SATURDAY EVENT TO BE WALL CRASH

HUGE CROWD HERE TRADES DAY FOR SPECTACULAR EVENT AND BARGAINS

Saturday is Trades Day in Clarendon. The merchants of this city are really going to have some big bargains to offer on this day. The attention of News readers is invited to the advertisements appearing elsewhere in this issue if they doubt for a minute the truth of this assertion. From far and near, people who want real merchandise at real buys are going to head for Clarendon on Saturday, November 25th.

Rain or shine, hot or cold, Trades Day is going to be one of the biggest days in the merchandising life of Clarendon. All ready plans are being made to take care of the large crowds expected. These dollar day values are not going to last long. It is going to be a matter of first come, first served. Here is an opportunity to buy the very best merchandise that can be had at these prices.

And the merchants, together with the Chamber of Commerce are going to step together. They have arranged for a special event that will set the day off and make it long to be remembered by those who will be in town. Johnny Holden is going to race his motorcycle at a rate of sixty miles an hour, straight through a board wall that has been set on fire. Imagine that! He is going to skin through that one and two inch lumber as though it were paper. This daring feat of skill will take place sometime during the afternoon at the south end of the business district on Kearney street. You simply can't afford to miss it. It will be worth coming miles and miles to see.

But the big feature event of the day will not detract from the day and its buys. Plan now to come to Clarendon early on Saturday, Nov. 25th and stay late. A cordial invitation is extended you to make the most of this golden opportunity to save on seasonal merchandise and have a good time along with it.

Mr. and Mrs. Meade Haile had as their guests this past week-end Mrs. Haile's brother, Wade Youngblood, who is attending Baylor Medical College at Dallas, and Miss Elizabeth King of Dallas.

A wise woman is never passe. She crosses the bridge spanning youth and age with firm step and smiling lips.

Kiddies, Kiddies, Attention Please!

We have an announcement for you. We just received a nice long letter from Santa Claus, whose home is at the North Pole, and he instructed us to be his local Post Office. Of course we are more than glad to do this for him and you.

We want all the little children to get busy right away and write those letters to Santa Claus. Send them addressed to him, care of THE CLARENDON NEWS, and we will see to it that old Santa receives them.

Santa Claus is deeply interested in every child and will be very glad to hear from them again this year. So get your pencils and paper and write him right away, for it's a long long way up to the North Pole and you want your letter to be sure and reach him in plenty of time.

Douglas Holds Big Fish Record For 1933

Clyde J. Douglas is wearing the 1933 honors for the largest fish caught out at the Clarendon Country Club, this week with becoming modesty, since he hooked a 4 1/2 pound bass Tuesday afternoon that measured 20 1/2 inches and had a mouth that you could shove your fist into. Clyde is wearing the honors modestly because he knows there are still several weeks left in 1933—and anything might happen in the fine fishing waters of the country club, if the right fisherman with the right bait happened to be on the job at the right split-second. There's bigger fish out there—and Clyde's catch will probably mean a more intensive campaign among the fancy casters of the Country Club membership.

This is the largest bass ever caught at the Club, except a big fellow caught two or three years ago by Tom Goldston, that weighed five pounds and had a spread of nearly twenty-two inches.

Clyde used a new type dowgac just received by Supt. H. T. Burton, and to prove his skill also hooked a 2 1/2 pound bass, which would be considered an event by any local fisherman, on the ordinary day.

KRYL CONCERT IS EVENT OF SEASON

MUSICAL PROGRAM SUNDAY EVENING DRAWS APPRO- VAL OF LARGE AUDIENCE

Clarendon music lovers were regaled Sunday evening in the top event of the season insofar as concerts go, when Bohumir Kryl, his band and entertainers were presented in a program at the Pastime Theatre by the local post, American Legion. Visitors from nearby towns also were noted in the audience.

With a program of concert band numbers made up from the masters of all nationalities, Mr. Kryl brought to the audience a wide variety of tone painting and musical effects, possible only by a group of wholly trained musicians, under the direction of a master—and Bohumir Kryl is a master in every sense of the word. Since the passing of John Phillip Sousa, there is no one to contest the crown of concert bandmasters with Mr. Kryl. The only disappointment that was mentioned at all was the fact that Mr. Kryl did no cornet solo for those who know his mastery of this great instrument, but on account of a lingering soreness in his chest and abdominal muscles, from his recent automobile accident, the great soloist felt that he could not do to himself nor the program justice.

Anna Fitsu, Metropolitan Opera Company soprano appeared in a group of numbers to the great pleasure of the big crowd, when she sang an aria from Cavaleri Rusticana, by Mascagni, "Lindy Lou", and "Trees". She has a voice of great power and freshness and a personality that has won for her a place among the foremost soprano soloists of America.

The harpist was good—Bohumir Kryl would have no other kind—but hardly up to the standard of such company as Anna Fitsu and Bohumir Kryl.

A novelty number, trio of flute, clarinet and oboe, was another added and pleasurable feature of the program.

Clarendon is indebted to the American Legion for their presentation of this unusually fine program for a city the size of Clarendon, and since the Legion made expenses out of the project, everybody is happy over it.

John Hayter of Dallas spent the week-end here visiting friends and relatives.

FUNERAL SUNDAY FOR MRS. SLOVER

WIFE OF FORMER CLARENDON COLLEGE PRESIDENT DIED SATURDAY NIGHT

After a week's illness Mrs. George S. Slover of Stamford died here at the H. T. Burton home shortly before midnight Saturday night, bringing to a close a beautiful life beset for the past twenty years with intense suffering from the dread disease, arthritis. Mrs. Slover came here nearly two weeks ago with her husband to attend the sessions of the Northwest Texas Conference, became ill with a malady that ran quickly into pneumonia and the good offices of friends, nurses and physicians were all to no avail, and she died here where she lived nearly twenty years of her mature life and where she has hosts of friends, who deeply mourn her passing.

The funeral services were held Sunday afternoon at the Methodist Church, 3 o'clock, conducted by her pastor, the Rev. Hooten of Stamford, assisted by Rev. E. B. Bowen local pastor, and attended by a great concourse of mourning friends and relatives. The remains were shipped to Weatherford Sunday night and interment took place there Monday afternoon after a short ceremony.

The News is indebted to Rev. Joe Strother of Silverton for the following biographical sketch of this good woman.

Mrs. Maggie Culwell Slover was born April 10, 1871 in Wilson County, Texas. At the age of seven her family moved to Weatherford where they resided for five years, moving then to Avoca, Jones County, Texas.

At a very early age she became a Christian, which life she lived devotedly all her days.

On December 13th, 1898 she was married to George S. Slover at Weatherford, Bishop H. A. Boaz performing the ceremony. In the years following they made their home in various charges of which Dr. Slover was pastor. In September, 1906, they moved to Clarendon where their lives were given to the making of Clarendon College. In this field they labored effectively for nineteen years.

The closing years of her life were spent in the District parsonage at Stamford where Mrs. Slover shed her beautiful influence not only through her lovely home but through all the charges of their District whose pastors received constant cheer and inspiration from her.

At the last meeting of the pastors of their district, Mrs. Slover very deeply moved all present with her earnestness and zeal. She assured them all that it had been the happiest year of her life.

It was very fitting that her life should be climaxed with the Annual Conference just closed at Clarendon. For a year she had anticipated the occasion and heartily entered into it though being able to attend only one session.

After the close of the Conference Mrs. Slover grew weak and sick. Her work seemed over and she was ready to give up her tired and aching body to live in peace and rest with the Heavenly Father.

