Williams Tills

By Fred L. Williams

A Nice Letter— The News this week received the following letter from H. D. Ramsey, former Clarendon resident who is now residing in San Antonio: "I enjoy The Clarendon News and am sending a check in payment of my subscription. Recently you published a long list that had paid. Next time you tell the people that I have paid up. I used to know everybody in that country, and have some real friends there now. I hope you get a lot of new subscribers this year."

Dust Storms— I witnessed my first dust storm last Thursday. Pooley them from me!

Every time I'd meet somebody, I'd remark: "Whew! 'S bad, ain't it?" And all I'd get would be the horse laugh, and a reply something like this: "You oughta been here last so-and-so. Why, it got so bad, etc., etc."

I haven't been able to decide whether I was being kidded, whether they are in earnest, or whether they were trying to get me to leave town. I heard some tall tales about those dust storms last year, and if that was just a simple Thursday, I'm beginning to believe them.

A Dumb Waiter— The Lions Club play, "A Dumb Waiter," will be presented at the college auditorium Friday night. Proceeds from the play will go to the crippled children's fund, and all who can do so are urged to purchase tickets.

And, incidentally, you oughta go see it. Old Barrymore March Cooper Williams himself is going to be in it—in person. And naturally, that assures a swell play, because that's the only kind he'll take a part in. There's a rumor that Mr. M-G-M of Hollywood is going to have a scout in the audience watching his performance.

Note: Really, don't let all this keep you away. There are some OTHER characters in the play, too. And they really ARE good! Make your plans to bring the family. You will get an evening's entertainment and will be helping a worthy cause.

School Taxes— The members of the Clarendon school board are to be commended on the work they are doing in trying to keep the doors of the local schools open. The board members are holding regular meetings, five nights a week, interviewing citizens who owe school taxes and assisting them in devising methods of payment. Personal letters are being written to all persons who owe taxes, requesting them to confer with the board on the matter.

To date, some 30 or 40 taxpayers have been interviewed at these meetings, and board members report that results have been most gratifying. It is believed that if they continue to meet with the co-operation they have received so far, they will be able to make arrangements whereby the schools can continue to operate in an efficient manner.

The interviews are strictly private. It is not the intention of the board to embarrass anyone. They merely desire to present the true picture of the situation to the taxpayers, and assist in working out "the least painful" method of payment. Taxes MUST be paid if the schools are to remain open, they say, and they are anxious to do all they can to make the load as light as possible on taxpayers.

Citizens receiving requests to be present for an interview are asked to consider the fact that the board is imposing upon itself a great deal of work in an effort to keep the schools open. They are asked to consider the request as of prime importance, and to arrange to be on hand at the designated time. And, they are urged to remember that it is for their own benefit, as well as for the benefit of the school.

LARGE CROWD IS IN ATTENDANCE AT ANNUAL BANQUET

MOTHERS AND DAUGHTERS AFFAIR THURSDAY IS BIG SUCCESS.

One hundred and eighty-four were in attendance at the annual Mothers and Daughters Banquet, held in the basement of the First Christian Church here last Thursday evening. The mothers and daughters were quite enthusiastic, and the banquet was said to be one of the most successful ever to be held here.

The tables were decorated in red and white, red candles and green foliage carrying out the Valentine motif. The program was under the direction of Miss Anna Moores and Miss Mary Cooke and her dancing pupils, and was thoroughly enjoyed by all those present.

The honors of the evening went to Mrs. W. A. Davis as the oldest mother present. An appropriate reading by Mrs. W. C. Stewart was dedicated to Mrs. Davis. The youngest daughter present was Arnetie, the 5 1/2-month-old-daughter of Mrs. Cecil Thomas, and a poem by Helen Frances Porter was dedicated to her.

Mrs. W. G. Word was the mother with the largest number of daughters in attendance, and Mrs. Sam Balley's daughter traveled the longest distance to attend the banquet. Mrs. A. L. Chase, Mrs. G. W. Antrobus, and Mrs. J. H. Hurn were present with three generations.

Dorothy Jo Taylor was named president for the coming year, and Mrs. J. L. McMurtry vice president. Mrs. Odos Caraway, Mrs. Frances Caraway and Jean Bourland will comprise the arrangements committee for 1937.

In addition to the program committee, those contributing to the success of the banquet were Mrs. Paul Shelton, Dorothy Jo Taylor, Mrs. R. C. Land, and their committees, Miss Carrie Davis, Mrs. Lloyd Benson, Mrs. John Bass, Mrs. Charles Lowry, Mrs. Richard Chunn; also pupils of Mrs. Elizabeth Powell, Vivian Kerbow, Mrs. McMurtry, Mrs. Bass, Mrs. Howze and Mrs. Bryan assisted with the music.

Needy Texas Aged Will Get Maximum

Assurance that Texas old age assistance recipients will receive maximum monthly pensions of \$30 was given Monday by State Director Orville C. Carpenter, according to Associated Press reports in the daily newspapers this week.

Carpenter answered a query concerning payments from the federal social security act by saying: "Texans will be eligible to receive a maximum of \$30 per month if their needs require, this sum to be paid equally by state and federal funds."

4-H Club Organized At Chamberlain

Ten members were enrolled in the Chamberlain 4-H Club, organized this week, according to H. M. Breedlove, county agent for Buster Warrick, vice president; Bob Wilson, secretary and treasurer.

Regular meeting dates for the newly formed club have been set for the second day of each month, and the club will be under the local leadership of G. G. Reeves and R. W. Moore.

Breedlove said that several boys who were interested in the club were unable to be present, due to illness, and that the membership was expected to increase substantially.

LIONS CLUB WILL PRESENT MUSICAL COMEDY FRIDAY

"A DUMB WAITER" TO BE STAGED AT COLLEGE AUDITORIUM.

