A SUCCESSFUL CAMPAIGN

One of the most successful subscription campaigns ever to be conducted by this newspaper came to a close Saturday afternoon, after six and one-half weeks of intensive campaigning by the candidates.

To say that we are highly pleased with the results is putting it mildly. More than 500 new subscribers were added to the mailing list during the campaign, in addition to hundreds of renewal subscriptions.

Subscription campaigns of this nature are intended primarily as subscription list builders, and publishers do not expect to realize a profit. Hence, one can more readily realize the gratitude we feel for the untiring efforts put forth by the candidates when it is learned that a very nice profit was realized on the undertaking after all prizes and expenses were paid.

We are especially gratified over the outcome because of the unfavorable conditions under which the campaign was started. Coming at a time of the year when money is very scarce, and in the face of cut-rate subscription prices offered by a competitive newspaper, the campaign still grossed something over 25 per cent more than the last campaign conducted by The News, back in the fabulous days of '29, with a much larger number of both new and renewal subscriptions being received.

There are three reasons for the splendid results of the campaign: (1) The News is the best weekly newspaper circulating in the county, both as to mechanical appearance and content, publishing more good, live news and features; (2) The high-type of candidates participating in the contest and untiring effort put forth by each of them; (3) The fact that the campaign was conducted in a strictly fair and impartial manner, by the best known company of its type in the country, the Liner Circulation Service, with headquarters in Chicago, Ill.

This company, which bears the endorsement of the National Editorial Association, is noted for its clean, high-class campaigns. The campaign manager, Mr. Jack Henseler, is one of the most competent men in this line that has ever been our privilege to meet, and The News management feels no hesitancy in fully endorsing the method in which he handled each and every detail of the entire contest.

We are most grateful to both Mr. Henseler and the contestants for their splendid work. Our most sincere regret is that the first prize could not be awarded to each of the contestants who worked so loyally and faithfully and made of the campaign the splendid success that it was.

Those who get things for nothing never fail to come back for another supply on the same terms.

Time Was No Object

By IRVIN S. COBB

A COLORED man was idling along the sidewalk on the opposite side of the street from where the county jail stood. From a barred window high up in the structure across the way came the voice of a member of his own race:

"Say, nigger," called the unseen speaker. The pedestrian halted and faced about. "What you want?" he demanded. "I want to ax you a question," said the invisible prisoner. "Well, ax it. I's listenin'." "Is you got a watch on you?" "Suttinly I's got a watch on me." "Well, den, what time is it?" "What is time to you?" answered the man in the street, without making any move to fetch forth his watch. "You ain't fixin' to go nowhere!"

WHAT DOES A BANK DO?

It Protects Individual and Commercial Interests. More than anything else—more, even than the assistance it gives in building an estate—A Bank Protects.

Whether it is a dollar deposited, an estate entrusted to its care, or priceless keepsakes and important documents for safekeeping in its vaults, a bank protects.

THE WEALTH IS SHARED

In these days of talk about sharing the wealth, the following quotation from an Associated Press story from Washington should be interesting:

One congressional tax authority figured out a theoretical case to show that under present income and estate tax rates the accumulation of huge fortunes is no longer possible, and even those already in existence eventually will be broken up.

"He took as an example a man with a \$100,000,000 fortune. When that man dies, he said, his tax will be \$67,362,600, leaving an estate of \$32,637,400 to be passed on.

"If it all goes to a single son, who earns an average of 10 per cent a year, his annual income will be \$3,263,740. Out of that he will have to pay an income tax of \$2,434,711. This will leave him \$829,029 a year.

"Assuming that he lives on \$50,000 a year, which the tax authority held would be unlikely, he would add \$15,000,000 to his fortune in 25 years. He would then die with \$48,000,000. The tax would be \$31,000,000 and the one-time fortune of \$100,000,000 would be down to \$17,000,000."

VISION!

The secret of achievement is a clear vision of a goal. Something definite at which to aim. The clearer the vision the more certainty of accomplishments. If one has such a vision clearly and vividly stamped upon his mind it tends to fire ambition to the end that every energy is directed toward the achievement of a goal. When one's vision of a goal is obscure or imperfect, effort toward its achievement will be half-hearted and scattering. This is the reason some individuals seem to go straight towards what they want and others seem never to get started.—Enterprise, Mansfield, La.

A DOLLAR

An exchange has this to say about a dollar: "A dollar is something the average business man enjoys more in anticipation than in realization. It is the price of a day's work for some men and the price of a drink for others. It is what the good wife frequently needs, but seldom has. It is the power that makes or unmakes men. It is the hardest thing to get and the easiest thing to get rid of known to mankind. It is a blessing in a small measure and a curse in many instances. No man ever had more than he wanted and no man ever will. A dollar is a delusion, and all of us are chasing the delusion."

Odd But True By Anderson

DUB SHOTS (By DICK COOKE)

To the tournament committee, Mr. Patman and Mr. Kerbow, go my most humble apologies. I find they had nothing to do with changing the play of last Sunday week of which this column subjected them to criticism. But no criticism was meant—in fact the committee has always done splendid work, and above all tried to please the membership as a whole.

