Bronchos-Cyclone To Meet In Grudge Feud Here Friday

Highway Work—

G. K. Reading, resident engineer of the state highway department, extended the skipper of this department an invitation to accompany him to the location east of Clarendon where the machinery of the Coker & Braden Company, contractors in charge of the construction work on Highway 5 through Donley County, is located.

We made a thorough inspection of the modern equipment which is in use by the company at the caliche pit there, and this writer was greatly impressed with the machinery. Unlike most machinery used by contracting companies of this type, all of the equipment in use on the job here is in excellent condition; it is all well-painted and in splendid repair. The big machine shovel is brand new, the gigantic crushers and separators are in excellent order, and the caliche is being poured through at a rapid clip and hauled onto the highway for leveling and packing. It was fortunate that such a splendidly equipped company was awarded the contract, and it is quite evident that, under the eagle-eyed inspection of Mr. Reading and his corps of assistants, the job is going to be rapidly and efficiently completed.

The Three Best 'Uns—

J. H. Morris stopped in Wednesday morning and left a check at The News office for a subscription to The Clarendon News, The Amarillo News and The Dallas News, with the following remark: "Here's my check for a year's subscription to the three outstanding journals of the state." Thank you, Mr. Morris! Take your bows, you other two country newspapers!

Big Bargains—

Quite a number of residents of the county have taken advantage of the special club offer being made by The News on subscriptions to the state daily newspapers and The News. All of the big dailies now have their fall bargain rates in effect, and still further saving can be made by ordering the subscriptions in conjunction with The News. A big advertisement will be found in this issue, giving prices on these combinations.

Encouragement—

And, speaking of subscriptions: Rev. L. L. Swan of Wellington, Kan., for many years rector of the Episcopal Church here, is visiting in Clarendon, renewing acquaintances with many old friends. He dropped into the office the other day, and handed us a check for a year's subscription, stating: "We just can't get along without our Clarendon News. We enjoy it so much." Thank you very much, Rev. Swan. It is such encouragement as this that makes the battle worth fighting.

"With the Greatest of E-e-s"—

The following was filed from The Wellington Leader, which filed it from a Quail school paper, and insinuated that it had probably been filed by the latter. Anyway, regardless of the number of filches that have taken place, it's still pretty clever:

"Someone wrote in stating that the letter 'e' is the most unfortunate character in the English alphabet, because it is always out of cash, forever in debt, never out of danger and in hell all the time. But we would call your attention to the fact 'e' is never in war and always in peace. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no heat, no life, and no heaven. It is the center of honesty, makes love perfect and without it there would be no news."

Ernest Pope of Lubbock was a business visitor in Clarendon Wednesday.

ROOMS, HOUSES ARE IN DEMAND

The News office has been swamped with a deluge of requests for rooms, apartments, room and board, etc., during the past few days.

Last week Mrs. W. V. Thomasson ordered a classified ad, offering an apartment for rent. Several people came into the office before the issue containing the ad was printed, looking for living quarters. They were shown the copy, and before the paper came out a call was received from Mrs. Thomasson stating that the apartment had been rented.

If you have a house, an apartment, or a room for rent, phone in your ad. The cost is small, and results are highly satisfactory.

SHOFFITT TO SERVE FOUR MORE YEARS IN PENITENTIARY

AGED VETERINARIAN TO SERVE OUT SUSPENDED SENTENCE.

G. W. (Doc) Shoffitt, who has been confined in the state penitentiary central farm at Sugarland since his conviction last year in Memphis of the assault and attempted murder of Deputy Sheriff Guy Wright on January 1, 1934, was brought to Clarendon Tuesday by Sheriff Guy Pierce and sentenced before Judge Fires Wednesday to serve four additional years, given here in 1933 as a suspended sentence for violation of the Dean law, according to the sheriff.

"Shoffitt was a trustee there," Pierce said. "All he had to do was follow a flock of 125 turkeys around as a guardian."

