PANHANDLE TO CAVALCADE

Early in the 80's the Bonners and the Isabelles pioneered from the lush valleys of Mississippi to the Plains of the Panhandle. In 1890 J. M. Isabelle was the first judge ever appointed in Collingsworth County, and 16-year-old A. Q. (Smoky) Bonner was a cowhand on the Rocking Chair Ranch. Above, Thelma Bonner, daughter of A. Q. Bonner, now veteran ranch-

man of Dalhart, dons makeup and costume at Dallas in the dressing room of the Cavalcade of Texas, in order to portray the era of which her father was a vital part. Assisting her in the process is Jan Isabelle Fortune, author of the Cavalcade and daughter of the late Judge J. M. Isabelle of Wellington.

THE NEWS' REMARKABLE SUBSCRIPTION PREMIUM OFFER EXPIRES SATURDAY

MANY OBTAIN FREE PEN AND PENCIL SETS WITH PAID SUBSCRIPTIONS.

With next Saturday, September 5, set as the final day of The News' great subscription premium offer, there is quite a rush on the part of citizens from all parts of the county to take advantage of this offer and obtain the free gift. Many persons have come in and obtained sets during the ten days or so the offer has been in effect. Indications are that just about as many more will grasp the opportunity during the final days of this week.

So well pleased have been the many who have viewed and examined the handsome display of sets at The News' office and read the outright guarantee that quite a number have secured more than one set.

Trucker Is Fined For Overloading

A trucker, giving his name and address as P. W. Fletcher of Greenville, was fined \$1 and costs in Justice Court here Wednesday afternoon when he pleaded guilty of overloading his truck. Fletcher was arrested by state highway patrolmen who alleged the trucker was carrying about 12,000 pounds on the truck which was registered for 7,000 pounds.

After paying the total charges of \$12, Fletcher was allowed to continue to Greenville but was warned by the officers that he was liable to arrest in any county enroute.

Mrs. Frank Hommel underwent a major operation at the Adair Hospital Tuesday.

Mrs. Simmons Powell returned to Clarendon from Dallas Saturday night.

GIN FIRST BALE OF DONLEY COUNTY CROP THURSDAY

ALVIN MACE OF LELIA LAKE RECEIVES C. OF C. PREMIUM.

The first bale of Donley County cotton for this season was ginned here Thursday of last week, and the honors went to Alvin Mace of Lelia Lake, who received the Chamber of Commerce premium of three cents a pound.

The bale, weighing 468 pounds, was ginned free by the Smith Brothers Company and was sold for 12 1/2 cents a pound. Five hundred and ninety pounds of seed at \$30 a ton added \$9.14 which, with the three-cent premium, made a total of \$81.68 received for the bale.

Mace, a renter on the Watson farm three miles south of Lelia Lake, said the bale was ginned from 1,570 pounds of snapped cotton.

This year's first bale was ginned three weeks earlier than the first bale of the 1935 season, which was produced by Zero Hudson of the Goldston community. It was ginned on September 21.

By way of comparison, the 1935 bale weighed 481 pounds and was ginned by and sold to the Smith Brothers Company. Eleven and one-half cents a pound was paid for the cotton, almost one cent above the market price at that time.

700 MATRICULATE IN LOCAL SCHOOLS

MORE THAN 800 ARE EXPECTED WITHIN NEXT TWO WEEKS.

Over 700 students enrolled in the Clarendon schools Monday to Wednesday, inclusive, according to school officials, who said Wednesday that within the next two weeks the 800 mark would probably be passed.

Seventy-two students had enrolled in the junior college by Wednesday noon, R. E. Drennan, dean of the college said, and the Memphis bus which will begin coming to Clarendon next Monday is expected to run the figure above 100. W. C. Davis, superintendent of the Memphis schools, informed Drennan in a long distance telephone conversation Tuesday that 30 or 35 students would ride the bus.

A normal increase is expected in enrollment for the next two (Continued on Page Eight)

Pension Checks Are Mailed This Week

Approximately 69,284 checks amounting to \$1,092,000 are being mailed this week from the Old Age Assistance headquarters in Austin to pensioners in Texas.

These checks average \$15.77, and represent payments for September.

Fire Damages Car Here Friday Night

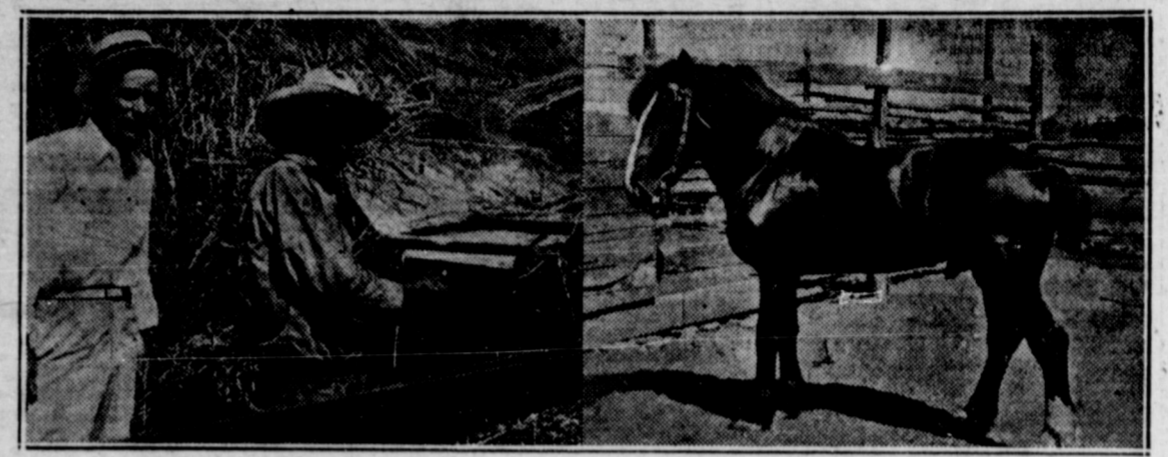

Fire of unknown origin damaged an automobile belonging to Joe Cluck Friday night about 11 o'clock. The car was parked in the driveway of his home in southwest Clarendon.

