#### PROPERTY TAX RECEIPTS SHOW SLIGHT INCREASE THIS YEAR.

Donley County tax records were completed this week and records show that seventy percent of current taxes were collected. A total of 2,429 people obtained the privilege to vote last year. Of this number 122 were exemptions, while only 21 applied for exemptions this year. Poll taxes paid by the precinct are as follows: Goldston, Precinct 1, 33; Clarendon, 2, 286; Lelia Lake, 3, 136; Giles, 4, 13; Hedley, 5, 140; Rowe, 6, 16; Jericho, 7, 50; Whitefish, 8, 15; Watkins, 9, 9; Bray, 10, 20; Martin, 11, 264; Wilson, 12, 15; Skillet, 13, 41; Smith, 14, 5; McKnight, 15, 31; Ashtola, 16, 50; Naylor, 17, 14; Clarendon, 18, 224; and Glenwood, 19, 23.

### Stores Are Making Repairs This Week

The staccato of hammers is ringing this week on the west side of Main's south block as two stores make interior repairs and the third installs new equipment. The "M" System, following a plan for becoming grocery firms in the Panhandle is rebuilding the interior to a better display advantage. Display windows are being remodeled, additional shelving space built, and much of the interior repainted. The work will be completed Saturday, R. E. Duncan, owner, said. The Clarendon Radio & Electric Shop is building a balcony inside the store, to accommodate the arrival of new spring merchandise and to care for a supply of second-hand goods. The interior will be painted as soon as the work is completed.

### WORK BEGINS ON ANNUAL CANTATA

#### INTENSIVE PRACTICE FORCED BY EARLY EASTER THIS YEAR, SAYS DIRECTOR.

An augmented choir of near forty voices will sing Dr. Ira B. Wilson's immortal Easter Cantata, "The King Eternal", Easter Sunday night at the Methodist Church, according to plans recently completed here, and the first rehearsal was held the past week, with Mrs. Ralph Kerbow at the organ and Sam M. Braswell conducting. Easter comes this year on March 28th, a much earlier date than usual, so the work of mastering the cantata will necessarily be intensive, with two rehearsals a week the present order of attack. A number of singers from other churches are joining the Methodist choir in the presentation of this tuneful program of Easter music so expressively keeping with the scriptural account of the passion, death and resurrection of Christ, and one of the city's most notable musical achievements is in prospect. Dr. Wilson has written brilliantly of the events surrounding the crucifixion, sympathetically of the grief of His followers, changing in a moving motif to the triumphant theme of the resurrection. Several splendid soli, duets and quartettes are interspersed with the full chorus passages of the work. The public generally, will be invited to the presentation of this cantata, as in years past.

Of the twenty-two counties served by Mr. Gunstream, he termed Donley County as having the "best organized system." He was highly complimentary of the local high school and junior college, as well as the organization of the rural schools throughout the county.

### LOCAL PEOPLE ON BROADCAST

#### DEAN R. E. DRENNAN GIVES EXCELLENT TALK ON SCHOOLS AND COLLEGE.

People throughout the Panhandle were complimentary of the program broadcast Friday afternoon from 3:30 until 4 o'clock over KGNC, Amarillo, by the Clarendon Parent-Teacher Association.

Mrs. O. L. Jenkins, president of the association, was announcer for a program of musical talent from Clarendon and an interesting talk given by R. E. Drennan, Dean of Clarendon College.

The College Boys Quartet, composed of Frank Mahaffey, Alfred Hott, Bobby Leathers and Hugh Baker, sang "Kenutsky Babe" and "Drink to Me Only with Thine Eyes". Murrell Landreth and John King gave a trumpet duet.

Singers from the Fathers Unit of the Parent-Teacher Association were heard in a splendid rendition of "Darling Nellie Gray". Representatives of the Bachelor Aunty and Bachelor units, Miss Annie Bourland and Thomas Perkins, sang "Last Night the Nightingale". Accompaniment was played by Bobby Leathers.

Following is the address given by Dean Drennan: "Ladies and Gentlemen: Clarendon, which is the third oldest town in the Panhandle, was established in 1879. In 1882, the Panhandle Cattleman's Association established the first school in the Panhandle at Clarendon. From that time on, Clarendon has been known as a school town. The public school system of Clarendon today consists of two ward schools, one Junior high school, a Senior high school and a Junior College. There are thirty-two teachers in the system. The high school has thirty-one units of credit, is affiliated with the Texas Association of Colleges and the Southern Association of Colleges and secondary schools. In 1898, the Methodist denomination established Clarendon Junior College, which made an enviable record for the next 29 years. This institution was sold to the Clarendon public school in 1927 and the Clarendon Junior College, as it now exists, was made a part of the public school system that same year. Clarendon College today has eight departments, namely: English, Mathematics, Foreign Language, Science, Education, Social Science and Commerce. It is a member of the Texas Association of Colleges. All of its work is fully accredited and will be accepted by the higher institutions of learning. The enrollment this year is 125.