And now enters disgruntled golfers voicing protests against eighties on Sundays. I am guilty of that charge, too, and I am willing to admit it's a bad, selfish custom, and I am also willing to play only in foursomes in the future. However, nothing will be done about this practice as matters pertaining to rules and privileges of playing should be discussed and settled at meetings, and as it developed last Thursday night, only a handful of players were sufficiently interested to attend the meeting. In fact not enough golfers assembled to form a quorum.

Ira Merchant, short game artist, returned from the coast Thursday and will be in the thick of the fray when the first guns are fired in the city tourney which will open Sunday. Merchant says he has kept in form on the grass in California.

After an absence of several years, genial Dr. Harter returned to the links and chose for his playing partner Coca Cola Magistrate Ed Phelan. No record of the scores were available, but if the time spent of the round indicates anything, the scores should have been good.

Dude Gentry, who says he is making his final bid for the city crown, served notice of honest intentions when he blazed his way around nine holes in 32 to equal

Poultry And Egg Shipments Increase

Austin, May 6.—Poultry and egg shipments from Texas to interstate points during March increased sharply over the corresponding month last year, according to the University of Texas Bureau of Business Research. Shipments totaled 187 cars against only 76 cars last year, an increase of 160 per cent. The gain was entirely in egg shipments, the bureau's report said. Poultry shipments of 47 cars were 7 cars less than the 54 cars shipped last year. On the other hand there were 149 cars of eggs shipped out of the state against only 22 in March last year. No eggs were received in Texas from other states, whereas last year three cars were brought in, all from Kansas.

Open Letter From Candidates

Monday, April 27th, 1936.

Mr. Fred Williams, The Clarendon News, Clarendon, Texas.

Dear Sir:

We, the undersigned active candidates in The Clarendon News' "Weekly-Payroll" Subscription Campaign, have as of this date, checked our individual subscription records, up to the close of the "second period" of the campaign, and we are satisfied that they are correct in every respect.

Mr. Henseler has been fair and honest in all his dealings with us and has advised us to be the same in our dealings with others. He has lent his support in such a manner that we believe to be impartial to all.

Mr Henseler has advised us against spending any of our own money in this campaign and has instructed us to WORK and WIN honestly.

We are entirely satisfied with the co-operation of Mr. and Mrs. Henseler.

Yours sincerely,

See Tangible Results From Newspaper Ads

Tangible evidence that the Continental Oil Company's heavy use of newspaper space in its marketing territory during 1935 was a sound advertising move is indicated in the figures of the company's annual report for 1935 just issued.

These show that the company increased the volume of its general business as well as its profits, and that it enjoyed a notable gain in the sales of its patented "germ-processed" motor oils. This product, which was especially stressed in the company's advertising, had an increase in sales of over 14 per cent, in comparison with the figures for the previous year. Continental recently announced that it would again expend the larger part of its 1936 advertising appropriation for newspaper space.

Eat up distance, but not your bearings Get alloyed oil . . . and you'll get the difference

Ask your wife. The least little heat makes smoke out of some of the oily substances she puts in her frying pan. They vanish double quick, while others stay put.

That's the sort of difference your hilliest hot-weather drive will show you in Germ Processed, the alloyed oil. Patented.

It not only stays up around "Full," but stays right up in every working surface of your engine. Yes, the pistons, cylinders, valve gear, and any types of bearings ever used, can really take in this alloyed oil. You might say they become lastingly, smoothly "oil-glazed."

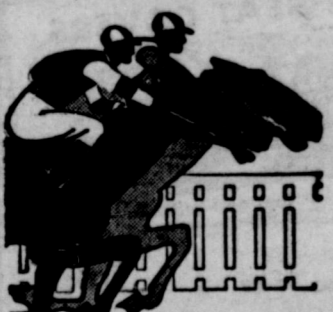

And you can see that this added sleek oil-surfacing, together with the high-durability Germ Processed oil-film, easily doubles your guard against summer grief. Now when you want to go farthest fastest, get Conoco Germ Processed oil—the alloyed oil. Continental Oil Company.

3,438 Bales Cotton Consumed In Texas In Month Of March

Austin, May 6.—Total Texas consumption of cotton, as reported by 12 cotton mills of the state, for March, was 3,438 bales, a gain of 8.4 per cent above February and 58 per cent above March, 1935, according to the University of Texas Bureau of Business Research. Consumption during the first quarter of 1936, 9,387 bales, was 41 per cent above the corresponding period last year. Production of cloth was 7.1 per cent above the previous month, 30.5 per cent above March last year and 20.2 per cent over the first quarter last year. Sales rose

Austin, May 6.—A statement this week by the director of the Old Age Assistance Commission revealed a fact that will mean thousands of dollars to state taxpayers and old folks in the Texas plan for helping needy aged.

"A large part, if not all, of the cost of administering the old age pension law in Texas will be paid by the federal government," Executive Director Orville S. Carpenter said.

Social Security Board officials told Mr. Carpenter they anticipated that many of the states receiving federal aid will be able to pay a large part of their operation costs out of the federal allotment for administrative expense, thereby leaving most of the state funds to be spent for old age assistance.

