IRISH AND BRONCS BATTLE TO 6-6 TIE IN GRID THRILLER

LOCALS CHALK UP THIRD TIE GAME OF SEASON AS FIRST SCORE IS MADE.

The stubborn Clarendon High School football eleven and the fighting Irish of Shamrock battled to a 6-to-6 draw at Denver Field in Shamrock Friday night before 1,500 fans. The tie marked the second conference deadlock for the Bronchos in as many games, but raised their standing in percentage as tie games count as one-half game won and one-half game lost in the standing.

The Irishmen scored late in the first stanza, with the Bronchos coming back to tie the score late in the second quarter after which both teams made at least one serious threat.

Pick the Winners— And now this department is going to find out whether or not it has any readers. It is going to give something for nothing!

Each week during the remainder of the District 3-B football race, Williams Tells will give a cash prize of one dollar to the person guessing nearest the outcome of each conference game and the total points that will be amassed by all teams that participate in conference games in that particular week.

This contest is open to all, and there are no strings attached. So, all of you expert dopers—others turn in your selections, and see if you can win the buck.

Here are the games that are coming up this week-end:
Lefors vs. Clarendon.
Wellington vs. Lakeview.
Wheeler vs. Memphis.
Mobeetie vs. Shamrock.

Pick the winner of each of these four games. And remember, we do not want the score of each team. Figure that out for yourself, and turn in the total score that you believe will be made by all eight of the teams combined. Duplicate prizes will be given in case of a tie.

Selections may either be mailed or brought into The News office, but none will be accepted later than 12 o'clock noon each Friday for games to be played that week.

Half-And-Half—

This department's prediction that the Bronchos would lick the Shamrock eleven was only half right. The score was 6-6. But that was pretty close for a guy that never picked a winner in his life!

And am I laughing at The News' renowned sports authority, Mr. Cooke! Please, everybody, don't ask him what happened to that rough, tough, Memphis wrecking crew of his!

There's an old saying, though, that he who laughs last laughs best—or something. Anyway, I think Dick is going to get that last laugh. I'm fearing greatly for my prize Wheeler eleven when they run up against that McLean squad. Those Tigers are plenty tough.

?

I have a just and previous complaint. I am chagrined, disappointed and mad. And there oughta be a law against any such thing.

I went down to the drug store the other evening and bought a

OLD AGE CHECKS WILL BE MAILED

\$840,000 IS RECEIVED BY TREASURY FROM FEDERAL GOVERNMENT.

Upon receipt of \$840,000 by the Texas Treasury from the federal government Tuesday, the Old Age Assistance Commission headquarters announced this week that October pensions would be mailed immediately.

With more than \$1,000,000 held up several weeks, pending the arrival of funds, the new money relieved the emergency temporarily.

The legislature is in special session attempting a permanent solution of the age assistance problem.

Banking Deposits At Highest Level Since June, 1931

Washington, October 14.—The Federal Reserve Board announced Friday that the nation's bank deposits climbed to \$51,335,000,000 on June 30, the highest level since June, 1931.

Deposits with mutual savings banks and member banks of the Federal Reserve System were described by the board as close to the largest volume on record.

The increase in total deposits in all of America's 15,752 banks was estimated at 12 per cent, or \$5,569,000,000 during the year ended June 30.

In its monthly bulletin the board also reported that the 50 per cent increase in reserve requirements, which it put into effect Aug. 15 to prevent a possibly dangerous credit expansion, reduced excess reserves of member banks \$1,250,000,000 during the last half of August.

Reserves of 42 per cent in excess of requirements after the new regulations went into effect in comparison with 102 per cent prior to Aug. 15.

County Ginnings Are Ahead of Last Year

Although a short cotton crop is expected in Donley County this year, 192 more bales have been ginned here than for the same period last year, according to a report issued by the Department of Commerce, Bureau of the Census this week.

The census report shows that there were 230 bales of cotton ginned in this county from the crop of 1936 prior to October 1, as compared with only 38 bales ginned to October 1 last year.

