## Graduation Season On In Donley County

### SEASONABLE RAINS AND \$35,000 COTTON CHECKS BRINGS OPTIMISM

#### SCHOOLS CLOSE IN COMMUNITIES

ALL RURAL SCHOOLS CLOSE EXCEPT TWO; INTERESTING COMMENCEMENT.

With the exception of Martin and Hudgins, this week saw the closing of all of Donley's rural schools.

School plays, exhibits, picnics, and commencement exercises were crowded into the last days of the 1934-35 school term in the rural communities.

Ashtola school closed Friday, May 3rd, with more activities than any other school in the county. On Wednesday, May 1st, the elementary grades had their commencement exercises, and on Thursday, May 2nd, "Black Derby," the senior play, was presented.

Friday, May 3rd, the Ashtola community was entertained with a picnic at the school house; Friday evening of the same day, the seventh and ninth grades, the only graduating classes from that school, held their exercises with R. E. Drennan, Dean of the Clarendon Junior College, delivering the address.

Class will, prophecies, and histories, composed the remainder of the program during which nine students graduated from the seventh grade and eight graduated from the ninth grade. Vera Barker and Frank Hardy were honor students of the ninth grade, and Jesse J. Tomlinson was valedictorian and Floy Dell Dewey was salutatorian of the seventh grade.

The Windy Valley community had its closing exercises of school Wednesday evening. The commencement exercises were given in connection with intermediate and primary programs. Six students graduated from the seventh grade of this school, and the diplomas, as well as the address of the evening, were delivered by Principal Clarence Jackson.

The Glennwood school, of which Clyde Slavin is principal, graduated one pupil at the exercises held Friday evening, May 10th. Hugo Riemer, Jr., was the student to receive his seventh grade diploma. The program, on which Mr. Slavin spoke, was supplemented with readings, songs, a class play, and primary presentations.

Seven students graduated from the Goldston school. The senior play, "The Girl in the Fur Coat," was presented Friday evening before a large audience.

Graduation exercises were held Tuesday evening and Dean R. E. Drennan addressed the students.

Chamberlain graduated five students from the seventh grade Thursday afternoon at 2:30 o'clock.

County Superintendent Sloan Baker was present at the program to deliver the address and present the diplomas.

Following the intermediate and primary program, the school patrons enjoyed an exhibit of the student's work for 1934 and 1935.

Friday night was the occasion for the graduation of two students from the Sunnyview school. Bert Tunnell and Junior Brame were the graduates; the program consisted of a community play, "The Allie Daffodil."

Sloan Baker addressed the three graduates from the McKnight community Thursday evening. Primary and intermediate grades presented the remainder of the program.

The Bairfield "Believe It Or Not" school closed Tuesday, May 7th, but this being the first year the school has had more than one student, there were no graduates. Miss Marjorie Harlem was re-elected as teacher of this unique school of four students, the largest enrollment it has ever had.

Mrs. Edward Barnes of Amarillo spent the week-end with her parents, Mr. and Mrs. Chas. Speed.

#### OLD INDEBTEDNESS IS REFINANCED

\$106,421.86 IN REFUNDING BONDS TO SAVE COUNTY SEVERAL THOUSAND.

The commissioner's court in regular session Monday passed an order for the issuance of Donley county Road and Bridge Funding Bonds in the amount of \$39,921.87 bearing interest at the rate of 5 1-2 percent per annum, in exchange for a like amount of legally outstanding warrants of the county, and to issue refunding bonds in other amounts in exchange for other outstanding indebtedness of the county.

The total amount of refunding bonds is \$106,421.86.

This action, it is stated, will save the county tax payers several thousand dollars in interest in that old indebtedness has been at 6 percent interest while the new bonds are for 5 1-2 percent.

Other business before the court was routine business and the changing of the date for setting of Justice Court in Precinct No. 2, W. A. Davis, Judge, to fourth Monday in each month.

Ed R. Bentley visited his brother-in-law, Allan Bryan, on Thursday. Mr. Bentley is a noted lawyer of Lakeland, Florida, and is quite well-known by his work in the Rotary Club.

Mrs. Bela Henry of Eldorado, Arkansas, was among the out-of-town relatives to attend the funeral Sunday of O. H. Jackson.

#### Highway Starts Plant Nursery at Alanreed

In further efforts for Panhandle highway beautification, John Gaston, Landscape engineer of the state department, has started a nursery on a three acre tract seven and one-half miles north of Alanreed on Barnes property.

In the exceptionally fertile soil, Mr. Gaston has planted three million trees and shrubs, all of which will later be transplanted to Panhandle highways.

#### \$35,000 COTTON CHECKS RECEIVED

DONLEY COUNTY IS FIRST COUNTY IN STATE TO GET 1935 COTTON CHECKS.

With the receipt last week of 705 1935 first payment cotton contract checks for \$34,735.97, Donley county farmers probably became the first ones to receive allotted money on this 1935 program, according to H. M. Breedlove, county agent.

The money was on contracts which were not changed and represents only a part of the total amount to be received by Donley farmers.

Young county was the first county to have their 1935 cotton contracts reviewed by the state board at College Station, while Donley county was second. They were immediately transferred to Washington for payment, several weeks ago.

Breedlove stated the total amount farmers of this county would receive from the cotton allotments would probably be in excess of \$100,000.

Cards were mailed to the producers, and the first of this week saw a deluge on the county agent's office for receipt of the checks.

Other checks received were \$2,364.40 representing first payment of 1934 wheat checks, while second payment of 1933 wheat checks amounting to \$639.30 brought the total amount received Friday and Saturday to \$37,939.67.

#### LIONS WIN FROM HIWAY CREW 14-10

FIRST GAME OF SEASON IN SOFT BALL SHOWS POTENTIAL STARS.

In the first soft-ball game of the season, played Tuesday afternoon on the Junior High School diamond, between the Lions club and the Hiway, much encouragement was seen for probable valuable stars, stated N. L. Thomas, manager of the Lions team. Y. A. Rankin managed the Hiway crew.

The Lions poured it on the Hiway gang to the tune of 14-10, with the aid of three home runs, one by Merchant and two by Thomas, while McCary clouted out one for Rankin's devoted followers.

In the seven inning game the batteries were: Lions, McHenry Lane and N. L. Thomas; Hiway, Allen Hockett and Jake Rhode.

Lane is reputed to be a fast pitcher, while Dr. A. W. Hicks shows great promise of being a roaring Lion throughout the season, since his own statement was, "I received more hits Tuesday than I did all last season." Doc was up four times and received four hits.

Both teams needs more practice the managers stated, but as the season progresses they will come out of the kinks to make other teams sit up and take notice.

Mr. and Mrs. W. C. Stewart spent Thursday in Amarillo.