She slipped quietly away Nov. 18th, 1933 at 11:30 p. m. Those surviving Mrs. Slover are her husband, Dr. George S. Slover, Stamford, Texas and her six brothers. They are: John W. Culwell and Lee E. Culwell of Dallas; T. L. M. Culwell and H. E. Culwell of Avoca; J. N. Culwell of Abilene and Willie Culwell of Seattle, Washington.

Mrs. Willie Goldston of Amarillo visited friends and relatives here Sunday.

Teachers' Relief Work In Donley

Unemployment among teachers of Texas is being made a part of the relief plans in Texas, and under the Texas Relief Commission, the state superintendent's office is organizing each county through the county superintendent. County Superintendent Sloan Baker has appointed his committee for Donley County as follows: O. L. Jacobs, Hudgins, Chairman; W. C. Bridges, Hedley; R. E. Drennan, Clarendon; W. A. Poovey, Ashtola; Joe Baten, Skillet.

This committee will hold its first meeting Saturday, Nov. 25th, 9:30 a. m., in the county superintendent's office at the court house in Clarendon.

All teachers holding certificates and unemployed in Donley County will be enrolled and through the relief commission at Austin, plans will be worked out for their relief and assistance during the winter. This is a worthy work and should have the cooperation of every one.

LIONS DISCUSS RECOVERY ACT

SOCRATIC LEAGUE PROGRAM ON N. E. A. ENGAGED PROGRAM HOUR TUESDAY

President T. D. Nored found the Clarendon Lions Club in a thoughtful humor Tuesday when he called the club to order, and after the usual opening songs, featuring "Sweet Adeline," the program proved to be one of thoughtful discussion.

Program Chairman R. E. Drennan, introduced a new form of program for the day. He used one of the suggested programs of the National Socratic League, and the subject was the National Recovery Act. He read the outline and asked the suggested questions, while the club members volunteered their views and offered discussion on the several points proposed. This program was made still more interesting by the thoughts advanced by several Lions whose businesses are operating under certain specific codes and by a short talk by Lion W. H. Patrick, chairman of the NRA local compliance board.

The consensus of opinion was that for the present each and every one ought to do his part gladly, in the belief that as better prices for farm products prevail there will be a more general appreciation of the act and its ultimate success will be assured.

Lion Patman of the major activities committee announced the plans for the Lions Benefit Minstrel, December 8th, were well in hand and full advertising would be had.

Rev. W. E. Ferrell, pastor of the First Christian Church was in place as a new member of the club. He is the editor of the new club bulletin the "Leograph," which appears each Tuesday in 4-page mimeograph form.

Recital Tuesday by Mrs. Powell's Pupils

Mrs. Elizabeth Clayton Powell will present her pupils in an ensemble and solo recital, Tuesday afternoon, Nov. 28th, at 3:30 o'clock at the College auditorium. The program consists of solos, duos, quartets, and orchestra. Those who will take part in the program are: Maxine Ellis, Frances Morris, Lalar Belle Wilkerson, Ethlyn Drennan, Billie Cooke, Freddie Chamberlain, Jean Piercy, Carl Morris, Phillips Gentry, June McMurtry, Louise Smith, Delphia Bones, Dorothy Powell, Dora Lucille Piercy, and Arthur Chase.

Dorothy Kerbow, who is a pupil of Mrs. G. L. Boykin, and Claude McGowan and Jack Stevenson, pupils of Gus Stevenson, will also appear.

HARRISON SIMPSON IS MADE PRESIDENT

FATHERS AND SONS ANNUAL BANQUET THURSDAY NIGHT SUCCESSFUL

A most appreciative audience of fathers and sons made the fourteenth annual banquet a success in every way. The program was of the right length and very enjoyable, the food cooked to a fine turn and served in a nice manner.

During the evening the Toastmaster, President "Heavy" Whitlock, called on L. W. Chase, and Tom F. Connolly for impromptu remarks. Homer Mulkey introduced Lindal Ragel, the crippled ward of the Lions Club, who was attending with his father.

The annual contest of the fathers present with the most sons and grandsons was won again this year by Uncle Jack Goldston, who had eleven sons and grandsons there. Ben Andis was the youngest father with the oldest son, also the youngest grandfather. L. W. Chase was the oldest father and Clifford Wallace Williams, three months old son of Ted Williams the youngest son. The oldest father with the youngest son was C. L. Harrison and the youngest son was Harrison Simpson.

Harrison Simpson was named president for the coming year, with Phil Couch vice-president. Board members elected were Bob McKee and Nickey Stewart for the sons and Ted Williams and A. L. Chase for the fathers.

Rev. W. E. Ferrell dismissed the group with a prayer, after a very enjoyable evening.

Methodists Have Rally - Barbecue

Members of the Methodist Church had an old fashioned church supper and rally Wednesday evening in the basement of the old Clarendon College girls dormitory, and over three hundred were in attendance.

Under the direction of G. L. Boykin, chairman of the board of stewards, barbecued beef, bread and coffee, were furnished and the various departments of the Sunday School provided pies, salads and pickles, all of which was served cafeteria style.

Music for the evening was furnished by the young people's orchestra under the direction of Mrs. Edna Boykin, and everybody had a fine social evening from the tots up to the oldest grown-ups present.

No program was had but all went away feeling that such affairs should be held several times during the year for the good fellowship of the church.

Farm Truck License Only Half This Year

Owners of farm trucks are the only class of motor owners who will receive any reduction in the price of 1934 license in Texas. Cars and other trucks will pay the usual license scale, but farmers with trucks will pay only half the former license fee.

This is good news to farmers of Donley and of Texas, and will assist somewhat in equalizing the burdens of the agricultural sections.

Those who desire to take advantage of the split payment of state and county taxes must do so by Nov. 30th, according to Tax Collector Mosley, who also asks us to say that poll tax payments are required on the first payment of taxes under the split plan. Remember Thursday, November 30th is the last possible date in 1933 to take advantage of the split payment plan.

George Raymond of Boston was ordered in court to pay a \$60 debt at the rate of 6 cents a month.

Boykin Again Heads Methodist Stewards

At the organization meeting of the new board of stewards of the Clarendon Methodist Church, Tuesday evening at the church, G. Lester Boykin was re-elected chairman for the new conference year, and Homer McElvany was returned as secretary-treasurer for another term. Densil R. Davis was elected vice-chairman.

Reports were heard on the final close of the past financial year, and there was general satisfaction that the church ended the year in the best financial and spiritual condition enjoyed for a long period.

The second Monday night in each month was set as the regular monthly meeting of the board and the hour was set for seven o'clock for the winter months. Salaries for the new year were set and plans looking to a more general participation of the membership in the financial burdens of the organization were set in motion.

Mr. and Mrs. Ted Williams were called to Como, Texas today on account of the serious illness of Mr. Williams' sister.

TULIA HORNETS MEET BRONCHOS

SECTION A OPPONENTS COME HERE TOUTED AS POW- ERFUL GRID MACHINE

The Bronchos will meet the powerful Tulia High School football team Friday afternoon on the Bronchos' home field. This game promises to be a very lively and exciting grid battle. The Bronchos are all in excellent condition. They have had a long rest and are ready for all comers.

The Tulia team according to information will be hard to beat. In section A of District one they have one hundred and fifty-four points to their opponents' thirty-three. Their most noteworthy victory of the season was a twenty-six to nothing victory over the Floydada High School team. The Bronchos are quite determined that no outsider shall come in and defeat them, so fans will surely get their money's worth at this game.

No definite arrangements have been made so far concerning a football game for Thanksgiving.

FARMERS EXCHANGE STARTS BUSINESS

Sullivan Cooper and Howard Stewart have charge of the Farmers Exchange, which is located in the building formerly occupied by McElvany Tire Co., just west of the City Hall.

These two young men are well known in Clarendon and Donley County and invite the general public to visit them in their new place of business. They handle a good line of groceries and buy cream, poultry, and eggs. They will also exchange groceries for farm products.