The car and top were badly burned before the blaze was extinguished by firemen.

County Machinery To Be Used on Gridiron

County road machinery was put to work Wednesday on the high school athletic field in order to have the gridiron in shape for the first football contest which is scheduled for September 18 with the Claude Mustangs.

Highway Enthusiasts Will Meet Here To Discuss Perryton-to-Turkey Road

Donley County Bids August Glad Farewell

Midnight Monday night marked the end of the hottest and driest month ever to be recorded in Donley County, when the all-time heat record was smashed three times, and for 27 straight days the mercury was on or above the 100 mark. Not a trace of moisture was recorded during the entire month.

Even the last three comparatively cool days of the month failed to reduce the average to any great extent, which for the 31 days was figured to be approximately 105 degrees. Maximum temperature reading for the four days under 100 were: August 1, 95; August 29, 90; August 30, 88; August 31, 95.

The record-breaking days came on August 10, 11 and 13. The tenth surpassed the former all-time record when the mercury reached 113 1/2. The following day 115 degrees was recorded and the final record smasher came two days later when the 117 mark was reached.

Football Squad Is Shaping Up

COACH JONES IS OPTIMISTIC OVER PROSPECTS FOR SEASON.

With two weeks of intensive training under their belts, the Clarendon High School Bronchos are rapidly being whipped into shape for at least a nine game schedule, which will open here in two weeks when they meet the Claude Mustangs, Friday, September 18.

After a mediocre season last year, the Bronchos will be rated as underdogs in most every tilt, but their diminutive mentor, C. C. Jones, while declining to make a statement, radiates optimism which is being caught by his charges who are going about their duties in dead earnestness.

With the opening of school Monday, new candidates are reporting for drill daily and Jones will be able to put two full teams on the field for heavy scrimmage this week.

Warning Issued To Dove Hunters

Following complaints of citizens, a warning was issued this week by Sheriff Guy Pierce to dove hunters who are shooting on highways and property without the owners' consent. Pierce said this violation of the law (Continued on Page Eight)

PANHANDLE GROUP TO FORMULATE PETITION TO PRESENT TO HIGHWAY COMMISSION.

Letters were mailed this week by J. M. Hill, secretary of the Clarendon Chamber of Commerce, to surrounding towns inviting highway enthusiasts to attend an informal parley at the city hall here Thursday, September 10. The meeting will be called at 10 a. m., and is for the purpose of formulating plans to present a petition to the State Highway Commission for improvements on a north and south highway from Perryton to Turkey.

Such a highway would fill the important gap of a Canada to Mexico road, Hill said. "A north and south highway has been the goal of the civic minded citizens of this city for many years, but due to the many gaps existing in the main highways of the state there has been, until now, very little chance of getting a project approved," Hill stated.

Letters received this week stated that representatives will attend the conference from Perryton, Turkey and Pampa, with Miami, Matador, Dickens and Spur expected to send delegations.

Clarendon citizens are urged to attend the meeting, Hill said, as the project will be of material benefit to the city by opening the Brice and Turkey trade territory.

Mrs. Trent Attends Legion Convention

Mrs. James Trent, secretary of the Clarendon American Legion Auxiliary and also holder of a district office in the auxiliary, is attending the State American Legion Auxiliary convention being held in connection with the State American Legion convention at Beaumont this week.

High School Band Meeting Regularly

The Clarendon High School band is meeting regularly every Monday and Wednesday nights at the Junior High School building, according to an announcement by Director Ray Robbins.

Any school student who wishes to join the band should bring his instrument, Robbins said.

Trace of Rainfall Is Recorded Here

Only .15 of an inch of moisture was received here last night from a slow rain that fell intermittently for several hours.

News Is Member American Press Half-Century Club

The Clarendon News this week received a certificate from the American Press, certifying the newspaper as a member of the American Press Half-Century Club, an association of newspapers having been published continuously for more than 50 years.

A letter from the American Press said, in part: "We hope that your paper will continue to uphold the best traditions of American newspaper life and that its force and influence will be felt for many half-centuries to come."

The News was established in 1878, and is the oldest newspaper in the Panhandle of Texas in existence today. It has been published continuously for the past 58 years.

75 FARMERS SEE FILLING OF SILO

BREEDLOVE CONDUCTS DEMONSTRATION IN CHAMBERLAIN MONDAY.

Approximately 75 farmers attended the trench silo demonstration conducted by County Agent H. M. Breedlove at the Hawley Harrison farm, in the Chamberlain community, Monday, August 31.

About 35 tons of silage consisting of corn and grain sorghums were put into the trench as Breedlove explained in detail the method of filling a silo.

In his talk to the group, Breedlove explained the value of silos, pointing out that due to droughts, feed stored in good years would be very valuable.