#### Donley Allowed 7,000 More Acres in Plan

According to H. M. Breedlove, county agent, an additional allotment of 7,000 acres has been made to the Donley county soil erosion program.

This amount of acreage is assigned for land which has not been listed, and where top soil is being blown away.

It is stated that producers must sign up before Tuesday and they must begin listing at once and work each day until the work is completed.

This is probably the last allotment Donley county will receive on this program whereby producers are allowed 10c per acre for listing to prevent soil erosion.

#### DEATH CLAIMS MRS. PHOEBE K. WARNER

BURIAL RITES OF PIONEER PANHANDLE WOMAN AT CLAUDE TODAY.

Messages of eulogy and condolence poured into the family of Mrs. Phoebe K. Warner, the "Little Brown Wren of the Panhandle," who was claimed by death Tuesday night at her home in Claude.

Hundreds passed through the Griggs Funeral Chapel at Amarillo where the body lay in state from 11 until 3 o'clock Tuesday, and scores of calls were answered concerning funeral arrangements.

Simple services were conducted at 4 o'clock this afternoon from the Claude Methodist Church, in which Mrs. Warner held membership. Rev. John T. Crow, pastor, read the rites, assisted by Rev. B. W. Wilkins, former pastor of the church.

One of the most beloved characters in West Texas, Mrs. Warner was nationally known for her endeavors to lighten the burden of the farm women. She had lived in Claude for 37 years, coming there in 1897 to wed Dr. William A. Warner, pioneer Armstrong county physician. Dr. Warner died July 31, 1934.

With years of unselfish service to her credit, Mrs. Warner was looked to as a leader in every movement for betterment and building of the Panhandle.

Also among her titles was that of "Poet Laureate of the Plains." Her writings were in constant demand by publishers of leading periodicals and newspapers. She was sought constantly as a speaker.

The pioneer woman first became ill last Thursday when a severe

MRS. PHOEBE K. WARNER

cold developed into pneumonia, but alarm was not felt over her condition until Saturday, when it was pronounced critical. Thereafter she grew steadily weaker despite intermittent rallies.

Greely Warner, a son living at Claude, Miss Kerrick Warner, a daughter, who arrived Tuesday morning from Los Angeles, were

#### Donley Receives More Rain Tuesday Night

Following the .35 to 2 1-2 inches of rain received here Monday morning, Donley county received additional moisture amounting to .75 of an inch Tuesday night and Wednesday morning.

The rain started early Tuesday evening and the precipitation was slow during the remainder of the night until late Wednesday morning.

#### MOVIE DIRECTOR GUEST AT RANCH

J. F. NEWMAN, EL PASO, AC COMPANIES HAL ROACH ON VISIT.

The JA Ranch was again honored with celebrities as guests when Hal Roach, movie director and discoverer of many of the leading stars, and J. F. Newman, director of the Federal Reserve branch bank at El Paso, arrived here by plane Thursday.

Mr. Roach stopped in Clarendon for a short visit and relaxation at the ranch enroute to Hollywood after attending the Kentucky Derby.

The two men were guests of T. D. Hobart while here Thursday and Friday.

W. H. Patrick, guest of the ranch Friday afternoon, was the only Clarendon person to talk with the two distinguished visitors.

Mr. Patrick described Roach as being of ordinary height, heavy set, and of extraordinary intellect.

His many tours, according to Mr. Patrick, made his conversation savory. Not once, did he speak of Hollywood, but rather chose to discuss politics.

Dr. B. L. Jenkins left this week for Dallas where he joined Mrs. Jenkins, who spent last week there, and both attended the State Medical meeting. Mrs. Jenkins attended the Medical Auxiliary meeting.

#### SOFT BALL SEASON OPENED TUESDAY

at the bedside. Also there were two brothers, Ben Kerrick, Claude, and John Kerrick, El Reno, Oklahoma.

Four other brothers survive her. They are Harrison Kerrick, Colton, Cal., Tom Kerrick, Washburn, Ill., Joe Kerrick, Minonk, Ill., and Henry Kerrick, Bloomington, Ill.

Mrs. Warner had a host of friends in this city, among whom was Mayor Martin and family, former neighbors of Mrs. Warner. Miss Mildred Martin has been in Claude with Mrs. Warner since she was taken ill.

#### DR. NICHOLSON IN INSPIRING TALK

MOTHER'S DAY PROGRAM A SPLENDID SUCCESS. TO BE MADE ANNUAL AFFAIR.

One of the loveliest programs given in Clarendon for some time was the Mother's Day program given on the courthouse lawn Sunday morning, beginning at 8 o'clock, sponsored by the local American Legion Post and Auxiliary and in connection with the churches of the city.

Proceeding the program various selections of music were presented by the band under the direction of C. Sanford Eskridge.

Rev. E. D. Landreth, pastor of the Methodist Church, was master of ceremonies, introducing the speaker for the occasion, Dr. H. E. Nicholson, District Deputy Grand Master of the Masonic Lodge, religious and civic worker of Wheeler. Rev. J. Perry King, pastor of the Baptist Church gave the invocation.

A parade was formed at 9:15, led by the American Legion color bearers, and followed by the Sons of Legionnaires Drum and Bugle Corps.

Other representatives in the parade were the Methodist Church, Presbyterian Church, Apostolic Church, First Christian Church, Church of Christ, Episcopal Church Baptist Church and Nazarene Church.

Dr. Nicholson gave an address on "Medical Science as an Aid to Motherhood," which was well received, and he gave comparative figures to show the death rate at motherhood had been materially reduced in the past twenty years by introduction of medical science to take the place of the old belief that nature should be permitted to take its course.

He also spoke of the beneficial work the American Legion Welfare organization over the United States were performing, and stated the work carried on by the Legion was not centralized in the larger centers by localized wherever there were Legion posts.

#### PALEONTOLOGIST SPEAKS TO LIONS

JOHN LYNCH TELLS OF AGES OF WORLD DATING BACK 100,000,00 YEARS.

At the Lions regular Tuesday luncheon, John Lynch, paleontologist of the American Museum of Natural History, presented by Lions Antrobus and Landreth, reviewed his work in connection with fossil hunting for the past six years in Nebraska, Kansas, Oklahoma, New Mexico, and the Texas Panhandle. He also gave the past histories of the different ages, or historical stages, of the world and mammal life during those ages.

Chairman Mulkey of the Crippled Children's Committee announced the Reed child was sufficiently improved at the Oklahoma City hospital to walk on crutches.

Lion Thomas announced a softball game between the Lions Club team and the Hiway team, to be played that afternoon on the Junior High diamond.

President Patman presented charter member chevrons to Lions Porter, Caraway, Bartlett, Mulkey, Chase, Burton, Rathjen and Braswell.