"A Dumb Waiter," two-act musical comedy, to be presented at the college auditorium by the Clarendon Lions Club Friday, February 21, offers Clarendon and near-by residents not only a chance to enjoy one of the season's greatest amateur shows, but also to help a worthy cause. Proceeds go to the crippled children's fund.

Under the direction of Mrs. Ira Merchant, the production boasts an all-star cast with a real plot, live-wire humorous dialogue, and catchy songs.

The advanced classes of Miss Mary Cooke, as they execute intricate steps of their tap routines, accompanied by the excellent music of Mrs. Allen Bryan, and the specialty dance by Alex Kay Cooke and Vera Noland, are outstanding features of the presentation.

The play, written by Geoffrey F. Morgan, on the theme that all the world loves a lover, casts Ira Merchant as Jack Temple, who consents to disguise himself as a French waiter and serve in the fashionable Adirondacks hotel of his sweetheart's mother, who disapproves of him. Daughter's hope is that by proving himself able to earn a living, he will remove mother's prejudice against him as a son-in-law. Mother's idea of a fine son-in-law is a philanthropic Wall Street millionaire (Jerome Stocking) who is staying at the hotel.

In the end, her kind benefactor is proven to be a swindler and a counterfeiter, and she becomes reconciled to the idea of Jack as a son-in-law.

The cast includes a fussy professor who turns out to be a detective, Phillips Gentry; a comical cockney waiter masquerading as a British nobleman, James "Ornelius"; a flirtatious widow with matrimonial intentions, Rhoda Wiedman; Jack's chum, Billy, Fred L. Williams; Billy's pretty fiancée, Gloria Martin, Jean Bourland; Mrs. Abigail Bates, landlady of the Summit Tavern, Mrs. Oscar Jenkins; Prudence Bates, her daughter, in love with Jack; Dorothy Jo Ryan; Henry J. Banister, from Wall Street (quite a distance), Jerome Stocking.

Admission prices are 20 cents for school children and 40 cents for adults.

Would Establish Museum Here

At a recent meeting of the Les Beaux Arts Club, the members voted to sponsor a movement to establish for the benefit of the school children of the city and county a museum to be operated in connection with the junior college.

Presidents of various clubs have pledged their support and co-operation in furthering the work, and several persons have promised to loan or give curios of historical value.

Any persons who have relics of any sort that would be appropriate and which they are willing to give or lend to this cause, are requested to call Mrs. L. S. Bagby, telephone 295, and the curios will be catalogued and placed in the room at the college where the members plan to hold open house in connection with the county sing-song which will be held March 2.

250 Drivers' License Issued In County

Two hundred and fifty drivers' licenses have been issued in Donley County this month according to Joe Bownds, county tax assessor-collector.

Application blanks may be found at a number of stores here and in Hedley, Bownds said, and time and trouble will be saved if these are filled out promptly and taken to the collector's office.

The last date for securing license will be March 31, Bownds said.

Mrs. Jim McMurtry and daughters, LeVerne and June, were in Cordell, Oklahoma, this week-end.

Real Indian

The Comanche war bonnet and ceremonial shield, displayed by Essie Lee Haynes, are from the collection of Steve Krom, of Dallas. Authentic, made by tribal featherwork experts half a century ago, these and other items of Mr. Krom's collection will be displayed at the Texas Centennial Exposition next summer.

FIRES ANNOUNCES FOR RE-ELECTION

IS CANDIDATE FOR RE-ELECTION TO OFFICE OF DISTRICT JUDGE.

The News was authorized this week to announce the candidacy of A. J. Fires for re-election to the office of district judge of the 100th Judicial District. In making his announcement, Judge Fires made the following statement:

"In announcing my candidacy for re-election to the office of district judge of the 100th Judicial District, I first want to say that I was before my appointment to this office a practicing attorney at Childress and throughout the entire Panhandle for 42 years. I graduated from law school at Louisville, Kentucky, on the 15th day of May, 1886, and I came to Texas in July, 1886, and to Childress County in November, 1886, since which time I have maintained my residence in the city of Childress.

"When I came to Childress the county was unorganized and then attached to Donley County for judicial purposes. The old 31st Judicial District was then composed of Donley County, Oldham County, Wheeler County and now Greer County, Oklahoma, and now part of the United States Supreme Court was within the jurisdiction of Texas. I assisted in the organization of Childress County and was elected the first county judge of the county at its organization (Continued on Page Eight)

Hedley Quintet Loses To Pampa Harvesters

The Pampa Harvesters managed to hang up a 42 to 36 victory over the Hedley Owls, Donley County champions and the dark horse quintet of the district tournament at Pampa Wednesday, February 12, in a free-scoring mele. The Hedley cagers were decidedly "hot." They hit the basket with remarkable ease, especially long-distance shots.

In the second game of the day for the Hedley boys, the Wheeler Mustangs took the long end of a 41 to 31 count after trailing the Owls' 21 points in the first quarter.

Pampa won the tournament by defeating the Panhandle Panthers in the finals, Saturday night.

## NEWSPAPER MISTAKES

Lehigh Independent-Argus: Errors in newspapers are frequent, though it is the goal of one and all who claim to be journalists to eradicate the disease of mistakes. An editorial in the Lehigh, Nebraska, World, published some time ago, expressed the situation and gives some advice which could be read over with profit every once in awhile, both by newspaper folk and subscribers.