There are over 12 trench silos in Donley County at present, Breedlove said, and several more are being contemplated.

Another demonstration will be held in the near future, Breedlove added.

Mrs. Nancy Cox Dies At Daughter's Home

Mrs. Nancy C. Cox, 81, died at the home of her daughter-in-law, Mrs. R. A. Cox, near Clarendon, Tuesday, September 1. Burial was in a Mobeetie cemetery.

Mrs. Cox had been ill since breaking her hip in a fall last March.

Mr. and Mrs. Frank White, Jr., returned to Clarendon Sunday from a trip to Waco and Galveston. While in Waco they attended a convention of which Mr. White is director and they visited Mrs. White's grandmother in Galveston.

PLAN OF RECENTLY CLOSED CAMPAIGN WILL BE FOLLOWED

TO CONTINUE THROUGH FALL MONTHS; BRYAN IS CHAIRMAN.

A new trades day program will be started in Clarendon Saturday, September 5, operated along lines almost identical with the last program which closed July 4.

Allen J. Bryan, proprietor of the Bryan Clothing Company, has been named chairman of the committee in charge of the campaign, which is sponsored by the Clarendon Trade League.

The new program will continue through the fall months until the end of the year, at which time plans will be discussed for its continuance.

Officials of the Clarendon Trade League state that the program is being undertaken as a gesture of appreciation to the citizens of the trade territory, and as an added incentive to patronize Clarendon business institutions.

Each Saturday during the months of September, October, November and December, will be trades day in Clarendon. The Clarendon trade league event is scheduled for 3 p. m. each Saturday.

WORK STARTED ON HIWAY 88 PROJECT

FOUR MILES OF NEW ROAD WILL BE CONSTRUCTED NORTH OF CITY.

Work on the \$23,000 NRW Highway 88 project in Donley County got under way here Tuesday morning with approximately 30 men starting on the four miles of new road, three miles north of Clarendon. The project calls for four miles of caliche base, which will begin two miles south of Salt Fork River and continue two miles north of the river bridge.

Approximately 70 men will be added to the crew as soon as they have been registered in the NRW, according to County Commissioner G. G. Reeves, who said that a representative of the NRW will be in Clarendon soon to sign up eligible workmen. No WPA employee is eligible for work on this project until he has registered in the NRW, Reeves said.

This project will engage over 100 Donley County men for several months, it is expected. Workers from the recently closed Hedley street project will be employed until another WPA job opens in Hedley, it was said, at which time they will be transferred back to that city.

The new road will make the four miles in two gradual turns, thereby eliminating four sharp curves which have been listed as (Continued on Page Eight)

Farmers Exchange In New Location

The Farmers Exchange Grocery Company opened for business in their new building, two doors north of the old location, this morning with a greatly increased stock.

The move was necessary, according to Howard Stewart, manager of the company, because of the rapid expansion of business. A line of dry goods will also be carried, Stewart said.

The new Farmers Exchange building has been completely modernized. A large reading and lounge room, stocked with late magazines, has been arranged for the comfort of lady customers.

The Clarendon Food Store, which has been situated on Kearney Street, will occupy the building vacated by the Farmers Exchange.

J. Weldon Jolly of Borger was a visitor in Clarendon Sunday.

NOBODY'S BUSINESS
BY JULIAN CAPERS JR.

Austin.—The political eyes of Texas turned this week to the Sept. 8 session of the State Democratic convention, in Fort Worth, where a continuation of the surface harmony that has existed between state and national party forces was promised. The national party group, dominant at the June convention in San Antonio, will play a minor part at Fort Worth, simply obtaining a suitable strong lineup for the Roosevelt-Garner ticket in November, and laying the groundwork for some important financial assistance to the national committee. Backed by his overwhelming vote in the July primary, Gov. Allred's forces will be dominant, as is customary, and will outline the governor's legislative program for the next two years, in the platform declarations.

Little revision of Allred's program adopted at Galveston is expected. Much of that platform has been accomplished, and the governor's spokesmen are expected to push for increased taxes on natural resources, but reasonable increases; regulation of public utility companies by the state, which failed in the last

Freight trains nowadays act like express specials. New freight schedules are so fast, sometimes wonder if everything has to be delivered day before yesterday.

Many of our passenger trains are running faster schedules, too. Well, one thing is sure. We make faster runs, but the first railroad commandment is still "Safety First." That's one rule they won't change.

Western railroads and allied industries provided jobs for 750,000 workers last year. Some of them live in our town. Good neighbors.

Passenger fares are now the lowest in history with substantial reductions on round trips. And no more surcharge for riding in sleeping cars.

This new Free pick-up-and-delivery of less than carload freight—I heard some traveling salesmen talking about it on the train yesterday. They said it saves shippers a lot of money and centers all responsibility on the railroad. The railroad picks up the freight at shipper's door and delivers to receiver's door. Of course, local delivery men get the haul from door-to-car and car-to-door at both ends. The railroad handles the whole transaction.

When railroads are busy, I notice towns along the railroad are prosperous. The merchants put more ads in the newspapers.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

SPEAKER'S RACE

Candidates for speaker of the 45th legislature, to convene in January, will also be active at Fort Worth, seeking to line up support. The speaker enjoys considerable power to control legislation, through appointment of committees, and his parliamentary rulings. Unofficial reports are that Bob Calvert, Hillsboro, who lost the race to Coke Stevenson, Junction, by 12 votes last regular session, will again be the Allred candidate, with better prospects of election this time in

view of the heavy turnover in house membership. Emmet Morse of Houston, and Homer Leonard of McAllen, anti-Allred candidates, are both active, but reported ready to join forces for the showdown, while A. T. McKinney of Huntsville has been suggested as a compromise candidate.