Clarendon is the smallest town in Texas to have a public Junior College and it is one of the two public Junior Colleges in Texas which does not charge tuition for those students who live within the Junior College district. We are proud of our schools and if you are interested in good schools, come to Clarendon! Thank you."

### WORLD SITUATION IS FARLEY THEME

#### FARLEY SAYS ANOTHER WAR IN EUROPE IS IN THE MAKING.

Cal Farley, Amarillo businessman, sportsman and civic worker, was the guest of the day Tuesday noon at the Clarendon Lions Club luncheon at the Clarendon Hotel, and brought one of the most interesting messages the club has enjoyed in many weeks. Mr. Farley's subject was experiences and observations in the countries of Europe last year when it was his privilege to visit the leading nations to and from the Olympic games at Berlin, Germany. The speaker served with distinction with the AEF back in '17 and '18, and prefaced his remarks with caustic references to the doings of the doughboys in those terrible days. Communism and Fascism came in for a few raps at the hands of Mr. Farley, who declared that America needed no dictators, and decried the teaching of Communist doctrines in America. His idea is that France is as Communist as Spain or Russia, but is held in check by the astute play of Premier Blume. Mr. Farley's war-time experiences and her subsequent failure to pay the war debts, made him rather critical of France.

Seeking to evaluate Germany and Hitler, Mr. Farley says the older Germans are not pleased with the new regime, but that all German youth is for Hitler one hundred percent, and that though he is obviously preparing for war with Russia as the probable goal, the Fascist government has done a fine job of bettering conditions and holding the loyalty of the German people. The speaker urged that anyone contemplating a visit to Europe take his own American automobile if he would see the country well and inexpensively. Other visitors of the day were J. W. Barr, and Ralph Dykeman, of Amarillo, Doss Palmer of Clarendon, who is associate tire dealer with Mr. Farley, and M. P. Gentry.

Directors of the club were called into short special session at the conclusion of the luncheon to consider some emergency activity. The blaze started at 4:30 a. m. in the portable canvas which served as a camp outfit for the fencing crew which has been at work all winter building new wire fences on the range. Water from the barrel was used in extinguishing the fire. Only the top of the canvas burned. A high wind is believed to have caused a defect in the flue vent.

Porter, chairman of the agricultural committee, made a preliminary report on plans for the promotional contests for better, balanced farming in Donley County, which was promptly adopted by the directors, and the committee will proceed to work out the details. Certain prizes are to be offered by the committee for improved farm methods, home-making, etc. Sam M. Braswell made a brief report on highway prospects following a recent visit to Austin, with a major effort to be made as soon as the highway commission, under its new chairman, Hon. R. L. Bobbitt, has outlined its procedure. Mayor J. T. Sims, and city commissioner W. B. Haile were guests of the directors, and outlined some of the hopes and aims of the city government for the coming year. ## TALK CLARENDON JUNIOR COLLEGE

It occurs to The News that this year offers the best opportunity Clarendon people have had at all in pushing the claims of Clarendon Junior College in a way calculated to make the institution the most notable junior college in Texas.

The school is ten years old, and has weathered the stormiest decade any school was ever called upon to undergo, and therefore has proven its ability to live and grow. It has library and laboratory equipment not surpassed by any junior college in the Southwest, and with the largest enrollment this year it has ever enjoyed, stands on the threshold of a new and larger growth.

Plans are under way for increasing its scope of attendance, which may well run its enrollment over the two hundred mark, and with its increased student activities bring it to state-wide prominence, which its faculty and scholarship merits even now.

Let's talk Clarendon Junior College. It's the city's greatest single asset and is potentially the greatest factor in the continued growth of our community.

## JIMMY GILLENTINE GOES TO HEREFORD

Monday of this week Jimmy Gilentine, formerly of the Wellington Leader, assumed the managing editorship of the Hereford Brand, for the owner, Mrs. Seth Holman. Gilentine has made a notable success in Wellington in the field of journalism as well as a civic worker, and goes to Hereford with the best wishes of the Panhandle press, with whom he is very popular.

