NOBODY'S BUSINESS

Austin.—Spurred by apparently well-founded reports that Gov. Allred will call a second special session shortly after adjournment of the present session, Oct. 27, provided a pension revenue bill is enacted this time, both houses went into final ten-day period with every indication of producing results.

The situation at the week-end showed the house having passed the omnibus tax bill, and sent it to the senate, where debate on amendments and substitutes was under way. Both houses had finally enacted and sent to conference unemployment compensation bills, thus covering the second of two purposes for which the session was called. Final passage of the bill will follow the conference report, reconciling minor differences in the house and senate measures.

The bill to transfer \$480,000 in the permanent old age pension fund to the available pension fund also was finally passed, and sent to the governor, and the house completed passage of the bill authorizing issuance of not more than \$500,000 of 3 1/2 interest bearing warrants to pay pensions until March 1, if necessary. This was in furtherance of the plan devised by Gov. Allred and bankers of the state, to avoid suspension of pension payments until new tax revenue becomes available.

PENSION REVISION UP?

If another special session is called, it will be to pass enabling acts under constitutional amendments adopted last year, authorizing temporary confinement of insane persons without lunacy trials, and setting up a system of probation for adult offenders. It will also permit legislators to pass local laws, which have been strictly withheld by the governor, in order not to muddy the pension-revenue waters. The lame duck house has proved extremely tractable, and the senate, if it can get past the hurdle of Sen. Roy Sanderford's sales tax and Sen. Clint Small's gross receipts tax, which has been described as an "inverted sales tax," should produce some pension revenue well within the time limit.

Revision of the pension law, to eliminate payments to all except those actually in need, and cut the present potential pension list of 150,000 to about half that number, may be submitted at the next special session. The lobbyists are unanimously for it, and it is likely their lack of opposition to the omnibus tax bill is the result of some sort of understand-

IN A rural district in Indiana is a general practitioner of medicine who covers up a wide and comprehensive range of ignorance under

an impressive front. Among the natives he passes for a veritable fount of wisdom.

One evening he walked into the country store and the store-keeper, addressing the congregated loafers about the stove, said:

"Now we can find out about it." He turned to the newcomer.

"Say, Doc," he said, "there's a question come up that we want you to settle. I been readin' in the paper here about this here new bovine virus that them foreign doctors is usin' now. Just what is bovine virus, anyhow?"

The circle scarcely hesitated.

"Bovine virus," he said, "in his most oratorical manner, 'derives its name from the man that discovered it—the eminent French scientist, Dr. George W. Bovine.'"

"There now," said the store-keeper facing the audience, "I told you the Doc would know if anybody did."

Friday's results: Clarendon 6, Lefors 0; Memphis 13, Wheeler 33; Shamrock 12, Mobeetie 0, Wellington 12, Lakeview 6; Amarillo 39, McLean 0.

The standings:

Team	W	L	Pct.
McLean	3	0	1.000
Shamrock	3 1/2	1/2	.875
Wheeler	3 1/2	1/2	.875
Wellington	4	1	.800
Memphis	3	2	.600
Clarendon	2	2	.500
Lefors	0	4	.000
Lakeview	0	4	.000
Mobeetie	0	5	.000

By their win over Lakeview this week-end, Wellington advanced a notch as Memphis went down before Wheeler. McLean went out of the district to engage the Amarillo Sandies, but their loss didn't affect their standing in the conference.

And here's where they play tomorrow: Clarendon at Mobeetie. Lakeview at Wheeler. McLean at Wellington. Shamrock at Memphis. Lefors remains idle to lick their wounds and prepare for the cellar championship scrap with Mobeetie on October 30, provided Mobeetie doesn't knock the Bronchos off tomorrow.

The game of the district for this week is the McLean-Wellington tussle at Wellington.

NAYLOR

(By Mrs. Richmond Bowlin)

Mrs. James Espey and Mrs. Doris Espey were Amarillo visitors Thursday. They went to take little Evelyn Reed of Midway to the Crippled Children's Clinic for a check-up. She was doing fine. Mrs. K. C. Reed, her mother, accompanied them.

