Rules And Prizes For Poultry Show Are Announced

Williams Tells

By Fred L. Williams

Famous Last Words—
"Gobble! Gobble!"

Thanksgiving Day—
And another Thanksgiving Day rolls around. Today people all over the nation are taking time out to sum up the good things that have come their way during the past year, and give thanks for all their blessings.

Our sincere wish is that each of our readers, in taking stock, may find those blessings to be very numerous.

Honest People—

Clarendon must have an unusually honest citizenship as a whole. A few weeks ago we ran a story in this department about a man who advertised in The News that he had lost \$24 in cash, and the money was returned to him the next morning after Frank Whitlock had read the ad. Frank had found the shekels in front of his barber shop.

In the same issue with this classified ad was another which was inserted by Red McCrary of the Foxworth-Galbraith Lumber Company, stating that he had lost \$10 in cash, and asking that the finder return it to him. Last week he came in and told us that Carroll Knorpp had found the money in the Donley County State Bank, and had returned it to him after he had seen the ad in The News.

Two ads in one issue concerning lost money, and both of them got the job done! And I will venture to say that not one such ad in a hundred in anybody's newspaper will get results.

Of course, I don't mean that The News had a great deal to do with it. The only thing proved by the ads is that people read them. The important thing was that the two men who found the shekels were honest enough to return it to the rightful owners after they found who they were.

I repeat, there must be a lot of honest people here. Or perhaps money is being lost in the right places! I hope somebody doesn't lose \$24 or \$10 in The News office. I'm worried about whether or not the good old Clarendon tradition would be upheld!

Hospital Drive—

In view of the drive that is being staged by the commissioners' court to raise funds to keep the Adair Hospital open, the following clipping that was handed in recently is quite appropriate:

"Most of us think very little about our voluntary hospitals—meaning those supported privately, rather than by taxation—until some sudden emergency creates a pressing demand for their services. In many surgical cases, instant attention means the saving of a life that, without it, would be lost. For this reason, the closing of a neighborhood hospital is a local calamity; and yet, in a recent twelvemonth, more than five hundred cities and towns were bereft of these safeguards of health and life because their hospitals went bankrupt and had to close their doors."

Do Your Part—

The hospital is one of the most valuable assets that we have in (Continued on Page Eight)

Green Belt Poultry Association To Stage Big Exhibit Here December 5.

The Donley County Poultry show, which was changed to the Green Belt Poultry show with the forming of the Green Belt Poultry Association last week, will this year exceed all former exhibitions, it is expected.

One of the features of the show is the vocational agricultural poultry judging contest which will be held Saturday morning, December 5, at 10 o'clock. Teams from about 15 schools will compete for the Chamber of Commerce trophy.

"The show is open to everyone," said J. M. Hill, secretary of the association, "and all exhibitors should begin now to select their best birds in order that they may be in shape for the show."

Rules and regulations for the show were mailed this week to poultry raisers in this section. (Continued on Page Four)

BRONCS HONORED BY LIONS TUESDAY

BANQUET HELD FOR FOOTBALL BOYS AND PEP SQUAD LEADERS.

Members of the Clarendon High School football team and the pep squad leaders and their sponsor were entertained by the Lions Club with a dinner at the Clarendon Hotel Tuesday evening.

After a short routine business session of the club, Dr. A. W. Hicks addressed the boys and introduced R. E. Drennan, who acted as master of ceremonies during the program.

Drennan called on members of the club to make short talks and they responded with remarks of encouragement and appreciation for the fine work turned in by the Bronchos and the pep squad during the recently closed season.

Coach C. C. Jones expressed his gratitude for the fine spirit of co-operation that he has received during his first year at the helm of the local eleven. (Continued on Page Eight)

PANHANDLE POLICE RADIO IS PLANNED

SYSTEM WOULD BE USED IN AIDING APPREHENSION OF CRIMINALS.

A plan is under way to establish a police radio broadcasting system for the Panhandle, according to a communication received this week by Sheriff Guy Pierce from W. M. Adams of Amarillo, sheriff of Potter County.

The communication was in the form of an invitation to the sheriff, county judge, chamber of commerce, etc., to attend a meeting to discuss plans for the broadcasting system, to be held in Amarillo Monday afternoon, November 30.

The plan, according to Pierce, is to establish the system and regular broadcasts emanating from Amarillo will be picked up by officers all over the Panhandle, and it is generally believed that such a system will aid greatly in the apprehension of criminals.

UNION SERVICES TO BE HELD HERE THANKSGIVING DAY

CHURCHES OF CITY WILL UNITE IN PROGRAM AT CHRISTIAN CHURCH.

The annual union Thanksgiving Service will be held Thursday at the First Christian Church from 10 until 11 a. m. The churches of Clarendon will unite for this service, as usual, and Rev. T. S. Barcus, presiding elder of the Methodist Church, will deliver the address.

