Miss Geraldine Ryan Named "Miss Clarendon" In Contest

The decisions of three judges from the Borger Lions Club who were invited to choose the winners in the local Lions Club Bathing Beauty Contest last Friday night chose Miss Geraldine Ryan, 21, daughter of Mr. and Mrs. J. E. Ryan, as the winner after much deliberation and observation. All three judges declared that it was indeed a most difficult problem to choose the three prettiest girls from the group of twenty-seven, and then to place those three as first, second, and third place winners. Miss Ryan, sponsored by Bryan Clothing Company, was awarded the first prize of \$25 and an entry in the forthcoming contest at Vernon this week end.

The Pastime Theatre, where the show took place, was packed beyond its seating capacity with the large crowd that attended the show.

Miss Billy Jean Knox, 18, daughter of Mr. and Mrs. Van Knox of Ashtola, placed second which won her a prize of \$10. Miss Knox was sponsored by the Clarendon Flying Service.

Miss Edith Jo Beckett, daughter of Mr. and Mrs. Park Chamberlain, won the third prize of \$5. She was sponsored by the Thompson Hardware Co.

Miss Ryan will represent Clarendon in a Bathing Beauty Review at Vernon this weekend as stated above where the winner of that contest will receive a cash award of \$500 or a free trip to Hollywood. Through the courtesy of J. F. Jones, Lions Club member, Miss Ryan will receive a free plane ride to Vernon to compete in the contest. Mr. Jones is also offering a fifteen minute free plane ride to the twenty-four girls who did not place in the upper three.

All the proceeds taken in by the Lions Club from the show will go toward construction of a public swimming pool on which work will begin in the near future, according to Dr. Keith S. Lowell, president of the organization.

Clarendon Nine Takes Memphis Sunday 9-7

The Clarendon Dodgers won over Memphis last Sunday by a score of 9-7. It was the first game the local team has won since the season opened.

The boys feel like they now have their stride and are going to do their best to keep on running up winning scores. Memphis was in top shape and one of the outstanding teams in the Red River Valley League.

Roy Blackman pitched the game and did a nice job. The boys were all in there backing him with all they had. Blackman was also handy with the stick as he accounted for two good hits. In fact, all the boys hit good. Bonnie Mooring led the field by collecting 3 hits out of 4 times at bat.

The boys will go to Wellington next Sunday for a game with the Wellington baseball club.

Everyone who wants to see a good baseball game is encouraged and urged to go over to Wellington for Sunday's game. The players are informed that they will leave here at 12:30 Sunday afternoon.

ENSIGN CLYDE DOUGLAS HOME FROM DUTY

Ensign Clyde B. Douglas was released from active duty with the Navy on May 17th at Camp Wallace, Texas, and is now at home. He received Naval training at the University of Texas, Tullane University, and was commissioned on March 6th, 1945 at the Reserve Midshipmans School at Fort Schuyler, New York.

After receiving gunnery training at the Navy Yard, Washington, D. C., he was assigned to duty aboard the light cruiser, USS Biloxi which was then a part of a task force operating in the enemy waters around Japan. Mr. Douglas' travels carried him through the Philippines, Okinawa, and the home islands of Japan.

The Biloxi returned to the States for three days before beginning magic carpet duty, bringing men home from the Pacific Theatre. At the completion of magic carpet duty the ship was placed in the fleet reserve early this spring in Seattle, Washington. Mr. Douglas was sent to Camp Wallace, and is now home making plans to return to the University of Texas at Austin this summer and then to the Medical School at Galveston this fall.

22 INCH MOISTURE HELPS SETTLE BLOWING DIRT

Monday was really a hectic day or at least it was classed along that term by everyone who was not lovers of the blowing sand and dirt and it was quite a change to wake up Tuesday morning and witness the slow falling rain that was coming down. The precipitation was measured at .22 inch at the airport, but some sections of the county received more or less.

Residents at Hedley reported approximately 1 1/2 inches while the eastern most section of the county and Memphis received a heavy downpour. They were suffering for rain down that way, not being able to plant any crops due to insufficient moisture to sprout the seed.

Many of the farmers in the sandy section who have already planted will have to replant again after the blow Monday.

