane, and Mrs. George Garrison, guests; Mrs. V. W. Jones, Mrs. Vada Carpenter, Mrs. Ralph Decker, Mrs. Ben Buck, Mrs. Clarence Whitlock, Mrs. Alvin Landers, Mrs. U. Z. Patterson, Mrs. Ralph Andis, Mrs. Ernest Hunt, Mrs. Jesse Lowe, and Mrs. Marvin Land, members.

## Polly Anna Class

The members of the Polly Anna Class of the Baptist church met at the home of their teacher, Mrs. Cap Lane.

The officers who were elected for the first quarter of the new year are: President, Virginia Cluck; Vice-President, Anna Moores Swift; Secretary, Hulda Jo Cauthen; Reporter, Emma Ruth Burkett; and Social Service chairman, Eugenia Noland. The class hopes to be the best as well as the oldest class of girls in the Intermediate Department.

## T. E. L. Class Have Hallowe'en Party

One of the liveliest and most enjoyable parties of the week was the Hallowe'en party given by Group No. 1 of the T. E. L. Class, at the home of Mrs. M. C. Reid, Tuesday afternoon.

The house was gaily decorated with lanterns, spoons, and witches, which added much to the afternoon's entertainment. Games and contests were played and even some spooks appeared.

Delectable refreshments were served to Mrs. W. C. Stewart, Mrs. C. L. Thomas, Mrs. B. N. Shepherd, Mrs. H. C. Brumley, Mrs. J. T. Warren, and Mrs. Buel Sanford, invited guests.

Mrs. W. B. Sims, Mrs. T. M. Couch, Mrs. T. J. Mann, Mrs. J. R. Cox, Mrs. A. W. Simpson, Mrs. R. R. Dawkins, Mrs. E. O. Barnes, Mrs. Ed Speed, Mrs. W. A. Land, Mrs. M. C. Reid, Mrs. H. W. Melton, Mrs. M. W. Mosley, Mrs. J. L. Allison, Mrs. Eva Draffen, Mrs. Frank Whitlock, Mrs. Matt Bennett, Mrs. Cap Lane, Mrs. Mary Eddings, Mrs. M. E. Lane, Mrs. G. G. Kemp, Mrs. Major Hudson, and Mrs. Joe Fowler, class members.

## The Owissa Troop Elects Officers

The Owissa Troop of Camp Fire Girls met Wednesday in their room, at 4:00 p. m. They elected officers for the coming year. The President is Jo Word; Vice-President, Gene Teat; Sec.-Treasurer, Kathleen Ryan; Reporter, Jane Kerbow.

## Interesting Program At Pathfinder Club

Rudolph Besier's "The Barretts of Wimpole Street" was reviewed at the meeting of the Pathfinder Club Friday afternoon, at the Woman's Club room. This is about Elizabeth Barrett Browning, Robert Browning's wife, and has enjoyed a long run on Broadway with Katherine Cornell in the title role.

Mrs. C. A. Burton, as leader for the afternoon, gave a synopsis of the very interesting play, while Mrs. Mollie E. Gray told the story of the author's life and discussed the historical value of the drama.

During the business meeting, Mrs. Clyde Douglas and Mrs. Sam M. Braswell were welcomed by new members, and Mrs. Cap Morris's name was put on the waiting list.

The club room was attractive with gorgeous bouquets of dahlias and other fall flowers. Following the program, the hostess, Mrs. Simmons Powell and Mrs. Joe Cluck, served dainty refreshments.

Many men seek fortune in order to be independent; they should rather seek character, the only true source of independence.

A girl flushes angrily in her first season if a man stares at her too admiringly; she does the same in her third, if he fails to.

## Editorials

### JUST A BIT OF EVERYTHING

I am not so sure that it pays to advertise. I have advertised about my contribution box but to no avail. As yet, there has not been a single article placed in the contribution box. Too, I advertised for a left-hand desk—but I'm still using my knee as a desk.

Bolie Walker has left the ranks of an amateur and turned professional. For several weeks, Bolie has been one of the greatest powers in the financial world; yet, something seems to be amiss for Bolie has asked that I advertise his cotton sack for sale. As I have said, my advertising does not seem to bring results; nevertheless, if you desire a good used cotton sack, Bolie Walker offers his for sale. Perhaps the Farmers' Union would like to buy the cotton sack of the World's champion picker.

I think I am going to become an honorary member of the Chemistry Department. Two advanced Chemistry studies prepared me a synopated—or is it synthetic?—lemonade while I was visiting the Chemistry Department Tuesday. It was made from sucrose and citric acid. To make it taste more like lemonade, it was served to me in a red glass. This is the solution used for "Fair Ground" lemonade, I was told.

