LIONS RELATE EXPERIENCES

CLUB ANNOUNCES MAGICIAN PROGRAM HERE FOR CRIPPLED CHILDREN.

Appearance on the program at the Lions Club luncheon Tuesday noon at the Antro Hotel was altogether a matter of chance, for Program Chairman Drennan passed the hat and each member drew a numbered slip, some blanks, and others with an assigned subject for an extemporaneous talk limited to so many minutes. Personal experiences had to be related. Lion Burton told of the "greatest kindness" ever shown him; Lion Ferrell told of an embarrassing episode; Lion Clifford mentioned a "thrill" in his life; Lion Braswell told of the "most beautiful sight" he ever witnessed; Lion Patrick gave a humorous sketch of how it happened he once found himself wearing a wash-board for a collar.

President Patman announced a Crippled Children's benefit program sponsored by the club. Birch, the great Magician, has been booked for a children's matinee, and a night program here on Nov. 22nd, and the Lions are making preparations to fill the College Auditorium on both occasions in an effort to raise additional funds for this worthwhile work they are doing.

Judge A. T. Cole was introduced as guest for the day, and responded briefly.

R. C. Land was proposed for membership in the club by the membership committee and was unanimously elected.

Lions Andis, Bartlett and Boykin were named as a committee to have charge of the program for next week.

Presbyterian S. S. Elect Teachers For New Year

In the annual election of Sunday School officers and teachers of the Presbyterian Church, there were no changes in the teaching staff.

Roy Clayton will continue as Sunday School superintendent until the place is filled, since the superintendent-elect declined the office.

M. W. Cook was elected assistant superintendent.

Other officers are: treasurer, Roy Clayton; financial secretary, Frank Hardin; benevolent treasurer, Frank Hardin. A Sunday school secretary is yet to be elected.

The teachers are as follows: adult men's class, R. S. McKee; adult ladies, Mrs. F. E. Chamberlain; young people, Mrs. Sloan Baker; senior boys, Sloan Baker; senior girls, Miss Edgar Mae Mongole; intermediate, Mrs. G. L. Green; juniors, Miss Virginia Wisdom and Mrs. Homer Taylor; beginners, Mrs. R. S. McKee, and Mrs. J. L. Kerby will have charge of the young people's intermediate society.

Sunday at the morning preaching service, J. H. Howze and M. W. Cook were ordained and installed as Elders, and Heckle Stark, Neal Bogard and Homer Taylor were ordained and installed as Deacons.

Highway Grading Is Now Finished

According to Mr. A. H. Baker, of the Federal NRS office, the grade and drainage work on highway 66 near Jericho, will be finished this week.

This work has progressed rapidly, with crews of men furnished by Gray and Donley counties, alternately.

Numbers of families have received subsistence through the facilities of the payrolls on this job. It has meant a big help to the unemployed in this county, as well as the unemployed from Gray county.

Mrs. L. L. Wallace and daughter Miss Doris Jean of Amarillo are visiting in the home of her sister, Miss Lou Naylor.

CLARENDON TIES CHILLICOTHE 6-6

BRONCS TIED GAME IN THIRD QUARTER WITH FIVE MINUTES TO PLAY.

The Clarendon Broncos journeyed to Chillicothe last Friday where they invaded the Chillicothe Eagles, and held them to a 6-6 tie after a hard fought battle.

The starting lineup is as follows: Chillicothe, O. Calhoun, center; G. Davis, end; H. Dickinson, half-back; B. Emerson, full-back; K. Harkins, tackle; Gil Holmes, half-back; C. Keys, guard; G. Mordecai, guard; J. Wiginton, end; O. B. Worley, tackle and John Simmons, quarterback.

For Clarendon: Word, back; Greene, quarterback; F. Holtzclaw, back; Martin, end; Powell, end; Easterling, tackle; Boston, center; Sibley, tackle; Strawn, guard; Butler, guard; and Barrow, guard.

Clarendon won the kickoff, which Greene placed low. It was covered on Chillicothe's 40 yd. line. Holmes made 5 yds. on an end run. Holmes was thrown for a no gain by Martin. Sibley blocked one of Simmon's passes. Holmes then punted to the Bronco's 18 yd. line. Greene made 6 yds. in a center rush. After both sides getting off side, Greene punted to the Chillicothe 40 yd. line. The Eagles made a few quick rushes down the field but in a fumble Martin recovered for the Broncos. Greene again punted and the Eagles returned the ball by stages to Clarendon's 2 yd. line, but failed to take the ball over. Again the Eagles received a punt from the Bronco, and this time they worked the ball forward for a touchdown. Dickinson failed to kick goal.

In the third quarter with five minutes to play Greene carried the Bronco's tally over after a long sweeping end run. Greene failed to kick his extra point.

Both sides were penalized several times for off side and taking to much time on signals. The Bronco aerial work was in some instances very poor, but are to be congratulated on a very great improvement made over that shown in the Price Memorial College game.

NORTH FORT WORTH HIGH TO WORKOUT HERE FOR PAMPA GAME

Clarendon is to be honored Thursday with an overnight visit of the football squad of the North Ft. Worth High School. The team will workout here Thursday afternoon, for their game with Pampa High Friday, and will spend Thursday night here, before proceeding to Pampa.

Roy Stargel was an Amarillo visitor Thursday night.

NEW EQUIPMENT SPEEDS CANNERY

3245 CANS VEGETABLES AND BEEF MAXIMUM RECORD FOR LOCAL CANNERY.

Processing in the Donley County Cannery has reached a maximum output of 3245 cans per week. This progress is being made possible by the installation of a new cooker, a new retort and a new stove purchased by the county. Installation has also been made of a number of private owned pressure cookers which have aided in canning vegetables that could not have been handled otherwise.

7133 cans of fruit, vegetables, and meat have been processed with a loss of only 14 cans which was not caused by any fault in the processing. This is an unusually low percentage considering the fact that the major portion of the employees are inexperienced in this particular line of work and that a double crew has been running for the past two weeks.

Capacity assignments for beef canning have been made for three weeks in advance and only a limited amount of vegetables can be taken care of during that time. Donley County beef producers are required to bring their producers' agreements to the cannery when placing beef on storage.

Patrons are highly pleased with the finished products and Donley County should be considered exceedingly fortunate in having the cannery in operation at this time.

More Checks Re- ceived By County Agent Broun

Last Saturday morning, the county agents' office was in receipt of a consignment of checks covering contracts made in the Corn-Hog program, and are now being distributed.

There were 256 checks, and totalled \$12,493.50, according to T. R. Broun, county agent.

Today the office received 31 checks representing payments in the Cotton program, and amounting to \$1,196.68.

This makes a total of 287 checks to be received since Saturday, and representing payments to Donley County of \$13,690.18.

Court Members Go To Memphis

Judge S. W. Lowe, Commissioners Sid E. Harris and J. Les Hawkins, of the Donley County Commissioners Court went to Memphis Monday afternoon for a meeting with the Commissioners Court of Hall County on the proposed new road from Turkey North to Clarendon joining the Brice road at the county line.

A delegation from Turkey was present, as was Sam M. Braswell and Homer Mulkey members of the highway committee of the Clarendon Chamber of Commerce.

After discussion of the need for the road and the many difficulties in the way of securing it, the county judges agreed to bring the matter up for discussion and action at the next regular meetings of the two county commissioners courts.

