One of the problems of the school cafeteria is enough whole milk to supply the needs of young, growing, undernourished bodies. Supt. If you have some whole milk for this cause, call Supt. Burton, Chas. Lowry, Odos Caraway, Robt. S. McKee or The News, and DO IT NOW.

## LEWIS CALF WINS SHOW

### LARGE CROWD AT FAT STOCK SHOW SATURDAY; DONLEY COMPLIMENTED.

Leland Lewis, 4-H Club boy, fed the Grand Champion, an 800-pound calf in the junior division, which took top honors at the Donley County F.F.A. and 4-H Club Fat Stock Show held Saturday in the Harry Blair barns.

Lewis' calf won the Grand Championship title over Donald Harlan's senior calf, weighing 1020 pounds. Lewis, age 12, entered a winner in last year's show.

K. J. Edwards of College Station judged the stock before a large crowd Saturday morning. Before announcing the winners, Mr. Edwards said, "I feel I must compliment the Donley County boys on the modern type, uniform breed that they have produced. I see a wonderful improvement over the cattle exhibited last year and can earnestly say that this group of calves is among the best I have seen at any boys' county fat stock show."

In pointing out why Lewis' calf was chosen as winner of the junior division and as grand champion, the judge stated it was very evenly fleshed, had a good hind quarter for a Hereford, but had a slight defect in the heart girth. Good points of the second and third place winners were similar, blocky, compactly fleshed but too dumpy, and slightly defective in the hind quarter. The fourth place winner did not rank higher because his body was too long.

The premium for the grand champion was a \$17.50 pair of cowboy boots made and donated by the Land Shoe Shop. Those who placed in the junior division were: Leland Lewis, first; Donald Harlan, second; Floyd Lewis, third; John Howard Gilbert, fourth and fifth; Jack Lewis, sixth; and James Welch, seventh. In addition to the nice premiums a reward of \$2.00 was paid every other boy who exhibited, although he did not place. Donald Harlan, winner of the first place in the senior division, was awarded a premium of \$10.00.

The Jordan ranch was the breeder of the grand champion as well as the second place winner. The third place winner was a JA steer and the fourth and fifth place winners came from the ranch of Mrs. Hugh Reed near Claude. The JA ranch bred the sixth place winner and the C. T. McMurtry ranch the calf which placed seventh.

The winner of the senior division, owned by Donald Harlan, which competed against the winner of the junior division for the grand championship title, was bred by the W. D. Jordan ranch.

Following the Fat Stock Show, a parade through Kearney street was held with the boys leading their calves. The Clarendon band, under the direction of Ray Robbins, led the parade.

Exhibitors were: Leland Lewis, 2 calves; Floyd Lewis, 2; John Howard Gilbert, 2; James Welch, 1; Clarence Davis, 1; Floyd Derrick, 1; Beryl Logan, 1; Chas. Logan, 1; Harley Logan, 2; R. A. Beverly, 2; Johnny Grady, 2; Ralph Grady, 2; Fred Easterline, 1; Jack Espey, 1; Darrel Bailey, 1; Donald Harlan, 2; and W. J. Carroll, 1.

### LAST RITES BEING HELD THIS AFTERNOON FOR BETTY JO MOSS.

Death claimed little Betty Jo Moss, 9, Wednesday morning at 12 o'clock noon only eight days after her brother, J. D. Moss, Jr., died, after contracting a throat infection. The children died as a result of malignant blood stream infection.

Betty Jo, daughter of Mr. and Mrs. J. D. Moss of this city, became ill some two weeks ago as well as did the other two children of the family, J. D. Jr., and Edith. Growing steadily worse since the death of her five-year-old brother, the little girl succumbed yesterday at noon. She was attending school here and was enrolled in the second grade at the time of her death.

Funeral services are being held this afternoon at 2:30 o'clock from the First Methodist Church with the Reverend E. D. Landreth, pastor, in charge of the last rites. The body will be carried overland to Goodnight to be laid to rest beside the body of her little brother.

Survivors are her parents, Mr. and Mrs. J. D. Moss, and a sister, Edith. Although Edith has been ill with the malady which claimed the life of her little sister and brother, her condition is improving steadily.

The entire community was saddened by this double loss and The News joins the citizenship of Donley County in an expression of sympathy to the bereaved.

## P. A. Buntin Is Honored Sunday

Another milestone in the life of one of Clarendon's most beloved pioneers was passed Sunday when P. A. Buntin celebrated his 88th birthday at his home in Clarendon.

Mrs. C. E. Griggs, assisted by Mrs. C. W. Galloway gave a surprise birthday dinner in his honor and presented him with a three-tiered birthday cake gleaming with eighty-eight candles.

