Williams Tells
By Fred L. Williams

Bronchos Lose—

Some 2,000 fans were on hand to witness the introduction of night football into Clarendon Friday night, and saw the Bronchos take a 25-0 pasting at the hands of the Fighting Irishmen from Shamrock.

Everyone was very well pleased with the new lights, but many were more or less disappointed because the Bronchos were on the short end of a rather lop-sided score. However, when one takes into consideration the fact that the locals were battling a much heavier, more experienced team, it is not difficult to see that the boys made a pretty good showing. Shamrock has beaten almost every team it has played this year by a larger margin than they gained in the game here. Many fans claim they have one of the best class B machines in this section, and that they could make a creditable showing against many of the class A squads.

Most everyone was greatly impressed with the stubborn fighting spirit that the locals displayed. In the last quarter, when the cause was hopelessly lost, they were in there to a man hitting just as hard as they did in the first quarter. Time after time they held the heavier Shamrock team for downs, but they could not get their offense to click.

All in all, most of us think the boys made a very creditable showing, and they should not feel discouraged that they lost to such a powerful team as the Irishmen.

Sniffle! Sniffle!

Quite a number of Clarendonites have been observed suffering from the "sniffles" lately, which reminds one that the season is drawing to a close.

First Sunday, 11 a. m. and 7 p. m. Missionary afternoon.

Second Sunday, Azalea, 11 a. m. and 7 p. m.

Third Sunday, Goldston, 11 a. m. and 7 p. m.

Fourth Sunday, Goodnight, 11 a. m. and 7 p. m.

Everyone is cordially invited to come and make these services worthwhile. Soul winning is our aim. Pray and work with us in Jesus' name.

W. T. Lackey, Pastor.

Red Cross Committee Chairmen Are Named

Charles M. Lowry has been appointed chairman of the home school farm accident prevention committee of the American Red Cross Donley County. The function of this committee is to compile a list of accidents in the county, their causes and what can be done to prevent them.

Mr. A. W. Hicks has been appointed chairman of roll call committee, and states that the annual roll call drive will be held November 11-28. Donley County's goal in the drive is 400 members.

Each Community Will Have Singing Friday

All rural schools of the county which are now in session will have a chorus singing Friday evening at 8 o'clock in the school house of each community.

Primary, junior, and senior choruses will entertain the public with songs outlined in the course of study by Dr. L. A. Woods, state superintendent of the state department of education, according to Sloan Baker, county superintendent.

Mr. Baker reports that the public is invited to attend and hear the choruses which recently were awarded first place among rural schools at the Tri-State Fair in Amarillo.

McELVANY MOTOR CO. TO GET CAR NEW PLYMOUTH

Announcement has been made by Homer McElvany, manager of the McElvany Motor Co., that a car of new 1936 Plymouths will be received within a week or ten days, by his car agency.

Do You Know?

And just to prove that we're feeling big-hearted this week we'll give a TWO-year subscription for only \$3.00 to the first person that brings in the correct definition of the word "transpire". Nary a peek at Mr. Webster's book will be permitted in this contest. And if you think you know what the word means, literally, we'll just bet you a plugged nickel you don't!

COLLEGE PLANS FOOTBALL TEAM

FOURTEEN COLLEGE BOYS COMPOSE BULLDOG TEAM; 3 GAMES SCHEDULED.

Once again the Clarendon College Bulldogs will take to the gridiron.

Under the tutelage of Coach Woodrow Hazelwood, 14 Clarendon Junior College men have been going through preliminary training this week, after a definite decision had been made to organize a football team in the college.

The name, Bulldogs, was taken from the old Clarendon College teams which made football history in this section several years ago.

Coach Hazelwood will place a formidable eleven on the gridiron, but it is quite evident that he is going to be greatly handicapped by the lack of reserve power.

Hazelwood this week announced that the schedule though incomplete, includes games with Wayland Baptist College at Plainview on October 19, Price Memorial College of Amarillo at Clarendon November 2, and Price Memorial College at Amarillo November 16. He also stated that tentative arrangements had been made for three other games, to be announced later.