The News predicts for Mr. Gilentine a new and larger success at Hereford, where he will no doubt be at the helm of that sterling newspaper for many years to come. Mrs. Holman will be released from quite a physical and nervous strain by the acquisition of so trained an executive.

## SECRETARY WALLACE SEES THE POINT

A great many people in the United States felt that a mistake had been made in the acreage reduction plan set up under Secretary Wallace's department of agriculture. They felt that it was unwise, unsound and some even called it a sin, to fail to produce what the normal acreage of the nation could produce.

Be that as it may, nature took a decided hand in the matter with the result that production on the acreage left in cultivation fell far short under the scourge of the drought. Anyway, the country generally applauded when Secretary Wallace recently flagged the farmers ahead and said "let's fill up the storage bins this year".

## RECIPE FOR HAPPINESS

"If you wish to be happy for an hour, get intoxicated. If you wish to be happy for three days, get married. If you wish to be happy for eight days, kill your pig and eat it. But if you wish to be happy forever, become a gardener."—Chinese Proverb.

## Separation of Powers

What protection have we against the danger of concentrating too much power in one man or in one group of men?

One of the great principles of our Constitution is the separation of powers under which the legislative, executive and judicial departments are distinct and independent. In referring to this, Washington said: "The habits of thinking in a free country should inspire caution in those entrusted with its administration, to confine themselves within their respective Constitutional spheres; avoiding in the exercise of the powers of one department to encroach upon another. The spirit of encroachment tends to consolidate the powers of all the departments in one, and thus to create, whatever the form of government, real despotism. A just estimate of that love of power, and proneness to abuse it which predominates in the human heart, is sufficient to satisfy us of the truth of this position."

"It, in the opinion of the people, the distribution or modification of the Constitutional powers be in any particular wrong, let it be corrected by an amendment in the way which

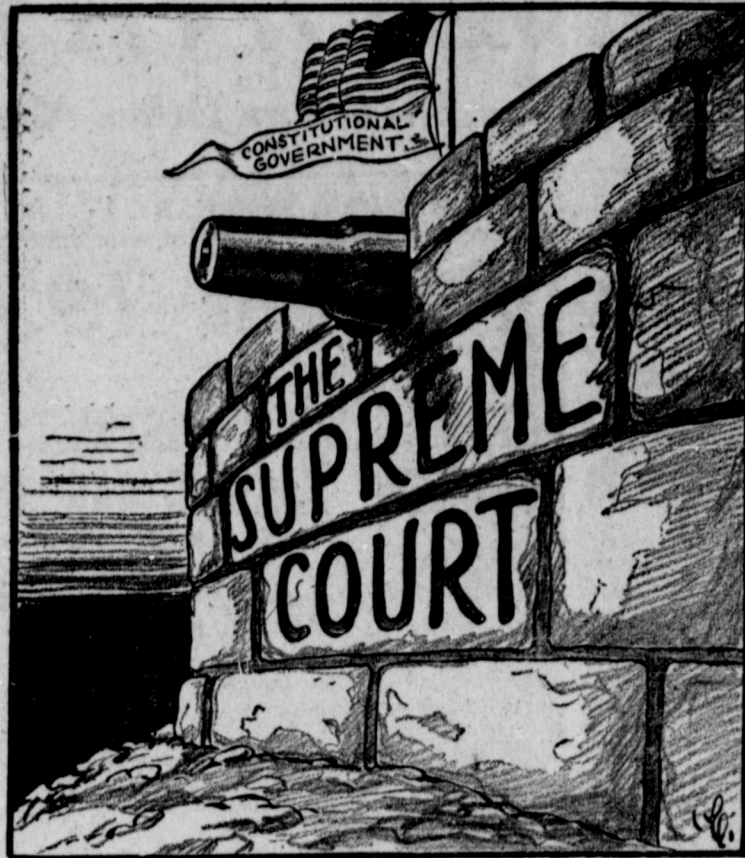

is the customary weapon by which free governments are destroyed. The precedent must always greatly over-balance in permanent evil any partial or transient benefit, which the use can at any time yield."

This principle of the separation of powers, first perfected in our Constitution, is a protection against despotism.

## Science finds BREAD A GOOD MUSCLE-BUILDING FOOD

SCIENTIFIC research proves that Bread ranks with meat as a source of muscle-repair food!

A group of leading doctors and scientists recently completed a series of tests to find out the true facts about Bread. They found that good Bread, when eaten with milk, supplies even better muscle-building food than meat. In fact, for just a few cents a day, Bread can supply at least 25% of all the muscle-building food children need.

