Veterans' Bonus Checks Expected Here By June 19

Williams Tells

By Fred L. Williams

Thanks, "Speed!"—When the helmsman of this department was guiding the destinies of The Taft Tribune, down on the South Texas Coast, he had a young upstart by the name of Robert Sanders employed in the capacity of writer, solicitor, layout man, Linotype operator, printer, make-up man, machinist, etc., etc. This young man had a strong leaning toward sporting events, and held the distinguished title of "sports editor."

He was so big and fat and lazy and slow that he was nicknamed "Speed," and wrote a very readable sports column under the caption, "Speed's Sports Sparks." Incidentally, he was one of my very best personal friends, and we were more like partners than employee and employer in the little publishing enterprise.

After I sold out the paper there and wandered off up here into this country, old "Speed" landed a good job on the Beeville Bee, a weekly newspaper and this year's winner of the South Texas Press Association first awards for best all-around paper, greatest advertising appeal and second best front page. "Speed" is putting out one of the very best weekly newspaper sport pages there that I have ever seen, and his "Sports Sparks" column has become one of the most popular departments in the paper.

This week I received a letter from him, the first word I have heard in many months. He goes out of his way in this letter to say nice things about the high qualities maintained at all times in this department of The News. His letter, in part:

"I have just finished reading your sorry column. I don't know how you do it. You get so sorry every time I pick up your paper. I guess you need someone to guide you like you used to have on the old Taft Tribune."

Just a pal!
"But what irked me to tears—various and sundry comments about an inch or two of rain. You should never send a paper to South Texas in which you boast of rain, on account of the fact that you know that South Texas is the champion rain-pouring-down section of all the world. During the past eight days it has rained 8 inches. I can't play golf. I can't keep my car or my shoes clean. It rains two hours and the sun comes out and shines two minutes. Then it rains the rest of the day and night. If it has rained less than 80 inches in the last 8 days then I am a bigger liar than you are!"

I gather that's a wet country. I know there isn't a darn bit of use writing to you, because I know you are the world's worst letter-writer, but I just wanted to tell you that I was kinda indignant because you thought it had rained out there in that forsaken country where you have chosen to locate yourself. Sez you!

Yours from a country where it RAINS, and anything less than 4 inches is merely a dew to us web-footed South Texans. And then he winds up by sending his regards to the wife and child, and says that he bets the offspring is "growing out there in that mountain atmosphere."

Oughta get a geography, Speed. There ain't no mountains in these here mountains! And thanks for all them kind words about the excellence of this column. I'm glad you like it.

\$151,661.25 Will Be Paid To World War Veterans of Donley County.

First of the World War Veterans' bonus checks which will bring \$151,661.25 to Donley County will be received about June 19, according to an estimate of Postmaster Charles Bugbee Wednesday morning.

The bonds will be mailed to the Clarendon post office from the dispatching office in Dallas June 15 and will be delivered by registered mail to bonus applicants the same day they arrive.

Bonds will be delivered only to the addressees, Bugbee said, and ex-service men expecting bonds should stay at home to sign for the registered letters which may be expected June 16.

When the bonds are received, they must be presented at the post office by the addressee for certification. Postal officials will be in charge of the work, and applicants not acquainted at the office must be identified by at least two friends.

After the bonus bonds have been certified, they will be sent back to Dallas and checks will be mailed from Dallas by ordinary mail to applicants. June 19 is considered the earliest possible date actual cash may be received.

SERVICES ARE HELD FOR P. H. ROBINSON

TEXAS PIONEER BANKER AND LAND OWNER DIES HERE SATURDAY.

P. H. Robinson, Texas pioneer banker and land owner, who died at his home here Saturday, May 30, was buried in the Citizens Cemetery here Sunday, May 31. Services were held at the First Baptist Church with Rev. J. Perry King in charge.

Mr. Robinson was born in Alabama, June 2, 1860, and came to Texas when a young man. He was a prominent banker and land owner in Wilbarger County. His death came only two days before his 76th birthday.

He was married to Miss Frances Eller at Wichita Falls in 1894 and lived in Harold, Vernon, Quanah and Electra before moving to Clarendon eight years ago. He has been in charge of the Clarendon tourist camp for the last few years.

Pallbearers for the funeral were G. G. Kemp, U. J. Boston, Roy Ingram, John Eudy, F. N. Ellis, and Charlie Ellis.

Besides his wife he is survived by four daughters, Mrs. Mamie Vaughn and Mrs. W. A. Moreau of Oklahoma, Mrs. D. F. Luce and Mrs. E. A. Smith of Wichita Falls; three sons, W. E. Robinson and J. V. Robinson of Claude, and P. H. Robinson, Jr., of Santa Fe, New Mexico.

He is also survived by 20 grandchildren and 2 great grandchildren.

Legion Auxiliary Decorates Graves

Graves of ex-service men in Clarendon were decorated Saturday by members of the Aubyn E. Clark Post of the American Legion and Mrs. W. A. Moreau of Oklahoma.

Starting at 10 a. m., the auxiliary ladies placed flowers on the soldiers' graves. Members of the Legion followed and left a flag at the final resting place of those who had served their country.

Mrs. Allensworth Is Awarded Prize

Mrs. M. R. Allensworth of Clarendon was one of the 10 winners of third place in the Texas history contests sponsored by the makers of Post's cereals, according to information received by The News from the company. Mrs. Allensworth received a cash prize of \$10.

Barrow was one of the honor students of the Clarendon Junior College, and the fact that his grades in this institution were accepted in Washington, relieving him of the necessity of taking an entrance examination at the

TO WEST POINT

Sam Hardy Barrow, 17-year-old Clarendon Junior College graduate, has received an appointment to West Point, and will leave for New York the latter part of this month, where he will enter the military academy.

Barrow, the son of Mr. and Mrs. M. R. Allensworth, received the appointment through Congressman Marvin Jones. He was an honor student at Clarendon Junior College, and, as a result of his splendid grades in the local institution, will not be forced to take the entrance examinations at West Point.

Local Woman Wins Recipe Endorsement

Mrs. Joe Goldston has just been awarded a certificate of recipe endorsement by Better Homes and Gardens for her recipe, orange sherbet.

This certificate, which brings national recognition to Mrs. Goldston, is given by Better Homes and Gardens only to distinguished recipes which pass its Tasting-Test Kitchen's high standards for dependability, excellence of taste, and family usefulness.

In addition to the signed certificate, Mrs. Goldston also received six copies of her endorsed recipe, each bearing the Better Homes and Gardens stamp of recipe endorsement.

AG. INSTRUCTORS HOLD MEET HERE

PANHANDLE ORGANIZATION HOLDS ALL-DAY MEET; HILL IS PRESIDENT.

The quarterly meeting of the Panhandle Vocational Agriculture Teachers' Organization was held at the Clarendon Junior College Tuesday. The meeting lasted throughout the day, and the time was spent in discussing problems and making up a new program for the coming year.

The members attended the Lions Club luncheon at the noon hour.

Teachers attending the meeting were: O. T. Ryan, Lubbock; C. J. Van Zandt, Tulsa; H. M. Howell, Claude; W. J. Magee, McLean; J. L. Lester, and J. T. Frazier, Pampa; E. A. Peck, Sam Norwood, A. A. Tampke, Quail; L. J. Labay, Estelline; B. W. Carlton, Memphis; Mr. Williams, Perryton; J. M. Hill, Clarendon.

J. M. Hill, local vocational agriculture instructor, is president of the organization.

STORE FRONT REPAINTED

The woodwork around the show windows of the Greene Dry Goods Company was repainted this week. The new white exterior lends a pleasing and inviting appearance to the store.

Dorothy White was in Childress Tuesday night.

WORK ON HIGHWAY IN DONLEY COUNTY NEARS COMPLETION

HEDLEY TO HALL AND MARTIN TO ARMSTRONG SECTIONS ARE FINISHED.

Detour signs were removed from Hedley to the Hall County line on Highway 5 Tuesday at noon, and the newly constructed asphalt road was opened to traffic after almost a month of work.

Work was begun by Coke and Braden, contractors, May 7, and was completed June 2, five days short of a calendar month. The contract called for 30 working days.

The highway west of Clarendon from Martin to the Armstrong County line is also completed and open to traffic, according to state highway men. Asphalt was being poured from Martin toward Clarendon today, and the Donley County gap of Highway 5 will be closed within two weeks, officials expect.

BEAUTIFUL HOMES ARE BEING JUDGED

BEAUTIFICATION PROGRAM IS BEING CONDUCTED FOR CENTENNIAL.

Freshly painted farm homes and landscaped lawns will greet motorists from other states as they speed along Texas highways to the Centennial Exposition in Dallas. Much of this improvement is a result of the Centennial Farm and Home Demonstration Contest, sponsored by the Dallas News and The Semi-Weekly Farm News, and conducted by the Co-operative Extension Service of the Agricultural and Mechanical College of Texas.

County judging in this contest will be completed this month and winners in the nine districts will be named in July. Winners in the State competition will be selected by July 20. More than 2,000 contestants have been seeking favor for the fifty-four cash prizes totaling more than \$2,500.

Local Men Attend Childress Meeting

A delegation of Clarendon citizens attended the dedication ceremony of the new highway division office building in Childress Tuesday evening.

Governor James V. Allred was principal speaker at the banquet which was given at the First Methodist Church building. Approximately 350 Panhandle residents were in attendance.

Among those from Clarendon attending the affair were L. E. Thompson, Frank Whitlock, J. C. Estlack and Odos Caraway.

NEW CHAMP!