Sheriff Pierce brought the aged veterinarian to Clarendon on a bench warrant issued by District Judge A. J. Fires. When Shoffitt was sentenced (Continued on Page Eight)

LADIES HONORED AT LIONS MEETING TUESDAY EVENING

DISTRICT GOVERNOR RANDEL IS PRINCIPAL SPEAKER AT MEETING.

Tuesday night was Ladies Night at the Antro Hotel when the Clarendon Lions Club entertained the members of the fair sex at the annual dinner affair.

A large attendance was on hand to enjoy the splendid program that had been prepared for the evening, which was headed by an address by District Governor Ralph Randel of Panhandle. Lion Randel delivered a most interesting and forceful talk, brilliantly spiced with humor, to a highly appreciative audience.

Other features on the program included a "quartet" sung by three people, the fourth member, Lion Jenkins being absent on a professional call. The three-person quartet was composed of Lion Lowe, master of ceremonies for the evening, Lion Landreth and Lion Drennan, who sang two selections. Mrs. E. D. Landreth gave two vocal solos, and Ray Robbins played a couple of numbers on the trumpet.

The dinner and the program were enlivened by sparkling bits of repartee by several members of the club.

With the exception of a few announcements, the business session was dispensed with for this meeting.

FUNERAL HELD FOR WAR VETERAN HERE

HARLEY ROWE SKINNER DIES IN VETERANS' HOSPITAL. LAST RITES HERE.

Harley Rowe Skinner, forty-year-old World War veteran, died Friday at 6 o'clock a. m. at the Veterans' Hospital in Wichita, Kansas, where he had been confined since August 12. Mr. Skinner had not enjoyed good health since the war, having rapidly failed in health since August, 1934. He died of complications from injuries received during the war.

The deceased was born April 22, 1895, at Loveland, Colorado. For 28 years, he resided in Donley County, moving here with his parents, Mr. and Mrs. C. R. Skinner.

After the declaration of war on April 6, 1918, Mr. Skinner was one of the first from Clarendon to enlist, enlisting on April 11 and leaving for the El Paso Camp where he joined the Seventh Infantry. He remained with the same captain until the close of the war.

He was married December 31, 1919, to Miss Aileen George at Commerce, Texas, moving to Clarendon where they resided on Mr. Skinner's father's farm. He was an active member of the Methodist Church and the American Legion.

The body was brought to Clarendon and funeral services were (Continued on Page Eight)

Funds have been allocated for a caliche base road with triple asphalt surfacing, and notices have gone out to contractors for bids.

The awarding of this contract will mark the culmination of a long fight by highway enthusiasts in the Panhandle for closing the last gap on No. 66 between Amarillo and Chicago.

Local Man Paroled By Governor Allred

Judge Thompson was paroled by Sheriff Guy Pierce on November 4 by Governor James V. Allred, Sheriff Pierce stated this week. Thompson was convicted on charges of forgery and violation of the Dean law and was sentenced here November 17, 1931.

Governor Sterling granted Thompson a parole December 17, 1932, which was revoked in April, 1933, by Governor Miriam A. Ferguson, according to Pierce.

New Poultry House Opens Here Friday

A new produce house will be opened for business in Clarendon Friday, operating under the name of Farmers Poultry & Egg Co., and located one door south of the Cottage Hotel.

This new business under the management of Hurley Maynard, formerly of Happy, has connections with the Amarillo Poultry & Egg Co., which enables them to pay highest market prices for farm produce.

An ad in this issue of The News calls the attention of farmers to this new business.

BULLDOGS DEFEAT HEDLEY ALL-STARS

"HORSE" HOLTZCLAW MAKES 4 TOUCHDOWNS; SCORE IS 25-0.

The Clarendon Junior College Bulldogs, led by the fast stepping "Horse" Holtzclaw, pounded out a 25-0 victory over the Hedley all-stars in a gridiron fracas here last Friday night.

Holtzclaw made all four of the Clarendon touchdowns, one coming in each quarter of the game, and turned in a beautiful 30-yard run for one of the tallies. Ellery Watson converted the one extra point by the place kick route.

The Bulldogs had the situation well in hand all through the game, never being forced to kick a single time, and the hard charging, elusive Holtzclaw, behind good blocking by his mates proved to be entirely too much for the invaders.