"After determining the amount to be granted a state for the payment of old age assistance, the federal government adds five per cent of this amount to the check for administrative expenses in that particular state," Mr. Carpenter explained. "The entire federal expense allotment may be used before any state funds are spent for this purpose."

Present estimates indicate that this amount will be sufficient to pay a large part, if not all, of the ordinary running expenses of the commission after all the applications have been received and acted upon so that probably the entire administrative cost to the state will be only the initial expense of setting up the Texas organization and receiving and checking applications.

Mrs. AAA—"How do you like your new electric washer?" Mrs. IVA—"Not so good. Every Saturday night when I get into the thing and start to take a bath those paddle arrangements knock me off my feet."

13.5 per cent over February and 70.3 per cent over March last year. Sales for the first quarter of 1936 were 44.5 per cent over the like period last year. Unfilled orders on March 31 were up 3 per cent from the preceding month and 19.7 per cent above the corresponding late a year ago.

Wins Cuba Trip

Geo. B. Bagby, well known life insurance man of Clarendon, Texas, and the Panhandle of Texas, will leave for a trip to New Orleans and Havana, Cuba, on May 8. He will be a guest of the United Fidelity Life Insurance Company of Dallas, Texas, which company he has represented for some time. Mrs. L. S. Bagby, his mother, will accompany him on the trip.

Mr. Bagby was awarded this trip as a prize in a production contest staged during the past several months, and not only led the entire agency force of six hundred agents in production during the contest period, but doubled the quota required to make the trip.

They will sail on May 9 from New Orleans on the S. S. Tivives. Never since signing his contract with the United Fidelity has Mr. Bagby failed to qualify for any trip offered by the company, and he has won first prize in every production contest held by them during his connection with the company. He has had, as a guest of the company, several trips to Galveston, a trip to Old Mexico, a water trip to New York City with a stop-over in Miami and returned by rail through Washington and St. Louis. This year, however, Mr. Bagby was more enthusiastic than

ever about his prize vacation, which will include, besides a stop-over in New Orleans and the ocean voyage, a week in Havana, the Paris of the Western Hemisphere.

Since this is his initial visit to Cuba, he realizes that there will be many unusual, fascinating and educational things to see and do. He expects to make inland tours and see the great sugar plantations, and will visit the nationally known Romeo and Juliet cigar factory where, until a year or so ago, a man sat in the middle of a huge room and read the current events from the daily newspapers in a loud voice to the workers. Now, a radio has taken this man's place, and the workers are pleased with the change, since it offers a greater variety of entertainment.

Mr. Bagby has the distinction of having been the company's leading producer every year since

THANKS FRIENDS

I want to thank all my friends who helped me during the campaign.

Mr. and Mrs. J. T. Sims, Jr., of Pampa were in Clarendon Sunday to attend the funeral of William R. Zachry.

He has been with the United Fidelity Life Insurance Company, and has maintained the remarkable average of writing one application for every working day in the year throughout this period.

His recognition as a life underwriter became national when the Insurance Salesman, a magazine published in Indianapolis, Indiana, selected him as one of the 50 largest producers of life insurance in the United States.

Building Permits Show Large Gain In March Over '35

Austin, May 6.—Reports to the University of Texas Bureau of Business Research from 35 Texas cities showed total building permits for March aggregating \$6,574,000 in value, representing an increase over March last year of 269 per cent. For the first three months permits totaled in value \$18,378,000, an increase over the corresponding period last year of 158 per cent. Cities showing increases both over March and over the first quarter last year were Abilene, Amarillo, Beaumont, Corpus Christi, Dallas, Del Rio, El Paso, Fort Worth, Houston, Lubbock, Marshall, Port Arthur, San Angelo, and Tule.

TEST

TERRAPLANE

against the best any other low priced car can do!"

Drive as many of the other low priced cars as you care to . . . particularly the other three leading "makes." Then take a "Discovery Drive" in a Terraplane.

You will find very little difference in price for the model you want . . . but a big difference in what you get for what you pay.

JUDGE STYLE—Terraplane against the other three, with the only 1936 design that is entirely new.

CHECK SIZE AND ROOM—Full 115-inch wheelbase in Terraplane . . . up to 3 inches more than the others. And 145 cubic feet of inside space . . . more head room, leg room, seating room.

TEST EASE OF HANDLING—Something brand new here . . . Tru-Line Steering and Radial Safety Control, patent applied for. Exclusive in Terraplane.

TRY RIDING COMFORT—Terraplane's Rhythmic Ride, against the ride you get in any other low priced car.

CHECK PERFORMANCE—88 or 100 horsepower in a Terraplane . . . 3 to 9 more

than any of the other three leaders. More power per ton, and smoothness no other low priced car approaches.

TEST BRAKES—Terraplane is the only low priced car with latest, finest hydraulics, and a separate safety braking system operating from the same brake pedal if ever needed. Plus a third braking system from the easy handling parking brake.

MEASURE SAFETY—Only Terraplane, of the leading four, has a body all of steel with solid, seamless steel roof.

