Williams Tells
By Fred L. Williams

Frontier Centennial Pre-View—
This department and the Madam Society Editor enjoyed the hospitality of the Fort Worth Frontier Centennial Celebration committee last Friday night, at a dinner and pre-view showing of the Casa Manana stage show and the Last Frontier, in Fort Worth. The committee played host to the newspapermen of Texas and adjoining states. A very swell dinner was served to about 100 newspaper men and their wives in the mammoth open air dinner club and theater, and we were treated to the final dress rehearsal of the Casa Manana stage show and the Last Frontier.

Billy Rose, famous New York producer, and his able corps of assistants, have produced one of the greatest entertainment programs right here in Texas that the world has ever seen. The settings, the direction, the acting, the atmosphere, and everything else about the great Fort Worth Centennial attraction is, to put it mildly, "the berries!"

Texas Can "Holler!"—
The performances were greeted with cheers and loud applause by the large gathering of newspaper men, and Billy Rose, in a speech after the performance of the Last Frontier, stated that it did his heart good to hear people give vent to their enthusiasm in such a manner. Eastern audiences consider themselves somewhat blasé, Rose said, and rarely let their enthusiasm take them beyond the "mild applause" stage. "You people let it be known when you enjoy something," he said. "And I am going to be very happy when I go to sleep to-night, because I can see that you have enjoyed the entertainment we have presented."

"For Entertainment"—
Amon G. Carter, publisher of the Fort Worth Star-Telegram and moving force in the Frontier Centennial, in a short speech to the gathering stated that he wished to make clear that the report that Fort Worth was undertaking the celebration in an attempt to outdo Dallas was unfounded.

"We do not feel that we are competing with Dallas. We feel, rather, that the attractions being offered in each city will be of benefit to the other. Our celebration is presented for entertainment — and entertainment alone. We have the greatest program of entertainment ever offered anywhere, and that is all that we claim for the Fort Worth Frontier Centennial. 'Come to Fort Worth for entertainment—go elsewhere for education' has become our slogan."

The Last Frontier—
Although Casa Manana and Jumbo are the great musical comedy attractions, great interest is going to be shown in the Last Frontier.

The setting for this presentation is one of rare beauty, depicting the country that the early Texas settlers found. Beautiful lighting effects add greatly to the splendid reproduction of the western setting. The Last Frontier depicts the evolution of the cow country from the days of the covered wagon. In it are seen the old wagon trains, an Indian attack, and the timely arrival of the cavalry; a stage coach hold-up; a herd of Texas longhorn cattle, a herd of buffalo, and the roughest, toughest, ridinest, ropinest bunch of honest-to-goodness cowboys and bronc busters you ever saw, and the grand finale is a square dance in which some 125 couples costumed in colors representing the six flags of Texas take part. It is a show that will do the hearts of those who loved the Old West good!

Super-Super Spectacle—
This writer would not attempt to describe the Casa Manana stage show. The building and stage alone, are awe-inspiring, and no one but a natural born press agent could possibly pose.

FOUR ADVANCE TO SEMI-FINALS IN GOLF TOURNAMENT

GENTRY, HAMPTON, KERBOW AND GREENE IN CHAMPIONSHIP FLIGHT.
Kenneth Kerbow, Dude Gentry, Thomas Hampton and Paul Greene won their way into the semi-finals of the first annual Donley County Championship Golf Tournament here this week with comparatively easy wins. Kerbow advanced with a 3 and 2 win over Billie Cooke; Dude Gentry ousted Otis Jackson, 5 and 4; Thomas Hampton downed Alex Cooke, 4 and 3; and Paul Greene won over M. P. Gentry, 3 and 2. Kerbow will meet Thomas Hampton and Gentry plays Greene with the two winners meeting in the finals Sunday.

First flight matches have gone to the finals with Glen Allison advancing with wins over Dick Cook and Robert Weatherly, and Bill Cooke winning over Ray Moreman, Hedley, and Fred Buntin. In the second flight, Frank Whitlock won over Wesley Knopp, 1 up; Boston defeated Les Hawkins, Hedley; J. T. Patton won over L. E. Thompson and C. F. Simmons downed Dr. Galloway. In the third flight Dan Boston won over P. B. Gentry, Jr., and Clarence Jackson to reach the finals. Jackson had won over J. P. Rhode by default. REMODEL BUILDING FOR NEW STORE

DRY GOODS FIRM WILL OCCUPY RATHJEN BUILDING SEPTEMBER 1.

Workmen are busy this week remodeling the interior of the Rathjen Building, formerly occupied by the Hanna-Pope Company, to house a new dry goods firm which will open about September 1. Isadore Mellinger of Livingston, who will manage the new business institution, is superintending the work. Mr. Mellinger states that Jess Rosenwasser of Memphis will be associated with him in the store. Mellinger will leave shortly for St. Louis and other Eastern markets, to purchase a complete new stock for the store here. He states that the firm will carry a complete line of quality merchandise and will feature popular prices. The interior of the store will be completely remodeled to accommodate the new institution.

Mr. and Mrs. Cal Merchant, Mr. and Mrs. Virgil Merchant and children, and Mr. Ira Merchant and daughter, Marilyn, left last week for Antonito, Colo., where they expect to spend the remainder of the summer.