Mr. and Mrs. J. W. Carnes and daughter of McLean spent the week-end with Mr. and Mrs. A. E. Tidrow. J. W. is a brother of Mrs. Tidrow.

Mrs. Edwin Eanes and mother, Mrs. W. M. Pickering, shopped in Amarillo Wednesday.

P. Q. Naylor made a trip to Portales, N. M., for garden products for home canning.

Mr. and Mrs. Johnson of the JA Ranch spent Sunday with Mr. and Mrs. F. M. Barton and Mr. and Mrs. A. O. Hefner.

Dud Graham has sold his crop to Woodrow Davis and is moving to Stonewall County. Mr. and Mrs. Davis are moving to the Graham place.

The spotlight is focused brightly on this crucial battle as the district champion is likely to emerge from the go. Opinion is divided among the boys in the know, but right now Wellington has the edge on votes.

I'm not forecasting but you may expect a hard win for the Bronchos at Mobeetie. There's no doubt that they are battered and bruised, and Coach Jones is greying fast over their mental attitude. They were in luck to come off with a win over the Lefors Pirates, a club which they were expected to take by many touchdowns.

Remember that I am not forecasting and for you who have been snugly asking how Memphis is doing, I will say not bad. It's not every club that can lose 63 points in two games. I have always known that there were a few people in Memphis who didn't care for me, but the idea of a whole team deliberately throwing me down after I had picked them for a possible winner is just too much. Just for that I am going to pick the Cyclones against Shamrock, Wellington and Clarendon and bet you they don't win another game.

At The First Baptist Church

THERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE

If one is really religious he will not seek excuses for remaining away from the church services. An excuse is something given to conceal the real reason. Excuses will keep people out of heaven but not out of hell. Christ said the reason people were not saved was because they would not come to him that they might have life. They gave excuses for not coming but no reason. They just would not come. Human nature has not changed. Put aside every excuse and unless you can find a real reason to be in your place in your church for all of her services Sunday. Why forfeit the best help in life because of wrong attitudes? Many people's lives are pestered, sour and unhappy because their attitude toward life is wrong. They live in a terrible world among terrible people and the outlook is bad. The church service is a divining rod enabling us to discern beneath the surface of life. The church service is the festival of expansive thoughts. It unfetters us, vitalizes us, and fills our dull lives with glory. It helps us to see life from a different angle. You are missing a great deal when you miss the Sunday

ASHTOLA

Horace Collier of East Texas visited his parents, Mr. and Mrs. B. L. Collier Sunday.

Theda Parker and Hall Hardin of Clarendon, Sue McDowell of Goodnight and Marvin Jones of Clarendon visited in Pampa Sunday.

There are a few seats vacant at The Baptist Church every Sunday. You will not be turned away if you come. In fact the call is loud and long for you to come, and there is a feeling of disappointment when you fail.

RESEARCH KEEPS G-E YEARS AHEAD

Presenting the phenomenal facts about GULFPRIDE

THE WORLD'S FINEST MOTOR OIL

THE facts on this page sound hard to believe. But here is the reason why GULFPRIDE—and only GULFPRIDE—can accomplish such results . . .

Gulf begins with selected Pennsylvania crude, refines it to a motor oil that equals the best—then further refines it by the exclusive Alchlor process.

Only GULFPRIDE is made by this process—result of 15 years' research—the same scientific research that has made every Gulf product a leader.

Read the facts below. Then drain your dirty summer-worn oil and refill with GULFPRIDE now. At all Gulf dealers.

AN AMAZING TEST. Bottle No. 1 shows a mixture of 6 famous Pennsylvania motor oils. Bottle No. 2 shows them after being put through Gulf's Alchlor process. Bottle No. 3 shows the 20% waste removed from these already highly-refined oils by Gulf's Alchlor process. This process starts where others stop! That's why GULFPRIDE is the world's finest motor oil.

TOPS IN THE AIR—8 out of the 11 winners in last year's National Air Races used GULFPRIDE OIL, the identical oil you can buy for your car at any Gulf dealer. This "aviator's oil" will take you farther before you need to add a quart than any oil you ever used!