Christian Church Changes Program

The First Christian Church announces this week that they have arranged for a change in their form of program and service, according to Rev. W. E. Ferrell, minister.

"Believing that the church is the most important organization in the world and that it should have first place in the Lord's Day programs, we have put it first and will open our Sunday services with a worship and devotional period," Rev. Ferrell said. "Following this period, the communion and morning sermon will be held. At the close of the morning services, the Bible school department will conduct its classes. It is believed this program will bring added life and inspiration to the morning services. This program puts the church first and it should be a success. Morning service will begin at 10 o'clock (Continued on Page Eight)

LAST RITES HELD FOR GUY TAYLOR

DIES IN ADAIR HOSPITAL AFTER WEEK OF ILLNESS; SERVICES HERE.

Death claimed Guy Taylor, 61-year-old citizen of Lelia Lake, Thursday afternoon at the Adair Hospital where he was carried Wednesday after being ill a week, although his condition was not known to be serious until the day preceding his death.

Guy Taylor was born February 27, 1874 in Missouri. He was married to Miss Laura McGee of Pilot Point, Texas, and the couple moved to Donley County to make their home 32 years ago, at which time Mr. Taylor engaged in stock farming, farming, and grain dealing. At the time of his death, he was a prosperous stock farmer of the Lelia Lake community but had discontinued his endeavors in the grain business.

Funeral services were conducted Friday afternoon at 2 o'clock from the Buntin Funeral Home with the Reverend Robt. S. McKee in charge, assisted by the Reverend F. N. Allen of Lelia Lake. "When I Come to the End of the Road" was sung by Mrs. W. E. Ferrell and Miss Mickey Ferrell.

Pallbearers were Raymond Wilson, Elzie Kerbow, W. W. Jones, W. V. McCauley, B. F. Kirk, and M. E. Cottingham. (Continued on Page Eight)

Survey Is Conducted For Potato Growers

County Agent H. M. Breedlove requested this week that all producers of Irish potatoes in Donley County call at his office and fill out blanks he has on hand relative to the quantity of potatoes produced.

The reason for this survey, Breedlove said, is the probability of an Irish potato allotment program for 1936.

PROJECT AFFORDS EMPLOYMENT FOR LARGE NUMBER OF WORKERS; HOUSES ARE SCARCE.

Work on the paving project on Highway 5 is progressing rapidly. Coker & Braden, contractors in charge of operations, have two outfits in operation, and more men are being employed on the project daily. One crew is working from the Armstrong County line toward Clarendon, and caliche is being obtained from a deposit located on the Hayter farm property on the highway near the county line. Crushers and trucks are working at top speed, and the caliche is being piled up on the road bed ready for leveling and packing.

Another crew is located just east of Clarendon and paving is being started at the city limits and will be extended to Hedley. A similar outfit is located on the Mrs. J. G. Eddins property two miles east of Clarendon to supply caliche for the work there, and operations are being carried forward rapidly here also.

Housing facilities in Clarendon are being taxed as a result of the influx of workers employed on the project. Many of the men are having difficulty in finding apartments, houses, or rooms, and the situation is expected to become even more acute.

Business men report that they are feeling beneficial effects from the project, it being quite evident that the buying power of the community is being greatly increased by the large payroll turned loose by the company each week.

A home coming of the Palo Pinto Medical Society, honoring Dr. B. L. Jenkins of this city, was given Monday night at Mineral Wells.

JACK FROST IS A VISITOR HERE

The visit of Jack Frost to Clarendon Tuesday and Wednesday was not a surprise to his old acquaintances in this locality as they had been predicting his visit for several weeks.

Many of his old acquaintances, among whom is Joe Goldston, local weather observer, remarked that Jack was somewhat heavy. For a traveling companion, Jack had Freezing Temperature, 25 degrees.

On Wednesday, the frigid visitor of the Panhandle who called rather late this year, was again accompanied by his pal, Freezing Temperature, 32 degrees.

