## Survey On Highway Connection Started

### MARVIN JONES WILL SPEAK TO DONLEY COUNTY PEOPLE ON AAA

#### HIGHWAY WILL CLOSE GAP SOUTH

WORK STARTED MONDAY ON ROUTE SOUTH TO TURKEY; CONNECT HY. 18.

E. W. Marrs, of Turkey, began preliminary survey work Monday morning on a proposed 40-mile road from Clarendon to Turkey. The survey was authorized recently by the commissioners' courts of Hall and Donley counties, in an effort to have the road designated and paved by the state.

Following the survey, delegations from the two counties will present the proposal to members of the State Highway Commission, it has been announced.

The proposed road will connect Highway No. 88 at Clarendon with Highway No. 18 at Turkey, completing a national highway from Kansas to the Texas border at Del Rio. Approximately 28 miles of the 40 mile route is in Hall county.

The cost of the survey being made this week by Mr. Marrs is to be divided by the two counties. County Judge Vallance of Hall county stated the cost to Hall county would be about \$600.

The Donley county Commissioners' Court has agreed to allow \$150 for the preliminary survey, provided the city of Clarendon will raise the other \$150, making the \$300 charged to Donley County for its part. The \$150. from this county must come entirely from Precinct No. 2, road funds.

A committee is already working in an effort to raise the \$150 necessary for the City of Clarendon to raise, and so far have received some volunteer subscriptions, but will need more in order for Clarendon to meet its part of this expense.

#### Patrick Heads Lions District Group 3

Thursday evening of last week a meeting of Group 3, of Lions Club was held in Pampa with a large representation present to hear District Governor E. L. Pitts of Lubbock deliver an address, and hear reports of club activities from clubs of the group.

A business session preceded the banquet served at the Schnelder Hotel, and in the election of officers W. H. Patrick of Clarendon was elected chairman of the group for the year. Sam M. Braswell was named secretary. The next quarterly meeting will be held in Miami.

Clarendon won other honors at the banquet where visiting clubs furnished numbers on the program, and when a story of early days in Clarendon told by Lion Patrick drew the applause of the Lions and ladies and won the beautiful stand of silken flags of the nations included in the territory of Lions International for the local club.

Those in attendance from Clarendon were President J. T. Patman, Odos Caraway, W. H. Patrick, Dr. A. W. Hicks, A. L. Chase, Mr. and Mrs. Sam M. Braswell.

#### ENGINEER HIRED FOR FLOOD SURVEY

WORK TO START THIS WEEK ON PRELIMINARY SURVEY OF FLOOD PLANS.

Conferences incident to preliminary survey work on the flood control plans by the city of Clarendon were continued from last week, when Engineer Alexander from the parks service and Engineer Morse of the Ft. W. & D. Railroad were in the city Saturday to look over the situation and advise the city commission.

These able engineers recommended Mr. Jeff Williams, an engineer of Plainview for this work.

Mr. Williams met with the city commission Tuesday night and Wednesday an agreement was reached whereby he will be in charge of the preliminary survey to be made in the plans for eliminating floods in Clarendon. His work will probably start this week.

The expense for the survey will be borne by the city. The Chamber of Commerce will furnish what help Mr. Williams will need in the survey work, and supervision of the project.

All land owners in the drainage area have signified their co-operation in having their land terraced and small earthen dams constructed so that storm waters will be retarded to equal the capacity of the concrete drainage ditch through the city, which carries away the menacing flood waters.

The old Denver Hotel, which will house the 100 to 200 transit camp workers to do the terracing and build retention dams in the drainage areas South and West of town, has been thoroughly cleaned and is now ready for the repair work to be done on the building before occupancy.

W. R. Bowden, Federal Transit bureau director of Amarillo was in the city Thursday morning, making estimates and stated, men would arrive within a few days to make the necessary repairs to the building.

#### LIONS TURN TO STORY TELLING

PATRICK PRESENTS FLAGS WON AT PAMPA FOR BEST ENTERTAINMENT.

When the Lion's Club met for their weekly luncheon at the Antro Hotel Tuesday, a number of them were confronted with the situation of having to tell impromptu stories. Some were stale, some were funny, some were mother-in-law stories, and others death with stories relating to fishing, negro, and what-not. Lions Drennan, Ellis and McKee were the judges, and gave Lion Redding first place in the contest, his parlor story having outclassed all others.

In the business session Lion Hicks made a report of the Lions District Number Three meeting held last Thursday night at

#### DISTRICT COURT OPENED MONDAY

Judge A. J. Fires, of Childress, opened District Court here Monday morning. Most of the morning was taken up with the charge to the grand jury which was the general instructions to investigate the breaking of laws of the State of Texas, in Donley county. Those laws, in part, were explained to the grand jury by Judge Fires, and a diligent plea was made to the jurymen to give their best efforts toward the eviction of lawlessness in the county.

The criminal docket was set for the third week of court. After his charge to the grand jury, he began with the civil docket.

#### Legion Auxiliary Installs Officers

The American Legion Auxiliary met in regular session at the Club Rooms Monday afternoon.

The officers, which were elected in June, were installed at this meeting. Mrs. O. L. Pink was installed as president, and Mrs. R. Y. King as vice-president. C. Huffman will fill the office of Sergeant-at-Arms.

In a short business meeting, plans were made for the District American Legion Auxiliary which will convene in Clarendon in November.

Sixty glasses of the hundred glasses of jelly which were pledged by the auxiliary to the community fund have been collected.

