PIGSKINS PARAGRAPHS

By DICK COOKE

Memphis won, Clarendon lost. However, the game was much better than the 18-to-6 score indicated. Both clubs fought consistently and the ragged spots which appeared were caused from over anxiousness rather than listlessness.

There was nothing "flukish" about Memphis winning. They played better ball and deserved the victory.

The second touchdown that was handed the Cyclones on a silver platter in the first quarter, put the Bronchos in a bad hole and it might have been a different story if it hadn't been for that bad pass from center. However, it is unlikely. The Hall County boys are a fast, aggressive eleven, and are hard to hold in check.

Memphis needed only one more touchdown to score as many points against the Bronchos as the rest of Clarendon's opponents for the entire season.

Billie P. Hall, diminutive Cyclone halfback, is being heralded as a second Sam Baugh

by the sports department of the Memphis Democrat. Hall handles a football as nicely as anyone ever seen in Class B circles, according to sports writers around the district. However, his flips Friday evening didn't figure in any of the Memphis counters.

The Cyclone took the opening kickoff and with straight ground plays marched up the field to pay dirt without relinquishing the ball.

All in all, Hall chunked nine passes for a total of 39 yards. Three were intercepted, two fell incomplete and four hit the target for 3, 20, 9, and 7 yards, respectively. On the three-yard heave the play was called back and Memphis drew a 5-yard penalty for off side.

By way of comparison, Clarendon tried 11 throws. One was good for 13 yards, two were intercepted, seven fell to the ground, and one was caught by an ineligible player, giving the ball to Memphis.

The standing of the teams received another severe juggling last week when Wheeler drubbed Shamrock, 14-0; McLean downed Lefors, 31-7; Memphis took Clarendon, 18-6, and Lakeview beat Mobeetie.

The Wheeler win over Shamrock virtually handed them the district championship as they need only a win over the Lefors Pirates Friday. The Pirates will decidedly be the underdogs in this affray, and only a miracle will enable them to chalk up a win over the Mustangs.

The standing last week:

Team	G.	W.	L.	T.	Pct.
Wheeler	7	6	0	1	.929
Wellington	7	6	1	0	.857
Shamrock	7	5	1	1	.786
McLean	6	4	2	0	.667
Clarendon	7	3	2	2	.571
Memphis	8	4	4	0	.500
Lefors	6	1	5	0	.167
Lakeview	7	1	6	0	.143
Mobeetie	8	0	8	0	.000

This week's schedule:
Friday, Nov. 13: Clarendon at McLean, Lefors at Wheeler. (Shamrock played Wellington Nov. 11).

It looks like Williams Tells sure picked the district winner. He rode the Mustangs straight through, while I was switching around all over the circuit. I started with Clarendon and changed to Memphis and changed again to Shamrock and then last cast my lot with the Wellington Skyrockets.

I don't know why I failed to pick Lakeview, Lefors, or Mobeetie. From now on, I'm going to work with the Literary Digest. They can pick my football teams, and I'll pick their presidents.

THE WORLD'S FINEST MOTOR OIL

GULFPRIDE'S achievements have never been duplicated by any other motor oil!

The reason? GULFPRIDE alone is made from choice Pennsylvania crude... refined first to equal the best competitive motor oils... and then further refined by Gulf's exclusive Alchlor process. It took 15 years' research to develop this amazing oil. Such scientific effort backs each Gulf product.

Drain and refill with GULFPRIDE now. At all Gulf dealers.

(Left)
SEE WHAT HAPPENS when a mixture of 6 of the best-known Pennsylvania motor oils goes through Gulf's Alchlor process. 20% waste is removed from these already highly refined oils. That's why GULFPRIDE tops all other Pennsylvania motor oils.