THE U. S. NAVY specifications for motor oil, as well as those of all other, government agencies, are bettered on every point by GULFPRIDE. For instance, this oil forms only 1/4 the amount of carbon allowed by Navy specifications. That's why GULFPRIDE almost completely banishes carbon cleaning.

Light Snow—

(Continued from Page One) The spell marked the first cloudy day for Clarendon since October 8, when .05 inches of moisture was received. The previous low for the season was registered on September 29, when a minimum of 38 was reported. Including Wednesday night, the total moisture for the month is now one and one-half inches. One and five one-hundredths of an inch fell Tuesday, September 8, followed by .15 and .05 on Wednesday and Thursday, October 7 and 8, respectively.

Maximum and minimum temperature readings for this week were: Monday 88, 61; Tuesday 83, 38; Wednesday 51, 33.

Near freezing weather was reported in the entire Texas Panhandle, while observers said the wave probably would extend to the Gulf Coast.

Unless the spell is prolonged, little damage will be done cotton producers in Donley County, other than hampering picking, while valuable winter moisture is being received.

BUNTINS VISIT CENTENNIAL

Mr. and Mrs. Fred Buntin returned Tuesday night from Dallas where they visited the Centennial.

A colored philosopher who said this, deserves to rank with Emerson: "Life, my breddren, am mos'ly made up of prayin' fo' rain, and den wishin' it would cl'ar off."

Wifey: "Shame on you! Do you think gettin' drunk is the way to remember your wedding anniversary?"
Hubby: "Who's tryin' to remember?"

A man who lived alongside a cemetery was asked if it was not an unpleasant location. "No," said he, "I never resided in all my life with a set of neighbors that minded their own business so steadily as they do."

POSTSCRIPTS

We are very proud of our football boys and we are certainly happy about their victory over the splendid Lefors Pirates. They played a clean game and won, and we hope we roll ole Mobeetie in the soil Friday.

Congratulations, Lu! We are sure you will make the most outstanding president in the history of the Curtain Club!

We thoroughly enjoyed the unique program by the distinguished and talented Rev. and Mrs. Austin. Mrs. Austin played a number of beautiful hymns and Mr. Austin entertained with his readings.

The Pep Squad Girls' stunt Friday night was impressive. We firmly believe they beat West Point cadets in their splendid march.

Lella Ruth Buchanan is a very absent-minded person. In English class she inquired of Mrs. Godner if this were October or November.

You ask a certain young lady, that happens to be in the Sophomore class, about Fisher Johnson's smile, and she'll say, energetically, that he has a charming smile.

It's getting to be a very common sight to see Mable Johnson and Everett Parker exchange notes in the hall.

Floyd Dewey visited the Texas Centennial this week. We hope she enjoyed it.

WHY?

Why doesn't the Broncho Range get one good gossip column. With two supposedly such columns—We Saw and Seen About C. J. C.—there is still no gossip brought to light. A consolidation of the two might make a half-way good column which might tell something about someone who is not mentioned week after week, with such regularity that even they get tired of it.

Why does the Broncho Range have a society editor? I have yet to see a society item on the page. Maybe the honor of holding the office is sufficient to live up to without having to write.

Why doesn't the Bucks From the Broncho writer throw a little dirt along with the bouquets? Good, honest criticism was never known to harm anyone. There is no use in constantly flattering each member of the team. A person can be loyal and still be honest. Bucks From the Broncho is the most interesting column on the page except for too much sunshine.

Why doesn't the author of Our Book Shelf discuss something in addition to books? There are many interesting and worthwhile articles in the periodicals which are never read because no one has any curiosity about them, but the students could be made curious.

Why is it that the Clarendon High School and College students will not cooperate with the overworked staff by dropping something in the box? This box can be found at any time on a table in the library.

If anyone can answer these questions, please do so—but if there is no answer then—

Why doesn't everyone take the hint?

Mr. Super Critical

The Freshman class will be led by Jimmy Bourland with A. V. Hendricks as vice president and Beth Weathersbee as secretary and treasurer.