COMPARE ECONOMY—Terraplane averaged 23.95 miles per gallon in the Los Angeles-Yosemite Economy Run, with 3 passengers and baggage—with no coasting.

CONSIDER RUGGEDNESS—We'll show you owner records of 125,000, 150,000 miles and up. Ask any other low priced car to match them.

Just come in and say, "Show me." We'll back Terraplane . . . every time.

LIBRARY NOTES

(By Mrs. C. A. Burton)

Mrs. Carl Bennett came in the other day and gave us several wee books for wee people which her small son had outgrown and already they are in the hands of other children who are enjoying them. And Mrs. Ben Tom Prewett brought us four books from her own library for "grown-ups." If all our friends would do likewise, think what it would mean to the library. So many of your shelves contain books which you have read and they will not be read again unless you pass them on to us. We are in a state of "amiable receptivity."

Those who have read and loved "The Magnificent Obsession" and "Forgive Us Our Trespasses" by Lloyd G. Douglas will be glad we have his Christmas story, "Precious Jeopardy." It is an inspirational story, as are all of his. A business man has lost so heavily through the depression that he old Longan.

Mrs. Johnson who recently moved here from Conway spent Saturday night with her daughter, Mrs. Hubert Johnson.

Several from here spent the week-end at Childress fishing.

Otha Kewitz spent Saturday night with Larse Arnold.

Mr. and Mrs. Bill Meadows were dinner guests of Mr. and Mrs. Lloyd Moreland Sunday.

Mary Ella Williams spent the week-end with Lora Jean Meaders.

The young people are practicing the play "Aunt Emma Sees It Through" to be given May 21, the closing of the school.

Mr. Luther Barnes and friend from Memphis visited at the J. M. Potter home Monday.

Mr. and Mrs. Mace Trout and children from Borger spent the week-end with Mr. and Mrs. Bill Hardin. They all went fishing at Childress.

Mrs. Stone had one of her best milch cows die Tuesday probably from Cucklebur poisoning.

J. A. Meaders had a telephone installed in his home this week.

J. T. Stone accompanied Jacob Goldston to Childress Saturday.

ASHTOLA

(By Vera Barker)

Mary Frances Dewey entertained a number of her friends in her home Sunday. Those to enjoy the delicious dinner served were Robert Graham, Marvin and M. L. Baker, Geneva Collier, Eileen Rhoades, Theda Parker, Viola Parker, Mr. and Mrs. Hubert Rhoades, Willa and Helena Poovey, Wilma Lee Brown, Keith Swinburne, Mrs. Kinchee and Bill Wright of Conway, Vera Barker, Jessie Tomlinson, Christine Knox, Mrs. M. S. Swinburne, Laura Mae Harp, Margaret Reavis, and Inetha and Velma Collier. Those calling in the afternoon were Marcella Stovall and John Williams of Goodnight, and Marti Mason.

The teachers for the following year have been elected. Miss the English speaking world came letters of appreciation. As a result Douglas gave up the pulpit and has devoted himself to writing religious novels.

One of our recent accessions for young readers is one of the most popular of the present day Texas stories, "Six Feet Six". It is the life of Sam Houston adapted by Bessie Rowland James from her husband's "The Raven" which is the most popular life of Houston ever written. "Six Feet Six" has all the charm of its predecessor. The story goes that when Sam Houston was 13 his father came into their Virginia home and announced that they were moving to Tennessee. To the lad this brought the thrill of possible adventures with Indians. Little did he think that he would live for years among them, and that a Cherokee chief would adopt him as his son, and call him The Raven. From his life among the Indians he came to the new land of Texas. Followed San Jacinto and the new Republic and then our beloved Lone Star state.

In the Houston home were four brothers and three sisters. Sam was said to be the poorest student of the lot in the school-room, but a lover of books, nevertheless, especially books about war. His life was one long adventure, full to the brim with incident.

WTCC CONVENTION OPENS IN AMARILLO MONDAY, MAY 11

MANY PROMINENT SPEAKERS ON PROGRAM; RESERVATIONS ARE HEAVY.

Amarillo, May 6—After weeks of preparation Amarillo is ready to play host for the West Texas Chamber of Commerce convention which opens Monday, May 11.

Jed Rix, convention manager, reports there have been more advance reservations, more entries in the contests, more sponsors selected and more advance registrations by the host city than for any other convention of the organization in recent years.

"Indications now are stronger than ever that the eighteenth annual meeting in Amarillo will be one of the largest ever held by the West Texas Chamber of Commerce," he said.

Several special entertainments have been arranged for the convention visitors and delegates.

For the convenience of turf fans among the visitors and delegates the daily convention business program will be concluded each afternoon at 3 o'clock. The spring meet of the Tri-State Fair will be in full swing here during the convention. Thoroughbreds from Arlington Downs and other tracks race here.

There will be three dances on Monday night and three dances on Tuesday night, all open to only those who register for the convention.

The convention pageant in which a score or more of West Texas beauties will compete for the title of queen, will be staged Monday and Tuesday nights in

AMARILLO'S MUNICIPAL AUDITORIUM. Admission to the pageant and revue will be by identification badge, given at the time of registration.