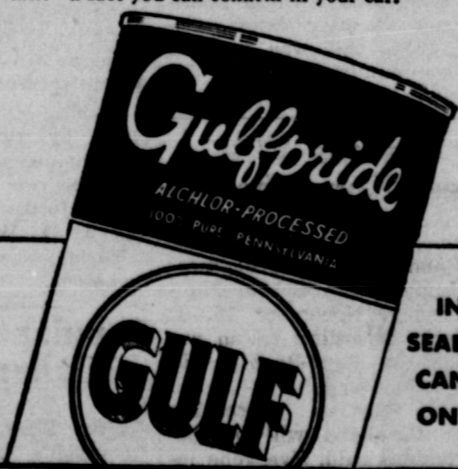

EASTERN AIR LINES' Great Silver Fleet has flown more than 26,000,000 passenger-miles during the past six months, using GULFPRIDE OIL exclusively. Reason: this oil gives the lowest cost per mile—a fact you can confirm in your car.

1937 Super Terraplane Sedan

Here's the sedan model in the Super Terraplane series. It has 117-inch wheelbase and a 101 h.p. motor. A 107 h.p. special power dome motor is optional equipment in this series.

Four completely new Hudson-built cars, the 1937 Hudson Eight, the Hudson Six, the DeLuxe Terraplane, and a new companion car, the Super-Terraplane, have been announced by the Hudson Motor Company, according to Sam Dyer, local Hudson and Terraplane distributor.

Strikingly styled in the most advanced trend, the new cars are longer at wheelbase by two inches, lower by two inches, wider, roomier and more powerful than preceding models. Characteristically sleek, the lines of the '37 cars flow rearward from the

newly designed narrow radiator grille in perfect harmony around an interior said to afford a new conception of roominess and comfort in motor cars.

The complete line of Hudsons consists of an 8-cylinder car on 129-inch wheelbase, an Eight on 122-inch wheelbase, and a Six on 122-inch wheelbase. Both of the 122-inch wheelbase chassis in the Eight and the Six carry a complete line of bodies, all of which are entirely new this year, while the 129-inch wheelbase chassis is available in two body models—the Sedan and Touring

Sedan.

Joining the DeLuxe Terraplane this year is a new Super-Terraplane of 101 horsepower, featuring the new "double carburetion" principle, an engineering advancement introduced by Hudson for 1937. Both DeLuxe and Super-Terraplane carry a complete line of body models on 117-inch wheelbase, as against 115 inches for 1936.

Brilliant new body colors feature both the new Hudsons and Terraplanes, a choice of seven being offered with five additional colors optional at slight extra

Merger Is Voted By M. E. Church, South

Houston, Nov. 6.—The Texas branch of the Methodist Episcopal Church, South, voted unanimously here today to merge with units of the Methodist Episcopal Church.

Texas delegates of both churches were meeting jointly in Houston for the first time since they split their ranks in 1844. For several years, however, the two churches have held joint conferences in other states.

By its vote, the conference instructed its secretary, Rev. John Deschner of Seguin, to inform the five conferences of the Methodist Episcopal Church meeting here, of its action. The latter group cannot approve the union until its general conference which is set for 1938.

Bishop Charles L. Mead of Kansas City presided over the session which approved the union.

Texas Congratulated By Chairman Farley

Austin, Nov. 6.—James A. Farley, chairman of the Democratic Campaign Committee, Friday congratulated Texas Democrats for their successful presidential campaign.

In a telegram to Roy Miller, state chairman, Farley said: "I

cost. The new Terraplane and Hudson established 40 official American Automobile Association records for endurance and stamina at sustained speeds in Utah recently.

LARGEST COTTON SUPPLY IN 3 YEARS

MARKED INCREASE SHOWN IN RUSSIA, BRAZIL AND CHINA.

College Station, Nov. 11.—"The world supply of cotton is the largest in three years, according to the Outlook Report being released from Washington. Texas farmers as the principal cotton raising group in the world are vitally affected by that fact since the price of cotton is governed to a large extent by world conditions," W. E. Morgan, extension economist, stated in an interview here today.