THE RANGE RIDER

After a rough but slow game last Friday night the Bronchos are preparing for the next game with Mobeetie. The Lefors game was good but the boys were handicapped by over confidence. This is being worked out of them by Coach Jones. He wants the boys to make a good showing against Mobeetie. We all think they will.

On the line the Broncho ends stole the show. Cole blocked a kick which resulted in a touchdown, and "Slime" Rolls constantly threw the Lefors backs for losses. Butler ran the ends a close race. Cornell, Grady, and Holtzclaw were the usual outstanding backs for Clarendon. Slaving and Baxter turned in performances that greatly aided the Bronchos.

The Lefors game answered the question that has arisen in the minds of the fans. They wanted to know what could happen if Cornell had to leave the game. He did have to leave in the third quarter, leaving his quarterback job to Grady. Grady, although new to this position, handled his job like a veteran. In fact the Bronchos made their greatest scoring threat while he was handling the team.

The game next Friday will be played under conditions new to some of the Bronchos. It is to be played in the daytime. It is not likely that this will handicap the Bronchos. The Hornets, however, are just about ready to sting someone. They may turn into horseflies. Last week, they held Shamrock to twelve points. Even at this everybody is backing the Bronchos.

The third grade is making a study of leaves this week, while the second grade is studying Indians. Dewey Tom Heath of the second grade made a real Indian arrow head by chipping it out of flint.

Home Ec Girls Organize Club

A large group of energetic Home Ec Girls met Monday, October 19, for the purpose of organizing. After a very close race the following officers were elected: Christine Knox, president; Frances Morris, vice president; Theda Parker, secretary and treasurer; Jessie J. Tomlinson, reporter; Miss Berry, sponsor. This enthusiastic group chose Wednesday for their meetings and the members will meet twice a month. The second year girls broke the news of the initiation program Wednesday for the first year girls. We are sure this club will be helpful as well as enjoyable. There was no other business, so the body was adjourned until Wednesday, October 28.

Parents of Band Members Organize

The C. H. S. band, under the direction of Ray Robbins, is fast improving with each additional practice session each week. The band practices on each Monday and Wednesday night at 7:30. There is now a junior band which practices on Wednesday and Friday at 12:30 o'clock.

At a meeting of the parents of the band members last Monday, the parents organized into a club known as the Band Parents Association. Officers elected to head the organization were President, Mrs. B. F. Kirtley; vice president, Mrs. Meadors; secretary-treasurer, Mrs. Ralph Andis. This association will aid the band in every possible way, striving to create a greater interest and development in the band.

Plans are being formulated whereby money might be raised to purchase new uniforms. On November 20, the band is sponsoring "Cal Farley's Flying Dutchman Circus," at the gymnasium in the South Ward building. The proceeds will go in payment for band equipment which is very much needed at this time.

Sarah McGowen, Eloise Hill, Avis Lee McElvany, Jo Word, Helen Louise Green, Dorothy Nell Baker, Dorothy Phelps, Nellie Grady, and Anna Moores Swift, sang two songs, "The Flowers that Bloom in The Spring," and "Git-Willow" from the comic opera "The Micoado." The chorus was directed by Miss Anna Moores and accompanied at the piano by (Continued on Page Seven)

Hotly Contested Election of Officers Is Held By Members of Curtain Club

Fire Drill Held Twice A Month

Twice a month an organization of "fire boys" in Clarendon High School are called into service and the school is emptied of students by three sharp rings of the gong, the signal for a fire drill.

This group of "fire boys" is headed by Truett Holtzclaw as chief, and includes Pat Slavin, Jesse Cornell, Charlie Murphy, Gene Butler, Eugene Baxter, Ralph Greedy and Led Jay. Three of the boys are stationed on the upper floor, three on the main floor, and two in the basements. Their duties are to see that all the windows and doors of the rooms are closed. The privilege of ringing the gong is determined in a unique manner. The chief hides a red block somewhere in the school building; the student that finds this red block rushes out to ring the bell.

A program of fire prevention education is being carried out in all of the Clarendon Schools. The English classes are required to write themes on some phase of fire prevention. In the grade schools, fire drills twice a month and classes twice a week carry out this state-wide program. Because of this fire prevention education in the school the people of Clarendon get a 5 per cent reduction on their fire insurance rates.