There will also be considerable maneuvering in the ranks of potential candidates two years hence for governor and attorney general. There are a dozen possible candidates for the latter office already under discussion.

DETERIORATION OF TEXAS CROP IS UNCHECKED

TOO LATE FOR HELP IN OKLAHOMA; FARMERS WANT COOLER WEATHER.

With no relief from the drought in the upper half of Texas, except light to moderate rains in scattered portions, and with hot winds and high temperatures still prevailing, cotton decline in this area continued unchecked and crop prospects are being reduced, the summary of The Dallas News ended Friday indicates. According to bulk of reports, deterioration during August has been unusually heavy.

In Northwest, North, Northeast, West Central and upper Central Texas, subsoil moisture is practically exhausted. Much of the crop has stopped blooming, plants are wilting, shedding heavily, even leave in some portions, and half-grown bolls are cracking open. A good soaking rain, immediately followed by clear, warm weather, might help to make a light top crop in late cotton where damage has not been too great, and would check premature opening. In the Northwest the season is rather far advanced, and it is doubtful if fruit put on now would have a chance to mature unless frost is later than average.

In southern counties of Central and in East, South and Southeast Texas, cotton is practically made and there is no chance for marked improvement. About 50 to 60 per cent of the crop is picked in the South and from 5 to 10 per cent elsewhere except in the Northwest, where only a few bales have been harvested. Weevils, leafworms and bollworms are still doing considerable damage in the southern part of the state and along the

coast. Spotted light to heavy rains, which were not needed, will increase insects, already numerous, and some farmers are poisoning to check further losses.

With no rains since early June, Oklahoma farmers have prospects for the worst crop in years. Plants are shedding heavily and wilting, and bolls are opening prematurely. It is too late in most counties for any help from rain, and farmers now are hoping for cooler weather to harvest their crop.

The crop in New Mexico is holding its own, blooming freely and opening normally.

The structure is badly needed, with the state paying out thousands annually in rent on private office space, and many state departments scattered in several locations. . . Ed Clark, general first secretary to Gov. Allred, is rapidly recovering from a delicate operation which saved his left eye, after a sinus infection threatened it. . . Liquor dealers of Texas are slow to renew their licenses, and liquor control officials believe there will be a substantial reduction in number of licenses issued this year. Many dealers who rushed in when prohibition ended in Texas are finding the field no bonanza of quick riches, due to the large number of dealers and thin spread of volume. . . Fewer dealers will cut into anticipated license revenue for old age pensions, and makes the autumn special session probability stronger than ever.

LIBRARY NOTES
(By Mrs. C. A. Burton)

Authors are springing up everywhere, especially in Texas just now. One of our nearest author neighbors is John Earl Brown of Plainview, whose story "Yesterday of Texas" has recently been published. A review of the book states that it is a pioneer story covering the last 50 years of Texas history, with a love story interwoven in the main theme. The author is reputed to have been the first man in Texas to advocate the feeding of baby beef, a method which is universally practiced in the United States today. The records show that he bred, fed and exhibited

champions at the Fort Worth Fat Stock Shows to demonstrate the value of his plans.

A new Jalna book has come to be an event with the reading public, hence the interest with which the announcement is received that Mazo de la Roche has completed "Whiteoak Harvest" and that it will be published September 25th. She completed the writing in England, and plans to visit New York this fall to attend the American opening of her play, "Whiteoaks," which has had a successful run in London. It will be remembered that Mazo de la Roche is a Canadian by birth. Her Jalna stories are among the most popular books on our shelves.

A Dallas bookstore reports that "Gone With The Wind" is now

selling in Dallas at the rate of 30 copies a day.

The statement is also made that copies of "Anthony Adverse" at the specially low price now offered will not be available after this edition is exhausted. Despite its 1225 pages, it continues to be a best seller, and "Gone With The Wind," comes along with 1037 pages, yet people are reading it in ever increasing numbers.

Another Texas book which has been out of print for some time has recently been re-issued at a lower price, "The Trail Driver, of Texas."

Dorothy Scarborough spent a summer not long before her death in the mountains of Virginia and North Carolina, searching for folksongs for her last book, "A Song Catcher in Southern Mountains" which is being issued by Columbia University Press. She was a teacher in Columbia University at her death, it will be remembered.

To record these folksongs she used a specially devised machine which she could carry around with her and which used wax cylinders. Shepherd Wash of Richmond had promised to help transcribe the music for whatever songs she collected. Although he was rather nonplussed when she returned with about 600, yet he kept his promise.

He and Miss Scarborough began grinding out songs with the thermometer at 106, and the heat began to affect the wax cylinders. The author put them in the refrigerator and brought them out one at a time. In this way some of the most valuable and interesting American ballads and folksongs have been saved. MacMillan has recently published a popular new edition of Dorothy Scarborough's Texas story, "In the Land of Cotton." Practically all her books are on our shelves.

T. E. Lawrence's "Seven Pillars of Wisdom" is to be published soon in a new lower priced edition. The price has been prohibitive for us so far.

Clarence Day's "Life With Father" has been on the best-seller lists for twelve successive months—and justly so. A new book will appear the latter part of this month—the one on which Mr. Day was working at the time of his death. Its title is "After All" and it is said to be a worthy successor to "Life With Father."