The presiding officer appointed Lions Link, Chase and Rathjen to serve as a committee to select delegates to the State Convention at Temple, June 10-12.

Mr. and Mrs. Mead Halle of Dimmitt visited Sunday and Monday in this city with friends and relatives.

#### RAIN GENERAL IN DONLEY COUNTY

PRECIPITATION VARIES FROM .35 TO 2 1/2 INCHES; TWISTERS ACCOMPANY CLOUD

Following Saturday's high temperature, ominous clouds covered the county and Donley received the first good rainfall of the season. Varying from .35 of an inch to two and one-half inches, the precipitation started early Sunday evening, continuing in some parts of the county all night. The heaviest rainfall, however, was received Monday morning from 7:30 o'clock until 8 o'clock.

Hail, though not large stones, fell over most of the county leaving small damage, if any, in its wake. High winds accompanied the clouds and rainfall and several communities experienced twisters that did no small amount of property damage.

H. T. Colman, Amarillo representative of the U. S. Weather Bureau, stated that the rainfall which the Panhandle received Sunday and Monday was typical of spring showers and probably varied every few feet.

Nevertheless, Donley received good seasoning from the rainfall, though light in spots especially in the vicinity of this city.

Local weather observer Joe Goldston reports precipitation to the amount of .35 of an inch in this city, the heaviest rainfall being from 7:30 until 8 o'clock Monday morning.

Jericho probably received the most moisture of any community in the county. The two and one-half precipitation started early Sunday evening and early Monday morning.

Windy Valley reports one inch of moisture and a small twister at 8:30 o'clock Monday morning which removed the home of Jerome Bowling from the foundation and demolished the barn belonging to Harvey Shaw.

One and one-quarter inches of moisture fell at Ashtola and a twister striking two and one-half miles north of Ashtola Sunday evening at 7 o'clock, completely demolished the home of B. W. Tomlinson, uprooting the trees, killing poultry, and carrying away all barns and outhouses on the premises.

Martin received one-half inch of rainfall and also experienced a twister late Saturday afternoon. The twister struck west of Martin on the Bugbee Livestock and Farm Corporation and devastated a cotton picking shack.

High wind and hail accompanied the one and one-half inches of rainfall which fell in the Chamberlain community and the three quarters of an inch which fell in the vicinity of Lelia Lake.

C. L. Benson stated this week that his farms in the Brice community received ample rainfall, and that water stood in the fields following the one and one-half inch precipitation.

Hedley reports rainfall to the amount of one-half inch Monday.

#### C. Sanford Eskridge Resigns Band Job

C. Sanford Eskridge tendered his resignation as band director this week to band committeemen J. T. Patman, Cap Morris, and R. E. Drennan.

Mr. Eskridge has received a position in the public school at Wink, Texas, and as director of the band in that town.

He will remain in Clarendon until June 1st, providing the committee does not fill the vacated position before that date.

The entire citizenship of Clarendon regrets the resignation of Mr. Eskridge, feeling that he has done much toward building a better band during his stay, however short, in this city.

Mr. and Mrs. Tom Connally, Jr., of Amarillo visited in this city Sunday.

### THE "NAW CLUB"

Bay City Tribune: The other day I listened to a man complain about the Chamber of Commerce, the Rotary Club, the Kiwanis Club, the schools, the city, the newspaper, and everything else as a matter of fact.

"Are you a member of the Chamber of Commerce?" I asked him. "Naw," he replied. "You do not belong to the Rotary Club, do you?" "Naw" again was his reply. "You are not a member of the school board, you don't pay so many taxes do you, in the city or school?" Again his reply was, "Naw."

"Well, I know darned well you don't support your newspaper in any way fashion or form. Yet you want all of these things to function and you don't support them with your membership or your financial assistance. You would not pick out a town without them, would you?" "Naw" again was his reply."

But he wouldn't help those that exist, he would not seek a town without these things in which to leech out a living, yet he expects them all to function just according to his own interpretation. I'll tell you what a man told me once when I was complaining about how this and that was run. He said, "Get in and see what you can do to help it work the way you have it mapped out." I have never forgotten that.

### PUBLICITY IS PUBLIC FUND SAFEGUARD

Judging by the number of investigations that are being made of the expenditures of our state and national officials there is a need for the development of an informed and intelligent citizenship.

The state law requires or permits county clerks, city clerks and other official tax-spending bodies to publish a statement of all claims authorized and ordered paid. The purpose of the law is to acquaint the interested citizens with the expenditures of the various units, to advise them as to just how and for what the tax money is being spent.

It was one of the wisest laws ever enacted from the standpoint of safeguarding public funds and insuring them against waste, extravagance and misuse. When the controlling body knows that it must account publicly for every cent it spends and that every citizen is to be given the opportunity of scrutinizing every item of expenditure, there is a natural tendency to be careful and cautious in the appropriation of funds.

Without any reflection upon anyone, we undertake to say that many unwise expenditures would not have been made had the governing bodies known that the full glare of publicity would be turned upon their monthly claims.—News, Fairbury, Nebraska.

### PLEDGE IS THE PRICE

As a protector of public morals and particularly an encourager of good ones, one newspaper in the United States is in a unique position. This particular one also has arrived at a solution to one of its most vexing problems.

As all newspaper men know, in a small town where everyone knows his neighbors, publication of police news when it deals with local intoxication charges, usually is embarrassing. The Independence (Kansas) "Reporter," confronted with requests that the names of residents of that city who were picked up occasionally for having had a drink too much, be kept out of print, hit upon a fairly successful plan. If it agrees to such individual requests, a pledge of future sobriety must be signed by the culprit, if the case is one of a first offender.

The pledge is not considered an exceptionally impossible one to keep. Its wording is such as to make the signer agree to do his best to keep away from liquor in the future, with the understanding that in event he should break the pledge the newspaper is released from any further obligation to refrain from publishing his name.

Out of slightly more than 100 signers of the pledge, only three have broken it, according to reports from the publisher, who believes that he has hit upon a plan that is of assistance to those who are inclined to be too sorely tempted by liquor. At the same time he has saved his newspaper from requests that are annoying. Also the community is the gainer all around, and the newspaper has done a nice piece of social work that entitles it to a little praise.—Press Citizen, Iowa City, Iowa.

### HOW FAR WILL TAX-RIDDEN PUBLIC STAND?

For a great many years a large part of the public has looked with dread to the appearance of Federal income tax day. Individuals and industries were forced to turn in to the treasury vast sums that might otherwise have been used for investment, building, and the creation of employment.

Now the citizens of the country don't face merely one income tax day—millions of them face two and even three. In the city of New York, for example, residents must pay the federal income tax, a state income tax, and finally a municipal income tax. A similar situation is met by the citizens of New Castle county, Delaware, which is now levying a county income tax, in addition to the state and federal taxes, as a means of financing relief expenses.

