Thirty-One Entries To-date In Bathing Beauty Contest

According to the Lions Club Bathing Beauty contest committee, thirty-one merchants have agreed to sponsor a contestant in the contest to be held at the Pastime Theatre Friday night, May 24th.

Only 19 of the firms have selected the young lady to represent their firm to date but the remainder are expected to have their contestant selected by the end of this week, and all who have not selected their contestant are urged by the committee to have their selection made by Saturday of this week if possible.

The winner of the local contest will receive a \$25 cash award in addition to being taken to Vernon by plane to enter the contest there. The winner of second place will receive \$10 and the third place winner will be awarded \$5.

There will be three judges for the show and they are being selected from a distant town and their names are to be held confidential until after the contest is over; thereby allowing a fair and unbiased contest where no partiality could be shown in any way.

Mr. Bell, manager of the Mulkey and Pastime theatres, has secured a picture to be shown along with the event and the feature picture will start at 8 p. m. with the contest following the first showing and then another run of the feature picture afterwards.

All the proceeds from the contest above expenses will go into the community center fund. If the winner of our show here should win first place at Vernon, she would receive \$500 cash or a trip to Hollywood with all expenses paid.

Revised Payment Rates On Dairy Production

The Department has announced an increase in the payment rates for May and June 1946 over those paid in May and June 1945. The rates for May and June will be 15 cents per pound for butterfat and 55 cents per hundred weight for whole milk instead of ten cents and 35 cents announced recently. These rates are still subject to termination or revision in the event of any general increase in price ceilings for milk and its products.

Olin Bain Leases Holland Bros. Station

Olin Bain, Phillips 66 agent here for the past three years, has leased the Holland Bros. Service station and storage section of the Holland Bros. building and will continue to feature Phillips 66 products there along with such accessories as he has handled in the past.

Mr. Bain will retail the Phillips products as Holland Bros. are now jobbers for the Phillips Petroleum Co.

Mr. Bain invites all his friends to visit him at his new location, and for further details on his business change, read his advertisement in this issue of the Leader.

QUICK ACTION ON PART OF FIRE DEPARTMENT AVERTS LARGE FIRE

Quick action by the local fire department averted a possible large fire damage about 11:00 o'clock this morning when they answered a call at the Shamburger Lumber Co. where a barrel of turpentine had exploded (cause unknown) and set the small carpenter shed on fire that is located in the middle of the yard.

The fire was put out in only a few minutes and the damage to the building was very little. Should there have been much delay, the entire yard could have caught and spread the fire to the upper end of the main street business section as the wind was blowing out of the south.

We wish to commend the fire department on doing such a fine job.

HOLLAND BROS. ARE NEW JOBBERS FOR PHILLIPS PETROLEUM CO.

It was announced this week by representatives of the Phillips Petroleum Co. that Holland Bros. were now the wholesale jobbers for Phillips Products in Clarendon and vicinity.

The Holland Bros., Joe and Lee, have been jobbers for the Magnolia Petroleum Co. for many years along with their automobile and service station business. After leasing their service station to Olin Bain, they plan to center their efforts on the above mentioned and highly recommend the Phillips products to their old customers and new alike. Their offices are located in the building formerly owned and occupied by Vada Carpenter and recently purchased by Holland Bros.

James Patman has returned to his home at Hume, Missouri after visiting his parents, Mr. and Mrs. J. T. Patman.

Maroons Defeat Whites Monday In Inter-Squad Game

As a climax to the annual spring football training, Coach Naylor divided his boys into two groups for an inter-squad game and the Maroons came out as the victors with a score of 12-0. Geo. Bulman went around left end for the first tally and Squeaky Davis skirted left end late in the game for the next and final score. Extra points were missed each time.

The game was a full regulation game with four quarters packed with fast moving plays that were confined to the middle of the field most of the game. Good blocking was evident on both teams and all of the boys made a mighty fine showing, for themselves.

Both teams were comprised of boys who will make up the Broncho team this fall and there were eleven boys who have had no game experience before that played on the two teams Monday night.

If nothing happens to injure any of the boys by next fall, the Bronchos' opponents are likely to feel a very pressing opposition in every game and don't be surprised if the Bronchos end up in the top bracket.

BILLIE JEAN KNOX AWARDED HONORABLE MENTION IN CONTEST

Billie Jean Knox, a student at Clarendon Junior College, has been awarded honorable mention for her paper on "Texas Folk-Lore" entered in the 1946 Louis Wiltz Kemp Essay Contest sponsored by the Texas State Historical Association.

The Kemp Contests were started in 1945 for the purpose of stimulating research and writing in the field of Texas history and culture. They are financed by contributions from Honorable Harry Pennington of San Antonio and any Texas undergraduate college student is eligible to enter.