Come in today and pick out your free premium of a useful and beautiful fountain pen and pencil set. The News is giving away absolutely free. The offer expires Saturday of this week. Better hurry.

SOCIETY

MRS. FRED L. WILLIAMS, Editor

1926 Book Club Holds First Fall Meeting at Club Rooms Tuesday

The 1936 fall social season was opened with the meeting of the 1926 Book Club at the club rooms Tuesday afternoon, September 1, at 3:30 o'clock. The president of the club, Thelma Bairfield, opened the meeting and introduced the speaker for the afternoon, Mrs. Ada B. Bates.

Mrs. Bates, having spoken before the Book Club last year, was very favorably remembered in this city, and the members and their guests were delighted with the opportunity of listening to another of her very interesting and entertaining book reviews.

The work reviewed at the meeting Tuesday was the play, "Victoria Regina," which has received so much favorable comment during the past year. It has had a very successful Broadway run with Helen Hayes starring in the title role. The play consists of a series of episodes in the life of Queen Victoria of England and these episodes were very comprehensively reviewed by Mrs. Bates. Her summaries were given in an intimate and altogether delightful manner and her own personal charm insured the interest of her audience.

After the club had been adjourned by the president, a social hour was enjoyed by the members present and their guests. The social committees, consisting of Lena Morris, Beatrice Antrobus, Myrtle Ingram, and Luma Smith, served punch and cookies from a beautifully arranged table. A huge, hollowed-out block of ice, in the base of which were imbedded colorful blossoms and greenery, formed the novel punchbowl, and centered the table. Autumn flowers were used in profusion in decorating the club rooms.

The next meeting of this club will be a 12 o'clock luncheon to be held at the home of Jennie Dale Porter.

Needle Club Meets With Mrs. Peabody

The 1930 Needle Club met with Josie Peabody Tuesday afternoon, September 1. A pleasant afternoon of sewing and chatting was spent by all those present.

Refreshments were served to the guests, Mesdames Lucille Garrison of Paducah, Ruth Walling, Frances Buck, Jane Bownds, and the club members, Janet Russell, Mabyn Andis, Eula Hay, Nora Becker, Marguerite Carpenter, Maggie Hunt, Claudia Land, Marie Patterson, Betsy Landers, Frances Hilliard, and Nadine Whitlock.

The club will meet Tuesday, September 15, with Betsy Landers as hostess.

Kitty Carroll of Long Beach, California, arrived in Clarendon Wednesday night for a visit with relatives.

Taylor-Hudson Wedding

Miss Margaret Taylor, daughter of Mr. and Mrs. A. M. Taylor of Fort Collins, and Willard Hudson, of Clarendon, exchanged marriage vows Tuesday afternoon, August 25, during a simple ceremony at the home of the bride's parents.

Dr. Ira G. McCormack, pastor of the Methodist Church of Fort Collins, performed the ceremony, which was attended by the families of the couple and a group of close friends.

Mr. and Mrs. Hudson will live in Fort Collins, where he is now a contractor. The bridegroom is the son of Mr. and Mrs. Major Hudson of this city. He graduated from the Clarendon High School and has many friends in this community. The bride is also well known in Clarendon, having been born in this city and having lived here most of her life. She is the granddaughter of Mr. T. M. Little, and is also a graduate of Clarendon High School. She attended Clarendon Junior College for one year.

Jolly Home Makers Club Meets

The Jolly Home Makers Club met at the home of Mrs. Lee Leek Monday, August 31. The afternoon was spent quilting on a Dutch Boy quilt for Tommie Lee, Jr.

Refreshments of ice cream and cookies were served to Mesdames P. T. Lenson, Tom Eanes, Howard Moore, Charles Summers, Doyle Phillips, Clarence Pipes, Henry Rape, Chester Talley, Jeff Lenson, Ralph Summers, Miss Leone Merritt, and the hostess, Mrs. Lee Leek, club members, and to the guests, Mrs. Frank Lane, Mrs. Anderson, and Mrs. Millsap.

Leone Merritt will be hostess to the club next Monday, September 7.

Party Given For Louise Russell

Mrs. Fred Russell entertained a group of young people in her home Saturday evening, August 29, honoring her daughter, Louise Russell. Games were enjoyed in the house earlier in the evening and then those present retired to the lawn for various contests and games.

Punch and cake were served at the close of the evening's fun to Robbie Reed, LaVerne Spurgeon, Mildred Phelps, Yvonne Smith, Margaret Wilkerson, Mabel Johnson, Jeff Reeves, Muriel Landreth, Thad Lyle, Louise and Cleo Russell.

Mr. and Mrs. Homer Estlack of Vernon were visiting in Clarendon over the week-end.

Mrs. John Lott Complimented

Mrs. John Lott was complimented with a linen shower by the members of the Clarendon Home Demonstration Club at the home of Mrs. J. C. Estlack Thursday afternoon, August 27. Mrs. Lott moved with her family to Austin this week.

Those who enjoyed the pleasant afternoon were Mesdames, Karl Adams, G. A. Anderson, A. H. Baker, Sloan Baker, C. L. Benson, John Clark, A. L. Chase, George Green, A. H. Hahn, Ed Speed, J. A. Tomb, and the honoree, Mrs. Lott, club members, and the other guests were Mrs. Mat Bradley, Mrs. A. D. Estlack, Mrs. Lester Schull, Misses Julia Hahn, Jessie Lott, and Ruby Dell Scoggins.