I heard that plans were being made for a Science Society. Our school needs more activities—and by the way, what of the orchestra and Glee Club?

I said something about the contribution box not long ago, and one of the devoted readers of the Broncho Range said "What's the contribution box?" No, I'm beginning to believe that it doesn't always pay to advertise.

### Notes From A Convenient Cuff

I know a guy I'd like to catch in a compromising situation. If you want to know the sordid details of this brooding revenge, I have planned, come around sometime.

John Beard, the genial master of ceremonies, down "to the Ap'ry house," has procured for the entertainment of the local lads and lassies Clyde Dampf and a ten piece orchestra with all the trimmings. Torch-singer n' everything! The tax is down in reach of those bolie specialists, too.

The little bird whose murmur caused many a trip to the court of martial relations has it that the white-hot romance of the campus, the popular campus co-ed and the high-school football romeo is at end. It's a shame for budding romance of three years to come to an end because of some trifling spat. Personally, I have taken quite a paternal interest in the case and would like to see their differences ironed out. They're both great kids. The romance of the moment seems to be the blonde "midget," you know! Six feet two in sock feet, and the local Education 213A student.

I would like to include in my own list a person of national nuisances. A person who knows not what it is all about, but covers it over with a contemptuous disregard for anyone's ideas but his own.

These guys wish the pipes,

# BRONCHOS TROUNCE WELLINGTON WITH 14 TO 0 SCORE

The Bronchos played a fast, hard game Friday night at Wellington in their second game under lights.

The first quarter was the "peppiest" quarter of the game. O. C. Watson caught a pass to obtain Clarendon's first touchdown, with Green kicking extra point. The Bronchos marched down the field with almost no pauses.

The second and third quarters were almost a "punting battle", the ball going from one team to the other on almost every third or fourth down. But there were some very good plays, and the boys playing awfully good football.

The highlights of the fourth quarter were a spectacular 30 or 35 yard run by Bob Word and a touchdown made by Whitlock in the last one and one-half minutes to play. E. Watson kicking extra point, making the final score, Clarendon 14, Wellington 0.

The outstanding stars of the game were Noble, O. C. Watson, Bob Word, Behrens, and Green, with Martin and Green doing some mighty fine kicking.

Substitutes for Clarendon were Mann and Easterling.

### Line Up

Wellington	LE	Clarendon	Martin
Riley	LT		Noble
Shields	LG.		Barrow
Blasengame	C		McMahan
Vaudriner	RG		Gorman
Hardy	RT		Behrens
Presnall, Cpt.	RE	Watson, O C	
Duncan	RH	Green	
Glenn	Word		
Williams	Whitlock		
Kelly	Q		
Wood	F	Watson, E.	

### JUNIORS DREAD THE WRATH OF PARENTS

The Juniors have struggled through their first six weeks tests and have waited anxiously with bated breath, to know the outcome. Now, they have received their grades and are waiting for the report cards, some with dread and some without. When they receive their report cards, the brave ones will take them home at once and show them to their parents; in this way, they get the misery over with of having their parents either lecture or congratulate them so that they will be prepared to razz the other less fortunate (or less brave) ones.

Afraid to take the report cards and afraid not to, some will take them as far as the door and lay them down. Others who fear the wrath of their parents will carry their cards in their pockets until both the card and pocket are badly worn. This is all in the six weeks for one who goes to school.

### AGGIE STUDENTS STUDY PROFITS

The agriculture students are interested in estimating expenses and a stray cat. While Mr. Burton and Mr. Boykin held a conference outside the door, the cat came in and entertained the class with Andrew Harp's assistance.

of which, by the way, there are quite a number, have all nearly lost their desire to be "big strong silent men," and gone back to the old "Hey! Hey! . . . had your hay to day?" Well at least old hands will have something distinctive about ourselves. I have quite a collection of briars, by the way, anyone interested in making a collection for use in the Museum of Natural History should see me. M. m. is using them now in her closets instead of both balls. It's much more efficient and inexpensive.

The Dean and I are still going around and around about a sponsor for our Alpha Delta Society. So far, the Dean is ahead, but while there's life there's hope. Here's hopin'.

### STUDENTS HEAR LUBBOCK PASTOR

Last Thursday afternoon at the regular assembly period, the High School had the distinct privilege of hearing the Reverend J. O. Haymes, pastor of the Methodist church of Lubbock. The talk was one that will be long remembered by all those who were present.