UNION SERVICE FOR THANKSGIVING DAY

CITY WIDE THANKSGIVING SERVICE AT CHRISTIAN CHURCH THURSDAY A. M.

The annual citywide Thanksgiving Service will be held Thursday morning, Nov. 30th, at ten o'clock at the First Christian Church, and the entire community is invited to attend and participate.

The local Pastors' Association has designated Rev. M. M. Beavers, presiding elder of the Methodist Church to bring the message and Rev. R. S. McKee will be in charge of the music. Singers of all churches are invited to assist.

For some years this service has been held on Wednesday evening before Thanksgiving but this year the pastors have decided that they will return to the old custom and see if Clarendon people will not enter into the service on Thanksgiving morning with greater unanimity.

Remember the hour—Thanksgiving Morning, 10 o'clock at the Christian Church.

Rev. F. M. Hensley Dies At Lelia Lake

Funeral services for Rev. F. M. Hensley, 69, retired Baptist Minister, were held Tuesday afternoon at Hedley at the Baptist Church, with Rev. Hamsford in charge, and interment followed at the Lakeview cemetery.

Rev. Hensley lived near Lelia Lake for the past two years and in Hedley before that. He died Sunday afternoon at three o'clock at his home. He had been in ill health for some time. The deceased is survived by his wife, nine children, and ten step-children. Pallbearers were C. L. Lewis, G. F. Leathers, B. L. Knowles, C. H. Reynolds and E. L. Lewis.

HOBART E. STOCKING HAS GOVERNMENT JOB

Hobart E. Stocking, son of Mrs. J. D. Stocking of this city, who has been doing research work for Johns Hopkins University, has been appointed by the Federal Government to be Junior Topographic Engineer. His headquarters will be at Canyon, Texas for the next six months and he will make a Topographical Survey of the country surrounding the Paloduro Canyon.

This is quite an honor for such a young man and the people of Clarendon are proud of his achievements along this line.

Odos Caraway, Donley County relief administrator, and Judge S. W. Lowe went to Austin Monday to a conference of relief workers of the state. They hope to have additional projects for the county approved and funds allocated for their completion.

Thanksgiving Day Proclamation

Whereas the earliest harvest Thanksgiving in America was kept by the Pilgrim Fathers at Plymouth in 1621, and it is very important that we should observe and keep the same spirit in our minds. Thanksgiving day has been observed from President Washington down to President Roosevelt.

Therefore, I, as Mayor of the City of Clarendon, respectfully request our citizens to observe Thursday, November 30th, 1933 as a holiday, and ask our business men to close their shops and houses for an old fashioned Holiday, and give God the glory for blessings bestowed upon us.

W. P. CAGLE, Mayor.

ANNUAL HOME TOWN EDITION, DEC. 14

The 1933 Annual Home Town Edition of The Clarendon News will appear, Thursday, December 14th. As usual this issue will be mailed to all within the trade territory of Clarendon, with extra copies for those who desire to mail to friends or relatives, as long as they last.

It is the purpose of The News to issue an edition of unusual interest and merit this year, and coming eleven days prior to Christmas brings an extraordinary advertising medium to local business men.

Remember, Annual Home Town Edition, Thursday, December 14th.

A DEMAND WITH A GROWING POWER

When a few first began to mention that Texas and the South could expect little or no economic recovery until foreign markets were restored for cotton, and a condemnation of high tariff walls was mentioned in connection, very little attention was paid to the plaint. Most readers and hearers took it to be some variation of the century old argument about tariffs with a lot of the political elements involved, and passed it all over with little or no heed.

But the talk has continued and more have joined in with it. Newspapers and speakers began to see in it food for new thought and a probable means of recovery of an economic situation growing from bad to worse. Gradually the lukewarm began to be more interested and the belief has taken possession of thinking men all over the South—and North, too, for that matter—that there can be no genuine and enduring recovery for the cotton growing South until the handicap of disappearing world markets be overcome, and with this came the conviction that these necessary markets could not be reclaimed until existing high tariffs were broken down.

Southern Congressmen have been loathe to recognize the force of this rising belief and not until late weeks have they been impressed with the growing crescendo of the demand, which is destined to become a powerful tidal wave of sentiment so entrenched with logic and economic sense that all obstructions will be swept before it.

Crop reduction plans including plow-up campaigns, and the like, can only be temporary straws to a dying industry upon which rests the economic future and welfare of the South. The government must move quickly and decisively to re-open the world markets to our cotton and our high tariff walls must be breached or lowered in proper perspective to world conditions.

The demand in the South is no longer mild—it is rising in power to the proportions of a mighty hurricane. Those who defy and stand in its path are courting complete annihilation and demolition.

AND FARLEY BOLTED

And we arise to remark that Tammany got licked.

Tammany is the regular Democratic organization in New York City. O'Brien was the regular Democratic nominee for mayor. All good Democrats should support the ticket. Any Democrat who bolts the ticket is a traitor to the party. Thus we have been told. Thus they told us most vehemently in one noted campaign.

But what do you think? Jim Farley, that sterling Democrat, political prophet of the Roosevelt administration—did he support the ticket? No, he bolted. He advised the Democrats of New York City likewise to bolt. He tried to swing them in line against the regular Democratic nominee and induce them to vote for McKee, running as an Independent. A lot of them followed his advice, so that La Guardia, a Republican, was elected; McKee, the Independent, ran second; and O'Brien the regular Democratic nominee, came out third best.

Now, if some of us Texas Democrats should do a thing like that, we would be traitors to the party. But Jim Farley does it, evidently with Roosevelt's approval, and he is a patriot.

We respectfully invite our "brass collar" friends to gnaw on this bone for awhile.—Lynn Co. News.

SAFE WALKING

The Travelers Insurance Company has issued an interesting report on the hazards faced by pedestrians on streets and highways, that deserves wide notice.

Many of the facts produced are certainly obvious to anyone who bothers to think about "safe walking" at all—but if the statistics mean anything, those who have thought about it are rare. It's obvious that the safest place for the pedestrian to cross a street is at an intersection with the signal—yet thousands of people were killed last year because they crossed against the signal, or went diagonally from corner to corner, or crossed in the middle of the block. According to the Travelers, crossing in the middle of the block has 156 percent more chance of resulting in death to the offender than in crossing properly.

Darkness adds greatly to pedestrian hazards, especially along highways where cars are moving at high speeds, when it is often impossible to see persons dressed in dark clothing until it's too late to stop or avoid them. The influence of the seasons is likewise important—in the first and last quarters of the year the rate of pedestrian deaths is 25 per cent greater than in the second and third quarters.

Safe walking is something the county needs to learn. Last year the pedestrian death toll came to 13,500—a ghastly achievement of carelessness and ignorance.

THANKSGIVING DAY

We think it appropriate at this time to print the first account of the origin of Thanksgiving Day, as it was set down in 1623 by William Bradford, Governor of Plymouth Plantation. The spelling and punctuation are just as Governor Bradford wrote in his journal:

"Notwithstanding all their great paines & industrie, and ye great hops of large cropp, the Lord seemed to blast, & take away the same, and to threaten further & more sore famine unto them, by a great drought which continued from ye 3. weeke in May, till about ye middle of July without any raine, and with great heat (for ye most parte), insomuch as ye corne begane to wither away, though it was set with fishe, the moisture whereof helped it much. Yet some of ye drier grounds were parched hay, part whereof was never recovered. Upon which they set a parte a solemne day of humiliation, to seek ye Lord by humble & fervente prayer, in this great distres. And he was pleased to give them a gracious & speedy answer, both to their owne & and the Indians admiration that lived amongst them. For all ye morning and greatest part of the day, it was clear weather & very hotte, and not a cloud or any signe of raine to be seen, yet toward evening it began to overcast, and shortly after to raine, with such sweete and gentle showers, as gave them cause of rejoyceing, & blessing God. It came, without either wind, or thunder, or any violence, and by degreese in yt abundance, as that ye earth was thorowly wete and soaked therewith. Which did so apparently revive — quicken ye decayed corne & and other fruits, as was wonderful to see, and made ye Indians ye astonished to behold; and afterwards the Lord sent them such seasonable showers, with interchange of faire warme weather, as, through his blessing, caused a fruitful & liberrall harvest, to their no small comfort and rejoycing. For which mercies (in time convenient) they also sett aparte a day of thanksgiving."