College students who have been coming out for the team are T. Behrens, F. L. Behrens, F. Holtzclaw, D. Wilkerson, H. McDaniels, L. LaFon, R. B. Turnbow, S. Barrow, W. Garmon, R. Stuart, E. Watson, B. Word, N. Dewey, and J. Hays.

ADULT CLASSES BEGIN IN CITY

Mr. Baker stated that the adult education program will remain under the Texas Relief Commission until November 1, at which time it will be transferred to the Works Progress Administration.

A. Bullock of San Antonio is state director of adult education.

Clarendon will be the first town in West Texas in which the picture is shown.

George Bagby and Simmons Powell were in Dallas Sunday and Monday on business.

IRISHMEN TROUCE BRONCHOS IN FIRST NIGHT GAME HERE

SERVICES FOR ROBERT COX HELD HERE; INTERMENT AT MANGUM SATURDAY.

Led by the fleet-footed quarterback, Leamon McIntyre, the Shamrock Irishmen, before a crowd of approximately 2,000 people, slashing their way to a 25-0 victory through the stubborn defense of the lighter, less experienced Clarendon Bronchos here Friday night in the first game to be played under the new lights. McIntyre scored 24 of the 25 points tallied by the Irishmen.

The Irish scored two touchdowns each in the first and third periods while the Bronchos never seriously threatened the Irish goal line.

The first touchdown came near the middle of the first period when McIntyre took the ball over from the 2-yard line where it had been placed on consecutive first downs by Wells and McIntyre. Rook's try for point was good.

Seven plays later McIntyre took the ball on the Clarendon 33-yard line and went around end for the second counter of the game Rook's try for point again went between the uprights but did not count because of interlocked interference.

GROOM COMING!

The fast-stepping Groom Tigers, fresh from a 25-0 victory over the Canyon High School Eagles, will invade the Broncho corral here Friday night at 8 o'clock. SOIL CONSERVATION

In Europe, where the ground is generally moist and extreme drouth or rainfall is not common, soil erosion is negligible.

Since most of our population is of European extraction, European practices and ideas have naturally been brought to this country and we are likely to fall into the fallacious belief that our land is inexhaustible, or nearly so. This is a great mistake. This country has a wholly different climate and more particularly so in the Great Plains of the Middle West which is more like the situation in China than Europe. We can see, in the devastation of large areas in China, what will surely befall us if we fail to act promptly, and on a vast scale, to stop the gigantic destruction of our soil.

A leading authority on economic geography has estimated that since America was settled an area larger than the whole cultivated area of Germany has been denuded.

The dust storms of the last few years are only a dramatic instance of a process of destruction that has been going on for many generations, thanks to exploitation and greed. Let's carry this process to its logical conclusion and face facts as squarely as possible. According to statistics, we have less than 100 years of virile national existence remaining unless drastic soil conservation practices are pursued and sound agricultural practices are put into operation. After that, we shall face a steadily declining standard of living, as China has.

In our greed to gain and eagerness to develop our country, we have put to the plow great areas that are unsuitable for cultivation. We have cut down forests without due consideration of their value as a factor of protection to our agriculture. We are, in fact, robbing our soil which is the ultimate basis of our national well being.

History teaches that no country in the past has enjoyed prosperity for more than a few centuries where climatic conditions are as we find them here. Does this mean anything?

If we are to do better than other countries have done under parallel conditions we will have to take hold of this problem of soil wastage and find an all-time plan for combating it.

We spend billions of dollars for war preparation to protect our country from the enemy, and we have developed an industrial system not equalled by any other country for its efficiency; but all this will be meaningless if we allow this continued destruction of our land, which is as we know, the source of our well being.

SAFEGUARDING EASY MONEY

Every Texan who plans to purchase securities of any kind should ascertain before making the purchase, whether the seller is registered and licensed by the state department, Secretary of State Gerald C. Mann asserts in discussing the provisions of the new Texas law designed to put a stop to the sale of worthless securities. Under this law stocks, bonds, certificates of interest in oil and gas properties, and various other forms of paper supposed to represent value, are defined as securities.