Jack Frost left white calling cards throughout the country during his somewhat hasty arrival and departure and many localities report that ice three-eighths of an inch in thickness was found the next morning on their premises.

NOT WEALTH, BUT SUFFICIENCY OF LIFE, IS REAL SUCCESS

A striking "Success Talk for Farm Boys" from President Roosevelt appears in the current issue of The Progressive Farmer:—

"There was a time when the formula for success was the simple admonition to have a stout heart and willing hands. A great, new country lay open. Where life became hard in one place it was necessary only to move on to another. Today we can no longer escape into virgin territory; we must master our environment.

"The very objectives of young people have changed. In the older days a great financial fortune was too often the goal. To rule through wealth, or through the power of wealth, fired our imagination. This was the dream of the golden ladder—each individual for himself.

"It is my firm belief that the newer generation of America has a different dream. You place emphasis on sufficiency of life, rather than on a plethora of riches. You think of the security for yourself and your family that will give you good health, good food, good education, good working conditions, and the opportunity for normal recreation and occasional travel.

"I, for one, am willing to place my trust in the youth of America. If they demand action as well as preachments, I should be ashamed to chill their enthusiasm with the dire prophecy that to change is to destroy. I am unwilling to sneer at the vision of youth merely because vision is sometimes mistaken.

"Let us carry on the good that the past gave us. The best of that good is the spirit of America. And the spirit of America is the spirit of inquiry, of readjustment, of improvement, above all a spirit in which youth can find the fulfillment of its ideals. It is for the new generation to participate in the decisions and to give strength and spirit and continuity to our Government and to our national life."

If the republicans nominate Knox we can hear them shouting: "Knox, Knox, we want Knox!" And how the democrats will be glad to give them Knocks.—Miami Herald.

"Rest him, O Father! Thou didst send him forth  
With great and glorious message of love;  
But Thy ambassador is weary now,  
Worn with the weight of his high embassy.

Now care for him as Thou hast cared for us  
In sending him and cause him to lie down  
In Thy fresh pastures, by Thy stream of peace.  
Let Thy left hand be now beneath his head,  
And Thine upholding right encircle him,  
And underneath Thine everlasting arms  
Be felt in full support. So let him rest.  
Hushed like a little child, without one care,  
And so give Thy beloved, sleep tonight."

LIBRARY NOTES

The September best sellers are given as "Lucy Gayheart" by Willa Cather; "Green Light" by Lloyd C. Douglas; "Honey in the Horn" by H. L. Davis; "Vein of Iron" by Ellen Glasgow; "Europe" by Robert Briffault; "Of Time and the River" by Thomas Wolfe; "Time Out of Mind" by Rachel Lield. In non-fiction the two leaders were Stefan Zweig's "Mary, Queen of Scotland and the Isles," and Anne Morrow Lindbergh's "North of the Orient." Among the October publications of especial interest are "Spring Come On Forever" by Bess Streeter Aldrich, and "Mark Twain's Notebook," edited by Albert Bigelow Paine. No books in our library have been read with greater pleasure than those of Bess Streeter Aldrich. It is said that this new story is also a pioneer story somewhat like her "Lantern In Her Hand." The fact that this is Mark Twain's centenary gives special significance to the other book. It is spoken of as an outstanding literary event. In 1835, at Hannibal, Missouri, was born this man who was both a humorist and a literary artist. Julian Hawthorne said of him, "He had keener eyes, a more retentive memory and a finer brain than occur once in ten thousand times." From the entries in his notebook it is clear that although "he saw life at a quizzical slant, Mark Twain was not, first of all, a humorist. His phrase was likely to carry a laugh with it, but more often than not it carried some deep revelation of human truth or human injustice." This statement is verified by the following quotations from the book: "That government is not best which secures mere life and property; there is a more valuable thing—manhood." "Good breeding consists in concealing how much we think of ourselves and how little we think of the other person." "There are many scapegoats for our blunders but the most popular one is Providence." "The radical of one century becomes the conservative of the next." Another October literary offering is "Mark Twain Wit and

MAGIC VALLEY PLANS \$50,000 EXHIBIT AT CENTRAL CENTENNIAL

Lower Rio Grande Valley counties have united in plans for a \$50,000 exhibit at the Texas Centennial central exposition at Dallas next summer which will be representative of their rich agriculture region. The outdoor display planned would reproduce a citrus orchard with bearing orange, lemon, and grapefruit trees. Palms and other tropical and semi-tropical plants indigenous to the valley would also be used. An organization has been formed to enroll 20,000 members in Starr, Hidalgo, Willacy and Cameron counties in order to finance the project. S. I. Jackson, named general manager of the corporation, has opened offices in Mercedes.