Merchants Preparing For Big Fall Business

DISTRICT COURT GETS UNDER WAY HERE THIS WEEK

NO CASES DISPOSED OF; LIESBURG TRIAL IS SET FOR OCTOBER 26.

Although the fall term of district court opened here Monday morning, October 12, no cases were disposed of this week, according to a statement of Judge A. J. Fires, who is presiding.

The grand jury, which has been in session since receiving the charge from Judge Fires Monday, is expected to make the first report on their findings today.

A special venire of 100 names was ordered drawn by Judge Fires Wednesday from which to pick the jury for the Leisburg trial, which was set for Monday, October 26.

The grand jury impaneled for this term of court includes Roy C. Jewell, foreman, M. R. Allensworth, E. R. Andis, C. E. Bairfield, L. McClelland, E. S. Ballew, W. D. Franklin, G. F. Leathers, John Gerner, F. O. Naylor, Jodie H. Helm, and Wilson Gray.

FAIL TO IDENTIFY SAFE CRACKERS

ATTEMPT AT IDENTIFICATION BY FINGER PRINTS IS UNAVALING.

No additional clues as to the identity of the yeggs who last week knocked the knob off the Stallings Coal Company safe and blew the door from the vault of the Clarendon Grain Company, have been found, according to a statement from the sheriff's department last night.

Photographs of finger prints taken from the dial of the Grain Company safe failed to match prints on file here and have been sent to Austin and other towns, Marion Quisenberry, fingerprint expert of the sheriff's office said.

The safe crackers were thwarted in both attempts as the Coal Company safe contained only papers and the inner door of the Grain Company safe withstood the force of the explosion.

About \$50 was said to have been in the vault of the Grain Company.

Mrs. Will Rogers Buys Humorist's Oklahoma Ranch

Claremore, Okla., October 14.—Completion of the sale of the Will Rogers property in Oklahoma to his widow for \$15,920 was announced last week by her attorney, C. B. Holtzendorff.

The attorney said all details of the sale were taken care of after County Judge H. H. Brown approved the purchase price at a private conference with Mrs. Rogers late Tuesday and the papers assigning the property to her were made out Wednesday.

Court approval made final the sale September 26 to settle tax claims against the Rogers estate.

Porter Speaks At Wellington Church

Judge J. R. Porter of Clarendon addressed the congregation of the First Methodist Church in Wellington Sunday morning, October 11, at the 11 o'clock hour.

Judge Porter is lay leader of the district.

Grand Jury Finds Four True Bills

The grand jury which is in session for the fall term of district court reported they had found four true bills, according to a statement by Sheriff Guy Pierce this morning at press time. All four cases were set for the third week of court which begins Monday, October 26.

J. E. Ryan posted \$1,500 bond on a charge of cattle theft. J. B. Anderson was charged with driving while intoxicated.

Cond amounting to \$100, Arthur Spencer, axler, West Texas were charged with

Band Parents Will Form Association

A meeting has been called for Monday afternoon at 3:30 o'clock at the Junior High School for the purpose of organizing a Band Parents Association in connection with the local high school band, according to Ray Robbins, director.

Mothers of members of the band are urged to attend this meeting, Robbins said.

Work On Dormitory To Be Finished Soon

Work on the remodeling of the old college dormitory, which is the major part of the \$9,600 WPA school project in Clarendon, will be completed in the near future, according to Keith Stegall, who is in charge of the work.

Most of the right wing of the building has been finished, Stegall said, and needs only painting and varnishing. Only the left side remains to be remodeled.

Over 300 feet of sidewalk has been laid around the building and one new tennis court, in addition to the first four, has been completed.

The building will contain a study hall, library, home economics department, vocational agriculture department and ten class rooms.

Baptists of Panhandle Will Convene Here

Services Are Held For H. W. Kelley

Funeral services for H. W. Kelley, 69, long time Clarendon resident who died in San Diego, California, Tuesday, October 6, were held at the First Baptist Church here Sunday afternoon at 3 o'clock.

Rev. J. Perry King was in charge of the services, with burial in the Citizens Cemetery.