Hundreds of thousands of dollars have been taken away from Texans in recent years through mail fraud promotions and the smooth talk of salesmen who knew their wares were worthless.

Quack medicines and bogus stocks are still the best sellers with the gullible, according to Karl A. Crowley, in charge of the federal government's efforts to prevent mail frauds, who says cure-alls and get-rich-quick stocks are the most attractive bait to lure dollars from stocks and savings banks.

There are no new swindles, Crowley says; just variations of old rackets. These rackets have been worked so long and so thoroughly that suckers should refuse to bite, "they always come back" is the slogan of the mail fraud promoters.

The government statistics place Texas at the top of the list of states contributing most liberally to stock swindlers, who are the only ones who ever get rich out of the quick turnover schemes, which they promote.

During the past year, government officials point out, more than 100 mail fraud promoters were arrested and prosecuted in Texas. All but two of them went to prison.

With the federal agents diligently seeking to prevent mail frauds, and state officials enforcing the new blue sky law, the "pickings" in Texas should be much less lucrative. —Texarkana Gazette.

The idea of woman's superiority fall by the wayside when one considers the prerogatives that many of them get.

LIBRARY NOTES

(By Mrs. C. A. Burton)

We learn from the daily press that Luigi Pirandello, the Italian playwright about whom we have heard so much lately and who came to the United States in July, has abandoned his plan to go to Hollywood to write for the screen and sailed for Italy this week. The Italo-Ethiopian conflict was given as the cause of his change of plans. He said he felt that in a moment as grave as this he could not be away from home.

Barry Benefield, who was formerly a member of the reporter staff of the Dallas News, is another Texan who has made good in New York as a writer. He is connected with the firm of Reynal and Hitchcock, publishers, and he says that this position demands that he do some outside writing. The result is a new novel to be published this month under the title, "Valiant is the Word for Carro." We have two of Barry Benefield's books on our shelves, "The Chicken Wagon Family" and "Bugles in the Night." Both of them have a partial Texas setting.

Alan Lomax, the 20-year-old son of John A. Lomax and co-editor with his father of "American Ballads and Folk Songs" has just completed a ballad-hunting trip. Mr. Lomax accompanied by Mary Elizabeth Barnicle, whose courses in Ballads at New York University are popular, and equipped with a recording machine, traveled first to Georgia; spent a fortnight on one of the coast islands, then to Miami and on to Nassau. From there they took a sailboat with a negro captain and a negro crew to the island of Andras; returning to Nassau, they held daily gatherings of singers and story tellers. From these they made about 200 records of the best stories and songs. From this it is easy to see that this trip will bring a valuable contribution to the ballads and folk-songs of our country.

Hervey Allen has recently spent some time traveling around in the Cherry Valley country collecting material for a new novel which he plans to publish on June 26, 1937. This is the anniversary of the publication of his great success, "Anthony Adverse," which has reached the 500,000 mark. In celebration of this fact the price has been reduced to \$2. For a long while our waiting list on this book has been so long that it was difficult to get the book. The Book Club gave us an extra copy, and our readers may now enjoy it more easily.

The A. A. Milne books have also been reduced in price—four of them. Since the publication of his "When We Were Very Young" in 1924, his books have sold more than 2,000,000 copies. We have only one of them, "Two People."

Sinclair Lewis will have published a new novel during this month. This will be his first since his rather sensational best seller, "Work of Art." Mr. Lewis has been working on the new book steadily all this year. Its title is "It Can't Happen Here." We have practically all of Sinclair Lewis' books.

The Italo-Ethiopian situation is bringing the usual influx of books dealing with conditions. Among these is a booklet issued by the Royal Institute of International Affairs entitled "Abyssinia and Italy." It is said to be a condensed statement of all information necessary to an understanding of the present crisis. We note also that Patrick

MRS. CHUNN LEAVES FOR DALLAS MONDAY

Mrs. R. A. Chunn, accompanied by Miss Danny Chunn, left this city Monday evening for Dallas where the former will receive medical attention.