The crown of the champion "big egg layer" was transferred suddenly Wednesday when a Rhode Island Red owned by Mrs. W. H. Strawn, spurring all things small in this world, came through with flying colors and produced a 1/2-pound egg which measured 8 inches the long way, and 7 inches the short way.

The former record, held by a White Leghorn, belonging to B. F. Knowles of Lelia Lake, tipped the scales at 3/4 of a pound, and measured eight and six inches, respectively.

The two champions of Donley County probably hold national honors also. The Red belonging to Maggie Davis of the Martin community is still holder of small egg division with a 1-5 ounce egg to her credit.

The doctor and his guide reached the ranch camp after a six-mile ride on horseback to discover that the stork already had arrived.

It was a baby girl whom they christened Dixie Ann.

Cowboy Funeral Held For Rex A. Long Here Monday

LOVELY "SWEETHEART OF TEXAS"

To millions of people throughout the nation, who have read with interest the Texas Centennial's booklets describing the beauties of Texas, lovely Janice Jarratt was known simply as the "girl on the cover." But in response to a wide public demand Centennial officials revealed her identity as the San Antonio girl who won fame in New York as America's best-loved model and became ranked as one of the world's most

beautiful women. Back to Texas she came last week, and in an elaborate ceremony attended by hundreds, Governor James V. Allred bestowed upon her the official state commission as "Sweetheart of the Texas Centennial." It will be her duty to reign with charm and gracious distinction over many of the scores of Centennial celebrations being held throughout all Texas.

Want Your Farm Electrified? Here's Road to Federal Aid

CROP PROSPECTS BEST IN YEARS

SPIRIT OF OPTIMISM PERVADES COUNTY AS RESULT OF RECENT RAINS.

Donley County farmers and stockmen state that conditions in the county are more favorable at present than they have been at this time of year for many years. The recent rains have done some damage to cotton that had been planted, but it is reported that this damage is negligible. Most of the cotton that had been planted was up before the rains started, and, although grass and weeds have been coming up rapidly, farmers have been able to get back in the fields and are getting their crops cleaned out and in good shape.

A comparatively small acreage of the cotton and feed land in the county had been planted before the rains, and farmers are busily engaged in planting at present. The fine moisture that was received has assured good stands, and if additional timely rainfall is received, it is believed that the county will produce the greatest cotton and feed crop in many years.

Stockmen report that tender, green grass is abundant on the ranges, and that cattle are faring splendidly.

It is the general consensus of opinion that old Donley County is going to "come back" in a big way this fall.

All-Day Singing At Naylor Sunday

The Donley County singing convention which will be held at Naylor Sunday, June 7, will meet all day instead of only in the afternoon as formerly planned, it was learned this week.

A basket lunch is planned for the noon hour, according to Newt Waldron, president of the Naylor class, who said many visiting singers are expected.

The convention will assemble at the Naylor school at 10 a. m., Waldron said.

Alfred McMurtry, student at Kansas State University in Manhattan, Kansas, arrived last week to spend the summer with his parents, Mr. and Mrs. J. L. McMurtry.

JA Ranch Cowboy Dies At Adair Hospital; Services Held Monday.

Funeral services for Rex Alvin Long, 29, employee of the JA ranch who died at the Adair Hospital early Sunday morning, were held at the St. Johnson home in west Clarendon Monday afternoon. Rev. J. Perry King, assisted by Rev. Charles Williams, conducted the ceremony.

Traditional of the West, an honor guard of 32 JA cowboys, mounted in double column, formed the head of the funeral cortege. The deceased's favorite horse, saddled and bearing a bit of black crepe tied to the horn, was led by Henry Rowden, immediately preceding the hearse.

Long, who has been in failing health for several years, was admitted to the hospital Saturday night, where he died at 3 o'clock Sunday morning.

Flowers in profusion were banked high in the room where the male quartet of the First Baptist Church softly sang, "What a Friend We Have in Jesus," "Cowboy Dreams," "Death Is Only a Dream," "Home On The Range," and "Old Faithful."

Long moved to Donley County with his parents in 1914 from Silverton and resided here since that time. He attended the Clarendon public schools and has been employed by the JA Ranch for the past 8 years.

Pallbearers were Henry Rowden, Chief Bernard, Pud Otis, Pete Morris, Tot Morris, and Snooks Sparks.

In charge of the flowers were Mrs. Dick Bell, Mrs. Bill Helm, Mrs. S. E. Johnson, Mrs. Joe Ritter, Mrs. Guy Wright, Mrs. Tom Blasingame, Mrs. Nask Blasingame, Miss Evelyn Jones, Miss Frances Norris, Miss Julia Polley.

The deceased is survived by his father and mother, Mr. and Mrs. A. B. Long, of Alameda, a son, Rex Alvin Jr., and one brother, Floyd Long, who also works for the JA.

FORREST SAWYER WINS IN CONTEST

AWARDED FIRST PLACE IN COUNTY IN CENTENNIAL FARM-HOME CONTEST.

Judges for the Texas Centennial Farm and Home contest awarded Forrest Sawyer first place in Donley County here Monday.

Farms, along the state designated highways, were judged on terraced fields, home canned goods, general improvements, and the residence.

The Sawyer farm, which is about 4 miles north of Clarendon, by being judged the winner of the county, will compete with other farms and homes in this district. The winner of the state will receive a cash award, it is said.

Judges for Donley County were Mr. and Mrs. V. E. Heffner of Childress.

Local Gun Club Holds Shoot Friday

The Clarendon Rifle and Pistol Club held a shoot at the range in the old Denver Hotel Building Tuesday night. Dr. O. L. Jenkins and Dr. G. C. Stricklin chose teams for competition. Dr. Stricklin's team winning the match with a total of 671 points.

Following are the scores, pistol at 25 and 50 feet, and rifle at 50 feet: Dr. Stricklin, 150; Keith Stegall, 190; Dr. H. F. Harter, 153; P. B. Gentry, Jr., 178; total, 671.

Dr. O. L. Jenkins, 100; H. M. Breedlove, 191; Wiley Carmichael, 181; Marion Quisenberry, 147; total, 619.

A business meeting of the club will be held at the old Denver Hotel Friday night, according to Keith Stegall, secretary, and every member is urged to be in attendance. A shoot will be held after the business session.

Candidate speakings will be held at Windy Valley and Hedley to-night and tomorrow night, respectively, it was learned today.

Ice cream or pie will be served at both places, according to Judge S. W. Lowe, who said the public is invited to attend.

Pattie Ruth Francis of Clovis, N. M., who is a guest in the W. E. Ray home in Clarendon, visited in Amarillo this week.

Marooned Camp House Is Scene Of Drama of Heroic Motherhood

Heroic motherhood triumphed in the early morning hours last Thursday when a young ranch mother gave birth to her child alone and unattended in a marooned and isolated camp house upon the rain-bounded ranges of Rowe Ranch near here. It was her first child.

The story of the incident reveals a kind of pioneer drama enacted in a modern age in which valiant effort of a doctor to reach the patient was delayed by flood waters.

Mr. and Mrs. Cicero Turpin are parents of the baby. The husband, who is an employe of the ranch, left the expectant young mother alone and rode horseback eight miles away to ranch headquarters where he summoned a doctor. Before he could return the baby was born.

The ranch manager drove the physician

to the south embankment of the Salt Fork of Red River which was swollen with impassable flood waters. Here the doctor was met by a cowboy who swam the river on horseback leading an extra cow pony.

Dr. T. H. Ellis mounted the animal and with his cowboy guide plunged into the swollen stream which was a quarter of a mile wide at the point. Swimming the river on horseback the doctor held his instrument case high above the saddle to keep it dry.

The doctor and his guide reached the ranch camp after a six-mile ride on horseback to discover that the stork already had arrived.

It was a baby girl whom they christened Dixie Ann.

FARM CHEMURGIC MOVEMENT

Comparatively few Texans have caught the vision of a new agriculture that serves the needs of industry. Not one in ten thousand knows the meaning of Farm Chemurgic the challenging title of the powerful movement which is sweeping over the Middle West and North. Much inertia must be overcome before this great State, which now supplies the Nation and much of the world with raw materials, applies the formula devised by that brilliant industrial chemist, Dr. William J. Hale of Michigan.

The 1,000 representatives of industry, agriculture and science, who attended the Farm Chemurgic Council's Second Dearborn Conference at Detroit, were unanimous in recognizing that the capacity of the American farm, largely because of its high degree of mechanization, has long passed the point where human and livestock stomachs can be depended on to consume all the products grown from season to season. Dr. Hale sensed the situation in 1932, when agriculture touched the bottom of distress and when a frantic Government set in motion its powerful machinery to destroy crops and animals and thus create an artificial shortage.

Those championing Farm Chemurgic thought do not believe in artificial shortages. They know full well that Nature's uncertain processes alone insure surpluses at one end of a ten-year period and shortages at the other. The two extremes balance each other if given time and free play. Farm Chemurgic intends to live up to the implied meaning of its name, a union of chemistry and work—science working for agriculture through industry. That is simple and also new and basic.

Farm Chemurgic has no patience with a program which would kill off sows or newly-born pigs so that the price of ham and bacon would become inordinately high and the consuming public be forced to cheaper substitutes. Nor would it countenance plowing cotton under or paying farmers acreage rentals not to produce wheat, corn or other products. It has for its goal the enlarging of outlets for farm crops by widening the use of industrial products made from crops and livestock. It also aims to pioneer new fields, such as synthetic plastics and resins, vegetable oils both for human diet or the paint and varnish industries, or the conversion of now practically worthless young pines into newsprint, white paper or rayon yarns.