The aim of legislation in these days seems to be to pile as many taxes on top of taxes as a long-suffering public will stand. The upshot is that the tax collector, in many cases, is receiving all the surplus a business or an individual earns. There is no money left for investment, for home construction, for industrial expansion. And the cause of recovery suffers accordingly.

One wonders how much longer the public's patience will last. America is becoming one of the most tax-ridden nations on earth—and only an aggressive, informed and active public movement against exorbitantly expensive government can save us from eventual tax bankruptcy.

### THE TAX EXEMPTION FALLACY

The surest way to achieve tax reduction would be to spread the burden evenly, based on the capacity to pay—without exemptions.

Tax exemption for persons with incomes in the lower brackets has long fooled a substantial part of the public into believing it is not taxed at all. It creates the idea that the cost of government is being borne by wealthy individuals and by big businesses.

No idea, no belief, could be less justified. There aren't that many wealthy individuals—and there aren't that many big businesses. The great part of the cost of government—federal, state, county and municipal—is paid by the people who think they are tax exempt. Instead of paying their money direct to the tax collector's office, they pay it indirectly in higher rents, more expensive food, clothing and entertainment and everything else. That big business which is so highly taxed, for example, is the business you patronize when you buy groceries or shoes or insurance or transportation or something of the kind—and the cost of the commodity or service includes the taxes the business pays. In other words, the business simply acts the middleman—it collects money from you and passes it on to government.

Today the tax problem is an intensely personal issue to every American. It stands in the way of employment, of wage increases, of industrial expansion, of productive investment. It is a barrier to recovery. It is going to become a bigger problem every year until the millions of wage-earners realize how vital its solution is to their well-being and their future.—Republican-Leader, Salem, Indiana.

The hotel room door cards, reading "Stop! Have You Forgotten Anything?" have caused many a guest to chase back after another hotel towel and bar of soap, notes the Altoona Tribune.

## ONE DECADE OF SERVICE

Only one decade has passed since a unified plan of electrical development was inaugurated for West Texas. The West Texas Utilities Company pioneered in this development in 49 West Texas Counties and now serves 159 towns and communities. Many of these towns have for the first time dependable and adequate electric service and many without immediate hope of electric service were enabled to procure such service.

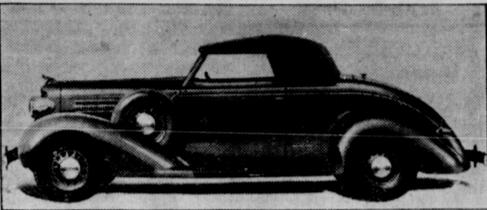

The results of this well-planned and unified system of electrical development has made possible economies in operation through a closely correlated and experienced management. Rates have been reduced over 60 per cent since the organization of this company.

This company realizes the importance of electric service in the home today. It reasonably anticipates a far greater service in the future. Every plan of company operation is guided not only by immediate needs but by the potentialities for tomorrow. The policies that this company has adhered to in the past of building and of reducing rates can be continued with the co-operative efforts of its valued customers.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

A just announced addition to the popular Dodge line is the 116" wheelbase convertible coupe shown above. One of the features of the new, low-priced model is its novel body construction. The body has a separate steel frame which, adding its own strength to that of the regular chassis frame, is said to safeguard the so-called Dodge "Airslide Ride."

Refreshments were served by the hostess.

The seniors of Lelia Lake had their Baccalaureate sermon at the Baptist Church on May 12, 1935. The choir was composed of the juniors and a few ex-students. Reverend Gully opened the service by leading the invocation. The choir then gave several beautiful songs, and Reverend King of Clarendon addressed the congregation. After his very interesting sermon the seniors went to Clarendon. There Mr. and Mrs. Jones entertained them with a luncheon at the Antro Hotel. All the seniors enjoyed this day very much.

Monday night, May 13, was Class Night with the seniors of Lelia Lake High School. When the curtain went up the audience was surprised to see a group of young people having a picnic rather than a group of dignified seniors giving a program. However these "picknickers" decided to practice for their class night and so everyone got to hear and see what they were planning to have. Some of the numbers the seniors gave were a class history, a class will, census, statistics, fortune, pessimist speech, optimist speech and a class prophecy.

After these exercises were over all the senior girls and the senior sponsor went home with Virginia Williams for a slumber party or rather a "slumberless" party.

## "DUB SHOTS"

DICK COOK

In keeping with the promise of more interesting golf matches and tournaments this summer, the club staged a bling bogey tournament Sunday. Played under handicap rules, every entry had an equal chance for the prizes. Shooting 82s with a 15 handicap, Wesley Knorpp, and Slim Parsons tied for low net with 67s.

Those winning balls were Billie Cooke, Frank Whitlock, George Carter, Milus Little, and Byrum Haille.

With the dates for the City Tournament set for the third week in June, the club officials hope for a bigger and faster event this year. The late dates offer the business men time to get in a round or two after closing time, and the added practice will make a big difference in their scores.

By not knowing his own strength, O. C. Watson, Jr., gave the rules committee something to think about the other day when his second shot on number one stopped in the canyon on number four.

And speaking of rules, at the meeting the other night the following rules were adopted: All roads are roughs, player may ground his club, but in no way improve his lie. When a ball is in a position where it may in any way cause injury to a tree when the next shot is played, player may (and is requested to) drop the ball over his shoulder, away from the tree, but no nearer the hole, without penalty.

And still speaking of rules, you golfers in Clarendon should pay more attention to them in your everyday games. Its a very bad habit not to, for some day you may play someone who objects to your habits in the rough and traps, and then you will have to play a shot that you have never practised.

A perfect example of golfing determination—U. J. Boston. A year or two ago Mr. Boston gave up golf every day, but always was back the next day. Not long ago he had a perfect par 36 on the course, and in the late 30s regularly.

The golf club and members wish to express their sympathy for golfers Otus, and Joe, and the entire Jackson family.

The tournament committee has not announced the plans for the play Sunday, only in effect that it will be interesting and in keeping with the promise of everybody having a chance to win, and

## Sunnyview to Present Play at Chamberlain

A group of citizens from the Sunnyview community will present "Allie Daffodil," a three-act comedy, on Friday evening at 8:15 in the Chamberlain community.

The play was presented last Friday evening at Sunnyview as a means to heighten interest in community affairs and bring the community to a closer understanding; it experienced such unheralded success at its first presentation, that Chamberlain has requested a presentation of the comedy.