While in Dallas, Mrs. Chunn and Miss Chunn will reside in the home of W. E. Chunn. It was reported that at the date of Mrs. Chunn's departure from this city, the state of her health was not favorable.

FORMER PLAINSMAN HERE TO ATTEND FUNERAL

Among those attending the funeral of J. L. Newman, Saturday was a brother-in-law, W. S. McCall of Oklahoma City, who paid The News office a visit, and while here recalled days when Clarendon was only a spot on the bald prairie.

Mr. McCall, a member of the Oklahoma City police force, worked years ago on the Matador Ranch, and last visited Clarendon while driving a herd of cattle through here in 1902.

All King County is in earnest about conserving feed in trench silos. A barbecue followed the demonstration silo filling on the Martin Ranch and after that a farm-to-farm canvass of the county was planned to sell the idea.

Balfour, author of "Grand Tour" has gone to Abyssinia to report the situation for the English press.

Mary Roberts Rinehart, while at her summer home in Maine, finished the first draft of a new novel which she calls "The Doctor."

Our copy of Gene Stratton Porter's splendid story, "Keeper of the Bees," has been much in demand this week since the announcement that the show would be here. All lovers of good literature are pleased at the number of worthwhile books being filmed. Katherine Hepburn is helping to make interesting the character of "Bobby" in the most appealing of all of James Barrie's books, "The Little Minister." This is one of the prescribed readings in high school English, and we are glad to be able to have it for our readers. Another one of our books is David Belasco's greatest stage success, "The Return of Peter Grimm." This was filmed many years ago for the silent screen, and has been made into a picture again. In the new production Lionel Barrymore is cast as the dominating Peter, Helen Mack appears as Catherine, James Bush is the secretary, and Edward Ellis portrays Doctor Mac Pherson.

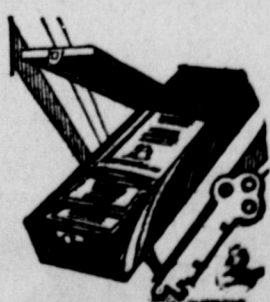

We were grateful for the donation of a number of worth while books by Mr. Richie of the WA Ranch within the last few days. All such remembrances by our friends help us to maintain our service to the reading public during these times of financial stringency.

Swapping eight acres of red top cane for 16 acres of the same sounds like a poor bargain for somebody. But it isn't if the exchange is made between the feed stacks dry and that put up in trench silos. Mr. Horace Bryant of the Martin Ranch in King County accomplished the "swap" in August by filling a trench silo.

CHURCHES

At The First Baptist Church

THERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE

"Let us go on" were the words of the Apostle Paul to a great church in the New Testament. Would that not be a good slogan for any church? Enlarge the place of thy tent, and let them stretch forth the curtains of thine habitations; spare not, lengthen thy cords, and strengthen thy stakes, were the words of the greatest prophet of all time. That is the spirit which has, and ought to characterize Christianity until Christ comes again. If I can read the signs of the time or interpret the spirit of the age, the churches and their leaders, stand at the crisis of the world's religious history. Christianity can no longer consent to be on the defensive. We must assume an aggressive offensive in the propagation of our faith or be overwhelmed with the magnitude of our task and lost in the maze of imaginary difficulties. Let us go on. Let us wake up, sing up, preach up, pray up, pay up, stay up, and never give up, or let up, or back up, or shut up until the cause of Christ in this community and the world is built up. Let us go on.

CASE

Labor Can Be Saved Because—

The Case "CC" General Purpose Tractor is the one and only tractor for the economical farmer. There are lots of reasons for this, outstanding among the several reasons is that—

One man accomplishes more per day thus—

1. Reducing the amount and cost of labor per acre.
2. Eliminating the cost and annoyance of hiring unnecessary labor and
3. Leveling off peak labor loads during the year.