NEWS WILL HOLD ELECTION PARTY

The Clarendon News' annual election party will be held Saturday night, July 25, beginning about 7:30 o'clock. A big board will be erected on the awning in front of The News office, and a sound system will be employed in handling the election returns. Returns from all county boxes will be announced, including results in all precinct, county, district and state offices. Kearney Street will be blocked off to permit the crowd to hear and see the returns without interference from traffic. A large crowd is expected to be on hand to learn the results of the first Democratic primary in Donley County.

ABSENTEE VOTING HEAVY THIS YEAR

ONE HUNDRED AND FIFTY-THREE BALLOTS HAVE BEEN CAST.

One hundred and fifty-three absentee votes had been cast in the county clerk's office in Clarendon up until 5 o'clock Wednesday afternoon, according to W. G. Word, county clerk. Out of this number, 97 were cast at the office by persons who will not be in Clarendon election day, Saturday, July 25, and 56 were received by mail. Several more ballots were expected to be received by mail last night and this morning, Word said. Approximately 154 applications for ballots were mailed to voters who are out of Clarendon this summer. Saturday the ballots will be turned over to the election judges at their respective boxes to be opened when the official count begins.

Breaks Leg In Fall On Downtown Curb

Mrs. Hattie Guthrie received a broken leg Tuesday night when her heel caught in the sidewalk as she was stepping from the curb in front of the Pastime Theater. Mrs. Guthrie, who is housekeeper for Mrs. Lee Muse, started to run after the Muse child who had started into the street, when she caught her heel and fell.

Pillars Will Talk To Donley Farmers

A meeting of Donley County farmers will be held at the court house here Friday night, July 24, according to Melvin Pillars, member of the cotton advisory board, and alternate of the state conservation committee, who will conduct the meeting. "Every person who looks to agriculture for a living should be there," Pillars said. Pillars will speak on things the farmers should know, he said.

CANDIDATES FILE SECOND STATEMENT OF EXPENDITURES

\$350 EXPENSES SINCE JUNE 30 STATEMENT; TOTAL IS APPROXIMATELY \$2,000.00.

Over \$350 has been spent by candidates in Donley County since June 30 to boost the total expenditures for the campaign to approximately \$2,000, according to second statements filed with the County Clerk last week. Joe Bownds, candidate for reelection as tax assessor-collector, still heads the list with a total of \$164, although his expenditures since the first statement have been but \$3. C. Huffman, candidate for sheriff, is next with a total of \$152.85, an increase of \$17.85 over his last statement, while Guy Pierce, candidate for reelection as sheriff, is third with \$149, representing an increase of \$21.50. Major B. Hudson, candidate for public weigher, Precinct 2, is last on the list. Hudson has spent only \$2.00 as a ballot fee. Total expenditures as of July 17th are as follows: Tax assessor-collector: Joe Bownds, \$164. Sheriff: C. Huffman, \$152.85; Guy Pierce, \$149.00. (Continued on Page Eight)

DAVIS WRITES OF OLD TIMES HERE

CITY SECRETARY 26 YEARS AGO REMINISCES OF DAYS GONE BY.

The News last week received a letter from J. L. Davis of La Habra, California, with his remembrance for a renewal subscription. Mr. Davis was tax collector in Donley County back about 1910, and we are reproducing his letter, in which he writes about old times and old timers in Donley County. The letter, in part, follows: "I don't know whether you have a sales tax there or not. We didn't use to have 26 years ago when I was City Secretary, but you bet we have it here in California on about everything except eatables. We had it on that last year, but it became so unpopular that the law was repealed and placed on non-eatables, with a little more added. "I remember that all the tax money that came to the City of Clarendon a year was only about \$3,000.00; you see our expenses were light; Not a member of the City Council received a cent for his services except the secretary, and his pay was fifty cents a month to pay for stationery. The Mayor (A. M. Beville) gave his time free. A bit of sadness comes to me when I meditate over the long ago, and know that not a member of that Council is living today, except myself. They were, as I remember: D. C. (Continued on Page Four)

CAR DEMOLISHED IN COLLISION WITH TRUCK NEAR LELIA

OCCUPANTS MIRACULOUSLY ESCAPE INJURY IN HEAD-ON CRASH.

Three men narrowly escaped serious injury Monday night when the car in which they were riding collided with a truck one mile west of Lelia Lake on Highway 5. The automobile was almost completely demolished. O. F. Dean, driver of the car, who gave a Dallas address, received minor cuts and bruises, and two hitchhikers, Vincent Cottrell and Edward Johnson, other occupants, were uninjured. O. W. Rice of Amarillo, driver of the truck, and a companion, also escaped injuries. The automobile was going west and meeting the eastbound truck when the collision occurred. Sheriff Guy Pierce, who investigated the accident, said that no liquor was involved. "Both parties blamed the other," Pierce said, "although it appeared to be a case of misjudgment." The car was badly damaged by the bed of the truck in the collision. After the impact, the car plowed through a fence and came to rest in a field after leaving the pavement and hurtling the hardtch. The truck was only slightly damaged. The accident occurred about 10:45 o'clock.

PEOPLE FROM 15 STATES REGISTER AT LOCAL MUSEUM

MANY ADDITIONS ARE MADE TO EXHIBITS ON DISPLAY HERE.