Instead of destroying crop and animal surpluses industry will utilize these farm products and build up an entirely new series of integrated manufacturing enterprises to serve agriculture. What program could be more far-visionsed from the farmer's standpoint? Farm Chemurgic would add a rapidly expanding outlet for farm-produced cellulose, starch, sugar, protein and oils. The movement so ably launched just a year ago at Dearborn, Mich., deserves the careful consideration of farmers, landowners, bankers and industrial leaders. These together can build a better Texas by increasing employment and population in the cities and thus assure the farmer an additional source of cash.—Semi-Weekly Farm News.

Correct this sentence: "No, thank you, Daddy, I don't want you to give me any money because I have had enough candy already."

Civilization being what it is, more people have heard of Sally Rand than of many a saintly mother who gave her life for her children.

Laughing Around the World

With IRVIN S. COBB

The Limit of Helplessness

By IRVIN S. COBB

ONLY too often does the average after-dinner speaker reach a point where he has nothing to say and yet feels that he must say it. Usually he does, too—at great length. I know, because in

my time, before I reformed, I was addicted to the vice of after-dinner speaking myself.

To those offenders who still persist in their wicked habits of trying to be humorous to order across the dinner table, without having the proper materials in stock, I respectfully would recommend the following highly illustrative little anecdote.

A New England husbandman was driving up a steep hill with a load of provender and gardening implements in his motor truck. In a rough place on the grade the tail-gate slipped from its catches and, item by item, the cargo spilled out. The farmer steered along, oblivious of his losses. He reached the crest of the hill, coasted down into the valley, and there, in a miry place, he stuck fast. He climbed down from his seat, and then, for the first time realizing the full depth of his misfortune, he exclaimed to himself:

"Stack, gol darn it! Stack in the mud—and nothin' to unload."

DEBT AND TAX REALITIES

Campaign outcries against the size of the public debt and doleful forecasts of greatly higher taxes in the future to pay for increased federal spending are inspired by a source that is somewhat ingenious.

Not only is it unlikely that the federal public debt will ever be greatly reduced again, but the very sources now inviting the voters to entertain alarm and resentment on account of the debt's size would be louder and more sincere in their cries were the debt to be greatly reduced.

Contraction of the public debt is always a deflationary movement, affecting all trade and finance. It lowers prices, reduces business, and, in addition, at the present time, to reduce the debt greatly would be to deprive wealthy investors of a haven of refuge from taxation by removing from the market the tax-exempt securities of the federal Government.

And it is a perfectly sound statement that an increase in federal taxation is not likely to be called for even with continuation of the expansion of those governmental expenditures which may be classed as non-emergency.

A glance at the business activity figures shows this. The present federal tax rates applying on a producing base as wide and virile as in 1929, for instance, would produce twice as much money as the current federal budget calls for.

If business continues to improve federal taxes in the near future may be lowered instead of raised; and if current federal expenditures contribute to hastening the increase the money is well spent, from the viewpoint of both the Government and the taxpayer.

Moreover, the recent increases in the public debt have been accomplished without increasing the annual cost to the taxpayers as compared with the cost of carrying the debt previously. Lower interest rates obtained through the Government refinancing make the annual sum which must be set apart for interest and sinking fund on the debt actually smaller than before the New Deal.—Fort Worth Star-Telegram.

Do your part to build up Clarendon and you will probably be surprised to find out how many people are ready to do the same.

Can Your Roof TAKE IT?

Grilled by the sun, soaked by rains, battered by hail . . . your roof must take it . . . or the rooms beneath it will.

Keep your roof in repair—and save yourself large "emergency" repair bills later on! If necessary, re-roof completely and solve the roof problem for many years.

We can supply any type of roofing material you may want to use, including the best shingles, cheap shingles, or any of the manufactured roof materials. No trouble to show you what we have. Always glad to furnish estimates.

Texas Livestock Shipments Show Substantial Increase During April

Special to The Clarendon News.
Austin, Texas, June 3.—Livestock shipments in Texas increased substantially during April in comparison with both the preceding month and the corresponding month last year, the University of Texas Bureau of Business Research livestock report showed.

"Shipments totaled 9,051 cars against 7,174 cars during April last year, an increase of 26 per cent," the report said. "Of the different classes of livestock, cattle shipments showed the greatest absolute gain. Forwardings of this class of animals were 7,134 cars compared with 5,739 during April last year, an increase of 24 per cent. Shipments of calves, 579 against 721 cars, showed a decrease of 20 per cent. But shipments of hogs, 768 compared with 347 cars, and sheep, 570 compared with 367 cars, showed increases of 121 per cent and 55 per cent respectively over April last year.

"Forwardings of Texas live stock during the month of April always reflects an interesting seasonal movement—the shipment of Texas livestock to the Flint Hills of Kansas and the Osage Country did not much exceed the 1,180 cars shipped to this region in April a year ago. Forwardings of sheep to the Kansas Flint Hills were more than double those of last year while considerably fewer sheep were shipped to the Oklahoma pastures. This situation obviously reflects superior pasturage conditions in Kansas in comparison with Oklahoma this season, presumably the result of drouth in the latter state.

"Fort Worth maintained its strong position as a market for Texas livestock during the month. Some of the other large markets, however, showed some significant changes. For example, more than three times as many hogs were shipped to the Los Angeles market as were forwarded to this market in April last year. Chicago received more than 10,000 Texas sheep, East St. Louis nearly 7,000, St. Joseph 5,000 and the State of Iowa 3,000 against practically none last year.

"Regions of the State showing the most marked increases of livestock movements were: Cattle, from the northwest plains, the Trans Pecos Country, the Edwards plateau and South Texas; hogs, from the south high plains, and East Texas; sheep, from the Edwards plateau and North Texas.

"The large shipments of Texas livestock during the month, together with the maintenance of a favorable price level indicates the continuation of the growing income of the livestock raisers of the State."

Thurzia Turner spent the weekend in Memphis.

Lloyd Martin spent the weekend in Amarillo.

Mr. and Mrs. W. C. Breining and children of Lefors visited in Clarendon Sunday at the home of Mrs. George Burrell.

A giant sea turtle, believed to be more than 50,000,000 years old, which was found near Waco, Texas, is being prepared for the geology exhibit in the Texas Memorial Museum to be built on the campus at The University of Texas. The giant fossil will be seen during the summer months in the University Centennial exposition.

Untax the Over-taxed.

LIBRARY NOTES

(By Mrs. C. A. Burton)

Again our friends among our boy readers have remembered us. Leroy Antrobus and Bacil Kirtley each came with several books for the library. If only all our friends would do likewise!

We were greatly pleased to add to our shelves the book which I reviewed last week, "Charles Goodnight, Cowman and Plainsman." From far and near come words of praise for the book.

From Los Angeles comes the statement that during the twelve years of its existence there the Braille Bible Institute, Inc., has distributed more than 13,000 Bibles in Braille to the blind in all parts of the world. The cost of publishing one set averages \$134.19. Since I once saw at the Blind Institute at Muskogee, Oklahoma, a plane geometry in Braille which filled two large volumes, I am wondering how many volumes must be used for the Bible.

The Atlantic Novel Prize of \$10,000 offered by the Atlantic Monthly Press and Little Brown way and bushwhacking Les Hawkins, George Thompson, and C. F. Simmons are heavy favorites to cop the crown, according to a Hedley informant.

To dynamic Ed Phelan goes this bit of originality. Asked if he had seen a certain person at the golf course Ed replies, "Heck no! Where I play you can't see anybody."

For the first time I have heard a golf boast stand up. Jimmie Smith, Shamrock's golfing banker, who slipped into the second division of the Green Belt down in Quannah, repeatedly said he would give those second flighters fits. He did—he won it. Many of Clarendon's veterans remember a similar one by a local man that didn't pan out.

Still hear rumbles of protest from golfers over the practice of playing in eightsooms. Something really should be done about this ungentlemanly conduct as several golfers this week have indicated their intentions of quitting altogether unless more courtesy is shown in the future.

Funny, though, I notice that some who talk the loudest are still playing in groups.

DUB SHOTS

(By DICK COOKE)

After rains of last week caused the cancellation of the 54-hole medal play, officials this week have slated a flag tournament for Sunday. Played on the handicap basis, the player advancing his flag the farthest in his allotted strokes will receive three golf balls with the runner-up two, and the third man one. An entrance fee of 15 cents will be charged. Any golfer in the city is eligible.

Green Belt fans won a point in their favor in the old argument of which tournament was the faster when Charles Reesor, Jr., youthful Electra flash, reached the 36th hole in the finals of the West Texas at Mineral Wells, Sunday.

Diminutive, black-haired Reesor gave Norton, the lad who had a 69 and a record of 67 to oust Fort Worth's ace Jimmie Walkup, all he wished for before surrendering at the final hole. Green-Belters pointed out Reesor was only good enough to reach the semi-finals at Quannah.

Paul Greene, Clarendon's offering to the Army, who is attending school at N. M. M. I., is burning them down in that section, according to reports. Greene and another cadet trimmed two Roswell aces 4 and 2, the other day. The rumor says Greene's victim was none other than the celebrated Ed Ammonette, one-time New Mexico amateur champion.

Dates for the President's Tournament will probably be set for the latter part of June if present plans materialize. Under city tournament rules, this affair will outclass the former in number of entrants, officials expect.

The annual invitation is scheduled for August or September, as usual.

Hedley golfers have reorganized and are preparing for their city tournament, it was learned this week. Qualifying is under

Why Gulf makes a new Gas for June

JUNE—MONTH OF BRIDES . . . and the month when summer officially starts. Gulf is on the job with a new summer gas—because unless your gasoline is "Kept in Step with the Calendar" it can't give you the best mileage . . . part of it blows out of your exhaust unburned, wasted. Every gallon of That Good Gulf you buy in June is specially refined for summer driving—so that all of it goes to work, none of it goes to waste. Try a tankfull!