We have kept the form of Thanksgiving Day, but ought we not also to keep it in the spirit of those Pilgrim Fathers?

Tell us one thing that has tended to the advancement and betterment of humanity that was not brought about by rebels. Can you?

West Texas Utilities Company

NAYLOR

(By Mrs. Richmond Bowlin)

The Literary Society presented a very interesting program Friday night, sponsored by Mrs. K. C. Reed. All was enjoyed from welcome to good night girls. The crowns, the niggers, and old maid men provoked much laughter.

K. C. Reed left for Silverton Sunday and will be gone a few days.

Miss Letrice Scott from Childress is spending a few days with her parents, Mr. and Mrs. Walter Scott.

Frances Alexander entertained the younger set Saturday night at the home of her parents, Mr. and Mrs. Clark Alexander. All report a grand time.

Mr. and Mrs. Verna Lusk of Clarendon were out for the program Friday night.

Billy Clark of Clarendon gave us a dance number Friday night. Thanks Billy, come again.

Bro. Williams preached for us Sunday also Sunday night.

E. H. Estlack and Clifton Adams attended the Father and Son Banquet at Clarendon Thursday night.

A number of our folks were at Memphis Wednesday but none of us drew the new car.

Pickering—Eanes

A most interesting wedding was solemnized Sunday at high noon when Miss Lucille Pickering became the bride of Mr. Edwin Eanes at the home of the bride's parents, Mr. and Mrs. W. M. Pickering, Rev. Lackey of the Clarendon Mission reading the ceremony.

The bride was lovely in a gown of eel grey crepe, slippers and stockings to match. Her flowers were a corsage of pink roses and ferns. The bride is the only daughter of Mr. and Mrs. W. M. Pickering, is a graduate of Clarendon High School, also one year at Clarendon College, and for the past two years and the present year taught in our home school where she is much loved and appreciated for her sunny disposition and her great ability as a teacher.

Mr. Eanes is the son of Mr. and Mrs. T. W. Eanes of Clarendon, a graduate of Clarendon High School, after which taking up radio study and is now a very successful radio man at Clarendon.

The house was tastefully decorated with "Mums" fitting the Thanksgiving season. At the appointed hour a real wedding feast was served by Mrs. Pickering and her assistance. The bride cut the lovely angel food wedding cake which rested on a handsome cake plate that centered the table, while the guests anxiously awaited the lucky cut.

Later the bride donned a traveling suit of navy blue with black accessories and Mr. and Mrs. Edwin Eanes left on an overland honeymoon trip to points of interest in Texas and New Mexico. After returning the last of the month they will be at home to their many friends at the Pickering home.

Guests at the wedding were Rev. and Mrs. Lackey, Mr. and Mrs. T. W. Eanes, parents of the groom, Mr. and Mrs. Thomas Eanes and children, Mr. and Mrs. Otis Smart and children, Mr. and Mrs. George Eanes, Misses Cleo and Rebecca Eanes and W. H. Nelson, Mr. and Mrs. W. M. Pickering and Jo Lesley.

THE SILK INDUSTRY

By Claude McGowen

The silk industry of the United States is located in the East. The manufacture of sewing silk is the most important branch of the industry.

Japan and China ship a great deal of raw silk to this country each year. China sends almost as much waste silk to other countries.

The process of manufacturing the raw silk is very interesting. First, the cocoons are soaked in warm soapy water. Then they are dried and stretched upon reels and wound on bobbins. The single threads are then doubled and twisted together. They are now ready to be scoured and dyed.

Artificial silk is being made from cotton and soft wood pulp and is called rayon. It is much less expensive to manufacture than real silk; therefore, it is being gused more extensively.

As Miss Caroline Porter of Philadelphia was being married she stopped the ceremony, and after a half-hour delay she consented to its completion.

Arrested for stealing a bottle of milk, Joseph Morgenson, aged 64, of St. Louis, pleaded that he was an orphan, his parents having recently died.

LORRAINE PATRICK, Editor

Former Clarendon Boy Marries

Whit Carhart, son of Mr. and Mrs. Whitfield Carhart, former prominent residents of Clarendon, was married at Greenville, Texas, November 11th, to Miss Frances Tull. Mr. Carhart is a grandson of Mrs. R. A. Chamberlain of this city and has many friends here who wish him every success and happiness.

The following is a clipping from the Greenville paper:

"A wedding of unusual beauty and charm was solemnized Saturday at ten o'clock in the morning at the First Presbyterian Church when Miss Frances Tull, daughter of M. G. Tull and the late Mrs. Tull, became the bride of Whit Carhart. The sacred ring service of the Presbyterian Church was impressively read by Dr. T. O. Perrin, pastor of the church.

The stately church edifice was beautifully decorated for the occasion. The marriage vows were pledged under an archway of smilax intermingled with white lilac, with tall Colonial floor baskets of exquisite pink roses paced at each side. The altar was banked with ferns and other pretty greenery and the chancel rail was entwined with smilax and baskets of pink roses adding a delicate color note.

As a pre-nuptial solo Mrs. E. R. Hayes sang Elizabeth Barrett Browning's "How Do I Love Thee," with Mrs. Clare Perkins Mangum playing the organ accompaniment. During the ceremony Mrs. Mangum softly played Nevin's Love Song. The Bridal Chorus from Lohengrin was used as the processional and Mendelssohn's Wedding March as the recessional.

Miss Mary Carr Burnett of San Antonio, a cousin of the bride, was maid-of-honor. She was charming in a gown of green crepe with brown accessories, and carried an arm bouquet of Talisman roses.

The bride, who was given in marriage by her father, was lovely in her wedding suit of gray wool with rose color and white satin blouse with gray accessories. She carried an arm bouquet of bride's roses and lilies of the valley.

The groom was attended by Rev. C. J. Kingsolving as best man.

The bride is a graduate of Greenville High School and attended C. I. A. Denton. She is a popular member of the younger social set of Greenville and has been prominently identified with the social life of Greenville.

Mr. Carhart is the son of Mr. and Mrs. Whitfield Carhart and after graduating from Clarendon High School he entered A. and M. College at College Station where he received his E. E. degree.

He is now connected with the Texas Power and Light Company at Waxahachie.

After a short wedding trip Mr. and Mrs. Carhart will be at home to their friends in Waxahachie.

Among the out-of-town guests for the wedding were: Mrs. J. D. Browder, Miss Josephine Browder, and Miss Maud Estelle Browder of Fort Worth.

1926 Book Club Hears "Machete"

Meeting at the home of Mrs. W. A. Clark, Jr., with Miss Temple Harris and Mrs. Clark hostesses, members of the 1926 Book Club spent a very enjoyable afternoon, Tuesday.

In the business meeting, Mary Thornberry gave the delegates report of the Federated Clubs Convention which she attended at Austin last week. The club is putting on a Magazine Drive this week for the Windy Valley School and will appreciate any one having any magazines, they no longer want, sending them to the F. L. Bourland home or calling 338-R and someone will come for them.