Be sure your children get plenty of good Bread, your best and cheapest energy food.

### EDITOR'S CORNER

Students and teachers are already beginning to work on the Interscholastic League work. The date set for the League Meet this year is on the 10th and 17th of April. On the 10th, there will be volley ball and tennis, and on the 17th, there will be the literary events and track meet.

The college sophomores are making big plans for a successful "Style Show" and beauty contest on February 25. They ask that the business men please co-operate with them in "making a go" of this affair. We understand there will also be a short program; in fact, there will be plenty of entertainment for everyone.

College students will again recognize a College Week as was the case last year. We understand it will be on April 5-11. On this week college students will present programs at all the surrounding schools, giving the students the advantages of attending this Junior College.

Have you noticed the new bleachers that have been built on College Field? Drive by sometime and inspect them; they're certainly "all right." We're glad to see them, for now we will have the "pleasure" of viewing a football game from the stands.

### LIBRARY NOTES (By Mrs. C. A. Burton)

The W.P.A. Federal Theater's production of Marlowe's "Dr. Faustus" has had overflow audiences in New York for more than a month.

Noted novelists who have recently joined the ranks of screen writers are Marc Connelly, Fanny Hurst, James Hilton, Rebecca West, Robert Sherwood and Sidney Howard. Novels by several of these writers are on our shelves.

Nothing was spared by Metro-Goldwyn-Mayer in the production of Pearl Buck's "Good Earth," the soul-revealing story of a great and ancient people. The love of the land is the dominant theme of the story. We have the "Good Earth" and the other two volumes which complete this trilogy "Sons" and "The House Divided".

Robert Frost has left Amherst, Mass., for the winter and will be in San Antonio until spring.

A new book which is attracting considerable attention among the multitudinous admirers of O. Henry is "The Quiet Lodger of Irving Place" by William Wash Williams. O. Henry's stories are almost as popular today as they were a quarter of a century ago though many of his readers would not recognize him as William Sidney Porter. Many biographies of O. Henry have been written, but none with the personal, first-hand atmosphere found in this book which was written by the man who ferreted through New York publishing houses until he learned O. Henry's identity, and who then produced him before the editor of the New York Sunday World. Williams tells in the book that O. Henry left with a contract for a story a week at one hundred dollars each, and it then became his, Williams', responsibility to meet O. Henry each Wednesday night at his club, sit with him till nine o'clock and then gently but firmly start him back to his lodging in Irving Place to write the story which must be in type the following morning by nine.

The larger part of his writing was done during these years in Irving Place, and Williams tells of their visits to cafes, their walks in the parks, and how O. Henry gathered his material in this way for his stories. We have O. Henry complete on our shelves. From Oslo, Norway, the statement came the latter part of January that Mrs. Alexander Kreutzberger, representative of Carl Von Ossietzky, collected the \$37,000 Nobel Peace Prize for the invalid German pacifist and the sum was transferred to a German banking account. Following this

## Gunstream Visits Clarendon Schools

Mr. J. W. Gunstream, deputy state superintendent of this district of the state, visited the Clarendon schools Wednesday, February 10, for the purpose of inspecting them.

Mr. Gunstream seemed well pleased with the schools. His official report will be sent back to the school later. He will recommend to the State Department that credit be given for the general mathematics course in Junior High School.

### Broncho Pitches

Suggestion for escaping from the dust storms: Wrap up in cellophane.

It's getting to be a habit for Phoebe Ann Buntin to take sitting-down exercises in school at any time of day but between classes is her favorite.

Mr. Stults saved the world the other day at the big fire drill; he very carefully carried the globe out and then tactically dropped it. Commodore says the teacher didn't want to get lost.

Mr. Kerby has become a collector of antique furniture. Any donations gratefully accepted. Also he has an interior decorating bug and the shorthand and typing rooms are becoming very artistic.

We received the shock of our young (?) life the other night when informed that My Melancholy Baby was popular in 1911. And here we thought it was a comparatively new song!

The urge to play tennis must have been very great for anyone to try it Sunday, but some brave, we think dumb, souls did.

Silver has a bluish tint when the layer is very thin.

Neon signs are becoming popular for advertising in Siam.

Important events in Java are celebrated by theatrical performances.

comes the statement that Random House will soon publish a book of the writings of Von Ossietzky that won the prize. The contract had to be arranged through intermediaries because he is still virtually a prisoner in a Berlin sanitarium. The book will be called "The World Scenes," and will include not only his anti-war pieces, but his masterly articles on the turbulent times in Germany that immediately preceded Hitler's coming into power. Von Ossietzky has been confined in a concentration camp since 1932, but was hastily released by the Nazis when they learned that the Nobel award was inevitable.