"Yes, newspapers make mistakes. There is no concealing the fact, because the errors themselves are spread where all the world may see them. But is there as much inaccuracy as people think? Probably not. Frank R. Kent of the Baltimore Sun, speaking at William and Mary College, makes a striking statement of the case, which may interest readers as much as it interests newspaper men. 'In no business and in no profession save that of the pure scientist,' he declares, 'is the premium for accuracy so high, the penalty for inaccuracy so prompt and the proportion of accuracy so great. There isn't a newspaper man anywhere who does not know that, trivial though his errors may be, someone will catch it. Even when it escapes the watchful editorial gaze, even when no one in the office picks it up, even when he himself is unaware of it, there are still the old subscribers—thousands of them—vigilant, alert, aggressive, resentful, eager to put their finger on the "break," communicate with the editor and "show up" the writer and the paper. These old subscribers, in my judgment, are by far the most valuable asset a newspaper can have. Their militant, microscopic scrutiny is the finest possible corrective influence.'"—Journal, Webster City, Ia.

## BIRTH CONTROL FOR BANKS

The concern of the American Bankers' Association, lest a deluge of new banks, state and national, follow upon the improved business conditions, is entirely constructive. The association plans to combat the tendency to new banks by effecting a proper relationship between the needs of the community and its existing banking facilities. It was not its wish to deprive any community of banking conveniences; but simply to prevent "overbanking."

Thirty years ago, under loose laws, banks were organized at every crossroads. Second banks were established in one-bank towns. Things went along swimmingly for a time; the country was prosperous and everybody had money. Then hard times struck, and weak banks began to go down. In several cases they took down the strong bank neighbor which had been weakened financially by the establishment of more banks than the community needed.

To prevent a repetition of such a situation, legislatures tightened up the qualifications for establishing banks. These worked to some extent; but the program of the American Banking Association is needed. It is a demonstrable proposition in banking that one bank with a million dollars of resources is vastly more valuable to the community than two with half a million each.—Fort Worth Star-Telegram.

### A Thing Not To Be Explained

By IRVIN S. COBB

IT IS narrated of two colored men that they set forth one night to borrow a hog. Not until nearly daylight did they succeed in borrowing one from the pig-pen of a planter. Having slaughtered the prize they decided that it should be left in the cabin of one of them

until the following night, when the other would come to claim his share.

During the day the present custodian, while immersing the carcass in a barrel of brine to prevent it from spoiling, decided that he needed all the meat for himself. Accordingly he removed it to a suitable hiding-place and then, returning home, awaited the arrival of his partner in the enterprise of the night before.

About eight o'clock the second negro arrived, carrying an empty sack over his arm.

"Whar's de meat, Sam?" he asked, as he entered the cabin.

"In dat barrel of brine over yonder behind de back do'. Jes' go over and hep you'self to yore sheer."

The caller rolled up his sleeves and immersed his arms in the brine.

"Tain't no meat here," he said, after a thorough search.

"I ain't s'prised one bit," said Sam. "Rats is gettin' so bad round yere I don't know what I'm gwine do. Dey carries off ever' thing. I 'spects dey was eatin' dat po'k w'en I heard 'em nibblin' today w'ile I was layin' down tryin' to sleep."

His friend stiffened suspiciously.

"How come dey could nibble a hole in de barrel, eat all de po'k still de brine don't run out?" he demanded.

Sam took a deep breath.

"Dat," he said, "is de mystery."

Odd But True . . . . . By Anderson

LIBRARY NOTES (By Mrs. C. A. Burton)

A gift which gives us unusual pleasure is "Chuck Wagon Windies and Range Poems" by Lona Shawver and Walt Cousins. Many of you will remember Mrs. Shawver. She and her husband—whom the book is dedicated—moved to Clarendon from their ranch near Seymour to educate their son and daughter in Clarendon College. The son is now a practicing physician in Portland, Oregon, and the daughter the wife of a lawyer in Oklahoma City.

Mrs. Shawver has sent to our library an autographed copy of her book. It is what the name indicates—the cowboy stories as told by the campfire, depicting with unusual accuracy ranch life, cowboy life, in this great Western country. The late Andy Adams himself an authority on cowboy lore, wrote Mrs. Shawver that her book "had the salty tang of saddle leather." The book has been favorably reviewed by many Texas and New Mexico publications. Coming to the public as it does just now in this Centennial year makes it all the more valuable—and more appreciated.

Houghton Mifflin Company are already widely advertising the book to which many in Clarendon have been looking forward—"Charles Goodnight: Cowman and Plainsman." They announce its publication for early April. It is being written by J. Evetts Haley, a member of the department of history at the University of Texas. Mr. Haley has been collecting data for this extensive work for years. It will be remembered that Colonel Goodnight spent the last summer of his life—his 93rd summer—in Clarendon, and Mr. Haley spent quite a little time here with Colonel Goodnight planning for the book. Mrs. Goodnight had prepared many and copious notes at the Colonel's dictation for Mr. Haley's use. And the book is being illustrated by Harold Bugbee—something like one hundred illustrations. That of itself would mean that all of Clarendon and this part of Texas would welcome its publication. These two features of such especial interest to all of Clarendon and Donley County will cause the publication of the book to be anticipated with keen pleasure.

Annie Oakley's Colorful Career At Pastime Wednesday-Thursday

Vivid events in the life of Annie Oakley, the Ohio country girl who astounded the world with her almost unbelievable feats of rifle marksmanship, are brought to the screen in the romantic drama, "Annie Oakley," starring Barbara Stanwyck, which, as a picture, is an authentic page torn from history's notebook.

The career of Annie Oakley lends itself with remarkable sharpness and color to screen adaptation. Born in a log cabin in Patterson township, Darke County, Ohio, Annie at the age of nine was supporting her family by shooting quail for a Cincinnati hotel. In five years she paid off the mortgage on the family farm, and in succeeding years became so famous she joined Buffalo Bill Wild West Show and toured the world, giving exhibitions and defeating every man who challenged her marksmanship.