The Annual Book Club Tea and sale of Children's Books will be held for three days this year. This begins December 5th and lasts through the 7th and will be held at the Woman's Club Room from two to six o'clock every afternoon.

The program was a most interesting one and dealt with the novel "Machete" by Charles Merriam. His life was given by the leader, Evadne Cox, and a synopsis of the story by Edna Boykin.

At the conclusion of the program, dainty refreshments were served. Guests for the afternoon included Miss Pauline Fox, Miss Elouise Roach, Miss Mary Howren, Mrs. Sam M. Braswell, and Mrs. D. O. Stallings.

Mrs. Wesley Knorpp Is Complimented

Mrs. Carroll Knorpp was charming hostess to a lovely luncheon Thursday, honoring her mother-in-law, Mrs. Wesley Knorpp of Long Beach, California.

The table was laid with a beautiful imported cloth and centered with a bouquet of huge, yellow chrysanthemums in a silver vase. Yellow tapers burned in amber holders. The nut cups were miniature yellow chrysanthemums.

Following the sumptuous luncheon, the guests adjourned to the living room where congenial conversation and needle work occupied the afternoon hours.

Besides the honoree, the guest list included Mrs. F. E. Chamberlain, Mrs. Charles Bugbee, Mrs. W. H. Patrick, Mrs. L. S. Bagby, Mrs. Kate Geddis, Mrs. C. T. McMurtry, Mrs. Joe Goldston, Mrs. J. L. McMurtry, Mrs. R. A. Chamberlain, Mrs. A. L. Chase, and Mrs. James Trent.

Ranch Party

A large group from Clarendon, and other points east and west, made their way to the ranch home of Mr. and Mrs. Charlie Bell, Saturday for an evening of fun and frolic.

Soon after their arrival, a buffet supper was thoroughly enjoyed. This was followed by a delightful evening of versatile entertainment, which was enjoyed by:

Misses Mary Cooke, Obie Crabtree, Lorraine Patrick, Messrs. Henry Sawyer of Los Angeles, Lee Pope of Memphis, George Grogan of Amarillo, Selden Bagby, Walter Bell, M. E. Bell.

Mr. and Mrs. Ira Merchant, Mr. and Mrs. Phillips Gentry, Mr. and Mrs. Joe McMurtry, Mr. and Mrs. Meredith Gentry, Mr. and Mrs. Richard Bell and the host and hostess, Mr. and Mrs. Charlie Bell.

Mrs. C. H. Bugbee Entertains

Numbering among the many delightful social affairs of the week was the entertaining of the 1922 Bridge Club with a one o'clock luncheon on Tuesday by Mrs. C. H. Bugbee, at her lovely country home.

Orchid and white was the color scheme used in the table decorations and tallies. After the delicious luncheon, games of bridge formed the entertainment for the remainder of the afternoon, with Mrs. Odos Caraway winning high score prize and Mrs. W. H. Patrick being fortunate in the cut for consolation.

Attending were Mrs. C. G. Stricklin, Mrs. W. H. Patrick, and Mrs. Wesley Knorpp of Long Beach, Cal., guests.

Mrs. R. A. Chamberlain, Mrs. T. H. Ellis, Mrs. A. R. Letts, Mrs. L. L. Swan, Mrs. L. S. Bagby, Mrs. John Sims, Sr., Mrs. James Trent, Mrs. W. H. Cooke, Mrs. Sella Gentry, Mrs. Odos Caraway, club members.

Mrs. George Dugan of Greenville, Texas is visiting her sister-in-law, Mrs. Mollie E. Gray.

Lucille Pickering Weds Edwin Eanes

A wedding of considerable interest to Clarendon and Donley County was that which united in marriage Miss Lucille Pickering and Edwin Eanes, Sunday at high noon. The ceremony was performed at the home of the bride's parents, Mr. and Mrs. W. M. Pickering, with Rev. Lackey officiating.

The bride was lovely in a gown of gray crepe, with accessories to match. Her flowers were pink roses and ferns in a pretty corsage. She is a graduate of Clarendon High School and attended Clarendon College one year. For the past two years and at the present time she is teaching in the Naylor school.

Mr. Eanes, who is the son of Mr. and Mrs. T. W. Eanes is also a graduate of Clarendon High School and is a Radio Technician of note here in Clarendon.

After the ceremony, a wedding reception was held with the bride cutting the angel food wedding cake. When the young couple left on their honeymoon, the bride wore a navy traveling suit, with black accessories. Upon their return, they will be at home at the Pickering home.

Dinner-Bridge Club

Among the many delightful parties of the week was the entertaining of the Dinner-Bridge Club Friday evening, by Mr. and Mrs. Forest Taylor, at their home.

When the guests arrived they were served a sumptuous dinner, following which games of bridge were enjoyed the remainder of the evening.

Attending were: Mr. and Mrs. Meredith Gentry, Mr. and Mrs. Say Dyer, Dr. and Mrs. Oscar Jenkins, Mr. and Mrs. Phillips Gentry, Mr. and Mrs. Ira Merchant, and Mr. Selden Bagby.

Harp-Sumter

With Rev. L. A. Reavis officiating at his home, Miss Gertrude Sumter and Finis Harp were united in marriage Sunday afternoon, at one o'clock. Both parties are well known in Clarendon and have the best wishes in the community.

Beaux Arts Tea Is Big Success

The Silver Benefit Tea and The Living Models of Famous Paintings, which was given by Les Beaux Arts Club, Saturday afternoon at the Woman's Club room, was a success both from a standpoint of finance and attendance.

The guests were greeted as they arrived by Mrs. J. H. Morris club president and Miss Mary Howren. Between the first and second part of the program, tea was served from a beautifully appointed table, at which Mrs. J. H. Morris and Mrs. T. H. Peebles presided the first hour and Mrs. Homer Glascoe and Miss Mary Howren, the second hour. The table was laid with a beautiful lace cloth and centered with a lovely bouquet of yellow chrysanthemums. Tall yellow tapers in crystal holders cast a soft glow over the pretty setting.

Mrs. L. S. Bagby announced the numbers on the program and the curtains were drawn by Misses Jo Ella Stewart and Helen Lawler.

During the afternoon about twenty-five people called.

O. W. Stroup of Quitaque was a business visitor here Tuesday.

T. E. L. Class Entertained

Group Two of the T. E. L. Class met Tuesday afternoon at the home of Mrs. G. G. Kemp in a business and social meeting.

The session was opened with a Scripture Reading, the 23rd Psalm following which a short business meeting was held. Mrs. W. A. Land, the social chairman, had charge of the remainder of the program and different games were played.

Dainty refreshments were served to: Misses Elizabeth Kemp, Frankie Garrison, and Ella Gene Speed; Mesdames Eva Draffen, Edd Barnes, H. W. Melton, T. M. Couch, A. W. Simpson, Inez McGlamery, T. J. Mann, W. A. Land, J. F. Oller, J. R. Cox, Cap Lane, Matt Bennett, C. C. Fish, F. H. Harp, A. Burkett, Ed Speed, R. R. Dawkins, Frank Whitlock, W. B. Sims, M. W. Mosley, Joe S. SOMETHING IS WRONG!

Have we again succumbed to the lethargy that, at the first of school, we prided ourselves for having escaped? Perhaps it is only the result of the six week exams that give the students the "blues"; perhaps it is because football season is over. But at any rate, the students seem to be gradually losing interest in campus activities and in the Broncho Range. When the societies meet Wednesday night only about one-half of the members attend. When the students attend Physical Ed class, they enter into the exercises assigned them with a grunt and an "Oh I popped a runner." What good are the societies if the members will not attend? Why need the teachers work themselves into a frenzy preparing exercises for the Physical Ed classes if the students do not intend to take them with the understanding that they must derive some good from them?