#### Date Changed For College Carnival

The College Carnival and Stunt Show as scheduled for Tuesday night, October 30, has been changed to Monday night October 29, on account of conflict of dates with the Lion's Annual Charter Night Celebration.

The Carnival will present a varied program which will be of general interest. Two special features will be 'Garlic the Strong Man' and 'Madame Pfl'. Sideshowes will open at 7:30 the evening of October 29th.

#### SIX CLARENDON BOYS ACCEPTED FOR CCC

Of the Donley County boys reporting last Wednesday at the Army Recruiting station for examination for a CCC camp, the following were accepted for service: L. P. Brown, R. D. Snelson, Willis Lamb, Jim Percival, Elbert Weathers and Henry Johnston. The later three were alternates.

J. E. Wilson and Rural Taylor were rejected in Amarillo, and for some reason the Donley Quota of five was increased to six.

It has not been learned where the boys will be stationed.

Pampa. Clarendon had a good representation at this meeting.

Lion Patrick presented to the club a group of silken flags which were won at the Pampa meeting for the club furnishing the best entertainment. The flags are of the five nations in which Lionism is operating.

#### 100 ATTEND RED CROSS MEETING

MULKEY, LOCAL CHAIRMAN REPRESENTS CLARENDON; VERY OPTIMISTIC

The necessity of directing the youth of America away from the more vicious Youth Movements of Europe was stressed as one of the three points in the program for the American Red Cross by Henry M. Baker, national director of Disaster Relief, at a regional conference held in Amarillo yesterday.

Miss Ella Grimmett of St. Louis, director of nursing for the midwestern division of 17 states, spoke to the conference during the morning session.

The conference opened yesterday morning in the Herring Hotel under the direction of Wilbur C. Hawk. H. F. Keisker, assistant manager of the midwestern division, said, "The Red Cross is the only general relief agency for rural America. The organization has the most complete program, including child and home welfare, health and recreation that has been devised."

Approximately 100 leaders of the West Texas region of 43 counties were present for the conference, the first to be held since war days.

Homer Mulkey, chairman of the local Red Cross, was Clarendon's representative at the meeting. Mr. Mulkey expressed himself as being very optimistic of the outcome of the meeting.

#### City Asks For Hy. 5 Improvement Soon

An agreement has been made between the City of Clarendon and the State Highway Department whereby the State Highway Department will submit to the Secretary of Agriculture, and recommend its approval, a project for the improvement of 391 mile of the Municipal Highway from the West Line of Davis street to the East City Limits of Clarendon, known as Second Street, and to be designated as U. S. Public Works Highway project number NRM 438-C(1935).

In this improvement, the city agrees to provide for maintenance after the completion of the improvement.

It is yet undetermined when the work will start on this project, but it is hoped the work can be started before the bad weather of the winter starts.

The Highway Department announced Saturday that the district office of the United States Bureau of Public Roads had approved projects estimated to cost \$4,800,000 as a partial list of 1935 national recovery program jobs in Texas. The Texas department will start immediate preparations of plans, specifications and estimates for submission to proper authorities for final approval.

In this list is included the project of Donley County Highway 5, from Clarendon to Hedley, and from Hedley to the Hall county line.

The post is trying to sell \$800 in tickets, and Wednesday morning 450 tickets had been sold. The committee in charge of the ticket selling is C. B. Morris and R. W. Moore.

### CHURCH MEMBERS IN NAME ONLY

We chanced to overhear a statement a few days ago that sticks with us. The statement was that "no church member, today, stands for anything."

Of course, that is obviously an over-statement, but there is so much truth in it in the case of the great majority of church members, that it brings us up short to consider such a condition with grave misgivings.

It is true that very few church people have any regards for the Sabbath, hold any scruples against card-playing, dancing, swearing, betting in a small way, and scores of other sins indulged in by the worldian.

Where is the line? What is the difference? How can one recognize members from non-church members—non-professors of Christianity?

Either the church will awake and purge itself, or so-called Christianity will be made of non-effect insofar as changed lives and daily examples are concerned.

Are you a church member in name only?

### WHAT IS WRONG WITH FARMING?

What is wrong with farming? The farmers themselves, mostly, farming as a vocation would have been much farther advanced than it is now were it not that farmers, as a class, have had too little respect for their work and mode of life.

Forty years ago the average farmer would declare freely that he farmed because he could not do anything else. He frankly admired his smarter brother who had brains enough to enter a profession or business, and roundly envied all town and city dwellers. The farmer of that day was the devotee of despair, a mere wheel in a rut. He tacitly assumed the type of education that turned out professional and business folk was ordained by God and was not to be altered to suit the need of boys and girls who intended to farm.

More of the farmers of this day respect the vocation, like their work, enjoy their life, and believe that the farm is the best place of all on which to live.—Quanah Tribune Chief.

### RECREATIONAL CENTER NEEDED

Along with flood control, relief, better credits, and the like, Clarendon stands greatly in need of a recreational center for the boys and girls of this community. Existing organizations have no suitable place for their meetings and games, and other organizations would be brought into being if proper facilities were provided.

There is a germ of a thought working here looking to the securing of such a center, and The News joins all those interested in hoping that when it is proposed that the community at large will enter heartily into the work and plans necessary to its accomplishment.

A recreational center provided here will save delinquency among our young people, and heart aches among the old.