Special music for the occasion will include two xylophone solos, "Showers of Blessings" and "When They Ring the Golden Bells" played by Mrs. Robert Austin and accompanied on the piano by Miss Dorothy White. Wilfred Hott will give a vocal solo, "His Eye Is On The Sparrow."

The offering taken at this service will go to the Adair Hospital.

100 MEMBERS IN RED CROSS DRIVE

LOCAL CHAPTER IS 40 MEMBERS BELOW QUOTA SET FOR YEAR.

One hundred new members were enrolled in Clarendon as the eleventh day of the annual Red Cross drive ended Saturday. The membership, which is \$1 a person, represents \$100 and is \$40 short of the goal set by the local chapter, according to Dr. A. W. Hicks, chairman of the committee here.

Although the drive is not officially over until tomorrow, Hicks said no booths were maintained this week.

"However, contributions would be received by Mrs. C. G. Stricklin, Mrs. Allen Jeffries and Sloan Baker, members of the committee, or myself, at any time," Hicks stated. Anyone wishing to join may also leave the money at the Douglas & Goldston Drug Store, he added.

Booths were operated last week-end by Mrs. T. H. Ellis, Mrs. Allen Jeffries, Mrs. W. H. Patrick and Mrs. T. W. Carroll.

Band Nets \$90 From Cal Farley's Circus

Playing before a capacity crowd, Cal Farley's Flying Dutchman Circus netted approximately \$90 for the Clarendon High School Band in a benefit show at the High School auditorium here Friday night.

The "circus" was presented under the sponsorship of the Clarendon Chamber of Commerce and the Lions Club. Farley received only expenses with the remainder going into the band fund.

Nelse Robinson was voted the winner in a beauty contest held as part of the entertainment.

Greene Dry Goods To Start Sale Friday

A stock reduction sale in Ladies' ready-to-wear and millinery will begin at the Greene Dry Goods Company Friday, November 28, according to announcement made in an advertisement in this issue of The News.

Bill Greene, proprietor of the store, stated that he had overstocked on these particular lines, and that greatly reduced prices are being offered during this special event.

Further details regarding the sale may be learned from the firm's advertisement on page five of this issue.

FATHERS AND SONS BANQUET IS WELL ATTENDED MONDAY

JUDGE PORTER PRINCIPAL SPEAKER; ALLEN PATMAN IS ELECTED PRESIDENT.

Approximately 170 fathers and sons attended the annual banquet at the First Christian Church Monday night. Judge J. R. Porter was the principal speaker for the evening. Ray Robbins' orchestra furnished music for the occasion.

Allen Patman was elected president of the group for the coming year with U. J. Boston and Clyde Douglas elected vice presidents.

R. E. Drennan led the opening song and the invocation was given by Rev. Austin. Following the dinner of turkey, dressing, giblet gravy, cranberry sauce, cream potatoes, green beans, hot rolls, cherry pie and coffee, Allen Patman addressed the fathers.

Tom F. Connally responded to Patman's address with a talk to the sons. Billie Ralph Andis was next with a reading, followed by a song by the quartet led by Miss Elizabeth Howren. Judge Porter gave the closing address after which officers were elected.

Following the custom, statistics showed that the honor of being the youngest father with the oldest son present went to Ben Andis, while the youngest father present was Wilford Andis.

Keith Stegall was the father present with the youngest son, his boy being only six months old. G. D. Shelley had the most sons present, the number being four.

The banquet will be held again next year, but dates will not be set until a meeting of officers is held.

LECTURE WEEK TO BE HELD BY CHURCH

CHURCH OF CHRIST WILL HOLD SPECIAL WEEK OF LECTURE PROGRAMS.

Beginning next Monday evening at 7:15 a special lecture program is to be launched at the Church of Christ, according to W. Wallace Layton, minister. The program is to continue four days through December 4. Preachers from New Mexico, Oklahoma and West Texas will be represented at these services, and all preachers in attendance will be used on the program.

There will be three services each day, 10:00 a. m., 2:30 p. m., and 7:15 p. m. It is estimated that there will be one of the largest assemblies of gospel preachers that Clarendon has ever seen.

"The citizens of Clarendon are urged to come and enjoy this feast of good things in store," Layton said.

Wounded Man Held Here Is Identified As Escaped 'Lifer'

President's Proclamation

"I, Franklin D. Roosevelt, president of the United States of America, hereby designate Thursday, the 26th day of November, 1936, as a day of national Thanksgiving.

"The observance of a day of general Thanksgiving by all the people is a practice peculiarly our own, hallowed by usage in the days before we were a nation and sanctioned through succeeding years.

"Having safely passed through troubled waters, it is our right to express our gratitude that divine providence has vouchsafed us wisdom and courage to overcome adversity. Our free institutions have been maintained with no abatement of our faith in them.

