PERSONAL SACRIFICE IN PAYMENT OF SCHOOL TAX IS NEED TODAY

ANNUAL BANQUET PROGRAM FRIDAY

TICKETS ON SALE EARLY NEXT WEEK FOR C. OF C. BANQUET

"Sit down promptly, eat while the food is hot, enjoy the program and be ready to go home in two hours," is the goal toward which the program committee of the Annual Banquet for the Clarendon Chamber of Commerce, is headed—and they have a toastmaster who will drive through on that schedule.

Thursday evening, of next week, beginning January 25th, at the Antro Hotel at seven o'clock is the time and place of the event, and with the program tentatively arranged and with so noted a speaker as Hon. Walter Cline, of Wichita Falls, president of the West Texas Chamber of Commerce, and as toothsome a menu as the Antro Coffee Shop chefs have prepared, there is little reason to expect less than the most interesting and enjoyable annual banquet the local organization has staged for many years.

Tickets will go on sale early next week and all are urged to get tickets for themselves and the ladies at a popular price of fifty cents per plate. The earlier the ticket is procured the safer the reservation is.

Following is the tentative program as it now stands:

Toastmaster—C. J. Douglas.

Eats.

Music—String Quartette.

Welcome to Visitors and Non-Affiliated Members—Toastmaster.

SMALL PORK PRODUCERS EXEMPT FROM TAXES

Donley county farmers will be given even more "relief" from the United States Government in the form of exemption from the processing fee of the pork tax.

Formerly a man could sell no pork without paying this fee, but now he can sell 800 pounds a year without paying it. This was a new ruling made last week by the Department of Agriculture and was aimed to help the farmer. Congressman Morvin Jones was largely responsible for this good work.

CHIC SALE SPECIAL

Several Clarendon young men have turned out to be emulators of the renowned Chic Sale and their handiwork in recent days would no doubt rank well in competition with the "Specialist."

It is said that Bo Montgomery, George Garrison and "Pinky" Kerbow are so proficient in their art as to warrant their entry into the ranks of professionals.

Anyway, so far, in the sanitation campaign in Donley County, about one hundred sanitary closets have been sold, production is under way and Chic Sale will soon feel much at home if he should chance to visit this vicinity.

Industry and art always win in the face of hard competition.

CWA Offices To Be Moved Today

County Administrator Baker announces the removal of the various departments of the present set-up of CWA headquarters of Donley County now in the City Hall to the store building just North of Stocking's Drug Store now occupied by the commodity store of the organization. With one exception these offices will be moved today, and that is the paymaster's office which will remain at the City Hall until further announcement.

Payroll for last Saturday on the various projects in the county amounted to \$5,593.10 according to information from the pay-off department.

The new location will provide more room for the CWA workers and greater privacy for each department.

Marvin Warren accompanied Mr. and Mrs. Earl Beck of Amarillo to Fort Worth Tuesday to attend the funeral of his cousin, Monteith Warren.

HEDLEY WINS NEXT TEACHERS MEETING

DONLEY COUNTY TEACHERS HAVE VARIED PROGRAM IN FIRST 1934 MEETING

The teachers of Donley County enjoyed the program in their first meeting of the year last Saturday in the Junior High School Auditorium in Clarendon.

Mrs. J. H. Headrick's Primary Rhythm Band entertained with delightful music and folk dances. Mr. J. D. Wilson, County Superintendent of Collingsworth County, spoke in a very forceful manner on the subject, "The Public Attitude toward the Teacher."

Mr. R. E. Drennan announced that Donley County had been designated by Mr. H. S. Alves, Director of Research of State Department of Education as one of the forty counties in Texas for this study. He asked for the cooperation of all the teachers in making this Research Study a success. Mr. Will Chamberlain, Donley County's Practical Geologist, read to the teachers the geological history of Donley County from her fossil fields.

The teachers of Donley County received a broader view of the attitude of the State Department of Education toward the Schools of Texas in the outlined plan of Deputy State Superintendent, Bryan Dickson. Our Representative, John Puryear explained the Rural Aid Law and other beneficial school measures.

Interscholastic League activities for the year were started. County Superintendent announced that Donley County was one hundred percent in membership in the league.

The teachers meeting adjourned to meet at Hedley with an invitation from Superintendent S. R. Steele.

ASSESSOR AND COLLECTOR'S OFFICE TO BE COMBINED

There still seems to be some confusion in the minds of a few about the status of the tax assessor's and tax collector's office in Donley County. Some are puzzled over the announcements of candidates for both offices when they have seen them separate so long.

By a vote of the people these offices have been consolidated in the interest of economy and in the primaries this year only one office holder will be elected to administer these two duties. Next January when the new officials take their seat the two offices will be merged and one salary saved to the taxpayers. It may be that other offices will be consolidated as the years go on and people demand still further economies in government.

NOTICE TO TAXPAYERS CLARENDON INDEPENDENT SCHOOL DISTRICT

Feeling that the taxpayers and patrons of the Clarendon Independent School District are entitled to a statement as to the affairs of such school district in reference to tax matters, the Trustees of such school district are taking this means of conveying to you such information, and the condition of the affairs of the school.

As known to all, the school has carried on for the past three years, and has had the full nine months school year, but to do this it has been necessary to reduce the teachers' salaries approximately forty per cent, and the Board has eliminated every cent of expenses that it was possible to eliminate, and yet, after making all these reductions and eliminating entire departments from the curriculum, there was a deficiency as of January 1, 1934, of \$19,348.40, and in addition to that there is \$3,000.00 of bonds, the principal of which has been defaulted, and same has been due since April and July, respectively, of last year.