### WHAT PRICE GLORY?

The World War, all told, cost—apart from 30 million lives—400 billion dollars. With that money we could have built a \$2500 house, furnished it with \$1000 worth of furniture, placed it on five acres of land worth \$100 an acre and given this home to each and every family in the United States, Canada, Australia, England, Wales, Ireland, Scotland, France, Belgium, Germany and Russia. We could have given to each city of 20,000 inhabitants and over, in each country named, a five million dollar library and a ten million dollar university. Out of what was left we could have set aside a sum at five per cent that would provide a \$1000 yearly salary for an army of 125,000 teachers and a like salary for another army of 125,000 nurses.—Nicholas Murray Butler.

### THAT WONDERFUL ADVERTISING

A smartly dressed, smooth talking gentleman has dropped in to discuss a few minutes with John Doe, the grocer. It develops that the gentleman is also interested in having Grocer Doe buy a very unique and highly effective advertising campaign.

"This advertising is something different," he tells the grocer. "You can't get it anywhere else. Your newspaper can't provide it. This will be something exclusive with you. Just sign here."

But before signing here, there, or anywhere else, it might be smart to stop and ask yourself how anything good escaped the men who spend millions of dollars yearly for advertising.

Men who spend millions for advertising also spend thousands to test their advertising and be sure that they are getting their money's worth. No promising proposition or scheme is blindly turned down. They waste proportionately less of their advertising money than most small advertisers because they seek results—not something different.

General Motors, Henry Ford, the big oil refiners, department stores, and food men don't spend their money for advertising in home newspapers because they like the editorial policy or because they haven't been offered hundreds of schemes and novelties. They advertise in newspapers for results—to make money.

Gadget advertising has no place in the retailer's budget, unless he can afford to be more wasteful than the big boys.—Weekly Press, Ripon, Wis.

### LEAVE THE GAS TAX ALONE

Down at Austin there are now as there has been since its beginning those who would divert money from the gas tax collected for the ostensible purpose of road building and maintenance.

With the legislature confronted with the problem of providing funds for the Texas Centennial these forces are at it again and are making serious threat of taking still further monies from the already raided gasoline tax income, for this recognized patriotic cause.

Texas, with her thousands of miles of unpaved highways, with strategic gaps fretting its citizenship in every section, with a huge upkeep demand, with county bonds to be lifted, needs every penny of the gas tax.

Let legislators defend Texas interests by refusing to disturb and rob further this specific tax for a specific purpose. Leave the gas tax alone.

The fellow who's fooled the most is the one who thinks that if he can just make enough money everybody will be happy at home.

One of the hardest speeches in the world to make sound convincing is the one setting forth the reasons why your son can't buy a dog.

Whether one considers the world round, flat, square or crooked depends on the part he has bumped against.

LIBRARY NOTES  
(By Mrs. C. A. Burton)

Faith Baldwin is a very popular present-day writer because she writes about us and our neighbors—the family across the street, the friends around the corner, the common everyday people whom we know. Was it Abraham Lincoln who said "God must love common people because he made so many of them?" Those are the people whom we meet in Faith Baldwin's stories—the people who are planning how to save enough to pay the rent—to meet the bills, to pay "the butcher and baker and candlestick maker"—even as you and I.

We have lately placed two of her books on our shelves, "Week-End Marriage," and "Distinct Nurse." In the first a young couple are facing a very familiar problem which is being faced by many young people today—when they are married, shall the girl keep on with her job? Ken was making \$50 a week and she was making \$30. Their first disagreement came when she insisted she meant to keep on working—for awhile. He reasoned and argued, but she had her way. There would be rent, food, clothes, insurance and all those expenses—she wanted to keep until they had a start. But keeping house and filling a position in an office was a greater strain than she had realized, and the end of each day left her too tired to enjoy life. So their marriage became a "week-end marriage"—then only was there time to know each other. Then a combination of circumstances gave her a chance to show her ability, and she began to forge ahead. Fortune did not so favor him, and her salary was more than his. The result is not hard to foresee. But Faith Baldwin brings the story to a happy conclusion. That is another reason why she is popular.

"Distinct Nurse" is one of Miss Baldwin's most appealing romances. It is the story of three sisters, each very different in their reactions to life. For Coral we care the least, yet her very weakness is appealing, and we rejoice with her family when happiness finally comes to her with Dr. Pete. Nancy, the gay irrepressible youngest sister, wins our hearts at once. But it is Ellen who holds us. Ellen the "distinct nurse". Her faith, her courage, her invincible determination, her rare common sense, her unwavering loyalty all hold us. Miss Baldwin is at her best as she pictures Ellen fighting for the life of a little child through the hours of the night and then fighting for more than mere life for the young friendless girl, ministering to bodies and souls with equal devotion, and equal forgetfulness of self as she works. She faces life in the raw, as every nurse must, particularly among the poor and ignorant of a great city. Yet she never loses her faith in humanity nor her longing to help the down-and-out. Two men love her—but we instinctively choose one and rejoice when her choice is ours. He, too, helps us to keep our faith in the rightness of life.

Faith Baldwin has seen much of life in her 35 years—has done a little of everything from driving 1400 miles in an open Ford to writing a book of verse. Since she was seven, she has made her home in Brooklyn, but her winters are spent in Florida. She did Y. M. C. A. work during the war in Europe. Was married in 1920, and has four children. She wrote her first book during the war, and published it in 1921.