"In our relations with other people we stand not aloof but make resolute efforts to promote international friendship and, by the avoidance of discord, to further world peace, prosperity and happiness.

"Coupled with our grateful acknowledgement of the blessings it has been our privilege to enjoy, we have a deepening sense of our solemn responsibility to assure for ourselves and our descendants a future more abundant in faith and in security. Let us, therefore, on the day appointed, each in his own way, but together as a whole people, make due expression of our Thanksgiving and humbly endeavor to follow in the footsteps of Almighty God.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

"Done at the city of Washington this 12th day of November, in the year of our Lord 1936, and of the independence of the United States of America the 161st.

(Signed) FRANKLIN D. ROOSEVELT."

"Royce Conner" Identified as Roy Curry, Murderer Who Escaped From Pen.

Royce Conner, held by authorities here last week following his story that he had been held up and shot in a boxcar near Giles, was identified Monday by fingerprints sent to Austin as Roy Curry, escaped convicted murderer and high-jacker, under sentence of life and 53 years, according to a telegram to Sheriff Guy Pierce Monday afternoon from C. G. McGraw, chief of the identification bureau of the Department of Public Safety.

Curry was arrested and charged with vagrancy when local officers failed to believe his story of the robbery. The charge was filed in order to allow the sheriff's department time to check his past record.

Although an examining physician told officers that the wound in Curry's leg could not have been inflicted by a gun, a later x-ray showed a bullet lodged in the calf muscles.

When confronted with his past record, Curry admitted the fallacy of his statement concerning the robbery and confessed that he had accidentally shot himself with his own gun.

He stated that he had recently traded with a hobo for the pistol and while opening the gun had dropped it and it discharged. The bullet had entered the front of his leg near the shin bone and had ranged upward into the calf of his leg.

Sheriff Pierce quoted the man as saying last week that he had been riding the train with another man. His companion, he said, high-jacked him, shot him in the leg and then jumped off the train.

Conner was taken to Memphis by a section crew where he told Hall County officers that he and an unknown hobo were occupying an empty boxcar on the train when the hobo suddenly pulled a gun on Curry and demanded that he "stick 'em up."

Conner said he complied and the other man began searching him. They were standing in the center of the car near the door, he said, and he attempted to (Continued on Page Eight)

First Duster Hits Clarendon Monday

Borne on a strong north wind that sent the mercury down to 25 degrees, the first real duster of the fall struck Clarendon early Monday morning. The wind abated toward evening, but the cold hung on until Tuesday morning when moderation began.

The low of the spell only fell one degree below that of Saturday night, which was recorded at 26, despite a gentle south wind.

Temperature readings for the week are: Saturday 74, 26; Sunday 72, 36; Monday, 70, 25; Tuesday 57.

Employees Receive Application Forms

Three hundred employee's application-for-account-number forms were sent out Tuesday from the Clarendon post office, Forrest Taylor, postmaster, announced yesterday.

These forms must be returned on or before December 5, he said. If any employee fails to get his application-for-account-number form it will be the fault of his employer, and if anyone fails to receive one, he may call for it at the post office, Taylor said.

Last week 104 employers' applications were received. (Continued on Page Eight)

Carpenter said recently that "needy aged persons will be added to the rolls under the new law but at approximately the same rate those found ineligible will be cut off. The number may approach, but I don't think exceed 100,000," he said. "For the present, those really in need will not

be left to face the winter months without aid." November checks numbering 87,000 will be mailed upon the arrival of \$850,000 federal match money, which is expected the last of the week.

COTTON MACHINE STILL IN INFANCY

HEAD OF GINNERS ASSOCIATION GIVES DISCUSSION OF NEW PICKER.

Dallas, Nov. 18—Cotton picking machines which have been developed in the last ten years will pick cotton all right but there is still a lot of doubt as to their practicability, G. M. Lester, Jackson, Miss., told delegates to the National Ginner's Association convention at Hotel Adolphus recently.

In questioning their practicability, Mr. Lester said the cost of the individual units might be a drawback. They also are still in an early period of development, he explained.

"The machines work best in spots where cotton opens all at once," Mr. Lester said. "In other words they are less efficient where fields are now picked two or three times."

Whether the machines will ever be developed to such a point commercially that they will supplant the thousands of cotton pickers now employed in the fields of the south annually, Mr. Lester would not comment. He explained, however, that he had given considerable thought to the matter but was not ready to state an opinion.

Coming To Pastime Theater Wednesday

Clark Gable and Marion Davies in a scene from "Cain and Mabel" to be shown at the Pastime

"Cain and Mabel" a spectacular Cosmopolitan musical production released by Warner Bros., and starring two of the screen's most brilliant celebrities, Marion Davies and Clark Gable, opens at the Pastime Theatre next Wednesday.