Annie Oakley went to puncture a playing card flying through the air. She could pepper a card scaled into the air 13 times before it hit the ground. She punctured dimes tossed high into the air, and broke flying balls with her rifle held high above her head. She once shot steadily for nine hours, using three 16-gauge hammer shotguns which she loaded herself, breaking 4,772 out of 5,000 balls.

Annie Oakley fell in love with and married the first man she defeated in a rifle match, one of the most noted marksmen in the West. Childless herself, she reared 18 orphan girls. The most

deadly rifle shot alive, she was a beautiful, gentle woman, whose husband, Frank E. Butler, died of a broken heart three weeks after her death in 1926.

From this woman's strangely stirring life comes the picture, "Annie Oakley." Preston Foster, characterizing the man she defeated at the Cincinnati Gun Club whom she later married, portrays Toby Walker, a crack marksman. Her hectic romance with Toby, born of professional rivalry, proceeds throughout the picture, although nearly halted by the intervention of Buffalo Bill himself. Other episodes deal with an accident involving Sitting Bull, and Annie's performances before European royalty.

In addition to Foster, Melvyn Douglas, Moroni Olsen, Pert Kelton and Andy Clyde have important roles in "Annie Oakley," directed by George Stevens who worked from John Twist and Joel Sayre's scenario for this RKO Radio Picture.

CLARENDON HAS LOW FIRE INSURANCE RATE

The state fire commission has announced that Clarendon will retain the maximum fire credit rate of 15 per cent granted last February, according to J. T. Patman, local insurance agent. In 1934 the credit rate was 6 per cent for this city, and granting of the maximum credit rate is due to the small losses by fire for the last two years.

## At The First Baptist Church

THERE IS ALWAYS WORSHIP—  
FELLOWSHIP—SERVICE

A good investment is the time spent in God's house. It gets one ready for the problems of the week. It enlarges one's vision and heightens his ideals. Men are measured by the height of their ideals, the depth of their convictions, and the breadth of their interests and sympathies. It isn't ones position but his disposition that makes him happy or unhappy. Going to church gets one away from himself and gives him a happy disposition. Cheerfulness may sometimes be difficult, but it always pays dividends.

## MARTIN SCHOOL NEWS

(By BILLY GOODMAN)

Mr. Kavanaugh and his high school entertained Ashtola High School last Wednesday night. This was a very unusual occasion as there are twelve girls in Ashtola High School and nine boys in Martin High School.

Martin won a tight game of basketball last Friday from Goldston. It was a much better game than the one we lost to Goldston this year.

Mr. Kavanaugh stated he would accept any challenge for basketball for either juniors or seniors. We have a tennis team this year. Anyone wishing a game please match same with Mr. Kavanaugh.

Mr. Kavanaugh and Mrs. Baker combined their pupils last Friday afternoon and we all enjoyed a good Valentine program. Mrs. Baker gave an interesting discussion on the history of Valentine Day. But what we enjoyed most was the popcorn balls and candy which Mrs. Baker served.

Miss Polk and Mrs. Kavanaugh combined their pupils for their Valentine program. All pupils seemed to enjoy the program and candy. The Martin school pupils wish to express their grief and sorrow due to the death of our faithful and beloved spotted cat. He was kind and tender, he never took more than half of anyone's lunch. He was making rapid progress in school. It did not take him long to get out of the primary department. He seems to have taken interest in higher mathematics as he made frequent visits to Mr. Kavanaugh's room. If anyone has another such animal please drop him off somewhere else.

THE STATE OF TEXAS  
To the Sheriff or any Constable of Donley County, Greetings:

YOU ARE HEREBY COMMANDED to summon all persons interested in the matters of the estate of J. H. Rutherford, deceased, by making publication of this citation once, not less than ten (10) days before the return day here of in some newspaper published in your county, citing such persons so interested to appear before the Hon. County Court of Donley County, Texas, to be held in the courthouse thereof in Clarendon, on the first Monday in March, 1936, the same being the 2nd day of March, 1936, then and there to show why, if any reason they have, C. C. Powell's final account as administrator of the estate of J. H. Rutherford, deceased, should not be in all things approved, he, the said C. C. Powell, having filed his final account herein on the 14th day of February, 1936, in cause No. 855 on the probate docket of said court, praying that the same be approved and be discharged as such administrator.

HEREIN FAIL NOT, and have you before said court on the return day hereof, this writ with your return thereon, showing how you have executed the same.

GIVEN under my hand and seal of said court in my office at Clarendon, Texas, this 14th day of February, 1936.

(Seal) W. G. WORD  
Clerk of the County Court,  
Donley County, Texas  
By Helen Wiedman, Deputy

Church going will change your ideals, your disposition, your relationship to your fellows and God. He who is too busy to think of religion is too indolent to know his loss. The greatest loss that any man can suffer is the loss of his soul. Keep your Sundays for the good of the soul and live a large life on a small capital. Do not allow yourself to stay or go spiritually blind. Go to church on Sunday and let the light of God's Word shine into your heart. It is a good investment.

Regular services at the First Baptist Church Sunday morning and evening. You are welcome to worship with us. We had some distinguished visitors last Sunday that made our hearts glad. We will be just as pleased to have you.

### A TO Z

Saw some pretty good games down at the gym last Friday night with the Quail Consolidated School. The first game was rather rough for girls; nevertheless, the Quail lassies seemed to be a little the rougher because they won the game. The high point girls were: Agnes Weaver for Quail, and Joan Thompson and Ruth Rhodes trying for Clarendon. The boys' game was even much rougher than the girls', and I would go so far as to say that the Quail boys were better sports than the Clarendon outsiders. And while I am on basketball I will say that on the same night the college team journeyed to Groom and took a wallop from the Groom team.

Forever and ever I guess girls will still wear boys' sweaters; now Dorothea Watson is sporting a Memphis f. b. sweater which looks pretty neat, (even if they are our old rivals). How did you rate that, Dorothea.

