## City's Pre-Centennial Celebration July 4

### COLORFUL WINDOW DISPLAYS TO ATTRACT CELEBRATION CROWD

#### MELODRAMA WILL BE REAL COMEDY

#### ROMANCE AND GUNS GO HAND IN HAND IN "SIX GUN ROMANCE."

A big Fourth of July Celebration and a "Six-Gun Romance" comes to town, under the direction of Miss Lorraine Patrick. This one-act burlesque will be staged the evening of the Fourth of July at the College Auditorium at 8:45 o'clock.

Boots, big hats, divided skirts, romance, humor, pathos, double-barrel shot guns, and a villain will meet in this little play and offer breezy, fast moving comedy for the night's entertainment.

Jerome Stocking, none other than the wealthy ranch man, alias the villain, meets frustration face to face as Keith Stegall, a gleam of mystery in his dark eye, plays the role of the mysterious cow puncher who finds favor in the estimation of Miss Dorothy Jo Ryan, ranch girl and fiancée of Jerome Stocking.

John Blocker, Sr., as the sheriff shows the cast the powers of the long arm of the law, with the aid of a gun.

Eight cowboys, not drug store but boys from the nearby ranches, will have part in the play.

Comedy supreme is offered in this little "melodrama," with a plot and acting to be compared with one fifty years ago, and the entire public is invited with no admission charge.

Mrs. Ed Carlson of Phoenix, Arizona, is in Clarendon this week for a visit of several days. Mrs. Carlson reports the condition of Mr. Carlson's health as greatly improved.

#### Second Payment Checks Here Soon

Approval has been received on 2nd payment tax exemption pool checks to the amount of \$25,000 but as yet, no checks have been received by the County Agent. Twenty-two first rental checks, totaling \$900.00 were received this week and producers were notified.

The entire county, participating in the pool, will be included in this second payment. All producers, upon the arrival of the checks, will be notified by the County Agent.

Sixty-nine per cent of the certificates in the pool were sold and the cost, according to Mr. Breedlove, of handling is only twenty cents per bale. The remaining unsold certificates, or thirty-one per cent, which were entered into the pool, will be returned to the producers to be used in 1935 in addition to the regular Bankhead allotment. Producers participating in the pool will have the opportunity to repool unsold certificates upon arrival.

This is a special pool, connected in no way with the regular pool which existed in the fall, this pool being established for the benefit of the early cotton producers of South Texas.

Every producer, according to the county agent, who thinks he has enough certificates to take care of his regular crop should participate in the pool; however, with the present crop outlook as it is, it is anticipated that surplus certificates in the pool will be utilized in the county.

Miss Margaret Goldston spent from Thursday until Saturday in Amarillo. While in that city, Miss Goldston attended the wedding of Walter Cox to Miss Alvah Hayter, cousin to W. T. Hayter of this city.

B. F. Lyle left Saturday for New York City. He will embark Saturday for the Dutch West Indies where he has a position in the Commissary Department with the Standard Oil Company.

#### Kiowa Indian Will Speak Next Week

Guy Quietone, full blood Kiowa Indian and Methodist pastor of Mount Scott Mission near Medicine Park, Oklahoma, will be heard at the Methodist church Wednesday evening, July 10th.

Mr. Quietone will exhibit curios, illustrate the peace pipe ceremony, and old pagan peote worship.

The public is invited to attend.

Mr. and Mrs. A. L. Chase spent the early part of the week in Andrews county and other South Plains points.

#### DONLEY MEN AT ROAD MEETING

#### CLARENDON AND HEDLEY MEN MEET WITH COL- LINGSWORTH GROUP.

Donley and Collingsworth county representatives held a meeting at Quail Friday afternoon of last week to discuss matters pertaining to the better maintenance of Highway 52 from Wellington to Hedley.

Judge S. W. Lowe, Joe Holland and J. M. Hill, secretary-manager of the chamber of commerce of Clarendon, attended from this city, while a delegation headed by J. W. Noel, banker of Hedley represented the latter city.

Judge L. W. Gribble of Collingsworth and other Wellington men represented Collingsworth in the meeting.

General dissatisfaction was voiced over the scant attention given the up-keep of the road in question and after general discussion it was decided to have Judges Lowe and Gribble to write the two highway divisional engineers involved urging that the road be given more maintenance.

It was also brought out that the route would have to be straightened and certain new right-of-way acquired if permanent improvements on the highway were ever to be realized.

Clarendon representatives voiced the intention of the local chamber of commerce to co-operate in every way to keep Highway 52 up to the highest standard as a graded road, with the ultimate aim of seeing it paved on a route free from short turns and unnecessary grades.

#### F. H. A. OFFICE OPENS THURSDAY

#### MISS SMITH IN CHARGE; MISS McNEAL AND MRS. FORD ASSISTING.

The local office of the Federal Housing Administration opened in this city Thursday, with its location in the E. M. Ozier building one door north of the First National Bank.

O. C. Watson, chairman of the local better housing committee, is on the program assisted by A. A. Mayes, Ed Teer, and George E. Ragland.

Persons in charge of the office and remains there throughout the day, giving desired information concerning the program and furnishing literature to interested parties. Applications for general property improvements are to be made at this office.

Miss Smith is assisted by Miss Ruby McNeal and Mrs. W. B. Ford, who are making a canvas of the town, viewing needed improvements, preliminary to the making of applications.