Graduation Programs To Be Held Next Week

10% of Farms In The County To Be Spot Checked

The County Office spot check will cover a minimum of 10% of the participating farms in the county selected at random. In addition to the minimum random samples the farm of each county and community committeeman will be spot checked. Additional spot checks will be carried out on any farms where there is doubt concerning the accuracy of the performance report.

May 15th Closing Date For Reporting Small Grain Cover Crop Practice

All Donley County Producers who have carried out the practice of establishing a satisfactory cover of small grain (except wheat) seeded in the fall of 1945 and the growth not harvested for grain or hay should report this practice to the county AAA Office not later than May 15th. Prior approvals were granted on Forms 30. These Forms must be brought back to the office when the report is made.

BAKE SALE TO BE HELD SATURDAY, MAY 11

Members of the Mothers Club are sponsoring a Food Sale to be held at the Clarendon Furniture Store beginning at 9:30 Saturday morning.

Instead of having to bake that pie or cake for Mother's Day dinner, come down and see what the ladies have. Among the items for sale will be cookies, pies and cakes, and perhaps a few dressed fryers.

SHOWER MONDAY AFTERNOON NETS .28 INCH MOISTURE

Every little bit helps and the moisture falling Monday afternoon boosted our total rainfall another .28 inch according to the measurement at the local airport.

The shower was scattered over the county with some sections receiving more than others. We still need quite a bit more to assure a better under ground seasoning, but there is sufficient amount at the present time for the spring planting and from the looks of the farmers' fields there is plenty of that going on at the present time.

Let it come. We can use more of it even if we don't like the lightning that usually accompanies it this time of year.

Young Grasshoppers Appearing In Parts Of County

Reports from over the county indicate that in some sections grasshoppers are beginning to hatch out in large numbers. This report has been given to county agent H. M. Breedlove by the farmers of the various communities.

Breedlove has contacted Mr. Cameron Siddall, entomologist for the Texas A&M College Extension Service requesting that poison be sent to Donley county so that we will have a safeguard ready in case the infestation should become serious. If the outbreak does become serious, poison mixing plants will be set up throughout the county for the convenience of the farmers.

Farmers in the county should be on the look out for any signs of hopper hatching and report same to the county agent.

Another school year is nearing an ending. Final examinations began Wednesday and scores of students in the local schools will rejoice next week when they wind up another year's work and look forward to a long, joyous summer vacation.

The Baccalaureate Sermon will be the first program to be held for the graduating classes. It will be delivered Sunday night, May 12th at 8:30 p. m. by Rev. Charles B. Robinson, pastor of the Presbyterian church.

The Baccalaureate program is as follows:

- Processional — Mrs. Rayburn Smith.
- Invocation—Rev. H. W. Hanks.
- Announcements—Supt. H. T. Burton.
- Song by Methodist Choir.
- Special number.
- Sermon by Rev. Charles B. Robinson.
- Song by Choir.
- Benediction—Rev. H. W. Hanks.
- Recessional — Mrs. Rayburn Smith.

Commencement exercises for the Clarendon Jr. College will be held on Thursday night, May 16, at 8:30 p. m. in the college auditorium. Mr. W. S. (Wes) Izzard of Amarillo will be the speaker. Mr. Izzard is widely known in this section of the country and will be enjoyed by all who go to hear him speak.

The Jr. High School exercises will be held Friday morning, May 17, at 10 a. m. in the Jr. High Auditorium. Mr. Drennan will give a short talk and the graduating class is preparing its own program.

The Senior High School graduating class will have its exercises Friday night, May 17, at 8:30. The class is preparing its own program instead of having a speaker. This will be the last program in connection with the termination of the current school year.

BOY SCOUTS RECEIVE CHARTER IN IMPRESSIVE CEREMONY

The local Boy Scout Troop, No. 37 as designated in its new charter, received that document Tuesday evening at the City Park in a most impressive ceremony. The meeting time was actually the regular meeting time of the American Legion, but the entire program was devoted to the presentation of the Boy Scout Charter to the troop here.

Hugo Olson, Scout executive for the Adobe Walls Council with offices in Pampa, was to make the presentation, but he was unable to attend. Mr. W. B. Weathered, President of the Council, came in his place, however, and addressed the troop with emphasis on the meaning of scouting and its great importance. He, in turn, put the ceremony in charge of the scoutmaster of Troop No. 80 at Pampa, Mr. Galman. Mr. Galman very interestingly carried out the procedure of the ceremony associated with the presentation of a troop charter, and gave the boys more pointers on scouting, including the significance of the Scout Oath and Scout Law. When he finished, he called on the Scoutmaster of the troop, Rev. Charley Robinson, to present the tenderfoot badges to his boys.