Finances appear to be the principal obstacle at the present time in getting a preliminary survey made which is necessary before the highway department will consider any designation of the road.

COMPLETED ROAD SYSTEM IS URGED

CONCERTED DRIVE FOR SQUARE DEAL TO BE MADE FOR HIGHWAYS.

"Now is the opportune time to get some effective action on a highway problem which has vexed the Panhandle territory for years," was the general thought at a meeting held in Plainview last Saturday, of county judges and commissioners, mayors, chamber of commerce officials, state senators and representatives, newspaper publishers and others interested in a concerted drive to get "a square deal for this section in the matter of roads."

Another meeting has been called for this coming Friday afternoon, and Donley county will be represented by Judge S. W. Lowe; G. L. Boykin, secretary of the Clarendon chamber of commerce, and members of the highway committee of that organization.

The territory embraced in the call for the meeting is the 43 Panhandle-Plains counties south to include Lubbock and east to Vernon.

The meeting will be held at

BOY SHOT AT PLAY BY CHUM

MARVIN MITCHELL SHOT AC- CIDENTLY, WEDNESDAY, WILL RECOVER.

Marvin Mitchell, 15 year old son of Mrs. Irene Mitchell, was accidentally shot Wednesday afternoon about 4 o'clock, by a .22 calibre pistol in the hands of his chum, Maurice Lane, 14, son of Mr. and Mrs. A. G. Lane, who thought the pistol was a toy.

The boys had gone to the Mitchell home immediately after school Wednesday afternoon, and were in a bedroom playing. Marvin had a small .22 pistol and handed it to Maurice, who took it, thinking it a toy. Before thoroughly examining it he pointed it toward the lower part of Marvin's body, pulling the trigger just as Marvin had looked away from his chum.

Mrs. Mitchell, hearing the shot, immediately investigated. Marvin, told her he was shot, and he then ran to the office of Dr. C. G. Stricklin, who took the boy in his car to the Adair Hospital where he was given an emergency examination.

The bullet was at first believed to have gone through the bladder, which would have been very serious, but after an examination and probing for the bullet, it was discovered to have glanced from the pubic bone, downward into the leg, according to Dr. M. L. Stricklin.

According to latest reports Thursday morning the boy is resting very well, and is considered well out of danger, of what could have been a very serious accident.

1934 Taxes Due Now. J. R. Porter Gets Receipt No. 1

County Tax Collector Mosley has informed The News, that taxes for 1934 on the split payment plan will now be received by him.

One-half of the tax is payable during the months of October and November, and the other half must be paid by June of 1935.

Judge J. R. Porter received the honor of being the first person to pay taxes at this period. He was issued receipt No. 1.

2 o'clock at the Plainview city auditorium.

Desks For Relief And Co-Agent Of- fices Built Here

Recently County Agent Broun had two desks, without completed fronts, made for his office. Roy Brinson and Starr Sachse furnished the labor free on the desks and Mr. Broun furnished the material.

Clifford Davis, the County Relief Administrator, saw these desks, and having need for more desks in his department had the relief commission furnish \$11.15 in material and the same parties donated their labor and made two desks with drawers and completed fronts.

Now, Broun saw what a nice job was done on the desks for Davis, decided to have his desks completed into a finished job.

These desks were well built, and look real nice, in so far as the workmen did not have a general set of tools to work with.

Lorraine Patrick has finished from the Dramatic School at Fairfield, Iowa and has received her first appointment. She is to direct the comedy "Crazy Politics" at Ishpeming, Michigan on the northern part of Lake Superior.

EXTENSION WORK PLANNED HERE

COMMITTEE SEEKING COURSE IN CURRICULUM STUDY.

A conference of superintendents, principals and teachers of the county was held last Saturday morning at the office of the county superintendent and plans were discussed relative to instituting an extension class in Clarendon, for persons wishing to take advantage of this course.

Dr. J. A. Hill, president of W. T. S. T. C., at Canyon, before the meeting had offered to place an instructor here for just the actual cost to the college if the other colleges and universities of the state would agree to the same arrangement.

A committee composed of Frank White, Clarendon, Raymond Wilson, Lelia Lake and D. P. Smith of Midway was appointed to make an arrangement if possible with either the college at Canyon, or Tech.

Wednesday, the committee held a meeting for further consultation in the matter, with negotiations still in progress.

If the plans are perfected, a teacher will come here to give lectures, which will count as a three hour resident credit.

MAROONS WILL PLAY WHITES FRIDAY AFTERNOON. PUBLIC INVITED

The Maroon and White squad of Clarendon High will pair off Friday afternoon for a game to decide whether the Maroons or the Whites is the better team. The Bronco do not have a regular game scheduled for Friday, so will have a scrimmage of their own teams.

LION'S CLUB TO SPONSOR SHOW

BIRCH, MAGICIAN TO PER- FORM, BENEFIT CRIP- PLED CHILDREN.

The Clarendon Lion's Club will sponsor the appearance in Clarendon of Birch, a world famous magician, and his troupe, who will give performances at matinee and night, November 22, at the College Auditorium, for the benefit of the Lion's Crippled Children fund.

The matinee performance will be at 2:30, while the time for the night performance has not been determined. It will probably be about 7:30, according to J. T. Patman, President of the Lion's Club.

Birch, has had great attendances wherever he has played, and it is expected that Clarendon will turn out en masse for his show. He has many new tricks in store for his performance here. Also, some of his regulars will keep the audience mystified. One of the great wonders to be performed will be slicing a female member of his troupe into three pieces, in plain view of the audience.

Another trick will be performed with a large wooden box, to be built by some carpenter in Clarendon, and which will be placed on public exhibition before the trick is performed.

Among others there were 6000 out to see him in Portland, Oreg., 4000 at Hartford, Conn., 4000 at El Paso, 2000 at Bismark, S. D., and 5000 at Amarillo.

When he performed at his home town, McConnellsville, Ohio, there were 5000 out to see him, while the population of the town is less than half that number.

The Birmingham (Ala.) News said, "There are three great magicians in the country—Thurston, Blackston and Birch." The Sterling (Colo.) Advocate said in 1930, "2700 at Casper, Wyo., last year and 800 turned away, being unable to get seats." W. T. McKaude, of Dallas, a magician of note himself, said of the performance of Birch at Denton, "Birch filled the 2500 seats Texas Teachers College auditorium to capacity."

Donley County May Establish Cheese Factory

The Donley County Relief Office has in prospect the establishment of a Cheese Factory, providing the public is sufficiently interested to cooperate. This would be another medium through which the excess dairy products could be advantageously utilized. This factory would be operated on a basis of 60 percent to the producer and 40 percent to the factory. If there are any farmers interested in taking advantage of this opportunity to utilize surplus milk they are requested to contact the Administrator at the Relief Office.

NEW CATTLE ORDER FOR DONLEY COUNTY

County Agent T. R. Broun, Monday received a telegram stating that Donley County would be given a buying quota of 500 head, under the new order allotted to Texas, after the buying was temporarily stopped recently.

It was further stated that these 500 head must be bought by October 13th.

It is not known if Donley will be granted a further quota or not.

CAR RECOVERED BY SHERIFF STOLEN IN KANSAS RECENTLY

Late Monday Sheriff Guy Pierce picked up a car in the Northern part of the county, which had been reported stolen. The car, a new Plymouth Coach belonging to M. R. Arnold Jr., was stolen September 22 in Wichita, Kansas. It was found in good condition, after apparently having been abandoned.