"The increase in world supply is due to marked increases of cotton in Russia, Brazil, and China. In the face of a large world carry-over it is obvious if farmers in America greatly increase production in 1937 they may expect to encounter lowered prices. This tendency toward lowered prices, however, would be offset to some extent if the general price level continues to rise, or if there is further improvement in demand for the staple.

"Improved quality of Texas cotton would tend to strengthen the competitive position of American cotton abroad and to make it more salable at home. This is a thought worthy of consideration.

"Government figures indicate that the cotton and supply situation is favorable to maintaining prices of cotton seed and cotton seed products at higher levels this season than last. As a part of the general outlook on cotton this fact is encouraging," Morgan said.

want to thank you for your great help and your complete co-operation. We have won a great victory and you have been a large factor in contributing to it. Our party is established as the dominant party in America and we want to carry on to the attainment of the higher ideals which the Democratic party symbolizes. I appreciate your help and count on your continued co-operation."

1937 Cars Break 40 Records

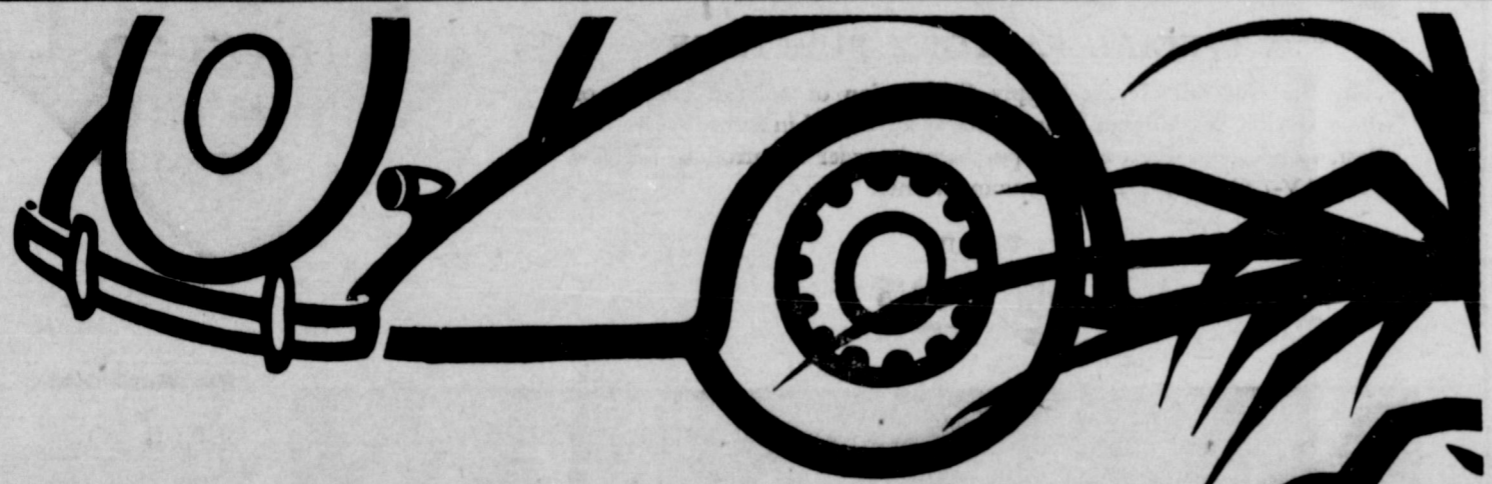

News-reel cameras record the scene as a new page is written into the automobile industry's history. This picture was made at Booneville Flats, Utah, just as a new 1937 Terraplane flashed to a new endurance record. This car, together with a 1937 Hudson Eight, established 40 official American Automobile Association records for endurance and stamina at sustained speeds. This marks the first time in the history of the automobile industry that a car has been so prepared before being introduced to the public.

OIL-PLATING

keeps it better

Shiny 1937 models! They're now displayed by dealers near you. Maybe you'll be driving one soon... thrilling to the power of your new, soft-humming engine... feeling good because it uses so little gasoline and oil.