Immediately after the program, everyone joined in taking advantage of delicious refreshments of hotdogs and cold drinks, paid for and served by the troop committee for the boys' pleasure. There were weiners and buns galore left after everyone who attended the program ate their fill, so the freshmen were invited from their dance in the gymnasium to come down and help themselves. This they did. Everybody had a good time—and many a hotdog met its fate.

The many friends of Mrs. Clyde Hudson will be glad to hear that she is just doing fine after an operation at the Witt & London Clinic at Groom last week.

CLARENDON HIGH SCHOOL RETAINED ON SOUTHERN ASSOCIATION LIST

Supt. H. T. Burton is in receipt of a letter from Gordon Worley of the State Department of Education stating that Clarendon High School was retained on the Southern Association list for another year without any warning whatsoever. This means that Clarendon High School meets the standards as to quality of work done, and also teachers with degrees.

Clarendon High School has been a member of this organization since 1928. There are 273 high schools in Texas that are members of this organization.

Quail Ball Club Defeats Local Nine, 13-4

Quail defeated Clarendon last Sunday afternoon by a score of 13-4. However, it was a good game. The loss was due to the lack of hitting in pinches and some costly errors on the infield. Roy Blackman pitched a good game but any pitcher needs backing. Our boys go to Vernon next Sunday. Anyone who wants to go and can take four or five players is asked to do so. Bill Adams states that he would like for several to volunteer to take cars and ball players, and contact him to let him know about it. All players are asked to meet him at the Bumper to Bumper Service Station Sunday morning at 10:30, from whence they will leave for Vernon where the next scheduled game is to take place.

The starting line-up for the coming game with Vernon is indefinite, but Adams states that there will be some changes made.

Why Is Mother's Day?

Today's world-wide observance of Mother's Day had a modest beginning. The first Mother's Day celebrated resulted from the inspiration of Anna Jarvis of Philadelphia, who felt that one day a year should be set aside as a tribute to her mother. She incorporated this idea into the church she attended. Plans were made to hold special services dedicated to the mothers on the second Sunday of May, 1907 --- and everyone was asked to wear a white carnation in honor of his or her mother. The following year every church in Philadelphia held special services.

It is unlikely that Anna Jarvis, herself, dared dream of the far-reaching influence of Mother's Day. The idea caught on and spread like wild-fire. By 1911, every state in the union, Canada, South America, China and many other countries had adopted the custom. In 1912 an International Mother's Day council was formed --- the custom of wearing a white carnation was modified. In 1914 Congress asked the President to issue a proclamation designating the second Sunday in May as a national Mother's Day.

Remember your Mother this Sunday. Do one or more of these 6 things: Visit your mother; Write her a letter; Send her a wire; Send her a gift; Telephone her; Send her flowers. Above all remember your mother, this Sunday May 12th. She will be thinking of you!

Clarendon F.F.A. Wins Top Honors In District Encampment

ATTEND GIRL SCOUT MEETING AT CHILDRESS SATURDAY, MAY 4

Those attending the Girl Scout training meeting for leaders and troop committee leaders at Childress last Saturday were Mesdames C. B. Morris, W. A. Riney, Rolle Brumley, Bill Bentley, Geo. Darden and Bert Smith. A camp fire stew was cooked and served with other lunches at the beautiful Childress park. The ladies reported a very enjoyable trip.

Plans For July 4th Celebration Progressing

Plans are progressing nicely at this time toward the annual July 3rd and 4th celebration which is to be held again this year and co-sponsored by the Lions Club and the Roping Club.

The committee in charge has already contracted for the stock to be supplied and the building of new rodeo pens was scheduled to start this morning at the ball park. The pens are to be arranged differently with a more convenient arrangement in order to work the rodeo off much faster than in previous years.

Those in charge propose to make this the biggest celebration ever held here yet, and the proceeds, above expenses, will go into the community center fund.

Members of the Clarendon Future Farmer Chapter were awarded top honors in both leadership and athletic contests at the Green Belt F.F.A. District Encampment held at Childress May 3rd and 4th. Childress, Quail, Samnorwood, Wellington, Estelina, Lakeview, Turkey, Clarendon and Quitaque competed in the various events held.

In the leadership division of the contest composed of opening and closing ceremony, initiation of members ceremony, and parliamentary drill, both the First year and advanced students ranked first. Vernon Goldston with his timely speech on D.D.T. ranked first in public speaking, and the local chapter also rated a first place in News writing. In the athletic events, representatives of the local chapter placed first in tennis, washer pitching, and table tennis, and lost in washer pitching and baseball.