Miss Mattie Rhoades of Goldston, spent the week-end with her sister, Mrs. Howard Stewart.

CLARENDON TO VIEW BURLINGTON "ZEPHYR" FOR ONE HOUR SATURDAY

Information has been received that the Burlington "Zephyr," streamliner train, traveling from California to the Gulf of Mexico, and return to the State Fair of Texas, will visit Clarendon for one hour Saturday afternoon.

The train will leave Amarillo Saturday at 1:15 arriving in Claude at 1:50 to stay one hour. It will arrive in Clarendon at 3:30 to stay one hour, then proceed to Memphis where it will arrive at 5:10.

The train will make a test speed run from Dallas to Houston, then will return to Dallas where it will be placed on exhibition at the State Fair October 12.

A fitting description of the train is as follows: the flashing outside of the train is unpainted; the inside sills and ornamental moulding likewise remain in their natural finish. The reclining chairs in the smoking room are done in fine leather in harmony with the soft tans of walls and ceiling. The ingenious electric buffet-grill is a masterpiece in compactness and efficiency. The

PANHANDLE ROAD GAPS MUST BE CLOSED

In the recent gubernatorial campaign, Hon. James V. Allred, promised the people of the Panhandle that if elected he would see that the gaps in the main highways would be paved. Since the August primaries when Allred was assured the governorship, Judge W. R. Ely, speaking before a representative group of Panhandle citizens at Amarillo, assured them that the gaps in the Panhandle highways would be closed by the Centennial of 1936.

Since that time there has been various attacks from various sources here in the Panhandle on the highway department coming from sources not altogether without suspicion of selfish motive, which in effect is a slap in the face of the governor-elect and smacks of impugning the motives and integrity of Judge Ely's statement, neither of which has the support of the citizenship in this section.

Let us go after the closing of our highway gaps. Let us work for the paving of all our main arteries of traffic, but let us be careful that we do not create the impression that we disbelieve the word of the man who is to be our governor, or of the man who has been the friend of the Panhandle, and may still be highway commissioner—or even chairman—under the new administration.

Personal criticism of those upon whom we must depend for justice and favors, isn't just the best American way to get what we deserve and need.

Panhandle highway gaps must be closed. Main roads in the Panhandle must be paved; but let us keep the approaches open at Austin, so we may obtain hearing for our just claims and the logic of our demands.

DUE CREDIT FOR MARVIN JONES

In some quarters in the Panhandle there has been displayed a disposition to criticize and belittle the fine work done for this district and the Nation by Hon. Marvin Jones, our congressman who has been of such great service in the present administration as chairman of the Committee of Agriculture of Congress.

It should be apparent to any close observer of National affairs that the Panhandle district has profited to a great extent by having its own congressman in this most important congressional post, especially when so much relief has come to this section through the various alphabetical agencies of the National Recovery Administration, directed by the department of agriculture.

Marvin Jones brought greatly needed relief to the Panhandle section only the past week when he secured consent for the buying of an additional 75,000 cattle in the area of West Texas, which means another million dollars for citizens of this section.

Let's give Marvin Jones due credit for his constant and timely services.

WHAT IS A GENTLEMAN?

A story that is fully attested as to its truthfulness is told of Chief Justice John Marshall that illustrates true gentility. As he was taking a morning walk in Washington, plainly, almost shabbily dressed, he encountered a young man at the market place. A market-basket well filled was at the feet of the young man and he was saying to the market-man: "I wonder where all the niggers are this morning. I can't find anyone to carry my basket home." The Chief Justice said: "Where do you live?" The answer was 204 Avenue A. "Well, I am going your way. I will carry it for you."

They started, the judge carrying the basket. The young man noticed that the people they met all bowed very politely to the volunteer porter and wondered who he could be. The basket was deposited at the door, pay was offered, but declined. The next day while walking with a friend, this young man saw the volunteer porter in a group of lawyers. He said: "Who is that plain old fellow that they are listening to?" His friend replied: "That is John Marshall, Chief Justice of the Supreme Court of the United States." "He carried my market-basket home yesterday. Why do you think he did it?" the young man asked. "To teach you the difference between a real gentleman and a snob," was the caustic reply.—Kerrville Mountain Sun.

FIRE PREVENTION FOR THE INDIVIDUAL

Next week is Fire Prevention Week. Every household should look forward to this, and determine to follow a fire prevention program of his own.

His first action should be to learn, from fire marshals or other authorities, all he can about the menace of fire and ways to eliminate the more ordinary hazards. He should make a thorough inspection of his home, place of business and other property, beginning with the basement. There's a good chance he will discover old papers or other rubbish in places that offer a perpetual invitation to fire. It's possible that the furnace is out of repair—with winter coming on, a weakness in the heating system may lead to complete destruction of his home. And a million basements contain still another major hazard—improperly stored gasoline, kerosene, inflammable cleaning and other liquids.

That done, the citizen isn't nearly through. How about wiring and the lamp connections? Most of us, at one time or another, have done amateur work of this kind, and forgotten to have it replaced by an expert electrician. It would be a safe bet that there are thousands of switchboxes in which a penny is acting as a fuse, placed there "temporarily." One short-circuit—and fire will result.

Finally, it is a rare attic which doesn't contain an accumulation of old clothes, old magazines, old furniture and old luggage—all ready to burn.

Look your property over. And in the future make the same inspection at regular intervals. It will minimize the chance of fire—and that means safety to life, and money in your pocket.

MORALS IN THE BUSINESS WORLD

Morals and ethics, say some smart business folks, are something you hear about Sunday, but you have to forget about them Monday. "All right in the pulpit, of course, but they don't apply when you are buying and selling."

Many men say that if they paid strict attention to the rules of honesty, they would have to quit business. Some claim it is impossible to succeed in this world, if you tell the whole truth and deceive no one.

"I should lose orders, if I did not sometimes hand a rake-off to the buyer, salesmen have been known to say.

Possibly a firm or an individual can win a temporary success by these excessively clever methods. But one should not be too confident that such success will last. The merchant who sells you inferior, often makes money for a time. But some day his customers wake up to the fact that they are being buncoed. Gradually they disappear, and patronize old-fashioned concerns that are more anxious to please their customers than to get rich all at once.

Similarly the salesman who depends on rake-offs and hand-outs, may be known as a tremendous go-getter, for a time. But the concerns that permit their buyers to accept such tips, will probably get loaded up with a lot of inferior stuff. The accounts sold to such houses do not appear to be too good a risk. A trade built up of honest sales, to buyers whose only concern is to get reliable goods at the best possible price, will last longer. Our guess is that when you find a concern that has a substantial business that lasted through the recent hard times, it paid some attention to morals and ethics on days other than Sunday. That's the kind of business we do in Milford and most of Delaware.—Chronicle, Milford, Del.

Women Club Leaders Here Saturday

Mrs. Volney Taylor, State Federation president from Brownfield, and Mrs. W. P. Avriett of Lamesa were guests of the Clarendon club women Saturday.
Mrs. U. J. Boston was hostess to the two Federated Club representatives and to the presidents of the Clarendon Federated Clubs with a luncheon at her home Saturday at noon.
Tall yellow tapers in green holders lighted the dining room. Table appointments carried out the color motif of green and gold, and green bowl of beautiful yellow garden flowers centering the lace table cover added an effective note.
Among those present at this delightfully beautiful luncheon were Mrs. Volney Taylor and Mrs. W. P. Avriett, honor guests, and Mrs. Walter Taylor, Mrs. Lank Thornberry, Mrs. James Trent, Mrs. Tom Goldston, and Jo Ella Stewart, presidents of the city clubs, and the hostess, Mrs. U. J. Boston.