W. C. Stewart spent Thursday in Amarillo.

#### PARADE WILL BE MOST COLORFUL

#### 250 WILL PARTICIPATE; JA WAGON, BANDS, FLOATS, AND COVERED WAGONS.

"Everybody Loves a Parade" so Homer Mulkey, Chairman of the Parade Committee, is making plans for one of the most colorful parades ever seen in this section of the country for the gala Fourth of July celebration.

One division of the parade promises to be as engaging as another. Two hundred and fifty of the Panhandle's most prominent and picturesque citizens are to participate in the event.

The JA Ranch promises to allow the entire outfit, chuck wagon and boys, to be in the pompous procession. One hundred and fifty horseback riders will lend their elegance to the exhibition.

Chairman Homer Mulkey announced that liberal prizes will be awarded for the best pioneer wagons, many of which will be entered with the patched coverings, black skillets hanging from the sides, and driven by stalwart men accompanied by sunbonneted women and children.

Bands from surrounding towns, as well as the Clarendon Band and the local Sons of Legionnaires Drum and Bugle Corp, will render palpitating melodies as the procession marches down Kearney and Sully streets. Gay floats will supply additional splendor, and pioneer ranch hands will be again seen mounted as they lead the parade.

The committee feels itself fortunate to have secured the services of this well-known Panhandle lawyer and civic worker, who has been identified with every progress of this section for the past forty years.

Judge Gough is living in Amarillo at the present time, but was formerly a citizen of Hereford, where he lived and served for many years.

He is noted for his knowledge of the Pioneer and his problems and his address here on the streets for Clarendon's Fourth of July Celebration guarantees a most enjoyable and instructive feature of the day's activities.

Judge and Mrs. Gough will drive down from Amarillo Thursday morning and will remain throughout the day visiting among their many friends of the city and among the Pioneers of this section.

#### Scouts Hike Thursday To Salt Fork of River

Filling the Boy Scouts requirement for occasional hikes, Scout troops of this city, accompanied by Scout Master Dr. A. W. Hicks and Wm. Patman hiked to the Salt Fork River and back Thursday.

#### HIGHWAY WORK TO OPEN ON CONTRACT

#### SEVERAL PANHANDLE CON- TRACTS TO BE LET AT AUSTIN JULY 2-3.

Renewed interest in highway construction in the Panhandle follows the announcement in Washington that Texas was to have \$40,000,000 for road work and that the money was to be available in the next few weeks.

At Austin on July 2 and 3, four Panhandle topping jobs will be let of the double penetration type of asphalt. Three contracts will include five miles from Claude to Carson county line on Highway 117; seven miles south from Pampa, Highway 88; eight miles Hansford county through Old Hansford, Highway 88; eight miles south from Texline, Highway 5. This latter contract will complete the paving from Dalhart to the New Mexico line on Highway 5.

From all indications paving on Highway 66 north of Jericho will be in a near letting, with paving on No. 5 in Armstrong county soon to follow, with Donley paving hard on its heels.

Forty million dollars will do lots of highway work in Texas and the Panhandle has been pledged its share of construction by Chairman Hines of the Texas Highway Commission.

Mrs. O. C. Watson, Jr., started work Tuesday at the County Agent's office where she will receive regular employment.

#### NEWS WILL BE HEADQUARTERS

#### REGISTRATION AND BADGES WILL BE PROVIDED AT NEWS OFFICE.

The Clarendon News, one of the oldest establishments in the city, has been chosen as the headquarters for the old timers, and all registration will be in this office where special honor-guest badges will be provided by the celebration committee.

The staff extends a cordial invitation to all visitors for the Fourth of July Celebration. Chairs will be afforded for the visitors and The News will be the ideal place to meet old friends and rest during the heat of the day.

Frank Whitlock, in charge of the complimentary dinner for honor guests, will be on hand to greet everyone and give instructions about the dinner in their honor.

Mr. and Mrs. John Sims, official host and hostess for the honor guests, will be on hand at the headquarters to welcome the guests, as well as at the dinner and speaking.

#### 4-H Members to College Station

County Agent H. M. Breedlove held two 4-H Club meetings this week, one in the Chamberlain community and one in the Midway community.

A large group of youths attended in both communities, and plans for the motorcade to the Short Course were discussed.

Other communities will be visited by the county agent next week and plans will be arranged in each community to take boys to College Station.

Don Matheson, Albert Johnson, and George Ryan enjoyed a fishing and hunting trip at Nogal, New Mexico, the past week. Mr. Matheson and Mr. Johnson returned Friday but Mr. Ryan remained, returning Tuesday.

#### Miss Patrick Wants Old Timers' Names

Miss Katherine Patrick, Chairman of the invitation committee for the Fourth of July Pre-centennial and Pioneer Celebration, has requested that readers of the News cooperate with her by calling in or writing to her the names of old-timers of Donley, who now live within the radius of 100 miles.

Miss Patrick has already secured the names of nearly four hundred pioneers but desires to invite all who assisted in the building of Clarendon to be present at the celebration.

#### UNIQUE SETTING FOR STYLE SHOW

#### SCENES OF OLD TO BE RE- ENACTED AT FOURTH CELEBRATION.

At 8 o'clock at the College Auditorium on the night of the Fourth, scenes of old Clarendon will be re-enacted. The scene will be the Atterbury Hotel, where Mr. and Mrs. Atterbury will be preparing to receive Col. and Mrs. Chas. Goodnight as guests.