So many entries have been made in "My Home Town" contest high school pupils from over West Texas will be speaking here almost continuously throughout the three days of the convention, with the finals on the last day.

Among the speakers and group conference leaders at the convention will be Congressman Marvin Jones, Col. Ernest O. Thompson, Chairman of the Texas Railroad Commission, Dr. Bradford Knapp, president of Texas Tech. at Lubbock, Dr. W. C. Holden of the archeological department at Texas Tech., Amos G. Carter, Fort Worth publisher, Billy Rose, New York producer, John L. McCarty, of Amarillo, R. L. Thornton of Dallas, Senator Clint Small, Ray Nichols of Vernon, WTCC president, and D. A. Bandeen, WTCC general manager.

The last general assembly of the convention at which the next convention city will be selected, officers elected and awards made will be held Wednesday forenoon, May 13. Amarillo is putting on her gayest dress for the convention and is inviting all of her West Texas friends to attend. "There'll be plenty of everything" is the promise of the general chairman, Lawrence Hagy, who is WTCC director for District No. 1.

had moved with her family, after her graduation from the Amarillo High School in 1922, and attended Clarendon College. She was a very popular student here, being elected vice president of the Panhandle Alethean Literary Society, Panhandle popular girl, and princess of the May festival. She was a member of the T. N. K., Lucky 13, Dramatic Club, and the Choral Club.

Mr. Randel is the governor of the Lions International in this district, and an official Lions delegation attended the services.

Besides her husband, Mrs. Randel is survived by one brother, N. C. Ferguson of Amarillo, and two sisters, Mrs. Lacona F. Law of Amarillo and Mrs. Kent H. Anderson of Anson.

Among those from Clarendon who attended the funeral were G. G. Kemp, J. B. Bartlett, C. B. Morris, and Odes Caraway.

AN APPRECIATION

Thanks to all of my friends who helped me during the campaign. I very deeply appreciate the co-operation given me by each of you.

Paul Smith, who underwent an appendectomy last Thursday, is critically ill at the Adair Hospital.

Braswell Heads Only Two-County Centennial Fete

Paducah, May 6—Of the 212 events scheduled to commemorate Texas' Centennial on the official Centennial calendar, the only two-county affair is scheduled for Paducah May 26, 27, and 28, when Cottle and King counties will jointly hold the Cottle-King County Pioneer Jubilee.

Sam M. Braswell, chairman of the General Committee, has 22 committees with 75 committee members from Cottle and King counties functioning.

Visiting delegations and bands from surrounding towns throughout West Texas are daily attractions. Gala decorations will be used by the merchants of Paducah as they wholeheartedly join in making the celebration a success.

The winners in the beauty contest will enter the state contest sponsored at the Fort Worth Frontier celebration by Billy Rose. The state wide contest was postponed one week in order that the Cottle and King winners might enter.

Relic displays, parades, street dances, fire work displays, are a few of the events, scheduled for the Jubilee. Not a stick-horse show, but a real western rodeo will be witnessed at afternoon and night performances. A complimentary luncheon honoring pioneers of these two counties is planned for the first day, May 26.

The entire citizenship will be dressed in rough cowboy suits for the men and boys and dainty frocks of the gay nineties with ruffled pantaloons and polk bonnets for the women and girls.

Boots and spurs are already seen on the streets as business men, donning ten gallon hats, make preparations for the biggest Centennial celebration west of Fort Worth.

Information has just been received by the District Relief Offices at Amarillo and Plainview to the effect that the enrollment period for CCC (Civilian Conservation Corps) has been extended to include Friday, May 15, 1936.

Texas was successful in filling their entire quota in the recent April enrollment but due to some of the Western states' failure to fill their quotas an additional allotment has been given Texas. Apparently we will have an unlimited quota of white enrolled who can qualify for the enrollment and a fair quota of colored applicants.

Details have not yet been received by either District or County Relief Offices but these should be out within the next few days. In the meantime, youths who are interested in enrolling should report to their County TRC Case Worker or County Welfare Worker.

Qualifications for enrollment are as follows: Male applicants between the ages of 17 and 28 inclusive, single, unemployed, and whose families are receiving aid through the Texas Relief Commission, the Works Progress Administration, the Resettlement Administration, or the County Welfare Organizations. They must be able to stand physical examinations. Only one boy from each family will be accepted. If the applicant has had previous CCC service he must have served at least four months. These are the major qualifications necessary.

A. W. Long, Administrator Districts 16 and 17

Wells, now conducting a series of "Exploring America" broadcasts for Continental Oil Company, plans to devote his Sunday, May 17, program to a description of sights and activities to be enjoyed by Centennial Exposition visitors.

Included in this program will be a special message from John N. Garner, vice president of the United States and a native of the Lone Star state.

"The biggest state in the Union has produced people with the biggest hearts in the world," says Wells. "Centennial year and celebrations commemorating it in all parts of Texas are already attracting hundreds of thousands of out-of-state visitors. Billy Rose, New York's big time showman, is putting on a better show than 'Jumbo' in Fort Worth."