At two o'clock at the Club Rooms, Mrs. Taylor and Mrs. Avriett addressed the women of Clarendon and Donley County on the accomplishments of the Federation. More than forty women attended the lecture including six club women from Groom.
"Texas, Our Texas" accompanied on the piano by Mrs. J. L. McMurry was sung in unison. Mrs. U. J. Boston introduced the first speaker, Mrs. Avriett. In summing up the accomplishments of the Seventh District, Mrs. Avriett listed them as follows: first in the number of new clubs, first in the amount of contributions to the Penny Art Fund, first in the number of clubs contributing to Penny Art Fund, first in the amount of money raised Woman's Day to contribute to the Permanent Headquarters at Austin, and first in the number of clubs participating in the observance of Woman's Day. Mrs. Avriett introduced the next speaker, Mrs. Taylor.
Mrs. Taylor gave a very interesting lecture on the State Federation, explaining its powers and commenting upon its financial standing. Service and cooperation as the basis of every successful club program was affirmed by the state president. Mrs. Taylor described at length the functioning powers of the Legislative Committee. The speaker enumerated several possible ways of improving the Panhandle for the Centennial. An urge for Patrons and Founders of the Permanent Headquarters was made by the state president as well as by the district president. In conclusion of her lecture, Mrs. Taylor extended an invitation to all club women to be present at the State Federation Convention which convenes in Austin in November.

Morris and Milton Beavers of Plainview were visitors in the home of their parents, Reverend and Mrs. Beavers, Sunday.
Mr. and Mrs. Clyde Price announce the arrival Thursday of a son, named Jerry Bennett.

The Ladies Missionary Society of the First Christian Church held a special meeting Wednesday at the church and celebrated the sixtieth anniversary of the Christian Foreign Missionary Society.
Mrs. F. A. White presided over the meeting and Mrs. W. E. Ferrell was devotional and program leader.
Many interesting reports were made regarding the work of the past sixty years, and the program was brought to a fitting close with a short play, entitled "Mrs. Martha Van Winkle Wakes Up." The players in this act were Mrs. E. C. Herd, Mrs. C. L. Thomas, and Miss Mickey Ferrell.
Toasts to the past, present, and future were made as the candles on the big birthday cake were lighted by Mrs. Ed Teer, Miss Esterbell Haning, and Mrs. C. R. Skinner.
Twenty-two members and visitors enjoyed this program and were served with delightful refreshments after the benediction. The honor of cutting the birthday cake was awarded the oldest member present, and Mrs. D. W. Clampitt enjoyed the honor.

The W. M. U. of the Baptist Church met in the church Wednesday for a meeting. Following a Bible lesson by Reverend J. Perry King, new officers for the year were installed in an impressive service.
Mrs. A. T. Cole was installed as president, and Mrs. W. C. Stewart, Mrs. T. W. Simpson, and Mrs. Ralph Andis took the offices of vice-presidents. Mrs. E. W. Adams assumed the responsibilities of corresponding secretary and treasurer, and Mrs. Joe Bounds was installed as recording secretary. Mrs. Eva Draffin will be the pianist for the W. M. A LITTLE BIT OF EVERYTHING

By B. Powell.

This writer came very near not writing his column this week. As he was coming to the office the other night to write it, a BLACK CAT nearly (I said nearly) crossed his path. Not being very superstitious he, however gave it some thought, but after spitting over his left shoulder (while looking for a new moon) he proceeded to town. However, if the cat had crossed his path, there might have been more thought, and then we don't know what we'd have done about it... maybe a postponement.

We have been thinking quite hard this week, why the wind has been blowing so hard, yet, didn't infest the city with sand... very bad. One week without some sand in the air and our fair Chamber of Commerce will again be sending literature to all parts of the United States, advertising the fact that the wind has lain.

Which reminds us to ask this question. When the wind lays, where do you find the eggs? Now, answer that one if you can... or cannot.
Did you scratch any last Saturday night before you took the regular Saturday night bath? If you didn't you surely didn't attend the dog (and pooch hound) show given by the ladies of the Parent-Teacher's Association, last Thursday on the Court House lawn. Most everyone we talked to said the show was a howlin' success and they had a scratching good time... That had the earmarks of a dirty crack. But, we really did enjoy the show, and especially the parade. We noticed some of the hounds were larger than the leaders, so the leaders were dragged from one side of Kearney to the other. (If she reads this she will probably be on the warpath). At least in the elimination for prizes we found out who had the best dogs in town. Of the two hundred or more dogs, there was one purple dog... believe it or not.

Enough of that nonsense, so let's get down to business. A movement has been made to try and secure a lighted football field for Clarendon. Some say yes, and some say no, so we would like to know the sentiment of the town. At least it would have to be financed SOMEHOW, and that would be the hardest part. It has been proposed that a lighted field will return enough dough to pay for it, and start a fund well on its way to provide a gymnasium for the basket ball team. What say? All interested in seeing the field lighted are asked to get in touch with the coaches. If you have a solution whereby the thing can be accomplished, so much the better.

We again can tell you that advertising in The News pays. Last week we ran an ad from W. K. Hardin, who wanted to buy a wagon, and asked to be notified in care of The News. The office has been swamped with fellows wishing to get in touch with Mr. Hardin. AND now there seems to be lots of wagons in the

country, for this week we are running an ad of a gentleman, who has three wagons to sell. They believe in The News space, and circulation.

Did you hear FDR speak Sunday night. If not, then you missed it, for he told the wherefore, whyfor, and therefore of the whole situation. He had an audience of millions and at this time had received only four adverse telegrams, out of thousands received. These four asked why the budget had not been balanced. NOW, isn't that a big question? That is a question a whole congress cannot answer, so why expect one man to answer it. However FDR has tried, is trying and will keep on trying until it is done or the administration changes. At any rate he can look back and say, "I tried."
In last Sunday's Dallas News a writer tells of passing through Clarendon going to the Palo Duro Canyon. Evidently that makes Clarendon the gateway to one of Texas' greatest show places.
See you later.

Church Of The Nazarene

The Church of the Nazarene will conduct a revival meeting in a big tent on the old school grounds, beginning Saturday night October 6.

Rev. L. M. Payne, a noted evangelist and able speaker, will be the evangelist for the meeting. Everyone is invited to hear him and enjoy the good singing and music. Special workers, special singing and children's services will be one feature of the meeting.—Contributed.

Mrs. Van Allan Kent of Amarillo spent Wednesday visiting her mother, Mrs. John Clarke.

Mrs. George Ryan returned Sunday from Dallas where she spent the week.

LUCKY GIRL

MRS. STRONG AND DAUGHTER, NANCY

Her mother felt that family physicians and child specialists, and the hospitals must be right. A simple test that proves they are.

If anyone in your family is occasionally sluggish or constipated; especially any child, you should know this medical truth:
You cannot get safe relief with any medicine if you cannot regulate the dose. And to regulate dosage, you should have a liquid laxative. With a liquid laxative, you can gradually reduce the dose. And that is the secret of safe relief from a sluggish, constipated condition.