The characters will be portrayed by local people. P. A. Buntin's milk delivery boy, the Bugbee Cowboys, a bride and groom, Mr. and Mrs. W. H. Cooke, and railroad people and their wives will be included in the cast.

The only characters now chosen will be Frank White who was employed on the railroad before 1900, Mrs. J. D. Stocking who will tell of the health of several of Dr. Stocking's patients, and Mrs. G. W. Antrobus, first school teacher in Clarendon, who will present several of her pupils.

Local people will masquerade as the remaining characters in the cast.

If the seating capacity of the auditorium is not great enough to accommodate the crowd, the second performance will be given.

Mr. and Mrs. Edwin Andrews of Harlingen, Texas, arrived in Clarendon Tuesday to spend their vacation with Mrs. Andrews' parents, Mr. and Mrs. J. W. Rowland. Mr. Andrews was formerly linotype operator for The Clarendon News.

#### RELICS NEEDED FOR EXHIBITS

#### ALL ARTICLES LOANED TO EXHIBIT COMMITTEE TO BE PROTECTED.

Jerome Stocking, Chairman of the Exhibits committee, needs additional relics, pieces of antique furniture, photographs, and clothes, to make the exhibits worthwhile.

Mr. Stocking promises that every article loaned shall be returned in the same condition. As so much work is attached to labeling the articles and writing descriptions and histories on each, the committee would appreciate anyone bringing in their articles to the Stocking Drug Store, and calling for the pieces of furniture donated following the celebration.

Much material of pioneer nature is in Clarendon and will be needed to make the Pre-centennial and Pioneer celebration a success.

Mrs. Wesley Knorpp and two sons, Bud and John, of Long Beach, California, arrived Tuesday to make an extended visit with Mr. Knorpp. Mrs. Knorpp came by way of train; the two boys drove through.

#### FIRMS ASKED TO MAKE DISPLAYS

#### ABUNDANCE OF PIONEER RELICS TO BE FOUND IN CITY FOR DECORATION.

The Reverend Robt. S. McKee, Chairman of the Fourth of July Decoration committee, has asked every business house and every merchant in Clarendon to cooperate with this committee by planning and decorating the display windows of his firm in an individual and unique manner.

"Beyond a doubt," stated Rev. McKee, "it would be an expense too great to bear to have a decorator to plan the window; the committee feels, also, that more individuality will be displayed if each business man decorated his own window."

Old Indian relics, antique furniture, pictures, photographs, cowboy regalia, and any article of pioneer nature, can be effectively used as window decorations. An unusual background, a display of old furniture or Indian relics or a ranch scene would indeed be in keeping with the plans formulated by the Decoration committee.

Interest could be heightened by making a display of the old in one window, contrasting it with the new in another.

Old clothes and articles of pioneer nature are abundant in Clarendon and merchants will have no trouble in locating material if each will make the effort to decorate his window.

Home owners are asked to decorate their yards with flags. If one does not have a large flag, then several small flags may be effectively placed in a symmetrical design bordering the walk or in the center of the lawn.

#### Law To Be Explained By Local Committee

Eugene Worley, Representative of this district, has been appointed by Secretary of State Gerald C. Mann, as chairman of an educational committee in this district to acquaint Texas citizens with the new Texas Securities Law.

Rep. Worley has named the following members of the Committee in Clarendon: W. T. Link, J. C. Estlack, J. R. Porter, Sam Braswell.

The purpose of the Committee will be to acquaint the people of this district with the new law—its provisions and the conditions that it seeks to correct. The various service clubs of the district will be asked to devote programs to the law and members of the committee will be asked to present brief talks on the subject.

The success of the law, according to Secretary Mann, who is chief enforcement officer under the terms of the Act, will be determined by how well acquainted the people become with its provisions.

#### Many Stores To Be Open July Fourth

By common consent and to accommodate the people of the trade territory who will be in Clarendon on the Fourth of July, the majority of the business firms of the city will remain open most of the day.

Due to the fact that such a large crowd will be in Clarendon that day, the stores have agreed to remain open to offer a resting place for visitors, allow them to make their purchases, and also, old-timers who have not been in Clarendon in many years will be invited to view the present business establishments of this city.

Many will remain open until the speaking hour, at 11 o'clock, and will likely re-open following the parade.

Mr. and Mrs. G. G. Kemp spent Monday and Tuesday in Oklahoma City.

### A JULY FOURTH LONG TO BE REMEMBERED

Clarendon people are working to stage a Fourth of July Celebration that will be long remembered in the annals of the Panhandle.

The Pre-centennial purpose of the celebration is to reenact the spirit of patriotic comradeship so prevalent in the Panhandle country forty and fifty years ago, and Clarendon was the most famous exemplar of that spirit as she was leader in all things at that period.

The Pioneer's address by Judge Gough, the Pioneer's parade, the exhibits of old relics of Pioneer days, the old-time pictures, mellow melodrama featuring home talent, the Pioneer style show built around the arrival of well-known families to this community forty years ago, the mixing and mingling of old time friends—all these things provide a notable day, and one no citizen of Donley County would care to miss.

Then, too, it will be "homecoming day" for hundreds of former Clarendon and Donley County residents, who will be guests of local people happy to have them here again.

Yes, July 4th, 1935, will be a day long to be remembered in this community, and we all await it with anticipation.

### STATES' RIGHTS, ALRIGHT

It seems under the Constitution that every state has a right to make a fool of itself, and before this Young Democrat-Elliott Roosevelt matter is finally closed, Texas will likely have availed itself of the provision.