"Resist the devil and he will flee from you," was the text upon which Mr. Haymes talked. Mr. Haymes gave three different ways that people treat their temptations: First, there are those people who yield to all of their temptations; second, those who resist the easy ones and yield to the others; third, are those who resist all evil temptations. The speaker also brought out the different kinds of temptations. The first of these was what he stated as general temptations or yielding to sin to satisfy the physical desires. This was illustrated in the Bible when Esau sold his birthright for a mess of porridge. Another temptation is to yield to get immediate work or results. Jesus was tempted thus when told to jump from the top of the temple. The last type was to be tempted to do the things that other people are doing or to be like someone else even though it means to do wrong.

### Personal Flashes

Edna Blair motored to her old home town "Memphis" on Sunday. Of course Lloyd was along—and, so ends the story of a sweet romance.

Jo Ella Stewart and Roy Stargel borrowed the old bus from Barcus Sunday and drove to Memphis and Eli, Roy's "Home Sweet Home."

Reba Longino visited in Wellington over the week-end, and returned Sunday afternoon only too glad to get back to dear old C. M. J. C.

And, Fred Bourland's name seems to appear weekly among our cosmopolitan students, for this week his trip was none other than a visit to Amarillo. Perhaps Fred will stay home next week and let this space be filled with some other promising student's name.

Of course the Pep Squad and football boys, besides all the rest of the students, were in Wellington Friday. This old burg appeared rather deserted around five o'clock Friday afternoon, and believe me it certainly peps up a team when the students show as much enthusiasm in a game as they did last Friday.

Dorothy Jo Taylor visited in Pampa Tuesday. Jo Ella visited in Pampa Tuesday night.

### Chemical Volcano Explained to Class

Tuesday afternoon Mr. Clark told the editor he would give her some news of real importance. After selecting two boys to assist, Mr. Clark started his experiment.

After the boys had dug a hole on the campus about eight inches deep, Mr. Clark summoned the Chemistry Department to witness the Chemical Volcano. Taking a small amount of "Chemical Rocks", the instructor poured them into the hole. A cold liquid of water consistency was then poured over the rocks. Instantly the volcano became active. For several seconds the volcano poured forth fire and a substance similar to volcanic eruption. The experiment was, indeed, interesting news.

## Senior Class Selects Rings

On Tuesday, Oct. 3, the Senior Class met to discuss the buying of the Senior Class rings and announcements. The members of the class elected a committee of three girls and three boys to select a few rings to be voted on by the class. The committee was composed of LaVerne Lott, Wilma Dee Smith, Lovie Beavers, Bill Thomas, O. C. Watson, Jr., and Billy Walker.

On the following Wednesday the committee selected six rings to be voted on. After much discussion, each class member told the committee which ring he preferred, and went on his way. It was found that the majority of the class had voted on the same ring. The committee then chose the ring which had received the most votes. The majority of the class also voted on the same announcements.

On Thursday morning the measurements and names were taken of those wishing to buy rings. The first order, consisting of about forty rings, was sent off Monday, Oct. 9, each student paying a dollar down before his name could be sent in. The rings will be received within the next three weeks. The announcements will be received later.

### PEP SQUAD GOES TO WELLINGTON

Practically all of the pep squad members were fortunate enough to find rides to Wellington Friday night. Although we did not have the advantages of the fine, new bleachers of the Clarendon side and although we had to stand up during the whole game, we enjoyed it just the same, yelling our heads off as usual. We had planned to have a stunt, but it was called off. However, we will surely have one at the McLean game on Friday. We want everyone to be there to back the Bronchos in the game which promises to be the most important of the season.

### ALPHA DELTA PSI

There were twenty-five members present at the Alpha Delta Psi meeting held Wednesday night, October 11. An interesting program was hurriedly disposed of so that important business might be discussed.

Reba Longino, a new Alpha Deltan who is attending college in Clarendon, frankly gave her opinion of the Society, not omitting the faults and bad qualities. This Wellington girl gave some very worthwhile suggestions for the improvement of programs and the general advancement of the Society that were appreciated greatly.

Helen Lawler gave a brief review of the play that was selected for the annual play by Miss Lorraine Patrick, who has been chosen the director. The name is "The Spanish Onion" and seems to be very appropriate for the production by college amateur actors. As a fitting conclusion to the program, Bob Goodson read some good jokes that no one had ever heard before.

Several topics of business were brought up in a roundtable discussion led by the President. The Treasurer made an appeal for the monthly dues and was rewarded with an unexpected shower of dimes. An issue concerning honorary membership was discussed and voted upon.