Why Doctors Use Liquid Laxatives
A liquid laxative can be measured. Its action can be thus controlled. If properly made, of natural laxative elements like senna and cascara, it forms no habit—even in the youngest child. And such a laxative will help the bowels to help themselves, not make matters worse.

Dr. Caldwell's Syrup Pepsin is an approved liquid laxative containing herbs, active senna, and cascara, and is the one widely used. You can always obtain it at any drugstore. Why not make the "liquid test" which has attracted so much attention of late? It helps nearly everyone who tries it. It may make you feel better than you have in a long time.
If you will risk sixty cents to discover the natural, comfortable action of Dr. Caldwell's Syrup Pepsin, we believe bowel worries will be over for your household.

Pathfinder Opened Club Year Friday, Evening With Dinner

Embarking on its twenty-third year of study and community service, the Pathfinder Club opened its year Friday evening with a dinner at the Club Rooms.

A profusion of dahlias and roses beautified the tables and the room. The club colors of pink and green were also featured in the prettily appointed tables and in the three course dinner.

In her usual gracious manner, the retiring president, Mrs. J. R. Porter, presided as toastmistress. The hostesses for the evening were Mesdames J. W. Evans, Charlie McMurry, R. L. Biggers, Allan Bryan, Clyde Douglas, Simmons Powell and Paul Shelton.

Gray, Mrs. Nathan Cox, and Mrs. Clyde Douglas gave interesting accounts of their summer travels.

Polson—Ham

In a beautiful and impressive ceremony, Mr. W. C. Polson of Midland and Miss Lucile Hamm of Lelia Lake were united in marriage by Rev. F. N. Allen at the First Baptist Church, Lelia Lake, at 8:00 o'clock Sunday evening.

The Church was artistically decorated with roses and a profusion of greenery.

Mrs. D. E. Leathers sang "I Love You Truly," with Mrs. Billie Christal at the piano.

The maid of honor, Miss Loree Hamm, sister of the bride, wore a frock of white net over blue crepe. The bride wore a gown of lovely pale blue satin. She carried a beautiful bouquet of white and pink carnations.

Mr. Polson brother of the groom served as best man.

After the ceremony an elaborate dinner was served to the following invited guests: Rev. and Mrs. F. N. Allen, Milford Allen, Sherman Irons, Frances Johnston, Tommie Allen, Effie Dean and Ruby Bullard.

The bride is the daughter of Mr. and Mrs. Lon Hamm of Lelia Lake.

Miss Hamm is an accomplished musician and her services will be greatly missed by the First Baptist Church. They will be at home in Midland, Texas where Mr. Polson has a position with the Humble Oil Company.

Justamere Bridge Club Met Tuesday

Miss Dorie Allensworth was the charming hostess to the Justamere Bridge Club Tuesday afternoon at her home.

Autumn colors were featured in the appointments for games and in the refreshments, and flowers of the season carrying out the same color note, beautified the rooms and added to the enjoyment of the afternoon.

Marjorie White was fortunate in receiving high score.

A dainty salad course was served to Misses Vera Noland, Evelyn Murphy, Jean Bourland, Marjorie White, Eunice Johnson, Pauline Sanford, Dorothy Jo Taylor, Helen Lawler, Jo Ella Stewart, Mrs. Sam Cauthen, and the hostess, Miss Dorie Allensworth.

Kneedle Klub

Mrs. Henry Williams was hostess Thursday afternoon to the Kile-Kare Kneedle Klub.

The entertaining rooms were profusely decorated with rare and beautiful cut flowers.

Stewart as president for the coming year. Mrs. Stewart was duly elected to the office. Mrs. Sam Braswell was unanimously voted into the club as a new member.

Massie, Homer Mulkey, Buel Sanford, W. B. Simms, J. R. Bartlett, Cap Lane, and Misses Ida and Etta Harned.

1930 Good Will Club

Members of the 1930 Good Will Club enjoyed one of the loveliest events of the early autumn Friday afternoon at the home of Mrs. Dick Bain. The reception room was beautifully decorated with cut flowers.

Fancy work, pleasant conversation and plans for the winter made the time fly swiftly. Dainty refreshments were served to Mrs. Will Johnson, Mrs. Johnnie Johnson, Mrs. Leslie Carlie, Mrs. Joe Carlie, Mrs. Claude Gambelin, Mrs. Melvin Cook and the hostess, Mrs. Dick Bain.

Rebekahs Have All Day Quilting

The ladies of the Rebekah Lodge met Tuesday in their hall for an all day quilting. A beautiful quilt for the Odd Fellow's Orphans Home was completed.

The Lodge members thanked Norwood's Pharmacy for donating the ice-cream for lunch.

A covered dish luncheon was served to Mrs. Fred Johnson, Miss Helen Rogers, Mr. C. Huffman, and Mr. A. T. Russell, invited guests, and to Mesdames Laura Huffman, Mary Davis, Maggie Reed, Pearl Ross, Nora Morgan, Edorine Pharr, Lela Lamon, Allie Mosley, Mary Hearne, Lena Russell, and Misses Ida Harned, Etta Harned, Emma Ayres, Carrie Davis, and Fanny Perry, members.

1930 Needle Club

Mrs. Joe Bounds was the cordial hostess Tuesday afternoon to the 1930 Needle Club.

Sewing and conversation furnished delightful entertainment for the members. Plans for a Halloween party were discussed at the meeting.

A lovely afternoon luncheon was served to Mesdames Clarence Whitlock, Turner Kirby, Lucille Couch, Ernest Hunt, Ralph Decker, Alvin Landers, Carl Peabody, Carl Tyree, Marvin Land, and the hostess, Mrs. Joe Bounds.

The Les Beaux Art Club will sponsor its annual flower show October 6 at the Club Rooms in the city hall. Every flower grower is urged to bring the best specimens of her garden and thus aid the primary purpose of the show, which is to encourage others in growing flowers about the home.

Special prizes are offered to exhibitors. No entry fee will be charged or no admission fee to those who wish to view the exhibits. The prizes are as follows: Roses, best bouquet—shrub or bulbs.

Dahlias, best bouquet—subcription to Better Homes & Garden magazine.

Mrs. J. D. Stocking, Chairman; Mrs. T. H. Peebles, Mrs. Homer Glascoe, Mrs. Frank Bourland, Mrs. J. D. Swift, and Mrs. Jerome Stocking.

The committee requests the co-operation of all flower growers in making the 1934 show the most beautiful ever conducted in Clarendon.

Toler—Percival

The Clarendon people will be interested to learn of the marriage of John W. Toler of Amarillo to Miss Lucy Percival of this city. The young couple were united in marriage at Amarillo, Saturday, September 25th.

The bride is the daughter of Mrs. N. S. Percival, and the groom is the son of Reverend and Mrs. Toler of Amarillo. Mr. Toler is an employee of the National Bureau of Investigation.

The young couple will reside in Amarillo. The News joins their many friends in wishing them much happiness.

1926 Book Club

When the members of the 1926 Book Club gathered in the club rooms Tuesday afternoon at their regular meeting hour, they heard the review of a most interesting book based upon historical facts. "The Chinese Republic" by Harry A. Franke was discussed by Beatrice and Alta Lane. A display of Chinese trinkets was loaned the club for the afternoon by Mrs. J. T. Warren and Mrs. Sam Braswell.

Guests for the afternoon were Miss Willie Glenn Parton, Miss Hall, Miss Howren, and Mrs. Van Kennedy.