The Board thinks that it is unwise to continue increasing this deficit, and further thinks that unless there is a substantial tax payment made before the 1st day of February, it will, in all probability, be necessary to close the schools at the end of February or sometime during the month of March, 1934. This it would regret very much, as it would deprive the children of the best part of the school year, and would cause the school to lose its affiliation, and hurt the community generally.

This is an appeal from the School Board to the taxpayers and patrons of the district to co-operate with it in keeping the school open for another nine months term, by paying all school taxes, but if any taxpayer is unable to pay all of his school taxes, then pay the same in installments, and if every patron of the school would do his or her best in this connection, as well as paying up all tuition, the school can continue as heretofore.

Feeling that you are entitled to know the condition of your school, and thoroughly realizing the precarious condition of the school at this time, the Board has made this statement, and submits it to your careful consideration, and requests your prompt action.

Thanking you for a hearty response in payment of taxes, we beg to remain,

MONTEITH WARREN DIED JANUARY 15

SON OF FORMER EDITOR OF THE NEWS DIES MONDAY IN CALIFORNIA

Monteith Warren, age 31, son of Joe Warren, former owner and editor of The Clarendon News, died in San Francisco, California, January 15th. Burial was in Fort Worth, where his parents reside.

He was married three years ago to Miss Patricia Caldwell of Meridian, Texas and went at once to his traveling salesman for Bartlett Collins, Sapulpa, Oklahoma, with territory from San Francisco to Vancouver, Canada. He led the sales for his company last year and they honored him by calling him to Sapulpa to celebrate with a New Year's dinner. In this way, he was able to spend Christmas with his family in Fort Worth.

Monteith spent his boyhood days in Clarendon, graduating from Clarendon High School and the College. He was a member of the Methodist Church, belonged to the Masonic Lodge, and was a Shriner. He was a very popular young man and has many friends here who mourn his passing.

Besides his wife, the deceased is survived by his parents, Mr. and Mrs. Joe Warren, a brother, Harry and two sisters, Lucile and Mrs. Earl Beck of Amarillo.

DONLEY COUNTY FARMER RAISES 8 1/2 POUND TURNIP

Just to show again the lavish hand of nature in Donley County, an 8 1/2 pound turnip was raised on the J. Y. Speir place in the Goldston country and was brought to town last week and in turn was left at the News office by O. C. Watson, Jr., who works for the M System store.

The big turnip looked like about three turnips had joined into one, and contrary to ordinary large turnips was not pesty and with the proper addition of fresh hog jowl would feed a whole school room.

New Dentist Buys Sherman Equipment

Dr. A. W. Hicks, dentist of Dallas, has purchased the equipment and good will of the late Dr. J. G. Sherman and began last week practice in the same office on the second floor of the Goldston building.

Dr. Hicks is a young man with good educational attainments and proficiency and is the brother of two other dentists in the Panhandle territory one located at Pampa and the other at Memphis. He recently returned to Texas from New York City and expresses himself as well pleased with his new location and prospects.

He is a graduate of Baylor University Medical College at Dallas and received a fine grade on his work when he was granted a license to practice dentistry in Texas. He did his pre-med work at Texas Tech at Lubbock.

Clarendon is not altogether unfamiliar to Dr. Hicks as he lived here with his parents, Rev. and Mrs. J. T. Hicks some twenty years ago.

DONLEY FARMERS DISCUSS COTTON

MOOT QUESTION IS DIVISION OF RENTAL BETWEEN LANDLORD AND TENANT

On Saturday, Jan. 13, one hundred and seventy-two farmers of Donley County met in the Court House to discuss the matter of cotton reduction in this county in 1934 and 1935. All questions and answers made concerning the whole project were discussed in detail.

The main point of discussion was the landlord and tenant interests in the reduction returns. The question is whether the landlord or the tenant should receive the money from the reduction. It has not yet been satisfactorily settled, and is the only obstacle in the way of the 1934 and '35 reduction plans.

Library Report Best Ever Made

At a meeting of the City Library Board on Monday, the librarian, Mrs. C. A. Burton gave a report of the library for the year 1933. This splendid report showed that during the past year 13,555 books had been loaned out, making an average of 1,130 per month. This is the highest peak reached since the library has been opened showing that each year more people are becoming interested and are reading worthwhile things.

There were 264 books donated and 155 purchased in a past year. Several that were well worn had to be discarded, but on Dec. 31, 1933 there were 2,750 books in the City Library. There were also quite a few new memberships and the librarian is quoted as saying still more readers and books were needed.

If you have any books or magazines you no longer care for, why not donate them to the library for someone else to enjoy. Any books of fiction, history, science, etc. will be appreciated.

NEEDS OF SCHOOL TOLD LIONS CLUB

PROGRAM HOUR DEVOTED TO SITUATION FACING LOCAL SCHOOL SYSTEM

Clarendon Lions sang lustily under the leadership of Lion Merchant pinch-hitting as a song leader Tuesday, and had as guests of the day Dr. A. W. Hicks, dentist, recently locating here, and Lion Secretary Henry Herndon of the Claude Lions Club.