"Kept in Step with the Calendar" THAT GOOD GULF GASOLINE

FOR AUTO OWNERS!

A complete line of Gulf Gasoline, Oils, and Greases.
Washing and Lubrication
Auto Accessories and Repairs
PATTERSON SERVICE STATION
Corner 3rd and Kearney Streets

for "the most interesting and distinctive novel" submitted was won by Winifred Mayne Van Etten of Mount Vernon, Iowa. The announcement was made last week. "I am The Fox" is the title of this, her first novel. It will be published in August.

The Oklahoma University Press is this week publishing Carolyn Thomas Foreman's "Oklahoma Imprints"—the story of one hundred years of printing and publishing effort in Oklahoma. In addition to this history, the volume contains a record of everything published in Oklahoma from 1835 to 1907, the year of statehood.

One of the best sellers listed just now is "We, The Living," by Ayn Rand, a Russian. Eight

years ago she came to New York knowing scarcely a dozen words of English. Recently her first play closed a successful seven-months run on Broadway, and she has sold her first original scenario to the movies, besides having published her book. Her years in this country are interesting story. She went immediately to Hollywood. She had no money, but she worked at anything she could get—as waitress, department store salesgirl, in a film studio wardrobe. And she continued to write.

The theme of her novel is the struggle of the individual against Russian collectivism to which she is bitterly opposed. She says she would like her book to be read "as a warning to America what

happens to the individual under a collectivist government." She is very happy in America and proud of her American citizenship which she achieved by marrying a young actor in Hollywood. Her English publishers who will bring out her book there soon have compared her writing to that of Joseph Conrad. She is said to be very attractive personally and not at all Bohemian.

We are told that Finley Peter Dunne, the originator of "Mr. Dooley," and whose death was chronicled through the press recently, left a fortune of \$2,000,000. This had come to Mr. Dunne from a friend and companion, Payne Whitney, who left this immense fortune to his friend because of his pleasure in the phil-

sophy of "Mr. Dooley." The literary world was surprised at the comparatively small estate left by Rudyard Kipling—only \$712,000. Since his books had been selling by the hundreds of thousands all over the world for years, it was expected that he would have amassed a larger fortune. Arnold Bennett, who attained great popularity but did not live so long, left about \$150,000. H. G. Wells confesses that he is still comparatively poor. Edgar A. Guest is said to be the wealthiest of American poets. Besides his syndicated daily poem, his books of collected verse have a standard sale that runs into hundreds of thousands whenever issued.

WHEN LIFE HANGS BY A THREAD—

WORLD FAMOUS DRIVERS KNOW ONLY ONE TIRE IS Safe!

Firestone

GUM-DIPPED TIRES

WIN INDIANAPOLIS 500 MILE RACE

Last Saturday Louis Meyer broke the track record at 109 miles per hour driving the entire race without tire trouble of any kind. He is the only driver ever to win the race three times and has always used Firestone Tires.

No tires except Firestone Gum-Dipped Tires could have resisted the terrific heat generated at such high sustained speeds on the hot brick track, lap after lap, hour after hour. You can have no greater proof of *blowout protection*.

Not one of the thirty-three drivers would risk his life on any other tire, for each driver knows that heat is the chief cause of tire failure and blowouts. Firestone cords are soaked in liquid rubber, which saturates and coats every cotton fiber, preventing friction and heat and adding great strength. This is the Firestone patented process of Gum-Dipping, that gives you greatest *blowout protection and safety*.

Profit by the experience of race drivers. Equip your car today with Firestone Gum-Dipped Tires — it costs so little to protect lives worth so much.

AUSTIN CALLAN COLUMN

THE FIRST OF A SERIES OF ARTICLES ON COMMUNISM

"SUN SPOTS"

I for one plead guilty of being an alarmist.

There are deep and threatening shadows flitting across the face of America that should be watched and studied. If they don't mean anything, nothing is lost. If they do, one forewarned is forearmed.

Some folks will "pooh pooh" the suggestion of Communism being a menace in this Country. But unjustified confidence is of no value. When nervous Pompeians expressed fear at the smoke boiling out of Vesuvius, the town Smart Aleck began wise-cracking. Nevertheless, old "Vesuvy" did its stuff and the people perished.

Recently I visited a friend who laughed because I locked the car on leaving it in front of his home. "It won't be bothered there," he assured me. But the very next night his car was stolen from that identical spot. Cocksureness didn't protect his property and it won't meet the challenge of these insidious enemies.

Red writers and speakers, crooked politicians and sneering critics keep the public blinded to facts which should be known concerning the proselytizing propaganda of communists in our schools, churches and social organizations. Many of these have an influence that is being employed to help drive the dagger of the radicals deep into the breast of America.

They know that "General Indifference" is a recruiting officer of the devil. If you are inclined to be a scoffer on this subject, you should not forget that smart people never wait until a house burns down before calling the fire department.

Let me give you these facts to soak in while waiting for further revelations: There are five times as many

Mr. and Mrs. John Sims, Jr., of Pampa were week-end guests in Clarendon at the home of Mr. and Mrs. J. T. Sims.

Mary McKenzie, nurse at the Adair Hospital, left Wednesday for a two-weeks vacation in Florida.

Contrast in Texas Dogs

Don, 218-pound Great Dane, and Blue Bonnet Sue, 2 pound, nine ounce Pekinese met at the Texas Centennial Exposition grounds at Dallas, where during the June 6-11 Nov. 29 run of the \$25,000,000 World's Fair, some of the nation's finest dogs will be displayed in kennel shows. Don is in the Midway's "Hollywood Animal Stars."

Communists insidiously active in the United States today as there were in Russia when the Kerensky government was overthrown and the people of that nation doomed to a hopeless despotism.

God and Liberty have been banished from Russia and the aim of Communism is to spread its dreaded disease over the rest of the world. On Christmas day, 1934, when there were thousands of empty benches in the churches of this land, a communistic organization composed of young folks held a rousing anti-religious demonstration in New York City.

The purpose of that gathering was to shut out the light of the Bethlehem Star and destroy the faith taught us at a mother's knee.

Mr. and Mrs. John Sims, Jr., of Pampa were week-end guests in Clarendon at the home of Mr. and Mrs. J. T. Sims.

Mary McKenzie, nurse at the Adair Hospital, left Wednesday for a two-weeks vacation in Florida.

\$3,404,635 IS SPENT ON WPA PROJECTS IN 20 DISTRICTS

AMOUNT IS EXPENDED ON 766 PROJECTS FIRST REPORTED COMPLETED.

Special to The Clarendon News.

San Antonio, June 3—Sponsors and the federal government expended \$3,404,635 on 766 projects first reported completed from the 20 Works Progress Administration districts, State Administrator H. P. Drought disclosed today.

At the same time he estimated that more than 1,500 projects have been finished and said he expected to receive completion reports on the remainder shortly.

Federal expenditures of \$2,253,396 on these completed projects were closely followed by contributions by sponsors of \$1,151,239.

"Counties, cities, independent school districts and state departments, actively sponsoring these projects, have displayed an eagerness to assist in our work," said Drought. "Their large financial participation indicates a gratifying faith in the integrity of this program."

The state administrator said more than 3,000 projects have been operated throughout Texas in providing employment for 120,000 persons, former occupants of the state's relief rolls which now are largely dissipated.

"It is significant," Drought continued, "that \$1,445,073 of the WPA expenditure on these completed projects went to workers in the form of semi-monthly security wage checks. This is the gratifying figure of the analysis. Our job has been that of keeping this stream of small but all-important checks moving steadily into thousands of homes in order that destitute Texans might be able to provide for themselves and for their families."

"Stimulation of trade by the purchase of materials and equipment and the construction of permanent, worthwhile public improvements are essential by-

POLITICAL ANNOUNCEMENTS

The Clarendon News is authorized to announce the following as candidates for the offices listed, subject to the action of the Democratic primaries in July and August, 1936.

For State Senator, 31st District—CURTIS DOUGLASS.

For County Attorney—R. Y. KING. (Re-election)

For County Clerk—W. G. WORD. (Re-election)

For County Sheriff—GUY PIERCE. (Re-election) C. HUFFMAN.

For County Tax Assessor—Collector—JOE BOWNS. (Re-election)

For County Treasurer—MRS. CURTIS E. THOMPSON. LEON O. LEWIS. MRS. CLAUDE MCGOWEN. MRS. T. WILKERSON. (Re-election)

For Commissioner, Precinct 1—J. H. HERMESMEYER. (Re-election) SID E. HARRIS.

For Commissioner, Precinct 2—G. G. REEVES. (Re-election) JOE CLUCK.

For Commissioner, Precinct 4—W. P. (Will) CHAMBERLAIN. (Re-election)

Three Outstanding Uncertainties Facing Cotton Industry, Cox Says

Special to The Clarendon News.

Austin, Texas, June 3—There are three outstanding uncertainties confronting the cotton industry at present, according to Dr. A. B. Cox, director of the Bureau of Business Research at The University of Texas.

"The most pressing problem of merchants, and especially of spinning mills which have bought cotton on call," he said, "relates to July futures: What will the Cotton Producers' Pool do with its long 300,000 bales of July futures contracts? It is undoubtedly in position to squeeze the people who owe these contracts. It is probable that a large share of these outstanding contracts represent cotton which merchants have sold to mills in this country on call based to July. To the extent that this is the case, mills will suffer as a result of any squeeze operations. The result will be the reduction of consumption to the minimum in the United States until after July is liquidated; that will tend to increase the carryover above what it would otherwise have been and thus injure the cotton growers."