Persons from 15 different states have registered at the Donley County Museum, according to a statement by Mrs. L. S. Bagby, yesterday. Articles which have been donated or loaned recently include a Mexican walking cane, a child's plate, and quartz from Hot Springs, Arkansas, by Mrs. C. E. Griggs. The plate was used by Mr. Griggs over 50 years ago. A gavel has been given by Mr. and Mrs. Roy Wells, which bears the inscription "This gavel is made from the original lumber taken from the steamboat house in which Sam Houston died." A rusty nail from the same house is attached to the gavel. Kunkels Musical Review, which is over 60 years old, has also been donated. Additional show cases have been donated by Shelton and Sanford Grocery Company. The museum will be open next Monday from 4 to 6 p. m., with Mrs. Jim Morris and Miss Mildred Martin as hostesses.

Will Hold Union Open-Air Service

The pastors of the Clarendon churches have announced a union service to be held Sunday night at the open air tabernacle, according to Rev. E. D. Landreth, pastor of the First Methodist church and chairman of the Ministers' Forum. "All people of the community, of whatever faith, are invited to participate in this great service," Rev. Landreth said. "One of the local pastors will preach. Let us make it a service for everybody." The service begins at 8:30.

Broken Leg Is Result Of Fall From Horse

Hubert Brown, a cowboy on the Blocker Ranch, sustained a broken leg when the horse he was riding fell Sunday morning about 10 o'clock. Brown's leg was broken just below the knee when the horse reared up and fell backwards, pinning the cowboy's leg underneath.

SENATOR CLINT SMALL

SMALL SPEAKS TO GOOD CROWD HERE WEDNESDAY NIGHT

REVIEWS RECORD; CHARGES LARGE OIL CORP. TRYING TO "BUY A SENATOR."

Senator Clint C. Small, candidate for re-election to the state senate, in a speech here last night, reviewed his record before a crowd of approximately 500 Donley County voters. Small pointed out that he was the author of the bill outlawing the saloon in Texas, "and by the passage of that law preserved the constitutional amendment with reference to liquor." He touched briefly upon his four-cent gasoline tax rebate law, and stated that it had meant a great saving to tractor farmers of the Panhandle-Plains country. "I am the only man in the senate who proposed a revenue bill that would have paid old age assistance," he said. "This bill passed in the senate but died in the house. I would like to be returned to office to bring about the passage of this bill." He added that his bill for a tax on liquor was responsible for what funds had been raised for this cause. He outlined the constructive soil conservation bill of which he was the author, and said that he would be needed in the senate to help the farmers of this section get the full benefit from the program. He touched briefly on the riverbed bill and other important legislation in which he has played an active part. The senator refuted the charges that have been made by his opponent that he represents the (Continued on Page Eight)

DONLEY SWELTERS AS MERCURY SOARS

HIGH OF 112 DEGREES IS OFFICIALLY RECORDED HERE SUNDAY.

Clarendon and Donley County sweltered in over 100 degrees of withering heat for nine consecutive days before overcast skies and a brisk north wind Tuesday brought temporary relief. Wednesday, however, was another scorcher and 103 degrees was officially recorded. Sunday, July 19, was the record day for the siege, the mercury reaching the peak of 112, only 1 degree short of the all-time record in Donley County, according to Weatherman Joe Goldston, who said Wednesday that only two or three times in the last 19 years has the temperature reached 113. Saturday, July 18, was nearly as warm when 111½ degrees were registered. An unconfirmed report from Memphis gave the official temperature reading there for Sunday as 116. Official maximum readings for the period are: Sunday, July 12, 101; Monday, 104; Tuesday, 103; Wednesday, 103; Thursday, 103; Friday, 106; Saturday, 111½; Sunday, 112; Monday, 109; Tuesday, 94; Wednesday, July 22, 103.

2,300 VOTERS OF COUNTY WILL GO TO POLLS JULY 25

APPROXIMATELY 1,000,000 VOTES EXPECTED TO BE CAST IN TEXAS.

Approximately 1,000,000 voters in the 254 counties of Texas will march to the polls Saturday, July 25, to cast their ballots for state, district, county and precinct officers, in the first Democratic primary. The polls will open at 8 a. m. and close at 7 p. m. Local interest, which has been unusually dormant during the past several months, has risen to a high pitch during the past two weeks. The total voting strength of the Panhandle country is estimated to be approximately 57,472, and it is believed that this section will be the determining factor in many of the state races. Donley County will cast approximately 2,300 ballots, it is believed. AAA'S BAN LIFTED ON FORAGE CROPS AS AID TO CATTLE

TWELVE STATES WILL BENEFIT FROM NEW FARM RULING.