After all, it was poor judgment on the part of the Young Democrats in ever naming Elliott Roosevelt an active official in their state organization. It was poor judgment on his part to have accepted the post, and the Amarillo episode was predicted even before it happened.

The fact is the American people, East, West, North or South, resent any semblance of the "crown prince" stuff, and untoward events usually follow, regardless of the well-intentioned motives of those connected.

Elliott Roosevelt ought not be made to resign by Texans—that would be poor taste on the part of Texans, but delicacy might suggest a quiet withdrawal on his part, which would be a display of taste and judgment worthy of the most honorable.

### A WORTHY COMMUNITY SPIRIT

That business and professional men of Clarendon have a most worthy community spirit was manifest again this week in the work of a local committee in securing funds to defray the expenses of the Fourth of July celebration.

In the great majority of instances the response was immediate, liberal and with an interest in the success of the project, that encouraged and gave pleasure to the committee, making them happy that they lived and served such a citizenship.

Of course, there were a few—a very few—who didn't seem to get the idea that the committee was working for their interests—the community's interest, and who refused to do anything toward the success of the celebration, but it was in contrast to these few isolated cases, that the true and worthy community spirit was so manifest.

Clarendon is a city made up of a wonderful citizenship. A citizenship that it is a pleasure to live among and work with.

### GIVE A WELCOME TO THE PIONEERS

Next Thursday, July 4th, Clarendon will be host to those who rate as Pioneers in this section by having been here prior to 1895. These honor guests will wear a special badge and by this and the unmistakable atmosphere of rugged achievement they will be easily recognized.

The News hopes that every citizen of this community will welcome and seek to give every courtesy to these honor guests for the day.

They deserve it and we honor ourselves as we honor them.

### LITTLE IN THE NAME, ANYMORE

In a discussion of the recent tempest in the teapot at the Amarillo convention of the Young Democrats of Texas, the Texas Weekly carries the following clear-cut statement of the political situation in America today, written by Dale Miller, a Young Democrat with no illusions:

"It is in order to say parenthetically at this point that perhaps at no time in our national history has the futility of an undying loyalty to a party name become so clear. The two cardinal principles of the Republican Party have always been (1) The concentration of power at Washington, and (2) A high tariff system. The present Democratic administration has achieved a concentration of power at Washington never before attained in this country, and continues to operate under the highest tariff schedules ever known to this country. The two cardinal principles of the Democratic Party have always been (1) Strict construction of the Constitution and limitation of Federal power, and (2) A low tariff system. And what could be said of any branch of the Democratic Party which would choose to endorse an ephemeral administration, when that endorsement meant abandonment of its permanent principles? It is interesting to note that the State Constitution of Young Democrats of Texas pledges the organization to 'foster and perpetuate the ideals and principles of the Democratic Party.' Knowing full well what those ideals and principles are, it is not difficult to detect a palpable inconsistency in the attitude of many delegates to the convention."

### AMERICA'S NEW FRONTIERS

Half a century ago, Carroll D. Wright, Federal Commissioner of Labor, thought he saw what many people would have us believe today—the end of expansion. He said, in 1886, during the depression of that time:

"It is true that new processes of manufacture will undoubtedly continue, and this will act as an ameliorating influence, but it will not leave room for a marked extension, such as has been witnessed during the last 50 years or afford a remunerative employment of the vast amount of capital which has been created. \* \* \* there may be room for further intensive, but not extensive, development of industry in the present era of civilization."

At that time Mr. Wright thought he was certain that America's frontiers were closed, but think of the expansions of the last 50 years. Will those who talk today of the end of progress seem as comical 25 or 50 years from now?

It is foolish to talk of the end of America's expansion when even at this time we are only in the experimental stage of air conditioning, flying, steel housing and a thousand other developments upon which industry is eternally working.

### "BLACK NIGHTIES" OR "KNEE BREECHES"

In one of his latest explosions against the Supreme Court, which told him bluntly he had written and administered an entirely illegal NIRA, General Hugh S. Johnson cries aloud against the "blast from the nine ancients in black nighties."

The good general has always had a gift of words, and he has now put the Constitutional issue on a basis that everyone can understand. The question before America is, "Shall we have the Constitution interpreted by distinguished jurists in black nighties or sophomore lawyers in knee breeches?"—Industrial Press.

## I USED TO BE A PRIVATE SECRETARY

BEFORE I married, I mean. Which was three years ago. But I still remember—and I'm never going to forget—how my boss ran his business.

I never saw such a successful man. When I first started to work for him, I thought he was just lucky. But I learned differently after I was with him for a while.

He never gave out a contract—never bought a thing, mind you—until he had studied all the bids made him, and compared all the points. I used to collect and file them for him, so he could get the facts when he needed them. So I know.

I know now, all right. That's the way I run my home. Only I don't have to collect and file my bids. I get them regularly in my newspaper. And do I study the advertisements carefully before I buy? You're telling me!

## NATIONAL LEGION HEAD AT AMARILLO

AMARILLO HOST TO ALL-TEXAS LEGIONNAIRES ON JUNE 29 AND 30.

Amarillo Legionnaires this week are rushing final preparation for entertaining all-West Texas meeting of delegates from American Legion Posts of the Fifth Division, June 29 and 30.

Announcement that National Commander Frank Belgrano, of San Francisco, will be speaker at the general convention session the night of June 29, has created unexpected interest in the meeting. This announcement, together

with the fact that Amarillo's Hanson Post is initiating a plan of having no registration fee for delegates, is due to make the coming meeting one of the greatest in several years.