Midway  
(By Mrs. P. H. Longan)

Last Wednesday morning the community was saddened by the death of little Oleta Ann Lamberson. Her death was made more bearable by the hopes for the recovery of her twin sister, little Clela Joan, but on Friday night the death angel again visited the home and took her away. The funerals were conducted at the First Baptist Church at Clarendon by Rev. King, who did much to lighten the sorrow of the bereaved loved ones. Left to mourn their passing are the parents, Mr. and Mrs. J. T. Lamberson, and grandparents, Mr. and Mrs. S. T. Lamberson, Mr. and Mrs. Williams of Bowie; and great-grandmother, Mrs. Grimsley of Hedley; and a host of other relatives.

Leaves have their time to fall, and flowers to wither at the north wind's breath, and stars to set—but all, thou has all seasons for thine own, O Death!

There was a fine crowd out for church and Sunday School, and we hope the attendance will continue to increase. Bro. Allen of Lelia Lake filled his regular appointment with a sermon enjoyed by all.

Miss Pauline Riley spent Saturday night with Miss Irma Faye Moreland.

Star Sachse Receives Electric Shock

Star Sachse came near being painfully injured Monday when he came in contact with a 110 volt electrical circuit, while working in the Clarendon Hatchery. Star was doing some work in a small space between one of the large incubators and a partition of the building, when with one hand on a steel water drain pipe he attempted to change the position of a suspended light globe. When he touched the socket his body made the connection with the water pipe.

His screams attracted the attention of Frank White who immediately pulled the master switch, releasing Star from the electrical contact which was holding him in a death like grip. Sachse was unconscious for a few seconds, but soon regained, composure being none the worse for the shock, except a little weak and white under the gills.

postponed last Friday night, but we will have it Saturday night, the 20th, and all are cordially invited to his chicken barbecue. "You bring the chickens."

## A LITTLE BIT OF EVERYTHING

By B. Powell.

Oh, for the life of a foreign newspaper reporter! In Europe, a newspaper reporter is liable to find himself without a bed. This fact is noted when we read a press story printed in the Monday Dailies. In Belgrade, Jugo Slavia, foreign newspaper reporters and cameramen were expelled from hotels to make room for visiting dignitaries, princes and potentates...and other members of the upper '400'...However, the populace were asked to accommodate the news and cameramen, so they would not be forced to sleep in cafes, streets, parks or railway stations...We resent that...why not let the dignitaries sleep in parks for a change. And we also note in the press that "Berlin hears reports of plan to murder Hitler." Seems the custom for heads of countries to be 'bumped off' each sixteen years so we can be brought into a world's war... We are glad we live in what is supposed to be a civilized country, where we are free to express our sentiments once in awhile. We also have free press, very unlike Germany and Italy. In those countries newspaper articles concerning the government are read and passed on by government officials before being printed, so as to weed out objectionable articles...The greatest thing in the world, we think, is to be a citizen of these United States.

Well, we had a light shower Friday night, but in some vicinities it is reported we could very well accommodate a heavy rain. The heavens fooled us Friday night. So, maybe we will get a much needed rain later on in the week. Hope so, anyway.

The efficient manager of the West Texas Utilities Co., Charles M. Lowry has offered to the football boys an expensive transformer, mounted, when and if a lighted football field is obtained. That is one step towards the boy's goal, and it is a savings of several hundred dollars. Now, maybe other means of securing the necessary finances will be found.

Speaking of football, we state that if the Broncs had played Miami on the 13th, the smore might have been reversed, and the locals the winner, 13-0, instead of Miami. Looks like the Warriors from the land of the redskins scalped the Broncs. Our final word is, we hope the boys do better next time.

Hedley comes here Friday the 19th, to play, so let's retaliate by scalping the Hedley squad. Boys, make up your mind to do it, THEN do it. More later.

## PANHANDLE FARM NOTES

PANHANDLE—In spite of the drouth, 18 varieties of vegetables are being grown in the garden of Mrs. Tom Epting of Carson county. Three years ago Mrs. Epting installed subirrigation lath in her garden of 30 by 60 feet at a cost of \$2.40 and is still finding its use beneficial. On July 22 she planted 10 rows of pinto beans which came up on July 28, and on September 11 she exhibited some of the fresh beans at the Carson county home demonstration exhibit. At that time she said she had a bountiful supply for canning and for fresh use.

CANYON—A one-way plow was used as a harvester on the ranch of J. J. Currie of Randall county by adjusting it so as to cut about one inch deep, according to W. H. Upchurch, farm demonstration agent. The plow was used on a field of sorghum which was seeded with a wheat drill for hay but grew only a few inches in height. The stalks were so short that an ordinary rake would not pick them up. The stalks, root and all, when cut by the one way plow were heavy delivery rake. The net result was the saving of 25 or 30 tons of good sorghum hay.

Demonstrations before at least two hundred thousand motor-minded men have proved that "Any oil would be better oil if Germ Processed!" But there is *only one oil* made by the patented Germ Process—*New and Improved Conoco Germ Processed Motor Oil!* Use this oil of proved strength in your car! It saves you money by giving greater motor protection and lower oil consumption. It gives you the comfortable feeling that you know your car is protected by the safest, finest motor oil made!

### Very Personel

Going, going, gone. Most of the  
Clarendon High School students  
have gone some place over the  
week-end.

Norris Dewey visited the State  
Fair at Dallas this past week-  
end.

Virginia Cluck, Tillie and Ger-  
aldine Pratt, Helen Louise Green,  
Evelyn Stoddard, and Athlyn  
Drennan were shoppers in Ama-  
rillo Saturday.