After the report and recommendations of the monthly meeting of the board of directors of the Club which met Monday evening of this week, it was voted to set aside certain funds to defray the expenses of club delegates to the district Convention at Colorado, in April, the State Convention at Mineral Wells in May and the International Convention at Grand Rapids in July.

Lion Drennan, program chairman, dedicated the program hour to a discussion of things the Clarendon Independent Schools need that they not now have, and several talks were made on the subject, by Lions Cagle, Mulkey, Patman, Porter, and Burton. Lion Porter as a member of the school board brought out the crying need of the system of payment of delinquent and current taxes and said the board was issuing a letter this week covering this immediate necessity.

The meeting day for next week was changed by vote of the club from Tuesday to Wednesday for one week only, to accommodate the schedule of District Governor Del W. Harrington, who will visit the club on that date while in this section of the district. Lion Braswell announced in this connection a meeting of the clubs of this group at McLean, Tuesday, Jan. 23rd, at noon, a meeting of the neighboring group to the North at Panhandle on the night of the 23rd, both of which will be honored by the presence of the District Governor. After his visit here Wednesday he will go immediately to Amarillo where he will meet the club leaders of Lionism in a conference to lay plans for the district convention at Colorado in April.

President Nored of the local Club urged every Lion to see to it that his "buddy" drawn at the Christmas tree program be present at next Wednesday's meeting so that the club might honor the District Governor with a one-hundred percent attendance.

W. H. Patrick returned this morning from a trip to Dallas where he attended a regular meeting of the directors of the Federal reserve bank.

CLARENDON MEN ATTEND NEW CHEVROLET SHOWING

A special preshowing of the Chevrolet Models for 1934 was held in Oklahoma City Monday. Several Clarendon citizens accompanied G. C. Kemp, Chevrolet dealer to Oklahoma City to view the new models.

They all report a most enjoyable time and say the new cars are certainly attractive. Frank White, Sr., Harold White, Ben Hill, Homer Mulkey, and Mr. Kemp made the trip.

WHY NOT A CHANGE OF VENUE?

Peter Molyneux in his usually logical Texas Weekly, is falling into the fallacious argument of those who now are moving heaven and earth to bring state prohibition into disrepute and who are going to the length of winking at appetite-led citizens who, as jurors, are dangerous citizens because they will not uphold the state laws against liquor.

The fact is that there has always been an element of citizenship who would not convict anybody for violation of liquor laws before prohibition, after prohibition and now since beer has been allowed to come into Texas.

Last summer these fellows were howling "give us 3.2 beer and we'll protect dry territory," "give us beer and real temperance will be promoted." These same men scoffed when we who know the lawlessness of liquor in any content, who have seen the effects of liquor under "control" and under prohibition, and who know any promise made by liquor leaders is as empty as the new crop of flasks now lining the highways into our beer-selling centers (and they are not beer flasks, either); they scoffed when we said that any let down of the bone-dry laws only meant an orgy of liquor and the evils that always go with it.

In most of the counties of Texas convictions for liquor violations can be had—they are being had, and if Dallas and any other community hasn't enough citizenship to enforce the laws, let the prosecuting attorneys demand a change of venue—there's millions of men who are honest when they take the oath of a juror, even if some of them might personally be in sympathy with the offender.

It's just another of the same kind of fallacious arguments that have always marked liquor campaigns. Any campaign for repeal in Texas is a liquor campaign.

COMMODITY PRICES ARE GOING UP

Printing prices are going up, along with nearly every other commodity in use today. The News and all printing establishments has received new listings on nearly all grades of papers, card boards and other supplies ranging from twenty to forty percent increase in cost, following the final application of the paper mill and wholesalers code under the NRA in the first days of January.

Retail merchants say that they are faced with a similar situation, and of course there is nothing else to be done but to revise retail prices upward to cover the increase.

It looks like the same old story—the mills, factories and wholesalers intend to make a profit sure and liberal, and are passing on the cost to the people—a performance America has witnessed for many years in the past. Under the NRA there is no competition for the mills—they all operate under the same schedule and prices must be the same or prosecution is certain.

Things are either mixed in this country. Formerly if factories set the same schedule of prices on like commodities they faced prosecution under federal and state anti-trust laws. Now they are faced with prosecution if they do not sell at the same price.

After national business gets overhauled, a new set of tires and a good paint job, there is going to be something done about combines, trusts, etc. Something done on the people's account.

KITTY! KITTY! KITTY!

We hope that all the gossips read the story from Savannah, Georgia, telling of the conviction of a woman there defaming another's character. One woman talked about another, as some women—and men, too—have a habit of doing. The lady talked about took the matter to court to prove it. Of course, she couldn't, she said that she was only repeating what she has heard others say, but could not produce the others and was fined \$200. That's fine. We would like to read of more convictions in these kind of cases. It might cause people to find out what they are talking about before they start talking.—Honeoye Falls Times.

One of the best preventives for gossiping, is for the person who is inclined to indulge in this lowest use of the tongue, to keep busy attending to their own business, and speaking only in praise of their neighbors and friends. The News hopes it never has to record the trial of a gossip in Donley County, but if we do and there is a verdict of guilty, we trust there will be no "suspended sentence" in the case.

The big objection to the slot machine is that so many devotees never seem able to pay their bills.

THE PANHANDLE IS WATCHING AMARILLO

Efforts to work out plans for an active chamber of commerce in Amarillo are being closely watched by citizens of the Panhandle, and it is earnestly hoped that the "aching void" will be filled with an efficient, wide awake organization before many days of 1934 pass by.