Birthday Party For George Lynn Hitt

George Lynn Hitt, grandson of Mr. and Mrs. Dick Allen, celebrated his fourth birthday Friday afternoon, August 28, with a party for sixteen small friends in the reception room of the Clarendon Hotel.

Lively games were played, and after hearing an interesting fairy story, the children looked at the presents opened by George Lynn. At the dining table colored balloons were given as favors. A white cake with four candles centered the table, and pink ice cream served with it furnished refreshment.

Present were Joann Allen, Marian Arnold, John Arthur Arnold, Freddie Arnold, Vondel Hommel, Wilda Fay Ingram, Phyllis Ray Ingram, Alma Louise Murphy, Jimmy Frank Heath, Tommy Murphy, Janet Steagall, Dewey Tom Heath, Jackie Heath, Jo Ann Smithy, Paul Bennett Smithy, Mary Margaret Smithy, Jimmy Dean Howze, and George Lynn Hitt.

Alfred Hahn Has Birthday Party

The fourth birthday of Alfred Hahn, son of Mr. and Mrs. A. H. Hahn, was celebrated with a party at his home Saturday afternoon, August 29. The little folks were entertained during the afternoon with stories and games, with Julia Hahn, Glenna Raye Rieger, Lola Maire Ayers, Ella Jean Speed, Jo Nell Stogner, assisting with the entertainment.

At the close of the afternoon refreshments of ice cream and cake were served to the following children: Joe Elbert Ayers, Ralph Carol Ayers, Jeanette Stogner, Cliff Donald Stogner, Ira Jean Estlack, Melanie Williams, Marjorie Parker, Neal Ashford Pate, Janet Stegall, Betty Mildred Millsap, Nalda Ruth Millsap, Annetta Millsap, Albert Louis Johnson, Ardith Warren, Billie Nell Warren, Betty Ann Speed, and the honoree, Alfred Hahn.

Never such an opportunity as this one a guaranteed fountain pen and pencil set given absolutely free by The News. But the time is short. You must hurry. Saturday, September 5, is the last day.

Farm Employment Shows Decrease

Special to The Clarendon News.

Washington, Sept. 2—The number of hired workers employed on farms of crop reporters declined seasonally during July as the harvesting of fall-sown grain crops was completed in the principal areas of production and the cotton crop was laid by over a large part of the belt, the Bureau of Agricultural Economics reported recently.

Labor requirements also were reduced as a result of the widespread drought. A survey showed that there were ninety-nine hired workers per 100 farms Aug. 1, compared with 101 a month earlier and 103 persons a year ago. In the West, South, Central states, which include Texas, family and hired labor combined totaled 320 per 100 farms, compared with 347 a month before and 338 a year before, the bureau showed.

C. W. Bennett spent the week-end in Dallas.

Shirley of Atwater, California, and Miss Verlon Benson, also of Atwater.

Miss Mary Lee Garland spent Sunday with Gladys Holley.

Billy Jean Knox spent Sunday with Lois Murne Barker.

Mary Lois Hayer left Monday for a visit with relatives in Dallas.

(By DICK COOKE)

With the resignation of Nollie Simmons, caretaker and manager of the local club, Hillcrofters are casting anxious glances in all directions for a leader who will save the course from range land as has been threatened in the past.

A leader is very problematical at this time, as the dwindling ranks of enthusiasts are affected with the same malady that has left the club in the prevailing condition, to-wit: play without pay, and play without work.

The latter, while not so sudden as the former, is far more deadly to an organization. A favorable comparison is a hollow tree infested with termites, which slowly but surely eat the heart from the log, leaving the shell which crumbles to bits at the first strain.

Dude Gentry, with a none too consistent round of golf Sunday, snared a 31 on the last nine, after treating himself to a bad 43 going out, to tie the nine hole course record set by Billie Cooke in the finals of the invitation here Monday afternoon, August 17.

Another record which fell this month was at the Quannah Country Club when the veteran L. S. (City) Walker toured the front nine in 30 torrid strokes. Levi

SLIGHTLY BETTER WEATHER NOTED IN DROUTH AREA

SCATTERED SHOWERS IN CENTRAL AND MIDDLE WESTERN STATES.

Special to The Clarendon News. Chicago, Sept. 2—Some improvement in weather and crop conditions in Corn Belt States were noted in weekly summaries of state observers Wednesday following recent rains.

"Further deterioration of the Iowa corn crop was arrested," commented C. D. Reed, Federal meteorologist. He said that while last week's rains covered all portions of the state the drought was in no sense broken in central and western counties.

Iowa Tuesday night shared in scattered rains which fell also in much of Wisconsin, Michigan, Northern Illinois and Indiana. Scattered rains were reported also in Texas but hot weather persisted in the Southwest.

Temperatures were lower in the Dakotas, Nebraska and Iowa, however, as President Roosevelt's special train carried him from Chicago toward the drought areas.

B. R. Laskowski, federal meteorologist for South Dakota, said cane, late corn and meadows have "greened up" by recent showers there.

Variable improvement in Illinois corn crop was recorded in the weekly report of the weather-crop office.

At Ogden, Utah, Leroy Marsh, federal district agricultural inspector, predicted a farm labor shortage in the West this fall due to bounteous crops and a heavy demand for farm products there from drought-burned sections to the east.