Eloise Hill and Billy Weather-  
ly visited in Lelia Lake one day  
last week.

Billy Johnson went to Memphis  
last week-end.

Buddy Knoepf left Sunday for  
his home in California after visit-  
ing last week.

La Verne McMartry gave a big  
dance last Friday, and there  
was the best music! Clarendon  
certainly ought to feel proud of  
itself for being the home of such  
a new little orchestra. Nicky,  
Hubert, and Louise surely can  
make a person's feet tingle.

While snooping around, I  
heard:

That a certain young man  
from Clarendon who is a fre-  
quent Memphis visitor has been  
getting the beauty queen there a  
rush.

That Mary Lynn Teer certainly  
become those bangs.

That Bill Johnson and Hulda  
Cautchen are like that now, and  
it all broke up because of a  
tall, dark girl.

That Harold McDaniel can be  
found at a certain young lady's  
house any hour from four to  
ten. He does not pay board,  
either.

### Alpha Delta Psi

On October 9 the Alpha Del-  
ta Psians convened in their new,  
roomy meeting hall for a session  
chiefly composed of informal  
business.

President Estlack called the  
meeting to order with the group  
singing "Hall, Alpha Delta." With  
his usual display of oratory,  
Robert Nichols gave an interest-  
ing summary of John Ruskin's  
essays. Frances Fowler and  
Dorothy Phelps, attractive sopra-  
no and contralto high school  
singers, entertained the audience  
with a w. I rendered duet. Louise  
Smith, talented pianist, was the  
accompanist.

A committee of Delphia Bones,  
Ruby Dell Scoggins, and Wylie  
Buchanan reported that "Inspira-  
tion come fro mAction" had been  
chosen as the official motto of  
the Society. The customary sweet  
pea and pink and blue, selected  
by the club years ago, have  
been retained as the Society  
flower and colors.

To represent Alpha Delta Psi  
in the carnival game contest,  
Wanda Mayfield was chosen.

### Palo Duro

Members of the Palo Duro  
Society met Tuesday, October 9,  
to complete initiation of the  
new members. The president called  
the house to order and then  
the fun began.

Such important personages as  
Jimmie Durante, Shirley Temple,  
George Gershin, Carole Lom-  
bard, Ed Wynn, Mae West, Kath-  
erine Hepburn, Gary Cooper,  
Pocahontas, and Amelia Earhart  
were present at the meeting. One  
minute talks, verses, and stunts  
were then given by persons  
whom, it must be confessed, knew  
little about what they were say-  
ing and doing.

Followed mystery. Led into a  
room blindfolded, each pledge  
was asked in turn to kiss the  
Palo Duro Constitution; however,  
a plate of syrup managed in  
some way to reach his lips and  
face before he was able to carry  
out this request. That it is not  
always easy to walk a line even  
when sober was proved by hav-  
ing the new members walk one,

### Socrates of Sports

This expression, "the world's  
worst," commonly designated to  
mean the gentleman who broad-  
casts athletic affairs via the  
Amarillo radio stations, is the  
most truthful and exact phrase  
ever written. This conclusion was  
derived after listening to a  
weird play by play description  
of the Amarillo and Fort Worth  
football game last Saturday. In  
this supposed description of the  
game, such expressions as "lowed  
as how," "roped for no gain,"  
and "booted that ball over the  
right side of the line for twelve  
miles," were used; such ramblings  
should be banned at least for  
the sake of the suffering radio  
fans. This guy's narration of  
the world's series was even  
worse; ever pop foul was a  
home run into the bleachers un-  
til it finally fell foul according  
to our ear-twisting friend. After  
conclusively forming the above  
opinions, the only thing that is  
worrying the S. S. is whether  
or not Calvin fell off the bed  
when a baby or whether these  
spells are caused from spills on  
the head administered by Jack  
Reynolds, the wrestling cham-  
pion.

Contrary to the S. S.'s bet  
the Bronchos did not have the  
drive and power of the Miami  
Warriors and as a result suffer-  
ing a 13-0 defeat. In fact the  
Bronchos did well to keep the  
score that low, the entire game  
being played in their territory.  
The main trouble seemed to lie  
in the generosity of the Bron-  
cos in always insisting that the  
Miamians keep the ball to play  
with. What did the Bronchos  
want the ball for anyway; they  
had been playing with one of  
their opponents for just one day.  
The local boys did show a lot of  
fight and determination although  
it didn't seem to bother the  
Warriors; the work of Greene  
and Holtzclaw was most nota-  
ble for the Bronchos.

A few of the things noticed  
by Socrates at the game last  
Friday were; the quietness and  
sighs of—shall we say disap-  
pointment that were characteris-  
tic of the Clarendon sideline.  
Then too, there were the pep  
squad's apparent yells of appro-  
val of some particular play when  
most all of them decidedly in  
favor of Miami; nevertheless, the  
little girls' stunt at the half was  
quiet clever. Kennedy Davis'  
presence at the game was most  
encouraging and the S. S. is  
certain that everyone was very  
very glad to see him. The tricky  
running of the Warriors quarter-  
back was the highlight of the  
game. Among the many specta-  
tors was Miss Ineva Headrick,  
English instructor of the local  
College; this was the first time  
the S. S. noted her appearance  
at the games this year, and is  
sorry that the local boys did not  
make it a more colorful game. I  
think Wee Willie was there too.