I forgot to say so while ago but Coach Kerby refereed both games last Friday night and he did a mighty good job of it in my estimation. Mr. Kerby knows his rules and he remembers them letter for letter.

And oh boy, is Julia Earthman stepping out these days; at present she is sporting a keen pair of blue spats. New style leader did you say?

When Miss Parten gets that worried look on her face you had better quit talking my pronto or you will get pitched out on your (tin ear) as Mr. Drennan calls it.

I asked old Colvin Lane if he was getting anywhere on typing. He said, "Yeah, when that guy sitting behind me will leave me alone." I looked and Raymond Shannon was sitting there grinning. Then Howard Strawn turned around and asked me for the 10th time what time it was.

Who is the tallest girl in the senior class? Jimmie Estes.

Who is the smallest boy? Winston Wood.

Someone says that Raymond Clemmons is still making bright remarks on the Goldston bus.

And I guess the smallest girl in the senior class is Margaret Nell Hillman. And while we are discussing seniors, I guess Louis Wood is the largest in the class.

I noticed that Oscilia has had most of her hair "whacked" off. I guess she is light headed now.

Maybe it is just because I am in a certain mood now, but it seems to me that the boys and girls in high school and college (teachers too) here at Clarendon are "the best in the West." I don't know where you could go to find a swell group like this, and that takes in a lot of territory.

Well, (I'm always starting with well) boys and girls, this will be a relief to most of you, but this is probably the last time "A to Z" will be written. I hope that you all have enjoyed reading it just half as much as I have enjoyed writing it. If any of you have been offended, I will even go as far as to say

## Miss Hall Resigns

The students and faculty regret to hear of the resignation of Miss Bita Mae Hall from her position as foreign language teacher in the Clarendon schools. Miss Hall has taught here for a year and a half and has proved herself an exceptionally good teacher. Since coming to Clarendon, she has taken an active part in all school activities and also in community work.

Miss Hall has accepted a position as teacher of Spanish in a Fort Worth Junior High School. She left for Fort Worth Saturday.

## Centennial News

Visitors to the Central Exposition at Dallas this year will find exhibits of the Southwest's biggest railroad systems. In the Hall of Transportation, one of the complementing two-block long structures facing across the Esplanade of state in front of the Entrance Plaza in Exposition Park, some 10,000 feet of space will be given to displays of the railroads already signed to contracts.

At present, still several months before the opening date of this Texas Centennial Exposition, 70 per cent of available floor and ground building sites is taken. Every industry of importance in the United States is represented in the exposition. The exhibits department estimated last week that at least \$2,000,000 will be spent above space costs, on exhibits already detailed to them by representative exposition participants in every leading field of industrial, professional, and commercial life of the nation.

Work on all the main buildings has started and many of the buildings are near completion. These buildings are rapidly taking shape on the busy 187-acre grounds at the \$25,000,000 Texas Centennial Exposition.

Following are a few news items at random:

**COTTON BOWL NAME GIVEN TO STADIUM**—The city commission of Dallas has officially fixed the name Cotton Bowl for the 46,000-seat sports stadium at Exposition Park.

**STICKERS POINTS WAY TO EXPOSITION CITY**—"Texas Centennial Bound" reads an arrow through a five-color windshield sticker, being distributed in hundreds of thousands through associated clubs by the Dallas Automobile Club.

**THRILLER FROM ENGLAND**—From England comes "Rocket Speedway," a thrill ride for the Midway that the British inventor adapted from imaginative American funny paper devices.

**HOT DOGS EVERYWHERE**—Twenty stands over Exposition Park are being erected by Otto H. Muller, who paid \$18,000 for the rights on sale of hot dogs and hamburgers.

**ANYTHING AT FAIR FOR A NICKLE ON KID'S DAY, EVERY TUESDAY**—Everything's a nickel for school children of Texas on Tuesdays through the Texas Centennial Exposition, opening June 6. Students under 12 years old will be admitted at the gates for 5 cents instead of the customary 25-cent half ticket. Concessions on the grounds, usually 15 cents and up, will issue nickel tickets for them.

## INTERSCHOLASTIC LEAGUE LITERARY WORK BEGINS

Regular work on all interscholastic league literary contests is now in progress. The essay writing group, under the direction of Mrs. Goodner, consists of Pauline Carlile, Mary Katherine Hardin, Phoebe Ann Buntin, Margaret Hillman, Dorothea Watson, Maxine Ellis, Jane Kerbow, Darcy Lassiter, Helen Risley, Ruth Warren Rayburn Smith, and Robert Smith.

Miss Hoover is directing the work in declamation and reports the following declaimers: Ethelyn Drennan, Geraldine Hall, Juanita Estes, Marian McCormack, R. W. Bingham, Winifred Barbee, John M. Bass, Raymond Clemmons, Bill Peden, Lamar Stewart.

Jack Gardenhire, Florine Goodson, Thyra Haley, Jane Kerbow, Maurice Lane, Fannie McGowan, Charley Murphy, William Sullivan, Edith Vinson, Shirley Mae West, Rebecca Welch, Glen Riley, Christine Seaton, Johnnie Stewart, Geraldine Summers, Bessie Cowan, Pearl McGowan, Joyce Smith, Mildred Atteberry, Phoebe Ann Buntin, Maxine Oiler, Fannie Sachse, Oleta Wood, and Irma Faye Moreland are participating in the spelling contest. Miss Harris is again coaching the spelling contestants.

## ALPHA DELTANS RE-ORGANIZE

After having been dormant for the past several weeks, the Alpha Delta Psi met last Friday afternoon, February 13, in Miss Harris' room for the purpose of electing new officers for the coming semester. Homer Estlack was elected president; Elery Watson, vice president; Wilma Dee Smith, secretary-treasurer; Marvin Baker, sergeant-at-arms. The meeting time decided upon was Thursday evening at 7 o'clock in club room of the dormitory.