Approximately forty members of the local chapter attended the encampment. The leadership contests were judged by T. L. Leach, assistant Area I supervisor from Lubbock.

As a result of winning top honors in the encampment, the local chapter will receive a major portion of the \$125 awarded the district by the Sears Roebuck Foundation to be used in securing better purebred livestock sires for use of chapter members.

Mr. Frank Hurn from Henrietta who visited his brother, Mr. and Mrs. Joe Hurn the week end, returned home Monday.

LIBRARY NOTES

By Mrs. C. A. Burton

Atlanta has had a Book Fair. Dallas started something last fall in the Southwest, and Atlanta has picked it up for the Southeast. It lasted three days. Governor Ellis Arnall, an incipient author in his own right, opened the meeting. He stated that Georgia's principal exports now are cotton, naval stores, and manuscripts. Listed among the writers at-

tending who had been guests at Dallas were James Street, Jonathan Daniels, Mary Alice Jones, W. E. Woodward, Harnett Kane and Jesse Stuart.

"Tell the Dallas friends we'll never forget that Fair last November, and pass the word along that Atlanta has done a bang-up job, too," chorused authors and publishers. It looks like a new day for books and ideas all over the South.

Religious Book Work is being observed for the fourth year under the auspices of the National

Conference of Christian and Jews. It was on May 10, 1933, that Hitler held his notorious "burning of the books," and the conference chose to have the observance of Religious Book Work coincide with the date of Hitler's futile gesture.

The final book by Ernie Pyle, "Last Chapter," is to be printed this month. It completes the record begun in "Here Is Your War," and "Brave Men."

A book which is attracting unusual attention is "My Three Years With Eisenhower," by Captain Harry C. Butcher, USNR. It is spoken of as one of the memorable books to come out of the war, and General Eisenhower, the man as well as the leader, emerges in a warmly human light—as shown by his naval aide.

Contrasting with this is Ralph Ingersoll's "Top Secret"—in which he portrays, as a civilian, the lives of the leaders—in a way not possible before. And what are "we the people," to believe?

A new book of which we are rather proud is "Robert E. Lee in Texas" by Carl Coke Ristern, the very latest biography of this world famous soldier. The book is the story of this hero of the Southland during the four turbulent years just preceding the Civil War—his life on the lonely outposts on the border, his trials in dealing with the Indians and Mexicans. As Lt. Colonel he was transferred from his position at West Point to Camp Cooper on the Rio Grande. Here he gained experience which stood him in good stead later. When in 1861, he came from the Texas Wilderness to report to Gen. Winfield Scott in Washington, he was prepared to justify Scott's characterization, "America's very best soldier."

Mr. and Mrs. G. R. Grant went to Groom Sunday afternoon to see their daughter Mrs. Clyde Hudson who is in the hospital from an operation. They report her doing fine.

Mr. DeShazo's father and mother of Hedley visited with them last Sunday.

Less Sugar Means More of America's Favorite

Now it can be told. Last September 1st was a red letter day for the Johnnies and Marys all over the nation who had gone ice cream hungry for so long.

According to preliminary reports by the United States Department of Agriculture, the make of ice cream rose from 125 million gallons in the last four months of 1944 to about 181 million gallons in the same

months of 1945. Translated into easily understood terms, that means an increase from a little over five servings per month per person for every individual in the United States in the 1944 period, to nearly eight servings per person in the corresponding months of 1945.

The increase in ice cream manufacturers has probably been accompanied by a decline in the make of sherbets and ices, in the opinion of the Department of Agriculture. Ice cream requires much less sugar in its manufacture than do these other frozen foods, and consequently more gallons of ice cream can be made with the same amount of sugar. Because of its lower sugar content, ice cream contains fewer calories per serving than most ices and sherbets, according to the National Dairy Council. At the same time, ice cream is a superior food, in that it contains all of the constituents of milk.

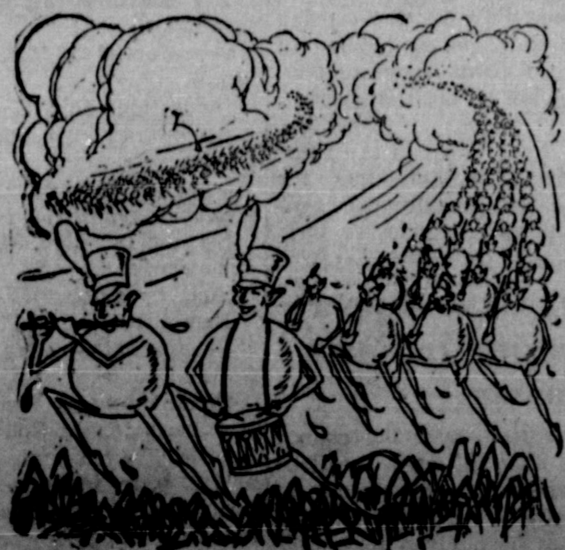

Bill Crawford went to Vernon last week to see Uncle Jay Oller who is ill in a hospital.