A lovely ice course was served to the guests and members by the hostesses, Mrs. Roy Ingram and Miss Temple Harris.

Frank White, and daughters, Dorothy and Marjorie, and Heloise Burrell spent Sunday in Quitaque.

Twenty-three church members and friends attended this enjoyable affair.

In the past, it has been the policy of the staff of the school page to try to fill just as much space as possible in the paper, but that policy must necessarily be changed. We have learned that The Clarendon News will be unable to print such a large school page as we have had during the past two weeks, so the efforts of the staff will now be bent toward more compact reports, even though they will still try to cover every phase of school activity.

The great success of the writer who calls himself "Wee Willie" has evidently created a flare for anonymous articles, for the editor has received more of such articles than he has been able to print. Received too late for publication last week was an interesting take-off on the first column published by Wee Willie, and was signed "Some Silly." If anonymous articles are to be printed, they must be received before Tuesday. For this week's paper was submitted an article entitled "The School Critic," but owing to the fact that the space of the paper has been limited, we have been unable to print the article as a whole, although several items taken from it have been printed in this editorial column.

Very Personal

Parties, birthdays, chili suppers, visits, gossip and all sorts of activities both in and out of school have kept the students busily engaged this last week.

A couple of young ladies added another to their list of birthdays. Dumb Cluck was seventeen and Little Mac McMurry was fifteen. Both are acting exceedingly dignified now. You would think not if you saw them fighting on the school grounds every day.

Coach Stocking says that the growing indolence of people will perhaps make more inventors. This is undoubtedly true because last week yours truly overheard Jimmie Bourland discussing with a classmate how the school desk could be converted into a folding bed.

Those perfect lovers, Billy Weatherly and Eloise Hill, accompanied by Hill Johnson and Hulda Jo Cauthen, were guests of Lelia Lake last Saturday. The city made such an impression on Hulda that she had to return later.

If you see Mr. Drennon walking around with a rubber eraser, don't get excited. He is merely trying to erase all the initials, pictures etc. from the hall walls. Sunday Sarah Virginia and Harold went riding in Duddy Gentry's flivver and both, after spitting out several teeth, said they would like to buy one—one of a different make.

A group of boys and girls ate chili at Virginia Cluck's house Saturday night and later enjoyed dancing at Tillie's house.

Clarendon has some high-powered salesmen, none of whom are more high-powered than Reba Nichols. She talked a lot of people into buying the same thing twice at the Rummage Sale Saturday.

Palo Duro

The Palo Duro Literary Society met Tuesday, September 25, at their room for election of officers. Miss Hall, the newly elected sponsor, met with the group for the first time. Plans were made for a dance to be held next Saturday at the home of Billy Weatherly. A drive is being made for new members, and all seniors and college students are urged to join.

The officers that were elected for the coming year are as follows: President, Ardis Patman; Vice-President, Arthur Chase; Secretary and Treasurer, Geraldine Pratt; Reporter, Eloise Hill; and, janitors, Carrol Hudson and Sam Barrow.

College Classes To Hold Carnival

On the suggestion by Dean Drennan and Coach Kerby that the college students present some entertainment for the public to obtain funds for the classes, it has been decided that a carnival will be held on Hallowe'en, October 31, in and around the administration building. A committee composed of two sophomores and two freshmen has been in conference with Bill Walker, president of the college organization, and Mr. Kerby several times recently. This group promises that there will be plenty of interest and fun in the carnival. Unusual types of side shows, fortune-telling, fat men and bearded ladies will be on exhibition. More detailed announcements will be made later, after the ones in charge have time to complete their plans.

Alpha Delta Psi

The Alpha Delta Literary Society staged an interesting scavenger hunt at the regular meeting Tuesday evening, October 25. About forty-five members and guests were divided into groups, each being given a list of articles to bring back. At a late hour a merry bunch of scavengers re-assembled at the Alpha Delta hall with many amusing trophies. Prizes were awarded to Willie Glenn Parten, Rosa Lee Grady, George McClesky and Sam King for producing the most enumerated articles. In the spirit of the vigorous party, delicious hamburgers were served to the group.

Visitors who enjoyed this successful social event were Nova Cook, Mary Lee Curry, Christine Lampkin, Wilma Dee Smith Vivian Taylor, Leota Rampey, Sam King, Greer Cottingham, Sherman Irons, Milford Allen, T. J. Mann, Leroy Leathers, O. C. Watson, Jr., Jack Hayes, Kenneth Bain, Chester Williams, Talmage Mayfield.

Members present were Delphia Bones, Ruby Dell Scoggins Rosa Lee Grady, Nellie Grady, Sue Powell, Melba Johnston, Mildred Self, Wanda Mayfield, Louise Smith, Willie Glenn Parten. Thayer Acord, Homer Estlack, George McClesky, Robert Nichols, Hubert Reavis, Elery Watson, David McClesky, Red Estlack, Wylie Buchanan, Marvin Baker, Harold Hamms, Delbert Linder, Lu McClellan, Bob Goodson.

OWISSA CAMP FIRE GIRLS
The Owissa Troop of Camp Fire Girls had a meeting Wednesday, September 19th, and elected officers. Kathleen Ryan was elected president; Dorothy Nell Baker, vice-president, Jane Kerbow, secretary and treasurer; Phoebe Ann Buntin, reporter; Frances Grady, sergeant-at-arms. Nellie Grady is their assistant guardian for the winter. They are all glad to have her and are sure she will do her utmost towards helping our troop.

The following Wednesday, September 25, the troop planned a hike, and on Friday carried out the plans. They had a wonderful time, and after the weiner roast all played games. At about six-thirty, in came a weary, dirty, but happy group. Their chaperones were Nellie Grady and Sue Powell. They are all hoping for many more outings as enjoyable as this.

The College Critic says that since several of the pupils have succeeded in gaining so many of the offices of reporter that he is beginning to wonder if he will be able to break in on the monopoly.

South Ward And Jr. High News

A thrilling moment arrived Monday when the first grades received their new pre-primers. Both rooms are enjoying watching their bowls of gold fish. Last week's dog show gave Miss Steven's room an inspiration to study dogs.

In Miss Hogan's room the pupils have finished studying the primary colors and are starting the secondary colors.

Miss Mongole's room has been making a study of fruit and is beginning work in the new arithmetic work books.

A thorough study of ants was made in Mrs. Prewitt's room last week. Mrs. Lane's room is keeping a fine scrap book, and her geography classes in both the fourth and fifth grades are making salt maps. Miss Clark's room won the P. T. A. prize and is going to buy a picture and a book with the money.

In Junior High there has been a drive for money to buy a new pencil sharpener for the study hall. A very interesting program was given at chapel last Friday. We are finding some real talent in this school that had not been discovered.

NEW TYPEWRITERS ARRIVE THIS WEEK

Two weeks ago the Broncho Range carried a banner announcing the arrival of six new Woodstock typewriters for the Commercial Department and that a dozen other machines of Remington and Underwood makes had been ordered. There latter typewriters are now being used by students of typing, and everyone finds his work much easier and more interesting. Outfitting the typing room with these efficient, new machines has greatly increased the convenience and value of commercial classes to students.