The picture is said to be filled with catchy musical airs and gigantic specialty numbers in which one hundred and sixty beautiful chorus girls take part, in addition to its hilarious comedy, its glowing romance and many thrills.

The most pretentious of the production numbers, called "Thousand Love Songs" is heralded as one unsurpassed in magnitude and grandeur.

The picture is based on a story by H. C. Witmer, famous for his glamorous pictorializations of life on New York's Rialto and the fight arena. It depicts the romance between a Broadway waitress who becomes a musical comedy star almost over night, and an heroic young battler of the prize ring.

Miss Davies and Gable are co-starred in these roles. They are supported by a talented cast which includes Allen Jenkins, Roscoe Karns, Walter Catlett, David Carlyle, Hobart Cavanaugh, Ruth Donnelly and William Collier, Sr.

A second number, one filled with rollicking comedy, dance and song, is called the "Coney Island" set, the action taking place in a background representing the famous Eastern amusement park.

There are three catchy new songs in these numbers written by the famous song team of Harry Warren and Al Dubin and variously sung by David Carlile, Miss Davies, Sammy White and chorus. Other popular songs also will be heard in "Thousand Love Songs" number.

Miss Davies leads the chorus in intricate dance routines, having as her partners in the various numbers, the noted stage and screen dancers, Charles Teske Sammy White, and Don Ackerman.

In the season closers for 3-B the McLean Tigers and Lakeview Eagles hung up victories last Friday to leave the standing unchanged. The wins, however, boosted their percentage a few notches while Lefors and Shamrock, the losing clubs, slipped. McLean is resting in third place with a lead of 62 points while the Eagles broke a tie with Lefors for seventh position.

The Standings:

Team	G.	W.	L.	T.	Pct.
Wheeler	8	7	0	1	.938
Wellington	8	7	1	0	.875
McLean	8	6	2	0	.750
Shamrock	8	4	3	1	.562
Clarendon	8	3	3	2	.500
Memphis	8	4	4	0	.500
Lakeview	8	2	6	0	.250
Lefors	8	1	7	0	.125
Mobeetie	8	0	8	0	.000

The Broncho 1937 grid prospects seem rather dim at the present writing. Out of this year's regulars, seven donned the maroon and white for the last time on Friday, November 13, when they met the McLean Tigers.

The boys who joined the ranks of the ex-high school gridsters are Jesse Cornell, Pat Slavin, J. B. Cole, Otis Rolls, Jack Robinson, Gene Butler, and Gerald Noble. Backfield material will shape up for next year with Ralph Grady, Truitt Holtzclaw, Billie Cooke and Gene Baxter, holdovers for this season, and Johnny Grady, squadman who shows bright promise.

The big deficit will be in the line where only two lettermen remain. The '37 forward wall will have to be built around McGowen and McClenney, two surviving regulars.

Inasmuch as Jones was hired for a football coach and not a magician, the gleam of hope for next year is only a spark. He would surely have to have fourth dimensional powers to conjure a championship contending club out of the present material unless something unlooked for breaks.

The Memphis Democrat's sports department comes forward with the first all district 3-B grid team on record so far this year. The Clarendon Bronchos were spotted two berths on this mythical eleven but were led by Shamrock and Wellington who placed three each. McLean, Wheeler, and Memphis had only one man on the first string.

The Democrat's choice for the best: Ends, Clement, Wellington, and Malone; Memphis; tackles, Noble, Clarendon, and Cain; Shamrock; guards, Overton, McLean, and Butler; Clarendon; center, Brothers, Shamrock; halfbacks, Estes, Wellington, and Rock, Shamrock; fullback, Ford, Wheeler; quarterback, Austin, Wellington.

On the second team Clarendon was not so fortunate. They found

LIBRARY NOTES

Book week for 1936 has been designated as November 15 to 21. The first Book Week campaign was held in 1919. The theme for 1936 is "Books to Grow On—The Modern World for Young Readers." New discoveries in books for the children who have already acquired the reading habit and a fresh approach to those who have not yet found the books which appeal to them are the aims of Children's Book Week.

Marjorie Griesser, executive secretary of the National Association of Book Publishers, makes these very pertinent statements: "In a world as chaotic and confused as the one we are living in today, there seems to be a special reason for introducing young readers to books which will give them a perspective, a factual and historical background, which will be valuable in the years ahead. It was with this in mind that the 1936 theme for Book Week was chosen. Fortunately in recent years authors and publishers have provided us with some excellent books which are unique in the history of children's literature, presenting science, the arts, geography, history, and a great variety of subjects in new ways and in a straightforward style devoid of condescension to the youthful reader. But the literature of imagination, the world of poetry and folk lore, should not be ruled out, of course, for in times like these their great and enduring values are especially needed. They are "books to grow on," too, and should be included along with the books on modern themes."

In a recent vote for the most popular books among the Junior High Students of Gloucester City, New Jersey, it was found that "Little Women" and "Tom Sawyer" still reign supreme, while the Senior High students preferred historical romance, sea stories and biography.