Local listeners who wish to tune in on Wells Sunday, May 17, may do so by dialing station WFAA, Dallas, at 1 o'clock.

There Are Outstanding Advantages In Attending a School In Dallas This Year.

The greatest educational World's fair ever held in this country will be in operation in Dallas from June the 6th to Nov. 29th. There are enough special events listed to have a special event day almost every day the Centennial Exposition will be in operation. To get the full educational advantages of these special events days, one should be in Dallas so they may attend upon the days most important to them.

Twenty-five millions of dollars are being spent in the construction of this great historic fair. It is estimated that ten to twelve millions of people will visit this great educational exposition. It is estimated these visitors will spend in Dallas approximately two hundred and fifty millions of dollars. The spending of two hundred and seventy-five millions of dollars in construction and by visitors will cause a wide expansion in business of every kind in Dallas and cause many new firms to open.

All of this great business expansion will necessitate the employment of hundreds of bookkeepers, accountants, stenographers, and secretaries.

Byrne Commercial College of Dallas has set its placement quota for this year at four hundred graduates. It invites all ambitious young men and women who would like to be one of the four hundred Byrne graduates to be placed in a good position to write to the College for particulars as to courses, payment plan, earning board, etc.

How To Reduce Varicose Veins

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches. If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first-class drug store and apply it night and morning as instructed you should quickly notice improvement. Continue to apply Emerald Oil until the veins and bunches are reduced.

Moore's Emerald Oil is a harmless, yet most powerful penetrator and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old chronic sores and ulcers are often entirely healed. It has brought much comfort to worried people all over the country.

OUR BOOK SHELF

"Around the World in Eleven Years" is by far the cleverest book we've read this year. Patience, Richard and John Abbe are the authors. Their father is an international photographer, and their mother, Polly Platt, was formerly on the New York stage. In this account, Patience, with some help from her younger brother tells exactly what has happened to the Abbe family since her birth in Paris. The Abbes live like gypsies, and during these eleven years have stayed in France, Austria, Germany, Russia, and England. In 1935 they moved to a ranch in Colorado. They know everyone from Fred Astaire to Stalin. The book tells the impressions of the children of everything they saw or heard; people are not spared. In several places the publisher turned pale at some of the incidents frankly related by Patience, but his humor overcame his consternation, and the book was published as Patience wrote it except that the spelling was made recognizable.

The following are some comments of Patience. "Depression is something that depresses you, then you have no job, then you must take money from the president, and that makes you bashful." "Pavlova liked me. She was a beautiful lady with beautiful thin legs and eyes that looked as though they had a lamp in them." "Then we went to the station and everybody was there and said 'Gruis God! Godspeed, Good Luck, and for God's sake don't come back.' One day (in Chicago) we went downtown and

Valedictorian! Salutatorian!

Johnnie Lott with an average of 94.34 will be the valedictorian of the 1936 senior graduating class of Clarendon High School. Allen Patman, with an average of 93.26, will be the salutatorian. Jimmie Bourland was third highest with a grade of 92.85 and Margaret Nell Hillman ranks fourth with an average of 92.53.

Transient Thoughts of A Fleeting Brain

Answer—It all depends on your knowledge, my dear.
Anyway I'm tired out. I have solubility product. "Return of the Native," and Sin A. Cos B, whirling around in my weary head at a terrific rate of revolution.
A high school infant inquired for The School Master by Hoosier—Apologies to Eggleston. Another person of the same species wanted Tennyson's Useless—lazy creature. Then there was the up-and-coming stamp collector who wanted Irving's Scrap Book.
Had you heard that Lowell LaFon's favorite posey was ye of state flower—the blue bonnet? No—not patriotism, one of these blue-bonnet beauties who was in Childress Monday. News comes in the flowery maidens were three instead of one in number.
Did you see three maids straying bewilderedly up and down Kearney from three thirty until eight o'clock Friday afternoon.
For information concerning this, if your curiosity is so aroused, see Jimmie Lee Cole and companions.
A damage suit is about to arise on our green and blooming campus. A young co-ed found two silvery threads among the gold, and she declares that Chemistry caused them. For this serious liability she states that not only will her suit include the teacher but also the assistants. Woe is them!

Band Plays At Lions Meeting At Childress

Last Monday the Clarendon School band composed of approximately 30 pieces went to Childress with members of the Clarendon Lions Club to play for the district meeting of the Lions of District Two-T.

Leaving about eight thirty from Junior High School, all the members of the Band were in Childress by ten. Immediately a few numbers were played at the Childress Hotel, headquarters of the convention. Music was furnished at intervals throughout the remainder of the day. The band also played in a parade at two thirty.

SPRING STYLES

As weather becomes warmer clothes become more attractive. Miss Parten wore a charming combination Monday—a pink coat flecked with navy over a turquoise blue frock.
Virginia Williams appeared more attractively feminine today in a pink taffeta blouse demurely set off at the throat with crystal buttons.
Miss Headrick has been wearing an attractive dress of natural crash smartly trimmed in

Governor Directs Motion Picture

Gov. James V. Allred, seated in the office of W. A. Webb, general manager of the Texas Centennial Exposition, which opens in Dallas June 6, is shown above as he directed the first scene of "The Texas Ranger," Paramount's \$1,000,000 contribution to the Centennial. Rangers, in the background, heard the governor make motion picture history by directing the first scene via telephone.