Washington, D. C., July 18—The agricultural adjustment administration moved Saturday to provide feed for cattle in the drought-stricken Northwest by raising the ban on the harvesting of forage crops by farmers qualifying for soil conservation payments. Under a ruling made Saturday, a farmer who has planted a soil conserving crop such as clover will be allowed to harvest it for feed and still receive his AAA payment for having planted it instead of a soil-exhausting crop such as wheat. Under original rules, the grower was required to allow the crop to lie in the field. This modification of the AAA plan had been extended to Montana, Wyoming and North Dakota, as well as some States in the South. Because of the acute shortage of forage crops caused by the drought, however, the AAA decided it was wise to extend it to the entire Western section, including many states where weather conditions have been favorable. The States affected by the ruling, in addition to those named, are Arizona, California, Colorado, Idaho, Kansas, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming. The AAA plans to begin Monday its cattle-buying program at Middle Western points such as Chicago, St. Paul, and Sioux City, to stabilize prices and afford a market for herds which cannot be supported because of the drought. Contracts have been awarded to three large packing houses to process the meat.

McKnight Elects School Officials

The McKnight School Board met Tuesday night to reorganize for the coming year. At this meeting the following officers were elected: president, C. W. Williams; secretary, Tom Tate; Besides these two, V. Alewine, C. W. Howard and Sloan Baker were present. It was voted at this meeting to standardize the school for another year; to try to collect some of the delinquent taxes; and to meet once a month at the home of one of the board members or one of the teachers.

NOBODY'S BUSINESS
BY JULIAN CAPERS JR.

Austin.—This is the political crossroads of Texas, where those who have been watching Texas elections for many years—and who claim to be experts at forecasting the results—are encountered. They include politicians, lobbyists, public officials, campaign managers, field scouts, political writers, and just plain "guessers." Naturally, there is wide variance in their guesses, and naturally many of them are wrong, because the voters have an annoying habit of upsetting the applecart at times.

Here is a last minute consensus of their opinions. It is not intended to influence the vote of anybody, nor is it offered as this correspondent's guess, but simply as the preponderance of this so-called "expert" opinion, for whatever it may be worth:

ALLIED FAR AHEAD
That Gov. Allred will be high man in the first primary is undisputed by these observers, but there is a close division of opinion as to how the other candidates will finish. The governor has closed his drive with a vigorous and eloquent appeal for a majority vote that will make a run-off unnecessary and some of the experts think he will receive it. But the larger number forecast a runoff, with Judge F. W. Fischer as his opponent, and Hunter and Sanderford fighting it out for third place.

Sen. Morris Sheppard is generally conceded a victory over his five opponents, with Congressman Joe Eagle offering the serious opposition. Not many of the guessers are willing to concede Eagle a chance to go into a run-off.

RAIL COMMISSION SPLIT
The unprecedented spectacle of a member of the railroad commission using an official hearing of that body to make a political attack upon two colleagues, and characterizing the conservation policy of the railroad commission—which is in truth the policy prescribed by the legislature—as a "monstrous farce", lived the Austin political scene. Commissioner Lon A. Smith, sitting with Commissioner C. V. Terrell and Chairman Ernest Thompson, told

a roomful of oil operators that "before you leave your homes to attend a hearing, the monthly allowances for the various oil pools have already been scheduled." Then Smith offered a motion to set the East Texas allowable at 3 per cent of an hour's potential. On the basis of a 2.32 per cent factor the allowable is now 432,000 barrels per day.

When asked by an operator from the floor if he knew how much oil the 3 per cent factor would produce, Smith replied: "I don't know," amid the loud laughter of the operators present. Actually it would increase East Texas' allowable about 108,000 barrels daily—more than four times the largest allowable increase ever requested by East Texas operators.

Smith found the independent operators strongly unappreciative of his efforts, however, as Sen. Frank Rawlings, Fort Worth; Ed Landreth, Fort Worth; Houston Bolin, Wichita Falls; Pat Swearingen, and other independents took the floor to reply to Smith's charges and express their confidence in Thompson and Terrell. Then the entire audience, on motion of Swearingen,

stood as a rising vote of confidence in the commission and its policies.

Smith has been fighting Thompson for re-election, and Judge Terrell continued his speaking campaign in behalf of Thompson's re-election, paying tribute to their chairman's ability and integrity at several Thompson rallies in the state.

Thompson is conceded high place in the first primary, against four opponents, and most observers here think there will be no runoff in this race, either.

OTHER STATE OFFICES
Comptroller George Sheppard is given the advantage of the "in," with two opponents, Sam Houston Terrell, former holder of the place, and Walter W. Covington of Austin, and many seeing the possibility of a runoff in this race. Maj. John W. Hawkins of Lavaca-co, veteran chief clerk in the land office, is regarded as a probable winner over Bill McDonald of Eastland. Charley Lockhart, state treasurer, is the favorite for another term, with Garland Adair, former newspaper publisher, and Harry Hopkins of Fort Worth as his opponents.

while a runoff in the race for commissioner of agriculture is expected by most observers here, with the incumbent, J. E. McDonald, facing opposition from Cliff Day of Hale Center, George B. Terrell of Alto, and Kal Seagrist, ex-Texas League baseball player.

The race between L. A. Woods, state school superintendent, and Pat Bullock of San Antonio, has waxed warm, and neutral guessers think it may be close.