If we intend to keep up with the pace we set at the first of school students, we simply must snap out of it now and really buckle down to work.

JOIN THE RED CROSS

A nation-wide drive is being made to enlist members in the Red Cross. The Red Cross is the greatest organization to combat suffering not only in war time but also in peace time. If the students themselves do not feel that they are able to join the Red Cross, they should insist that their parents join or help enlist others.

SCHOOL PROJECTS

(By Arthur Chase)

The chief thing that makes school sometimes seem tiresome is that there is entirely too little variation from the routine school-work. When, occasionally, something out of the ordinary does happen, there is always such a great amount of interest and enthusiasm shown that it is evident that whatever efforts were put forth, they were worthwhile. The best example of this that has been shown in this school for a long time was the election of the football queen. The crowds around the bulletin board every day of the election and the large number of votes cast proved that projects of this type add a great deal to the joy of going to school.

One of the principal reasons for the existence of our school paper should be to add to the variety of the school-life, but it is somewhat difficult for the editor and reporters to get up an interesting, different, and well-balanced paper during those times when the whole school has fallen into a deep rut. We are told that there is always something happening if we look for it hard enough, but at some times of the year, the search would ruin anyone's eyesight.

These periods of staleness are reflected not only in the school paper but just as much in the attitude of all the pupils. Those pupils who have a hard time to make their grades at any time become disgusted with the school, begin failing their studies, and eventually many of them drop out of school.

We hope that the Campfire Girls and other school organizations will give us more projects like the football queen election.

Bronchos End Season

The Clarendon Bronchos have had only a mediocre season. At the beginning of the season their outlook was more than good. They were slated to go down several points in the McLean-Clarendon game, but came out on top, beating McLean 7-0. This game to all appearances, was their downfall, as it made them so overconfident that they lost the Shamrock game. If the Bronchos had been on their toes in this game there would have been an easy victory for them. They were then defeated in the Borger game 22-0; however, this was not a conference game and didn't harm anything except the morale of the team. The one big consolation of the season was the overwhelming defeat of Memphis, the old enemy, 31-19.

There will be a game with Tulla on Thanksgiving day. We only wish that the Bronchos could get another game with the Shamrock Irishmen. Although the game would have no effect upon the standing of Clarendon in the district. The Bronchos might beat them, since they have had some of the cocksuresness knocked out of them and are now the under dog.

The football season is over for '33 so all we can do is to hope for better luck in '34 and pray that they break the jinx Shamrock seems to have on them.

SOCIETY

Dorothea Watson Entertains

Miss Dorothea Watson was a delightful hostess last Saturday night when she entertained a number of her friends at her home.

Different games and contests were enjoyed until a late hour at which time several of the couples went to the mid-night matinee.

Those attending this affair were Misses Vivian Taylor, Eloise Hill, Frances Sanford, Peggy Word, Dorothy Fay Scoggins, La Verne McMurtry, Willie Maud Pratt, Hulda Joe Cauthen, Virginia Cluck, Anna Moores Swift, Helen Louise Green, Sarah Virginia McGowan, Kedron Evans, Rosalyn Bass, Wylene Wilkins from Amarillo, Messrs Aubrey Brady, Bob Boston, Harry McCracken, Joe Montgomery, Wesley Powell, Jack Latson, Bob Word, Billy Johnson, Billy Walker, Drew Wilkerson, Harold McDaniels, and Nicky Stewart.

Beaux Arts Program at Jr. Hi Thursday

The Les Beaux Arts Club will present an art program at the Junior High Thursday afternoon. This program consists of living models representing famous pictures and was given by the Art Club Saturday at the Club Room. The ladies were thoughtful to go to all the trouble of repeating the program to the Jr. High students, and we want to assure them on behalf of the Jr. High that we surely enjoy the exhibit and appreciate the interest the club has shown us.

DITHY DORX

Dear Miss Dorx:
I am so uneasy about my love affair. The boy I have been going with has suddenly taken to drinking. How can I take his mind from the thoughts of intoxicating beverages? I cannot share his pleasures because I don't indulge.
Distracted M.

Distracted M:
Talk to the boy friend while he is drinking and always have a supply of liquor at hand—in such case he will not find it necessary to think about intoxicants, they will be available without thought.

Too bad you can no share his pleasures. You might cultivate the taste. I would suggest starting on small doses of lye water and fusil oil (say one gallon and work up to distilled corn.

Dear Dithy Dorx:
I simply adore a dominating "he man" but my B. F. is rapidly becoming known as a second "Mr. Milquetoast" or the "Timid Soul" because he is so meek and easily imposed upon. I believe that he could be made to overcome this trait of meekness, but so far my schemes have failed.

How can I change the "Timid Soul" into a "Popeye".
Jean B.

Dear Jean B.
I would suggest that you have your B. F. get in touch with Mr. Charles Atlas. He promises to produce bulging biceps and super-developed thyroids in only 20 lessons, by mail. Another possible solution would be for you to present the B. F. with a dumbell, you can get a G. F. to help you in this matter.

Dear Miss Dithy Dorx:
I am having trouble with my girl. I think she likes me, but she has dates with other boys. I also like another girl and I think she likes me. I should be very grateful if you could give me some advice as to what to do.
Sincerely,
Harry McCracken.

Dear Mr. McCracken:
Oh Darling! "You can't love but one," is an old, old song; nevertheless it is true. Perhaps because your affection has been divided, you think the apple of your eye has divided her affection. No doubt she is at home now thinking only of you. Buy her a sack of gum drops; take a taxi and rush up to secher. Tell her all is forgotten and forgiven, but remember had you never learned to count above one, your love affairs would not have become complicated. It is the numerals, my son, not the cold hearts the break up many a happy home.
Dithy Dorx.

Dear Dithy Dorx:
How would it be possible for an exceedingly tall girl to vamp a boy friend, when the girl is the tallest girl in the college, and most of the boys are all shorter than a telephone pole?
Reba Longino.

Dear Miss Longino:
My only advice is that you try your feminine charms on Delbert Linders, that big blonde giant of the C. M. J. C. However, do not feel discouraged for you have one advantage other girls do not have, you can look down

PRESS CLUB STUDY FEATURE ARTICLES

Continuing the study of feature articles or stories, the Press Club held an instructive meeting on Friday, Nov. 17, in room 20. The club expects to have two more lessons upon this subject before entering a new field of the study of newspaper writing.

The first talk was made by Rosalyn Bass, who clearly discussed the characteristics of the interpretative feature. This particular type of feature article is important because many events of the day are incomprehensible to the average reader and require interpretation in order to be understood. Although the interpretative feature is not a part of the composition of the Broncho Range, the Club members enjoy learning of the type.

Anna Moores Swift, in her talk, explained the function of the seasonal feature. This type of feature article does play an important part in any school paper. Anna Moores gave suggestions as to new twists that may be given to the old stories of turkeys or fire-crackers.

Because the next regular time for meeting falls on a holiday, the Press Club will not meet again until sometime in December. Announcement of the date will be made later.

Jr. High Organizes Basketball Team

The Junior High has started practicing basketball under the direction of Miss Price for the girls, and Mr. Lane for the boys. This week the girls practice after school, and the boys practice at noon. The boys play a game this afternoon with Ashtola. Here's hoping we win.

on all boys and see them better than any other girl.
(Editor's Note: Miss Dorx has promised to edit a column only occasionally for the benefit of those students who are constantly seeking a solution for their problems.)

Senior Class Rings Arrived Recently

The Senior rings arrived about ten days ago, but it seems ten months because we are so slow collecting the money for them. I doubt if there is any more in town the way it has been coming in. If we are asked what our rings are like, a blank expression appears on our faces since we have not seen them in so long. The treasurer says she cannot sleep for fear she will have to pay for all the thirty-eight rings. I heard that she made the statement that this business was making a nervous wreck of her and that she was beginning with a crick in the neck. At least it is a pain that can't be located.