Tractor operation is easier and more enjoyable because—

1. It is less tiring and the
2. Tractor requires no long hours of care before and after the day's work.

Therefore when it is all summed up the economical farmer actually saves money when he becomes the owner of the Case "CC" General Purpose Tractor.

CAMPUS DIRT

We have been trying all this week to find someone who can tell us why Jack Hayes mumbles to himself all of the time. We just wonder if he cannot find some one who will listen.

At the buffet supper given by Mary Frances and Norris Dewey Sunday night, Robert Nichols thought the appetizers were so good that he ate them all through the meal and when he left he was still eating them and had a few in his pocket for further use.

Avis Lee McElvany, Tillie Pratt, and Willard Skelton celebrated their birthdays last week. Several of Tillie's friends surprised her at her home Monday night, and the evening was spent in dancing. She had a big pink and white birthday cake with candles and everything. It proved quite confusing when the symbols found in the cake were revealed: Within a year, Willard Hudson is to be married, Sam Barrow is to be engaged, and Tillie is to go on a wedding trip; so what?

The Palo Durans proved that they were very good managers when they initiated the new members by having them wear signs, "all donations appreciated." In addition to six hot tamales and four grapes they received nearly three dollars.

What is this we hear about the Alpha Deltas inviting the seniors into their society? Wasn't it just last year that the Alpha Deltas slung so much mud at the Palo Duro Society for doing this very thing?

Vivian Taylor requests us to announce that she is desperately in love with a very dear teacher. Won't he please do something about it?

Jamesie Bartlett has been decidedly restless in most of his classes this past week. He has had a rather too obvious tendency to sharpen his pencil or to go to the blackboard. We just wonder if this could be caused by those falls he sustained at the skating rink.

You really missed something when you missed seeing Ardis do his cave man dance with Rosalie Grady at the dance given by Nellie and Rosalie after the game Friday.

Eloise Hill and Dorothy Powell went to Amarillo last Friday to attend the piano concert there.

Rosalyn Bass gave a hen-party last week in honor of Villa Barker who celebrated her 18th birthday. Everyone had a grand time.

The football game this last week should have proved that night games will net larger gate receipts. The Bronchos did mighty fine even if they were defeated. Strawn showed some quick thinking and excellent playing.

Love from the Corner Cleaners.

PEP SQUAD STUNTS AT GAME FRIDAY UNUSUAL

The large crowd at the Shamrock game last Friday not only saw an exciting if disappointing football game, but they also saw two of the most perfectly executed pep squad stunts that have been seen on the local field in the past few years.

The girls in the Shamrock squad were very striking in their solid white uniforms as they marched in perfect step to the middle of the field. They formed a large "C" and an "S", both times kneeling one by one in the popular "falling dominoes" style.

The Broncho pep squad, in maroon skirts and sweaters, marched to the center of the field where they formed a single-file line. From this position they formed in rather intricate pivot formations giving an unusual effect. Then the, too, formed a "C" and an "S", each girl holding a flashlight covered with red paper for Clarendon, and green for Shamrock. This stunt showed up nicely on the semi-darkened field.

After the game, the two football teams and pep squads were invited by Edna Thomas to a dance at the Bugbee house where dancing to radio music was enjoyed by all.

Mrs. Bryan Dawkins and daughter, Joan, and Mrs. Inez Austin spent Tuesday in Amarillo.

PEEK-A-BOO

By PEEK

Take it from Peek that using too much energy is not good for the constitution or the disposition either. Last week the column was turned in on Monday and lost. But some things are better off lost, and besides such things will happen.

Miss Hall has shown a decided preference for blue—looks nice, too. Lalar Belle Wilkerson reminds Peek of fragile old China. The next time two attractive girls go to colored preachin' they should take something larger than a small bag to hide their faces behind. Of course, since Jimmy Lee and Anna Moores are good friends of mine, I would not tell on them.