"Wisdom" compiled by Cyril Clemens, a relative of Mark Twain. This is a compilation of more than 150 anecdotes and jokes told by many different people about the great humorist. Stephen Leacock says in his prefatory note: "He was essentially an anecdotal man. He loved a shorter effort better than a long, an epigram more than an essay, and a joke better than a sermon." Our library rejoices in a splendid set of Mark Twain given us some years ago by Mrs. Irene Dyer.

Still another October publication of unusual interest to Texas readers is J. Frank Dobie's "Tongues of the Monte." One critic says, "it strengthens the impression that Texas literature has come of age." It is said to be the finest primarily imaginative work by the author of "Coronados' Children," and as such is a landmark in the history of Southwestern literature. Mr. Dobie has adopted the convenient device employed by W. H. Hudson in "Green Mansions" of describing a journey through an interesting country to give to the readers "his vast stores of information about Mexican life and customs, folk tales and folk songs, proverbs, plant and animal lore, and legends of historical persons." The book is said to recall the best of Mary Austin's writing about New Mexico and W. H. Hudson's "The Purple Land." This latest book of Dobie's is said to give evidence of maturer skill than his previous books—by many is counted the best book written by a Texan. We have his "Coronado's Children," "A Vaquero of the Brush Country," and "On the Open Range."

O'Shaughnessy

WALLACE BEERY

"O'Shaughnessy's Boy," coming to the Pastime Theatre Sunday and Monday, November 10-11, offers the theatre going public excellent entertainment with Wallace Beery and Jackie Cooper in the leading roles.

Wallace Beery, an animal trainer, thoughtless about his acrobat wife, finds she has walked out on him with their only son. Crazy about the boy, Jackie Cooper, Beery worries over his loss, loses his nerve in the arena, is attacked by a tiger and loses his right arm.

Through with the circus, he hunts for the boy, finally locates him, and is allowed to have him three months out of the year. Meanwhile the mother has died, the child's mind has been poisoned against the father by a catty aunt and Beery is still mentally and physically licked, becoming a circus roustabout. The boy's love for him is reborn and Beery regains his nerve, once more becoming a headline trainer.

In the supporting cast Spanky McFarland, Henry Stephenson, Sarah Haden, Leona Maricle, and Willard Robertson.

Dinosaur Stamps New Thrill for Collectors

DINOSAUR Stamps, made from original paintings, are putting a new glint in the eyes of stamp collectors both young and old. Twenty-four stamps in all have been prepared and published. Eighteen show dinosaurs of various kinds, and six show other important reptiles and strange birds that inhabited the prehistoric world. Some of the creatures have never before been pictured. The authoritative character of the stamps is vouched for by the fact that they were prepared under the personal supervision of Dr. Barnum Brown, Curator of Fossil Reptiles of the American Museum of Natural History in New York City, and leader of the American Museum-Sinclair Dinosaur Expedition, which dug up some 4,000 dinosaur bones in Wyoming in 1934. Dr. Brown also prepared the explanatory text for the Dinosaur Stamp Album, which has been published for collectors' use. Under the space for each stamp is a brief

description by Dr. Brown of the illustration on the stamp. Also, included in the album is a geologic time chart, showing the eras and periods of the world from the beginning as well as the dominant and characteristic life at various stages. The preparation and publication of the Dinosaur Stamps and Albums is a result of the great public interest in dinosaurs and other prehistoric life. They are being distributed, free, by Sinclair Refining Company (Inc.), through its dealers.

