Property Damage Result Of Storm

By Fred L. Williams

No More Weather— Never again will I write about the weather. I rant forth long and loud in this department last week about the beautiful spring weather, the birds and bees and flowers and trees—and how nice and soft and languid is the atmosphere—and before the paper gets out up comes a golly-whoppin' cloud and everybody is scared to death it is coming a cyclone and sure enough one does come at Hedley. The cloud was full of sand and rain and hail and I don't know what else. But I never did see anything like that before and I was quaking in my boots and beginning to wish for a minute that I was back down on the South Texas coast where they don't have anything worse than tropical hurricanes that blow everything away.

Heaviest Damage At Word Ranch And Hedley; Torrential Rains Fall.

Property damage was estimated at several thousand dollars when a small tornado struck the Word Ranch, swept through parts of the Windy Valley community and dipped at Hedley late last Thursday afternoon. Accompanied by a torrential rain of short duration, the twister uprooted trees, unroofed barns and badly damaged the roof of the Word Ranch house when a large tree was hurled upon the structure. Several windmills were reported to have been blown down in the Windy Valley community as the storm swept through that section. Traveling in a northeasterly direction, the tornado next swooped down at Hedley where the roof of the cotton warehouse was almost completely destroyed. Two box cars were derailed and several awnings were carried away, and a large number of buildings were damaged to a lesser degree. One Hedley citizen reported that a heavy truck was blown into a brick awning support. The support was completely demolished, he said. Heavy downpours of rain and (Continued on Page Eight)

WTCC DELEGATES STOP HERE

A special train with over 100 delegates from Fort Worth, and headed by the Texas Christian University Band, stopped here briefly Monday afternoon, shortly after 6 o'clock, while enroute to the W. T. C. C. convention in Amarillo.

The band, attired in their snappy purple and white uniforms, paraded the length of Kearney street before giving a short, spirited concert before the station. During the day the Fort Worth booster train stopped at Decatur, Bowie, Henrietta, Wichita Falls, Iowa Park, Electra, Vernon, Chillicothe, Quanah, Childress, Estelina, Memphis, Hedley, Clarendon, and Claude.

Traxler Captured After Gun Battle

Oklahoma's Public Enemy No. 1 Is Taken By Officers Near Canadian Sunday.

Pete Traxler, 28, Oklahoma's Public Enemy No. 1, and wanted in Donley County on three robbery charges, was captured near Canadian just before noon Sunday after being wounded by a posse of Panhandle officers. Traxler, who a few weeks ago escaped officers after a gun battle near Wichita Falls, in which Arthur Spencer was captured and returned to Clarendon, was shot in the left leg and right arm after he had fired upon the posse with a shotgun. The desperado was taken to a Canadian hospital under a heavy guard. Both his arm and leg were shattered by rifle fire, it was said. None of the bandit's shots took effect. The fugitive was captured a few miles west of Canadian near the highway bridge over the Canadian River after nearly 100 officers had concentrated on the Canadian area to form the largest manhunt in the history of the Panhandle. Traxler was recently identified by Mr. and Mrs. C. J. Jackson of Beaver Dam, Wisconsin, and Mr. and Mrs. Arthur Van Nevel of Rock Island, Illinois, as the man, who, with Arthur Spencer, (Continued on Page Eight)