In a similar voting contest in one of the Kansas City schools, the favorites among the girls were "The Little Colonel," "Mrs. Wiggs of the Cabbage Patch," "Heidi," and "Pinochio." Among the boys, "Smoky" came first, then "Tom Sawyer," "Buffalo Bill" and "Dragon Treasure."

Another report from Cleveland, Ohio, gives "Anne of Green Gables" first place, followed by the "Young Trailer Series," "Tom Sawyer," "Little Women" and "Castle Blair."

Our own readers among the children have enjoyed almost every one of these and probably would have given a similar vote.

Mary Raymond Shipman Andrews, author of "The Perfect Tribute," a story of Lincoln, and author also of many other stories, died recently at her home at Syracuse, New York. Three days later her husband, a former judge of the New York Supreme Court, died, and they had a joint funeral service. Her story of Lincoln sold 600,000 copies.

The screen version of Edna Ferber's "Come and Get It" is being heralded as an unusually strong play. It is played against the background of the lumber business in northern Wisconsin, the time around the turn of the century. It will be showing in Dallas in a few days.

Webb Miller's reminiscences of his twenty years as a foreign correspondent will be published on Armistice Day, Nov. 11. He has named it "I Found No Peace." It will be the December selection of the Literary Guild. Mr. Miller is now living in London, where he is the general European News Manager of the United Press.

While packing to move to Am- arillo the past week, Mrs. B. L. Jenkins, Jr., brought us several years' complete files of "Good Housekeeping" for our second hand magazine stand, and an armful of books, among them O'Brien's Best Short Stories from 1920 through 1926. And

Oleta Wood also brought us a number of books. These remembrances by our friends are greatly appreciated.

In response to the pleas for co-operation and help made by the City Commission and the Library Board recently, the Book Club voted to give the library \$25. The Home Demonstration Club also voted to make a monthly donation to the library. The other clubs have not had meetings yet, but we feel sure each of them will respond. This co-operation and these contributions from the clubs will mean much to the library.

Our second-hand magazines are beginning to move. We still hope to make some money for the library with them.

Mr. and Mrs. Ed Lehman of Dallas visited the Rathjen family and other friends Monday. Mrs. Lehman will be remembered as Miss Shoemaker, who was a nurse at the Adair hospital two years ago.

Dr. H. F. Harter and Keith Stegall returned Friday from a deer hunt near Fredricksburg. They "brought home the bacon" in the form of two deer and three turkeys.

EDITOR'S CORNER

The faculty and students are looking forward to the Thanksgiving holidays for these will be the last ones before the Christmas holidays which begin on December 19.

The presentation of Cal Farley's Circus Friday night for the benefit of the Clarendon High School band was very successful. Mr. Robbins stated the band realized a profit of about ninety dollars. This is very encouraging at the beginning of the drive for new equipment. Plans for raising more money will be announced soon.

The football season is fast drawing to a close, and soon basketball will step into the limelight. Already it's on the way. I was over at the gym Thursday while a number of college boys were practicing. Mr. Drennan was on the sideline checking the progress of the team. It seems the prospects for a good team are rather bright at this time. The high school boys will probably start practice soon now. Through an error in the office last week a number of college student's names were left off the honor roll in the paper. So with apologies to the following, we will now.

Freshmen: Allen Patman 90, Mary Lois Hayter 90, Wesley Powell 88, Bob Wilson 88, Joe Whippa 86, J. W. Slover 85, Beth Weathersbee 85, Willie Q. Wilson 85.
Sophomores: Dorothy Powell 88, Ina Riley 88, Leota Rampy 85.

POSTSCRIPTS

We have a charming young lady from McLean whose name is Jessie May Lynch. All of the boys and girls like her.

Did everyone pass his six weeks exams? Or should I have said, "Did anyone pass his six weeks exams?"

Rue Zell Ryan nearly fell down stairs, and she was clinging on for dear life to Ray Palmer and Neal Thompson. Was it an accident?

We wonder when Glennie Deal will learn to sew a straight seam. Apparently she isn't the only one who is having that trouble.

Ben Hill must have been getting Spanish or else cramming, for he was writing rapidly with his nose almost glued to his paper. How industrious!

I should like to receive news about a very mysterious message received last Friday about 3:30 o'clock. It was a phone call to yours truly, and it was misunderstood. Anyone having said information, please see me.

Almost everyone is sporting something fashionable these days. Dude Gentry and Neal Thompson have new suspenders that are really keen.

Thelma Harkin wore a new green silk that was lovely.

June McMurtry has a new suit with swell fur around the collar.

Juanita Estes has a new dress too. Make way for the parade.

FUTURE FARMERS HAVE MEETING ON WEDNESDAY

The Future Farmers of America of the Clarendon chapter met in their usual meeting place in the high school building last Wednesday evening at 7:30 o'clock.