This Wee Willie complains of  
somebody hounding in on his  
game and he then ups and tries  
to run Socrates off the lot by  
publishing a lot of hokey about  
some wrestling matches. I ask  
you is that hounding in or is he  
ain't, the S. S. will challenge  
him to a battle of fisticuffs, that  
is if he is still interested in  
athletics. If he is yet a'fearing  
of his identity he might enter as  
the masked marvel or something  
else romantic like Wee Willie.  
Of course all ye fans be there,  
cause the mask might fall off.  
The S. S. will say this much for  
Wee Willie and that is that he  
has everybody didzier than the  
Dean boys had Detroit as to his  
identity.

If you believe in comparative  
dope you might look at the way  
Memphis beat Claude 73-0 and  
too how Claude beat Price Mem-  
orial by about a thirty point mar-  
gin. Doesn't that make Memphis  
about 100 points ahead of the  
Broncos as the Broncos defeated  
Price Memorial only 6-0. Then  
too, McLean swamped Miami  
some 20 or 30 points, but thanks  
goodness the S. S. doesn't be-  
lieve in the dope bucket.

watching it through diminutive  
opera glasses.

Because of the fact that there  
were more freakishly attired  
pledges present than old mem-  
bers, a move to parade on Main  
Street was almost unanimously  
"booted."

The next meeting was set for  
October 16, to be held in the  
new room at the dormitory.

### Wee Willie Wonders

Since Wee Willie is in the  
Free City (Amarillo) waiting for  
the Sandies and the Ft. Worth  
Panthers to tangle, your fran,  
Mysterious Mike, will do as he  
pleases—for once. The first thing  
to be done is to remind all Alpha  
Deltas to vote for Miss Mayfield  
for Carnival Queen. And to the  
College as a whole don't vote for  
a high school girl for Queen.  
Mike believe that the college  
studies should stick together and  
elect a college girl as Queen.  
Anyway cast votes for your fa-  
vorite and blessings.

Wee Willie will probably hang  
Mike high as it seems that he  
is boosting that pretty high  
school senior, Miss Viola Baker.  
But anything is fair in love,  
war, and carnival elections. Any-  
way Wee Willie lost a coke to  
yours truly on the Miami game  
and revenge will be sweet to  
him.

The Hedley Owls are on the  
wing again so a scout reports.  
It is rumored that they are going  
to try to finish up what the  
Warriors started. Ye Scribe fears  
that the Owls will have a few  
tail feathers missing after the  
encounter this Friday. The scout  
reports that they use what is  
known as the Wichita Shift. A  
Coach at the Wichita Falls I. A.  
discovered it during a spell, and  
he sez anything from a touch-  
down to a safety can come from  
it. It is supposed to drive the  
opposition "Nertz" trying to find  
the ball or ball carrier. Any-  
way, the dope is Clarendon,  
"Plenty"—Owls, "Nawthin".

You Seniors should be ashamed  
to let your very first social  
"Fizzle" ou tlike you did. Not  
reflecting on anyone but it seems  
that there must be some friction  
in the Senior ranks among the  
numerous and sundry clans and  
groups. Everything was set,  
when "Poof" the whole weeks  
fell thru with a squishy sound.  
If that is an exhibition of how  
the Seniors are going to work  
this year, the Sophs have you  
beat, even that they haven't  
awakened to their superiority  
yet. Next time you Seniors start  
something, put it over, don't  
divide up and quit, for a divided  
class is Kaput. If you are one  
of the minority in a vote, Don't  
quit—grin and help the majority  
put it over.

As a substitute for Wee Willie,  
perhaps I'm not so bad, but  
there are fears in my heart that  
Wee will resent my boosting  
Wanda when he has been huffing  
and puffing for Viola. Anyway,  
folks cast your votes for your  
candidate and let Mike do the  
worrying.

### SOUTH WARD AND JUNIOR HIGH NEWS

The first grades are reviving  
the phonics they have had and  
are making phonics booklets.  
Both rooms are proud to report  
a new pupil each. As Hallowe'en  
is soon forthcoming, a display  
of Jack-o-lanterns was seen leering  
steadily at us. Miss Marilyn  
Maher of the second grade has  
established a record by not  
missing a word all this past six  
weeks. Miss Steven's room has  
completed the study of Colum-  
bus' ships and posters with the  
three vessels on a billowy ocean  
were seen decorating the room.  
The third grade has finished  
flower posters and is starting  
calendars. Friday the fourth and  
fifth grades had a Fire Preven-  
tion program. Miss Hogan's  
room had a lovely Inaian exhibit  
last Thursday which all the  
rooms came to see.

A program given by Miss  
Castle and Mrs. Garland was  
enjoyed extremely Monday morn-  
ing by the Junior High students.  
All are in great suspense wait-  
ing for report cards. (Some may  
wish they had been kept in sus-  
pense longer when they are re-  
ceived.)

The eighth grade pupils in  
Mrs. Goodner's English class will  
have an exhibit of their work on  
Stevenson's novel, Treasure Is-  
land, on Thursday and Friday,  
October the twenty-fifth and  
twenty-sixth at the Pastime  
Theatre. Mrs. Goodner and her  
pupils wish to invite all who  
are interested in the school chil-  
dren to inspect the work. Mrs.  
Goodner and her pupils wish to  
thank Mr. McHenry Lutz and  
Mr. Mulkey for their interest and  
help in putting on this  
exhibit.