KICUWA C. F. GIRLS

The members of the Kicuwa Troop of Camp Fire Girls met at the dormitory Wednesday afternoon, September 26. The sales stand on the football field is to be completed by next Friday. The Kicuwas are glad to welcome Mary Lynn Teer as a new member. Plans for her initiation are being made. The girls discussed the probability of a tea for mothers of the troop; one such social was given last year. Hereafter the Kicuwas will meet at the dormitory at five-thirty instead of four o'clock.

PEP SQUAD

The members of the pep squad believe that the Bronchos would have won the Chillicothe game Friday instead of tying it if the pep squad had been along to help boost them up. If that is the case, the Bronchos will be assured of a victory in their next game, for the squad will be out in full force and probably in full uniform for that game.

In order to obtain funds for provisions for stunts, the pep squad conducted a rummage sale Saturday and due to its success, they are planning to have another next Saturday near the Pastime Theatre.

The College Critic is disgusted with the high school classes. He says that all the class reporters have anticipated a great social year, but it looks as if the classes do not share their expectations. The seniors blame their lack of social functions on the mixed crowd. The Juniors declare that they will have the honor of having the first social. The poor little Sophs haven't even had a thought yet. It seems that all the classes are succeeding in getting no place mighty fast.

Socrates of Sports

A new lustre has been added to college life this year by the new athletic program which is now being started with a measure of success owing to the efforts of Dean R. E. Drennan. Wrestling is occupying part of the time of such erstwhile bone crushers as Greer Cottingham, the delicate looking lad from the big puddle, Thayer Acord, Deb Linders and others. These fellows are working out in the basement of the Girl's Dormitory building under the supervision of Densil Davis. If interest is sufficient, it is hoped that a first class wrestling team can be developed. Prospects for a good College basketball team did not look so very bad when eight candidates turned out for the first practice Monday afternoon. Good basket ball material is plentiful among the college ranks and with this early start it shouldn't be long before the Clarendon College Bulldogs shall again be tottling over the athletic outfits around the surrounding country.

Those fighting Bronchos went to Chillicothe Friday and made a very commendable showing by covering a 6 point deficit to tie a heavier and more experienced team. This year's squad may not be the best team the local school has ever had, but it certainly has more fight and spirit than any Broncho team of the last three or four years, and because of this, these boys deserve the support of the town even more than ever. Word and Green again displayed good football against the Chillicothe Eagles as did Sibley, Cole and Butler in the Broncho line.

True to prediction the St. Louis Cardinals miraculously beat the Giants out of the National pennant. The S. S. is predicting the Red Birds and the Dean brothers to win the series.

McLean lost a bit of her cockiness when Shamrock went away last Friday night with the long end of a 6-0 score. LeFors looms as a strong contender this year for the class B title of this section. Miami, the third conference opponent of the Bronchos, though not quite as strong as the former two, will be a formidable opponent for the Bronchos. However, Old Soc says that although the Brones may not beat all of these teams, they will not go under, if they do, by the top-sided scores being predicted. S. S. thinks somebody is in for a surprise.

Here it is only October and the Seniors are already proudly flashing their rings before the envious underclassmen. It is a tribute to the forethought of the '35 Senior Class that theirs is about the first senior class known in the school's history to have received their rings at such an early date.

Walter and Aubrey Brady who now live at Claude were in Clarendon a short while last Saturday.

Seniors Have Rings

The first shipment of senior rings has at last been distributed among those students who placed their orders last Spring. Three types are being used—the heavy, medium and dinner weights. A maroon set furnishes the background for the letters C. H. S., and a torch, the symbol of education. The setting is of yellow gold with 19 and 35 streamlined on each side respectively. The dinner size has small blue sets on each side of the maroon stone.

Plans are being made for a picnic on Wednesday, October 3 at the river where the Clarendon students hope to become better acquainted with pupils coming here for the first time from various schools.

The Editor has been muscling in on Wee Willie's racket of "wondering," and after a great deal of deep thinking he has about decided that Wee Willie is either growing absent-minded or lazy, for his popular column was received so late this week that it was impossible to print it, since the page was already full. It's too bad, Wee Willie, but you must get it in earlier.

Bob Goodson bade his hometown farewell Friday and left for Lubbock to attend Tech.

It is reported that Eloise Hill ate some of the cake she made. She was not in school Tuesday.

Anna Moores Swift visited with Crystal Howard in Memphis Friday afternoon.

High School Choral Club

The High School Choral Club met at the usual time in the auditorium Tuesday afternoon. The attendance was fine, and everyone seemed enthusiastic. Robert Nichols, reporter, resigned his position, and Pauline Carlile was elected to fill that place. The singing was fine except for a weakness in male voices. Boys are especially urged to attend; they will enjoy this work, and they are needed to help balance the choruses.

"The Alpha Deltas have developed such a superiority complex over their success this year that you can hardly talk to one without his reminding you of the fact. We are glad to see you so successful, but you should remember that the other fellow deserves a little consideration. The Palo Durans have, it seems, succeeded in getting together a small group of Clarendon's younger society leaders. The question is, will they treat an outsider who wishes to join as an equal or as an inferior."

Miss Parten was shopping in Amarillo Saturday.

Junior Class Meeting

The junior class had a meeting October 2, and debated on whether or not to have a picnic. It seems that the senior class intends to begin the social events of the year with one, and the juniors do not wish to be too slow. Nevertheless, they used common sense and decided to wait until after six week exams. It seems as if school has been going for only a week or two, but our old enemies, six week exams, are upon us again.

The junior home ec girls are having the time of their lives learning how to sew. They are making cooking aprons, but we wonder if they will ever use them.

Claude was honored on Sunday evening with the presence of Geraldine and Tillie Pratt and Price Whitlock.

Bonnie Hardin is demonstrating her stenographic ability in a McLean attorney's office this week.

Walter and Aubrey Brady who now live at Claude were in Clarendon a short while last Saturday.

"GOVERNOR JIMMIE" IS TAKEN FOR RIDE IN WORLEY'S \$25 CAR

The people of the Panhandle are going to go along with the next governor of Texas in a big way, commented Eugene Worley of Shamrock, Democratic nominee for state representative in the 122nd legislative district comprising Gray, Wheeler, Collingsworth and Donley counties. The 25-year-old legislative nominee, pictured at the wheel of his \$25 campaign car, is shown here with U. S. Senator Tom Connally beside him, and James V. Allred, Democratic gubernatorial nominee, and Ben Connally, son of the senator, in the back seat. The picture was taken at the recent Democratic state convention in Galveston.

LIBRARY NOTES

(By Mrs. C. A. Burton)

A volume which has attracted but little attention from our readers in the weeks since it was placed on our shelves is "Dodsworth" by Sinclair Lewis. It was written in 1929 while Lewis lived in England and while he traveled the country in a motor "caravan." It is a satire on Americans abroad, and has been dramatized by Sidney Howard, and the dramatized version is now in book form. However the book we have is not the dramatized form of the story.

In a recent review of the play in which Walter Huston and Nan Sunderland are playing, the statement is made that it has been New York's most successful drama since it appeared on Broadway last February. The literary men not only enjoy it, but marvel at it. Critic John Mason Brown says of it, "One of the most successful dramatizations that the American theatre has seen." Shaw once undertook to prove that a play is harder to write than a novel, but Howard says, "No honest dramatist can look upon the man capable of writing a good novel without the defense due to a superior being, a being possessed of the power to sustain his story, his characters, and above all, readers' interest through the playing time of a half dozen plays."