The following committees were elected to serve: A committee for basketball tournament, committee for initiation, and a committee for "Merit Awards" which is composed of the officers. Boys in the organization having supervised practice work and a successful project record receives one of these awards; there are, however, a number of other qualifications besides these. The meetings are held every other Wednesday night; the next one will be on December 2.

The boys are now making plans for the Annual Clarendon Green Belt Poultry show and judging contest for agriculture students to be held here December 3, 4, and 5. The show will be in the building formerly occupied by the Thompson Hardware.

WITH THE JUNIORS

Dear me Suz—
Hint to Ethelyn Drennan: Saturday I asked Mr. Drennan how he liked the new car and he sarcastically replied, "I don't know, I haven't got to drive it yet!"

Just between you and me I've noticed that several of the boys' senior rings have changed parking places. We guess boys change their minds, too, eh girls?

Mildred Atteberry declares that she just loves mathematics. Wonder why?

I: "Who wuz that lady I seen you with Friday night, Jess?"
Jess: "That wuzn't no lady, that wuz just at!"

Now that Football season's over, pipes have become the rage with our heroes. Some of them are big, some are small, but their pungent odor has frequently assailed my delicate nostrils.

Many gusty sighs of relief have been heard now that exams are over, but some are already drawing their breath for the next six weeks.

Whose name is it that Frances Grady absent-mindedly writes every time she picks up a pencil?

We saw June Mc try to climb a tree the other day at the timid approach of a horse and we thought she was a ranchwoman. The bell's aringing (but not the bells of St. Mary's) so Bye.

at Perryton, in the North Panhandle, to the Texas College of Arts and Industries here. Kingsville is near the Gulf Coast. Brown enrolled as a freshman this fall at A. & I.

Perryton, incidentally, is only forty-nine miles south of Liberal, Kan., the topographical center of the Union.

Brown hitch-hiked the first 400 miles of his southward trek and rode a bus the rest of the way.

Straight thinking does not emanate from a crooked mind.

Stop starting and you will soon start stopping.

If you can't go with your crowd, walk alone—don't run with the enemy.

Junior High And South Ward News

Last Thursday afternoon at 5 o'clock another great football game was witnessed on the Jr. College gridiron. The junior high teams are showing more form in each game they play.

Mr. Todd made an interesting talk on tuberculosis last Tuesday morning.

Mr. Lane announced that a fine of two cents a day will be charged for books being kept out of Junior High library overtime.

The fifth grades of South Ward are making plans for an airplane show soon.

PITCHES FROM THE BRONCHO

The day of reckoning is here. Our report cards are due—some regard this event with elation, most with tremblings and misgivings.

From the showing made by the Junior High Colts last Thursday, we really will have some football team in a year or so. You missed something if you didn't see those boys in action.

What blond freshman and blond senior are apparently very much that way about each other?

The Drennans are proudly driving a new car, or hadn't you noticed?

The announcement that numbers will be taken and fines assessed upon persons caught driving too fast caused several feet to be placed more lightly on the gas, and students aren't the only ones, either, to slow down.

Now we hear that J. D. Swift looks like Bing Crosby. Who's next?

New students seem to be flocking in on us. Jeanice Porter and Jessie Mae Lynch are two attractive newcomers.

The Biology classes came out of the seige (Bourland's teaching) without any serious mishaps. Whose ring is Geneva Armstrong wearing?

THANKSGIVING

It being Thanksgiving, I thought I'd go around and ask everyone what they were thankful for and here are some of the answers. The others were unprintable.

Dudie Gentry: I'm thankful my dad only found two empty bottles in my car. If it had been three—oh my!

Dan Boston: I'm thankful there is a Thanksgiving 'cause we always have Thanksgiving dinners.

Eloise Hill: I'm thankful for boys like Delbert Linders.

Virginia Cluck: I'm thankful for boys like Billy Headrick.

Nell Cook: I'm thankful I don't have to roll my hair up every night since I got my permanent.

Nellie Grady: (without a smile) I'm thankful for nothing. (Pleasant girl, that Nellie.)

Peggy Word: I'm thankful for Charlie Murphy.

Avis Lee McElvany: I'm thankful for the guy who invented dressing and chanberry sauce.

Lowell LaFon: I'm thankful the Broncho Page comes out only once a week.

Bristol Boards at The News.

SO WHAT!

The other day in a certain class the various members were discussing homesickness, its merits and otherwise. Beatrice Garmon had more to say than anyone else. "It's the first week that's the hardest," she proclaimed. (Beatrice has been staying in town a week now.)

Joy McCanne had a light case of flu over the week-end and came to school Monday morning looking very pale. She confessed that the reason for this paleness lay in the fact that she had no make-up on.

The dance idea is getting to be a habit down Memphis way. And forty-five cents a couple.