Right from the start, Oil-Plate your engine, so that the second year and the third, you will still have a sweet-running car—still keep running expenses low.

The only oil that can Oil-Plate your engine is Conoco Germ Processed Oil—patented. It actually sheathes every working part with its lasting Oil-Plating. Then, when you start and when you drive, the pistons and bearings are sliding... sliding!... on tough, slippery Oil-Plating.

You'll skip the grinding wear that occurs with ordinary oils that cannot Oil-Plate your engine. Such oils drain down when you stop, thus letting your engine run un-oiled for solid minutes when you start. And engineers say that this causes more than 50% of all motor wear!

Now, with Winter ahead, be sure that your car, new or old, is getting the protection of modern Oil-Plating. Your car's lasting power and economy, for thousands of trips to come, will make you thankful you changed to Conoco Germ Processed oil today. Continental Oil Company

Classes have been arranged for all classes and departments. We will be led in this special effort for the benefit of our church by Rev. Lem Hodges, our District Missionary. We are expecting a large attendance and good results from this meeting. J. Perry King, pastor.

“Definite Responsibility Is To Get Assistance To Needy,” Carpenter Says

Austin, Nov. 11.—“Our definite responsibility is to get assistance to the needy aged, and no deserving applicant or pension recipient in Texas should be afraid that we will overlook him,” said Acting Director Orville S. Carpenter, of the Texas Old Age Assistance Commission today, explaining re-investigation procedure required by the new pension statute.

The new law, House Bill 8, takes away requirements concerning property, cash ownership, and income as bases for determining eligibility. Entire basis of the new assistance law is the need of the individual. Aid contributed by other individuals, whether cash or free rent, free of the Amarillo Globe, has been bought by Albert Law, Texan editor.

board, free medical care, or clothes, must be taken into consideration.

“At present we are busy segregating cases in which recipients show no cash in the bank, no property owned, and no other income except that from the commission. These cases will not be re-investigated until later because the old people would evidently be in need if they were off the rolls,” Carpenter declared. House Bill 8 requires that all recipients now on the rolls be re-investigated.

“We have started already re-investigating each recipient on the rolls whose eligibility under the new law is doubtful because he has income, property, or is receiving assistance from some individual. However, it should be remembered that we will look at each of these cases with the

question in mind: “Is this old person in necessitous circumstances?” he added.

“Of the applicants whose cases have not been investigated, or now are in the process of investigation, we will ascertain those whose applications reflect need and then get to them first. Many of our policies will be determined by the fact that winter is coming and that the needy aged must be taken care of now and not six months from now.

“The evident intent of the Legislature was that assistance must go to the needy aged, and we will see that they get their grants as soon as possible,” Carpenter stated.

MAYOR'S PROCLAMATION

The annual Roll Call for the Clarendon Chapter of the American Red Cross was begun on Armistice Day, November 11, and will end on Thanksgiving Day.

There is little need for me to remind citizens of our community how vital the Red Cross is in the life of our country. During the past year, both from actual observation and from the accounts of work done which were carried in daily newspapers, we have seen just how important it is that we have an active agency of the American people to administer assistance when the need arises.

The frequency with which this need does arise has been demonstrated during the past twelve months when we recall the floods, the tornadoes, the hurricanes, and the epidemics that have been suffered in various parts of this great country, and the work that the Red Cross has done to relieve distress and actual suffering as a result of these catastrophes. Other but less spectacular work carried on by the Red Cross has been just as important.

The Red Cross comes to us now with another appeal for membership dues that will finance the work during the year ahead. Our Red Cross asks little from the community, yet contributes much to the general welfare of our people.

For this reason, I sincerely urge those who are asked to participate in this great program by paying the relatively small membership to respond in a spirit of good neighborliness. I hope all will take part in the work by becoming members of the society.