There will be two convention sessions June 30. Elaborate entertainment preparations are under way. All Legionnaires who are registered at the convention will be guests of Hanson Post at a dance the first night, when the Old West will be revived in Days of '49 party.

## "DUB SHOTS"

DICK COOKE

Congratulations to the new City Champion. "The Old Man of the Fairways, A. N. Wood surely deserves the title. Which brings to mind the lines of Kipling. "If you can keep your head when all about you are losing theirs and blaming it on you—" Wood played excellent golf but his weakness around the greens would have ordinarily spelled defeat had Merchant been able to take the advantage. But Merchant was in the rough too much, and when you are out of the fairway on this course, it is an act of providence if you can even hit the ball.

All week I have been trying to think of an excuse for getting beat, and now I have it. There is an old belief that a special jinx hangs over the head of the medalist in any tournament, making it almost impossible for him to win. That my friends is my alibi, even tho it is a bit lame, and sickly, it is better than telling the truth.

T. F. Connally played championship golf to win the second flight, and Fred Runtin played too good for the third flight, and it looks to me like everybody should have been in the first flight.

How about a county championship now? I think the latter part of July would be a good date.

No matter how well regulated a golf course is, a major accident will sooner or later happen. Tragedy has stalked into our midst, casting its gloomy shadows over the once shiny hillside, and strangling the once carefree laughter with its icy fingers of dread.

There has been a golf ball lost—and the victim was none other

The annual 18th District Convention will meet here concurrently with the Fifth Division session. Van Stewart of Perryton is District Commander.

In addition to National Commander Belgrano, Department Commander Miller Aingworth, and Department Adjutant Fred E. Young, of Austin will appear on the program.

Every post in the division has been invited to give a five minute entertainment at the meeting the first night.

than Mr. Thos. F. Connally, prominent grain dealer, and City Commissioner. Mr. Connally was playing in a twosome with Mr. Robert Weatherly, Sr.—but let us repeat Mr. Weatherly's statement.

"Tom and I had finished the first four holes, and tho our scores were not exceptionally good, we were in a most joyful mood. The birds were singing, the lizards and the Mountain Boomers were gambolling about. All nature was at play, and so were Tom and I. I had driven my customary good shot on number five. Tom with a chuckle took his stance, and let go. Simultaneously as his left leg flew around, I had a terrible feeling. The sunlight which a moment ago had been so bright, became ghastly, the birds were hushed, and the mountain boomers and lizard stood stunned then scampered for their holes. Tom with a stricken look on his face seized his clubs, and without saying a word, hurried in the direction the ball had taken." Mr. Weatherly went on to tell of the search, and his useless words of encouragement. Of Mr. Connally's return with the car, pick and shovel, and flashlight. It has not been learned why the city road machinery was not brought into the rescue work.

Said Mr. Connally with a determined glint in his eyes. "I have not despaired, I intend to see this thing thru to the end. I am sure we will get government aid, for my cousin who is in Washington is working on the G. B. R. A. (Golf Ball Recovery Act). We are going to comb the roughs, and fill up all the holes made by burrowing animals (or borrowing animals, I am not sure which). My conclusion is that my sacrifice is the future generations gain. Once the work is completed, people may play golf without the feeling of impending dread."

NOTE—The above story may be exaggerated in a few places, for I picked it up around town, and while I have never been sure, I have at times suspected a few golfers of falsehood.

### "THE PRINCIPAL THING"

"But seek ye first the Kingdom of God and His righteousness." Matt. 6:33.

This familiar verse is an example of the divine rectifyings of human calculations. It is a distinct call upon us to put first things first. A good man over eighty years of age, speaking of the forces which had contributed to prolong his life and strength said, "I have made religion the principal thing in my life." He had been a consistent Christian for more than sixty years. He knew where to place religion. He knew its importance. With him, prayer, spiritual life, Christianity and Christian character were not used to accomplish some worldly end. He was not religiously merely to get to heaven. With him religion was really important and he clung to it more tenaciously than to anything else. It was

indeed the principal thing.

I. Some people do not give religion a yplace in their lives. They distinctly and sometimes deliberately, fail to find or to seek first the kingdom of God and His righteousness. They don't want religion. They think they can do without it. They have other aims which they consider higher and more important. This class of people are greater in number than we think.

II. Some people give religion some place, but not much place, in their lives. They hold it to a certain extent in esteem, but they do not make it the principal thing. They think more of something else. They devote more time to something else. They give more money to something else. Their religion occupies a very obscure corner and is not the principal thing.

III. The only way in which we can obey God and act wisely is to do exactly what we are told,

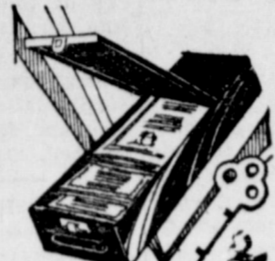

and to put first things first, make religion the principal thing, give it the chief place in our lives.

Put Christianity first, because this is the place the Bible gives it. The Bible puts religion before pleasure, wealth, fame, education, friends or kindred. It is absolutely the first thing. A

religion that is not above all else is not the religion taught in the Bible. We should put it first in regards to time. We are neither to put it off nor allow anything else to get ahead of it. Make it first as a matter of importance, the principal thing.

INFERIOR roads seem cheap and easy to build. They stretch a paving fund so that it covers a lot of territory. But after a year or two, the trouble begins! Maintenance costs go up and up.