Mrs. J. D. Wood and children were dinner guests of Miss Delia Wood Sunday.

Veterans' News

Just before they left the service, most veterans were asked if they wished to file claim for pension for disabilities incurred while in the armed forces. But nobody wanted to linger around the separation center any longer than necessary, so many eligible vets passed up this opportunity. At that time, the precious discharge certificate was the immediate, all-important goal.

But these veterans may still apply for pensions. Even if they once signed a statement saying they did not wish to file a claim, they may do so at any time.

All disability pensions are paid by the Veterans Administration, and not by the army or navy. To file a claim, the veteran should visit the nearest Veterans Administration regional office, or one of the VA contact offices in small towns. Here he will fill out a pension application, which is forwarded to the regional office adjudication division. The Veterans Administration secures the veteran's medical service records, and all the papers go to a rating board. This board studies the case, and decides whether the veteran incurred his disability in service, whether the disability is sufficient to justify a pension award, and how much the pen-

sion shall be.

The amount of pension depends on the extent of the vet's disability. A veteran rated 10 per cent disabled is eligible for a monthly pension of \$11.50, while one rated 100 per cent disabled will receive \$115. In addition, further payments for certain injuries, such as loss of an arm, can boost the veteran's monthly payment as high as \$300. The number of the veteran's dependents has no bearing on the amount of pension.

If the veteran applies for pension within six months after his discharge, he probably will not have to take a physical examination. If the exam is required, VA will notify him when and where it is to be taken.

If he applies within a year after discharge, whatever pension is awarded ordinarily will be made retroactive to the date of his discharge. If he applies later, the pension will begin as of the date he applied.

WORKERS URGED TO SECURE THEIR SOCIAL SECURITY NUMBERS

According to the statement of J. R. Sanderson, manager of the Amarillo Field Office of the Social Security Board, there has been an increase in recent months in the number of employees in this area for whom wages have been reported without a record of the employee's social security number being shown. "No employee," Sanderson said, "can receive credit for wages reported for him until his correct account number is ascertained."

Each employee, therefore, especially if he changes jobs frequently, is urged to see that each employer for whom he works is furnished an exact record of his name and social security number. Failure to furnish the employer this information amounts to the same thing as mailing in a premium on an insurance policy without stating whom the premium is from.

In order to save needless waste of time and expense, all employers are urged to demand that they be furnished a record of the social security number of each new employee before he is placed on the payroll.

Any questions on the Federal Social Insurance program in the Texas Panhandle area should be addressed to the Social Security Board Field Office, Amarillo, Texas.

How do you like your Eggs?
Reddy Kilowatt as a trouble-shooter isn't worrying about your eggs—or whether you want 'em soft boiled, fried, scrambled—or if you like eggs at all.
But he is worrying about keeping your electric service flowing along as usual. If that means eggs for your breakfast, okay then, that's why he's up on a storm-lashed power pole.
And, he'll stay there till he gets your line repaired—in spite of hot wires sputtering around him. In spite of rain... lightning... thunder... and a high wind howling, "Watch out, fella, we're gonna hit it again!"
You don't have to send him a check for his trouble. You won't pay any more on your electric bill—to cover his hard, wet work and the materials he uses. Chances are you'll never know a line went out.
This kind of service is routine stuff for Reddy, and the electric company he works for. Storms—the repairs and cost—are all prepared for and handled in a businesslike way. But it isn't an easy job. Keeping your electric service dependable and cheap is the result of careful planning and sound business management.

THE TEMPLE OF TRUTH
By the Apostle

HISTORICAL.
The present crisis in world history has greatly promoted the fine art of international lying.

MENTAL ABORTION.
A teacher got this note: "Teacher, don't give Johnnie any more home work about if a man can walk to Ashtola in a hour and 23 minutes how long will it take him to walk to Amarillo because his Paw lost a whole day walking trying to help Johnnie with his home work and got back home as mad as the dickens."

MODERN STUFF.
The Sunday school teacher displayed a card before her class

reading: "Did the whale swallow Jonah—will Jonah escape? What will happen? Don't miss next Sunday's thrilling episode!"

IMA FIZZLE SAYS - -
"I tell you I hate the very thought of one man after another making love to me night after night. I will be glad when I have had enough of it."

TASTE TEASER.
Old Hastoon Yazzie has invented a new breakfast food and a slogan to get it over: 'Atomies—They give you a lift.' Every package is dropped from an airplane.