Members of the cast include Mrs. George Roberts, society climber, Pauline Brame; Frances Roberts, an old maid daughter, Pauline Riley; Cherry Reagan, "The Allie Daffodil," Mildred Brame; Adeline Stone, Roberts' partner in the mouse trap business, Erna Fay Moreland; Lucette, French maid, Dorothy Riley; Venigence, a colored maid, Mrs. Paul Smith; George Roberts, Riley's son; Larrie Roberts, the son, Thomas Clayton; Pat Reagan, soap manufacturer, Russell Tunnell; and Rumpus Riot, colored man, Paul Smith.

The play has its setting in the home of Mrs. Roberts, who has recently experienced a turn in financial affairs through her mouse trap business. Soon after the Roberts family acquire their fortune, they sail for Europe leaving all friends of the slums behind.

The plot of the play heightens when Cherry Regan, daughter of the soap manufacturer is shunned by the Roberts family when she arrives to visit her one time old friend. However, masquerading as Adeline Stone, she eventually visits the Roberts family, while Adeline Stone plays the role of the soap maker's daughter.

The play, under the direction of Dave Waldron and Thomas Clayton, promises much entertainment for all who wish to see the performance Friday evening. Admission will be 5 and 10 cents.

## Art Club Garden Tea Loveliest of Season

The most outstanding social event of the season was given Thursday afternoon when the Senior Les Beaux Arts Club entertained with their annual garden party at the beautiful College Hill home of Mrs. J. W. Evans.

Receiving the guests were Mrs. J. W. Evans, hostess, Mrs. Walter Taylor, past president; Mrs. L. S. Bagby, incoming president. A bower of Kaiserine roses was the background for the receiving line. Baskets and bouquets of pink Radiant roses covered the mantel and formed a fire-side screen. Accentuating the color motif of the club, a profusion of yellow and white daisies in baskets and crystal bowls adorned the entertaining suite.

Mock orange blossoms, peonies, poppies, ferns, roses of many varieties, Tamarix, and bridal wreath further enhanced the splendor of the setting.

Mesdames J. D. Swift and T. H. Peebles were reception room hostesses.

The program for the afternoon consisted of lectures and slides of beautiful and well-arranged gardens of the world. Miss Mary Howren, who has traveled extensively in European countries, presented the slides and the lecture which was supplemented by Mesdames Sella Gentry, C. B. McCanne, George Ryan, and Miss Anna Moores, all of whom discussed gardens of unusual beauty which they had viewed abroad.

The room where the pictures were shown was decorated with bouquets and baskets of flowers. The screen flanked on each side by large ferns, was bordered with a lattice entwined with roses and daisies and was beautiful with a base of spring flowers. Birds, gave the garden scene a realistic effect.

The dining room was lighted by yellow tapers in three tier candelabra. The table was laid with Irish lace over green and a Japanese garden scene, fashioned with a border of honeysuckle, roses and Tamarix and with miniature Japanese dolls, rustic bridges, ponds, and pagodas, was on a reflector in the center.

Mesdames M. R. Allensworth, Chas. Trent, W. H. Patrick, and Miss Anna Moores assisted Mrs. W. G. Word, dining room hostess, in serving the guests.

Bouquets of iris were used in adorning the room where four rubbers of bridge were played. Mrs. Ross Scott received high score and Mrs. Wylie Carmichael was winner of the consolation prize.

A salad course was served to Mesdames Keith Stegall, A. L. Chase, W. E. Carmichael, Barney Brady, Will Johnson, Bill Herndon, W. J. Close, Carl Adams, Hecker Stark, G. O. Wright, and the hostess, Mrs. Brents.

Mrs. Ruth Teat, representative of the club at the District meeting held recently at Shamrock, gave an interesting report of District activities.

Plans were completed for a picnic to be held at the next meeting date of the club.

A lovely one o'clock luncheon was served from beautifully appointed tables where blue garden blowers were used as centerpieces. Flowers of the season decorated the entertaining suite and in the games of bridge, Mrs. A. R. Letts cut for high score award and Mrs. J. L. McMurtry was winner of the low score prize.

## Patching Family Hold Reunion

The children and grandchildren of Mr. and Mrs. F. G. Patching surprised the couple on Mother's Day with a family reunion at the Patching home in this city.

The entire family was present for the joyous occasion and each brought a covered dish and a sumptuous luncheon was enjoyed at noon.

Lovely Mother's Day gifts were presented Mrs. Patching by her children and grandchildren.

Members of the family present were the honor guests, Mr. and Mrs. F. G. Patching of this city; Mr. and Mrs. Bill Patching and daughter of Tulsa; Mr. and Mrs. Edgar Patching and children of Happy; Mr. and Mrs. Fred Patching and daughter of Goodnight; Mr. and Mrs. John Harris and boy of McLean; Mr. and Mrs. C. L. Craig and daughter of Amarillo; and Miss Eva Patching of Amarillo.

## Sophomores Have Enjoyable Picnic

About thirty sophomore students, accompanied by Miss Howren, Mr. and Mrs. Kerby, and Mr. Drennan, drove to Word's Ranch in a large truck and cars last Friday afternoon for the last class picnic of the school year.

Riding a leaky boat on the pretty lake was the chief diversion of the afternoon, but a few exciting accidents kept some of the Sophs on land.

Frances Fowler was disappointed because the deer would not come close enough to pet, and Lillie Jewel Barns and Dessie Barnard enjoyed themselves—for a while—eating green apples picked for them by Charlie Murphy.

Jesse Cornell almost got lost, but Jo Ann Thompson succeeded in finding him. Virginia Butler seemed to find a new interest in the picnic when she found Charlie Word had come along. Reba Nichols' spirits were dampened when the water flooded into the boat too fast for an easy conscience. All in all everybody had a grand time, especially when it came time to eat.

## Juniors Enjoy Picnic Friday

The members of the junior class enjoyed a picnic at Troublesome on Friday afternoon, May 10. Leaving after school was out, the class body traveled by truck to the picnic grounds. The greater part of the afternoon was spent in hiking and in exploring the canyons above the waterfall.

An abundance of picnic supper was spread out at dusk and was soon diminished to a pile of papers and banana peels by the hungry juniors. Before dark, the trucks had started back toward town, dropping the tired but happy juniors at their homes at about seven-thirty.

About twenty students and the sponsors, Miss Hall, Miss Parten, and Mr. and Mrs. H. T. Burter attended this outing.

## Ranch Club Is Entertained

The Gorge and Chatter Ranch Club was entertained at the Wylie Morris home in West Clarendon Tuesday evening. Frances (Toots) Morris was hostess.

After a delightful evening of ranch chatter, dominoes, bridge, and dancing, chuck was served to Misses Margaret Blackwell, Helen Rodgers, Lucile Wright, Isabelle Wright, and Mesdames Bill Herndon and Tom Blasingame, and Cowboys Shy Johnson, Snooks Sparks, Bud Long, George Smith, Henry Rowden, Clarence Bairfield, Pete Morris, and Bill Herndon.