That's why it's wise—and eco-

## WOOD WINS IN CITY TOURNEY

MERCHANT LOSES TO WOOD IN CITY FINAL GOLF MATCHES SUNDAY.

A. N. Wood played steady golf Sunday to defeat Ira Merchant in the 36-hole final match of the City Championship tournament at the Hillcroft Golf Club. Merchant advanced to the final round by a 2 to 1 decision over Dick Cooke last Thursday.

Wood, winner over Pinkey Kerbow in the semi-finals, disposed of Merchant in impressive style.

The match was packed with thrills, as Wood started the long grind with birdies on 1 and 2 to go 2 up, and as the morning wore on he increased his lead to 4. However, poor work around the greens cost Wood two holes on 16 and 18, and the noon hour saw Merchant only 2 down.

At the beginning of the afternoon round, Wood seemed unsteady and dropped 19 and 20 to Merchant's well played pars. With the match square, both contestants settled down to steady golf, with Wood slowly drawing ahead until the catch ended on the 34th hole with Wood 3 up and 2 to play.

## \$68,000 Recommended For Clarendon P. O.

Somewhere off in the future, Clarendon may have a new federal Postoffice building, which will crown with success the efforts of a number of local citizens who have been working without the sound of trumpets on the project for many years.

Sunday's dailies carried a proposed appropriation among scores of others in the sum of \$68,000 for a federal Postoffice building for Clarendon, as having passed the house. These appropriations must pass the senate and get the signature of the President before finally secured.

Considerable local rumor is rife about the location of the building, but that is an unknown factor so far. When the appropriation is finally made, the city will have the opportunity of offering the government certain optional sites, and the representative of the postal department will choose the one which he believes will serve the public and government best.

Congressman Marvin Jones has had the matter in his hands for years, and numerous conferences have been held with him by local promoters of the new post-office.

Cash for concrete being scarce and old tin cans plentiful for the picking up, a Williamson county garden demonstrator put down a hundred feet of tin can subirrigation. It is more work than concrete tile and not permanent, but beats no subirrigation at all, is the report.

The Black Widow Spider, which seems to be receiving more publicity of late than any of Hollywood's or Europe's celebrities, made its debut in this city Sunday and Monday at the Douglas & Goldston Drug Store, where it was placed on exhibition.

This frightful looking, deadly creature was found at the residence of a local man and placed on exhibition at the drug store in a medicine bottle with the following inscription, "To preserve contents, keep tightly closed;" it was noted the directions were followed explicitly.

W. W. Taylor reports having been bitten twice last year by one of these spiders. In the first instance, Mr. Taylor believes he was bitten while spending the night at the Country Club, but noticed no pain until the following morning. Upon seeking medical attention, he was told that he had been bitten by a Black Widow; a core nearly an inch long and as hard as bacon rind was removed from the bite on his shoulder. The second time Mr. Taylor was bitten by this particular kind of spider, he knew instantly to seek medical attention.

With Conoco Germ Processed Oil in your crankcase, you KNOW the strain won't hurt your motor!

Tests prove this new alloyed oil has 2 to 4 times greater film strength than plain mineral oils and resists heat better!

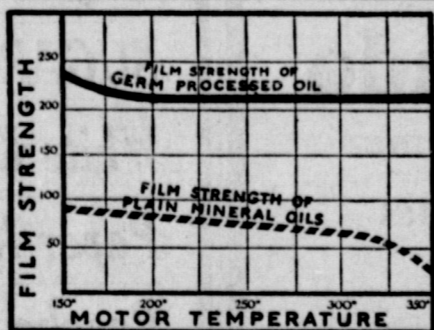

On July 4th or week-end and vacation trips, you'll want to drive far and get there in a hurry. And you don't want that nagging worry of "I wonder if this speed and heat will hurt anything in my motor."

You can't always be sure when you use plain mineral oils, for they have little film strength and oils over-refined by new cleansing processes have even less. Moreover, as motor heat goes up, these oils rapidly lose film strength.

Film strength is the load-carrying ability of an oil, the quality that keeps bearings and cylinders from wearing out. Lack of film strength results in costly damage.

You can drive without a worry when you use Conoco Germ Processed Motor Oil! It has 2 to 4 times greater film strength than any plain mineral oil. Heat does not lessen this advantage.\*

Supervised road tests—over good and bad roads, at low and high speeds, in all kinds of weather—give practical proof that Germ Processed Oil protects

CONOCO GERM PROCESSED MOTOR OIL  
PLAIN MINERAL OILS

**\*HERE'S THE PROOF**

Note that as heat increases, the plain mineral oils continue to lose film strength, but that above 225° (Minimum Summer crankcase temperature) Germ Processed oil's film strength is not affected by heat. Tests made with Timken machine.

protects motors better. In every test, gravimetric measurement of motor bearings showed that Germ Processed Oil prevented wear far better than plain mineral oils. Tested in a fleet of cars equipped with the new alloy-metal bearings used in many 1935 cars, a high-quality plain mineral oil permitted 45% more wear on connecting rod bearings than did Germ Processed Oil.

Conoco Germ Processed Motor Oil is the first alloyed oil—alloyed, much as metals are, by adding concentrated oily essence to highly refined oil. It is the only oil made by the Germ Process. It is the oil with the "Hidden Quart" that stays up in your motor and never drains away!

Say "O. K.—Drain"—fill with Germ Processed Oil. Drive far—drive fast—without a worry!