With the mercury again near the 100 mark Wednesday over Oklahoma, federal forecaster Harry Wahlgren said feed and water shortages are increasing daily. He described the cotton crop as fair to poor, said there was little corn in the bottom lands and listed the upland crops as gone.

The News' amazing premium offer of a free fountain pen and pencil set with each subscription at the regular price is proving very popular. Remember, Saturday, September 5, is the last date. The time is short, come in immediately.

\$133,000 RECEIVED BY DONLEY COUNTY THROUGH HOLC

69 INDIVIDUAL LOANS REPRESENTED BY AMOUNT LOANED HERE.

Residents of Donley County received a total of \$133,005 from the Home Owners' Loan Corporation during the three-year period of refinancing operations which terminated June 13, 1936, according to the final figures furnished H. P. Drought, state director for the National Emergency Council. This sum represented 69 individual loans.

A total of 44,361 distressed home owners in Texas were extended aid in the sum of \$103,208,774. Of this money, it is estimated that \$6,343,000 went toward the payment of taxes and assessments, the estimated average of tax and assessment payments per loan in Texas being \$143.

According to the 1930 United States Census reports there were 374,755 owned non-farm homes in Texas. The Home Owners' Loan Corporation refinanced mortgages on 11.8 per cent of this number.

The total number of loans made in all states, Puerto Rico, Hawaii and Alaska was 1,021,817, involving the sum of \$6,092,870,784, making the average loan \$5,927.

More than 98 per cent of all money involved went for the refinancing of distressed homes by means of long-term replacement mortgages which are to be amortized fully over the term of the loan in small monthly payments. The balance of the money advanced went for the restoration and conditioning of properties.

It is estimated that \$228,453,000 of the Home Owners' Loan Corporation advances went to the tax offices of the nation, with the national average tax payment per loan being \$224.

Like all good things, an offer of this kind must come to an end. This one expires next Saturday, September 5, a matter of only two or three days, but there is yet time for every reader to obtain one or more sets. Those who are unable to call at the office or have some one call, can mail their order in and if 5c additional is added for postage the set will be mailed to them.

All letters postmarked September 5 will be accepted, and so there is yet time for every News reader, even the most distant subscriber, to obtain a set or two. However, action must be taken immediately. Saturday is the final day.

Warning Issued—

TAYLOR AND HOWE HEAD TRI-STATE FAIR THIS YEAR

TAYLOR IS SECRETARY FOR THIRD YEAR; HOWE SUCCEEDS HAWK.

For the third consecutive year since 1931, O. L. "Ted" Taylor is secretary-manager of the Tri-State Fair, which will be held September 21-26 in Amarillo. Taylor has served the fair association in that capacity every year the late Wilbur C. Hawk was president.

When he was elected unanimously as president, Gene Howe, editor and publisher of The Amarillo News-Globe, who is known everywhere as "Old Tack" accepted with the understanding that Taylor again would be the secretary-manager.

"This year the Tri-State Fair has spent more money preparing for the exposition than ever before in the history of the association," Taylor declares.

"This expenditure has been justified by the ever-increasing crowds that daily go through the exposition's free gates," continued Taylor.

Among the improvements, Taylor said, are remodeled, renovated and enlarged exhibit buildings.

"For the first time in four years," he said, "the Tri-State Fair will have a poultry department. This department has been added to meet an insistent demand from fanciers throughout the Southwest and Earl J. Curry of Amarillo, who is the superintendent of that show, is particularly anxious to have many entries.

"As to the improvements—in order to provide more space and to provide exclusive exhibits, the substantial automotive building has been remodeled entirely, the interior of the merchants' building has been rearranged to accommodate more booths and the race track or rather, the plant, has been almost entirely rebuilt." Almost a month ago, more than 4,000 catalogs of the 1936 exposition were mailed at the direction of the secretary-manager.

"These catalogs list cash premiums of approximately \$20,000 and they are all guaranteed for payment in full, so if anyone who did not get a copy of the catalog and is interested, he or she may have one by writing to me," Taylor said.

The Old Reliable Exterminator Used the world over for many generations, to kill rats, mice and noxious animals. A sure way to do away with dangerous pests. Safe to handle. Sold by general stores and druggists. 25c, 50c a box. Manufactured by E. S. WELLS, Chemist.

Work Started—

(Continued from Page One) treacherous by the commissioners court. Running due north from three miles from town, a sweeping curve will bring the new highway straight onto the river bridge, from where it will make another gradual curve and connect with the old highway two miles farther north.

Mellinger & Rosenwasser Announce Opening of New Department Store Here

Announcement of the formal opening of the Mellinger & Rosenwasser Department Store Thursday, September 3, was made this week by Isadore Mellinger, manager of the new institution located in the Rathjen Building formerly occupied by Hanna-Pope & Co.

The interior of the building has been completely renovated and redecorated to accommodate the new department store. All interior decorations are carried out in a black and white color scheme.

Approximately 80 feet of wall shelving, 40 feet on each side of the building, will house the firm's better piece goods, such as woollens, plain and novelty rough crepes, satins of all kinds, suitings, staple piece goods, silk and cotton hosiery, men's and boys' dress shirts, and underwear, socks, hats, and a complete line of haberdashery.

Adjoining the shelving on both sides of the store are wall cases which will carry the wide selection of ladies' cotton, silk and woolen ready-to-wear and men's and boys' clothing, which items will be featured at all times, ac-

ording to Manager Mellinger.