The menu included roast beef and brown gravy, pear, potatoes, hot rolls, salad, ice cream, cookies, and tea.

## Mrs. Turnbow Honors Son and Niece

Mrs. J. B. Turnbow of the Martin community entertained Sunday honoring her son, Royce, on the occasion of his birthday and her niece, Miss Christine Lamkin, who is leaving this city soon to make her home in Roswell, New Mexico.

The hostess served a sumptuous dinner to the guests, and the afternoon was spent in kodaking.

Participating were Misses Mildred Self, Hazel Self, Hivana Stroepe, Christine Lamkin, and Messrs. Harold Hams, Royce Turnbow, J. R. Cox, and Lloyd Risley.

## Virginia Cluck Is Hostess

Virginia Cluck entertained a number of her friends with a dance last Saturday evening. The rooms were decorated with beautiful home-grown red and white roses.

Dancing to phonograph and radio music was enjoyed until nearly midnight, when the party began to break up after the serving of delicious punch.

Those enjoying this affair were: Misses Sarah Virginia McGowen, Avis Lee McElvany, Laverne McMurtry, Tillie Pratt, Anna Moores Swift, Frances Sanford, Peggy Taylor, Peggy Word, Pete Powell, Marilyn Teer, Geraldine Pratt, Mary Francis Powell, and Eugenia Noland.

Messrs. Bob Boston, Harold McDaniel, Arthur Chase, Bob Word, Billy Walker, Price Whitlock, Nickey Stewart, Charlie Murphy, Willard Skelton, Ardis Patman, Willard Hudson, Sam Barrow, Wesley Powell, Drew Wilkerson, Alex Cook, and Robert Nichols.

## Lawler Children Have Party

Participating were little Misses Naomi Morris, Cassandra Morris, Bobby Jo, LaFon, Charlotte Ann Tombs, Margaret Faye Wads-

worth, Aileen Kutch, Betty Jo Bain, Edna Jo Kutch, and Messrs. Basil Kirtley, Raymond Harp, Lewis Chamberlain, Junior Cooper, and the hostesses, little Misses Lawler.

### APPRECIATION

With the compiling of these articles, the last issue of the school page goes to press. The editors wish to express their sincere gratitude to Mr. Braswell for so generously donating this space to students of high school and college, and junior high school. We feel that those interested in public schools have had a true insight on school affairs through this medium, and also that the writers of these news articles have gained valuable experience in this literary field.

As school nears a close all students, and especially seniors, are beginning to think about what they will do after they have finished school. This is a universal question among students from the time they enter high school until they finish. "Shall I go to college? Shall I go at once into business? What occupation should I follow?" These are only a few of the difficulties which confront the young men and women of high school age.

In the past weeks a group has been engaged in advertising Clarendon Junior College. Clarendon is extremely fortunate in having a junior college and students should realize their good fortune in being able to attend. The school has a rating as high as any small college. A student leaving this school may enter any college as a junior. Clarendon youths should never grumble because they have to attend college at home; they should be thankful for the advantages offered.

It is much less expensive to attend Clarendon Junior College. A freshman has an easier time in a junior college than in a university, and every student in a small college receives more individual attention than in a senior college. For these and many other reasons Clarendon students should attend Clarendon College.

### COMMENCEMENT RECITAL TO BE GIVEN WEDNESDAY

Miss Elizabeth Powell will present her pupils in a recital Wednesday, May 22, at 8:00 o'clock p. m. in the college auditorium. She will be assisted by Mr. E. O. Bone who will present several of his voice pupils and the Junior High School Choral Club.

The numbers of the program will be of a varied nature, and there will be a number of ensemble numbers, duets, duos, and quartettes. Mrs. Powell and Mr. Bone invite the general public to be present at this commencement recital.

### Socrates of Sports

Being informed by Chief Editor Chase and his most beautiful (nuts) assistant, Lady Mayfield, that this was the last wind-up as far as old Socrates was concerned, the aforementioned S. S. decided that he had better contribute to the grand finale of The Broncho Range for 1935.

Sports news is almost as rare as frog feathers, but Prof. Allison is seriously contemplating a big fishing trip when school is out, which incidentally isn't far away. Colonel Reavis, accompanied by Lieutenant McCleskey took a few cuts one day last week to journey to Lelia Lake for a fling at fishing. The boys, being quite honest and somewhat modest, reported that one fellow who had been fishing for about three weeks caught a four inch catfish that morning. This made the locals quite happy as it was the only fish they saw that day.

## Baccalaureate Sermon Is Sunday At Methodist Church

The programs for all the commencement exercises have been completely arranged. The first service, in which all three graduating classes will participate, will be the Baccalaureate sermon, Sunday, May 19. This service will be held at the First Methodist Church, and the speaker will be the Rev. E. D. Landreth of that church. None of the local churches will hold services at that time, so that all the congregations may attend the Baccalaureate Sermon.

The college graduation exercises will be held Thursday night, May 23, at 8:30 o'clock, in the College Auditorium. The program follows:

Processional  
Clarinet Solo—Hubert Reavis.  
Trumpet Solo—Bill Walker.  
Address—Dr. Bradford Knapp.  
Piano Duo—Delphia Bones and Arthur Chase.  
Presentation of Class—Mr. Drennan.  
Presentation of Diplomas—Mr. Burton.

The high school commencement exercises will be held on May 24, 8:30 o'clock p. m. at the Methodist Church. The program is here printed:

Processional—Delphia Bones.  
Invocation—Rev. J. Perry King.  
Piano Solo—Anna Moores Swift.  
Salutatory—Eloise Hill.  
Piano-Organ Duo—Dorothy Powell and Delphia Bones.  
Valedictory—Avis Lee McElvany.  
Address—Mr. Stuart H. Conrad.

Awards:  
American Legion—Mr. Sloan Baker.  
Pathfinder—Mrs. Tom Goldston.  
Benediction—Rev. J. Perry King.  
Recessional—Delphia Bones.

correspondence course in summer school this year.—At the present rate of progression, the sophomore class of 34-35 will graduate about 1941.—Wanda Mayfield is the best all-around girl in the college graduating class; she is the ugliest; has the biggest feet; is Queen, is school activities editor of the paper, is a debator, is a poor tennis player, and is the most conceited.—The soft-ball league is apt to claim the attention of most of the boys this summer.—Clarendon High School is fairly certain to have floodlights for the Broncho football field next fall.—T. J. Mann will never get rich because he's in the Army now.—E. Watson is leaving for Colorado immediately after school turns out.—Socrates of Sports is none other than the well-known Santa Claus.