And speaking of Anna Moores, Peek happens to know the best place one can find for planning parties is at church. Why not

A TO Z

What was termed as the largest crowd ever at a football game in Clarendon, watched the Shamrock Irishmen take the Bronchos for a ride to the tune of 26-0. This was the first game played under the new floodlights and it was perfect football weather, but the Bronchos just couldn't click for some reason or another. In picking my stars for the game, I would say McIntyre for Shamrock, and Strawn for Clarendon were most outstanding. Of course some of you may differ from me. McIntyre's smooth running reminded F. Holtzclaw and R. Turnbow of how they had seen him and three of his team mates place 4th in the state high school track meet at Austin last spring in the mile relay. Let's hope we have better luck against the strong Groom team Friday night; I'd hate to lose another chocolate soda.

At last a college team has been organized and furthermore three games have been scheduled. Coach Hazelwood and Mr. Drennan have hopes of turning out a fairly good team this year as they have a good many of last year's Broncho players on the Bulldog team. Let's all back them as well as the Bronchos.

"Uncle Walt" Gorman has started to college, and he is on the Bulldog team. It's funny to hear a certain individual gripe who sits next to the Robinson boy on the Midway bus because "Fat" takes up so much room.

Someone said that Velma Morgan had gone to eating the tin off her lipstick; why, Velma.

Heard and seen at the last football game: Miss Headrick sighing, Sarah Virginia squealing in Harold's ears, and he gritting his teeth. Jack Reeves saying terrible things about McIntyre. A big fat man stumping his toe and nearly falling as someone made a touchdown. A. Z. Bones.

Bulldog Games Are Scheduled

The college football boys have been coming out regularly during the past week and the new team is rapidly getting in shape for its first game. There will probably not be a game this Saturday, but three games have been scheduled for later dates. The Bulldogs will play Wayland College at Plainview on October 19th, and Price Memorial College here November 2nd. They will play another game with Price Memorial at Amarillo on November 16.

DATE OF COLLEGE PLAY CHANGED TO NEXT WEEK

The one-act play and miscellaneous program which was announced for today in last week's Broncho Range, has been postponed until next Thursday, October 17. It will definitely be presented at that time, and it is hoped that everyone will be there both to enjoy the unusually good program and also help the college athletic fund. The curtain will rise at 7:30 sharp in the college auditorium.

IRISHMEN DOWN BRONCHOS 25-0

The least that is said about football this week, the better everyone will like it. For some reason no one wishes to discuss Friday night's game. The only conceivable reason for this is Shamrock's victory over the Bronchos by a score of 25 to 0. From all appearances the Amarillo Sandies are headed for another successful year. They trimmed the champions of Oklahoma in grand style to uphold the

try it sometime, Frances and Anna. The lovely Fowler attended church with her mother Sunday. Dorothy Phelps knew that the best way to attract attention to her new coat was to go to church with her brother. Good publicity stunt, Dorothy.

Peek was very surprised to learn that Mr. Stult's smiles are very rare, and very nice ones, too. But if they were less rare, would they be less valuable?

Does Pauline Carlile always look dreary? Good Peekin' till next week.

PALO DURO

Last Wednesday night at 7:30 the Palo Duro Literary Society met in the dormitory for the purpose of initiating new members. Each of the new members was given an individual initiation, while the others enjoyed the facial expressions of the victims. These stunts were of various natures, ranging from a rotten egg stunt which made use of one of the evil-smelling gases from the chemistry laboratory to the unpleasant and slightly embarrassing task of washing a fellow victim's feet. There was then a stunt in which all of the new members participated, after which the pledges were given a slip of paper with instructions for the next day.

On Thursday during the noon hour the neophytes met on the campus to carry out these directions and finish their initiations. Rosalyn Bass and Cynthia Mae Eller were found to be dressed as beggars. Rosalyn played her guitar and sang while Cynthia Mae passed her tin cup. Lowell LaFon was seen trying to sell old papers, but without much result, while Jimmie Lee Cole and Helen Louise Green stood at the entrance to the school building with their shoe-shining equipment. They advertised free shins, but all donations were accepted. After school, the chumps were required to go to main street where they continued their antics for nearly an hour. When it was learned that they had made more than two dollars for the society, the initiations were declared to be over, and the new members hurriedly left the streets.