 "Delight Thyself in Jehovah, and He Will Give Thee the Desire of Thy Heart", Psa. 37:4  
 The desires of our hearts. How many they are, and how necessary they seem for our very life's fulfillment.  
 I. Delight thyself in Jehovah. When we delight ourselves in a friend, we are happy in his friendship. We put our best self forward to meet his approval. We attain our highest, because he desires that in us. "In Jehovah." If we delighted in Him, we would do the same for Him. Would we not strive to eliminate malice, envy and strife, that we might be in the attitude to receive his benefits? Delighting ourselves in Him means much. Praise would fill our hearts, and shadows of doubt would flee on swift wings. Corroding thought of worry would find no room in our hearts and minds.  
 II. "He will give thee the desire of thy heart." Is that too much to expect? The heart is crowded to bursting with desires. Desires not particularly wrong in themselves—indeed they seem quite commendable to shortened vision. But as we dissect and diagnose we are not altogether proud of those desires. Grievous as it is to confess, they are mostly selfish, something that would only benefit our own. They are a part of our very being—yes. It would be like severing bone and sinew, to give them up. Life could not be satisfied without them.  
 III. But a great desire to know the Lord. His fullness will bring an open mind and receptive heart. Would not this mind and heart be renewed by the Spirit? "The mind of Christ." That explains it all. It is the desires that are changed. Delighting ourselves in Him has made the old man roll

off as a garment and behold all things are as new. It does not matter then that the old desires are unfulfilled. We do not need them—we have something so much better. A hundred-fold more precious are the new desires. Then and only then can we claim the promise of this verse. And "delighting ourselves in Jehovah" we shall surely have the desires of our hearts.

**Church Program Is Of Much Interest**

The Methodist Missionary Society observed the week of prayer program at the church Wednesday with an all day program, impressive and beautiful in detail.  
 The morning and afternoon, was spent in study and the presentation of a program and at noon a covered dish luncheon was served.  
 Mrs. Thos. S. Barcus had charge of the morning program. Mrs. M. R. Allensworth told the story of Holman Hunt's "The Light of the World" and Mrs. U. J. Boston told the story of the painting by the German artist, Albrecht Durer, who painted "Praying Hands." Mrs. Barcus in discussing the purpose and value of quiet told how God prepared Elijah, Samuel, and Moses for their work by the period of solitude. After prayer, several old hymns were sung and a discussion of the life of the composer, the history and the theme of the song, accompanied each. Mrs. Landreth honored the group with several songs.  
 Mrs. Nathan Cox had charge of the afternoon program and led the devotional. Mrs. E. D. Landreth sang a special solo and Mrs. Lester Schul entertained with a whistling solo. Mrs. Chas. Lowry discussed the home special, the Ensley Community House in Alabama. Mrs. Elba Ballew told of Mrs. Laura Haygood's School in China and Mrs. Carl Bennett, Jr., discussed the Community Center in Seoul, Korea. An offering for the home special was taken.  
 Approximately 30 women attended the interesting and inspiring program.

**"THE DESIRE OF THY HEART"**  
 "Delight Thyself in Jehovah, and  
 He Will Give Thee the Desire  
 of Thy Heart", Psa. 37:4

The desires of our hearts. How  
 many they are, and how necessary  
 they seem for our very life's ful-  
 filment.

I. Delight thyself in Jehovah.  
 When we delight ourselves in a  
 friend, we are happy in his  
 friendship. We put our best self  
 forward to meet his approval. We  
 attain our highest, because he de-  
 sires that in us. "In Jehovah."  
 If we delighted in Him, we would  
 do the same for Him. Would we  
 not strive to eliminate malice,  
 envy and strife, that we might be  
 in the attitude to receive his bene-  
 fits? Delighting ourselves in  
 Him means much. Praise would  
 fill our hearts, and shadows of  
 doubt would flee on swift wings.  
 Corroding thought of worry  
 would find no room in our hearts  
 and minds.