"There are no official figures available to indicate the extent to which cotton growers are co-

products of this program, but we have not lost sight of the fact that the giving of employment to persons formerly on relief rolls is our fundamental objective."

Next largest WPA expenditure on these completed projects, \$307,794, was for equipment used by workmen. About one-third of this equipment cost was in the form of wages to truck operators, many of whom came from Texas relief rolls, it was pointed out.

Materials were procured at a cost of \$301,536. Non-relief workers, including project superintendents, field workers, and other supervisory personnel, received \$183,667, the analysis discloses. Travel and other incidental project expenses amounted to \$15,324.

Hedley Man Pleads Guilty To Charge

Albert Johnson of Hedley pled guilty to possession of untaxed liquor and was ordered under indefinite probation by Judge Wilson in federal court in Amarillo Tuesday, according to a statement by Sheriff Guy Pierce yesterday.

Johnson was arrested in Hedley by Pierce about eight months ago and was indicted in federal court at Fort Worth in February, Pierce said.

Gene Adams, son of Mr. and Mrs. Carl V. Adams, underwent a tonsillectomy at the Adair Hospital this morning.

How To Reduce Varicose Veins

Rub Gently Upward Toward the Heart as Blood in Veins Flows That Way

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first-class drug store and apply it night and morning as directed you should quickly notice an improvement. Continue to apply Emerald Oil until the veins and bunches are reduced.

Moore's Emerald Oil is a harmless, yet most powerful penetrator and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old chronic sores and ulcers are often entirely healed. It has brought much comfort to worried people all over the country.

For generous sample send 10 cents (either or stamps) to cover cost—mailing—packing to Dept. A.M. International Laboratories, Inc., Rochester, N. Y.

operating with the Government in its soil conservation program. The first official figure on acreage planted to cotton will be issued by the Crop Reporting Board on July 8. In the meantime, private reports indicate an increase in acreage over last year of between 12 and 15 per cent. Probable foreign consumption of cotton has become of increased importance in recent years, because of the greatly increased percentage this production bears to the world's total production, and to its importance in making cotton prices. All reports and other indications point to increases in cotton acreage abroad, but this does not necessarily mean increased production.

"If world business conditions continue to improve, the market will be able to absorb at least a two-million-bale increase in world production of cotton this year, without a decrease in price."

SOCIETY

MRS. FRED L. WILLIAMS, Editor

Mrs. Lowe Entertains Kilkare Club

The Kilkare Kneedle Club met with Mrs. Sam Lowe Thursday afternoon, May 28. The afternoon was very pleasantly spent in doing fancywork and chatting.

In the late afternoon Mrs. Lowe, assisted by little Sammy Jo, served a dainty salad plate to the guests, Mesdames F. R. Reeves, W. T. Clifford, B. L. Jenkins, Sr., and Laverne Goldston, and to the club members, Mesdames Henry Williams, J. R. Bartlett, W. B. Sims, Eva Druffin, W. A. Land, Joe Cluck, H. C. Brumley, Homer Mulkey, J. H. Harris, J. Perry King, and Glen Reiger.

The club will meet on Thursday, June 11, with Mrs. J. H. Harris.

Miss Martin Hostess To Bridge Club

Miss Mildred Martin entertained the members of the Thursday Contract Club at her home in this city Thursday afternoon, May 28. Those who enjoyed Miss Martin's hospitality were Mrs. B. P. Brents and Mrs. J. N. Hill, guests, and the club members, Mesdames Simmons Powell, Floyd Lumpkin, Forrest Taylor, and B. F. Kirtley. The high score prize for the afternoon was won by Mrs. Taylor.

The hostess served a delicious dessert course to her guests.

Harry Edward Blair Honored At Party

The younger set was entertained Wednesday afternoon at 3:30 o'clock in the home of Mrs. Harry Blair, honoring her son's eighth birthday. Harry Edward was very pleased with the nice gifts presented to him by his friends. Everyone shared in the many delightful and interesting games which they enjoyed to the utmost.

Ice cold pop, sandwiches, and stick candy were served to Ruth Patman, Beverly Gray Stricklin, Betty Jo Bain, Doris Bones, Dorothy Jean Helton, Ella Jean Speed, Vivian Bones, Delene Blair, Betty Ann Speed, Biffy Dee Blair, Billy Marvin Land, Melvin Carlile, Burl Jones, Bobby Hilliard, J. B. Knight, Pat Maynard, Wilburn Robinson, Lewis Chamberlain, Dwight Blair, and J. R. Bain.

Mary Cooke Gives Contract Party

The members of the Contract Bridge Club were entertained by Miss Mary Cooke at her home in this city Tuesday afternoon, June 2. Bowls and vases of roses and delphinium were placed at vantage points in the living and dining rooms of the home.

Several rubbers of contract bridge were enjoyed by the guests, Mrs. Allen Bryan, Mrs. T. H. Ellis, Mrs. Fred Williams, Misses Mary Bugbee and Nettie Sims, and the club members, Mrs. Sam Dyer, Mrs. P. B. Gentry, and Mrs. Carol Knorrpp. Mrs. Seldon Bagby and Mrs. Keith Stagall arrived in time for tea.

Scores were taken at the conclusion of the bridge and the high score prize was won by Mrs. Ellis.

The hostess served a delicious refreshment course to her guests.

1930 Needle Club Meeting

The 1930 Needle Club met with Aileen Estlack Tuesday afternoon, June 2. The afternoon was spent in conversation and needlework, with several of the ladies working on crocheted bedspreads.

Mrs. Eugene Estlack was the guest for the afternoon and the club members present included Mesdames Maggie Hunt, Frances Hilliard, Mabyndis, Glen Kirby, Emma Tyree, Josie Peabody, Marie Patterson, Claudia Land, Mary Pierce, and Nadine Whitlock.

The hostess served a delicious salad course.

The next meeting of the club will be held at the home of Maggie Hunt.

Mrs. Chas. McMurtry Gives Luncheon

Members of the Bluebonnet Bridge Club were entertained at a delightful one o'clock luncheon given at the home of Mrs. J. L. McMurtry Thursday, May 28, with Mrs. Charles McMurtry as hostess. Garden flowers decorated the beautiful home. The dining table was covered with snow-white paper and was illuminated by the glow from white tapers in crystal candelabra. Pink roses formed the beautiful centerpiece and with the crystal and

silver luncheon service the table presented a very effective and pleasing appearance.

After the luncheon the bridge games were enjoyed by the guests, Mesdames Sella Gentry, L. S. Bagby, J. H. Morris, and Eva Rhode, and by the club members, Mesdames F. E. Chamberlain, John Blocker, A. B. Letts, W. H. Patrick, C. C. Powell, J. L. McMurtry, George Ryan and C. G. Stricklin. At the conclusion of the games the high score prize was awarded Mrs. Powell and the guest prize went to Mrs. Bagby. Mrs. Ryan cut for the consolation prize.

Young Matrons' Class Meeting

The Young Matrons' Harmony Sunday School Class held their regular meeting at the home of Mrs. O. C. Watson, Sr., Thursday afternoon, May 28. The first part of the afternoon was spent in piecing a quilt. A business meeting was then held.

Refreshments were served to a guest, Mrs. Earthman, and to the class members, Mesdames Bill Ray, Ben Andis, Fred Bantlin, C. W. Galloway, Tom Goldston, Cap Morris, Lester Schulz, Joe Holland, Homer McElvany, Homer Bones, the assistant hostess, Miss Swanson, and the hostess, Mrs. Watson.

Celebrates Fifth Birthday

The friends of Jackie Heath, son of Mr. and Mrs. Dewey Heath, gathered at his home Wednesday afternoon, June 3, to help celebrate his fifth birthday. After the gifts had been opened and games had been played the little guests were invited to the table where a delightful green and white color scheme was carried out. The beautiful birthday cake with its 5 candles, was iced in green and white and decorated with animal crackers. The green plates, cups and napkins, and green and white candies all contributed to the fun of the occasion.

Jackie's guests included Dorothy Jean Tatum, Layma Tatum, Janet Stegall, Vondel Hommel, Alma Louise Murphy, Jimmie Douglas, Jimmie Frank Heath, Jimmie Dean Howze, Jerry Eddy, Guy Lynn Tatum, Derwood Skelton, Jr., Dickie Connally, Tommy Naylor Murphy, Louva and Lloyd Hunt, and Dewey Tom Heath.

Harold Ruddle of Fort Worth arrived in Clarendon Sunday night for a visit with his parents, Mr. and Mrs. Harry Ruddle.

Mrs. Harry Ruddle of Clarendon and son, Harold, of Fort Worth, left today for a vacation in Colorado.

"Met" Star on Air Program

Marlon Telva, noted for over a decade as a prima donna of the Metropolitan Opera Company, will be heard in her first broadcast in some time as the featured soloist of the Magic Key program to be heard over an NBC Network at two o'clock Sunday afternoon, June 7th. Marlon Telva was born in St. Louis, Missouri, worked through the training school of church and concert activities, and made her debut as soloist in the St. Louis Symphony Orchestra prior to her engagement by the Metropolitan in 1920.

Featured also with Marlon Telva will be Joseph Kutzler, noted concert violinist; Frank Black with his NBC Symphony Orchestra, and numerous other outstanding bits of radio entertainment.

Letter Files at The News.

Texas Editors To Be Guests At Centennial

Dallas, June 3.—Texas editors and their families will be guests of the Texas Centennial Exposition Saturday June 13. The newspapermen will come to Dallas Saturday morning from Tyler, where they will hold their regular meeting. Registration and assembly will be in the City Hall Auditorium at 9:30 o'clock Saturday morning when passes to the Exposition grounds will be given the visitors.