Mr. Kelley was born in Greenville, Alabama, December 4, 1866. He came to Texas in 1874, and to Clarendon in 1899. He lived here for 27 years and operated a planing mill with his brother.

Mr. Kelley left Clarendon in 1926 for Memphis from where he moved to California in 1930. He has resided there since that time.

Mrs. H. T. Burton's Sunday School class was in charge of the flowers with the pallbearers being C. W. Taylor, O. C. Watson, E. S. Ballew, Ralph Andis, H. T. Burton and W. C. Stewart.

Attending the funeral from away were Miss Mildred Sparks, B. B. Tatum and Miss Frances Tatum of Wichita Falls, and Mrs. R. A. Carter and W. B. Blake of Amarillo.

Miss Sparks, foster granddaughter of Mr. Kelley, is the only survivor.

BRONCHOS ENGAGE PIRATES FRIDAY

LEFORS ELEVEN WILL ATTEMPT TO BREAK INTO WIN COLUMN.

With three of the toughest games of the season behind them, a bruised but spirited Clarendon High School football team snapped through their work-outs this week in preparation for their fourth conference go, with the Lefors Pirates at College Field here Friday night.

Though not being considered a breather, the Bronchos are confident the game will give them their first conference win of the season. Odds on Clarendon also soared when Lefors was toppled by Wellington 36 to 6 last Friday on the Pirates' home field.

Lefors, however, is expected to put up a stiff scrap to soothe the sting of three straight conference losses and to attempt an advance from the cellar position which they now share with Lakeview and Mobeetie.

FORECLOSURE ON 6 DONLEY COUNTY FARMS PREVENTED

INDIGENT FARMERS ARE AIDED BY RESETTLEMENT ADMINISTRATION.

Six farmers of Donley County have been enabled to avoid foreclosure or forced sale of their farms or equipment as a result of voluntary debt adjustments reached through aid of the Resettlement Administration.

A total of 1,187 acres of land, as well as other property, was involved. Debts amounting to \$29,361.00 before adjustment were reduced by \$5,992.00.

The treasury of this county has received \$1,027 during the past year in adjustments reached through the aid of the Resettlement Administration.

"One long-time purpose of the Resettlement Administration is to help farmers toward ownership of the land which they operate," said W. M. Pickering, chairman of the county debt adjustment committee. "It is just as important to keep them from losing land which they already own as to help them buy new land." He said that the debt adjustment work is largely with small farmers whose financial needs are so small that other agencies find no profit in handling them, or where the debt is so large, in proportion to the value of the property, that other financing agencies consider it unsafe. The Resettlement Administration

CAMPAIGN FUNDS COME IN SLOWLY

ONLY \$60 HAS BEEN DONATED TO DATE; QUOTA IS \$436.

Grover B. Hill of Amarillo, district chairman for the Democratic Campaign Fund, who was in Clarendon Wednesday working with the Donley County committee, said this county was approximately \$376 short of its quota of \$436. About \$60 has been collected, he said.

All donations to the fund will be used for radio speeches and other expenses, Hill stated, and anyone wishing to contribute should get in touch with J. H. Morris, Odos Caraway, Homer Mulkey, or Cap Morris, the Donley County committee, or leave their money at The News office.

In commenting on business conditions under the New Deal, Hill asserted that it had brought money and new values to the Panhandle, while the old administration had hurt business conditions.

Asked for his opinion of federal expenditures and revenue, he replied that the national income of 1932-36 had been increased \$20,000,000,000. "The necessity for emergency expenditures is passing, and the Federal budget will be balanced by the forces now in operation."

Hill contended that not only business and banking failed under the old administration, but agriculture and industry would have followed had it not been saved by the present administration.

Mr. and Mrs. T. M. Pyles and C. W. Pyles were Newlin visitors Sunday.

Mr. and Mrs. Hicks Daniel and family of Amarillo spent the week-end in Clarendon visiting in the Sloan Baker home.