The reason why the Panhandle is so interested in seeing Amarillo provided with a chamber of commerce is partially a matter of self-interest, as well as a lively interest in the progress and material growth of the capital city of the section. As it has been for many months since the Amarillo Board of city development folded up, the Panhandle country has had no central agency working in its behalf, and the effects of no sectional publicity or representation has been sorely felt.

With the dawning of 1934, the reawakening of high hopes for the return of competence and prosperity, all our Panhandle towns need their commercial organizations, and Amarillo more than all the rest, if she would capitalize and extend her proud position in the section.

PISH! PISH!, ALSO TUSH!

Says the Clifton Record: There are a few citizens in this vicinity who have lived here all their years this paper has been published and have never been a subscriber or paid a cent in any other way to its support; however, these people will get just as nice write-ups when they die as other people we think much more of—if we can think of anything good to say about them.

The idea, Bob—your newspaper training will come to your aid in such an extremity. Certainly you will be able to think of good things to say about them—all good newspaper men do. It is a life-habit with them. About the only reservation an ethical newspaper man might make would be to hope that since people must die, that fewer of his cash-in-advance subscribers pass away, and that more of the others do, as the average death rate seems bent on standing around par.

PUBLIC DEBT BREAKS ALL RECORDS

Associated Press dispatches of January 4 summarize the public debt of the United States, as follows:

- "August 31, 1929, the war peak, \$26,596,701,648.
- "The 1930 post war low, \$16,185,309,831.
- "Today's public debt, \$23,817,036,025.
- "Estimated for June 30, \$29,847,000,000.
- "Estimated for June 30, 1935, \$31,834,000,000.

"The amount of money in circulation, save for some governmental funds for which no accounting can be made, totaled only \$5,791,000,000 on January 3, 1934."

At 3 per cent, interest on public debt in 1935, will be nearly \$1,000,000,000 a year.

Texas Farming Income In 1933 Was \$412,527,042, Increase of \$124,441,042

Exclusive Of Federal Benefits To Agricultural Producers Return Is \$352,478,640—Cotton Option, Wheat Acreage Reduction Payments In Final Stage

VICTOR H. SCHOFFELMAYER, Agricultural Editor of The News

Grand total Texas farm income from sale of crops and animals and their products during 1933, plus Federal payments to farmers is estimated at \$412,527,042, a gain of \$124,441,042 or 43 per cent over 1932, the annual survey by the agricultural department of The Dallas News shows.

Without Federal rentals on cotton and wheat acreage reduction and removal of surplus hogs amounting to \$60,048,402, the Texas gross farm income from sale of all farm products is roughly estimated at \$352,478,640, compared with \$288,086,000 in 1932.

The December total Texas farm income figure is placed at \$39,730,640.

Income Highest Since 1931 The Texas gross farm income for the last five years gives a comparative basis for estimating such improvement as has taken place.

1933	\$412,527,042
1932	288,086,000
1931	360,992,000
1930	478,462,000
1929	689,214,000

Federal Farm Benefits

During 1933 Texas farmers have been beneficiaries from Federal payments as follows: Cotton plow-up \$43,127,942. Cotton options \$14,620,460. Wheat reduction \$1,500,000. Hog removal \$60,048,402. Grand total \$129,316,804.

The foregoing sums are actual payments received by Texas farmers or due them as estimated by the agricultural adjustment administration. Several millions remain to be paid, most of it being for cotton options and wheat acreage removed from culture. These payments are now being mailed in quantity and no exact line can be drawn between 1933 and 1934 as they will overlap.

Farmers More Hopeful

Texas farmers, landowners, bankers and merchants are more hopeful than they have been in four years. They realize that something tangible has been done for agriculture, especially as it affects Texas cotton and its army of growers who produce this crop on some 395,000 farms. But on the whole higher prices for almost every crop, and some live stock are the rule.

The greater purchasing power of Texas farmers was evidenced substantially in a large part of the rural sections by the heaviest Christmas trade in four years with many stores practically sold out in the matter of staples. Depleted country store stocks are bound to stimulate stocking up with new goods fairly early.

Farmers have been able to pay off a considerable part of their debt. In some sections where a large cotton crop was made and sold at the peak of prices, and which on top of that received large Federal cash distributions for complying with the plow-up program, farmers are virtually out of debt or will be with another fair cotton crop even if prices be no better than during 1933.—The Dallas News.

A LIGHT BURNS LATE IN OFFICE OF JIM ALLRED

AUSTIN, Jan. 15.—A light burns late at night in the office of Attorney General James V. Allred. The occasion is one of answering correspondence. In addition to his manifold official duties, which he attends to with careful attention, the youthful Attorney General is answering correspondence which greeted his opening announcement as a candidate for Governor. Although he has not issued a platform, Mr.

Allred's mail is mounting daily. From all over the State come stacks of letters congratulating him upon his announcement and promising support in the coming campaign.

Never in the history of Texas politics has a single candidate's announcement met with such popular favor. Of the candidates who have announced for Governor, the mail of Attorney General Allred probably exceeds the rest of them put together, seasoned Austin correspondents declare.

The outstanding feature of the 1934 gubernatorial campaign, thus far, has been the voluminous personal correspondence of Attorney General Jimmie Allred.