A glance shows that the large part of these are "Westerns" and many of them are replacements,

but many are new to us. Our western stories are in such constant demand that they wear rapidly. But we realize that the "western" and the "mystery" furnish relaxation to the tired professional and business man as few other things can.

The Book Club recently gave us a book of unusual interest, "Thirty Years in the Golden North," by Jan Wetzyl. The Czech original was published in 1930 and the copyright translation by Paul Selve in 1932. Karel Capek in his foreword says, "The memoirs begin with a naive account of how Wetzyl followed the 'call of the North,' and record an amazing life of thirty years amongst the trappers and gold miners, Eskimos and whalers, hermits and vagrants of the remotest North. No one else ever gave me such a good idea of what marvelous colors icebergs have, or how loudly the sea detonates when it freezes, or how people live up there. No Jack London could have described more impressively the psychology of those polar outcasts who shoot themselves when they have toothache, fall madly in love with white girls on soap advertisements, and suffer hardships which seem beyond human endurance; and nevertheless they return again to the icy North whenever the ups and downs of life have thrust them back for awhile amongst men. There is a great difference between travel and life, and Eskimo Wetzyl knows his North. The book shows more clearly than any professional travel book that even such a life on the very frontier of human society has an order of its own, its rigid morality, its

necessarily savage justice, its relationships involving trust, mutual help and solidarity. Wetzyl's memoirs are a genuine revelation. They are no mere description of eternal ice, but of eternal humanity." I think many of our readers will greatly enjoy the book.

**At The First Baptist Church**

Fellowship—Service  
There is always Worship—

Are you seeking a church home? Find it next Lord's day and you will be happy in the doing of it. The people with whom you align yourself will be happy and the cause of Christ will be helped. Let us not forget our first and greatest responsibility as christians, which is to win the lost about you to a knowledge of Christ as their Savior. We can best do that when we identify ourselves with the people of God. A childless home is a misfortune, but a childless church is a tragedy. A fatherless or moth-

erless child is a misfortune, but a churchless child of God is a tragedy. The church is Christ's bride, and he wants his church bride to have the mother spirit.

We greatly appreciated the large crowds in attendance at all the services last Sunday. Our visitors from in town and out of town greatly encouraged us. During the absence of their pastor, Bro. Landreth, the Methodist worshipped with us Sunday evening, and was a source of great joy and inspiration.

Services as usual next Sunday. You will never wear out your welcome at the First Baptist Church.

**LAST RITES HELD  
FOR ED O. BARNES**

**MET TRAGIC DEATH LAST  
WEDNESDAY AFTERNOON  
FRIENDS BEREAVED.**

Ed O. Barnes was drowned last Wednesday afternoon at 6 o'clock at Johnson Lake, four miles East of this city, when the boat from which he and I. O. Nobles were fishing evidently dipped, throwing both occupants into the water of nearly ten foot depth. Rufus Holman, keeper of the lake, made a vain effort to rescue Mr. Barnes, who was in the water only about 15 minutes.

Mr. Barnes, 50, was born in Dexter county, Texas, on May 26, 1885. In 1901, he moved to this city with his parents, Mr. and Mrs. L. C. Barnes. He was married on March 17, 1906 to Miss Lola Ray Ratcliffe of this city. To this union eleven children were born.

Since the year of 1908, Mr. Barnes was a contractor carpenter. He leaves a large circle of friends, both in the business world and in the Baptist Church, with which he united in May of 1921.

Survivors include his wife, eleven children, Mrs. Don Martin of Amarillo, Roy of Denver, Colorado; Della of Amarillo, Edwin of this city. Mrs. Pete O'Dell of Paducah, R. L. Lily Jewell, Ann Lynn, Joe, Bert, and Ned, all of this city; one brother, Bill Barnes of Panhandle; five sisters, Mrs. R. H. Bledsoe of Amarillo, Mrs. Chas. Ray, Melrose, New Mexico; Mrs. Ben McKinney of Clovis, New Mexico; Miss Eunice Barnes of Clovis, and Mrs. Chas. Stephens of Melrose.

Funeral services were conducted Friday afternoon at 6 o'clock at the First Baptist Church. The Reverend J. Perry King, pastor, conducted the last rites.

Members of the T. E. L. Class had charge of the music. "How Tedious and Tasteless" was sung by the choir, "Nothing Between" by Mrs. Frio Walling, "Does Jesus Care," by Miss Annie Bourland, and "On Jordan's Stormy Banks" by the choir.

Pallbearers were I. O. Nobles, Odos Caraway, A. L. Chase, A. A. Mayes, Earl Ryan, and Jack Goldston. Honorary pallbearers were Rolle Brumley, Dr. T. H. Ellis, Harry Blair, Bob Blair, Frank Whitlock, and W. C. Stewart.

The body was laid to rest in the Citizen's Cemetery.

Out of town friends and relatives to attend the funeral services were Mr. and Mrs. U. Z. Barron of Groom, Mr. and Mrs. R. W. Ratcliff of Canyon, Mr. and Mrs. C. B. Graves of Matador, Mr. and Mrs. A. M. Black and Mrs. Sam Black of Goodnight, Mrs. R. H. Bledsoe and children of Amarillo, Mrs. Katie Clayton of Amarillo, Mr. and Mrs. Bill Barnes of Panhandle, Mrs. Chas. Ray of Clovis, New Mexico, and Mr. and Mrs. Max Montgomery of Amarillo.