"In all my experience in the automobile industry, I have never looked forward with more enthusiasm to the introduction of a new model than I do for this coming year. The 1937 Hudsons and Terraplanes have everything it takes to make a man in the automobile business happy!"

To Hold Singing At Chamberlain School

A community singing will be held at the Chamberlain School house Sunday afternoon at 2 o'clock, according to Mrs. Bill Todd, who said everyone is invited to attend.

This will be the first singing to be held in Chamberlain for some time, Mrs. Todd said, and a large crowd is expected.

It's Springtime In The Panhandle

Believe it or not, spring is here! Or at least, a cherry tree in the yard of O. D. Liesburg thinks so. Liesburg came in with a cluster of cherry blossoms that he had plucked from the tree, which he says is blooming in profusion.

The blossoms are already beginning to fall from the limbs of the tree, leaving in their stead little green cherries.

Liesburg says he has slight hopes, however, of gathering a crop, because it is unlikely that the present warm weather will hold long enough to permit the cherries to ripen.

NOBODY'S BUSINESS

By JULIAN CAPERS JR.

Austin.—The problem of providing finances for payment of old age pensions in Texas this week was squarely in the lap of the state senate, having been deposited there by a fast-moving house, that responded to newspaper and public criticism by galvanizing itself into action and passing an omnibus tax bill in record time.

The bill is variously estimated to raise upward of five million dollars a year. Roughly, it jumps taxes on public utilities, oil, sulphur, natural gas, from a third to a fourth, diverts a substantial revenue from cigaret taxes to the pension fund, and levies on certain luxuries. Discussion of its details further is pointless, because the senate is certain to make substantial changes in it. But if the senate will take the bill as a groundwork and enact a tax bill of its own along approximately the same lines, the pension problem will be pretty definitely solved for a while, by the bill that comes out of conference.

If the senate, however, insists upon its marked preference for the sales tax, or otherwise basically changes the bill, a deadlock will ensue that is likely to result in nothing being done by the special session.

LOBBYISTS TAKE IT

The omnibus bill went into the house without hearings, dramatically, after 150 lobbyists, gathered for committee hearings, failed to raise a single note of protest. The crux of the whole matter lies in their attitude. If, as many of them claim, they are willing to accept the bill, fearing rougher treatment at the hands of the 45th legislature in January, the bill will likely pass. If they begin to knife the bill in the senate, the regular session probably will have to deal with the question of pension taxes. There is also the possibility that the sales taxers in the senate may make a long-

drawn-out fight, delaying enactment, or that some senatorial opponents of Gov. Allred may hold up the procession to air their criticisms, based chiefly upon their claim Allred hasn't played fair with the people in reporting on the pension situation. They look askance at the governor's frequently repeated assurance, during the campaign that there was sufficient money to pay pensions until Jan. 1, while the special session found the cupboard just about bare on Oct. 1.

HIGHWAY CRISIS AVERTED

The main stumbling block to pension money legislation—the governor's recommendation for diversion of \$3,000,000 from the highway fund—apparently was removed, when Allred, responsive to public clamor against that plan, substituted his program of issuing warrants against the pension fund, bearing interest up to 5 per cent, instead. This will prevent discount of the pension checks, he reported after a conference with leading state bankers who agreed to handle the warrants on this basis, provided the legislature shows good faith by enacting a permanent tax bill to take up the warrants and carry the load in future. This was made necessary, because the federal social security officials advised the governor no matching funds would be granted unless the pension checks were cashable at face value.

ROAD PROGRAM OKAYED

Immediately, with the threat removed, the highway commission unanimously approved the 1936-7 federal aid program and sent it to federal authorities for approval. It calls for about \$15,000,000 of highway work, to be let starting in November and within three months thousands of Texans will have jobs on the winter gap-closing program.

Observers here drew two conclusions from the terrific roar of protest that went up at the governor's diversion suggestion. The first was that the highway department actually benefitted from the brief battle, because public opinion was so pronounced against the move, that the periodic attempt to divert the gasoline

tax money from road-building to other purposes are probably dead for a long time to come.