PENSION DATA
Approximately 52,000 Texas citizens have received their first old age pension checks for July, and several hundred additional checks are going out daily, as checking of applications proceeds. In the first 40,000 approved, there were 143 men and 171 women over 90 years old,

TO THE VOTERS OF DONLEY COUNTY:

You go to the polls Saturday, July 25th, to vote. I just want to call your attention to my record again as a law enforcement officer. I want you to analyze that record thoroughly. Compare it with any county officer you know. Compare Donley County with any County you know, then vote the way you think best. I can show a saving in black and white here in the Court House for the Sheriff's department of better than one-half in the last four years. If you think I have made you a sheriff that deserves another term, I

promise to make you just as good a sheriff as I have in the past and I believe I can make you a better one with my added experience. I have tried to see as many people as I could and still do my work. I hope if I have not seen you personally

you will not hold that against me. I appreciate your vote and influence.
Yours Respt.

"To insure SAFETY, COMFORT and ON-TIME SCHEDULES for our 30,000,000 PASSENGERS, Firestone GUM-DIPPED TIRES are used on Greyhound Buses"

FOLLOW the lead of big tire users who buy only on proof of performance.

Last year Greyhound buses traveled 138,000,000 miles from Coast to Coast and from Canada to the Gulf across deserts and over winding mountain roads.

They have won the National Safety Council's highest award in inter-city bus operation for the past four years. This is indeed a tribute to careful driving, efficient equipment and the reserve safety of Firestone Tires made possible by the Firestone Patented Process of Gum-Dipping which prevents internal friction and heat.

Firestone Gum-Dipped Tires run up to 28° cooler and give greatest blowout protection—the scientifically designed non-skid tread will stop your car up to 25% quicker and give you 50% longer non-skid mileage.

Take no chances! Buy your tires on proof of performance. Let us equip your car today with Firestone Gum-Dipped Tires, the Masterpiece of Tire Construction!

Visit the Firestone Exhibits at the Great Lakes Exposition in Cleveland and the Texas Centennial in Dallas.

FOR 25% LONGER TIRE MILEAGE EQUIP YOUR CAR WITH Firestone SEALTYE TUBES

A special compound on inside of tube seals the inner surface against leakage. By maintaining a constant air pressure, Firestone Sealtyle Tubes will increase your tire mileage 25%.

REP. WORLEY ASKS FOR RE-ELECTION

OUTLINES RECORD THAT HAS BEEN MADE DURING TERM OF OFFICE.

In this, my formal announcement for re-election to a second term in the Texas Legislature, you will find set forth the sound and logical reasons upon which I base my candidacy. I call your attention to the fact that each promise made when I ran for this office two years ago has

been kept. They are as follows: 1. Changing the method of scholastic apportionment so that the Panhandle will resolve its full financial support for educational needs, both rural and city. East Texas and South Texas, having heavy colored and Mexican populations, defeated my efforts, but I promise them another spirited fight if re-elected to correct this unjust situation. The school fund is in the best condition of its history, being able to pay cash at \$19.00 per capita, thus accomplishing a substantial reduction in the state ad valorem tax, thereby affording the long desired decrease in state ad valorem taxes, which I also pledged

myself to work for, and shall continue to work for. 2. To provide free cotton classing service to all farmers without cost for such service, enabling them to receive full value for their cotton from the various cotton buyers. Twice did I pass this bill through the House, but it was killed in the Senate. The expense for this service would have been borne by an increased tax on horse-racing, which can certainly stand additional taxation. 3. To set up and provide money for an adequate old age assistance program. I actively supported this program and assisted in raising approximately fourteen

million dollars to care for the aged and needy. I pledge my best efforts to raise ample revenue to care for the bill which is now in force, and I also favor changing certain defects in the pension bill which have been brought to light since its application. Mine was the first revenue raising bill to pass the House.

4. I favor and intend to assist the farmers in their program of benefit and protection of prices when the Federal Government submits such proposals to the several states.

5. I advocate fair legislation to the trucking industry, thus insuring more economical transportation and greater safety on our highways to both the travelling public and the transportation industries.

6. To those other State, District and County officers who will be elected by the people, I pledge my sincere and wholehearted cooperation to work with them for the best interests of the District which I represent, and for the benefit of the State of Texas. I have no desire to use the age-old Democratic custom of allowing a candidate a second term if he has done anything at all. My record is evidence of my activity. I freely admit that my activities did not register approval with the big-moneyed interests, but when I thought I was right, I did everything in my power to accomplish my convictions, and shall continue to follow that policy if honored with your vote for re-election.

Sincerely yours,
EUGENE WORLEY.

"A bit of sadness came again when I was looking over the list of names of old timers published in a recent issue, that was present on the 4th, and failed to find the names of about fifty of Clarendon's prominent Citizens of thirty years ago. Some of them were partners of mine in business: Jim Rutherford, J. J. Alexander, and George Washington. The question 'where are they?' is easy to answer. "Since leaving Clarendon in 1912, I have lived in different States and many localities, but in no place that I have lived have I found more real enjoyment than I had during the seven years of my life in Clarendon.

Vote For CLINT C. SMALL STATE SENATOR

Senator Clint Small sponsored the bill which refunds the full four-cent gasoline tax paid by farmers on fuel used for agricultural purposes. As a result of this law, \$552,793.22 was refunded to farmers in the Panhandle during the last twelve months.

Clint Small's famous Riverbed bill secured titles to farm and ranch property in the Panhandle endangered with seizure by Austin land sharks who sought to file on it on the theory that it was State land in that it abounded "navigable" streams.