Mr. Buntin, one of the first general directors in the Panhandle, leads an active life, and drives his own automobile. He spends much of his time in his garden where he cultivates more than enough tobacco for his personal use and gives a supply each year to his friends.

Mr. Buntin attended church Sunday morning. He joined the local First Methodist Church in 1887 as a charter member and unless sickness has prevented his attendance, has occupied his pew every Sunday since that date.

Honoring Mr. Buntin Sunday were Dr. and Mrs. C. W. Galloway, Mr. and Mrs. Fred Buntin and daughter, Phoebe Ann, Reverend E. D. Landreth, Denzil Davis, E. V. Quattlebaum, and Mr. and Mrs. C. E. Griggs.

## NEW UNIFORMS FOR C.H.S. BAND

### UNIFORMS WILL ARRIVE MARCH 28; TO BECOME SCHOOL PROPERTY.

Twenty-five new band uniforms were ordered this week by Band Director Ray Robbins. The uniforms were purchased at a cost of \$380.00, and will be property of the Clarendon High School.

The suits were purchased through the Bryan Clothing Company and were given the band by this firm at wholesale prices. Funds for purchasing the uniforms were started with a donation of \$100.00 from the Clarendon Lions Club. A donation from Trade League funds brought the uniform fund to \$141.50 and sale of economy books and an amateur hour and box supper netted the band \$100.

Although the band is \$125.00 short of the total needed for the uniforms, a stag smoker and domino party will be given soon in an effort to raise the funds. Those who have not contributed and wish to do so are asked to bring the funds to Ray Robbins at the Junior High, Bryan Clothing Company, or The Clarendon News.

The uniforms are maroon serge with bands of white on the trousers and jackets. The uniform of the director will be solid white serge. The uniforms will arrive near March 28, and Director Robbins has planned a series of concerts upon arrival.

Those obtaining uniforms are listed as follows in sections: Billy Larson, Dan Boston, Llewellyn Betts, Lowell LaFon, Jo Williams, Billy Ralph Andis, Louise Russell, Billy Mears, Betty Jo Caraway, clarinets; Murrell Landreth, James Bartlett, John Burton King, Basil Kirtley, trumpets; Phillips Gentry, Lalar Belle Wilkerson, Lotta Rumpy, trombones; Max Rumpy, Neal Thompson, Fisher Johnson, Bobby Skelton, drums; Beh Hill, John Jay, saxophones; D. W. Tomlinson, bass; Carl Morris, baritone, and Ray Robbins, director.

## C. of C. Will Seek To Add New Members

Beginning next Monday, the Membership Committee of the Clarendon Chamber of Commerce will begin its assigned task of seeking new members and increased monthly revenue for the work of the organization. Bill Ray is chairman of the committee, and the officers of the organization ask that he be given every aid and consideration in the work.

With an increased plan for promoting a balanced farm program in Donley, with its vital highway plans, and the regular assistance the chamber of commerce gives to the 4-H Club, and the interscholastic league, the body needs several hundred dollars for its budget this year. Every business and professional man in Clarendon ought to be a member and a regular monthly contributor, and this committee will invite the enrollment and help of everyone, great and small.

## “THE BROADEST FARM PROGRAM”

Some time soon Congress will be called upon to consider what Business Week terms “The broadest farm program ever advocated in this country.”

The program, originated by Secretary Wallace, Hon. Marvin Jones and associates, will include many factors. Soil conservation—whereby crop control can be indirectly attained—will be part of it. A potential cure for the grave farm tenancy problem—thought by some men, Republicans and Democrats alike, to be one of the really burning issues of the time—will be offered. And provisions will be made for crop insurance, advocated by both the President and Governor Landon in the last campaign.

One idea of Mr. Wallace's is the “ever normal granary.” Under this plan, surplus crops would be stored in big production years to be used in subnormal years; thus, in theory, stabilizing prices and adjusting supply with demand.

## TOO MUCH PLEASURE DEGRADES

One of the oldest prayers of the human race is: “Oh, Lord, lead us not into temptation.” Those ancients firmly believed in the influence of environment, and knowing themselves to be weak, reasoned that any man frequently exposed to degenerating influences, would soon fall by the wayside.

John Bright, one of the ablest men in England, seeing a wretch dragged off to Tyburn to be hanged, remarked: “There, but by the grace of God, goes John Bright.” He realized how little would have been necessary for him to have gone the same way as that criminal.