On the 7th of this month in London was celebrated the 125th anniversary of the birth of Charles Dickens. Tabard players marked the occasion by performing scenes from "The Tale of Two Cities" in the yard of the old George Inn, a Southwark hostelry which Dickens knew. At night, in a downtown restaurant, members of London's Dickens Fellowship celebrated with a dinner at which Ex-Lord Mayor Sir Stephen Kil-

lick presided and two English dramatists, John Drinkwater and Sir John Squire, paid tribute to Dickens' memory. But each year this Dickens Club meets to find the London which Dickens knew changing before the march of progress.

## "Miss Clarendon" To Be Selected At Style Show February 25

On February 25, at the college auditorium, "Miss Clarendon" will be selected from a group of Clarendon's most attractive girls representing the various business firms of the city. Out-of-town judges will determine the winner of the contest. The points to be considered by the judges will be on general attractiveness and personality.

Along with this contest, there is to be a spring style show. Each business man will select his own models. These models will

demonstrate what the local dry goods stores have to offer in the way of spring millinery, ensembles, coats, silks, swim suits, etc. Men's spring fashions and children's wearing apparel will also be shown. There will be an admission price of ten cents for grade students, fifteen cents for high school and college students, and twenty-five cents for adults. The proceeds of this entertainment will go to the college sophomores who are sponsoring this presentation.

Students and faculty of Clarendon Junior College and Clarendon High School wish to express their deepest sympathy to Miss Ineva Headrick, member of the College faculty, and members of her family in the loss of her father, Mr. M. W. Headrick.

### P.-T.A. PROGRAM

The Clarendon P.-T.A. presented an interesting program over KGNC last Friday afternoon. Several high school students and college students appeared on the program, and Mr. Drennan gave a short talk on the advantages of attending Junior College.

### VISITOR ON WEDNESDAY

On Wednesday afternoon of this week, Mrs. Ross Beville of Philadelphia, visited her former teachers in Clarendon High School and College. Mrs. Beville, previously a student in C.H.S. and C.J.C. and daughter, LaFon, will leave Saturday for their home in Philadelphia.

### AROUND THE CLASSROOMS

We notice the reformed students are lagging again. Gene Baxter came to school two whole days last week.

Some time when you have nothing else to do, drop around and ask Glen Allison what Paul Revere said after his famous ride.

We are wondering how the High School annual is progressing. Nothing has been brought up about it lately.

When we think of energetic persons, none other than "Speedy" Swift comes into our mind. He hasn't been late more than ten or fifteen times since mid-term.

Things some students would like to have: That grin of Gene Butler; that personality of Letha Warren; that complexion of Kathleen Ryan, and that ability of Neal Thompson.

### HOME EC. NEWS

The Taste and Taste Club met February 10, for a Valentine Box and Party. After a short business meeting Thelma Hardin gave a very interesting talk on "The Origin of Valentine". Due to the fact there was no piano available, the musical portion of the program was postponed. The valentines were enjoyed by all. The hostess, namely, Vera Barker, Irma Faye Moreland, and Louise Patterson, served delicious refreshments to about twenty members.

### C.H.S. TENNIS ASSOCIATION

The Clarendon High School students interested in tennis met in the senior room Friday and organized a C.H.S. tennis association, with Glenn Allison, sponsor. Charlie Murphy was elected president, and Frances Grady was elected secretary and treasurer. The club plans to aid in improving the conditions of the tennis courts. This organization will handle the eliminations for the Interscholastic League Meet in the high school tennis division.

### BRONCHOS LOSE

The C.H.S. hedge team dropped a game to the Hedley Owls on Monday night to lose the county championship. Hedley will go to the District meet at Pampa on the 22nd.

## Cal Farley Speaks At Assembly Tues.

Mr. Cal Farley, showman and athlete, of Amarillo kept Clarendon High School and Clarendon Junior College students laughing for an hour in the college auditorium Tuesday, February 16, over his account of his recent trip to Germany to the Olympic games and anecdotes of his earlier stay during the World War.

Mr. Farley won a free trip to the Olympic games in 1936, through a sales contest sponsored by Goodrich Tire manufacturers. It was interesting to him to revisit the places where during the war he had stayed, particularly the shell holes that served as refuge against enemy shrapnel and bullets. He revisited a cemetery where he had spent three nights with two Frenchmen and a late Frenchman.