The other observation was that if the governor meant his diversion suggestion as a club to prevent a majority of the highway commission from allocating all of the highway funds for the next three years at once by going through with the proposed three-year program, he won a victory, too, because the program that has gone forward for federal approval embraces only disposition of the current year's highway funds.

AUSTIN PINWHEEL

Laughing Around the World
With IRVIN S. COBB

Just Before the Shooting Started

By IRVIN S. COBB
JUST before hostilities ended in 1918, a young lieutenant of my acquaintance was detailed to duty as a drill officer at camp of colored draft troops in Mississippi. When he got back home after the armistice he told this story:

He said that late one night he was returning from a nearby town to his quarters. As he neared the sentry lines, out of the darkness came a voice calling "Halt!"
He halted, gave the countersign and started on. Immediately, in the gloom, there was a rattle as of a rifle being shifted in the sentry's hands and again the same voice cried: "Halt!"
"You've halted me once already," he said sharply, rightly figuring that the unseen one must be a green trooper, "and I've given you the password. What more do you want?"
"But, boss," said the sentry, drawing nearer, "I don't know you."
"Very probable," said the captain. "What has that got to do with it?"

Friday's results: Clarendon 6, Shamrock 6; McLean 30, Memphis 7; Wellington 36, Lefors 6; Wheeler 13, Mobettie 0.

Contrary to general belief, Clarendon's tie games with Wheeler and Shamrock were not lost by the Bronchos of first downs and 20-yard line penetrations. H. T. Burton, superintendent of the Clarendon schools and member of the district board, said this week that this rule is followed only when teams reach the finals. "They are tie games only," Burton said, "which are counted as one-half game won and one-half game lost."

This ruling gives a decided change to the complexion of the district standing. It boosts Clarendon up the ladder by adding a full game to the win column, while Shamrock and Wheeler are knocked from the coveted first position to second, leaving the McLean Tigers reigning supreme after the Memphis Cyclone proved to be only a gentle zephyr with the Tigers doing all the roaring for 30 points.

Here's how they stand:

Team	W	L	Pct.
McLean	3	0	1.000
Shamrock	2½	½	.833
Wheeler	2½	½	.833
Memphis	3	1	.750
Wellington	3	1	.750
Clarendon	1	2	.333
Lefors	0	3	.000
Lakeview	0	3	.000
Mobettie	0	4	.000

No doubt there will be a storm of protest over this decision as both Wheeler and Shamrock have locked the games away in their files, marked "games won." However, a half game on the debit side will not hurt their chances for the pennant as McLean is the club for them to beat. And right now, McLean looks as big as a water bucket. It's a good bet to play them across the board.

I was more or less out on a limb with the Memphis Cyclones unintentionally as it was, but the high-riding McLean crew was not in the least polite.

They didn't saw the limb off, they literally blasted the whole tree. I herewith tender my resignation as prognosticator.

No serious injuries were reported from the Shamrock bout, but it was a battered bunch of Bronchos that took the field for workout Monday. Coach Jones sent them through their regular paces, but finished off with a concentrated dummy scrimmage of blocking.

There should be two important dates on the calendar this week. The first when Columbus (Continued on Page Seven)

The members of the Bluebonnet Bridge Club were delightfully entertained by Mrs. J. L. McMurtry at her home Thursday, October 8. Bowls and vases of roses and dahlias added their charm to the occasion and enhanced the loveliness of the home.

Those enjoying Mrs. McMurtry's hospitality were the club members, Mesdames F. E. Chamberlain, John Blocker, R. L. Bigger, C. C. Powell, C. B. McCanne, George Ryan, Charlie McMurtry, and A. R. Letts, and Mesdames Sella Gentry, W. H. Cooke, John Sims, and Miss Mary Howren were guests. The first prize was awarded Mrs. C. C. Powell, and Mrs. John Blocker drew for consolation prize.

A delectable two course luncheon was served at the conclusion of the bridge games.