II. "He will give thee the de-  
 sire of thy heart." Is that too  
 much to expect? The heart is  
 crowded to bursting with desires.  
 Desires not particularly wrong in  
 themselves—indeed they seem  
 quite commendable to shortened  
 vision. But as we dissect and  
 diagnose we are not altogether  
 proud of those desires. Grievous  
 as it is to confess, they are most-  
 ly selfish, something that would  
 only benefit our own. They are a  
 part of our very being—yes. It  
 would be like severing bone and  
 sinew, to give them up. Life  
 could not be satisfied without  
 them.

III. But a great desire to know  
 the Lord. His fullness will bring  
 an open mind and receptive heart.  
 Would not this mind and heart  
 be renewed by the Spirit? "The  
 mind of Christ." That explains  
 it all. It is the desires that are  
 changed. Delighting ourselves in  
 Him has made the old man roll  
 off as a garment and, behold all  
 things are as new. It does not  
 matter then that the old desires  
 are unfulfilled. We do not need  
 them—we have something so  
 much better. A hundred-fold  
 more precious are the new de-  
 sires. Then and only then can  
 we claim the promise of this  
 verse. And "delighting ourselves  
 in Jehovah" we shall surely have  
 the desires of our hearts.

W. E. Ferrell, Minister, First  
 Christian Church, Clarendon.

**Assembly Features Magician Thursday**

The student body of Clarendon  
 High School and Junior College  
 was treated with a mysteriously  
 hilarious exhibition of magic  
 Thursday afternoon, October 31,  
 at the regular assembly period,  
 when Mel-Roy, the magician, gave  
 a short performance in advertise-  
 ment of his entertainment that  
 night.

After the singing of several fa-  
 miliar songs by the students,  
 Reverend Mr. Ferrell, of the First  
 Christian Church gave a short  
 talk introducing Mel-Roy. The  
 popular magician performed two  
 stunts, the first being the ap-  
 parent transition of a piece of  
 paper into an egg. Following  
 this stunt, Mel-Roy brought for-  
 ward a replica of a guillotine and  
 called a boy from the audience,  
 whose head was to be severed by  
 the deadly device. The boy was  
 very reluctant to place his head  
 in position, but finally the ma-  
 gician got him locked in securely

Clarendon High should be proud  
 of its pep squad this year, and  
 some of its best members are  
 sophomores; for example, Oleta  
 Wood and Opal Chilton.  
 Peek thinks that David won't  
 get too much rest if he comes  
 home Thanksgiving.  
 Seen in the class room: Della  
 Retta Jones' new permanent;—  
 Dorothy Kerbow raising a kick  
 because she has to sit in the  
 study hall;—A senior who does  
 not know the meaning of C. O. D.  
 Some of the hitherto fairbrows  
 are acquiring deep furrows over  
 such a simple thing as shorthand.  
 One member of the class confided  
 to Peek that typewriting and  
 shorthand were never meant to  
 be combined. The reason is still  
 untold.

Nick Stewart says that Enoch  
 Arden was a traitor of the United  
 States. Somebody in history class  
 was dumb enough to agree.

Miss Howren was telling Ardis  
 Patman his grade on the calculus  
 exam. She said that since it was  
 a very hard exam she had graded  
 papers very leisurely. Realizing  
 her mistake, she hastened to ex-  
 plain that the sight of Charley  
 Murphy walking down the hall  
 a few minutes before must have  
 caused her to say leisurely instead  
 of leniently.

## CIVICS CLASS ATTENDS TRIAL

On Tuesday, October 22, the civics class attended the afternoon session of the district court. The trial in progress interested the class very much and members of it learned a great deal about court proceedings. The class intends to attend future court sessions.

## SCHOOL CARNIVAL

The carnival of Friday night, October 25, was a most enjoyable occasion.

The Fishing Pond which contained articles for small children was a success.

The Museum of Curiosities proved to be a very interesting booth.

People who came without their supper found the food booth very appetizing. The pop corn balls were very good and the chicken sandwiches, cakes, and pies were delicious.

For the love-lorn, the visiting witch, with her words of advice was here.

The crazy house was quite a thrill for the brave and courageous ones.