Mr. Farley gave advice to any future soldiers, "Tall get into the medical corps; because if you are there on the front line, it takes a tall boy longer to get down into the dirt of a shell hole. The tall ones don't come back from the front line." The glib-tongued athlete, who won a welterweight championship in wrestling, found his running ability an advantage when there was a need for outrunning enemy bullets in recovering some "corn willy," food which he describes as making a fellow want to fight. Mr. Farley knows fourteen or fifteen words of French and used them fluently when he was abroad.

Of Adolph Hitler, Mr. Farley says, "He is a master showman and a great politician. I saw thousands of people cheering for him to come out on his balcony to salute them. The German people idolize him, and he has done a great job for them. He has put people to work, built roads, and built homes for the poor."

### BAND NEWS

The C.H.S. band met Monday and Wednesday nights of this week with a large number of the members present. Plans will be announced soon for raising funds for the purchasing of the new uniforms.

## Just Ramblings

Here we are in the study hall with nothing to do especially. Casually gazing around, however, we find to our surprise many of the students deep in their studies.

### Just Ramblings

Homer Tucker and Mr. Jones tangled (so to speak) last week, with Homer coming out an easy second best.

The tennis courts certainly need rolling. In their present condition one must be a master to hit the ball after it hits the "lumpy" clay courts.

Many romances are seen at C.H.S. with Holtzclaw and Kerbow leading the parade.

Gail Adams looks very melancholy; he lost a book, "All's Quiet on the Western Front". Finder please return to Gail and show the old helping spirit that is so prominent in C.H.S.

When you have nothing else to do, stroll over across the campus and enter the "Used-to-be" dormitory. Proceed through the building and you'll be surprised at the beauty of the building that will be Clarendon High School.

Our nomination for the best program on the air goes to "The Hit Parade". The scribe who said Kraft Music Hall must have been eating cheese or something.

### Senior Subjects

Juniors and Seniors, the banquet is your chance to corner your lady love or your hero. Miss Harris has promised to arrange the place cards with no questions asked and none answered.

How did Ralph feel when Mrs. Goodner said, "Hello, girls." Serves him right for being there. James Bartlett called on Bettye Bailey the other night.

Seen together—Edna Thomas and Arvin White, the new college student from Chillicothe.

Maxine Oller likes week-ends and people from Groom. Marty Kelly lost his shoe. He isn't sure which one it was, but he missed it.

Mrs. J. L. McMurtry spent Monday visiting in Amarillo.

## At The First Baptist Church

HERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE

Well, the black blizzards are back, and they are not calculated to cure the cares of creation. What are they good for? God alone knows. We do not. But there is one thing we do know. There never was a night so dark that it put out the stars. Some of the most inspiring moments of one's life is to stand in utter darkness and gaze into the starlit heights and drink in the splendor of the regions beyond. Christ has said of his people, "Ye are the salt of the earth, ye are the light of the world, but if ye have lost its savour and the light be put under a bushel wherewith shall the earth be saved, and how great is the darkness." This is exactly the time for Christian people to let their lights shine and to exert a saving influence upon those who have no hope for a better life after this one. Let the light of God's love radiate in your countenance. Let the Holy Spirit illumine your life. Let your life be a beacon to guide the way. Let it be like the sunrise that brings a new day. Let your life help others over life's way, and the world will rise up to call you blessed. This is your hour, my Christian friend. This is your day. Go forth to meet the challenge and fulfill God's purpose in your life to be a blessing to the world. Your faithful, friendly attendance upon the services of your church will greatly fortify you for such service.

Regular services at the Baptist Church Sunday morning and evening. The evening services at 6:30 for Training Services and 7:30 for the preaching service. You will find a welcome that will really be helpful.  
J. Perry King, Pastor.

The federal government has made it possible for all those who want electricity to get it and as cheaply as possible. So if you are interested in getting the service and live on or near the highway between Clarendon and Ashtola, be at the Martin school building next Monday night, February 22, 1937. Your help is needed to put this project over.

## SAFETY---OR THIS?

DEATH, in the guise of heavily loaded motor trucks, rides the highways of Texas every day and every night. The toll of human death and injury of these vehicles is appalling.