H. W. Lovell, former Vice-President of the Palo Duro, was given a hearty welcome into the membership of the Alpha Delta Psi. We invite every student to visit us and apply for membership if he wishes. Any college student will be granted entrance on application, and any non-collegiate person will be approved or rejected as an honorary member vote of the present Alpha Deltans. Everyone come and enjoy the interesting informal programs of the up and coming literary society, the Alpha Delta Psi.

It takes 15 days for the average human body to recover from the loss of two consecutive nights' sleep.

### PALO DURO

The Palo Duro Literary Society met Wednesday, October 11, in the society hall. A varied program was given that was very entertaining and instructive. Jo Ella Stewart gave an interesting talk on "Modern Means of Transportation" taken from the October "Review of Reviews." Fred Bourland talked on some of the achievements of modern science. Arthur Chase played several brilliant piano numbers, and Carroll Holder sang a solo.

It might be stated here for the benefit of the society members that a little more interest and enthusiasm on their part would not be detrimental to the society's progress and well-fare. As it is now, it is most likely that it will not be long before interest is lost entirely. It is up to the members to begin to do something or . . .

J. R. Bartlett made a dashing trip to Childress Friday to see the ball game between Childress and Wichita Falls. Now I'm asking you, is that loyalty to the Bronchos?

### REV. MCKEE TALKS AT ASSEMBLY

The High School was again favored by having the opportunity to hear the Rev. Robert S. McKee at assembly Tuesday afternoon.

In his talk Mr. McKee compared the game of life to a football game. He stated that to play the game one must first get into the game, and not be one of the spectators. Then, he must play the game fairly and have courage in doing so. He also added that you must train for the game, learn teamwork, play constantly, keep your eyes open, and learn from your defeats.

### SOPHOMORE REPORT

The Sophs are getting a breath of relief, now that the exams are over. We are again settling back into the same old routine of doing nothing. We are just recovering from those "de" merits, placed out on the bulletin board, so that all the world may see them. Walter Brady, perhaps, has more than anyone else. Something must happen to cause some excitement or else we may be forced to study for amusement.

**The Bulwark of the Home**

It's your Bank Book. The man who deposits regularly in fair weather need not fear stormy times, days when he is out of employment or laid up with an illness. Open an account today at . . .

Miss Jessie J. Tomlinson is visiting this week with Mr. and Mrs. Knox of Vega.

Mr. and Mrs. David Hudgins and Mr. and Mrs. Gus Rascoe of Memphis spent Sunday here with

**GOLDSTON NEWS**

(By Mrs. G. R. Grant)

Brother King filled his regular appointment here Sunday at 11:00 o'clock, also Sunday night. The young peoples meeting was held at 7:30. Sunday School was well attended Sunday afternoon.

Born to Mr. and Mrs. Snafford Saturday night a fine new girl baby.

There will be a pie supper at the school house Saturday night to raise money for new song books. Everyone is invited to attend.

We are having some pretty cool weather, seems that winter is just around the corner.

It was a mistake that school would start this week, it will start the last of this month or first of November.

Born to Mr. and Mrs. Todd on the 10th, a fine girl. Mr. Todd's mother is with them.

Mr. Haggard of Oklahoma, who was working at the gin had his foot badly crushed Saturday morning. It was necessary to have the foot removed just above the ankle. He is in the Adair Hospital. Everyone hopes for him a speedy recovery.

**UNCLAIMED LETTERS**

Letters remaining in this office unclaimed for the week ending October 14, 1933:

- J. W. Crain (2)
- Iran Errondes
- Fay Roberts
- G. W. Waggoner
- Chas. Davis
- Aniel H. Ross.
- Chas. H. Bugbee, P. M.

Clarendon, Texas.

relatives in the home of Mr. and Mrs. D. E. Leathers.

Mr. and Mrs. Earl Alderson of Clarendon spent Sunday with Mr. and Mrs. Christal.

Mr. and Mrs. Poppywell of Ft. Worth came Saturday to visit her sister, Mrs. Norman Mayers.

Mrs. Myers accompanied them to Ft. Worth Sunday for a visit.

Mr. and Mrs. W. V. Tomlinson spent Tuesday in Amarillo.

W. V. McCauley made a business trip to Potosi, New Mexico the fore part of this week.

Lelia Lake Study Club met Tuesday afternoon in the home of Mrs. D. M. Cook. Bible Stories was the lesson which was lead by Mrs. Carter, who told the Travels of Paul, Mrs. C. G. Aten, Miracles, and Mrs. Cook talked on the Women of the Bible. Adjournment to meet with Mrs. C. C. Carter, Oct. 24.