EDITOR'S CORNER

The Amateur Hour, sponsored by the Seniors, last Thursday night, was quite successful. The presentation netted seventeen dollars clear profit which will go in part payment for annuals. Some of the acts were very good, some mediocre, and some just fair, but as a whole the "Hour" provided an enjoyable evening of entertainment.

It seems like it's getting to be a habit with the Bronchos to play a game and then lose through penetrations or first downs. Anyway, the game at Shamrock last Friday night was a fine game. The same fighting spirit was shown in the game as was shown in the Wheeler game last Friday week. We're looking forward to a victory this week, however, for the Bronchos are favored to come through with a win against Lefors.

The pep squad girls certainly looked nice in their new uniforms at the Wheeler and Shamrock games. The white skirts and blouses with the maroon capes lined in white are very attractive and pretty. They are a decided improvement over the skirt-sweater combination worn by members of the pep squad in previous years. Attractive uniforms add very much to the appearance of the pep squad, and also reflect the backing and spirit of the school shows for football.

The Curtain Club is now making plans for the presentation of three one-act plays on October 29. One of the plays, I understand, will be given by students of Clarendon, another by students of Memphis, and another by students from Ashtola. Watch for further announcements.

THERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE

Some twenty years ago, President Woodrow Wilson said, "Our civilization cannot survive materially unless it is redeemed spiritually." Which prophecy indicates that he lived from twenty-five to thirty years ahead of his day. Roger Babson has indicated recently that he believes that this may be the last National Election in the United States. We do not know about that. It could be so. To say the least, it shows that our great statesmen and business men are beginning to realize that our anchorage needs to be more

PITCHES FROM THE BRONCHO

Everyone had a grand time in Shamrock, even the Pep Squad girls who were shot at so often (with "nigger" shooters and rocks which were not shams). Gleanings: Edith Shelton does not like animals of any sort... Geraldine Howard is the tallest girl in C. H. S., and Jessie J. Tomlinson the smallest... firmly fixed in God. We must realize our relationship to God, and our dependence upon him if we are to stem the tides of rationalism sweeping our country like the mighty typhoons in the Philippines. By this we will help to save the home from dissolution, the church from institutionalism, the school from secularism, and the state from Communism. Be in your place in your church next Sunday morning and let the light of God's word shine into your heart and quicken the spiritual fires that have been so dynamic in giving us the civilization which we now enjoy.

The Baptist Church was delighted with the large crowds and good interest manifest in all of her services last Sunday. You are most cordially invited to worship with us.

MUSICAL PROGRAM WAS GIVEN AT ASSEMBLY

High school and college students enjoyed a musical program Friday morning at the chapel period. June McMurtry began the program with two piano numbers. Phillips Gentry, Jr., followed with two more selections. Dortha Watson, Pauline Carlile, and Helen Risley sang two popular songs, and the program was concluded with a song by Willard Cooke, Lu McClellan and Mr. Drennan.

None of the students knew that they were to be on the program, and their cooperation in assisting so readily is to be commended.

Senior Subjects

The Senior officers looked at Annual samples this week. Nothing definite has been decided but the McCormick Engraving Co. representative is going to send samples for further consideration.

The Amateur Hour, sponsored by the Senior class last week, was a success. The student body was well represented among the twenty-two contestants. The first prize winner was Kitty Ruth Bailey, who sang two songs. Nell Cooke won the second prize with a clever reading. The other three prizes went to Ethelyn Drennan and June McMurtry, tap dancers, Viola Barker, pianist, and a string trio composed of Willard Cooke, Kenneth Sloan, and Lawrence Heckman. While the judges were deciding the winners, the audience was entertained by June McMurtry and Dude Gentry, pianists.

OUR BOOK SHELF

Although not one of the latest books, "Shadows on the Rock" is most interesting. In this story Miss Cather again depicts the life of the French Catholics and settlers in North America. In "Death Comes To The Archbishop" she pictured for the reader a clear view of the country of New Mexico and of the life of the missionaries. As vivid a picture is brought to us in the "Shadows On The Rock" of the French Canadian settlement.