People who work steadily and are regular in their habits do not need much entertainment, hence escape the temptations that afflict the leisure folks, who are constantly in search of ways to kill time pleasantly. And their entertainers often have to appeal to their lowest senses to gratify them, with the unavoidable result that both entertainers and entertained sink pretty low.

Musicians and actors, bartenders and gamblers don't rate high in modern society, and most parents do not want to see their offspring follow such vocations. While the world of art furnishes many laudable exceptions, still the lives that many artists lead does not conduce to make them respected by the more solid element.—Quanah Tribune-Chief.

## ADVERTISING BELIEVED

Does the public have confidence in advertising?

A survey of more than 5,000 persons by Charles A. Stech, a consumer research specialist, proves the affirmative, according to the Topeka (Kan.) chamber of commerce. “Of those canvassed,” the report set forth, 85 per cent consider the statements made in newspaper advertising more reliable than those of men elected to public office.

“More confidence was placed in advertisements than in the statements of salesmen. Of those interviewed, 85 per cent were convinced that advertised brands were more likely to be held to a high degree of quality than those not advertised.”—Missouri Press News.

## The People's Law

Can an unconstitutional law become constitutional?

Our Constitution, adopted by the people, is “the people's law” which “we the people” declare to be “the supreme law of the land,” and which we require our agents—the President, Judges and members of Congress—to take an oath to uphold. If they act contrary to this supreme law, such action is illegal—void—unconstitutional.

If we the people want to change our supreme law—the people's law—we, and we alone can do so by amending our Constitution, as we have done by 21 amendments. But neither Congress, nor the President, nor the Courts can change the people's law.

When, on several occasions prior to 1913, Congress passed income tax laws, the Supreme Court found such acts void—that is unconstitutional—because we the people, in our Constitution, specified that taxes shall be apportioned among the states according to population (but not income). In doing this the Supreme Court did not oppose the people but rather, acting as the people's author-

ized agent, upheld the people's law as declared in our Constitution. Then in 1913, we the people changed our Constitution by adopting the 16th Amendment in which

we gave Congress the power to pass income tax laws. Such laws, previously void or invalid because unconstitutional are now valid. The Supreme Court did not change this. We the people changed it by adopting the 16th Amendment. All the Supreme Court does is to interpret or construe the laws as written.

## BACK FROM THE GRAVE

## NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—“They who live by the sword shall die by the sword.”

With this as their slogan, anti-race gambling forces in the senate pushed through legislation that apparently spells final doom of pari-mutuel betting in Texas, when they tacked onto a house bill licensing track employes an amendment abolishing betting. The plan, carefully laid by Sen. Nelson of Tahoka, Grady Woodruff of Decatur and other administration forces in the senate, included a doubtful point of order which Woodruff, in the president's chair, overruled, and another perfectly good point of order that was thwarted in the nick of time by Gov. Allred. The governor, sitting in the senate chamber, hurriedly penciled a special message, submitting the bill as emergency legislation. The vote was 20 to 8, showing much greater strength for the betting repeal faction than even its most optimistic members believed existed. It left little doubt as to final end of race betting. Whether final action would come by the house accepting the Nelson amendment, or by the senate enacting the bill already passed by the house to repeal betting, remained in doubt. But the overwhelming strength in both chambers of the anti-betting group bore out the prediction made in this column three weeks ago that “the ponies will stop running in Texas this spring.” Horse betting was enacted originally four years ago as a rider on an appropriation bill.

## Truck Lobby Thwarted

The drive of motor truck operators, which is renewed at every session to increase the present load limit of 7000 pounds, went aground when the house by a 72-51 vote killed a minority report favoring a bill to increase the limit, after a committee had adversely reported the bill. The vote probably settled for this session the load limit question, and further demonstrated the house's conviction that the lives of Texans who use the highways are more important than the profit of truck operators. Carrying out this idea the house also placed strong restrictions about the operation of private commercial carriers, in another bill it passed to exempt these trucks which deliver a merchant's or manufacturer's own products in his private trucks, from regulation as common carriers, to meet a situation created by the supreme court in the celebrated Nu-Way lumber case. The private truckers may operate their trucks, under terms of the bill, but must take out a special license granted by the railroad commission, and must carry insurance to protect the public. Farmers' trucks are exempted. In the senate, a committee amendment to the same

bill limited drivers of such trucks to 10 hours' daily service, to correct one of the most prolific causes of accidents—that of sleeping drivers who are overworked. The bill is yet to be passed in the senate, any may see even more stringent public safety amendments attached before final adoption.