Trailed by two "mother" planes, a pilotless Navy Hellcat (Grumman F6F) soars over the San Diego area in a dress rehearsal for similar air data operations planned as part of the atomic bomb tests at Bikini atoll this summer. The drone (foreground) is controlled by the "mother" Hellcat immediately in the rear while a second plane serves as standby should the first one fail. During the tests four drones, each with two control planes, will be launched from the USS Shangri-la and will be controlled first from the carrier's deck then from a mother plane in the air and finally from the ground controller on Eniwetok where they will land. LIBRARY NOTES

By Mrs. C. A. Burton

A very lovely gift came to the library this week—a package of Memorial cards which are to bear the name of the donor. Quite a good many memorial books have been given us, and our friends will enjoy seeing them. These cards are a gift from Clyde Price, Sr. and were accompanied by two books which were a gift from his sons, Clyde Jr. and Jerry.

We are hoping every Memorial card may be used soon. It is a beautiful way in which to remember our friends and loved ones.

The late Theodor Dreiser began what was to be his last published novel 34 years ago and completed it shortly before his death last

December. His secretary tells how the first page was written on a letter in 1910. An occasional page was written through the years, and in the winter and spring of 1945, he wrote the last third of "The Bulwark" in his California home.

Garland Roark's first novel, "Wake of the Red Witch" became an April Literary Guild selection. While still unmarried and ambitious to become the world's best cartoonist, he wandered about his native Texas and Mexico and the urge to write came. He is married and lives in Houston.

Gladys Schmitt, whose "David the King" has been a best seller for some time, is an instructor in English in Carnegie Institute of Technology. She has classes every morning, and refuses to use an assistant to correct themes. Simon Goldfield, musician and manager of a Pittsburgh housing project, is Miss Schmitt's husband — and best critic.

Local histories are becoming more important in Texas. One of the latest is "The Presbyterian Church in Jefferson" by J. A. R. Moseley, with frontispiece by Harold Bugbee, as well as other drawings by our artist which gives it the imprint of the Texas State Historical Association. Elizabeth Janeway, author of "The Walsh Girls" and later of "Daisy Kenyon," headed a New York committee to raise \$35,000

in three days for General Motors strikers under the slogan "Hunger Must Not be a Weapon."

If Polio Strikes?

What can we do to prevent infantile paralysis?

The answer is: Practically nothing!

Very little is known about the disease. We know the cause—a virus—but not the cure. We know that it is communicable, that many persons may harbour the virus without presenting any clinical symptoms of the disease.

Certain precautions, however, are recommended by the National Foundation for Infantile Paralysis.

If polio strikes, the Foundation urges, continue with normal activities. Schools, theatres and other places of congregation can remain open at the discretion of

the health authorities, but unnecessary mingling with crowds should be avoided.

Extreme fatigue, sudden and prolonged chilling make the individual an easier victim. Swimming in polluted waters and removal of tonsils during epidemics should be avoided. Flies and other insects should be kept away from food. Sanitation is a "must".

The first symptom of poliomyelitis may be some minor discomfort: headache, unexplained fever, a cold, even an upset stomach.

If any of these appear, a physician should be called immediately. Expert medical care may prevent crippling deformities.

Above all, the Foundation adds, don't worry about expense. Foundation chapters are pledged to see that no victim of infantile paralysis goes without care and treatment for lack of funds, regardless of age, race, creed or color.

When a case appears, be sure that the nearest Foundation chapter is notified.

DINNER CONCLUDES CLUB YEAR

The twentieth anniversary of the organization of the 1926 Book Club was celebrated Tuesday evening, May 21, at the annual President's dinner in the Club Room. A large two-tiered birthday cake containing twenty candles served as the center piece for the attractive dinner table. The color scheme was pink and yellow. The table was lighted with tall yellow tapers, in crystal holders. Around the holders were small pink carnations interlaced with fern. At each plate was a small yellow candle in a pink holder, and a miniature book serving as the place card. When the candles were lighted at the appropriate time, a wish for the future success of the club was

made by each member present. Then the birthday cake was cut and served by the president. The retiring president, Mrs. Rolfe Brumley, presided. Club history was reviewed as Mrs. Allen Bryan, the only charter member now belonging to the club, told of the organization and beginning, followed by each past president giving the highlights of her administration. For those who were not present, Mrs. Brumley reviewed the activities of her year by gazing into a crystal ball in order to read the past. Mrs. Carl Bennett read a tribute of respect to Mrs. Claire Braswell and Mrs. Manti Trent, two founders of the organization now deceased. Past presidents who spoke were Mrs. E. S. Ballew, Mrs. W. C. Thornberry, Mrs. C. E. Bair-

Continental Trailways Recognized As One of Nation's Most Progressive And Up-to-Date Bus Companies

The Southwest today can boast of one of the nation's most progressive intercity bus lines as the Continental Trailways Bus System approaches the end of a nineteen year period of operation that has seen a small South Texas company grow into a multi-million dollar corporation with an operation of more than 4,000 miles throughout the four states of Texas, New Mexico, Oklahoma and Colorado.