It gives me great pleasure, therefore, as mayor of the City of Clarendon, to hereby set aside the designated period as the time when all past members will be asked to renew their membership and for those who have not enrolled before to add their names to the ranks of Red Cross members in our community.

JOHN T. SIMS, Mayor,
City of Clarendon.

INCREASE SHOWN IN CATTLE SHIPMENTS

MORE THAN 2,000 HEAD ARE SHIPPED FROM COUNTY LAST WEEK.

Cattle shipments and other deliveries of livestock made by Donley County ranchmen during the week ending Friday showed a marked increase over the preceding seven days by several hundred head.

More than 2,000 cattle were shipped or delivered at shipping corrals during the week. One thousand JA steer yearlings were delivered to Jack Roach, who received them at Ashtola Monday and trailed them five miles north to the Allan Creek pasture which he has leased. Another delivery of 817 JA yearlings was made to Roach Friday.

W. J. Lewis shipped out six cars of cows to the Nuckle Packing Company at Pueblo and loaded out four cars of steer calves to George Porter of Amarillo early in the week. Other shipments included a car of two-year-old steers shipped to Kansas City by McMurtry and Chamberlain and 180 two-year-old steers sold to Iowa parties by J. L. McMurtry.

Sally Rand Plans To Acquire Texas Ranch

Fort Worth, Nov. 6—Sally Rand, dancer who recently completed an engagement at the Frontier Centennial celebration here, announced today she would purchase a Texas ranch and become a resident of the state.

Miss Rand said negotiations for an 84,000-acre ranch on the Texas border near Laredo had been in progress with a San Antonio real estate firm for three weeks and probably would be completed before Christmas. If terms are not agreed upon she said she would buy a ranch in some other section.

Clarendon's 28 and he got back to the 33.

Cornell's pass was incomplete. Cornell's pass to Cole was good for 13 up to Clarendon's 48. Cornell's pass was intercepted by Walker on the Memphis 36.

To The Citizens of Donley County. A few times only has the condition of our local hospital been called to the attention of the public through local papers. The Commissioners Court of Donley County believes this matter should be mentioned again. There was set aside from county funds, as set up in the county budget, the sum of \$2,400.00 for the hospital during this year 1936. To this date \$2,675.00 has been advanced to the hospital and a call for \$225.00 more is needed in order to pay bills for the month of October. The court does not grow weary with calls from the hospital for financial help but it has no funds on hand upon which to draw. As soon as funds are provided through the channel of tax collections additional money will be advanced, but this is, of course, conditional. In other words, the court has borrowed funds from Peter to pay Paul until now Peter has run out of funds. This court feels that there are accounts due the hospital by some citizens of the county who could, although by sacrifice, pay what they owe said institution. There are many who may owe bills who could pay a part of their obligation and there are those who cannot pay any amount at this time. The court further feels that this is a time when everyone should do his or her best to keep the hospital in operation. It feels that everyone should pay what they can at this time. It is much desired that collections be made in a spirit of interest in the institution, but in the event collections cannot be made this way, this court feels that collections should be carried through the same process as is provided by law, in the collection of accounts and notes. This is an unpleasant statement but rather than see the hospital close we feel that such steps should be taken. In the hope that this statement will do some good coming from the Commissioners Court, the County Judge is requested to hand this notice to the two local papers in Clarendon for publication. Signed, COMMISSIONERS COURT

Come in and See the FARMALL 12. THE fruits of more than 10 years of Farmall experience and Farmall improvement are concentrated in the new McCormick-Deering Farmall 12. Here is true Farmall power, reduced in size, weight, and capacity, to take over the power problems on tens of thousands of small farms, and to serve as a handy auxiliary tractor on larger farms. The Farmall 12 weighs only a little over a ton, yet it displaces four or more horses in field work. It handles all the operations in growing and harvesting all crops. It pulls a 16-inch plow bottom or two 10-inch bottoms. We are glad we can offer our customers this efficient new Farmall 12 at a surprisingly low price. Take advantage of this opportunity to re-power your farm on a modern, low-cost-production basis. Investigate the Farmall 12 from every angle, check its usefulness and economy against horses or any other power. Complete information will be supplied on request. Farmalls are now built in three sizes—a size for every farm. Thompson Bros. Co. Hardware and Farm Equipment Hedley — Clarendon — Memphis