In the five-year period, 1932 to 1936, inclusive, trucks in Texas have participated in 8,416 highway accidents in which 2,195 persons were killed and 11,962 injured. In 1936 alone, their record stood 2,208 accidents with 3,323 persons injured and 576 killed. These actual records of people killed, as shown by Texas newspapers, compared with the number of deaths resulting from all motor vehicle accidents, as given by the Bureau of Vital Statistics in Austin, show that the average Texas truck participates in twice as many fatal accidents as the average passenger car.

Likewise, as might be reasonably expected from their greater weight and size, and as shown by the records of the Texas Railroad Commission, the Carrier-for-Hire truck accidents, during 1936, have resulted, vehicle for vehicle, in three times the number of fatalities as for the average passenger car.

Increased liability to highway accident forms an inseparable result of BIG truck operation. But even now, the threat of greater highway hazards hangs over the people of Texas. Newspapers report that operators of BIG trucks have organized for the purpose of securing an increase in weight and speed limits, already too large. These are the elements, weight and speed, which, in highway accidents, spell "D-E-A-T-H."

The right to grant, condition or deny the use of the highways for profit, belongs to you, the people of Texas, notwithstanding the attempts of the operators of BIG trucks to take it away and give it to the federal government instead. Your present laws, limiting the size, weight and speed of trucks, were enacted by reason of your insistence, and by your insistence they have remained on the statute books. Their amendment would serve the sole purpose of increasing the profits of operators of the BIG trucks, with the certain results of also increasing the mounting injuries, deaths and property losses now taking place on your highways.

Public welfare and public safety demand that existing highway regulations shall be retained and enforced.

IN FAR OFF SHANGHAI

She even speaks and sings Chinese—but the irrepressible SHIRLEY TEMPLE dimples destroy the authentic Oriental, stoic countenance in this scene from her latest Twentieth Century-Fox triumph, "Stowaway," featuring ROBERT YOUNG and ALICE FAYE.

The difficult task of learning some five hundred Chinese words for her latest Twentieth Century-Fox triumph, "Stowaway," coming next Wednesday and Thursday to the Pastime Theatre, proved loads of fun, rather than tedious work to Shirley Temple.

When the picture was completed, Shirley, with the help of her Chinese teacher, carried on a conversation in Chinese with a six-year-old youngster from Peiping China.

After a few warm-up questions,

Shirley asked the boy if he knew any English words.

The boy raised one finger, hesitated a moment, then blurted out, in sing-song manner:

"We-a want-a Cantor."

**Bobbitt Inaugurated**

Before a notable gathering of politicians and friends, Judge Lee Bobbitt stopped off at Dallas for 10 minutes, en route to Washington, and was sworn in as chairman of the state highway commission on the station platform, by Dist. Judge Sarah Hughes, Texas' only woman jurist.

Friends of Bobbitt forecast a new era of courtesy and co-operation on the highway commission, recalling that he once headed a delegation from his former home, Laredo, to Austin, to ask for some highway improvement. The commission gruffly told the Laredo delegation they could have two minutes to present their case.

"Then we'll leave now," retorted Bobbitt. "If our interest is only worth two minutes of the commission's time, we won't even trouble you, gentlemen."

The delegation started to withdraw, and was hastily recalled by the commission. They got half an hour to present their plea for road improvement.

"And I'll bet that never happens to another county delegation at Austin, with Lee Bobbitt presiding over the commission," remarked one of Bobbitt's friends, as he was sworn in.

News and Names

The attorney general's race in 1938 is the subject of much discussion here, with several candidates already campaigning actively, and half a dozen others reported ready to announce later. Lieut. Gov. Walter Woodul is obviously far out ahead now, having frankly begun his campaign the day he took office as lieutenant governor. Gerald Mann, of Dallas, is an avowed candidate, too, while Elbert Hooper of Austin, Franklin Spears of San Antonio, Roy Hoffheinz of Houston, Judge Ralph Yarborough of Austin, and several others are potential candidates. . . . Lonnie Stinson, treasurer of Rockwall, the smallest county in Texas for the past 24 years, will seek election to the state treasurer's post next year, according to Dick Gaines, genial Rockwall publisher and booster, who attended the Press Association session here.

NOBODY'S BUSINESS BY JULIAN CAPERS JR.

Austin.—The bitter and lengthy battles that are usually fought before committees of the house of representatives over revenue measures apparently will be fought out on the floor at this session, and from this circumstance, the people who hope recovery in Texas will be permitted to go forward without the burden of tremendous new tax imposts this week took heart.