The S. S. would like to thank Mr. Braswell for the courtesy he has extended which permitted the Clarendon schools to express themselves this year in the Broncho Range. Also, Soc wishes to speak in behalf of the editorial staff of the school page in voicing their appreciation of the aid which Miss Headrick has given them this year as during the entire five years of the paper's existence. Without her help, the school paper would have been an impossibility. Too, Socrates is mindful of the splendid way in which Mr. Burton and Mr. Drennan managed our schools this year. These men have largely made it possible for many college students to attend school, and too, have developed a good school system for the high school folks. It's good-bye and good luck from the S. S. until next year.

### Senior and College Graduate Converse

Senior: Hello, chick, how did your exam come out.

College Student: English—Oh, pretty stiff, but I think I'll graduate. What I dread is Education tomorrow. Mr. Drennan has been a peach all year—let us college guys chew gum, write notes, and everything, even though it pained him. Dean Drennan is one in a million.

Senior: I bet you're going to hate leaving this old building after five years, aren't you? I'm glad I'm just a senior—I'll have two more years. Mr. Burton was telling me yesterday this was his seventeenth.

Collegian: He may stay seventeen years in one school, but Mr. Burton is a person to be appreciated. And another old-timer that will be with you next year—Miss Harris. She's a good scout.

Senior: As my high school days are over, according to the Alma Mater song, I realize Mr. Allison won't be such a close associate, but I still think he's my friend. A new teacher that has gained lots of favor among the girls is Miss Berry, over at the Home Ec department. And Mr. Hill, the Ag teacher, has been here an even shorter time than she, and he has made good with the boys—coached that winning dairy judging team.

Collegian: I think I never would have learned that advanced math if I had not taken it from Miss Howren—isn't she a perfect instructor?

Senior: That's right, and Mr. Kerby is a keen business teacher—his wife is a personable pal, too—she taught my little sister a bit about economics this year. The Kerby league has been a good thing for the school system.

Collegian: I meant to tell Miss Thornton I enjoyed keeping her English class the time I did. Miss Headrick has been my greatest aid—especially in handing out encouragement while composing articles for the school page.

Senior: This has been the most interesting year I ever spent—because of studying Spanish. Miss Hall gets the idea over, all right, and her experiences make class discussion doubly interesting. Being Palo Duro sponsor has won her lots of friends among the seniors and college students who are members.

Collegian: Miss Parten has been a pip and boost to college students because she sponsored the Alpha Deltans, too. Well, I believe we've run down every teacher up there. Wish they knew how we feel about them.

### STUDENTS AND TEACHERS PLAN VARIED VACATIONS

With the end of school and the beginning of warm weather comes the thought of vacations to be spent away from home, fishing, swimming, sightseeing, and other sports individual to one's liking. The plans of part of the student body and faculty have been obtained.

Miss Harris is looking forward to a restful summer at her home in Austin. Miss Hall has tentative plans for entering the University at Mexico City for a six weeks session, and Miss Howren is planning a vacation in California. Mr. and Mrs. Kerby plan to visit several points of interest in Texas and Colorado, and Mrs. Kerby intends to attend summer school at C. I. A. Denton, as does Miss Berry, who will study home economics at C. I. A. Miss Thornton has hopes of a trip to the Great Lakes. Mr. Allison is eagerly waiting for the time to start on a fishing trip in Colorado.

Christine Lamkin, Ailene Rhodes, and Harild Hams are among the students who will vacation in New Mexico. Jean and Dora Lucille Piercy and Melba Johnson are contemplating a long trip to Oregon and northern California in July. Harold MrDaniel is headed for Kansas; Hivana Stroope will leave immediately for Bristol, Virginia; Grace Hardie is planning a trip to Houston; Sarah McGowan is to take a course in dramatics in Arkansas this summer; LaVerne McMurry is talking about a trip to Quebec, Canada; Mrs. B. F. Kirk will visit relatives in San Angelo, and she and her husband will go on a fishing trip in old Mexico; T. J. Mann leaves this week for Cheyenne, Wyoming, where he will be stationed in an army camp; another student to go to Wyoming is John Howard Gilbert, who has relatives there.

Billie Jo Wilson will move to Erick, Oklahoma, when school is out. Most of the other students are planning to come back to school here next September, after enjoying the summer spent either at home or away.

The last meeting of the Alpha Deltans was celebrated Monday evening with a gala picnic on the McClellan ranch south of Ashetola. About twenty-five members and their guests explored the beautiful hills until seven o'clock, then congregated at a cherry campfire to eat hot dogs, potato chips, pickles, orangeade, doughnuts, cookies, and ice cream.

Homer Estlack, president of Alpha Delta Psi for the past season, presented the sponsor, Miss Parten, with a suitable gift as a token from the society of the deep appreciation of her service and loyalty to them.

Those attending this enjoyable picnic were: Drew Wilkerson, Virginia Cluck, Robert Nichols, Hivana Stroope, Christine Lamkin, Lloyd Risley, Arthur Chase, Delphia Bones, Mary Frances Powell, Rosa Lee Grady, Red Estlack, Ruby Dell Scoggins, Nellie Grady, Wylie Buchanan, Elery Watson, David McCleskey, Hubert Reavis, Billy Walker, Miss Parten, Wanda Mayfield, Jack Hayes, Thayer Acord, Harold Hams, Homer Estlack, Athlyn Drennan, Anna Moores Swift, Peggy Word, and Lou McClellan.

Peeks through a transom: A salesman testing Mr. Drennan's pulse to see if he could stand the shock of an article—Ruth Cornell questioning her boy friend's little brother—Elery Watson trading Chemistry exercises for choice jokes—James Bartlett erasing his name off a hall wall—Ruth Davis telling about a date with a tall blonde.

Has anybody noticed that the last names of five of our thirteen teachers begin with "H"?

Due to the unusually late chilly weather, spring fever has been scarce in school, but during this review week there has been plenty of loafing, laziness, and love-making on the sun-warmed campus.

I guess you heard about the boy who wouldn't let his sister play on the same tennis court with a couple of boys in shorts.

This is the last edition of the Broncho Range; consequently there will be no more Peek-A-Boos. For the sake of next year's readers, we wish for bigger and better columnists with keener minds and more original ideas.

### Peek-A-Boo

By PEEK

This column was not intended for a sick list, but it comes to Peek's attention that Melba Johnson has the mumps, for which she deserves some recognition.

Mr. Burton states that he hopes to find time this summer to get out to the country club for a day or two of fishing.

Avis Lee McElvany is going to have a nice vacation in Prague, Oklahoma, right after school is out, then she's going to have her tonsils out in the same city.

The "New Orleans Grays," organized in 1835, was the first military unit organized on American soil to go to the aid of the settlers who had decided to throw off the yoke of Mexican tyranny. Adolphe Stern, former alcalde of Nacogdoches, outfitted the company of fifty men.