Luncheon will be served at the larger restaurants at 12:30 p. m. Saturday evening between 6:30 and 8:30 an old fashioned barbecue will be served the editors in the corral of the Texas Ranger Building. Adjournment will be taken in time for the newspapermen to visit "The Cavalcade of Texas." Sunday the members of the association will visit the various exhibits and concessions.

Delegates to the Theta Sigma Phi national convention of newspaperwomen will be entertained at the same time as the Texas editors. Many of these visitors are expected to stop over in Dallas June 13 and 14 enroute to their meeting at Austin.

New Texas Road Map Offered Free

"History and nature have joined in making Texas one of the most interesting sections of the country," is the tribute paid this state in a new 1936 road map now being offered to motorists at some 40,000 Gulf gasoline stations throughout the land. "A visit to Texas enriches life."

Besides charting the state highways and byways, the new map shows the state's principal cities in detail; describes its scenic at-

tractions and principal points of interest to tourists, and promotes safe and sane driving in an illustrated list of "Do's and Don'ts for Drivers."

With the issuing of the colorful new chart of Texas, it is interesting to note that Gulf was the first to offer a free road map to the traveler, more than 20 years ago—a somewhat sketchy chart of dirt and macadam pikes in western Pennsylvania. Today, in addition to detailed maps of 33 states, Gulf offers to map out tours for individual motorists to all parts of the United States and Canada, through its Tour-guide Bureau, Gulf Building, Pittsburgh, Pa.

Check these 3 VITAL POINTS when you buy your refrigerator!

BE SURE IT . . .

- ★ KEEPS FOOD SAFELY
- ★ FREEZES PLENTY OF ICE, QUICKLY
- ★ OPERATES AT LOW COST

Insist on all 3. Demand proof. Only then can you be sure of true economy . . . true value. The new Frigidaire with the "Meter-Miser" provides all 3 basic requirements and gives you proof you can see!

Don't buy your refrigerator blindly. It is an important purchase. You want to be sure to get your money's worth. The only way to be sure is to buy a refrigerator that provides all 3 basic elements of true refrigeration.

Choose your refrigerator this way: First, demand proof that it will keep foods safely at all times. Remember, that is its most important job. If it will not protect your food when the temperature soars, it isn't worth having.

Second, demand proof of fast freezing . . . plenty of ice. You will need such performance in summer. If you do not get it, your refrigerator will be a disappointment . . . one that does not provide full value.

Third, demand proof of low operating cost.

But only after you have seen proof of the other two requirements. Low operating cost has no value if it is not combined with complete modern refrigerating performance you are entitled to.

The new Frigidaire with the "Meter-Miser" provides all 3 . . . safety food temperatures . . . faster freezing . . . more ice . . . and low operating cost. We prove it in our showroom. Come in and see the proof now!

THERE ARE ONLY SEVEN TRICKS THAT ANY MAGICIAN CAN PERFORM

CHURCHES

ST JOHN BAPTIST EPISCOPAL CHURCH

First Sunday after Trinity Holy Communion and sermon at 11:00 a. m. The topic of the sermon is "The Presence of The Holy Spirit."

A cordial invitation is extended to all to worship with us in this service.

Rev. Newton C. Smith, Rector.

At The First Methodist Church

Services at 10:50 A. M. and 5 P. M. Sunday

Services 10:50 a. m. and 8 p. m. The pastor returned this week from the revival meeting in Quannah and will be in the pulpit at both services Sunday. The new hymn-books are on hand and will be used Sunday for the first time. They will add greatly to the value and meaning of our public worship. Sunday School will open at 9:45. Let us have good congregations and a great day. All who will are invited to worship with us.

E. D. Landreth, pastor.

At The First Baptist Church

THERE IS ALWAYS WORSHIP - FELLOWSHIP - SERVICE

A meeting of unusual interest and helpfulness is now in progress at the Baptist Church. These services will continue through Sunday under the direction and leadership of Rev. Carrol Holtzclaw and Rev. S. L. Tidwell.

We are anxious that Sunday shall be a banner day in our church, since it is the closing day of the meeting and the beginning of the third year of the present relationship of church and pastor. That is a secondary anxiety. Our first concern is that the church shall be helped to a greater day of usefulness, and that Christ shall be honored and glorified. We are anxious that every member shall become active soul-winners for Christ. These two years have been happy delightful years, but our hearts condemn us when we think of how little we have done to help lost men and women come to a knowledge of Christ as their Savior. Our greatest urgent appeal to you is, that you help your loved ones, friends and neighbors who are lost to be in the remaining services of this

BABY POWDER KILLS GERMS

Now, you can get a baby powder that will keep your baby SAFER against germs and skin infections. It's Mennen Antiseptic Powder. Your doctor will tell you that whenever you buy a baby powder it surely ought to be Mennen. Because Mennen is more than just a dusting powder—it's antiseptic! And it costs no more! So, mother, buy a tin of this "safety powder" from your druggist, today.

MENNEEN Antiseptic POWDER

PHILOSOPHY by DEAN E. V. WHITE TEXAS STATE COLLEGE FOR WOMEN (C.M.A.)

It is easy to march in the parade of Fools.

A day is not complete unless you have communed with God.

Think less of ante-bellum days and more of cerebellum ways.

He who hasn't time to make friends will some day need them.

Beware of him who pretends pain when he repeats gossip.

The egotist looks for himself among the great.

Some folks want jobs without work.

FIVE CARLOADS FLAGPOLES

Dallas, May 27—The \$200,000 Texas Centennial Exposition will use five carloads of flagpoles. They range in length from 20 to 82 feet and from 4 1/4 to 16 inches in diameter at the base.

meeting. We are overwhelmed with the feeling that this week is one of destiny and we are anxious to reach and help as many lost friends as we can.

J. Perry King, pastor.

FIRST PRESBYTERIAN CHURCH

Robt. S. McKee, Pastor

Sunday School, 9:45 a. m. Please come on time.

Morning Worship, 11 a. m. Sermon subject, "Christian Assurance."

Evening Service, 8 p. m. Sermon, "Christ's Yoke."

Young People's Forum, Monday 7:45 p. m. Topic for discussion, "Why We Believe the Bible Is True."

The Circles of the Auxiliary will meet Wednesday, 3 p. m. Places of meetings to be announced.

Donley County State Bank

A—For fishing with artificial bait or lure, by which is meant any manufactured bait or imitation of natural bait, citizens of Texas must pay a license fee of \$1.10. Non-resident fees are \$5.00 a year, \$1.10 for five days, when their natural or artificial bait is used. Commercial fishermen, who fish for the purpose of selling their catches, must pay a license fee of \$1.00.

Q.—Why was Dallas selected as the location for the Texas Centennial Exposition? M. R., Lockhart.

A.—The law creating the Texas Centennial provided that the Central Exposition should be held at the place offering the largest financial inducement and support, and after studying the proposals from San Antonio, Houston and Dallas, the Centennial Commission decided that Dallas had submitted the best offer.

Q.—Who was Phillip Nolan? J. B., Fort Worth.

A.—He was an Irishman, a protégé of General James Wilkinson, and had been to San Antonio several times before he and some companions established a camp on the Brazos near Waco for the ostensible purpose of capturing wild horses to take to Louisiana for sale. He was suspected of other purposes, and in March, 1801, Spanish soldiers surrounded the camp, killed him and some of his companions, captured the others and took them to Mexico, where they were imprisoned.

Q.—Where is the center of the area of Texas and the center of population? J. G. M., Lampasas.

A.—The center of area is in McCulloch county about 20 miles north of Brady; center of population near McGregor, McLennan county.

Q.—Where is the Texas School of Mines located? R. T., Jasper.

A.—It is a branch of the University of Texas and is located near El Paso.

Q.—Where is Ben Milam's Grave? R. J., Ebony.

A.—In Milam Square, San Antonio, where it is proposed to erect a \$7,500 Centennial monument to his memory.

Q.—Who was Pineda and what part did he have in early Texas explorations? E. B. D., Mission.

A.—Alfonso Alvarez Pineda sailed from Jamaica in 1519 in search of a long-sought passage to India. He sailed the coast of the Gulf of Mexico and made rather accurate maps of the coast country, which he called "Amichel." Historians are not agreed as to whether he explored Texas inland, but his outline map sent to Spain in 1521, showed his familiarity with the points along the coast line and a fair conception of interior river courses.

Q.—How many fish hatcheries are there in Texas? R. S., San Angelo.

A.—Two Federal—at San Marcos and San Angelo; nine state—at Cisco, Dallas, Huntsville, Jasper, Kerrville, Olmito, San Angelo, Tyler, and Wichita Falls.

Q.—When was Nacogdoches founded? A. C., Santa Anna.

A.—Local government began in 1821, though the first mission of Guadalupe was founded in 1717, rebuilt in 1721, and abandoned in 1773.

Q.—What are the fishing license fees in Texas? B. F. G., Gonzales.

Q.—What is the oldest building still in use on a Texas college campus? J. G. C., Greenville.

A.—Austin Building at Sam Houston State Teachers College, Huntsville, the corner stone of which was laid in 1843 with Sam Houston participating.

Q.—How many chambers of Commerce are there in Texas? A. C. L., Rotan.

A. 326, which is more than any other state in the Union and more than in any foreign country.

Q.—Did any of Austin's colonists reach Texas by boat? R. D. O., Edna.

A.—Yes. The schooner Lively docked at Velasco, Dec. 23, 1821, with a load of colonists and a cargo of provisions.

Q.—How long have the Daughters of the Republic of Texas been organized? L. E. R., Hale Center.

A.—Organized April 31, 1891, at Lampasas.