### Haskell Visitors Speak At Chapel

"Carry Me Back To Old Vir-  
ginia" resounded throughout the  
old C. H. S. as the students and  
teachers gathered in a general  
assembly Thursday immediately  
after noon. Reverend J. Perry  
King of the local Baptist Church  
introduced the speakers for the  
day; Miss Doris Cassle and Mrs.  
F. L. Garland from Haskell, who  
in turn, captured the attention  
of their audience with their  
short readings and talks. Miss  
Cassle gave a humorous reading  
concerning leap year which re-  
ceived such tremendous applause  
that she returned to the stage  
for a brief additional number.  
Following Miss Cassle's recita-  
tions, Mrs. Garland delivered a  
very impressive talk on "A  
Quest for the Best," which was  
listened to by the entire stu-  
dent body with the most pro-  
found interest and enthusiasm.  
We desire to express our most  
sincere appreciation to these  
ladies for their pleasant services  
and extend a hearty invitation  
for them to return.

### PEP SQUAD ACTIVITIES

Many pep squad meetings have  
been held in the past week both  
in room 11 and at the field for  
business meetings and practice  
respectively.

In meetings held for decision  
each day it has been the same  
thing; the sweaters have not yet  
arrived. At these meetings it was  
also announced that the girls  
must sell tickets to the game in  
order to get in free. They are  
glad to report the sale of twenty-  
dollars' worth of tickets to the  
Clarendon-Miami game.

The first stunt of the season  
was performed Friday. Though  
the girls did not yet have their  
sweaters, each wore a white  
shirt and the effect was quite  
striking. Starting in single file

Six week's exams are over and  
are the Sophs glad! Most of the

BE CAREFUL

- IF any laxative is dipetic (makes you thirsty). IF it affects your appetite. IF you need more today than the first time you took it. IF it drains the system (by too watery a movement). IF a bad "burning" is felt. IF there is severe griping.

If you have children who are occasionally constipated, you should know this. If you are "not yourself" because of a constipated condition, don't blame it on your blood condition, or your age, but first try this treatment that safely relieves sluggishness in children or adults. The Proper Treatment You can't safely relieve the bowels with any medicine if you can't regulate the dose. To regulate dosage, you should have a liquid laxative. When necessary to repeat, you can gradually reduce the dose. And that is the secret of safe relief from a sluggish, constipated condition at any age. A liquid laxative can be measured. Its action can be thus controlled. If properly made, of such natural laxative elements as senna and cascara, it forms no habit - even in the youngest child. And such a laxative will help the bowels to help themselves. Dr. Caldwell's Syrup Pepsin is an approved liquid laxative containing

herbs, active senna, and cascara, and is the one widely used. You can always obtain it at any drug store. Why not make the "liquid test" which has attracted so much attention of late? It helps nearly everyone who tries it. It may make you feel better overnight. The children will like it, too; Syrup Pepsin has a delightful taste. If you will risk sixty cents to discover the safe, pleasant action of Dr. Caldwell's Syrup Pepsin, we believe bowel worries will be over for your household.

OIL BOOTLEGGERS on the RUN!

Sinclair dealers here drive out oil bootleggers with New TAMPER-PROOF can

Do you want some other motorist's crankcase drainings poured into your engine when you've ordered a reputable brand of motor oil? Are you satisfied with an inferior oil when you've paid good money for a quality product?

Some authorities estimate that as much as 25% of all motor oil sold today is "bootleg" - cheap, shoddy stuff masquerading as some famous brand. Many devices have been invented to defeat it - but none so bootleg-proof as that now adopted by Sinclair

dealers here - the new Sinclair Tamper-Proof Motor Oil can. These cans are refinery-sealed either with Sinclair Opaline Motor Oil, "mellowed 80 million years", or Sinclair Pennsylvania Motor Oil, "mellowed a hundred million years". In serving you, the Sinclair dealer opens them before your eyes - smashing the empty can beyond all repair. You can't help getting the Sinclair Motor Oil you asked for - as pure and free from contamination as when it was refined.

Ask for Sinclair Opaline and Sinclair Pennsylvania Motor Oils in the Tamper-Proof cans. This service costs you nothing extra.

CONCRETE HIGHWAYS PAY FOR THEMSELVES

Three reasons why concrete is the most economical pavement:

- 1. Long life and low upkeep - funds which would otherwise be spent for repairs may be used to complete our highway system. 2. Scientific investigation has proved that it costs motorists up to 2 cents per mile less to drive on concrete than on inferior surfaces. The saving is in gas, oil, tires and car repairs. 3. Concrete builds business, promotes travel. A town on concrete is moved closer to all markets.

And in addition to these money-reasons concrete pavements give motorists relaxation, comfort and SAFETY!

**At The First Baptist Church**

There is always Worship— Fellowship—Service

Maybe you have noticed it, too: The happiest people in our community seem to be those who are the busiest about the Master's business. Another thing to be observed is that the church going habit helps the habit of serious thought. Why not indulge intellectual self respect and go to church next Lord's day? Maybe that you are not as smart as you think you are. Even if you are, you get something at church that can't be found anywhere else in all the world.

Your church is a religious home, a sanctuary of worship, a school of religious instruction, a service unit for the new world that is building. Your church opens wide her doors in welcome to all who need rest, to all who need comfort, to all who need friendship, to all who sin and need a Savior, and, to whosoever will come. Don't neglect the best friend the community has. For your children's sake go to church.