Mr. Wilson's doll rack seemed to draw the attention of the crowd. His dolls were named for the teachers. The people seemed to get their revenge by "chucking" Mr. Wilson and Mr. Kirk more than any of the other teachers.

Wallace Grimsley seemed to have it in for Mr. Wilson and Mr. Kirk and made his aim very accurate. Do these teachers seem to be losing popularity? The cries of Mr. Kirk's "bingo," made us wonder if he were ever a professional.

The booth that held the freaks was very interesting. These were the tall woman, the Siamese twins, and best of all were the little dwarf and the jolly, little fat man.

The boxing matches between Louie Morton (Joe Lewis) vs. Jack Beach (Max Baer) caused much excitement. The H. R. King and Jeff Wiggins fight was another big feature, and the best fight between Leland Lewis and Claude Bain seemed to be "win or bust." Each was determined.

Candy was sold for the prize of a large Shirley Temple doll. Betty Lou Naylor, a fifth grade girl, had the lucky number.

Mavis Wiggins, the senior candidate for the most popular girl, won by 125 votes. Vernelle Leathers won the prize of 75 cents

for the best cake, and Mrs. Raymond Wilson a prize of 50 cents for the best pie. The net proceeds amounted to \$34.12, which has been used for new library books and magazines.

## GRADE NEWS

### Hallow'en Party

The fourth and fifth grades enjoyed a Hallow'en party their school room Thursday afternoon from 2 until 3. Various games were played. Lola Mar. Ayers of Windy Valley and Miss Exa Wabb of Goodlett were guests. There were 23 pupils present.

## SENIOR CLASS PICTURES

The senior class decided on Wednesday, October 30, in what way they wished to have their group picture arranged and finished. The class agreed to have the picture arranged in the form of a large '36. The color scheme will be rose and silver. The picture will probably be completed by the first of December, and it will then be presented to the school.

for the best cake, and Mrs. Raymond Wilson a prize of 50 cents for the best pie.

The net proceeds amounted to \$34.12, which has been used for new library books and magazines.

The Broncho Range

(Continued from Page Six)

CAN YOU GUESS?—Barker; 2. Ruby Lee Mason; 3. Raymond and Orval Cheves; 4. Gladys Salmon; 5. Kathleen Riley.

Three girls and a boy are described here; see if you know who they are.

1. She is a pretty girl of average height and weight. She has brown, wavy hair, blue eyes, and a clear olive complexion. She comes in on the Ashtola school bus, although she does not live at Ashtola. She is a junior and makes the highest grades in her class. She is very interested in home economics and will probably be a teacher in that field.

2. She is now living in Clarendon which is her home town. She is taking a business course in junior college here until mid-term. She has a light complexion, very dark, brown, slightly wavy, short hair. She has brown eyes framed by dark arched brows. She is rather tall and slender and, although she is modestly quiet, she makes friends very readily in her poised, casual manner.

3. He is a neat, medium-sized brunette who comes in on the Midway bus. He and his blonde-haired sister are both freshmen in college. He is usually quiet and studious, although he has a ready smile for the girls and blushes admirably at the right time. By all means, he will probably be a very successful business man; as he has that one necessary requirement besides brains—a very agreeable personality.

4. She is an exceedingly tall, slender girl with dark, wavy hair, changing brown eyes, and a fair complexion. She comes in on the Chamberlain bus. She is a senior in high school and is very efficient in commercial work. Her future plans are to be a competent stenographer. She is well-liked, happy-go-lucky, and friendly to everyone.

JUNIOR NEWS

We are glad that Ruby Tucker is able to be back in school. We certainly did miss her.

Some of the home economics girls had to take their spinach Monday night and Tuesday. They seem to have thought it was against their religion to wear stockings on their heads instead of their feet. We admit they certainly were comical looking. Poor home ec. girls, they never can get their breath because they are always afraid of their superiors.

The junior class is getting along just fine until exam week then we will have to be a little more serious and leave off our quarrels and love affairs which have become rather prevalent of late. We aren't such a bad bunch though, even if some of the upper classmen think we are rather silly.