The keynote of Continental's recognition as a leader in the bus transportation industry was the delivery during the month of May more than \$1,000,000 worth of new equipment. The company immediately announced complete replacement of all equipment previously used on several entire divisions, and at the same time announced a program of added and improved service over the entire system to be placed in effect on June 1st.

Continental Trailways is still identified in many quarters as the old Bowen Motor Coaches. It was only in November of last year that the corporate name was changed to Continental Bus System. The name change, always a dangerous and delicate matter where an old and established company is concerned, was considered necessary in view of the expansion program engaged in by the company. Heretofore, the name of Bowen in the bus industry had been associated with operations only in the state of Texas, but with the extension of their operations into Colorado through Oklahoma and into Tucumcari, New Mexico, it was deemed advisable to take on the name Continental as a more representative title.

At the head of Continental Trailways today is a 35-year-old veteran of the bus industry, M. E. Moore. It was prior to 1930 that the Continental president started in the bus business as a ticket agent for the Southwestern

Transportation Company in Texas. When this company was later purchased by Southwestern Greyhound Lines, Mr. Moore served as a district passenger agent. Within a few years, he had assumed management of a new line through Arkansas from Memphis to Texarkana, the Arkansas Motor Coaches. It was in 1943 that he and a group of associates announced the purchase of Bowen Motor Coaches from Mr. R. C. Bowen, Ft. Worth business man.

Fred Whitaker has just returned from Eastern Kentucky where he visited his people whom he had not seen since 1910. He found the country changed a lot, but the people the same.

ABSENCE may make the heart grow fonder, but thousands of service wives and their families don't think so. By J. Fred Smith, Jr.

The Panhandle Breakfast Club held a breakfast last Sunday in Amarillo at the Mexican Inn. Bob Siler was master of ceremonies, and Cecil (stuttering Sam) Hunter, was principal speaker. 140 flyers attended the breakfast. 13 people attended from Clarendon. Dr. Welsh is having a canopy installed on his Stearman.

The Lazy Eight Flying Club has been organized, and are doing some flying but have been grounded most of the time the last week due to strong winds. Willard Knox flew the club plane to Amarillo Sunday.

Construction work has started at the local airport, preparing for G. I. flight training. We hope to have our school approved by C.A.A. and be ready to start training within the next thirty days.

Governor Andrew Schoepel of Kansas, uses an airplane in getting about the state. He estimates that he gains the equivalent of two days a week by flying.

Sighted Cow - Saved Same
A routine "check-out" flight turned into a mission of bovine mercy when an instructor and student spotted a cow struggling flank-deep in a creek bog near Lancaster, Texas. Circling the disaster, they saw that the cow was near exhaustion. Her calf stood forlornly near the quicksand's edge.

They headed their Aeronca for a distant ranch house. A "buzz" brought the rancher and his family out of the house. One of the flyers dropped a note asking the rancher to follow the plane to the cow.

When the pilots finally banked

away, the rancher and his family were busily pulling the cow out of the mud.

Rev. Warrin Fry Ordained To Priesthood

On May 21, 1946, The Rev. W. Warrin Fry was ordained to the Order of the Priesthood, by the Rt. Rev. Goodrich R. Fenner, Provisional Bishop of North Texas, and Bishop of the Diocese of Kansas.

The Rev. Edgar W. Henshaw, preached the Sermon, instructing the Ordinand, as to his personal task in the Ministry. The Rev. George Quarterman of Amarillo, presented the Candidate to Bishop Fenner. The Litany for Ordinations which followed after the presentation, was read by

The Rev. John Winslow of Lubbock. The preface to the Ordinal was read by The Rev. C. Charles A. Abele of Big Spring. Bishop Fenner conducted the service of Holy Communion being assisted by The Rev. Walter R. Scott of Plainview who read the Epistle and The Rev. Robert J. Snell of Midland who read the Gospel for the service.