Rates on Soil Building Practices Are Officially Announced by S.C.A.

College Station, May 6.—"Soil building practices, rates and conditions of payments have been officially stamped by the Soil Conservation Administration in Washington, D. C." A. L. Smith, state agent assigned to conservation work in Texas, announced this week.

Hereford Plans Colorful Event

Hereford, Texas, May 6.—A Texas Centennial day celebration and Old Settler's program on Friday, May 8, will mark Hereford's contribution to the state-wide Centennial observance.

A full day of entertainment is planned with a parade in the afternoon and folk songs and dances in the evening as outstanding events. Leading the parade will be a man, representing Deaf Smith for whom the Panhandle county was named. Six young men and women will represent the nations whose flags have flown over Texas and next in line will be 20 Indians, headed by a chief in full costume. Floats will depict the buffalo hunters and trail herders. Other floats will portray the cattle industry with scouts, chuck wagons and cowboys. Of interest in the parade will be old buckboards, freight wagons, prairie schooners and aged motor cars.

The celebration is expected to be an outstanding Centennial event in the Panhandle section of the state.

Letter Files at The News.

Soil building practices have been divided into three parts: Seedings, crops plowed under for green manure, and establishment of pastures, forests and terraces.

Payments for soil building practices which will be made to the producer who incurs the expense of soil building practice consist first of seeding alfalfa, sericea and kudzu—rate of payment from the government will be \$2 per acre when seeded on crop land between January 1, 1936, and October 31, 1936; seeding red clover, mammoth clover, sweet clover and annual lespedeza—rate \$1.50 per acre; seeding alsike, white, bur and crimson clover, Austrian winter peas, vetch and other locally adapted legumes—rate \$1 per acre.

Under the second part of soil building practices come crops plowed under for green manure. The crops and rates are: Soybeans, velvet beans, cowpeas, cro-talaria, beggar weed and other adapted summer legumes—rate \$1.50 per acre if grown on crop land in 1936 and vines or stalks left on land and seed not harvested for oil mill crushing, or \$2 per acre if plowed under green; crimson clover, bur clover, Austrian winter peas, vetch and other locally adapted winter legumes—rate \$1.50 per acre when turned under; rye, oats, barley, Italian rye grass, wheat, or mixtures of these—rate \$1 per acre when turned under as green manure after a reasonable growth, provided that such crops have not gone to the dough stage. Any sorghum, Sudan grass or

millet seeded, solid or broadcast, by Texas farmers will bring them a rate of \$1 per acre when seeded between January 1 and July 31, 1936, and the crop left on the land or plowed under. The planting of forest trees will pay a rate of \$5 per acre if planted on crop land or pasture. One other group of soil building practices pertains to the es-

The first full length biography of Sam Bass, the famous adventurer and train robber of the seventies, has recently been completed by Wayne Gard, a member of the Dallas Historical Society. An illustrated edition will be issued in July by Houghton Mifflin Co. Four of his sensational train robberies were perpetrated within 25 miles of Dallas. He has been called the Robin Hood of the Southwest and has been made famous in song and story. He is buried at Round Rock. Much of the information given has been obtained from his family who still live in Indiana.

and October 31, 1936.

In the case of terracing, the government will pay the farmer 40 cents per hundred feet of completed terrace not to exceed \$2 per acre. The terraces must be constructed according to methods recommended by the state conservation board and the Texas Extension Service. Proof must be shown to the county soil conservation and allotment board that the terraces have been kept up as specified in the application for a grant.

At The First Methodist Church Services at 10:50 A. M. and 5 P. M., Sunday

Every man is touched deeply by the spirit of "Mother's Day". Our mothers have trusted God and prayed to Him in all their experiences. Whether she be living or dead every good mother would be glad to know that her son visited the house of the Lord and worshipped on this Mother's Day. Therefore we hope that every man will find his place in some Church Sunday. You will find a hearty welcome in any Church in the community. The Methodist Church will be glad to have all who choose to worship with us. Special music for the day will be arranged and the sermon by the pastor will be in keeping with the occasion. TO BE TAKEN AT FACE VALUE

When you pick up this newspaper and read the announcements of this city's local merchants, or those of national advertisers, you need never think or question the sincerity and honesty of their statements.

This reliance on Advertising has been brought about by Advertising, and is one of Advertising's greatest contributions to the satisfaction and ease of modern living.

An advertiser deliberately attempting to deceive takes the quick, short road to ruin. The insincere or extravagant statement may have its brief day. But the greater attention it attracts, the sooner the public will discover and destroy its deceit.

The cornerstone of successful shopkeeping always has been "keep faith with the public"; give honest values and truthfully represent the merchandise and its service. This principle had to find its expression in Advertising—for Advertising is nothing more than the owner of the store or a factory talking with people in their homes about such things as shoes and soap, radios and rugs, blankets and bloomers.