DARK INKY MISSION.
A newspaper is said to have three missions to perform. One is to amuse, another to entertain, and the third is to mislead.

TRUE TO FORM.
Hastoon Yazzie, aged 102 re-

marked today that "I've lived a long time, saw many changes, and I was agin every one of 'em."

MODERN AGE REASONS.
The little girl of six years remarked to her mother: "Mama, as God gives us our daily bread, and Santa Claus brings us the presents, I don't see any use in papa hanging around here."

GARDEN GLANCES
"America beautiful lies in the hands of the gardeners."

Red roses are still the predominating splash of color in many gardens. Take time to drive by the Sam Lowe residence and see the gorgeous roses on the fence, and the profusion of roses nearby in that attractive back yard.

There is also a beautiful red climbing rose at the Allmond back door, and the iris are still one of the attractions in their yard.

The dainty trailing lace vine and the honey suckle vine are flourishing in different gardens. Mrs. Phelps has several on her fence that will soon be covered. And there are various forms of color harmony in her yard south

of the house.
A poppy bed of outstanding beauty now is that of Mrs. Van Eaton, which is almost hidden from view by the fence. Plant some seed on top of the snow this winter, and you too can look forward to blossoms next year.

The huge and numerous mock rouge bushes, that are to be seen in the Van Kennedy yard, will inspire anyone to grow at least one bush.

An interesting and well arranged vegetable garden such as the June Taylor's have, and the neatness of the large yard, will entice one to drive by often and watch its progress.

COVERED DISH DINNER

The Local Chapter of Eastern Stars entertained with a covered dish dinner and handkerchief shower for three of the officers who are moving away. Those being honored were Mrs. Jane Bownds, Associate Matron, who is moving to Ft. Worth; Miss Ruth Donnell, Conductress, who is moving to Pampa; and Mrs. Kathleen Watson, Ruth, who is moving to Memphis.

The Chapter Dining Room was beautifully decorated with flowers and candles. The tables were laid with white cloths and down the center of each were streamers of the five colors of the Eastern Star. The square table in the center of the room served as the buffet and was loaded with good eats of every kind. After the dinner the honored guests opened the packages containing handkerchiefs and other small gifts and each one, in her own charming manner thanked all those who had any part in making the evening so pleasant and each expressed regret at having to move away.

About thirty-five members of the Chapter were present.

CLARENDON H. D. CLUB

The H. D. Club met in an all day meeting at the home of Mrs. J. C. Estlack Friday, May 3rd to quilt the club quilt. The house was decorated with vases of lovely roses, iris and peonies and potted hydrangia.

The ladies were seated at the large dining table to a lovely luncheon at the noon hour. At 3 p. m. the business meeting was presided over by Pres. Mrs. J. C. Estlack. Roll call was answered with "May baskets I gave." Mrs. M. C. Rumpy and Mrs. Austin Rhoades were elected to membership.

Those present were Mrs. Rumpy and Mrs. Rhoades, guests; members, Mesdames G. A. Anderson, Lena Antrobus, Claude Darden, R. A. Hay, Henry Williams, A. W. Simpson, A. L. Chase, Clyde Butler and Mrs. Estlack. The quilt was quilted and finished.

A social hour was enjoyed by seventeen members.

The next meeting will be on June 5, with Mrs. M. G. Cottingham with a picnic lunch.

GARDEN CLUB

The Garden Club will meet at the club room Tuesday morning, May 14th at 9:30. Hostesses, Mrs. A. L. Chase and Mrs. C. D. McDowell.

O.E.S. CHAPTER HAS SPECIAL PROGRAM

Last Thursday night after the close of the regular meeting of the local Chapter of the Eastern Star a Special Program was given honoring Mrs. Mollie E. Gray, Past Grand Matron of the Grand Chapter of Texas and member of this Chapter.

Mrs. Gray has been a member of the Eastern Star since 1895 and a member of this Chapter since 1903. She was Worthy Grand Matron in 1906 and 1907 and presided over the twenty-fifth annual Session of the Grand Chapter of Texas. Clarendon Chapter was happy to honor her with this special program and to unveil the picture which she graciously consented to have hung in the Chapter Room here.

The guest speaker for the evening was Mrs. Bonnie Lee Davis, Grand Representative from Ohio to Texas and member of the Paducah Chapter. Mrs. Davis told the high-lights of Mrs. Gray's work in the Order of the Eastern Star and paid such loving tribute to her ending her talk with the beautiful poem, "What a Wonderful Time is Life's Autumn".