Mr. and Mrs. Bill Greene spent Sunday in Memphis.

Mr. and Mrs. Walter Lewright of Pampa spent Sunday with Mrs. Lewright's father, N. M. Nobles.

LIBRARY NOTES  
(By Mrs. C. A. Burton)

To be conceded by critics the first place among Texas poets is the significant honor given Grace Noll Crowell of Dallas, Texas, can claim about sixty poets who are given occasional recognition by periodicals of merit, but only about six who are professional poets, and of these six Grace Noll Crowell's is best known, her poems being frequently found in the best known magazines of the nation.

She is not only recognized in her own state and nation, but by European countries as well. She has sold more poems to English periodicals than probably all other American poets of the present time. Her volumes of collected verse, "Flame in the Wind," "Silver in the Sun," "Songs for Courage" and others have been almost as popular in England as at home.

Mrs. Crowell was born in a little village in Iowa 57 years ago, and came to Dallas with her husband and three sons in 1919. Her husband, Norman H. Crowell, is a well known writer of articles on hunting and the out-of-doors. In fact, he was considered the writer of the family for five years after their marriage, until after the birth of the first son. But one day he found her hovering over his typewriter, and her first poem was the result—a poem which, for sentimental reasons, has never been published. Soon a second followed for which a magazine paid \$5.00. Others were written and sold, but still she did not consider writing seriously until after the war. Gradually the realization came to her that she had a message for the people who live in America's millions of small, peaceful homes, particularly for the mothers in these homes. The three words which express the appeal of her poems are faith, hope, and courage. Because someone has faith in me, I can not fail, and "I think that God is proud of those who bear a sorrow bravely," express the spirit which has carried inspiration to her many readers.

Only three of the thousands of poems submitted by Mrs. Crowell have failed to be accepted. For the past ten years she has written more than two hundred a year.

"Of Things Texas" is growing in interest for us, and because of this fact we find ourselves quite interested in the announcement of a novel, "Murder in Texas" by Ada Lingo, a mystery story located among the oil fields of West Texas. Ada Lingo is Mrs. Ada L. Hatcher of Waco. She is a pre-medical student at Baylor, having graduated from Texas State College for Women at Denton.

Dr. Nicholas Murray Butler, president of Columbia University, at the annual dinner of the Alumni of the Pulitzer School of Journalism, made announcement of the ten Pulitzer awards on the 6th of this month. These awards represent the highest recognition

in America in these various fields. The prize novel was Josephine Johnson's "Now in November" which carried an award of \$1,000. The prize play was Zake Adkins' "The Old Maid," the best original American play staged in New York, and also carried an award of \$1,000. William H. Taylor of the New York Herald Tribune won the \$1,000 award for the most distinguished example of work by a reporter with his series on the international yacht races off Newport last September, while Arthur Krock, Washington correspondent of the New York Times won the \$500 prize for the finest record as foreign correspondent.

Ross A. Lewis of the Milwaukee Journal took the \$500 award for the best example of a cartoonist's work with his cartoon, "Sure, I'll work both sides" in September, 1934.

Charles McLean Andrews won the \$2,000 history prize with "The Colonial Period of American History" and Dr. Douglas Southall Freeman of Richmond, Va., took the \$1,000 prize for his biography of Robert E. Lee. The poetry prize went to Audrey Werdemann for a volume entitled "Bright Ambush." The Sacramento Bee of Sacramento, Calif., was given the \$500 prize and medal for the most meritorious public service by an American newspaper.

At The First Baptist Church

Fellowship—Service There is always Worship—

The First Baptist Church hails with a great deal of pride and enthusiasm the coming next Sunday which is the culmination of a most successful year's work in our entire school system. Big Chief Burton and his efficient faculty have wrought well. There is not a more royal nor loyal group of people in Clarendon than our school teachers. From the teacher of the beginners to the superintendent of the system, they are unselfish and self-sacrificing to an amazing degree. Hats off to every one of them.

The finished product of any institution exactly measures the institution, hence our splendid graduating classes this year. How lovely they are. As light of foot as a wild doe; as full of vim, vigor and vitality as any class ever graduated. We covet for every one of them life's supreme superlative, which is the Pearl of great price. Christ loves youth. He wants the young, with the strength of youth in their bodies, the fire of hope in their souls, and the swing of victory

O. H. Jackson Dies Saturday Morning

Obe Henry Jackson, 52, passed away at his home in this city Saturday morning at 9:55, following an illness of two years. For the past two years, he had suffered from high blood pressure, but his death was attributed to a paralysis stroke which he suffered ten days prior to his death.

The deceased was a highly respected citizen of this city where he was a resident for ten years. O. H. Jackson was born August 22, 1882 in Lamar county, Alabama, and moved with his family to Texas at the age of ten years. In 1900, he was married to Miss Floy Josephine Tidwell in Bowie county, and eleven years ago, he moved his family to Donley. Of the eleven years the family has resided in Clarendon where they have owned and operated the Jackson Service Station, the first year being spent on a Donley farm.

He became converted at an early age, and placed his faith with the Primitive Baptist Church. Surviving are his widow; two daughters, Mrs. Marie Smith and Mrs. Edith Adams, both of Lakeview; six sons, O. S. of this city, Clarence of the Windy Valley community, J. D. of Amarillo, and Joe, Fred and Ronnie of Clarendon; three sisters, Mrs. Bela Henry of Eldorado, Arkansas; Mrs. Lela Dycus of Texarkana, and Mrs. Vette Clemons of Mena, Arkansas, four brothers, Bert of Commerce, Ed of DeKalb, Fred of Eldorado, Arkansas, and Lon, also of Eldorado; and thirteen grandchildren.

Funeral services were conducted Sunday afternoon at 2:30 o'clock from the First Baptist Church. The Reverend J. Perry King, pastor, read the last rites.

Pallbearers were U. J. Boston, Roy Clayton, Ed Speed, Lee Casey, Lon McCrary, and M. S. Parsons.

in their step. We are expressing the hope that you shall learn early in your careers, that for heart hunger the world offers nothing between two dishes, and for soul thirst, only empty golden cups. The heart is triangular and the world is round. If you crowd the world round world into your hearts there will still be unfilled and unsatisfied corners. The best in life can be found only in Christ. The temples of mammon, the marts of trade, the arenas of fame, and the vanity fairs of frivolity will be vexation of spirit without Christ. Let Him be the guiding Star of your destiny and you shall be happy.

We are delighted with the privilege and opportunity of joining heartily the citizenship of the entire community in the graduating exercises at the Methodist Church Sunday morning. Our Sunday School will dismiss promptly at 10:40 which will give everyone plenty of time to get to the auditorium for the service.