## Friends Laud Terrell

More than 1800 friends of Judge C. V. Terrell, chairman of the railroad commission, including leaders of the oil, railroad, trucking and other large industries which deal with the commission, heard fulsome praise of the veteran commissioner at a Fort Worth testimonial dinner. Commissioner Ernest O. Thompson, whom Judge Terrell is succeeding as chairman, detailed Terrell's matchless record of 50 years of public service, and pointed to his part in putting the oil industry on a stable basis, opposing federal control, and obtaining higher production for Texas wells. Speakers included Gen. John A. Hulen, W. L. Seward and E. E. Kirkpatrick, oil operators; B. J. Fitzgerald, railroad brotherhood spokesman; Rep. Herman Jones of Terrell's home town; Sen. Frank Rawlings, Myron Blalock and Carl Phinney of Dallas. The demonstration and tribute to Terrell heartened his friends, who expect

## Liquor Control Bill

The house committee on liquor traffic has brought out a substitute bill, which may get up for consideration this week, designed to tighten substantially the loopholes in regulation of the sale of liquor and beer, brought out by the past two years' experience. It gives liquor board inspector full access to all licensed establishments, provides the board or administrator may suspend licenses for numerous causes, such as selling to minors, selling to drunken persons, selling liquor by the drink, and other common abuses. It further prevents court action to keep violators' places open, by denying courts the right to issue injunctions to revive suspended licenses pending trials.

The bill also contains stringent provisions barring “chain store breweries”—that is, installing manufactured beer to be bottled at such plants. The Texas brewers contend this practice will permit the big national brewers, who controlled 90 per cent of the Texas breweries in the old, lawless “wet” days, to re-establish that control, with very small investments, by establishing chains of these bottling plants. The Texas brewers, declaring abuse of the liquor laws will kill their business and bring back prohibition, are strongly backing the new bill, designed to run persistent law violators out of the business.

## NEWS AND NAMES

Houghton Brownlee, Polk Shelton, all of Austin; R. S. Bowers of Caldwell, Merton L. Harris, assistant attorney general, A. K. Ross, Townsendsite, and Edwin Waller of San Marcos. More candidates are expected . . . Speaker Bob Calvert is reported another potential candidate for attorney general in 1938. EDITOR'S CORNER

Students and teachers are working hard now in preparing for the Interscholastic League meet scheduled for March 26-27.

The track team is quite small this year, but we have hopes for the best by county meet time.

Plans for "College Week" are nearing completion. This undertaking is being forwarded in order to acquaint people of Donley and surrounding counties with the high standard of education and learning offered students who attend Clarendon Junior College.

A word to contributors to this page: Please turn your articles and reports in on Monday.

Around The Classrooms

We are wondering if C.H.S. is supporting a truck team this season. No interest has been shown so far.

We think James Bailey should move his bed in the library and his easy chair by the typewriter.

Much to the surprise of the people at the banquet last week we saw the bashful Junior and Senior boys bring dates.

Now that the mumps panic is gone and pretty weather is knocking at our door, the students' ailment is "spring fever."

Gerald Noble returned from the mumps wearing a set of whiskers on the upper lip.

### THEODORA'S IN LOVE

After a hectic binge comprising two divorce actions, a scandal with the Governor and an unexplained baby, Irene Dunne and Melvyn Douglas settle down to live and love quietly in the country in Columbia's "Theodora Goes Wild," which opens next Wednesday at the Pastime Theatre. Richard Boleslawski directed.

Meet the galest lady who ever went to town! Irene Dunne is at her glorious best as the male-shy Theodora who lets her hair down for a Broadway binge that sets a new high in tall laughs! You'll see her in Columbia's riotous romantic comedy "Theodora Goes Wild," which opens March 17 at the Pastime Theatre, with Melvyn Douglas as Irene's swain.

These are the things Theodora did! She wrote a sensational novel . . . then tried to live up to it! She made love to the Governor . . . and shocked the nation! She upset two happy homes . . . and landed in the headlines! Men ran for their wives when Theodora was on the loose! She's the hilarious heroine of the year's fastest, funniest film! *It's farther between filling stations in the Ford "60"*

THE 60-horsepower Ford V-8 engine was first developed for Europe, where fuel costs are high. Two years' usage there proved its unusual economy.

When the "60" came to this country this year, the Ford Motor Company made no mileage claims—waited for facts, written on American roads by American drivers.

Now Ford "60" owners are reporting averages of 22 to 27 miles on a gallon of gasoline. That makes it the most economical Ford car ever built!

Best of all, the Ford "60" is just as big and roomy—just as handsome, sturdy and safe—as the famous 85-horsepower Ford V-8. And it sells at the lowest Ford price in years.

If you want a big car for a small budget—a car you can drive with pride and profit—see the thrifty "60" soon!