FAVORITES FALL IN FIRST ROUND OF CITY TOURNEY

MERCHANT AND M.P. GENTRY ADVANCE TO SEMI-FINALS, DUDE GENTRY MEDALIST. Two pre-tournament favorites, A. N. Wood and P. B. Gentry, fell by the wayside and Ira Merchant and M. P. Gentry, other favorites, advanced to the semi-finals with comparatively easy wins in the first round matches of the city tournament played here Tuesday and Wednesday. Wood, the defending champion, couldn't hit his stride, and fell a 4-3 victim of the steady play of Dick Cooke. The long-hitting Dude Gentry who was medalist Sunday with a 75, was off form on the sand and putted himself out of the running while Otis Jackson, dark horse of the tournament, bagged par after par and closed the match with a beautiful birdie from the rough on the home hole for a 2-up win. M. P. Gentry, one-time champion, stayed close to par to dispose of Joe Jackson in the last match played Tuesday in the championship flight. Ira Merchant and Bill Cooke, both former champions, met Wednesday with Merchant gaining a 3-2 victory over a none-too-spectacular round. In the second flight matches played this week, Tom F. Connally beat H. B. Kerbow, Alex Cooke won over Wesley Knorrp, J. T. Patman defeated Robert Weatherly, Sr., and Slim Parsons downed Glenn Allison. Third flight results: Fred Buntin defeated Densil Davis, Dr. C. W. Galloway beat Frank Whitlock, Doss Palmer won over Woodrow Hazelwood, and U. J. Boston downed L. E. Thompson. In the only consolation match of the week, Joe Jackson turned in a beautiful game to enter the finals with a last-minute win over A. N. Wood. Second round pairings are as follows: Championship flight; Dick Cooke vs. M. P. Gentry; Ira Merchant vs. Otis Jackson. Second flight: Tom F. Connally vs. Alex Cooke, J. T. Patman vs. Slim Parsons. Third flight: Fred Buntin vs. C. W. Galloway, Doss Palmer vs. U. J. Boston. Consolation pairings: First flight; Bill Cooke vs. P. B. Gentry, Joe Jackson vs. the loser of the Cooke-Gentry match. Second flight: H. B. Kerbow vs. Wesley Knorrp, Robert Weatherly, Sr., vs. Glenn Allison. Third flight: Densil Davis vs. Frank Whitlock, Woodrow Hazelwood vs. L. E. Thompson. In the qualifying rounds Sunday, Dude Gentry was ahead of the field with a 75 for medalist honors. Closely grouped behind Gentry were M. P. Gentry, A. N. Wood, Otis Jackson, Bill Cooke, Dick Cooke, Ira Merchant, and Joe Jackson, in the championship qualifying flight. All semi-final matches will be played by Saturday with the finals in all flights Sunday. The championship match will be played over 36 holes with second, third and consolation matches 18.

SERVICES HELD FOR JOSEPH H. MYERS

FORMER DONLEY COUNTY RESIDENT DIES IN FORT WORTH; SERVICES HERE.

Joseph Henry Myers, former Donley County resident, died at the St. Joseph's Hospital in Fort Worth at 1:05 a. m. Sunday, May 10. At the time of his death the deceased was 79 years, 2 months and 6 days of age. Mr. Myers had been in ill health for 18 months but was confined to his bed only about a week before his death. He was born in Wells County, Indiana, on March 4, 1857, and came to Texas in the spring of 1877. In 1884 he returned to Indiana and was married to Miss Inez Wolfe. The young couple returned to Texas the same spring to make their home. The deceased is survived by his wife and five children, three sons, N. T. and E. R. Myers, Clarendon, and S. D. Myers, Dayton, Ohio; two daughters, Mrs. Ethyl Nippert, Clarendon, and Mrs. E. P. Turley, Fort Worth; (Continued on Page Eight)

CLUCK CANDIDATE FOR COMMISSIONER

ANNOUNCES CANDIDACY FOR ELECTION TO PRECINCT NO. 2 OFFICE.

The News was authorized this week to announce the candidacy of Joe Cluck for County commissioner, Precinct No. 2, subject to the action of the Democratic Primary. Mr. Cluck is well known in Donley County, having resided here for the past 15 years. This is his first time to ask for public office in this county. He served as county commissioner in Dallam County for 12 years prior to moving to Donley County, and has a thorough knowledge of the workings of county government. Mr. Cluck solicits the support of the voters of the precinct, and gives assurance that, in the event he is elected, the duties of his office will be discharged in a capable and conscientious manner.

Farmers Urged To Sign Work Sheets

All farmers in Donley County who did not sign soil conservation domestic allotment work sheets when the committees were in the field are urged to come to the county agent's office and sign at once, according to H. M. Breedlove, county agent. Signers are not bound to the government in any way. Breedlove pointed out, but a work sheet must be filled out before any producer is eligible for a government grant.

Traxler May Face Oklahoma Charges

Indications that Pete Traxler, Southwestern desperado who was shot and captured near Canadian by a posse Sunday, will be taken to Pauls Valley, Okla., for trial on charges of murder of an officer were given today as the outlaw was closely guarded in a Canadian hospital. He broke jail twice at Pauls Valley. A bill of indictment, charging Traxler with a Hemphill County hijacking, was returned by a grand jury at Canadian Monday and it was considered a possibility that he would first be tried there. He is wanted in Childress for hijacking, at Holdenville, Okla., in the slaying of two officers, at Henrietta for hijacking, at Bellevue for hijacking, in Gray and Hemphill Counties for tourist hijacking, in Ellis County, Okla., for hijacking, and in Donley County for hijacking.