Seniors Discuss Class Pictures

The senior class held a meeting Tuesday, October 8th, at noon to discuss plans for the class pictures. Mr. Alderson gave the prices and sizes, and also described the way in which the large group picture will appear. Each student will receive a small group picture with his order. The large picture will be in maroon and white, and will have the class motto, colors, and flower inside the large "C". It has not yet been decided whether a picture of a Broncho is to be placed on the picture or not.

Rev. McKee Makes Assembly Talk

Rev. R. S. McKee, pastor of the First Presbyterian Church, delivered an interesting talk to the student body at the regular assembly Thursday afternoon, October 3.

Local students have learned in previous assemblies that Rev. McKee so presents the exposition of a thought that they will find it recurring at frequent intervals. Reading from Aurelius, the speaker showed how that philosopher's experience will, in all likelihood, be the experience of pupils today. Students may, and do, forget much of the subject matter they are required to learn in school. But the manner in which material is taught by one whose character is forceful and whose work is done well will make a lasting impression. Living personalities make a deeper imprint than cold facts.

ALPHA DELTA PSI

The Alpha Delta Psi Literary Society met last Thursday evening at 7:45 in the basement of the girl's dormitory for their weekly meeting. Mr. Allison, who has accepted the position as sponsor of the society, made a splendid talk concerning what the society has done in the past and what it should do in the future. (Continued from Page Eight)

JUNIOR HIGH AND SOUTH WARD NEWS

It seems as though the Indians are quite popular in the second grade. Miss Stephen's room is hard at work in Indian handicraft. They have made a number of nice things, and have proved themselves very good artists. Miss Cross has been using sentences in English pertaining to the Indians.

Miss Mongole and Mrs. Prewitt's rooms have been making a permanent collection of butterflies, securing those that don't migrate. In Miss Mongole's room the girls brought their dolls and had a regular baby show. The junior high girls and boys are practicing basket ball, and we hope to have an excellent team. Everyone is in a deep study; of course you know why, six week's exams!

IRISHMEN DOWN—

tradition of no defeats on Butler Field.

The Groom game, October 11 should prove to be very interesting. Should there be as large a crowd as last Friday, payments on the lights will no longer be a worry. Let's all help the Bronchos win.

ALPHA DELTA—
(Continued from Page One)

The society wishes to express its appreciation of Mr. Allison's taking the responsibilities of sponsor. If the group will take advantage of his leadership, they can accomplish much during the year. The society wishes to state again that any and all high school seniors are cordially invited to join this society.

Because of lengthy business matters, there was no formal program. A membership committee was appointed with Robert Nichols as chairman. Other members of this committee were Elery Watson, Mary Frances Powell, Wilma Dee Smith, Nellie Grady, and Jack Hayes. Another committee on social affairs was appointed to make plans for a social some time in the immediate future. The purpose of this social is to welcome the new members of the society and any other persons contemplating becoming members. The society has decided to study the works of contemporary writers for a series of meetings. After completion of the business of the society, the meeting adjourned. Some of the members remained to play games for a short time.

Styles In The Local Schools

Miss Parten, Eugenia Noland, Beatrice Garmon, and a number of others are featuring "It's Just the Accent on Feet" this year. Miss Parten and Eugenia have been seen wearing blue cut-out sandals with beautiful matching navy blue hose. Beatrice has been sporting smart collegiate oxfords of brown suede with large gay flaps adorning them.

Ruby Lee Mason, wise and woman-like, knows how to set off her "best points." She exhibits a geranium red silk blouse which makes her naturally yellow blonde hair look very beautiful indeed.

Speaking of blouses, Dorothy Kerbow shows us, for the benefit of style and simplicity, a neat little gray checked blouse with a large pleated bow at the neck.