At the proper time during the service the fellow Priests of The Episcopal Church who were in attendance at the service, The Rev. Philip Kemp of San Angelo, and The Rev. Jack D. Williams of Coleman, joined in a circle around the Ordinand, placing their hands upon his head giving to him the sacred right of Apostolic succession, which is an outward acknowledgement of the Ordinand's right to the Priesthood. Bishop Fenner then invested him with the authority of the Church, changing the Ordinand's stole to go around his neck instead of over his right shoulder. The clergy joined in the Communion Service. The Rev. W. Warrin Fry, and The Rev. George A. Quarterman assisting Bishop Fenner.

The Rev. Frederic Atkinson, a representative of The National Council, was in attendance at the service. There were also representative groups from the various Missions of the District of North Texas, Childress, Quanah, Sham-

rock, Pampa, Borger and Dalhart. After the service a fine luncheon was given by the members of the Parish at the Presbyterian Church, honoring Mr. Fry, and the other guests of the Church. The Rev. Mr. Henshaw of Pampa presided, as Toastmaster. The luncheon was beautifully planned by the Committee of the Mission. Songs followed with greetings from members of different groups represented at the luncheon. Bishop Fenner made a few remarks, then closed the luncheon by asking Mr. Fry to give the blessing.

A Clergy Conference followed the service on Tuesday lasting until late Wednesday afternoon. The program of the National Church was discussed and comments made by members of the Clergy. The meeting was a fine one, capably handled by the representative The Rev. Frederic Atkinson.

Tragedy Strikes In Hedley Home

One of the most tragic accidents ever to come to this county was that of Wednesday shortly after noon when Miss Bessie Lillian Bridges, residing with her family some three miles east of Hedley, accidentally knocked over a 12-gauge shotgun while cleaning house in the kitchen.

The young lady received a fatal wound in the left side. A Womack ambulance was called immediately and a mad race with death, with Harry Womack at the wheel, was in progress. The patient was brought to the local hospital where an examination by a physician gave no hope to those most interested. Death came about 5 a. m. this Thursday.

The victim, aged 20, was a daughter of Mr. and Mrs. Joe H. Bridges who had resided in that section for some 14 years.

Besides her parents, she is survived by sisters: Mrs. Maggie Edwards, Newport, Texas; Mrs. Lucille Bildersack, Amarillo; Mrs. Inez Johnson, Clarendon.

Brothers surviving are: Fred of Temple, Okla.; Creed, Billy and G. W. of Hedley; Hoyt, Ryan, Okla.; J. C. and Roy of Amarillo; Ray of Santa Fe, N. Mex.

Funeral arrangements are pending wishes of absent members of the family, to be conducted under the auspices of the Womack Funeral Home.

Commercial Fertilizer

Commercial fertilizers might play an important part in the increased production of crops in Donley county in the future, and this will be determined by demonstrations this spring. Mr. A. B. Bynum of the Lelia Lake community is planting cotton and feed using commercial fertilizer number 6-12-0. The fields where the fertilizer is used is adjacent to fields without the use of fertilizer and records will be kept to de-

termine the increase of crop by the use of commercial fertilizer. This demonstration might prove the means of determining a good method of improving the soil and increasing the yields on farms.

H. M. Breedlove, county agent ordered the fertilizer for Mr. Bynum and the cost was forty-two dollars per ton delivered to Lelia Lake. With favorable weather conditions we should get a good comparison of the yields and a visit to the farm is planned in the fall to show farmers the advantage of this type fertilizer.

Mrs. J. E. Berch of Dimmitt visited Mrs. Sam Lowe last week.

Mrs. James Patman and son Tommie of Hume, Mo. visited in the home of Mr. and Mrs. J. T. Patman Sunday. They left to join her parents, Mr. and Mrs. A. L. Simmons at Hereford and will go on to Los Angeles to visit their sons there.

Mr. and Mrs. C. R. Martin from Rising Star, Texas visited his sister and family, Mr. and Mrs. F. A. White last week.

Mr. and Mrs. Allen Bryan and sons Manley and Gene left Wednesday for a vacation trip to Canada, California and other places along the route.

Many friends of Mrs. W. H. Martin will be glad to learn she is able to be at home after being in Amarillo for the past 6 months. Mrs. Dewie of Amarillo is staying with her.

Mrs. Walter Beall of San Angelo and Mrs. Russell Clark of Pampa visited their sister, Mrs. Will Johnson last week and attended the graduation exercises of their niece Miss Johnnie Johnson.

Ernest Thompson, who has been attending the University at Tucson, Ariz., is home visiting his parents.