The characterization of Cecile and her father, Auclair, the apothecary, is a representation of the type of people living in Quebec at that time. Cecile's mother had died soon after the family came to the new country, but before her death she trained Cecile, who was quite young, to cook, to keep house, and to do the countless things she thought

necessary to keep the real French atmosphere in their new home.

It was Cecile who found Jacques, the small son of a woman of bad character. It was she and her father who influenced his life and often provided for the necessities of life.

The differences of the bishops and the King of France, the troubles of the various officers of the government are reflected in the lives of the people. But the greatest influence on the lives of these settlers was the influence of the Catholic priests and nuns.

ENEMIES ON THE SCREEN

"Stage Struck," First National's mammoth new musical romance, comes to the Pastime Theatre Sunday and Monday with an all-star cast including Dick Powell, Joan Blondell, Warren Williams, Frank McHugh, Jeanne Madden, the Yacht Club Boys, scores of supporting players and hundreds of extras.

The picture depicts the whipping into shape of a Broadway musical comedy from the selection of cast and chorus, through rehearsals to the premiere performance. It is a revelation of the lives of theatrical folk behind the wings, giving an intimate peep into their romances, their hatreds and jealousies, their temperamental ravings and their arduous preparatory work before the curtain finally goes up.

There are hundreds of beautiful chorus girls taking part in the several dance numbers, as well as a specialty number in the New York Aquarium. Special songs are sung by Dick Powell and Jeanne Madden, written for the production by E. Y. Harburg and Harold Arlen.

The Yacht Club Boys also sing two songs of their own composition, besides putting on specialty acts in which they carry out their madcap capers. All of the numbers are an integral part of the plot and blend naturally into the story.

The picture has been produced on a gigantic scale, the numbers staged by that master of dance directors, Busby Berkeley, who also directed the dramatic part of the picture. The film is com-

prehensive in plot, being packed with hilarious laughs, thrills, romance, pathos and dynamic drama.

Leading players in the supporting cast include Carol Hughes, Craig Reynolds, Hobart Cavanaugh, Johnnie Arthur, Spring Byington, Thomas Pogue, Andrew Tombes, Lulu McConnell, Edward Gargan and Mary Gordon.

JERICHO
(By Miss Sue Lill)

We are hoping we may have pretty weather for a while so that the drilling of grain can be finished.

Saturday night a freight train got a box car off the track at Jericho. The caboose was torn up pretty bad so that the train had to leave it at Jericho. The section men were called about 11 o'clock and had to work until about 4 o'clock. The train had two passenger trains held up so they could not pass. There was a passenger train at each end of the freight train.

Mr. and Mrs. Terry and daughter were visiting in the home of J. L. Foshee Sunday.

Mr. and Mrs. G. W. Kavanaugh were in Amarillo Saturday.

There were 27 present for Sunday school Sunday.

Mr. and Mrs. Lloyd Laird of Pampa visited Sunday with Mr. and Mrs. G. W. Kavanaugh. Mrs. Laird is an old chum of Mrs. Kavanaugh. It had been 12 years since they had been together.

LIBRARY NOTES
(By Mrs. C. A. Burton)

The fall lists of best sellers are most attractive. Margaret Mitchell's "Gone With The Wind" still heads the list with "The Last Puritan" by George Santayana closely following. "The Rolling Years" by Agnes Sligh Turnbull is also on this list and very deservedly so. We have the two last mentioned. Anne Morrow Lindbergh's "North To The Orient" continues on the best seller list of non-fiction and is still being greatly enjoyed by our readers.

Bess Streeter Aldrich has collected fourteen of her short stories into a published volume called "The Man Who Caught the Weather and Other Stories." Few present day writers are more beloved than Bess Streeter Aldrich. All of her books are on our shelves, only they are usually "out."

The new John book "Whiteout Harvest" is proving as popular as the four other books of the series, so they say. Sorry we do not have it yet, though we do have the others. There are two themes in the new book, the battle of wills between Renny and his wife and the threat of losing Jalna, the beloved homestead. Mazo de la Roche has made for herself a rather enviable place in present day fiction with the Jalna series.