Other Grand Officers present were Mr. Fred Lyons from Amarillo Chapter, member of the Board of Grand Trustees, and Mrs. Mildred Ritter, Deputy Grand Matron, District 2, Section 5. Mr. Lyons, in a few well chosen words, paid a tribute of respect to Mrs. Gray for her wonderful work in the Eastern Star. Mrs. Ritter gave the reading "That Old Sweetheart of Mine"

and dedicated it to Mrs. Gray. The program was concluded with two piano selections by Mrs. Bettie Elliott. They were: "The Lord's Prayer," and "Remembrance."

The guests for the evening included members from the following Chapters: Groom, Hedley, Wellington, Claude, Amarillo, Paducah and White Deer. There were several friends of Mrs. Gray who were not members of the Eastern Star who were present.

Refreshments of punch and cookies were served in the Chapter dining room after the meeting, with Mrs. Jane Bownds and Mrs. Ellen Bryan in charge. About seventy-five members and friends were present.

AVIATION CLUB

The Donley County Aviation Club met Thursday evening, May 2nd, at the airport for a picnic. The evening was spent in "hangar flying."

Those present were Mr. and Mrs. J. Fred Smith Jr., and family; Mr. and Mrs. Willard Knox and small niece; Mr. and Mrs. Joe Jones; Mr. and Mrs. L. L. Wallace; Mr. and Mrs. Bill Greene; Mr. Vernon Porterfield; Dr. W. L. Welsh, H. L. Lane; Paul Semrad; Mrs. Eleanor Hall, and William Green.

The next meeting will be May 15th at 8 p. m. in the basement of the Antro Hotel.

Mrs. E. M. Ozier is at home after a two weeks visit at Wichita Falls with her daughter and family, Mr. and Mrs. Stevens.

WOMANS SOCIETY OF CHRISTIAN SERVICE

The circles of the Womens Society of Christian service met Wednesday in the following homes.

Circle No. 1 met in the home of Mrs. R. Y. King, 6 members present. Mrs. Boston gave the Mission study lesson from the book, "The Passing Times."

Circle No. 2 met in the home of Mrs. Lena Antrobus with 13 present. Mrs. Allensworth gave the Mission study lesson from the book, "The Moving Finger." At the close of the lesson Mrs. Antrobus served cake and coffee.

BUSY BEE QUILTING CLUB

Mrs. L. C. Goen was hostess to the Busy Bee quilting club May 2. A lovely covered dish luncheon was served at noon.

All quilted on a quilt for Mrs. Goen.

Present were Mesdames Tom Tucker, C. B. Owens, Carl Naylor, R. A. Hay, Claude Darden, M. C. Rumpy, A. W. Simpson, and hostess, Mrs. Goen.

Next meeting will be with Mrs. R. A. Hay, June 6th.

Mr. and Mrs. Ben Chamberlain of Claude announce the arrival of a 7 lb. baby girl born May 3rd and was given the name Judy Bernice. Mrs. Chamberlain and baby are at Northwest Texas hospital at Amarillo and both mother and baby are doing nicely.

Mr. and Mrs. Frank White Sr. were Childress visitors Tuesday.

AIR NEWS

By J. Fred Smith, Jr.

The Panhandle Breakfast Club will meet in Clarendon Sunday, May 12; breakfast will be served in the Antro basement. We are expecting around one hundred people.

Drs. Keith and Laura Lowell returned from Dallas and Kansas City, in their BT-13 last week. They reported having a very nice trip.

A Giant Air show is scheduled at Clovis, N. M. May 12. The show will be held at the Clovis Army Air Field. They are planning one

of the largest aerial and ground shows ever seen in the southwest. The feature of the aerial show, which will be participated in by aircraft of many types from all parts of the nation. The P-80 "shooting Star", the world's fastest plane, holder of the transcontinental speed record of 4 hours 13 minutes between California and New York.

Other events in the air show will include a simulated combat attack by paratroopers, supported by P-51s and P-47s.

Facts About the World's Largest Plane

There are approximately 25 miles of wire in each airplane.

The electrical system is equivalent to that used by a town of 500 people.

The footprint of one main tire is approximately 10 square feet during landing.

The fuel required to fill the tanks is more than the average motorist would use in twenty

years. The rate of fuel consumption at takeoff would be faster than a man could bail fuel out of a barrel with a ten quart pail.

The blueprints that will be used to build this airplane would cover a 16 acre field.

The wingtips may be flexed about six feet in a gust or during certain maneuvers.

The heating facilities are sufficient to heat a 40 room apartment house.

The lumber used to build the mock-up would construct three average homes.

One airplane can move as much freight in nine days between San Francisco and New York as a freight engine with about 30 box cars.

Two B-24 airplanes side by side with ten feet between the wing tips equal the span of the plane.