Members of the Curtain Club held a highly contested election of officers for the forthcoming year last Thursday, October 15. Lu McClellan was elected president; Avis Lee McElvany, vice president; and Peggy Word, secretary-treasurer. Lu McClellan's popularity among the student body, aided by his campaign managers, Jimmie Bourland and Anna Moores Swift, resulted in his being elected. His opponents, Avis Lee McElvany and Nick Stewart, offered quite a bit of rivalry, but were defeated. Beth Weathersbee ran a close second in the race for secretary-treasurer.

The first regular meeting is to be November 5, and all students who wish to become members must pay their twenty-five cent dues before the first or they will have to be initiated. If you wish to join see Mr. Kerby or the president before November 1. All who possibly can are urged to join.

C.J.C. STUDENTS ENTERTAIN ON CLAUDE LION PROGRAM

Two C. J. C. students, Nell Cook and Bobbie Leathers, appeared on a program at the Claude Lions Club last Tuesday. These students accompanied the Clarendon Lions, who in visiting the Claude Lions, furnished part of the program. Bobby Leathers rendered two musical numbers, and Nell Cook gave a reading. Their numbers were received with much applause.

SIDELIGHTS

by MARVIN JONES Panhandle Congressman

One often hears the expression, "I'll admit that conditions are better. I'll admit that my business has improved. I'll admit that all business is better, but—" "How are we going to pay for it?"

That is a fair question. Let us analyze the facts. Deducting the cash on hand, the national debt has increased about 10 1/2 billion dollars in the last 3 1/2 years. Yet our annual interest bill is more than 100 million dollars less than it was in 1923, when the public debt was considerably less.

How can this be? It simply means that the interest rate has been greatly reduced not only on the new debt, but that the old debt has been called and refinanced at a much lower rate.

It is interesting to note that if amortized over a period of years, the necessary annual payment to pay off the entire present national debt—principal and interest—would be less than the annual payment to pay off the 1923 debt under the rates then prevailing.

But this is not all. It is morally certain that we will get back about 5 billion of the 10 1/2 billion increase. This will be done through collections on various loans and advancements that have been made.

In addition, the national income has increased from 39 billion to above 60 billion dollars. The value of all securities and of all properties has vastly increased.

These are all record figures: If the soldiers' bonus is left out—and that was simply trading one form of obligation for another and did not increase the national debt, and therefore hangs on a different hook—the appropriations made by Congress for the fiscal year beginning July 1, 1936, were actually 1 1/2 billion less than the appropriations for the fiscal year before that.

And yet, with improved busi-

CHAMBERLAIN

(By Frances Hott)

There were several visitors from Clarendon out to the singing Sunday afternoon. We were indeed grateful for their presence.

Mr. and Mrs. Robert Blackman of Jefferson City, Mo., were week-end guests of Mr. and Mrs. Roy Blackman.

Mr. and Mrs. J. E. Duckett and Mr. and Mrs. J. B. Duckett were shoppers in Amarillo Saturday.

Mr. and Mrs. Gilbert Mann and family spent Sunday in the home of Mr. Mann's father in Hedley.

Miss Nova Cooke of Clarendon spent Sunday with Mrs. George Eanes.

Mr. and Mrs. V. V. Johnston and son, LaVerne, visited with Mr. and Mrs. Tom Shadle Sunday afternoon.

Mr. and Mrs. G. W. Eanes and daughters spent Sunday afternoon with Mr. and Mrs. Thomas Eanes and family of Clarendon.

Miss June Harrison spent Sunday with Miss Wilda Fay Gibbs.

Mr. and Mrs. E. H. Tyler and children, Gene and Nellie Kathryn, and Mr. Tyler's sister, Miss Alice Lee, all of Claude, spent Sunday night with Mr. and Mrs. J. B. Estes.

Miss Mary Kathryn Hardin spent Saturday night with Miss Marjorie Beverly of Hudgins.

Mr. and Mrs. H. M. Reid and son, Vernon, spent Sunday with their son, Fred, of Clarendon.

Rebecca Eanes spent Saturday night with Frances Hott.