Cyclone Wallops—

(Continued from Page One) Placement was no good and the Broncs were trailing 6 to 0 before all the tardy crowd arrived. In the next few moments of play, Watters, Clarendon center, heaved the ball over Cornell's head on fourth down and the ball went to Memphis on Clarendon's 7-yard line. Hall went through tackle on the last down for another counter. Cornell blocked Walker's try for point. The Ponies' score came when Walker intercepted Cornell's pass and fumbled on his own 10, with Clarendon recovering. Cornell got 3 through the line and a 3-yard penalty against Memphis put the leather on the 1½. Cornell crossed the goal line on three tries and the scoring was over for the half. Cole's attempted conversion was no good. Memphis rang up their final 6 points in the last frame on a drive from their own 36 that carried to the Broncho 4, where Walker went over for the counter on a lateral. Walker's third try for extra point was no good and the game ended 18 to 6.

S. W. Walker—

(Continued from Page One) 1882. Mr. and Mrs. Walker would have celebrated their 54th wedding anniversary the last of this month. Mr. and Mrs. Walker moved to Wichita Falls in 1890, purchasing a ranch in Archer County. Later Sam Walker and two brothers, Alf and Bolf, operated a ranch west of Wichita Falls. Later he began wheat farming on a large scale, operating one of the largest farms in the Wichita Falls section. At the age of 60 he moved into Wichita Falls and accepted a deputy sheriff commission. Later he was a member of the Wichita Falls police department until his final retirement a few years ago. Besides Mrs. Cap Lane, he is survived by his wife and one son, Dr. M. M. Walker of Wichita Falls, two daughters, Mrs. Harry Erwin of San Francisco, and Mrs. Maude Winston Sherwood of Dallas; five grandchildren, eight great grandchildren, and a sister, Mrs. Ara Hughes of Houston.

Mr. and Mrs. B. L. Jenkins, Jr., and son, Brit, moved to Amarillo Sunday where they will make their home in the future.

COUNTY PLANNING PROGRAM FOR TEX. FARMERS STARTED

PLAN TO DETERMINE FARMERS' OPINION ON USE OF LAND.

College Station, Nov. 11—Plans to determine farmer opinion on land use were recently presented to the Texas Extension Service staff by the state committee on county planning of which Geo. E. Adams, assistant state agent is chairman and W. E. Morgan, extension economist, is secretary. The plans will be launched in a statewide way immediately, and within the next two months an effort will be made to secure estimates from every county in the state.

County agricultural and home demonstration councils will be asked to meet first and appoint a joint committee to have charge of the work within the counties. These committees will arrange schedules of community meetings where farmers will be given farm plan sheets upon which to write down their figures as to present land use on their own farms and the estimated changes if the land use is to be planned to keep up and improve soil fertility and prevent erosion.

These sheets will be collected in each county and tabulated and the county committee will prepare from them an estimate for the whole county. County estimates will be collected by the State committee at College Station, summarized for the state, and forwarded to Washington where Texas figures will be compiled with information from the other states.

This information, originating from the farmers themselves, the Department of Agriculture will use for guidance in agricultural programs.

J. Evetts Haley May Return To Panhandle

Austin, Nov. 6—Unless offered a job by the University of Texas, J. Evetts Haley, former faculty member who resigned to direct the Texas branch of the Jeffersonian Democrats, is going back to the Panhandle.

He will look for a job there, he said, adding that university officials knew his qualifications and could offer him employment if they wanted him.

President H. Y. Benedict of the university thought Haley's employment was a matter to be decided in the future.