Q.—What wild life is found in the proposed Big Bend National Park that is not existing in parks?

A.—There may be others, but it includes the couch rock squirrel, the Chisos mountain rat, the javelin, the Mexican mule deer, Texas whitetail deer and the fantail deer.

Q.—What is the present population of Texas? J. T. L., Caldwell.

A.—The United States Census Bureau estimated it at 6,077,000 on July 1, 1935.

Q.—In the peccary known in Texas? R. P. M., Grand Saline.

A.—The peccary is known as parts of Texas and is known as the javelin. The j is pronounced like h and the a is given the long sound.

Q.—What is the total annual cost of the Texas State Government? M. R., Navasota.

A.—For the fiscal year ending August 31, 1934, the total cost was \$11,868,298.44 or \$18.65 per person. The largest item was \$7.17 per person for highways, the next \$6.85 for public free schools.

Q.—Where can dinosaur tracks be seen in Texas? E. P. J., Rockdale.

A.—The largest collection in this country is at the University of Texas.

Q.—How long was Texas a Republic? T. L., Canadian.

A.—Ten years; from March 2, 1836 when independence was declared to February 16, 1846, when it was annexed to the United States as the twenty-eighth state of the union.

Q.—Why were the early missions established in remote parts of Texas?

A.—Building of the missions was inspired primarily by the zeal of the Catholic fathers in converting the Indians, but became possible because of Spanish fear of French encroachment upon Spanish territory.

Q.—What is the highest mountain peak in Texas? R. H. B., McGregor.

A.—Guadalupe Peak, Culberson county, altitude 8,500 feet. El Capitan in the same county and a few miles distant, is 8,200 feet high.

Crayon Projects In Texas History

It is easy to teach children history with penciled outline pictures of historical subjects and colored crayons. History taught in this way is never forgotten and a taste is created for more information.

"Centennial Projects, Texas Under Six Flags" contains 35 pages of outlines on many phases of Texas history and events, with cover showing the Texas Capitol under six flags each in its correct colors.

This beautiful project book mailed postpaid for 25 cents. Send all orders to Will H. Maves, Austin, Texas.

Will H. Maves, 2510 Salado Street, Austin, Texas.

I enclose 25 cents in coin securely wrapped, for a copy of the "Centennial Song Book."

MARTIN

(By Billy Ruth Bulman)

There was a good attendance at Sunday School last Sunday. There were 63 present.

Mr. and Mrs. J. T. Easterling and daughter, Fred and Margaret Sue Easterling and Marvin Roy Johnson spent Saturday night and Sunday at Falls Texas visiting Mr. and Mrs. Clyde Easterling and family.

Mr. and Mrs. Charlie Jones had as their guests Sunday Mr. and Mrs. Horace Parker and family, Miss Cora Lee Jordan and Miss Vivian Veazy.

Roy Pittman spent Sunday with Clyde and Carroll Peabody. Gene Harvey spent Sunday with Junior Shannon.

Mrs. Glen Adkins of Clarendon took dinner in the home of Mr. and Mrs. Noel Harvey. Geraldine Jordan spent Sunday with Oleta Marshall.

Mr. and Mrs. J. D. Wood and family spent Sunday with the lady's parents.

Mr. and Mrs. George Bain of Dumas spent the past week with the lady's parents.

Mr. and Mrs. Rufus Pool spent Sunday visiting in Groom.

Doris Bailey spent Saturday night with Willie Nell Shannon.

We are sorry to report that Conda Jones was taken to the Adair Hospital last Friday.

The last report of Mrs. W. E. Hodges is improving.

Little Luther Kempoon is spending a few days with his grandparents, Mr. and Mrs. A. Edding.

J. C. Waddell of McKnight spent the past week with his brother, Bill Waddell.

Miss Vivian Veazy of Goldston is spending this week with Miss Cora Lee Jordan.

Mr. and Mrs. A. T. Tolbert and family, Mr. and Mrs. Johnnie Tolbert and family of Groom spent Sunday with Mr. and Mrs. Ralph Tolbert.

Mr. and Mrs. Walter Morrow and family spent Sunday with Mr. and Mrs. Clarence Ayers of Windy Valley.

Olivia Watson of Fort Worth arrived Sunday for a visit with friends and relatives.

Fischer Would Tax Natural Resources

Special to The Clarendon News. Tyler, Texas, June 3—F. W. Fischer of Tyler, who is running for governor of Texas on the platform of paying old age pensions in full, is spreading his philosophy of taxing natural resources from one end of the state to the other.

"A new source of revenue means a new deal for Texas," he says. He thinks prosperity can be returned through taking the tax off of land and putting it on oil, gas, sulphur, etc. This new source of revenue would provide means of helping schools, highways, the agricultural interests and the Texas consumers of gasoline who are now having to pay a tax of 4 cents a gallon.

Fischer, an oil attorney who gained fame as a constitutional lawyer in the legal squabbles over the East Texas oil field, dealt the first death blow to NRA when the United States Supreme Court upheld his contention against Section 9 (c) of the oil provision of the NRA.

Fischer was born in West Virginia, spent his boyhood riding bronchos in southwestern Oklahoma, and later studied law on the farm. He is a Mason, a Methodist and a member of the American Legion.

Centennial Grass To Be "Chigger-Proof"

Special to The Clarendon News. Dallas, Texas, June 3—Grass at the Texas Centennial Exposition which opens here June 6 and continues through November, will be chigger-proof.

Chemicals that instantly kill old fashioned "red-bugs" have been sprayed on 2,500 cubic yards of bermuda used in decorating the grounds. A. L. Simpson, supervisor for the Dallas Park Board, said today.

The process will be continued during the Exposition, so that visitors will not be required to resort to old-time remedies for killing the pests.

Mrs. Paul Smithey and daughter Jo Ann returned from South Bend, Texas, Sunday night.

When Is a Person Not a Good Driver?

WHY IS IT

BEHIND A DESK —

HE'S A LEVEL-HEADED BUSINESS MAN

HIS FIRST CONSIDERATION

IS THE HAPPINESS AND SECURITY OF HIS FAMILY

BUT BEHIND A WHEEL

HE GAMBLER WITH THE LIVES OF HIS FAMILY AND EVERYONE ELSE ON THE ROAD

A person at his desk may be the most conservative of individuals—the kind who not only considers a matter once but twice, and is likely to sleep over it, if the matter is really important. The world is full of men and women who are most considerate of the members of their families—people who constantly think of the happiness and security of those dependent upon them. The level-headed and considerate people are regarded the salt of the earth. They aren't the type who would ever get involved in an automobile accident because of carelessness or recklessness on their part. But the level-headed person—the considerate individual—level-headed when it comes to business matters—considerate when it comes to the members of his family, the sick and

infirm, is likely to drive carelessly or recklessly when he gets out on the road. In proof of this, drivers are asked to take note of some of their fellow motorists on curves, near the top of hills, or those who cut in and out of traffic—the drivers who rush the light or fail to slow up or stop at stop signs. Such acts distinguish the indifferent or dangerous driver from the good driver. Not all the million drivers who were involved in accidents which killed more than 36,000 and injured around a million last year were of the so-called "smarty" type. Many of those who drove through the red light, on the wrong side of the road, passed on curves, or operated recklessly were persons otherwise level-headed and considerate.

YOUNG FRIEND, WHAT NEXT?

When your high school days are over, you begin looking about endeavoring to decide what to do next. You have perhaps thought of studying medicine, law, theology, or some other four year college course. Can you finance yourself for four years in college? If you could, would you want to do so since you find the profession over-crowded? Even the teaching profession is crowded so that thousands of teachers cannot secure schools. With these perplexing problems before you, why not give serious thought to preparing yourself for a good position in a business office where you can earn a good salary, learn your chosen line of business, and some day become an outstanding business man or woman in your county. It only requires a few months and a small outlay of money to qualify in Byrne Commercial College. There is a demand for Byrne College Graduates; over fifty thousand have been Byrne-trained. Almost a hundred graduates have accepted employment since the first of the year. Fill in and, without obligation, receive full particulars. Post graduate work and employment service for those who have had commercial work in high school.

Name _____ Address _____ Byrne Commercial College, Dallas

Bleeding Gums Healed The sight of sore gums is sickening. Reliable dentists often report the successful use of LEP'S PYORRHEA REMEDY on their very worst cases. If you will get a bottle and use as directed druggists will return money if it fails. Douglas & Goldston Drug Co.

A TEXAS GIRL WINS Miss Alene Moring of the Hale Center High School of Hale Center, Texas, won the first place in the big essay contest put on by the Texas Centennial Exposition and sponsored by Byrne Commercial College, Dallas. The contest was submitted to two thousand seven hundred high schools in Texas and the four adjoining states. Miss Moring receives a trip to the Centennial all expenses paid for two days and a fifty dollar scholarship in Byrne College.

Glenn Allison and Woodrow Hazelwood left Friday for an extended visit to the eastern states.

Voting Strength In Texas To Be Slightly In Excess of That In 1934

Special to The Clarendon News. Austin, June 3—Reports to the comptroller's department indicate that Texas' voting strength this year would be slightly in excess of that two years ago.

A total of 1,168,223 voting polls was reported paid during last October, November, December and January, which the department estimated, with a 15 per cent addition for exemptions, or 175,233 would give a total potential vote of 1,343,456.

This compared with 1,108,086 paid polls for the same months in 1933-34, an estimated 166,212 exemptions, and a total voting strength of 1,274,298, making an estimated increase this year of 69,158.

It was explained that taxes usually are paid in the four months, and that while some poll taxes necessarily would be paid after the Jan. 31 deadline, the payers could not vote.

"A person owning no property could pay his poll tax," an attache said, "but won't after Jan. 31."