GOLDSTON NEWS (By Mrs. G. R. Grant)

We are having lovely weather at this time; have had some pretty cold weather for the time of year. We had a nice shower of rain last week which was appreciated.

Several from here attended the Baccalaureate sermon at Clarendon Sunday night. We are very proud of our boys and girls who are graduating from Clarendon schools this year.

Mrs. Gorman and children of Berger visited here last Sunday with her father, Mr. Stegall at the Country club.

Miss Frankie Zeigler of Plainview is visiting this week with her parents, Mr. and Mrs. H. Zeigler.

Mr. and Mrs. Sam Dale visited last Sunday with her parents, Mr. and Mrs. Brains of the Martin community.

Mr. and Mrs. Brock visited Sunday afternoon with Mr. and Mrs. W. L. Goldston.

Mr. and Mrs. Grant took dinner last Sunday with Mr. and Mrs. Clyde Hudson.

Number Two-A Sunday school class are putting on a play next Saturday night. This promises to be a good play and all are invited to attend.

It has been reported here that Mrs. Wallace, who with her family was a resident here for some

time, was very ill at her home in Louisiana and is not expected to live.

Joseph Dilli and family and Mrs. Lena Dilli went to Amarillo Sunday to visit relatives.

Mr. and Mrs. Lynn and family made a trip to Altus, Okla., last week returning Sunday.

Prof. and Mrs. Smith and family spent the week-end near Groom with her father who was sick. They returned home Sunday afternoon.

Word was received here last week that Mr. Higginbotham, a former resident of this section, had died at the family home at Odessa, Texas. We regret very much and the family has the sympathy of the community in their sad bereavement.

PARK ON ISLAND

Plans are being made for the development of Padre Island, off the coast of Texas, as a park which would be one of the most unusual parks in the world. The island stretches along the Texas coast from a point near Corpus Christi to near the mouth of the Rio Grande. Feature attraction would be a scenic highway which would permit motorists to drive the length of the island only a few yards from the gulf surf. The island is well known for its deep sea and bay fishing.

Mr. and Mrs. Neely Hudson visited last Sunday with her parents, Mr. and Mrs. H. M. Stewart.

A Million Miles WITHOUT AN ACCIDENT ON Firestone HIGH SPEED TIRES

- WILL STOP A CAR UP TO 25% QUICKER!
- GIVES GREATER BLOWOUT PROTECTION!
- GIVES 25% LONGER NON-SKID MILEAGE!

THE MASTERPIECE OF TIRE CONSTRUCTION

BUY ON PROOF OF PERFORMANCE

AB JENKINS—Famous driver who holds more records than any man in automotive history.

AB MILLION miles on Firestone Tires without an accident. That is the record of Ab Jenkins, famous driver, who has driven on all kinds of roads and in all kinds of traffic in every state in the union. What a tribute to safe, dependable, tire equipment! Make this proof of performance your guide in choosing new tires to protect yourself and your family.

There are three important facts you should know about the tires you buy—

- FIRST—THE FACTS ON TRACTION AND NON-SKID SAFETY**
A leading university in 2,350 tests has found that the new, scientifically designed tread on the Firestone High Speed Tire stops a car up to 25% quicker.
- SECOND—THE FACTS ON BLOWOUT PROTECTION**
Ab Jenkins used Firestone Gum-Dipped Tires when he drove his 5,000-pound car over the hot salt beds at Bonneville, Utah, in the record-breaking time of 127 miles per hour, covering 3,000 miles in 23 1/2 hours without a blowout or tire trouble of any kind.
- THIRD—THE FACTS ON ECONOMY AND NON-SKID MILEAGE**
The largest transportation companies in the country, such as Greyhound, to whom safety and tire economy mean business efficiency, use Firestone Tires from Coast to Coast and from Canada to the Gulf. And our own test fleet records prove that the new Firestone High Speed Tire for 1936 gives you up to 25% longer non-skid mileage.
- The Firestone High Speed Tire for 1936 proves by performance its superiority in all of these three qualifications. Make this proof of performance your yardstick of safety and value. Decide today to equip your car with new Firestone High Speed Tires for 1936—the safest driving equipment money can buy.

NO SWERVE LEFT

NO SWERVE RIGHT

Gum-Dipping not only strengthens the cords but prevents heat inside the cords, where it insulates the tiny fibers against friction and protects Firestone High Speed Tires from blowouts.