The News joins with the many friends in Clarendon in an expression of sympathy for the bereaved.

**TABLES TURNED IN  
SOFTBALL SCORES**

**LIONS BEAT METHODISTS;  
OILERS TRAMPLE ON  
TRANSIENTS, 13-5.**

This week sees some changes in the standings of the ball clubs. The winners have been losing and the losers winning.

Thursday, the Lions met the Methodist boys in a practice game and won it by the slight margin of 10 to 2. Lions, 16 hits, 10 runs; M. E. 11 hits, 2 runs. Umpires, Johnson and Cobb.

Friday the Oilers appeared on the field in trim to put up a real ball game. The Transient boys were ready and waiting. The first four innings proved that both teams were out to win. The Oilers had a hitting rally in the fifth and brought in four runs, they also made another rally in the last inning bringing in seven runs, making their totals up to 13. The Transient boys failed to rally and scored only one run. Summary: Oilers, 13 runs, 26 hits, Transients 5 hits and one run. Umpires, Rhodes and Hudson.

Monday the Highway and Methodist teams started the week off. The M. E. team was almost battered off the field in the first inning. The Highway boys brought in six runs and the Methodist team was so confused that they could not get together during the rest of the game. Cornelius got a home run in the fifth and was responsible for the two score made by the M. E. Summary: Highway, 12 runs and 19 hits. M. E., 2 runs and 11 hits. Umpires, Hicks and Jones.

Tuesday's game was postponed and will be played later.

**'FISH BUSINESS' IS  
LIONS PROGRAM**

**COMMERCIAL ASPECTS OF  
FISHING INDUSTRY IS  
INFORMATIVE ADDRESS.**

An unusually full attendance and happy spirit prevailed at the regular Tuesday luncheon of the Clarendon Lions Club at the Antro Hotel, and an exceptionally interesting program was brought by the committee in charge for the day.

Lion Thomas was back after several weeks' absence and with him was his mother, Mrs. Thomas of Electra. Lion Thomas brought a complimentary message when he spoke of his visits to other Lions Clubs even in other states, and declared that the Clarendon Club was to him the best example of the fine, happy, fraternal spirit that would mark Lions Clubs everywhere.

Lion Cap Morris, just back from a visit in the mountains of New Mexico told a "bee" story, which caused the membership to demand that "bee" stories should hereafter be classed as "fish" stories.

Lion Link insisted that he be allowed to tell a "fish story," declaring that his was the only truthful one that had ever been told to the club, and proceeded to say that he fished many hours in a large lake on his recent trip and caught absolutely nothing.

Lion Mulkey reported for the Crippled Children's committee, with a brief message from Lion Lyndol Ragle, who is now in another state and who is able to walk after a miraculous recovery from infantile paralysis. The Lions cheered this news from their ward.

The program committee composed of Lions Ferrell, Powell and McKee, presented the former in an address on the Commercial Aspects and Importance of the Fishing Industry, which gave a new insight of this important factor in man's source of food and chemicals. The annual income from fishing runs nearly a billion dollars in the United States.

Lion Powell brought a contest to prove just how much Lion members knew about fish—questions that could be answered by the name of a fish. The club was divided into two sides and the right wing seems to have won by one point.

It was announced that the Crippled Children's fund pro\*ted \$11 from the Donkey baseball game last week.

Visitors were Mesdames Stallings, Thomas, Messrs. W. L. Patrick and W. E. Carmichael.

**MRS. KILFOIL ARRIVES FOR JULY FOURTH CELEBRATION**

Mrs. James Kilfoil of Fort Worth has the honor of being the first old-timer to arrive in Clarendon for the celebration on the Fourth.

Mrs. Kilfoil arrived this week and is visiting in the homes of Mrs. M. E. Mangole and Mrs. J. D. Stocking.

She moved to the old town of Clarendon in 1885 with her husband who was a contractor and a rancher. Upon the building of the railroad and the location of Clarendon in its present site, the couple moved here and Mr. Kilfoil was superintendent of the construction of the First National Bank building and the Donley County Court House.

**MR. WHITLOCK ATTENDS  
BEAUTICIANS MEETING**

Frank Whitlock, owner of the Whitlock Beauty Shop, was present Sunday afternoon at 2:30 o'clock at a meeting of the beauty shop owners and operators from the 18th district, which was held at Childress in the Woman's Club Rooms. Approximately seventy-five were in attendance.

The meeting, which was presided over by Sam Page of Amarillo, was a call meeting to acquaint operators and owners with the new beautician law passed recently in this state. Mr. Page, assistant secretary of the National Organization of Beauticians, was among other interesting speakers who took part on the program and discussion.

**LOCAL MAN ATTENDS  
FUNERAL OF COUSIN**

Houston Biffle, cousin to C. C. Huffman of this city, was killed Tuesday afternoon by a truck as he was returning to Breckenridge after a honeymoon spent at Stephenville. The accident occurred six miles east of Caddo.

Mr. and Mrs. Biffle were married at Breckenridge Saturday afternoon and were spending their honeymoon with relatives of Mrs. Biffle at Stephenville. En route some they stopped their car on the side of the highway, and Mr. Biffle alighted and was struck by the truck. The truck did not stop.

Mr. Huffman left Wednesday morning for Breckenridge after learning of the accident.

Masters Billy Wanye McClendon and Carl Dean Boman of Childress spent the week here visiting their little cousins, Misses Peggy and Roxie Lawler.