Some paid polls might be reported from a few counties, but were not expected to alter the totals materially.

Persons who become 21 years old after January 1 but before

voting time are exempt from the tax. They must obtain certificates of exemption.

Those who passed 60 before Jan. 1 of an election year also are exempt. In cities over 10,000 population, these do not have to obtain exemption certificates, but under 10,000 certificates are required.

The department estimated the 15 per cent allowance for exemptions might be "a little high" but the grand total of those able to vote was "conservative."

The "big cities" counties of Harris, Bexar and Dallas showed big increases in paid polls for the four months this year compared with last. Tarrant reported little change. Harris led in totals.

Mr. and Mrs. Albert Johnson and Mr. and Mrs. Frio Walling were in El Paso this week.

Drew Wilkerson and Harold McDaniel visited in Lelia last Thursday.

Clarine Allingsworth who has been attending T. W. C., in Fort Worth, arrived Friday to spend the summer vacation with her parents, Mr. and Mrs. M. R. Allingsworth.

Departments of Anthropology, Zoology and Geology have employed experts to prepare exhibits for the University of Texas Centennial Exposition to be held in Austin, June 6 to December 1. All exhibits to be shown in the Centennial Exposition will later be transferred to the Texas Memorial Museum, of which the first unit will be under construction during the Centennial Exposition.

ONE MORE RINGER

and it's TIME for a SANDWICH

LIFE begins today. It's not the number of birthdays you've had, but the way you feel that counts. Good health is largely a matter of sound living habits and correct eating. Hunger is Nature's call to restore body tissues and relieve weariness. When you are tired and hungry, remember that bread is an outstanding energy food.

When you are hungry, eat a sandwich. Make it with meat, cheese or jam—or just spread thick with good butter. Bread is the good companion of other foods.

Life begins today. Whether you are 7 or 70 bread provides food energy you need.

LOCALS

Mrs. J. H. Leggett of Denton left for her home Friday after spending a week in Clarendon with her daughter, Mrs. Wylie Carmichael.

Mrs. Bert Boomer of Groom left this week for Alpine, where she will attend school. She was accompanied by her mother, Mrs. W. W. Taylor, who will spend the summer visiting friends in that section.

Mable Geraldine Rollins of Prague, Oklahoma, is visiting this week with Avis Lee of Clarendon.

Mrs. E. F. Kirtley and son, Bacil, Jr., and Condor Kirtley left today for an extended visit with relatives in Hubbard City.

Eunice Griggs, teacher in the Harrah, Oklahoma, schools, arrived in Clarendon Monday to spend the summer with her parents, Mr. and Mrs. C. E. Griggs.

Mrs. Virgil Drew and son Jack of Oklahoma City, arrived in Clarendon Monday for a visit with her parents, Mr. and Mrs. C. E. Griggs.

Mrs. Lee Bell of Clarendon spent the week-end in Memphis with her sister, Mrs. Ida McAbee.

Johnnie Tucker of Tucumcari, N. M., underwent an appendectomy at the Adair Hospital Wednesday.

Ruth Lafon, teacher in the Amarillo schools, returned to Clarendon Friday for the summer vacation.

Mrs. Edith Hall and little daughter of Hedley, spent Tuesday in the J. H. Harris home.

Mr. and Mrs. Bill Greene and Dorothy J. Ryan attended the commencement exercises of N. M. I. in Roswell, N. M., this week.

Mrs. Henry Hicks and daughter, Mary Ruth, of El Paso, are visiting in Clarendon this week.

D. B. Pope of Lubbock was a business visitor in Clarendon Tuesday.

Mrs. Ruth Van Trease and children of El Paso are in Clarendon for a visit.

John Bain visited friends and relatives in Vernon Sunday.

Mrs. S. R. Lloyd of Clinton is visiting in Clarendon with her daughter, Mrs. T. W. Welch.

Dorothy White spent the week-end in Amarillo.

Mrs. Edith Maher of Memphis visited in Clarendon this week.

Bill Word of Amarillo was in Clarendon Sunday.

Canda Jones is confined to the Adair Hospital.

Mr. and Mrs. Karl H. Adams attended the Pampa Centennial Celebration Thursday.

CITY STREETS GET 'FACES' WASHED

FIRE HOSE IS USED TO REMOVE SILT LEFT BY RECENT RAINS.

It was cleanup day in the city Tuesday, and over 75,000 gallons of water were used to wash the silt from the main street, which had collected during the prolonged rainy spell of the last several days.

Workmen began early Tuesday morning, using a fire hose from one of the city trucks, and continued throughout the day, washing the dirt before them into side streets where it was picked up by trucks.

Several tons of sand and gravel were hauled away, according to Stanley Carlisle, who was in charge of the work.

It was also cleanup time for the merchants, who found their sidewalks and show windows plastered with grime which the heavy stream had blasted into the air.

Helen Baley underwent an appendectomy at the Adair Hospital this morning.

Rev. and Mrs. D. L. Hukel and Mary Alice of Slaton visited here last week in the home of Mr. and Mrs. J. F. Heath.

J. F. Heath was a business visitor in Wellington Monday.

Rev. G. S. Hardy, Mrs. M. R. Allenworth and Sam Hardy Barrow, left Wednesday morning on a trip to Stamford and Sweetwater, where they will visit relatives. They will return by Dallas and visit the Centennial Exposition in that city.

Homer Mulkey is in Cleveland, Ohio, attending the National Theater Owners convention this week.

Chase Chairman For Edison Memorial

Mr. A. L. Chase has been named by Colonel W. B. Tuttle of San Antonio, to be chairman of the Thomas Alva Edison Memorial for Clarendon.

The plan projected by the Foundation, according to Colonel Tuttle, state chairman, in connection with the announcement of the foregoing appointment, carries out as a living memorial to the great inventor a project conceived by Mr. Edison just before his death by which, in his own words, he hoped to bring unusual youth and unusual opportunity together.

Operating in what is perhaps the most unique and far-reaching educational effort ever undertaken in America are the nation's leading corporations. Many of them owe their origin to Edison's inventions. From the ranks of the Edison scholars not only will many future leaders of industry be recruited, but it is also hoped that there may be discovered one or more unusual geniuses qualified to follow in the pioneering paths of invention blazed by Mr. Edison himself.

Annual competition for Edison scholar grants are to be drawn from three general classes of applicants. These include young men and women now employed in industry who, though lacking scholastic qualifications for matriculation in scientific schools, nevertheless possess special aptitudes; graduates of colleges and universities who have shown brilliant scientific promise; and finally, those outside industry or the universities chosen on the basis of personal achievement or of unusual ability. Details of the annual competitions to be supervised by regional councils set up in twelve geographical areas, with final selections passed upon by a national qualification board. Outlining the plan, the foundation statement says:

"It is intended to keep the scholar plan democratic and flexible in its workings. Each state will hold its own competition and, within the limitations of the national qualification board, awards will be made to successful candidates in each State. The grants will be of sufficient monetary value to provide for the purpose in view in each individual case. The grants will have no

This Double-Quick paste—gives you REALLY WHITE TEETH

● Tooth pastes only partially effective can't keep teeth really white. Don't waste time with them; use Dr. West's Double-Quick Tooth Paste. It cleans over twice as fast as some leading brands, yet cannot scratch enamel. For brilliant white teeth, try it today.

Texas Carries Coals to Newcastle

uniform monetary values, nor be spread over pre-determined length of time. Grants may be made available to men and women in the place in which they are working, but the general purpose is to place them where the best possible research facilities and counsel exist for the development of their ideas and experiments to the practical stage.

"The Edison scholar plan will be set up on a broad, competitive basis so as to enlist the widest possible interest, not only of industrial and educational leaders, but of all youths of significant promise. There were 100,000 applicants for the one scholarship offered by Mr. Edison six years ago. The foundation believes that Mr. Edison's work was

designed to meet a sharply felt need of humanity, so this plan is designed to meet a real need of industry and youth. It supplements but does not duplicate present scholastic rewards. This national plan opens a wide field of interest for great numbers of young people and provides a spur to worthwhile effort."

In general, according to the announcement, it is the plan of the Foundation to reverse the usual order in making the student fit the scholarship, the scholarship will be made to fit the student in the hope of affording each one as nearly as possible the sum total of human knowledge of the kind that will best equip the scholar for a certain specified career.

TRUCKERS MEETING HELD WEDNESDAY

OBJECT OF ORGANIZATION IS TO OBTAIN REPRESENTATION, WATERS SAYS.

Truckers of Clarendon met last night at the court house to form a local club in connection with the Texas Truckers' Association. R. H. Waters, regional organizer, with headquarters in Amarillo, was the principal speaker.

The object of the organization, Waters said, is to have representation in Austin to enact fair legislation for trucking concerns. "There are 30,000 members of the organization now, with 167,000 pledged votes," he said in his speech before the assembly. "Surely with that voting strength now, the association should be well represented before the July primary."

Waters said the most important points for legislation now were trucks operating under the railroad commission, and the 7,000-pound weight law. However, trucks will always need regulation, he added.

The Clarendon club will form a part of the 31st district, which is comprised of 25 towns. Simmons Powell and Ben Andis were elected temporary secretaries.

Rains Followed By Mild Dust Storm

Coming on the heels of general rains, which netted Clarendon more than 6.62 inches of moisture, a dust storm blanketed Donley County Monday morning and blew throughout the day.

Several farmers reported damage to cotton where it was exposed to the wind.

The dust abated Monday night, to be followed by ideal spring weather.

Margaret Goldston, who has been teaching in Amarillo, returned Friday to spend the summer in Clarendon with her parents, Mr. and Mrs. F. L. Goldston.