All old members are requested to come and bring a visitor with them. Any high school seniors who wish to become members or wish to visit the society are welcome at any of the meetings.

## ORIGINAL PLAY IS QUITE SUCCESSFUL

"The First Thanksgiving," an original composition of tenth grade English students, was presented at assembly on Thursday afternoon, February 13. Members of the cast were selected from the tenth grades, and each actor interpreted his part well. As a project of the English classes, the play was successful from every point of view. Rosalyn Bass directed the play.

## SPORT SHOTS

Well, it seems that basketball is about to give way to track, tennis, and other spring events. The high school boys have quit training, and will soon begin tracking. The C. J. C. basketball team journeyed to Groom last week; however, where they met defeat at the hands of a Groom team. Plans are being made for a tournament to be held here Saturday. The C. J. C. boys have not been reporting for track the last week because of the very cold weather. They will start regular training just as soon as it gets warmer.

Notice a bunch of high school boys over at the tennis courts nearly every day now; how they stand this cold weather is beyond me. They evidently are very cold natured, and surely they must love the good old game of tennis immensely.

The United States winter olympic

## PAGEANTRY TO PORTRAY 400 YEARS OF TEXAS

One of the outstanding features of the Texas Centennial Central Exposition at Dallas this summer will be the romantic history of Texas portrayed in pageantry. The colorful spectacle will span 400 years, from the landing of the Spaniards to the present day.

Exposition authorities have appropriated \$150,000 for the elaborate pageant. Charles E. Turner, former Dallas mayor, is in charge of the presentation. William M. Hamilton, prominent playwright and composer, has been named as director.

One interesting feature of the gigantic pageant is the fact that shifting scenes will take place behind a huge screen of spraying water tinted by various colored lights. This beautiful screen will serve the purpose of a stage curtain.

Three hundred Texans will be included in the cast, many of whom are descendants of the historical characters they impersonate.

pic team proved to be incapable of staying with the competition offered by Norway, Germany, Sweden, and Finland in the winter olympic games. The United States retained the two-man bobsleighing title, however, for the states' only title, thus placing them in fifth position in the rankings.

W. L. Patrick, Texas Highway engineer who has been stationed in Clarendon, has been transferred to Cuero, Texas. Mr. Patrick moved with his family to that city Wednesday, February 19.

## SENIOR REPORT

The seniors are progressing rapidly on the annual which is to be finished some time in March. It is hoped that the pupils will like it so much that they will continue having one every year for a long time.

Only three months until the time when every senior will be thrilled over the thought of receiving a diploma. The graduation invitations have been ordered, and the girls are already thinking about the kind of dresses they're to wear.

Every one is wondering how this "Super-Flivver" program at the Junior-Senior Banquet is going to work out. It's different, at least.

We saw the biology students go through the act of chloroforming and cutting open a cat. Several girls who have weak hearts, (and stomachs) failed to report to the lab that day. If any of you Clarendon citizens miss your pet cat, make it a point to visit the biology lab and you'll probably find your pet cuddled up in a jar contentedly breathing chloroform. Reba Nichols has a collection of cat tails; not the plant you find around swamps, but real cat tails. Odd collection, don't you think?

Oh, yes, we must not forget the little verse which a very bright member of the senior class composed:

Darn she, me hate she,  
Me wish her had died,  
Her told I her loved I,  
But darn she, her lied!

Frank White, Jr., was in Oklahoma City last week.

## SENIOR ACTIVITIES

It's been so long since the seniors have rated a mention that I think we should find out what they've been doing. Here's what: An indignant senior telling a C. J. C. soph that the college students have been almost entirely monopolizing the Broncho Range.

Randall Acord laughing at Mrs. Goodner's absent-mindedness.

Jimmy Bourland rapidly writing a theme for English 4 the fifth period when the theme was supposed to be in the sixth.

Ruth Warren proudly telling anyone who'd listen about the beautiful bouquet from Cunningham's in Amarillo which her boyfriend sent her.

Raymond Clemmons dozing through quiet period.

Mary Lois Hayter combing her raven locks abstractedly.

Nell Cook laughing at Philbert jokes in Colliers.

Pauline Carlile looking at various initials on her book covers, underlining the initials H. M., then adding her own.

Hulda Jo Cauthen frantically inquiring if she could buy just one graduation invitation. She said she wanted to give one to her mother, as her mother would give her the only present she'd get.

Dorothea Watson emphatically saying that she thinks Black and Gold is the world's worst color combination.

Peggy Word trying in vain to get some information from Miss Harris during a history 4 exam.

Frances and LaVerne gazing out of the window during H. E. class.

Winston Wood bothering every-

body in the typing class. Howard Strawn eternally arguing about something. Eugenia Noland saying, "Well, I knew somebody was crazy but I didn't think it was me." Everybody telling everybody (Continued on Page Seven)

VOL. I Devoted To The Students Of Lelia Lake High School No. 10

The Whirlwind Editor-In-Chief ----Bob Leathers Assistant Editor ----Bernice Self Sponsor ----Mrs. Frank McInnis

OUR FAMILY ALBUM

"Our Family Album" was written by Thelma LaFon, who is a sophomore English student. When the day is rainy, and "Old Man Weather" just will persist in being disagreeable, the most interesting way I've found to make the day pass more quickly is to explore our family album.

Our family album is covered with dark red plush. Across the top of it is the word "Friends." The letters of this word are of copper and are put on the album with tiny screws. This album, whose age I wouldn't try to estimate, has been in the family for years and years. It has been handed down from one generation to another and as a result, its many leaves are dog-eared and hand-worn.