At the Baptist Church next Sunday, our goal for Sunday School is 360. We went beyond our goal for the Training Service last Sunday with an attendance of 158. We ought to reach 160 next Sunday.

The church where your welcome holds out.

**CLARENDON LOST TO MIAMI TEAM**

**FAST WARRIORS FROM MIAMI SCALP BRONCOS WITH 13-0 SCORE.**

Fighting with all the fury of their warlike forefathers, an enraged band of gridiron warriors from Miami High school swooped down on the local corral and stampeded a lethargic and peaceful herd of Maroon and White Bronchos into a 13-0 defeat Friday afternoon.

Featuring a pair of the most elusive and capable ball carriers seen on the local grid this season, in Morrison and Bennett, flashy quarter and ramming full-back, Miami took Clarendon's punt after receiving the kickoff and passed and plunged their way to the first touchdown.

A beautifully executed reverse forward pass from Bennett to Morrison was good for 15 yards and an initial counter. The same combination clicked perfectly for the additional point.

Drive after drive from midfield by the Miami eleven was stopped by the desperate Broncho defense, within the 10-yard line through the quarter. Clarendon's only offensive gesture was a 15-yard end run by Greene, deep in his own territory. The first period ended as Clarendon punted from its 5-yard line out of the 46-yard stripe.

Miami launched another goal-ward drive, registering three first downs in succession but an incomplete aerial across the end zone on fourth down gave the homelings the ball on the 20-yard line. Greene and Barrow picked up a first down on the 32-yard line, only to lose the possession of the sphere on Greene's fumble.

Miami's drive to pay-dirt again bogged down on another incomplete pass into the end zone on fourth down. Green again brought hopes to the local cause when he skirted right end, eluding several would-be tacklers, before he was hauled down on the Clarendon 40-yard line. A pass, Greene to Barrow, gave the Maroon and White another first down on the Miami 40-yard line, as the gun barked, ending the first half.

The second half was a see-saw affair, with the visiting chieftains holding the advantage and also the ball throughout most of the period. The crushing Miami offensive was stopped a number of times in the later stages of the third and the beginning of the fourth periods, but the warriors were not to be denied, as the Clarendon linesmen and secondary tackling became worse and worse, and Bennett plunged through a gaping hole for the second counter. Clarendon made a futile gesture in the closing minutes of play but additional misplays and an alert Redskin secondary snuffed out any possibility for a Broncho score, just before the final gun.

**FORMER COLLEGE STUDENT HEADS CELEBRATION COMMITTEE; CANYON**

Canyon, Oct. 14.—When Dr. J. A. Hill, president of the West Texas State Teachers College began to think of the celebration of the Silver Anniversary of his college, his first thought was the choice of someone to head the general arrangements committee. For this position L. F. Sheffy was selected, from among the sixty-odd members of the college staff.

Sheffy has been with the college since it attained senior rank in 1917, but he was a part of Northwest Texas long before that. Living near Plainview, his feet dangled from the seat of a freight wagon, and his small boy hands held the reins in the days when Canyon was the nearest railroad point to his home, and a college there was not yet thought of.

He attended old Clarendon College, working his way. Next he found his way to Southwestern University, then a long way from the Texas Panhandle. After teaching awhile he went to the University of Texas, where his interest in history led him to an M. A. Degree, and a position on the Canyon faculty when J. A. Hill relinquished his position as head of the history department to become president.

Mr. Antrobus also will visit relatives in Falmouth, Ky., before returning to Clarendon.

**"How To Become A Christian"**

We have learned that God's soul saving institution on earth is the Church, and that a member of the church is a Christian. Today we wish to show how one may become a Christian.

A Christian according to the New Testament, is one who having heard the gospel, believes in Christ, repents and is baptized into His name, rising to walk in newness of life. He is then a member of the body of Christ, the Church.

To become a Christian, one must first hear the gospel, and this is presented in the Bible. We dare not take what any one else has to offer in place of the gospel. Faith is produced by hearing, "Faith cometh by hearing and hearing by the word of God." (Rom. 10:17) One must have faith, "Without faith it is impossible to please God," (Heb. 11:6). Jesus said, "Ye believe in God believe also in me." (John 14:1). Faith in Christ is commanded by God, (I. John 3:23). A living faith is the only one that will be accepted, (James 2:17-26). Faith leads to repentance and repentance is one of the requirements of the gospel. (Acts 2:38; Acts 17:30-31). God's goodness leads men to repentance, (Rom. 2:4). Confession of Christ is the next step one must make in becoming a Christian. Christ said it was necessary (Matt. 10:32-33). Paul said it would be universal, (Phil. 2:9-11). The Apostles working under the leadership of the Holy Spirit demonstrated it, (Acts 8:37; Rom. 10:10). Baptism into Christ and into his body was the next step demanded by the Apostles and taught in the Scriptures. This step has caused more controversies than any other step in the whole plan of redemption, as people have tried to substitute and change this step to suit their own ideas and opinions, instead of following the God given plan. Baptism was authorized by Christ, (Matt. 28:19), practiced by the Apostles, (Acts 2:38-41), and accepted by believers, (Acts 10:44-48).

By obedience to these New Testament Commands, we are saved from our past sins, become Christians and members of Christ's Church. And as such we should remain faithful and loyal to Christ and His program until death. There is no other way outlined in the Bible but this and we should accept no other.

In our next lesson we will make a detailed study of "Faith."

W. E. Ferrell, Minister First Christian Church, Clarendon.