Goldston School Notes

Last week was a very busy time for the pupils because of the fact that we were playing in the basketball tournament at Clarendon. The Junior girls won their first game and then lost to the Junior girls of Clarendon. Our Senior girls dropped their first game to Ashtola. The Junior boys nosed out by the Junior boys of the Junior High School of Clarendon by one point. Our Senior boys were supposed to play Bray on Friday afternoon but for some reason Bray failed to come; consequently, we won by default. The non Saturday we lost a game to Chamberlain by two points. Wednesday of last week the Lelia Lake girls visited us and went home with the long end of the score. The Lelia Lake Junior and Senior boys will play here Friday. We hope to send them home with the short end of the score. We realize however that we surely will have a battle because the Lelia Lake teams are well coached.

Mrs. Smith and her pupils gave an interesting program at the chapel period Monday morning. Next Monday morning Miss Potter and her pupils will give a program. If the patrons wish to come to these programs we will be glad to have them.

It has been highly complimented by leading physicians of the country and Clarendon is indeed proud of Dr. Stocking, who in private life is Mrs. Joe Burton and resides in Pittsburgh, Pa.

Puryear Receives Explanation Of Rural School Law

Since there are quite a few who do not understand the application of the Rural Aid Law, and for that reason the legislature is being criticized for the same, I am herewith having a copy of a letter from the Department of Education at Austin, printed, which is self explanatory.

Mrs. Sella Gentry was charming hostess to members of the 1922 Bridge Club and several invited guests Tuesday at her lovely home, when she entertained with a one o'clock luncheon.

The rooms were attractively decorated for the occasion and a most enjoyable luncheon was served. Following this games of auction bridge were played. Prize for club high score went to Mrs. T. H. Ellis and for guests high to Mrs. C. T. McMurtry. Mrs. A. R. Letts won the consolation cut.

Those present included Mrs. J. F. Blocker, Mrs. C. T. McMurtry, Mrs. Sam Dyer, Mrs. Selden Bagby, Mrs. L. L. Swan, Mrs. E. S. Bagby, Mrs. John T. Sims, Sr., and Mrs. Odos Caraway, members.

Home Demonstration Club To Meet

Tomorrow afternoon at two o'clock, the Clarendon Home Demonstration Club will hold its regular meeting at the home of Mrs. G. A. Anderson. Every member is urged to attend and bring their yearly report.

Fred Rathjen returned yesterday from Temple where he has been at the bedside of Mrs. Rathjen who is recovering from an illness and operation in the Scott & White sanitarium of that city. Mr. Rathjen is happy over the success of the operation and reports Mrs. Rathjen making rapid strides to complete recovery of her wanted vigor and health.

Mission Service Gets Good Crowd

The Indian Mission service held at the Methodist Church Thursday evening of last week under the auspices of the Womans Missionary Society was greeted with a large attendance from the several churches of the community.

Rev. and Mrs. F. L. King of Mountain View, Okla., were here, but the native Kiowa Indians that were expected did not get to come on account of the illness of one of the family who subsequently died, the account of whose life was in the Star-Telegram Wednesday, being a captive white woman, who taken as a child grew up among the Kiowas, married a brave and is the mother and grandmother of scores on the reservation.

The Missionary and his wife brought most interesting messages of the life, customs and thought processes of the Indians, and cheered the hearts of the Christian people with accounts of the progress of virile Christianity among the Kiowas and other tribes.

Former Clarendon Man Now In Japan

A very delightful surprise was received the past week by the Walter Taylor family and Mrs. Julia Beverly in the way of a most interesting letter from their cousin and nephew, Pallie D. Brown of Tokio, Japan.

Mr. Brown will be remembered by a number of early day residents of Clarendon and Donley County, having lived here with his parents some thirty-five years ago. When a young man he joined the U. S. Army and served a number of years in the Philippine Islands, being in charge of an important position of the army.

For the past sixteen years he has been a resident of Tokio, Japan, being manager of the Wm. Wrigley Company division there. Mr. Brown sent some very interesting pictures of his home life and family which are highly treasured by his relatives here. They are joined by many Clarendon friends in wishing Mr. Brown continued happiness and success in his far-away home.

CHOOSE WISELY

Schedule cards, class schedule sheets and college catalogues in the hands of every student indicate that the current major question uppermost in the composite student body mind is "What courses shall I take next semester?"

One might gather from conversations overheard here and there on the campus, that there are only three things to be considered in making this selection. Don't get a Saturday afternoon class, don't get in a one-thirty class, and don't take a single hour more than is required. Students with more imagination issue a warning against teachers who give "stiff exams" and make a course "plenty steep" while others caution against courses under professors who count their students' cuts.

The addicts of Morpheus unite into a cult which avoids 8:15 classes and arrange their schedules skillfully leaving their afternoons free for naps from one to six o'clock. And all students without exception, are on the alert for "snap courses."

One might interrupt to say that it is the duty of the faculty adviser to see that each student's schedule is properly arranged and includes the correct courses. However, the duties of the faculty adviser are only to advise as long as the student fulfills the requirements for graduation stated in the catalogue.

It would without doubt prove advantageous if every student would make out her course carefully, giving more heed to the faculty adviser's suggestions than to an arrangement of the schedule that would allow her to be in all of her room mate's classes.

At any rate, it would pay one to keep in mind that it is wise to avoid so-called "snap courses" as they often prove to be "boomerang courses" instead.