In the front of our album are several pages which have been used for a family record. On these pages, the dates of all the births, marriages, and deaths have been written. This record alone could entertain you for quite awhile, with its many names and dates. You can see by this record how names change with the times, just like fashions and ways of living change.

In this record you can find old-fashioned names like Silas, Elijah, Martha, Rachel, Esther, Armand, and Judith—names which are seldom used in this day and age. Gradually as the list of names continue on down to more modern times these old-fashioned names have given way to more modern names.

Among the first pictures are many tin-types. In these pictures, which were made years ago, all the men wore mustaches. Some of the men have on shoes which button up the side, and some have on boots. The women all wore long dresses, which were full-skirted and high-necked. The little girls wore long dresses and buttoned shoes. Some of them had their hair cut in boyish fashion, while some of them wore their hair almost to their waists. The little boys usually wore dresses until they were five or six years old.

One tin-type picture, especially, always attracted my attention. It was a picture of my great-grand-

GOOD NEWS Yes, it is very good news. In fact it is the best news that has originated right here in Lelia

father, his wife, small son, and baby. My great-grandfather, who was just in the prime of life, wore a long mustach, which was the fashion then. My great-grandmother, a bride of a few years, wore a high-necked, much-trimmed dress with a very full skirt. Her hair, which was dark, was "done up" on the top of her head in a huge knot. Their small son, of about six years (who later became my grandfather) wore a dress with ruffles on the cuffs and collar. The small baby, who died not long after the picture was made, wore a long dress which required many yards of material to make. The waist was comparatively small but the skirt hung almost to the floor, and the baby was sitting in his mother's lap. This picture was tinted and was very life-like.

Another favorite picture of mine is of a cousin and her husband on their wedding day. The bride and bridegroom are dressed in all their wedding finery. The bride has on a veil and her wedding gown is of white satin. Although her shoes do not show, because they are hidden by her skirt, I imagine they are white and have high tops. The bridegroom, with his white collar, frock-tailed coat, and patent leather shoes, make an admirable picture. And then there is the picture of their first baby, a darling boy. I can imagine how the old folks "took on" over him.

And there's a picture of Aunt Catherine when she was first starting to school. How mischievous she looked with her braided hair all smooth and shining!

Here is another interesting picture. It is of the school where dad, his brothers, and sisters all went to school for the first time. All the kids are lined up so straight and they all look so proud. The teacher is a tall, grim-locking man. He looks as if his motto might have been, "Woe to the student who is disobedient."

There are many more pictures in our album of relations in all phases of life. The pictures in the last section are more modern. However, these aren't as interesting to me as the old-fashioned pictures are.

WITH THE TRACKSTERS Well, folks, don't be surprised these days if you see boys with very, very few clothes on traveling the highways and byways near Lelia Lake. You see it will not be many days now until the county track meet will be held in Clarendon, and these Lelia Lake boys are planning to make their neighbors fun for the money. Of course they aren't conceited or egotistical about the situation and realize that much practice is needed. Hence the thinly clad lads that you may venture upon. It may be Louie Martin or Jeff Wiggins trying to do a mile in four minutes; I. R. King or Jack Beach trying to do the hundred yard dash in six seconds by flying the last half of it; Clifton Adams trying to twirl the discus across the railroad; Laird Reeves or J. T. Floyd trying to rise and fly over horizontal cane poles; Lloyd Hefner tossing a little iron ball about; or it might be one of several other young fellows who are hoping to be among those who will leave here Thursday morning, April 30, for Denton to participate in the Class B State Track Meet. The only requirement for an invitation to make this educational and enjoyable trip is to win a first place in any event at the county meet.

Lake in several years. And please don't censure us too much for being more or less up in the air, because a gymnasium is to us what a football stadium is to the larger schools. We have to get our lung exercise, and derive our enthusiasm for sports from basketball instead of football, and—well, frankly, it is pretty cold these days to have to brave the undiluted elements to watch or practice basketball.

Now listen. Our new combination gymnasium and auditorium is not a two-by-four affair by any means. The playing court is 40 feet by 70 feet and there are plenty of seats for spectators too. There are dressing rooms for both boys and girls with showers—and who doesn't like to play basketball with a good shower afterwards? Then when you come down and sit in one of the four hundred new chairs and watch a performance on the beautiful modernly equipped stage, you will be just as enthusiastic as we are about all this. Yes sir, the Lelia Lake Gymnasium is nearly completed and that's mighty good news.

William Green arrived in Clarendon Saturday for a visit with his parents, Mr. and Mrs. George Green. William is convalescing from an injury received in an automobile accident near Malakoff, February 8.

### Cowboy Reunion In July To Take Centennial Motif

Dates for the seventh annual session of the Texas Cowboy Reunion have been officially set by the directors as July 2, 3, and 4—Thursday, Friday, and Saturday.

The reunion this year will be part of the Texas Centennial observance, being known as the Texas Cowboy Reunion celebration of the Texas Centennial.

The Texas Cowboy Reunion, which is recognized as one of the most authentic survivals of the Old West and the rapidly vanishing cattle empire, will prove instructive as well as entertaining to Centennial visitors both from within and without the state. The annual meeting in Stamford brings together the pioneer cowboys and cattlemen who replaced the buffalo with longhorns, as well as the bronzed cowboys of today who punch white-face cattle on the comparatively few remaining large ranches of the Southwest.

### Williams Tells—

(Continued from Page One) who are feeding calves for the first Donley County Baby Beef Show, to be held March 7, are showing a great interest in the work. They are working diligently, and keeping close watch on the progress being made by their own calves, as well as those of the other boys.

The show offers a very attractive cash premium list, and it is hoped that within a few years it will become the outstanding event of this type in the Panhandle. It is a good work, and will prove highly beneficial to the boys. This department wishes

for the first show the greatest of success.