WE JUST WONDER

How Jeanette Watson fell when she found herself on the floor of the Memphis bus.

Why attending C.J.C. affects the eyesight of some Memphis students so badly that they have to buy new glasses. Could it be that they are really studying.

How Virginia Orr and Beth Weathersbee like smoking.

Why freshmen do not like to write personal essays.

Why Bobbie Clark prints signs advertising a Memphis dance.

How many times within five minutes Beth Weathersbee looks at that new Gruen watch of hers.

Why J. D. Roden and Joyce Webster do not like to study history.

Why Jimmie Bourland knows so much about cars. Has he had any mechanical experience.

Be careful what you say when you talk to yourself.

Plans Are Made For Science Club

All students who are interested in the field of science are requested to watch the bulletin board for an announcement for a science club meeting, according to Professor A. C. Stults, of the Chemistry department.

Interesting programs on modern scientific research and discoveries will be held throughout the year. Also, many interesting experiments will be demonstrated in these programs. With the cooperation of the students, an interesting club can be formed. All students who are interested in the phenomena of chemistry, physics, biology, and the other natural sciences are welcome and urged to attend these meetings.

too. Tsk. Tsk! Sometimes we would like to borrow Guy Lombardo for a little affair. How about it?

Ask the Commodore what everyone was laughing about the other day at the cafe when someone offered him a napkin. Was his pan pink?

Don't ask Sarah V. how she likes to buy chickens and carry them home in her car. She might tell you.

The funniest thing we've seen in some time happened the other day. One of our tallest girls (and Clarendon grows them tall) turned to a boy who was a good three inches shorter than she was, and asked him to get her book off the shelf. He was very pleased. That girl knew her psychology.

Well, let's not make too big pigs of ourselves so that there will be a few able to come back to school and tell the tale of Thanksgiving.

CURTAIN CLUB ENJOYS REGULAR MEETING THUR.

The first regular meeting of the Curtain Club was held Thursday night, November 19, in the college auditorium.

Business of the meeting included a discussion of the report of the constitutional committee and of the disposal of the money on hand.

The program began with a piano number by Fern Martin. The rest of the program was impromptu and was provided by the members themselves. Individuals were called to the stage and given directions for a pantomime. These pantomimes afforded amusement for everyone with the possible exception of the individual on the stage.

Senior Subjects

The Business and Professional Women's Club of Clarendon entertained the senior class girls Monday night. The theme of the program was choosing a vocation. Two interesting talks were presented, "New Vocations Open to Women" by Miss Ethel Swanson, and "Value of Vocational Guidance," by Mrs. C. A. Burton. Entertaining selections included a dance by Jean Teat and Phoebe Ann Buntin and a whistling solo by Mrs. Virginia Schull. Miss Fannie Perry presided over the program. Refreshments were served to the fifteen guests and the members.

The Senior class has been getting some hard slams about their conduct lately. Please note the improvement.

Miss Howren is convinced that anyone who can't work solid geometry is lazy or in love.

ASHTOLA SCHOOL WORK EXHIBITED BY W. T. S. T. C.

BOOK ON SIGNIFICANT TEXAS HISTORY FACTS MAY BE PUBLISHED.

A book of 488 significant facts on Texas History, compiled as a part of an integrated unit by the Ashtola High School last year, has created wide interest over the entire region and a well-known publishing company has offered to print the book upon completion, it was announced in a news bulletin from the West Texas State Teachers College this week.

The unit was supervised by Robert Dillard, student of West Texas and then superintendent of the Ashtola school. Miss Inetha Collier of Ashtola, is credited with having supplied most of the material for the book.

The entire unit, which includes a Cavalcade of Texas, which is a hand-made movie of interesting points in the state, an historical quilt made of 30 blocks of applied flags designed by Miss Collier, and studies of natural science, mathematics, geography, biology, history, literature and rhetoric, music and art, was put on exhibition as a part of the West Texas State Teachers College in order that prospective teachers and teachers in other schools might see what could be done in schools such as Ashtola with integrated units of work.

Miss Lola Bess Todd of Brice spent Saturday night with her brother, Bill Todd.

Mrs. R. P. Wilson and Mr. A. O. Hott celebrated their birthday Sunday with a turkey dinner. Those present were Mr. and Mrs. Roy Blackman and son, Mr. and Mrs. Roy Beverly and daughter, Mr. and Mrs. J. B. Estes and family, Mr. and Mrs. Bill Todd, Mr. and Mrs. G. Mann and family, Mr. and Mrs. Dock Mann and family, Mrs. J. L. Goodman and family, Miss Agatha Taylor, Mrs. Alice Townson, Mr. and Mrs. G. W. Trussell and family; Rev. and Mrs. Bob Austin and Mrs. Ivo Peabody, all of Clarendon, and Mr. Boyd Dickson of Brice.