The carefully selected committees, which are made up largely of rural legislators who don't give a lot of thought to the problems of business that is struggling to prevent being bogged down by new tax levies, this week brought out two tax measures that are estimated to yield \$54,000,000 a year. These are the corporation franchise tax bill of Herman Jones increasing levies on all corporate business—large and small—about 700 per cent. The bill, if finally passed in the form approved by the committee, would yield about \$14,000,000 a year.

The other measure was the bill by Reed of Texarkana, imposing a tax of 10 cents per barrel on crude oil production, estimated to bring in \$40,000,000. Committee hearings were brief and perfunctory, and recommendations favorable almost without dissent.

Both bills are sure to bring extended battles on the floor of the house, and opponents took heart from the fact that if committees bring out this kind of legislation as rapidly as indicated, the calendar will become so crowded that an unprecedented legislative jam will result in the last few weeks of the session. This will automatically kill a lot of legislation that probably should be killed, and may result, as one observer expressed it, in a "great break for the people."

May Vote on Pensions

Sentiment for the submission of a constitutional amendment specifically permitting the people to pass on whether the state should pay a pension of \$15 to everybody over 65, regardless of need, is growing here. Advocates of the plan point out that it would settle finally the constant agitation over this question, and remove it from politics. The pension problem so far has consumed more time than any other issue, and already the politicians are setting their sails to catch the pension breeze in the 1938 primary elections. Some advocate submission of a sales tax at the same time, thus ending another highly powerful and persistent political issue. If the sales tax is tied in with the pension question, Texans ought to see a red-hot campaign for and against the amendments, even if it is an off political year.

Fred Reid of Paducah, formerly of Clarendon, was badly burned when his truck overturned two miles east of Endee, New Mexico Friday afternoon.

Reid, who was hauling gasoline for the Phillips Petroleum Company in a truck belonging to Rolle Brumley, Phillips agent at Paducah and formerly of Clarendon, was driving west when he met a car driven by Mexicans, coming east. The car crowded him off the road onto a soft shoulder, overturning the truck.

**M. W. HEADRICK DIES MONDAY**

**PIONEER MERCHANT OF THE PANHANDLE DIES AT HIS HOME HERE.**

Milton William Headrick, 83, died at his home in Clarendon at 4 o'clock p. m. Monday. Although Mr. Headrick had been ill for several years and confined to his bed for many months, he contracted a cold which, in his weakened condition, caused his death. He made his home with his daughter, Miss Ineva.

Mr. Headrick's death climaxed the illustrious life of another of the Panhandle's pioneers. Although in early days, he engaged in farming and ranching, during the greater part of his manhood, Mr. Headrick was engaged in hardware business. Twenty-five years ago, he established a hardware store in Clarendon and at the time of his death, through his son, J. H. Headrick, still operated the firm.

Milton William Headrick was born January 7, 1864, in Hawkins County, Tennessee, where he resided until he moved to Texas 52 years ago. Before moving to Clarendon in 1911, he operated a hardware company at Memphis.

He was married September 28, 1873, to Miss Mary McGaughy at Varnell, Georgia, and lived together to celebrate their fifty-seventh anniversary. Mrs. Headrick died in 1930. He was a lifetime member of the Methodist Church and before his health of recent years impaired his activity he was a regular attendant at church services and an active member, having served the church here as a steward. Mr. Headrick engaged in constructive community and civic enterprises and during the years spent at Memphis, he was a member of the Memphis board of school trustees.

Funeral services were conducted Tuesday afternoon at 3:30 o'clock from the First Methodist Church with the Reverend E. D. Landreth, assisted by the Reverend Robt. S. McKee, in charge of the last rites.

Pallbearers were Van Kennedy, C. C. Powell, Tom Connally, Ralph Kerbow, C. W. Taylor and Dave Johnson.

Those in charge of the floral offering were Mrs. E. W. Bromley, Mrs. Genoa Dozier, Mrs. Fred Buntin and Mrs. Walter Lowe.

Interment was in the Citizen's Cemetery with the Buntin Funeral Home in charge of arrangements. Survivors include three sons, J. H. Headrick, Clarendon; C. N. Headrick, Amarillo; and W. M. The family moved to Clarendon in 1912 and during their residence here, Mr. Simmons acquired large holdings of land, but ill health made imperative his removal from the West and he disposed of his property to return to Cooke County. He was a well-liked citizen when he lived in Clarendon and in Cooke County was a leader of all community enterprises. He had been a Mason over 50 years.

Surviving are his wife; three sons, John Simmons of Sayre, Oklahoma; Nollie Simmons of this city; and Clifford Simmons of Whitesboro; two daughters, Mrs. E. L. Kyle and Mrs. J. A.