A BIT OF EVERYTHING

Training for Interscholastic League has already started. The boys' physical ed. class has been turned into a track team. All students of the physical ed. class are required to enter track or tennis. By this method, Coach Stocking wishes to have the district—or even state—winning team in tennis and track. Mr. Stocking's ingenuity led to this method for discovering hidden talent.

The Broncho Range which has not been in the News for the past four weeks, hereafter will make its regular appearance.

In Geometry, one learns that a straight line is the shortest distance between two points. One of our teachers wisely said that a straight line was not the shortest distance unless it accomplished more than any other.

Every great man has a hobby. A prominent soda sleet, better known as the convenient cuf, is a hog for hobbies. His latest hobby is a pig. It is the most delapidated looking specimen of a pig that I have ever seen. Its tail is much too long for a pig and it is as straight as a board. Kenneth made apologies for its tail saying that the latest models were all straight tailed and that its polka dot color was the last keynote in style.

Political Factions In Fish Election

The college freshmen assembled Friday afternoon, January 5, to elect permanent officers. The President, F. L. Behrens, and the Vice-President, Helen Rodgers, were reinstated by quick action on the part of the Alpha Deltas. Another Alpha Deltan, Homer Estlack, gained the position of Secretary-Treasurer by a fast and furious election. By this time the election was becoming so disagreeable to some of the Palo Durans they made a hurried exit. The nomination was made and seconded that the reporter, Elizabeth Dunn should remain the same. J. R. Bartlett, a P. D., was made to accept the position of Sergeant-at-arms. I know Stud hates that.

Wesley Powell Honored

Mrs. J. R. Porter proved to be a delightful hostess last Friday night when she entertained a group of the younger set, honoring Wesley Powell.

Games were played until a late hour and everyone took part in making candy.

Those present were: Misses Anna Moores Swift, Sara Virginia McGowan, Dorothy Faye Scoggins, Frances Sanford, Willie Maud Pratt, LaVerne McMurry, Vivian Taylor, and Dorothy and Mary Frances Powell. Messrs. Nickey Stewart, Houston Gattis, Harold Gattis, Bob Boston, Sam Barrow, and Wesley Powell.

Abohanhanto Camp Fire Girls

The Abohanhanto Camp Fire troop met Tuesday, January 9, at the home of Kedron Evans. Plans were discussed for winning honors. Officers for the year elected as follows: President, Kedron Evans; Vice-President, Beatrice Garmon; Secretary and Treasurer, Mary L. Hayter; Reporter, Eloise Hill.

After the business meeting, a pleasant program was rendered. Delectable refreshments were served, and the meeting was adjourned until the following Tuesday at the Fowler home.

Misses Powell Entertain

Miss Mary Frances and Dorothy Powell entertained last Saturday with a dance honoring a number of their friends. Dancing was enjoyed until a late hour.

Those attending this delightful affair were: Misses Anna Moores Swift, Nellie Grady, Rosalie Grady, Ruby Dell Scoggins, Helen Louise Green, and the hostesses Dorothy and Mary Frances Powell.

Messrs. Ardis Patman, Sam Barrow, George Wayne Estlack, Walter Brady, Harold Gattis, Jack Latson, Arthur Chase, Robert Nichols, Kenneth Sherman, Houston Gattis, Bob Boston, and Wesley Powell.

Science says Today use a LIQUID Laxative

If you want to GET RID of Constipation worries—

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.

A doctor will tell you that the unwise choice of laxatives is a common cause of chronic constipation.

Fortunately, the public is fast returning to the use of laxatives in liquid form.

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, always read the label. Not the claims, but the contents. If it contains one doubtful drug, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescriptional preparation in which there are no mineral drugs. Its ingredients are on the label. By using

New Semester Begins Monday

Monday marked the beginning of a new semester in Clarendon Junior College. As Monday was set for matriculation, classes did not begin until Tuesday. All students who desire to enroll for the ensuing semester are urged to register at once so that they may not miss any of the required work. New students who have enrolled are: John R. Ragland, Electra; Cynthia Mae Eller, Lelia Lake; and Odell Bernard, Jack Hayes, Hubert Reavis, and Alex Cooke who are all former Clarendon students. The faculty and students extend their welcome to the new students and hope they will find this semester of school as enjoyable as beneficial to them.

JUNIOR HIGH

The Junior High folks heave a sigh of relief when they finish their midterm exams, but are glad that they started on the last lap of the school year. They are sure that the last half will be lots easier with the thoughts of the coming vacation always on their minds. The freshmen have something else besides vacation to look forward to. That is the Graduation Exercises. They all want to graduate with the class, and of course they will work harder this last half than ever, not to be left behind. Several have had their programs changed because they think they can do better.

The students welcome another new member into their midst, Eugene Baxter from Wichita Falls.

Two new members were added to our staff, Truett Holtzclaw and Arvie Dodson, who will act as sports editors from the Jr. High. Judging from their first report, we think Mr. Drennan, using very good judgment in appointing them.

A good time was enjoyed by a few of the Jr. High Girls consisting of Frances Fowler, Margaret Kelly, Virginia Butler, Ruth Hedgpeth, Edna Thomas, Jean Piercy, and Zella Ruth Nored, when they were entertained with a party given by Margaret Kelly at her home. At 10 o'clock, dainty refreshments were served. Then a group of girls accompanied nelda Ruth Nored home for a slumber party.