Some time ago the statement was made that Kathleen Norris had written her fiftieth book, and now we have the announcement of another, "The American Flags," which means a best seller. Our readers never tire of her books. The Kathleen Norris Shelf is one of our most popular shelves.

The Southwestern Library convention will be held in Houston October 21-23.

Clarence Buddington Kelland and Philip Dunning are collaborating on a play which is about half completed. It should be a success. Clarence Buddington Kelland's short stories in the magazines are always so popular that readers do not usually hesitate about taking a Kelland book, several of which we have on our shelves.

The Dallas News for last Sunday carried the statement that Mrs. Roscoe Bates would review "Gone With The Wind" on Friday for the Current Reviews Class. Mrs. Bates recently reviewed "Victoria Regina" for the Clarendon 1936 Book Club.

Herbert Agar, co-editor with Allen Tate of "Who Owns America?" has recently signed a contract with his publisher to write a history of the Democratic party.

The American Writers' Foundation for Literature Prize was recently awarded to John G. Neihardt in poetry. Mr. Neihardt has also received the 1936 medal of honor of the National Poetry Center of New York as the outstanding American poet. "The Song of the Messiah" is his latest work.

A one-volume edition of "The Bounty Trilogy" containing "Mutiny on the Bounty," "Men Against the Sea," and "Pitcairn's Island" will be published in December. This will make it possible for the many admirers of these Nordhoff and Hall books to have them all in a cheaper form.

Three books of unusual value were given us this week by Mrs. C. B. Morris. They are books prepared by the Inter-Denominational Sunday School Board for use in standard training schools, and will be valuable to teachers

We are gradually getting people to remember that we have used magazines for sale, and the remarkably low price at which we sell them is appealing to people. Many of our friends have offered us magazines and we would remind them that we need current issues of the popular magazines of the day, not too old.

combined with the \$21,000 realized from cotton certificates last week from the national pool, business men are expecting cash registers to tinkle freely this week-end.

Irish and Broncs—

(Continued from Page One) Rook failed to convert and the score stood Shamrock 6, Clarendon 0.

Late in the second quarter the Broncs gained possession of the ball on the Irish 9, where Hutton, playing safety, had fumbled Cornell's punt. Cornell picked up one but the play was called back with both teams off-side. On three plays Holtzclaw and Cornell advanced the ball to the Shamrock 1, where Grady carried over. Cooke's attempted conversion was blocked by Brothers and the score was knotted at 6 all.

About the middle of the last quarter the Clarendon team took the ball on their own 27 and advanced on straight ground plays to the Irish 9 for their only 20-yard line penetration, only to be stopped by a stubborn Irish defense.

Near the first of the second period Brothers of Shamrock attempted a place-kick from the Clarendon 23 after the Irishmen had gained possession of the ball deep in the Bronc territory and three plays had failed to click. The kick went wild.

On two other occasions the Irish placed the ball within the Clarendon 20 yard stripe. Once with Drake passing to Rook for 37 to put the ball on the 19, but three plays failed to gain and again Brothers was sent back to try for a field goal. Again his try went wild. Near the end of the last frame after Rook had picked up 41 yards and a first down on the Clarendon 23 he carried to the 23 only to fumble.

Cornell, Bronc quarter, was easily the outstanding star for the local team, both on the offense and defense. He took the ball on numerous short line bucks picking up short gains each time. Playing from his line backing position on the defense he smeared many an Irish play in the making. His punting was somewhat erratic, but he came through with nice long ones in the pinches. Holtzclaw and Grady also played bangup ball in the backfield, while Rells was the outstanding lineman for Clarendon.

Summary: Penetrations, Shamrock 3, Clarendon 1; first downs, Shamrock 13, Clarendon 7; yards gained, including passes, Shamrock 324, Clarendon 157; Shamrock tried three passes with one complete for 37 yards and two incomplete, Clarendon tried eight with one complete for 22 yards and seven incomplete; penalties, Shamrock 30 yards, Clarendon 10; yards lost, Shamrock 43, Clarendon 6.