This heavy, broad, traction and non-skid tread is held to the cord body of the tire with Two Extra Layers of Gum-Dipped Cords, a patented construction, making the cord body and tread an inseparable unit.

The angles in the scientifically designed Firestone High Speed tread are so placed as to stop a car quicker and without side-swerve. Its super traction and non-skid efficiency have also been proved in the famous Pike's Peak Race where for eight consecutive years it has been used on the winning cars.

Rose Says More Beautiful Women In Southwest Than On Broadway

Fort Worth, May 12—There are more beautiful and talented women in the Southwest than there are on Broadway, Billy Rose, the top among the nation's leading showmen, declared today.

Rose, who has featured beautiful women in Jumbo and his other theatrical successes, is now confident that he can secure in the Southwest more than half of the 500 girls needed for his Frontier Centennial attractions.

"Our calls for dancers and showgirls have been answered by some of the most beautiful girls in America," Rose said. "A number of talented dancers have also come forward. I am now convinced that there are more beautiful and talented women in the Southwest than there are on Broadway."

"In New York few of the beautiful girls are able to dance and those that can dance as a rule are not beautiful. Here the combination of beauty and talent is not nearly as rare as it is on Forty-Second Street."

Rose issued an invitation to girls in all parts of Texas, Oklahoma, New Mexico, Arkansas and Louisiana to send in their pictures if they desire to make applications for parts in the Fort Worth Centennial as either dancers or showgirls.

This is the first of a series of questions that the people of Texas are asking. Orville S. Carpenter, state pension director, answers them frankly and to the point: Q.—Why cannot assistance be paid to every person in Texas who is 65 years of age or older? A.—First, because the Texas law says that assistance may be paid only to those "in need"; second, because the federal government will not allow us to pay federal money to people who are not in need. Q.—Will not federal money mean a lot to Texas? A.—Yes. It will mean that several millions of dollars each year will be given to the aged people of Texas that they would not otherwise get; it will mean that with it a person will be able to receive as much as \$30 a month,

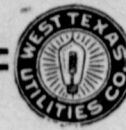

and without it no one could get more than \$15 per month. Q.—What does the federal law say about "needy"? A.—It says that the federal appropriation is made for the purpose of enabling states to assist "aged needy individuals." (Sec. 1). Q.—Was this "aged needy individuals" questions checked? A.—The Social Security Board stated that this was the correct interpretation of the law. Q.—How does the Texas definition of "needy" compare with that of other states? A.—Texas has the most liberal definition of "aged needy individuals" in the United States. The Texas law is much more liberal on this point than that of any other state in the Union. ASSURANCE OF SAFE FOOD PRESERVATION

Government Bulletins and health authorities agree that perishable foods must be kept below 50 degrees and above 32 degrees. Meats, milk and other costly foods keep only a short time unless chilled below 50 degrees. Frigidaire is equipped with a remarkable cold making mechanism—the Meter-Miser. Safety Zone temperatures are automatically maintained, even in hot Spring and Summer weather of 110 degrees and over. This is your assurance that Frigidaire will safely protect your food—and the health of your family.

On Guard!

Frigidaire builds this Food-Safety Indicator right into the cabinet—visible proof that foods are kept at Safety-Zone Temperature, below 50 degrees and above 32 degrees.

STEEL MAKERS say—"Ford buys the best steel." Other suppliers of materials and parts will tell you—"Nobody checks up as closely on quality and price as Ford." This means a great deal to you as a motorist. It is our way of safeguarding the interests of every purchaser and it leads to this—"The mechanical depreciation on a Ford is less than most cars, especially after the first year." This is one sign of the extra value in the Ford V-8. Accuracy in manufacturing is another. (The Ford is made to unusually close precision limits.) And there is a long list of fine-car features that are exclusive with Ford in the popular field. Have you a V-8 engine in your car? You pay \$1645 for it in any other car but Ford.

Does your car have Center-Poise Riding? Ford gives you this modern feature—"a front-seat ride for back-seat passengers." Does your car have fool-proof Super-Safety Mechanical Brakes? The Ford V-8 gives you this proved design, with 186 square inches of braking surface. Does your car have a genuine steel body structure? Does it have Safety Glass all around? Ford is the only low-price car that gives you this extra protection without extra cost. You get these fine-car features in the Ford V-8 because of Ford manufacturing methods and low-profit policy. \$25 A MONTH, after usual down-payment, buys any model of the new Ford V-8 car—from any Ford dealer—anywhere in the United States.