Clint Small's Gasoline Tax Allocation Law, giving one cent to school, one cent to county road bond indebtedness and two cents to highways is credited with creating a surplus of \$3,500,000.00 in the State School Fund; relieving Panhandle counties alone of a bond and interest burden totaling more than \$8,000,000.00; and with providing approximately \$40,000,000.00 annually for highway construction and maintenance.

The Texas Liquor Law, the writing of which was shared by Senator Small to the extent that open saloons were banned and dry counties permitted to remain dry according to the desire of the citizens. Senator Small fought for the local option clause, permitting such an election once each year when called by a petition signed by ten percent of the qualified voters. It should be remembered that Texas became a "wet" state by repeal amendment rather than by a vote of the Legislature.

The Texas Pension Law, re-written by Senator Small, conforms to Federal requirements as set forth in the National Security Act, thus qualifying Texas to receive the Federal Pension of \$15.00 a month—or the equivalent of the State Pension. Senator Small favors immediate payment of the Pension, regardless of the nature of the tax necessitated. Senator Small not only has been helping old age pension; he is for it now and will continue the good work.

Clint C. Small has a clean record of accomplishments for the Panhandle of Texas.

Atteberry-Watters Wedding

Miss Eve Pauline Atteberry of this city became the bride of Mr. Archie D. Watters of Panhandle Saturday evening, July 18, at the local Presbyterian manse.

The nuptial vows were spoken in a simple but impressive ceremony with the Rev. Robert S. McKee officiating.

The bride was attired in a white suit with orchid accessories. Her bouquet was of sweet peas and rosebuds.

Mrs. Watters is the daughter of Mr. and Mrs. Paul Atteberry of this city, and has been a well known member of Clarendon's younger set. She received her education at the local high school and for the past two years has been connected with the Little Beauty Shop.

The bridegroom is the son of John Watters and until recently has resided in this city. He is at present connected with the Panhandle Lumber Company at Panhandle. He was educated at the Clarendon Public Schools and at the Clarendon Junior College.

Those attending the wedding were the bride's mother, Mary and June Atteberry and Miss Thurlia Turner of this city. Out of town relatives attending were Mr. and Mrs. A. C. Hallmark of Shamrock.

Following a buffet supper, the young couple left for Panhandle. Mrs. Watters will return to Clarendon Saturday and resume her work at the Little Beauty Shop.

LIBRARY NOTES
(By Mrs. C. A. Burton)

A librarian of long experience who had touched life at many angles and had studied the effect of books on life made the following observation: "The bookless man does not understand his own loss. He does not know the leanness in which his mind is kept by want of the food which he rejects. He does not know what starving of imagination and of thought he has inflicted upon himself. He has suffered his interest in the things which make up God's knowable universe to shrink until it reaches no farther than his eyes can see and his ears can hear. The books which he scorns are the telescopes and reflectors and reverberators of our intellectual life, holding in themselves a hundred magical powers for the overcoming of space and time, and for giving the range of knowledge which belongs to a really cultivated mind. There is no equal substitute for them. There is nothing else which will so break up for us the poor huddle of everyday sights and sounds and habits and tasks by which our thinking and feeling are naturally tethered to a little worn round."

Two biographies of Noah Webster are to appear this year. One was written by Ervin C. Shoe-

maker and will be published by Columbia University Press. The other by Harry R. Warfel is being brought out by MacMillan.

Russia still absorbs our attention and interest as we watch her solution of her many problems and wonder what the end is to be. Books are constantly coming off the press dealing with every angle of the situation. One which sounds interesting—and informative—is "This Soviet World," by Anna Louise Strong who has lived for fifteen years in the U. S. S. R. in close touch with its officialdom and its people. The general reader who wants a quick, authentic view of Soviet Communism and how it works, whether it now represents the belief of the majority of the people, governed by it, what the rights of the individual under it are and how they are protected—these and many other questions are answered by Miss Strong.

Another book on Russia which has lately been published is Edmund Wilson's "Travels in Two Democracies"—a collection of pictures of life in the United States and in the Soviet Union contrasting and comparing.

The taxing of wealth to provide free library facilities for the 45,000,000 American citizens denied access to books was suggested as a defense against dictators and demagogues by Dr. Frank P. Graham, president of the University of North Carolina in the recent session of the

American Library Association in Richmond, Va. According to Dr. Graham, "the rural south is witnessing a race between the boll-wool and the public library, between farm tenantry and social regeneration."

Cornelia Meigs, winner of the 1934 Newberry medal, received \$300 for "Fox and Geese" a tale of William Penn and colonial Philadelphia, as first prize in a children's story contest sponsored by the magazine "Child's Life."

A four-page letter written by John Keats, the poet, to his brother, Thomas, in 1818, was recently bought in London by Dr. Rosenbach, American collector, for \$8,000. And at an auction in New York, a portion of an original autographed manuscript of Shelley's "Laon and Cythina" brought \$3,200; a collection of autographed letters by Alexander Pope sold for \$2,100; single copies of first editions of "Swiss Family Robinson" brought \$2,350; of Mrs. Henry Wood's "East Lynne" brought \$1,050; of Herman Melville's "Moby Dick" brought \$1,000.

Our good friend John Burton King, came in this week with five more books for the library.