Those who attended the chilli supper Thursday night, given by the young people's class, reported a nice time.

Similar conditions, the situation will be better cared for than with the larger appropriations of last year.

If similar reductions can be made for the next two years, the national budget will be balanced.

There should be and I believe will be such reductions. Unnecessary emergency activities can and should be eliminated.

If this is done, I believe it will be far better than the wholesale bankruptcy, liquidation and repudiation that would have been the inevitable result if the doing-nothing policy had been continued.

Opens Wednesday At Pastime Theatre

If there's one thing that Hollywood and Hollywood celebrities are accused of more than anything else, it's temperament.

And yet, a visitor to the Twentieth Century-Fox studio during production of "The Road to Glory" which opens Wednesday at the Pastime Theatre, would have wondered how in the world anyone could ever imagine temperament existing in the movie capital.

With three famous stars—Fredric March, Warner Baxter and Lionel Barrymore—in the leading roles, difference of opinion could easily be expected. However, according to Howard Hawks, director of the film, never did he direct such a noteworthy cast with such ease.

"Perfect harmony existed not only among the stars but between every member of the cast," said Hawks. "They all seemed inspired with the greatness of the story and theme of the picture, and personalities were forgotten as the film progressed and it became evident that it was destined to mark an era in screen history."

"March, Baxter and Barrymore, in fact, went out of their way to help the supporting players. June Lang, in particular, playing her first major featured role, received much valuable advice from the stars.

"June, as you can imagine,

elation, was a fear that she could not equal the standard that such famous actors as Fredric March, Warner Baxter and Lionel Barrymore would set.

"Her fears proved groundless. From the day that the film started, one of the stars could always be found at Miss Lang's side between scenes, helping her with her lines and cuing her in the proper inflection and expression."

Previous to the filming of the stirring climax, June became increasingly apprehensive, despite the fact that her performance to date was perfect, that she would not be capable of enacting it.

Before beginning the scene, Warner Baxter had gone through a process of having his uniform torn and muddled and presented a very disheveled appearance.

When he made his appearance on the set, June was so awed by the perfection of the makeup that she confessed to Director Hawks that she was afraid she wouldn't be able to do justice to the scene.

The cameras began to grind. It was one of the big scenes of the picture—and Miss Lang's greatest test. When Hawks cried "cut," she almost collapsed from the reaction but when the director rushed to her side and be-

Next on the program, Mr. Drennan introduced Rev. Ralph Austin, pastor of the First Christian Church, and Mrs. Austin. These young newcomers were immediately taken into the hearts of the entire student body. The audience was alternately sobered and amused by the musical readings given by Rev. Austin and Mrs. Austin. Arrangements of hymns for the piano were met with much complimentary applause.

All were so entertained by the program that the assembly period ended too soon.

OUR BOOK SHELF

Do you ever read the monthly articles in Scribner's on "Life in the United States?" There are two that especially interested me. If you are looking for a poem filled with beauty and thought, read Cora Paxton Stewart's "Hymn of Courage" in the November Good Housekeeping.

Why shield them from every danger except EYESTRAIN?

Isn't their sight worth enough to make you find out what your lighting may be doing to it?

You bundle up your children against cold and rain. You see that they are tucked snugly in bed at night. You are constantly on guard lest they be harmed in some way. You try to shield them from every danger . . . but are you sure about eyestrain?

Sight is their most precious possession. Yet do you let them read and play on the floor where the light is never adequate for even simple visual work? Can you say for sure whether the lighting in your home is letting your children's eyes develop normally? Do you know that your child has enough light for his studying tasks?

Don't guess—be sure. There has been too much guessing about proper lighting. And mainly because of improper lighting, one child in every five has defective vision by the time he finishes grade school. The ratio increases to two out of five by the time they reach college age.

The I.E.S. Indirect Floor and Student Lamp is a simple, economical way to be sure that your child is studying under proper lighting conditions. What is more, the entire family can enjoy and will appreciate this modern, better light. See these lamps on display . . . today!

Wide opening at top throws light to ceiling, eliminates shadows. Glass bowl softens light, prevents glare. Wide shade spreads light over wide area.