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics:

First. Select a good liquid laxative. 2. Take the dose you find is suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Syrup pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a natural laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

MR. PATRICK SPEAKS AT ASSEMBLY FRIDAY

Monday afternoon at the high school assembly, the Rev. W. E. Ferrell introduced a most capable speaker, Mr. W. H. Patrick, an authority on banking, who spoke upon that subject.

First, Mr. Patrick explained that banking was the use of the idle money in a community to supply the need of others who have sufficient security. Next he spoke briefly on the banking moratorium of last year. The speaker also explained that the new banking deposit law was a prevention against banking failures, and here he expressed his opinion that there would be very few banking failures in the future. The Gold Standard was the next topic discussed by Mr. Patrick. Explaining the meaning of the Gold Standard, he further related the effect of the United States being off the Gold Standard, both internally and foreign nations. He stated that higher wages and an increase in the price of commodities were the only results within the country, but that it did affect the commerce with other nations who were still on the Gold Standard.

Eleven Teams Entertain Tournament

(By Truett Holtzclaw and Arvie Dodson.)

Donley County started their invitation basket ball tournament Thursday at 4:00 o'clock. There were eleven teams entered; Clarendon, Ashtola, Lelia Lake, Chamberlain, Goldston, McKnight, Windy Valley, Giles, Midway and Hudgins.

We are all proud of our Junior boys and girls. They came out ahead of all the Junior teams in the county. The Junior boys had to play three games before winning the championship, and the girls had to play two. The boys played Lelia Lake in the finals and won by a score of 15 to 9. The girls played Goldston and won by three points. Everyone showed good sportsmanship toward the opponent teams.

The Windy Valley Boys won over Lelia Lake by one point for the senior championship. Windy Valley also beat our senior team by three points.

The Ashtola girls had some tough luck when one of their star players was knocked out and gave the game to Lelia Lake.

Clarendon was glad to have all of these teams as visitors to their gym and tried to make them feel welcome. The P. T. A. sold sandwiches and other eatables.

Notes From A Convenient Cuff

By The Inquiring Reporter

Social circles are recovering from the giddy whirl of activities and father's pipe and slippers now occupy the place of honor near the fire and radio.

The boys who wore the ducky little uniforms are away at school again and we boys who wear the conventional black and white are once more the light of our lady love's eyes.

The Californians with their comic drummer and this lovely Helen Wilkens became the cynosure of all eyes in the town's more popular spot as they played our more popular songs. Besides playing beautiful music they have specialties including Clancy Rydholm's impersonation of Helen Kane in that favorite of a few year's back, "Do Something."

One of the more popular tunes of the day, "Beautiful Girl" from Bing Crosby's newer opus sung by that lovely Helen Wilkens seemed to bring forth more response from the crowd of padded dancers in various degrees of inebriation than any of the group of really marvelous dance tunes.

Puryear Out For Representative

In offering myself for re-election to the office of State Representative of District 122, I want to thank the people for the splendid vote I received in my first election. I expect to run on, and am proud of the record I have made serving in the 43rd Legislature.

I believe I am much better prepared to serve you a second term than I was in my first. It takes a man most of his first term to familiarize himself with the machinery of government. After serving one term a man has more prestige and secures better committee appointments. However, I was fairly fortunate in my first term in committee appointments, having been a member of four important ones and

Representative 122nd District

JOHN PURYEAR

a vice-chairman of the Committee of Claims and Accounts. No new member is appointed chairman of any committee and very few are selected for a vice chairmanship.

In this Claims and Accounts Committee, which had over ten million dollars of old claims against the State from one to eight years, to consider. In fact we worked most every day in this committee. The facts are, I worked sixteen hours a day for my district while we were in session. The work was there to be done, and I considered you elected me for that purpose. I think a State official should spend the tax payer's money just as he would his own. A man should do just what he says he will, and his word should be as good as his

bond. I have done everything possible for the public schools of the state. I have worked and voted against all additional taxes and have argued that we should cut government expenses instead of placing additional taxes on the over-taxed people. I know that the government expenses can be cut without impairing the government in any way.

Crime is costing the state too much. Court procedure should be changed; the present system alone is costing the state over one hundred million dollars a year in maintaining the courts, which is \$17 per capita. I favor a change in court procedure in such a way as to lower the costs—and to add what can be taken in this saving to the public schools. We, in the forty-third Legislature, cut the appropriations over thirteen million dollars from the figure at which it previously stood. This is a feat which has not been accomplished by the legislature before in the past 40 years.

I am still opposed to graft in any form, of which there is much in the state government.

It is a well known fact that certain corporations and selfish interests maintain high-powered, paid lobbyists in Austin for the purpose of crippling legislation against their companies; also to place a joker on any measure to be passed for the common man who is not able to maintain a lobby at Austin. I favor a strict lobby regulation with teeth in it that can be enforced. The facts are that the lobbyists say about me, "that fool makes up his own mind and we lobbyists have no effect on him."

A man while in the legislature should not be permitted to receive a retainance fee from a corporation or a big concern, and if he does, he should be required to file, each six months, a statement from whom and how much he has received.

It will be impossible for me to make a house to house campaign, therefore, I am taking this method of asking for your vote and influence that I may be elected for a second term, since I know this office belongs to you, the people of this district. Before voting, I ask that you investigate my record and I will be glad to talk before any of your gatherings or personally and to explain my views more fully on any and all subjects. I am not on the fence on any subject, but will state my position clearly.

Printed below are two letters I have received concerning my work in the legislature. I have

many more like them, but selected these two because they are short. JOHN PURYEAR.