It pays to read the advertisements. They are first-hand news of what is being invented, fashioned, and perfected in the workshops of the world for your well-being, comfort and convenience.

NEARLY \$500,000 IN RESETTLEMENT FUNDS AVAILABLE

MONEY MUST BE LOANED BEFORE JULY 1 OR FOR OTHER PURPOSES

R. C. Land of Memphis, supervisor for the Resettlement Administration in Donley County, has been informed by the regional headquarters that almost half a million dollars now available for co-operative loans in Texas and Oklahoma will be directed to other use unless it is leased before the end of June.

This fund amounts to \$312,000 in Texas and \$143,000 in Oklahoma, but only a few thousand dollars have been loaned to date. Most of the loans so far have been for pure-bred sires and farm machinery. The loan is usually made to one man, and his neighbors sign an agreement to use the animals or machinery at a specified price.

Many other types of co-operative enterprises may be financed through such loans from the Resettlement Administration, including syrup mills, feed mills, laundries, canning plants, meat curing plants, threshing outfits, and facilities for grading and shipping farm products such as fruit, vegetables, eggs, and poultry. Loans may also be made or membership in existing co-operative associations. In one county a loan is now being considered which would enable borrowers to become stockholders in a co-operative hospital.

Jones Wins Places In State Meet

Ivan Jones of Hedley High School won second place in the 220-yard dash and third in the 100-yard dash in the State Interscholastic League Track and Field Meet held at Austin Saturday, May 2. Jones' time was 21:6 for the 220, and 9.7 for the 100. Sybil Holland and Homer Richardson, who also represented Hedley at the meet, failed to place.

Virgil Stalcup—

Legion Auxiliary To Hold Mother's Day Program Here

The American Legion Auxiliary will present a Mother's Day program Sunday, May 10, beginning at 8:30 a. m., according to Mrs. R. Y. King. The program will be concluded in time for those present to attend Sunday school, Mrs. King said.

Local Youth—

(Continued from Page One) accident occurred. A truck driver asked him to get on his truck and go up the road with him. Allen said that he turned to call another man, when the wheel of the truck caught his feet knocking him down. The driver stopped when Allen cried out as the dual wheel reached his midsection, and was forced to back up before Allen could be extricated.

He was rushed to the Adair Hospital for medical treatment. Mrs. Ross Scott of Pampa visited friends in Clarendon Sunday.

Roy Stargel left for Amarillo Wednesday to accept a position in that city.

Feel "Fangs"—

(Continued from Page One) A negro was fined \$75 for assault, and is repenting on the lawn.

A drunk window peeper is also employed on the "lawn project" after being found guilty of drunkenness. The law, which was passed by the county commissioners in a regular meeting Monday, April 13, reads that anyone who is convicted and committed to jail for more than one day, or is assessed a pecuniary fine and is unable to pay said fine and cost, shall be required to do manual labor and shall be put to work on any public improvement in Donley County.

Lillian Murphy—

(Continued from Page One) Mr. Henseler, if his services are available.

Many new features have been added to The News to make it a bigger and better newspaper and now with the increased circulation, you are assured that the trade territory will be brought closer together and The News will strive to make Clarendon a bigger and better place in which to trade.

Mr. and Mrs. Warren Bray of Amarillo were in Clarendon Sunday.

Partain called the sheriff's department upon reaching Brice and Sheriff Pierce, Deputy Guy Wright, and County Attorney R. Y. King answered the call. Meeting Stalcup about five miles south of Clarendon as the bandit was returning.

After a chase over range gates and fences, Stalcup ran his car into a small canyon, after which a chase on foot ensued through sagebrush, with Stalcup giving himself up after about 10 miles had been traversed. Several shots were fired by the officers, but none took effect.

Stalcup was brought to Clarendon and charged with robbery with firearms. Placed in jail, pending bond which had been set at \$10,000, he remained here three days before Sheriff Arthur, who was later killed, called for him to return him to Dickens County.

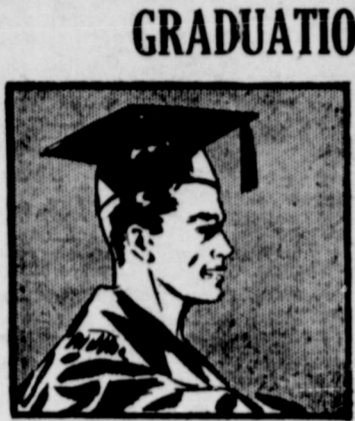

Plans Ready—

(Continued from Page One) There will be a flight for everybody, officials announce. The entrance fee will be \$1 and prizes will be awarded the winner, runner-up and consolation winner in all flights.

A meeting will be held at The News office Monday, May 11, at 8 p. m., and officials urge all golfers to be present.

PREPARE DIORAMAS

Memorable occasions in the history of Texas will be shown in dioramas being prepared by the Humble Oil Co., and which will be on exhibit at the Centennial Central Exposition in Dallas. Following the Central Exposition, the dioramas will be donated to The University of Texas for the Texas Memorial Museum.