Kicuawa Troop Makes Quilt

The Kicuawa troop met last Wednesday in their room. The meeting was called to order with the pledge of allegiance to the flag. Then the roll was called. Rosalyn Bass was elected sergeant-at-arms. Plans were made to give a tea Saturday for the mothers. A program was also planned to be given by the members of the troop. The girls are making a quilt with each girl's name and signature in a block. This they will give to their guardian, Miss Mary Frances Caraway.

PALO DURO LITERARY SOCIETY TO PRESENT A ONE-ACT PLAY NOV. 29

The Palo Duro Literary Society will present a one-act play, "A Case of Suspension" on Wednesday November 29th, in assembly. This play is a comedy dealing with life in college. It will be well worth the time of all students. A small admission of ten cents will be made.

Make your plans now to be there.
Those appearing in this production are Jean Bourland, Dorothy Jo Taylor, Pauline Sanford, Jo Ella Stewart, Geraldine Pratt, Mike Stricklin, Bill Word, Alfred McMurtry, J. R. Bartlett, and Fred Bourland.

Camp Fire Girls TO Give Away Turkey Saturday

The Abohahanta Camp Fire Troop met Wednesday at the Hill home for a business meeting. The president called the house to order and a nomination was made that doughnuts and coffee be sold on Saturday, Nov. 25, at the Broncho shine parlor, next door to the Furniture Company.

Each person buying a doughnut and cup of coffee will receive a ticket entitling him to a chance for a turkey to be given away.

After this business was transacted, the girls voted to adjourn the meeting. The next business session will be held on Tuesday, Nov. 28, at the home of Frances Sanford.

Notes From A Convenient Cuff

That irrepressible Edward G. Cantor is back on the air! And am I glad. His versatility and wit are incomparable according to your scribe's own personal opinion.

What happens when a girl whose ruthless subtlety embraces everything, sells her dates for college expenses is the general theme of "Co-Ed Conspiracy," soon to be offered for the approval of first nighters. Elaborately stage scenes, gorgeous settings, glamorous gals, and between the acts, choruses that'll shock the fairer sex is the keynote.

Dame Ramor hath a gorgeous secret to unfold next week, which I am not at liberty to disclose at present, but I promise you that I'll even have Mrs. Winchell's bad boy, Walter, skinned. The highest compliment a boy can pay a girl is; "Oh! She's a swell sport." That, to a boy, includes everything from beauty to poise and personality. PALO DURO

Members of the Palo Duro Literary Society enjoyed an interesting program on Noel Coward's "Calvaude" at their regular meeting on Wednesday 15. Roll call was answered with the name of a modern playwright. Dorothy Jo Taylor gave a brief sketch of Noel Coward's life. The plot was discussed by Pauline Sanford. A very interesting exposition of the characters and the stage presentation was given by Bill Word.

ALPHA DELTA PSI

Alpha Delta Psi reports the large attendance of thirty persons at the meeting on Wednesday night, November 15. Interest was due to the novel program planned for the feature of the meeting. "What I Think of Girls' Fashions"—Bob Goodson. "My Ideal Girl"—Kenneth Brown. "Professions"—Harold Phelps. "What Boys Talk About"—Homer Estlack. Piano Music—F. L. Behrens. Critic's Report—Charles Walker. After this program, which is one of the best presented this year, Miss Patrick took charge discussed the play. Those who are being considered for parts in the play were requested to stay so that the characters might be definitely chosen. There seems to be difficulty in finding a tall, dark, handsome Spaniard to play opposite Helen Rodgers. Meanwhile, watch for the advertisement of the all-star production that will appear about December 15th.

Although the Pep Squad lost most of its enthusiasm after the Bronchos were eliminated from the conference, a great deal of the old pep has been regained with the announcement of the post-season game with Tulia tomorrow. Roy Stargel, Lloyd Martin, and O. C. Watson attended the football game between Shamrock and Memphis Friday at Memphis.

REV. FERRELL SPEAKS TO ASSEMBLY TUESDAY

Tuesday afternoon in speaking to the High School students at assembly, Rev. W. E. Ferrell used as his text Matthew 7:12, "Therefore all things whatsoever ye would that men should do to you, do ye so to them: for this is the law and the prophets." Rev. Ferrell explained the two great philosophies of life given by Jesus in the Sermon on the mount. First, man's duty to God. That is, if we fail to seek God first all other things will be in vain. Second, man's duty toward others. We must treat our fellow man with proper respect and regard or as the Golden Rule says, "Do unto others as you would have them do unto you."

Sophomores

This is the one week of our school life which we thoroughly dislike. Six weeks exams are simply awful. Everyone is cramming to the nth degree, because all of us are so excited, we have forgotten everything that every went in one ear and out the other. On second thought I would say all of us are excited except Ruth Tucker. She has maintained her poise remarkably well. In fact, she doesn't even

U. S. Map Shows Freezing Weather Overdue

FIRST freezing weather is now overdue in a majority of states, and motorists who have neglected to prepare for it should act at once, the American Automobile Association gives warning in an announcement to car owners. The official statement is based upon U. S. Weather Bureau reports which show that only three states of the Union are safe from severe drops in temperatures within the next ten days. "Immediate preparation will mean insurance against heavy repair bills, and the annoyance and delay that come with frozen motors, water pumps and dead batteries, which sometime destroy the mechanical efficiency of the car," the statement says. "Use of anti-freeze preparation is, of course, the basis of protecting the car, but it should not be put into the radiator until the automobile has been ready for changed driving conditions. "Early steps to prepare the car for winter will, in addition to providing protection against frozen motors, be in keeping with the

Goldston School Notes

Due to the fact that the weather was warm and dry last week, our school attendance was rather light. But at this writing the attendance is above fifty per cent. We are glad indeed to have this increase in attendance. We believe now that most of the people will be able to send their children to school in a few days. The boys basketball team began practice Monday under the direction of Mr. Gatewood. The team this year is more or less inexperienced, however we are looking forward to an enjoyable year of basket ball. The girls also began training under the direction of Mrs. Orville Smith. Mrs. Smith is former captain of the Shamrock High School girls basketball team. Therefore, under her direction, we are looking forward to a successful season. All of the Goldston teachers have paid their dues to the Texas State Teachers Association. This makes the Goldston school one-hundred per cent for the Association this year. We surely are glad that our teachers are backing the Texas State Teachers Association. It is probably that one of the teachers will attend the convention which meets at Austin during Thanksgiving. The district Teachers and Trustees Association will meet here Friday evening, Dec. 1, at 7:30. The member schools of this district are Ashtola, Martin, Jericho, and Goldston. We will be glad if each of these schools have a large number of representatives present. We will discuss some of the current school problems and in addition to that we will have a short program of some type. These teachers and trustees meetings are open to the public and we will appreciate it if as many of the patrons can come as possible. Come and inter into the discussion with us, it will be beneficial to you and your children. Grief-stricken because of the death of her pet cat, Mrs. Mabel E. Force of Denver, committed suicide. Charging that his wife served him nothing but bacon and eggs until he couldn't even look at them, let alone eat them, Clint O. Trout, of Hanford, Calif., sought a divorce. C. Lincoln and Mark Twain were the next favorite authors. The complete set of Kipling was scarcely touched. The ski men who made the long trek each took one volume to read. Gould took a one-volume Shakespeare. Thomas carried Hudson's "Purple Land." Goodale, an anthology of English poetry, O'Brien a selection of H. G. Wells' Short Stories. Lloyd C. Douglas, author of "Magnificent Obsession" and "Forgive Us Our Trespasses," is on a lecture tour which will take him to quite a number of the larger cities of the U. S. within the next few weeks. The latest addition to our library is a copy of "Magnificent Obsession."