Parallel with the shelving all the way through the center of the store to the office are attractive new tables with such merchandise as fall suitings for ladies, dress cambric and percale; household furnishings such as bed spreads, floor mats, bath sets, curtains and panels; baby novelties; notions, sundries; ladies' silk and rayon underwear, ladies' millinery; men's and boys' dress shirts and work shirts; boys' school shirts, kiddies' play suits, men's work gloves and cotton socks, men's and boys' khaki pants and shirts, and boys' dress trousers.

Behind the office is the large shoe department in which is carried a complete stock. The spacious balcony will serve as the much needed store room.

"I am very anxious for everyone in this trade territory to come in and see our new store," Mellinger said in announcing the opening. "I believe that we have one of the most complete stocks of quality merchandise in this section, and it is our aim to serve our patrons in a manner

Rosenwasser Firm Is Well Known In This Section

Shoppers of this vicinity are well acquainted with the name of Rosenwasser. Managed by J. B. and Marcus Rosenwasser, the Rosenwasser Department Store in Memphis has become well known in this section of the Panhandle. The Memphis store has been in its present location for the past 11 years, and has earned an enviable reputation as a shopping headquarters in that city.

Both of the Rosenwasser Brothers are well versed in the mercantile business, having received their early training in their Lockhart store.

At the present time, J. B. is several other merchants, making quantity purchases for the various stores.

In conversation with a News representative recently, Marcus Rosenwasser said: "We, as well as the Mellingers, are proud of our new store in Clarendon. We are confident that it will grow and prosper. We have shown our faith in Clarendon and its trade territory by making a very substantial investment here, and believe that faith will be well rewarded. We are most grateful that will merit their continued support."

Isadore Mellinger Is Manager Of Local Store

Isadore Mellinger, manager of Mellinger & Rosenwasser, and son of Max Mellinger, Merkel, Texas, comes to Clarendon from Livingston, East Texas, where he has been in charge of another of the Mellinger stores for the past two or three years. Having started the East Texas store as a complete new business, Mr. Mellinger, through his aggressiveness, built it up to one of the leading stores which they operate.

Mr. Mellinger is well trained for his line of business, having been practically brought up in a store and quickly taught the policies of the firm. Although he spent the time he was not in school inside the store, he finished his high school and college education before he took complete charge of a business.

Mr. Mellinger seems well pleased with his new store and in talking with a group of friends said:

"When everything is straightened out and completely displayed like we plan to have it, for the warm welcome that has been given by the citizens of this section."

Max Mellinger Well Known Dry Goods Merchant

Max Mellinger, Merkel, Texas, elder member of the firm of Mellinger & Rosenwasser, and successful merchant of that city, is by no means a stranger in the mercantile business, having devoted something like 30 years to that vocation. Since his entry into business, Mr. Mellinger has been recognized by the largest manufacturers as a shrewd buyer and an excellent judge of merchandise.

Starting out in a very small way in an inland town with the handicap of little capital, Mr. Mellinger grew year by year and now operates besides the Clarendon store, establishments in East and West Texas, having leading stores in each town. Recently, when asked to what he credited most of his success, Mr. Mellinger replied:

"Success is one thing of which everyone is proud. When I first started in business I adopted the policy of a fair deal to all my customers, giving them at all times the very best merchandise obtainable at the very lowest prices possible, and always catering to the masses of the people. Large profits were always forgotten, and the 'quick turn-over' policy was adopted. During the heat of the depression when merchants everywhere were lowering quality even lower than prices, we stood pat on our high quality."

'WILL STAR FOR BEARS AT CENTENNIAL

These pro footballers, all members of the Chicago Bear eleven to appear in the Cotton Bowl at the Texas Centennial Exposition the night of September 7 against an All American team were in the national intercollegiate grid limelight only a few years ago. The two gentlemen carrying the footballs are Bronko Nagurski, left, Bear fullback, and Bill Karr, right, Bear end. In the center from top to bottom are John Siske, halfback; Bill Hewett, end; left, Bernie Masterson, quarterback; right, Beattie Feathers, halfback; left, Jack Manders, fullback; right, George Musso, tackle.

Max Mellinger—

(Continued from Page One) ity with prices even lower than those existing on inferior merchandise. The result was we came out on top with more friends and more customers, instead of fewer friends and less customers. And I assure you that these same policies will exist in our Clarendon store. We are happy to be with you, and I feel sure that this store will be one of our best." Mr. Mellinger also asked that The News extend to citizens of the

territory an open invitation to visit the new institution and make it their Clarendon headquarters, with the assurance that their patronage will be appreciated and courteous and friendly treatment will be shown everyone by the management and the efficient sales force which has been employed.

Dr. and Mrs. Ernest D. Rogers of Fort Worth and Mrs. Irma Rogers of Commerce spent Sunday here in the home of Mr. and Mrs. J. E. Phelan.

Texas Charters Decline In July

Special to The Clarendon News. Austin, Sept. 2—New corporations chartered in Texas during July declined in number moderately below those of both the preceding month last year, and aggregate capitalization was sharply under both comparable periods, according to the University of Texas Bureau of Business Research.

Data compiled from the records of the Secretary of the State show that the number of new corporations chartered declined 16.3 per cent and 12.9 per cent from a year ago and the preceding month respectively; and capitalization declined 49.3 per cent and 27.3 per cent respectively. Only three groups of industries showed increases in the number of new charters granted, that is: Manufacturing, public service and real estate-building. Subscribe for The Clarendon News