Mr. Howard dramatized "Arrowsmith" as well as "Dodsworth"—the former for the screen the latter for the footlights, and Sinclair Lewis says in his foreword to the book that he is perfectly satisfied with both. Lewis is not a stickler for the inviolability of his dialogue, but gives the dramatist much latitude in translating the story into a new medium. It is the story of a mature husband and wife who disagree on the subject leisure—is rather diverting, and a critic has said that in it Lewis "is more of a story teller and less of the Main Street renegade than usual."

Sinclair Lewis and Lloyd Lewis have collaborated on another story which is soon to be published by Doubleday—Doran called "Jayhawker," the story of an abolitionist during the Civil War.

We are told by competent authorities that Sinclair Lewis is one of the most popular American writers in European countries, and practically all his

books have been translated into several languages. In accepting the novel prize at Stockholm from the Swedish Academy in 1930 for "Babbitt," he lived up to his reputation as a non-conformist and firebrand by his vehement speech in which he attacked the professors and men of letters who would subject American literature to conventional standards of taste and morals.

Burton Rascoe says of him, "He possesses the most astounding energy of any writer I have ever come into contact with. He is thin, angular and wiry. He can play, dance and talk all night, deliver two lectures the next day, and play again the next night." At parties he frequently exercises an admirable talent for mimicry. Impetuous and fearless, he never runs from any sort of argument. After a recent public quarrel with another novelist, Lewis remarked, "I'm just a country hick living on a farm, and every time I leave it I get into trouble."

Hugh Walpole has recently published a new novel, "Captain Nicholas," and is at work on another to be called "The Inquisitor." He says that just now Hollywood keeps him too busy to write much. His friends and readers are wondering if they will find the cinema influence in his later books. We have quite a few of Walpole's choicest stories on our shelves.

FORMER RESIDENT Methodist Plan MANAGER T. W. A. Close By Nov. 1st

JACK FRYE OF KANSAS CITY SELECTED TO A AIRLINE POST.

Kansas City, Sept. 25.—Jack Frye of Kansas City, who has been in charge of the operations department of the TWA, Inc., has been made general manager and a vice president of the transport concern, which holds air mail contracts.

He replaces Richard W. Robins as active head of the organization.

Robins continues as president of Transcontinental and Western Air, Inc., which leases its recently delivered (Douglas) monoplanes to TWA, Inc., the operating successor to Transcontinental and Western Air.

While Robins, who was under fire by the Postoffice Department in the investigation subsequent to the cancellation of air mail contracts last February, held no announced title with TWA, Inc., he was looked upon generally as the concern's general manager.

The Kansas City Star said removal of Robins from active management of TWA, Inc., was looked upon in aeronautical circles as a gesture to the Postoffice Department. Since cancellation of the air mail contracts he has issued numerous public statements criticizing the act.

Mr. Frye will be remembered as a former resident of Clarendon, and is the son of Mr. and Mrs. Frye, who used to live here.

Mr. Frye has in the past twelve years he has been away, visited T. M. Pyle numerous times.

"Everything up by November 1st" is the slogan of the board of stewards of the Methodist Church agreed on at a meeting Monday evening at the home of Chairman and Mrs. G. L. Boykin, where the body enjoyed a buffet dinner before the business session.

Members of the board reported on the amounts promised by Methodists on their collection lists and according to the plan will begin at once to ask the co-operation of the church in having all monies in hand by the 1st day of November, so there will be no last minute rush in closing up the financial report before the pastor leaves for conference at Abilene after the second Sunday in November. Some six hundred dollars de-

ficit is still facing the board beyond what has been promised and Chairman Boykin urges the membership to give the board their full co-operation in bringing the finances up to where they should be in the next few weeks.

Rev. E. B. Bowen announced his plans for securing the bene-

volent collections and is hoping to have them in hand in the next few weeks, as well.

U. J. Boston and Sam Braswell Jr., attended the Shamrock-McLean football game in McLean Friday night.

JONES ADDRESSED NATION ON RADIO

CONGRESSMAN SPOKE TO NATION ON GENERAL FARM PROBLEMS.

General farm problems were discussed by Congressman Marvin Jones Monday night in a radio speech, which was broadcast over NBC nationwide network, from New York.
The speech began at 9:45 Clarendon time.
Mr. Jones was invited by the National Broadcasting Company last week to make the address. He has been in Washington for the past two weeks checking up on farm measures and other official visits, and went to New York Sunday.
As chairman of the House committee on agriculture, Mr. Jones is recognized as one of the foremost authorities on the agricultural situation in Washington.

At The First Baptist Church

There Is Always Worship— Fellowship — Service

It can be done. We went far beyond what we expected last Sunday. We not only made one touchdown but three or four. 333 in Sunday School and 132 in B. T. S. was not a bad record in attendance, nor was \$115.85 a bad offering, coming as it did, voluntarily on the part of the worshippers.
It has been said that he who builds no castles in the air builds no castles anywhere. And that the ostrich in his zeal to run an forgetting how to fly, gained the earth but lost the sky. And that many people live in the basement of their being and leave the upper stories unoccupied. All of which is too true with many churches and people.
Paul in exhorting the church at Rome said, "not slothful in business; fervent in spirit; serving the Lord." If churches are carelessly run in a business way, and religion is indifferently taught by lukewarm christians, what is to hinder the world from looking on us with contempt? The aim of the First Baptist Church is 400 in Sunday School, 150 in Training Service, out of debt and on a cash basis by the first of January 1935. It can be done. You will want to have a part in this victory movement in your church.
Mrs. Joe D. Garland of Cooper, Texas, who is to conduct our Training School next week will be our speaker Sunday evening. Your are cordially invited.
J. Perry King, Pastor.

Mr. and Mrs. G. G. Kemp returned Saturday from a two-weeks visit to the World's Fair at Chicago. Mr. and Mrs. Kemp returned by the Kentucky route and stopped in that state for several days to visit relatives of Mr. Kemp.

DOG SHOW WAS HOWLIN' SUCCESS

JAMES MORRIS IS MASTER OF BEST 'SOUP HOUND' LAST THURSDAY.

He is my dog with four legs and a tail,
A reckless vagabond just out of jail,
Just a lot of dog, no pedigree,
All kind of branches on his family tree,
Shoe button eyes and nose so long,
He makes your head ache when he sings his song,
His legs are gangly, he has knock knees,
He tears up slippers and he harbors flees.
He is wild and woolly, and likes to run away,
Knocks you down when he tries to play.
He is fond of wrestling with gloves and hats,
He tears up flower beds and chases cats;
He sleeps all day, and eats like a hog,
Absolutely worthless, but he is my dog.

The Sims Parent-Teacher's Association, were hosts last Thursday afternoon to most of the dogs in the city, since they were sponsors of a city-wide dog show, held on the courthouse lawn. There were about two hundred dogs in the contests for prizes and the blue ribbons, and from all indications the show turned out to be a 'howling success.'

The entrance fee was ten cents per animal, so from that standpoint the association made money. Other income was from the sale of tickets to attend the show. For several days prior to the show school boys had invaded the business houses time after time. If a person got out of buying a ticket, he was lucky. Preceding the show a parade was staged up and down Kearney street, which was enjoyed by the populace, since years have passed since Kearney street was invaded by so many dogs.

The parade wound up at the court house lawn where the judges awarded the following prizes:
Spitz Group—1st, Billie Milton Bromley; 2nd, Charles Britian Shuford; 3rd, Harry Kerbow; 4th,