VOTERS, PLEASE READ!
To the voters west of Main Street in Clarendon, let me say that starting to canvass your section Monday, July 20, I fell and was badly hurt. Therefore, I will be unable to see you. Please keep me in mind in making out your ballot. And Thanks!
To voters 60 years old or over,

let me say I had access to no lists showing your names and addresses, therefore failed to see you. Since I fall in your class, being 67, I trust you will do your best in my behalf. Thanks again, and to all.

He Hit the Nail on the Head!

CLINT C. SMALL

FOR

STATE SENATE

HE not only hit the nail—he hammered it home to the rest of Texas that the Panhandle is a well-populated portion of the state, and deserving of equal consideration when the purse strings are opened or taxes levied.

Orphanage Ended When He Ascended!
"He and I don't agree on everything," says Lt. Gov. Walter Woodul, "but that's no sign he is right and I am wrong or vice versa. He is right so many times, he ought to be returned."

Clint Small HAS NEVER BEEN WRONG when it came to defense of the people he served. Not even his opponent has been able to cite a single example when your Senator acted to the detriment of the district.

Actions Speak Louder Than Words!
The State Comptroller says Small's gasoline tax rebate law returned \$552,000 to the Panhandle during the last year alone.
The Attorney General says his gas and oil conservation laws brought \$1,000,000 into the state treasury during the last two years at little additional expense.
The other Senators say: "People in the Panhandle should not be misled by ridiculous propaganda . . . Able, honest, courageous, and active in the performance of his duties to constituents and the state. I have never seen Clint Small fail or falter in doing those things which in his judgment were for the best interest of the people of his district."

Vote For Clint Small Saturday!
(This space arranged for by friends of Senator Small)

MOTHER! Here are Facts!

BUY AN ELECTRIC REFRIGERATOR

To guide your purchase of a Refrigerator!

DON'T CHOOSE BLINDLY

FOR HEALTH—Your refrigerator must maintain safety food temperatures below 50° all the time. Before you buy, be sure it will do this in the hot hours of the summer time, too.

FOR CONVENIENCE—Your refrigerator must be able to freeze ice quickly—must have a high degree of usefulness. Before you buy, be sure it will produce fresh ice during the hot hours of the day.

FOR ECONOMY—Your refrigerator must maintain the above performance at low over-all cost. Before you buy, be sure.

Remember this when you buy. All refrigerators cannot provide all three of these basic requirements. Tests prove this to be true by actual use in the home. So don't buy on claims alone. Ask for and be sure you get convincing evidence of value. Only then can you be certain you are getting your money's worth. Choose carefully and you will choose a modern electric refrigerator.

• If you buy a refrigerator that cannot provide satisfactory, economical performance, all the time, you are wasting your money. It is inconvenient to own a refrigerator that cannot freeze desserts or plenty of fresh ice quickly during the hot hours of the day. It is wasteful to own one that has a high initial cost, though little to operate, if it cannot provide satisfactory performance, all the time . . . under all conditions.

We certainly have been having some real summer weather the past week. But we certainly did enjoy those good showers we got last week.

Mr. and Mrs. J. D. Wood and family spent the week-end up at Dumas visiting the lady's sister, Mrs. George Bain.

Mr. and Mrs. Robert Rundel spent Sunday with Mr. and Mrs. Sam Rundell.

We are glad to report that Mr. Conda Jones is still improving.

Margaret Sue Easterling, Louise Patterson and Johnnie Lafon spent Saturday night with Emily Davis.

Christine Pittman entertained the young folks with a party Saturday night. Everyone reported a good time.

Billie Ruth Bulman spent Saturday night with her grandfather and grandmother Cannon of Clarendon.

Mr. and Mrs. Lee Marshall and son spent Sunday with Mr. and Mrs. Pink Marshall of Ashtola.

Mr. and Mrs. John Tolbert and children of Groom, Mr. and Mrs. Ralph Tolbert spent Sunday with their parents, Mr. and Mrs. A. T. Tolbert.

Mr. and Mrs. George Kavanaugh and daughters visited in the home of Walter Morrow Sunday.

Mr. and Mrs. Richard Cannon, Oleta Marshall, and Mr. and Mrs. George Bulman and children spent Sunday with Mr. and Mrs. J. F. Cannon.

Mrs. Wiley White has been real sick but is better.

Mr. Lon Rundell of Clarendon, was out Monday looking over the crops.

DUB Shots
(By DICK COOKE)

All in all, the first annual Donley County Open has been one of the most successful tournaments in the past few years. And assuredly the fastest.

Out of three 78's shot in the qualifying round, only one made the championship flight with the other two heading the second division.

An 82 was needed to land in the second flight, if you were lucky for one 82 was drawn into the third flight.

Two 69's in the test round Sunday broke the former qualifying record of 70.

In the playoff for the medal between Gentry and Hampton, Gentry's 70 was three strokes away from the prize when Hampton chalked up a 67.

And in the first match, Dude snagged birdies on the first five holes to get Jackson five down.

All of which is pretty good golf, and starts an argument as to whether golf is getting better or the course easier.

And now enters Bennett Ker-brew and explains how he got beat.

Saw Les Hawkins, Hedley war horse, playing number two Sunday. Les was about 400 yards from the tee in number three fairway. Says he, dryly, "Wish I wouldn't pull the tee shots like this."