The portion of the fuselage ahead of the wing is two feet longer than a catalina and only two feet shorter than a B-24.

The main landing gear tire is approximately one foot greater in height than the average ceiling in a home.

The tail extends to the height of a five-story apartment building.

The propellers extend higher than a two-story home.

SELF SACRIFICE

A ship carrying passengers of mixed nationalities sank in mid-ocean. The officer in charge of the overloaded lifeboats called out that in order to save the majority, some would have to voluntarily sacrifice their lives. An American stood up and said, "God Bless America" after which he jumped overboard. A Frenchman stood up and said, "Viva La France," after which he jumped overboard. A German stood up and said, "Heil Hitler," after which he shot an Italian and threw him overboard.

Six Point Program For Famine Relief

A six point program for famine relief to be carried out in addition to voluntary conservation efforts has been announced by Secretary of Agriculture Clinton P. Anderson, according to a report received by county agent H. M. Breedlove. "These measures," he said, "are taken after consultation with the governments of Canada and the United Kingdom, in which it was indicated that they would work with this nation toward the two common objectives of increasing total relief shipments of grain promptly and giving priority to areas abroad most urgently in need of special aid."

The six measures follow:

1. Millers are required to reduce their production of flour for domestic consumption to 75 per cent of the quantity distributed in the corresponding months of 1945. In addition to making more wheat available for export, this amendment to War Food Order 144 is designed to bring about more equitable distribution of wheat among millers.

2. Under the same amendment, food manufacturers are required to limit the use of wheat in the manufacture of products for domestic human consumption to 75 per cent of the quantity used in the corresponding months of 1945.

3. Effective May 1, millers and food manufacturers are limited to 21 days inventory of wheat. After that date no miller or food manufacturer may use wheat unless quantities of wheat or flour equivalent in excess of this amount are offered to the Commodity Credit Corporation for export.

4. The U.S.D.A. is offering a bonus of 30 cents a bushel on wheat delivered under the certificate plan by May 25. To be eligible for this bonus, a producer must select a date for payment between the date of delivery and June 15, 1946.

5. The U.S.D.A. will buy 50 million bushels of corn from producers for which they will be paid a bonus of 30 cents a bushel above the market price on the date of delivery for corn sold to the C. C. C.

6. The U.S.D.A. is offering to buy an unlimited amount of oatmeal from millers in the U. S. to make available additional food for relief purposes.

Mrs. P. M. Cruse and sons, Millard, Bobby and Meldon and daughter Marilyn and Miss Bernice Smith of Dallas are visiting Mrs. Cruse's sister, Mrs. J. B. Reynolds at Lelia Lake. The entire group visited Sunday in Amarillo with relatives.

Mr. and Mrs. H. M. Richerson of Dumas spent the week end with Mr. and Mrs. Clarence Piercy.

Mr. and Mrs. Earl Hodnett and Mrs. Abcock called on Miss Della Wood Sunday.

The Army built Bonneville Dam, making it possible to irrigate lands and furnish water power for public utilities in communities in Oregon and Washington.

FINGER INJURED WHILE WORKING ON TRACTOR

Tom Corder, while working on a tractor Tuesday of last week, caught a finger in a cog. The member was so badly mashed that a portion of his finger was amputated by a local surgeon. Although quite painful for a few days, he is getting along nicely at this time.

Mr. and Mrs. John Romine of Merced, Calif. are visiting his sister, Mr. and Mrs. D. W. Hinkle.

Land Ownership Survey Slated

County agent H. M. Breedlove stated this morning that sometime around May 15th, about one out of every ten Texas land-owners will receive a USDA Bureau of Agricultural Economics land ownership questionnaire.

This form will be the basis on which up-to-date information as to opportunities on the land will be provided for veterans and for studies on various farm ownership problems.

It will be the first survey on this subject since immediately after World War I, according to Dr. L. P. Gabbard of the Texas Agricultural Experiment Stations Division of Farm and Ranch Economics who is representing Texas A&M College on the project.

Individual replies will be held in strict confidence, and all land owners who fill out and return the questionnaire will receive a copy of the final report.

County Agricultural agents will receive information copies of the survey form through the Texas Extension Service and may be consulted on points arising in filling out the questionnaire.

HOLDING REVIVAL MEETING

A revival meeting is now in progress at the Oneness Church of Jesus Christ at 1002 East 2nd St. with C. L. Abbott, Evangelist from Roswell, N. M., presiding.

Mr. Abbott is a veteran of the past war, and served duty in seven different countries in the European theater. Sunday night he will relate his experiences encountered overseas.

The pastor, James L. Gilbert, extends everyone a cordial invitation to attend the services each evening at 8:00. The meeting will be held throughout next week.