One of our most popular freshmen in college this year wears a charming blue silk crepe dress, pleasingly sheered at the neck at both front and back and tied at the belt and neck with a blue grosgrain ribbon for a slight tailored effect on this otherwise feminine garment. This same freshman, Dorothy Phelps, I believe, has a delightfully youthful brown coat trimmed in brown raccoon fur. This, with her jaunty little brown hat, makes Dorothy one of the most envied girls in school.

Callie Walters is featuring this week the newest business woman's creation, a severely tailored grey sport coat.

Personalities On Ashtola Bus

(Editor's Note: Two weeks ago we asked for contributions from the various school buses, and this article was turned in this week from Ashtola. We hope students on the other buses will follow suit.)

It is a great mystery why H. W. is always so anxious to get to the Ashtola school building every morning and afternoon. Can this unusual "Patty" be the reason?

Since M. L. Baker is so determined to join the Marine Band, here's hoping he's successful.

It has been learned that: Tendam Gregg, the driver, is not so conceited as he is handsome. Norris Dewey's air-minded ways seem to be attracting Clarendon girls. Dub Tomlinson must be complimented on his faithfulness to Christine. Cookie is expected to become a famous football hero. Keith Swinburne is the boy out of the whole school who is sure to be a success in life. Robert Graham is noted for his wise-cracks. These unusually friendly girls, Alma Gregg and Willa Poovey, seem to have a hard time solving their heart troubles. Does the fact that Vera is tiny make her so intelligent in her subjects? Is it her love for "specks" or a well-wheeled car that keeps Athlyn Drennan in school? Mary Lois deserves to receive honorable mention for her loyalty to football boys. She never misses a pep squad meeting. Let us all hope that Marvin Baker will not be killed until he outgrows the habit of driving so recklessly. Mary Graham says she will learn English if she has to outlive the English language. Wilma Lee Brown is perhaps the most studious of all.

Irishmen Trounce— (Continued from Page One)

The second period went scoreless with the ball see-sawing back and forth in midfield. Clarendon tried three passes, one of which was complete. Cornell to Martin, for 10 yards.

Shamrock's third score came early in the third quarter after Shamrock had received the ball on their own 31-yard line on one of Cornell's many long punts, two plays by Wells and McIntyre advanced the ball to the Irish 40-yard line and McIntyre went around end for the counter. Rook failed to kick goal.

Immediately after receiving the ball on the Shamrock 49-yard line McIntyre again outran the entire Clarendon team for the last touchdown of the game. Rook's try for point again failed.

Cornell, Strawn and Noble stood out in the Broncho backfield while Easterling was the star of their forward wall, throwing Irish backs for loss after loss. The Bronchos, an inexperienced and light outfit, exhibited a brand of fight that won the commendation of Irish fans as well as the Clarendon ones. Not once did they let up in their game, if losing fight, until the final whistle.

Ursey and Schoonover perhaps turned in the best line work. McIntyre, handicapped by a head-gear to protect a broken nose, turned in spectacular runs, while Wells, playing safety, did the best job of punt returning that has been witnessed on this Clarendon field in many a day. So effective were his returns in the

first half that Cornell received instructions to kick out of bounds during the last two periods. Mills also turned in a good game.

An unusual feature of the game was the fact that only two penalties were imposed during the contest, both against Shamrock, one for 15 yards and the other for 5.

A complete play by play description of the game will be found on another page of this issue.

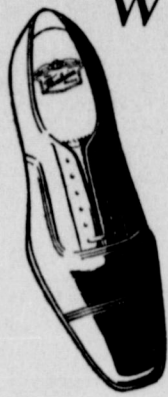

Mrs. Kate Cunningham of Amarillo is visiting this week with Mrs. J. S. Fowler.

Miss Marcelle Dickson of Memphis is visiting Mrs. A. W. Hicks.

Mrs. C. Gilliam and Gordon Gilliam of Memphis visited Saturday with Mrs. W. C. Stewart.

Mesdames Buel Sanford, Will Johnson, Eva Atterbury and Miss Pauline Atterberry spent Monday in Amarillo.