Mr. and Mrs. Isham and sons visited Saturday night with Mr. and Mrs. A. O. Hott.

Mr. and Mrs. Bill Todd went to Brice Sunday evening to visit Mr. Todd's parents.

Williams Tells

(Continued from Page One) Clarendon. There is a large number of people who owe money to the hospital who are able to pay at least a portion of their debt. And unless many of them do this, it is quite evident that we are going to lose the hospital. It's really a pretty serious question, and everyone should do everything possible to help.

Save on Subscriptions

News readers are urged to take advantage of the special bargains being offered on subscriptions to The News as well as state daily papers at the present time. The News is being offered alone at the special rate of \$1 a year, and combination offers are being made on daily papers that will create a real saving for you.

Subscriptions to The News will be stopped upon expiration in the future, and persons whose subscriptions will expire within the next few months are invited to take advantage of the saving offered during this special fall rate.

For details concerning the combination offers, see the advertisement on page 2 of this issue.

Santa Claus Letters

It's getting along about the time for the kiddies to start sending in their Santa Claus letters again. The News, as usual, is acting as Old Santa's go-between and we just had a message from him stating that he wanted all the kiddies of Clarendon to get their letters in as soon as possible in order that he could have plenty of time to get each one what he wants.

You see, Santa is a regular reader of The News. He reads all the letters that are printed in it each year, and if the kiddies that write them have been good, they get what they want.

So get 'em in right away, and help him out all you can, youngsters.

Wins the Peso

To Woodrow Bulls goes the last one-dollar prize in the Williams Tells Football Guessing Contest. Woodrow ought to be ashamed to take the buck, because he really wasn't very close. However, the dopsters made the poorest showing last week that they have made during the entire contest. None of them was very close to the total score, and practically all of them made the mistake of predicting that Shamrock would beat McLean.

Anyway, Woodrow's guess was the nearest correct, and I'm glad he staged at the Chamberlain school house Friday night by the following cast: Juanita Estes, Max Wilson, Jimmie Estes, Wilda Fay Gibbs, Frances Hott, Rebecca Eanes, Wilfred Hott, G. C. Isham, Bob Kyle, Bobby Wilson, Cleo Eanes, Delbert Linders, and Dick Barbee. Everyone is invited to attend.

Old Age Pension Racket Is Revealed

Plainview, Nov. 18—A racket with applicants for old age assistance as the victims was revealed here recently.

W. R. Dorsey, head of the district old age assistance office here said a resident near Littlefield reported that in his absence from home a man, representing himself as an insurance agent, sold the Littlefield man's wife two insurance policies on the grounds that it was necessary to buy the policies in order to qualify for old age assistance. The woman paid the \$25 for the two policies which Dorsey said were issued by a company not listed among insurance companies of approved standing.

Dorsey said he wished to stress the fact that applicants for old age assistance did not have to buy anything to qualify for old age assistance.

Wounded Man

(Continued from Page One) shove the hobo out, but the robber managed to catch onto the door and kept from falling to the ground, and immediately shot Curry in the leg.

As soon as he was shot, he asserted, he jumped from the train. And the section crew took him to Memphis aboard a hand-car. Curry was given first-aid at a Memphis hospital before being brought to Clarendon by local officers.

Curry received a life sentence in the penitentiary at Waco in 1934. While serving this sentence he was charged with high-jacking in Corsicana and was sentenced to an additional 53 years.

While being transferred to a prison farm on July 10, 1936, he escaped, and has been a fugitive from justice since that time.

Curry was accompanied by Sheriff Pierce Tuesday afternoon to the spot where he said he had thrown the gun from the train. The gun was found, and a set of automobile license plates were also discovered nearby, Pierce said. The license tags were from Big Spring, and Pierce quoted Curry as saying that he had stolen them there and intended to steal a car here and substitute the plates.

Employees Receive

(Continued From Page One) plication-for-identification-number forms were sent to employers in Clarendon to obtain names of employees eligible to apply for account numbers.

One hundred of the 104 were returned by Saturday, Taylor said. Those employers who fail to return identification blanks will have to deal directly with the Social Security Board at Baltimore, Maryland, he added.

BRICE SCHOOL TO REFINANCE BONDS

APPLICATION IS MADE TO STATE DEPARTMENT FOR PRESENT ISSUE REFUND.

The Brice common school district No. 12 is now refunding its bond issue, following approval of the measure by the A. C. Hughes Estate, Denver, owner of the original issue of \$12,000. Only \$10,500 of the amount is now outstanding as three of the \$500 bonds have been taken up by the school.

Application to the State Department of Education for refunding the issue to the State Permanent School Fund has been presented by an Austin Company in behalf of the Brice school. By refunding, the school will save approximately \$160 yearly as the present rate of interest is 6 per cent while the state rate is either 4 or 4 1/2 per cent.