### Too Many People—

Story heard in the drug store: An old boy came steaming down main street the other night, a little the worse for being "too deep in his cup." He staggered along and bumped into a lamp post. "Excuse me, sir," he apologized. He then stumbled against a fire hydrant, bowed profusely and remarked, "Excuse me, little boy." While making the second apology he waded into a second lamp post and fell down. "Well," he said, "I guess I'll just sit here till the crowd gets by."

### A Great Relief—

We understand there has been a general increase in the use of radios in Clarendon since that "round and a-round, below b-l-o-w w-o-h-o-h-o" business has about faded off the air.

### Could Make Life Sweeter—

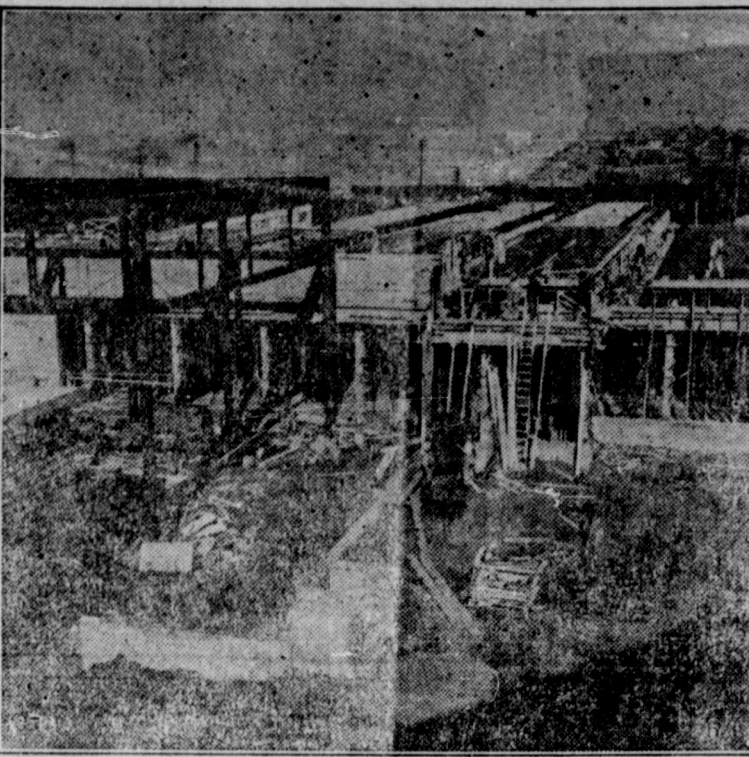

The Groom News waxes poetic, and gives a very sound piece of philosophy in a little verse which is being produced below, b-l-o-w (gosh, they've got me doin' it):

Don't look for the flaws as you go through life,  
And even when you find them  
It's wise and kind to be somewhat blind,  
And look for the virtue behind them.

### Life From Death—

Honest Bill in the Spearman Reporter:  
"If you meet John Allen on the street you must call him doctor. Mr. Allen shot a rabbit the past week-end, and 30 minutes after the death he noticed a slight movement. Dr. Allen performed one of them Cesarean operations. The baby rabbit is now six days old and is doing fine under the care of Dr. John. He feeds the little bunny milk."

### Fires Announces—

(Continued from Page One) on the 11th day of April, 1887, and served as county judge until the first of January, 1888, when I declined to again be a candidate for county judge for the reason that I had prepared myself to be a lawyer and it was my desire to enter the practice. Aside from the position of county judge I have never solicited political favors until my appointment as district judge when I was then 68 years old. At the time I accepted the appointment of district judge I felt that I was reasonably well equipped as a lawyer to be of service to the people of this district and during the time I have been so serving at district judge I have done my very best to be fair and just in the trial of cases and as economical in the administration of the office as the dispatch of business would admit and as considerate of the jurors as the law and facts would justify.

"I appreciate the support that the jurors have given me during this time by their prompt attendance and I am grateful to the bar for their co-operation. I am also grateful to the voters of Donley County for their loyal support in the past and if I am re-elected I can only make them this promise, that I will try from the experience that I have already had to make them a better judge than I have in the past, and I hope that they may be as loyal to me as they have in the past.

"I regret that I will not be able to make a canvas and see the voters of the district for the reason that all of my time will be taken up in the various courts of the district until the 25th day of July."

### Club To Sponsor—

(Continued from Page One) of honor at the annual Bosses' Banquet and will be asked to read his or her essay as well as receive a cash prize.

The club expressed the hope that this contest will be taken seriously as a movement to help better the community and promote good citizenship among the growing generation.

Of interest far beyond the borders of Texas will be the Western celebrations—pioneer days, roundups, and rodeos—plan-

### Corporation Charters In Texas Decrease

Texas corporations obtaining charters during January decreased substantially in number below the corresponding month last year, according to the University of Texas Bureau of Business Research. During the month a total of 141 new charters were granted with aggregate capitalization of \$1,690,000, declines of 45 per cent and 25 per cent respectively from January, 1934. All groups showed a marked decline except real estate building and transportation in which there was a sharp increase. Corporations capitalized at \$100,000 or more declined from nine last year to three this year, while the fifty firms capitalized at less than \$5,000 represented a decline of 26.5 per cent from a year ago.

Sloan Baker will be one of the principal speakers at the Teacher-Trustee Banquet at Wheeler Friday night, February 21.

ned at Plainview, Floydada, Midland, Canadian, Stamford, Pecos, Palfurrias, Borger, Bowie, Clarendon, Belton, Comfort, Tulla, Big Spring and San Angelo.

The Centennial observance was opened last November with a celebration at Gonzales which has been followed by celebrations at San Antonio, El Paso, Livingston, Brownwood, Dallas, Putnam and Galveston.