Representatives John Puryear, Austin, Texas.

Dear Sir: "The Panhandle-Plains Superintendent's Association wishes to thank you for your sympathetic regards for the public schools of Texas through your bold stand in all cases pertaining to the future education of the children of Texas.

"The undersigned secretary of the Panhandle-Plains Superintendent's Association was instructed to send you the above message which was unanimously approved at a meeting in Amarillo last Saturday.

"With best wishes for your continued success in your efforts to help the school children of Texas, and for your personal success, I am, very truly yours, C. H. DILLEHAY, Secretary.

Hon. John Puryear, Wellington, Texas. Dear Mr. Puryear:

"I wish to take this opportunity to congratulate you and other members of the legislature which has just adjourned, that no further taxes or expenditures were levied on the already heavily ridden tax paying public.

"I believe I am speaking the sentiment of this city, almost 100 percent, when I say that the things you stood for and fought for have our most hearty approval.

"Thanking you again for your most excellent work, I am, Very truly yours, W. A. BRATTON, Mayor.

U. S. Liquor In 1934 Faces Hard Struggle

Chicago Disgusted Open saloons has already disgusted Chicago decency and the Mayor has proposed to put ban on women drinking in public places, with threat of closing over 4,000 "model" bars, which already have become hangouts for the criminal class. Chicago newspapers are already waging a campaign for "reform."

Liquor At The White House The Union Signal has stated that liquor will be served "sparingly" at the White House. A small but sufficient supply of liquors is to be added to the stores of the Executive Mansion. Wines will be served at state dinners but liquors will not be served at regular meals in the White House. Mrs. Roosevelt's recent statement is that personally she is a dry and does not know of any hotel doing any good selling beer, and that many were disappointed in the outlay of money getting ready for the sale of beer.

Knights of Columbus Ban Liquor The Knights of Columbus, well-known Roman Catholic organization, recently refused to let down its ban on intoxicants in its clubs and other meeting places, as well as on candidates for membership engaged in the liquor business. The American Business Men's Prohibition Foundation issued a statement which said: "The Knights of Columbus, at their

recent national convention, voted down a motion to lift the ban prohibiting the sale of intoxicating liquor at their meetings, or in their club houses," despite pressure that was brought to bear from three states to have the liquor bars lifted.

Robert Morris Hotel Remains Dry The Robert Morris Hotel, Seventeenth and Arch Streets, Philadelphia, has announced that it will continue the tradition of the Jennings family in hotel management and not serve liquor under repeal. The present manager, R. W. Jennings, is a son of the late R. W. Jennings, a hotel man who in pre-prohibition days did not sell liquor in his hotel.

Big Sales In Hotels Disappointing At a meeting in Nashville of one hundred hotel men operating in Tennessee it was stated that the results from the sale of 3.2 beer have been negligible. A leading hotel fan said he did not know of any hotel doing any good selling beer, and that many were disappointed in the outlay of money getting ready for the sale of beer.

Havoc Of A Liquor Heritage The beginning of an important series of studies on the effect of alcoholic liquors on child life and their influence upon heredity began in the Union Signal of Dec. 9, with a summary of recent scientific findings in this field by Dr. Taay, Laitinen, university professor of hygiene in Finland;

Adolph Kieck, Austrian scientist; Dr. J. Koller, prominent German physician; Dr. Joseph Schweighofer, for many years head of the Salzburg Hospital for Insane; Dr. J. H. Bell, Superintendent of the Virginia State Colony for Epileptics and Feeble-Minded; Dr. W. D. Partlow, superintendent of the Alabama Insane Hospitals.

Investigations by Dr. Taay in the drinking habits of 5,736 parents of 19,515 children, showed that among abstainers there was a child mortality of 13.45 per cent; among moderate drinkers, 23.17 per cent and among immoderate drinkers, 32.02 per cent. The Austrian investigation by Herr Kieck showed that the mortality of children under one year totaled 18.6 per cent in abstainers' families and 36 per cent in families of drinkers.

The will of John Sporting, a farmer of Peetz, Colo., contained the provision for \$1 with which a brother and sister could purchase ropes to "hang yourselves."

A masked bandit held up Frau Olga Schirlen of Vienna and took all her clothing, including shoes and stockings.

Joseph Scott of Pontypool, Eng., in arrears \$144 on his rent, was ordered to pay at a rate that will take 21 years.

GUY PIERCE ASKS RE-ELECTION AS SHERIFF

To The Voters Of Donley County:
In announcing for office there are a few points I wish to express to the people. I am running strictly on my past record as a man and an officer. I want the people to consider the expense the sheriff's office has cost the taxpayers, and the amount of crime that we have had the past three years and compare that with any other County in West Texas. If that doesn't meet your approval, I am not asking for your vote. I have done my best, also I have made several mistakes, but I am not on the fence on a single question. I can tell anyone just where I stand; all that I have done, is try to enforce the law as I was sworn to do. In regard to the liquor question, I am dry; I think that is my privilege. I have some good men as opponents, and all I ask is when you come to the poles, vote for the man that you think will make you and your county the best sheriff. If I am fortunate enough to be reelected I intend to carry on just as I have in the past. My record is open for the public to examine at any time. I will try to see all the people that I can, but I know that I will be unable to see all, but I am asking for your vote just the same, and I will appreciate it as much as anyone could.

Thanking you,
GUY PIERCE.