In wild Mongolia, Roy Chapman Andrews, famous scientist-explorer, digs up the bones of monsters dead millions of years. In the Zuzuland of Africa, Carl von Hoffman, Russian adventurer, sets a trap for a lion. The gripping experiences of famous men will be part of the reading diet in store for boys in 1934, according to word just received from the editor of THE AMERICAN BOY—YOUTH'S COMPANION. The issues of 1934 will be crowded with adventure. With Connie Morgan in the Arctic, with Douglas Renfrew of the Royal Canadian Mount d, with Jim Tierney, the retired detective who can't stay retired, the American Boy subscriber will enjoy the new experiences of his favorite fiction characters. Stories that help prepare a boy for college and for business, helpful articles on hobbies and sports, and interviews with famous men, will help round out a record-breaking year for the magazine's readers. THE AMERICAN BOY—YOUTH'S COMPANION costs just \$2.00 a year. Until January 1, 1934, you may obtain a three-year subscription for \$3.00, a saving of \$3.00 over the one-year rate for three years. Why Liquid Laxatives Do You No Harm

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys. The right liquid laxative will bring a perfect movement, and with no discomfort at the time, or afterward. The wrong cathartic may keep you constipated as long as you keep on using it! An approved liquid laxative (one which is most widely used for both adults and children) is syrup pepsin. Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help, as they do in the case of cathartics containing mineral drugs. Ask your druggist for Dr. Caldwell's Syrup Pepsin. Member N. R. A.

study. It is very amusing to see the victims of study plodding slowly homeward with an arm full of books. It is more amusing however, to see the pained expression on their faces. I would suggest that we go on a strike until six weeks exams are taken off the schedule forever, but we might feel the results of the strike (at home more than the school. So, with martyr-like patience we resign ourselves to our sad fate.

Lewis. I have given this list because I feel that many parents will be interested in seeing the list which has been chosen from year to year by leading librarians from the great number of books published as the best books for children. Frederick and Nelson, Publishers, asked Elizabeth Coatsworth, prize winner for 1930, for

her views on children's books, and she gave them in the following words: "While the mind is sensitive to every impression, give the child good books. Let them be well-written and living, whatever their subject, so that a taste for reading as a vital and enriching part of life may be a natural heritage. The child is so pathetically eager. It is stupid to feed that eagerness with dull dissertation, cheap sentiment, or horror. There is so much that is fine in the world—except knowledge, wonder, merriment, courage, beauty, the multiple pageants of time and space—that every child should have his imagination share in them before he begins to shape his own life. Let the child follow his own preferences—there is room for each taste—but let him be given spring water in his cup." Henry Word Beecher said, "Books are not made for furniture but there is nothing that so beautifully decorates a home. A library growing each year is an honorable part of a man's history. It is a man's duty to love books. A library is not a luxury but one of the necessities of life." Lawrence Gould, geologist of the last Byrd expedition tells something of the reading tastes of the party. He says that most popular book in the expedition's library was Hudson's "Green Mansions." AG REPORT

The seven experiments on soil fertility have been completed. Much difficulty was experienced in calculating the results. However, the class, with much a study and research, came to the conclusion that clay absorbed water more readily than top soil. The ag class took their second six weeks exam Tuesday morning. Although the Exam was not extremely difficult, it took the students two periods to complete it.

CHRIST AS KING

Text: "He Must Reign." 1 Cor. 15:25.

The Apostle saw the transcendent nature of Messiah's reign, his eternal greatness and power. "He" must reign, because He is God's Son. We who profess Christ to be God's Son should let him reign in our lives forever.

I. He Is King Over Nature. If nature is to keep her place, her King must reign. But yonder golden sun hangs on his finger, while all the mighty stars are jewels sparkling on His royal robe. Man lives by Nature's King. Agriculture smiles up gratefully at Him, who unfolds the parable of the "sower and seed."

II. He Is King Over Empires.

Being King of kings, He rules over nations. All thrones are settled by Him. Happy are the people who submit and accept Him as their guide and defense. Safety comes when Jesus reigns. Peace and prosperity are the gifts of His hands.

III. He Is King In His Church. The Church is his special dominion. Here as King He speaks to His subjects and gives His laws. The preformed belief removed fear from martyrs, inspired missionaries, and gladdens the saints. His law and commands should be obeyed without question.

IV. He Is King Over The Christian. He enters into the Christian and dwells there. He is our Supreme Controller, our Sovereign, Our Lord. Our Wisdom

lies in absolute submission to His will and commands. It is His to speak and ours to obey. Here lies the secret of success. All of the Church's heroes, her choicest leaders in all times, her apostles ancient and modern, her noblest sons and daughters, knew Jesus as King. His will was and is law. No one has the right to change or revise He has promised to abide with us and that to bless. We must make Him the King of our lives, and he is not willing to share that place with any other. As loyal subjects, we should be solicitous to know His will, and to obey Him.

Sunday we will preach two sermons to help you in making Christ your King. Sunday morning our subject will be, "Rememberance." Sunday night, it will be, "Forgetfulness."—W. E. Ferrell, Minister, First Christian Church, Clarendon, Texas.

HEALTH REASON FOR FIRST THANKSGIVING

AUSTIN, Texas, Nov. 20.—The primary reason for the institution of Thanksgiving Day was health. We know how Governor Bradford called together the people, those few of them who were left after that terrible first year of death and disease, to give thanks to God for all his mercies.

We have come a long way since that time in the matter of health, but now one seldom thinks of Thanksgiving in connection with the health that we enjoy. Most persons have been so accustomed to having these advantages that they are scarcely given a thought until sickness makes its appearance.

The State Department of Health, city and county health organizations have labored for years to secure the measure of health protection that the public now enjoys. They give thanks for the methods that have helped in the saving of thousands of lives each year and look forward to the years to come for greater service.

Since the first Thanksgiving, the mode of transmission of many diseases has been discovered and in many instances the prevention has become common knowledge. Yellow fever, plague, and cholera have practically ceased to exist. Smallpox, diphtheria, and typhoid fever can be eliminated as a cause of death if a person would have themselves and children immunized. Malaria and many other diseases can be controlled if the public would demand that this protection be a part of the every day activities of the government and practice what is known in regard to prevention.

During the past fifty years the expectation of life has increased about fifteen years. This means

'War Veterans' Problems

Not since the period of the World War has the Red Cross faced a greater problem in handling the claims of World War and other veterans. Due to the changes in the regulations covering veterans' claims, chapters all over the nation have been crowded with veteran applicants for relief and for service in preparing appeals. During last year Red Cross home service workers in 3,268 chapters dealt with the problems of 411,124 ex-service men or their families. The chapters also aided 7,346 men still in the regular army, navy and marine corps.

Safeguarding Public Health

The Red Cross reports that 653 nurses are employed by 428 of its chapters in public health nursing. During the past year Red Cross nurses made 1,234,000 nursing visits, other than to schools, and also inspected 633,000 children in schools. Nursing at the bedside of the sick, unemployed, or other needy is a major part of their work. The Public Health Nursing Service of the Red Cross also directs the teaching of classes in Home Hygiene and Care of the Sick. This course was taught to 53,000 persons during last year.

I post no possible objection to a man being a fool, if he so desires, but I do protest against his asking me to wear cap and bells in his company.

that a baby born now can be expected to live fifteen years longer than if he had been born fifty years ago. We have much more to be thankful for now than our Pilgrim forefathers, so let each in his Thanksgiving, pledge to assist in furthering the work being done to improve health conditions throughout Texas.