Ask Glen Allison what he "done" on nine when he flayed me out of the tournament. Not that he didn't play fair but he

At The First Baptist Church
THERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE

Be strong and of a good courage, fear not, neither be thou dismayed, for lo, I am with you, I will never leave you nor forsake you, I will give thee aid, are the words of both the Old and New Testaments, from God himself and to his people. God has not left us to deal with and face a head-dizzy, body-weary, heart-sick, soul-famished world alone. We make bold to say that none of the days gone forever into the tomb of time had or held more glorious opportunities and more stupendous responsibilities than do these days in which we are privileged to live. We recognize and acknowledge that we are face to face with great giants of iniquity, with many subtle antagonisms, with many treacherous flatteries that come but to steal and to kill and to destroy. While all these haughty forces are alive and active they are fighting a losing battle. The organized forces of righteousness are going to win. God has said so and I believe it. Your church affords the greatest opportunity you have to unite with God in combatting evil. Make much of that relationship. Be in your place Sunday for all the services.

The Sunday evening preaching service will be in the open air at the tabernacle. We have planned a great mass meeting for that hour. Help us make it what it ought to be. You will enjoy it and the cause of Christ will be helped.

J. Perry King, pastor.

Mr. and Mrs. C. I. Price and sons are spending this week in Fort Worth and Dallas. They will attend the Centennial Exposition while away.

Shouldn't rub it in with trick shots. He was winning easily enough without it.

ERNEST O. THOMPSON
Railroad Commissioner

Here is the record of achievement of the Railroad Commission of Texas during the past four years, under the leadership of Ernest O. Thompson, as the Commission's chairman—

- 1 Reduced gas rates to consumers in 51 Texas towns and cities, saving \$400,000 annually for the man who pays the gas bill.
- 2 Ordered other reductions, which when finally adjudicated by the courts, will result in substantial gas rate reductions to gas consumers of 270 additional towns and cities, if the courts uphold the Commission's orders.
- 3 Stopped the flow of "hot oil" in Texas, conserving the people's heritage of natural resources.
- 4 Administered the State's conservation laws so as to raise the demand for Texas oil 400,000 barrels daily, bringing into Texas \$150,000,000 annually of additional new cash wealth.
- 5 Raised common school, University of Texas, and A. & M. College annual oil income from school lands from \$1,569,266.22 for the year 1932-33 to \$3,797,562.27 for the year 1934-35, by wise enforcement of conservation laws. This was a clear dividend for school children of \$2-228,296.05 a year.
- 6 Stopped the waste of Texas' natural gas, amounting to a billion cubic feet of gas daily.
- 7 Made the highways of Texas safer for motorists by strict regulation of licensed trucks and buses. Less than six Texas motorists were killed last year in accidents in which licensed trucks and buses figured.
- 8 Saved the cotton farmers of Texas from \$8,000,000 to \$10,000,000 per year by obtaining permanent reduction of cotton rail freight rates. Effected additional large freight savings for growers of coarse grains, and assisted the ranchmen through the drought period by emergency rates on livestock and livestock feeds.

large oil companies, and scored his supporters for the "false propaganda that has been circulated about me."

"I wanted to conduct a clean campaign," he said. "I did not want to dig into personalities. But I have been forced to do so by this crowd who is supporting my opponent. I am tired of all of this misrepresentation of facts, and want you to know that they ARE misrepresentations."

He named Henry Schaffer, Inc., Oklahoma oil corporation, as the driving force behind his opponent, and charged that Schaffer "is trying to buy himself a state senator."

He said that Schaffer, chairman of the Republican party in Carson County, and an alternate delegate to the GOP national convention at Cleveland this spring, had accompanied his opponent on his speaking tour of the district and that Schaffer "joined in a Punch and Judy act to fool the good people of the Panhandle."

"Schaffer stands out in the crowd," Small declared, "and holds up his hand when those who oppose my re-election ask in doleful tones:

"Is there a man here who has suffered by the legislation of Clint Small?"

Small was introduced by County Judge S. W. Lowe. He came here from Hedley where he spoke in the afternoon.

The Senator scored his opponent as being "dumb as a mackerel on the issues before the people of the state." He challenged him to prove "that I have represented the corporations he claims have paid me to betray my people."

Major E. A. Simpson, Amarillo attorney who has taken the stump against Small, "thinks it is wrong for anybody to represent a corporation but himself," Small charged.

"Schaffer's dollars are running down Major Simpson's fat cheeks just like crocodile tears," he added.

Our limited vocabulary contains only such hackneyed adjectives as "stupendous," "gargantuan," "colossal," "mammoth," etc., to denote huge size. And all of these words fall far short of describing the show. It goes a step beyond all of them.

Fort Worth can truthfully boast that it is the outstanding entertainment center of the nation this season.

Education and Entertainment—
Every Texan should visit the Dallas exposition this year. It is something that is eminently worth while, and although not of the

type that will be found at Fort Worth, plenty of entertainment is also offered here.

This department would advise that Texans take the advice of the Fort Worth Frontier Centennial committee: "Go to Fort Worth for entertainment—go elsewhere for education." And that "elsewhere" of course, is Dallas. Here education is administered in a very sweet dose—one that all will enjoy taking.
